BYLAWS
OF
EDUCATIONAL SERVICES UNIT COORDINATING COUNCIL

Article I. Authority and Purpose.

Section 1. Introduction. Pursuant to NEB. REV. STAT. § 79-1245, the Educational Services Unit Coordinating Council (hereinafter referred to as "the Council") is a political subdivision of the State of Nebraska.

Section 2. Purpose of Bylaws. The purpose of these Bylaws is to provide operational guidance to the Council and to clarify the Council's relationship with other education entities.

Section 3. Authority. The powers and duties of the Council are set forth in NEB. REV. STAT. §§ 79-1245 to 79-1249 as it may be amended from time to time. These Bylaws shall in no way limit or alter the authority and duties of the Council as provided by law.

Section 4. Mission. The mission of the Council is to provide the most cost-effective educational support for students, teachers, and school districts in each Nebraska educational service unit by facilitating statewide coordination of educational services and strategic planning.

Article II. Membership and Meetings.

Section 1. Number of Members. The Council shall initially have seventeen (17) members, one (1) administrator from each of the seventeen (17) Nebraska educational service units. The Council may involve liaisons from other educational entities and State agencies in its meetings and activities. If, at any time, the number of educational service units changes, the number of members on the Council shall also change so the number of members on the Council remains the same number as the number of existing Nebraska educational service units.

Section 2. Member Responsibilities. Each member is responsible for attending meetings and faithfully and diligently executing any responsibilities or tasks delegated by the Council to carry out its statutory powers and duties.

Section 3. Regular Meetings. In May of each year, the Council shall approve meeting dates, times and locations for the next 12 months. The Council shall meet at least once annually and schedule the number of regular meetings

that it deems appropriate for each 12-month period. The Council shall endeavor to set meetings on dates and at locations that accommodate the schedule of its members and of the State's education community. Regular meetings shall be noticed and held pursuant to the Nebraska Open Meetings Act.

Section 4. Special Meetings. Special meetings of the Council may be called by the President of the Council or by a majority of Council members for any lawful reason. Special meetings shall be noticed and held pursuant to the Nebraska Open Meetings Act.

Section 5. Quorum. No action may be taken on a matter at a Council meeting unless a majority of Council members are present at the meeting either in person or via teleconference pursuant to NEB. REV. STAT. § 84-1411 as may be amended from time to time.

Section 6. Voting. If a quorum is present, the affirmative vote of the majority of Council members present at the meeting and entitled to vote on the subject matter shall be considered an act of the Council unless of a greater vote is required by law. All votes shall be by roll call vote and recorded in the minutes of the Council meeting.

Section 7. Recessed Meeting. A majority of Council members present at any meeting may vote to recess the meeting to a different date, time and/or location. Any business which might have been transacted at the original meeting may be transacted at the rescheduled meeting if a quorum is present at such recessed meeting.

Section 8. Commissioner of Education. The Commissioner of Education shall be invited to attend or to send representatives from the Nebraska Department of Education in his or her stead, to each regular meeting of the Council.

Article III. Officers.

Section 1. Number and Qualification. The initial officers of the Council shall consist of a President, a President-Elect, a Past-President, a Secretary, a Treasurer and such other officers as may be deemed necessary by the Council. Together these officers shall comprise the Executive Committee of the Council.

Section 2. Election and Tenure. The officers of the Council shall be elected at the first regular meeting of the Council. Election may be by either voice vote or written ballot and shall require a majority vote of all members present at the meeting at which the election occurs. Thereafter the officers shall be elected bi-annually at the September meeting or as soon thereafter as convenient. Each officer shall hold office for two years or until his or her successor is duly elected and qualified, unless his or her service is terminated sooner because of death, resignation, removal, disqualification or otherwise.

Section 3. Removal. Any officer of the Council, either elected or appointed, may be removed by a vote of the majority of the Council. Election or appointment of an officer or agent shall not of itself create a contractual relationship between the officer and the Council or give the officer any contract rights.

Section 4. Vacancies. A vacancy in an office due to death, resignation, removal, disqualification or otherwise shall be filled by a vote of the Council in the same manner as provided in Section 2 above, at the Council's next regular meeting after the vacancy becomes known to the Council.

Section 5. Duties and Authority of Officers.

(a) President. The President shall be the principal executive officer of Council. The President shall cause all meetings of the Council to be lawfully noticed and prepare an agenda for each meeting of the Council in accordance with state law. When present, the President shall preside at all meetings of the Council. The President may sign, with the Secretary or any other officer of the agency authorized by the Council, checks, contracts or other instruments which the Council has authorized to be executed, except in cases where the signing and execution thereof is expressly delegated by the Council or these Bylaws to some other officer or agent of the Council or required by law to be otherwise signed or executed. The President shall perform all duties incident to the office of President and such other duties as may be prescribed by the Council from time to time.

(b) President-Elect. In the absence of the President or in the event of his or her death, inability, or refusal to act, the President-Elect shall perform the duties of the President. When so acting the President-Elect, shall have all the powers of, and be subject to all the

The Council shall require each fiscal agent appointed by the Council to provide to the Council quarterly statements of all activity for each project.

Section 3. Agency Agreements and Fiscal Agents. The Council may enter into agency agreements with individual educational service units or other public or private entities. Nebraska Open Meetings Act

84-1407. Act, how cited. Sections 84-1407 to 84-1414 shall be known and may be cited as the Open Meetings Act.

84-1408. Declaration of intent; meetings open to public. It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret. Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

84-1409. Terms, defined. For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, and (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Videoconferencing means conducting a meeting involving participants at two or more locations through the use of audio-video equipment which allows participants at each location to hear and see each meeting participant at each other location, including public input. Interaction between meeting participants shall be possible at all meeting locations.

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

84-1411. Meetings of public body; notice; method; contents; when available; right to modify; duties concerning notice; videoconferencing or telephone conferencing authorized; emergency meeting without notice; appearance before public body.

(1)(a) Each public body shall give reasonable advance publicized notice of the time and place of each meeting as provided in this subsection. Such notice shall be transmitted to all members of the public body and to the public.

(b)(i) Except as provided in subdivision (1)(b)(ii) of this section, in the case of a public body described in subdivision (1)(a)(i) of section 84-1409 or such body's advisory committee, such notice shall be published in a newspaper of general circulation within the public body's jurisdiction and, if available, on such newspaper's web site. (ii) In the case of the governing body of a city of the second class or village or such body's advisory committee, such notice shall be published by: (A) Publication in a newspaper of general circulation within the public body's jurisdiction and, if available, on such newspaper's web site; or (B) Posting written notice in three conspicuous public places in such city or village. Such notice shall be posted in the same three places for each meeting. (iii) In the case of a public body not described in subdivision (1)(b)(i) or (ii) of this section, such notice shall be given by a method designated by the public body.

(c) In addition to a method of notice required by subdivision (1)(b)(i) or (ii) of this section, such notice may also be provided by any other appropriate method designated by such public body or such advisory committee.

(d) Each public body shall record the methods and dates of such notice in its minutes.

