Nova Fitness was out last week to Split the racks into the 4 Half-Racks. It is now set up into 4 Stations. Nova will be bringing out the rest of the bumpers and bars. Coach Lenners and Coach Gaswick have decided what will go back in. We just need to decide what we will be doing with the rest of the old equipment. At this time it is in the wrestling room and in the entry way of the auxiliary gym.

Drug Testing- Dustin Penas the Activity Director of Blair sent out a google sheet on February 20, 2018, with schools who were using Random Drug Testing. Out of around 133 schools 28 were testing at that time. Schools who were testing in our area were Cambridge, Cozad, Gering, Gordon-Rushville, Gothenburg, Ogallala, Perkins County, Scottsbluff, Sidney, and Southern Valley. Other schools we know of in the area are Dundy County Stratton and Wauneta Palisade.

Mrs. Odens' September 2019 School Board Report

We are off to a great start to the school year. The PTO Ice Cream Social and Meet the Teacher Night was well attended.

We had our September In-Service Day today. The elementary teachers and math teachers spent most of the day working with a trainer from our new Pearson Envisions Math. During the first weeks of school, Ms. Williams has been working with the teachers to help the math implementation go smoothly. The last hour of the day was spent looking at some ELL data. Mrs. Meyer and Mrs. Bonne shared some strategies with the teachers to use with our students. The teachers will share materials at our next in-service day showing the strategies they incorporated in their lessons.

Mr. Lechtenberg and I took our PBIS team and four other teachers to the MTSS Conference in Kearney. We came away from it with a lot of ideas for parent involvement and interventions.

Friday, September 20th our kindergarten classes will be going on their field trip to the Holyoke Pumpkin Patch.

Our 4th graders will be attending a Fitness and Nutrition Day at Perkins County Schools on October 9th.

Mrs. Dickey, Ms. Williams, Mrs. Olsen, and I have been working on our RTI/MTSS forms. We are also working on our documentation for our Individualized Reading Improvement Plans. The Nebraska Reading Improvement Act requires schools to come up with a plan to help students improve their reading if they are not on grade-level in grades K-3. Each student has an individual plan and parents are notified and given a copy of the plan as well as a list of strategies that the parent can use with the child at home.

The students in grades K-6 have started MAP testing. The teachers have worked out their own schedules and will complete all testing by September 20th. We will also be testing the students in K-5th grade in reading fluency with the MAP Fluency program. The MAP Fluency testing will begin this week. The teachers will use the data from MAP testing to help plan differentiated activities in their lessons and during their RAMP/RTI time. These results will also be used to identify the students that are not reading on grade-level with the Nebraska Reading Improvement Act.

Enrollment Numbers as of 9/13

K-34 students
1st-40 students
2nd-48 students
3rd-45 students
4th-51students
5th-65 students
6th-43 students

Total students K-6 is 326.

7-12 Principal Report: September 2019

Again this year, students in grades 9-12 designed a class shirt sponsored by local financial institutions. Shirts will be distributed this week. Sponsors of the shirts included Farm Credit Services of America, Pinnacle Bank, Waypoint Bank, Holyoke Community Federal Credit Union, and Adams Bank & Trust.

The class schedule took on some changes compared to last year to help accommodate juniors and seniors getting a jump start on college and career readiness. It is great to see increases in students taking dual/college credit courses and gaining valuable work experience. I have attached departmental enrollments as well as a report regarding dual credit showing the financial impact and benefits of dual credit courses.

With the exception of a few make-up tests, students in grades 7-12 completed their first round of MAPS tests in the areas of Math, Science, and Language Arts. MAPS is a testing program that allows teachers to see which areas students are excelling and those where they need improvement. We will test students again in the middle of the year and at the end of the year. The data generated by the MAPS tests are used by teachers to help guide their instruction. Our expectation is that we will see growth from students between each test.

Our September 16th professional development day was used to broaden our understanding of MAP data and evaluate the reports from the Fall data. Math implementation was also a major focus as we had our Pearson trainer out to the school for their second and final implementation program.

On September 23rd we are hosting a Financial Literacy Concert. We have invited area schools to bring students and the concert will be open to parents or community members who wish to attend. The event will be held in the auditorium from 9:00 AM to 10:15 AM.

Enrollment numbers as of 9/12/2019 for 7-12 are as follows (292 total):

7th Grade - 62 students	8th Grade - 53 students	9th Grade - 40 students
10th Grade - 48 students	11th Grade - 42 students	12th Grade - 47 students

Enrollment numbers as of 9/5/2018 for 7-12 are as follows (274 total):

7th Grade - 52 students	8th Grade - 42 students	9th Grade - 46 students
10th Grade - 44 students	11th Grade - 52 students	12th Grade - 38 students

This chart compares the in-state tuition of Mid-Plains Community College to the in-state online tuition rate of various Nebraska academic institutions.

Note that the online tuition rate is higher than the on-campus tuition rate. The online rate does not have added fees while the online rate does have additional fees

This chart does not include fees related to any of the classes or institutions.

This chart does take into account the CCS policy of refunding half tuition for students who earn an A or B. It also assumes all students enrolled will receive the reimbursement.

Classes not taught by CCS faculty are not eligible for tuition reimbursement.

This chart compares the in-state tuition of Mid-Plains Community College to the in-state on campus tuition rate of various Nebraska academic institutions.

Note that the online tuition rate is higher than the on-campus tuition rate. The online rate does not have added fees while the online rate does have additional fees

This chart does not include fees related to any of the classes or institutions.

This chart does take into account the CCS policy of refunding half tuition for students who earn an A or B. It also assumes all students enrolled will receive the reimbursement.

Classes not taught by CCS faculty are not eligible for tuition reimbursement.

