Regular Meeting of the Board of Education

IV. RECOGNITIONS

A. RECOGNITION: INSPIRING VIDEO - JENNAH PERATSAKIS.

Presenter: Chris Delgado, Superintendent; Marlee Belanger,
Teacher-Forest Elementary

B. RECOGNITION: NFHS STUDENT SENATE.

Yash Mehta, Nikhil Sheth, Nikhil Desai, Alyssa Peek, Jayna Shah,
Meagan McKinney, Katie Rose, and Nidhi Mistry

Presenter: Chris Delgado, Superintendent; Wendy Marshick,
Teacher-NFHS; Kimberly Sharplin, Teacher-Remote Virtual Program

Inspiring Video - Jennah Peratsakis

Jannah Peratsakis is a 5th-grade student at Forest Elementary School who worked to raise funds over the summer to help the needy children in Gaza.

The CEO from the nonprofit Rahma Worldwide visited Forest Elementary in February to surprise and celebrate Jennah for raising money by selling her toys and putting on a talent show. The kids from Gaza gifted Jennah with their artwork and drawings.

Here is an inspiring thank you video from the children titled, Jennah's Gift to Gaza:
<https://rahmaww.org/meet-jannah>

NFHS Student Senate Recognition

We'd like to recognize the North Farmington High School Student Senate Leaders, Yash Mehta, Nikhil Sheth, Nikhil Desai, Alyssa Peek, Jayna Shah, Meagan McKinney, Katie Rose, and Nidhi Mistry. The students planned and executed the state-wide MASC/MAHS Student State Leadership Conference on February 26-28. Each year one school is designated the "host" and is responsible for planning and executing the entire conference, and that was North's role this year.

Congratulations on your outstanding work to make the conference a tremendous success!

March 22, 2022

Regular Meeting of the Board of Education

VII. DISTRICT UPDATES

A. SUPERINTENDENT'S DISTRICT UPDATE.

Presenter: Chris Delgado, Superintendent

B. PTA COUNCIL UPDATE.

Presenter: Beth Hulett, PTA Council President

C. FAAPN UPDATE.

Presenter: Thomas Hull, Board President

D. INNOVATION UPDATE.

Presenters: Kurtis Lovio, Director, K12 Virtual and Remote Programming; Chris Michuta, 4th-Grade Teacher and Jennifer Nottenkamper, 2nd Grade Teacher, Remote/Virtual Programming

E. SOCIAL EMOTIONAL LEARNING (SEL) UPDATE.

Presenters: Valada Sargent, Restorative Justice Unified Support Interventionist-FHS; Onisia Martin, Social Worker-Lanigan Elementary

Researching a Habitat

Why do living things live in certain places?

Cave/Underground:
Manvik, Jashith,
Jocelyn, Abdiel, Vihaan

+

Climate: What is the weather like there?

Vihaan

if you want to go and explore caves you have to ask adults because they can be dangerous

Manvik

when someone breaks anything it will take thousands or millions and billions of years

Jashith

Mountain: Kate, Jovitha, Likhitha, Amina

+

Climate: What is the weather like there?

Jovitha

The peak has a lot of ice and snow all year round.

Jovitha

we can breathe oxygen because there are plants, on top of the mountains there are only a little bit of plants but animals that live on the mountains have big lungs so they can breathe.

Rainforest: Rylie, Nova, Saanvi, Bella

+

Climate: What is the weather like there?

Nova

It is very warm in the Rainforest because it is near the equator and it is very damp in the Rainforest because it rains a lot!

bella

leaves block up the sunlight of the rain forest

Rylie

a forest and rain and the rain is going forward to the forest so now it is called a rainforest.

Desert: Sanvith, Landon, Deetya, Suhaan

+

Climate: What is the weather like there?

DEETYA

DESERTS ARE HOT AND DRY YOU WOULD NOT FIND ANY WATER

SUHAAN

Some deserts are rocky and icy.

landon

a desert is hot and a habitat

sanvith

Some deserts are cold like Antarctica some deserts are hot like

Then they each add their notes from reading group to the padlet.

Using Epic for more reading, researching and adding to their padlet notes.

Showing our mathematical thinking

The screenshot shows a Zoom meeting window titled "Algebra | POD". The main display area features a colorful, abstract background with the text "Mithra Mohanraj | Algebra | POD" centered on it. On the left side, there is a vertical toolbar with icons for drawing, erasing, and other interactive tools. On the right side, there is a circular video feed of a woman with dark hair, identified as Mithra Mohanraj. The top of the window includes navigation controls like back, forward, and search, along with options for "Set background" and "Clear frame".

Can you create a robot that costs exactly \$246?

@GiftedTawk

Jammin' out with Jamboard!

Code Talkers 3

Set background Clear frame

BRAIN DUMP GROUP 3

The Navaho's code had Navaho words that represented stuff in world war 2, for example bird may of represented a fighter jet.

They did this by first representing a letter for something in english, and then in Navaho for example O represented owl which they of represented something

The Navaho Code talkers used the Navaho and English languages to creat a code. It was pretty much impossible to break this code because not many people spoke the Navaho language. For instance for the letter C the English word is CAT and the Navaho word is the word for CAT, I forgot the Navaho word.

Then converted in Navaho which made a unbreakable code.

I think that The Navajo People who served in the Marines should be proud of their Heritage because, they were a big part of WW2 (world War 2).

The people wanted a alphabet so they wanted a person who spokeed Navaho and English to make a alphabet for Navaho.

Please just put your initials on yours. Its easier for me. Mrs. MichataCode Color: Yellow, Ribhika ---OrangeRibhika---Green for Ribhika--- Pink for Anvika, Blue for Brandon

How to catch a Leprechaun

Example! Don't forget to add parts of the folklore about Leprechauns in your trap.

1. Leprechaun is lured by the music of the fiddle. She begins to dance a Celtic

2. Leprechaun is thirsty from all the dancing and sips the dandelion

3. Leprechaun is full and tired, so lays down in the tiny green bed.

4. Leprechaun wakes up and is lured over to collect the acorns to eat later.

5. Leprechaun sees a new pair of shoes by the acorns. Her shoes are worn out from dancing. She puts them on.

6. Leprechaun is trapped in a puddle of green slime that the shoes are in and is caught in the trap!

@GiftedTawk

Padlet- Reading Response

Ariv

I think that it let Rob's emotions rise up to his heart when he was yelling in rage for the tiger to get out because it sort of cracked his suitcase of not thoughts. When his dad killed the tiger, he let his suitcase crack open fully. He wanted his dad to open his suitcase too so he let all of the not thought like his mother run out of his mouth.

These are my impressions on the book "Lost and Found Cat" I had after I read the book:

Text to Self:

After I read this book, I thought it made me feel emotional. I answered some guiding questions in order to make sure I understood how Kunkush was feeling, I thought "If I was in the shoes of Kunkush, how would I feel?". I would've felt lonely, sad, and fearful. After that, I answered another guiding question to make sure I understood how Kunkush's family would've felt, I thought "If I was in the shoes of Kunkush's family, and lost someone special to me, how would I feel?" I would've felt worried, anxious, and pitiful.

Why do I feel this?

I would've felt worried, because if I lost someone, for example my sister, I would've felt very scared or worried for her.

I would've felt anxious, because I would be in a rush to get my sister back, so she would be safe.

Mithra Mohanraj | Response to Reading | The Other Side

What is the author's purpose?

I believe the author's purpose for writing "The Other Side" is because she wanted to show people that even if people are segregated, separated, or discriminated [they are synonyms], you can still be friends with them or united with them. Even though Clover was a Black American, Annie was able to hold a friendship with Clover without comparing their skin color. Maybe Jacqueline Woodson's purpose in writing this book was to tell people that they can be friends of different types of people such as: people with different religions, deities, cultures, gender, age, skin color etc.

CHRISTINE MICHUTA 4mo

★★★★★ (3) Rate

Ethan 4mo

Rob's happiness evaporated could also be said Rob's happiness floated away.

A 4mo

Sistine ran fast to call her mom and Rob's happiness had went down like he did not like how it is going now.

CHRISTINE MICHUTA 4mo

What is another way to say "happiness had evaporated?" Are there other phrases? I was thinking his happiness had melted away.

D 4mo

Rob's happiness evaporated could be rephrased as Rob's happiness had slipped of his pocket.

R 4mo

I think Kate DiCamillo is trying to say that it means that he had a fun time and was happy and exhausted.

I agree that Rob is having the best of times and the worst of times because Rob is about to take the tiger and let him go that's the best of time but if the old guy new that the tiger is lost he is going to be made and that is the worst of time.

★★★★★ (4) Rate

M 4mo

I agree that Rob is having the best and one of the worst because rob knows that bochamp is going to torchur the tiger worst time. Best time mabey that him and sistine are kinda getting along.

A 4mo

Thx Mikayla and I agree with you too.

Et 4mo

Well Rob isn't gonna let him go but he is not gonna keep him in the cage. He is just thinking of what he should do with it.

A 4mo

Well the tiger gotta be safe if the old guy see him with the tiger the tiger is in danger.

FARMINGTON PUBLIC SCHOOLS

MEMORANDUM

To: Chris Delgado, Superintendent

From: Angie Davis, Nutrition Services Supervisor

Date: March 11, 2022

Re: Kitchen Cooking Steamers

The Nutrition Services Department is requesting to purchase three Kitchen Cooking Steamers for East Middle School, Farmington Steam Academy and Power Middle School. These steamers will improve the food quality while decreasing cooking time. Currently we have the same cooking steamers at the other three secondary schools.

Pricing was requested through an existing WayneRESA bid. Three approved vendors provided pricing for the Kitchen Cooking Steamers. The bid price ranged from a total of \$46,458.00 - \$63,881.40 for the three steamers. The Nutrition Services Department recommends awarding the Kitchen Cooking Steamers to the lowest price company, Stafford Smith, Inc for a total of \$46,458.00. East Middle School and Power Middle School will receive double units at a cost of \$19,030 per unit. Farmington Steam Academy will receive a single unit at a cost of \$7,598 due to size limitations in the kitchen. Delivery for all three units is \$800. Stafford Smith has provided excellent pricing and service to Farmington Public Schools in previous years. The bid price is good through April 2, 2022.

If approved by the Board, the purchase of this serving line will be paid for out of the Nutrition Services Fund.

TERMS: Upon receipt of application for business account, signed quote/purchase order and review by the credit department, the down payment and terms will be established and shared with the customer and account executive. Stafford-Smith reserves the right to progress bill for equipment as needed. This includes items shipped by the manufacturer to Stafford-Smith for storage and is not conditional upon being installed, mechanically connected or operational. You are welcome to inspect all stored materials.

Stafford-Smith, Inc. shall retain security interest in all equipment, parts, small wares, accessories, attachments, additions, and any replacements of the above that have been installed, affixed to or used in connection with the items specified in this proposal until all amounts have been paid.

Should the Buyer sell or otherwise dispose of such collateral in violation of the terms of this agreement, Stafford-Smith, Inc. retains an interest in the proceeds from such transactions. Buyer authorizes Stafford-Smith, Inc. to file a financing statement describing the collateral and a copy of this agreement and/or the credit application may be filed as a security agreement for granting a secured interest in Buyer's inventory and sales proceeds thereof.

Past due amounts constitute a default and are subject to service charges of 1 ½% per month, collection costs, and attorney fees. Warranties are conditioned on your paying the full purchase price for the equipment.

In addition to non-payment, an act of default by the buyer will have occurred if the buyer fails to

accept the order of goods or fails to perform any other covenants under this agreement. In the event of default, Stafford-Smith, Inc. may enter any business property and without breach of the peace take possession of any or all collateral and exercise our rights in the event of default of a secured party as specified under the Uniform Commercial Code. Should any disputes arise, Buyer also acknowledges and submits to jurisdiction in the State of Michigan and County of Kalamazoo.