(e) Such notice shall contain an agenda of subjects known at the time of the publicized notice or a statement that the agenda, which shall be kept continually current, shall be readily available for public inspection at the principal office of the public body during normal business hours. Agenda items shall be sufficiently descriptive to give the public reasonable notice of the matters to be considered at the meeting. Except for items of an emergency nature, the agenda shall not be altered later than (i) twenty-four hours before the scheduled commencement of the meeting or (ii) forty-eight hours before the scheduled commencement of a meeting of a city council or village board scheduled outside the corporate limits of the municipality. The public body shall have the right to modify the agenda to include items of an emergency nature only at such public meeting.

(e) Out-of-state meetings are not used to circumvent any of the public government purposes established in the Open Meetings Act;

(g) The public body publishes notice of the out-of-state meeting at least twenty-one days before the date of the meeting in a legal newspaper of statewide circulation.

(7) The public body shall, upon request, make a reasonable effort to accommodate the public's right to hear the discussion and testimony presented at the meeting.

Public bodies shall make available at least one current copy of the Open Meetings Act posted in the meeting room at a location accessible to members of the public. At the beginning of the meeting, the public shall be informed about the location of the posted information.

84-1413. Meetings; minutes; roll call vote; secret ballot; when.

(1) Each public body shall keep minutes of all meetings showing the time, place, members present and absent, and the substance of all matters discussed.

The requirements of a roll call or viva voce vote shall be satisfied by a public body which utilizes an electronic voting device which allows the yeas and nays of each member of such public body to be readily seen by the public.

(3) The vote to elect leadership within a public body may be taken by secret ballot, but the total number of votes for each candidate shall be recorded in the minutes.

(4) The minutes of all meetings and evidence and documentation received or disclosed in open session shall be public records and open to public inspection during normal business hours.

(5) Minutes shall be written, except as provided in subsection (6) of this section, and available for inspection within ten working days or prior to the next convened meeting, whichever occurs earlier, except that cities of the second class and villages may have an additional ten working days if the employee responsible for writing the minutes is absent due to a serious illness or emergency.

(6) Minutes of the meetings of the board of a school district or educational service unit may be kept as an electronic record.

84-1414. Unlawful action by public body; declared void or voidable by district court; when; duty to enforce open meeting laws; citizen's suit; procedure; violations; penalties.

(1) Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in violation of the Open Meetings Act shall be declared void by the district court if the suit is commenced within one hundred twenty days of the meeting of the public body at which the alleged violation occurred. Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in substantial violation of the Open Meetings Act shall be voidable by the district court if the suit is commenced more than one hundred twenty days after but within one year of the meeting of the public body in which the alleged violation occurred. A suit to void any final action shall be commenced within one year of the action.

(2) The Attorney General and the county attorney of the county in which the public body ordinarily meets shall enforce the Open Meetings Act.

(3) Any citizen of this state may commence a suit in the district court of the county in which the public body ordinarily meets or in which the plaintiff resides for the purpose of requiring compliance with or preventing violations of the Open Meetings Act, for the purpose of declaring an action of a public body void, or for the purpose of determining the applicability of the act to discussions or decisions of the public body. It shall not be a defense that the citizen attended the meeting and failed to object at such time. The court may order payment of reasonable attorney's fees and court costs to a successful plaintiff in a suit brought under this section.

Software Innovation Network Update

February 3, 2021

Following its original goals and purpose, the Network leadership will be collecting and documenting insights into factors that make software projects successful and sustainable.

Assessment, Diagnostic and Data Tools

A meeting is scheduled for 11:00 AM on Friday, February 5th with a cross-section of Data Cadre, TLT-Instructional Materials, MTSS, Assessment experts to discuss the opportunity for leadership in this area. I will present a high-level scenario of how the Software Innovation Network could evaluate solutions, subsidize licensing of a data warehouse solution and support its rollout with training, building of visualizations and best practices.

Single Sign-On Expansion

The main work in this area is with the eduroam project. As Nebraska's pilot proposal was accepted by Internet2, our Nebraska team has identified technical, governance and communication teams who are preparing project plans. ESUs 2, 6 and 10 have begun test implementations of the RADIUS authentication services and of the eduroam wireless network. We are proposing to use $150,000 of the Software Innovation Network funds to fund the eduroam membership for 2 additional years 2022 and 2023, along with an allowance for hosting and development costs associated with operating the eduroam service statewide.

Canvas

Sign up for new districts joining in 2021 is open. I will be meeting with the Canvas leadership team to discuss long-term governance/organization of the Canvas community.

Data Privacy and Security

Trevor Paschall is coming on board with ESUCC as a new project support specialist beginning February 8th. Part of Trevor's time will support the work in this area of collecting data from districts and ESUs about the software they use and the contract language in place related to data privacy and security.

Factors in Successful Software Projects

Software Innovation Network

DRAFT: February 3, 2021

The observations and experiences with previous and current software projects have revealed a number of factors which have a significant impact on the success of a solution. While these are not all considerations, they represent a number of new insights which can be helpful in the planning and analysis of future projects.

Broad Interest - The need for a solution is seen or obvious to a large number of people representing a large portion of school districts and/or Educational Service Units. In many cases, individuals will have already started seeking solutions on their own.

Shared Investment - When a solution is completely funded for a short time, and seen as *free*, the user community at large seems to be skeptical about the value of the solution. "Is it worth anything?" Conversely, when one district or ESU is considering a new solution, it can be daunting to fund the entire cost of starting something new and/or changing the way things are done. There's a time of work where the investment doesn't show any immediate results. "Will I get enough value out of this?" There is a middle ground where a district is helped into a solution through a reasonable investment of their own along with startup/subsidy funding which reduces the individual burden of each district. The individual investment serves as an incentive to put serious effort into the success of the project and subsidy or startup funding makes it accessible to most or all districts. Over the course of a 2 or 3-year adoption process, the sustainability of the solution can be planned for and budgeted appropriately.

Support - An ongoing support network must be in place so that adopters of the solution know they can depend on someone for training and help as their project progresses. The more a user community atmosphere can be cultivated, the more individual or new adopters can feel comfort in numbers and that they are on the right track or know how to get there.

Communications - The right people need to know about a solution before they can be interested. Someone on the project team must be consistent about seeking out and using the best communication channels available for the audience of this solution. Frequent, but not annoying, updates on the goals, progress and successes of the project will help to build the community. Listening carefully to user experiences and feedback is another vital part of the communication strategy. What works well and what doesn't? What are the most important improvements we should make? Consistency and responsiveness in both types of communication build trust in the solution.

Timing and Time - There is an optimal level of interest where the opportunity is best to launch a project or solution. Too early and not enough of the community will recognize the need. Too

late and too many will already have solved the problem on their own. It's probably impossible to hit exactly the right spot in this area, but must be considered in the evaluation of a project. Similarly, districts and ESUs are not all at the same place in their experience of the need for a solution. Some will be eager early adopters and others will take time to wait and see how the solution works out for those before them. In many cases this time may stretch over multiple years. Projects that expect 100% adoption of a solution in one year are probably not realistic in most cases. Consistent communication and readiness to support over multiple years is important for the long-term success of the project. When the solution is right, individuals will learn and understand that over time and even late adopters will decide to join.

