Legislative Report

LB 258: Minimum Wage

LB 258 revises the way in which the state minimum wage is calculated. The current state minimum wage is \$15.00 per hour. The minimum wage must be increased each January 1st by one and three-quarters percent. Different, lower rates may be paid to student learners and “youth” (14- and 15-year-olds who are not emancipated minors). **Section 48-1202(2) specifically excludes Nebraska public school districts from the definition of “employer” to which the minimum wage applies.** Therefore, the federal minimum wage of \$7.25 per hour applies to Nebraska school districts. **However**, there are retirement implications if the school does not pay at least the state minimum wage. Section 79-902 says that “[c]reditable service does not include . . . services rendered for which the retirement board determines that the member was paid less in compensation than the minimum wage as provided in the Wage and Hour Act.” In other words, if your school pays classified staff a rate below NE minimum wage, there won’t be creditable service given for those activities under the school plan. That may also mean modifying wages mid-school year, when the state minimum wage changes.

LB 383 (2025): Sexting Laws and Parent Consent for Social Media Accounts

LB 383, enacted in 2025, created the Child Sexual Abuse Material Prevention Act. This is the law that now contains many of Nebraska’s “sexting” statutes, new and old. For example, it criminalizes the creation of AI or “computer-generated” content depicting minors. You often hear these referred to as “deep fakes.” While the law raises some interesting constitutional issues in terms of criminal enforcement, it actually helps schools address “deep fakes” and similar generated content. The Student Discipline Act permits discipline for a violation of Nebraska law, including these laws. None of these changes made by LB 383 required policy updates last year, but they will continue to shape our digital citizenship presentations and your digital citizenship education efforts.

Here’s what’s new. LB 383 also created the Parental Rights in Social Media Act. It is set to take effect July 1, 2026. Essentially, any person creating a social media account must go through an age verification process. The law prohibits any “minor” from creating a social media account. “Minor” is defined as an individual “known or reasonably believed by a social media platform to be under eighteen years of age.” The law only permits a minor to have an account if a parent consents, signs an oath, and completes an age verification process on behalf of the child. Even a 17-year-old senior in high school will need parent consent to hold an account if the law takes effect. Any social media company that violates the new consent requirements can be fined up to \$2,500 per violation.

Of course, social media companies including Meta (Facebook, Instagram) and TikTok filed a lawsuit in Nebraska seeking to stop the law from taking effect on July 1. They have stopped the enforcement of similar laws in other states. If they are not successful in Nebraska, this will be a significant change across the state. Under current law, most students aged 13 or older can establish their own accounts without parental consent or oversight. The only real safeguard is external parental controls (human and technological), which rely on the diligence of busy parents who are less technologically sophisticated than their kids. If the law goes into effect, we think it presents a good opportunity to educate parents on its requirements and also their role as digital parents.

LB 745: High School Equivalency Diploma

LB 745 removes the age restriction and waiting period previously required to obtain a high school equivalency diploma in Nebraska. Under the old law, applicants had to be at least 18 years old and wait until their former graduating class had been out of school for at least one year. The new law eliminates both of those requirements entirely. The bill retains the existing eligibility criteria: applicants must still establish 30-day Nebraska residency (or have last earned credits at a Nebraska high school), and they must demonstrate educational achievement equivalent to a typical high school graduate through approved testing.

LB 803: Pink Postcards for Everyone!

LB 803 made changes to school districts' budget adoption procedures. Among other details, this will require all school districts (including at least one member of the board) to participate in a joint public hearing that must occur between July 1 and July 14. Although different components of **LB 803** have different effective dates, the provisions affecting school district budget procedures will be **effective January 1, 2027**. In other words, school districts need not make changes to their budget adoption procedures for adopting the 2026–27 budget (by the end of September 2026). But you will see this again next year as we update policies and send out information on its impact for 2027-28 budgeting processes.

LB 824: NPERS 120 Days

LB 824 takes effect May 1, 2026 and changes the separation period for School Plan members from 180 days to 120 days. The new law also tightens the rules significantly. During the 120-day period, a member who terminates service and takes a distribution cannot perform any work for a School Plan employer, including substitute teaching, volunteering, independent contracting, or working through a third-party organization that serves School Plan employers. Schools need to pay close attention, because even informal arrangements like training a replacement, coaching, officiating/referring, or participating in programs like Teammates can be a violation. If NPERS finds that a true separation did not occur, the district must pay back contributions plus interest. Members who filed a valid distribution application before May 1, 2026 follow the old 180-day rules, which allow up to 8 days per calendar month of substitute or volunteer service.

LB 935: Swatting

LB 935 creates a new criminal offense of swatting. A person commits the offense of swatting if such person:

- Knowingly makes, causes to be made, or directs a false or misleading report of criminal activity or a need for emergency medical services or assistance from firefighters;
- Such report is made to a law enforcement agency, public safety answering point, or any other emergency response organization;
- The person knows or reasonably should know the report is false or misleading; and
- The report results in the dispatch of law enforcement, firefighters, or emergency response personnel.

A typical violation is a Class I misdemeanor. However, a violation of the new law will be a Class II felony if the violation proximately: (1) results in serious bodily injury to any person or (2) causes a law enforcement officer to deploy or threaten to deploy deadly force. A violation of the new law will be a Class IB felony if the violation proximately results in the death of any person.

LB 935: Attorney Fees

LB 935 allows a political subdivision to request an award of costs and attorney's fees if: (1) the political subdivision is a defendant against a claim that is frivolous or intended primarily to harass the political subdivision or its public officials; or (2) another party asserts a defense against a claim of the political subdivision and such defense is frivolous or intended primarily to harass the political subdivision or its public officials.

LB 940: Color Additives

Beginning August 1, 2027, public schools may not offer or make available to any student any food served as part of a school meal that contains the following color additives: Blue No. 1; Blue No. 2; Green No. 3; Red No. 40; Yellow No. 5; or Yellow No. 6. A "school meal" means a meal served pursuant to the federal Richard B. Russell National School Lunch Act or the federal Child Nutrition Act of 1966, and does not include any other food offered or made available to students.

LB 1126: Public-Private Partnership Contracts

Part of LB 1126 amended the *Political Subdivisions Construction Alternatives Act* to add a new project delivery system: public-private partnership contracts. The new law contemplates that school districts can enter into a public-private partnership contract as a method "for construction or financing of capital projects or procurement of services" in response to unsolicited proposals. If a school district is interested in using this project delivery system, the law requires that it adopt specific policies for entering into these contracts. We will have such optional policies available in the future for your use. If you have more questions about this alternative, please contact us.

WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook that you must read, sign, and return no later than 8/30/26.

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

Notice of Nondiscrimination

The school district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Scouting America and other designated youth groups. Students who believe that they have been the subject of unlawful discrimination or harassment due to their race, color, or national origin, or that have other related concerns or questions, should contact the following Title VI Coordinator: Kevin Mills (staff) at 308-535-7100, kmills@nppsd.org or in person at McKinley Education Center.

Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact: Kevin Mills at 308-535-7100, kmills@nppsd.org or in person at McKinley Education Center. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

For additional prohibited discrimination and related information, please review school district [Policy 3057](#) – Nondiscrimination.

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

Discontinuing Enrollment – 5-Year-Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is linked: [Policy 5001](#)

The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the

student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16- and 17-Year-Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form linked here.

<https://www.nppsd.org/documents/students-%26-parents/disenrollment-form/825284> The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

- ~~1. Physical illness of the student or of a child whom the student is parenting. A physician's verification is required after four (4) consecutive days of absence for illness.~~
2. Medical/Counseling appointments for the student or for a child whom the student is parenting will be considered an exempt absence if a medical note is submitted within 5 days of the absence.
3. Death or serious illness of the student's family member
4. Attending a funeral, wedding or graduation
5. Appearance at court or for other legal matters
6. Observance of religious holidays of the student's own faith
7. College visits will be considered an exempt absence for seniors. Each senior or junior may attend two visits not to exceed 2 school days. Additional visits are considered excused but not exempt.

Excessive Absenteeism

When a student receives 10 absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 20 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

**Absences due to illness**

The school district will contact parents if a student becomes ill at school. This absence will be considered an exempt absence.

Planned absences

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as family vacations, appointments out of town and any other expected absences must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or prearranged absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

Pregnant and Parenting Students

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming in collaboration with the Title IX Coordinator for further details the policy is linked: [Policy 5008](#).

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bulletin Boards

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.
4. Building principals may use their discretion on posting or displaying

non-school related information which is not political or commercial in nature.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal. Policy linked: [Policy 5054](#).

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous platform Safe to Help to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator. All students and parents reporting bullying should use the district’s reporting form attached here. <https://5il.co/pymp>

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray on to the correct

container. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!

3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students should remain at their tables until they are dismissed.
7. Parents who wish their child to eat lunch away from school must provide a written authorization to the student's building principal.
8. Students must treat lunch personnel with respect.
9. Students who violate the above rules will be disciplined.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students may NOT use cellular phones or other electronic devices while at school during school hours.

Any student who is found to be in possession of any cellular phone, or other electronic device (AirPods, personally-owned tablet, gaming device, etc) during school hours is in violation of this policy and the student code of conduct.

Staff who discover students in possession of a cellular phone or electronic device while at school during the school day will immediately confiscate the device and turn it into the administration.

In addition to the disciplinary consequences imposed, a parent or legal guardian of the offending student must pick up the confiscated devices from the office in person. The administration will return the device to the parent or guardian, after meeting with the parent or guardian to discuss the rule violation.

1st offense - a parent or legal guardian of the offending student must pick up the confiscated devices from the person in office. (Robo - Call)

2nd offense - a parent or legal guardian of the offending student must pick up the confiscated devices from the person in office. (Robo - Call)

3rd offense - a parent or legal guardian of the offending student must pick up the confiscated devices from the person in office, and after school detention or Thursday School. (Robo - Call)

Students who repeatedly violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including expulsion.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Failure to comply with the district AI policy.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.

- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Closed Campus

~~Students may not leave the building without permission from the administration. The building principal or designee will release a student only upon confirming that the student has permission from a parent or an authorized adult.~~

The school campus is a closed campus unless otherwise noted in this policy. All students shall remain on the school campus during the hours that school is in session, unless and until they are released by the building principal or building principal's designee. The building principal or designee will release a student only upon confirming that the student has permission from a parent or an authorized adult, such as for illness or appointments, or as authorized by this policy.

Students taking college courses will be released by the building principal to attend those classes. The administration is authorized to allow open campus at designated times as long as those students meet criteria established by the administration. Those criteria may include but are not limited to certain grade levels (such as seniors), passing all classes, being caught up on all schoolwork, and having no discipline incidents. While not all inclusive some examples of open campus include lunch period, honor period, OJT, internship, etc. Nothing in this policy shall prevent the school from sending a student home when required or authorized, such as when the student is ill.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy [3048](#) or this handbook, please call the Associate Superintendent @ 308-535-7100.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress,

grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination. See attached policy: [Policy 2006](#).

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.

- a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the respondent.
 - 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - b) Strongly encourage the complainant to provide his or her concerns to writing.
 - c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

- 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
4. If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
 - a) The appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.
 - d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.
5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory

roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

- a) When the complaint is about a board policy, not implementation of the policy;
 - b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
 - c) When the board is required by law, policy, or contract to hear a complaint or appeal.
6. If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.
- a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.
 - d) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
 - e) There is no appeal from any decision of the board unless authorized by law.

7. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:
 - a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
 - b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.
 - d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

- e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt

to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.

5. Students may use the Internet for appropriate educational purposes.

B. Unacceptable Use

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.

2. Students shall not engage in any illegal or inappropriate activities on school computers, including the downloading and copying of copyrighted material.
3. Students shall not use e-mail, chat rooms, instant messaging, or other forms of direct electronic communications on school computers for any unauthorized or unlawful purpose or in violation of any school policy or directive.

 18. Any questions about what is considered unacceptable use, check with the classroom teacher or supervisor.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and

- d. Other discipline as school administration and the school board deems appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. **Protection of Students**

A. **Children's Online Privacy Protection Act (COPPA)**

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences at the end of the first quarter and during the third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.copyright.gov/fair-use/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.

They must provide evidence of the vision examination within six months prior to

Breakfast

The school will serve breakfast daily from 7:15 a.m. until 8:00 a.m. based on the school. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges students \$0 and adults \$2.75 for breakfast.

Lunch prices depend on the federal funding that the program receives. Lunch for K-6 is \$2.50. Lunch for 7-12 lunch is \$2.75 for students and \$4.75 for adults.

Payment for Meals

Families may pay for school lunches using cash, check, or credit card payment. Electronic or e-fund payments are also available through the [Parent Portal](#). Those needing assistance with lunch meal costs are encouraged to complete a free & reduced lunch application. The application is available through your parent portal beginning August 1st. Paper applications are also available through the Welcome Center at McKinley. If you don't have a parent portal account yet, you can contact us at: parentportal@npsd.org.

Meal Charge Policy

The district will notify students and their families of the policy for charged meals, meaning meals received by a student when the student does not have money in hand or in his or her food account. This policy applies to students who receive meals at the reduced or full rates.

Notice of this policy must be provided in writing to all households at the start of each school year and to households that transfer to the school during the school year. Notice may be provided through the student handbook, student registration materials, online portal used to access student accounts, direct mailing or e-mail, newsletter, the district website, and/or any other appropriate means. Notice of this policy will also be provided all school staff

responsible for the enforcement of it, including food service professionals responsible for collecting payment for meals at the point of service, staff involved in notifying families of low or negative balances, and other staff involved in enforcing any aspect of this policy.

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be provided and charged for up to five limited "courtesy meals," such as a basic meal. Thereafter, if a student has no funds available to pay for a meal, no food will be provided.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

In the event that the Nebraska Department of Education develops a state-level meal charge policy, it shall supersede that portion of this policy.

Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones. Policy linked: [6027](#)

Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility. Policy linked: [6016](#)

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is Maggie Butler, who may be contacted at 308-535-7100.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. Parents must inform the district of changes to phone numbers, addresses, and emergency contacts. Failure to reach a parent of an ill student could result in notification of law enforcement.

Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any

time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Lost and Found

All lost and found articles are to be taken to the front office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. If the district is provided such a court order, school officials will follow the directives set forth in the order. **However, if any individual—regardless of custodial status—fails to follow district safety procedures or engages in disruptive, threatening, or inappropriate behavior while on school property, they may be asked to leave and may be prohibited from returning to school grounds. The safety of our students and staff is our highest priority.**

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. ~~Family Education Rights and Privacy Act~~ Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the

image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than **September 15, 2026.**

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Student Use of AI Tools

As used in this section, artificial intelligence tools (“AI Tools”) mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.
2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student’s work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;
 - d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;

- f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
- g. Use AI Tools to bypass accommodations, content filters, or school security.

4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.

5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.

6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.

- ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
- i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team shall consist of any of the following groups or individuals. This team may include at least the superintendent of schools, building principal(s), guidance counselor and local law enforcement. It also could include information technology staff, the school nurse, probation officer, county attorney and members of the mental health profession who would be willing to work with the school. Not every team member need participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;

- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Transportation Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. **If misconduct is recurring, the student will not be allowed to ride the bus.**

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.

- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school

suspension, short-term or long-term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Video Surveillance, Recordings, and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recordings Made by Parents/Guardians and Patrons.

