

Regular Meeting

Thursday, January 8, 2015 8:30 AM

ESU No. 3 6949 South 110th Street LaVista, NE Distance Learning available at the following sites: ESU 3 - Host site with DL at ESUs 6, 9, 10, 18

6949 South 110th Street

LaVista, NE 68128

1. ESU Coordinating Council Information
President - Jeff West
2. Call to Order
President - Jeff West
3. Roll Call
President - Jeff West
4. Approval of Minutes
President - Jeff West
5. Petitions and Communications to the Board
President - Jeff West
 - 5.1. State Board of Education and Nebraska Department of Education Report
Nebraska Department of Education
 - 5.2. Association of Education Service Agency's Report
AESA Representative - Jeff West
6. Executive Reports
President - Jeff West
 - 6.1. Executive Committee Report
President - Jeff West
 - 6.1.1. Agenda Item
Chair of Committee
 - 6.1.1.1. Executive Director Evaluation
Committee Chair - Jeff West
 - 6.1.1.1.1. Executive Director Goals
Committee Chair - Jeff West
 - 6.1.1.2. NDE Collaboration Planning Meeting - Change Date
Committee Chair - Jeff West
 - 6.1.1.3. ESUCC Technology Plan
ESUCC Executive Director David Ludwig
 - 6.1.1.4. State Audit Final Report
President - Jeff West

- 6.1.1.5. Master Service Agreement
ESUCC Executive Director David Ludwig
- 6.1.1.6. ESUCC / ESUPDO Calendars 2015-2016
ESUCC Executive Director David Ludwig
- 6.1.1.7. ESU Services
President - Jeff West
- 6.2. Executive Director Report
ESUCC Executive Director David Ludwig
- 6.3. Treasurers Report - Finance Committee Recommendations
Treasurer - Dennis Radford
- 7. Public Comment
ESUCC President - Jeff West
- 8. Recommendations from Standing Committees and Project Reports
President - Jeff West
 - 8.1. Finance, Audit, Budget Committee
Treasurer - Dennis Radford
 - 8.1.1. Agenda Item
Committee Chair - Dennis Radford
 - 8.1.1.1. Approve Claims, Financials Statements, and Assets for Month of November
Committee Chair - Dennis Radford
 - 8.1.1.2. Approval of December Expenses
Committee Chair - Dennis Radford
 - 8.1.1.3. Staff Budget Meeting on 1/5/15
ESUCC Executive Director David Ludwig
 - 8.1.1.4. State Audit Final Report
Committee Chair - Dennis Radford
 - 8.1.1.5. Fiscal Management Goals (Departmental Carry Over)
Executive Director - David M Ludwig
 - 8.1.1.5.1. Coop
 - 8.1.1.5.2. SRS
Executive Director - David M Ludwig
 - 8.1.1.5.3. IMAT
Executive Director - David M Ludwig
 - 8.1.1.5.4. LMS
Executive Director - David M Ludwig
 - 8.1.1.6. Master Service Agreement
Committee Chair - Dennis Radford
 - 8.2. Technology Committee
Committee Chair - Bob Uhing
 - 8.2.1. Agenda Item
Chair of Committee
 - 8.2.1.1. Network NE Report
Committee Chair - Bob Uhing

- 8.3.1.3. Future Efforts
 - Committee Chair - Paul Tedesco
 - 8.3.1.3.1. COOP Director Application Process
 - ESUCC Executive Director David Ludwig
 - 8.3.1.3.2. Coop Vision
 - Committee Chair - Paul Tedesco
- 8.3.1.4. Policy Adoption - Unified Policies & Timeline
 - Committee Chair - Paul Tedesco
- 8.3.1.5. Master Service Agreement
 - Committee Chair - Paul Tedesco
- 8.4. PD Leadership Committee
 - Committee Chair - Kraig Lofquist
 - 8.4.1. Agenda Item
 - Committee Chair - Kraig Lofquist
 - 8.4.1.1. January PDO
 - Committee Chair - Kraig Lofquist
 - 8.4.1.2. Master Service Agreement
 - Committee Chair - Kraig Lofquist
 - 8.4.1.2.1. 2014-2015 PDO Budget Requests
 - Committee Chair - Kraig Lofquist
 - 8.4.1.2.1.1. SDA Requests
 - Committee Chair - Kraig Lofquist
 - 8.4.1.2.1.1.1. Strategist/Mentor
 - Committee Chair - Kraig Lofquist
 - 8.4.1.3. NMPDS Math Grant Updates
 - Deb Hericks
 - 8.4.1.3.1. Grant Opportunities (\$60,000)
 - Deb Hericks
 - 8.4.1.4. ESUPDO Schedule for 2015-16
 - Committee Chair - Kraig Lofquist
- 8.5. Special Education Committee
 - Committee Chair - Marge Beatty
 - 8.5.1. Agenda Item
 - Committee Chair - Marge Beatty
 - 8.5.1.1. Wade Fruhling - SRS Report
 - Wade Fruhling
 - 8.5.1.1.1. SRS Report
 - Wade Fruhling
 - 8.5.1.1.2. Project Para
 - Wade Fruhling
 - 8.5.1.1.3. ILCD
 - Wade Fruhling
 - 8.5.1.1.4. AAP
 - Wade Fruhling
 - 8.5.1.2. Master Service Agreement
 - Committee Chair - Marge Beatty

- 8.5.1.3. Systems Analyst Update
Committee Chair - Marge Beatty
- 8.5.1.4. Medicaid
Committee Chair - Marge Beatty
- 8.5.1.5. IDEA Paperwork
Committee Chair - Marge Beatty
- 8.6. Legislative Committee
Committee Chair - Liz Standish
- 8.6.1. Agenda Item
Committee Chair - Liz Standish
- 8.6.1.1. Network NE Membership (Non-Profit Agencies)
ESUCC Executive Director David Ludwig
- 8.6.1.2. LB 497
Committee Chair - Liz Standish
- 8.6.1.2.1. NE Repository for Online Blended Learning
ESUCC Executive Director David Ludwig
- 8.6.1.2.2. Senator Kolowski (Tier 2 Funding)
ESUCC Executive Director David Ludwig
- 8.6.1.3. Facility Funding
Committee Chair - Liz Standish
- 9. New and Miscellaneous Business
President - Jeff West
- 9.1. Attorney
President - Jeff West
- 9.2. Best Practices Discussion
President - Jeff West
- 10. Unfinished Business
President - Jeff West
- 10.1. Bylaws & Policy Review
ESUCC President - Jeff West
- 10.2. Strategic Planning Process
President - Jeff West
- 11. Public Comment: Recognition of Visitors
ESUCC President - Jeff West
- 12. Executive Session
President - Jeff West
- 13. Adjournment
President - Jeff West

Regular Meeting
November 19, 2014 8:30 AM
ESU No. 3
6949 South 110th Street
LaVista, NE

Attendance Taken at 8:30 AM:

Present Board Members:

Uhing ESU 01
DeTurk ESU 02
Schnoes ESU 03
Fisher ESU 04
Gegg ESU 05
Shoemake ESU 06
Polk ESU 07
Mowinkel ESU 08
Lofquist ESU 09
Bell ESU 10
Tedesco ESU 11
West ESU 13
Calvert ESU 15
Beatty ESU 16
Radford ESU 17
Standish ESU 18
Allen ESU 19

Absent Board Members:

Kehrberg ESU 19

1. ESU Coordinating Council Information

2. Call to Order

Discussion:

Call to order at 8:30 AM.

Staff: David M Ludwig, Deb Hericks, Priscilla Quintana

Attorney: Karen Haase

Guests: Freida Lange, Lee Warne

3. Roll Call

4. Approval of Minutes

Motion Passed: Motion to approve the minutes as presented passed with a motion by Uhing ESU 01 and a second by Bell ESU 10 .

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

5. Petitions and Communications to the Board

5.A. State Board of Education and Nebraska Department of Education Report

Discussion:

Freida Lange was present to update the ESUCC on NDE. The application for a waiver process has started. The waiver areas need to address: common core (with each revision of standards making sure that they are College and Career Ready); Accountability System (AQUESTT - do they include in new Rule 16 or incorporate into Rule 10); adopt a Teacher/Principal model (consistent across the state - training); Data System (SLDS/dashboard). Timeline for waiver - discuss at December Board meeting, February 1 - first draft prepared, March 31 - waiver ready. Communication is key to success (all speaking same language.)

5.B. Association of Education Service Agency's Report

5.B.I. Lee Warne - AESA

Discussion:

Lee Warne from AESA gave an overview of the AESA organization. There are 17 different names that ESAs (ESUs) go by across the states (45 states have an ESA.) AESA members reached over 80% public schools. Trends affecting ESAs: Federalization of Education (Common Core), testing/assessments under fire (dropping/reducing number of tests given), pension reforms reduction of benefits to help states get out of debt), States financial position improving (money not going into education), ESAs expected to improve learning (some states tying ESA CEO pay to improved learning), Teacher/Admin Evaluation systems being reviewed (states are adapting their own

systems or are waiting to see what others do), time for growth for ESAs (ESA networks can provide valuable services, they know the schools better than state.) National trends: funding, shared services, statewide networks, legislative oversight, consolidation/cooperation of ESAs. Statewide networks moving towards "shared services" to benefit everyone. Federal Legislation: AESA keeps ESAs written into legislation, ESEA reauthorization, E-Rate Rulings and Anti-Deficiency Act, Principal's improvement/Development, recent Early Childhood advances.

6. Executive Reports

6.A. Executive Committee Report

6.A.I. ESUCC Overview: Purpose, Support and Structure

6.A.I.a. ESUCC Vision

Discussion:

Executive Director shared the article that he wrote for the NCSA magazine. Please share document with staff/boards.

6.A.I.b. Statewide Definition w/o defined graphics

Discussion:

Executive Director shared the beginning of what will be an info graphic for the NE statewide definition to be used as promotion of state-wide initiatives.

6.A.II. ESUCC and NCSA Technology Programming and Use Agreement

Discussion:

Executive Committee reviewed the fully signed agreement with NCSA. There will be a Board created, three from ESUCC and three from NCSA, with alternating years of who chairs committee (ESUCC will chair even years.) This agreement will include a \$7500 for ESUCC to be used toward technology trainings. Agreement can be reviewed on a yearly basis. We will continue to work with NCSA as an important stake holder. Executive Director has had conversations with individuals of TAG that are on the committee. Equipment purchased will be tagged as an asset of the ESUCC but housed with the member ESUs that it originated. Need to educate all so that they understand the situation better. We need share Protocol with all affiliates.

6.A.III. Executive Director Evaluation

Discussion:

Executive Director and President will continue to work on priority areas and bring to January meeting.

6.B. Executive Director Report

Discussion:

Executive Director discussed the importance of communication. We need to build a systemic approach to build our statewide communications. Create a committee that would meet quarterly to discuss all statewide initiatives/projects. Possibility to build a committee with our external partnerships to create the same form of systemic

communication. Create a timeline for each of the initiatives.

6.C. Treasurers Report - Finance Committee Recommendations

Discussion:

Dennis Radford reviewed Project Summary for September and October with committee.

7. Public Comment

Discussion:

There was no public comment at this time.

8. Recommendations from Standing Committees and Project Reports

8.A. Finance, Audit, Budget Committee

Discussion:

Dennis Radford discussed the new budget reports that are available for review.

8.A.I. Approve Claims, Financials Statements, and Assets for Month of September/October

Motion Passed: Motion to approve claims, financials statements, and assets for the month of September/October passed with a motion by Tedesco ESU 11 and a second by Beatty ESU 16.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

Discussion:

Committee Chair reviewed the budget reports with the committee. Committee liked the comparison of new reports. MSA invoices will be going out by the end of the month with the exception of the Safari.

8.A.I.a. Budget Meeting 111214

Discussion:

Budget meeting to review monthly budget reports on November 11, 2014. Committee Chair reviewed these budget reports with committee. The over-all budget should be at about 17%.

8.A.II. Approval of November Expenses

Motion Passed: Recommend approval of November Expenses passed with a motion by Mowinkel ESU 08 and a second by Standish ESU 18.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

8.A.III. Approval of December Claims as approved by Executive Director

Motion Passed: Approval of December Claims as approved by Executive Director passed with a motion by Fisher ESU 04 and a second by Calvert ESU 15.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes

Kehrberg ESU 19 Absent

8.A.IV. Approval for Executive Director to Claim Expenses/Mileage

Motion Passed: Approval for the process of Executive Director to claim expenses/ mileage by adding agenda column to spreadsheet for proof of duty/agenda for meetings passed with a motion by Mowinkel ESU 08 and a second by Schnoes ESU 03.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

8.A.V. Audit Update

Discussion:

Six auditors were on site at ESU 17 to conduct the ESU 17 and ESUCC onsite review. The audit has been very time consuming. Executive Director shared some of the details regarding the audit.

8.A.VI. Safari Contract

Discussion:

David Ludwig and Scott Isaacson are working on a contract with Safari Montage. They propose \$1/student. They are working to negotiate contract for this current year. Legal will be involved of review of this contract.

8.A.VII. NDE Budget Proposal

Discussion:

Committee meeting of several people including NDE and ESU personnel to work on talking points for legislative hearings/lottery hearing. Brent Gaswick reviewed some of the NDE budget proposal they have requested.

8.A.VIII. Fiscal Management Goals (Departmental Carry Over)

Discussion:

We have budget goals, but we will work to create fiscal management goals for the areas

of deficit. Executive Director to work on some goals that we can discuss at the next meetings.

8.A.VIII.a. Coop

8.A.VIII.b. SRS

8.A.VIII.c. IMAT

8.A.VIII.d. LMS

8.B. Technology Committee

8.B.I. LB 497 Hearing

Discussion:

Focus on vision and uses (no dollar amounts) of lottery funding. Limit to 2 or 3 (Linda Dickeson, LPS; BJ Peters, ESU 13; ESU 7, Humphrey teacher and keep it succinct and to the point of testimony.

8.B.II. NE eLearning

Discussion:

NE eLearning wants to expand on current learning object repository and also create a vision for future use. Work with stake holders to continue building on resources.

8.B.III. Safari Montage Support

8.B.IV. Approve Statewide LMS Plan

Motion Passed: Approve continued development of the statewide LMS support model passed with a motion by Bell ESU 10 and a second by Fisher ESU 04.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

Discussion:

Scott Isaacson reviewed the discussions from the LMS task force. Recommendation of

group to form a matrix to evaluate and compare LMS that would meet a set of standards. The affiliate groups (especially TAG) to talk about the framework and create list of vendors who meet standards. Recommend to move toward the cloud hosting. Access to entire state need to sale itself to the schools. Constant pricing structure. Stability and competition to pricing structure. By April meeting, have finalized version of matrix.

8.B.V. Technology Survey (BrightBytes)

Discussion:

Working with NDE to work on how we can fund/support this state-wide. Forty-six percent of state currently uses BrightBytes. 1) What access student have (70-80%), 2) the amount utilized in districts, 3) nine out of ten teachers see need for technology and need for staff development.

8.B.VI. PowerSchool Statewide Model

8.B.VII. Statewide Support Model

8.B.VIII. Approval of Disposal of Inventory

Motion Passed: Recommend approval for ESUCC to dispose of old equipment identified by staff through ESU 3 process of disposal passed with a motion by Polk ESU 07 and a second by Tedesco ESU 11.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

Discussion:

Committee chair discussed the list of inventory to be disposed.

8.B.IX. Approval of additional ZOOM licenses/modified package

Motion Passed: Approval of the purchases of Zoom modified license package passed with a motion by Uhing ESU 01 and a second by Gegg ESU 05.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

Discussion:

Currently we have 50 licenses, request to increase by 25, vendor recommends to go with next tier of Pro User licenses to increase our accounts.

8.B.X. IlliniCloud Presentation

Discussion:

Jim Peterson and Bernie A'cs were here to discuss the IlliniCloud project. Scott Isaacson, Mike Danahy, Jordan Clark, Dean Folkers have been working closely with this team. Infrastructure, Data recovery, Software (ie: Adobe Connect), self service portal, training and professional development are services provided by IlliniCloud project. Jim Peterson gave an overview of the IlliniCloud site. Three pillars of the system: data, identity, portal. Developed once, but used for many districts and customized to each. What would NE site look like. If we partner with IlliniCloud we can take what they have already developed and continue to build upon our needs. Collaborating with another state we create a huge paradigm shift. Identity management is the biggest part, create now to prevent it from becoming a legislative issue and told how to create system. System is developed on a common standard. Collaboration creates sustainability. Create a course of action on how we can proceed.

8.C. Cooperative Purchasing Project

8.C.I. Employment for Coop Director Timeline

Discussion:

Interview committee may include: Paul Tedesco, David Ludwig, Jon Fisher, Priscilla Quintana, and Brenda Konkoleski.

Board recommends that interviews be held in Ainsworth.

8.C.I.a. Job Description for Director of Cooperative Purchasing

Motion Passed: Motion to approve the job description for the Director of Cooperative Purchasing passed with a motion by Mowinkel ESU 08 and a second by Schnoes ESU 03.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

8.C.II. ESM Update

Discussion:

Interim Director Peterson gave a brief review of the meeting with ESM and the goals that were defined at that meeting. Notes/Goals are attached.

It was noted that Brown & Saenger, normally Coop's largest supplier, does plan on implementing cxml order processing this year.

Mr. Peterson shared with the committee that Pyramid School Products, normally Coop's second largest supplier, may not submit a bid this year due to the number of POs they received in the previous year. Peterson will be in contact with ESM regarding the possibility of aggregating orders to help with this type of issue. It was also noted that Commercial Art, Benz Microscope and Misko Sports will/may not submit bids this year due to the same issue.

8.C.III. Program Updates

Discussion:

The committee discussed the aggregation of orders for the Annual Buy. ESUCC/Coop will be in contact with ESM to confirm the possibility/process of aggregating orders. The final process will be communicated to all schools and vendors, and Bid Terms may be updated.

- 8.C.III.a. Annual Buy**
- 8.C.III.a.*. Prior Year Credits**
- 8.C.III.b. Year-Round Catalog**
- 8.C.III.c. Special Buys**
- 8.C.III.c.*. AEPA**
- 8.C.IV. Future Efforts**

8.C.IV.a. Marketing of Services to Other Agencies

Discussion:

The committee discussed the possibility of marketing to other public entities (city's, etc.), per the Inter-Local Agreement Act. It was suggested to get the opinion of legal council, and make sure that all issues with schools are resolved before we move forward with adding other entities.

8.C.IV.b. Need for Other Year Round Catalogs

8.C.IV.c. Update on Advisory Committee Goals

Discussion:

1. Reduce the number of PO's
 - encourage an aggregate PO
 - submit all teacher orders per school at same time

Craig will send an email to the School Google Group indicating submission of PO's by building or district is preferred by vendors and if a school wants to continue PO's by teacher to please submit them all by building on the same day to the vendor.

2. Billing responsive to district needs with delivery dates in mind

Craig has visited with vendors and a few schools on this topic. Vendors have stated they are still waiting on some school payments and Schools are ignoring the terms and conditions of paying within 45 days of delivery to a.) be able to pay in next fiscal year and/or b.) waiting to receive everything on a particular PO or from that vendor.

