Investing in Teacher Learning

Instructional Services January 6, 2026

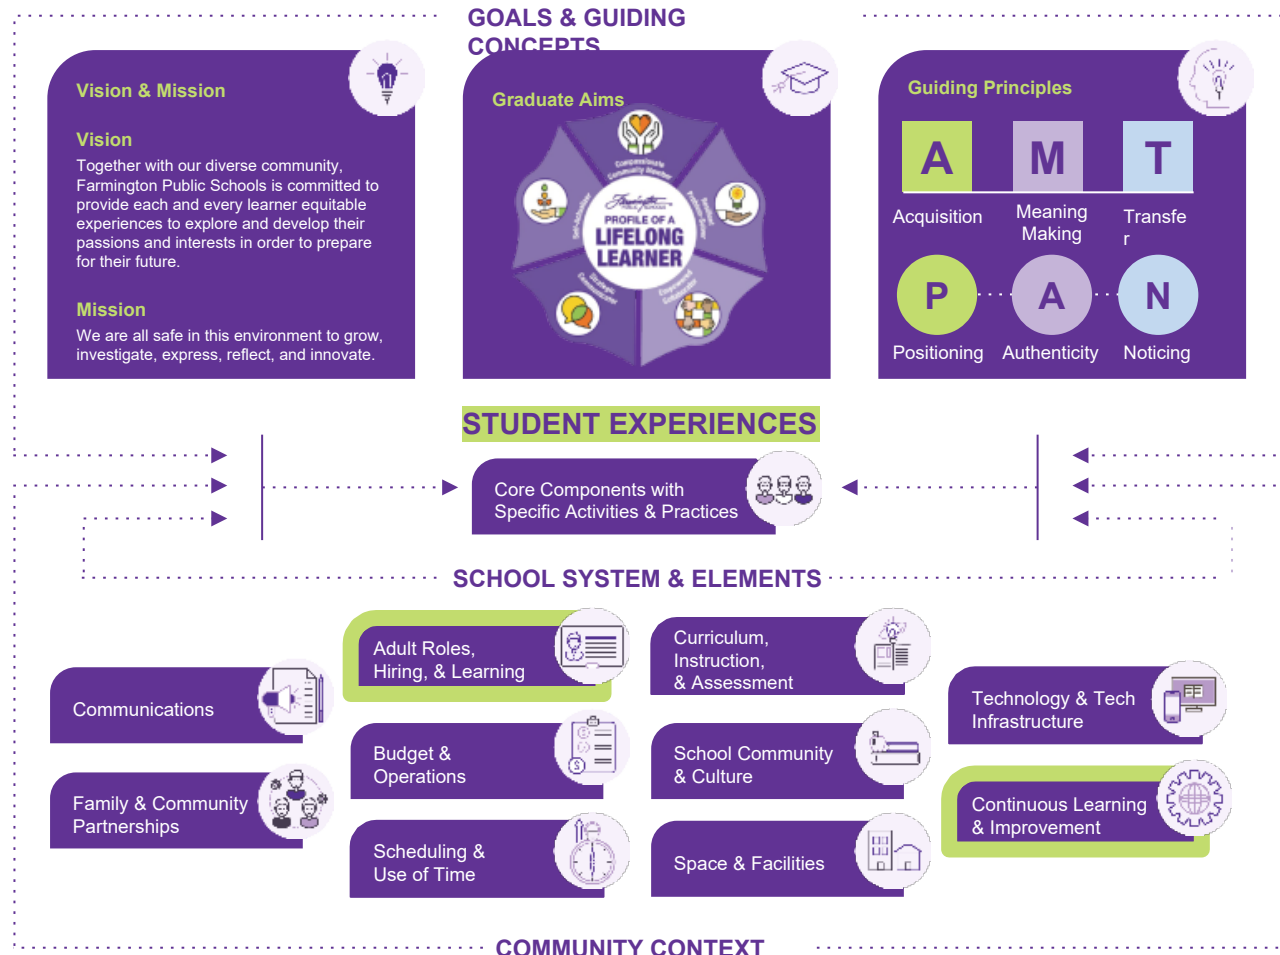

A Blueprint for Every Learner's Success

At Farmington Public Schools, every decision we make, from how we structure our classrooms to how we support students' well-being, is guided by a clear and thoughtful framework for learning and growth. This School Design Blueprint shows how all the pieces of our educational system work together to support students at every level.

This Blueprint is a commitment to belonging, academic excellence, real-world learning, and strong relationships. Each part is designed to make sure students feel known, challenged, and prepared for whatever comes next. See how our programs, supports, and priorities connect, and how they're all part of a bigger picture: each student's lifelong success.

