**Community Facility Usage – Rental Rates for Fiscal Year 2024-2025**

The WPS School Board, through policies 919 and 920, welcomes and strongly encourages the use of school buildings and activity areas by the community when not used for regularly scheduled early education, elementary and secondary programs. Community Ed works to maximize the use of school facilities by area residents and non-residents. These rental partnerships build strong community-district relationships and foster active use of district facilities for the enjoyment of our community.

Fees are charged to users to cover costs associated with rental of the facilities including onsite supervisory and custodial services. The fees are determined by reviewing program costs and comparisons with surrounding school district fees. Attached is a summary of the current fee structure along with the recommended rental rate increases. The new rates would be effective beginning July 1, 2024.

The recommended action for the school board is to approve the attached rental rates.

**Recommended Action:** Approve and authorize the District administration to enforce the rental rates described in the enclosed attachment.
