Superintendent's Legislative Fly-in February 25-28, 2023, We heard from legislators and legislative staff, issues, challenges, programs, and bills were discussed and an updated provided. Met with legislators that we did not get the chance to visit with during the AASB fly-in.

Kivalina Site Visit March 15, 2023, Met with City, IRA, and ASC combined to discuss how things were currently going with the school. We also discussed the upcoming Grand Opening. Kivalina Grand Opening has been postponed to a later date in the fall. We are looking at some time in September. Some reasons are, that we do not know if the road will be open due to the number of storms we've been receiving, Bering may not be able to bring everyone over and back in one day, and with the legislative session still going on, many people will not be able to attend. We need to plan for a time in September that will work for everyone.

NWALT Juneau Lobbying March 1-2. Priorities are as follows.

- Maniilaq - Maniilaq Crisis Center
- NWABSD - Alaska Technical Center Family Housing
- NWAB - Cape Blossom Port
- NANA - Protect and Advance Alaska's Unique Indigenous Model of Self-Determination that includes Alaska Native Corporations and Tribes

We visited with offices of legislators. We also visited with the Governors office and some Commissioners were available. We talked about the priorities of the region and some challenges.

Board approval is required for services that exceed \$50,000. At issue is for the Board to approve the purchase of student laptops and cases from Apple and Intellitech for a total amount not to exceed \$580,000.00. The original 5-8 Grade Laptop fleet is scheduled and in need of refreshing in 2023. Technologies have changed and improved over the years, and it is time to improve the middle school classroom ecosystem. This purchase will put all 5-12th graders on the same type of devices allowing for more flexibility while sustaining the overall student laptop fleet. Students may also use their device for all 7 years in a row. These items have been budgeted using the ESSER funds instead of general or capital improvement funds. The administration recommends Board approval of the purchase of student laptops and cases from Apple and Intellitech for a total amount not to exceed \$580,000.00 as presented.

Contracts over \$50,000 require the approval of the Board. Approve E-Rate Central Consulting Services contract for \$59,000 to be funded by ESSER III funds. The District is applying for funding under E-Rate services for 2023-2024 school internet and has continued funding through December of 2023 for the Emergency Connectivity Fund (ECF) internet services for qualifying student and staff homes. The E-rate program provides funding for 90% of our school internet charges. The ECF provides funding for 100% of eligible charges for internet services across the region to support qualifying student and staff homes. E-Rate Central supports timely and accurate filing of required E-Rate and ECF paperwork, program integrity assurance, and audit support. E-Rate Central successfully worked through two simultaneous audits with the District throughout the 2022-2023 school year. The total E-Rate Central 2023-2024 MOA is for \$59,000 for both E-Rate consulting on school internet and continued support for Emergency Connectivity Fund.

Vendors did not bid on providing fuel to Noatak, therefore fuel to Noatak was not included in the approval of bulk fuel purchase in June 2022. The fuel is required to be flown in via Everts Air Fuel out of Fairbanks. For Shungnak, Crowley Fuels could not deliver the full amount due to water levels upriver. The cost of 9,000 gallons of fuel from Everts Air Fuel FOB Fairbanks to Noatak and Shungnak will be \$105,985.00. A fuel line was damaged due to snow load at the Kivalina new teacher housing. Approximately 600-700 gallons of heating fuel was released on to the snow. ADEC is requiring a contractor specializing in fuel clean-up to be hired. Alaska Chadux Network has time and men to move on the spill site and have given a preliminary quote of \$75,003.00. This cost will cover one week of their time and materials, anything over will cost more. With the amount of snow on site it is predicted to cost more. This MOA will be paid out of the general funds. Pending USAC approval of the new 2023-2024 E-Rate funding application the district will receive funding discount currently calculated at 90%; the district is responsible for the remaining 10%, or \$800,580.00 per year, for three (3) years. The administration recommends the Board award the E-Rate bid to GCI, Inc., in the amount of \$800,580.00 per year for three (3) years; to provide internet services as presented.

