

Summer School and Credit Recovery

Summer Credit Recovery was very successful this year, 13 students earned/ finished a total of 16 credits. This will allow them to stay on track and be able to experience electives they might have missed out on if they had to retake classes during the year. This year summer school was held entirely in June for a total of 9 dates. A little shorter than other years due to having a few less students. Mr. Ellefson was the staff member setting up and running summer school this year. Thank you to him and to Samantha Gerads for helping to facilitate the process.

Staffing

At this time all teaching staff is hired, we have hired 4 new teachers. We are excited for the new staff to join us. We may be looking for some support positions based on the new students coming to the HS. Those determinations are still being looked at based on summer enrollment changes. We plan to post for those positions soon.

Online School

As of last week we have 20 students that have filled out all the paperwork to be enrolled in the online school. We have a number of families that have requested paperwork and are waiting for the paperwork to be returned.