Parents/guardians and patrons may make recordings of school activities intended to be public in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Parents may not record meetings with administrators or staff, including meetings related to a student's IEP or 504 Plan. Violation of this policy will result in immediate termination of

any meeting that is being recorded and may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings Made by Students. This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g. AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. If a decision is made to close schools, communication will go out through our district's messaging system to our families and shared with local news stations by 6:00 am. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the school.

If schools are closed due to severe weather conditions, all after-school activities will be canceled. Policy linked: [3013](#).

Withdrawal From School

Students who are moving from the district must notify the school office. For more information the policy is linked: [5001](#).

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law. Policy linked: [5040](#).

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration. Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student.

Mid-Term Graduation

Students may apply for early graduation to the principal only if special circumstances exist and they have met all other graduation requirements of the Board of Education. Approval of early graduation is at the discretion of the principal. Any student who wishes to graduate from North Platte High School prior to the end of their senior year must submit an application for early graduation by the end of the first term of their senior year. This applies to all students completing high school graduation requirements prior to their scheduled graduation cohort year. The principal will review all early graduation applications with a building committee. The building committee will include the principal or designee, career coach, the student's assigned counselor, and two teacher leaders and/or any other person(s) who can contribute relevant information regarding the student. The building committee will be set prior to each school year. The principal will forward applications to the Superintendent and/or his/her designee. Special circumstances will be reviewed by the building committee. Policy linked: [5066](#).

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property). The policy for student discipline is linked here: [5035](#).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities, including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students,

parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Thursday school. When in-school suspensions, after-school assignments, Thursday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

For purposes of this section, "Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent ~~or guardian.~~

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after-school session may be given a detention by

the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.

- Detentions are 30 minutes, served in the central office or the detention room designated by the building principal.

Thursday School

The building administrator may require a student to attend Thursday School for two hours on Tuesday, Wednesday, or Thursday after school. Thursday School is held from 3:30 AM to 5:30 PM in a classroom staffed by teachers. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Thursday School rules will be removed from the classroom and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Any of the conduct described in the subsections under "Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment" below irrespective of the location at which such misconduct; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and ~~or~~ written notice of the charges against the student. They will be advised of what the student accused of having done, an explanation of the evidence the authorities have, and an opportunity ~~to explain his/her~~ present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension (not to exceed an additional 48 hours), the Principal will send a written statement to the student and the student's parent, describing the student's conduct, misconduct, or violation of the rule or standard; the reasons for the action taken; the actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension; resources the school is able to provide or recommend to assist the student; and how the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.

An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.

~~An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Pre-Kindergarten through Second Grade Students

An elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; **or**

This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.

Title IX

Nondiscrimination. The school district does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates including in admission and employment. Inquiries about Title IX may be referred to the school district's Title IX Coordinator, the U.S. Department of Education's Office for Civil Rights, or both. The school district's Title IX Coordinator may be contacted at Title IX Coordinator, 301 W F Street, North Platte, NE 69103, (308) 696-3305. The school district's nondiscrimination policy and grievance procedures are included in this policy, or can be accessed at: <https://www.nppsd.org/>. To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please contact the Title IX Coordinator.

Publication Notice. The school district will include the following notice on its website and in each handbook, catalog, announcement, bulletin, application form, and other places as required by law:

The school district prohibits sex discrimination in any education program or activity that it operates and individuals may report concerns or questions to the Title IX Coordinator. The school district's Title IX policy, notice, and other information may be accessed at the following link: <https://www.nppsd.org/page/title-ix>

Retaliation Prohibited. Retaliation, including peer retaliation, is prohibited in the school district's education program or activity. If the school district has information about conduct that reasonably may constitute retaliation under Title IX, it may be required to treat it as an allegation of sex discrimination. Upon receiving a complaint alleging retaliation, the school district will initiate its grievance procedures or informal resolution process.

Definitions. As used in this policy, the following terms are defined as follows:

Complainant means an employee, a student, or a parent, guardian, or other individual with the legal right to act on behalf of a complainant who is alleged to have been subjected to conduct that could constitute sex discrimination, including sex-based harassment; or any other person who may have been subjected to sex discrimination when that person was participating or attempting to participate in the school district's education program or activity.

Complaint means an oral or written request to the school district that objectively can be understood as a request for the school district to investigate and make a determination about alleged sex discrimination under Title IX.

Consent for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. School district officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

Respondent means a person who is alleged to have violated the school district's prohibition on sex discrimination. When a sex discrimination complaint alleges that the school district's policy or practice discriminates on the basis of sex, the school district is not considered a respondent.

Sex-based harassment prohibited by this part is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex that is:

Quid pro quo harassment. An employee, agent, or other person authorized by the school district to provide an aid, benefit, or service under the school district's education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;

Hostile environment harassment. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the school district's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

- The degree to which the conduct affected the complainant's ability to access the school district's education program or activity;
- The type, frequency, and duration of the conduct;
- The parties' ages, roles within the school district's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;

- The location of the conduct and the context in which the conduct occurred; and
- Other sex-based harassment in the school district's education program or activity.

- Shares a child in common with the victim; or
- Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

Response to Sex-based Harassment.

All Employees. All school district employees must notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination, including sex-based harassment under Title IX.

Title IX Coordinator. The school district will designate and authorize at least one employee as the school district's "Title IX Coordinator," to coordinate the school district's efforts to comply with its responsibilities under Title IX and this policy. The superintendent or Title IX Coordinator is authorized to delegate specific duties to one or more designees.

For conduct that could constitute sex-based harassment, the Title IX Coordinator must take the following actions:

- Offer and coordinate supportive measures for the complainant and for the respondent;
- Notify the complainant or the individual who reported the conduct of the grievance procedures and, if appropriate, the informal resolution process.

- Take other appropriate steps to avoid the recurrence of sex discrimination and restore or maintain equal access to the school district's programs and activities.

Supportive Measures. The school district will provide supportive measures, as appropriate, in cases involving sex-based harassment. These measures may include but are not limited to: counseling; extending deadlines; increased supervision; no-contact directives; leaves of absence; changes in class, work, or activities, regardless of whether there is a comparable alternative; and training and education programs related to sex-based harassment. Supportive measures may be continued, modified, or discontinued at the conclusion of any grievance process. Supportive measures will not be disclosed to anyone other than the person to whom they apply and others, including school officials, who need to know the supportive measures to implement them.

Requests to Modify Supportive Measures. A complainant or respondent may request modification or reversal of the school district's decision to provide, deny, change, or terminate supportive measures applicable to them. Requests must be made to the Title IX Coordinator in writing, and an impartial individual will review the request.

Students with Disabilities. If the complainant or respondent is a student with a disability, the Title IX Coordinator will consult with one or more members of the student's IEP or Section 504 team to determine compliance with those laws while implementing supportive measures and all other requirements of this policy and Title IX.

Emergency Removal. The school district is authorized to remove a respondent from the school district's education program or activity on an emergency basis, provided that the school district undertakes an individualized safety and risk analysis; determines that an imminent and serious threat to the health or safety of a complainant or other persons arising from the allegations of sex discrimination justifies removal; and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

Administrative Leave. The school district is authorized to place an employee respondent on administrative leave from employment responsibilities during the pendency of the school district's grievance procedures.

Informal Resolution. The school district may offer an informal resolution process unless the complaint includes allegations that an employee engaged in sex-based harassment of a student or informal

resolution would be contrary to law. Prior to initiating informal resolution, the parties will be provided with notice of the allegations. Participation in informal resolution is voluntary, and any informal resolution will include consent from the complainant and respondent, the ability to withdraw from the process, and the right to resume the grievance process. If an agreement is reached, it precludes the parties from initiating or resuming the grievance process.

The informal resolution facilitator will not be the same person as the investigator or the decisionmaker in the school district's grievance procedures. Potential terms that may be included in an informal resolution agreement include but are not limited to restrictions on contact, restrictions on participation in programs or activities, and disciplinary sanctions.

If informal resolution is offered, the school district will maintain all evidence gathered, communications about the informal resolution process, and the agreement reached. This information will be disclosed to outside individuals only as permitted by law and if required to implement the requirements of the agreement or Title IX. If no agreement is reached, only relevant and permissible evidence received during the informal resolution process will be considered during the grievance process.

Grievance Procedures to Resolve Complaints of Sex Discrimination.

Any person designated as Title IX Coordinator, investigator, or decision maker will not have a conflict of interest or bias for or against any party, generally or specifically. The decision maker may be the same person as the Title IX Coordinator or investigator.

Complaint. Complaints of sex-based harassment may only be made by a complainant; a parent, guardian, or other individual with the legal right to act on behalf of a complainant; or the Title IX Coordinator. Complaints of sex discrimination (excluding complaints of sex-based harassment) may be made by any person who was participating or attempting to participate in the school district's education program or activity at the time of the alleged sex discrimination.

Complaint by Coordinator. In the absence of a complaint made by any other individual, the Title IX Coordinator will determine whether to initiate a complaint of sex discrimination. The Title IX Coordinator must consider, at a minimum, the following factors:

- The complainant's request not to proceed with the initiation of a complaint;

- The complainant's reasonable safety concerns regarding the initiation of a complaint;
- The risk that additional acts of sex discrimination would occur if a complaint is not initiated;
- The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee of the school district;
- The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
- Whether the school district could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

If the Title IX Coordinator initiates a complaint, they will notify the complainant prior to doing so and address reasonable concerns about the complainant's safety or the safety of others, including by providing supportive measures.

Consolidation of Complaints. The school district may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references in this section to a party, complainant, or respondent include the plural, as applicable.

Basic Procedures. This grievance procedure is governed by the following basic requirements:

- A respondent is presumed not responsible for the alleged sex discrimination until a determination is made at the conclusion of the grievance procedure;
- The school district will treat the complainant and respondent equitably throughout the grievance process;
- The school district will take reasonable steps to protect the privacy of individuals participating in the grievance process in a manner that does not restrict the parties from obtaining and presenting evidence, speaking to witnesses, consulting with family members or advisors, or otherwise participating in the grievance process;

- The District will use the following timelines for each complaint, but the Title IX Coordinator or designee may extend them as needed:

Major Stage	Target Duration (calendar days)
Completion of the school district's decision whether to dismiss or investigate a complaint of sex discrimination	1-15
Investigation	1-30
Determination	1-30
Appeal	1-20

Notice of Allegations. Upon initiation of the grievance procedure, the school district will provide notice of the allegations to the parties whose identities are known. The notice will include a copy of this policy; the parties involved in the incident(s); the conduct alleged to constitute sex discrimination; and the date(s) and location(s) of the alleged incident(s), if available. Retaliation is prohibited.

If the school district decides to investigate additional allegations of sex discrimination that are not included in the initial notice, the school district will provide notice of the additional allegations to the parties.

Complaint Investigation. The burden is on the school district to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The individual investigating and deciding the complaint will:

- Provide an equal opportunity for the parties to present fact witnesses and relevant and permissible evidence;
- Objectively review all evidence gathered through the investigation and determine what evidence is relevant and permissible;
- Provide each party with an accurate description of the relevant and permissible evidence, and upon request, copies of this evidence;
- Provide the parties a reasonable opportunity to respond to the evidence;
- Use a process that enables the decisionmaker to question parties and witnesses to adequately assess a party's or witness's credibility, but credibility will not be based upon any individual's status as a complainant, respondent, or witness; and
- Take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. For purposes of this paragraph, disclosures of such information and evidence for purposes of

administrative proceedings or litigation related to the complaint of sex discrimination are authorized.

Relevant and Permissible Evidence. The school district will consider relevant and permissible evidence. Relevant evidence is evidence related to the allegations of sex discrimination under investigation as part of the grievance procedure. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

Generally relevant evidence is permissible, but does not include:

- Evidence that is protected under a privilege as recognized by Federal or State law;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional in connection with the provision of treatment to the party or witness unless the school district obtains that party's or witness's voluntary, written consent for use in this grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless that evidence is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude a determination that sex-based harassment occurred.

Determining Whether Sex Discrimination Occurred. The school district will:

- Use the preponderance of the evidence standard of proof, that it is more likely than not, to determine whether sex discrimination occurred;
- Use only relevant and permissible evidence to reach a determination;
- Notify the parties in writing of the determination whether sex discrimination occurred, including the rationale for such

- determination, and the procedures and permissible bases for the complainant and respondent to appeal, if applicable;
- If there is a determination that sex discrimination occurred, coordinate and provide remedies to restore equal access, coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions, and require the Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur;
 - Not discipline a party, witness, or others participating in a school district's grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the school district's determination whether sex discrimination occurred.

Dismissal of a Complaint. A complaint of sex discrimination made through the grievance procedure may be dismissed for any of the following reasons:

- The school district is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in the school district's education program or activity and is not employed by the school district;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the school district determines that without the complainant's withdrawn allegations, the remaining alleged conduct would not constitute sex discrimination even if proven;
- The school district determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint under this paragraph, the school district must make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the school district will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district must also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing.

The school district will notify the complainant that a dismissal may be appealed and provide the complainant with an opportunity to appeal the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district must also notify the respondent that the dismissal may be appealed on the bases set out in

this policy. Upon the dismissal of a complaint, at a minimum, the school district will:

- Offer supportive measures to the complainant, and offer supportive measures to the respondent if the respondent has been notified of the complaint;
- Require its Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the school district's education program or activity.

Appeal. The school district will provide the parties the opportunity to appeal the decision maker's written determination or a dismissal of a complaint, on the grounds identified below. The school district will implement appeal procedures equally for the parties, including a reasonable and equal opportunity to make a statement in support of or challenging the outcome being appealed. Appeals under Title IX, like other comparable proceedings, will be handled consistent with the school district's general complaint policy.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the superintendent within three (3) calendar days of the party's receipt of (1) the written determination of whether sex discrimination occurred from which the appeal is taken, or (2) the written dismissal of the complaint from which the appeal is taken.

Notice of Appeal Filed By Party. The Notice of Appeal must include (a) the name of the party or parties appealing, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from the following subsection) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy and Title IX.

Appeals of Dismissals. If a dismissal is appealed, the school district will provide notice of the allegations to the complainant and respondent if not provided previously.

Appeal Decision. The decision maker for the appeal will be an individual who did not take part in the investigation, determination, and/or decision to dismiss the complaint. The appeal decision maker will notify the parties of the result of the appeal and the rationale for the result.

Disciplinary Sanctions and Remedies. If it is determined that sex-based harassment occurred, the school district may impose disciplinary sanctions that may include suspension, expulsion, mandatory reassignment, adverse employment action up to and including termination, or any other actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation.

Superintendent Authorized to Contract. The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the school district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

Recordkeeping. The school district will maintain the following documents for a period of at least seven years:

- For each complaint of sex discrimination, records documenting the informal resolution process or grievance procedures and the outcome.
- Records documenting the actions the school district took to meet its obligations under Title IX for any allegation of sex discrimination.
- All materials used to provide training as required by this policy. The school district will make these training materials available upon request for inspection by members of the public.

RECOGNITION OF POTENTIAL AMENDMENTS OR SUPPLEMENTS

The rules and information provided in this handbook may be supplemented or amended by the School District's administration at any time, consistent with applicable law and board policy. All parents shall be provided notice of any such changes by the district's regular means of contact. By signing below, you agree that you will read any such information and communications, discuss them with your child, and recognize that you must comply with all rules, procedures, and requirements as they apply at that time.

