0144.5 - **BOARD MEMBER BEHAVIOR AND CODE OF CONDUCT**

The Board functions most effectively when individual Board members act ethically, professionally, and responsibly. School Board members serve as a member of the School District's governing body and do not have individual authority to represent a policy or enforce positions that are not supported by a majority of the Board as evidenced by official action of the Board (See Bylaw 0143 - Authority of Individual Board Members).

Board members accept responsibility for the well-being and positive leadership of the School District, for protecting the interests of the School District as a legal entity, and for facilitating governance for the purpose of delivering the highest quality educational and related services to all of the District's students. Conduct by Board members that compromises the reputation or legal position of the District ~~is~~ ~~are~~ prohibited.

Any authority delegated to the Board President in this policy is automatically vested in the Board Vice President in the event that either the Board President is unavailable or the Board President is the Board member accused of violating this policy.

General Expectations of All Board Members

- A. Attend all scheduled Board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings.
- B. Be familiar with and follow applicable local, State, and Federal laws and regulations.
- C. Be familiar with and comply with Board policies, including policies governing Board member conduct and Board member ethics, rules of incompatibility of office, qualifications of the office, and conflicts of interest (see Bylaw 0144.3 - Conflict of Interest).
- D. Conduct themselves with integrity, honesty, and in a manner that reflects positively on the Board and on the District.
- E. Be accountable for guiding and supporting the policy decision-making process that impacts students, staff, and the community. The operation of the District is the responsibility of the administration.
- F. Establish and maintain a high level of honesty, credibility, and truthfulness in all matters dealt with by the Board.
- G. Treat others with respect and dignity at all times, maintain decorum, and always communicate in a way that does not violate or illustrate disregard for Board policy concerning harassment or discrimination. This decency expectation applies in all communications, including while discussing sensitive, ~~or~~ controversial ~~matters~~, or matters involving disagreement.

- H. At all times conduct themselves in the best interest of the School District, including avoiding implicating the District in unlawful activity or supporting or encouraging efforts to harm the reputation, legal standing, or to bring other material harm to the interests of the District or the Board.
- I. Recognize they should endeavor to make policy decisions only after full discussion at publicly held Board meetings.
- J. Render all decisions based on the available facts and independent judgment.
- K. Encourage the free expression of opinion by all Board members, and seek systematic communications between the Board and students, staff, and all elements of the community.
- L. During Board meetings, work with the other Board members to establish effective Board policies and to delegate authority for the administration of the District to the Superintendent **in accordance with Policy 1100 - District Organization**.
- M. Communicate to other Board members, **in accordance with the Open Meeting Law**, and the Superintendent expressions of public reaction to Board policies and school programs **(see Board Member Communication section below, Bylaw 0143.1 - Public Expression of Board Members, and Bylaw 0167.5 - Use of Electronic Mail)**.
- N. Inform themselves about current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by the Wisconsin Association of School Boards, the Consortium of State School Board Associations, and the National School Board Associations.
- O. Support the employment of those persons best qualified to serve as school staff, and insist on a regular and impartial evaluation of all staff.
- P. Refrain from using their Board positions for personal partisan gain.
- Q. Take no private action that will compromise the Board or administration, and respect the confidentiality of information that is privileged under applicable law.
- R. Remember always that their first and greatest concern must be for the educational welfare of the students attending the public schools.
- S. No Board member shall act or fail to act as a member of the Board in violation of 946.12, Wis. Stats., regarding misconduct in public office.
- T. Disclose any actual or perceived conflict of interest.

Board Member Communication

Board members are expected to refrain from engaging in communication on behalf of the Board or on behalf of the District unless authorized to do so by majority vote of the Board (See Bylaw 0143.1).

Any Board member who chooses to engage in individual communication on matters related to Board and/or District business is expected to clearly identify whether the Board member is communicating in the following capacity:

- A. On behalf of the Board: normally, this is the function of the Board President or, in the President's absence, the Vice President. The Board may by majority vote delegate this responsibility to another Board member in a specific circumstance. In every case, the Board **Member member** communicating the Board's position shall do so as determined by the Board and avoiding individual interpretation or editorializing.
- B. As an individual Board member, but not on behalf of the Board: a Board member who speaks, including online, in social media forums, or in any other public forum, on matters related to Board and/or District business, but not as an officially designated spokesperson of the Board. The Board member must specify that any statement is not sponsored by the District and is a personal viewpoint.

Board members who fail to adhere to this expectation, or who publicly communicate false or intentionally misleading information pertaining to Board action or District policy, will be asked to correct such communication in a way that is likely to reach the same audience as the false or misleading information. The Board President is authorized to communicate such requests to the pertinent Board member.

The Board President is authorized to issue public statements on behalf of the Board in the event a Board member expresses false or misleading information, or makes statements without properly identifying whether the member of the Board is speaking as an individual Board member. The President's communication should be limited to correcting the false or misleading statement, clarifying that the Board member was not speaking on behalf of the Board, and providing information relative to Board action if any on the subject matter.

Board Member Use of Electronic Communication Devices

To support effective governance and ensure transparency, Board members are encouraged to refrain from using electronic communication devices (such as cell phones or smartphones) during Board meetings - both in open and closed sessions - except when accessing agenda materials on a tablet or laptop.

The use of such devices during meetings may unintentionally create the appearance that a Board member is not fully engaged or could raise concerns that information is being shared or received in a manner not accessible to all Board members or the public.

The Board recognizes that emergencies and special circumstances not related to Board business may require occasional exceptions.

Handling of Complaints by Members of the School Board

As individual Board members are frequently confronted with complaints by teachers, parents, and the public in general, it seems prudent to establish guidelines for the handling of these complaints.

Board members must remember that as individuals they have no legal status and that the only time Board members can legally transact business is when meeting together as a Board in a legal session.

It is wise for a Board member to postpone the formulation of an opinion until hearing the issue discussed by the Board as a whole, where all the aspects of the problem are aired. A Board member should not obligate other members of the Board by predicting how they will vote.

Therefore, the following procedure is established for the handling of complaints made to individual Board members.

- A. Neither the Board as a whole nor any individual member will entertain or consider communications or complaints from teachers, parents, or the general public until, or unless, such communications or complaints have been routed through the proper channels.
- B. If a Board member is approached by a school employee on matters of school policy or school problems, the employee should be advised by the Board member to refer the matter to the principal or supervisor. If the employee is not satisfied by the determination of the principal or supervisor, the problem may be brought to the attention of the Superintendent. If the employee still feels the determination is unsatisfactory, the problem may be brought to the attention of the Board by letter or personal appearance.
- C. Similarly, if a Board member is approached by a parent who has a complaint, the parent should be referred to the principal of the school of the teacher involved. If the parent is not satisfied by the determination of the principal, the problem may be brought to the attention of the Superintendent. If the parent still feels that the determination is unsatisfactory, the problem may be brought to the attention of the Board by letter or by personal appearance.

Board Member Interaction with Staff

The general expectations of Board member decorum and civility apply to interactions with employees; however, because the Board is the employer of all District staff, this responsibility is appropriate for special reference. Each Board member is an individual with the authority to bring matters to the Board and to influence matters related to staff. Therefore, it is imperative that Board members treat all employees with respect and as professionals. Board members are also required to comply with Board Policies governing employee anti-harassment, non-discrimination, and threatening behavior.

No Board member has inherent authority to require any staff member to respond to the Board member regarding a specific request for information or to direct any staff member to perform or not perform any task, except as provided by Board policy or as directed by a majority vote of the Board.

Board members' access to and request for School District records and information is governed by Board Bylaw 0143.2 - [Board Member Information Requests](#).

Board Member Records and Confidentiality

Board members are expected to maintain their own public records created on resources not controlled by and thus not maintained by the School District. Each Board member is an elected official responsible for preserving all public records the Board member creates, and complying with requests to inspect such records. The District has no obligation nor responsibility to assist any Board member in fulfilling this responsibility with respect to records that are not maintained by the District.

Board members are encouraged to review Board policy defining and explaining public records, their maintenance, and public access (See Board Policy 8310).

Board members are expected to maintain and protect the privacy of District records, including student records, and communications received in closed session meetings of the Board. Board members must also protect and not disclose records consistent with, and governed by, the Family Education Rights and Privacy Act (FERPA).

