Memo

To: Samuel Mijares, Superintendent of Schools
From: David Camarillo, Executive Director for Instructional Services 
Date: July 02, 2026
Subject: Application for Teacher Portal for Texas Assessment Program Data Waiver

The assessment data portal of the Texas Assessment Management System became fully operational in October 2011 and complies with the requirements of the Texas Education Code (TEC), §32.258, to provide teacher access to student assessment data through a local student data system must apply for an expedited waiver from the Texas Education Agency (TEA). The local data portal must meet the following requirements:

- The local data portal must be accessible to all teachers in the core subject areas (reading language arts, mathematics, science, and social studies) and must allow teachers to view their own students' assessment data. (It is a local decision whether to extend access to teachers outside of the four core subjects; however, districts must consider whether there exists a sound educational reason, allowable under the Family Educational Rights and Privacy Act (FERPA), for non-core teachers to have access to student-level data.)
- Student data must be available for the past five years and include data indicating progress in student achievement.
- Student data must be available on or before the first instructional day of the year following the year in which the data were collected.
- The local data portal must permit comparisons of student performance at the classroom, campus, district, and state levels. Though it will not be necessary for local data portals to contain statewide data for comparisons of student performance, local portals must include a link (see below) to the TEA webpage where statewide assessment data are available.
- As a condition for granting a waiver for teacher access to the state teacher portal, local systems must have all the above data available to teachers.

Note that districts and charter schools that receive a waiver from the requirement to provide teachers with access to the state data portal must still provide the teacher-student linking information in their summer PEIMS submissions. There is no waiver from the PEIMS submission requirement.

I am hereby requesting approval to submit a waiver for the Teacher Data Portal of the Texas Assessment Management System.

Approved: _____
Samuel Mijares, Superintendent of Public Schools
