Board of School Trustees
Mansfield Independent School District

TITLE: Consideration and Approval of The First Reading of MISD Policy: FDA (LOCAL)

DATE: May 26, 2026

ACTION

BACKGROUND:

MISD is a member of the Texas Association of School Boards and as part of our service agreement; we either receive their policy recommendations or send our policy recommendations for our Legal and Local policies. The TASB policy service periodically provides Legal and Local policy updates, which reflect changes in education law and rule.

CONSIDERATIONS:

MISD Update Recommended Policy Change

FDA (LOCAL)

RECOMMENDATION:

The Superintendent recommends approval of the first reading of the policy updates.

RECOMMENDED MOTION:

If the Board desires to approve this action item, an appropriate motion would be: *"Move to approve the first reading of the Policy Update as presented."*

Authority

The Superintendent is authorized to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language.

Transfer Requests

A nonresident student wishing to transfer into the District shall file an application for transfer with the Superintendent by the deadline posted. Applications will be considered for schools or programs listed for eligibility. Students are eligible to apply for a Specialized Choice Program if capacity remains in the program to which the student has requested a transfer after resident and employee children have been considered.

Factors

In approving transfers in the District, the Superintendent shall consider the availability of space and the criteria posted for the student's grades, state testing standards, reading levels, disciplinary history, and attendance records, which the parent or guardian must supply in full before transfer consideration.

Further, a transfer approval shall be based on the following criteria for consideration:

1. The building capacity of the school to which the student has requested a transfer;
2. The current enrollment of the receiving school;
3. The growth projections of the receiving school;
4. Teacher allocations;
5. Class size;
6. Instructional programs at the assigned school;
7. Extraordinary family considerations; and
8. Other reasons deemed appropriate by the Superintendent or designee.

Resident Becoming a Nonresident

A resident student who becomes a nonresident during the course of a grading period shall be permitted to continue in attendance for the remainder of the school-year.

Children of District Employees

A child of a District employee may transfer from outside the District to the attendance zone feeder pattern in which the employee works. The intradistrict child of district employees has the same rights as a district resident student.

Approved Transfers

An approved transfer shall remain in effect for all grade levels at the approved campus for children of a District employee, provided

that the parent is a full-time employee, space for additional students is available at the receiving campus, and all information provided at the time of the transfer request remains accurate.

A student under this provision shall be considered a transfer student and shall be subject to revocation for any reason listed in this policy.

Transportation

The District shall not provide transportation to students on interdistrict transfers. Exceptions may occur when two or more District boundary zones intersect within an apartment or townhome complex property. If the student's transfer has been approved, there is space available on the bus, and the MISD resident students are receiving transportation.

District Rezoning

When the District implements a school attendance zone change, the students are deemed eligible for UIL participation at the varsity level in the new attendance zone, if the Board allows for a student to attend the new school early. The student must declare and attend at his or her first opportunity.

Transfer Consideration

The decision of the Superintendent or designee shall be considered final.

The Superintendent or designee may assign any student from one school facility or classroom within the District to another facility or classroom within the District.

Transfer Agreements

A transfer student shall be notified in the written transfer agreement that he or she must follow all rules and regulations of the District. Violation of the terms of the agreement may result in a revocation of the transfer.

A student under this provision shall be considered a transfer student and shall be subject to revocation for any reasons listed in this policy.

Transfer for Students Receiving Special Education Services

A student receiving special education services, not subject to reassignment pursuant to a decision by an admission, review, and dismissal (ARD) committee, shall satisfy the conditions under which transfers may be allowed pursuant to this policy. The individualized education program (IEP) of a student receiving special education services who transfers under this policy shall indicate that a transfer was approved, resulting in the student receiving services in a location other than the home campus.

Revocation of Transfer

Student transfers may be revoked under the following conditions:

1. The transfer student seeks to return to the out-of-district campus that serves his or her attendance area.

2. The student is on an employee transfer and the employee does not maintain employment in the District.

Tuition If the District charges tuition, the amount shall be set by the Board, within statutory limits.

Waivers The Board may waive tuition for a student based on financial hardship upon written application by the student, parent, or guardian. [See FP]

Nonpayment The District may initiate withdrawal of students whose tuition payments are delinquent.

