AGENDA SECTION: 2. APPROVAL OF AGENDA AND CONSENT AGENDA ITEMS

ITEM: B. Authorize Holding Regular Board Meeting on
Columbus Day, October 8, 2007

COMMENTS BY: Board Chair Cohen

The 2007-2008 School Year Calendar as approved by the School Board does not list Christopher Columbus Day, October 8, 2007, as an observed holiday in our District. School is in session and all school and administrative offices are open. While Minnesota Statutes lists Christopher Columbus Day as a holiday, it also provides “political subdivisions” with the option to conduct public business by taking specific action. October 8, 2007, is the second Monday of the month, which is the School Board’s regular meeting day. Therefore, it is recommended the Board take action to authorize holding a Regular Board Meeting on that day.

RECOMMENDED ACTION: Declare that Christopher Columbus Day, October 8, 2007, is not an observed holiday in the Wayzata Public Schools, that public business may be conducted, and authorize holding a Regular School Board Meeting on October 8, 2007.

COMMENTS BY: Board Chair Cohen

For election judges serving in a School District election, which is not held in conjunction with a state election, the School Board may determine the rate to be paid to election judges. Further, a judge who travels to pick up election supplies or delivers returns to the clerk or county auditor shall receive not less than the prevailing Minnesota minimum wage plus mileage. The School Board shall determine the mileage amount to be paid.

After a comparison of wages being paid to election judges in surrounding cities and School Districts, it is the recommendation of the School District Election Administrator that Wayzata School District reimburse the election judges appointed for the November 6, 2007 election at the following rates:

Election Judge/Runner	-	\$12.00 per hour

AGENDA SECTION: 2. APPROVAL OF AGENDA AND CONSENT AGENDA ITEMS

ITEM: E. Waive Statutory Requirement for Weekly Pledge of Allegiance

COMMENTS BY: Superintendent Ostlund

According to Minnesota Statutes Section 121A.11, enacted in 2004, School Boards are required to maintain a policy regarding weekly student recitation of the Pledge of Allegiance. School Boards may require students to recite the pledge weekly and require flag etiquette instruction, or a Board may waive the requirement by an annual vote. The current practice in Wayzata schools is that elementary students routinely recite the pledge at least weekly.

RECOMMENDED ACTION: The administration recommends that the Board waive the statutory requirement for recitation of the Pledge of Allegiance, that current practice continue and appropriate instruction regarding flag etiquette and history of the Pledge of Allegiance is included in social studies curriculum.

Annual Report

Curriculum,
Instruction
and Student
Achievement

Wayzata Public Schools

The state of Minnesota requires annual distribution of a "Report on Curriculum, Instruction and Student Achievement." This report will be available in its entirety electronically at www.wayzata.k12.mn.us. In addition, copies will be available at the district office by calling 763-745-5000.

Wayzata stands out in 2006-07 standardized testing

As the number of students required to take standardized tests continues to expand, students across all levels in Wayzata Public Schools are performing exceedingly well on tests such as the Minnesota Comprehensive Assessments (MCA IIs).

WHS 10th grade students passed the BST/MCA written composition test at a rate of 98 percent, compared with the state rate of 92 percent. Ninth grade students passed the GRAD test of written composition at 97 percent, compared with the state rate of 91 percent.

The average ACT score in Wayzata Public Schools during the 2006-07 testing season was 25, once again well above the national and state averages. Students in the district also continue to post strong SAT scores (averaging 629 for math and 609 for verbal).

With a growing number of Advanced Placement offerings (25 courses were offered in 2006-07) 1,589 Wayzata High School students enrolled in AP courses and staff administered 1,144 tests to 613 students with 86 percent of them earning college credit.

District overview and student accomplishments

Wayzata Public Schools enrolled more than 9,600 students during the past year and graduated approximately 672 students.

The district currently has 9,859 total students enrolled with 4,228 in elementary, 2,376 in middle schools and 3,255 at WHS. The district also has 63 students attend-

ing either the FAIR School or IDDS and 250 Choice is Yours students enrolled in the district from Minneapolis.

Student demographics are changing in the district. As an example, the English Language Learners population is on the rise with more than 234 students speaking one of 32 different languages. The two

languages spoken by the most ELL students in the district are Russian and Chinese.

