## PRESSPlus Comments

PRESSPlus 1. 105 ILCS 5/27-21, amended by P.A. 103-422, requires the school board to determine the minimum amount of instructional time. The sample policy complies by delegating this responsibility to the superintendent or designee. **Issue 113, October 2023**

PRESSPlus 2. Updated in response to 105 ILCS 5/27-21, amended by P.A. 103-422 (adding teaching about Native American nations' sovereignty and self-determination), and 105 ILCS 5/27-20.05, added by P.A. 103-422 (adding instruction on Native American experience and history).

Note that instruction on Native American nations' sovereignty and self-determination under 105 ILCS 5/27-21, amended by P.A. 103-422, does not specify a delayed implementation date. Consult the board attorney regarding whether a district may delay implementation of such instruction given that the implementation of Native American experience and Native American history in 2024-2025 must include instruction on tribal sovereignty.

Instruction in events of the Native American experience and Native American history must include “the contributions of Native Americans in government and the arts, humanities, and sciences, as well as the contributions of Native Americans to the economic, cultural, social, and political development of their own nations and of the United States.” Additionally, in grades 6 through 12, the instruction must include “the study of the genocide of and discrimination against Native Americans, as well as tribal sovereignty, treaties made between tribal nations and the United States, and the circumstances around forced Native American relocation.” The Ill. State Board of Education (ISBE) is required to make instructional materials related to Native Americans available on its website, but not until 1-1-25. For additional resources, see <https://americanindian.si.edu/nk360> and <https://iste.org/blog/15-resources-for-teaching-native-american-history-and-culture>. **Issue 113, October 2023**

PRESSPlus 3. 105 ILCS 5/27-20.3, amended by P.A. 103-422. Beginning with the 2024-2025 school year, instruction on Native American genocide is also required by 105 ILCS 5/27-20.05, added by P.A. 103-422 in grades 6-12. Note that instruction on Native American genocide under 105 ILCS 5/27-20.3, amended by P.A. 103-422 does not specify a delayed implementation date. Consult the board attorney regarding whether a district may delay implementation of such instruction given that the implementation of Native American experience and Native American history in 2024-2025 must include instruction on Native American genocide. ISBE is not required to make instructional materials on the Native American genocide in North America available on its website until 1-1-25. **Issue 113, October 2023**

## *Document Status: Draft Update*

### Students

#### **7:60 Residence**

##### Legal Residency<sup>Q1</sup>

The right to attend school tuition-free in Lincolnwood School District 74 is extended to residents who live within the District 74 boundaries. The School Code provides that a student's residence is deemed to be the residence of a person who has legal custody of him or her. A student is a resident of the District if his/her regular fixed night-time abode, for purposes other than to have access to the educational programs of the District, is within the District. Students who live in the District with a guardian, relative or friend for the purpose of attending the District's schools are not legal residents and will not be permitted to attend the District's schools on a tuition-free basis.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. In addition, the child's natural or adoptive parent, if available, shall complete a signed statement or affidavit stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within six months after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

##### Residence of Students with Disabilities<sup>PRESSPlus1</sup>

The residence of a child with a disability is determined in accordance with 105 ILCS 5/14-1.11, 5.14-1.11a, and 5/14-1.11b.

##### Nonresident Students

Students whose parent(s)/guardian(s) move out of the District during the academic year may complete that year in the District's schools without payment of tuition. This non-tuition out-of-District enrollment is allowed only for the completion of the academic year in which the move occurs and cannot be extended.

Transportation for such student/s outside the normal bus route for District 74 will be the responsibility of the parent(s)/guardian(s).

### Verifying Residency

When questions of residency arise, the Superintendent or designee may require the parent and other appropriate individuals to provide documents and other information relevant to a determination of residency. Such individuals may be required to attest to residency under oath and to provide timely information. Based on all the information available to the District, the Superintendent or his designee shall make an initial determination as to residency.

If the Superintendent or his designee determines that a current student is not a resident, the person who enrolled the student shall be notified by certified mail, return receipt requested, of that determination and of the amount of tuition owed. That person shall be entitled to a hearing before the Board or hearing officer designated by the Board in accordance with requirements of the School Code.