3. Continue to enhance the Coop System through effective statewide communication

Craig has added each Admin in ESM for each school and ESU to join a Google group. ESUCC COOP will now be able to communicate changes or other updates directly to all participants. We encourage each ESU administrator to check with their schools that they have at least one contact that has been added to the Group.

4. Provide effective training throughout the state

We are still piecing together with ESM what changes have taken place in order to know the exact training needed by all participants. Hence, a schedule for training has not been set as of today.

5. Develop a "user friendly" ESM environment

The meeting with ESM on October 22nd addressed some of our concerns in this area. As a result there may be some subtle changes within ESM but I don't foresee a substantial change to the user interface. One change mentioned during the meeting with ESM would have helped the Coop staff to assign catalogs but ESM has since said they are unable to turn this on. They will be discussing some of the recommended changes in their development meetings but there is no timeline for any changes as of yet.

6. Ensure on-time delivery

From Craig's work with vendors, the delivery issue seems to fall in one of three categories: 1. Vendors need aggregated orders vs individual teacher orders (issues: number of drops, availability of freight carriers for the time period); 2. Vendors want a longer window for acceptable delivery times beyond the two months (We have added the possibility of a vendor to extend pricing for a catalog for year round ordering); and 3. Vendors are concerned about late payments from the schools.

8.C.V. Policy/Procedures

8.C.V.a. Approve Updates to Procedural Manual

Motion Passed: Recommend approval of updates made to procedural manual passed with a motion by Lofquist ESU 09 and a second by Calvert ESU 15.

Uhing ESU 01	Yes
DeTurk ESU 02	Yes
Schnoes ESU 03	Yes
Fisher ESU 04	Yes
Gegg ESU 05	Yes
Shoemake ESU 06	Yes
Polk ESU 07	Yes
Mowinkel ESU 08	Yes
Lofquist ESU 09	Yes
Bell ESU 10	Yes
Tedesco ESU 11	Yes
West ESU 13	Yes
Calvert ESU 15	Yes
Beatty ESU 16	Yes
Radford ESU 17	Yes
Standish ESU 18	Yes
Allen ESU 19	Yes
Kehrberg ESU 19	Absent

8.C.V.b. Delivery of Procedure Manual to Statewide Stakeholders

8.D. PD Leadership Committee

8.D.I. January PDO

Discussion:

PD Planning Committee but together the attached draft agenda. Marcia Kish will be presenting on January 21, 2015 to give an overview on Blended learning environment. January 22, 2015 will consist of break out sessions for different affiliates. We encourage Administrators to support and join these meetings.

Planning Committee to include a person from Higher Ed. What is the role of Higher Ed in the three statewide initiative? Important to be included in discussions.

8.D.I.a. PD Planning Committee: Higher ED Representation

Discussion:

We have invited Higher Ed to participate in the PDO activities. Sharon Katt sent out the invitation to them.

8.D.I.b. Invitation to Additional Statewide Stakeholders

Discussion:

Executive Director is also inviting other stake holders (NET, PFI, Independent High School, etc.) to partake in PDO event.

8.D.II. NMPDS Math Grant

Discussion:

The final reimbursement for 2014-2015 was sent to NDE for the amount of \$38,325.72. This will close out the year with the following:

Beginning Balance - \$400,000

Ending Balance -\$145,487.64. This amount will carry over and added to next years grant. There is also a possibility of receiving up to a 5% increase to the original \$400,000 for next year. Once Gan is received, we will rework the budget to include additional funds.

The AFR for 2013-2014 has been submitted by Helen Banzhaf.

8.D.II.a. Math Champions

Discussion:

Most ESUs have started entering their information for the Math Champions. ESU 10, 13, and 15 have not begun adding their information.

8.E. Special Education Committee

8.E.I. Steve Milliken, NDE

Discussion:

Mr. Millikan discussed Medicaid expansion, facilitation of collaborative grants, and ILCD.

Collaborative grants are discretionary funds.

Medicaid:

LB276 passed. DHHS is defined by legislation as the lead agency. The State plan was amended by Oct. 1, 2014. Nebraska is toward the bottom of the list regarding funds received, at about 3 million. The challenge is that the plan is just the beginning, now the details must be defined. For example, Medical Transportation needs to be defined, what qualifies as Medical Transportation. Another item is Personal Care Services, can reimbursement be made to Para's working with eligible kids. Mental Health Services is yet another item that needs to be defined. A goal has been set to be ready by the Fall of 2015. The plan submitted by DHHS has not been approved by Federal as of yet. Also reviewing options for documenting and implementing funds, such as a Statewide Automated System. The new law caps, at 3 million, as to what can be used for administration, etc. ESUCC is ready to help define and work with NDE to help improve

processes.

8.E.II. ESUCC Systems Analyst Timeline

Discussion:

Delayed due to Scott Isaacson and David Ludwig schedule not having time together to proceed with timeline. They have three or four they will do a pre-screening interview with them. The interview committee be doing this soon and then will determine the next steps.

8.E.III. Wade Fruhling - SRS Report

8.E.III.a. SRS Report

8.E.III.b. Project Para

8.E.III.c. ILCD

8.E.III.d. AAP

8.F. Legislative Committee

8.F.I. LB 1103 Hearings

Discussion:

Executive Director gave an update from the legislative hearings. David Ludwig, Linda Dickeson, Beth Kabes and Craig Hicks have also had individual conversations with several senators.

8.F.II. LB 497 Hearing

Discussion:

The Lottery Hearing is scheduled for 1:30 PM tomorrow at the State Capitol. Again several meetings have been held in support of testimonies to be given. Three people slotted to give testimonies: BJ Peters, ESU 13; Linda Dickeson, LPS: ESU 7, Humphrey school teacher. Keep testimonies short and succinct. ESU 13 has a Chadron superintendent who will also testify in support of BlendEd.

8.F.III. ESU Levy (JPA-Joint Partnership Agreement)

Discussion:

Executive Director to schedule a meeting with Senator Davis.

8.F.III.a. Overview of the Joint Partnership Agreement

8.F.III.b. Overview of Senator Input from ESU 1 & 8 Meeting

Discussion:

ESU #1 and ESU #8 invited senators to a joint meeting, the ESUCC Executive Director was the moderator of this meeting. Facilities questions: bond issue is available to ESUs in the same way that is available to school districts. This has not been tried by an ESU in NE.

8.F.III.c. Development of a Master List of ESU Facility Needs Across the State

Discussion:

Create a master list of needs across the state: capital improvement, growth, new

facilities. Public Facility and Construction Finance Act was used by ESU 13. Five percent of restricted funds can be used for facilities and for technology.

8.F.III.c.*. Capital Improvement

8.F.III.c.*. Growth

8.F.III.c.*. New Facilities

8.F.IV. NDE Budget Proposal

Discussion:

Commissioner has included in his draft budget: core funding, data collection, NE elearning project. NDE and ESUCC are working on creating a Master Service Agreement between the two entities.

8.F.V. Blue Cross, Blue Shield

Discussion:

Insurance pooling between two entities (ESUs and Schools) - Legislative proposal out of Grand Island for a change in statute to include pooling amongst two entities. This will be a topic of discussion at the NASBO round table tomorrow. It would be hard for some entities to go on their own. Size can change variability quickly. Huge population that does not fit under the seven areas that can have continue care with doctors. Majority of people who have responded are neutral in their position.

ESUCC Executive Director Annual Appraisal 2014-2015

Executive Director: David M. Ludwig

List and describe three priority initiatives for the ESUCC Executive Director. For each priority initiative list one or more measurable goals or task to be accomplished during the year. Develop the measures to be observed or documented for each goal.

- *Additional documentation can be attached as a component of the appraisal document.*

Priority Initiative I

Priority Initiative I:

Continue to improve the fiscal management process regarding the ESUCC Budget.

Goals /Task:

- Review financial audit and identify areas for improvement
 - Review policies and make recommendations to the ESUCC for adoption or revision with special attention to the Cooperative Purchasing project.
 - Lead ESUCC staff to successfully identify and implement recommendations from the 2013-14 State Audit
- Implement Monthly ESUCC Budget Meetings with essential ESUCC Staff
- Provide ESUCC Project Directors with a monthly budget update
- Communicate effectively with the ESUCC Finance Committee regarding the budget review process and progress
- Implement the overall ESUCC Budget goals and Fiscal Management Goals for the Coop, SRS, and LMS Project

Observations/Measures/Documents:

- Written recommendations to ESUCC
- Updated procedures or working documents on policies
- State audit process and related documentation
- Observation of executive committee members
- Staff documents/communications and successful implementation of processes

Priority Initiative II

Priority Initiative II:

Continue to improve the ESUCC Administrative Process and Procedures

Goals /Task:

- Lead the ESUCC Staff in the development of an ESUCC Administrative Procedural Manual
- Establish a system of communication with ESM Staff and ESUCC Staff on a quarterly basis for the improvement of the Coop Project
- Establish a system of communication with ESUCC Staff and School District/ESU Staff on a quarterly basis for the improvement of the Coop Project
- Establish a Vision for the Coop Project
- Establish an advisory committee regarding a statewide LMS Recommendation
- Report progress to the executive committee, Cooperative Purchasing Committee, and Technology Committee

Observations/Measures/Documents:

- Committee meetings and documents
- Written plans and recommendations
- Communications with internal and external stakeholders including the Coop Committee, local coop coordinators, staff, and ESM Solutions staff, and Technology Committee.
- Observation of executive committee members

Priority Initiative III

Priority Initiative III:

Improve statewide ESU Professional Development Organization efforts and coordinate with NDE and other partners and stakeholders

Goals /Task:

- Organize an annual plan for ESUCC Professional Development Committee with committee chairs
- Integrate professional development efforts with NDE and ESUCC joint planning goals
- Implement a statewide communication process for ESUCC (Administrators and Affiliates), NDE and School Districts

Observations/Measures/Documents:

- Revised policies and procedures
- Organize professional development goals and communicate those with NDE and other stakeholders.
- Work with the ESUCC Professional Development committee and present written recommendations to ESUCC
-

Priorities Approved For Annual Appraisal:

President Date _____

Executive Director Date _____

Other Areas Reviewed

Instructions:

Each additional area identified to be reviewed will be identified by the following rating scale.

- **E** - Exceeds acceptable performance.
- **M** - Meets and frequently demonstrates acceptable performance.
- **NI** - Occasionally falls below acceptable performance.
- **U** - Does not meet acceptable performance.

- *Performance standards indicated below are identified with a check representing the rating exceeds, meets, needs improvement or unsatisfactory in the Performance Rating Box.*

Professional Work Force

- Maintains a strong relationship with staff.

Exceeds Meets N/I Unacceptable

Comments:

- Develops and maintains efficient and effective office/work routines.

Exceeds Meets N/I Unacceptable

Comments:

- Interprets, disseminates and implements ESUCC policies, practices and assures compliance with State regulations and laws.

Exceeds Meets N/I Unacceptable

Comments:

- Establish and maintain an internal communication system.

Exceeds Meets N/I Unacceptable

Comments:

- Informs staff of their role, responsibilities and the expectations prior to any evaluation of performance. Assures evaluations of all staff assigned to ESUCC respective manager and completed annually.

Exceeds Meets N/I Unacceptable

Comments:

- Communicates and collaborates with other government agencies and the general public about the programs and services of the ESUCC.

Exceeds Meets N/I Unacceptable

Comments:

Effective and Efficient Use of ESU and ESUCC Resources

- Organizes, supervises, and evaluates ESUCC activities.

Exceeds Meets N/I Unacceptable

Comments:

- Oversees all accounting and auditing of ESUCC accounts.

Exceeds Meets N/I Unacceptable

Comments:

Completed and Approved as Annual Appraisal:

_____ Date _____
President

_____ Date _____
Executive Director

**Statewide Technology Plan
December 2014**

12/16/2014 Drafters: Dave Ludwig, Bob Uhing, Mike Danahy, Jordan Clark, Ron Cone, Ben Anthony, Scott Isaacson

The following is a project management plan regarding statewide technology needs:

	Action Plan	Completion Date
Illini Cloud and/or Nebraska Cloud		
MOU	Submit draft to Karen Haase for legal review; IlliniCloud is OK with draft Review with ESUCC Technology Committee ESUCC Presentation/Demo ESUCC Board Approval	12-18-14 1-7-15 1-8-15 February 5, 2015
Single Sign On (Identity Management)	Implement multi-tenant IdP for pilot districts & ESUs, using local districts' existing directories/authentication mechanisms Full statewide implementation	2-15-2015 January 2016 ???
K-12 Federation	Ability to federate with other states and outside vendors Key components developed with Scott, Mike, Jordan, Ben, Ron	January 2016 ???
Student Privacy	COSN data privacy toolkit. Join COSN. Include within the 15-16 MSA. Call for statewide quote for membership within the 2015-16 MSA (Ludwig)	March 2015 January 2015
Statewide Support Model	Cooperation with the development of the Cloud. Data Dashboard support will enhance this approach. Additional FTE or restructured FTE to be determined.	In development with statewide efforts. March 2015
Statewide Data Centers (ESU 2 and 10 +) Statewide Infrastructure/Backup/Redundancy	ESU 3 may be difficult to consider due in part to their partial membership with Network NE. An RFP is in place for possible full-bandwidth membership. Consideration to be provided for ESU 18 and 19 - investigate willingness to participate and connectivity to Network NE..... Design initial OpenStack environment OpenStack test environment live in 2 data centers..... Production OpenStack environment live in 2 data centers Addition of 3rd data center to production environment	3-2015 1-2015 1-2015 2-15-2015 6-1-2015 late 2015
Security Plan	CISSP Notebook. The Technology Team of 5 technicians to manage in sections statewide. Determine certification for CISSP of staff statewide. NITC is currently working on security issues.	Ongoing

Vendor Management	Scott Isaacson and Dean Folkers are attending a conference January 13/14, 2015. Active ESUCC engagement process of Vendor Management to be developed.	January 2015 February 2015 with the Executive Committee
ICE Conference - Feb 24-26	The Four Technicians will attend.	February 2015
Production Demonstrator (June ???)	Necessary for grant funding sources	June 2015
Portal System	Install uPortal with IlliniCloud extensions for pilot districts & ESUs	2-15-2015
Cost Analysis -	Develop a cost analysis for the statewide projects related to the Illini Cloud project. (Data center space, hardware, network connectivity, software licenses, staffing)	February 2015
Branding/Marketing	Five Technicians develop a one-page talking document for ESU Administrators, affiliates, NDE, and School Districts	1-7-15
Data Dashboard		
Student Information Systems - Vendor Management		
Power School (Statewide Model)	Discuss within the ESUCC Technology Meeting on 12-19-14. Target PowerSchool hosting integration into NE Cloud (future)	12-19-14 Summer 2016
Infinite Campus		
School Master		
SIMS (ESU 3)		
Go Edustar		
???		
Nebraska Repository for Online BlendED Learning	BlendEd Learning Graphic (PDF) Closing the Gap: Turning SIS/LMS Data into Action Report (PDF) Financial support TBD by the legislature -	Ongoing
Learning Object Repository	Still in implementation stage, ongoing work and negotiations	2015 - 2016
Safari Contract Negotiations	Complete basic 2014-15 support agreement Determine needs and negotiate 2-year agreement for 2015-2017	12-31-2014 3-31-2015
Safari Implementation	Connect to SSO federation, CAS, LDAP or local accounts Google authentication	3-31-2015 TBD
Learning Management System	Canvas; Schoology; Blackboard; Moodle will determine statewide support	March 2015

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

The Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate statewide activities of Nebraska's 17 Educational Service Units (ESUs). The governing body for the ESUCC consists of one administrator from each ESU. The ESUCC came into existence, per Neb. Rev. Stat. § 79-1245 (Reissue 2014), on July 1, 2008. The statutory description and duties of the ESUCC can be found in Neb. Rev. Stat. §§ 79-1245 through 79-1249 (Reissue 2014). In particular, § 79-1246(1) states, in part:

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. . . . [The ESUCC's] duties include, but are not limited to:

- (a) Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state;*
- (b) Administration of statewide initiatives and provision of statewide services; and*
- (c) Coordination of distance education.*

Based on the above statutory authority, the ESUCC, in its first year of existence, determined that all statewide projects previously offered in partnership by various ESUs would be placed under the umbrella of the ESUCC. Any ESU hosting a statewide project became known as the "fiscal agent" for that project, now under the ESUCC. The ESUCC then established agreements with each fiscal agent to continue to provide the various projects and also established a master services agreement with all of the ESUs, enabling them to choose the statewide projects in which they wished to participate.

During the fiscal year ended August 31, 2010, the ESUCC began a transition away from the fiscal agent organization. That transition took the form of the ESUCC contracting with Educational Service Unit No. 17 (ESU 17) to provide all staff for the ESUCC. This was accomplished for the fiscal year ended August 31, 2011, by ESU 17 developing employment contracts with all previous ESUCC project employees, including the Executive Director of the ESUCC. Thus, all ESUCC project employees and the ESUCC Executive Director became ESU 17 employees. Through an interlocal agreement, the ESUCC agreed to reimburse ESU 17 for all salaries and benefits for these employees.

