

## **Henderson ISD Board Background**

**Subject:** Consider approval of stadium concrete and fence repairs

---

**Presented for:**        **Action**   X  

**Report Only**       

### **Background Information**

In June 2026, a vehicle accident resulted in damage to stadium concrete areas and fencing. The district has filed a claim with the responsible party's insurance provider, Allstate, for reimbursement of the repair costs. The district has been verbally advised that the claim has been approved; however, the final reimbursement amount has not yet been confirmed.

A repair estimate has been obtained in the amount of \$27,900 to address the necessary concrete and fence repairs. The vendor providing the repair services is an approved vendor through Region 7 purchasing cooperative.

Due to potential changes in final repair requirements and costs, administration is requesting authorization for an amount **not to exceed \$32,000**, or the final amount received from the insurance company, whichever is less.

Approval will allow the district to proceed with the necessary repairs while awaiting final insurance settlement.

### **Recommendation**

Approve stadium concrete and fence repairs to be provided by CE Marler & Associates not to exceed \$32,000 or the final insurance reimbursement amount received, whichever is less.