Pending a final decision by the Board following a hearing, the student shall be permitted to continue attending school on a tuition-free basis. If the Board determines that the student is not a resident, the person enrolling him or her shall be responsible for paying all tuition owed. At its option, the Board may decide whether to permit the student to continue attending school if tuition is paid.

If questions of residency arise before a student is enrolled, tuition-free enrollment will be denied until residency is established. At the Superintendents discretion, however, enrollment may be permitted pending such a determination upon payment of one half of the operating expenditure per pupil as reported on the most recent School Report Card for School District 74. This payment will be partially or totally refundable if residency is established.

### Foster Homes

Students who are wards of the State and are placed with a foster parent or in another type of child care facility in the District will be permitted to attend school on a tuition-free basis.

Students who are in the custody of an adult caretaker relative who is receiving aid under Illinois Public Aid code for that student may also attend on a tuition-free basis if residence in the District is for purposes other than to have access to the educational programs of the District. Tuition-free attendance will also be permitted if the Department of Children and Family Services has guardianship of a student who no longer resides in the District and that agency determines that it is in the student's best interests to continue enrollment in the District.

### Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. Board policy 6:140, *Education of Homeless Children*, and its implementing administrative procedures, govern the enrollment of homeless children.

### Questions and Answers:

\*\*\*Required Question 1. 105 ILCS 5/10-20.12a(a), amended by P.A. 103-111, allows boards to adopt a policy to waive nonresident tuition if the student is the child of a district employee. A *child* means a district employee's child who is a biological child, adopted child, foster child, stepchild, or a child for which the employee serves as legal guardian.

Does the board wish to accept requests from district employees for their nonresident children to attend school in the district on a tuition-free basis?

☐ No. (Default)

☐ Yes. (IASB will add the following paragraph to a new subhead "Requests for Nonresident Admission": For a nonresident student who is the child of a District employee, if the Superintendent approves the request for nonresident admission for the student, the tuition cost is waived pursuant to 105 ILCS 5/10-20.12a(a).)

### Students

#### **7:70 Attendance and Truancy**

##### Definitions

**Truant** - A "truant" is a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof.

**Valid cause for absence** - A child may be absent from school because of illness (including mental or behavioral health of the student), observance of a religious holiday, death in the immediate family, attendance at a civic event, family emergency, situations beyond the control of the student as determined by the Board, other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety.

**Chronic or habitual truant** - A "chronic or habitual truant" is a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5 percent or more of the previous 180 regular attendance days.

**Truant minor** - A child to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs, and other school and community resources have been provided and have failed to result in the cessation of chronic truancy or have been offered and refused.

##### Compulsory School Attendance

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 8 in the public school regardless of age. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by a physician licensed in Illinois, or any other state, to practice medicine and surgery in any of its branches, a licensed advanced practice registered nurse, or a licensed physician assistant), (3) any child lawfully and necessarily employed, and (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day. Students absent for a valid cause may make up missed homework and classwork assignments in a reasonable timeframe.

##### Unauthorized Unexcused Vacations

Parents are highly discouraged from taking vacations outside of the District's planned vacation times. Time out of school can be harmful to a child's progress, growth, and success in school. If a parent decides to take an extended vacation or a vacation when school is scheduled, it is not the responsibility of the teaching staff to prepare work for the trip.

Students who are on vacation for more than ten consecutive<sup>15</sup>, regularly scheduled school days will be disenrolled. Upon return, parents will need to re-register their child(ren). Student grades will reflect

missed assignments, tests, labs, performances, and other class learning activities.

### Truancy

The School District will determine if the student is a truant, chronic or habitual truant, or a truant minor. The Superintendent shall direct the appropriate School District staff to develop diagnostic procedures to be used for identifying the cause(s) of unexcused student absenteeism. The diagnostic procedures shall include, but not be limited to, interviews with the student, his or her parent(s)/guardian(s), and any school official(s) or other people who may have information.