Approximately 83 percent of the class of 2007 took the ACT and achieved a composite score of 25 as compared to the national composite of 21.2. Similar to the results on AP exams, more students continue to take the ACT at WHS

and the composite scores continue to improve in contrast to national averages, which have tapered off. Approximately 27 percent of WHS students took the SAT and achieved an average score of 629 on math and 609 on verbal, more than 100 points better than national averages.

AGENDA SECTION: 2. APPROVAL OF AGENDA AND CONSENT AGENDA ITEMS

ITEM: I. Bid Award – Ice Resurfacer

COMMENTS BY: Mr. Hopeman, Jr.

The bid opening for the Wayzata Central Middle School Ice Arena, Ice Resurfacer was held at the Administration Building on Thursday August 28, 2007, at 1:30 P.M. with one supplier submitting a bid.

<u>Supplier</u>	<u>Base Bid</u>	<u>Alternate With Trade-In</u>
Frank J. Zamboni & Co.	\$105,789.36	\$ 98,289.36

It is recommended that the Base Bid of \$105,789.36 be rejected and the alternate bid of \$98,289.36 be accepted. The alternate bid includes the trade in value of the existing ice resurfacer.

The new ice resurfacer is battery powered, which will reduce the exposure of combustion gases in the arena. The old resurfacer is showing wear. Repair needs have increased and the administration fears that a major failure may occur, causing disruption for use of the arena.

The ice resurfacer will be financed via a five-year lease-purchase agreement with a third party financier. The first payment will be made from Fiscal Year 2008 One-Time Operating Capital money. Subsequently this amount will be included in the Ice Arena Operating Levy, so the expenditure will eventually be fully covered with the proceeds of that levy.

RECOMMENDED ACTION: Award the bid for Ice Resurfacer to Frank J. Zamboni & Co. for a total bid amount of \$98,289.36.

WHEREAS, the DISTRICT has made an application for a public entity waste abatement project and has been selected for partial funding of said described project in accordance with the terms of this Agreement (application copy attached as Exhibit A)

NOW, THEREFORE, in consideration of the mutual undertakings and agreements hereinafter set forth, the COUNTY, on behalf of the DEPARTMENT, and the DISTRICT agree as follows:

b. In addition to the services referred to above, the DISTRICT agrees:

1. The DISTRICT shall submit to the DEPARTMENT an interim report by December 31, 2008, and a final report by November 30, 2009. The reports should include at a minimum:
 - Project findings and summary;
 - Results achieved;
 - Obstacles/challenges encountered;

In addition, the DISTRICT will present the Project findings, as set forth in the final report, to municipal recycling coordinators and other public entity representatives at such times and places as the County may request.

2. All Incentive Funds accepted from the COUNTY over the term of the Agreement shall be used for Project expenses relating to waste reduction and recycling, as described in the Project budget. The DISTRICT shall not retain any Incentive Funds in excess of actual Project expenses and shall return any such excess Incentive Funds to the COUNTY upon completion of the Project.
 3. The DISTRICT may not charge its residents through property tax, utility fees, or any other method for that portion of the costs of the Project that is funded by COUNTY Incentive Funds.
 4. The DISTRICT shall establish a separate accounting mechanism, such as a Project number, activity number, cost center, or fund that will separate Incentive Fund revenues and expenditures from all other DISTRICT activities, including other solid waste, recycling, and yard waste activities.
 5. Incentive Fund Project activities, revenues, and expenditures are subject to audit by the COUNTY.
- c. All right, title and interest in all copyrightable material which the DISTRICT may conceive or originate either individually or jointly with others, and which arises out of the performance of this Agreement, shall be the property of the COUNTY and are by this Agreement assigned to the COUNTY along with ownership of any and all copyrights of the copyrightable material. The DISTRICT also agrees, upon request of the COUNTY, to execute all papers and perform all other acts necessary to assist the COUNTY to obtain and register copyrights on such materials. Where applicable, works for authorship created by the DISTRICT for the COUNTY in performance of this Agreement shall be considered "works made for hire" as defined in the U.S. Copyright Act.
 - d. The DISTRICT hereby warrants that, when legally required, the DISTRICT shall obtain the written consent of both the owner and licensor to reproduce, publish, and/or use any material supplied to the COUNTY hereunder including but not limited to software, hardware, documentation, and/or any other item. The DISTRICT further

warrants that any material or item delivered by the DISTRICT hereunder will not violate the United States Copyright Law or any property right of another and, in such event, agrees that the DISTRICT will defend, indemnify, and hold harmless the COUNTY, its officials, officers, agents, volunteers, and employees, at DISTRICT's own expense, against any alleged infringement of any copyright or property right.