Enforcement

Complaints alleging violations of the Board Member Code of Conduct may be brought by any ~~person~~ parent, student, staff member or District resident and ~~can~~ must be submitted to the Board President or, if the Board President is the member accused of violating this policy, to the Vice President, who under such circumstances shall perform the duties of the Board President described in this policy. All Complaints shall bear the name and signature of the complainant and include a detailed description of the alleged misconduct, any evidence supporting the allegations, and the action/relief being requested.

The Board President may choose to consolidate complaints for consideration if more than one (1) individual files similar complaints, but reserves the right to refuse to consider any subsequent complaint on the same matter unless previously unknown material facts are raised.

The President ~~or Vice President~~ shall review the complaint and ~~determine whether the officer can~~ investigate the matter, ~~or if the President or Vice President needs to~~ The President may contact the School District's legal counsel for support ~~in the investigation of the complaint and/or other matters related to the complaint~~. Upon completion of the investigation, if the conclusion reached is that the Board member violated the policy, the investigator shall brief the Board and may recommend action to be taken.

Board members are elected officials and therefore cannot be ~~disciplined~~, prevented from participating in Board meetings, or removed from office by the Board. ~~The~~ However, the Board may consider the following:

- A. formal censure by resolution passed by a majority of the Board in an open session meeting of the Board;
- B. removal from Board committee assignments ~~that is an for the remainder of the year and until the following organizational meeting of the Board, at which time the President is authorized to continue to withhold committee assignment. Approval of this sanction is an adopted~~ - Committees;
- C. restriction on Board member rights granted by policy, including requesting items for a Board meeting agenda;
- D. referral to proceed with efforts to remove the Board member from office for cause, which means inefficiency, neglect of duty, official misconduct, or malfeasance in office;
- E. referral to law enforcement if any alleged misconduct constitutes potentially unlawful conduct;
- F. other efforts to pursue compliance with and adherence to the policy as determined by the Board and not prohibited by law.

If a complainant or any other person contacts an individual Board member, other than the Board President, to discuss a complaint or investigation under this policy, the Board member shall inform the person that the Board member has no authority to act in an individual capacity and shall refer the person to this bylaw or the Board President for further assistance.

1213 - STUDENT SUPERVISION AND WELFARE

Administrators are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the administrator. It is the intent of the School Board to direct the preparation of guidelines that would minimize that possibility and/or harm to the welfare of the student(s). ~~It is the intent of the Board to direct the preparation of guidelines that would minimize that possibility. [END OF OPTION].~~

An administrator, who is found to have had sexual contact with any student, shall be referred to the proper authorities and be subject to discipline up to and including discharge.

Required Notification

The Superintendent shall notify the parent(s) or guardian(s) of a student when the District receives a report that gives reasonable cause to believe one of the following has occurred:

- A. Sexual misconduct by a school staff member against a student;
- B. A school staff member or volunteer has been convicted of a serious child sex offense and worked primarily with children in a way that would be a felony under 948.13, Wis. Stats.; and/or
- C. A registered sex offender has intentionally captured an image of a minor student without the parent's or guardian's written consent.

Definitions

Report means any information, whether written or verbal, indicating one (1) of the categories of conduct described in the section above (A., B., and/or C.) in this policy.

Timing and Method of Notification

Timing

- A. If the report is received before the end of the regular school day, the District shall notify the parent or guardian by 5:00 p.m. that same day.
- B. If the report is received after school hours or on a non-school day, the District shall provide notification by noon of the next calendar day.

- B. The District may follow up the in-person or phone notification with written or email documentation for record-keeping purposes.

Annual Notice of Rights

The District shall provide an annual notice to all parents and guardians informing them of their rights to access records related to the discipline of a school employee under public records law. ~~This section should not be construed as affecting any obligations on the part of staff to report suspected child abuse under 48.981, Wis. Stats. and Policy 8462 – Child Abuse and Neglect.~~

Each Administrator shall maintain a standard of care for the supervision, control, and protection of students commensurate with his/her assigned duties and responsibilities which include, but are not limited to the following:

This section does not apply to depictions of an administrator's own child or other relative.

The District is committed to maintaining safe, professional, and developmentally appropriate relationships between staff and students. All employees, volunteers, and adults working with students are expected to uphold clear and appropriate boundaries and report concerns to protect student welfare.

Prohibited Conduct

It is impossible to list every inappropriate conduct scenario, but the following expectations, as well as other similar types of behavior, apply:

- A. **Preferential Treatment or Favoritism**—Staff behaviors that demonstrate, or give the perception of, preferential treatment toward a student or group of students.
- B. **Boundary Invasions**—Staff student relationships may become inappropriate based on the frequency, timing, location, or nature of interactions. Consent from the student or parent does not justify boundary invasions.

Maintaining professional boundaries is essential to student safety; however, the District recognizes that certain physical contact or personal involvement may be clinically or educationally necessary. Behaviors that are required for a student's well being or instructional success are permitted. This includes, but is not limited to: providing hygiene assistance to a student (e.g., following a toileting accident); physical spotting or corrective positioning in athletics (e.g., wrestling, gymnastics, or football); and administering first aid or emergency medical care.

Any behavior that lacks a clear educational or medical justification, or that serves the emotional or physical needs of the adult rather than the student, is strictly prohibited. Such behaviors may be indicators of grooming and will be subject to immediate investigation. Inappropriate boundary invasions may include, but are not limited to, the following:

1. hugging, kissing, or other physical contact with a student;
2. telling sexual jokes to students;
3. engaging in talk containing sexual innuendo or banter with students;
4. talking about sexual topics that are not related to curriculum;
5. showing pornography to a student;
6. inappropriate comments about a student's body or appearance;
7. taking an undue interest in a student (i.e. having a special friend or a special relationship);
8. initiating or extending contact with students beyond the school day for personal purposes;
9. using e-mail, text messaging, or websites to discuss personal topics or interests with students;
10. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
11. invading a student's privacy (e.g. walking in on the student in the bathroom, locker room, asking about bra sizes or previous sexual experiences);
12. going to a student's home for non-educational purposes;
13. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of student);
14. giving gifts or money to a student for no legitimate educational purpose;
15. accepting gifts or money from a student for no legitimate educational purpose;
16. being overly touchy with students;
17. favoring certain students by inviting them to come to the classroom at non-class times;
18. getting a student out of class to visit with the staff member;

19. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student secrets and having secrets with a student; and
22. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly.

- C. **Romantic or Sexual Conduct**—Staff must not engage in any romantic or sexual conduct with students, including dating, advances, sexual contact, or sexually suggestive communication.

Outside-District and Staff-Parent Relationships—This policy permits appropriate interactions from legitimate, pre-existing, non-District relationships (e.g., relatives, family friends). Staff who are parents or guardians of enrolled students must maintain professional conduct in all school-related activities and communications, avoiding favoritism or conflicts of interest. Where such relationships compromise professional responsibilities, the District may intervene.

Professional Conduct During Off-Site School Activities—Staff must maintain professional boundaries during all school-sponsored off-site activities such as field trips, competitions, travel, and overnight events. Increased vigilance is required in these less-supervised settings.

Reporting of Allegations of Inappropriate Staff and Student Relationships

- A. **Student Reporting Process**—Students who feel uncomfortable or witness inappropriate behavior are encouraged to report concerns to a trusted staff member or school counselor (), or via the District's anonymous reporting tool [END-OPTION]. All reports will be treated confidentially to the extent legally possible.
- B. **Staff Required Reporting of Misconduct**—Any concerns about inappropriate staff-student conduct must be reported immediately to a supervisor, principal, or the District's Compliance Officer(s). Anonymous reports will be investigated per District harassment procedures outlined in Policy 5517—Student Anti-Harassment.

Mandated Reporting—Per 48.981, Wis. Stats., all staff are mandatory reporters. Suspected child abuse, including by another staff member, must be reported immediately to:

- A. A designated administrator; and
- B. Child Protective Services and/or law enforcement.

Immediate action is required; do not delay. More info: <https://dcf.wisconsin.gov/cps/process>

Violations and Consequences—Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law.

Policy Access and Training—This policy will be:

- A. posted on the District's website;
- B. reviewed annually with staff; and
- C. included in new employee onboarding.

[END-OF-OPTION]

Pursuant to the laws of the State and Board Policy 8462 - Child Abuse and Neglect, each administrator shall report to the proper legal authorities immediately, any sign of suspected child abuse, abandonment, or neglect.

2431 - **INTERSCHOLASTIC ATHLETICS**

The Board recognizes the value to the District and to the community of a program of interscholastic athletics for as many students as feasible and in accordance with Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity. The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of student as feasible within the District.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.

Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The Superintendent is to develop guidelines for coaches to follow which will ensure that as many students as possible have the opportunity to play so they have the opportunity to benefit from the learning experience.

The Board ~~further adopts those eligibility~~ criteria that meet or exceed the Wisconsin Interscholastic Athletic Association (WIAA) standards. ~~[] The Board further adopts the Name, Image, Likeness (NIL) compensation standards set by the Constitution of the Wisconsin Interscholastic Athletic Association (WIAA), and directs the Superintendent to provide interscholastic athletics for students in accordance with the WIAA Constitution, Bylaws, and Rules of Eligibility, and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.~~ **[DRAFTING NOTE: If the District chooses this option, the district must comply with the WIAA's NIL policies and will likely be responsible for assuring that student athletes follow the rules as well. It is recommended that districts give a copy of the WIAA policies to students who participate in their sanctioned sports, especially those participating in NIL. Districts must monitor students who are participating in NIL, because if a student violates the WIAA policies, the district, the school, the team, and the student can be sanctioned by the WIAA for violations.]**

The Superintendent is authorized to establish ~~() a set of behavior expectations~~ **(X) an athletic code** ~~() an activities code~~ **[END OF OPTIONS]** for participants as well as the implementation of appropriate disciplinary procedures against those who violate these expectations.

The District provides the following safeguards:

- A. Prior to enrolling in the sport,
1. each participant shall submit to a thorough physical examination.
 2. parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- B. Any student who is found to have a health condition which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a physician that has determined the conditions under which the student may participate;
- C. Any student who incurs an injury requiring a physician's care is to have written approval by a physician prior to the student's return to participation;
- D. Any student suspected of having a head injury or concussion shall be provided with safety protocols specified in Policy 5340 - Student Accidents/Illness/Concussion.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches should never dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes.

~~The guidelines should also provide a set of behavioral expectations for each type of participant. The Superintendent or designee is authorized to implement suitable disciplinary procedures against those who violate these sportsmanship expectations.~~

To support the efforts to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- A. **(X)** adopt policies (upon recommendation of the administration) which reflect the District's educational objectives and promote the ideals of good sportsmanship, ethics, and integrity;
- B. ~~(-) attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school personnel;~~
- C. ~~(-) support and reward participants, coaches, school administrators, and fans who display good sportsmanship.~~

Professional staff members shall not associate with students at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs. any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential criminal liability and discipline up to and including termination of employment.

This provision should not be construed as precluding a professional staff member from associating with students in private for legitimate or proper reasons or to interfere with familial relationships that may exist between staff and students.

- G. Professional staff members shall not disclose personally identifiable information about a student to third parties unless specifically authorized by law or the student's parent(s) to do so.
- H. Professional staff members shall not transport students in a private vehicle without the approval of their immediate supervisor and consistent with the provisions of Policy 8660 - Transportation by Private Vehicle for District-Sponsored Activities or Trips. This does not apply to any student who is a professional staff member's family member.
- I. Students shall not be required to perform work or services that may be detrimental to their health.
- J. Staff members are discouraged from engaging students in social media and online networking media, except for appropriate academic, extra-curricular, and/or professional uses only ~~OR staff members are discouraged from engaging students in social media and online networking media (see also Policy 7544 - Use of Social Media), except for appropriate academic, extra-curricular, and/or professional~~ consistent with Policy 7540 - Technology, Policy 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 - Staff Technology Acceptable Use and Safety.
- K. Staff members are expressly prohibited from posting any picture, video, meme, or other visual depiction, or comment pertaining to any student on social networking media or similar forums, such as YouTube without permission of the administration. This provision of the policy does not apply to pictures and/or videos taken of public events that may involve or incidentally include depictions of students participating in or observing such events, where the purpose of the photo or video is to depict the event, not a particular student. This section does not apply to depictions of a professional staff member's own child or other relative.

Since most information concerning a child in school, other than directory information described in Policy 8330 - Student Records, is a confidential student record under Federal and State laws, a staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

[DRAFTING NOTE: The optional language below is not required by 2025 Act 57, but may be desired for additional direction to employees.]

[] Appropriate Staff and Student Relationships

The District is committed to maintaining safe, professional, and developmentally appropriate relationships between staff and students. All employees, volunteers, and adults working with students are expected to uphold clear and appropriate boundaries and report concerns to protect student welfare.

Prohibited Conduct

It is impossible to list every inappropriate conduct scenario, but the following expectations, as well as other similar types of behavior, apply:

- A. **Preferential Treatment or Favoritism**—Staff behaviors that demonstrate, or give the perception of, preferential treatment toward a student or group of students.
- B. **Boundary Invasions**—Staff student relationships may become inappropriate based on the frequency, timing, location, or nature of interactions. Consent from the student or parent does not justify boundary invasions.

Maintaining professional boundaries is essential to student safety; however, the District recognizes that certain physical contact or personal involvement may be clinically or educationally necessary. Behaviors that are required for a student's well-being or instructional success are permitted. This includes, but is not limited to: providing hygiene assistance to a student (e.g., following a toileting accident); physical spotting or corrective positioning in athletics (e.g., wrestling, gymnastics, or football); and administering first aid or emergency medical care.

Any behavior that lacks a clear educational or medical justification, or that serves the emotional or physical needs of the adult rather than the student, is strictly prohibited. Such behaviors may be indicators of grooming and will be subject to immediate investigation. Inappropriate boundary invasions may include, but are not limited to, the following:

1. hugging, kissing, or other physical contact with a student;
2. telling sexual jokes to students;

3. engaging in talk containing sexual innuendo or banter with students;
4. talking about sexual topics that are not related to curriculum;
5. showing pornography to a student;
6. inappropriate comments about a student's body or appearance;
7. taking an undue interest in a student (i.e. having a special friend or a special relationship);
8. initiating or extending contact with students beyond the school day for personal purposes;
9. using e-mail, text messaging, or websites to discuss personal topics or interests with students;
10. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
11. invading a student's privacy (e.g. walking in on the student in the bathroom, locker room, asking about bra sizes or previous sexual experiences);
12. going to a student's home for non-educational purposes;
13. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of student);
14. giving gifts or money to a student for no legitimate educational purpose;
15. accepting gifts or money from a student for no legitimate educational purpose;
16. being overly touchy with students;
17. favoring certain students by inviting them to come to the classroom at non-class times;
18. getting a student out of class to visit with the staff member;
19. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student secrets and having secrets with a student; and
22. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly.

- C. Romantic or Sexual Conduct**—Staff must not engage in any romantic or sexual conduct with students, including dating, advances, sexual contact, or sexually suggestive communication.

Outside-District and Staff-Parent Relationships—This policy permits appropriate interactions from legitimate, pre-existing, non-District relationships (e.g., relatives, family friends). Staff who are parents or guardians of enrolled students must maintain professional conduct in all school-related activities and communications, avoiding favoritism or conflicts of interest. Where such relationships compromise professional responsibilities, the District may intervene.

Professional Conduct During Off-Site School Activities—Staff must maintain professional boundaries during all school-sponsored off-site activities such as field trips, competitions, travel, and overnight events. Increased vigilance is required in these less-supervised settings.

Reporting of Allegations of Inappropriate Staff and Student Relationships

- A. Student Reporting Process**—Students who feel uncomfortable or witness inappropriate behavior are encouraged to report concerns to a trusted staff member or school counselor (), or via the District's anonymous reporting tool [END OPTION]. Title	THIRD GRADE PROMOTION AND RETENTION: AT-RISK STUDENTS
Code	po5411
Status	Second Reading
Adopted	June 18, 2025
Last Revised	October 22, 2025

5411 - **THIRD GRADE PROMOTION AND RETENTION: AT-RISK STUDENTS**

Introduction

This policy governs the promotion of students from 3rd grade to 4th grade in accordance with 118.33, Wis. Stats. The policy applies to all students being considered for promotion from 3rd to 4th grade, effective on September 1, 2027.

The District intends to make promotion decisions based on a thorough and equitable process that considers individual student needs in reading. For any student who has not completed their personal reading plan by the end of 3rd grade, a team will determine whether retention or promotion to 4th grade, with intensive instructional support, progress monitoring, and supports to remediate the identified areas of deficiency, is in the student's best interest. The determination process will consider relevant factors such as reading proficiency, social and emotional development, and available supports.

Definitions

"Personal Reading Plan" means a reading plan provided for five (5) year-old-kindergarten to third grade students that are identified as at risk based on a universal screening assessment or diagnostic assessment, in accordance with 118.016(5), Wis. Stats.