ACTION

Each month various Human Resources actions occur which require Board action or cognizance. At issue is the approval of Human Resources actions. On a monthly basis the administration recommends Board approval of new certified/classified hires, position reclassifications, and new or revised job descriptions. In addition, the administration informs the Board of resignations, transfers, and terminations throughout the district as well as any other significant changes. The Human Resources action item for Board approval of the certified rehires for FY24 for the District Office, Alaska Technical Center, Star of the North, Ambler, Buckland, Deering, Kiana, Kivalina, Kobuk, Noatak, Noorvik, Shungnak, Selawik, and Kotzebue Middle High School. Human Resources non action items include certified resignations, certified transfers, and a change in language on district housing rental agreements. Certified resignations are for the District Office and Kobuk. Certified transfers are for Kivalina. The language change on district housing rental agreements states that all residents are subject to a background check. The administration recommends the Board approve the Human Resources actions as presented.

Carol Schaeffer moved to approve Human Resources as presented. Cindy Fields seconded. 8 in favor/0 opposed/1 abstention. Motion passed.

None.

Carol Schaeffer shared concerns from a past district dietician about what student athletes were fed while stuck in Kotzebue during inclement weather. Student Activities Coordinator Brett Slaathaug responded to the concerns.

Ellen Coffin gave her appreciation for whomever brought moose meat to the student athletes stuck in Kotzebue and thanked Brett for his hard work.

Joanne Harris also thanked Bret for his hard work. Joanne continued onto express that enough people have brought up concerns about the feeding of student athletes during travel, so there may be something to improve upon. Brett responded and explained the extent he goes to in order to feed student athletes during travel.

The next regular Board meeting of the NWABSD Board of Education will be held on April 11, 2023, at 4:00 p.m. in Kivalina, AK.

BP 6161.4 INTERNET AND DISTRICT TECHNOLOGY

Note: The following policy should be used by all districts providing student access to the Internet and other computer networks. An Internet safety policy is required for schools receiving universal service discounts.

Note: The Children's Internet Protection Act requires school districts to adopt Internet safety policies as a condition of receiving technology funds under Title II, Part D of the No Child Left Behind Act ([20 U.S.C. § 6751-6777](#)) for the purpose of purchasing computers with Internet access or paying the direct costs associated with accessing the Internet. Additionally, districts must adopt an Internet safety policy to qualify for most federal universal service discounts ([47 U.S.C. § 254](#)).

The district's internet safety policy must include a "technology protection measure" that blocks or filters Internet access by both adults and minors to visual depictions that are obscene, child pornography, or with respect to use by minors, harmful to minors. As part of the funding application process, the district must certify that the required policy is in place and that the district is enforcing the use of these technology protection measures. The filter may be disabled by an administrator, supervisor, or other authorized person for "bona fide research or other lawful purpose."

Effective July 1, 2012, the Internet safety policy must also include monitoring the online activities of minors when using district computers or networks. Further, the policy must provide for educating minors about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms, and cyberbullying awareness and response.

As a condition of receiving universal service discounts, schools must also adopt and implement an Internet safety policy that addresses (1) access by minors to "inappropriate matter" on the Internet and World Wide Web; (2) safety and security of minors when using electronic mail, chat rooms, and other forms of electronic communication; (3) unauthorized access ("hacking") and other unlawful activities by minors online; (4) unauthorized disclosure, use, and dissemination of personal identification information regarding minors; and (5) measures designed to restrict minors' access to harmful materials. Schools must hold at least one public hearing before adopting the policy. The types of materials considered inappropriate for minors will be determined by the local school board. Schools must make this policy available to the FCC upon request.

The Board recognizes the educational and communication opportunities that exposure to the Internet and other computer networks can provide students and staff. The Board intends that these technological resources provided by the district be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning. The Board has established ~~the this~~ Internet and District Technology acceptable use policy to ensure appropriate use of ~~this these~~ resources. District technology includes, but is not limited to, District computers, laptops, tablets, and phones.

Authority

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology and the Internet, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities. This includes the following:

1. The electronic information available to students and staff does not imply endorsement of the content by the district, nor does the district guarantee the accuracy of the information received on the Internet. The district shall not be responsible for any information that may be lost, damaged, or unavailable when using the network, District technology, or for any information that is retrieved via the Internet.
2. The school district shall not be responsible for any unauthorized charges or fees resulting from access to the Internet or District technology.
3. The use of District technology, the Internet and similar communication networks by students and staff is a privilege -- not a right. Failure to follow established rules can lead to appropriate disciplinary action as well as the loss of access to the Internet or other networks through school accounts. Legal action may be taken where/when appropriate.
4. School district computers, laptops, tablets, phones, and other District technologies are the property of the School District. At no time does the district relinquish its exclusive control of ~~computers~~ District technology provided for the convenience of the students and staff. ~~Computers~~ District technology shall may not be used to disseminate, maintain, or access sexually explicit, vulgar, indecent, offensive, or lewd communications, images, or videos. Nor may computers be used for harassment or bullying. District technology must be used in accordance with this policy.

