2

Advisory Committee Meeting -
Public Hearing

What is Indian Education Grant?

- This federal formula grant supports educational agencies in developing elementary and secondary programs that serve Indian students, meeting cultural, language and educational needs, helping to ensure students meet challenging state academic standards
- Grant funds must be used to supplement regular school programs.

How Do We Qualify?

- For the 2024-25 school year, the count was submitted at the end of February. This count will determine the funding level for the 2024-25 school year. LPSD reported 275/333 students as Indian Ed students according to the reporting requirements.
- Thank you to all who have completed and returned the Forms 506. If you haven't completed a form for your student, please request one in your school's office. (It is helpful to us if you complete a form, even if you indicate that your child is not eligible.)

What is a Form 506?

This is the required form for the district to be eligible for funding. It provides relevant information to document that a student qualifies, according to the Federal definition, as an Indian.

ED 506 Form
Indian Student Eligibility Certification Form for Title VI Indian Education Formula Grant Program

Parent/Guardian: This form serves as the official record of the eligibility determination for each individual child included in the student count for the Title VI Indian Education Formula Grant Program. If you choose to submit a form, your child could be counted for funding under the program. The grantee receives the grant funds based on the number of eligible forms counted during the established count period. You are not required to complete or submit this form unless you wish for your child(ren) to be included in the Indian student count. This form should be kept on file with the grant applicant and will not need to be completed every year. Where applicable, the information contained in this form may be released with your prior written consent or the prior written consent of an eligible student (aged 18 or over), or if otherwise authorized by law, if doing so would be permissible under the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, and any applicable state or local confidentiality requirements.