"Limited English-Proficient Student" means a student whose ability to use the English language is limited because of the use of a non-English language in the student's family or the student's daily, non-school surroundings, and who has difficulty in performing ordinary classwork in English as a result of such limited English proficiency.

"Completed" - means a 3rd grade student who has a personal reading plan is considered to have completed the personal reading plan if the student's parent and the student's school agree that the student has met the goals outlined in the personal reading plan and the student scores at grade-level in reading on a summative assessment, as defined by the Department of Education (DPI).

Promotion of Third Grade Students with Personal Reading Plans

For any student who has not completed their personal reading plan by the end of the student's third grade year, the District will engage in a process to determine whether to promote that student to the fourth grade. The District will not promote a student from third **grade** to fourth grade who has not completed their personal reading plan by the end of third grade unless the District, in consultation with the student's parent(s), believes retention is not in the best interest of the student.

In reaching the decision to promote or retain the student, the District will carefully consider all relevant factors, including but not limited to:

- A. Whether a team of interested individuals, including the parent(s) of the student and school representatives who have knowledge of the reading instruction, supports, and interventions provided to the student, believe promotion is in the best interest of the student;
- B. All relevant and available data demonstrating the student's response or progress to reading instruction and intervention, and data demonstrating the student's progress towards meeting personal reading plan goals;
- C. Why the student has not completed their personal reading plan;
- D. Whether or which alternatives to retention can help support the student to achieve reading proficiency;
- E. Any other factor(s) relevant in deciding whether to retain or promote a student;
- F. Those factor(s) or conditions considered elsewhere in District policy or administrative guidelines pertaining to student promotion and retention;
- G. Whether the student is eligible for an exception contained under this policy;
- H. The potential long-term adverse risks **and/or benefits** of retention.

Based on the comprehensive evaluation of factors above, the District will make one of the following determinations:

- A. Promotion: Promotion to fourth grade with applicable supports and services is more appropriate than retention **to** in third grade.
- B. Promotion: The student's non-completion of their personal reading plan was not primarily due to the student's lack of reading proficiency.
- C. Promotion: The District recommends retention with applicable supports and services but the student's parent(s) do not agree with the District's recommendation.
- D. Retention: The District determined that, in consultation with the student's parent(s), retention with applicable supports and services is more appropriate than promotion to fourth grade.

Promoting Students with Incomplete Personal Reading Plans

If the District promotes a third-grade student who has not completed their personal reading plan by the end of third grade, the District shall conduct all of the following post-promotion requirements:

- A. In the following and subsequent school year(s) provide intensive instructional services, progress monitoring, and supports to remediate the identified areas of deficiency until the student scores at grade level in reading on a summative assessment;
- B. Notify the student's parent(s), in writing, that the student did not complete their personal reading plan, including a description of the instructional services and supports that will be provided to the student to remediate the identified areas of deficiency; and
- C. Provide the student with an intensive summer reading program each summer until the student scores at grade-level in reading on a summative assessment.

Exceptions to Post-Promotion Requirements

The following are good cause exceptions. Any student who meets one **(1)** or more of the following good cause exceptions may be exempt from the promotion policy, the intensive summer reading program, and/or the intensive reading intervention requirements:

- A. The student is identified as a Limited-English Proficient student as per the definition included in this policy;
- B. The student has an individualized education plan (IEP) that indicates that neither taking the universal reading screener nor the State summative assessment in reading is appropriate for the student;
- C. The student scores as proficient in reading on the alternative Statewide standardized summative assessment;

- D. The student has an IEP or Section 504 plan under the Rehabilitation Act of 1973 that indicates that the student has received intensive intervention in reading for more than two (2) years if the student continues to demonstrate a deficiency in reading and was previously retained in 5K, grades one (1), two (2), or three (3);
- E. The student has received intensive reading interventions for two (2) or more school years, continues to demonstrate a deficiency in reading, and was previously retained in 5K, grades one, two, or three for a total of two (2) years.

Mid-Year Enrollment/Transfers

Any student who enrolls as a third-grade student late in the school term without any accompanying record of a personal reading plan shall be promoted to fourth grade under the criteria that the student did not have a personal reading plan in effect at the end of third grade.

If a student transfers into a school enrolled as a fourth-grade student and the provided records indicate the student may have met requirements to be retained in third grade (e.g., incomplete personal reading plan), the District shall provide all supports and services that the student would have otherwise received as a post-promotion requirement including intensive instructional services, progress monitoring and supports to remediate the identified areas of deficiency, parent notification, and an intensive summer reading program each summer until the student scores at grade-level in reading on a summative assessment.

The Board shall post its early literacy remediation plan (including the parent notification policy) on the School District website.

If a student is identified as at risk based on a universal or diagnostic assessment, the Board shall:

7540.02 - DIGITAL CONTENT AND ACCESSIBILITY

A. Creating Digital Content

The Board authorizes staff members and students ~~[END OF OPTION]~~ to create content for the District's website and District-approved/affiliated apps and services (see Bylaw 0100 - Definitions) ("digital content").

District-generated and school-related digital content must comply with applicable State and Federal laws (e.g., copyright laws, Children's Internet Protection Act (CIPA), Section 504 of the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act (ADA), Student Online Personal Protection Act (SOPPA), and Children's Online Privacy Protection Act (COPPA)) and reflect the professional image/brand of the District, its employees, and students. District-generated digital content must be consistent with the Board's Mission Statement and is subject to prior review and approval of the District Administrator before being published on the District's website or District-approved/affiliated apps/services.

~~[DRAFTING NOTE: CHOOSE ONE (1), BOTH, OR NONE OF THE FOLLOWING OPTIONS.]~~

School-related student-created content for the Board's website or District-approved/affiliated apps/services are subject to Policy 5722 - School-Sponsored Publications and Productions.

Creation of school-related content by students for the Board's website or District-approved/affiliated apps/services must be done under the supervision of a District staff member.

~~[END OF OPTIONS]~~

B. Purpose of Digital Content

The purpose of digital content covered by this policy is to educate, inform, and communicate. The following criteria shall guide the development of District-generated digital content:

1. Educate

Digital content should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Strategic Plan.

2. Inform

Digital content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

3. Communicate

Digital content may communicate information about the plans, policies, and operations of the District to members of the public and other persons who may be interested in and/or affected by District matters.

The information published on the Board's website and District-approved/affiliated apps/services should reflect and support the Board's Mission Statement, Educational Philosophy, and School Improvement Process.

When the digital content includes a photograph or personally identifiable information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

Under no circumstances is District-generated digital content to be used for commercial purposes, advertising, political lobbying, or to provide financial gains for any individual. Included in this prohibition is the fact that no digital content published on the District's website or District-approved/affiliated apps/services may:

1. include statements or other items that support or oppose a candidate for public office, the investigation, prosecution, or recall of a public official, or passage of a tax levy or bond issue;
2. link to a website of another organization if the other website includes such a message; or
3. communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization.

Under no circumstances shall a staff member post on their personal web pages/websites or private digital accounts (i.e., non-District-approved/affiliated apps/services) student progress reports, grades, class assignments, or any other similar class-related material. Employees are required to use the Board's website or District-approved/affiliated apps/services (e.g., ~~Progressbook/PowerSchool/Infinite Campus~~) for the purpose of conveying information to students and/or parents. ~~[END OF OPTION]~~

Staff members are prohibited from requiring students to go to the staff member's personal web pages/websites and/or private digital accounts (i.e., non-District-approved/affiliated apps/services) (including, but not limited to, the staff member's personal accounts on Facebook, Instagram, Pinterest, YouTube Channel(s), or TikTok sites) to check grades, obtain class assignments and/or class-related materials, and/or to turn in assignments. ~~[END OF OPTION]~~

If a staff member creates digital content related to their class, it must be hosted on the Board's website or a District-approved app/service. ~~[END OF OPTION]~~

The Board's website, including school-specific websites, shall be generally open/available to the public unless specific digital content is unique to a specific child and/or includes student personally identifiable information, in which case the information must be password-protected or access to it must be otherwise restricted. When digital content involving student personally identifiable information or information concerning coursework, particularly a specific student's classes/assignments, is password-protected/access is otherwise restricted, the student's parent(s)/guardian(s) will continue to have access to that digital content. ~~[END OF OPTION]~~

Digital content published on the Board's website should reflect an understanding that both internal and external audiences will be viewing the information.