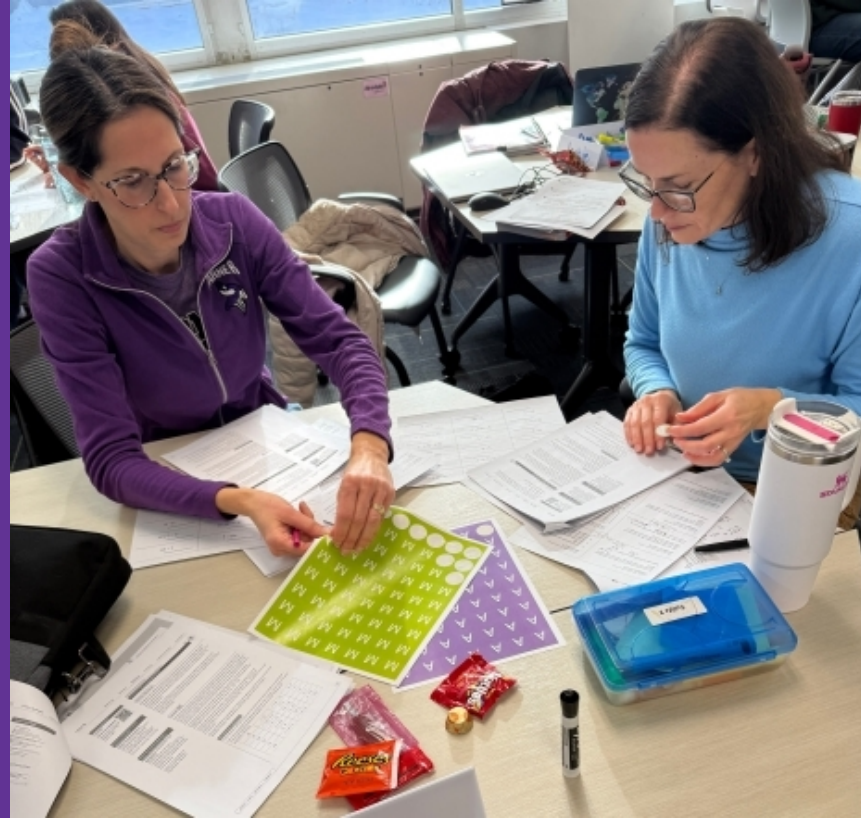

The FPS Blueprint reflects a commitment to transforming student experiences in big, meaningful ways.

Memorandum

To: Members of the Board of Education
From: Jennifer Kaminski, Assistant Superintendent for Business Services
Date: January 5, 2026
Subject: Bid Pack #18 - FHS Addition Total Estimated Cost

The expected full cost of the FHS addition is approximately \$4,202,000. The Board of Education will be asked to review and approve the construction and contingency budget ("hard costs") totaling \$3,173,919 at the January 5, 2026 BOE Meeting. Also included in the \$4,202,000 total budget is \$125,000 furniture (funded from the FF&E bond budget) and \$95,000 for technology needs (funded from the technology/security bond budget). The balance of approximately \$807,956 is for "soft costs" which includes professional services, move management, testing and environmental services. The professional services are part of contracts that have been in place during the current bond, such as construction manager fees, staffing and reimburseables. Other professional services also include architectural fees and reimbursables as well as owner's rep fees. Below is a summary:

Construction and contingency (hard costs): <i>(BOE approval 1/5/26)</i>	\$3,173,919
Professional Services estimate (soft costs): <i>(Contracts previously in place)</i>	807,956
Furniture estimate: <i>(BOE approval from FF&E bond budget at a later date)</i>	125,000
Technology estimate: <i>(BOE approval from Technology/Security bond budget at a later date)</i>	95,000
Total Estimated Cost of FHS Addition	\$4,201,875

RE: 2020 Bond - Contract Award Recommendation for Construction Bids
Bid Pack #18 – Farmington High School Multi-Purpose Room Addition

Dear Mr. Barth:

This letter transmits an update from Plante Moran Realpoint (PMR) as it relates to the assignment to assist and advise Farmington Public Schools (FPS) in its selection of Prime Contractors for the 2020 Bond Project listed above. This update represents the mutual efforts of PMR, TMP Architecture, Inc. (TMP), McCarthy & Smith and FPS administration and staff (Project Team) to present a framework in order to identify, evaluate and recommend Prime Contractors for this Project.

The Project Team has diligently worked to continuously validate the project scope sheets for the Project listed above, reviewed proposed drawings and performance specifications, met with district personnel, and aligned the release and bid due dates to ensure good bid coverage for the District.