The following supportive services may be offered to truant or chronically truant students:

- parent-teacher conferences
- student and/or family counseling
- information about community agency services

If truancy continues after supportive services have been offered, the Building Principal shall refer the matter to the Superintendent. The Superintendent may call upon the resources of outside agencies, such as the juvenile officer of the local police department or the truant office of the North Cook Intermediate Service Center. The Board of Education, Superintendent, School District administrators, and teachers shall assist and furnish such information as they have to aid truant officers.

No punitive action, including out-of-school suspensions, expulsions, or court action shall be taken against a chronic truant for his or her truancy unless available supportive services and other school resources have been provided to the student.

### Absence Notification

A student's parent(s)/guardian(s) must: (1) upon the child's enrollment, provide telephone numbers to the Building Principal and update them as necessary, and (2) authorize all absences and notify the school in advance or at the time of the child's absence.

If a student is absent without prior authorization by the parent(s)/guardian(s), the Building Principal or designee shall make a reasonable effort to notify the parent(s)/guardian(s) of the child's absence within 2 hours after the first class by telephoning the numbers given.

### Student Employment

The Superintendent shall develop procedures, and present them to the Board of Education for its information, for excusing from attendance those students necessarily and lawfully employed.

### Monitoring

Pursuant to State law and policy 2:240, *Board Policy Development*, the Board updates this policy at least once every two years. The Superintendent or designee shall assist the Board with its update.

Except as provided in the next paragraph, any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Requests to access a school building, facility, and/or educational program, or to interview personnel or a student for purposes of assessing the student's special education needs, should be made at the appropriate building. Access shall be facilitated according to guidelines from the Superintendent or designee.

The Superintendent or designee shall manage a program to allow community use of the following facilities on non-school days, during the daylight, provided they are not being used for school purposes: tennis courts, playground, and track.

The School District expects mutual respect, civility, and orderly conduct among all people on school property or at a school event. No person on school property or at a school event (including visitors, students, and employees) shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, Board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner, or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or deface School District property.

Such access shall be conducted in a manner that will not impede the normal operations of the District.

#### Convicted Child Sex Offender

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender is:

PRESSPlus 1. Updated in response to PRESS Advisory Board member feedback requesting

clarification on the authority of boards to enforce conduct rules under 105 ILCS 5/10-20.5 and under various criminal trespass statutes. Applicable criminal trespass laws include: 720 ILCS 5/21-1 (criminal damage to property); 5/21-1.2 (institutional vandalism); 5/21-3 (criminal trespass to real property); 5/21-5 (criminal trespass to State supported land); 5/21-5.5 (criminal trespass to a safe school zone); 5/21-9 (criminal trespass to a place of public amusement); 5/21-11 (distributing or delivering written or printed solicitation on school property). **Issue 113, October 2023**

PRESSPlus 2. Updated in response to PRESS Advisory Board member feedback requesting clarification that the scope of subhead **Procedures to Deny Future Admission to Athletic or Extracurricular School Events or Meetings** is limited, as specified in the new subhead title, to topics set forth in 105 ILCS 5/24-24.

If a violator is a student, the hearing should be held in a closed meeting. 5 ILCS 120/2(c)(9). Otherwise, a hearing regarding denial of admission to *school events or property* pursuant to 105 ILCS 5/24-24 may take place in an open meeting or in a closed meeting so long as the board prepares and makes available for public inspection a written decision setting forth its determinative reasoning. 5 ILCS 120/2(c)(4.5), added by P.A. 103-311. Note: while 5 ILCS 120/2(c)(4.5), added by P.A. 103-311, refers to *school events or property*, 105 ILCS 5/24-24 only authorizes boards to deny admission to athletic and extracurricular *events*. The term *events* is arguably broader than *property* as school events may take place offsite; consult the board attorney for guidance.

Some boards prefer an open meeting hearing to make it publicly known what alleged conduct could result in someone being denied admission to athletic or extracurricular events, while others prefer a closed meeting hearing so as not to provide a public platform to someone alleged to have engaged in prohibited conduct. Consult the board attorney to determine the best approach for the district and to ensure alignment with local practices and conditions.