3. PAYMENT FOR SERVICES

The COUNTY shall pay Incentive Funds to the DISTRICT in an amount not-to-exceed twenty-four thousand seven hundred dollars (\$24,700). The first Incentive Fund payment of eighteen thousand five hundred twenty-five dollars (\$18,525) shall be disbursed upon execution of the Agreement. The final Incentive Fund payment of six thousand one hundred seventy-five dollars (\$6,175) shall be disbursed upon approval of the final Project report.

4. INDEPENDENT CONTRACTOR

The DISTRICT shall select the means, method, and manner of performing the services herein. Nothing is intended or should be construed in any manner as creating or establishing the relationship of co-partners between the parties hereto or as constituting the DISTRICT as the agent, representative, or employee of the COUNTY for any purpose or in any manner whatsoever. The DISTRICT is to be and shall remain an independent contractor with respect to all services performed under this Agreement. The DISTRICT represents that it has or will secure at its own expense all personnel required in performing services under this Agreement. Any and all personnel of the DISTRICT or other persons while engaged in the performance of any work or services required by the DISTRICT under this Agreement shall have no contractual relationship with the COUNTY, and shall not be considered employees of the COUNTY. Any and all claims that may or might arise under the Minnesota Economic Security Law or the Workers' Compensation Act of the State of Minnesota on behalf of said personnel, arising out of employment or alleged employment, including, without limitation, claims of discrimination against the DISTRICT, its officers, agents, contractors, or employees shall in no way be the responsibility of the COUNTY. The DISTRICT shall defend, indemnify, and hold harmless the COUNTY, its officials, officers, agents, volunteers, and employees from any and all such claims irrespective of any determination of any pertinent tribunal, agency, board, commission, or court. Such personnel or other persons shall neither require nor be entitled to any compensation, rights, or benefits of any kind whatsoever from the COUNTY, including, without limitation, tenure rights, medical and hospital care, sick and vacation leave, Workers' Compensation, Re-employment Compensation, disability, severance pay, and retirement benefits.

5. INDEMNIFICATION AND INSURANCE

- a. The DISTRICT agrees to defend, indemnify, and hold harmless the COUNTY, its officials, officers, agents, volunteers and employees from any liability, claims, causes of action, judgments, damages, losses, costs, or expenses, including reasonable attorney's fees, resulting directly or indirectly from any act or omission of the DISTRICT, a subcontractor, anyone directly or indirectly

employed by them, and/or anyone for whose acts and/or omissions they may be liable in the performance of the services required by this Agreement, and against all loss by reason of the failure of the DISTRICT to perform fully, in any respect, all obligations under this Agreement.

6. DATA PRIVACY

DISTRICT, its officers, agents, owners, partners, employees, volunteers and subcontractors agree to abide by the provisions of the Minnesota Government Data Practices Act, Minnesota Statutes, Chapter 13, the Health Insurance Portability and Accountability Act and implementing regulations, if applicable, and all other applicable state and federal laws, rules, regulations and orders relating to data privacy or confidentiality. DISTRICT agrees to defend, indemnify and hold harmless the COUNTY, its officials, officers, agents, employees, and volunteers from any claims resulting from DISTRICT's officers', agents', partners', employees', volunteers', assignees' or subcontractors' unlawful disclosure and/or use of such protected data, or other noncompliance with the requirements of this section. The terms of this paragraph shall survive the cancellation or termination of this Agreement.

7. RECORDS – AVAILABILITY/ACCESS

Subject to the requirements of Minnesota Statutes Section 16C.05, Subd. 5 (as may be amended), the DISTRICT agrees that the County, the State Auditor, the Legislative Auditor or any of their duly authorized representatives, at any time during normal business hours, and as often as they may reasonably deem necessary, shall have access to and the right to examine, audit, excerpt, and transcribe any books, documents, papers, records, etc., which are pertinent to the accounting practices and procedures of the DISTRICT and involve transactions relating to this Agreement. Such materials shall be maintained and such access and rights shall be in force and effect during the period of the Agreement and for six (6) years after its termination or cancellation.