One-To-One Responsibility Agreement (2026-2027)

At North Platte Public Schools, technology is an integral part of the learning process for each student. For this reason, the district has provided each student access to technology resources. At the K-8 grades, this access is granted only at school, whereas at 9-12 grades, students are assigned a device they can also use at home. Technology resources are on loan to students and remain property of North Platte Public Schools.

Whether at school or at home, **students will be responsible for the care and custody of district property** assigned to them. In the same manner that a student would be held accountable for the vandalism of district property, students will be held accountable for the loss or damage to district-provided technology resources resulting from a failure to take responsibility for these tools. **The district will provide students an opportunity to learn how to use these devices safely and responsibly, and families will agree to reinforce these behaviors.**

Reinforcing Responsible Behaviors

Behavioral research demonstrates that students of all ages will demonstrate responsible behaviors that are taught with intention, reinforced with consistency, and assessed with frequency. Prior to receiving their assigned device, the district's teachers will provide each student training on these responsible behaviors as per the district one-to-one expectations and guidelines. **Administrators, Teachers, Parents, and Fellow Students agree to reinforce these responsible behaviors** by monitoring and complimenting students who demonstrate those desired behaviors while modeling those behaviors for students who forget.

Students will commit to carrying their device safely, **closed with nothing between the keyboard and screen**, and supported by a firm surface to protect the screen. Students will also commit to transporting their devices in a case or backpack with a protective pocket. Students will not leave Chromebooks unattended unless secured in a safe place.

Students, who demonstrate responsibility for their assigned device as demonstrated in the lessons, will pay no additional cost this year. **However, students whose devices are lost or damaged as a result of behavior inconsistent with these expectations will be charged loss or damage fees as shown to the right.**

NPPS is offering a voluntary protection plan to provide families with peace of mind. Section 1 Intent of Handbook

Welcome to North Platte Public Schools. The purpose of this handbook is to provide information that will help with questions and pave the way for a successful year. Not all district policies and procedures are included. Those that are, have been summarized.

References in this handbook to “classified employees” are intended to apply to all staff who are not required by their position to hold a teaching or administrative certificate. This handbook does not create a “contract” of employment. Classified employee positions and assignments may be ended or changed on an “at will” basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

This handbook is neither a contract nor a substitute for the official district policy manual. Nor is it intended to alter the at-will status of non-contract employees in any way. Rather, it is a guide to, and a brief explanation of district policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate district office. District policies can be accessed online at:

<https://meeting.sparqdata.com/Public/Organization/124?show=Policies>

Policy No. 4034 The superintendent or designee shall annually formulate, review and revise a staff handbook that will contain information about the district’s employment policies and practices. The staff handbook is an extension of these policies and has the force and effect of board policy when approved by the board of education.

Section 2 Severe Weather and School Cancellations

The Superintendent is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations. North Platte Public Schools will utilize an automated messaging system to notify staff and families of school cancellations.

North Platte Public Schools uses a communication system to alert families and staff of weather-related school closings. The communication system allows the administration to notify by telephone and email when school has been canceled due to bad weather. School closing information will also be announced through local media.

The decision to close school is made after an early inspection of road conditions and school facilities, as well as current or forecasted weather conditions. When a school closing decision is made in the evening, the district staff try to notify families and staff by 10:00 p.m. When a decision is made in the morning, district staff try to notify families and staff by 7:00 a.m. Families and staff could receive a call as early as 6:00 a.m. to ensure our system has time to complete all notifications by 7:00 a.m.

Sometimes weather worsens during the school hours, making it advisable to dismiss students before the regular dismissal time. It shall be the philosophy of the district to avoid early dismissal if possible except in extreme cases. Parents who wish to remove their children during inclement weather may do so. In the event of an early dismissal, the communication system will be activated.

The final decision as to whether a child should attend school or stay at home is at the discretion of the parents.

Staff Information for Weather Closings When school is closed for weather conditions, teachers and paraprofessionals do not report. Hourly staff will not be compensated for weather closing days.

All administrators, **office professionals**, technicians, **and operations, custodial/maintenance** are to report unless unable to safely arrive at their work site. Personnel who cannot reach work when requested may take paid time off leave. Central Office Administration requires staff to remain on call throughout the day.

~~All maintenance and custodial staff are to report, unless notified otherwise by their supervisor.~~

Section 3 Contract Days

Teachers are contracted for 185 days for the school year (hereinafter referred to as the "contract year"). Such contract days shall be serviced by individual teachers on varying schedules as established by the Board of Education and administration. If school is canceled, it is at the discretion of the district to schedule additional calendar days to compensate for weather related cancellations. This would mean that teachers would be making up canceled school days, or "snow days."

Article 2 – EMPLOYEE COMPENSATION AND BENEFITS

Section 1 Employment

~~Classified employees are “at-will” employees, and may be terminated at any time by the school district.~~

Classified employees are employed on an at-will basis, meaning either the employee or the school district may end the employment relationship at any time. The district strives to communicate openly and treat all employees with fairness and respect. Job descriptions are provided to all interviewees and available upon request. All resignations must be submitted in writing to supervisor and Human Resources.

Certified staff are employed by North Platte Public Schools when the certified staff signs a contract and the Board of Education approves such contract of employment. Job descriptions are provided to all interviewees and available upon request. The Certified Staff employment continues absent action by the administration or the Board of Education to non-renew, terminate, amend or cancel the employment contract with the school district, or action by the Board of Education to accept a resignation of employment.

On March 15 of each school year certified staff will be requested to accept employment for the next school year and shall be required to signify such acceptance on or before March 31 or such other date after March 15 as may be designated in the notice. It is important for staff to respond to the request to signify acceptance as a failure to signify acceptance of employment by the March 31 or other designated date shall constitute cause for amendment of termination of the contract. If staff signifies acceptance of employment for the next school year the teacher will be issued a new Contract.

Should staff wish to resign from employment, staff should give **written** notice of resignation to the Human Resource Director. Certified requests to resign will be acted upon by the Board of Education. Mid-year resignations and resignations given late in the spring for the following school year can present significant planning problems for the district. If a mid-year resignation is submitted, the Board of Education may act to not accept the resignation unless a suitable replacement can be found. Any probationary or permanent certificated employee whose contract of employment may be amended, terminated, or not renewed for the next school year **shall be notified in writing on or before April 15** of each year of such possible action on the contract. If the certificated employee wishes a hearing, a written request shall be sent to the secretary of the school board or the superintendent of schools or the superintendent's designee within seven calendar days after receipt of the written notice. Unless (1) continued by written agreement between the parties or their representatives as provided in this section or (2) a hearing officer is utilized as provided in sections 79-840 to 79-842, **final action by the school board must be taken on or before May 15 of each year.** If a hearing on amendment, nonrenewal, cancellation, or termination is not requested within the time provided for in sections 79-824 to 79-842, the school board shall make a final determination. With regard to all hearings provided for under such sections, either formal due process hearings or informal hearings, the **certificated employee shall be advised in writing at least five days prior to the date of hearing of the date, time, and place of the hearing.** Except as provided in section 79-840, all such hearings shall be held **within thirty days of the date of the request for hearing.** The parties or their representatives by mutual agreement, confirmed in writing, may extend the times for hearings or final determinations by the board under sections 79-824 to 79-842.

The District will enforce the continuing contract of teachers accepting employment for the next school year under the provisions of Neb Rev. Stat. §79-829, 79-831

Section 2 Selection of Certified Staff [4022 Certification and Endorsements](#)

Certificated employees shall be recommended for hiring by the Superintendent or designee with the final approval by the Board of Education prior to hiring. Final approval must be made by formal motion of the Board of Education. The final approval by the Board of Education should generally follow closely the recommendation of the Superintendent or designee whenever possible, but such approval of recommendation is not mandatory on the Board of Education.

North Platte Public Schools shall strive to attract and retain the best qualified personnel available for every position. The selection procedure is uniformly applied to every candidate. There shall be no discrimination against any employee or applicant for employment by reason of race, color, national origin, religion, marital status, sex, age, disability or sexual orientation.

Staff who are hired and have less than six months employment will not be granted movement on salary scale.

Section 3 Screening and Selection of Staff

The Human Resources Department coordinates the applicant screening and selection process. This process is uniformly applied to every candidate for a particular position, but can vary depending upon the position. Candidates may be eliminated from consideration throughout the process.

- a. All persons must complete the appropriate application and request accompanying documentation prior to consideration for employment.
- b. Human Resources coordinates an examination of the application and supporting material.
- c. The file of an applicant who had formerly been employed by the district will be reviewed. The rehiring of a former employee is contingent on a positive performance record. A former employee who was terminated, or who resigned in lieu of termination, for reason of violating a workplace conduct rule or unsatisfactory job performance is not eligible for rehire.
- d. Reference checks are completed.
- e. Structured interviews are coordinated by Human Resources.
- f. A supervisor conducts one or more interviews with HR.
- g. The supervisor makes their recommendation to the Human Resources Department concerning the selection for the position.
- h. Human Resources makes a conditional job offer and initiates background checks, including but not limited to criminal history, sexual offenses, child abuse; and any other requirement(s) for the position, i.e. post offer physical, Department of Transportation physical, licensing, etc.
- i. Administration has the discretion to determine compensation and movement of staff. Movement is not guaranteed if staff has been less than six months on job assignment.

Section 4 Assignments

The duties to be performed are subject to assignment by the administration and the supervisor. Job descriptions provide additional information about the position duties. All applicants are provided a copy of the job description. Current employees may request a current job description from the Human Resources office.

Regular, dependable and in-person attendance is an essential function of all positions within North Platte Public Schools. Employees are expected to devote full time and/ or assigned hours during days of school to their work and to diligently and faithfully perform the assigned duties to the best of the employee's ability. Employees are expected to work their assigned hours, any exceptions must be approved by supervisor and Human Resources.

Section 5 Transfer of Assignments

The following procedure applies to transfer of employees:

1. Staff may request a transfer to an assignment following established procedures and practices.

2. In order to be considered for the position, staff must meet the minimum requirements for the position and be able to perform the essential functions of the position with or without reasonable accommodations.
3. Transfers may be made administratively by the Human Resources Department
4. Supervisors may change assignments within a building or department for similar positions, with Human Resources approval.
5. Right of assignment is at the discretion of building and district administrators.

Section 6 4007 Personnel Records

The district shall maintain a personnel file regarding each employee. All materials in a personnel file, except for employment references and information that was gathered in the process of assessing an applicant for hiring, shall be available to the employee for review within a reasonable period of time of the employee's request. Employees (or individuals to whom employees have given written authorization) may inspect the contents of their personnel files only in the presence of an administrator or a person designated by the administration.

An employee may respond to any document(s) in his or her personnel file by submitting a written response to the person responsible for keeping the file, who shall attach the response to file copies of the disputed document.

No person other than school officials engaged in their professional duties shall be granted access to employees' personnel files, and the contents of such files shall not be divulged in any manner to any unauthorized person. An attorney acting on behalf of the board of education or administration is deemed to be a school official.

Section 7 4030 Evaluations of Certified Employees

All certificated employees to be evaluated shall be notified annually in writing of the evaluation process. A certificated administrator, with the exception of the local board of education when it is evaluating the superintendent, will observe and evaluate each probationary certificated employee for a full instructional period once each semester and each permanent certificated employee for a full instructional period once each school year. If the probationary certificated employee is a superintendent, he or she shall be evaluated twice during the first year of employment and at least once annually thereafter. The evaluation will include, but not be limited to evaluating the employee's instructional performance, classroom organization and management, personal conduct, and professional conduct. Evaluation of instructional performance and classroom organization and management is applicable to teachers only. The administrator will provide the employee with a written list of deficiencies, suggestions and a timeline for correcting the deficiencies and improving performance, and sufficient time to improve. The evaluation form will include notice that the employee may respond to the evaluation in writing.

The school district will train administrators in evaluation annually through meetings with the superintendent or other administrator, attendance at regional, state or national workshops, or any other method approved by the superintendent.

For the purposes of this policy, the terms "actual classroom observation" and "entire instructional period" are defined as follows:

Entire Instructional Period. For certificated employees whose classes are held during defined periods of time (e.g., senior high classes), an entire instructional period consists of one such time period. For those whose time periods are not so defined (e.g., elementary classroom teachers), an entire instructional period consists of 40 minutes. The instructional period for those whose work does not necessarily involve continuous instruction for 40-minute periods (e.g., librarians or speech therapists)

consists of no less than 40 minutes total during the semester. The entire instructional period for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of an administrator's work during the semester for no less than 40 minutes.

Actual Classroom Observation. Actual classroom observation consists of observing the certificated employee in any activities in a classroom setting. When a certificated employee does not have classroom responsibility (e.g., administrators or librarians), the requirement of "actual classroom observation" will be satisfied by observing the certificated employee performing activities that are typical of his or her position.

This policy and the evaluation instrument shall be included in the teacher handbook which will be distributed to staff members upon their employment and annually thereafter.

4031 Evaluation of Probationary Certified Employees

A certificated administrator will observe and evaluate each probationary certified employee for a full instructional period once each semester. The administrator will provide each employee with a written list of deficiencies, concrete suggestions for improvement, and sufficient time to improve.

For the purposes of this policy, the terms "actual classroom observation" and "entire instructional period" are defined as follows:

Entire Instructional Period. For certified employees whose classes are held during defined periods of time (e.g., senior high classes), an entire instructional period consists of one such time period. For those whose time periods are not so defined (e.g., elementary classroom teachers), an entire instructional period consists of 40 minutes. The instructional period for those whose work does not necessarily involve continuous instruction for 40-minute periods (e.g., librarians or speech therapists) consists of no less than 40 minutes total during the semester. The entire instructional period for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of an administrator's work during the semester for no less than 40 minutes.

Actual Classroom Observation. Actual classroom observation consists of observing the certified employee in any activities in a classroom setting. When a certified employee does not have classroom responsibility (e.g., administrators or librarians), the requirement of "actual classroom observation" will be satisfied by observing the certified employee performing activities that are typical of his or her position.

Section 8 4013 Grievance Procedure

Section 9 Compensation

Please refer to the Negotiated Agreements and/ or **Appendices** for your compensation schedule and starting salary information. Movement is not guaranteed annually. Administrative Assistant Placement

- Educational Attainment: A newly hired Assistant shall be placed as follows:
 - An Associate's degree or 60 hours of college credit will be granted a one-time advancement of two levels for educational attainment on the Assistants Hourly Rate Pay Scale.
 - A Bachelor's degree will equate to a one-time advancement of four levels for educational attainment on the Assistants Hourly Rate Pay Scale. If an Assistant was previously granted two levels for Associate's Degree or 60 hours, the Bachelor's Degree within their work-related field, will be limited to two levels.
 - The maximum initial placement will be step 10.
 - Employees will be granted experience if they possess similar school experiences
 - Employees hired after February will receive the same compensation after completion of one year and then adjustment in compensation will be at the next fiscal year.

Work Week. The Fair Labor Standards Act requires that wages be calculated on a workweek-by-workweek basis. A work week is seven consecutive days. The district workweek begins on Sunday and ends on Saturday.

All hourly classified employees will use the District Time Management System to record hours worked. Compensation will be paid for the actual time worked based on clock in and clock out times.

Employees are responsible for monitoring their hours weekly to ensure accuracy. Employees may reference the District Time Management System and Employee Portal.

Payment. Employees are paid monthly for hours worked in the previous month. Employees are paid on the 20th of the month, or the last preceding work day if the 20th falls on a holiday or weekend. Should an employee be absent from work in excess of the employee's accumulated sick leave or other paid leave, the employee's salary shall be reduced by the hours missed.