The following is a brief description of each statewide project as it operated during the fiscal year ended August 31, 2014:

- **ESU Professional Development Organization (ESUPDO)**

The ESUPDO serves as a collaborative effort to provide training for ESU employees statewide. Professional development is among the core services identified by State statute for ESUs. The ESUCC manages ESUPDO functions as part of the overall general administrative costs and activities of the ESUCC. The ESUPDO consists of five affiliate groups comprised of ESU employees across the 17 ESUs. These groups are:

- **Staff Development Affiliate (SDA):** Members are generally responsible for providing staff development for their school districts and have assisted the Nebraska Department of Education (Education) efforts on statewide and local assessment, as well as school improvement for Nebraska's school districts.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Continued)

- **Technology Assistance Group (TAG):** Members provide assistance to school districts in the dissemination and integration of new educational technologies deployed by school districts. Recently, this has included numerous initiatives, such as learning management systems and one-to-one laptop initiatives, as well as classroom technologies, including electronic whiteboards, clickers, and other educational technologies. Additionally, the TAG members may assist districts in the use of new software and computer applications, including statewide assessment.
- **Network Operations Committee (NOC):** The NOC supports the extensive communications network within and among the ESUs and school districts. The NOC provides network security and protocols for its districts and ESUs and ensures the communications network for distance education, internet, email, and internet protocol phones are functioning and secure. Statewide, this group establishes common frameworks and capacities for assisting one another to ensure the education network functions well.
- **Instructional Materials (I-Mat):** I-Mat consists of media professionals from across the State. It serves the dual role of providing for and assisting school districts to make use of the statewide I-Mat media, as well as the integration of media materials in school districts. Originally, I-Mat served to ensure that school districts had access to educational films, videos, and DVDs. Currently, I-Mat is implementing a Learning Object Repository (LOR) system using Safari Montage for digital delivery of library and media materials. This service is among the core services identified by State statute.
- **ESU Special Populations Directors (ESPD):** This affiliate group consists of the Special Education Directors and staff from across the State. This affiliate group was included in the ESUPDO as the need for special education professional development has progressed in the age of standards and assessment, along with the need to establish and share professional development efforts for special education teachers and classroom teachers alike. ESPD is also involved with Education in providing leadership for special education training and support, as well as programs such as Response To Intervention (RTI).
- **Distance Education**
Originating with the Distance Education Council formed legislatively through LB 1208 (2006), distance education is now a responsibility of the ESUCC. Section 79-1248 addresses the powers and duties of the ESUCC, which may be used as part of the effort to build, improve, and maintain the State's distance education network, as follows:

The powers and duties of the Educational Service Unit Coordinating Council include, but are not limited to:

- (1) Providing public access to lists of qualified distance education courses;*
- (2) Collecting and providing school schedules for participating educational entities;*
- (3) Facilitation of scheduling for qualified distance education courses;*

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Continued)

- (4) Brokering of qualified distance education courses to be purchased by educational entities;*
- (5) Assessment of distance education needs and evaluation of distance education services;*
- (6) Compliance with technical standards as set forth by the Nebraska Information Technology Commission [NITC] and academic standards as set forth by the State Department of Education related to distance education;*
- (7) Establishment of a system for scheduling courses brokered by . . . [ESUCC] and for choosing receiving educational entities when the demand for a course exceeds the capacity as determined by either the technology available or the course provider;*
- (8) Administration of learning management systems, either through the staff of . . . [ESUCC] or by delegation to an appropriate educational entity, with the funding for such systems provided by participating educational entities; and*
- (9) Coordination with educational service units and postsecondary educational institutions to provide assistance for instructional design for both two-way interactive video distance education courses and the offering of graduate credit courses in distance education.*

- **Nebraska ESU Cooperative Purchasing (Coop)**

Coop provides cooperating purchasing services to ESU member schools throughout the State of Nebraska. The service is offered jointly by the ESUCC and Nebraska's 17 ESUs. The ESUCC now serves as the governing body for Coop. Additionally, beginning in 2010-2011, the accounting system for Coop was modified to serve as the central accounting for all ESUCC projects.

- **Instructional Materials (I-Mat)**

I-Mat also has a long history of providing services statewide for school districts through Nebraska's network of ESUs. For approximately 30 years, the ESUs have worked together to purchase rights to media materials and made those materials available through local ESUs in a variety of formats. This undertaking exists as a project of the ESUCC and, beginning in 2010-11, the fiscal management was moved under the ESUCC central accounting system. Annually, the I-Mat membership gathers to select titles to propose for purchase at a statewide level. ESUs contribute to the project for the "spring buy" and "special projects" each year. Now that I-Mat is one of the ESUCC projects, the master services agreement between the ESUCC and the ESUs identifies the level of participation of each ESU. As technology moves forward, so does the I-Mat project. Currently, videos are available in physical formats, including VHS, DVD, and CD. Additionally, media materials are being digitized and made available through the Learn360 "media on demand" service and the Safari Montage Learning Object Repository (LOR). This digital format is opening up media materials, once difficult to obtain, to schools across the state. Additionally, the project works to match media to specific standards and is making media searchable for the most appropriate classroom use. I-Mat, like other ESUCC projects, continues to evolve with conversations about moving to fully digital online media and expansion of other library and media resources.

BACKGROUND

(Continued)

- **My E-Learning (MEL or MyE)**

MyE is a statewide project to make available an online learning management system (LMS) to school districts, teachers, and students. Similar to the other projects, MyE was brought under the umbrella of the ESUCC and, beginning in 2010-11, came to exist as a project directly managed under the ESUCC. ESU 10 in Kearney previously served as the fiscal agent for the project. The mission of MyE is to implement an asynchronous web-based learning management system to ensure statewide accessibility to: 1) expanded educational opportunities for all K-12 students; and 2) timely delivery of staff development opportunities. MyE is staffed by a director and shares administrative staffing with the ESUCC. The project has been guided by an advisory board consisting of ESU and school district (user) representatives. Currently, MyE supports the ANGEL and Blackboard learning management systems. The service is provided through annual user contracts and fees. Recent statistics indicate that there are approximately 26,500 user accounts in use by approximately 63 contracts (districts or ESUs) across the State. The transition to management by the ESUCC has developed a shift in strategic planning and implementation of the MyE project. The MyE project is also a foundational piece of the conversations surrounding virtual education in the State.

- **Special Education (SPED) Projects**

The purpose of the SPED Projects is for participating parties to pool their resources in connection with the special education services and for the training of special education teachers and other staff members employed by educational institutions within the State. Each participating ESU contributes a \$5,000 annual fee in general support of the projects and, additionally, each participating school is assessed a fee for services provided under the Student Records System (SRS) fee structure. There are three special education projects:

- **Improving Learning for Children with Disabilities (ILCD):** ILCD is a State self-assessment project that gathers information for Federal reporting requirements. The ILCD project utilizes parent, teacher, and administration survey assessments. The survey results can be accessed via the ILCD website. The ESUCCs' technology role includes purchasing, distributing, and scanning surveys. ESUCC staff provides technical assistance for the ILCD website and survey design.
- **Project PARA:** Project PARA is a web-based method for school districts to provide introductory training for their paraeducators. Project PARA assists schools in meeting the paraeducator training requirements of No Child Left Behind, Rule 11, and the Individuals with Disabilities Education Act (IDEA). Project PARA is a collaborative effort between the University of Nebraska, the Nebraska Department of Education, and Nebraska ESUs.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Concluded)

- **Student Records System (SRS):** SRS is an online special education record-keeping system. It creates all special education documents required by Rule 51, including Individual Education Program (IEP), Multidisciplinary Evaluation Team (MDT), Individualized Family Service Plan (IFSP), and all required notices. SRS is a highly secure system that organizes and stores documents and provides easy access to files from anywhere via the internet. SRS training is provided across the State for district staff and college and university staff.

- **BlendEd Initiative (Technology Direction)**
In the fall of 2012, the ESUCC submitted an overview of the BlendEd Initiative to the Nebraska Information Technology Commission (NITC) with the vision of creating an eLearning system, bringing together the work of the ESUCC project areas into a more seamless shared learning environment. In May 2013, the position of Technology Project Manager was formed to coordinate this work across the ESUCC project areas. Projects involved in this effort are the I-Mat Learning Object Repository, MyE Learning Management Systems, and the ESU Professional Development Organization and affiliates. New work is beginning across these projects in the areas of federated identity management and an enhanced evaluative system. Blended education has been promoted by educational researchers as a one of the most promising recent innovations in education because it calls for making strategic choices about when face-to-face (synchronous) instruction is needed and when and how online (asynchronous) instruction can be best used to provide elements of student control over time, place, path, and pace and provide more equity, efficiency, and flexibility.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MISSION STATEMENT

The mission of the ESUCC is to provide the most cost effective educational support for the students, teachers, and school districts in each Nebraska educational service unit by facilitating statewide coordination of educational services and strategic planning.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

EXIT CONFERENCE

An exit conference was held December 8, 2014, with the Educational Service Unit Coordinating Council (ESUCC) to discuss the results of our examination. Those in attendance for the ESUCC were:

NAME	TITLE
Jeff West	Board President (1)
Dennis Radford	Board Treasurer and ESU 17 Administrator
David Ludwig	Executive Director
Priscilla Quintana	Business Manager (1)
Deb Hericks	Assistant to Executive Director (1)
Jan Foster	ESU 17 Business Manager (1)

(1) Via Teleconference

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

SUMMARY OF COMMENTS

During our audit of the Educational Service Unit Coordinating Council (ESUCC), we noted certain matters involving the internal control over financial reporting and other operational matters that are presented here.

1. ***Contractual Employees:*** Several findings were noted in this area, as follows: a lack of segregation of duties overall; a lack of support for pay splits; and an overall lack of policies and procedures.
2. ***Disbursements:*** Our review noted an overall lack of segregation of duties. We noted several contract issues, including the following: contracts not on file; contracts not going through the competitive bidding process; no basis for selecting the vendor for contracts; and no documented legal review on contracts. Lastly, we noted these issues involving travel expense reimbursements: inadequate support for reimbursements; unreasonable lodging costs paid; and a lack of timely submission of reimbursement requests.
3. ***Receipts:*** There was a lack of segregation of duties over the receipt process.
4. ***Capital Assets:*** Policies and procedures were not in place to govern capital assets, and a lack of segregation of duties existed.

More detailed information on the above items is provided hereafter. It should be noted this report is critical in nature, containing only our comments and recommendations on the areas noted for improvement.

Draft copies of this report were furnished to the ESUCC to provide its management with an opportunity to review and to respond to the comments and recommendations contained herein. All formal responses received have been incorporated into this report. Where no response has been included, the ESUCC declined to respond. Responses that indicate corrective action has been taken were not verified at this time, but they will be verified in the next audit.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

1. Contractual Employees

During the fiscal year ended August 31, 2014, the ESUCC had a total of 12 employees, which included the Executive Director working on ESUCC projects. These 12 employees were officially ESU 17 employees. This was accomplished through an interlocal agreement between the ESUCC and ESU 17, which stipulated the employees were under the direct supervision of the ESUCC, and the ESUCC was ultimately responsible for the payroll costs of the employees.

In testing of payroll, we noted multiple findings in both the processing of payroll and the personnel policies and procedures for the ESUCC. Those findings are outlined below.

A. The contract between the ESUCC and ESU 17 for employees was not dated when signed and does not state the time period of the contract.

The ESUCC and ESU 17 entered into an interlocal agreement that ESU 17 employees were to work on ESUCC projects, and, in return, the ESUCC would pay ESU 17 the cost of those employees' payroll. In reviewing the agreement between the ESUCC and ESU 17, covering the fiscal years ended August 31, 2013, and August 31, 2014, we noted that the ESUCC had dated its signature, but ESU 17's signature was not dated, and the agreement did not specify a time period. This was noted in the prior year audit. We did note, however, that the agreement for the fiscal years ending August 31, 2015, and August 31, 2016, corrected these issues.

A good internal control plan requires that contracts be dated, as well as state the time period covered by the contract.

A contract that is neither dated by the signatories nor specifies the time period to be covered may give rise to legal complications, including misunderstandings that lead to concerns over possible noncompliance.

The interlocal agreement in effect during the fiscal year ended August 31, 2014, was neither dated by the signer nor specified the time period for which it was valid. However, the agreement for the fiscal years ending August 31, 2015, and August 31, 2016, contains this information. Therefore, we have no further recommendation.

ESUCC's Response: A review process regarding contract signatures, dated signatures, and time period will continue as demonstrated in the current fiscal year.

COMMENTS AND RECOMMENDATIONS

(Continued)

1. Contractual Employees (Continued)

B. A lack of segregation of duties exists in the payroll process, and certain controls over the payroll could be improved.

During our audit, we noted that two employees, the ESU 17 Administrator and the ESU 17 Business Manager, had access to the Harris Fund Accounting Program used to process payroll. However, the ESU 17 Administrator has not been cross-trained to use the system to process payroll. With regards to the Harris Fund Accounting Program, we noted that the system does not require passwords to be changed or certain password parameters to strengthen passwords. ESU 17 also lacks policies and procedures that address system passwords.

We also noted the ESUCC does not compare what it is billed to the actual payroll costs incurred by ESU 17 for ESUCC project employees. Such a comparison is necessary to ensure the ESUCC is paying ESU 17 the correct amount for payroll costs on an annual basis.

Further, we noted that there is no independent approval of the Executive Director's time calendars. The Executive Director receives all employee time calendars from the Executive Assistant and then approves them, including his own. Once they are approved, the Executive Assistant sends the time calendars to ESU 17 for processing.

We have noted the same issues in prior audits.

A good internal control plan requires a segregation of duties that prevents one individual from processing a transaction from beginning to end.

A lack of segregation of duties and a lack of controls over the payroll process and payroll system creates an increased risk of asset misappropriation.

We again recommend the ESUCC develop a proper segregation of duties over the payroll process. We also recommend other employees be cross-trained to use the system to process payroll and policies and procedures be developed for password security. We further recommend the ESUCC compare what is billed to the actual payroll costs incurred by ESU 17 to ensure the ESUCC has paid the correct amount. Lastly, we recommend that someone else approve the Executive Director's time calendars.

ESUCC's Response: In regard to segregation of duties, this was referred to ESU 17 for corrective action. The ESU 17 Administrator will approve the ESUCC Executive Director's time calendar.

COMMENTS AND RECOMMENDATIONS

(Continued)

1. Contractual Employees (Continued)

C. Pay splits between ESUCC projects are inadequately supported.

During our prior audit, we noted the following:

In December 2013, the ESUCC started splitting four employees' time between projects. According to staff, the split times were based on a general understanding of the executive director's discussion with staff of the time they worked on the projects. No formal time study was used by the ESUCC to determine the time splits, and the ESUCC did not have any documentation of how these time splits were determined.

During our current audit, we noted no changes regarding how pay splits were determined. The ESUCC did not conduct a formal time study to determine time splits and lacked adequate documentation of how the time splits were determined.

A good internal control plan requires pay splits to be adequately documented and also requires time worked on a project to be paid from that project's funds.

When time worked is not tracked by project, there is an increased risk that disbursements reported for projects will be inaccurate – which, for budgeting purposes, makes it difficult to anticipate the amount of payroll costs needed for each project in the future.

We again recommend the ESUCC either direct its project employees to start tracking their time worked on each project or have the employees do time studies periodically to ensure their pay is being split correctly between the various ESUCC projects.

ESUCC's Response: ESUCC staff will conduct a formal time study each year for a one-week period.

D. The ESUCC lacks formal personnel policies and procedures for the supervision of its contractual employees for ESUCC projects – including, but not limited to, such areas as termination policies, leave awarding guidelines, monitoring completion of required workdays, and corrective measures if required workdays are not met in the contract period.

During our prior audit, we noted the following:

Per the interlocal agreement between ESUCC and ESU 17, as well as the individual employee contracts, ESUCC is in charge of supervising contracted employees from ESU 17. The prior year's audit noted that ESUCC lacked its own formal policies and procedures for supervising these employees; instead, ESUCC was informally relying upon ESU 17's personnel policies. Since the last audit, ESUCC has been working on drafting the needed policies, but none have been officially adopted by the Board. These policies would need to include termination policies and procedures.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

1. **Contractual Employees** (Concluded)

For granting leave to employees each year, the Executive Director uses informal guidelines for authorizing annual vacation leave, but no formal guidelines have been documented and approved by the ESUCC Board as part of its formal policies and procedures. This was also a prior year finding.

The only change completed, in an attempt to address this finding, is that vacation is now formally recognized and awarded in the employment contracts for the fiscal year ended August 31, 2013, as opposed to the fiscal year ended August 31, 2012, in which the Executive Director would informally tell the Business Manager at ESU 17 what to enter into the Harris Fund Accounting system for awarding and tracking leave.

Additionally, in last year's audit, we noted the absence of formal policies and procedures governing employees' progress toward completing the required number of workdays, as outlined in their employment contracts. There were also no corrective measures to address a situation in which an employee fails to complete his or her required workdays for the contract period. Since the finding, the Business Manager at ESU 17, the Administrative Assistant at ESUCC, and the Executive Director track and review employees' workdays each month. However, no formal policies and procedures for such monitoring, much less any related disciplinary measures, have been developed and approved by the Board since the last audit.

During our current audit, we noted the ESUCC did not formally adopt personnel policies and procedures to correct this finding during the fiscal year ended August 31, 2014. Policies were adopted by the Board and became effective on October 9, 2014.

A good internal control plan requires formal personnel policies and procedures to be in place.

Formal policies and procedures were not in place during the fiscal year ended August 31, 2014; however, policies were adopted by the Board on October 9, 2014. Therefore, we have no further recommendation.

ESUCC's Response: The ESUCC Board Policies were adopted October 9, 2014 and will be scheduled for review in June of each year.

2. **Disbursements**

During our review of the ESUCC's disbursements process and our testing of selected transactions, we noted the following:

A. A lack of segregation of duties exists in the disbursement process.

There is a lack of segregation of duties over the disbursement process. This lack of segregation of duties has arisen due to one person having the ability to receive purchased items, approve the invoice for payment, prepare the payment voucher, and reconcile documents to the general ledger. This finding was also noted in prior years. We noted compensating controls in place during the fiscal year ended August 31, 2014, including review and approval of disbursements by the Executive Director, dual signatures on checks by the Board President and Board Treasurer, and approval of disbursements by the Board.

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

A good internal control plan requires an adequate segregation of duties over the disbursement process.

When a segregation of duties does not exist, there is a greater risk of fraud and misuse of funds.

We again recommend the ESUCC review its staffing and assignments to determine if an adequate segregation of duties can be obtained, so no one individual is able to process a transaction from beginning to end. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC continue to monitor the disbursement process through effective compensating controls.

ESUCC's Response: ESUCC will review a process that provides for one staff member responsible for receiving purchased items, one staff assigned to approve payment and prepare the payment voucher, and one staff assigned to reconcile documents to the general ledger.

B. We reviewed 10 ESUCC contracts and noted the following:

- For one vendor payment tested, we noted that no competitive bidding had been conducted for the services provided.

The ESUCC entered into a contract for a crisis trainer. According to ESUCC staff, the contract was for a specialized trainer in the field of crises training, which constituted a sole source vendor to whom competitive bidding did not apply. For training and related expenses, the ESUCC paid the crisis trainer in excess of \$32,000 in the fiscal year ended August 31, 2014. However, there was a lack of documentation showing the basis for designating this vendor as being truly a sole source vendor.

A similar finding was noted during our prior audit.

A good internal control plan would include a requirement that the basis for any sole source designation be documented to support the determination that the competitive bidding process is not required.

When documentation in support of a sole source designation is not prepared, there is a greater risk the ESUCC may not be giving all potential bidders an opportunity to submit a bid proposal, and the ESUCC may not be receiving the lowest possible price for its services and products.

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

We again recommend that, when the ESUCC considers a vendor to be a sole source, documentation be prepared to support that decision. If a sole source vendor designation cannot be supported, the service or goods being purchased should go through the formal bidding process.

- For two vendor payments tested, we noted there was no written documentation available to support the lowest possible bidder was chosen.

ESM, a software vendor, was paid \$150,000 for an annual software subscription fee in the fiscal year ended August 31, 2014. To select the vendor, an ESUCC selection committee narrowed the field to three prospective bidders who made presentations to the selection committee. The selection committee evaluated the vendors verbally; therefore, no written documentation was available to support the lowest possible bidder was chosen.

A second vendor was to host all digital media for the BlendED/IMat project for schools throughout the State. The ESUCC signed a three-year agreement with Infobase Learning, the vendor, for the Learn360 license for statewide coverage for Nebraska Pre-Kindergarten to grade 12 schools. Payment was made to Infobase Learning in the amount of \$98,000 in the fiscal year ended August 31, 2014. To select the vendor, a selection committee comprised of staff from the ESUCC, ESUs, school personnel, etc., narrowed the field to prospective bidders who made presentations to the selection committee. The selection committee evaluated the vendors; however, the ESUCC was unable to provide documentation to support the lowest possible bidder was chosen.

