RE: Lives Saved Recognition

The Student Services Department, in collaboration with Nurse Coordinator Patricia Peña, would like to recognize the individuals who provided life-saving assistance to two students—one at Horace Mann Junior School in December and another at Ross S. Sterling High School in March, at the Board meeting on Monday, May 4, 2026.

In emergency situations, a prompt response can make the difference between life and death. Because of their courage, quick thinking, and willingness to act without hesitation, two students were given a second chance. These moments serve as powerful reminders that training is not just a requirement, but a life-saving skill that empowers us. We have been told by doctors and paramedics that their actions affirm the vital importance of both CPR and AED training. The training and actions of these individuals reflect the very heart of commitment to student safety, care, and compassion to provide the lifesaving skills needed for these students.

Name	Campus
Delaney Osbourne, Trainer	Horace Mann
John Hammond, Coach	Horace Mann
Michael Contreras, Coach	Horace Mann
Jerrell Williams, Coach	Horace Mann
Christopher Waller, Coach	Horace Mann
Marek Hamilton, Coach	Horace Mann
Amanda Suarez, RN	Highlands Elementary nurse