Volunteer Work. No employee can be required to serve on a building or district committee. All committee service is strictly voluntary. Any individual volunteering to serve on building or district committees will not be compensated nor receive compensatory time. Volunteer work at the building level is permitted so long as the duties to be performed are: (1) not similar in nature to the duties being performed for paid time and (2) the volunteer work does not continue in the same building during duty hours of the individual.

Subcontracting duties. Employees may not subcontract their assigned duties with North Platte Public Schools.

Hourly staff will use the District Time Management System unless given special instructions to use Time Logs. Certified staff may use Time Logs for activities beyond their normal contracted days. Time Logs are official payroll documents used for compensation and reporting hours to retirement. The annual audit pulls the payroll information to verify payments to staff. This means that the district administration must be very specific in what can be included in time logs:

- Time Logs are done on a **monthly** basis. There cannot be multiple months on submitted time logs. (ie. May and June cannot be submitted on the same time log)
 - Time Logs are due to Payroll by the **1st of each month**. If staff work on the last day of the month, then they must submit the next business day.
 - Time logs are time-intensive to process and require payroll to hand key all information for each time log.
- Time logs must be **signed** by staff and supervisors prior to submission to Payroll. Unsigned time logs will not be processed without proper signatures. Auditors need documentation that staff worked those hours.

- Time logs must be calculated on 15-minute intervals. Staff may not submit time prior to start time of training nor for extension of training without permission of administrator. Designated times for training will be shared.
- Time logs are paid the **next month**. (i.e. May hours are paid in June)
 - Hours reported to Retirement are submitted on a monthly basis.
- Time logs must be submitted separately for different activities which require different budget codes. (i.e. Summer Weights and Training cannot be submitted on same time log.)
 - Time logs with pre-filled budget codes may be provided.
- Updated Time Logs should be used and can be found on the Employee Portal. Administrators and Supervisors will normally share the Time Logs.

Section 10 Benefits

Classified employees are provided benefits in accordance with their employment classification and Board policy (see **Appendix C**). Annual fringe benefit elections are to be made by September 1 of each school year. Should an employee fail to make such an election, the employee election from the immediately preceding school and contract year shall be continued. Employees are responsible for informing the Payroll Department in writing of any changes in benefit status.

Continued health insurance benefits are available through COBRA, subject to certain qualifying requirements. A Notice of COBRA Continuation Coverage Rights is available from the Human Resources Department.

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available, and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 11 Payroll

Employee Portal will not be available to new employees until after their first paycheck.

Name and Address Change. If an employee's address or phone number changes at any time during employment with the District, the employee must contact Human Resources and the payroll department as soon as possible. Maintaining accurate employee information is a requirement for all school districts.

If an employee changes their name, they will need to contact the payroll department once they have official legal documentation indicating the new name. Section 14 Overtime

Overtime is paid to hourly, classified employees in accordance with the Fair Labor Standards Act (FLSA). A publication provided by the federal government which provides more information about the FLSA is displayed at the workplace or a copy is available from the Human Resources Department. Comp time may be taken instead of paid overtime. ALL overtime and comp time must be pre-approved by the supervisor in conjunction with the superintendent or designee.

Certified Staff are considered exempt from overtime in accordance with the Fair Labor and Standards. Certified Negotiated Agreement provides guidance for additional compensation for certified staff. The regular workweek for overtime purposes is from 12:00 a.m. on Sunday through 11:59 p.m. on Saturday. The administration may establish a different 7-day period workweek from time to time for specified employees or employee groups.

Employees will be expected to accurately report hours worked through district software used for time reporting. Falsification of time worked is a serious offense.

Employees must receive prior approval from their supervisor to work additional hours beyond their regular work schedule. Non-exempt employees will be paid for each hour worked in excess of 40 hours in a workweek and are expected to accurately and timely report overtime hours to their supervisor.

Overtime calculations do not include payment for idle hours when the employee is not at work. Idle hours include paid time off, sick time, and all other types of leave offered to classified employees. Employees who use leave during a week will not be compensated for overtime until time actually worked exceeds 40 hours in the same workweek. For example, if an employee uses eight hours of paid time off leave on Monday and then works 44 hours between Tuesday and Saturday, only four hours will be considered overtime for that workweek.

Overtime pay for non-exempt employees will be paid at the rate of not less than 1½ times the employee's regular rate of pay for hours worked in excess of the 40 hour workweek. Employees with two or more non-exempt positions may be eligible for overtime pay based upon the total number of hours worked in one workweek.

The district's policy is to not permit improper deductions from the salaries of exempt employees who are required to meet a "salary basis" test for the overtime exemption to be applicable. An employee who feels an improper deduction affecting exemption status has occurred may submit a complaint to the Superintendent or designee, who shall promptly investigate the complaint. Reimbursement shall be made and a good faith commitment to comply in the future will be given in the event it is determined that an improper deduction affecting overtime exemption has been made.

Section 15 Disciplinary Suspension

The district's policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated employees, including exempt employees who are required to meet a "salary basis" test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance.

Section 16 Worker's Compensation

All employees come under the provisions of the Nebraska Workers' Compensation Law. Injuries on district-owned grounds or in district-owned buildings or that happen during job duties off premises, no matter how minor, should be reported immediately to the supervisor or principal.

The supervisor is to be knowledgeable of the district's reporting procedures and to provide the forms and direct the employee on how to complete (1) the Employee's Incident Report and (2) Employee's

Choice of Doctor forms. The supervisor will then complete (3) the Supervisor's Accident Investigation Report and forward all to the Business Office. It is also the supervisor's responsibility to contact Wellness Works who will follow up with the employee.

Employees eligible for worker's compensation can receive up to 66 2/3% of their wages from the worker's compensation insurer. The district will use the employee's available sick and paid time off leave time to compensate the employee for the remaining portion of their wages. Once the employee's sick and paid time off leaves are used up, the district paid portion of their wages will cease and the employee will only receive the amount paid by the worker's compensation insurer. No leave accruals will occur while an employee is on worker's compensation leave.

Once an employee is eligible for worker's compensation, the employee's time off will be treated as allowable time off under the Family Medical Leave Act (FMLA). See Article 3, Section 8 for FMLA details.

Article 3 –CLASSIFIED ABSENCES FROM WORK

Section 1 Absence Procedures

Leave Accrual. All leave is accrued accordingly. *Once the employee has used all of his/her allotted leave in any category, absent without pay is the only option available.* Twelve-month employees, working less than eight hours per day, will receive one half of the leave amounts detailed in each section. **All Paraeducator's leave is subject to the Current Paraeducator Negotiated Agreement.**

Requesting and Reporting Leave. An employee who wants to use available leave is to submit a leave request to the employee's supervisor using the district designated software as soon as possible. Leave requests are to be submitted in a timely fashion to the supervisor. The supervisor may require that more advance notice be given depending on the nature of the employee's duties or the need to schedule a substitute. Absence requests must be submitted as soon as possible to ensure the employee is paid for the time. Absences must be submitted during the month of absence. Paid time off leave should be submitted at least five business days in advance.

Employees using the District Time Management System to report leave must report leave in a timely fashion or the employee will not be compensated for the leave. Employees are required to submit leave if they cannot work regularly scheduled hours, even if the leave is exhausted. Custodial and Maintenance staff is subject to the Facility and Maintenance Department Policies.

Giving Notice of Unscheduled Absences. An employee who is unable to request advance approval for an absence because of the nature of the circumstances requiring the absence (such as personal illness or unforeseen emergency) is to report the need to be absent as soon as the situation is known. To report the need to take a sick or bereavement leave, employees are to contact their building administrator or supervisor as soon as possible. Before the end of the day on the first day of the absence, and on each subsequent day of absence, the employee is to report to their building administrator or supervisor whether the employee will be able to return to work on the next duty day. For sick or bereavement leave occurring in circumstances where the need for the leave can't be determined in advance, the employee is to make a report of the need to take the leave as soon as possible. The district may approve special emergency circumstances.

Returning from Absences

1. *Justification for Absences Taken Without Prior Approval.* If an employee is absent without advance approval either: (1) the day immediately preceding or immediately following a regularly scheduled school break (such as winter break, spring break, and quarter or semester breaks) or (2) during the first two weeks or the last two weeks of school (student contact days), the employee will be required to give verification (for example, a doctor's note) to establish that the employee was unable to work for an excusable condition or excusable reason.
2. **Family and Medical Leave (FMLA).** Qualified employees will be provided leave under the Family and Medical Leave Act (FMLA) as provided in board policy.

Employees are required to disclose any medical restrictions that limit their ability to perform the essential functions of their position to their supervisor and to request a meeting with the Americans with Disabilities Act (ADA) Coordinator to discuss the provision of reasonable accommodations. The district will not discriminate against any employee due to disability and will provide reasonable accommodations. Information provided about medical conditions or disabilities shall be treated as confidential, as required by state and federal statutes, and will be divulged only to the extent necessary to provide reasonable accommodations.

Section 2 Leave

Permanent employees are provided with accrued leave based on employees FTE (sick, adoption, paid time off) and benefit leave (bereavement, holidays, jury duty, voting, professional) in accordance with their employment classification, applicable negotiated agreement, and Board policy. During such paid leave, employees continue to receive their salary and fringe benefits.

The leave provided by the district is to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and does not represent the district's values.

Section 3 Accrued Leave

Note: Temporary Summer Employees do not accrue leave.

Sick Leave. Employees are to use sick leave when unable to work due to an illness. Activities other than caring for their own health or that of an immediate family member reflect an abuse of sick leave. Please reference the Paraeducator Negotiated Agreement.

Sick leave may be accumulated up to 600 hours based on the percent of time worked during a standard week. Sick leave can only be used up to the standard hours per day of a given class of employee. Employees will not be permitted to use unearned sick leave. An unpaid leave of absence may be requested by classified employees to Human Resources and the Associate Superintendent. Any employee that moves to a part time status that is less than 20 hours per week, will lose all accrued leave. **(See appendix C for category and benefits)**

Category	Hours Accrued Per Month
A	8
B	6
C	5 (based on 9 payroll checks)

Sick leave may be granted for medical appointments, maternity, illness or accidents, injury to the employee, spouse, children, parent, step-parent, parents-in-law and grandparents. All accumulated sick leave may be used for any or all stated items. When employee leaves work due to stated sick leave, they must take at least half an hour of leave before returning to work. FMLA absences will be handled through HR.

Twelve-month employees cannot use sick leave the day before or the day after a holiday without supervisor approval.

If a classified employee is using paid time off leave, appropriate leave will continue to accrue. If a classified employee is using sick leave, leave will not continue to accrue. All sick leave benefits cease upon termination of employment with the North Platte Public Schools. Sick leave does not accrue cash value.

Sick and paid time off leave is accrued monthly and will begin accruing with the employee's first paycheck. If an employee is absent from work before their first paycheck, the employee will not be paid for hours worked. Leave will not be available until after one month of employment.

If employment is terminated prior to leaves accruing for that month, the employee will not accrue leave. If leave accruals have already been posted, then that leave will be available to employees to use. Paid time off leave will be paid out in the employee's final paycheck.

If an employee is out on medical (FMLA) or workers comp leave, the employee will not accrue leave until his/her return to employment, at least half time, with the district.

Classified staff members may donate up to 16 hours of sick leave per year to any classified staff who has exhausted all paid leave, and who becomes subject to a pay deduction or no income due to

extended illness. **Maximum amount of donated sick leave cannot be more than 600 hours.** Extended illness may be defined as cancer, heart attack or heart surgery, accident or injury that requires immediate medical attention followed by a physician's directive to remain away from work for rest and recovery, terminal illness, major organ transplant, stroke, tumor or any illness or disease comparable to those enumerated in this section as determined by the **Associate Superintendent** ~~Executive Director of Finance, Facilities and Operations~~ whose discretion of eligibility shall be final. A physician's statement must accompany all extended illness cases.

Adoption Leave. Adoption leave will be permitted to be taken by an adoptive parent for the same time and on the same terms as an employee is permitted to take a leave of absence upon the birth of the employee's child.

The adoptive parent leave of absence begins following the commencement of the parent-child relationship. The parent-child relationship commences, for purposes of adoption leave, when the child is placed with the employee for purposes of adoption. The employee shall be deemed to have waived any adoptive leave days not taken following the commencement of the parent-child relationship, except as the Superintendent and the employee may otherwise agree. Advance notice of an anticipated adoption shall be provided by the employee to the Superintendent as early as possible.

Paid Time Off. (Does not include sick leave)

When an employee changes positions within the district, from a position that does not accrue leaves monthly to a position that does, the employee will be granted the lesser of 2 years of service credit towards leave accruals or their actual years of service.

Employees may not be absent from their assigned duties for more than 80 consecutive work hours for paid time off purposes, unless approved by Human Resources. Paid time off leave must be used in half hour increments. Clerical staff working 10 months will receive the maximum accrual as shown below. Paraprofessional staff will receive the paid time off based negotiated agreement. Paid time off leave is earned monthly beginning on July 1st on the basis of continuous employment and will be granted as follows:

	Employment Term	Hours earned per Month	Maximum accumulation	Notes:
12 Month Classified Employees	0-11 Months	9	108	
	12-59 Months	14	168	
	60-119 Months	16	192	
	120 months+	18	216	
	Paraeducator			Based upon Negotiated Agreement
	10 Month Clerical		32	Accrues July 1st

Once the maximum number of hours has been reached, no additional leave will be accumulated until time has been used. Para-Educators must be hired prior to March 1st to accrue Paid Time Off.

Section 4 Benefit Leave

Bereavement Leave. Bereavement leave is to be used for purposes of addressing issues related to the death and to attend funeral services. Bereavement leave is granted at NPPS discretion and subject to verification.

The taking of a bereavement leave without attending funeral services would be an abuse of bereavement leave, except in the case of the death of the staff member's parent, child or spouse, where grief would be expected to impair the employee's ability to function at work.

All categories: Employees may be granted leave based on FTE up to a maximum of 40 hours paid per year at regular hourly rate for daily hours assigned for absence from work due to a death in the immediate family. Other family members would be evaluated based on discussion with the Executive Director or HR.

- A. Spouse
- B. Parent/Parent-in-law
- C. Child
- D. Son-in-law/Daughter-in-law
- E. Grandchild
- F. Brother/Sister

Employees may be granted based on FTE up to 16 hours total per year paid at regular hourly rate for hours assigned daily for absence from work due to a death:

- A. Brother-in-law/Sister-in-law
- B. Grandparents
- C. Niece, Nephew, Aunt and Uncle
- D. Person living in the home of the employee

Employees will be granted a maximum of 8 hours or a regularly scheduled day for the death of friends per year.

Holidays. Pay will be received for those holidays observed by the district, which fall within their assignment period. The districts will designate holidays annually. If a holiday is observed while the employee is on sick leave or paid time off leave, the holiday will not be charged to sick leave or paid time off leave. The paid holiday schedule for the current school year is located in as an **Appendix H**.

Section 5 Sick Leave Incentive

Sick Leave Incentive Program: Employees **(Except Para-Educators and teachers; please refer to their master agreement)** will receive a sick leave benefit if the following conditions are met:

1. The employee is at least fifty-five (55) years of age as of September 1 of the school year in which the employee resigns ("resignation year").
2. The employee has completed 15 or more consecutive years of credited service to the North Platte Public Schools District ("District") as of the conclusion of the resignation year (credited service means continuous employment with the District as a classified staff). The employee will be paid their accumulated sick leave in January of the following year of their resignation according to the following formula: (Hourly rate x (total sick leave hours x 40%)).