On November 13, 2025, an advertisement for bids was posted to the required State of Michigan website. In addition, the advertisement was posted to the District's website as well as a local newspaper. Construction Documents and Specifications were formally issued and made available to interested bidders via web-based portals.

Relative to Bid Pack #18 – Farmington High School Multi-Purpose Room Addition, one hundred ten (110) bid proposals were received and publicly opened on December 9, 2025. During the next two weeks, the bid proposals were reviewed to determine the scope, schedule, budget, and other financial implications. Interviews were held with the recommended bidders and were attended by various members of the Project Team.

Upon completion of the interviews, and after subsequent clarifications and discussions, the Project Team is recommending the firms listed in McCarthy & Smith's Award Recommendation Letter for Bid Pack #18 – Farmington High School Multi-Purpose Room Addition for contract award.

Including Hard Construction of \$2,885,380.80 and Construction Contingency (10%) of \$288,538.00, this Project award recommendation equals \$3,173,918.80.

For the Prime Contractors, the cost for the Work will be detailed in AIA Contract A132 – 2019 Standard Form of Agreement between Owner and Contractor, as modified pending final review and approval of terms by district legal counsel.

The recommendation for this Project is within the overall 2020 bond budget and approximately 10% below the current budget for this project. The recommendation for this bid package will be funded from the 2020 Bond.

The work is planned to start in February 2026 pending suitable weather conditions and be substantially complete by December 31, 2026.

The Project Team is available at the Board's convenience to answer any questions regarding bidding, the proposals, interview process, or the recommendation of the Project Team.

Sincerely,

PLANTE MORAN REALPOINT

Regular Meeting of the Board of Education

IX. PRESIDENT'S STATEMENT BEFORE PUBLIC COMMENTS (2).

During the Public Comment portion of our Board meeting, members of the community are welcome to address the Board. Each community member will have up to [????] minutes to speak. A timer on the screen will display the [????]-minute countdown for each speaker so comments are contained within the time allowed. Please address your comments to the Board and speak directly into the microphone on the podium. If your comment is related to a student or staff member, please use caution in stating names of individuals where protection of privacy would be appropriate.

The Board will respectfully listen to comments, but generally the Board does not respond to public comment. In some cases, it might be appropriate for someone to follow up with you to address concerns.

Memorandum

To: Members of the Board of Education
From: Jennifer Kaminski, Assistant Superintendent for Business Services
Date: January 5, 2026
Subject: Bid Pack #18 - FHS Addition Total Estimated Cost

The expected full cost of the FHS addition is approximately \$4,202,000. The Board of Education will be asked to review and approve the construction and contingency budget ("hard costs") totaling \$3,173,919 at the January 5, 2026 BOE Meeting. Also included in the \$4,202,000 total budget is \$125,000 furniture (funded from the FF&E bond budget) and \$95,000 for technology needs (funded from the technology/security bond budget). The balance of approximately \$807,956 is for "soft costs" which includes professional services, move management, testing and environmental services. The professional services are part of contracts that have been in place during the current bond, such as construction manager fees, staffing and reimburseables. Other professional services also include architectural fees and reimbursables as well as owner's rep fees. Below is a summary:

Construction and contingency (hard costs): <i>(BOE approval 1/5/26)</i>	\$3,173,919
Professional Services estimate (soft costs): <i>(Contracts previously in place)</i>	807,956
Furniture estimate: <i>(BOE approval from FF&E bond budget at a later date)</i>	125,000
Technology estimate: <i>(BOE approval from Technology/Security bond budget at a later date)</i>	95,000
Total Estimated Cost of FHS Addition	\$4,201,875

RE: 2020 Bond - Contract Award Recommendation for Construction Bids
Bid Pack #18 – Farmington High School Multi-Purpose Room Addition

Dear Mr. Barth:

This letter transmits an update from Plante Moran Realpoint (PMR) as it relates to the assignment to assist and advise Farmington Public Schools (FPS) in its selection of Prime Contractors for the 2020 Bond Project listed above. This update represents the mutual efforts of PMR, TMP Architecture, Inc. (TMP), McCarthy & Smith and FPS administration and staff (Project Team) to present a framework in order to identify, evaluate and recommend Prime Contractors for this Project.

The Project Team has diligently worked to continuously validate the project scope sheets for the Project listed above, reviewed proposed drawings and performance specifications, met with district personnel, and aligned the release and bid due dates to ensure good bid coverage for the District.

On November 13, 2025, an advertisement for bids was posted to the required State of Michigan website. In addition, the advertisement was posted to the District's website as well as a local newspaper. Construction Documents and Specifications were formally issued and made available to interested bidders via web-based portals.