~~() The District Administrator shall prepare administrative guidelines defining the rules and standards applicable to staff () and students [END OF OPTION] who publish digital content on the Board's website and District-approved/affiliated apps/services.~~

The Board retains all proprietary rights related to the design of and content for its website(s) and any apps/services it operates and/or is affiliated with, absent written agreement to the contrary.

In order for a student's school work (i.e., work that is created in or for a class or as part of a school-sponsored extracurricular activity) to be displayed on the Board's website, the student (who is eighteen (18) years of age or older) or the student's parent (if the student is seventeen (17) years of age or younger) must provide written permission and expressly license its display without cost to the Board.

Likewise, prior written permission from a student (who is eighteen (18) years of age or older) or the student's parent (if the student is seventeen (17) years of age or younger) is necessary for a student to be identified by name on the Board's website.

C. Accessibility of Web Content and Mobile Apps

The District is committed to providing persons with disabilities an opportunity equal to that of persons without disabilities to participate in the District's programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration. The District is further committed to ensuring persons with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as persons without a disability, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any District programs, services,

and activities delivered online through the web or a mobile app, as required by Section 504 and Title II of the ADA and their implementing regulations; and that they receive effective communication of the District's programs, services, and activities delivered in-person or online.

This policy reflects the Board's commitment and intention to comply with the requirements of Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Section 794, 34 C.F.R. Part 104, Title II of the Americans With Disabilities Act of 1990, 42 U.S.C. Section 12131, and 28 C.F.R. Part 35 in all respects. For purposes of this policy, "web content" means the "information and sensory experience to be communicated to the user by means of a user agent, including code or markup that defines the content's structure, presentation, and interactions." Examples of web content include text, images, sounds, videos, controls, animations, and conventional electronic documents (e.g., web content or content in mobile apps in the following electronic file formats: portable document formats (PDF), word processor file formats, presentation file formats, and spreadsheet file formats). Additionally, "mobile applications" ("mobile apps") means "software applications that are downloaded and designed to run on mobile devices, such as smartphones and tablets."

1. Technical Standards

Web content and mobile apps that the District provides and/or makes available, directly or through contractual, licensing or other arrangements, shall comply with the World Wide Web Consortium's Web Content Accessibility Guidelines (WCAG) 2.1, Level AA standards, unless the Board can demonstrate that such compliance would result in a fundamental alteration in the nature of its programs, services, or activities, or an undue financial and administrative burden.

[DRAFTING NOTES:

~~(1) Districts with a population of 50,000 or more residents must fully comply with WCAG 2.1, Level AA standards by April 24, 2026; Districts with fewer than 50,000 residents must fully comply with WCAG 2.1, Level AA standards by April 26, 2027. (2) Since the deadlines depend on the population size, Wisconsin school districts should use the population estimate on the most recent Small Area Income and Poverty estimates (SAIPE). For districts that are entirely contained within one city or county, they may rely on the population figures for that city or county. If the district is unsure what deadline applies to them, they should consult legal counsel. (3) While the Department of Justice's Final Rule allows public entities to employ alternative designs, methods, or techniques if they provide equivalent or greater accessibility and usability, Neola does not recommend that approach. If a board wants to consider an alternative technical standard, it should consult with its legal counsel. END OF DRAFTING NOTES]~~

Notwithstanding the preceding, Federal regulations provide for the following content types to have limited exceptions to the WCAG 2.1, Level AA requirements:

- a. archived web content (provided all four (4) Federal criteria in 28 C.F.R. 35.104 are met);
- b. certain preexisting conventional electronic documents (with specific restrictions);
- c. third party content that is not created pursuant to a contract, license, or other arrangement between the Board and a third party;
- d. password-protected or otherwise secured documents pertaining to a specific student, their property, or their account; and
- e. preexisting social media posts.

Even when the preceding exceptions apply, the District, however, will still provide effective communication and reasonable modifications in accordance with the ADA.

Content maintained for any purpose other than reference, research, or recordkeeping does not qualify as one of the listed exceptions above, regardless of the date it was created. If the content is labeled "archived" or stored in an area clearly identified as being "archived" it still has not risen to the level required to fall into an exception.

When a person with a disability cannot access District-generated or -affiliated web content or mobile apps that meet WCAG 2.1, Level AA standards, the District will: (1) provide alternate means of access to the same information and functionality; (2) make reasonable modifications to policies, practices, or procedures; (3) ensure effective communication through appropriate auxiliary aids and services; and (4) respond to accommodation requests within ~~_____~~ **(10)** **[insert timeframe]** business days. Such accommodations may include: (a) alternative document formats (large print, Braille, audio); (b) telephone or in-person assistance for online services; and/or (c) email or mail delivery of information typically accessed online.

2. Digital Accessibility Coordinator

The Board designates its ~~() Section 504/ADA Compliance Coordinator(s)~~ Technology Director ~~()~~ ~~[END OF OPTIONS]~~ as the District's Digital Accessibility Coordinator(s). ~~() That individual () Those individuals () is () are [END OF OPTIONS]~~ responsible for coordinating and implementing this policy.

The Board approves the use of its website and District-approved/affiliated apps/services to promote school activities and inform stakeholders and the general public about District news and operations.

Included in this approval is the use of Short Message Service (SMS) texting for official District communications. The District SMS service will include:

1. Consent and Privacy for SMS Communication

The District is committed to protecting the privacy of all recipients. The following terms govern the use of SMS communication:

- a. Explicit Consent (Opt-in): The District shall obtain explicit, verifiable permission (opt-in) before sending any SMS texts to students, parents, staff, or community members.

When the Board or District Administrator designates communications distributed via the District's website and/or District-approved/affiliated apps/services to be one-way communication, public comments are not solicited or desired, and the website or app/service is to be considered a nonpublic forum.

If the District uses an app/service that does not allow the District to block or deactivate public comments, the District's use of that app/service will be subject to Policy 7544 – Use of Social Media unless the District is able to automatically withhold all public comments.

If unsolicited public comments can be automatically withheld, the District will retain the comments in accordance with its adopted record retention schedule (see AG 8310A – Public Records, and AG 8305 - Collection, Classification, Retention, Access and Security of District Data / Information), but it will not review or consider those comments.

Title	CHILD ABUSE AND NEGLECT
Code	po8462
Status	Second Reading
Adopted	May 25, 2016
Last Revised	May 9, 2019

8462 - **CHILD ABUSE AND NEGLECT**

The Board is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law. In addition, the Board strictly prohibits any actual or threatened acts of physical, mental, sexual, or other form of abuse directed towards students by any person in any District-owned, operated, or leased facility, or at any school-sponsored activity.

Staff Training Required

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and in the laws and procedures governing the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and at least once every five (5) years **at a minimum** after the initial training. This training may be held in conjunction with staff training for threats of violence as required in Policy 8462.01.

Training conducted in fulfillment of this policy shall include a record of the date, time, duration, and content of the training, as well as a list of all attendees at the training.

Reporting of Suspected Child Abuse or Neglect

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring, or has reasonable cause to believe a child has been threatened with abuse or neglect and that abuse or neglect is likely to occur shall be responsible for reporting immediately every case, whether verified or suspected, the circumstances giving rise to the reasonable cause.

Reporting is mandatory even if the staff member has reason to believe that the abuse or neglect occurred, but is no longer occurring (for example, the child is no longer living with the suspected abuser). Staff members should make reports based on reasonable cause to suspect abuse or neglect and are not permitted to first investigate the circumstances in an effort to verify abuse or neglect. This can cause a loss of time and jeopardize law enforcement or social services investigations into child welfare concerns.

Reporting Procedures

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency.

Employees shall also notify the building level administrator or the Superintendent.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect, unless such report was made knowing it to be false and for the purpose of harming the accused or victim in the report.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Any such instances, whether real or alleged, should be dealt with in accordance with the administrative guidelines established by the District Administrator. Staff member reporting obligations under this policy and applicable law are the same regardless of whether the suspected abuser is a parent, guardian, or another staff member, and reports should be made accordingly.

Additional Required Reporting

This section addresses the reporting requirements of Policies 1213/3213/4213 - Student Supervision and Welfare. Staff members who possess information leading a reasonable person to suspect that misconduct may have occurred, as indicated below, shall report this immediately to the District Administrator and/or their immediate supervisor:

- A. Sexual misconduct, as defined in s. 948.098 (1) (d), by a school staff member, as defined in s. 948.098 (1) (c).;
- B. That an individual who has been convicted of a serious child sex offense, as defined in s. 948.13, has engaged in an occupation or participated in a volunteer position that requires the individual to work or interact primarily and directly with children in a manner that would be a felony under s. 948.13.; and/or
- C. That a sex offender, as defined in s. 948.14 (1) (d), has intentionally captured a representation of a minor pupil without the written consent of the minor pupil's parent or guardian.