Except as otherwise provided herein, this proposal does not include any applicable State or Federal taxes, any charge for electrical wiring or plumbing and is subject to acceptance by buyer and seller within thirty (30) days from the date of this quote and only in accordance with the terms stated.

When ordering drop-ship equipment, please be aware to inspect your order immediately upon receipt. You may request the driver wait, for a reasonable amount of time, while you inspect and they must comply to your request. If the driver refuses to wait, please mark the receipt "driver not willing to wait" and contact Stafford-Smith within (48) hours in order for a claim to be filed. If there is damage, you may refuse or you can accept and note the damage. Please take photos, if possible, to assist in filing the claim. You must keep all original cartons, even if you accept the damage, so Stafford-Smith can pursue a freight claim on your behalf. Please send the bill of lading and any additional documentation to your Stafford-Smith representative.

If you don't have time to inspect when delivered, you have up to (48) hours to inspect and notify us immediately if there is an issue so we can address the best way to handle the claim. If not notified within (48) hours, your claim may not be valid.

Effective 2-1-22 we will be implementing a 3.5% surcharge on credit card transactions. As an alternative we also accept ACH, ECheck and wire transactions and you can pay directly from our website.

I agree to the terms hereof and offer to purchase described goods and services as proposed hereby.

Product Warranty

U.S. Sales Only

K - 12 EVOLUTION STEAMER LIMITED WARRANTY

Two Year Parts and Labor

AccuTemp Products, Inc. ("AccuTemp") warrants that your AccuTemp equipment will be free of defects in material and workmanship under normal use for a period of twenty-four (24) months from installation. Registration of AccuTemp equipment is required at time of installation.

Damage to AccuTemp equipment that occurs during shipment must be reported to the carrier, and is not covered under this warranty. The reporting of any damage during shipment is the sole responsibility of the commercial purchaser/user of such AccuTemp equipment.

AccuTemp provides an active service department, which should be contacted and advised of service issues regardless of warranty period.

During the warranty period, AccuTemp agrees to repair or replace, at its option, F.O.B. factory, any part which proves to be defective due to defects in material or workmanship, provided the equipment has not been altered in any way and has been properly installed, maintained, and operated in accordance with the instructions in the AccuTemp Owners Manual.

During the warranty period, AccuTemp also agrees to pay for any factory authorized equipment service agency (within the continental United States) for reasonable labor required to repair or replace, at our option, F.O.B. factory, any part which proves to be defective due to defects in materials or workmanship, provided the service agency has received advance approval from AccuTemp factory service to perform the repair or replacement. This warranty includes travel time not to exceed two hours and mileage not to exceed 50 miles (100 miles round trip), but does not include post start-up assistance or training, tightening of loose fittings or external electrical connections, minor adjustments, maintenance, door gaskets, or cleaning. AccuTemp will not reimburse the expense of labor required to replace parts after the expiration of the warranty period.

Proper installation is the responsibility of the dealer, owner-user, or installing contractor and is not covered by this warranty. While AccuTemp products are built to comply with applicable standards for manufacturers, including Underwriters Laboratories (UL) and National Sanitation Foundation (NSF), it is the responsibility of the owner and the installer to comply with any applicable local codes that may exist.

AccuTemp makes no other warranties or guarantees, whether expressed or implied, including any warranties of performance, merchantability, or fitness for any particular purpose. AccuTemp's liability on any claim of any kind, including negligence, with respect to the goods and services covered hereunder, shall in no case exceed the price of the goods and services, or parts thereof, which gives rise to the claim. In no event shall AccuTemp be liable for special, incidental, or consequential damages, or damages in the nature of penalties.

This constitutes the entire warranty, which supersedes and excludes all other warranties, whether written, oral, or implied.

IMPORTANT

Improper installation can affect your warranty. Installation is the responsibility of the Dealer, Owner/User or the Installation Contractor. See: Section One - Installation, in the Owner's Manual.

Remit Address:

Sam Tell and Son, Inc. PO Box 1180 Farmingdale, NY 11735

All quotes are subject to all applicable Sales and Use Taxes in effect at the time of delivery based upon destination.

Terms and Conditions

Contracts

To the extent that the parties enter a separate written contract, the terms and conditions below will apply to the extent permitted by the respective provisions of the contract. Where the underlying contract is silent as to the provisions below, the provision below will apply in their entirety.

Quoted Prices

Quoted prices are valid for 30 days from the date of the quote, subject to the paragraph directly below. Sam Tell reserves the right to adjust pricing as necessary after the 30-day period.

During periods of unpredictable market and economic based supply chain disruption beyond Sam Tell's control, unexpected and immediately effective price increases (inclusive of raw materials surcharges) can apply to quoted materials from Sam Tell's vendors for this project. In these instances, Sam Tell reserves the right to adjust affected pricing herein by a rate not exceeding the documented increase rate from the vendor. Notifications from Sam Tell's vendor will be forwarded along with a quote with updated prices.

Payment Terms

A deposit of 50% of the order total is required upon signing of the quotation/contract. Equipment and opening orders will not be placed prior to receipt of said deposit and receipt of signed quotation/contract. The balance shall become due prior to delivery of equipment or merchandise to the project or designated delivery location. Payment must be received prior to the scheduling of delivery and installation. Please allow a minimum of 7 days for scheduling. Payment delays will result in delivery delays.

All accounts are considered prepaid unless prior arrangements have been made with our Credit Department.

Title

Title to goods shall not pass until payment of all amounts stated are received, credited, and cleared in full. The buyer agrees to permit Sam Tell & Son, Inc. (Sam Tell) to file a UCC-1 claim with the appropriate City and State agencies without signature. The buyer's signature to this agreement shall constitute authorized signature to a UCC-1 filing.

Custom Fabrication Lead Time

All custom fabricated equipment will have a standard production lead time, subsequent to final approval of shop drawings and this lead-time can range from 8 to 24 weeks.

Specification and Workmanship

All material is guaranteed to be as specified. All work is to be completed in a professional manner according to standard industry practices. Any deviations or changes in the above specifications and cost will be executed upon written change orders.

Buyer's Obligations

The Buyer's obligations include efficient project coordination, including scheduling a full and productive day's work for Sam Tell installation and delivery staff. If Sam Tell staff and resources remain idle as a result of lack of Buyer's coordination, partial deliveries requested by the buyer or resulting from buyer's non-compliance, partially requested workdays by the buyer, relocating and reinstalling equipment because the site is not ready, the installation shall be subject to extra charges.

Project Delays/Delivery Cancellations

In the event that the buyer delays delivery for more than 15 business days beyond the agreed upon delivery date, payment of the total outstanding balance associated with such delivery will become immediately due and payable. Sam Tell reserves the right to impose storage fees and the buyer assumes the obligation for such fees caused by such delays.

In the event of a delivery cancellation, if the equipment order has already been loaded onto a truck and set for delivery, there will be a cancellation fee of up to \$2,400 to cover costs associated with labor and equipment utilization.

Our Service/Set in Place

Set-In-Place includes: the uncrating and/or placement of new food service equipment including, custom fabricated stainless-steel equipment and other equipment as noted within this quotation/contract, locating, and leveling the equipment as per plan, ready for utility connections (final connections by others). All packaging materials will be removed from the equipment and from the site.

Basic set-in-place services exclude (but not limited to) all of the following, unless specified otherwise in this proposal: s/s wall sheets, ceiling hung mechanical assemblies such as fans and air scrubbers, ceiling hung refrigeration racks, millwork, stone, solid surface materials (Corian etc.), owner furnished equipment, alterations, relocation or removal of existing equipment, mechanical hook ups, remote refrigeration, fire suppression systems, beer & soda systems, remote beer or other beverage conduit runs, startups and demonstrations, purchase of trim metal, custom or unusual hardware, laborers, cleaning, composite unloading, seismic restraints, core drilling, overtime, elevator, hoist, rigging and crane fees, permits and filing, coordination and job meetings, fees and time for safety orientation, drug testing and fire watch, security inspections and inventory procedures.

Warranty Coordination

Sam Tell will assist with the placement of any service calls during the equipment warranty period. Buyer may be required to submit credit card information to respective service agency for certain warranty calls; Sam Tell is not responsible for providing a credit card.

Service bills that are generated as a result of non-warranty service calls, either as a result of owner misuse and/or abuse or owner provided utility work, will not be covered by Sam Tell and will be billable to the client.

Upon expiration of the warranty period of the equipment, the client will arrange all equipment repairs directly with their preferred service company.

Insurance

Our practice is to provide insurance certificates which include our standard coverages and limits. Additional requests beyond such industry standard limits and policies will be subject to additional charges.

Late Fees, NSF Checks and Legal/Collection Costs

Sam Tell reserves the right to assess late charges of 1.5% per month on past due balance. In the event your account is placed for collection for nonpayment, the customer further agrees to pay all obligations, including but not limited to collection agency fees, attorney fees and court costs incurred by Sam Tell or its agents. Buyer will also be responsible for all NSF check fees imposed by our lending institution.

Governing Law

This agreement shall be governed in all respects by the laws of the State of New York. The Parties hereby consent to the jurisdiction of any New York State Court, or any Federal Court located in the State of New York in connection with any lawsuit commenced to enforce the terms of this agreement.

Returns

Items that Sam Tell maintains active inventory of are not subject to restock fees. Equipment restocking charges are at the discretion of the manufacturer and will include crating (where applicable), inbound, and outbound freight. Non-equipment items that Sam Tell doesn't inventory are subject to a restocking fee of 25%, plus the cost of inbound and outbound freight. Custom items are not returnable. Should you wish to return an item, please call our customer service department. You will need to provide the following information:

- Invoice #/ Description of the item/ Reason for the return
- We will issue you a return authorization number

Damage and Short Shipments

Customers are expected to inspect all product at time of delivery and notate short shipments and/or damage on the respective bill of lading. Damaged product should be returned with our driver on the same day of delivery.

Model #	N61201E DBL	P61201E DBL
Gas Supply	Natural Gas	Propane
Recommended Gas Feed Rate	5" wc min 14" wc max	12" wc min 14" wc max
Gas operating Pressure	5.0" wc	10.0" wc
Maximum input BTU's/hr	60,000	60,000
Electrical Powered	120v, Single Phase, 60hz, 1 AMP	
NEMA Plug	5-15 three prong plug	

Notes:

1. Allow 3" between fryer, ranges, and other hot surfaces.
2. Each unit equipped with 5' power cord with NEMA 5-15 three prong plug, 120v, single phase, 60hz, 1 AMP.
3. For use on individual branch circuits only.
4. Each unit equipped with 1/2" NPT Threaded Natural Gas or Propane Connection.
5. Dimensions outside brackets are inches, in brackets are millimeters.
6. Each unit equipped with 3/4" male garden hose connector
7. Each unit equipped with 3/4" barbed drain line connector
8. DO NOT plumb a single drain line between the 2 units. Each unit must have a separate open gap type drain line.
9. This appliance not intended for household use.
10. Units equipped with internal Gas Regulator.