(cf. 5131.43 Harassment, Intimidation and Bullying)

5. The School District reserves the right to inspect and review files and data on ~~district computers~~ District technology, and to monitor the online behavior of ~~minors~~ persons when using ~~district computers~~ District technology or networks. Such inspection and monitoring is for the purpose of ensuring compliance with laws and appropriate use of technology as specified in this and other policies. Monitoring may be conducted by school authorities when they deem it necessary, without notice, without ~~student~~ consent, and without a search warrant.

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are (1) obscene, (2) child pornography, or (3) harmful or inappropriate to minors as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for adults only for bona fide research

or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator.

Internet Safety

To reinforce these measures, the Superintendent or designee shall implement measures to address the following:

1. Restricting student access to harmful or inappropriate matter on the Internet and World Wide Web;
2. Ensuring student safety and security of students and student information when using electronic communications;
3. Ensuring that students do not engage in unauthorized access, including "hacking," and other unlawful activities; and
4. Limiting unauthorized disclosure, use, and dissemination of personal identification information.

Note: *The Children's Internet Protection Act, defines "harmful to minors" as: ...any picture, image, graphic image file, or other visual depiction that – (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.*

Use Guidelines

1. School officials will develop a written permission slip for Internet use. This signed form must be on file prior to allowing students direct access to the Internet.
2. School officials must apply the same criterion of educational suitability used for other educational resources when providing access to Internet informational resources. The district will not allow school access for on-line games or any other areas determined to be non-education related.
3. Students and staff have the right to examine a broad range of opinions and ideas in the educational process, including the right to locate, use, and exchange information and ideas via all information formats including interactive electronic media and the Internet.

These ~~accounts~~ are to be used only by the authorized owner of the account for the authorized purpose. Users shall not intentionally seek information on, obtain copies of, or modify files, other data or passwords belonging to other users on the network or on District technology. No

use of the network shall serve to disrupt the use of the network by others. Hardware and/or software shall not be destroyed, modified, or abused in any way.

5. Users have the responsibility to respect the privacy of other Internet users. The illegal installation of copyrighted software for use on district computers is prohibited.

5-6. District technology and networks shall may not be used to disseminate, maintain, or access sexually explicit, vulgar, indecent, offensive, or lewd communications, images, or videos. The District strictly enforces this provision.

6-7. Users are expected to display proper "netiquette" (network etiquette) at all times.

7-8. Staff members shall supervise students while students are using district Internet access to ensure that the students abide by these procedures. Users must follow all rules and regulations posted in the computer lab or other room where computers are in use. Users must follow the directions of the adult in charge of the computer lab or other room where computers are in use.

8-9. Students and staff are expected to act in a responsible, ethical, and legal manner in accordance with district policy, accepted rules of network etiquette, and federal and state law. Specifically, the following uses are prohibited:

Education

Note: Effective July 1, 2012, the Children's Internet Protection Act requires that a school district's Internet safety policy provide for educating students about appropriate online behavior, including interacting with other individuals on social networking web sites and in chat rooms, as well as cyberbullying awareness and response.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. BB 9200 BOARD MEMBERS

Limits of Board Members Authority

The School Board has broad but clearly limited powers. The exercise of its authority is restricted to the functions required or permitted by law, and then only when it acts in a legally constituted meeting. Individual Board members shall submit requests for research or administrative studies to the entire Board for consideration.

(cf. 6162.8 - Research)

(cf. 9322 - Agenda/Meeting Materials)

The Board is the unit of authority. An individual Board member is a part of the governing body which represents and acts for the community as a whole. Apart from the normal function as part of the unit, the Board member has no individual authority. No individual member of the Board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor, as an individual, command the services of any school employee. Individually, the Board member may not commit the district to any policy, act or expenditure.

No members of the Board shall be asked to perform any routine or clerical duties which may be assigned to an employee, nor shall any Board member become an employee of his/her district while serving on the Board.