Tracking Requirements and Goals - Documenting components of a project and tracking progress on them holds team members accountable, keeps focus on what needs to be done next and keeps the project moving forward in the right ways.

Partnerships and Alignment of Purpose - When school district personnel, ESUs and the NDE staff see, agree and work together toward common goals, great solutions and improvements are made. It is critical that the right combination of people are involved in the preparation of plans, communications, evaluation and support of solutions, so that we are working in alignment and sharing the same consistent message with our community.

3. Agenda Item

3.1. Software Innovation Network
Technology Director gave an update on the progress and timeline of the Software Innovation Network Grant.

3.1.1. Assessment and Diagnostic Tools

A meeting is scheduled for 11:00 AM on Friday, February 5th with a cross-section of Data Cadre, TLT-Instructional Materials, MTSS, Assessment experts to discuss the opportunity for leadership in this area. I will present a high-level scenario of how the Software Innovation Network could evaluate solutions, subsidize licensing of a data warehouse solution and support its rollout with training, building of visualizations and best practices.

3.1.2. Single Sign-On Expansion
The main work in this area is with the eduroam project. As Nebraska's pilot proposal was accepted by Internet2, our Nebraska team has identified technical, governance and communication teams who are preparing project plans. ESUs 2, 6 and 10 have begun test implementations of the RADIUS authentication services and of the eduroam wireless network. We are proposing to use $150,000 of the Software Innovation Network funds to fund the eduroam membership for 2 additional years 2022 and 2023, along with an allowance for hosting and development costs associated with operating the eduroam service statewide.

3.1.3. Canvas
Sign up for new districts joining in 2021 is open. Tech Director will be meeting with the Canvas leadership team to discuss long-term governance/organization of the Canvas community.

Canvas Consortium application closes March 8 at 4:00pm. For more information on how your district can be a part of the consortium and have its own Canvas LMS visit: https://www.education.ne.gov/educational-technology/canvas-statewide-consortium/ . The sign-up form can also be found at the bottom of this webpage.

3.1.4. Data Privacy and Security
Trevor Paschall is coming on board with ESUCC as a new project support specialist beginning February 8th. Part of Trevor's time will support the work in this area of collecting data from districts and ESUs about the software they use and the contract language in place related to data privacy and security.

3.2. GEER Device Purchasing
The Governor's office is considering it's allocations for the GEER round 2 funding. We do not have more specific news at this time.

Of the $12,000,000 allocated for public and non-public school device purchases, about $10,000,000 has been allocated to-date. Requests from group 2 schools far exceed the remaining $2,000,000, and the team is considering options, along with the Governor's office. $820,000 was allocated to purchase devices for exempt (home) school settings. During the request window, 2587 requests were received for 4553 devices, which would cost a total of $1,649,000. The team has considered prioritizing the requests by age/grade-level of the students, as well as reducing the cost of allowable devices to allow purchase of additional numbers.

3.3. GEER Broadband
We anticipate additional guidance from the Governor's office to make this decision. $3,280,000 was allocated for home broadband support. None of these funds has been committed at this time. The team anticipates about ? of the funds going to subsidize hot spots districts used to improve home broadband access, and ? to targeted subsidy to promote existing vendors expanding their

service in underserved areas. Digital equity data collected through the ADVISER data submissions is being analyzed and mapped by NDE GIS staff and with assistance from Education Superhighway.

3.4. TLT Special Projects 2021 - High Quality Instructional Materials, Digital Age Pedagogy and Instructional Shifts

Project Title: High Quality Instructional Materials, Digital Age Pedagogy and Instructional Shifts

Description: This proposal is presented in partnership with the Nebraska Department of Education. NDE representatives have requested up to 15K of Title IVA funds to match TLT/SDA Special Project funds to expand on the work begun during the 2019-20 academic year.

The project will focus on enhancing the work being done by the Nebraska Instructional Materials Collaborative, developing units with an emphasis on the new instructional shifts, promoting best practices in Digital Age Pedagogy, and making all resources freely available to all Nebraska educators in OER Common

3.5. MSA 2021-2022
Committee discussed budget requests for TLT and NOC.

3.5.1. TLT Budget Requests 2021-2022
January Draft - Finalize after January PDO Meetings
February - Review by Information Services Committee
March - Approve by Information Services Committee

Digital Citizenship Symposium - $1000

3.5.2. NOC Budget

3.6. Staff Reports

3.6.1. Scott Isaacson
Technology Director shared that Mike Danahy will be retiring and we have hired another person to help on SRS. Anthony Maggio will take Mike's place and Ryan Mueller will be a new person on the SRS Team.

3.6.2. Andrew Easton
Coordinator of Digital Learning learning gave an updated of his work. He shared data from previous things he has organized. Monday Motivation is new and will happen every other week. He continues to create his podcasts. He most recent one included Julie Moore from NETA.

Factors in Successful Software Projects

Software Innovation Network

DRAFT: February 3, 2021

The observations and experiences with previous and current software projects have revealed a number of factors which have a significant impact on the success of a solution. While these are not all considerations, they represent a number of new insights which can be helpful in the planning and analysis of future projects.

Broad Interest - The need for a solution is seen or obvious to a large number of people representing a large portion of school districts and/or Educational Service Units. In many cases, individuals will have already started seeking solutions on their own.

Shared Investment - When a solution is completely funded for a short time, and seen as *free*, the user community at large seems to be skeptical about the value of the solution. "Is it worth anything?" Conversely, when one district or ESU is considering a new solution, it can be daunting to fund the entire cost of starting something new and/or changing the way things are done. There's a time of work where the investment doesn't show any immediate results. "Will I get enough value out of this?" There is a middle ground where a district is helped into a solution through a reasonable investment of their own along with startup/subsidy funding which reduces the individual burden of each district. The individual investment serves as an incentive to put serious effort into the success of the project and subsidy or startup funding makes it accessible to most or all districts. Over the course of a 2 or 3-year adoption process, the sustainability of the solution can be planned for and budgeted appropriately.

Support - An ongoing support network must be in place so that adopters of the solution know they can depend on someone for training and help as their project progresses. The more a user community atmosphere can be cultivated, the more individual or new adopters can feel comfort in numbers and that they are on the right track or know how to get there.

Communications - The right people need to know about a solution before they can be interested. Someone on the project team must be consistent about seeking out and using the best communication channels available for the audience of this solution. Frequent, but not annoying, updates on the goals, progress and successes of the project will help to build the community. Listening carefully to user experiences and feedback is another vital part of the communication strategy. What works well and what doesn't? What are the most important improvements we should make? Consistency and responsiveness in both types of communication build trust in the solution.

Timing and Time - There is an optimal level of interest where the opportunity is best to launch a project or solution. Too early and not enough of the community will recognize the need. Too

late and too many will already have solved the problem on their own. It's probably impossible to hit exactly the right spot in this area, but must be considered in the evaluation of a project. Similarly, districts and ESUs are not all at the same place in their experience of the need for a solution. Some will be eager early adopters and others will take time to wait and see how the solution works out for those before them. In many cases this time may stretch over multiple years. Projects that expect 100% adoption of a solution in one year are probably not realistic in most cases. Consistent communication and readiness to support over multiple years is important for the long-term success of the project. When the solution is right, individuals will learn and understand that over time and even late adopters will decide to join.

