Subject:	Act on the Designation of Hazardous Traffic Conditions & Student Eligibility for Transportation Services
Contact Person:	Paula Barbaroux, Chief Operations Officer Manny Rubio, Director of Transportation & Fleet Services
Policy/Code:	Texas Education Code, Subchapter D, Section 48.151, Transportation Allotment Board Policies CNA(LEGAL) and CNA(LOCAL)
Priority and Performance Objective:	Priority 1: Student Achievement and Post Secondary Preparedness Objective 1.3: Safety and Well-Being Priority 3: Parents, Families and Community Satisfaction and Engagement Objective 3.1: Parents and Families Satisfaction and Engagement Priority 4: Strong Financial Stewardship and Internal System Efficiency Objective 4.1: Transparent Financial Stewardship Objective 4.2: Effective and Efficient District Operations
Summary:	With the change in attendance zones, the District's Transportation Department completed its assessment of all existing and new attendance zones for traffic conditions that qualify as hazardous for students to walk and are within two miles from school. Per Texas Education Code, Subchapter D, Section 48.151(d-1), "a hazardous traffic condition exists where no walkway is provided and children must walk along or cross a

freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition. Additionally, an “area presenting a high risk of violence” means an area within two miles of a campus that law enforcement records indicate presents a high incidence of violent crimes.” The Board shall adopt a revised resolution when necessary to accurately reflect changes to the conditions or areas.”

Under the hazardous identification rules, students living in identified areas meeting the criteria are eligible for bus services and the District provides such bus services.

After a “roll-up” of students to the next grade, the hazardous qualifying areas for GCISD remain the same for middle schools and high schools. Two new areas qualify for bus service in two of the revised elementary attendance zones. This will make a few students formerly from Dove who will attend Cannon eligible for service and a few students formerly from Bransford who will attend O.C. Taylor eligible for service. Again, this is just for a few students. These updates do not result in more routes, buses, or personnel; they only add a few stops to existing routes. Additionally, there is an area in the Heritage Elementary attendance zone that no longer qualifies as hazardous due to long-term roadway construction that was completed. The change in service will be effective with the 2027-2028 school year. Finally, there are no areas in the District identified as being at a high-risk for violence.

Recommendation:

The recommendation is for the Board of Trustees to approve the resolution designating the identified hazardous traffic conditions for purposes of student eligibility for transportation services.

RESOLUTION OF THE GRAPEVINE-COLLEYVILLE INDEPENDENT SCHOOL
DISTRICT BOARD OF TRUSTEES REGARDING HAZARDOUS TRAFFIC CONDITIONS
FOR PURPOSES OF STUDENT ELIGIBILITY FOR TRANSPORTATION SERVICES

WHEREAS, Texas Education Code §42.151(d-1) allows the Board of Trustees of the Grapevine-Colleyville Independent School District to obtain supplemental state funding for transporting regular, otherwise ineligible students who live within two miles of their school but who would be subject to hazardous traffic conditions if they walked to school;

WHEREAS, the TEA handbook on School Transportation Allotments requires the Board to adopt language providing the definition of hazardous traffic conditions applicable to the District and identifying the specific hazardous areas for which such funding is requested;

WHEREAS, the Board acknowledges the Education Code §42.151(d-1) provisions stating that a hazardous condition exists where no walkway is provided and students must walk along or cross a freeway or expressway, an underpass, an overpass, a bridge, a major traffic artery, an industrial or commercial area, or another comparable condition;

NOW THEREFORE BE IT RESOLVED that the Board of Trustees of the Grapevine-Colleyville Independent School District has defined hazardous traffic conditions in the same manner as stated in Education Code §42.151(d-1) and has identified the following specific hazardous areas in which such conditions exist:

Elementary Schools

- Cannon Elementary School: All addresses identified in the attached Exhibit are within two miles of the school, requiring some students to cross a railroad crossing and other students to cross a railroad crossing and a four-lane highway/major artery (Northwest Highway) with no walkways or assistance.
- Colleyville Elementary School: All addresses identified in the attached Exhibit are within two miles of the school, requiring some students to cross a railroad crossing, and walk on narrow (two-lane), winding, isolated streets without walkways, and other students to cross a railroad crossing and two-lane roads carrying heavy traffic.
- Grapevine Elementary School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students living in an apartment complex (670 Gate House Drive), which is located on major streets without walkways, to cross dangerous roadway conditions and walk through an overpass/underpass across an expressway (Highway 360), and cross with no assistance.
- O.C. Taylor Elementary School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students to walk along a narrow, two-lane, winding, isolated street with no shoulders and no sidewalks (Jackson Road).

- Silver Lake Elementary School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students to cross a four-lane major arterial highway without walkways (Dove Loop Road) and cross a major street without assistance.
- Timberline Elementary School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students in an apartment complex on major streets without a walkway to walk along dangerous roadway conditions that prevent students from walking, access road along an expressway (Highway 121 service road) with heavy traffic at all times.

Middle Schools

- Colleyville Middle School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students to cross a railroad crossing and other students to walk along a four-lane highway/major artery with walkways (Colleyville Boulevard) and walk along and cross a two-lane road (Hall Johnson) carrying heavy traffic with no assistance.
- Grapevine Middle School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students to cross a railroad crossing and walk on narrow, two-lane, winding, isolated streets without walkways.
- Heritage Middle School: All addresses identified in the attached Exhibit are within two miles of the school, requiring students to cross an overpass/underpass for an expressway (a four-lane highway/major artery Highway 121) without assistance, walk within an industrial/commercial area (Glade Road and/or Hall Johnson), with heavy traffic at all times.

High Schools

- Colleyville Heritage High School (CHHS): All addresses identified in the attached Exhibit are within two miles of the school, requiring students to cross an overpass/underpass for an expressway (a four-lane highway/major artery Highway 121) without assistance, walk within an industrial/commercial area (Glade Road and/or Hall Johnson), with heavy traffic at all times.
- Grapevine High School (GHS): All addresses identified in the attached Exhibit are within two miles of the school, requiring students to cross a railroad crossing and walk along and cross a four-lane highway/major artery with a walkway (Highway 26).

Adopted this 27th day of July 2026 by the Board of Trustees of the Grapevine-Colleyville Independent School District.
