

Request: Increase the adult ticket price from \$7 to \$8 for all high school events that charge admission.

Rationale: Many schools are charging processing fees to the consumer in addition to their \$7 tickets increasing their overall admission price to over \$8.00. We do not charge the consumer processing fees because we feel that it is well received that the advertised price is what we actually charge. (Bound processing fee is \$0.90/ticket. Which covers the cost of our Bound software.) Below you will find a table with the current ticket prices for the upcoming year in our conference.

At this time, we are not seeking to increase the cost of student tickets. We have also not increased the cost of our family or individual event passes since prior to 2021 when we increased our ticket prices from \$6/\$4 to \$7/\$5.

Also, any senior citizen (over 60) that resides in the district, can obtain a free activity pass. So this does not affect the older members of our community. They can obtain this pass by ordering one online or stopping in the high school office.