Failure on the part of the staff member to immediately report the aforementioned (A., B., and/or C, above) may result in disciplinary action, up to and including termination.

9700 - **RELATIONS WITH NON-SCHOOL AFFILIATED GROUPS**

It is the policy of the Board that students, staff members, and District facilities not be used for advertising or promoting the interests of any non-school related agency or organization, public or private, without the approval of the Superintendent or its delegated representative; and any such approval, granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by this Board. All crowdfunding activities are subject to Policy 6605 - Crowdfunding and AG 6605 - Crowdfunding.

No non-school affiliated group may use the name, logo, mascot, or any other name or slogan which that would associate an activity with the District without the specific written permission of the Superintendent. Additionally, no non-school affiliated group may use any assets of the District including, but not limited to, facilities, technology, or communication networks without the specific written permission of the Superintendent.

School District Referendum Advocacy

This policy applies expressly to any outside organization's advocacy concerning School District referenda. Any such organization, whether advocating in favor of or in opposition to a referendum question must clearly identify themselves as independent of the School District and may not, under any circumstances, use School District logos, mascots, slogans, or other such items that are protected by or regularly used and identified with the District. School District officials may not advocate for a position on a referendum in any manner in which such advocacy is in the individual's capacity as a School District official or may reasonably be perceived as such. School District officials may always provide factual information concerning any referendum question.

Other Activities by Non-School Affiliated Groups

A. Materials or Activities

All materials or activities proposed by outside organizations for student or staff use or participation shall be reviewed by the principal on the basis of the proposed activities or materials, educational contribution to part or all of the school program, and/or benefit to students, and no such approval shall have the primary purpose of advancing the name, product, or special interest of the proposing group.

The Board shall not permit the use of any type of educational material, program, or equipment in its curricular, co-curricular, or extra-curricular activities or at any time during the school day if such materials, programs, or equipment contain partisan political or commercial messages or are designed to persuade students or staff members to acquire a particular product or service offered by a named individual, company, organization, association, or agency. Professional staff may, however, utilize political materials or those provided by special-interest groups in adopted courses of study with the approval of the principal.

B. Contests/Exhibits

The Board recognizes that contests, exhibits, and the like may benefit individual students or the District as a whole, but participation in such special activities may not:

1. have the primary effect of advancing a special product, group, or company;
2. make unreasonable demands upon the time and energies of staff or students or upon the resources of the District;
3. interrupt the regular school program;
4. involve any direct cost to the District.

~~The Superintendent shall establish administrative guidelines which ensure that the time, place, and manner of distribution of all nonschool related materials are clearly established and communicated.~~

C. Distribution/Posting of Literature

Non-school affiliated organizations may distribute or post literature on District property either during or after school hours only with advance permission of the

District Administrator Superintendent.

principal.

Board.

Staff or students may be permitted to distribute/post literature regarding or on behalf of non-school sponsored organizations or activities, in such a manner as described in this policy and in a manner that does not disrupt or interfere with educational activities and is not done in a manner that conveys the message of endorsement or approval of the school or District of the group or message.

The District Administrator shall establish administrative guidelines which ensure that:

1. criteria established in Policy 5722—School Sponsored Publications and Productions—are used to make a decision regarding materials that students seek to post or distribute;
 2. the school mail system is not used by students or staff for distribution of nonschool related materials;
 3. no materials from any profit-making organization are distributed for students to take home to their parents;
- unless authorized by the District Administrator;
4. the time, place, and manner of distribution of all nonschool related materials are clearly established and communicated.

D. Solicitation of Funds

Because the District cannot accommodate every organization that desires to solicit funds for worthy purposes, the Board shall not permit any organization not related to the District to solicit funds on District property.

The Board disclaims all responsibility for the protection of, or accounting for, such funds.

Solicited funds are not to be maintained in any regular or special accounts of the District.

A copy of this policy, as well as the relevant administrative guidelines, shall be given to any individual granted permission to solicit funds on District property.

This policy does not apply to the raising of funds for District-sponsored or school-sponsored activities.

E. Prizes/Scholarships/Other Awards

The Board is appreciative of the generosity of organizations that offer scholarships, prizes, or other awards to deserving students in this District.

In the administration of scholarships, prizes, or other awards, the District shall not unlawfully discriminate on the basis of **any Protected Class consistent with Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity** ~~sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability.~~ in any of its student programs or activities.

Administration of scholarship or award programs appropriately designated under this policy to benefit individuals in a particular group that has not traditionally been represented does not violate this policy.

It will be the District's practice to provide all outside agencies and organizations notification of the nondiscrimination policy in awarding prizes, scholarships, or other aids, benefits, or services.

The District may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established by a domestic or foreign will, trust, bequest, or similar legal instrument that requires the award to go to a student of a particular sex, race, color, national origin, or with a particular disability. Such restricted awards must not lead to discrimination in access to the total amount of prizes, scholarships, or other awards available.

In accepting the offer of such scholarships or prizes from non-District entities or persons, the Board directs that these guidelines be observed:

1. The type of scholarship or prize, the criteria for selection of the winner, and any restrictions upon it shall be approved by the principal.
2. The principal, together with a committee of staff members designated by the principal, shall be involved in the selection of the recipient and, if agreeable to the sponsoring organization, the selection shall be left entirely to the principal and staff committee.

The District will periodically review its procedures for awarding scholarships, prizes, and other awards. This review will require that the District's procedure does not discriminate on the basis of sex, race, color, national origin, or disability in the overall effect of the scholarships, prizes, and other awards given to students.

F. **Sale of School Supplies**

~~In determining the appropriateness of the sale of school supplies by organizations other than the School District, the Board requires that:~~

1. ~~(-) the organization have a purpose that will benefit the School District and its students;~~
2. ~~(-) the organization's planned activities are clearly in the best interest of the School District and its students;~~
3. ~~(-) the organization has submitted the following information and assurances on the form provided by the District: a statement noting the purpose of the organization, financial accountability assurances, and use of facility assurances.~~

All funds generated by the sale of such school supplies shall be kept separate from other activity funds or other transactions of the Board.

G. **Surveys and Questionnaires**

Distribution of Surveys and Questionnaires to Students is governed by Policy 2416 - Student Privacy and Parental Access to Information.

This policy provides guidance for the appropriate and inappropriate use of advertising or promotion of commercial products or services to the students and parents in the school.

"Advertising" comes in many different categories and forums and is defined as an oral, written, or graphic statement made by the producer, manufacturer, or seller of products, equipment, or services which calls for the public's attention to arouse a desire to buy, use, or patronize the product, equipment, or service. This includes the visible promotion of product logos for other than identification purposes. The films or materials shall be carefully evaluated by the school principal for classroom use to determine whether the films or materials contain undesirable propaganda and to determine whether the materials are in compliance with the guidelines as set forth above.

~~No advertising may use the name, logo, mascot, or any other name which would associate an activity with the District without the specific written permission of the Superintendent. It is further the policy of the Board that its name, students, staff members, and District facilities shall not be used for any commercial advertising or otherwise promoting the interests of any commercial, political, nonprofit, or other non-school agency or organization, public or private, without the specific written permission of the Superintendent.~~

Goals:

The main goal of the activities with the refugee children were to share fun activities that American children like to partake in, as well as the cultural significance behind certain American holidays and traditions. We were hoping that these activities would teach them about American culture, have educational enrichment, and would be fun for the children to partake in.

Subject: Spain Trip for Board Approval

We are seeking approval for a 12-day overseas trip to Spain in March 2027 going through Interact Travel from Green Bay. A per student cost is \$3200-3500. The only district expense is the teacher stipend of \$750 per teacher depending on the number of students going and their gender. Interact Travel requests a ratio of 1 teacher to 10 students unless males and females go then both Spanish teachers Libby Plamann and Eric Wenninger would go. Students will raise money through fundraisers to pay for their expenses of the trip.

I am asking that you bring this request to the attention of the School Board for approval of the trip. Thank you for your time and assistance with this request.