A Board member should resign from the Board before seeking to secure district employment. In no event shall a final decision for hire be made prior to receiving the Board member's resignation.

(cf. 9250 - Remuneration, Reimbursement and other Benefits)

(cf. 9270 - Conflict of Interest)

Board members who visit schools of their own volition have no more authority than any other citizen. Board members have authority only in regularly called meetings of the Board, or when delegated specific tasks by Board action.

(cf. 1250 - Visits to the Schools)

Obligations of Members

Members of the Board must endeavor to attend all meetings, study all materials presented with the agenda prior to attending the meeting, participate in the discussion of any items which come before the Board, and vote on all motions and resolutions, abstaining only for compelling reasons. If no compelling reason requires abstention, members of the Board shall not abstain. If a Board Member knows they will be unable to

attend scheduled meetings, worksession, or committee assignments they must notify the Board President or the Superintendent's Office of this intended absence. If a Board Member notifies the Superintendent's Office with a request for an excused absence, this information will be communicated to the Board President for his/her decision and action.

The Board member should not subordinate the education of children and youth to any partisan principle, group interest, or the member's own personal interest.

The Board member should be prepared and willing to devote a sufficient amount of time to the study of the problems of education in the district, the state, and the nation in order to interpret them to the people of the district.

The Superintendent/designee presents drafts or suggestions for board policy revisions when changes in law occur or when specific need occurs. 2. Do not approve first reading to the proposed revisions to BB 9270 as presented;
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends the Board approve the first reading to the proposed revisions to BB 9270, Board Bylaws, Conflict of Interest as presented and open for public comments.

BB 9270 CONFLICT OF INTEREST

Note: [Alaska Statute 29.20.010](#) requires each municipality to adopt a conflict of interest code. [Alaska Statute 39.50.145](#) authorizes a municipality to exempt municipal officers from state conflict of interest financial reporting requirements. Accordingly, districts should consult local law to determine if additional conflict of interest requirements must be addressed. The following sample bylaw should be revised as appropriate to reflect district philosophy and needs.

In order to instill public confidence in public office and provide public accountability, School Board members shall disclose and avoid conflicts of interest involving any matter pending before the School Board. A conflict of interest exists when a member has a personal or financial interest on a matter coming before the Board that could render the member unable to devote complete loyalty and singleness of purpose to the public interest. School Board members owe the public a duty to act in the best interests of the district.

Decision making. The Board recognizes that when no conflict of interest requires abstention and/or recusal, its members must vote on issues before the Board. If a board member or ~~his or her~~ their family member may benefit personally or financially from a Board decision, that board member must provide full disclosure of the conflict or potential conflict of interest to the Board. The Board, without that member's participation, will then approve or disapprove of the member's deliberations and voting on the issue. If the Board determines a conflict of interest prohibits participation, the member shall recuse themselves and abstain from deliberations and voting.

Appearance of impropriety. When a situation may create the appearance of impropriety, even where state and federal laws do not require any action, the board member shall fully disclose the circumstances. The Board, without that member's participation, will then approve or disapprove of the member's deliberations and voting.

Board members who have an actual or potential conflict of interest requiring disclosure shall not seek to influence the decisions of staff or other board members on the underlying matter, or on the member's participation in the matter.

Other duties. School Board members are expected to avoid conflicts of interest in their other duties. This includes:

- a. **Confidential information.** School Board members shall not disclose or use confidential information acquired during the performance of official duties as a means to further their own personal or financial interests or the interests of a family member.
- b. **Gifts.** School Board members shall not accept a gift or economic benefit that would tend to improperly influence a reasonable person or where board members know or should know the gift is offered for the purpose of influencing or rewarding official action.

- c. **Business dealings with staff.** School Board members shall not engage in financial transactions for private business purposes with district staff whom board members directly or indirectly supervise.
- d. **Compensation for services.** School Board members shall not receive any compensation for services rendered to the district from any source, except compensation for serving on the School Board and reimbursement of expenses incurred as a board member, as allowed by policy and law.

Other legal obligations. School Board members shall comply with state and federal laws pertaining to conflicts of interest. Nothing in this policy restricts or affects board members' duties to comply with those laws.

ABSTRACT:

Board policy revisions require Board approval.