A similar finding was noted in our prior audit.

A good internal control plan would include a requirement that written documentation be available to support that the lowest possible bidder was chosen.

When documentation supporting selection of the lowest possible bidder is not prepared, there is a greater risk the ESUCC may not be receiving the lowest price for its services and products.

We recommend that, when the ESUCC selection committee evaluates vendors, written documentation be maintained to support its selection.

- For four vendor payments tested, the ESUCC did not have a contract on file.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. **Disbursements** (Continued)

The ESUCC paid Soliant Consulting, Inc, \$226,645 during the fiscal year ended August 31, 2014, for web consulting, production support, and maintenance services. However, the ESUCC did not have a contract with the vendor on file.

The ESUCC paid Renovo Software \$88,896 during the fiscal year ended August 31, 2014, for annual maintenance support and upgrades for software used for distance education. The contract provided by the ESUCC had an end date of June 30, 2010. No current contract was on file.

The ESUCC had a service contract with RMC Research Corporation for a fixed contract amount of \$37,918 for the period June 1, 2013, to November 30, 2014. The amount paid during the fiscal year ended August 31, 2014, was \$18,959. Additionally, the ESUCC had an agreement with Angel/Blackboard to provide services in the amount of \$138,600 for the period July 1, 2013, to June 30, 2014. However, when we requested a copy of these contracts, the ESUCC had to contact the vendor to obtain them. It was also noted that the contract with Angel/Blackboard contained no termination clause.

We had a similar finding in our prior audit.

A good internal control plan would require that the ESUCC enter into contractual agreements for all services and maintain such contracts on file. Additionally, a good internal control plan would require that a termination clause be included in all contracts. When contracts are on file, and their terms are specific and enforceable, the ESUCC's interests are protected during the periods covered by those agreements.

When there is no contractual arrangement for services, it is more difficult for the ESUCC to determine if billing statements are accurate and complete. When contracts are not kept on file, the ESUCC is at risk of making payments outside the terms of those agreements. When a termination clause is not included in every contract, the ESUCC is at risk of incurring legal liability for exiting the contract prematurely.

We recommend the ESUCC enter into contracts for all services obtained. In addition to containing a termination clause, those contracts should be maintained on file.

- During our testing of contracts between the ESUCC and vendors, the ESUCC did not provide documentation to support that five contracts had been subject to legal review prior to being signed. This was a prior year audit finding.

A good internal control plan would include a requirement that all contracts have a legal review.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

When a legal review is not documented for each contract entered into, there is a greater risk that all legal contractual requirements will not be considered and included in the contract, resulting in possible disputes, and even litigation, with vendors.

We again recommend the ESUCC document the legal review performed prior to the final approval and signing of all contracts.

- One payment tested was made to the ESUCC's legal counsel, Harding & Schultz. The contract between the ESUCC and Harding & Schultz included neither specific terms for the effective dates of the agreement nor a termination clause. The invoice submitted to the ESUCC for January 2014 legal services did not identify the number of hours worked on each activity; therefore, it could not be determined whether the amount paid agreed to the terms of the contract.

A good internal control plan would require terms of contracts to be specific and enforceable and a termination clause to be included in all contracts. Additionally, a good internal plan would require the ESUCC to ensure adequate documentation be provided to determine if billing statements are accurate and complete and in accordance with the terms of the contract.

When terms of contracts for services are not specific and enforceable, it is more difficult for the ESUCC to determine if billing statements are accurate and complete. When a termination clause is not included in all contracts, the ESUCC is at risk of incurring legal liability for exiting the contract prematurely.

We recommend the ESUCC ensure all contracts entered into contain terms that are specific and enforceable and also contain a termination clause. We also recommend the ESUCC ensure billing statements contain adequate documentation to support that they are accurate, complete, and in accordance with contract terms.

ESUCC's Response: A formal process for a yearly review of contracts to include documentation for bidding, legal review and a termination clause will be implemented. A spreadsheet for purpose of review will be developed and implemented.

C. We reviewed 10 travel-related disbursement documents and noted the following (many of the findings noted during our current audit were also noted during our prior audit):

- During our audit, we noted that the ESUCC had not yet developed formal policies and procedures related to the payment of travel expenses and reimbursements during the fiscal year ended August 31, 2014. This was also noted in our prior audit. The ESUCC did develop policies, but they were not adopted by the Board until October 9, 2014.

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

A good internal control plan would include adopting formal policies and procedures relating to expensing and reimbursing items for travel.

Formal policies and procedures were not in place during the fiscal year ended August 31, 2014; however, policies were adopted by the Board on October 9, 2014. Therefore, we have no further recommendation

- For 4 of 10 travel disbursements, expense reimbursement requests were not submitted in a timely manner. One reimbursement was for \$8,442 and was for 27 trips from August 2013 to June 2014. That reimbursement was paid on August 27, 2014. The second was for \$1,442 and was for 11 trips in September, October, and November 2013. That reimbursement was paid on December 12, 2013. The third reimbursement was for \$3,563 and was for 14 trips from January through May 2013. That reimbursement was paid on September 13, 2013. The fourth reimbursement was for \$1,014 and was for 15 trips from March through July 2014. It was paid on July 24, 2014.

A good internal control plan would require that requests for expense reimbursements be submitted in a timely manner in order to ensure proper documentation, review, and payment of the reimbursement.

When requests for expense reimbursements are not submitted in a timely manner, there is a greater risk of errors, and it is more likely that proper documentation for reimbursement would not be available.

We recommend the ESUCC develop formal, consistent policies for the timely submission, such as monthly, of reimbursement requests.

- For two of six reimbursements for mileage, there were no mileage logs specifying dates, purpose of travel, starting points, and destinations. One reimbursement consisted of several trips made by an ESUCC employee in September, October, and November 2013. The other was for several trips made by an ESUCC employee from January through May 2013. In both cases, the Auditor of Public Accounts (APA) recalculated mileage based on destinations listed on other forms of documentation (invoices, minutes, receipts, etc.) and the employees' office or home as the starting location.

Also, for one of six reimbursements for mileage, the mileage was not reasonable based on the most direct route of travel. The reasonableness of mileage was determined by calculating mileage in excess of 10% of Google Maps mileage. For one trip, ESUCC reimbursed mileage for the sponsor of a student who won a contest to attend a ceremony

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

in Lincoln, NE. The sponsor was reimbursed for 563 miles, round trip, from Dunning, NE, to Lincoln, NE. Per Google Maps, Dunning, NE, to Lincoln, NE, is 434 miles round trip. The reimbursed mileage exceeded Google Maps mileage by 129 miles. The amount reimbursed for mileage was \$73 more than what it would have been if the most direct route had been used.

A good internal control plan would require adequate supporting documentation of mileage incurred for work travel purposes. This would include having travel logs that contain start and stop times, travel location, and purpose of travel. In addition, a reasonable policy for travel reimbursement would be to reimburse for mileage based on the most direct route of travel.

When there is a lack of adequate documentation for mileage incurred, or when mileage reimbursements are not made for the most direct route of travel, there is greater risk for fraud or abuse of travel disbursements.

We recommend the ESUCC ensure policies and procedures provide requirements for documenting mileage in a travel log that would be submitted with the reimbursement request and other supporting documentation verifying the location of the work event. In addition, we recommend the ESUCC establish policies and procedures to reimburse mileage for the most direct route of travel.

- For two of five travel disbursements with lodging reimbursements tested, lodging costs were not considered reasonable based on U.S. General Services Administration (GSA) per diem rates. On the first disbursement for lodging, the ESUCC paid for an employee to stay in Doylestown, Pennsylvania, while meeting with a vendor. The ESUCC paid \$179 per night, for two nights. The GSA per diem rate was \$77 per night, so the ESUCC paid \$204 more than the GSA per diem rate for the two nights.

On the second disbursement, the ESUCC paid for lodging for individuals attending a Math Standards and Practices training seminar in Kearney, NE. Lodging rates at the hotel were either \$90 or \$100, depending on the date of stay. The GSA per diem rate for Nebraska was \$83 per night. If the GSA per diem rate had been paid, the ESUCC would have paid \$2,739. However, the ESUCC paid \$3,255, for an overpayment of \$516. It was also noted that taxes on in-state lodging and late fees were included in the payment. Of that \$516 overpayment, \$13 was due to taxes being paid for in-state lodging, \$34 was due to late fees on the hotel billing, and the remaining \$469 was due to the ESUCC paying rates higher than the GSA per diem rate.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. **Disbursements** (Concluded)

A good internal control plan and good business practices would require disbursements for lodging to fall within the GSA per diem rates. Good business practices would also require that taxes not be paid on in-state lodging because the ESUCC is exempt from State taxes. Additionally, invoices should be paid in a timely manner to avoid incurring late fees.

When disbursements for lodging do not fall within the GSA per diem rates, there is increased risk for abuse of travel disbursements. When taxes are paid on in-state lodging, there is increased risk that the ESUCC will overpay for lodging. When invoices are not paid in a timely manner, there is increased risk that the ESUCC will incur late fees.

We recommend that GSA per diem rates be followed for lodging disbursements. We also recommend that the ESUCC not pay taxes on in-state lodging. Additionally, we recommend that the ESUCC implement policies and procedures to ensure that invoices are paid in a timely manner.

ESUCC's Response: Beginning with the 2014-15 year, the home base location for each ESUCC employee was established, as this process will continue each year. Random review of mileage using Google Maps will be conducted and ESUCC Personnel will continue to be informed through staff meetings regarding submission of mileage reimbursement in a timely manner.

3. **Receipts**

In our review of the receipt process, we noted the following:

A lack of segregation of duties exists for the ESUCC receipt process. One person has the ability to receive checks and record initial control. Another person has the ability to perform the deposit entry and reconcile the deposit document to the general ledger. This finding was also noted in our prior five audits. We noted compensating controls in place during the fiscal year ended August 31, 2014, including review of the deposit slip by the person who recorded initial control before taking the deposit to the bank, initials of both the individuals preparing and reviewing the deposit on the deposit slip, and review and approval of deposits, bank statements, and reconciliation reports by the Board.

A good internal control plan would include an adequate segregation of duties to ensure no one person is in a position both to perpetuate and to conceal errors or irregularities.

A lack of segregation of duties increases the risk of error or fraud and misuse of funds.

COMMENTS AND RECOMMENDATIONS

(Concluded)

3. Receipts (Concluded)

We recommend the ESUCC review its staffing assignments to determine if an adequate segregation of duties can be obtained, so no one individual is able to perform the entire receipt process. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC continue to monitor the receipt process through effective compensating controls.

ESUCC's Response: ESUCC will review a process that provides for one staff member responsible for receiving checks and recording initial control and one person responsible for deposit entry and reconciling the deposit document in the general ledger.

4. Capital Assets

During our prior audits, we have reported that the ESUCC has no formal system in place to track capital assets. While an informal policy on fixed asset management was developed, including the creation of forms for the disposal of assets, there were no formal and approved policies or procedures in place to govern capital asset additions, deletions, useful life, or depreciation method for the fiscal year. Additionally, there was a lack of segregation of duties noted, as one person can perform all the functions for capital asset inventory.

A good internal control plan would require that a system be in place to track capital assets in order to decrease the risk that assets of the ESUCC will be lost or stolen, policies and procedures are followed to ensure capital assets are being recorded properly, and an adequate segregation of duties exists over the capital asset inventory process.

Without the above-noted elements of a good internal control plan and good business practices in place, there is an increased risk fraud, waste, or abuse will occur.

We again recommend the ESUCC Board continue to implement a strong internal control plan, which would include policies and procedures for capital assets, and review its staffing and assignments to determine if an adequate segregation of duties can be obtained. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC put compensating controls in place to monitor capital asset inventory, including additions and deletions of items in the system and the capital asset listing.

ESUCC's Response: A database created within ESU 17 will be implemented as a formal system to track and monitor capital assets within ESUCC.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of August 31, 2014, and the respective changes in financial position thereof for the year then ended in conformity with the cash basis of accounting described in Note 1.

Basis of Accounting and Emphasis of Matter

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Prior to August 31, 2014, the financial statements were prepared on the modified cash basis of accounting. Our opinion is not modified with respect to these matters.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements. The combining schedule – General Fund is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining schedule – General Fund is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedule – General Fund is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Management's Discussion and Analysis and Budgetary Comparison Schedule on pages 25 through 30 and 44 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2014, on our consideration of the Educational Service Unit Coordinating Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Educational Service Unit Coordinating Council's internal control over financial reporting and compliance.

December 19, 2014

Don Dunlap, CPA
Assistant Deputy Auditor

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the Educational Service Unit Coordinating Council (ESUCC) provides the following discussion and analysis of the ESUCC's financial performance, as reflected in the financial report for the fiscal year ended August 31, 2014. Please read it in conjunction with the ESUCC's basic financial statements, which follow.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the ESUCC's financial statements. The provisions of Statement No. 34 (Statement 34) of the Governmental Accounting Standards Board (GASB), "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," established standards for external financial reporting for all State and local government entities. These standards require three components for the ESUCC's basic financial statements: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other information (e.g., combining schedules and budgetary information) in addition to the basic financial statements. These components are described below.

Government-Wide Financial Statements

These statements are intended to provide a broad view of the ESUCC's operations in a manner similar to the private sector, providing both a short-term and a long-term view of the ESUCC's financial position. The ESUCC prepared its government-wide statements on the cash basis of accounting. Under the cash basis, receipts are recognized when collected rather than when earned, and disbursements are recognized when paid rather than when incurred. Accordingly, the ESUCC's government-wide financial statements are not intended to present the financial position and results of operations in conformity with generally accepted accounting principles (GAAP) accepted in the United States of America. The government-wide financial statements include two statements, the Statement of Net Position and the Statement of Activities.

The *Statement of Net Position* on page 31 presents all of the ESUCC's assets on the cash basis, as described above, with the difference between the two reported as "net position."

The *Statement of Activities* on page 32 presents information showing how the ESUCC's net position changed during the reported year. Changes reported are on the cash basis, as described above. The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program receipts are reported, instead, as general receipts.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Continued)

Fund Financial Statements

This is the second set of financial statements presented in the report. Under GAAP, these statements would be different from the government-wide statements in that these statements would use a different accounting approach and focus on the near-term inflows and outflows of ESUCC operations.

The ESUCC has only one fund, the General Fund. GAAP classifies funds into three categories – Governmental Funds, Proprietary Funds, and Fiduciary Funds. The General Fund of an entity is classified as a Governmental Fund, as it accounts for all basic services. The Fund Financial Statements, which can be found on pages 33 and 34, provide detailed information about the ESUCC's General Fund. A fund is a method of accounting that uses a set of accounts to maintain accountability and control over specific sources of funding and spending for a particular activity or objective. GAAP requires governmental funds to use the modified accrual basis of accounting.

The six projects that make up the General Fund in addition to ESUCC Administration are: ESU Professional Development Organization (ESUPDO); Nebraska ESU Cooperative Purchasing Unit (Coop); Distance Education; My E-Learning (MyE); Instructional Materials (I-Mat); and Special Education Projects (SPED).

Notes to the Financial Statements

The notes to the financial statements offer additional information that is essential to a full understanding of the data provided in all of the basic financial statements. The notes can be found beginning on page 35.

Other Information

Following the basic financial statements and the accompanying notes thereto is additional information that further explains and supports the information in such financial statements. The other information consists of the budgetary schedule and notes and combining schedule. This information can be found beginning on page 44.

FINANCIAL AND OPERATING HIGHLIGHTS

The ESUCC's Net Position for the fiscal year ended August 31, 2014, compared to the fiscal year ended August 31, 2013, decreased by \$910,551. This decrease is generally due to the change in the annual buy project of the Nebraska ESU Cooperative Purchasing Unit for the 2014-2015 school year. Prior to the 2014-2015 school year, the ESUs and school districts would purchase administrative instructional supplies, equipment, and personal property from vendors. The vendor would bill the ESUCC, which would then bill the ESUs for reimbursement. Beginning with the annual buy for the 2014-2015 school year, the school districts are directly purchasing items needed from the vendors and the ESUCC is no longer operating and administering the billing for the project. Another reason for the decrease was the decision to change the presentation of the financial statements from the modified cash basis of accounting, as used in the fiscal year ended August 31, 2013, to the cash basis of accounting for the fiscal year ended August 31, 2014. The table on the following page provides a more detailed picture of the changes in net position.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Continued)

FINANCIAL ANALYSIS OF ESUCC AS A WHOLE

Net Position

The ESUCC's assets totaled \$728,885 at August 31, 2014, as compared to \$4,122,926 at August 31, 2013. Due to the preparation of the financial statements on a cash basis for the fiscal year ended August 31, 2014, there were no liabilities as of August 31, 2014. Net position amounted to \$728,885, as of August 31, 2014. As of August 31, 2013, liabilities were \$2,483,490 and net position was \$1,639,436.

Unrestricted net position is all other net position that does not meet the definition of "restricted" or "invested in capital assets, net of related debt." The ESUCC's unrestricted net position totaled \$728,885, as of August 31, 2014.

	Net Position	
	As of August 31	
	Cash Basis	Modified
	2014	Cash Basis
		2013
ASSETS:		
Cash and Cash Equivalents	\$ 728,885	\$ 2,767,446
Accounts Receivable	-	1,353,078
Prepaid Items	-	2,402
Total Assets	<u>728,885</u>	<u>4,122,926</u>
LIABILITIES	<u>-</u>	<u>2,483,490</u>
NET POSITION:		
Unrestricted	728,885	1,639,436
Total Net Position:	<u>\$ 728,885</u>	<u>\$ 1,639,436</u>

As of August 31, 2014, the ESUCC's assets consisted of cash and cash equivalents. This compares to 67%, as of August 31, 2013. The majority of the remaining assets consisted of accounts receivable at the Nebraska ESU Cooperative Purchasing Unit in the amount of \$1,353,078, as of August 31, 2013. The difference between the two years is generally a result of the change in the annual buy project of Cooperative Purchasing for the 2014-2015 school year.

The ESUCC did not have any liabilities as of August 31, 2014. The ESUCC's liabilities as of August 31, 2013, consisted primarily of liabilities at the Nebraska ESU Cooperative Purchasing Unit in the amount of \$2,483,490. The difference in liabilities from year to year is based on the change of the annual buy project for the 2014-2015 school year.

The ESUCC's net position was \$728,885 and \$1,639,436, as of August 31, 2014 and 2013, respectively. The ESUCC's net position may vary based on receipts and disbursements in Cooperative Purchasing as well as other ESUCC projects.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Continued)

Changes in Net Position

The condensed financial information below was derived from the government-wide Statement of Activities and reflects how the ESUCC's net position changed during the year. Following the table is management's analysis of the changes in net position for the fiscal year ended August 31, 2014.

