BOARD OF EDUCATION

Regular Special Meeting – October 23, 2023

AGENDA SECTION: Administrative Reports and Recommendations

ITEM: School Start and End Times Recommendations for 2024-25

COMMENTS BY: Chace B. Anderson, Superintendent

Recommended changes to school start and end times for the 2024-2025 school year were presented and discussed at the October 9, 2023 Regular School Board meeting. As discussed at the October 9 school board meeting, this school start and end time recommendation accomplishes the following:

- Allows for closer alignment of instructional minutes at the elementary and secondary levels that will impact the number of planning days needed at the elementary level in the future.
- Increases instructional time for middle school and high school students.
- Allows for more flexible scheduling for the three middle schools and the high school to accommodate any potential modifications to scheduling models/patterns.
- Ensures a larger amount of accumulated time for the middle schools and high school during the school year to minimize the possible impact of inclement weather days (snow days) and needing to add school days back to the calendar if school needs to be cancelled often during the winter months.

These start and end times have been reviewed by our transportation team professionals and we have been assured that this plan can be implemented in a cost-neutral manner. Elementary start and end times are not impacted by this recommendation and will not change.