Tracking Requirements and Goals - Documenting components of a project and tracking progress on them holds team members accountable, keeps focus on what needs to be done next and keeps the project moving forward in the right ways.

Partnerships and Alignment of Purpose - When school district personnel, ESUs and the NDE staff see, agree and work together toward common goals, great solutions and improvements are made. It is critical that the right combination of people are involved in the preparation of plans, communications, evaluation and support of solutions, so that we are working in alignment and sharing the same consistent message with our community.

GEER Update

February 3, 2021

The Governor's office is considering it's allocations for the GEER round 2 funding. We do not have more specific news at this time.

Of the $12,000,000 allocated for public and non-public school device purchases, about $10,000,000 has been allocated to-date. Requests from group 2 schools far exceed the remaining $2,000,000, and the team is considering options, along with the Governor's office.

We anticipate additional guidance from the Governor's office to make this decision.

$3,280,000 was allocated for home broadband support. None of these funds has been committed at this time. The team anticipates about ⅓ of the funds going to subsidize hot spots districts used to improve home broadband access, and ⅔ to targeted subsidy to promote existing vendors expanding their service in underserved areas. Digital equity data collected through the ADVISER data submissions is being analyzed and mapped by NDE GIS staff and with assistance from Education Superhighway.

SPECIAL BUY AGREEMENT

THIS AGREEMENT is entered into by and between the Nebraska ESUCC Cooperative Purchasing ("Cooperative"), **and Earlychildhood LLC d/b/a Discount School Supply**("Contractor"). The Cooperative is an organization founded in 1968 with the purpose of providing the Educational Service Unit (ESU) member school districts ("Members") of Nebraska an opportunity to secure the maximum procurement value through cooperative synergies. The Educational Service Unit Coordinating Council (ESUCC) Advisory group serves as the steering committee for new and future cooperative buys statewide under its direction. A chief executive officer coordinates the statewide purchasing agreement between service units and their school districts and other serviceable entities. The Director manages the program with the guidance of the ESUCC, Advisory Board, and the Fiscal Agent. Nebraska ESUCC Cooperative Purchasing serves 17 ESUs that provide a statewide network of educational opportunities to approximately 244 school districts and more than 325,000 students. In consideration of mutual covenants, the parties agree as follows:

1. **Scope of the Contract.** The Contractor shall provide Members the opportunity to purchase the goods and/or services as defined in **Exhibit A,** which is attached hereto and incorporated herein by this reference, at the prices set forth in this Agreement and its Exhibits.

2. **Payment Terms/Payment Schedule.** Members shall pay for services rendered and/or for accepted goods on the terms and payment schedule as set forth in **Exhibit B** which is attached hereto and incorporated herein by this reference. Prices listed in Exhibit B shall remain in effect during the term of this Agreement unless agreed otherwise by the parties in writing.

3. **Administrative Fee.** Contractor shall submit to the Cooperative as an administrative fee a sum equal to two percent (2%) of the total gross dollar volume, less freight of all goods and services and excluding annual support and maintenance purchased by the Cooperative, ESUs, and Members. This fee will be submitted to the Cooperative on a quarterly basis beginning three months from the Effective Date of this Agreement for all transactions completed and paid during said quarter.

4. **Term.** This Agreement is effective on January 1_, 2021 ("Effective Date") and shall continue until 12:00 midnight (CST) on _January 1_____, 2024, unless terminated earlier as provided by this Agreement or by law.

5. Governing Law; Designation of Forum. This Agreement is governed by and construed in accordance with the laws of the State of Nebraska. Any action to enforce this Agreement must be brought in the state or federal courts of the State of Nebraska. Mandatory and exclusive venue for any disputes shall be in Sarpy County, Nebraska.

6. Termination.

A. The Cooperative may terminate this Agreement in whole or part if funding from federal, state, or other sources for the Cooperative or its Members is not obtained and continued at levels sufficient to allow for purchase of the good and/or services in the indicated quantities or term. The Cooperative shall notify the Contractor as soon as practicable if funds to meet the Cooperative's or Members' obligations become unavailable. The determination of the Cooperative as to the insufficiency of funds is conclusive.

B. Each party may terminate this Agreement if the other party breaches or is in default of any material obligation hereunder which default is incapable of cure, or which, being capable of cure, has not been cured within 30 days after receipt of written notice of such default or such additional cure period as the non-defaulting party may authorize in writing.

C. Each party may terminate this Agreement by written notice if federal or state laws or rules are modified or interpreted in a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.

D. The Cooperative may terminate this Agreement, in whole or in part, by written notice to the Contractor and may regard the Contractor in default of this Agreement if the Contractor becomes:

(1) Insolvent;
(2) Makes a general assignment for the benefit of creditors;
(3) Files a voluntary petition of bankruptcy;
(4) Suffers or permits the appointment of a receiver for its business or assets;
(5) Becomes subject to any proceeding under any bankruptcy or insolvency law, whether domestic or foreign; or
(6) Has wound up or liquidated, voluntarily or otherwise.

E. The Cooperative may terminate this Agreement, in whole or in part, immediately, without notice, if the Contractor is debarred or suspended from performing services on any public contracts.

F. The parties may terminate this Agreement without cause by mutual written consent or by either party with a minimum of 90 days written notice.

G. Upon the termination for any reason or expiration of this Agreement, the Contractor promptly must return to the Cooperative all papers, materials and other property of the Cooperative then in its possession, including but not limited to all work in progress as is appropriate in its then existing form to the Cooperative.

7. Indemnification.

A. The Contractor hereby waives and agrees to indemnify and save harmless the Cooperative and the ESUs and their officials, agents, employees, and volunteers (hereinafter collectively referred to as "Indemnities"), against any and all claims of injuries, death, damage to property, liabilities, judgments, costs and expenses which may otherwise accrue against Indemnities in consequence of the granting of this Agreement or which may otherwise result therefrom.

B. The Contractor shall, at his or her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith.

C. If any judgment shall be rendered against the Cooperative or the ESUs in any such action, the Contractor shall, at his or her own expense, satisfy and discharge the same.

D. Any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify and save harmless and defend the Indemnities as herein provided.

E. The Contractor's obligation to indemnify and save harmless any Indemnities will survive the expiration or termination of this Agreement by either party for any reason.

8. Insurance. Contractor shall secure and keep in force during the term of this Agreement the following insurance coverages from insurance companies or government self-insurance pools authorized to do business in Nebraska:

A. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of $1,000,000 per person and $5,000,000 per occurrence; and

B. If applicable, workers compensation coverage meeting all statutory requirements.

The Contractor shall furnish a certificate of insurance to the undersigned Cooperative representative prior to commencement of this Agreement. Failure to provide insurance as required in this agreement is a material breach of contract entitling the Cooperative to terminate this Agreement immediately.

9. Public Records. The Contractor acknowledges that the Cooperative must comply with NEB. REV. STAT. § 84-712 through § 84-713 and release public records as defined law upon request, which may include this Agreement and all records created and maintained in relation to this Agreement.