8. SUCCESSORS, SUBCONTRACTING AND ASSIGNMENTS

- a. The DISTRICT binds itself, its partners, successors, assigns and legal representatives to the COUNTY in respect to all covenants, agreements and obligations contained in the contract documents.
- b. The DISTRICT shall not assign, transfer or pledge this Agreement and/or the services to be performed hereunder, whether in whole or in part, nor assign any monies due or to become due to it hereunder without the prior written consent of the COUNTY. A consent to assign shall be accomplished by execution of a form prepared by the COUNTY and signed by the DISTRICT, the assignee and the COUNTY. Permission to assign, however, shall under no circumstances relieve the DISTRICT of its liabilities and obligations under the Agreement.
- c. The DISTRICT shall not subcontract this Agreement and/or the services to be performed, whether in whole or in part, without the prior written consent of the COUNTY. Permission to subcontract, however, shall under no circumstances relieve the DISTRICT of its liabilities and obligations under the Agreement. Further, the DISTRICT shall be fully responsible for the acts, omissions, and failure of its subcontractors in the performance of the herein specified contractual services, and of person(s) directly or indirectly employed by subcontractors. Contracts between the DISTRICT and each subcontractor shall require that the subcontractor's services be performed in accordance with the terms and conditions herein specified.

9. MERGER AND MODIFICATION

- a. It is understood and agreed that the entire Agreement between the parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof. All items referred to in this Agreement are incorporated or attached and are deemed to be part of this Agreement.
- b. Any alterations, variations, modifications, or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing as an amendment to this Agreement signed by the parties hereto.

10. DEFAULT AND CANCELLATION

- a. If the DISTRICT fails to perform any of the provisions of this Agreement or so fails to administer the work as to endanger the performance of the Agreement, this shall constitute a default. Unless the DISTRICT's default is excused by the COUNTY, the COUNTY may upon written notice immediately cancel this Agreement in its entirety. Additionally, failure to comply with the terms of this Agreement shall be just cause for the COUNTY for delaying payment until the DISTRICT's compliance. In the event of a decision to withhold payment, the COUNTY shall furnish prior written notice to the DISTRICT.
- b. Upon cancellation or termination of this Agreement, the DISTRICT shall itemize any and all Incentive Fund expenditures up to the date of cancellation or termination and return such Incentive Funds not yet expended.
- c. Notwithstanding any provision of this Agreement to the contrary, the DISTRICT shall not be relieved of liability to the COUNTY for damages sustained by the COUNTY by virtue of any breach of this Agreement by the DISTRICT. Upon notice to the DISTRICT of the claimed breach and the amount of the claimed damage, the COUNTY may withhold any payments to the DISTRICT for the purpose of set-off until such time as the exact amount of damages due the COUNTY from the DISTRICT is determined. Following notice from the COUNTY of the claimed breach and damage, the DISTRICT and the COUNTY shall attempt to resolve the dispute in good faith.
- d. The above remedies shall be in addition to any other right or remedy available to the COUNTY under this Agreement, law, statute, rule, and/or equity.
- e. The COUNTY's failure to insist upon strict performance of any provision or to exercise any right under this Agreement shall not be deemed a relinquishment or waiver of the same, unless consented to in writing. Such consent shall not constitute a general waiver or relinquishment throughout the entire term of the Agreement.
- f. This Agreement may be canceled with or without cause by either party upon thirty (30) days' written notice.

11. CONTRACT ADMINISTRATION

In order to coordinate the services of the DISTRICT with the activities of the Hennepin County Department of Environmental Services so as to accomplish the purposes of this Agreement, Dave McNary, Solid Waste Division Manager, or his or her successor, shall manage this Agreement on behalf of the COUNTY and serve as liaison between the COUNTY and the DISTRICT.

Joe Matson, Director of Building & Grounds, who can be contacted at 763-745-5150 or joe.matson@wayzata.k12.mn.us, shall manage the contract on behalf of the DISTRICT.

DISTRICT may replace such person but shall immediately give written notice to the COUNTY of the name, phone number and email address (if available) of such substitute person and of any other subsequent substitute person.

1. Project Description:

Provide a brief, one page or less, project description. The project description should address:

- project scope and design;
- expected outcomes;
- current relevant practices and what practices will be changed during the project;
- key individuals participating in project activities, including any project collaborators;
- overall project timeline; and
- why project is compelling and worthy of funding.

