In support of the Texas Education Agency School Safety Standards, these additional protective measures further strengthen campus security and align with evolving school safety standards.

The proposed project includes the installation of security glazing film on designated exterior windows at district campuses. Security film reinforces existing glass and helps improve the overall resilience of building entry areas. This enhancement supports the district's layered approach to campus safety by providing an additional level of protection at key access points.

Phase 1 includes Baytown Junior School, Cedar Bayou Junior School, EF Green Junior School, George H. Gentry Junior School, Highland Junior School, Peter E. Hyland Empower Academy, Impact Early College High School, Robert E. Lee High School, Goose Creek Memorial High School, and Ross S. Sterling High School.

Phase 2 includes Alamo Elementary School, Stephen F. Austin Elementary School, James Bowie Elementary School, George Washington Carver Elementary School, Dr. Johnny T. Clark Elementary School, David Crockett Elementary School, Lorenzo De Zavala Elementary School, Harlem Elementary School, Jessie Lee Pumphrey Elementary School, San Jacinto Elementary School, Ashbel Smith Elementary School, and Victoria Walker Elementary School.

Phase 3 is currently being assessed and includes Dr. Antonio Banuelos Elementary, Highlands Elementary, Bonnie P. Hopper Primary, William B. Travis Elementary, Horace Mann Junior School, Sheila C. Liles Early Learning Academy, Point Alternative School, and Stuart Career Technical High School.