EVOLUTION™
BOILER-FREE STEAMER

E6 DBL CONNECTED EVOLUTION™

2 Double Stacked, Stand-Mounted 6 Pan, Electric Boilerless Convection Steamers

Project: _____ Location: _____ Item #: _____ Quantity: _____

Standard Features

- Fast cook times with patent-pending Steam Vector Technology, which utilizes no moving parts
- Cook mode and Variable Hold Temperature mode
- Easy-to-use digital controls, with digital temperature display
- Independent digital electronic timer with programmable preset
- Simple water and drain connections
- No water filtration or treatment required
- No warranty exclusions for water quality
- Uses less than 1.5 gallons of water per hour
- Front-mounted drain valve
- No scheduled de-liming or maintenance
- Door can be opened at any time during cooking cycle
- Cast aluminum heating element is not exposed to water
- Multiple kW heat inputs available for all cooking needs
- Steamer cavity constructed of reinforced 14 ga. 304 stainless steel
- Easy-to-clean control panel
- Automatic altitude compensation
- Dishwasher-safe one-piece wire pan racks
- Dishwasher-safe SVT steam collector and distributor panels
- Dishwasher-safe front-mounted condensate tray
- English and Spanish operating instructions on door
- Simplified service access panel
- Low water, high water and overtemp indicator lights
- (2) 5' power cords and plugs included, separate receptacle needed for each unit
- One year parts and labor warranty
- Lifetime Service & Support Guarantee
- UL LISTED Safety Certification (UL 197)
- UL EPH Sanitation Certification (NSF 4)

Optional Features

- Bullet Feet
- Stainless steel, ergo-low support stand available with casters, bullet feet or flanged feet

Safety, Sanitation & Environmental

- EPA 202 Evaluated / NFPA 96 4.1.1.2 Compliant

Pan Capacities

Pan Size	Qty.
#200 full size (12x20x2.5")	12
#400 full size (12x20x4")	8

Short Spec

Evolution steamer is AccuTemp Products' connected, boilerless steam cooker that utilizes AccuTemp's Patent Pending Steam Vector Technology for faster cook times, improved energy efficiency, better pan to pan uniformity, and less water consumption. Steam Vector Technology requires no moving parts inside the cooking chamber. Steam to be produced inside the cooking cavity with no heating element exposed to water. Easily connects to water and drain line. Uses less than 1.5 gallons of water per hour. Unit to include low water, high water, overtemp warning lights and auto shut off feature. Evolution to include heavy duty, field reversible door. Standard digital controls with independent timer. No water quality exclusions to warranty and no water filtration or treatment required. Unit to be UL Safety and Sanitation Certified, and Energy Star qualified. Built in USA. Steamers to be mounted on a stainless steel stand.

FARMINGTON PUBLIC SCHOOLS

MEMORANDUM

To: Chris Delgado, Superintendent

From: Angie Davis, Nutrition Services Supervisor

Date: March 11, 2022

Re: Convection Ovens

The Nutrition Services Department is requesting to purchase three Double Convection Ovens for Hillside Elementary, Power Middle School and North Farmington High School. We are beginning to experience issues with the ovens at all three schools. The repair costs to fix these ovens are high and currently one of the ovens at North Farmington High School is inoperable.

Pricing was requested through an existing WayneRESA bid. Three approved vendors provided pricing for the convection ovens. The bid price ranged from a total of \$32,760 - \$57,906.90 for the three sets of convection ovens. The Nutrition Services Department recommends awarding the convection ovens to the company with the lowest price, Stafford Smith, Inc for a total of \$32,760. Power Middle School and North Farmington High School will receive double units at a cost of \$10,255 per unit. Hillside Elementary will receive a larger convection at \$11,299 due to the pan racks we use to cook their food. Delivery for all three units is \$960. Stafford Smith has provided excellent pricing and service to Farmington Public Schools in previous years. The bid price is good through March 25, 2022. The lead time on these ovens is approximately 6 months. It is very important we get our order in as soon as possible before our current ovens fail.

If approved by the Board, the purchase of this serving line will be paid for out of the Nutrition Services Fund.

03/15/2022

Project: Farmington Public Schools - OVENS

Due to the global supply chain issues and subsequent freight issues, Stafford Smith is not responsible for any unforeseen surcharges, price increases and other increases in cost after the order is placed. These costs will be passed along to the customer. Proof of these increases can be surrendered upon request.

TERMS: Upon receipt of application for business account, signed quote/purchase order and review by the credit department, the down payment and terms will be established and shared with the customer and account executive. Stafford-Smith reserves the right to progress bill for equipment as needed. This includes items shipped by the manufacturer to Stafford-Smith for storage and is not conditional upon being installed, mechanically connected or operational. You are welcome to inspect all stored materials.

Stafford-Smith, Inc. shall retain security interest in all equipment, parts, small wares, accessories, attachments, additions, and any replacements of the above that have been installed, affixed to or used in connection with the items specified in this proposal until all amounts have been paid.

Should the Buyer sell or otherwise dispose of such collateral in violation of the terms of this agreement, Stafford-Smith, Inc. retains an interest in the proceeds from such transactions. Buyer authorizes Stafford-Smith, Inc. to file a financing statement describing the collateral and a copy of this agreement and/or the credit application may be filed as a security agreement for granting a

secured interest in Buyer's inventory and sales proceeds thereof.

Past due amounts constitute a default and are subject to service charges of 1 1/2% per month, collection costs, and attorney fees. Warranties are conditioned on your paying the full purchase price for the equipment.

In addition to non-payment, an act of default by the buyer will have occurred if the buyer fails to accept the order of goods or fails to perform any other covenants under this agreement. In the event of default, Stafford-Smith, Inc. may enter any business property and without breach of the peace take possession of any or all collateral and exercise our rights in the event of default of a secured party as specified under the Uniform Commercial Code. Should any disputes arise, Buyer also acknowledges and submits to jurisdiction in the State of Michigan and County of Kalamazoo.

Except as otherwise provided herein, this proposal does not include any applicable State or Federal taxes, any charge for electrical wiring or plumbing and is subject to acceptance by buyer and seller within thirty (30) days from the date of this quote and only in accordance with the terms stated.

When ordering drop-ship equipment, please be aware to inspect your order immediately upon receipt. You may request the driver wait, for a reasonable amount of time, while you inspect and they must comply to your request. If the driver refuses to wait, please mark the receipt "driver not willing to wait" and contact Stafford-Smith within (48) hours in order for a claim to be filed. If there is damage, you may refuse or you can accept and note the damage. Please take photos, if possible, to assist in filing the claim. You must keep all original cartons, even if you accept the damage, so Stafford-Smith can pursue a freight claim on your behalf. Please send the bill of lading and any additional documentation to your Stafford-Smith representative.

If you don't have time to inspect when delivered, you have up to (48) hours to inspect and notify us immediately if there is an issue so we can address the best way to handle the claim. If not notified within (48) hours, your claim may not be valid.

Effective 2-1-22 we will be implementing a 3.5% surcharge on credit card transactions. As an alternative we also accept ACH, ECheck and wire transactions and you can pay directly from our website.

I agree to the terms hereof and offer to purchase described goods and services as proposed hereby.

Remit Address:

Sam Tell and Son, Inc. PO Box 1180 Farmingdale, NY 11735

All quotes are subject to all applicable Sales and Use Taxes in effect at the time of delivery based upon destination.

Terms and Conditions

Contracts

To the extent that the parties enter a separate written contract, the terms and conditions below will apply to the extent permitted by the respective provisions of the contract. Where the underlying contract is silent as to the provisions below, the provision below will apply in their entirety.

Quoted Prices

Quoted prices are valid for 30 days from the date of the quote, subject to the paragraph directly below. Sam Tell reserves the right to adjust pricing as necessary after the 30-day period.

During periods of unpredictable market and economic based supply chain disruption beyond Sam Tell's control, unexpected and immediately effective price increases (inclusive of raw materials surcharges) can apply to quoted materials from Sam Tell's vendors for this project. In these instances, Sam Tell reserves the right to adjust affected pricing herein by a rate not exceeding the documented increase rate from the vendor. Notifications from Sam Tell's vendor will be forwarded along with a quote with updated prices.

Payment Terms

A deposit of 50% of the order total is required upon signing of the quotation/contract. Equipment and opening orders will not be placed prior to receipt of said deposit and receipt of signed quotation/contract. The balance shall become due prior to delivery of equipment or merchandise to the project or designated delivery location. Payment must be received prior to the scheduling of delivery and installation. Please allow a minimum of 7 days for scheduling. Payment delays will result in delivery delays.

All accounts are considered prepaid unless prior arrangements have been made with our Credit Department.

Title

Title to goods shall not pass until payment of all amounts stated are received, credited, and cleared in full. The buyer agrees to permit Sam Tell & Son, Inc. (Sam Tell) to file a UCC-1 claim with the appropriate City and State agencies without signature. The buyer's signature to this agreement shall constitute authorized signature to a UCC-1 filing.

Custom Fabrication Lead Time

All custom fabricated equipment will have a standard production lead time, subsequent to final approval of shop drawings and this lead-time can range from 8 to 24 weeks.

Specification and Workmanship

All material is guaranteed to be as specified. All work is to be completed in a professional manner according to standard industry practices. Any deviations or changes in the above specifications and cost will be executed upon written change orders.

Buyer's Obligations

The Buyer's obligations include efficient project coordination, including scheduling a full and productive day's work for Sam Tell installation and delivery staff. If Sam Tell staff and resources remain idle as a result of lack of Buyer's coordination, partial deliveries requested by the buyer or resulting from buyer's non-compliance, partially requested workdays by the buyer, relocating and reinstalling equipment because the site is not ready, the installation shall be subject to extra charges.

Project Delays/Delivery Cancellations

In the event that the buyer delays delivery for more than 15 business days beyond the agreed upon delivery date, payment of the total outstanding balance associated with such delivery will become immediately due and payable. Sam Tell reserves the right to impose storage fees and the buyer assumes the obligation for such fees caused by such delays.

In the event of a delivery cancellation, if the equipment order has already been loaded onto a truck and set for delivery, there will be a cancellation fee of up to \$2,400 to cover costs associated with labor and equipment utilization.

Our Service/Set in Place

Set-In-Place includes: the uncrating and/or placement of new food service equipment including, custom fabricated stainless-steel equipment and other equipment as noted within this quotation/contract, locating, and leveling the equipment as per plan, ready for utility connections (final connections by others). All packaging materials will be removed from the equipment and from the site.

Basic set-in-place services exclude (but not limited to) all of the following, unless specified otherwise in this proposal: s/s wall sheets, ceiling hung mechanical assemblies such as fans and air scrubbers, ceiling hung refrigeration racks, millwork, stone, solid surface materials (Corian etc.), owner furnished equipment, alterations, relocation or removal of existing equipment, mechanical hook ups, remote refrigeration, fire suppression systems, beer & soda systems, remote beer or other beverage conduit runs, startups and demonstrations, purchase of trim metal, custom or unusual hardware, laborers, cleaning, composite unloading, seismic restraints, core drilling, overtime, elevator, hoist, rigging and crane fees, permits and filing, coordination and job meetings, fees and time for safety orientation, drug testing and fire watch, security inspections and inventory procedures.

Warranty Coordination

Sam Tell will assist with the placement of any service calls during the equipment warranty period. Buyer may be required to submit credit card information to respective service agency for certain warranty calls; Sam Tell is not responsible for providing a credit card.

Service bills that are generated as a result of non-warranty service calls, either as a result of owner misuse and/or abuse or owner provided utility work, will not be covered by Sam Tell and will be billable to the client.

Upon expiration of the warranty period of the equipment, the client will arrange all equipment repairs directly with their preferred service company.

Insurance

Our practice is to provide insurance certificates which include our standard coverages and limits. Additional requests beyond such industry standard limits and policies will be subject to additional charges.

Late Fees, NSF Checks and Legal/Collection Costs

Sam Tell reserves the right to assess late charges of 1.5% per month on past due balance. In the event your account is placed for collection for nonpayment, the customer further agrees to pay all obligations, including but not limited to collection agency fees, attorney fees and court costs incurred by Sam Tell or its agents. Buyer will also be responsible for all NSF check fees imposed by our lending institution.

