Dear Andrea,

This letter outlines the recommendation for Lake Orion Community Schools to purchase student iPads. The student devices are being purchased for kindergarten and first grade students districtwide. All devices are part of a scheduled refresh of existing devices.

	Quantity	Unit Cost	Total Cost
Student iPads - Wi-Fi 256GB	1,600	\$424	\$678,400

Pricing was obtained from Apple, via REMC consortium pricing. Lake Orion Community Schools has purchased many devices from Apples in the past and has been satisfied with the technology and support. Lake Orion Community Schools Technology recommends the purchase in the amount of **\$678,400** be awarded to Sehi Computer Products, Inc. Based on our technical advisory role to the District, Plante Moran supports this recommendation.