ISSUE:

At issue is to approve the first reading of the proposed revisions to BP 3515.6, Business and Non-Instructional Operations, Use of School Safety Video Surveillance Monitoring System and open for public comments.

BACKGROUND AND/OR PERTINENT INFORMATION:

The Superintendent/designee presents drafts or suggestions for board policy revisions when changes in law occur or when specific need occurs. Policy revisions shall normally be given two readings prior to adoption by the Board. This is the first reading of the proposed revisions to BP 3515.6, Business and Non-Instructional Operations, Use of School Safety Video Surveillance Monitoring System. This new policy was brought forward by AASB and new policies require Board adoption.

The Board Policy Committee reviewed the new policy, recommends approval and to open for public comments.

ALTERNATIVES:

1. Approve the first reading to the proposed new policy BP 3515.6, Business and Non-Instructional Operations, Use of School Safety Video Surveillance Monitoring System as presented and open for public comments;
2. Do not approve first reading to the proposed new policy BP 3515.6 as presented;
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends the Board approve the first reading to the proposed new policy BP 3515.6, Business and Non-Instructional Operations, Use of School Safety Video Surveillance Monitoring System as presented and open for public comments.

USE OF SCHOOL SAFETY VIDEO SURVEILLANCE MONITORING SYSTEMS BP 3515.6(a)

The School Board authorizes the use of video surveillance equipment on school district property, school vehicles, and school contracted vehicles to ensure health, welfare, and safety of all staff, students, and visitors to district property and/or passenger in district contracted or authorized vehicles and to deter inappropriate behavior. Cameras will also be utilized to safeguard district facilities and equipment, as well as equipment owned by staff or students.

In dealing with surveillance of students and employees, the Board recognizes both its obligation to provide appropriate levels of supervision in the interest of safety and the fact that students and employees have privacy rights that are reduced but not eliminated while under the supervision of the school. Thus, video surveillance, like other forms of supervision, must be carried out in a way that respects privacy rights.

~~District Administrators are responsible for determining whether video recordings are educational records as defined by the Family Educational Rights and Privacy Act (FERPA)), 20 U.S.C. § 1232g and 34 CFR Part 99.~~

School safety video recordings which are not education records may be disclosed as provided in the Alaska Public Records Act, [AS § 40.25.110 – 40.25.125](#).

Use

Video surveillance cameras may be used to monitor and/or record in locations authorized by the School Site Administrator or the officials of the school district. Public notification signs must be prominently displayed, indicating the use of video surveillance. The district shall also notify staff and students through student/parent and staff handbooks that security cameras are in place within district property.

Camera Placement

The security camera system will be installed in public areas only. These areas include school buses, grounds, athletic areas such as the gymnasium and weight room, exterior entrances or exits to school buildings and large gathering spaces such as classroom corridors, cafeteria, lobby, and main entrances. Classrooms, restrooms, changing rooms, private offices, nurse's offices, and locker rooms are excluded from surveillance camera use. Security camera usage is prohibited in any space where this a reasonable expectation for privacy.

Security

Only a designated employee or agent of the school district will install surveillance cameras. Only designated school officials shall have access to the camera equipment and operations system. For the purposes of this policy, school officials are the Superintendent or his/her expressly authorized designees. Only these school officials shall handle the camera or copies of the video segments. Video copies shall be stored in a secure area. Video copies may never be sold, publicly viewed or distributed in any other fashion except as approved for by this policy and/or relevant to legislation. Law enforcement personnel may review camera recordings, when available, to investigate criminal conduct through a subpoena.

Viewing of Video Recordings

Video monitors used to view video recordings should not be located in a position that enables public viewing. Video recordings may only be viewed by school site administrators, school official, or school staff members with direct involvement with the recorded contents of the specific video recording or employees or agents responsible for the technical operation of the system (for technical purposes only). Parents may submit a written request to view video recordings that pertain only to their children in relation to a disciplinary issue, but the viewing may be approved only if it does not violate the privacy of other students (see next paragraph).