Governing Law

This agreement shall be governed in all respects by the laws of the State of New York. The Parties hereby consent to the jurisdiction of any New York State Court, or any Federal Court located in the State of New York in connection with any lawsuit commenced to enforce the terms of this agreement.

Returns

Items that Sam Tell maintains active inventory of are not subject to restock fees. Equipment restocking charges are at the discretion of the manufacturer and will include crating (where applicable), inbound, and outbound freight. Non-equipment items that Sam Tell doesn't inventory are subject to a restocking fee of 25%, plus the cost of inbound and outbound freight. Custom items are not returnable. Should you wish to return an item, please call our customer service department. You will need to provide the following information:

- Invoice #/ Description of the item/ Reason for the return
- We will issue you a return authorization number

Damage and Short Shipments

Customers are expected to inspect all product at time of delivery and notate short shipments and/or damage on the respective bill of lading. Damaged product should be returned with our driver on the same day of delivery.

Standard depth baking compartment - accepts five 18" x 26" standard full-size baking pans in left-to-right positions
All data is shown per oven section, unless otherwise indicated.

Refer to operator manual specification chart for listed model names.

EXTERIOR CONSTRUCTION

- Full angle iron frame
- Stainless steel front, top, sides and legs
- Dual pane thermal glass windows encased in stainless steel door frames
- Powder coated door handle with simultaneous door operation
- Triple-mounted pressure lock door design with turnbuckle assembly
- Removable front control panel
- Solid mineral fiber insulation at top, back, sides and bottom

INTERIOR CONSTRUCTION

- Double-sided porcelainized baking compartment liner (14 gauge)
- Aluminized steel combustion chamber
- Dual inlet blower wheel
- Five chrome-plated racks, eleven rack positions with a minimum of 1-5/8" (41mm) spacing

OPERATION

- Dual Flow Gas system combines direct and indirect heat
- Electronic spark ignition control system
- Removable dual tube burners
- Pressure regulator and manual gas service cut-off valve located in front control area
- Air mixers with adjustable air shutters
- Solid state thermostat with temperature control range of 200°F (93°C) to 500°F (260°C)
- Two speed fan motor
- 1/2 horsepower blower motor with automatic thermal overload protection
- Control area cooling fan
- Interior oven lights

STANDARD FEATURES

- SSI-M - solid state infinite control with separate dials for thermostat and timer
- 25" (635mm) adjustable stainless steel legs (for single units)
- 6" (152mm) adjustable stainless steel legs (for double sections)
- Draft diverter or draft hood for venting (select one)
- Porcelainized oven liner
- Two year parts and two year labor oven warranty*
- Three year limited oven door warranty*

DOUBLE

SHORT FORM SPECIFICATIONS Provide Blodgett full-size convection oven model ZEPHAIRE-100-G, (single/double) compartment. Each compartment shall have porcelainized steel liner and shall accept five 18" x 26" standard full-size bake pans in left to right positions. Doors shall have dual pane thermal glass windows with single powder coated handle and simultaneous operation. Unit shall be gas heated with electronic spark ignition and shall cook by means of a dual-flow system combining direct and indirect heat. Air in baking chamber distributed by dual inlet blower wheel powered by a two speed, 1/2 HP motor with thermal Overload protection. Each chamber shall be fitted with five chrome-plated removable racks. Control panel shall be recessed with Cook/Cool Down mode selector, solid state infinite control with separate dials for thermostat and timer. Provide options and accessories as indicated.

DIMENSIONS

Floor space	38-1/4" (972mm) W x 36-7/8" (936mm) L
Interior	29" (737mm) W x 20" (508mm) H x 24-1/4" (616mm) D
If oven is on casters	
Single	Add 4-1/2" (114mm) to height
Double	Height dimensions remain the same
Double Low Profile	Subtract 2.5" (64mm) from all height dimensions

PRODUCT CLEARANCE

From combustible and non-combustible construction

Oven sides	2" (13 mm)
Oven back	0" (0 mm)

MINIMUM ENTRY CLEARANCE

Uncrated	32-1/16" (814mm)
Crated	37-1/2" (953mm)

SHIPPING INFORMATION

Approx. Weight

Single	535 lbs. (243 kg)
Double	1070 lbs. (485 kg)

Crate Size

37-1/2" (952mm) x 43-1/2" (1105mm) x 51-3/4" (1315mm)
(2 crates required for double)

GAS SUPPLY (per section)

3/4" NPT

Inlet Pressure

Natural Gas	7.0" W.C. min. – 10.5" W.C. max.
Propane	10.5" W.C. min. – 13.0" W.C. max.

Manifold Pressure

Natural Gas	3.5" W.C.
Propane	10" W.C.

MAXIMUM INPUT

50,000 BTU/hr per oven section

POWER SUPPLY

115 VAC, 1 phase, 6 Amp, 60 Hz., 2-wire with ground, 1/2 H.P., 2 speed motor, 1120 and 1710 RPM

6' (1.8m) electric cord set furnished.

Item No. _____

Quantity _____

Standard depth baking compartment - accepts five 18" x 26" standard full-size baking pans in left-to-right positions
All data is shown per oven section, unless otherwise indicated.

Refer to operator manual specification chart for listed model names.

EXTERIOR CONSTRUCTION

- Full angle iron frame
- Stainless steel front, top, sides and legs
- Dual pane thermal glass windows encased in stainless steel door frames
- Powder coated door handle with simultaneous door operation
- Triple-mounted pressure lock door design with turnbuckle assembly
- Removable front control panel
- Solid mineral fiber insulation at top, back, sides and bottom

INTERIOR CONSTRUCTION

- Double-sided porcelainized baking compartment liner (14 gauge)
- Aluminized steel combustion chamber
- Dual inlet blower wheel
- Five chrome-plated racks, eleven rack positions with a minimum of 1-5/8" (41mm) spacing

OPERATION

- Dual Flow Gas system combines direct and indirect heat
- Electronic spark ignition control system
- Removable dual tube burners
- Pressure regulator and manual gas service cut-off valve located in front control area
- Air mixers with adjustable air shutters
- Solid state thermostat with temperature control range of 200°F (93°C) to 500°F (260°C)
- Two speed fan motor
- 1/2 horsepower blower motor with automatic thermal overload protection
- Control area cooling fan
- Interior oven lights

STANDARD FEATURES

- SSI-M - solid state infinite control with separate dials for thermostat and timer
- 25" (635mm) adjustable stainless steel legs (for single units)
- 6" (152mm) adjustable stainless steel legs (for double sections)
- Draft diverter or draft hood for venting (select one)
- Porcelainized oven liner
- Two year parts and two year labor oven warranty*
- Three year limited oven door warranty*

** For all international markets, contact your local distributor.*

Standard depth baking compartment - accepts five 18" x 26" standard full-size baking pans in left-to-right positions
All data is shown per oven section, unless otherwise indicated.

Refer to operator manual specification chart for listed model names.

EXTERIOR CONSTRUCTION

- Full angle iron frame
- Stainless steel front, top, sides and legs
- Dual pane thermal glass windows encased in stainless steel door frames
- Powder coated door handle with simultaneous door operation
- Triple-mounted pressure lock door design with turnbuckle assembly
- Removable front control panel
- Solid mineral fiber insulation at top, back, sides and bottom

INTERIOR CONSTRUCTION

- Double-sided porcelainized baking compartment liner (14 gauge)
- Aluminized steel combustion chamber
- Dual inlet blower wheel
- Five chrome-plated racks, eleven rack positions with a minimum of 1-5/8" (41mm) spacing

OPERATION

- Dual Flow Gas system combines direct and indirect heat
- Electronic spark ignition control system
- Removable dual tube burners
- Pressure regulator and manual gas service cut-off valve located in front control area
- Air mixers with adjustable air shutters
- Solid state thermostat with temperature control range of 200°F (93°C) to 500°F (260°C)
- Two speed fan motor
- 1/2 horsepower blower motor with automatic thermal overload protection
- Control area cooling fan
- Interior oven lights

STANDARD FEATURES

- SSI-M - solid state infinite control with separate dials for thermostat and timer
- 25" (635mm) adjustable stainless steel legs (for single units)
- 6" (152mm) adjustable stainless steel legs (for double sections)
- Draft diverter or draft hood for venting (select one)
- Porcelainized oven liner
- Two year parts and two year labor oven warranty*
- Three year limited oven door warranty*

* For all international markets, contact your local distributor.

DOUBLE

SHORT FORM SPECIFICATIONS Provide Blodgett full-size convection oven model ZEPHAIRE-100-G, (single/double) compartment. Each compartment shall have porcelainized steel liner and shall accept five 18" x 26" standard full-size bake pans in left to right positions. Doors shall have dual pane thermal glass windows with single powder coated handle and simultaneous operation. Unit shall be gas heated with electronic spark ignition and shall cook by means of a dual-flow system combining direct and indirect heat. Air in baking chamber distributed by dual inlet blower wheel powered by a two speed, 1/2 HP motor with thermal Overload protection. Each chamber shall be fitted with five chrome-plated removable racks. Control panel shall be recessed with Cook/Cool Down mode selector, solid state infinite control with separate dials for thermostat and timer. Provide options and accessories as indicated.

DIMENSIONS

Floor space	38-1/4" (972mm) W x 36-7/8" (936mm) L
Interior	29" (737mm) W x 20" (508mm) H x 24-1/4" (616mm) D
If oven is on casters	
Single	Add 4-1/2" (114mm) to height
Double	Height dimensions remain the same
Double Low Profile	Subtract 2.5" (64mm) from all height dimensions

Standard depth baking compartment - accepts five 18" x 26" standard full-size baking pans in left-to-right positions
All data is shown per oven section, unless otherwise indicated.

Refer to operator manual specification chart for listed model names.

EXTERIOR CONSTRUCTION

- Full angle iron frame
- Stainless steel front, top, sides and legs
- Dual pane thermal glass windows encased in stainless steel door frames
- Powder coated door handle with simultaneous door operation
- Triple-mounted pressure lock door design with turnbuckle assembly
- Removable front control panel
- Solid mineral fiber insulation at top, back, sides and bottom

INTERIOR CONSTRUCTION

- Double-sided porcelainized baking compartment liner (14 gauge)
- Aluminized steel combustion chamber
- Dual inlet blower wheel
- Five chrome-plated racks, eleven rack positions with a minimum of 1-5/8" (41mm) spacing

OPERATION

- Dual Flow Gas system combines direct and indirect heat
- Electronic spark ignition control system
- Removable dual tube burners
- Pressure regulator and manual gas service cut-off valve located in front control area
- Air mixers with adjustable air shutters
- Solid state thermostat with temperature control range of 200°F (93°C) to 500°F (260°C)
- Two speed fan motor
- 1/2 horsepower blower motor with automatic thermal overload protection
- Control area cooling fan
- Interior oven lights

STANDARD FEATURES

- SSI-M - solid state infinite control with separate dials for thermostat and timer
- 25" (635mm) adjustable stainless steel legs (for single units)
- 6" (152mm) adjustable stainless steel legs (for double sections)
- Draft diverter or draft hood for venting (select one)
- Porcelainized oven liner
- Two year parts and two year labor oven warranty*
- Three year limited oven door warranty*

** For all international markets, contact your local distributor.*

SHORT FORM SPECIFICATIONS Provide Blodgett full-size convection oven model ZEPHAIRE-100-G, (single/double) compartment. Each compartment shall have porcelainized steel liner and shall accept five 18" x 26" standard full-size bake pans in left to right positions. Doors shall have dual pane thermal glass windows with single powder coated handle and simultaneous operation. Unit shall be gas heated with electronic spark ignition and shall cook by means of a dual-flow system combining direct and indirect heat. Air in baking chamber distributed by dual inlet blower wheel powered by a two speed, 1/2 HP motor with thermal Overload protection. Each chamber shall be fitted with five chrome-plated removable racks. Control panel shall be recessed with Cook/Cool Down mode selector, solid state infinite control with separate dials for thermostat and timer. Provide options and accessories as indicated.

