Agenda Item – 6D

Background Information

Each year, TASB provides the district with suggestions and requirements for updating the Employee Handbook. These changes reflect state rules and regulations, Commissioner of Education and legal opinions, and TASB updates. All updates due to these recommendations are outlined in the MISD Employee Handbook Change Document with page references. This change document also includes any internal information that was updated to reflect local details, practices, and clarifications. The final version of the Employee Handbook and the accompanying Change Document are included for review and will be available to employees through the staff portal on the District website.