10. Publicity. The Cooperative does not endorse the goods or services of the Contractor. Except for listing the Cooperative as a client during the term of this Agreement, news releases or other publicity concerning this Agreement must not be made by the Contractor without the prior written approval of the Cooperative.

11. Drug/Alcohol/Tobacco/Weapons Free Workplace. The Contractor and all subcontractors, if any, shall not manufacture, sell, distribute, dispense, possess or use controlled substances or marijuana, as defined by Nebraska law, during the performance of this Agreement while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, shall not possess any weapon, as defined by Nebraska law and the federal "Drug-Free Schools Act," on Cooperative, ESU, or Member property or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, also shall adhere to all Cooperative, ESU, and Member policies and regulations that prohibit the possession, distribution, sale, dispensation, or use of any alcohol or tobacco products while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. Failure to comply with this provision may be considered a material breach. The Cooperative may suspend or terminate the Contractor, subcontractor, or both if it violates these laws, regulations, or policies or this provision.

12. Nondiscrimination. The Contractor and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

13. Independent Contractor. Contractor is an independent contractor under this contract and is not a Cooperative, ESU, or Member employee for any purpose. The Contractor retains sole and absolute discretion in the manner and means of carrying out Contractor's activities and responsibilities under this Agreement, except to the extent specified in this Agreement.

14. Employment Eligibility Verification. The Contractor shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing

services within the State of Nebraska. If the Contractor employs or contracts with any subcontractor in connection with this Agreement, the Contractor shall include a provision in the contract requiring the subcontractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

15. Taxpayer Identification. Contractor's federal employer identification number is: 77-0407301_____.

16. Sales Tax. The Cooperative, ESUs, and Members are exempt from sales tax and shall not pay any sales tax under this Agreement. The Cooperative, ESUs and/or Members will provide the Contractor with applicable sales tax exemption certificates upon written request.

17. Notice. Each party giving any Notice ("Notice") under this Agreement must give written Notice by personal delivery, registered or certified Mail (in each case, return receipt requested and postage prepaid), or nationally recognized overnight courier (with all fees prepaid.) Notice shall be sent to the following addressees at the following addresses:

18. Warranties and Specifications. Contractor shall be responsible for providing to Members all manufacturer warranties on all goods and services. Contractor shall provide Members with all attachments normally supplied by the manufacturer and/or supplier. Complete product specification sheets or brochures must be provided to Members, ESUs, or the Cooperative upon request.

19. Entire Agreement. The Agreement is the complete and exclusive expression of the parties' agreement on the matters contained in this Agreement. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in this Agreement are expressly merged into and superseded by this Agreement.

20. Amendments and Modifications. The parties may amend or modify this Agreement only by a signed, written agreement by both parties that identifies itself as an amendment or modification to this Agreement. No other alternations in the terms of this agreement shall be valid or binding.

21. Waivers. The parties may waive any provision in this Agreement only by a writing executed by the party or parties against whom the waiver is sought to be enforced. No failure or delay: (1) In exercising any right or remedy, **or** (2) In requiring the satisfaction of any condition under this Agreement, **and** (3) No act, omission, or course of dealing between the parties operates as a waiver or estoppel of any right, remedy or condition. A waiver made in writing on one occasion is effective only in that instance and only for the purpose stated. A waiver once given is not to be construed as a waiver on any future occasion or against any other Person.

22. Severability. If any provision of this Agreement is determined to be unenforceable, the remaining provisions of this Agreement remain in full force, if the essential terms and conditions of this Agreement for each party remain enforceable.

23. Counterparts. The parties may execute this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the parties need not appear on the same counterpart, and delivery of an executed counterpart signature page by facsimile or other electronic means is as effective as executing and delivering this Agreement in the presence of the other parties to this Agreement. This Agreement is effective upon delivery of one executed counterpart from each party to the other parties. In proving this Agreement, a party must produce or account only for the executed counterpart of the party to be charged.

24. Force Majeure. Neither party shall be liable for any loss or damage suffered by the other party, directly or indirectly, as a result of the non performing party's failure to perform, or delay in performing, any of its obligations contained in this contract (except any obligations to make payments for services rendered or accepted goods received before the failure to perform or the delay in performance), where, in the opinion of the Cooperative, such failure or delay is cause by circumstances beyond the non performing party's control or which make performance commercially impracticable, including but not limited to fire, flood, storm or other natural disaster, explosion, accident, war, riot, civil disorder, government regulations or restrictions of any kind or any acts of any government, alien enemy, judicial action, power failure, acts

of God, or other natural circumstances. This Force Majeure provision excludes economic hardship, changes in market conditions, and insufficiency of funds on the part of Contractor.

25. Assignment. This Agreement binds the parties and their respective successors and assignees. The Contractor shall not assign or otherwise dispose of this Agreement or any duty, right, or responsibility contemplated in this Agreement to any other person without the previous written consent of the Cooperative.

26. Subcontractors. The Contractor shall not subcontract services or any part of this Agreement without the prior written consent of the Cooperative.

27. Captions. The descriptive headings of the Articles, Sections and subsections of this Agreement are for convenience only, do not constitute a part of this Agreement, and do not affect this Agreement's construction or interpretation.

28. Rights and Remedies Cumulative. Any enumeration of the Cooperative's rights and remedies set forth in this Agreement is not exhaustive. The Cooperative's exercise of any right or remedy under this Agreement does not preclude the exercise of any other right or remedy. All of the Cooperative's rights and remedies are cumulative and are in addition to any other right or remedy set forth in this Agreement, any other agreement between the parties, or which may now or subsequently exist at law or in equity, by statute or otherwise.

29. Relationship Among Parties. This Agreement creates no relationship of joint venture, partnership, limited partnership, agency, or employer- employee between the parties, and the parties acknowledge that no other facts or relations exist that would create any such relationship between them. Neither party has any right or authority to assume or to create any obligation or responsibility on behalf of the other party except as may from time to time be provided by written instrument signed by both parties.

30. Rules of Construction. The parties hereto have each been represented by counsel, or had the opportunity to be represented, during the negotiation and execution of this Agreement, and therefore waive application of any law or rule of construction providing that ambiguities in the contract will be construed against the party drafting such contract.

31. Piggyback Clause. For the term of the Agreement and any mutually agreed extensions, other public agencies may purchase, lease-purchase, or rent the identical item(s) at the same price and upon the same terms and conditions as provided in this Agreement. The term "public agencies" means any county, city, village, school district, or agency of any state government or of the United States; any drainage district, sanitary and improvement district, or other municipal corporation or political subdivision of Nebraska; and any political subdivision of another state.

- Contractor agrees to apply the discounts set forth below on "Qualifying Member Purchases" which are defined as:

  I. a Member's initial licensing of Products during the Term, to the extent that (a) such Member's license for the Products was executed after the Effective Date and (b) the licensing was generated by of the direct or indirect (marketing and promotion) contacts made by Consortium; and

  II. a Member's renewal of a license of Products during the Term (including licenses that had been signed with Newsela prior to the execution of this Agreement), to the extent that such Member's renewal was generated by the direct or indirect (marketing and promotion) contacts made by Consortium.