Proposal for Overseas Educational Travel

“Spring Break 2027 Overseas Cultural and Language Immersion Experience”

Submit to: Board of Education

Submitted by: Libertad Plamann

Department: Spanish - World Language Department

Proposed Travel Dates: Spring Break 2027

Trip Length: 12 Days (including overnight international flight)

I. Purpose of the Trip

Students in the World Language program have consistently expressed interest in participating in an immersive overseas educational experience. In response to this interest, I started searching for a company I have worked with in the past. We used Interact-Travels - a 12-day international tour by a company with reputable educational travel. Students enrolled in upper-level Spanish courses will be able to participate in an immersive international educational experience designed to strengthen language proficiency and cultural understanding. Through guided tours, homestays, and cultural interactions, students will apply classroom knowledge in authentic real-world contexts while exploring historical sites, local traditions, and daily life in a Spanish-speaking country.

Traveling abroad provides students with a once-in-a-lifetime experiential learning opportunity. This program is designed to:

- Encourage students to deepen their language proficiency prior to travel.
- Provide authentic real-world application of classroom learning.
- Foster cultural awareness and global citizenship.
- Broaden students' perspectives beyond Central Wisconsin.
- Promote independence, responsibility, and intercultural communication skills.

The immersive experience will allow students to live within a different culture, engage in guided educational excursions, and participate in structured cultural interactions.

---Learning Goals---

Students will:

- Apply Spanish language skills in real-world communication situations.
- Develop intercultural competence and global awareness.
- Demonstrate increased independence and responsibility while traveling internationally.
- Connect classroom learning to authentic cultural experiences.
- Reflect on global perspectives and cultural differences.

II. Travel Company Partnership

The trip will be coordinated through **Interact Travel**, headquartered in Green Bay, Wisconsin.

About the Company

- Founded in 1983 by a Spanish teacher.
- Serves more than 500 schools, primarily throughout the Midwest and Washington State.
- Experienced in organizing customized educational tours for schools.
- Provides full-service programming including transportation, lodging, and guided excursions.

Safety and Supervision

- A professional courier accompanies the group for the duration of the trip.
- Homestay locations are supervised by local Homestay Directors.
- All participants and families will sign written conduct agreements.
- A strict **No Drinking or Sampling Alcohol for Minors Under 21 Policy** will be enforced.

III. Student Eligibility

Students eligible to participate must:

- Be enrolled in Spanish coursework.
- **Spanish 3 and higher** in good academic standing prior to departure.
- Demonstrate appropriate academic and behavioral conduct.

IV. Supervision and Structure

Students will not be unsupervised at any time. The program is fully structured and includes:

- Continuous supervision by school staff
- A professional travel courier
- Local homestay directors (when applicable)
- Guided excursions and planned daily itineraries
- Structured cultural and educational experiences

V. Trip Duration

- **12 days total**
- Includes overnight international flight
- Scheduled for **Spring Break 2027** (exact dates to be finalized upon enrollment confirmation but it could be during the scheduled school spring break.)

VI. Estimated Cost (interact travel)

According to the company I usually work with:

Mexico: based on a total group size traveling of 10 or more.

\$3150 Maya Sun: https://interact-travel.com/programs/maya_sun_2027.html

OR

Panama: based on a total group size traveling of 7 or more.

\$3195 Tesoros https://interact-travel.com/programs/tesoros_2027.html

OR

Guate: Homestay families do not host from Holy Thursday-Easter Sunday;

Fees are based on a group size of 20 or more travelling.

\$3995 (Travel during Holy Week) Antigua

Sun: https://interact-travel.com/programs/antigua_sun_2027.html

\$ 4095 (Travel during Holy Week) Echoes: [https://interact-](https://interact-travel.com/programs/echoes_2027.html)

[travel.com/programs/echoes_2027.html](https://interact-travel.com/programs/echoes_2027.html)

- Passport (approximately \$100 if needed)
- Transportation to / from the Minneapolis/Chicago airport (to be coordinated as a group)

This will be a **private trip for our school**, though partnering with another district remains an option to reduce costs.

VII. What Is Included

The program fee includes:

- Round-trip international airfare
- Ground transportation abroad
- Lodging (homestay and/or hotel accommodations)
- Most meals
- Exclusive guided educational excursions
- Cultural activities and interactions
- Full-time tour courier

The **passport expense is not included**.

VIII. Payment Timeline *(Tentative for the 2026–2027 school year)*

A structured payment plan will likely follow this model:

- Initial deposit with enrollment (approximately **\$350**)
- Fall payment installment
- Winter payment installment (passport copies submitted)

- Final balance due prior to departure

A detailed payment calendar specific to the **2026–2027 timeline** will be distributed after board approval.

IX. Fundraising Opportunities

Fundraising opportunities will be available.

Given the long planning timeline, students will have substantial opportunity to:

- Participate in school-approved fundraisers
- Offset personal travel costs
- Develop leadership and organizational skills

Parent collaboration and ideas will be welcomed during informational meetings.

X. Informational Meetings

An informational parent meeting will be scheduled prior to **Winter Break of the 2026–2027 school year** to:

- Review itinerary details
- Explain payment plans
- Discuss fundraising options
- Address safety protocols
- Answer family questions

Meeting dates will be scheduled to accommodate the majority of interested families.

XI. Educational Value to the District

This overseas experience directly supports district goals related to:

- Global competence
- Real-world application of learning
- Cultural awareness
- Student engagement
- College and career readiness

Students will return with enhanced language proficiency, cultural empathy, and a broadened worldview that strengthens both our school community and the district's commitment to global education.

XII. Request for Approval

Approval is respectfully requested from the Board of Education to:

- Authorize the planning and promotion of the **Spring Break 2027 overseas educational trip**
- Allow the World Language Department to partner with **Interact Travel**
- Permit fundraising efforts through district-approved channels
- Approve staff supervision of the trip

This opportunity will have a lasting academic and personal impact on participating students, and I hope it will be possible for our students to experience it.

Respectfully submitting,

Libertad Plamann

Re: 2026-2027 Professional Development Catalog
Date: May 12, 2026

The 2026–2027 Professional Development Catalog was collaboratively developed by the Director team, internal technology and instructional coaches, and contributing certified staff members. The creation of a single, comprehensive professional development catalog ensures that all professional learning opportunities available are centralized in one accessible resource.

Page two of the catalog outlines the district’s vision of what it means to be “a great place to learn.” The professional learning opportunities included throughout the catalog were intentionally designed to support certified staff in continued growth and improvement within those identified priorities.

To support accessibility and organization, professional development opportunities are divided into four categories:

- Individual coaching
- Short-term learning experiences
- Series, academies, and cohorts
- Asynchronous learning opportunities

This structure allows staff to engage in professional learning opportunities that best meet their individual goals, needs, and schedules while supporting continuous growth across the district. The 2026–2027 Professional Development Catalog reflects the district’s ongoing commitment to supporting high-quality instruction and continued professional growth for all staff members.

Great Place to Learn – A Framework for Student Success

The D.C. Everest School Board has identified a key district goal: ensuring D.C. Everest is a great place to learn. The D.C. Everest Framework for Student Success defines what that commitment looks like in practice by connecting the Board’s vision to the daily actions of our professional learning community. Centered on our shared purpose of ensuring all students are college, career, and life ready, the framework highlights three interconnected priorities: academic clarity through quality instruction, safe and predictable learning spaces, and a continuum of support for all students.

Together, these priorities create the conditions students need to succeed. High-quality instruction is strengthened by safe, supportive learning environments, while a continuum of support ensures students receive the interventions needed to meet clear learning expectations. This graphic demonstrates how the alignment between the Board’s goals, our shared purpose, and our daily practices keep our work focused on student success and strengthens D.C. Everest as a great place to learn.

D.C. Everest Professional Development Framework

D.C. Everest offers four categories of professional development opportunities for staff engagement:

Individual Coaching

Page: 4

A year-long, job-embedded professional learning partnership with an instructional coach. Coaching includes classroom observations, goal setting, reflective conversations, feedback cycles, and collaborative planning to support continuous professional growth.

Short-Term Learning Experiences

Page: 5

Brief, targeted professional learning opportunities designed to address specific topics or skills. These may include one-hour after-school workshops, webinars, or other focused sessions that support immediate application in practice.

Series, Academies, and Cohorts

Page: 14

Sustained professional learning experiences organized around specific focus areas. These opportunities include three or more sessions across the school year and emphasize ongoing learning, implementation, reflection, and feedback in collaboration with district colleagues.

