Thank you for choosing UVT!

<p>[101-156-1027] DJI Matrice 4TD w/RC Plus 2 Combo The all-new Matrice 4TD offers extended flight time, a high-resolution thermal camera, a new near-infrared (NIR) auxiliary light, and a laser range finder. It is also designed specifically for the DJI Dock 3, enabling truly remote, beyond-visual line-of-sight operations. When paired with the DJI RC Plus 2 Enterprise, the DJI Matrice 4TD can be operated as a standalone drone, increasing operational capabilities over the Matrice 4T thanks to its IP-rated design. The Matrice 4TD's fixed arm configuration promotes more stable flight, though it sacrifices portability over the Matrice 4T.</p> <p>In The Box: 1x DJI Matrice 4TD Aircraft 3x DJI Matrice 4D Series Propeller Pairs 1x USB-A to USB-C Cable 1x Combo 1.5mm / 2.5mm Hex Driver 1x Miscellaneous Screw Pack 1x RC Plus 2 1x M4D Series Charging Hub 1x 240 Watt Power Hub 1x Case</p>	2.000 Units	9,820.00	5.00	\$ 18,658.00

This high-capacity charging hub supports sequential charging for up to three Matrice 4D batteries, making it ideal for filmmakers, production crews, and enterprise drone operators who need consistent uptime.</p> <p>Unlike standard charging accessories, this hub requires a dedicated 240W power source and uses a specialized SDC power cable to connect the adapter to the charging hub.