USE OF SCHOOL SAFETY VIDEO SURVEILLANCE MONITORING SYSTEMS BP 3515.6(B)

Use of Video Recordings for Disciplinary Action

Video recordings may be used as a basis for student or employee disciplinary action. Video surveillance recordings involving students are considered to be educational records under FERPA. Therefore, consent must be given in order to disclose information contained on video recordings obtained through video surveillance, except to the extent that FERPA authorizes disclosure without consent. Viewing may be refused or limited where viewing would be an unreasonable invasion of a third party's personal privacy, give rise to a concern for the safety of a third party or where protected from disclosure by law. All viewing requests must be submitted in writing.

Retention of Video Recordings

A copy of a video recording shall be made when an incident results in a long-term suspension, a student injury, or there is a prospect of a legal claim against the district. The copy of the video recording shall be sent to the Superintendent or designee to be kept in a secure location. If a recording is used in the making of a decision about a student or employee, the recording must be kept for a minimum of one year, unless earlier erasure is authorized by or on behalf of the individual or the relevant appeals periods have been expired.

Video recordings shall be maintained for no more than 30 days and then erased unless they are being retained as indicated in the preceding paragraph or at the request of the school site administrator. The district shall comply with all applicable state and federal laws related to record maintenance and retention.

Review

Each school site administrator is responsible for the proper implementation and control of the video surveillance system. The Superintendent of Schools or designee shall develop regulations governing the use of video recordings in accordance with applicable law and board policy.

SUBJECT: Approval of Purchase,
Kivalina School Bus Shipping

ABSTRACT:

Board approval is required to expend \$50,000.00 and higher.

ISSUE:

At issue is board approval of the administration's request to ship two Thomas school busses for the new Kivalina school.

BACKGROUND AND/OR PERTINENT INFORMATION:

The administration is requesting the school boards approval to ship two (2) 2022 Thomas 81 passenger school busses for the new Kivalina Replacement School. The new Kivalina Replacement School opened to students on October 1, 2022. Kivalina's replacement school is situated seven (7) miles from the village. The State of Alaska requires schools/school districts to provide bus service for students that live in excess of one mile from their school. In order to satisfy this requirement, the administration has spent considerable time researching the purchase of school busses. Blue Bird and Thomas are the most commonly used brand of school busses in the United States. Currently Blue Bird does not have a dealership in the state of Alaska, so parts and service have to come from Seattle or beyond. Thomas's Anchorage dealer is Trailercraft, Inc. Trailercraft, Inc. is the sole source supplier of Thomas school busses in the state of Alaska. After much research it is the administration's recommendation that we ship two (2) 81 passenger Thomas school busses for the new Kivalina school from Trailercraft, Inc. FOB Seattle. The administration estimates the freight cost to transport the busses from Seattle to Kivalina will not exceed \$65,734.24.

ALTERNATIVES:

1. Approve the administration's request ship two (2) 81 passenger Thomas school busses from Trailercraft, Inc. FOB Seattle. Freight from Seattle to Kivalina not to exceed \$65,734.24
2. Disapprove the administration's request to ship two (2) 81 passenger Thomas school busses from Trailercraft, Inc. FOB Seattle. Freight from Seattle to Kivalina not to exceed \$65,734.24
3. Take no final action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends board approval of the administration's request to ship two (2) 81 passenger Thomas school busses from Trailercraft, Inc. FOB Seattle. Freight from Seattle to Kivalina not to exceed \$65,734.24.

RE: 2023 Fuel Bid

Mr. Blackham

In response to the Northwest Arctic Borough School District (NWABSD) RFP –2023 Fuel Bid, Crowley Fuels LLC (Crowley) respectfully submits the attached proposal for your review and consideration.

Crowley began serving the people and businesses of Alaska in 1953 – 70 years and counting – and has consistently provided unique solutions to Alaska’s logistics and marine transportation and fuel distribution challenges throughout Alaska’s communities. Today, with a storage capacity of more than 76 million gallons, we are one of the unquestioned leaders in the Alaska fuel industry, providing transportation, distribution, and sales of petroleum products to more than 280 communities across the state. We have nineteen terminals strategically positioned across Alaska serving retail, commercial, construction, transportation, and aviation industries.

Crowley followed the requirements of the RFP and is submitting independent price bids for each of the locations identified in the RFP. Proposed pricing for the locations of Ambler, Kobuk, Shungnak is predicated on the award of all three sites to Crowley. Crowley proposes delivering during the summer months between June 1 and September 30, 2023. Crowley certifies that a representative of the company, authorized to negotiate and execute contracts, has signed this offer and has the authority to enter into a fuel agreement with NWABSD.

