Shawna,
Can you add this to the May agenda. We had a similar request at the last meeting for reference.
Todd

Coach Weaver would like to request an overnight trip for his HS girl's basketball program. Below is the information that he is giving us about it.

Mr Norris,

The women's basketball team would like to go to the 20th Anniversary Dells Classic at the Fieldhouse in the Wisconsin Dells. The basketball program will be paying for the games, and the hotel, the players will be responsible for their meals. This is very similar to what the team did with the trips to the Ozarks from 2019 and previous. We will request an activity bus, leave on the 6th, stay the night of the 6th, 7th, and 8th. The team will return on the 9th. You are guaranteed 5 games, 2 each of the 1st 2 days and a tournament on the 3rd day. This will give our athletes a chance to come closer as teammates and gain experience playing different schools and versus different styles of play. One of the hopes of the team is to start making trips like this during the summer and annual occurrence to help create excitement for the program.

Thank you