Changes in Net Position

	Fiscal Year Ended August 31, 2014 Cash Basis	Fiscal Year Ended August 31, 2013 Modified Cash Basis
Receipts:		
Program Receipts		
Charges for Services	\$ 2,502,100	\$ 6,336,063
Operating Grants and Contributions	118,081	83,482
General Receipts:		
State Appropriations	565,593	565,593
Penalties and Fees	37	102,204
Miscellaneous	264	365
Total Receipts	<u>3,186,075</u>	<u>7,087,707</u>
Disbursements:		
ESU Professional Development	878,201	474,323
Distance Education Council	354,264	287,109
My E-Learning	306,263	279,418
Special Education	455,513	422,073
Instructional Materials	220,469	321,760
Nebraska ESU Cooperative	3,009,926	5,612,260
Total Disbursements	<u>5,224,636</u>	<u>7,396,943</u>
Change in Net Position	(2,038,561)	(309,236)
Net Position - Beginning	<u>2,767,446</u>	<u>1,948,672</u>
Net Position - Ending	<u>\$ 728,885</u>	<u>\$ 1,639,436</u>

Receipts

The largest single source of receipts for the ESUCC is charges for services. Charges for services are primarily receipts generated by the Nebraska ESU Cooperative Purchasing Unit for services provided to ESUs and school districts and program receipts for the various projects. Charges for services for the fiscal year ended August 31, 2014, were \$2,502,100, and for the fiscal year ended August 31, 2013, they were \$6,336,063. The change between the two periods reflects the change in the annual buy project of the Cooperative Purchasing for the 2014-2015 school year.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT’S DISCUSSION AND ANALYSIS
(Continued)

The second largest source of receipts is generated by general receipts. The general receipts were comprised primarily of State appropriations for 2% of core services funding, but they also included capital grants. General receipts for the fiscal year ended August 31, 2014, were \$565,894 and for the fiscal year ended August 31, 2013, were \$668,162. Some or all of the change between periods is the availability of general receipts from State appropriations as well as grant sources supporting ESUCC projects.

Disbursements

The largest single purpose of disbursements for the ESUCC was for goods and services disbursed by the Nebraska ESU Cooperative Purchasing Unit, which were then provided to ESUs and school districts. Disbursements for these services for the fiscal year ended August 31, 2014, were \$3,009,926 and for the fiscal year ended August 31, 2013, were \$5,612,260. The change between periods reflects the change in the Cooperative Purchasing annual buy for the 2014-2015 school year.

The remaining disbursements for the ESUCC relate primarily to the various other programs managed by the ESUCC. Disbursements for various programs for the fiscal year ended August 31, 2014, were \$2,214,710 and for the fiscal year ended August 31, 2013, were \$1,784,683. Increases in disbursements for other programs managed by the ESUCC are basic inflationary increases in program costs, including, but not limited to, salary and benefit increases and general inflationary costs of maintaining existing programs and services.

ANALYSIS OF ESUCC’S GENERAL FUND VARIATIONS

The table below provides a comparison of budgeted receipts and disbursements to actual receipts and disbursements.

	<u>Budget</u>	<u>Actual</u>	<u>Positive (Negative) Variance</u>
Beginning Balance	\$ 1,728,132	\$ 2,767,446	\$ 1,039,314
Total Receipts	12,091,793	3,186,075	(8,905,718)
Total Disbursements	<u>12,275,250</u>	<u>5,224,636</u>	<u>7,050,614</u>
Net Increase (Decrease)	<u>(183,457)</u>	<u>(2,038,561)</u>	<u>(1,855,104)</u>
Ending Balance	<u>\$ 1,544,675</u>	<u>\$ 728,885</u>	<u>\$ (815,790)</u>

The largest variance between budgeted and actual receipts was Local Receipts, which were budgeted to be \$10,864,550 but were actually \$2,502,100. The majority of this variance can be explained primarily by the ESU Coop, which typically experiences large fluctuations each year between budgeted and actual figures due to the high volume of purchases that can be made. The budget was also adopted prior to the decision to change to direct shipping for the 2014-2015 school year Cooperative Purchasing annual buy.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Concluded)

The largest variances between budgeted and actual disbursements were due to the Coop Program Purchases, which had budgeted \$8,150,000 but incurred actual costs of \$2,421,706. Again, this is due to the potential for the ESU Coop's large fluctuations and the timing differences of when the budget was adopted and the decision to change to direct shipping for the 2014-2015 school year Cooperative Purchasing annual buy, as described above.

FACTORS THAT WILL AFFECT THE FUTURE

Several factors influence the future of the ESUCC and its projects. Projects that are based on conditions of ESUs and school districts, as far as purchasing of products and services, tend to vary depending on the levels of participation in Cooperative Purchasing, My E-Learning, and professional development. General economics have created an environment where schools and ESUs have fewer resources available to buy goods and services. Additionally, State appropriations have been reduced for support of the ESUCC and the Distance Education program. These reductions will impact overall resources available for the foreseeable future. Long-term trends will include further strategic reorganization of projects and services to address the likelihood of a decrease in future resources. Strategic reorganization efforts impacting the future will include organizing professional development services under a new structure that will allow for the development of new statewide projects. Additionally, existing projects in technology are being organized to manage most efficiently and effectively the changing environment in educational technology. Future fiscal years will combine efforts in instructional materials, My E-Learning, and distance education under a "BlendEd" initiative. Similarly, professional development efforts will include new statewide projects and services. Future projects and services of the ESUCC will be maintained through expanded partnerships and possibly through statewide grants or contracts facilitated by the ESUCC.

CONTACTING ESUCC'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens and taxpayers a general overview of the ESUCC's finances and to demonstrate the ESUCC's accountability for the money with which it is entrusted. If you have questions about this report or need additional financial information, contact David M. Ludwig, Educational Service Unit Coordinating Council Executive Director, 6949 South 110th Street, LaVista, Nebraska 68128. The telephone number is (402) 597-4915 and the email address is dludwig@esucc.org.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

For the Fiscal Year Ended August 31, 2014

1. Summary of Significant Accounting Policies

A. *Organization*

The Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate statewide activities of Nebraska's 17 Educational Service Units (ESUs). The governing body for the ESUCC consists of an Administrator Representative from each of the 17 ESUs and an Executive Director. The ESUCC was created by LB 603 (2007) and officially came into existence, according to statute, on July 1, 2008. Neb. Rev. Stat. § 79-1246(1) (Reissue 2014) outlines the ESUCC's general responsibilities and duties, as follows:

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. The Council's duties include, but are not limited to:

- (a) Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state;*
- (b) Administration of statewide initiatives and provision of statewide services; and*
- (c) Coordination of distance education.*

Prior to the creation of the ESUCC by the Nebraska Legislature, the 17 ESUs worked in partnership to provide statewide activities. Based on the above statutory authority, the ESUCC decided that all statewide activities offered in partnership by the ESUs would be placed under the umbrella of the ESUCC. Although identified separately in the "ESUCC Admin and Professional Development Organization" column of the Combining Schedule, the ESUCC reports the general administrative costs of the ESUCC overall, along with the ESUPDO project costs. The ESUCC contracts with ESU 17 to provide all staff for the ESUCC. This is accomplished annually by ESU 17 developing employment contracts with all ESUCC project employees, including the Executive Director of the ESUCC. Thus, all ESUCC project employees and the ESUCC Executive Director are ESU 17 employees. Through an interlocal agreement, the ESUCC reimburses ESU 17 for all salaries and benefits for these employees.

The following is a brief description of each statewide project budgeted for and administered by ESUCC:

- **ESU Professional Development Organization (ESUPDO):** The ESUPDO serves as a collaborative effort to provide statewide training for ESU employees statewide. Professional development is among the core services identified by State statute for ESUs.
- **Distance Education:** Distance Education originated with the Distance Education Council, which was formed by legislation in 2006 and has since evolved into a program under the ESUCC. The State's distance education director is housed at ESU 10. Neb. Rev. Stat. § 79-1248 (Reissue 2014) includes, among the powers and duties of the ESUCC, various responsibilities pertaining to the operation of the State's distance education network.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

- **Nebraska ESU Cooperative Purchasing (Coop):** Coop provides cooperating purchasing services to Educational Service Unit Member schools throughout the State of Nebraska. The Coop director is in Lincoln, and operations are housed at ESU 17 (Ainsworth).
- **Instructional Materials (I-Mat):** I-Mat is a statewide project that purchases rights to media materials and makes them available through local ESUs in a variety of formats. The staff member for I-Mat is housed at ESU 5 (Beatrice).
- **My E-Learning (MEL or MyE):** MyE is a statewide project to make available an online learning management system (LMS) to school districts, teachers, and students. MyE staff are housed at ESU 3 (Omaha).
- **Special Education (SPED) Projects:** There are three special education projects managed by the ESUCC in its Lincoln offices. The purpose of the SPED Projects is for participating parties to pool their resources in connection with the special education services and for the training of special education teachers and other staff members employed by educational institutions within the State of Nebraska.
- **BlendEd Initiative (Technology Direction):** In the fall of 2012, the ESUCC submitted an overview of the BlendEd Initiative to the Nebraska Information Technology Commission (NITC) with the vision of creating an eLearning system, bringing together the work of the ESUCC project areas into a more seamless shared learning environment. Projects involved in this effort are the I-Mat Learning Object Repository, MyE Learning Management Systems, and the ESU Professional Development Organization and affiliates.

B. Reporting Entity

The ESUCC is a governmental entity established under and governed by the laws of the State of Nebraska. In evaluating how to define the ESUCC for financial reporting purposes, all potential component units have been considered. The basic – but not the only – criteria for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, and the ability to significantly influence operations and accountability for fiscal matters. Based upon the above criteria, the accompanying financial statements include all funds for which the ESUCC has oversight responsibility. The ESUCC does not have any component units and has only one fund – the General Fund. The ESUCC is not considered a component unit of any other governmental entity.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. **Summary of Significant Accounting Policies** (Continued)

C. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The reporting model, based on GASB Statement 34, focuses on the ESUCC as a whole in the government-wide financial statements and major individual funds in the fund financial statements. The government-wide financial statements report information on all of the activities of the primary government and any component units. The ESUCC has only one fund – the General Fund – and has no component units. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately.

The Statement of Activities demonstrates the degree to which the direct disbursements of a given function or segment is offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program receipts are reported instead as general receipts.

D. Fund Types

The accounts of the ESUCC are organized on the basis of funds. The ESUCC has only one governmental fund type – the General Fund.

E. Basis of Accounting/Restatement

The ESUCC prepares its financial statements, both its governmental-wide and fund statements, on the cash basis of accounting. Under the cash basis of accounting, receipts are recognized when collected rather than when earned, and disbursements are recognized when paid rather than when incurred. Consequently, these financial statements are not intended to present financial information in accordance with generally accepted accounting principles.

Prior to the fiscal year ended August 31, 2014, the ESUCC prepared its financial statements on the modified cash basis of accounting, where the cash basis of accounting was modified to record accounts receivables and accounts payables. The ending net position/fund balance at August 31, 2013, on the modified cash basis of accounting was \$1,639,436. The beginning net position/fund balance for the fiscal year ended August 31, 2014, was restated to the cash balance at August 31, 2013, of \$2,767,446 to reflect the change in basis of accounting to the cash basis.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

1. **Summary of Significant Accounting Policies** (Continued)

F. Cash and Cash Equivalents

In addition to the ESUCC's bank account, this classification includes all short-term investments, such as certificates of deposit, and investments in the Nebraska Public Agency Investment Trust (NPAIT) having original maturities of less than two years. NPAIT deposits and investments include certificate of deposits, demand deposit accounts, repurchase agreements, and government agency securities. These investments are valued at amortized cost, which approximates fair value due to the short-term nature of the investments.

G. Basis of Presentation

The ESUCC adopted the provisions of Statement No. 34 (Statement 34) of the Government Accounting Standards Board (GASB), "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." Statement 34 established standards for external financial reporting for all State and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into three components – (a) invested in capital assets, net of related debt; (b) restricted; and (c) unrestricted. The ESUCC reported only unrestricted net position.

H. Net Position Classification

Government-Wide Statements. Net Position is displayed as unrestricted net position. Unrestricted net position is all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements. Governmental fund equity is classified as fund balance. Fund balances are further classified as committed or unassigned. Commitments of fund balances are established to identify the existence of assets that are intended to be used for specific purposes that are internally imposed by the government through formal action of the Board, and the constraints do not lapse at year-end. The ESUCC had committed fund balance in the amount of \$250,000. Unassigned fund balance is the residual classification for the General Fund.

I. Capital Assets

Capital assets are recorded as disbursements at the time of purchase. This differs from generally accepted accounting principles, which require capital assets to be capitalized and depreciated over the life of the asset.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. **Summary of Significant Accounting Policies** (Concluded)

J. Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Compensated Absences

The ESUCC contracts with ESU 17, through an interlocal agreement, to provide staffing for the ESUCC. The ESUCC has entered into negotiated agreements with contracted personnel. In those agreements, the ESUCC has agreed to provide benefits for personal and sick leave. In accordance with the cash basis of accounting, these benefits are recorded as a disbursement when paid.

2. **Deposits and Investments**

Listed below is a summary of the deposit and investment portfolio that comprises the Cash and Cash Equivalents on the ESUCC's August 31, 2014, basic financial statements.

Deposits – Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. At August 31, 2014, the ESUCC held bank deposits and also held funds in certificates of deposits, demand deposits, and money market accounts with the Nebraska Public Agency Investment Trust (NPAIT).

The NPAIT was established in June 1996 through the Interlocal Cooperation Act and commenced operations July 25, 1996. The NPAIT was established to assist public bodies throughout the State of Nebraska with the investment of their available cash reserves. Participation in the investment trust is voluntary for its members. The objective of the NPAIT is to provide its owner members with a conservative and effective investment alternative tailored to the needs of its members. The NPAIT currently consists of and operates one portfolio and a fixed-term account. The NPAIT portfolio management generally follows established investment criteria developed by the Securities and Exchange Commission (SEC) for money market funds designed to offer acceptable yield while maintaining liquidity. The NPAIT is not registered with the SEC as an investment company. For a copy of the most recent audit report for the NPAIT, contact David Ludwig, Executive Director, Educational Service Unit Coordinating Council, 6949 South 110th Street, LaVista, Nebraska, 68128. The telephone number is (402) 597-4915, and the email address is dludwig@esucc.org.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

2. **Deposits and Investments** (Continued)

The ESUCC's bank balance and carrying amount of deposits at August 31, 2014, are set out below:

	Bank Balance	Carrying Amount
Bank Deposits	\$ 51,560	\$ 9,282
NPAIT Deposits	<u>295,898</u>	<u>295,898</u>
Total	\$ <u>347,458</u>	\$ <u>305,180</u>

Bank Deposits: The ESUCC does not have a policy for custodial credit risk associated with deposits.

The ESUCC is required by State statute to collateralize bank deposits in excess of federally insured amounts. The bank deposits at August 31, 2014, were covered by the Federal Depository Insurance Corporation (FDIC).

NPAIT Deposits: The NPAIT's deposit policy for custodial credit risk required compliance with the provisions of State law.

State law requires collateralization of deposits with Federal depository insurance or with U.S. Treasury and U.S. Agency securities having an aggregate value at least equal to the amount of the deposits. At June 30, 2014, all of the NPAIT's deposits were insured and collateralized by securities held by the pledging financial institution in other than the NPAIT's name.

Investments – The NPAIT may legally invest in direct obligations of, as well as other obligations guaranteed as to principal by, the U.S. Treasury and U.S. Agency and Instrumentalities and in bank repurchase agreements. It may also invest in guaranteed student loans, loans guaranteed by the Small Business Administration, Federal Home Administration, or any other agency of the United States, as well as any other type of investment permitted for public agencies by State law. At June 30, 2014, all of the NPAIT's investments in U.S. agencies and repurchase agreements mature in a period of less than two years.

At August 31, 2014, the ESUCC had \$423,349 in NPAIT investments. These investments consisted of government agency securities and repurchase agreements, which were collateralized by U.S. government securities.

The ESUCC is exposed to risks noted below in relation to its investments in the NPAIT. The ESUCC does not have a policy for these risks.

Interest Rate Risk – As a means of limiting its members' exposure to fair value losses arising from rising interest rates, all of the NPAIT's investments have maturities of less than two years.

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

2. Deposits and Investments (Concluded)

Credit Risk – Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. According to the latest audit report on the NPAIT, as of June 30, 2014, the NPAIT’s investments in government agency securities were rated as AA+.

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the NPAIT will not be able to recover the value of its investment or collateral securities that are in the possession of the outside party.

The NPAIT has no specific policy as to credit risk. All of the underlying securities for the NPAIT investments in repurchase agreements at June 30, 2014, the latest audit report date for the NPAIT, are held by the counterparties in the NPAIT’s name.

Concentration of Credit Risk – The NPAIT places no limit on the amount that may be invested in any one issuer.

Reconciliation of deposits and investments for the ESUCC to Cash and Cash Equivalents on the Statement of Net Position, as of August 31, 2014, is as follows:

Carrying Value:

Bank and NPAIT Deposits	\$	305,180
NPAIT Investments		423,349
Prepaid Items		356
Total	\$	728,885

3. Contingencies and Commitments

Risk Management – The ESUCC is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors or omissions, injuries to employees, and natural disasters. During the fiscal year, the ESUCC chose to purchase the following commercial insurance policies to cover these risks:

	Limit	Deductible
Personal Property Coverage (per location)	\$ 1,000	\$ 500
General Liability	\$ 2,000,000	\$ -
Employee Benefits Liability (deductible is per employee)	\$ 3,000,000	\$ 1,000
School Leaders E&O Liability	\$ 1,000,000	\$ 5,000
Automobile (Non-Owned & Hired) Liability	\$ 1,000,000	\$ -
Workers’ Compensation Insurance	\$ 500,000	\$ -
Transportation Coverage	\$ 300,000	\$ 1,000

No insurance claims resulting from these risks were filed during the fiscal year by the ESUCC. Settled claims resulting from these risks have not exceeded the above coverage in the past three years.

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

4. School Retirement

Plan Description

The ESUCC contracts with ESU 17 to provide all staff for the ESUCC. Thus, all of the ESUCC project employees and the ESUCC Executive Director are ESU 17 employees. Through an interlocal agreement, the ESUCC agreed to reimburse ESU 17 for all salaries and benefits for these employees. Benefits provided by the ESUCC included retirement benefits, as ESU 17 employees are eligible to be members of the Nebraska School Employees Retirement System. Thus, ESU 17 contributes to the Nebraska School Employees Retirement System on behalf of the ESUCC. The Nebraska School Employees Retirement System is a cost-sharing, multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing NPERS, 1526 K Street, Suite 400, P.O. Box 94816, Lincoln, NE, 68509-4816 or by calling 1-800-245-5712.

Funding Policy

Plan members were required to contribute 9.78% of their annual covered salary from September 1, 2013, to August 31, 2014. The ESUCC is required to contribute 101% of the employee contribution. The contribution requirements of the plan members and the ESUCC are established by the Nebraska statutes. For the fiscal year ended August 31, 2014, the ESUCC employees contributed \$81,492, and the ESUCC contributed \$82,307, which equaled the required contribution. For the fiscal years ended August 31, 2013, and August 31, 2012, the ESUCC employees contributed \$73,338 and \$61,814, respectively, and the ESUCC contributed \$74,075 and \$64,432, respectively, which equaled the required contribution.