Consult the board attorney if the district would like to deny an individual admission to board meetings. **Issue 113, October 2023**

## Questions and Answers:

\*\*\*Required Question 1. Updated in response to 75 ILCS 10/8.7, added by P.A. 103-100, eff. 1-1-24, requiring districts that wish to be eligible for State library grants (e.g., school library grants under 75 ILCS 10/8.4) to adopt the American Library Association's Library Bill of Rights (available at <https://www.ala.org/advocacy/intfreedom/librarybill>) or a written statement prohibiting the practice of banning books. In order to be eligible for a School Library Grant, a district must also be a member in good standing of a regional multitype library system (e.g., Illinois Heartland Library System or Reaching Across Illinois Library System) or have applied for membership and been approved for membership in such a system within specific timeframes. 23 Ill.Admin.Code §3035.120.

If the board prefers the alternative language permitted by 75 ILCS 10/8.7, added by P.A. 103-100, eff. 1-1-24, for Standard #5, it may substitute with the following: "The practice of banning books or other materials within the District's library media program is prohibited."

Which policy language has the board adopted?

- ☐ The program adheres to the principles of the American Library Association's Library Bill of Rights, which indicate that materials should not be proscribed or removed because of partisan or doctrinal disapproval. (Default)
  - ☐ The practice of banning books or other materials within the District's library media program is prohibited. (IASB will make this substitution.)

*Document Status: Draft Update***Students****7:190 Student Behavior**

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

**When and Where Conduct Rules Apply**

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

**Prohibited Student Conduct**

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
  - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
  - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
  - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or

licensed practitioner's prescription.

- d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
- 5. Using a cellular telephone, video recording device, personal digital assistant (PDA), an electronic paging device, or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off or silenced and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.

8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, [PRESSPlus1](#) wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying (as described in Board Policy 7:180, *Prevention Of and Response To Bullying, Intimidation, and Harassment*), bullying using a school computer or a school computer network, or other comparable conduct.
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
13. Entering school property or a school facility without proper authorization.
14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the

student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

### Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure may be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled also shall be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program upon written agreement with the student's parent(s) or following a Board of Education hearing.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal

activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

#### Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in [105 ILCS 5/10-20.33](#), State Board of Education rules ([23 Ill.Admin.Code §§ 1.280, 1.285](#)), and the District's procedure(s).

#### Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code ([18 U.S.C. § 921](#)), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act ([430 ILCS 65/](#)), or firearm as defined in Section 24-1 of the Criminal Code of ~~1964~~ [2012](#) ([720 ILCS 5/24-1](#)).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

#### Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

## Required Notices [PRESSPlus2](#)

A school staff member shall immediately notify law enforcement and the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. ~~Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, Ill. State Police (ISP), and any involved student's parent/guardian.~~ *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving ~~such a report of (1), above,~~ the Building Principal or designee shall immediately notify ~~the local law enforcement.~~ In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee ~~agency, Ill. State Police (ISP),~~ and any involved student's parent/guardian. [Q1](#)

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report incidents involving battery against staff members to the Ill. State Board of Education through its web-based School Incident Reporting System as they occur during the year and no later than August 1 for the preceding school year. [PRESSPlus3](#)

## Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers. In addition, provided the appropriate procedures are followed, the Superintendent, Building Principal, Assistant Principal, or Dean of Students may issue in-school suspensions; may issue out-of-school to students guilty of gross disobedience or misconduct (including all school functions) for up to 10 consecutive school days; and may suspend students from riding the school bus for up to 10 consecutive school days. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

## Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment. Students and their parents/guardians must acknowledge receipt of the student handbook in some form upon receipt of the handbook.

## Questions and Answers:

\*\*\*Required Question 1. The building principal must notify the student's parent/guardian only when the alleged offense is firearm possession. 105 ILCS 5/27.1A(b). The policy expands this notification duty to include drug-related incidents and battery of a staff member.

Would the board like to expand the notification duty, or align it with 105 ILCS 5/27.1A(b)?

☐ Expand the notification duty to include drug-related incidents and battery of a staff member.  
(Default)

☐ Align notification duty to 105 ILCS 5/27.1A(b). (IASB will amend the second sentence as follows: "In addition, upon receiving a report on any of the above <sup>37</sup>(1)-(3), the Building Principal or designee shall

notify the Superintendent or designee and, if a student is reportedly in possession of a firearm, also any involved student's parent/guardian.")