Article 4 – CERTIFIED ABSENCES FROM WORK

Section 1 Absence Procedures

Leave Accrual. All leave is accrued on an annual basis unless otherwise stated. Personal and leave will be granted July 1st of each school year. Once the employee has used all of his/her allotted leave in any category, absence without pay is the only option available. Employees requesting leave beyond accrued leave and FMLA, will need Human Resource approval to take leave without pay.

Requesting Leave. An employee who wants to use available leave is to submit a leave request to the employee's supervisor using the district designated software. Leave requests are to be submitted in a timely fashion to the supervisor. All personal leave requires five school days advance notice, exception requests require Human Resources approval and subject to negotiated agreement. The supervisor may require that more advance notice be given depending on the nature of the employee's duties or the need to schedule a substitute. District Administration may restrict personal leave requests based upon substitute availability and negotiated agreement.

Giving Notice of Unscheduled Absences. An employee who is unable to request advance approval for an absence because of the nature of the circumstances requiring the absence (such as personal illness or unforeseen emergency) is to report the need to be absent as soon as the situation is known. To report the need to take a sick or bereavement leave, employees are to contact their building administrator or supervisor as soon as possible. Before the end of the day on the first day of the absence, and on each subsequent day of absence, the employee is to report to their building administrator or supervisor whether the employee will be able to return to work on the next duty day. For sick or bereavement leave occurring in circumstances where the need for the leave cannot be determined in advance, the employee is to make a report of the need to take the leave as soon as possible. District Administration may approve special emergency circumstances.

Returning from Absences

1. *Justification for Absences Taken Without Prior Approval.* If an employee is absent without advance approval either: (1) the day immediately preceding or immediately following a regularly scheduled school break (such as winter break, spring break, and quarter or semester breaks) or (2) during the first two weeks or the last two weeks of school (student contact days), the employee will be required to give verification (for example, a doctor's note) to establish that the employee was unable to work for an excusable condition or excusable reason.
2. *Establishing Fitness for Duty.* Employees must present a written statement from their physician or healthcare provider to their supervisor when absent for any period of time because of injury requiring care from a physician or healthcare provider, or absent from work for 5 days or more due to a personal health condition. The statement is to clearly verify that the employee is mentally and physically able to return to duty. This statement is to be presented in person to the employee's supervisor before the employee returns to duty in order that the readiness to perform work can be observed and discussed. Custodial staff is subject to the Custodial Department Policies.

Employees are required to disclose any medical restrictions that limit their ability to perform the essential functions of their position to their supervisor and to request a meeting with the Americans with Disabilities Act (ADA) Coordinator to discuss the provision of reasonable accommodations. The District will not discriminate against any employee due to disability and will provide reasonable accommodations. Information provided about medical conditions or disabilities shall be treated as confidential, as required by state and federal statutes, and will be divulged only to the extent necessary to provide reasonable accommodations.

Section 2 Leave

Employees are provided with accrued leave (sick, adoption) and benefit leave (personal, bereavement, jury duty, voting, professional) in accordance with applicable negotiated agreement, and Board policy. During such paid leave, employees continue to receive their salary and fringe benefits.

The leaves provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

Sick Leave. Employees are to use sick leave when unable to work due to the illness . Activities other than caring for their own health or that of an immediate family member reflect an abuse of sick leave. Sick leave may accumulate up to 64 days.

Section 3 Adoption Leave

Adoption Leave. Adoption leave will be permitted to be taken by an adoptive parent for the same time and on the same terms as an employee is permitted to take a leave of absence upon the birth of the employee's child.

The adoptive parent leave of absence begins following the commencement of the parent-child relationship. The parent-child relationship commences, for purposes of adoption leave, when the child is placed with the employee for purposes of adoption. The employee shall be deemed to have waived any adoptive leave days not taken following the commencement of the parent-child relationship, except as the Superintendent and the employee may otherwise agree. Advance notice of an anticipated adoption shall be provided by the employee to the Superintendent as early as possible.

Section 4 Benefit Leave

Discretionary Leave. Certified staff are granted leave according to the negotiated agreement, teachers may be paid ~~\$150~~ \$100 per day for unused leave. Leave is not carried over to the following school year for teachers.

For administrators, personal leave must be used within the school year they are earned and do not carry over to the following school year and may be paid a daily sub rate for any unused personal leave.

***It is important for Substitutes to know the expectations of teachers. If you believe you do not have the materials and information necessary for a successful day substituting, please contact the building principal.**

LESSON PLANS - It is vital that you take an adequate amount of time preparing for a substitute teacher. Give the substitute as much detail as necessary to make your wishes clear. Review, organize and clearly label materials to be left for the substitute. The substitute needs enough material to keep the students busy for the entire class period. Your instructions should be fairly detailed and legible, leaving no doubt about what you are trying to accomplish on that given day. It might even be a good idea to include the actual goals and objectives that you are trying to attain. But at all costs, leave the substitute more than enough activities/material to keep the students busy. Always make a few extra copies.

If you wish to leave your desks and cabinets locked, that is understandable, but at least leave a large sealed envelope marked "FOR THE SUBSTITUTE", containing all the items the sub will need for the day.

Make your expectations of the students clear - Studies indicate that a substitute has only the first 5 minutes of class to establish control of that class. A well-prepared group of students will most often comply with the substitute. Define best behavior for them. Never make jokes about substitute teachers and don't let students think that you have low expectations for days that you aren't there. Give students no opportunity to contradict the substitute. Use every available opportunity to remind your students about proper classroom behavior when guests — and that includes subs — are present. Work with students to constantly remind them that if you do take an absence day, the class behaves properly. Make expectations of substitutes clear - Take the time to discuss expectations of student behavior with substitutes early in the year in case you are absent. When you are going to be absent, take the time to write thorough plans that account for every minute of class time.

A substitute-teacher's notebook, for use by any sub who may be assigned to your class, will be required. The notebook's emergency lesson plans and classroom management information will help ensure that everything runs smoothly while you're gone.

The sub-notebook, clearly labeled and easily accessible from your desk, containing the following materials:

- Copy of your school's bell schedule, including lunch schedules
- Updated copy of your classroom seating chart
- Updated copy of your roll sheet, including students with health needs identified
- Copy of your daily instructional schedule, including paraeducator or co-teacher if applicable
- Copy of your classroom rules/ procedures/ syllabus
- List of your most helpful and responsible students
- List of all classroom textbooks used and where they are shelved
- Simple map of the school facility and grounds, including emergency-exit routes
- List of the names, room numbers, and extensions of your closest fellow teachers

- List of the names and extensions of your school's administrative personnel
- List of the names, room numbers, and extensions of the nurse, counselor, etc.
- At least three broad, flexible lesson plans that can be used throughout the year

Article 5 - LEAVE

Section 1 Jury Duty Leave

An employee who is summoned for jury service must promptly notify the employee's immediate supervisor. The employee will be allowed time off for jury duty.

There will be no loss of salary or deduction in leave time for time spent in jury service. The district may at its discretion reduce salary by an amount equal to any compensation, other than expenses, paid by the court for jury duty.

If an employee reports for jury duty in the morning and is then dismissed from jury duty for the remainder of the day, the employee is to report for work and resume duties for the balance of the day, except as may be otherwise arranged by the employee's immediate supervisor.

Section 2 Voting Leave

Employees will be allowed paid time off to vote in an election if the employee: (a) is a registered voter; (b) does not have 2 consecutive hours during which the employee is not required to be present at work in the period between the time of the opening and closing of the polls; and (c) applies for voting leave prior to or on election day.

Voting leave will not be available to most employees because elections are typically scheduled for 8 a.m. to 8 p.m. Most employees are off duty on or before 6 p.m. If not off work by 6 p.m., the employee is usually not on duty before 10 a.m.

When voting leave is available, an employee will be entitled to be absent from work on Election Day for such a period of time as will, when considering the employee's non-working time, total 2 consecutive hours between the time of the opening and closing of the polls. When voting leave is used, no deduction shall be made from the employee's salary or wages on account of such absence. The employee's supervisor may specify the hours during which the employee may be absent for voting leave.

Section 3 4011 Family and Medical Leave

North Platte Public Schools handles FMLA internally through HR. Employees are to contact HR for FMLA absences and guidance. Employees may need to file FMLA for intermittent absences. Employees will be given additional guidance after contacting HR. Employees are responsible for contacting HR and submitting required documentation. Employees who fail to contact HR or neglect to submit the requested documents may be subject to denial of FMLA and/ or disciplinary action.

Employee Rights and Responsibilities under the Family and Medical Leave Act

Family and medical leave shall be allowed under the terms and conditions of the Family and Medical Leave Act of 1993, as amended (FMLA)

Basic Leave Entitlement. FMLA provides up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or childbirth;
- To care for your child after birth, or placement for adoption or foster care;
- To care for spouse, son or daughter, or parent, who has a serious health condition; or

- For a serious health condition that makes you unable to perform your job.

The “leave year” for purposes of the FMLA is a “rolling” 12-month period, measured backward from the date of any FMLA leave usage.

Military Leave Entitlement. Eligible employees with a spouse, son, daughter, or parent on active duty or call to active-duty status in the National Guard or Reserves in support of a contingency operation may use the 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections. During FMLA leave, health coverage under a “group health plan” will be maintained on the same terms as if you had continued to work. Upon return from FMLA leave, most employees must be restored to their original or an equivalent position with equivalent pay, benefits, and other employment terms.

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the FMLA leave.

Eligibility Requirements. A person is eligible if you have been employed with North Platte Public Schools for at least one year, for 1,250 hours over the previous 12 months, and if there are at least 50 employees of the district within 75 miles of your work location.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a healthcare provider for a condition that either prevents you from performing the functions of your job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave. You do not need to use FMLA leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. You must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the district’s operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. You may choose or North Platte Public Schools may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, you must comply with the district’s normal paid leave policies.

Employee Responsibilities. You must provide sufficient information for the district to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that you are unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a healthcare provider, or circumstances supporting the need for military family leave. You also must inform the district if the

requested leave is for a reason for which FMLA leave was previously taken or certified. You also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities. The district must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the district must provide a reason for the ineligibility.

The district must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the District determines that the leave is not FMLA-protected, the district must notify the employee.

Unlawful Acts by Employers. FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

For additional information you may refer to FMLA poster (available at your workplace or from the Human Resources Department) or contact the U.S. Wage and Hour Division at:

To submit a request for use of FMLA, or to make arrangements for payment of benefits while on FMLA leave, contact Superintendent, at 308-696-3305.

Section 4 4011.1 Military and Family Military Leave

Military leave and family military leave will be granted to the extent required by state and federal law.

Employees requesting military leave must notify the Superintendent as soon as they receive notification of activation. Employees are to attach a copy of their orders to a leave request form when they prepare the request for military leave.

Employees requesting to take family military leave under the Nebraska statutes must notify the Superintendent at least 14 days in advance of taking such a leave if the leave will be for 5 or more consecutive days, and consult with their supervisor to schedule the leave so as to not unduly disrupt the operations of the District. For leaves of less than 5 days, the employee is to notify the Superintendent of the leave request as soon as practicable.

Family military leave under the FMLA will be provided in accordance with that law and subject to the provisions of the Board policy pertaining to FMLA leave.

Section 5 Subpoena to Testify Leave

An employee must promptly notify the employee's immediate supervisor when the employee receives a lawfully issued subpoena to testify in court or to give a deposition that may require an absence from duty. In the event the subpoena involves a job-related matter in which the employee is testifying on behalf of the district, the absence will be treated similar to a jury duty leave. In the event the subpoena involves a personal matter, the employee will be required to use available paid time off. A subpoena

will be considered to involve a personal matter whenever the employee or a family member or friend of the employee is a party to the legal proceeding.

Article 6 – DUTIES AND RESPONSIBILITIES

Section 1 Hours of Work & Meetings

Regular, dependable, in-person attendance at work is an essential function of all North Platte Public School's positions.

Employees are required to attend meetings called by the administration or their supervisors, except those meetings which are designated for optional attendance.

The North Platte School District uses an electronic time tracking system called District Time Management System to capture and record all non-exempt employee time records and all hourly paid supplemental position time. The electronic time tracking system allows employees to accurately monitor and keep track of their time and enables the district to efficiently process employee time worked and leave taken for payroll purposes. The following guidelines have been created to ensure accurate recordkeeping and compliance within the district.

The District Time Management System shall be considered as the "official" record of the workday for these positions. Any disputes over actual hours worked or attendance will be resolved by referring to the District Time Management System records.

Section 2 Absences in Excess of Paid Leave

Should an employee be absent from work in excess of the employee's accumulated sick leave or other paid leave, the employee's salary and fringe benefits (including the cost of premiums for group health insurance) shall be reduced by the hours missed. Employees who are absent beyond allocated leave, including accrued leave, and do not meet the guidelines of FMLA will be given notice and an improvement plan put in place. If continued absences occur without leave, disciplinary action may be taken. When an employee is absent due to an illness and cannot return to work, the District will pay the employee's elected health insurance premium for up to 12 weeks, if the leave is approved with FMLA. .

The district complies with laws that require leaves to be allowed, such as for FMLA leaves, military service and jury duty.

Section 3 Arrival to Duty Assignments

Employees' work assignments may or may not be related to the regular school day. All employees are expected to know their duty dates and times and to be on time for work.

Administration has discretion, upon district approval, to adjust daily hours to accommodate building needs.

Section 4 Leaving School/Assignment

Employees are to be on duty at all times during the assigned work day. **Employees may not leave school or their assigned area during duty hours without approval of the principal or their supervisor.**

Employees who leave the school during their designated lunch period or for an approved absence must check out with the principal's office or their supervisor when leaving and check back in upon return. Employees who need to leave during the school day for reasons of illness or emergency are to make sure that a responsible person has been notified of their unexpected absence so work coverage may be provided.

Section 5 School Procedures

Employees are expected to adhere to the following school procedures in the performance of their duties:

1. Use of Phones. Employees are not to use personal cell phones for any non-school purpose during duty time. Personal telephone calls shall not be made during duty time except in the event of an emergency. No personal long distance calls on school telephones will be authorized, except in an emergency. **Staff are not to allow students the use of their personal cell phone.**

Employees are not to use cell phones or otherwise engage in distracted driving while transporting students or using district vehicles. This rule applies to the driver when the vehicle is in motion. The only exception would be in the case of emergencies. Employees will abide by all the rules of the road and any applicable rules of the Nebraska Department of Education and the District relating to driving a motor vehicle. Seat belts and child restraint systems are to be utilized by all occupants.

To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent of all parties the person or persons being recorded or whose image or sound is being transmitted. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to

2. Checking Out of Equipment. All equipment must be checked out through the appropriate office. School equipment must be used only for school purposes. School equipment and other resources may not be used for personal purposes only as authorized by Board policy or contract. Policy 3014
3. Requisition of Equipment and Supplies. Books and supplies which are needed for instruction should be requested through the appropriate office. Employees shall not make purchases on behalf of the district without prior approval of the principal.
4. E-mail. Use of the District's email system for personal communications should be limited and is subject to the rules governing overall computer usage found in Board policy ([Policy No. 4043](#)) and this handbook.
5. Employee Mailbox. Employees may be assigned a mailbox. Employees should check for mail upon arrival, in the course of the work day, if possible, and upon departure. If something requires an answer employees are responsible for responding promptly. Employee mailboxes are to be limited to communication regarding school business.
6. Attire. It is important for employees to project a professional image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting a professional image. Employees are expected to maintain professional attire and grooming when on duty. As a minimal guide, employees should wear **Smart Casual**. The administration may establish more detailed guidelines for individual employees should that be necessary. ([Policy No.4041](#))

Custodial and maintenance staff are provided with a uniform. If the employee terminates employment, their uniforms must be returned. Failure to return their uniform will result in a reduction of their final paycheck for the cost of the uniform.