Intellectual Property Rights

4.01 The Client recognizes and acknowledges that the Firm owns all right, title and interest in certain proprietary software that the Firm may utilize in conjunction with performing the services provided in this Agreement. The Client agrees and hereby grants to the Firm the right to use and incorporate any information provided by the Client ("Client Information") to update the databases in this proprietary software, and, notwithstanding that Client Information has been or shall be used to update the databases in this proprietary software, further stipulates and agrees that the Client shall have no rights or ownership whatsoever in and to the software or the data contained therein, except that the Client shall be entitled to obtain a copy of such data that directly relates to the Client's accounts at any time.

4.02 The Firm agrees that it will not share or disclose any specific confidential Client Information with any other company, individual, organization or agency, without the prior written consent of the Client, except as may be required by law or where such information is otherwise publicly available. It is agreed that the Firm shall have the right to use Client Information for internal analysis, purposes of improving the proprietary software and database, and to generate aggregate data and statistics that may inherently contain Client Information. These aggregate statistics are owned solely by the Firm and will generally be used internally, but may be shared with the Firm's affiliates, partners or other third parties for purposes of improving the Firm's software and services.

Article 5
Costs

5.01 The Firm and Client recognize that publication costs for citations and notices of sale and title abstract costs will be incurred in the process of providing the litigation services contemplated in this Agreement. All such costs shall be billed to the Client, in care of the Firm, and the Firm will advance the payment of such costs on behalf of the Client. Upon recovery of such costs from the defendants or from the tax sale of defendants' property, the Firm shall be reimbursed for the advance payment. Alternatively, the Firm may arrange with the vendor or agency providing the service that actual payment of the costs of services is wholly contingent upon recovery of such costs by the Client or the Firm from the defendants or from the tax sale of defendants' property. In such contingent arrangements, the Client has no responsibility or liability for payment or advancement of any costs, other than forwarding to the vendor or service provider any cost amounts received from defendants or from the tax sale of defendants' property.

5.02 The Client acknowledges that the Firm may provide services, such as title research, with its own employees or with other entities or individuals who may be affiliated with the Firm, but the Firm agrees that any charges for such services will be reasonable and consistent with what the same services would cost if obtained from a third party. The Client agrees that upon the recovery of such costs, the Client will: (i) pay the Firm for any such costs which have been advanced by the Firm or performed by the Firm, and (ii) pay any third party agency or vendor owed for performing such services.

Article 6
Term and Termination

6.01 This Agreement shall be effective on July 1, 2024 (The "Effective Date") and shall expire on June 30, 2027 (the "Expiration Date"), and the CLIENT shall have the option to extend this contract for two (2) additional three (3) year terms, unless extended as hereinafter provided.

6.02 Unless prior to 60 days before the Expiration Date, the Client or the Firm notifies the other in writing that it does not wish to continue this Agreement beyond its initial term, this Agreement shall be automatically extended for an additional one year period without the necessity of any further action by either party. In the absence of any such 60 day notice by either the Client or the Firm, the Agreement shall continue to automatically renew for additional and successive one-year terms in the same manner at the end of each renewal period.

6.03 If at any time during the initial term of this Agreement or any extension hereof, the Client determines that the Firm's performance under this Agreement is unsatisfactory, the Client shall notify the Firm in writing of the Client's determination. The notice from the Client shall specify the particular deficiencies that the Client has observed in the Firm's performance. The Firm shall have sixty (60) days from the date of the notice to cure any such deficiencies. If at the conclusion of that sixty-day remedial period, the Client remains unsatisfied with the Firm's performance, the Client may terminate this Agreement effective upon the expiration of thirty days following the date of written notice to the Firm of such termination ("Termination Date").

6.04 Whether this Agreement expires or is terminated, the Firm shall be entitled to continue to prosecute any tax suits, applications for tax warrants or bankruptcy claims pending on the Termination Date or Expiration Date for an additional six months following termination or expiration. The Client agrees that the Firm shall be compensated as provided by Article 3 for any base tax, penalties and interest collected in the pending matters during the six-month period.