## Document Status: Draft Update

### Students

#### 7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent(s)/guardian(s) believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent(s)/guardian(s). No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

#### Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an allergy emergency action plan, Food Allergy Emergency Action Plan and Treatment Authorization Form, [PRESSPlus1](#) (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

#### School District Supply of Undesignated Opioid Antagonists [PRESSPlus2](#)

<sup>40</sup>  
The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of

undesigned opioid antagonists and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesigned opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools or obtained by the District without a prescription. A school nurse or trained personnel, as defined in State law, may administer an undesigned opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

#### School District Supply of Undesigned Oxygen Tanks<sup>Q1</sup>

In schools where the District maintains special educational facilities, the Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesigned oxygen tanks in the name of the District and provide or administer them as necessary. The supply shall be maintained in accordance with manufacturer instructions and local fire department rules.

#### Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:
  - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
  - b. Copies of the registry identification cards are provided to the District;
  - c. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*; and
  - d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.
2. A properly trained school nurse or administrator, who shall be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

*Medical cannabis infused product* (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped<sup>41</sup>. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

#### Void Policy

The **School District Supply of Undesignated Opioid Antagonists** section of the policy is void whenever the Superintendent or designee is unable to obtain a supply of opioid antagonists due to a shortage, in which case the District shall make reasonable efforts to maintain a supply.

The **School District Supply of Undesignated Oxygen Tanks** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for oxygen tanks from a qualifying prescriber, [PRESSPlus3](#) or (2) fill the District's prescription for undesignated oxygen tanks.

The **Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

#### Questions and Answers:

\*\*\*Required Question 1. 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24, permits a district maintaining special educational facilities to maintain a supply of undesignated oxygen tanks in a secure location that is accessible before, during, and after school where a person with developmental disabilities is most at risk, including, but not limited to classrooms and lunchrooms. *Special educational facility* is not specifically defined in 105 ILCS 5/14-4.01; consult the board

attorney for advice regarding this term and if it is limited to separate buildings, self-contained classrooms, and/or programs attended solely by students with disabilities. For example, this option may not be available if a district utilizes a special education cooperative for all of its special education programming. There is a reference to *special education facilities* in 105 ILCS 5/14-12.01, which may provide some guidance; it addresses reimbursement for the construction and maintenance of “special education facilities designed and utilized to house instructional program, diagnostic services” and “other special education services for children with disabilities.” 105 ILCS 22-30(f), amended by P.A. 103-196, eff. 1-1-24, does not specify who can administer undesignated oxygen, nor does it specify any training requirements for its use in schools. To minimize potential liability and ensure proper administration, a best practice is to restrict who can administer undesignated oxygen to school nurses and other school personnel who have received appropriate training on the emergency use and storage of oxygen. See sample administrative procedure 7:270-AP2, *Checklist for District Supply of Undesignated Medication(s)*, available at PRESS Online by logging in at [www.iasb.com](http://www.iasb.com).

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated oxygen tanks and implement a plan for their use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is if the district provides them, but does not have them accessible before, during, and after school where a person with development disabilities is most at risk as required by 105 ILCS 5/22-30(f), amended by P.A. 103-196, eff. 1-1-24. See *In re Estate of Stewart*, 406 Ill.Dec. 345 (2nd Dist. 2016) (denying tort immunity to district, finding its response to a student’s asthma attack was *willful* and *wanton* (which district disputed as a possible heart attack)); *In re Estate of Stewart*, 412 Ill.Dec. 914 (Ill. 2017)(school district’s appeal denied).

Does the district maintain special educational facilities for children with disabilities under 105 ILCS 5/14-4.01?

☐ No. (IASB will delete the subhead regarding School District Supply of Undesignated Oxygen Tanks.)