- Calculate District Participation. Participation will be calculated based upon the total number of participating Member schools, irrespective of whether the licenses with such Member schools are Qualifying Member Purchases. Determine District Participation Discount based upon the following:

District Discounting	
# Schools	Discount %
<10	10%
10 to 29	15%
30+	20%

- The district discount cap will be additive (Consortium Purchase Discount + District Participation Discount) up to 40%. This means that the maximum discount Newsela will provide for a district-wide deal.

- NOTE: For pre-existing Newsela customers whose renewal is a Qualifying Member Purchase, their discount upon renewal will be based off the then current pricing, discount and tier and not on the rate under their prior contract.

- NOTE: Although increasing participation increases the discounted pricing as the year progresses, no retroactive discounting or credits can be applied or provided to earlier Qualifying Member Purchases.

The Cooperative has approved an extension and now desires to extend the Agreement for an additional term of ~~twelve~~ thirty six (~~12~~36) months until June 30, 2024. Upon the signature of an authorized officer of the Cooperative and the Contractor, the Agreement is hereby extended.

ADDENDUM TO 2016-2019 SPECIAL BUY AGREEMENT BETWEEN ESUCC COOPERATIVE PURCHASING AND Swank Motion Pictures

THIS ADDENDUM is made by and between Nebraska ESUCC Cooperative Purchasing ("Cooperative") and Swank Motion Pictures ("Contractor") to the 2016-2019 Special Buy Agreement signed by the Cooperative on March 22, 2016, and by the Contractor on March 22, 2016 and Extension to the agreement signed by the Cooperative on January 18, 2019, and by the Contractor on January 17, 2019. For the term of the Agreement and any mutually agreed extensions, excluding the Public Performance Site License, other public agencies may purchase, lease-purchase, or rent the identical item(s) at the same price and upon the same terms and conditions as provided in this Agreement. The term "public agencies" means any school or school district of another state. Cooperative will maintain a working list of any and all states, groups, schools or otherwise being provided access and will submit to Contractor, in writing, changes to said database as they occur.

Exhibit "A" is amended to add the following goods or services:

1) Subject Matter and Term of Agreement

B) The term of this Agreement, outlined in Exhibit B shall continue for 12 months (the "License Period"). Each individual title's licensing period will start at the time of the ordering date and no titles may be shown outside of the License Period.

2) Grant of License, Delivery and Use Restrictions, Availability of Titles

A) During the License Period and any subsequent renewal terms, Licensee shall, for the Purpose, make the Titles available to, and only to, individuals properly authenticated, authorized students currently enrolled for a course or courses through Licensee's institutions and/or faculty and staff responsible for teaching those courses (hereafter collectively referred to as "Students, Faculty and Staff). Authentication and authorization for use by Students, Faculty and Staff shall occur through a password protected network with assigned Username and Password or Single Sign On. It is up to the sole discretion of Swank which network(s) will be

used for authentication and authorization of use. Student access shall be limited to only the films for which they have been assigned for class.

Licensee agrees that it is responsible for ensuring that access to the Titles limited to Students, Faculty and Staff. Without limiting the foregoing, Licensee agrees that access to the Titles shall (i) end once a Student is no longer enrolled in classes at Licensee; and (ii) not be available to alumni of Licensee who are not actively enrolled in classes at Licensee. iii. The Titles in this license do not include public performance.

Swank reserves the right to decline the use of certain Titles if it is determined the intended use does not align with the Purpose. The availability of such content shall not affect the validity or enforceability of this Agreement.

B) From time to time Producers may withdraw or suspend the licensing rights for one or more of their Titles. In this event, suitable alternative content will be provided at the sole discretion of Swank. The withdrawal or suspension of Titles as described in this paragraph shall not affect the validity or enforceability of this Agreement.

3) Marketing and Additional Use Restrictions. 4) Breach of Agreement. Because of the specific nature of this Agreement, in addition to all other remedies available to Swank, in the event Licensee breaches any term or condition hereof, Swank may, at its option and in its sole discretion, immediately terminate this Agreement, in which case Licensee will immediately and fully (i) withdraw the Titles from its library; (ii) suspend access to the Titles; and (iii) return to Swank all Titles and/or digital files and digital media related thereto. 1. **Annual/Paper Buy**
    a. **Definition of the Annual Buy:** This is a line item bid were vendors are awarded by line item. If there is a tie for the bid price then a Nebraska vendor wins over an out of state vendor, otherwise it goes to a coin flip. Bids are sent to registered vendors nation-wide in October. Bid Awards announced in December and January, catalogs with over 4,200 items are published and distributed schools/members in February. The orders are then aggregated by address (all teacher/staff orders for items are aggregated into one line item per address) and sent to vendors in March and April and merchandise is delivered to the Cooperative members during May through July. The product categories offered are as follows: Electronics and Related Supplies, General Supplies, Furniture, Copier Paper, Maintenance-Shop Supplies, Health & Safety Supplies, Athletic Equipment & Supplies, Hot Lunch Equipment & Supplies, Science Equipment & Supplies, and Art Equipment & Supplies.
    b. 2021 ESUCC-Annual Buy

        iii. Annual Buy Catalog creation
            1. Catalog descriptions are written for new product, updated for new model numbers and line items duplicated for color options for each line item bid.
            2. This process begins on or around January 8th for all three Coop staff members working continuously throughout January leading up to the opening of the Paper catalog on February 2 and the Annual Buy catalog on February 16.
            3. Items are also imported into the ESUCC Marketplace, prices checked, and then PDF catalogs are created for circulation within School Districts and Entities that purchase from these buys.
            4. Marketplace contracts are setup for new vendors, contract dates are set accordingly and order deliveries are confirmed for methods by cXML and email.
            5. Staff time is consumed with completing these tasks between January 8th and February 16th.
        iv. **Paper Buy Timeline**
            1. February 2- catalog opens for ordering

2. March 10- order deadline

2) Grant of License, Delivery and Use Restrictions, Availability of Titles

A) During the License Period and any subsequent renewal terms, Licensee shall, for the Purpose, make the Titles available to, and only to, individuals properly authenticated, authorized students currently enrolled for a course or courses through Licensee's institutions and/or faculty and staff responsible for teaching those courses (hereafter collectively referred to as "Students, Faculty and Staff). Authentication and authorization for use by Students, Faculty and Staff shall occur through a password protected network with assigned Username and Password or Single Sign On. It is up to the sole discretion of Swank which network(s) will be

used for authentication and authorization of use. Student access shall be limited to only the films for which they have been assigned for class.

Licensee agrees that it is responsible for ensuring that access to the Titles limited to Students, Faculty and Staff. Without limiting the foregoing, Licensee agrees that access to the Titles shall (i) end once a Student is no longer enrolled in classes at Licensee; and (ii) not be available to alumni of Licensee who are not actively enrolled in classes at Licensee. It is at the sole discretion of Swank if/when password resets, specifically for student based user roles, shall occur.