6.05 The Client agrees that the Firm shall be reimbursed for any costs advanced and shall be paid for any services performed pursuant to Article 5 when such costs are recovered by or on behalf of the Client, regardless of the date recovered. It is expressly agreed that neither the expiration nor the termination of this Agreement constitutes a waiver by the Firm of its entitlement to be reimbursed for such costs and to be paid for such services. It is further expressly agreed that the expiration of any six-month period under Section 6.04 does not constitute any such waiver by the Firm.

90th Texas Legislative Session Priorities (2026–2027)

STUDENT EXPERIENCE

1. Fully Fund State Mandates and Special Populations

The State of Texas should fully fund all mandated programs and requirements imposed on public schools, including school safety and security requirements, special education services, academic intervention and student support services, mental and behavioral health services, emergent bilingual (EB) programs, at-risk student services, and early learning programs, including full-day Pre-K funding.

2. Fund Schools Based on Enrollment, Not Attendance

Transition from an Average Daily Attendance (ADA) funding model to an enrollment-based funding system.

SCHOOL FINANCE & RESOURCE ALLOCATION

3. Increase and Index the Basic Allotment

Increase per-student funding and index the Basic Allotment to inflation.

4. Ensure Long-Term School Finance Stability and Equity

Develop a school finance system that prioritizes equitable distribution of state resources, increases the state share of funding to reduce reliance on local property taxes, and provides predictable, sustainable funding streams for districts.

ASSESSMENT & ACCOUNTABILITY

5. Reform the A–F Accountability System

Establish a more holistic and balanced accountability system that reduces over-reliance on STAAR assessments, incorporates multiple measures of student success such as CCMR and workforce readiness, and limits standardized testing impact to no more than 50% of accountability ratings.

6. Ensure Fair and Comparable Accountability Standards

Require that all schools receiving public funds, including private schools participating in voucher or ESA programs, meet equivalent academic accountability standards, demonstrate comparable student outcomes, and adhere to transparency and reporting requirements.

Board of School Trustees
Mansfield Independent School District

TITLE: Consideration and Approval of Mansfield ISD PIA Business Day Calendar 2026-2027

DATE: May 26, 2026

ACTION

BACKGROUND:

House Bill 3033 (Tex. Gov't Code §552.0031), effective September 1, 2023, revised how governmental bodies calculate "business days" under the Texas Public Information Act. Under the statute, an independent school district may designate up to ten (10) nonbusiness days per calendar year (January 1–December 31). "Nonbusiness day" means a day the District's administrative offices are closed or operating with minimum staffing. Saturdays, Sundays, and the holidays listed in Tex. Gov't Code §662.003 are excluded from business-day counts as a matter of law. Optional holidays in §662.003(c) and any Friday/Monday observed because a holiday falls on a weekend are excluded only if the District elects to observe them or closes offices on those days.

RECOMMENDATION:

The Superintendent recommends the Board approve the Mansfield ISD PIA Business Day Calendar for 2026–2027 and adopt the designated nonbusiness days pursuant to Tex. Gov't Code §552.0031.

MOTION:

Move to approve the Mansfield ISD PIA Business Day Calendar for 2026–2027 and adopt the designated nonbusiness days under Tex. Gov't Code §552.0031 as presented.

TITLE: Consideration and Approval of Proposed Budget Amendments

DATE: May 26, 2026

ACTION

BACKGROUND:

The legal basis for budget development in Texas school districts is established in Sections 44.002 through 44.006 of the Texas Education Code. The Texas Education Code requires Board approval of the budget for the General Operating, Debt Service, and Food Service Funds. Board Resolution #26-01 permits the Superintendent or Associate Superintendent for Business and Finance to authorize routine budget revisions, adjustments and transfers necessary for the payment of District obligations throughout the fiscal year.

Any non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding $500,000 must continue to be presented to the Board of Trustees for approval prior to processing.

A summary report of budget revisions, adjustments, and transfers approved and processed by the District in accordance with this resolution, listed by major function and funds, shall be submitted to the Board of Trustees for adoption/ratification on a monthly basis.

The attached amendments ensure compliance with state and local requirements.

Budget changes over $500,000 for approval:

There are no budget changes requiring approval at this time.

CONSIDERATIONS:

General Fund amendments are primarily transfers between functions due to account code changes and department requirements.

RECOMMENDATION:
The Superintendent recommends that the Board approve and ratify the amendments to the 2025-2026 budgets as presented.