Asynchronous Learning Opportunities

Page: 22

Flexible professional learning experiences that staff may complete independently within a designated timeframe. These opportunities may include online modules, recorded webinars, professional readings, self-paced courses, or curated learning pathways designed to support individual growth aligned to district priorities.

Individual Coaching

Individual Coaching

This initiative is designed to provide a high-impact, non-evaluative coaching experience rooted in mentorship, training, and actionable feedback for teachers seeking to strengthen their instructional practice. Book Study - The Coddling of the American Mind

The Coddling of the American Mind examines cultural and educational trends that the authors argue have contributed to rising anxiety, depression, and polarization among young people. Drawing on research from psychology, education, and sociology, the book explores how well-intended efforts to protect students from discomfort may sometimes limit opportunities to build resilience, independence, and critical thinking skills.

This text provides an opportunity for reflective, research-based conversation about how schools can support both student well-being and academic growth in a rapidly changing cultural environment.

Subject: Police Officer Student Records Access

State Statute 118.125(2)(d) requires the School Board to individually designate the police officers assigned to the D.C. Everest School District who may have access to student records.

I recommend the School Board give access to our student records to Mountain Bay Metropolitan Police Officers who serve as School Resource Officers in our District. From May 2026 through the 2026-2027 school year these officers are: Officer Loveless, Officer Zwicky, Officer Schroeder, Officer Behnke, and Officer English.

We consider these officers school officials with legitimate educational interests through our MOU with the Mountain Bay Metropolitan Police Department.

Re: School Meal Prices

I am proposing the following meal prices for 2026-27. As a comparison, I've included the current year's meal prices.

2025-26

Proposed Changes 2026-27

	Breakfast	Lunch		Breakfast	Lunch
Elementary	\$1.60	\$2.25	Elementary	\$1.70	\$2.50
Middle School	\$1.60	\$2.45	Middle School	\$1.70	\$2.75
Junior High/Idea School	\$1.60	\$2.50	Junior High/Idea School	\$1.75	\$2.80
Senior High	\$1.65	\$2.65	Senior High	\$1.80	\$2.95
Reduced	Free	\$0.40	Reduced	Free	\$0.40
Adult	\$3.05	\$5.35	Adult	\$3.40	\$5.95
Milk	\$0.50	\$0.50	Milk	No Change	No Change

Proposed Meal Price Increases

To support the continued success of our school nutrition program and maintain a balanced budget, I am recommending another increase in meal prices for the 2025–26 school year:

- **Breakfast:** \$0.10 increase for paid-status elementary and Middle School students and \$0.15 increase for paid-status Junior and Senior High students.
- **Lunch:** Approximately 11% increase for paid-status student lunches *and all adult meals* (rounded up to the nearest \$0.05)

The Department of Public Instruction (DPI) recommends an annual increase of at least \$0.10 for lunch prices to keep pace with rising costs, and we are still in the process of level-setting the price of meals to make up for the years that prices weren't raised. Our current student lunch price remains the lowest among the 64 districts in our cooperative—between \$0.69 and \$0.76 below the mean. Similarly, our breakfast prices are still \$0.23 to \$0.34 below the average.

Over the past five years, the cost of operating our program has risen significantly. Just from our prime food vendor alone, we are expecting a per case fixed fee increase from \$3.07 to \$3.50 next year. This is the largest fee increase we've ever seen. This alone will constitute an extra \$7,000, and that is not even including the price increases from food manufacturers and other vendors.

As it stands right now, the budget deficit in Fund 50 will be about \$114,000, and that is if we continue with the proposed meal price increases. We take pride in our efforts to do more with less in order to keep meals affordable for DCE families. However, this adjustment is necessary to ensure the long-term sustainability of the program and to prevent a Fund 10 transfer to Fund 50.

5136 - PERSONAL COMMUNICATION DEVICES

The Board is aware that PCDs are used by students and parents to communicate with each other. However, the use of PCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment.

"Personal communication devices" ("PCDs"), also referred to as "wireless communication devices", as used in this policy, mean a portable wireless device that has the capability to provide voice, messaging, or other data communication between two (2) or more parties and includes all of the following: ~~are defined in Bylaw 0100.~~

- A. cellular/mobile telephone;
- B. tablet computer;
- C. laptop computer;
- D. gaming device;
- E. smartphone;
- F. e-reader;
- G. smartwatch;
- H. wearable technology that captures images or video;
- I. any other web-enabled devices of any type.

~~[DRAFTING NOTE: SELECT OPTION A OR OPTION B OR OPTION C]~~

~~[OPTION A]~~

~~[] While students may possess PCDs in school, on school property, during after school activities (e.g., extra-curricular activities), and at school related functions, they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight during school hours () during after school/after school activities (e.g., extra-curricular activities), () and on school buses or other Board-provided vehicles **[END OF OPTIONS]**~~

~~[END OF OPTION A]~~

[OPTION B] - this is what we currently have with changes from this update

Students may use PCDs before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption, or otherwise interfere with the educational environment, during after-school activities (e.g., extra-curricular activities), and at school-related functions. Use of PCDs, ~~except those approved by a teacher or administrator,~~ at any other time is prohibited and they must be powered completely off (i.e. not just placed into vibrate or silent mode) and stored out of sight. Individual buildings may develop more stringent protocols based on the ages of the students they serve.

~~However, technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal.~~

~~[END OF OPTION B]~~

OPTION C

~~[] In order to avoid disruption of the educational environment and protect students' right of privacy, student use of PCDs is prohibited on school grounds during school hours, () at after school activities (e.g., extra-curricular activities), [END OF OPTION] and on school buses or other Board provided vehicles. The PCD must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight. [DRAFTING NOTE: This option is provided as WI Stat. 120.12(29)(e) allows school boards to adopt policies more restrictive than 2025 Wisconsin Act 42.]~~

~~[END OF OPTION C]~~

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view internet websites that are otherwise blocked to students at school.

Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicle or on a school bus or Board-provided vehicle during school-sponsored activities at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated. ~~[IF SCHOOL VEHICLES WAS NOT SELECTED IN OPTION A, INCLUDE THE FOLLOWING: [] Students may use PCDs while riding to and from school on a school bus or other Board provided vehicles (), or on a school bus or Board provided vehicle during school sponsored activities, [END OF INTERNAL OPTION] at the discretion of the bus driver, () classroom teacher, or () sponsor/advisor/coach [END OF INTERNAL OPTIONS]. Distracting behavior that creates an unsafe environment will not be tolerated. [END OF OPTION] [THIS LANGUAGE MAY ALSO BE USED IF OPTION B WAS SELECTED.]~~

~~During after-school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.~~

Except as authorized by a teacher, administrator, or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record, and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member, or other person. Using a PCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day and/or a parent picks it up and may be directed to delete the audio and/or picture/video file while the parent is present. If the violation involves potentially illegal activity, the confiscated PCD may be turned over to law enforcement.

PCDs with cameras or any other recording capabilities may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying. In particular, students are prohibited from using PCDs to: 1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon ~~any Protected Class consistent with Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity~~ their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and 2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails, or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Policy Violations

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent after the student complies with any other disciplinary consequences that are imposed unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement.

A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose his/her the privilege to bring a PCD to school for a designated length of time or on a permanent basis.

[DRAFTING NOTE: The language below is required per WI Statute 120.12 (29)]

Student use of PCDs in the following circumstances will not be considered a violation of this policy:

- A. **Emergency or Threat:** Student use of a PCD is allowed in the event of an emergency or a perceived threat to address the safety and security of students and staff.
- B. **Health Care Management:** Student use is authorized as necessary to manage or support a specific student's health care needs (X) as approved by the District Nurse () as defined in the individual student health plan **[END OF OPTIONS]**.
- C. **Individualized Education Plans:** Student use is authorized consistent with a student's Individualized Education Program (IEP) or a plan developed under Section 504 of the federal Rehabilitation Act of 1973.
- D. **Educational Purposes:** Student use is authorized by a teacher for legitimate educational purposes during instructional time as described above.
- E. **() Board Exceptions to this Policy:** _____ **[END OF OPTION]**

[DRAFTING NOTE: Other exceptions may be permitted if the School Board determines that such use is beneficial to student learning or well-being.]

Duty to Report

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students Responsible for Their PCDs

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

X] Parents are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents during the school day.

Annual Notice

No later than October 1 of each year, the Department of Public Instruction (DPI) shall be notified by the District of whether any changes have been made to this policy and, if so, the updated policy shall be submitted to the DPI.