Board Update

September 2019

Vision “Portrait of a Graduate”

We are beginning to communicate this out to the community as well as to our staff. Our intent is to thread this new vision in all of our news articles for the paper. We have decided on the title of our articles to be “The Longhorn Way”. I have also been in discussion with Mrs. Zuege about designing a contest for our students on creating what we want Chase County School’s “Portrait of a Graduate” to look like.

Entrance Doors and Drainage Concrete

Our doors are in and construction is planned to start by September 23! Drainage area has been completed and it was put to the test this week. Dallas said it worked great with the rain we had Wednesday.

CCS Longhorns “Weekly Activities”

Last year, Mr. Hauxwell would create this document each week and share it with the staff. This year we are also sharing it with the public to improve the communication with our parents/patrons. We have had a very positive response. You can find it on our Twitter(@ccs_longhorns), Facebook and website.

Remind “Communication Tool”

We have purchased this for our district and will be working to implement it throughout this school year. This communication tool will help us better push out communication from the school and allow parents to choose how they want to receive the information.

ESSA Consolidation/Bus Grant

I submitted the ESSA Consolidation grant this week that will reimburse the school approx. \$104,000. This grant will be used to pay for Mrs. Dickey’s salary and part of Ms. Williams. We submitted the bus grant we received for reimbursement of approximately \$40,000 as well as received the new bus this week.

School Improvement

The principals along with other members of the team have been working on getting the details of the goals in place. One of the areas addresses district communication elements. This past week they worked together to build MTSS (Intervention) documents that we can use to meet the State Reading expectations as well as other documents to help us use our data effectively. As we continue to put the action plan together, we will also be working on creating our Motto for our school system. It is great to see the progress and effort they are making in this area.

Phone System

We have scheduled to meet with the company that put in our new phone system to discuss expansion of Phase II in the classrooms as well as other services & applications. We will be discussing with them about also adding a bell system.

SDS Accounting System

I have spent the majority of my time over the last few weeks working with individuals from SDS to try and get some answers/direction on fixing our accounting system so it will run effectively. We still have a long way to go. Jill has been working with Peri Crabtree on fixing what Apta had wrong in the transition to SDS. Jon A. has been working on getting everyone into the new system and all the correct information for payroll, deductions, etc... I can't thank each of them enough for the long hours and stressful work in helping us get everything right. This is also the first year with all new accounting codes and AFR, so I have been working with both NDE finance and SDS to make sure the AFR upload (which is new this year) will work.

Time Clock System

Our old system will not connect to the internet and is no longer supported. Since we are already using Frontline for tracking leave requests and substitutes, I am proposing we use them for our new time clock system. Cost is approximately \$3,000 a year subscription and set up charge is approximately \$3,000.

POM POM!

KUDOS to the POM POM's who agreed to pay for the new mobile mic system for the auditorium. It is great to have such support from our outside groups!

Business OperationsPurchasing Policies

The Superintendent shall ensure that all purchases are made in the interest of economy and efficiency. Where necessary, standards and procedures shall be established to accomplish the following policies of the Board of Education:

1. Purchases up to \$15,000. For the greatest efficiency in expediting purchases, the administration shall be authorized to purchase any item specifically budgeted which has a sale price within the established limit.
2. Purchases from \$15,000 up to \$100,000. The Superintendent shall request the submission of proposals for purchases which have a sale price within the established limit. The Superintendent shall receive and evaluate all proposals in making a recommendation to the Board of Education for acceptance. The Board of Education may review all proposals submitted relating to the recommended purchase. Since this is a proposal system, not a bidding process, the school district in no way shall be obligated to arbitrarily award the contract to the lowest proposal, but shall reserve the right to reject any and all proposals or to waive any informality in any proposal it deems advisable, and to award to the proposer which, in its opinion, is most desirable.
3. Purchases of \$100,000 and above. The Superintendent shall advertise for sealed bids which shall be opened in conformity with any applicable laws and in compliance with any procedures established by the Superintendent. The Board retains the right to determine the responsibility of the bidders, and shall award the contract to the lowest responsible bidder meeting specifications, be the bidder a member or apart from the local community.
4. Any school employee who orders any supplies or equipment outside of that which has been included in the annual budget and without written authorization of the principal or superintendent shall be personally liable for payment for the supplies or equipment purchased.
5. School employees or students purchasing supplies and equipment out of an activity account must first secure a purchase order from the principal authorizing the purchase. Failure to do so will cause the person to be personally liable for payment for the supplies or equipment purchased.
6. The District need not comply with the bidding requirements if the District purchases property from the Nebraska State Purchasing Bureau, so long as the Nebraska State Purchasing Bureau competitively bid the purchase of property.

Credit Card Purchasing Program

1. The Board of Education authorizes the Superintendent or designee to contract with one or more financial institutions, card-issuing banks, credit card companies, charge card companies, debit card companies, or third-party merchant banks capable of operating a purchasing card program on behalf of the District.
2. The Board of Education delegates to the Superintendent or designee: (a) the determination of the type of purchasing card or cards to be utilized in the District's purchasing card program; and (b) the determination of which employees shall be approved or disapproved to be assigned a purchasing card in the District's purchasing card program. The Superintendent shall submit the approved names to the Board, from time to time.
3. The District's purchasing card program may only be utilized for the purchase of goods and services for and on behalf of the District. No officer or employee of the District shall use a purchasing card for any unauthorized use.
4. An itemized receipt for purposes of tracking expenditures shall accompany all purchasing card purchases. In the event that a receipt does not accompany an authorized cardholder's purchase, the Superintendent or designee shall temporarily or permanently suspend said cardholder's purchasing card privileges.
5. Upon the termination or suspension of employment of an individual using a purchasing card, the Superintendent or designee shall immediately close such individual's purchasing card account and said employee shall immediately return the purchasing card.