DIMENSIONS

Floor space	38-1/4" (972mm) W x 36-7/8" (936mm) L

INTEROFFICE MEMORANDUM

To: Dr. Christopher Delgado, Superintendent

From: Kim Pincheck, Finance Director

Subject: 2021-22 Financial Audit

Date: March 15, 2022

We are recommending that Plante Moran PLLC be appointed to perform the 2021-22 financial audit of district funds. The proposed fee for the audits of the basic financial statements, and the cost for the ASBO certification report shows an increase in the audit fee, from the previous year of approximately 3.47%. The fee applicable to the single audit of federal programs is \$10,000, an increase of \$1,500 from the prior year, due to the additional amount of testing of new federal grants awarded from the COVID-19 pandemic. The fee for the basic financial statement and ASBO certification increased \$3,000, and were offset by a reduction of \$2,500 for the GASB 84 adoption from the prior year. In addition, this year's continued focus on GASB 68 (Pensions) and GASB 75 (OPEB) will continue to require modifications to the financial statements and audit tests of these substantial balances and activity. Continued adoption assistance is consistent with the previous year at \$2,200.

For 2021-22, the District will continue to incur an additional fee to have the capital project activities funded with bond funds audited in accordance with Section 1351a of the State of Michigan School Code. The cost for this additional audit work will be \$2,300, which is an increase of \$100 from the previous year.

This proposed fee is an estimate, and we continue to work with Plante Moran on ways to reduce the fee and take on additional tasks internally. Based upon the current requirements, we feel that the estimate is reasonable and we continue to compare our auditing costs with other school districts. The attached schedule shows the summary of the audit fees for the districts in Oakland County for 2021. Based upon the 20 Districts that responded, Farmington's fee, on a per pupil basis, is consistent with 4 other districts and ranks the 4th lowest in the county. We used this countywide comparative information in 2017 to realign our fees with similar districts in Oakland County, resulting in an overall reduction of approximately 6.7%. Audits are typically billed on a flat fee basis versus an hourly fee. Therefore, only significant time spent by the auditors outside of the normal scope of work would be billed.

In analyzing auditing firms and auditing fees, the following criteria are considered:

- Having ASBO Certificate of Excellence reviewers on staff
- Auditing larger school districts with many complexities
- Auditing Oakland County districts with specialization in special education programs and understanding of Oakland's PA 18 funding structure (the county special education millage)
- Professional involvement in the Michigan School Business Officials (MSBO) organization
- Professional involvement with the State of Michigan including working with both the Office of Retirement Services as well as the Department of Education including the State's 1022 Accounting Manual Update Committee
- Involvement with the Governmental Accounting Standards Board (GASB) which sets financial statement standards for governmental entities.
- Firms specializing in governmental auditing and fund accounting
- Fees based upon services provided

In addition, we have been able to work directly with Plante Moran when new standards have been implemented by GASB. This has allowed Farmington to be a front runner in understanding the specifics involved with implementation. Plante Moran continues to provide all of its clients, free of charge, a comprehensive spreadsheet to help with preparation of GASB 68 and 75 to determine the various numbers needed for the financial statements. Plante Moran also meets with the Finance Committee twice a year and presents the audit results to the union leadership without charging additional fees. They have spent countless hours developing tools to simplify the process of implementing accounting standards and providing informative presentations throughout the year at MSBO and Oakland County School Business Officials meetings. Plante Moran is always on the forefront of analyzing new standards and pronouncements in order to provide the best level of service to all of their clients.

An audit is a professional service not a product. We feel the cost estimate is competitive based upon the level of service we receive and the level of school district knowledge that Plante Moran continues to exhibit across the State.

If you have any questions, please let me know.

March 9, 2022

Ms. Kimberly Pincheck
Farmington Public Schools
32500 Shiawassee
Farmington, MI 48336

Dear Ms. Pincheck:

At your request, we are pleased to submit our fee estimate to conduct the audits of the District’s Financial Statement, Federal Programs, and Bond transactions for the year ending June 30, 2022. The fee estimate reflects the impact of the required reporting model (GASB #34), fund equity presentation (GASB #54), and consideration of GASB #39 (affiliated organizations), GASB #42 (asset impairment), GASB #44 (the statistical section), GASB #47 (termination benefits), GASB #63/65 (Deferred Inflows and Outflow), GASB 77 (tax abatement disclosures), GASB #68 (Pensions), GASB #75 (OPEB), GASB 84 (Fiduciary Activities) and GASB 87, (Leases) significantly impacting the government-wide financial statements, notes to the financial statements, and required supplemental information. We will continue to apply the material fraud risks audit standard (AUC 240) related to the financial statements, federal program and bond audits and will be performing specific communication with the Board of Education, Finance Committee and Administration required under the Standards (AUC 260). Further, the risk assessment audit standards (AUC 315), and the internal control audit standard (AUC 265) are included in the scope of the audit. In addition, as required by the State of Michigan, the District will be audited under Government Auditing Standards, the Michigan School Auditing Manual and, the Bond and Sinking Fund Audit Guide, issued by the Michigan Department of Treasury (Bulletin 7), and revised in 2017. Finally, the District’s federal programs will be audited under Uniform Guidance (2 CFR 200, Subpart F). These standards continue to have a significant impact on how the audits are planned, performed and how information is reported once the audits are complete.

Our fee estimate, including the incremental efforts from audit and accounting standards discussed above are as follows:

Service	Fees
Audit of basic financial statements	\$43,000
ASBO certification	\$4,500
Bond testing	\$2,300
Continued adoption of GASB 68 and 75	\$2,200
Single Audit Testing	\$10,000

Our estimates are based on the presumption that the procedures will not identify issues requiring further evaluation. As in the past, the above fees do not include out of pocket costs, primarily mileage, which are billed as incurred. It also presumes that the fund structure and programs of the District, as well as the District’s ability to prepare for the audit, are similar to those of the previous year. If this is not the case, we will cover the scope and costs prior to performing the additional work.

This fee includes value added services provided throughout the year and accompany delivery of our audit services. Our tools and staff help Farmington proactively respond to accounting changes and minimize accounting and audit costs as much as possible. This includes expanded meetings with the Finance Committee and a meeting to review the audit results with Union leadership. Further, we provide programs to help the District work through the many challenges facing public education and have worked closely with Farmington throughout this last year on many budgetary, financial and contractual issues.

These programs include K12 focused webinars, email updates, the annual School Law and Finance Seminar recently attended by Board members, our Education Perspectives e-letter on relevant managerial and accounting issues applicable to school districts, as well as providing training on school accounting issues in Oakland County and through MSBO, MASA and MASB. We also have Plante Moran representatives active with statewide committees so that we can remain current with funding changes, and statewide developments. All of these efforts are designed so that we bring value to each of our meetings with Farmington.

Our goal is to continue to provide you with the responsive, quality service you expect and deserve. If you require any additional information for presentation to the Board, or would like further explanation, please do not hesitate to call me at 248-223-3366.

Very truly yours,

PLANTE & MORAN, PLLC

Budget Timeline & 2022-23 Budget Parameters and Assumptions

March 22, 2022

2022-23 Budget Timeline

- ▶ 3/8/22 Board approval of resolution to conduct public hearing on budget
- ▶ 3/22/22 Board of Education review of timeline/assumptions/parameters
- ▶ 4/5/22 Board of Education approval of timeline/assumptions/parameters
- ▶ 6/2/22 Board Document to Board of Education for 6/7/22 Board meeting
- ▶ 6/7/22 Board study session on proposed budget
- ▶ 6/7/22 Conduct budget and truth in budgeting hearing
- ▶ 6/21/22 Adopt the 2022/23 budget
- ▶ 6/21/22 Set tax levy

2022-23 Budget Development Factors

▶ Key Assumptions

- ▶ Maintain high quality instruction and programming
- ▶ Continue supports for student achievement
- ▶ Consider inflation impact
- ▶ Governor's School Aid Budget
- ▶ Maintain a fund balance that falls within the board policy of 10-15%

Revenue Parameters & Assumptions

- ▶ Enrollment - decline of 63 pupils
- ▶ Foundation Allowance - \$435 pp
- ▶ Categorical Funding
 - ▶ Special Education - \$250,000 (1%)
 - ▶ At-Risk (31A) - \$200,000
 - ▶ PA-18 County Spec Ed - 1%
 - ▶ Nutrition Services indirect costs

Revenue Parameters & Assumptions

▶ Federal Revenue

- ▶ Flat for grants received annually
- ▶ Increase for ESSER II Funds (CRRSA Act) - Approved December 27, 2020 (Partial)
- ▶ Increase for ESSER III Funds (ARP Act) - Approved March 11, 2021
- ▶ Decrease for ESSER Funds (CARES Act), ESSER Education Equity Funds and ESSER II Funds (Partial)

Expenditure Parameters & Assumptions

- ▶ Wages and benefits will be budgeted at negotiated levels
- ▶ Replacement savings - 20 teacher retirements
- ▶ MPERS retirement rate - flat
- ▶ Fringe benefits - flat
- ▶ Custodial costs - hybrid model

Expenditure Parameters & Assumptions

- ▶ Transfer to Technology/Other Projects Fund - \$300,000
- ▶ Transfer to Bus Purchase/Maintenance Fund - \$600,000
- ▶ Utility costs - 3%
- ▶ Fuel costs - \$250,000

General Fund Budget Forecast for 2022-23

Revenues	\$152.8 million
Expenditures	<u>\$154.5 million</u>
Exp > Rev	(\$1.7) million

Current Unknowns

- ▶ What will funding be for 2022-23?
 - ▶ House budget bill - unknown
 - ▶ Senate budget bill - unknown
- ▶ When will the School Aid budget be approved?
- ▶ Enrollment Projections
- ▶ Staffing
- ▶ Federal and State Economies

The background features abstract, overlapping geometric shapes in various shades of purple and blue, primarily on the right side, with a white background on the left.

Questions?

BUDGET DEVELOPMENT TIMELINE AND PARAMETERS

2022/23

2022/23 Budget Development Timeline

3/22/22	Board of Education Review of timeline/assumptions/parameters
3/22/22	Board approval of resolution to conduct public hearing on budget
4/5/22	Board of Education approval of timeline/assumptions/parameters for 2022/23
6/2/22	Board Document to Board of Education for 6/7/22 Board meeting
6/7/22	Board study session on proposed budget
6/7/22	Conduct budget and truth in budgeting hearing
6/21/22	Adopt the 2022/23 budget
6/21/22	Set tax levy

2022/23 Budget Parameters

Budget parameters are developed by the Central Office Cabinet. These parameters are then presented to and discussed with the Finance and Facilities Committee Meeting and then presented to the Board of Education at a regular public meeting. Input received at the Committee meeting or Board meeting is incorporated.

These parameters become the basis for the ensuing year's budget development. A concerted effort will be made to maintain the integrity of the District's instructional programs, staff development opportunities, and co-curricular activities. Attention will also be given to the continuing school improvement efforts needed to meet the requirements for District Accreditation and student achievement needs.