7. Identification/Security. All employees are required to wear photo identification badges provided by the district so that staff and students can recognize them as employees.

North Platte Public School is committed to providing a safe learning environment. It is important to know at all times, who is present in the building. Staff who are not regularly assigned a building will check-in and checkout through Visitor Aware with their staff ID. If staff

do not have their staff ID, they will need to present a state-issued ID to office staff and receive a printed name tag. Staff must have ID readily visible at all times during school hours. Staff who leave during the day, will be required to checkout through Visitor Aware. The District and Building Administration have the right to provide further guidance on the use of Staff Check-In and Out.

8. Visitors. Employees are not to have visitors while on duty other than as appropriate for the performance of their duties except on a short-term basis and only with permission of the principal or supervisor. Included in the definition of visitors are family members of the employee. Employees are responsible for ensuring that their visitors follow procedures for being on District property, including checking in. Employees are not to bring their children to work with them in lieu of taking them to childcare.

North Platte Public School is committed to providing a safe learning environment. It is important to know at all times, who is present in the building. North Platte Public Schools has Visitor Aware, a visitor management system to assist in identifying adults within the building. All visitors are required to check-in to the office by presenting a state-issued ID. A name tag will be given to the visitor with name and destination identified. All staff are responsible for checking that visitors have proper identification.

9. Classroom Environment. At all times, teachers are expected to organize, maintain and ensure that their classroom is in a safe, orderly and clean condition for student learning. Classrooms should be free from distractions (such as inappropriate or unprofessional posters or other displays) and other apparatus that may cause student health problems (such as essential oils and/or essential oil diffusers). Teachers who are uncertain as to whether their classroom meets this requirement are encouraged to consult with their building principal in a proactive manner.

Section 6 Supervision of Students

~~Proper supervision of students is an important responsibility of all employees of the district.~~

NPPSD requires its **certificated staff (teachers)** to serve on **playground, lunchroom, and hallway supervision duties** as assigned by building principals. These supervisory responsibilities are part of regular employment duties, and principals are responsible for organizing and equitably assigning these duties. Educational practice generally expects **all school personnel** to share responsibility for supervising students during the school day — including hallways, cafeterias, transitions, and before/after school programs — and principals typically assign these duties.

In addition, NPPD partners with the City of North Platte to place **School Resource Officers** in elementary, middle and high school, which supports overall safety and student supervision on campus. NPPSD has a **Student Behavior Code** and various procedures to address student conduct and maintain a safe environment, which contributes to structured supervision throughout the day. To minimize classroom disruptions and improve supervision, NPPSD recently implemented **no-phone policies (LB 140)** during the school day K-12; and digital hall pass systems in middle and high schools — policies that help staff know where students are and reduce unsupervised wandering.

- Students should be **under adult supervision at all times** during the school day, while on school grounds, and during school-sponsored activities.
- Principals and school administrators are charged with developing and implementing supervisory duty lists and schedules for staff.
- Supervision covers classrooms, hallways, cafeterias, playgrounds, and arrival/dismissal times.

- **Staff must never leave students unsupervised without authorization or an emergency arrangement in place.**

Employees responsible for student supervision are expected to meet the four “P’s” for student supervision and safety. All employees of the school should be familiar with these principles to the extent they may be involved in supervision of students or interacting with students.———

1. Proper Supervision

- ~~a. Report to all duty assignments on time.~~
- ~~b. Circulate through the duty area. Pay particular attention to areas and activities that pose an increased risk of injury.~~
- ~~c. Be vigilant while supervising students. Never leave the students unattended; the need to make a copy is not greater than the need to supervise the students. If an emergency requires that you leave students who you are supervising, request that another nearby staff member provide supervision for you, or notify the office so someone can provide assistance. If you are on recess duty, the responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that the primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.~~
- ~~d. If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, the supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about students except with other staff who need to know the information to perform their jobs).~~
- ~~e. Be careful when physically contacting students. Physical contact with students should be limited to that necessary to protect the student. Corporal punishment is prohibited in the school district and is not to be used. Physical force may only be used to the extent reasonably necessary to protect the student, yourself and others, and to protect property as may be reasonable.~~
- ~~f. Use good judgment when dealing with difficult situations involving students. Physical confrontation generally escalates tense situations.~~
- ~~g. Be careful with your language. Profanity or abusive language should not be used by you. Be a good role model for students. If a student uses such language, you should correct the student and take such disciplinary action as is appropriate, which may include making a report to administration.~~

2. Proper Instructions

- ~~a. Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.~~
- ~~b. Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.~~
- ~~c. When you go over safety rules with students, note it in your written records.~~

3. Proper Maintenance of Buildings, Grounds, and Equipment

- ~~a. Conduct periodic inspections of equipment under your control or in your area of supervision.~~

- ~~b. If equipment is broken and presents a risk of injury, immediately take it out of service (if it can't be moved, tape a "Do Not Use" sign) and notify the office so those repairs may be undertaken.~~

4. Proper Warnings

- ~~a. If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students. Tell the office so additional warnings may be given.~~

Contact the Office for Assistance: The administration office should be contacted immediately when a situation exists which could cause injury to students or others. Examples include:

- student fights
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.); if the office cannot be immediately located, call 911 if the problem appears to be of immediate and serious concern
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

Violations of student rules which are also violations of state law are required to be reported to law enforcement. Make a report of such conduct to the principal so this law may be followed.

Student Searches: Office administration should be contacted to perform searches of students or their belongings. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

Student Rights: Treat students fairly and consistently without consideration of race, color, religion, gender, or disability. Students who need special accommodations are to be given those accommodations as needed for them to participate in school and school activities. Follow IEP and 504 Plans for the students for whom you are responsible. Be attentive and respond to "bullying." Maintain the confidentiality of student records. Student record information should be shared only with other school staff with a need to know the information to perform their duties.

Section 7 5024 Dispensing Medication

Medication will be administered only in accordance with the Medication Aide Act. Medications will not be administered during school hours except as necessary to provide appropriate educational services. Employees are not permitted to give any medication to students unless trained under the Medication Aid Act. Parents/guardians are encouraged to have medications given at home by the parent or by other responsible parties identified by the parent.

The school district reserves the right to review and decline requests to administer or provide medications which are not consistent with standard pharmacological references, are prescribed in daily doses which exceed the dosage recommended by standard pharmacological references or which could be prescribed in a manner which would eliminate the need for giving medication during school hours. The school district may at any time consult with the student's physician with regard to any medication prescribed by the physician.

Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the nurse's office; with the exception of students who have a diabetes self-management or asthma self-management plan.

If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission slips to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel are not to administer medicine, including over the counter medicine, without a signed form and note or prescription. Any medication brought to school needs to be properly labeled. The label should include the following information: student's name, name of medication, dosage needed, and time of dispensing the medication.

If a group of students is going on a field trip, the supervising teacher is to notify the Health Office of the trip a minimum of 48 hours in advance. The School Nurse will determine if the medical needs of one or more of the students will require that a health services staff member accompany the students. If it is not necessary for a health services staff member to accompany the students, but one or more of the students may need medication during the field trip, the school nurse will train the teacher about the procedures necessary for medication administration and documentation.

Section 8 **[4054 Reporting Child Abuse](#)**

The district recognizes its obligation under Nebraska law to report suspected child abuse or neglect cases to local law enforcement or social services personnel. In efforts to help prevent child abuse or neglect, school employees will learn to recognize the symptoms of child abuse, know how to report it, and provide continuing support and encouragement to abused children and their families.

Staff members will work cooperatively with law enforcement and/or the Child Protection Services (CPS) worker who is investigating a report of child abuse. Law enforcement and/or the CPS worker will be given access to a child at school when an interview is requested as part of an investigation of a child abuse report.

During the investigation of a reported child abuse case, when law enforcement and/or a CPS worker requests information about a student, school employees will provide information within the guidelines of the Family Educational Rights and Privacy Act (FERPA) and the exceptions to FERPA as noted in the Uninterrupted Scholars Act. The Uninterrupted Scholars Act permits educational institutions to disclose a student's education records, without parental consent, to a caseworker or other representative of a State or local child welfare agency, when such agency is legally responsible for the welfare of the student or the student is the Ward of the Court or State.

Section 2 Role Model

Employees serve as role models for students and their actions and conduct reflect on the school as a whole. Employees are in all respects to conduct themselves in a professional manner.

Section 3 4043 Professional Boundaries and Appropriate Relationships Between Employees and Students

School district employees and student teachers or interns (“employees”) are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. Employees are required to establish and maintain professional boundaries with students and must have appropriate relationships with students. They may be friendly with students, but they are the students’ teachers, not their friends, and they must take care to see that this line does not become blurred. This applies to employees’ conduct and interactions with students and to material they post on personal web sites and other social networking sites including, but not limited to, Instagram, Facebook, and Twitter. The posting or publication of messages or pictures or other images that diminish an employee’s professionalism or ability to maintain the respect of students and parents may impair his or her ability to be an effective employee. Employees are expected to behave at all times in a manner supportive of the best interests of students.

Sexual Relationships Prohibited. Employees are prohibited from engaging in any relationship that involves sexual contact or sexual penetration with a student while the student is a current student and for a minimum of one year after the date of the student’s graduation or the date the student otherwise ceases enrollment. Sexual contact has the same meaning as in section 28-318, and sexual penetration has the same meaning as in section 28-318.

Grooming Prohibited. Employees are prohibited from engaging in grooming with students. Grooming means building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student’s life the sexual contact or sexual penetration would take place.

Unless an employee can clearly and convincingly demonstrate a legitimate educational purpose, grooming behaviors and related conduct that are a violation of this policy include, but are not limited to:

- Communicating about sex when the discussion is not required by a specific aspect of the curriculum.
- Joking about matters involving sex, using double entendre or making suggestive remarks of a sexual nature.
- Displaying sexually inappropriate material or objects.
- Making any sexual advance, whether written, verbal, or physical or engaging in any activity of a sexual or romantic nature.
- Kissing of any kind.
- Dating a student or a former student within one year of the student graduating or otherwise leaving the district.

- Intruding on a student's personal space (e.g. by touching unnecessarily, moving too close, staring at a portion of the student's body, or engaging in other behavior that makes the student uncomfortable).
- Initiating unwanted physical contact with a student.
- Communicating electronically (e.g. by email, text messaging, or through social media) on a matter that does not pertain to school.
- Playing favorites or permitting a specific student to engage in conduct that is not tolerated from other students.
- Discussing the employee's personal issues or problems that should normally be discussed with adults.
- Giving a student a gift of a personal nature.
- Giving a student a ride in the employee's vehicle without first obtaining the express permission of the student's parents or a school administrator.
- Taking a student on an outing without first obtaining the express permission of the student's parents or a school administrator.
- Inviting a student to the employee's residence without first obtaining the express permission of the student's parents and a school administrator.
- Going to a student's home when the student's parent or a proper chaperone is not present.
- Repeatedly seeking to be alone with a student.
- Being alone in a room with an individual student at school with the door closed.
- Any after-school hours activity with only one student.
- Any other behavior which exploits the special position of trust and authority between an employee and student.

This list is not exhaustive. Any behavior which exploits a student is unacceptable. If in doubt, ask yourself, "Would I be doing this if my family or colleagues were standing next to me?"

Communication Between Employees and Students. The preferred method for employees to communicate with students is ROOMS (**Rooms is a two-way communication and messaging tool integrated directly with your school app**); NPPSD Gmail or Google classroom. A personal communication system is a device or software that provides for communication between two or more parties and is capable of receiving, displaying, or transmitting communication. Personal communication system includes, but is not limited to, a mobile or cellular telephone, an email service, or a social media platform.

Employee communications with students through a communication system generally are to be sent simultaneously to multiple recipients and not just to one student. The burden to demonstrate the appropriateness of a communication with a student only shall rest with the employee.

Reporting a Policy Violation. Anyone may report suspected grooming, other unacceptable employee conduct, or any violation of this policy as follows:

School District. Reports may be made to a principal, the superintendent, or the Title IX Coordinator in person, by mail, by telephone, or email.

Nebraska Department of Education. Reports may be made at: Nebraska Department of Education, Attn: Certification Investigations' Office, P.O. Box 94933, Lincoln NE 68509 or Nde.investigations@nebraska.gov.

Nebraska Department of Health and Human Services. Reports may be made by calling the Child Abuse and Neglect Hotline at (800) 652-1999.

Law Enforcement. Reports may be made to the local police department by calling 308 - 535-6789, the county sheriff at 308 535-9599, or the Nebraska State Patrol at 402 - 471 - 4545.

An employee is required to make a report to a principal or the superintendent if the employee reasonably believes that another employee has violated or may have violated this policy. Minor concerns or violations shall be reported within 24 hours. Major concerns or violations shall be reported immediately. Violations committed by or concerns about the superintendent shall be reported to the school board president.

A student who feels his or her boundaries have been violated should directly inform the offender that the conduct or communication is offensive and must stop. If the student does not wish to communicate directly with the offender or if direct communication has been ineffective, the student should report the conduct or communication to a teacher, administrator, counselor, the Title IX coordinator, or other school employee with whom she or he feels comfortable.

Retaliation Prohibited. Retaliation for good faith reports or complaints made as a result of this policy is prohibited. Individuals who knowingly and intentionally make a false report shall be subject to discipline as provided by district policy and state law.

Policy Violations. Any violation of this policy by an employee may result in disciplinary action up to and including dismissal from employment and/or referral to the Nebraska Department of Education, which may result in the suspension or revocation of the employee's certificate. Any violation involving sexual or other abuse will result in referral to the Nebraska Department of Health and Human Services, law enforcement, or both.

Policy Verification. Employees shall verify that they have received, reviewed, and understood this policy by signing an acknowledgment document indicating the same.

No Limits on Reports to NDE. Nothing in this policy shall be construed to limit any certificated employee's duty to report any known violation of the standards of professional practices (Title 92, Nebraska Administrative Code, Chapter 27, commonly known as Rule 27) adopted by the Nebraska Board of Education.

Section 4 Relationships

It is important for employees to maintain an effective working relationship with the administration and all co-workers. Employees are also to maintain appropriate relationships with students. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties, gossiping, or spreading rumors about others.

Section 5 Civility

All employees shall behave with civility, fairness and respect in dealing with fellow employees, students, parents, patrons, visitors, and anyone else having business with the district. Uncivil behaviors are prohibited. Employees may be subject to disciplinary action up to and including termination for engaging in uncivil behaviors.

Uncivil behaviors are any behaviors that are physically or verbally threatening, either overtly or implicitly, as well as behaviors that are coercive, intimidating, violent or harassing. Such interactions are prohibited in all forms of communication, including telephone conversations, voice mail messages, face-to-face conversations, written communications, and email messages.

Any employee aware of another employee's uncivil behavior shall report the conduct to the employee's immediate supervisor or to the Superintendent. There will be no retaliation against a person for making the report.