All Titles licensed to Licensee pursuant to this Agreement are to be made available to Students, Faculty and Staff and on campus library users expressly as permitted in this Agreement. By way of example only and without limiting the foregoing:

i. The Titles shall be made available by Licensee only for the Purpose;
ii. The Titles shall be delivered using only the delivery method described in this Section 2A;
iii. The Titles in this license do not include public performance.

Swank reserves the right to decline the use of certain Titles if it is determined the intended use does not align with the Purpose. The availability of such content shall not affect the validity or enforceability of this Agreement.

B) From time to time Producers may withdraw or suspend the licensing rights for one or more of their Titles. In this event, suitable alternative content will be provided at the sole discretion of Swank. The withdrawal or suspension of Titles as described in this paragraph shall not affect the validity or enforceability of this Agreement.

3) Marketing and Additional Use Restrictions. Licensee shall only publicize the availability of Swank specifically related to the Purpose via regular classroom announcements or through internal channels, including email, to promote the service to faculty and staff specifically related to the Purpose.

Furthermore, the Titles may not be duplicated, edited, altered, copied, modified, or recorded in any way, by use of computer or digital recording device or otherwise. Ownership of the Titles shall at all times be vested in the applicable Producer and Licensee shall acquire no ownership rights therein.

Licensee shall immediately notify Swank (including confirming in writing) of any loss, theft, injury, piracy, destruction, duplication, editing, alteration or use of Titles.

4) Breach of Agreement. Because of the specific nature of this Agreement, in addition to all other remedies available to Swank, in the event Licensee breaches any term or condition hereof, Swank may, at its option and in its sole discretion, immediately terminate this Agreement, in which case Licensee will immediately and fully (i) withdraw the Titles from its library; (ii) suspend access to the Titles; and (iii) return to Swank all Titles and/or digital files and digital media related thereto. Notwithstanding the preceding sentence, in the event Licensee is in breach of Section 3A, 3B or 3C, Licensee shall have 30 days to cure such breach before Swank may terminate the Agreement.

In the event Swank breaches any term or condition of this Agreement, Licensee may terminate the Agreement after giving Swank written notice of the breach and passage of a 30-day cure period.

5) Warranties. Swank represents and warrants it has the streaming rights for all Titles licensed to Licensee.

2021-2024
SPECIAL BUY AGREEMENT

THIS AGREEMENT is entered into by and between the Nebraska ESUCC Cooperative Purchasing ("Cooperative"), **and Earlychildhood LLC d/b/a Discount School Supply**("Contractor"). The Cooperative is an organization founded in 1968 with the purpose of providing the Educational Service Unit (ESU) member school districts ("Members") of Nebraska an opportunity to secure the maximum procurement value through cooperative synergies. The Educational Service Unit Coordinating Council (ESUCC) Advisory group serves as the steering committee for new and future cooperative buys statewide under its direction. A chief executive officer coordinates the statewide purchasing agreement between service units and their school districts and other serviceable entities. The Director manages the program with the guidance of the ESUCC, Advisory Board, and the Fiscal Agent. Nebraska ESUCC Cooperative Purchasing serves 17 ESUs that provide a statewide network of educational opportunities to approximately 244 school districts and more than 325,000 students. In consideration of mutual covenants, the parties agree as follows:

1. **Scope of the Contract.** The Contractor shall provide Members the opportunity to purchase the goods and/or services as defined in **Exhibit A,** which is attached hereto and incorporated herein by this reference, at the prices set forth in this Agreement and its Exhibits.

2. **Payment Terms/Payment Schedule.** Members shall pay for services rendered and/or for accepted goods on the terms and payment schedule as set forth in **Exhibit B** which is attached hereto and incorporated herein by this reference. Prices listed in Exhibit B shall remain in effect during the term of this Agreement unless agreed otherwise by the parties in writing.

3. **Administrative Fee.** Contractor shall submit to the Cooperative as an administrative fee a sum equal to two percent (2%) of the total gross dollar volume, less freight of all goods and services and excluding annual support and maintenance purchased by the Cooperative, ESUs, and Members. This fee will be submitted to the Cooperative on a quarterly basis beginning three months from the Effective Date of this Agreement for all transactions completed and paid during said quarter.

4. **Term.** This Agreement is effective on January 1_, 2021 ("Effective Date") and shall continue until 12:00 midnight (CST) on _January 1_____, 2024, unless terminated earlier as provided by this Agreement or by law.

5. Governing Law; Designation of Forum. This Agreement is governed by and construed in accordance with the laws of the State of Nebraska. Any action to enforce this Agreement must be brought in the state or federal courts of the State of Nebraska. Mandatory and exclusive venue for any disputes shall be in Sarpy County, Nebraska.

6. Termination.

A. The Cooperative may terminate this Agreement in whole or part if funding from federal, state, or other sources for the Cooperative or its Members is not obtained and continued at levels sufficient to allow for purchase of the good and/or services in the indicated quantities or term. The Cooperative shall notify the Contractor as soon as practicable if funds to meet the Cooperative's or Members' obligations become unavailable. The determination of the Cooperative as to the insufficiency of funds is conclusive.

B. Each party may terminate this Agreement if the other party breaches or is in default of any material obligation hereunder which default is incapable of cure, or which, being capable of cure, has not been cured within 30 days after receipt of written notice of such default or such additional cure period as the non-defaulting party may authorize in writing.

C. Each party may terminate this Agreement by written notice if federal or state laws or rules are modified or interpreted in a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.

D. The Cooperative may terminate this Agreement, in whole or in part, by written notice to the Contractor and may regard the Contractor in default of this Agreement if the Contractor becomes:

(1) Insolvent;
(2) Makes a general assignment for the benefit of creditors;
(3) Files a voluntary petition of bankruptcy;
(4) Suffers or permits the appointment of a receiver for its business or assets;
(5) Becomes subject to any proceeding under any bankruptcy or insolvency law, whether domestic or foreign; or
(6) Has wound up or liquidated, voluntarily or otherwise.

E. The Cooperative may terminate this Agreement, in whole or in part, immediately, without notice, if the Contractor is debarred or suspended from performing services on any public contracts.

F. The parties may terminate this Agreement without cause by mutual written consent or by either party with a minimum of 90 days written notice.

G. Upon the termination for any reason or expiration of this Agreement, the Contractor promptly must return to the Cooperative all papers, materials and other property of the Cooperative then in its possession, including but not limited to all work in progress as is appropriate in its then existing form to the Cooperative.

7. Indemnification.

A. The Contractor hereby waives and agrees to indemnify and save harmless the Cooperative and the ESUs and their officials, agents, employees, and volunteers (hereinafter collectively referred to as "Indemnities"), against any and all claims of injuries, death, damage to property, liabilities, judgments, costs and expenses which may otherwise accrue against Indemnities in consequence of the granting of this Agreement or which may otherwise result therefrom.

B. The Contractor shall, at his or her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith.

C. If any judgment shall be rendered against the Cooperative or the ESUs in any such action, the Contractor shall, at his or her own expense, satisfy and discharge the same.

D. Any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify and save harmless and defend the Indemnities as herein provided.