While the current Governor continues to focus on providing additional and stable funding for public education in Michigan, school districts around the state continue to experience a decline in pupil count, which directly impacts a district's operating budget. We will continue to closely monitor our revenues as well as operating costs to maintain financial stability. The proactive budget process is intended to allow the District to prioritize its expenditures and align these with the anticipated revenue sources. The process is ongoing with a multi-year approach to meeting the budget challenges. The goal of each year's budget process is to maintain a fund balance that at least falls within the board policy of 10-15 percent, if not higher.

The parameters for 2022/23 are as follows:

1. Student enrollment will be forecast using Plante Moran CRESA and StanFred updated projections. The "most likely" decline estimated by StanFred is 66 (general ed) students. Plante Moran CRESA estimates a decline of 59 students. Also looking at the difference between the current year 12th grade class (693) and an estimate for incoming Kindergartners (650) results in a loss of 43 students. The pandemic has had an effect on enrollment, as many

parents chose to leave for private or parochial schools or an alternate education option. The majority of the revenue decrease for the enrollment loss was reflected in the 2021/22 budget. A loss of 63 students has been factored into the 2022/23 budget based upon enrollment projections, loss of students due to the pandemic and the difference between exiting 12th graders and estimated incoming Kindergartners.

2. The economy in Michigan continues to be stable despite the pandemic. Gretchen Whitmer, Michigan's Governor, presented her Omnibus budget on February 8, 2022 and proposed significant funding increases for K-12 Education. Her proposal provides the largest funding increase for classroom operations in 20 years and continues moving Michigan towards a weighted funding formula. The foundation allowance increase was proposed at \$435 per pupil. There were also funding increases proposed for At-Risk, English language learners, Special Education and School Readiness Preschool programs. The budget also includes a proposal for teacher recruitment and retention as the State tries to address the continuing teacher shortage. We are currently estimating an increase of \$435 until the Senate and House present their budget proposals. For 2022/23, \$11,011 per pupil is used which includes a \$435 increase. After the Senate and House versions are released, we will consider whether any adjustment to the increased per pupil foundation allowance for 2022/23 is necessary.
3. We are hopeful that many of the categorical funding areas, such as adult education, early childhood and retirement funding, will continue at their current levels. Significant increases were proposed for both At-risk and special education funding. Included in the forecast is a \$200,000 increase for At-Risk funding which aligns with the increase received in the current year. A 1% increase for special education funding of \$250,000 has been included in the forecast. These increases are conservative in comparison to what the Governor proposed for these two areas of funding. As mentioned above, the Governor has proposed increases for several of these categoricals, however we will need to wait to see the House and Senate proposals before including any significant increases in funding.
4. Revenues from the nutrition services program will continue to cover direct program expenditures and the maximum amount of dollars will be budgeted to be transferred back to the general fund to support a portion of the indirect costs. Indirect costs are those costs not directly attributable to one cost objective. An example would be human resources, business services and custodial costs. These functions support the nutrition services program but the costs are not specifically identifiable to charge them to the fund. Currently the Nutrition Services Fund transfers approximately \$141,700 or 9.35% of total expenditures, excluding food costs, capital outlay and contract costs greater than \$25,000.
5. Federal grants which are received on an annual basis are expected to remain at the same level or increase slightly and are budgeted so that proceeds equal the budgeted expenditures. We will need to continue to closely monitor federal grants as several positions are paid through these funds. Should a portion of these funds be eliminated or not continued by the Federal Government, we will need to determine an alternate source of revenue to maintain these positions. One-time grant funds for ESSER II, ESSER III and Special Education ARP Funds have been included and total approximately \$7.5 million. One-time grant funds for Coronavirus Relief Funds spent in the previous year have been reduced by approximately \$3.6 million
6. Revenues for PA-18, which is the funding received from Oakland Schools from the county-wide millage to help support special education costs, is projected to increase 1.0% to reflect higher special education costs overall as well as increased taxable values at the county level.
7. Wage costs will be budgeted at negotiated levels. At the current time, the District has two-year contracts, expiring 6/30/23, with its school administrators and maintenance and cafeteria staff. Three-year contracts, expiring 6/30/24, are in place with its teachers, paraprofessional and secretarial staff and bus drivers. Estimates will be incorporated into the forecast based upon these contracts. Social security and Medicare costs will be budgeted as 7.65% of negotiated wages.
8. Reductions in wages and benefits for replacement savings for 20 teacher retirements has been included based upon the known the retirements at the

present time.

9. The projected MPSERS retirement rate will be at **28.23%** of wages (the same amount as 2021/22 as the rate has not yet been determined by MPSERS) with an additional 15.27% for the Unfunded Actuarial Accrued Liability (UAAL) liability for a total rate of **43.5%**. The rate of UAAL for FPS is estimated at approximately 15.27% as the proportionate share of the District payroll to the State's payroll.
10. Based upon current claims cost data, we are estimating claims to remain in line with our current illustrative rates. Employees continue to contribute between 20 – 30% of the illustrative rate for the plan cost. The Insurance Advisory Committee continues to monitor health insurance costs. Due to positive results in the Benefit Stabilization fund in previous years, no increase in benefit costs has been included in the General Fund for 2022/23. Any claims overages that may occur in the future would be absorbed by the Benefit Stabilization Fund.
11. The District moved to a hybrid custodial model mid-year in 2021/22 which includes the District hiring custodial staff for daytime positions and contracting with ABM Services, Inc. for evening cleaning. This move was necessary to ensure our buildings are clean and safe for students and staff on a daily basis. The resulting impact on the budget is approximately \$1.487 million which has been included in the forecast for 2022/23.
12. Revenues from preschool education will move toward covering direct program costs, as well a portion of indirect program costs. In a typical year, preschool education covers approximately 4.0% of its indirect costs.
13. Special education programs, in collaboration with other school districts, will continue to align staffing similar to the center program design model of the ISD. Other school districts will be billed for their proportionate share of students educated within the programs. Approximately \$533,000 will be budgeted for 2022/23 based upon the 2021/22 estimated revenue.
14. The Capital Projects Technology Fund had a fund balance of \$551,862 at June 30, 2021. This fund has been used in the past to keep equipment in the District's network operations center up-to-date and for the purchase of staff and student computers, printers and other ancillary technology equipment needs. In the 2021-22 budget, \$300,000 is being transferred into this fund from the General Fund for future technology needs. An additional \$300,000 will be budgeted to be transferred into this fund from the General Fund in 2022-23.
15. Expenditures for bus purchases and maintenance (large capital projects) were made from the Bus Purchases/Maintenance Fund prior to the 2015 Building & Site Fund (bond fund). The Bus Purchases/Maintenance Fund had a fund balance of \$1,540,132 at June 30, 2021. In the 2021-22 budget, \$600,000 is being transferred into this fund from the General Fund for bus replacements and future capital needs. An additional \$600,000 will be budgeted to be transferred into this fund from the General Fund in 2022-23.
16. The District will continue to explore and implement cost savings and cost containment measures. The District has several initiatives in place to do this such as the Green Team and the Energy Savings Program. The District will continue to consider sharing services and expanded consolidation of services with the cities and other school districts.
17. Other costs and revenues are anticipated to remain flat with the exception of utilities which are estimated to increase approximately 3% over 2021/22 estimates and fuel costs which have been increased on an overall basis by \$250,000.
18. To provide transparency, financial and budget reports are made available to the public on the District's website. Financial reports will continue to be prepared in accordance with the International Association of School Business Officials Certificate of Excellence in Financial Reporting, the highest standard of excellence.

March 22, 2022

Regular Meeting of the Board of Education

X. ACTION ITEMS.

A. CUSTODIAL EQUIPMENT PURCHASE RECOMMENDATION.

Presenters: Chris Delgado, Superintendent; Jon Barth, Director, Facilities and Maintenance Operations

This item was presented in detail at the March 8, 2022 regular meeting.

MOTION: I move that the Board of Education approve the custodial equipment purchase as outlined in the Operations Memorandum dated March 3, 2022, and the Nichols Corporation Quote #87540.4 dated February 17, 2022, for the total cost of \$99,504.23, to be funded from the Capital Projects (Building and Site 2018) Fund.

B. NUTRITION SERVICES EQUIPMENT PURCHASE RECOMMENDATION

Presenters: Chris Delgado, Superintendent; Angela Davis, Supervisor, Nutrition Services

These items were presented in detail earlier this evening.

1. **MOTION:** I move that the Board of Education approve the purchase of Kitchen Cooking Steamers as outlined in the Nutrition Services Memorandum dated March 11, 2022, and the Stafford-Smith, Inc. Quote dated March 8, 2022, for a total of \$46,458 to be funded from the Nutrition Services Fund.
2. **MOTION:** I move that the Board of Education approve the purchase of Convection Ovens as outlined in the Nutrition Services Memorandum dated March 11, 2022, and the Stafford-Smith, Inc. Quote dated March 15, 2022, for a total of \$32,760 to be funded from the Nutrition Services Fund.

Operations Memorandum

TO: Farmington Board of Education
FROM: Jon Barth, Director of Operations
SUBJECT: Custodial Equipment Purchase - For Discussion
DATE: March 3, 2022

As part of the District's new hybrid custodial model, the Operations' Department is requesting the purchase of new vacuums, floor scrubbers, carpet extractors, carpet spotters, restroom cleaners and air movers, to replace aging equipment. Much of the existing equipment (examples shown below), can no longer be repaired or inadequate for the job. Knowing this, the Operations' team researched and selected equipment that would be much more reliable and provide greater efficiency for our new custodial model. Existing custodial equipment that is deemed useful as spares will be kept while obsolete or unrepairable equipment will be sold or scrapped (if no value) in accordance with Board Policy 5004. It should be noted that the District's new FPS head custodians and our ABM custodians received training on equipment care and operation during mid-winter break, with instructions to treat and maintain the new equipment as if it were their own.

Old riding floor scrubber

Old (and tired) upright vacuum

The equipment recommended for purchase provides a whole new level of clean for the District with an example being Windsor's S2 vacuums that have 2-stage HEPA filtration housed in high impact ABS plastic, a full three year warranty, easy to maintain and quiet (at 67 decibels). The following provides a brief description of each new piece of equipment being recommended for purchase.