RECOMMENDED MOTION:
“Move to approve and ratify the budget amendments as presented.”

TITLE: Consideration and Approval of 2026-27 Hazardous Walk Zones

DATE: 5/26/2026

CONSENT

BACKGROUND:

In accordance with Board Policy CNA (LEGAL) the district may apply to the Commissioner of Education for an additional amount of up to ten percent of its regular transportation allotment to be used for the transportation of students living within two miles of the school they attend who would be subject to hazardous traffic conditions if they walk to school.

CONSIDERATIONS:

Students living within two miles of the listed schools and within the listed designated hazardous walk zone are eligible for district transportation. T he Transportation Department recently inspected previously designated hazard areas, along with new construction areas, and new attendance zones, to determine if any hazardous conditions remain following recent community improvements. Areas that were determined to no longer have qualifying road hazard conditions will not have bus service next year. The following resolution represents all of the MISD hazardous walk areas for the 2026-27 school year.

RECOMMENDATION:

The Superintendent recommends The Board approve the areas listed in Resolution 26-22 as hazardous walk zones for the 2026-27 school year.

RESOLUTION OF THE BOARD REGARDING SB 546 SEAT BELT REQUIEREMENTS – FINANCIAL INABILITY DETERMINATION

WHEREAS, Senate Bill 546 (89th Texas Legislature) requires that all school buses operated by or contracted for use by a school district be equipped with three-point seat belts for every passenger, including the operator, with full compliance required no later than September 1 ,2029; and

WHEREAS, Mansfield ISD currently operates a fleet that includes a significant number of buses that do not meet the newly mandated safety equipment requirements, as they were acquired before the implementation of Senate Bill 546; and

WHEREAS, the estimated cost to replace is $6,105,000 or retrofit is $355,650 the non-compliant buses, which has been determined to create a substantial financial burden on the District; and

WHEREAS, the 2025-2026 Adopted Budget included a deficit of $15,810,541; and

TITLE: Consideration and Approval of SB 546 Seatbelt Requirement Resolution

DATE: 5/26/2026

CONSENT

BACKGROUND:

Senate Bill 546, passed during the 89th Texas Legislature, strengthens standards for school buses transporting students in Texas. The bill amends Texas Transportation Code §547.701, with the addition of subsection (f), requiring that all school buses operated by or contracted for use by a school district be equipped with three-point seat belts for every passenger, including the driver

CONSIDERATIONS:

Mansfield ISD operates a fleet of 317 buses. Of these, 280 buses are equipped with three-point seatbelts and comply with the requirements of Senate Bill 546. The remaining fleet includes 37 spare buses, consisting of 15 buses with lap belts only and 22 buses without any seatbelts.

To bring these buses into compliance, the estimated cost to retrofit existing buses with appropriate seatbelts is approximately $355,650. Alternatively, replacing these buses would require an investment of approximately $6,105,000.

The district is required to prepare a report to be presented to the board during a public meeting. The report will need to include:
1. The number of buses operated by or contracted for use by the district that:

a. are not equipped with seat belts;

b. are equipped with two-point seat belts;

c. are equipped with three-point seat belts; and

2. The estimated cost to the district to equip all buses with three-point seat belts.

RECOMMENDATION:

The Superintendent recommends The Board approve the resolution as presented.

If the Board agrees the motion will read; “RESOLUTION OF THE BOARD REGARDING SB 546 SEAT BELT REQUIEREMENTS – FINANCIAL INABILITY DETERMINATION as presented”

Board of School Trustees
Mansfield Independent School District

TITLE: Consideration & Approval of Change Order #1 to 2024 Bond Package P2 Coble Middle School and Howard Middle School with Lee Lewis Construction

DATE: May 26, 2026

ACTION

BACKGROUND:

The District has adopted a Request for Proposal (RFP) procedure for identifying change to the Construction Documents Scope of Work between a Construction Contractor, Architect/Engineer (A/E), Construction Program Supervisor (CPS) and MISD's designated representative. The intent of the RFP process is to document changes when they occur, validate the necessity of the change before it is implemented, obtain rapid cost and time proposals from the contractor, and jointly document a timely agreement on the change's cost and time impact in order to avoid higher cost claims by the Contractor. RFP's are administered at the lowest feasible working level. Delays in handling changes can result in Contractor delay claims for extended overhead costs and time delays.