5. Lease Commitments

The ESUCC leases office facilities under operating leases. Operating lease payments for the fiscal year ended August 31, 2014, totaled \$47,481. The future minimum annual lease payments are as follows:

Year	Governmental Activities
2015	\$ 42,198
2016	15,886
Total	<u>\$ 58,084</u>

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS
(Concluded)

6. Reclassification

The ESUCC records in its general ledger employee salaries and benefits; however, the ESUCC staff are ESU 17 employees, as the ESUCC contracts, through an interlocal agreement, with ESU 17 to provide staffing for the ESUCC, making all employees of the ESUCC contract employees. To better reflect the nature of these disbursements, \$1,060,179 of salaries and benefits was classified as Purchased Services on the Statement of Cash Receipts, Disbursements, and Changes in Cash Basis Fund Balance.

7. Accounts Receivable

At August 31, 2014, the ESUCC had \$261,313 in accounts receivable. In accordance with the cash basis of accounting, receivables are recorded as a receipt when the ESUCC receives the funds.

8. Unemployment Compensation Insurance

The ESUCC has adopted the reimbursable option of the State's Unemployment Compensation Insurance Program. Under this option, a claimant would receive unemployment compensation from the State. The ESUCC is liable to reimburse the State the actual amount of the claim(s).

9. Related Parties

The governing body for the ESUCC consists of the Administrator from each of the 17 ESUs across the State. As the ESUCC coordinates statewide activities and provides services for the 17 ESUs, the ESUCC also bills each of the ESUs for those services.

NOTES TO THE BUDGETARY COMPARISON SCHEDULE

For the Fiscal Year Ended August 31, 2014

BUDGETARY COMPARISON SCHEDULES

Basis of Budgeting – The ESUCC prepares its budget on the cash basis, which is consistent with the financial statement presentation.

Budget Process and Property Taxes – The ESUCC follows these procedures in establishing the budgetary data reflected in the accompanying statements:

- Public hearings are conducted at public meetings to obtain taxpayer comments.
- Prior to September 20, the budget is legally adopted by the Board through passage of a resolution. Total disbursements may not legally exceed total appropriations. Appropriations lapse at year end, and any revisions require Board approval.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL
**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements, and have issued our report thereon dated December 19, 2014. The report notes the financial statements were prepared on the cash basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Educational Service Unit Coordinating Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Educational Service Unit Coordinating Council's financial statements will not be prevented, or detected and corrected, on a timely basis. A

significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Educational Service Unit Coordinating Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Additional items

We noted certain additional items that we reported to management of the Educational Service Unit Coordinating Council in the Comments Section of this report as Comment Number 1 (Contractual Employees), Comment Number 2 (Disbursements), Comment Number 3 (Receipts), and Comment Number 4 (Capital Assets).

The Educational Service Unit Coordinating Council's Response to Findings

The Educational Service Unit Coordinating Council's responses to the findings identified in our audit are described in the Comments Section of the report. The Educational Service Unit Coordinating Council's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them. Where no response is indicated, the Educational Service Unit Coordinating Council declined to respond.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, not to provide an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Educational Service Unit Coordinating Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

The Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate statewide activities of Nebraska's 17 Educational Service Units (ESUs). The governing body for the ESUCC consists of one administrator from each ESU. The ESUCC came into existence, per Neb. Rev. Stat. § 79-1245 (Reissue 2014), on July 1, 2008. The statutory description and duties of the ESUCC can be found in Neb. Rev. Stat. §§ 79-1245 through 79-1249 (Reissue 2014). In particular, § 79-1246(1) states, in part:

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. . . . [The ESUCC's] duties include, but are not limited to:

- (a) Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state;*
- (b) Administration of statewide initiatives and provision of statewide services; and*
- (c) Coordination of distance education.*

Based on the above statutory authority, the ESUCC, in its first year of existence, determined that all statewide projects previously offered in partnership by various ESUs would be placed under the umbrella of the ESUCC. Any ESU hosting a statewide project became known as the "fiscal agent" for that project, now under the ESUCC. The ESUCC then established agreements with each fiscal agent to continue to provide the various projects and also established a master services agreement with all of the ESUs, enabling them to choose the statewide projects in which they wished to participate.

During the fiscal year ended August 31, 2010, the ESUCC began a transition away from the fiscal agent organization. That transition took the form of the ESUCC contracting with Educational Service Unit No. 17 (ESU 17) to provide all staff for the ESUCC. This was accomplished for the fiscal year ended August 31, 2011, by ESU 17 developing employment contracts with all previous ESUCC project employees, including the Executive Director of the ESUCC. Thus, all ESUCC project employees and the ESUCC Executive Director became ESU 17 employees. Through an interlocal agreement, the ESUCC agreed to reimburse ESU 17 for all salaries and benefits for these employees.

The following is a brief description of each statewide project as it operated during the fiscal year ended August 31, 2014:

- **ESU Professional Development Organization (ESUPDO)**

The ESUPDO serves as a collaborative effort to provide training for ESU employees statewide. Professional development is among the core services identified by State statute for ESUs. The ESUCC manages ESUPDO functions as part of the overall general administrative costs and activities of the ESUCC. The ESUPDO consists of five affiliate groups comprised of ESU employees across the 17 ESUs. These groups are:

- **Staff Development Affiliate (SDA):** Members are generally responsible for providing staff development for their school districts and have assisted the Nebraska Department of Education (Education) efforts on statewide and local assessment, as well as school improvement for Nebraska's school districts.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Continued)

- **Technology Assistance Group (TAG):** Members provide assistance to school districts in the dissemination and integration of new educational technologies deployed by school districts. Recently, this has included numerous initiatives, such as learning management systems and one-to-one laptop initiatives, as well as classroom technologies, including electronic whiteboards, clickers, and other educational technologies. Additionally, the TAG members may assist districts in the use of new software and computer applications, including statewide assessment.
- **Network Operations Committee (NOC):** The NOC supports the extensive communications network within and among the ESUs and school districts. The NOC provides network security and protocols for its districts and ESUs and ensures the communications network for distance education, internet, email, and internet protocol phones are functioning and secure. Statewide, this group establishes common frameworks and capacities for assisting one another to ensure the education network functions well.
- **Instructional Materials (I-Mat):** I-Mat consists of media professionals from across the State. It serves the dual role of providing for and assisting school districts to make use of the statewide I-Mat media, as well as the integration of media materials in school districts. Originally, I-Mat served to ensure that school districts had access to educational films, videos, and DVDs. Currently, I-Mat is implementing a Learning Object Repository (LOR) system using Safari Montage for digital delivery of library and media materials. This service is among the core services identified by State statute.
- **ESU Special Populations Directors (ESPD):** This affiliate group consists of the Special Education Directors and staff from across the State. This affiliate group was included in the ESUPDO as the need for special education professional development has progressed in the age of standards and assessment, along with the need to establish and share professional development efforts for special education teachers and classroom teachers alike. ESPD is also involved with Education in providing leadership for special education training and support, as well as programs such as Response To Intervention (RTI).
- **Distance Education**
Originating with the Distance Education Council formed legislatively through LB 1208 (2006), distance education is now a responsibility of the ESUCC. Section 79-1248 addresses the powers and duties of the ESUCC, which may be used as part of the effort to build, improve, and maintain the State's distance education network, as follows:

The powers and duties of the Educational Service Unit Coordinating Council include, but are not limited to:

- (1) Providing public access to lists of qualified distance education courses;*
- (2) Collecting and providing school schedules for participating educational entities;*
- (3) Facilitation of scheduling for qualified distance education courses;*

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Continued)

- (4) Brokering of qualified distance education courses to be purchased by educational entities;*
- (5) Assessment of distance education needs and evaluation of distance education services;*
- (6) Compliance with technical standards as set forth by the Nebraska Information Technology Commission [NITC] and academic standards as set forth by the State Department of Education related to distance education;*
- (7) Establishment of a system for scheduling courses brokered by . . . [ESUCC] and for choosing receiving educational entities when the demand for a course exceeds the capacity as determined by either the technology available or the course provider;*
- (8) Administration of learning management systems, either through the staff of . . . [ESUCC] or by delegation to an appropriate educational entity, with the funding for such systems provided by participating educational entities; and*
- (9) Coordination with educational service units and postsecondary educational institutions to provide assistance for instructional design for both two-way interactive video distance education courses and the offering of graduate credit courses in distance education.*

- **Nebraska ESU Cooperative Purchasing (Coop)**

Coop provides cooperating purchasing services to ESU member schools throughout the State of Nebraska. The service is offered jointly by the ESUCC and Nebraska's 17 ESUs. The ESUCC now serves as the governing body for Coop. Additionally, beginning in 2010-2011, the accounting system for Coop was modified to serve as the central accounting for all ESUCC projects.

- **Instructional Materials (I-Mat)**

I-Mat also has a long history of providing services statewide for school districts through Nebraska's network of ESUs. For approximately 30 years, the ESUs have worked together to purchase rights to media materials and made those materials available through local ESUs in a variety of formats. This undertaking exists as a project of the ESUCC and, beginning in 2010-11, the fiscal management was moved under the ESUCC central accounting system. Annually, the I-Mat membership gathers to select titles to propose for purchase at a statewide level. ESUs contribute to the project for the "spring buy" and "special projects" each year. Now that I-Mat is one of the ESUCC projects, the master services agreement between the ESUCC and the ESUs identifies the level of participation of each ESU. As technology moves forward, so does the I-Mat project. Currently, videos are available in physical formats, including VHS, DVD, and CD. Additionally, media materials are being digitized and made available through the Learn360 "media on demand" service and the Safari Montage Learning Object Repository (LOR). This digital format is opening up media materials, once difficult to obtain, to schools across the state. Additionally, the project works to match media to specific standards and is making media searchable for the most appropriate classroom use. I-Mat, like other ESUCC projects, continues to evolve with conversations about moving to fully digital online media and expansion of other library and media resources.

BACKGROUND

(Continued)

- **My E-Learning (MEL or MyE)**

MyE is a statewide project to make available an online learning management system (LMS) to school districts, teachers, and students. Similar to the other projects, MyE was brought under the umbrella of the ESUCC and, beginning in 2010-11, came to exist as a project directly managed under the ESUCC. ESU 10 in Kearney previously served as the fiscal agent for the project. The mission of MyE is to implement an asynchronous web-based learning management system to ensure statewide accessibility to: 1) expanded educational opportunities for all K-12 students; and 2) timely delivery of staff development opportunities. MyE is staffed by a director and shares administrative staffing with the ESUCC. The project has been guided by an advisory board consisting of ESU and school district (user) representatives. Currently, MyE supports the ANGEL and Blackboard learning management systems. The service is provided through annual user contracts and fees. Recent statistics indicate that there are approximately 26,500 user accounts in use by approximately 63 contracts (districts or ESUs) across the State. The transition to management by the ESUCC has developed a shift in strategic planning and implementation of the MyE project. The MyE project is also a foundational piece of the conversations surrounding virtual education in the State.

- **Special Education (SPED) Projects**

The purpose of the SPED Projects is for participating parties to pool their resources in connection with the special education services and for the training of special education teachers and other staff members employed by educational institutions within the State. Each participating ESU contributes a \$5,000 annual fee in general support of the projects and, additionally, each participating school is assessed a fee for services provided under the Student Records System (SRS) fee structure. There are three special education projects:

- **Improving Learning for Children with Disabilities (ILCD):** ILCD is a State self-assessment project that gathers information for Federal reporting requirements. The ILCD project utilizes parent, teacher, and administration survey assessments. The survey results can be accessed via the ILCD website. The ESUCCs' technology role includes purchasing, distributing, and scanning surveys. ESUCC staff provides technical assistance for the ILCD website and survey design.
- **Project PARA:** Project PARA is a web-based method for school districts to provide introductory training for their paraeducators. Project PARA assists schools in meeting the paraeducator training requirements of No Child Left Behind, Rule 11, and the Individuals with Disabilities Education Act (IDEA). Project PARA is a collaborative effort between the University of Nebraska, the Nebraska Department of Education, and Nebraska ESUs.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Concluded)

- **Student Records System (SRS):** SRS is an online special education record-keeping system. It creates all special education documents required by Rule 51, including Individual Education Program (IEP), Multidisciplinary Evaluation Team (MDT), Individualized Family Service Plan (IFSP), and all required notices. SRS is a highly secure system that organizes and stores documents and provides easy access to files from anywhere via the internet. SRS training is provided across the State for district staff and college and university staff.

- **BlendEd Initiative (Technology Direction)**
In the fall of 2012, the ESUCC submitted an overview of the BlendEd Initiative to the Nebraska Information Technology Commission (NITC) with the vision of creating an eLearning system, bringing together the work of the ESUCC project areas into a more seamless shared learning environment. In May 2013, the position of Technology Project Manager was formed to coordinate this work across the ESUCC project areas. Projects involved in this effort are the I-Mat Learning Object Repository, MyE Learning Management Systems, and the ESU Professional Development Organization and affiliates. New work is beginning across these projects in the areas of federated identity management and an enhanced evaluative system. Blended education has been promoted by educational researchers as a one of the most promising recent innovations in education because it calls for making strategic choices about when face-to-face (synchronous) instruction is needed and when and how online (asynchronous) instruction can be best used to provide elements of student control over time, place, path, and pace and provide more equity, efficiency, and flexibility.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MISSION STATEMENT

The mission of the ESUCC is to provide the most cost effective educational support for the students, teachers, and school districts in each Nebraska educational service unit by facilitating statewide coordination of educational services and strategic planning.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

EXIT CONFERENCE

An exit conference was held December 8, 2014, with the Educational Service Unit Coordinating Council (ESUCC) to discuss the results of our examination. Those in attendance for the ESUCC were:

NAME	TITLE
Jeff West	Board President (1)
Dennis Radford	Board Treasurer and ESU 17 Administrator
David Ludwig	Executive Director
Priscilla Quintana	Business Manager (1)
Deb Hericks	Assistant to Executive Director (1)
Jan Foster	ESU 17 Business Manager (1)

(1) Via Teleconference

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

SUMMARY OF COMMENTS

During our audit of the Educational Service Unit Coordinating Council (ESUCC), we noted certain matters involving the internal control over financial reporting and other operational matters that are presented here.

1. ***Contractual Employees:*** Several findings were noted in this area, as follows: a lack of segregation of duties overall; a lack of support for pay splits; and an overall lack of policies and procedures.
2. ***Disbursements:*** Our review noted an overall lack of segregation of duties. We noted several contract issues, including the following: contracts not on file; contracts not going through the competitive bidding process; no basis for selecting the vendor for contracts; and no documented legal review on contracts. Lastly, we noted these issues involving travel expense reimbursements: inadequate support for reimbursements; unreasonable lodging costs paid; and a lack of timely submission of reimbursement requests.
3. ***Receipts:*** There was a lack of segregation of duties over the receipt process.
4. ***Capital Assets:*** Policies and procedures were not in place to govern capital assets, and a lack of segregation of duties existed.

More detailed information on the above items is provided hereafter. It should be noted this report is critical in nature, containing only our comments and recommendations on the areas noted for improvement.

Draft copies of this report were furnished to the ESUCC to provide its management with an opportunity to review and to respond to the comments and recommendations contained herein. All formal responses received have been incorporated into this report. Where no response has been included, the ESUCC declined to respond. Responses that indicate corrective action has been taken were not verified at this time, but they will be verified in the next audit.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

1. Contractual Employees

During the fiscal year ended August 31, 2014, the ESUCC had a total of 12 employees, which included the Executive Director working on ESUCC projects. These 12 employees were officially ESU 17 employees. This was accomplished through an interlocal agreement between the ESUCC and ESU 17, which stipulated the employees were under the direct supervision of the ESUCC, and the ESUCC was ultimately responsible for the payroll costs of the employees.

In testing of payroll, we noted multiple findings in both the processing of payroll and the personnel policies and procedures for the ESUCC. Those findings are outlined below.

A. The contract between the ESUCC and ESU 17 for employees was not dated when signed and does not state the time period of the contract.

The ESUCC and ESU 17 entered into an interlocal agreement that ESU 17 employees were to work on ESUCC projects, and, in return, the ESUCC would pay ESU 17 the cost of those employees' payroll. In reviewing the agreement between the ESUCC and ESU 17, covering the fiscal years ended August 31, 2013, and August 31, 2014, we noted that the ESUCC had dated its signature, but ESU 17's signature was not dated, and the agreement did not specify a time period. This was noted in the prior year audit. We did note, however, that the agreement for the fiscal years ending August 31, 2015, and August 31, 2016, corrected these issues.

A good internal control plan requires that contracts be dated, as well as state the time period covered by the contract.

A contract that is neither dated by the signatories nor specifies the time period to be covered may give rise to legal complications, including misunderstandings that lead to concerns over possible noncompliance.

The interlocal agreement in effect during the fiscal year ended August 31, 2014, was neither dated by the signer nor specified the time period for which it was valid. However, the agreement for the fiscal years ending August 31, 2015, and August 31, 2016, contains this information. Therefore, we have no further recommendation.

ESUCC's Response: A review process regarding contract signatures, dated signatures, and time period will continue as demonstrated in the current fiscal year.

COMMENTS AND RECOMMENDATIONS

(Continued)

1. Contractual Employees (Continued)

B. A lack of segregation of duties exists in the payroll process, and certain controls over the payroll could be improved.

During our audit, we noted that two employees, the ESU 17 Administrator and the ESU 17 Business Manager, had access to the Harris Fund Accounting Program used to process payroll. However, the ESU 17 Administrator has not been cross-trained to use the system to process payroll. With regards to the Harris Fund Accounting Program, we noted that the system does not require passwords to be changed or certain password parameters to strengthen passwords. ESU 17 also lacks policies and procedures that address system passwords.

We also noted the ESUCC does not compare what it is billed to the actual payroll costs incurred by ESU 17 for ESUCC project employees. Such a comparison is necessary to ensure the ESUCC is paying ESU 17 the correct amount for payroll costs on an annual basis.

Further, we noted that there is no independent approval of the Executive Director's time calendars. The Executive Director receives all employee time calendars from the Executive Assistant and then approves them, including his own. Once they are approved, the Executive Assistant sends the time calendars to ESU 17 for processing.

We have noted the same issues in prior audits.

A good internal control plan requires a segregation of duties that prevents one individual from processing a transaction from beginning to end.

A lack of segregation of duties and a lack of controls over the payroll process and payroll system creates an increased risk of asset misappropriation.

We again recommend the ESUCC develop a proper segregation of duties over the payroll process. We also recommend other employees be cross-trained to use the system to process payroll and policies and procedures be developed for password security. We further recommend the ESUCC compare what is billed to the actual payroll costs incurred by ESU 17 to ensure the ESUCC has paid the correct amount. Lastly, we recommend that someone else approve the Executive Director's time calendars.

ESUCC's Response: In regard to segregation of duties, this was referred to ESU 17 for corrective action. The ESU 17 Administrator will approve the ESUCC Executive Director's time calendar.