Viper 28" AS710R with
AGM (maintenance free)
Batteries

- 31 US gallon solution and recovery tanks
- 77 and 80 pounds of down pressure
- One-touch scrubbing
- Four solution flow rates
- Easy recovery tank clean-out
- Integrated squeegee hanging system
- Side pocket for easy storage of paperwork
- USB port for charging portable electronics
- 5-year parts and 2-year labor warranty

**Windsor Sensor S2
HEPA Vacuum**

- Operating noise level - 67 decibels
- Airflow (cfm) - 105
- Tool free power cord changer
- Three year "bumper to handle" warranty (best in industry)
- Bag-full and check brush indicators
- Dual-stage filtration provides cleaner air to the filter, extending the life up to 200-300 hours
- Easy to change filter and bag
- Single, powerful, 1.6 HP motor

**Nilfisk ES300XP Carpet
Extractor**

- Three cleaning modes (LIFT, Deep Clean and Pre-Treat) that can be quickly engaged from the control panel
- Increased tank capacity to work longer without refilling
- Provides superior cleaning, increase productivity per tank and reduce water consumption with patented LIFT Low Moisture Technology
- Improves air quality and reduce the risk of mold and allergens thanks to the fast 30 minute carpet dry time while in LIFT mode.
- Simplify operation with the front-mounted drain hose, integrated hand tool (standard on the ES300™ XP and ES400™ XLP), adjustable handle for increased maneuverability and easy-to-use control panel
- Conveniently stores your carpet extractor thanks to the compact design

**EDIC CR2 Complete
Restroom Cleaner**

- Adjustable 600 psi pump provides versatile and effective cleaning into the porous tile and grout lines and hard to reach places.
- Complete system includes squeegee wand with dual head, spray gun, gulper tool, QuickDri, hand squeegee, sink attachment, and hoses.
- Touch-free system deep cleans where mop and bucket fail, leaving the restroom clean and healthy. Built-in chemical metering system.
- Single 3-stage pump delivering 600 psi and .85 GPM
- Power cord: 50', detachable twist-lock, GFCI on-board

**Pacific WDV-18 Wet Dry
Vacuum**

- Purpose Built® tilt-to-drain feature
- Easily empty the tank when a floor drain is not available
- Convenient cord wrap on the vac handle.
- Safe & simple to use lever to engage squeegee head.
- Easy to change squeegee
- Two usable edges per blade that you can change without tools

**Tomcat Nano Doodle
Scrub Floor Machine**

- Gives operators the ability to remove multiple layers of finish, without using chemicals
- Cleans grout lines and stairwells with ease. Motor
- Motor speed: 4100 rpm
- Clean any other small area application that walk-behind scrubbers can not access due to size
- Machine can be used on your bleachers for getting in the overhangs that are typically very hard to reach by hand
- 10 gauge steel chassis

**Wolf Portable
Carpet Spotter**

- The WOLF130 leaves carpets looking fresh and presentable across educational institutions, office spaces, medical facilities, and other commercial applications.
- 10' vacuum/solution hoses with 4" hand tool
- Removable tank for easy empty and refill
- Clear hand tool for better overview of soil/solution pickup and removal
- Built-in wheels for easy transport and storage
- Blue mesh drawstring bag for storage of hoses/tools
- 5-year warranty on parts, 2-year warranty on labor

- Three speed settings
- Four angle settings
- Onboard outlet for daisy-chaining up to 3 units
- Lightweight, compact and stackable
- Thermally protected motor
- 21 foot power cord (6.5 m)

A reminder that per Board Policy 5003, a formal bid is not required because the purchase is being made through our consortium partnership with Nichols Corporation (document reference below). The total cost for the new equipment is \$99,504.23, to be funded from 2015 Bond FF&E. This purchase has been reviewed and approved as an eligible bond expense by Plante Moran and Jennifer Kaminski. Action item requested for the Board of Education's March 22, 2022 general meeting.

FARMINGTON PUBLIC SCHOOLS

MEMORANDUM

To: Chris Delgado, Superintendent

From: Angie Davis, Nutrition Services Supervisor

Date: March 11, 2022

Re: Kitchen Cooking Steamers

The Nutrition Services Department is requesting to purchase three Kitchen Cooking Steamers for East Middle School, Farmington Steam Academy and Power Middle School. These steamers will improve the food quality while decreasing cooking time. Currently we have the same cooking steamers at the other three secondary schools.

Pricing was requested through an existing WayneRESA bid. Three approved vendors provided pricing for the Kitchen Cooking Steamers. The bid price ranged from a total of \$46,458.00 - \$63,881.40 for the three steamers. The Nutrition Services Department recommends awarding the Kitchen Cooking Steamers to the lowest price company, Stafford Smith, Inc for a total of \$46,458.00. East Middle School and Power Middle School will receive double units at a cost of \$19,030 per unit. Farmington Steam Academy will receive a single unit at a cost of \$7,598 due to size limitations in the kitchen. Delivery for all three units is \$800. Stafford Smith has provided excellent pricing and service to Farmington Public Schools in previous years. The bid price is good through April 2, 2022.

If approved by the Board, the purchase of this serving line will be paid for out of the Nutrition Services Fund.

TERMS: Upon receipt of application for business account, signed quote/purchase order and review by the credit department, the down payment and terms will be established and shared with the customer and account executive. Stafford-Smith reserves the right to progress bill for equipment as needed. This includes items shipped by the manufacturer to Stafford-Smith for storage and is not conditional upon being installed, mechanically connected or operational. You are welcome to inspect all stored materials.

Stafford-Smith, Inc. shall retain security interest in all equipment, parts, small wares, accessories, attachments, additions, and any replacements of the above that have been installed, affixed to or used in connection with the items specified in this proposal until all amounts have been paid.

Should the Buyer sell or otherwise dispose of such collateral in violation of the terms of this agreement, Stafford-Smith, Inc. retains an interest in the proceeds from such transactions. Buyer authorizes Stafford-Smith, Inc. to file a financing statement describing the collateral and a copy of this agreement and/or the credit application may be filed as a security agreement for granting a secured interest in Buyer's inventory and sales proceeds thereof.

Past due amounts constitute a default and are subject to service charges of 1 ½% per month, collection costs, and attorney fees. Warranties are conditioned on your paying the full purchase price for the equipment.

In addition to non-payment, an act of default by the buyer will have occurred if the buyer fails to

accept the order of goods or fails to perform any other covenants under this agreement. In the event of default, Stafford-Smith, Inc. may enter any business property and without breach of the peace take possession of any or all collateral and exercise our rights in the event of default of a secured party as specified under the Uniform Commercial Code. Should any disputes arise, Buyer also acknowledges and submits to jurisdiction in the State of Michigan and County of Kalamazoo.

Except as otherwise provided herein, this proposal does not include any applicable State or Federal taxes, any charge for electrical wiring or plumbing and is subject to acceptance by buyer and seller within thirty (30) days from the date of this quote and only in accordance with the terms stated.

When ordering drop-ship equipment, please be aware to inspect your order immediately upon receipt. You may request the driver wait, for a reasonable amount of time, while you inspect and they must comply to your request. If the driver refuses to wait, please mark the receipt "driver not willing to wait" and contact Stafford-Smith within (48) hours in order for a claim to be filed. If there is damage, you may refuse or you can accept and note the damage. Please take photos, if possible, to assist in filing the claim. You must keep all original cartons, even if you accept the damage, so Stafford-Smith can pursue a freight claim on your behalf. Please send the bill of lading and any additional documentation to your Stafford-Smith representative.

If you don't have time to inspect when delivered, you have up to (48) hours to inspect and notify us immediately if there is an issue so we can address the best way to handle the claim. If not notified within (48) hours, your claim may not be valid.

Effective 2-1-22 we will be implementing a 3.5% surcharge on credit card transactions. As an alternative we also accept ACH, ECheck and wire transactions and you can pay directly from our website.

I agree to the terms hereof and offer to purchase described goods and services as proposed hereby.

FARMINGTON PUBLIC SCHOOLS

MEMORANDUM

To: Chris Delgado, Superintendent

From: Angie Davis, Nutrition Services Supervisor

Date: March 11, 2022

Re: Convection Ovens

The Nutrition Services Department is requesting to purchase three Double Convection Ovens for Hillside Elementary, Power Middle School and North Farmington High School. We are beginning to experience issues with the ovens at all three schools. The repair costs to fix these ovens are high and currently one of the ovens at North Farmington High School is inoperable.

Pricing was requested through an existing WayneRESA bid. Three approved vendors provided pricing for the convection ovens. The bid price ranged from a total of \$32,760 - \$57,906.90 for the three sets of convection ovens. The Nutrition Services Department recommends awarding the convection ovens to the company with the lowest price, Stafford Smith, Inc for a total of \$32,760. Power Middle School and North Farmington High School will receive double units at a cost of \$10,255 per unit. Hillside Elementary will receive a larger convection at \$11,299 due to the pan racks we use to cook their food. Delivery for all three units is \$960. Stafford Smith has provided excellent pricing and service to Farmington Public Schools in previous years. The bid price is good through March 25, 2022. The lead time on these ovens is approximately 6 months. It is very important we get our order in as soon as possible before our current ovens fail.

If approved by the Board, the purchase of this serving line will be paid for out of the Nutrition Services Fund.

TERMS: Upon receipt of application for business account, signed quote/purchase order and review by the credit department, the down payment and terms will be established and shared with the customer and account executive. Stafford-Smith reserves the right to progress bill for equipment as needed. This includes items shipped by the manufacturer to Stafford-Smith for storage and is not conditional upon being installed, mechanically connected or operational. You are welcome to inspect all stored materials.

Stafford-Smith, Inc. shall retain security interest in all equipment, parts, small wares, accessories, attachments, additions, and any replacements of the above that have been installed, affixed to or used in connection with the items specified in this proposal until all amounts have been paid.

Should the Buyer sell or otherwise dispose of such collateral in violation of the terms of this agreement, Stafford-Smith, Inc. retains an interest in the proceeds from such transactions. Buyer authorizes Stafford-Smith, Inc. to file a financing statement describing the collateral and a copy of this agreement and/or the credit application may be filed as a security agreement for granting a

secured interest in Buyer's inventory and sales
proceeds thereof.

Past due amounts constitute a default and are subject to service charges of 1 1/2% per month, collection costs, and attorney fees. Warranties are conditioned on your paying the full purchase price for the equipment.

In addition to non-payment, an act of default by the buyer will have occurred if the buyer fails to accept the order of goods or fails to perform any other covenants under this agreement. In the event of default, Stafford-Smith, Inc. may enter any business property and without breach of the peace take possession of any or all collateral and exercise our rights in the event of default of a secured party as specified under the Uniform Commercial Code. Should any disputes arise, Buyer also acknowledges and submits to jurisdiction in the State of Michigan and County of Kalamazoo.

Except as otherwise provided herein, this proposal does not include any applicable State or Federal taxes, any charge for electrical wiring or plumbing and is subject to acceptance by buyer and seller within thirty (30) days from the date of this quote and only in accordance with the terms stated.

When ordering drop-ship equipment, please be aware to inspect your order immediately upon receipt. You may request the driver wait, for a reasonable amount of time, while you inspect and they must comply to your request. If the driver refuses to wait, please mark the receipt "driver not willing to wait" and contact Stafford-Smith within (48) hours in order for a claim to be filed. If there is damage, you may refuse or you can accept and note the damage. Please take photos, if possible, to assist in filing the claim. You must keep all original cartons, even if you accept the damage, so Stafford-Smith can pursue a freight claim on your behalf. Please send the bill of lading and any additional documentation to your Stafford-Smith representative.

If you don't have time to inspect when delivered, you have up to (48) hours to inspect and notify us immediately if there is an issue so we can address the best way to handle the claim. If not notified within (48) hours, your claim may not be valid.

Effective 2-1-22 we will be implementing a 3.5% surcharge on credit card transactions. As an alternative we also accept ACH, ECheck and wire transactions and you can pay directly from our website.

I agree to the terms hereof and offer to purchase described goods and services as proposed hereby.

March 22, 2022

Regular Meeting of the Board of Education

XIII. CONSENT AGENDA. I move that the Board of Education approve the March 22, 2022 Consent Agenda, as follows:

- A. Approval of Minutes
 - 1. March 8, 2022 Regular Meeting
- B. Head Start Director's Monthly Report
- C. Oakland Schools Special Education Parent Advisory Committee Appointee

**REGULAR MEETING
OF THE FARMINGTON BOARD OF EDUCATION
Maxfield Education Center
32789 W. Ten Mile
Farmington, Michigan
March 8, 2022**

President Weems called the meeting to order at 6:00 pm.

ROLL CALL:

Present: Terri A. Weems, President
Zach T. Rich, Vice President
Angie F. Smith, Secretary
Claudia T. Heinrich, Treasurer
Mable S. Fox, Trustee
Donald Walker, Trustee

Absent: Cheryl B. Blau, Trustee

Also Present: Chris Delgado, Superintendent; Kelly Coffin, Jennifer Kaminski, and Kathy Smith, Assistant Superintendents; Jon Barth, Diane Bauman, Directors; executive assistant, Cathy Staran; staff and community members

1. **PLEDGE OF ALLEGIANCE.** Middle school students Greta Green, Nikita Raj, Kayla Williams, Mallory Dilluvio, and Vera Bard Kuhl, led the pledge.
2. **APPROVAL OF THE AGENDA.** It was moved by Rich and supported by Smith that the Board of Education approve the agenda for the March 8, 2022 regular meeting, as presented.