The Source Separated Organics program will be implemented at seven elementary schools and three middle schools in the Wayzata School District. We will be establishing two to four sorting centers in each cafeteria and hope to capture paper waste from restrooms.

The expected outcome of these efforts is a reduction in the amount of solid waste leaving the facility, and reduced costs for hauling, tip fees and taxes. We expect a heightened awareness of recycling, re-using and conservation of resources in participating schools. In the future, we expect SSO composting to be second nature for our students and staff.

Currently there is very little recycling in our cafeterias. Our kitchens do an excellent job of recycling cans, glass and clean cardboard. There is no organics recycling, it is being disposed of as refuse. With the SSO program, students and staff will be offered a choice and be able to recycle the food and paper waste they generate.

Key individuals involved in the project include the students, food service staff, custodial staff, teachers and other school support staff. These individuals will be key to properly sorting, storing and handling of the materials. We are hoping to partner with the City of Plymouth, Hennepin County, and the City of Minneapolis for hauling.

We hope to start the program at a few schools when the students return in early September, 2007. By December of 2007, we hope to have all seven elementary schools and all three middle schools participating in the program.

We feel this project is very worthwhile as it will not only reduce waste generated in our schools, but will heighten the awareness of the need to recycle and conserve our resources. We anticipate this program to help establish recycling and composting as the "norm" and the right thing to do. It is something we hope the student can carry over into their adult lives.

2. Innovation and Early Adoption:

Describe how your project is new, unique, a new twist on a current practice, or adoption of a new practice that is not yet widespread. *Although not a new idea, we feel the Wayzata Schools project will be accomplished in a professional manner, using attractive separation sites and professional marketing to encourage participation and cooperation.*

3. Proposed Project Tasks, Work Plan, and Timeline:

List/describe the **main tasks** that your organization will undertake and the **estimated timeline for each task** in the following areas: (1) project planning and design, (2) project implementation, (3) evaluation of project outcomes for environmental benefits and waste abatement, and (4) project reporting.

Research/Planning/Design: We have researched the quantities of refuse generated and estimated the amount of savings which may be realized. We have identified a system and locations of separation sites in the schools. We have a unique design for our separation centers. We will be working with a professional marketing consultant to help us promote and encourage participation. We will collaborate with school environmental groups to help "peer coach" fellow students and help promote the program.

Implementation: We will be implementing the program at two or three facilities early in the fall of 2007 and hope to have all ten schools participating by December of 2007. We will have materials and equipment purchased and a marketing / promotional campaign ready to go next fall also.

Evaluation: *We will closely monitor the quantities of organic compost material and the amount of refuse to track the efficacy of the program. This will be part of our on-going marketing and promotional efforts also. Our goal is to reduce the quantities of solid waste and thus to run fewer refuse hauling trucks into our facilities.*

Mid-Project and Final Reporting: *We plan to generate data on the quantity of organics recycled and refuse reduction, participation by the students, and an estimated cost savings due to the program.*

4. Project Budget:

Provide a detailed budget. Provide a detailed budget including expenses for staff, printing, copying, mailing, equipment, materials, etc. If the project cost is more than \$25,000, you must identify the nature and source of matching funds. (See Guidelines for more information on eligible and ineligible expenses).

<u>Tasks/Items</u>	<u>Costs</u>
Separation centers, barrels, dollies, liners, etc	\$10,700.00
Marketing and printing	\$4,000.00
Compost Hauling through City of Mpls.	\$10,000.00
Total \$	Total \$24,700.00

5. Environmental Benefits:

Describe the environmental benefits of this project. Provide as many quantitative measures as possible (examples: project will save 40 reams of paper a year, reduction in the use of 5 gallons of hazardous solvent, 25 tons of organic material will be composted).

Projects must meet at least one of the grant fund objectives:

1. Reusing & Recycling Source-Separated Organics
2. Recycling Innovation & Efficiency
3. Waste & Toxicity Reduction
4. Increased Waste Reduction & Recycling Education

Additional environmental benefits (energy conservation, water conservation, etc) should also be included; these benefits will be considered in the evaluation, if the project meets one of the aforementioned outcomes. *We are expecting to redirect 50% to 60% of our kitchen and cafeteria waste from the landfill to a compost site. Our goal is to reduce refuse from all sites by 50 tons. In addition, we hope to reduce the number of garbage pick-ups from five times per week to three at participating sites. The savings will be realized in trucking fees, disposal fees and taxes. We also anticipate a heightened awareness of other recycling and conservation efforts, thus improving the efficacy of those programs.*

6. Measuring and Evaluating Results

Describe how you will measure and evaluate the success of your project. Please provide a measurement strategy for each major project goal and outcome listed in Sections 1 and 3.

