Change Order No. 1: Change to Project Specifications

1. Refer to Section 00 73 00 – Supplementary Conditions.

Delete Paragraph 6.03.M in its entirety and insert the following in its place:

M. *Railroad Protective Liability Insurance:*

1. Prior to commencing any Work within 50 feet of railroad-owned and controlled property, Contractor shall:
 - a. Endorse its commercial general liability policy with ISO CG 24 17 (or equivalent), removing the contractual liability exclusion for work within 50 feet of a railroad;
 - b. Furnish a copy of the endorsement to Owner; and
 - c. Submit a copy of the other railroad-required documentation to the railroad, and notify Owner of such submittal.
2. Owner has elected to participate in BNSF Railway Company's Blanket Railroad Protective Liability Insurance Policy. BNSF Railway Company and/or its authorized insurance representative has confirmed that participation by Owner in such blanket program satisfies the Railroad Protective Liability Insurance requirement for this Project, and Contractor shall not be required to procure a separate Railroad Protective Liability Insurance coverage for the Work.
3. Nothing herein shall relieve Contractor of its obligations to maintain all other insurance required under the Contract Documents or the railroad permit requirements, including the required Commercial General Liability endorsement applicable to railroad operations.