Section 6 Notification of Arrest

Employees must notify the Superintendent and direct supervisor within 24 hours of any of the following:

Arrest or Criminal Charges. Any employee that is placed under arrest, into physical custody, or receives a citation, summons, or complaint for any, and all, criminal offense violations where:

- The maximum penalty for the crime equals or exceeds six months incarceration;
- The crime relates to abuse, neglect or endangerment of a minor, a minor was allegedly a victim or a witness, or the crime involves alleged sexual misconduct;
- Violate Nebraska Department of Education Rule 24;
- Conviction would impact performance of employee's job responsibilities, including offenses that:
 - Would impact the responsibility to be a role model for students;
 - Would impact the employee's ability to operate a motor vehicle if the employee at times needs to travel during duty time or the employee at times drives our students, including on extracurricular activities; or
- Would impact the employee's Commercial Driver's License if the employee's job requires that the employee have a CDL.
- The arrest or alleged criminal activity occurred while the employee was on duty, on school property or in a school owned or utilized vehicle, or at a school-supervised activity or school-sponsored function.
- Employees must also promptly report to the Superintendent or designee whenever the employee has been sentenced to be incarcerated for any period of time, even if the offense was not otherwise reportable.

This does not include minor traffic law violations.

Certificate or License. The employee becomes aware that a complaint has been filed against the employee that could affect a certificate or license required for the employee's position. This includes proceedings of the Nebraska Department of Education related to an alleged violation of the NDE Standards of Conduct and Ethics, Chapter 27, and proceedings of the Health and Human Services related to an alleged violation of the professional standards of conduct for the employee's position.

Child Abuse. The employee becomes aware that a report of child abuse or neglect has been made against the employee under the Child Protection Act.

Employees must give full disclosure of the existence and nature of the above proceedings and must also promptly (within 24 hours) notify the Superintendent and direct supervisor of the disposition of the proceedings.

Legal documents relating to the proceedings shall be treated and maintained as part of the employee's confidential criminal background file.

Failure to notify as required under this policy may subject the employee to disciplinary action, up to and including termination and reporting to the Professional Practices Commission.

Section 7 Employee Complaints or Concerns

Employees are to inform their supervisor or the Superintendent of any complaints or concerns about the operation of the district using the established chain of command (immediate supervisor, next

higher-level supervisor, etc.) on all matters that require administrative attention; that is, on all matters or issues that their job responsibilities require them to report to a supervisor.

It is important to the efficient and successful operation of the district and a duty of all employees to share any such complaints or concerns in a responsible, professional manner such as to: (1) not disrupt the proper functioning of their duties, (2) not undermine the authority of their co-workers, supervisors, or superiors, (3) maintain close working relationships with their co-workers, supervisors, and superiors, and (4) ensure that all applicable laws and regulations are followed. All official communications from employees must be accurate, demonstrate sound judgment, and promote the district's mission. Employees must ensure that all applicable laws and regulations are followed by the district and its employees. In the event an employee becomes aware of any such non-compliance, the employee is to report such to the employee's immediate supervisor (or the next higher level, if the supervisor is responsible for the problem) and maintain the confidentiality of the report so that the problem can be appropriately corrected in the best interests of the district.

Employees are to use the appropriate complaint or grievance mechanism for matters involving discrimination or harassment or other established mechanism specific to the nature of the complaint or concern.

The District will not tolerate unlawful retaliation against an employee for engaging in legally protected activity. A protected activity includes an employee's act of opposing an unlawful practice prohibited by employment discrimination or other laws that protect the conduct in question. Any act of unlawful retaliation by a supervisor or other employee may result in serious disciplinary action up to and including termination. Any employee may file a complaint with the Superintendent or appropriate Administrator if the employee feels that they have experienced unlawful retaliation in any form.

Section 8 4008 Outside Employment

An employee's responsibilities to the district take precedence over personal responsibilities during school hours. Employees may not engage in other employment business activity during assigned duty hours.

Tutoring - a teacher shall not solicit a student or parent to retain the teacher as a tutor and shall not act as a tutor for pay or other remuneration for any student who is then enrolled in any class taught by that teacher. In all other cases during the school year, a teacher may act as a tutor for pay or other remuneration upon prior approval of the building principal and superintendent or designee.

All written or artistic works, instructional materials, inventions, procedures, ideas, innovations, systems, programs, or other work product created or developed by any employee in the course and scope of performance of his or her employment duties on behalf of the district, whether published or not, shall be the exclusive property of the district; and the district has the sole right to sell, license, assign, or transfer any and all right, title, or interest in and to such property.

Section 9 5044 Safe Pupil Transportation Plan

When driving a school vehicle, transporting students and/or conducting school business, employees are to abide by all the rules of the road and any applicable rules of the Nebraska Department of Education and the District relating to driving a motor vehicle. Seat belts and child restraint systems will be utilized by all occupants.

When transporting students, employees are not to use cell phones or otherwise engage in distractions. This rule applies to the driver when the vehicle is in motion. The only exception would be in the case of emergencies.

Article 8 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 4002 Drug-Free Workplace

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

Section 2 3016 Use of Tobacco Products

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

Any violation of the tobacco-free policy by staff shall be referred to the appropriate supervisor. With the first offense, the supervisor will verbally remind the employee of the district policy and provide a written copy of the same to him or her. If a second offense occurs, a written notice of noncompliance with policy will be issued to the staff member with a copy placed in his or her personal file. Further violations shall be dealt with accordingly, based on established policies and procedures for probation, suspension, and dismissal of staff.

Citizens who are observed smoking or using tobacco products in violation of policy shall be asked to refrain from doing so. If the individual fails to comply with the request, his or her violation of policy may be referred to the building principal or other school district supervisory personnel response for the area or program during which the violation occurred. The supervisor shall make a decision on further action which may include a directive to leave school property. Repeated violations may result in a recommendation to the Superintendent to prohibit the individual from entering school district property for a specified period of time.

The Board directs the Superintendent to adopt the necessary rules and regulations to ensure the implementation and enforcement of this tobacco-free school policy.

Section 3 5035 Student Discipline

Weapons. No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except as permitted by this policy.

Definition of Weapon. The term “weapon” means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used.

Firearms. No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy

Definition of Firearm. The term “firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Section 4 Staff Internet and Computer Use Policy No. 4012

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district’s faculty and staff. Staff should also refer to the district’s policy on Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

A. Acceptable Use While on Duty or on School Property

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.
4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.
5. The Superintendent or designee determines that personal use of the network is allowed during designated times. This occasional use exception does allow individuals to conduct research of appropriate topics. Employees may not surf the net for purposes not directly related to their job during duty time.
6. Personal use of the network is allowed during the following times: before and after school or duty hours; during the workday but during non-duty time (e.g. uninterrupted lunch period); and brief, but not extensive use (limited duration), during a planning period; and but extensive use (limited duration), during planning period.

B. Unacceptable Use While on Duty or on School Property

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.
4. The only political advocacy allowed by staff on school computers or district internet access is that which is permitted by the Political Accountability and Disclosure Act and complies with district policy.
5. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.
6. Users shall not engage in any form of vandalism of the technology resources.
7. Users shall follow the generally accepted rules of network etiquette.
8. The Superintendent or designees may further define such rules.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

- The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.
- The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.

- Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
- The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

Discharge from employment or such other discipline as the administration and/or the board deem appropriate;

The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;

When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Note: Any employee who is uncertain about whether a specific instance of personal use is permitted, should check with his/her supervisor prior to engaging in that personal use.

Section 5 [3014 Use of School Property](#)

No one except school personnel and schoolchildren regularly assigned to a pupil transportation vehicle for a particular route schedule or for a school-approved activity/function may ride in such vehicles. Supervisory and monitoring personnel are recognized as authorized passengers

Section 6 Care of School Property

Employees are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

North Platte Public Schools strives to create a learning and working environment that is positive, welcoming and appropriate. Classrooms and work areas are to be clean and free of clutter. Staff must have approval before redecorating their assigned work area or classroom from their immediate supervisor, with final approval from the **Associate Superintendent**. ~~Executive Director of Finance,~~

~~Facilities and Operations.~~ Curtains and painting of assigned work areas must have approval of the supervisor and Executive Director of Finance, Facilities and Operations. Staff may not bring personal furniture and small appliances to their work area without prior approval. Personal coffee pots, microwaves, and refrigerators must have approval from the **Associate Superintendent.** ~~Executive Director of Finance, Facilities and Operations.~~ Staff are to use only approved adhesives for walls, ceilings, and floors.

Staff may not use scented plug-ins or sprays that have not been approved by the supervisor.

Questions regarding classroom décor should be directed to the supervisor or **Associate Superintendent.** ~~Executive Director of Finance, Facilities and Operations.~~

Section 7 Salespersons

Employees need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the employee while engaged in the employee's duties except for such times as may be designated by the Superintendent or designee.

Employees must not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Employees must not use time for which the employee is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of these restrictions will be considered to be willful insubordination.

Section 8 Security of Desks and ([Lockers Policy 5036](#))

Offices, employee desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The District exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a non-investigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items an employee wants to have kept private should be kept in a separate personal storage device, such as a briefcase, purse or backpack.

The District is not responsible for any personal property employees may bring to school. Employees are cautioned not to bring large amounts of money or items of significant value to school.

Lockers are the property of the school district and students are permitted to use them without charge. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Section 9 [3059 Audio & Video Recordings](#)

Students and their parents or guardians should assume that any class in which students are enrolled may be recorded by the school district or other students for legitimate educational purposes. Recordings permitted pursuant to this policy may only be used by students for personal academic purposes and may not be republished without additional, written consent from a school administrator. For purposes of this policy "recording" includes still photographs, video, audio, and other similar data captured in any medium.

Recordings Made by The District. The district may use cameras or other devices for purposes of making security, safety, or other recordings without a specific purpose or for a specific purpose when

such recordings are deemed necessary or appropriate by the administration. The district will not maintain the recordings unless the recording is purposefully copied and saved, and the recordings will only be available for review for a limited time based on the district's then-current recording capacity. The district administrators estimate that this is approximately 30 days but may change at any time.

Classroom Recordings by Staff. Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator.

Prohibited Recordings by Students. Unless otherwise authorized by this policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies.

For example, this policy does not prohibit students from making recordings of an athletic event for their personal use similar to a parent or other patron, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

Permitted Classroom Recordings by Students. Students may make audio or video recordings of classroom lectures or discussions:

- (1) For their convenience after providing notice to the classroom teacher and receiving the teacher's permission;
- (2) For the benefit of another student who is absent after providing notice to the classroom teacher and receiving the teacher's permission;
- (3) If recording is necessary to accommodate the student's disability and is required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

Staff may revoke permission to record if the recording distracts from or disrupts the classroom environment, unless the recording is necessary to accommodate a student's disability.

Permitted Non-classroom Recordings. Students may make audio or video recordings otherwise prohibited by this policy outside the classroom only with the permission of a teacher or school administrator, provided that such recordings otherwise comply with any applicable state and federal laws and district policy. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

Section 10 [5042 Bulletin Boards](#)

Bulletin boards and other electronic publishing spaces of the district may be provided for the use of students and student organizations for purposes of notifications related to student activities and student groups. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.

2. All postings must identify the student or the student organization posting or publishing the notice.
3. Published material may be removed after a reasonable time.
4. Building principals may use their discretion on posting or displaying non-school related information which is not political or commercial in nature.

Section 11 4020 Ownership of Copyrighted Works

Works created by district employees in the course and scope of their employment remain the property of the district. The board may enter into a written agreement with a staff member allowing the staff member to share ownership of a copyright in the covered work. The board will only enter into such an agreement if the written work was created apart from, and in addition to, what the district requires and if the district will not incur an expense to replace the work.

The board hereby expressly grants to other educational entities located within Nebraska a non-exclusive license to use the district's copyrighted works for educational purposes within Nebraska when those works have been placed onto collaborative learning systems within the State.

Section 12 Lost and Found

Employees who find lost articles are asked to take them to the appropriate office, where the articles can be claimed by the owner.

Section 13 3040 School Safety

In order to fulfill its obligation to provide a safe and secure learning environment, the Board of Education has adopted this School Safety and Security Policy. Although the district will take reasonable steps to protect students and staff, no entity can provide complete safety and security at all times. This policy does not make the district a guarantor of the safety of students, staff or patrons.

North Platte Public Schools is committed to providing and maintaining a safe and healthy work environment. The administration is to make the safety of employees an integral part of the management function. Each employee is to make safety an integral part of their duties by following established safety regulations and procedures, assisting in accident prevention activities by reporting any job-related injury to the administration immediately, reporting unsafe conditions immediately, and providing suggestions to eliminate accidents and injuries. Failure to follow safety rules may lead to disciplinary action up to and including termination.

Safety and health management is the ultimate responsibility of the Board. Functional authority for continued development and implementation of health and safety is hereby delegated to the Superintendent or the Superintendent's designee.

District Safety Steering Committee Duties

The District Safety Steering Committee is responsible for planning for the safety and security of the school, staff, and students. The committee will respond to and manage any safety or security incident that occurs in the school setting or which has the potential to disrupt the orderly operation of the school system.

Section 14 Lice Guidelines

**North Platte Public School
Practice Guideline: Head Lice
Update April 2015**

Purpose:

1. Control the spread of a nuisance condition in the school setting.
2. Minimize absenteeism due to head lice.
3. Promote a partnership between the public school and parent/guardian in the management of head lice.
4. Promote a team approach to head lice management within the school.

General Information:

1. It should be assumed that head lice are in the community and schools at all times.
2. Head lice are considered to be a nuisance condition and are not a major public health concern.
3. Individual students should not be singled out for screening more often than called for in this practice guideline. Students and parents have confidentiality rights defined by The Family Educational Rights and Privacy Act (FERPA) and state and national ethical health care and education standards.
4. School/home cooperation and communication is vital for prompt treatment and reducing absenteeism from school.
5. No treatment has been shown to be 100% effective in killing all the lice and nits. For this reason nit removal should be consistently emphasized.

Screening Recommendations:

When School staff, parent /guardian, or siblings report with and/or suspect lice:

1. Students, siblings, or household members will be checked with discretion and privacy and parents/guardians will be notified if lice or nits are found.

Classroom recommendations:

1. Nurse staff will check students or classrooms before the end of the school day, as lice is not a medical emergency and students will remain at school.
2. Classroom will only be checked if 3 or more actual cases in the classroom or at the nurse's discretion. Current research does not support classroom screening as a method to stop head lice transmission.
3. When examining a classroom of students, the nurse will have the option of examining them in the classroom setting or in the nurse's office.
4. When screening in the classroom, the health staff may request that children with head lice or suspicious findings come to the health office at a later time to protect their privacy.
5. Nurse will proceed by washing her hands before she begins the classroom exam and as needed throughout further exams. Hand washing will always be done when evidence of lice or a student's hair is excessively dirty. The nurse will part the hair into sections and will have the option of using fingers (with well-groomed nails), q-tips or tongue depressors.
6. Environmental lice sprays will not be used at school. Cleaners are harmful, since they can be absorbed through the skin, are an irritation to the lungs of some asthmatics, and may cause an allergic reaction.

Parent/Guardian of the student with live lice is to be contacted by staff the day lice are found.