We will track quantities of organics and quantities of refuse. We will do a cost analysis of the program savings or cost avoidance versus additional costs incurred. In addition, we will attempt

to monitor participation to see how we might better market and encourage proper recycling methods.

7. Sharing the Project

Describe how you will share the results of your project externally to other relevant public entities, as well as internally.

Part of the marketing strategy will be through school specific newsletters, district wide newsletters and possibly through community newspapers. We would be willing to share our progress, our successes and our obstacles with other interested parties. To be successful long term, we must stress the importance of the SSO program and that we are making a difference.

8. Sustaining the Project

Describe how your organization will sustain the project after it is completed without additional funding from Hennepin County.

Additional costs after the start up should be minimal and should be sustainable through cost avoidance in refuse disposal and hauling.

The Special Services Department is pleased to recognize Kristina Lybeck as employee of the month for July 2007.

Kristina has been with Wayzata Public Schools for ten years and has been a social worker at Oakwood Elementary, Greenwood Elementary, and ECSE. Kristina is a champion for all students, particularly those who have mental health concerns. She sees the world from their perspective, which enables her to design support plans that build strengths and improve behavioral outcomes. She administers CPI programs ensuring staff are legally trained to de-escalate youth. She is a thoughtful leader with great knowledge and expertise. Kristina's willingness to share these skills throughout the district, and her participation in department committees and staff trainings is admirable. Her poise, professionalism, sensitivity, and collaborative skills are an incredible asset for Wayzata Public Schools.

2. Proposed Amendments to Board Policies and Regulations – First Reading

- a. **Board Policy and Regulations 625 and 625-R – “Credit for Learning and Credit by Assessment”**

The previous policy language was based in the Profiles of Learning. Because we now have Minnesota academic standards and many more choices for students, we updated the policy language.

Regulations were drafted to provide guidance for two areas: Credit for Learning and Credit by Assessment. Regulations established a procedure and particularly, a School Review Committee, to make determinations about the course assessments and equalization of credit.

RECOMMENDED ACTION: Accept for first reading the proposed amendments to Board Policy and Regulations 625 and 625-R – “Credit For Learning and Credit By Assessment” as presented.

1. Summer School Report

Jim Brandl, Community Education Services Director, Lori Fildes, Director of Special Services, Steve Mumma, administrator for summer school and TAP, and Shelly Nelson, Elementary Summer School Coordinator, will highlight the enclosed "2007 Summer Activities Annual Report."

RECOMMENDED ACTION: No Board action required.

2007 SUMMER ACTIVITIES ANNUAL REPORT

Strengthening Community Through Progressive Programs

**Independent School District 284
Submitted to the Wayzata Board of Education
September 10, 2007**

District 284 Summer School /Activities 2007

Jim Brandl, Kristin Tollison - CES Administration
Lori Fildes, Donna Marget - Special Education Administration
Steve Mumma - Secondary Summer School Site Coordinator
Shelly Nelson - Elementary Summer School Site Coordinator
Lynn Zemlin – Home Base and WISHES Coordinator

Summer learning activities consist of seven basic components: Special Education, Elementary Academic Reinforcement, Reading Intervention, Secondary Summer School, Home Base Child Care, WISHES, Music and Summer Enrichment.

Special Education

Special Education services provided at the early childhood, elementary and high school sites meet the mandated requirements for special education students who qualify for services under Extended School Year (ESY). Each student's Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) team determines what, if any services are needed during the summer months and to what extent those services should be provided.

Early Childhood Special Education (ECSE) services are determined individually and may be provided through the summer program or other team determined method. Students who participate in the elementary Academic Reinforcement Program are instructed by a team of at least one elementary teacher, one special education teacher, and one special education paraprofessional. Secondary special education students receive services at the High School and are taught by special education teachers and related services staff. Additionally, for all age levels, some ESY services are provided through homework packets provided by the licensed special education teacher or other individually determined method.