Once RFP's have accumulated to an extent that an increase or decrease to the Contract Value is needed, the RFP's are consolidated into a formal Change Order for Approval as required to adjust the contract Value. Change Order #1 to Lee Lewis Construction, submitted herewith, and includes the RFP's developed from April 2025 to May 2026.

CONSIDERATION:

Change Order #1 adds 31 days to construction completion date due to delays in permitting. No additional costs are associated with Change Order #1.

Original Contract Amount:	$28,818,152.00
Change Order No. 1:	$0.00
Current Contract Amount:	$28,818,152.00

RECOMMENDATION:

The Superintendent recommends Approval of Change Orders #1 to Lee Lewis Construction for 2024 Bond Package P2 Coble Middle School and Howard Middle School.

RECOMMENDED MOTION:

"Move to approve Change Orders #1 to Lee Lewis Construction 2024 Bond Package P2 Coble Middle School and Howard Middle School."

Re: Activity Report on Delinquent Tax Collections for the month of April 2026

Dear Dr. Spencer:

Linebarger Goggan Blair & Sampson, LLP, is pleased to provide the following information recapping our delinquent tax collection activity for the month of **April 2026** for our Mansfield Independent School District delinquent tax collection program. Please find the following items attached summarizing our efforts on your behalf.

- **A)** A report highlighting the **collection activities** we have undertaken on behalf of the Mansfield Independent School District.
- **B)** A report highlighting the **litigation activities** we have undertaken on behalf of the Mansfield Independent School District.
- **C)** Refunds information for April 2026.
- **D)** An analysis of the Mansfield Independent School District combined delinquent tax roll by Property Types.

April collection statistics remained solid for the Mansfield ISD. The total amount of base tax, penalty and interest collected was $80,849. Since the beginning of this collection cycle (July 1, 2025) 84.39% of the entire turnover has been collected, bringing total base tax collections to $2.027 million dollars for the year. Collections revenues for April did not surpass the total refunds issued by the Tarrant County Appraisal District; those refunds total $115,901 in refunded base tax, penalty and interest. Our Team has created a separate section of this report below, Section C, that reports on refunds issued by the District. Refunds issued are not a reflection of the effectiveness of the collection service you are receiving, but the funds refunded do impact the overall monies received by the District in its monthly allotment from the Tax Office.

On January 20, 2026, Linebarger, in conjunction with the Tarrant County Tax Office, began sending text notices to taxpayers concerning past due invoices. Should a taxpayer have questions about the text they received, please forward them to myself or Shannon Ortiz. We will be happy to speak with them!

As always, should our efforts result in phone calls or inquiries to the District, please direct those calls or inquiries to Shannon Ortiz at the office or to myself at 817-489-4062. It is our pleasure to service your account and we appreciate our partnership with the Mansfield ISD!

Many Thanks,

Charles E. Brady, Capital Partner

TITLE: Financial Reports DATE: May 26, 2026

INFORMATION

BACKGROUND:

Each month, financial reports are prepared detailing the status of the District's budget as of the most recent accounting period. To increase financial transparency, the following additional reports are included:

- Balance Sheet – Governmental Funds
- Project Detail –Bond Programs
- Combining Statement of Net Position – Proprietary Funds

The fund balance and net position figures are the audited balances carried from 2024-25.

The reports are as of April 30, 2026. The financial reports are separated into revenue and expenditures. Expenditures are reported by summary by function and by object series.

Year to date totals and percentages are calculated. Payroll costs should represent (10/12) of the 12-month budget for 83.33%. General Fund actual expenditures for salaries through April 2026 are 80.83%. Variance in the expenditures for the payroll object percentage will be due to vacancies, changes in personnel, demographics, stipend schedules, auxiliary weeks, and benefit elections.

The financial statement for the 2XX, 3XX, and 4XX special revenue funds (excluding Fund 240 & 242 School Nutrition) is presented in a single format for expenditures intended to provide specific information about funds received through federal, state, and local sources that are accounted for outside the General Operating fund.

Accounting code definitions for the function and object codes are included in addition to bond project descriptions.