We value our relationship with NWABSD and understand the importance of safe and timely deliveries of fuel to the district locations. We appreciate the opportunity to participate in the competitive bid process and look forward to serving the district locations for the coming season. If you should have questions or need any clarification to our submittal, please call Todd Tikiun, Senior Account Executive at (907) 545-0948 or via email at Todd.Tikiun@crowley.com

Respectfully,

Todd Tikiun

Brandon, below please find Vitus' offer on your summer fuel RFP. Prices offered are fixed and based on delivery via barge except for Kivalina. Kivalina prices include a \$0.75 per gallon premium for truck delivery. Vitus encourages NWABSD to acquire it's own truck for Kivalina to avoid future trucking costs. All prices include federal lurt tax of .001 per gallon and exclude all other taxes based on official use by State or Local Government and therefore exempt. Per your RFP we understand that awards will be made on a site by site basis, not broken down by product or customer.

MEMORANDUM

TO: NWABSD Board of Education Members

DATE: April 11, 2023

NUMBER: 23-096

FR: Office of the Superintendent

SUBJECT: Approval of FY23 District Operating Fund Budget Revision #3

ABSTRACT:

The School Board shall establish and maintain a balanced budget.

ISSUE:

At issue is the approval of the FY23 District Operating Fund Budget Revision #3

BACKGROUND AND/OR PERTINENT INFORMATION:

The FY23 District Operating Fund Budget was approved and adopted at the April 26th, 2022 Regular School Board meeting with expenditures in the amount of \$60,807,518. Budget Revision #1 was approved in June with expenditures in the amount of \$62,991,793, and Budget Revision #2 was approved in January with expenditures in the amount of \$64,401,543.

Presented to you is Budget Revision #3 for the FY23 Operating Fund Budget.

Revision #3 is based on a review of revenues and expenditures. In summary Revision #3 includes:

Revenues: \$59,993,182

Expenditures: \$61,588,388

Transfer in from Other Funds: \$0

Transfers out to Other Funds: \$500,000

The revision includes a decrease to salary expenditures by roughly \$2.8 million. This is after a review of open positions and releasing the encumbrance on one half of a year's salary for those open positions and increasing the budget for temporary positions.

The revision includes a decrease in revenue by roughly \$2 million. This decrease is based off of State projections, an increased contribution from the Borough, and reducing the budgeted Impact Aid to what has been received this year.

Overall, I am projecting a decrease in fund balance of approximately \$2 million.

I expect that we will have another revision to the FY23 budget in June to true up accounts before the FY23 year-end closeout to have a better estimate of year end fund balance going in to FY24.

ALTERNATIVES:

1. Approve Revision #3 of the FY23 District Operating Fund Budget as presented;

2. Disapprove Revision #3 of the FY23 District Operating Fund Budget as presented;
3. Take no action.

ADMINISTRATION'S RECOMMENDATION:

The administration recommends the Board approve Revision #3 of the FY23 District Operating Fund Budget as presented.

ISSUE:

At issue is the approval of a Memorandum of Agreement (MOA) between NWABSD and Boynton Office Systems for the purchase of 24 copiers and award a contract for District wide maintenance services starting July 1, 2023, and ending June 30th, 2026 and may be renewed for up to an additional 2 years.

The District put out a request for proposals in March of 2023 to purchase 24 new copiers and to request maintenance services for the District's copier fleet. The District received one proposal from Boynton Office Systems. Boynton's proposal includes the copier purchase price of \$231,780, and a yearly maintenance contract of approximately \$70,517 (depending on copy count).

Funding Source: ESSER II Grant (copiers) & General Fund (yearly maintenance)

ALTERNATIVES:

1. Approve the Memorandum of Agreement (MOA) between NWABSD and Boynton Office Systems for the purchase of 24 copiers and award a contract for District wide maintenance services;
2. Disapprove the Memorandum of Agreement (MOA) between NWABSD and Boynton Office Systems for the purchase of 24 copiers and award a contract for District wide maintenance services;
3. Take no final action.

ADMINISTRATION'S RECOMMENDATIONS:

The Administration recommends that the Board approve the Memorandum of Agreement (MOA) between NWABSD and Boynton Office Systems for the purchase of 24 copiers and award a contract for District wide maintenance services.