COMMENTS AND RECOMMENDATIONS

(Continued)

1. Contractual Employees (Continued)

C. Pay splits between ESUCC projects are inadequately supported.

During our prior audit, we noted the following:

In December 2013, the ESUCC started splitting four employees' time between projects. According to staff, the split times were based on a general understanding of the executive director's discussion with staff of the time they worked on the projects. No formal time study was used by the ESUCC to determine the time splits, and the ESUCC did not have any documentation of how these time splits were determined.

During our current audit, we noted no changes regarding how pay splits were determined. The ESUCC did not conduct a formal time study to determine time splits and lacked adequate documentation of how the time splits were determined.

A good internal control plan requires pay splits to be adequately documented and also requires time worked on a project to be paid from that project's funds.

When time worked is not tracked by project, there is an increased risk that disbursements reported for projects will be inaccurate – which, for budgeting purposes, makes it difficult to anticipate the amount of payroll costs needed for each project in the future.

We again recommend the ESUCC either direct its project employees to start tracking their time worked on each project or have the employees do time studies periodically to ensure their pay is being split correctly between the various ESUCC projects.

ESUCC's Response: ESUCC staff will conduct a formal time study each year for a one-week period.

D. The ESUCC lacks formal personnel policies and procedures for the supervision of its contractual employees for ESUCC projects – including, but not limited to, such areas as termination policies, leave awarding guidelines, monitoring completion of required workdays, and corrective measures if required workdays are not met in the contract period.

During our prior audit, we noted the following:

Per the interlocal agreement between ESUCC and ESU 17, as well as the individual employee contracts, ESUCC is in charge of supervising contracted employees from ESU 17. The prior year's audit noted that ESUCC lacked its own formal policies and procedures for supervising these employees; instead, ESUCC was informally relying upon ESU 17's personnel policies. Since the last audit, ESUCC has been working on drafting the needed policies, but none have been officially adopted by the Board. These policies would need to include termination policies and procedures.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

1. **Contractual Employees** (Concluded)

For granting leave to employees each year, the Executive Director uses informal guidelines for authorizing annual vacation leave, but no formal guidelines have been documented and approved by the ESUCC Board as part of its formal policies and procedures. This was also a prior year finding.

The only change completed, in an attempt to address this finding, is that vacation is now formally recognized and awarded in the employment contracts for the fiscal year ended August 31, 2013, as opposed to the fiscal year ended August 31, 2012, in which the Executive Director would informally tell the Business Manager at ESU 17 what to enter into the Harris Fund Accounting system for awarding and tracking leave.

Additionally, in last year's audit, we noted the absence of formal policies and procedures governing employees' progress toward completing the required number of workdays, as outlined in their employment contracts. There were also no corrective measures to address a situation in which an employee fails to complete his or her required workdays for the contract period. Since the finding, the Business Manager at ESU 17, the Administrative Assistant at ESUCC, and the Executive Director track and review employees' workdays each month. However, no formal policies and procedures for such monitoring, much less any related disciplinary measures, have been developed and approved by the Board since the last audit.

During our current audit, we noted the ESUCC did not formally adopt personnel policies and procedures to correct this finding during the fiscal year ended August 31, 2014. Policies were adopted by the Board and became effective on October 9, 2014.

A good internal control plan requires formal personnel policies and procedures to be in place.

Formal policies and procedures were not in place during the fiscal year ended August 31, 2014; however, policies were adopted by the Board on October 9, 2014. Therefore, we have no further recommendation.

ESUCC's Response: The ESUCC Board Policies were adopted October 9, 2014 and will be scheduled for review in June of each year.

2. **Disbursements**

During our review of the ESUCC's disbursements process and our testing of selected transactions, we noted the following:

A. A lack of segregation of duties exists in the disbursement process.

There is a lack of segregation of duties over the disbursement process. This lack of segregation of duties has arisen due to one person having the ability to receive purchased items, approve the invoice for payment, prepare the payment voucher, and reconcile documents to the general ledger. This finding was also noted in prior years. We noted compensating controls in place during the fiscal year ended August 31, 2014, including review and approval of disbursements by the Executive Director, dual signatures on checks by the Board President and Board Treasurer, and approval of disbursements by the Board.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

A good internal control plan requires an adequate segregation of duties over the disbursement process.

When a segregation of duties does not exist, there is a greater risk of fraud and misuse of funds.

We again recommend the ESUCC review its staffing and assignments to determine if an adequate segregation of duties can be obtained, so no one individual is able to process a transaction from beginning to end. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC continue to monitor the disbursement process through effective compensating controls.

ESUCC's Response: ESUCC will review a process that provides for one staff member responsible for receiving purchased items, one staff assigned to approve payment and prepare the payment voucher, and one staff assigned to reconcile documents to the general ledger.

B. We reviewed 10 ESUCC contracts and noted the following:

- For one vendor payment tested, we noted that no competitive bidding had been conducted for the services provided.

The ESUCC entered into a contract for a crisis trainer. According to ESUCC staff, the contract was for a specialized trainer in the field of crises training, which constituted a sole source vendor to whom competitive bidding did not apply. For training and related expenses, the ESUCC paid the crisis trainer in excess of \$32,000 in the fiscal year ended August 31, 2014. However, there was a lack of documentation showing the basis for designating this vendor as being truly a sole source vendor.

A similar finding was noted during our prior audit.

A good internal control plan would include a requirement that the basis for any sole source designation be documented to support the determination that the competitive bidding process is not required.

When documentation in support of a sole source designation is not prepared, there is a greater risk the ESUCC may not be giving all potential bidders an opportunity to submit a bid proposal, and the ESUCC may not be receiving the lowest possible price for its services and products.

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

We again recommend that, when the ESUCC considers a vendor to be a sole source, documentation be prepared to support that decision. If a sole source vendor designation cannot be supported, the service or goods being purchased should go through the formal bidding process.

- For two vendor payments tested, we noted there was no written documentation available to support the lowest possible bidder was chosen.

ESM, a software vendor, was paid \$150,000 for an annual software subscription fee in the fiscal year ended August 31, 2014. To select the vendor, an ESUCC selection committee narrowed the field to three prospective bidders who made presentations to the selection committee. The selection committee evaluated the vendors verbally; therefore, no written documentation was available to support the lowest possible bidder was chosen.

A second vendor was to host all digital media for the BlendED/IMat project for schools throughout the State. The ESUCC signed a three-year agreement with Infobase Learning, the vendor, for the Learn360 license for statewide coverage for Nebraska Pre-Kindergarten to grade 12 schools. Payment was made to Infobase Learning in the amount of \$98,000 in the fiscal year ended August 31, 2014. To select the vendor, a selection committee comprised of staff from the ESUCC, ESUs, school personnel, etc., narrowed the field to prospective bidders who made presentations to the selection committee. The selection committee evaluated the vendors; however, the ESUCC was unable to provide documentation to support the lowest possible bidder was chosen.

A similar finding was noted in our prior audit.

A good internal control plan would include a requirement that written documentation be available to support that the lowest possible bidder was chosen.

When documentation supporting selection of the lowest possible bidder is not prepared, there is a greater risk the ESUCC may not be receiving the lowest price for its services and products.

We recommend that, when the ESUCC selection committee evaluates vendors, written documentation be maintained to support its selection.

- For four vendor payments tested, the ESUCC did not have a contract on file.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. **Disbursements** (Continued)

The ESUCC paid Soliant Consulting, Inc, \$226,645 during the fiscal year ended August 31, 2014, for web consulting, production support, and maintenance services. However, the ESUCC did not have a contract with the vendor on file.

The ESUCC paid Renovo Software \$88,896 during the fiscal year ended August 31, 2014, for annual maintenance support and upgrades for software used for distance education. The contract provided by the ESUCC had an end date of June 30, 2010. No current contract was on file.

The ESUCC had a service contract with RMC Research Corporation for a fixed contract amount of \$37,918 for the period June 1, 2013, to November 30, 2014. The amount paid during the fiscal year ended August 31, 2014, was \$18,959. Additionally, the ESUCC had an agreement with Angel/Blackboard to provide services in the amount of \$138,600 for the period July 1, 2013, to June 30, 2014. However, when we requested a copy of these contracts, the ESUCC had to contact the vendor to obtain them. It was also noted that the contract with Angel/Blackboard contained no termination clause.

We had a similar finding in our prior audit.

A good internal control plan would require that the ESUCC enter into contractual agreements for all services and maintain such contracts on file. Additionally, a good internal control plan would require that a termination clause be included in all contracts. When contracts are on file, and their terms are specific and enforceable, the ESUCC's interests are protected during the periods covered by those agreements.

When there is no contractual arrangement for services, it is more difficult for the ESUCC to determine if billing statements are accurate and complete. When contracts are not kept on file, the ESUCC is at risk of making payments outside the terms of those agreements. When a termination clause is not included in every contract, the ESUCC is at risk of incurring legal liability for exiting the contract prematurely.

We recommend the ESUCC enter into contracts for all services obtained. In addition to containing a termination clause, those contracts should be maintained on file.

- During our testing of contracts between the ESUCC and vendors, the ESUCC did not provide documentation to support that five contracts had been subject to legal review prior to being signed. This was a prior year audit finding.

A good internal control plan would include a requirement that all contracts have a legal review.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

When a legal review is not documented for each contract entered into, there is a greater risk that all legal contractual requirements will not be considered and included in the contract, resulting in possible disputes, and even litigation, with vendors.

We again recommend the ESUCC document the legal review performed prior to the final approval and signing of all contracts.

- One payment tested was made to the ESUCC's legal counsel, Harding & Schultz. The contract between the ESUCC and Harding & Schultz included neither specific terms for the effective dates of the agreement nor a termination clause. The invoice submitted to the ESUCC for January 2014 legal services did not identify the number of hours worked on each activity; therefore, it could not be determined whether the amount paid agreed to the terms of the contract.

A good internal control plan would require terms of contracts to be specific and enforceable and a termination clause to be included in all contracts. Additionally, a good internal plan would require the ESUCC to ensure adequate documentation be provided to determine if billing statements are accurate and complete and in accordance with the terms of the contract.

When terms of contracts for services are not specific and enforceable, it is more difficult for the ESUCC to determine if billing statements are accurate and complete. When a termination clause is not included in all contracts, the ESUCC is at risk of incurring legal liability for exiting the contract prematurely.

We recommend the ESUCC ensure all contracts entered into contain terms that are specific and enforceable and also contain a termination clause. We also recommend the ESUCC ensure billing statements contain adequate documentation to support that they are accurate, complete, and in accordance with contract terms.

ESUCC's Response: A formal process for a yearly review of contracts to include documentation for bidding, legal review and a termination clause will be implemented. A spreadsheet for purpose of review will be developed and implemented.

C. We reviewed 10 travel-related disbursement documents and noted the following (many of the findings noted during our current audit were also noted during our prior audit):

- During our audit, we noted that the ESUCC had not yet developed formal policies and procedures related to the payment of travel expenses and reimbursements during the fiscal year ended August 31, 2014. This was also noted in our prior audit. The ESUCC did develop policies, but they were not adopted by the Board until October 9, 2014.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

A good internal control plan would include adopting formal policies and procedures relating to expensing and reimbursing items for travel.

Formal policies and procedures were not in place during the fiscal year ended August 31, 2014; however, policies were adopted by the Board on October 9, 2014. Therefore, we have no further recommendation

- For 4 of 10 travel disbursements, expense reimbursement requests were not submitted in a timely manner. One reimbursement was for \$8,442 and was for 27 trips from August 2013 to June 2014. That reimbursement was paid on August 27, 2014. The second was for \$1,442 and was for 11 trips in September, October, and November 2013. That reimbursement was paid on December 12, 2013. The third reimbursement was for \$3,563 and was for 14 trips from January through May 2013. That reimbursement was paid on September 13, 2013. The fourth reimbursement was for \$1,014 and was for 15 trips from March through July 2014. It was paid on July 24, 2014.

A good internal control plan would require that requests for expense reimbursements be submitted in a timely manner in order to ensure proper documentation, review, and payment of the reimbursement.

When requests for expense reimbursements are not submitted in a timely manner, there is a greater risk of errors, and it is more likely that proper documentation for reimbursement would not be available.

We recommend the ESUCC develop formal, consistent policies for the timely submission, such as monthly, of reimbursement requests.

- For two of six reimbursements for mileage, there were no mileage logs specifying dates, purpose of travel, starting points, and destinations. One reimbursement consisted of several trips made by an ESUCC employee in September, October, and November 2013. The other was for several trips made by an ESUCC employee from January through May 2013. In both cases, the Auditor of Public Accounts (APA) recalculated mileage based on destinations listed on other forms of documentation (invoices, minutes, receipts, etc.) and the employees' office or home as the starting location.

Also, for one of six reimbursements for mileage, the mileage was not reasonable based on the most direct route of travel. The reasonableness of mileage was determined by calculating mileage in excess of 10% of Google Maps mileage. For one trip, ESUCC reimbursed mileage for the sponsor of a student who won a contest to attend a ceremony

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. Disbursements (Continued)

in Lincoln, NE. The sponsor was reimbursed for 563 miles, round trip, from Dunning, NE, to Lincoln, NE. Per Google Maps, Dunning, NE, to Lincoln, NE, is 434 miles round trip. The reimbursed mileage exceeded Google Maps mileage by 129 miles. The amount reimbursed for mileage was \$73 more than what it would have been if the most direct route had been used.

A good internal control plan would require adequate supporting documentation of mileage incurred for work travel purposes. This would include having travel logs that contain start and stop times, travel location, and purpose of travel. In addition, a reasonable policy for travel reimbursement would be to reimburse for mileage based on the most direct route of travel.

When there is a lack of adequate documentation for mileage incurred, or when mileage reimbursements are not made for the most direct route of travel, there is greater risk for fraud or abuse of travel disbursements.

We recommend the ESUCC ensure policies and procedures provide requirements for documenting mileage in a travel log that would be submitted with the reimbursement request and other supporting documentation verifying the location of the work event. In addition, we recommend the ESUCC establish policies and procedures to reimburse mileage for the most direct route of travel.

- For two of five travel disbursements with lodging reimbursements tested, lodging costs were not considered reasonable based on U.S. General Services Administration (GSA) per diem rates. On the first disbursement for lodging, the ESUCC paid for an employee to stay in Doylestown, Pennsylvania, while meeting with a vendor. The ESUCC paid \$179 per night, for two nights. The GSA per diem rate was \$77 per night, so the ESUCC paid \$204 more than the GSA per diem rate for the two nights.

On the second disbursement, the ESUCC paid for lodging for individuals attending a Math Standards and Practices training seminar in Kearney, NE. Lodging rates at the hotel were either \$90 or \$100, depending on the date of stay. The GSA per diem rate for Nebraska was \$83 per night. If the GSA per diem rate had been paid, the ESUCC would have paid \$2,739. However, the ESUCC paid \$3,255, for an overpayment of \$516. It was also noted that taxes on in-state lodging and late fees were included in the payment. Of that \$516 overpayment, \$13 was due to taxes being paid for in-state lodging, \$34 was due to late fees on the hotel billing, and the remaining \$469 was due to the ESUCC paying rates higher than the GSA per diem rate.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

COMMENTS AND RECOMMENDATIONS

(Continued)

2. **Disbursements** (Concluded)

A good internal control plan and good business practices would require disbursements for lodging to fall within the GSA per diem rates. Good business practices would also require that taxes not be paid on in-state lodging because the ESUCC is exempt from State taxes. Additionally, invoices should be paid in a timely manner to avoid incurring late fees.

When disbursements for lodging do not fall within the GSA per diem rates, there is increased risk for abuse of travel disbursements. When taxes are paid on in-state lodging, there is increased risk that the ESUCC will overpay for lodging. When invoices are not paid in a timely manner, there is increased risk that the ESUCC will incur late fees.

We recommend that GSA per diem rates be followed for lodging disbursements. We also recommend that the ESUCC not pay taxes on in-state lodging. Additionally, we recommend that the ESUCC implement policies and procedures to ensure that invoices are paid in a timely manner.

ESUCC's Response: Beginning with the 2014-15 year, the home base location for each ESUCC employee was established, as this process will continue each year. Random review of mileage using Google Maps will be conducted and ESUCC Personnel will continue to be informed through staff meetings regarding submission of mileage reimbursement in a timely manner.

3. **Receipts**

In our review of the receipt process, we noted the following:

A lack of segregation of duties exists for the ESUCC receipt process. One person has the ability to receive checks and record initial control. Another person has the ability to perform the deposit entry and reconcile the deposit document to the general ledger. This finding was also noted in our prior five audits. We noted compensating controls in place during the fiscal year ended August 31, 2014, including review of the deposit slip by the person who recorded initial control before taking the deposit to the bank, initials of both the individuals preparing and reviewing the deposit on the deposit slip, and review and approval of deposits, bank statements, and reconciliation reports by the Board.

A good internal control plan would include an adequate segregation of duties to ensure no one person is in a position both to perpetuate and to conceal errors or irregularities.

A lack of segregation of duties increases the risk of error or fraud and misuse of funds.

COMMENTS AND RECOMMENDATIONS

(Concluded)

3. Receipts (Concluded)

We recommend the ESUCC review its staffing assignments to determine if an adequate segregation of duties can be obtained, so no one individual is able to perform the entire receipt process. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC continue to monitor the receipt process through effective compensating controls.

ESUCC's Response: ESUCC will review a process that provides for one staff member responsible for receiving checks and recording initial control and one person responsible for deposit entry and reconciling the deposit document in the general ledger.

4. Capital Assets

During our prior audits, we have reported that the ESUCC has no formal system in place to track capital assets. While an informal policy on fixed asset management was developed, including the creation of forms for the disposal of assets, there were no formal and approved policies or procedures in place to govern capital asset additions, deletions, useful life, or depreciation method for the fiscal year. Additionally, there was a lack of segregation of duties noted, as one person can perform all the functions for capital asset inventory.

A good internal control plan would require that a system be in place to track capital assets in order to decrease the risk that assets of the ESUCC will be lost or stolen, policies and procedures are followed to ensure capital assets are being recorded properly, and an adequate segregation of duties exists over the capital asset inventory process.

Without the above-noted elements of a good internal control plan and good business practices in place, there is an increased risk fraud, waste, or abuse will occur.

We again recommend the ESUCC Board continue to implement a strong internal control plan, which would include policies and procedures for capital assets, and review its staffing and assignments to determine if an adequate segregation of duties can be obtained. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC put compensating controls in place to monitor capital asset inventory, including additions and deletions of items in the system and the capital asset listing.

ESUCC's Response: A database created within ESU 17 will be implemented as a formal system to track and monitor capital assets within ESUCC.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of August 31, 2014, and the respective changes in financial position thereof for the year then ended in conformity with the cash basis of accounting described in Note 1.

Basis of Accounting and Emphasis of Matter

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Prior to August 31, 2014, the financial statements were prepared on the modified cash basis of accounting. Our opinion is not modified with respect to these matters.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements. The combining schedule – General Fund is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining schedule – General Fund is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedule – General Fund is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Management's Discussion and Analysis and Budgetary Comparison Schedule on pages 25 through 30 and 44 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2014, on our consideration of the Educational Service Unit Coordinating Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Educational Service Unit Coordinating Council's internal control over financial reporting and compliance.