Discuss that:

1. Live lice were found.
2. If only nits are found within ¼ inch from the scalp, this is evidence of lice, therefore proceed with phone call, parent education and student follow-up as needed.
3. Students will remain in the classroom and go home at the end of the day.
4. Parents/ guardians will have the option to pick up students earlier, if desired, to begin treatment.
5. Send home educational materials on lice treatment with parents/guardians.
6. Families can be referred to their medical provider for treatment recommendations.
7. Immediate treatment is necessary with a lice shampoo product
8. 2nd treatment is encouraged in 7-10 days
9. **Combing out the live lice and nits are essential to end the problem**
10. **Ongoing nit removal and checking head on a daily basis will be necessary after initial treatment for next 2 weeks.**
11. On return to school the student will be checked.
12. Extended absences due to head lice treatment and infestation will be considered unexcused. Necessary treatment should be initiated within 24 hours, and students return to school.
13. If treatment is not successful and live lice are found by visual inspection:
14. Call the parent/guardian to reinforce the steps of treatment.
15. Parent/Guardian will be **encouraged** to come to school to discuss the steps of treatment privately.
16. Students will be rechecked in 7-10 days to monitor progress.
17. Recurrent cases (i.e. evidence of live lice three or more times in a 6-8 week period or recurrent throughout school year)
 - a. Signs & symptoms of infestation-
 - i. When eight or more live lice visible upon hair inspection and/or eight live lice visible in hair without inspection
18. Lice falling out, student uncomfortable itching, scratching head and distracted from school work
19. Lice feces, dry scaly areas , several bites and open scratches on the scalp from itching noticed with visual inspection
 - a. Consultation between nurse and principal
 - i. Non-compliance or adequate treatment may be a concern
20. student may be excluded from school until visible live lice free
 - i. Lice supplies- (combs & shampoo) Nurse & Counselor coordinate

Staff education:

1. Practice guidelines were created from the CDC (Centers for Disease Control and Prevention) and the AAP (American Academy of Pediatrics) guidelines/standards.
2. Cases of head lice often increase after children have spent more time in the community, with friends and family such as at the beginning of the school year, after Christmas and Spring break. During these times school personnel are not available to identify and encourage lice treatment.
3. There is **no** known method to prevent lice.
4. Head lice do not hop, fly, or crawl long distances.
5. Head lice do not live "off" the body. They must maintain a constant warm temperature, dehydrate quickly, and will die within 48-72 hours if not in contact with a human head.
6. Person-to-person transfer occurs in head-to-head contact
7. Lice transmission in school is 1% (far less than the common cold) because schools rarely provide an opportunity for head to head contact.
8. Schools are often seen as the source of head lice because cases of head lice are often identified in the school setting; however the school setting is seldom the source of transmission.

9. Lice secrete chemicals that create an “itch” sensation. Itching may not develop for 3-6 weeks with a first case of lice. An itchy scalp may remain after treatment due to harsh chemicals used for treatment.
10. Nit removal is a difficult and timely process.
11. Pets in the classroom do not need to be treated and cannot maintain or transmit lice.
12. While not a common means of transference, it encourages children not to share or use their friends’ combs, brushes, hair ornaments, hats, caps, scarves, pillows or any other personal headgear.
13. Teach students to place their hats, mittens, and scarves inside coat/jacket sleeves before hanging on hooks or place coats/personal items in separate cubicles or backpacks.
14. A student usually has had lice for 30-45 days before lice are detected. At 30-45 days exposure to classmates has already occurred in most situations.
15. Classroom letters sent home not only provoke a crisis situation and unjustified panic, but they perpetuate the **myth** that lice are transmitted in schools and **schools are solely responsible for controlling head lice**.
16. Parents of children with head lice will be encouraged to talk to other parents of close friends and playmates.
17. Social stigma and shame can be devastating to students and their families. Social stigma and shame can have long lasting emotional effects. Families frustrated by treatment failure or re-infestations need a great deal of positive reinforcement and encouragement to gain control over the condition.
18. School staff may be informed of cases of lice on a need to know basis. Staff should be mindful that students and parents have confidentiality rights defined by The Family Educational Rights and Privacy Act (FERPA) and state and national ethical health care and education standards.
19. Personal hygiene or cleanliness in the home or school has nothing to do with getting head lice.
20. Frequent parent education throughout the school year (ie. Newsletters) is necessary to increase parent knowledge, prevention awareness, and treatment options.
21. Provide head lice education within the classrooms as requested so students can understand head lice and what they can do to help prevent the spread of lice. The school nurse will be a resource.

Section 15 Animal Management Guidelines

North Platte Public Schools ANIMAL MANAGEMENT GUIDELINES

I. General

North Platte Public Schools prohibits animals on campus, with few exceptions. State law also requires the District to minimize safety and health risks from all sources including animals. To maintain healthy and safe school facilities, the numbers of animals on school property must be minimized. Failure to do so creates liability associated with animal attacks, bites, infections from microbiological pathogens, and allergic reactions by sensitive individuals.

Animals can only be brought into high school biology classrooms unless directly related to curriculum. The use as classroom pets or mascots is prohibited. For “show-and-tell” activities, consider using photographs or videos.

II. Acquisition for Instructional Purposes

When acquired for laboratory teaching purposes, select the fewest number of appropriate animals for your specific needs. Do not acquire animals/organisms that are poisonous, aggressive, vicious, prone to biting, or that have unusual maintenance, dietary, or supervisory needs.

Laboratory animals must be certifiably disease free. This can be accomplished by purchasing from a reputable, licensed animal supply business, or obtaining a veterinarian's examination and written certification.

III. Management

After acquisition, animals should be managed closely and used only for the purpose for which they were obtained. Do not loan them to others. Staff and students must be trained in handling and care procedures.

Never allow animals to roam free on campus or within rooms. They must be properly caged. Never permit them to be taken home, as this serves to extend the District's liability in a way that we cannot control, and creates the need for another health examination before the animals can be readmitted on campus.

Be aware of and support the particular animal's behavior and natural feeding and sleeping habits. For example, if a naturally nocturnal animal is forced to stay awake all day and be subjected to handling, this could have several adverse effects. Its health could deteriorate, rendering it more susceptible to infection by parasites and disease organisms, and the stress may make it more apt

Never permit anyone to tease or provoke animals, such as poking them with pencils or fingers through their cages. Supervise all student contact with animals!

IV. Personal Protection

Never permit staff or students to handle animals without appropriate gloves. Several biting incidents occur each year, typically involving snakes and rodents, and all are preventable by wearing gloves. Leather or rubber gloves are recommended.

V. Care and Maintenance of Laboratory Animals

Ensure adequate housing/habitats are provided and consistent with the laboratory animal's particular needs. Meet nutrition needs with correct amounts of recommended food for each species, supplied at correct intervals. Ensure continuing care through weekends and holiday periods.

Keep cages clean, routinely disposing of waste products and bedding materials. Do not throw these in the classroom trash can; they must be separately bagged and placed directly in the dumpster. Use kitty litter or other absorbent material to control urine. Remember that unclean cages breed bacteria, viruses, fungi, and other pests.

Animals not allowed in the classroom (Principal has discretion on all animals in the classroom)

Article 9 – STATE AND FEDERAL PROGRAMS

Section 1 3053 Nondiscrimination

The School District does not discriminate on the basis of prohibited factors in employment and educational programs/activities. The School District affirmatively strives to provide equal opportunity for all as required by:

Title VI of the Civil Rights Act of 1964 - prohibits discrimination on the basis of race, color, religion, or national origin

Title VII of the Civil Rights Act of 1964 as amended - prohibits discrimination in employment on the basis of race, color, religion, sex, or national origin

Inquiries regarding compliance with any of the laws referred to in this policy may be directed to the superintendent or to the district's Title IX and/or Section 504/ADA Coordinator. (Policy 3057, Title IX)

Section 2 2006 Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if the complainant believes speaking directly to the person would subject the complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

- b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
- c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
- d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may be submitted to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

- a) Determine whether the complainant has discussed the matter with the respondent.

- 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
- 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

- b) Strongly encourage the complainant to provide his or her concerns to writing.
- c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

- 1) All relevant details of the complaint;
- 2) All witnesses and documents which the complainant believes support the complaint;
- 3) The action or solution which the complainant seeks.

d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.

4) If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal. This provision applies to appeals under the board's policies governing complaints of discrimination or harassment, including Title IX and any other policy with a separate grievance or complaint procedure, unless that other procedure includes its own appeal process. All requirements for appeals within any other policy apply, and in addition to those requirements, the following also apply.

- a) The appeal must be in writing.

b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.

c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.

d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve allegations against the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

- a) When the complaint is about a board policy, not implementation of the policy;
- b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
- c) When the board is required by law, policy, or contract to hear a complaint or appeal.

If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

- d) This appeal must be in writing.
- e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated the decision to the complainant.
- f) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint or appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.
- g) The board president will notify the complainant and any other person legally required to receive the decision in writing of the decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
- h) There is no appeal from any decision of the board unless authorized by law.

6. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.

- b) Determine whether the complainant has discussed the matter with the superintendent.

- 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
- 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.

d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Section 3 5016 Student Records

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district. "Student records"

also shall not include any records created and maintained by the district's law enforcement unit for a law enforcement purpose.

For purposes of the district's compliance with state and federal law, the district "maintains" as "student records" all records, files, and documents which are located in any format and within any storage unit of the district, whether in hard copy, digital, or otherwise.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

Section 4 Disclosure of Student Information to Military Recruiters and Colleges (see [Policy No. 5015, Protection of Student Rights](#))

The No Child Left Behind Act of 2001 requires the District to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that the school not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written consent. Employees are expected to follow these requirements.

Section 5 School Nutrition Programs

The District participates in the National School Nutrition Programs. Employees are expected to keep information about the participation of students in the program confidential.

Section 6 Confidentiality of Protected Health Information

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. The District designates the Superintendent as its HIPAA privacy officer. Student and employee records containing PHI shall be accessible only to those who require such information to carry out their duties.

APPENDIX B

NORTH PLATTE PUBLIC SCHOOLS ASBESTOS NOTIFICATION

North Platte School District's parents, guardians, teachers and employee organizations are informed of the following.

The Environmental Protection Agency's regulation Asbestos Containing Materials in Schools (40 CFR Part 763) requires each school building to maintain a complete copy of their Asbestos Management Plan with up to date inspections in the Administration Office. Building employees, hired contractors, occupants and occupants' parents or legal guardians must be informed once a year of asbestos related activities conducted, in progress, or scheduled within that year.

The school is required to have a State of Nebraska accredited Asbestos Inspector conduct a re inspection every 3 years of known or assumed asbestos containing materials within our school buildings to insure asbestos containing materials are maintained in good condition. Inspections do not disrupt class times or class scheduling. And every 6 months after the re-inspection, required periodic surveillance is conducted by an adequately trained person.

The Management Plan for our school district is available for review to all school personnel, public, state and federal representatives during normal business hours with proper notice.

Airborne asbestos contamination in buildings can be a significant environmental problem and you can be assured that we are in compliance with all relevant regulations.

For asbestos questions or information, please contact the school's designated person at (308) 535-7100 or the Environmental Protection Agency- Region VII office at (800) 471-7127 or go to their web site at www.epa.gov/asbestos/asbestos-in-schools.

In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$~~109~~136,000, the Political Subdivisions Construction Alternatives Act (NEB. REV. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
- B. A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in

connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$~~10,000~~15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$~~10,000~~15,000 and \$~~250350~~,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$~~10,000~~15,000 and less than \$~~250350~~,000 annually. 2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
4. The contract will be awarded to the lowest responsive and responsible bidder.
 - a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.
 - b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.
 - c) Any or all bids may be rejected if there is a sound documented reason.
5. The board shall have discretion in determining which bidders

are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

B. Advertising for Bids.

1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.

2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.

2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.

4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

6. Bids will be reviewed by the Superintendent and/or designee

and submitted to the board for approval.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.322327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible and consistent with state law.

U.S. substantially using agricultural commodities produced in the U.S.

Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by ~~revising~~reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.
 - b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.[333334](#).
 - c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.
2. Maintenance of Construction Records for Projects Financed with Federal Funds
- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

- b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The

District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part [200, Subpart E](#). The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her

designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.~~326~~-327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to

recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an

individual requesting access to records has the right to the documentation.

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to ~~\$10,000~~15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed ~~\$10,000~~15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between ~~\$10,000~~15,000 and ~~\$250,000~~350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than ~~\$10,000~~15,000 and less than ~~\$250,000~~350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over ~~\$250,000~~350,000

a) Sealed Bids (Formal Advertising)

For purchases over ~~\$250,000~~350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over ~~\$250,000~~350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of ~~\$250,000~~350,000, including contract

modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds ~~\$250,000~~\$350,000.

5. Competitive Proposals.

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.
2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the

capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required “match” in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee’s salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d). The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to

facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee. All expenditures claimed by staff must include receipts and a completed voucher.

Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the district's Title IX Coordinator. district personnel will not retaliate against any individual based on any report of suspected sexual harassment. Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised

substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district must dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district may dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications

to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the

determination or dismissal was made that could affect the outcome of the matter; and

- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination

regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;

- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint

Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

Staff Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district’s policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district’s administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor’s privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;
7. Upload materials to AI if the copyright or license does not allow it;

8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

~~c.b. E. Grievance Procedure:

Employee grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy or Classified Handbook Policy No. 4240.

The purpose of this grievance procedure is to secure, at the lowest possible level, equitable solutions to the problems that may from time to time arise concerning the interpretation, application, or meaning of the terms and conditions of employment set forth in this Negotiated Agreement. An underlying principle of the grievance procedure is to ensure fair and equitable treatment to the district's employees.

a. Definitions:

- i. **Grievance:** A grievance is defined as any claim or complaint relative to a purported violation of the terms and conditions of employment set forth in this Negotiated Agreement.
- ii. **Grievant:** Para-Educator, group of Para-Educators, or the Association making the claim. Any employee has the right to have a representative of their choice at any step of the grievance procedure.
- iii. **Time Limits:** All time limits shall consist of Para-Educator working days except when a grievance is submitted after the end of the school year; the time limits shall consist of all week days Monday through Friday. The number of days indicated at each level should be considered maximum and every effort shall be made at all levels to expedite the process. Failure of any grievant to comply with the time limits contained herein shall constitute a waiver of right to appeal to the next step. Failure of the Board or its representatives to comply with the time limits at any level shall permit the grievant to appeal the grievance to the next level.
- iv. **Grievance Meetings or Hearings:** All meetings and hearings under this procedure up to and including Step 2 shall be conducted in private and shall include only the administration's representatives, the grievant, and the grievant's designated representatives.

b. The Procedure

- i. **Informal Resolution.** The parties believe that it is usually most desirable for an employee and the District to resolve problems through free and informal communications. When requested by the Para-Educator, a representative of the Association may assist in this resolution. However, when the grievance remains unresolved, then the grievance shall be processed as follows:
- ii. **Step 1.** The request or complaint should be made in writing to the Para-Educator's immediate supervisor. The supervisor should then have five (5) working days to respond to the grievance and give an answer in writing.
- iii. **Step 2.** If the grievance has not yet been settled, the Para-Educator may pursue further action by filing the grievance within five (5) working days to the Superintendent of the Schools or their designated representative. The Superintendent or their designated representative shall arrange for a meeting to be held within ten (10) working days in order to discuss the grievance. A written answer to the grievance will be provided within five (5) working days after the conclusion of the meeting.

Each individual who creates or receives electronic communications that belong to or pertain to the operation of the district is responsible for determining whether and in what format those records must be maintained. Duplicate records may be destroyed at any time prior to the approved retention period. Staff members who are uncertain about whether a record should be retained should consult with their supervising administrator.