MOTION PASSED 6-0.
3. **ANNOUNCEMENTS.** President Weems detailed procedures for Board meetings and for public comments.
4. **BOARD GOALS.** President Weems informed the community on Board progress pertaining to the 2021/2022 Board Goals.
5. **CORRESPONDENCE.** Secretary Smith reported on correspondence that was received during this period. Communications are acknowledged, and, when appropriate, a response is provided. A list of correspondents and topics can be found in the Board packet, which is available on the FPS website.
6. **LEGISLATIVE UPDATE.** None.

7. RECOGNITION: JIMIRI YOUTH LEADERSHIP PROGRAM.
Presenter: Chris Delgado, Superintendent

Dr. Delgado Recognized the following students for their participation in the Jimiri Youth Leadership Program:

- East Middle School students Mars Weiler, Greta Green, London Walker, Xavier Jones, and Alissa Bingham, Restorative Practice Facilitator
- Power Middle School students Kayla Williams, Vera Bard Kuhl, Lakshanaa Thennarasu Jayanthi, Tiana Clemons, and Tamika Williams, Restorative Practice Facilitator
- Warner Middle School students Nikita Raj, Mallory Dilluvio, Lila Kettinger, and Carol Sethi, Restorative Practice Facilitator

The Jimiri Youth Leadership Program is a collaborative effort that brings together young people from different racial and ethnic backgrounds to build friendships, understanding, and empathy across racial lines.

8. SUPERINTENDENT'S DISTRICT UPDATE.
Presenter: Chris Delgado, Superintendent

Dr. Delgado's topics included a welcome back from mid-winter break, school concert performances, congratulations to the Hackbots-Cass Tech Invitational, Super Saturdays' tutoring program, the Visions artwork display at the KicksART Gallery, and a moment of silence in memory of Beechview teacher, Meg White.

9. ADMINISTRATIVE APPOINTMENT - WOOD CREEK ELEMENTARY SCHOOL - PRINCIPAL.

Presenter: Chris Delgado, Superintendent; Kathy Smith, Assistant Superintendent-Instruction and Talent Development

Ms. Kathy Smith described the rigorous hiring process and introduced Ms. Christina Lewis the administrator selected to serve as the new principal at Wood Creek Elementary School.

10. FARMINGTON/FARMINGTON HILLS EDUCATION FOUNDATION UPDATE.
Presenter: Chris Delgado, Superintendent; Chris Greig, Foundation Treasurer

Chris Greig provided the following update: The Toast to Education fundraiser was a success, new board members, Lisa Holmes and Rodney Williams were added. The board was expanded further and welcomed Jessica Cummings and Verneece Boateng. During the pandemic, they shifted back to the all-volunteer organizational model. The Foundation has welcomed H.E.A.R.T. under their Foundation umbrella. The Foundation supports robotics by handling corporate sponsorships. A new initiative focus is Give-Education Day on March 23, where monetary donations can be made. The foundation is working on scholarships, growing its alumni network, and revamping its social media and website.

11. DEI UPDATE.

Presenters: Chris O'Brien, Director, Instructional Equity, State & Federal Programs, MTSS; Ninoska Wiltse, ELL Curriculum & Program Coordinator

Ms. Wilste presented an update for English Learners (EL) students whose first language is not English but who are learning English and Multilinguals (ML) students whose parents or guardians report speaking one or more languages other than English at home. Ms. Wilste informed the Board of the Legislative Requirements, EL Population Data, Widda Access, EL Identification and Assessment, EL Programs, Seal of Biliteracy, and EL Successes in FPS.

Board members' questions were asked, answered, comments were shared, and gratitude was expressed to the presenters.

12. STRATEGIC PLAN UPDATE (GOAL AREA COMMITTEE - CREATING A CULTURE FOR EQUITY AND INNOVATION).

Presenter: Co-Leaders: Yevgeniya Pukalo, Teacher-North Farmington High School; Nancie Jahshan, Elementary Literacy Coach-Hillside Elementary; Emily Torres, Teacher-Wood Creek Elementary; Lesli Svoke, Art Teacher-Farmington High School; Committee Member Melissa Wiersinski, Interim-Principal, Wood Creek Elementary; Co-Chairs: Chris O'Brien, Director, Instructional Equity, State & Federal Programs, MTSS; David Reese, Principal, Farmington Central High School.

The committee shared the objectives (1) Identify and Promote Adult Behaviors that Support a Culture for Equity and Innovation and (2) Align Professional Development to Support Creating a Culture for Equity and Innovation. The committee discussed what they have done, the findings that guided their work, what they are doing, and where they are headed. Student voice opportunities are an important focus in their work.

Board members' questions were asked, answered, comments were shared, and gratitude was expressed to the presenters.

13. REPORTS FROM BOARD COMMITTEES.

Communications/Community Engagement (CCE) Committee: Committee Chair Walker provided a synopsis of the February 28, 2022, committee meeting. Topics included Review of Communications/Community Engagement (CCE) Plan, Transportation to The Hawk for Middle School Students, and support needed for the FAAPN Super Saturdays tutoring program.

Legislative Committee: Mr. Donald Walker reported on behalf of Chair Blau, who's gone to Washington, DC to support the IDEA Full Funding Act. Dr. Delgado shared the committee is exploring legislation that allows more flexibility for pupil accounting for hybrid models, online learning, and schedules. Carolyn Claerhout, Oakland Schools Manager of District and Pupil Services, has been invited to the next committee meeting to share information.

14. CUSTODIAL EQUIPMENT PURCHASE RECOMMENDATION.

Presenters: Chris Delgado, Superintendent; Jon Barth, Director, Facilities and Maintenance Operations

As part of the District's new hybrid custodial model, the Operations Department is requesting the purchase of new vacuums, floor scrubbers, carpet extractors, carpet spotters, restroom cleaners, and air movers, to replace aging equipment. Much of the existing equipment can no longer be repaired or is inadequate for the job. Knowing this, the Operations team researched and selected equipment that would be much more reliable and provide greater efficiency for our new custodial model. Existing custodial equipment that is deemed useful as spares will be kept while obsolete or unrepairable equipment will be sold or scrapped (if no value) in accordance with Board Policy 5004. It should be noted that the District's new FPS head custodians and our ABM custodians received training on equipment care and operation during mid-winter break, with instructions to treat and maintain the new equipment as if it were their own.

A reminder that per Board Policy 5003, a formal bid is not required because the purchase is being made through our consortium partnership with Nichols Corporation (document reference below). The total cost for the new equipment is \$99,504.23, to be funded from the 2015 Bond FF&E. This purchase has been reviewed and approved as an eligible bond expense by Plante Moran and Jennifer Kaminski. Action item requested for the Board of Education's March 22, 2022 general meeting.

15. PUBLIC COMMENTS. Public comments were shared.

16. APPROVAL OF RESOLUTION TO HOLD THE 2023 BUDGET PUBLIC HEARING.

Presenters: Chris Delgado, Superintendent; Jennifer Kaminski, Assistant Superintendent Business Services

MOTION: It was moved by Walker and supported by Smith that the Board of Education approve the Resolution to Hold the Public Hearing on the FY 2023 Budget and waive the reading of the resolution.

ROLL CALL VOTE: **Ayes:** Weems, Rich, Heinrich, Walker, Fox, Smith
Nays: None

MOTION PASSED 6-0.

17. FIREWALL REPLACEMENT BID AND AWARD RECOMMENDATION.

Presenters: Chris Delgado, Superintendent; Wes Prescott, Oakland Schools

This item was presented in detail at the February 8, 2022 regular meeting.

MOTION: It was moved by Heinrich and supported by Walker that the Board of Education approve the bid award as presented at the February 8, 2022 regular

meeting for the purchase of a new firewall in the amount of \$61,669.64 using Delta Network Services with funds to come from the Capital Projects (Building and Site - 2020) Fund.

ROLL CALL VOTE: **Ayes:** Weems, Rich, Heinrich, Walker, Fox, Smith
Nays: None

MOTION PASSED 6-0.

18. **CONSENT AGENDA.** It was moved by Rich and supported by Smith that the Board of Education approve the Consent Agenda dated March 8, 2022.

- A. Approval of Minutes
 - 1. February 8, 2022, Regular Meeting
- B. Personnel Items

MOTION PASSED 6-0.

19. **REPORTS FROM BOARD REPRESENTATIVES.**

Student Round Table: Trustee Fox deferred her position at the Student Round Table to Secretary Smith. Ms. Smith reported great interactions with the students and administrators, masks were discussed, and an appreciation for student voice.

FAAPN: Trustee Walker reported the FAAPN Saturday Tutoring is continuing, they still need tutors and support for the students.

24. **RECOMMENDATIONS FOR FUTURE AGENDA ITEMS.**

Trustee Fox requested more information regarding club budgets. Dr. Delgado will gather the information for the board and community.

25. **GOOD AND WELFARE.** Board members spoke on topics of personal interest.

26. **ADJOURNMENT.** The Board of Education March 8, 2022, regular meeting was adjourned at 8:23 pm.

Angie F. Smith
Farmington Board of Education
Board Secretary

To: Board of Education Members
Cc: Dr. Christopher J. Delgado
From: Kirsten Cicchella
Date: February 2022
Re: **Head Start Directors Monthly Report**

Program updates:

- Program enrollment was at 54 students for the month with six children having an Individualized Education Plan.
- The Office of Head Start has issued guidance that all Head Start programs must continue to follow the Interim Final Rule from the Department of Health and Human Services which states a vaccine and mask requirement for those staff servicing Head Start students as well as a mask mandate for students.
- All staff began updated training in first aid and CPR.
- Long time Family Service staff person Gloria Vanderlugt retired. Gloria was well known in our community for the services she provided to our most vulnerable families for the last 30 years. Tammy McDaniel, who was a student teacher with us this fall, will continue on in a contract position the rest of this year supporting Gloria’s position.
- Staff continued professional learning focused on Reflective Supervision.
- The program served 852 breakfasts and 863 lunches through National School Lunch and 839snacks through CACFP for the months of January and February.

FARMINGTON PUBLIC SCHOOLS
MEMORANDUM

TO: Board of Education
CC: Dr. Christopher Delgado, Superintendent
FROM: Dr. Jacqueline McDougal, Executive Director of Special Education
SUBJECT: Oakland Schools - Special Education Parent Advisory Committee
DATE: March 2, 2022

Please see the biography for JaTara Wright, the new Parent Advisory Committee (PAC) Representative submitted to replace Dawn Eisenscher. Dawn left the district. JaTara's term will be 2021-2024.

We are asking Board approval to appoint Ms. JaTara Wright.

My name is JaTara Wright and I'm proud to call Farmington Hills, Michigan my home. I am the mom of an awesome differently-abled daughter named Grace Thomas. I'm also the owner of Innovative Marketing Artistry a digital marketing agency and Innovative Work Alternatives a remote work career agency.

To tell you a little bit about myself I enjoy learning and researching projects and listening to music. I also enjoy spending time with my daughter traveling and hanging out with my two Pomeranian pups.

In addition, helping my daughter develop and excel despite how different she may be has been so rewarding for me. I aim to help her understand that really, she's not different at all, she's just like many of us human beings living life and enjoying the life of others.

My goal is to use some of that experience and care while working with the educational team. I enjoy helping others and I look forward to doing so while being a part of the organization.
