## MEMORANDUM

TO : Cordelia Flores  
Director of Purchasing  
United ISD

FROM : Adalberto Ramirez  
Director of Food Service

SUBJECT : RFP No. 2008-074  
CLEANING OF FOOD SERVICE GREASE TRAPS

DATE : September 1, 2008

I have reviewed the tabulation of RFP No. 2008-074 for Cleaning of Food Service Grease Traps provided by the Purchasing Department.

Based on the Tabulation Sheet, I recommend that R.C. Services be awarded as the primary vendor and Chavarria's Plumbing as secondary vendor for the Cleaning of Food Service Grease Traps as the lowest and best proposals meeting specifications.

Specifications as to the number of clean outs are dependent on the size of the grease trap at each of the schools and the Food Production Center. This is a one-year proposal renewable annually for up to three years.

The justification for this purchase is that as per city ordinance, all large commercial kitchens need to remove all grease from the sewer system before it winds up in the city sewer treatment plant where the grease can not be processed.

If you have any questions, please contact me.

xc: Eddie Zuñiga, Associate Superintendent