Students who require ESY services work on IEP related goals and objectives that may include but are not limited to the following: academic, communication, behavioral, social/emotional, self-help skills, organization and work completion, or jobs and job training. The following is a summary of the number of children/students served at each level:

ECSE	35
Elementary Special Education	37
Secondary Special Education	<u>50</u>
	122 total

Academic Reinforcement

This program offers elementary students the opportunity to maintain skills learned during the regular school year. The summer day includes both large group and small group instruction with an emphasis on a station approach. This approach allows for differentiation of curriculum and instruction to help focus on individual student needs as identified by each student's teacher from the 2006-07 school year. Summer activities focus on developing skills in the areas of reading, math, and written language. Additionally, students work to develop appropriate social skills. Students also have the opportunity to maintain and/or develop technology skills.

An enrichment component is included in the summer activities. This year's enrichment program, raptors, facilitated a theme approach to many reading, writing, math, science and art activities utilizing a trunk of artifacts and activities from the Science Museum of Minnesota. The culminating activity was a field trip to French Park where students participated in sessions led by naturalists. These sessions, including a live raptor presentation, were designed to broaden students' understanding of raptors' life cycle and habitat quality.

The Wayzata Music Education Boosters provided additional enrichment experiences for all students attending the elementary summer program. The music experience included a highly interactive assembly for students. Students in the fifth grade also were provided with music stations including a guitar and drum lesson. Ideally, the targeted summer school population will be better represented in music groups in future years due to sampling a variety of fun music activities during the summer.

A total of 400 students (an increase of 84 students) were served in the Elementary Summer Program, including the academic reinforcement and special education services for those who were eligible. Approximately 11 percent of the academic reinforcement students received services as English Language Learners (ELL). The average daily attendance was 86 percent.

Reading Intervention

An Elementary Reading Intervention Program for Summer School was again offered in the Wayzata School District during the summer of 2007. Approximately 50 percent of the first grade students enrolled in the Elementary Summer Program also received the services of the reading intervention program.

Rationale: Researchers have found that students in low socio-economic groups progressed at a pace similar to other students during the school year. However, over the summer these students lost significant ground, while other students continued to make a small gain. Based upon this research, Wayzata schools provided identified students with a reading intervention during Summer School.

Model: The intervention was modeled on the one-to-one tutoring program called Reading Recovery that is currently being implemented in three of our elementary schools. Nancy McCoy, trained Reading Recovery teacher, provided training in lesson design for participating teachers. Teachers worked one-to-one with students and were assigned 5 students each.

Results:

Data was gathered on 36 students. Students were tested at the beginning of the program and again at the end. Growth was measured using a Running Record test (Developmental Reading Assessment) to get a text level. Students exited increasing their text reading levels by 1 to 5+ levels. An expected amount of growth for 12-16 days of instruction would be from 1-2 levels.

1 Level	3 students
2 Levels	17students
3 Levels	3 students
4 Levels	12 student
5+ Levels	1 student

Secondary Summer School

Our summer school numbers were similar to the previous year with the exception of the eighth grade “Out and About” program that nearly doubled this past summer. “Out and About” is a 15-day program designed for rising eighth graders that need additional instruction in reading and math. Students study a particular topic for the week and ended the activity with a related field trip. After students study a particular subject, they constructed charts, graphs and other visual aids to tell their stories. Students were also engaged in reading novels selected by the summer school staff. The students recognized the importance of staying engaged in learning throughout the summer months and gave a positive response to the experience.

This year we added support staff in special education, chemical/mental health and supervision. The additions resulted in more students experiencing success and completing the summer program.

Our Robots and Beyond class was featured in the summer edition of The Communicator.

This summer we piloted a new Math series for our rising ninth graders and credit recovery. Math Navigator was developed by America’s Choice in Washington, DC and focuses on student misperceptions of mathematics. It uses a diagnostic approach to learning. Students were able to complete only a small portion of the curriculum in the time allotted, but the results were promising. As a result of the successes experienced, the FOCUS program will be implementing Math Navigator for 9th and 10th grade students beginning this fall.

Commendations to our students on their performance and to the summer school staff for their hard work and commitment. We were very successful with credit recovery. Special thanks go to the Transportation office, the clerical staff at the high school, the custodial staff that was trying to clean the building and the great group of teachers that made it all happen.