☐ Yes. If yes, does the board want the district to maintain a supply of undesignated oxygen tanks in the name of the District and provide or administer them as necessary? Type "yes" or "no." If no, IASB will delete the subhead regarding School District Supply of Undesignated Oxygen Tanks.):

PRESSPlus 1. Updated in response to 105 ILCS 5/10-22.21b and 105 ILCS 5/22-30, amended by P.A. 103-175, replacing the retired *Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form* with allergy emergency action plan in the School Code provisions regarding administration of medication to students. **Issue 113, October 2023**

PRESSPlus 2. Required by 105 ILCS 5/22-30(f), amended by P.A. 103-348, eff. 1-1-24. In the case of a shortage of opioid antagonists, a district must make reasonable efforts to maintain a supply. At least one opioid antagonist, a naloxone nasal spray, has been approved by the U.S. Federal Food and Drug Administration for over-the-counter, nonprescription use. A district must obtain a prescription for a supply of opioid antagonists from a *health care professional* with prescriptive authority under the Substance Use Disorder Act, 20 ILCS 301/5-23, unless it is able to secure a supply without a prescription. *Health care professional* means a physician licensed to practice medicine in all its branches, a licensed physician assistant with prescriptive authority, a licensed advanced practice registered nurse with prescriptive authority, or an advanced practice registered nurse who practices in a hospital or ambulatory surgical treatment center and possesses appropriate

clinical privileges in accordance with the Nurse Practice Act, 20 ILCS 301/5-23(d)(4). **Issue 113, October 2023**

PRESSPlus 3. 105 ILCS 22-30(f), amended by P.A. 103-196, eff. 1-1-24, provides that a physician, a physician assistant who has prescriptive authority under the Physician Assistant Practice Act of 1987 (225 ILCS 95/7.5), or an advanced practice registered nurse who has prescriptive authority under the Nurse Practice Act (225 ILCS 65-40) may prescribe undesignated oxygen tanks in the name of the district to be maintained for use when necessary. **Issue 113, October 2023**

#### 7:285 Anaphylaxis Prevention, Response, and Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger anaphylaxis. Students at risk for anaphylaxis benefit from a Board of Education policy that coordinates a planned response in the event of an anaphylactic emergency. Anaphylaxis is a severe systemic allergic reaction from exposure to allergens that is rapid in onset and can cause death. Common allergens include animal dander, fish, latex, milk, shellfish, tree nuts, eggs, insect venom, medications, peanuts, soy, and wheat. A severe allergic reaction usually occurs quickly; death has been reported to occur within minutes. An anaphylactic reaction can also occur up to one to two hours after exposure to the allergen.

While it is not possible for the District to completely eliminate the risks of an anaphylactic emergency when a student is at school, an Anaphylaxis Prevention, Response, and Management Program using a cooperative effort among students' families, staff members, students, health care providers, emergency medical services, and the community helps the District reduce these risks and provide accommodations and proper treatment for anaphylactic reactions.

The Superintendent or designee shall develop and implement an Anaphylaxis Prevention, Response, and Management Program for the prevention and treatment of anaphylaxis that:

1. Fully implements the Ill. State Board of Education (ISBE)'s model policy required by the School Code that: (a) relates to the care and response to a person having an anaphylaxis reaction, (b) addresses the use of epinephrine in a school setting, (c) provides a full food allergy and prevention of allergen exposure plan, and (d) aligns with [105 ILCS 5/22-30](#) and [23 Ill.Admin.Code §1.540](#).
2. Ensures staff members receive appropriate training, including: (a) an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management, and (b) training required by law for those staff members acting as *trained personnel*, as provided in [105 ILCS 5/22-30](#) and [23 Ill.Admin.Code §1.540](#).
3. Follows and references the applicable best practices specific to the District's needs in the Centers for Disease Control and Prevention's *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs* and the *National Association of School Nurses Allergies and Anaphylaxis Resources/Checklists*.
4. Provides annual notice to the parents/guardians of all students to make them aware of this policy.
5. Complies with State and federal law and is in alignment with Board policies.

#### Monitoring

Pursuant to State law and policy 2:240, *Board Policy Development*, the Board reviews and makes any necessary updates to this policy at least once every three years. The Superintendent or designee shall assist the Board with its review and any necessary updates.
