

Notes on Policy BD

- Part of the April 2026 Policy Update
- Highly recommended
- OSBA recommends deleting our current version and replacing it with the new version
- Workgroup reviewed selections on 7/2/26
- Redline version is the recommended new policy
- **Summary:** There have been several changes to Oregon Public Meetings laws over the last few years. These include statutes from the Oregon Legislature and rules from the Oregon Government Ethics Commission. In 2026, the Legislature passed House Bill 4177, but it will not go into effect as it was vetoed by the governor. The policies included in this update include language that matches the new laws.