Home Base

Home Base is District 284's school-age care program designed to meet the need for before and after school care as well as care on release days and in the summer. The program provides children fun, healthy recreational and social experiences designed to both increase each child's self esteem and provide care while parents work.

Home Base operated care for children entering Kindergarten through entering sixth grade. The summer program enrolled 885 children. Summer care was available at Birchview, Gleason Lake, Greenwood, Plymouth Creek, and Sunset Hill. Children enjoyed a variety of field trips each week to compliment the on-site care.

WISHES Youth Enrichment

The WISHES Youth Enrichment summer program is an extension of the after-school enrichment program during the academic year. This year 570 students were enrolled in a variety of classes held at all elementary schools in the district. Classes took place in June and July including a variety of offerings such as art instruction, crafts, drama, golf, science, math and reading.

Summer 2007 Statistics

Classes Offered	28
Classes Held	24 (85%)
Students Enrolled	570
Average Students/Class	17*

*note that 106 of the participants took a correspondence math class not in a classroom setting

SUMMER YOUTH ACTIVITIES-ARTS & MUSIC

Summer Music Production

Nearly one hundred elementary and middle school students took part in Summer Band. Small group lessons, full band rehearsals and an enthusiastic staff combined for an outstanding one-week all day program. The program culminated with visits to music and recording studios in the metro area.

“Quiet on the Set-Let’s Make a Movie!”

A new program offered to middle school students interested in learning more about the technology and creativity in movie production.

Drama Camp

This year’s production of “The Pirates of Penzance.” Middle school students collect props, built scenery, learned lines, and designed costumes with the help of staff. The month-long rehearsals ended with performances in late July at Central Middle School.

All summer youth arts activities are self-supported through participant fees.

2. Resolution Approving Intermediate District No. 287 Health and Safety Budget and Levy

A law change within the last few years allows intermediate school districts to qualify for Health and Safety funding. The costs are then added to the levies of the member districts. Intermediate District No. 287 plans to exercise this option again for taxes payable in 2008.

Attached is a resolution approving the proposed Health and Safety budget for District 287 and authorizing inclusion of these costs in the member districts’ levy limits. In order to include these projects in the member districts’ levy limits, all member districts must approve a similar resolution. Thereafter, each district can decide whether to actually levy its share.

The resolution approves a budget for FY 2008 of \$65,579 and for FY 2009 of \$125,400. These costs are allocated among member districts in proportion to their student enrollment in District 287 programs. Wayzata’s share of these two budget amounts is \$4,795 for FY 2008 and \$9,169 for FY 2009, for a total of \$13,964.

RECOMMENDED ACTION: Approve the Resolution Approving Intermediate District No. 287 Health and Safety Program Budget and Authorizing the Inclusion of Those Projects in the District’s Application for Health and Safety Revenue.

3. Resolution Approving Intermediate District No. 287 Judgment Levy

State law allows school districts to levy for the costs of judgments imposed by the courts. In 2006, Intermediate School District No. 287 paid a legal judgment of \$23,160.70. Since District 287 does not have authority to levy taxes, the cost of this judgment can be recovered through the judgment levies of its member districts. The amount of this levy allocated to Wayzata Public schools is \$1,564.04, based upon the District’s proportion of students enrolled in District 287 programs.

4. Resolution Approving The Purchase Agreement for Ice Resurfacer

The newly purchased ice resurfacer machine will be financed over a five-year term via a lease-purchase agreement. The reason for doing lease-purchasing is that the acquisition becomes an operating expense, which can then be included in the cost of operating the ice arena for purposes of calculating the Ice Arena Operating Levy.

A request for proposals was sent to several companies seeking quotes for tax-exempt financing terms. Two proposals were submitted, with Wells Fargo submitting the low quote. Therefore, the Administration will prepare documents to enter into a five-year lease-purchase agreement with Wells Fargo. This is a lease-purchase program developed by the Minnesota School Boards Association. The financing terms are based upon an interest rate to the borrower of 4.58%.

The attached resolution authorizes the Board Chair to have the documents developed and to sign them. Because this is a tax-exempt lease, the documents must be reviewed by bond counsel. The draft documents are currently on file with the superintendent’s office.

RECOMMENDED ACTION: Approve the attached Resolution Authorizing Execution of a Governmental Lease-Purchase Master Agreement for Purchase of an Ice Resurfacer.
