Re: Middle School Report

- The 8th grade math position has been filled from within. In examining multiple possibilities to provide the best math instruction possible to our 8th grade students we have decided to fill Ms. Kaeter's open position with our current math teachers. By removing these math teachers from their study hall duties, we were able to create space in their schedule to teach 8th grade math. Mr. Wallbillig, (7th grade math teacher) will be teaching two sections of 8th grade algebra. Ms. Orazem, (6th grade math teacher) will be teaching one section of 8th grade algebra. Mr. Granrud, (high school math teacher) will be teaching one section of 8th grade non-linear algebra. The students received their new schedules on Monday and all has gone well.
- February 22 and 26, Will be our student-Led Conferences and Book Fair
- March 1 Will be our Activity Night with a DJ, open gym, bingo, and concessions. This is a fundraiser for our Food For Kidz service leaning project.
- Food For Kidz packaging day is March 8th.

If you have any questions about these activities or anything else, please feel free to contact me.
