

## SCHOOL BOARD AGENDA ITEM SUMMARY

June 15, 2026

**SUBJECT: CONSIDER AND TAKE POSSIBLE ACTION OF APPROVAL OF JOB ORDER CONTRACT PROPOSALS FOR SAFETY GLAZING AND SECURITY FILM PROJECT FOR DISTRICT CAMPUSES**

**RECOMMENDED ACTION:** Approve and authorize Administration to negotiate and enter job order contract proposals for safety glazing and security film projects for campuses as presented and related actions.

**RATIONALE:** Aligned with Texas Education Agency School Safety Standards, these protective enhancements strengthen campus security and address evolving school safety measures. The first phase of the project was procured through the Omnia approved cooperative purchasing program and was within the threshold of \$500,000 as listed in CVF (LEGAL). However, phase 2 increases the total project value to \$539,403.15 exceeding this threshold; therefore, Board approval is requested. Additionally, there will be Phase 3, bringing the total project value not to exceed \$800,000 to include schools not included in Phases 1 and 2. The Phase 3 proposal has not been provided yet. This agenda item is intended to award Phases 1 and 2 as presented with the ability to authorize change orders as needed within budgeted funds and to authorize the Administration to further receive proposal for Phase 3 and select the best value for the district within budgeted funds. The Board is authorizing the Administration to negotiate contracts with the JOC contractor and related consultants and to enter into other agreements and take related actions as necessary to complete the subject JOC projects.

Administration recommends approval of both proposals from Comex Corporation for safety glazing and security film project.

<b>BUDGET PROVISIONS/ACTION REQUIRED:</b>	Phase 1:	\$339,080.82
	Phase 2:	\$200,322.33
	Phase 3:	<u>Currently being assessed</u>
	Not To Exceed	
	Project Amount:	\$800,000.00
	2026-2027 Budget