E. The Contractor's obligation to indemnify and save harmless any Indemnities will survive the expiration or termination of this Agreement by either party for any reason.

8. Insurance. Contractor shall secure and keep in force during the term of this Agreement the following insurance coverages from insurance companies or government self-insurance pools authorized to do business in Nebraska:

A. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of $1,000,000 per person and $5,000,000 per occurrence; and

B. If applicable, workers compensation coverage meeting all statutory requirements.

The Contractor shall furnish a certificate of insurance to the undersigned Cooperative representative prior to commencement of this Agreement. Failure to provide insurance as required in this agreement is a material breach of contract entitling the Cooperative to terminate this Agreement immediately.

9. Public Records. The Contractor acknowledges that the Cooperative must comply with NEB. REV. STAT. § 84-712 through § 84-713 and release public records as defined law upon request, which may include this Agreement and all records created and maintained in relation to this Agreement.

10. Publicity. The Cooperative does not endorse the goods or services of the Contractor. Except for listing the Cooperative as a client during the term of this Agreement, news releases or other publicity concerning this Agreement must not be made by the Contractor without the prior written approval of the Cooperative.

11. Drug/Alcohol/Tobacco/Weapons Free Workplace. The Contractor and all subcontractors, if any, shall not manufacture, sell, distribute, dispense, possess or use controlled substances or marijuana, as defined by Nebraska law, during the performance of this Agreement while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, shall not possess any weapon, as defined by Nebraska law and the federal "Drug-Free Schools Act," on Cooperative, ESU, or Member property or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, also shall adhere to all Cooperative, ESU, and Member policies and regulations that prohibit the possession, distribution, sale, dispensation, or use of any alcohol or tobacco products while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. Failure to comply with this provision may be considered a material breach. The Cooperative may suspend or terminate the Contractor, subcontractor, or both if it violates these laws, regulations, or policies or this provision.

12. Nondiscrimination. The Contractor and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

13. Independent Contractor. Contractor is an independent contractor under this contract and is not a Cooperative, ESU, or Member employee for any purpose. The Contractor retains sole and absolute discretion in the manner and means of carrying out Contractor's activities and responsibilities under this Agreement, except to the extent specified in this Agreement.

14. Employment Eligibility Verification. The Contractor shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing

services within the State of Nebraska. If the Contractor employs or contracts with any subcontractor in connection with this Agreement, the Contractor shall include a provision in the contract requiring the subcontractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

15. Taxpayer Identification. Contractor's federal employer identification number is: 77-0407301_____.

16. Sales Tax. The Cooperative, ESUs, and Members are exempt from sales tax and shall not pay any sales tax under this Agreement. The Cooperative, ESUs and/or Members will provide the Contractor with applicable sales tax exemption certificates upon written request.

17. Notice. Each party giving any Notice ("Notice") under this Agreement must give written Notice by personal delivery, registered or certified Mail (in each case, return receipt requested and postage prepaid), or nationally recognized overnight courier (with all fees prepaid.) Notice shall be sent to the following addressees at the following addresses:

Contractor shall provide Members with all attachments normally supplied by the manufacturer and/or supplier. Complete product specification sheets or brochures must be provided to Members, ESUs, or the Cooperative upon request.

19. Entire Agreement. The Agreement is the complete and exclusive expression of the parties' agreement on the matters contained in this Agreement. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in this Agreement are expressly merged into and superseded by this Agreement.

20. Amendments and Modifications. The parties may amend or modify this Agreement only by a signed, written agreement by both parties that identifies itself as an amendment or modification to this Agreement. No other alternations in the terms of this agreement shall be valid or binding.

21. Waivers. The parties may waive any provision in this Agreement only by a writing executed by the party or parties against whom the waiver is sought to be enforced. No failure or delay: (1) In exercising any right or remedy, **or** (2) In requiring the satisfaction of any condition under this Agreement, **and** (3) No act, omission, or course of dealing between the parties operates as a waiver or estoppel of any right, remedy or condition. A waiver made in writing on one occasion is effective only in that instance and only for the purpose stated. A waiver once given is not to be construed as a waiver on any future occasion or against any other Person.

22. Severability. If any provision of this Agreement is determined to be unenforceable, the remaining provisions of this Agreement remain in full force, if the essential terms and conditions of this Agreement for each party remain enforceable.

23. Counterparts. The parties may execute this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the parties need not appear on the same counterpart, and delivery of an executed counterpart signature page by facsimile or other electronic means is as effective as executing and delivering this Agreement in the presence of the other parties to this Agreement. This Agreement is effective upon delivery of one executed counterpart from each party to the other parties. In proving this Agreement, a party must produce or account only for the executed counterpart of the party to be charged.

24. Force Majeure. Neither party shall be liable for any loss or damage suffered by the other party, directly or indirectly, as a result of the non performing party's failure to perform, or delay in performing, any of its obligations contained in this contract (except any obligations to make payments for services rendered or accepted goods received before the failure to perform or the delay in performance), where, in the opinion of the Cooperative, such failure or delay is cause by circumstances beyond the non performing party's control or which make performance commercially impracticable, including but not limited to fire, flood, storm or other natural disaster, explosion, accident, war, riot, civil disorder, government regulations or restrictions of any kind or any acts of any government, alien enemy, judicial action, power failure, acts

of God, or other natural circumstances. This Force Majeure provision excludes economic hardship, changes in market conditions, and insufficiency of funds on the part of Contractor.

25. Assignment. This Agreement binds the parties and their respective successors and assignees. The Contractor shall not assign or otherwise dispose of this Agreement or any duty, right, or responsibility contemplated in this Agreement to any other person without the previous written consent of the Cooperative.

26. Subcontractors. The Contractor shall not subcontract services or any part of this Agreement without the prior written consent of the Cooperative.

27. Captions. The descriptive headings of the Articles, Sections and subsections of this Agreement are for convenience only, do not constitute a part of this Agreement, and do not affect this Agreement's construction or interpretation.

28. Rights and Remedies Cumulative. Any enumeration of the Cooperative's rights and remedies set forth in this Agreement is not exhaustive. The Cooperative's exercise of any right or remedy under this Agreement does not preclude the exercise of any other right or remedy. All of the Cooperative's rights and remedies are cumulative and are in addition to any other right or remedy set forth in this Agreement, any other agreement between the parties, or which may now or subsequently exist at law or in equity, by statute or otherwise.

29. Relationship Among Parties. This Agreement creates no relationship of joint venture, partnership, limited partnership, agency, or employer- employee between the parties, and the parties acknowledge that no other facts or relations exist that would create any such relationship between them. Neither party has any right or authority to assume or to create any obligation or responsibility on behalf of the other party except as may from time to time be provided by written instrument signed by both parties.

30. Rules of Construction. The parties hereto have each been represented by counsel, or had the opportunity to be represented, during the negotiation and execution of this Agreement, and therefore waive application of any law or rule of construction providing that ambiguities in the contract will be construed against the party drafting such contract.

31. Piggyback Clause. For the term of the Agreement and any mutually agreed extensions, other public agencies may purchase, lease-purchase, or rent the identical item(s) at the same price and upon the same terms and conditions as provided in this Agreement.