Relative to Bid Pack #18 – Farmington High School Multi-Purpose Room Addition, one hundred ten (110) bid proposals were received and publicly opened on December 9, 2025. During the next two weeks, the bid proposals were reviewed to determine the scope, schedule, budget, and other financial implications. Interviews were held with the recommended bidders and were attended by various members of the Project Team.

Upon completion of the interviews, and after subsequent clarifications and discussions, the Project Team is recommending the firms listed in McCarthy & Smith's Award Recommendation Letter for Bid Pack #18 – Farmington High School Multi-Purpose Room Addition for contract award.

Including Hard Construction of \$2,885,380.80 and Construction Contingency (10%) of \$288,538.00, this Project award recommendation equals \$3,173,918.80.

For the Prime Contractors, the cost for the Work will be detailed in AIA Contract A132 – 2019 Standard Form of Agreement between Owner and Contractor, as modified pending final review and approval of terms by district legal counsel.

The recommendation for this Project is within the overall 2020 bond budget and approximately 10% below the current budget for this project. The recommendation for this bid package will be funded from the 2020 Bond.

The work is planned to start in February 2026 pending suitable weather conditions and be substantially complete by December 31, 2026.

The Project Team is available at the Board's convenience to answer any questions regarding bidding, the proposals, interview process, or the recommendation of the Project Team.

Sincerely,

PLANTE MORAN REALPOINT

RE: 2020 Bond Issue
Bid Package #18 Farmington High School Multipurpose Addition

SUBJ: Contract Award Recommendation

Mr. Barth,

On Tuesday, December 9, 2025, at 10:00 AM, sealed bids were received and publicly opened for the work pertaining to the above referenced project. In attendance at the bid opening were representatives from Farmington Public Schools, Plante Moran Realpoint, TMP Architecture, Inc., McCarthy & Smith, Inc., and interested Bidders. Bids were opened, recorded, and tabulated.

The project team has conducted post bid interviews with the following low, qualified Bidders, for each bid division of work. During the post bid interview, the project team reviewed the Contractor's qualifications, scope of work, project schedule, manpower requirements, and specified materials. Based upon the project team's review of the proposals and bidders, we propose the following companies to Farmington Public Schools for contract award:

1. Policy 2005 – Behavior - Personal Electronic Devices (Update 19.01) Memo - March 2025	
Current FPS Policy Language	Proposed Adopted Language
Personal Electronic Devices Students may possess an electronic device while in school, but subject to the rules for use developed in each building. Building rules are to be designed by administration and staff members and may also include other stakeholders. While a student is in attendance at a school-sponsored activity or event, the devices may only be used in accordance with the building rules. Where use of an electronic device is permitted, students are expected to fully recognize and respect the privacy and confidentiality rights of their fellow students. A student who is given permission to use an electronic communication device, or a recording device, at school, may only use the device in a manner that is consistent with the narrow permission that has been granted. Device is defined as a privately-owned wireless and/or portable electronic handheld equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable internet devices, hand held entertainment systems or portable information technology systems that can be used for word processing, wireless internet access, image capture/recording, sound recording and information transmitting/receiving/storing, etc. Students may not use personal electronic devices to broadcast or record audio, images, or video of any student, staff member, or other person in the school or while attending a school-related activity, unless the student has received permission from the person(s) to be broadcasted or recorded. This prohibition does not apply to curricular or extra-curricular activities for which personal recording is generally permitted (e.g., athletic events, arts performances, etc.). Students violating this policy are subject to disciplinary action in accordance with the Student Code of Conduct. Devices operated in violation of this policy or a building rule, or for any illegal purpose, shall be confiscated and not returned until, where appropriate, a person(s)/guardian(s) conference has been held. The District shall not be responsible for any electronic device that is lost, stolen, or confiscated.	No Changes.

2. Policy 4003 *NEW* – Conditions of Employment - Employees and Recording Devices (add to the remainder of the existing Policy 4003 – Conditions of Employment).	
Current FPS Policy Language	Proposed Adopted Language
<i>No current policy exists.</i>	Personal Electronic Devices – Recording and Broadcasting For purposes of this Policy, “personal electronic device” means a privately owned device that is used for audio, video, or text communications, including cell phones, personal laptops, smartwatches and other wireless device connections. Employees may not use personal electronic devices to broadcast or record audio, images, or video of any student or staff member(s) during the instructional day, unless the employee has received permission from the student’s parent or staff member(s) to broadcast or record. This prohibition does not apply to curricular or extra-curricular activities for which personal recording is generally permitted (e.g., athletic events, arts performances, etc.).