December 19, 2014

Don Dunlap, CPA
Assistant Deputy Auditor

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the Educational Service Unit Coordinating Council (ESUCC) provides the following discussion and analysis of the ESUCC's financial performance, as reflected in the financial report for the fiscal year ended August 31, 2014. Please read it in conjunction with the ESUCC's basic financial statements, which follow.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the ESUCC's financial statements. The provisions of Statement No. 34 (Statement 34) of the Governmental Accounting Standards Board (GASB), "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," established standards for external financial reporting for all State and local government entities. These standards require three components for the ESUCC's basic financial statements: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other information (e.g., combining schedules and budgetary information) in addition to the basic financial statements. These components are described below.

Government-Wide Financial Statements

These statements are intended to provide a broad view of the ESUCC's operations in a manner similar to the private sector, providing both a short-term and a long-term view of the ESUCC's financial position. The ESUCC prepared its government-wide statements on the cash basis of accounting. Under the cash basis, receipts are recognized when collected rather than when earned, and disbursements are recognized when paid rather than when incurred. Accordingly, the ESUCC's government-wide financial statements are not intended to present the financial position and results of operations in conformity with generally accepted accounting principles (GAAP) accepted in the United States of America. The government-wide financial statements include two statements, the Statement of Net Position and the Statement of Activities.

The *Statement of Net Position* on page 31 presents all of the ESUCC's assets on the cash basis, as described above, with the difference between the two reported as "net position."

The *Statement of Activities* on page 32 presents information showing how the ESUCC's net position changed during the reported year. Changes reported are on the cash basis, as described above. The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program receipts are reported, instead, as general receipts.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Continued)

Fund Financial Statements

This is the second set of financial statements presented in the report. Under GAAP, these statements would be different from the government-wide statements in that these statements would use a different accounting approach and focus on the near-term inflows and outflows of ESUCC operations.

The ESUCC has only one fund, the General Fund. GAAP classifies funds into three categories – Governmental Funds, Proprietary Funds, and Fiduciary Funds. The General Fund of an entity is classified as a Governmental Fund, as it accounts for all basic services. The Fund Financial Statements, which can be found on pages 33 and 34, provide detailed information about the ESUCC's General Fund. A fund is a method of accounting that uses a set of accounts to maintain accountability and control over specific sources of funding and spending for a particular activity or objective. GAAP requires governmental funds to use the modified accrual basis of accounting.

The six projects that make up the General Fund in addition to ESUCC Administration are: ESU Professional Development Organization (ESUPDO); Nebraska ESU Cooperative Purchasing Unit (Coop); Distance Education; My E-Learning (MyE); Instructional Materials (I-Mat); and Special Education Projects (SPED).

Notes to the Financial Statements

The notes to the financial statements offer additional information that is essential to a full understanding of the data provided in all of the basic financial statements. The notes can be found beginning on page 35.

Other Information

Following the basic financial statements and the accompanying notes thereto is additional information that further explains and supports the information in such financial statements. The other information consists of the budgetary schedule and notes and combining schedule. This information can be found beginning on page 44.

FINANCIAL AND OPERATING HIGHLIGHTS

The ESUCC's Net Position for the fiscal year ended August 31, 2014, compared to the fiscal year ended August 31, 2013, decreased by \$910,551. This decrease is generally due to the change in the annual buy project of the Nebraska ESU Cooperative Purchasing Unit for the 2014-2015 school year. Prior to the 2014-2015 school year, the ESUs and school districts would purchase administrative instructional supplies, equipment, and personal property from vendors. The vendor would bill the ESUCC, which would then bill the ESUs for reimbursement. Beginning with the annual buy for the 2014-2015 school year, the school districts are directly purchasing items needed from the vendors and the ESUCC is no longer operating and administering the billing for the project. Another reason for the decrease was the decision to change the presentation of the financial statements from the modified cash basis of accounting, as used in the fiscal year ended August 31, 2013, to the cash basis of accounting for the fiscal year ended August 31, 2014. The table on the following page provides a more detailed picture of the changes in net position.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Continued)

FINANCIAL ANALYSIS OF ESUCC AS A WHOLE

Net Position

The ESUCC's assets totaled \$728,885 at August 31, 2014, as compared to \$4,122,926 at August 31, 2013. Due to the preparation of the financial statements on a cash basis for the fiscal year ended August 31, 2014, there were no liabilities as of August 31, 2014. Net position amounted to \$728,885, as of August 31, 2014. As of August 31, 2013, liabilities were \$2,483,490 and net position was \$1,639,436.

Unrestricted net position is all other net position that does not meet the definition of "restricted" or "invested in capital assets, net of related debt." The ESUCC's unrestricted net position totaled \$728,885, as of August 31, 2014.

	Net Position	
	As of August 31	
	Cash Basis	Modified
	2014	Cash Basis
		2013
ASSETS:		
Cash and Cash Equivalents	\$ 728,885	\$ 2,767,446
Accounts Receivable	-	1,353,078
Prepaid Items	-	2,402
Total Assets	728,885	4,122,926
LIABILITIES	-	2,483,490
NET POSITION:		
Unrestricted	728,885	1,639,436
Total Net Position:	\$ 728,885	\$ 1,639,436

As of August 31, 2014, the ESUCC's assets consisted of cash and cash equivalents. This compares to 67%, as of August 31, 2013. The majority of the remaining assets consisted of accounts receivable at the Nebraska ESU Cooperative Purchasing Unit in the amount of \$1,353,078, as of August 31, 2013. The difference between the two years is generally a result of the change in the annual buy project of Cooperative Purchasing for the 2014-2015 school year.

The ESUCC did not have any liabilities as of August 31, 2014. The ESUCC's liabilities as of August 31, 2013, consisted primarily of liabilities at the Nebraska ESU Cooperative Purchasing Unit in the amount of \$2,483,490. The difference in liabilities from year to year is based on the change of the annual buy project for the 2014-2015 school year.

The ESUCC's net position was \$728,885 and \$1,639,436, as of August 31, 2014 and 2013, respectively. The ESUCC's net position may vary based on receipts and disbursements in Cooperative Purchasing as well as other ESUCC projects.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Continued)

Changes in Net Position

The condensed financial information below was derived from the government-wide Statement of Activities and reflects how the ESUCC's net position changed during the year. Following the table is management's analysis of the changes in net position for the fiscal year ended August 31, 2014.

Changes in Net Position

	Fiscal Year Ended August 31, 2014 Cash Basis	Fiscal Year Ended August 31, 2013 Modified Cash Basis
Receipts:		
Program Receipts		
Charges for Services	\$ 2,502,100	\$ 6,336,063
Operating Grants and Contributions	118,081	83,482
General Receipts:		
State Appropriations	565,593	565,593
Penalties and Fees	37	102,204
Miscellaneous	264	365
Total Receipts	<u>3,186,075</u>	<u>7,087,707</u>
Disbursements:		
ESU Professional Development	878,201	474,323
Distance Education Council	354,264	287,109
My E-Learning	306,263	279,418
Special Education	455,513	422,073
Instructional Materials	220,469	321,760
Nebraska ESU Cooperative	3,009,926	5,612,260
Total Disbursements	<u>5,224,636</u>	<u>7,396,943</u>
Change in Net Position	(2,038,561)	(309,236)
Net Position - Beginning	<u>2,767,446</u>	<u>1,948,672</u>
Net Position - Ending	<u>\$ 728,885</u>	<u>\$ 1,639,436</u>

Receipts

The largest single source of receipts for the ESUCC is charges for services. Charges for services are primarily receipts generated by the Nebraska ESU Cooperative Purchasing Unit for services provided to ESUs and school districts and program receipts for the various projects. Charges for services for the fiscal year ended August 31, 2014, were \$2,502,100, and for the fiscal year ended August 31, 2013, they were \$6,336,063. The change between the two periods reflects the change in the annual buy project of the Cooperative Purchasing for the 2014-2015 school year.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT’S DISCUSSION AND ANALYSIS
(Continued)

The second largest source of receipts is generated by general receipts. The general receipts were comprised primarily of State appropriations for 2% of core services funding, but they also included capital grants. General receipts for the fiscal year ended August 31, 2014, were \$565,894 and for the fiscal year ended August 31, 2013, were \$668,162. Some or all of the change between periods is the availability of general receipts from State appropriations as well as grant sources supporting ESUCC projects.

Disbursements

The largest single purpose of disbursements for the ESUCC was for goods and services disbursed by the Nebraska ESU Cooperative Purchasing Unit, which were then provided to ESUs and school districts. Disbursements for these services for the fiscal year ended August 31, 2014, were \$3,009,926 and for the fiscal year ended August 31, 2013, were \$5,612,260. The change between periods reflects the change in the Cooperative Purchasing annual buy for the 2014-2015 school year.

The remaining disbursements for the ESUCC relate primarily to the various other programs managed by the ESUCC. Disbursements for various programs for the fiscal year ended August 31, 2014, were \$2,214,710 and for the fiscal year ended August 31, 2013, were \$1,784,683. Increases in disbursements for other programs managed by the ESUCC are basic inflationary increases in program costs, including, but not limited to, salary and benefit increases and general inflationary costs of maintaining existing programs and services.

ANALYSIS OF ESUCC’S GENERAL FUND VARIATIONS

The table below provides a comparison of budgeted receipts and disbursements to actual receipts and disbursements.

	<u>Budget</u>	<u>Actual</u>	<u>Positive (Negative) Variance</u>
Beginning Balance	\$ 1,728,132	\$ 2,767,446	\$ 1,039,314
Total Receipts	12,091,793	3,186,075	(8,905,718)
Total Disbursements	<u>12,275,250</u>	<u>5,224,636</u>	<u>7,050,614</u>
Net Increase (Decrease)	<u>(183,457)</u>	<u>(2,038,561)</u>	<u>(1,855,104)</u>
Ending Balance	<u>\$ 1,544,675</u>	<u>\$ 728,885</u>	<u>\$ (815,790)</u>

The largest variance between budgeted and actual receipts was Local Receipts, which were budgeted to be \$10,864,550 but were actually \$2,502,100. The majority of this variance can be explained primarily by the ESU Coop, which typically experiences large fluctuations each year between budgeted and actual figures due to the high volume of purchases that can be made. The budget was also adopted prior to the decision to change to direct shipping for the 2014-2015 school year Cooperative Purchasing annual buy.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Concluded)

The largest variances between budgeted and actual disbursements were due to the Coop Program Purchases, which had budgeted \$8,150,000 but incurred actual costs of \$2,421,706. Again, this is due to the potential for the ESU Coop's large fluctuations and the timing differences of when the budget was adopted and the decision to change to direct shipping for the 2014-2015 school year Cooperative Purchasing annual buy, as described above.

FACTORS THAT WILL AFFECT THE FUTURE

Several factors influence the future of the ESUCC and its projects. Projects that are based on conditions of ESUs and school districts, as far as purchasing of products and services, tend to vary depending on the levels of participation in Cooperative Purchasing, My E-Learning, and professional development. General economics have created an environment where schools and ESUs have fewer resources available to buy goods and services. Additionally, State appropriations have been reduced for support of the ESUCC and the Distance Education program. These reductions will impact overall resources available for the foreseeable future. Long-term trends will include further strategic reorganization of projects and services to address the likelihood of a decrease in future resources. Strategic reorganization efforts impacting the future will include organizing professional development services under a new structure that will allow for the development of new statewide projects. Additionally, existing projects in technology are being organized to manage most efficiently and effectively the changing environment in educational technology. Future fiscal years will combine efforts in instructional materials, My E-Learning, and distance education under a "BlendEd" initiative. Similarly, professional development efforts will include new statewide projects and services. Future projects and services of the ESUCC will be maintained through expanded partnerships and possibly through statewide grants or contracts facilitated by the ESUCC.

CONTACTING ESUCC'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens and taxpayers a general overview of the ESUCC's finances and to demonstrate the ESUCC's accountability for the money with which it is entrusted. If you have questions about this report or need additional financial information, contact David M. Ludwig, Educational Service Unit Coordinating Council Executive Director, 6949 South 110th Street, LaVista, Nebraska 68128. The telephone number is (402) 597-4915 and the email address is dludwig@esucc.org.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

For the Fiscal Year Ended August 31, 2014

1. Summary of Significant Accounting Policies

A. *Organization*

The Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate statewide activities of Nebraska's 17 Educational Service Units (ESUs). The governing body for the ESUCC consists of an Administrator Representative from each of the 17 ESUs and an Executive Director. The ESUCC was created by LB 603 (2007) and officially came into existence, according to statute, on July 1, 2008. Neb. Rev. Stat. § 79-1246(1) (Reissue 2014) outlines the ESUCC's general responsibilities and duties, as follows:

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. The Council's duties include, but are not limited to:

- (a) Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state;*
- (b) Administration of statewide initiatives and provision of statewide services; and*
- (c) Coordination of distance education.*

Prior to the creation of the ESUCC by the Nebraska Legislature, the 17 ESUs worked in partnership to provide statewide activities. Based on the above statutory authority, the ESUCC decided that all statewide activities offered in partnership by the ESUs would be placed under the umbrella of the ESUCC. Although identified separately in the "ESUCC Admin and Professional Development Organization" column of the Combining Schedule, the ESUCC reports the general administrative costs of the ESUCC overall, along with the ESUPDO project costs. The ESUCC contracts with ESU 17 to provide all staff for the ESUCC. This is accomplished annually by ESU 17 developing employment contracts with all ESUCC project employees, including the Executive Director of the ESUCC. Thus, all ESUCC project employees and the ESUCC Executive Director are ESU 17 employees. Through an interlocal agreement, the ESUCC reimburses ESU 17 for all salaries and benefits for these employees.

The following is a brief description of each statewide project budgeted for and administered by ESUCC:

- **ESU Professional Development Organization (ESUPDO):** The ESUPDO serves as a collaborative effort to provide statewide training for ESU employees statewide. Professional development is among the core services identified by State statute for ESUs.
- **Distance Education:** Distance Education originated with the Distance Education Council, which was formed by legislation in 2006 and has since evolved into a program under the ESUCC. The State's distance education director is housed at ESU 10. Neb. Rev. Stat. § 79-1248 (Reissue 2014) includes, among the powers and duties of the ESUCC, various responsibilities pertaining to the operation of the State's distance education network.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

- **Nebraska ESU Cooperative Purchasing (Coop):** Coop provides cooperating purchasing services to Educational Service Unit Member schools throughout the State of Nebraska. The Coop director is in Lincoln, and operations are housed at ESU 17 (Ainsworth).
- **Instructional Materials (I-Mat):** I-Mat is a statewide project that purchases rights to media materials and makes them available through local ESUs in a variety of formats. The staff member for I-Mat is housed at ESU 5 (Beatrice).
- **My E-Learning (MEL or MyE):** MyE is a statewide project to make available an online learning management system (LMS) to school districts, teachers, and students. MyE staff are housed at ESU 3 (Omaha).
- **Special Education (SPED) Projects:** There are three special education projects managed by the ESUCC in its Lincoln offices. The purpose of the SPED Projects is for participating parties to pool their resources in connection with the special education services and for the training of special education teachers and other staff members employed by educational institutions within the State of Nebraska.
- **BlendEd Initiative (Technology Direction):** In the fall of 2012, the ESUCC submitted an overview of the BlendEd Initiative to the Nebraska Information Technology Commission (NITC) with the vision of creating an eLearning system, bringing together the work of the ESUCC project areas into a more seamless shared learning environment. Projects involved in this effort are the I-Mat Learning Object Repository, MyE Learning Management Systems, and the ESU Professional Development Organization and affiliates.

B. Reporting Entity

The ESUCC is a governmental entity established under and governed by the laws of the State of Nebraska. In evaluating how to define the ESUCC for financial reporting purposes, all potential component units have been considered. The basic – but not the only – criteria for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, and the ability to significantly influence operations and accountability for fiscal matters. Based upon the above criteria, the accompanying financial statements include all funds for which the ESUCC has oversight responsibility. The ESUCC does not have any component units and has only one fund – the General Fund. The ESUCC is not considered a component unit of any other governmental entity.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

C. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The reporting model, based on GASB Statement 34, focuses on the ESUCC as a whole in the government-wide financial statements and major individual funds in the fund financial statements. The government-wide financial statements report information on all of the activities of the primary government and any component units. The ESUCC has only one fund – the General Fund – and has no component units. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately.

The Statement of Activities demonstrates the degree to which the direct disbursements of a given function or segment is offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program receipts are reported instead as general receipts.

D. Fund Types

The accounts of the ESUCC are organized on the basis of funds. The ESUCC has only one governmental fund type – the General Fund.

E. Basis of Accounting/Restatement

The ESUCC prepares its financial statements, both its governmental-wide and fund statements, on the cash basis of accounting. Under the cash basis of accounting, receipts are recognized when collected rather than when earned, and disbursements are recognized when paid rather than when incurred. Consequently, these financial statements are not intended to present financial information in accordance with generally accepted accounting principles.

Prior to the fiscal year ended August 31, 2014, the ESUCC prepared its financial statements on the modified cash basis of accounting, where the cash basis of accounting was modified to record accounts receivables and accounts payables. The ending net position/fund balance at August 31, 2013, on the modified cash basis of accounting was \$1,639,436. The beginning net position/fund balance for the fiscal year ended August 31, 2014, was restated to the cash balance at August 31, 2013, of \$2,767,446 to reflect the change in basis of accounting to the cash basis.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

1. **Summary of Significant Accounting Policies** (Continued)

F. Cash and Cash Equivalents

In addition to the ESUCC's bank account, this classification includes all short-term investments, such as certificates of deposit, and investments in the Nebraska Public Agency Investment Trust (NPAIT) having original maturities of less than two years. NPAIT deposits and investments include certificate of deposits, demand deposit accounts, repurchase agreements, and government agency securities. These investments are valued at amortized cost, which approximates fair value due to the short-term nature of the investments.

G. Basis of Presentation

The ESUCC adopted the provisions of Statement No. 34 (Statement 34) of the Government Accounting Standards Board (GASB), "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." Statement 34 established standards for external financial reporting for all State and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into three components – (a) invested in capital assets, net of related debt; (b) restricted; and (c) unrestricted. The ESUCC reported only unrestricted net position.

H. Net Position Classification

Government-Wide Statements. Net Position is displayed as unrestricted net position. Unrestricted net position is all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements. Governmental fund equity is classified as fund balance. Fund balances are further classified as committed or unassigned. Commitments of fund balances are established to identify the existence of assets that are intended to be used for specific purposes that are internally imposed by the government through formal action of the Board, and the constraints do not lapse at year-end. The ESUCC had committed fund balance in the amount of \$250,000. Unassigned fund balance is the residual classification for the General Fund.

I. Capital Assets

Capital assets are recorded as disbursements at the time of purchase. This differs from generally accepted accounting principles, which require capital assets to be capitalized and depreciated over the life of the asset.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. **Summary of Significant Accounting Policies** (Concluded)

J. Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Compensated Absences

The ESUCC contracts with ESU 17, through an interlocal agreement, to provide staffing for the ESUCC. The ESUCC has entered into negotiated agreements with contracted personnel. In those agreements, the ESUCC has agreed to provide benefits for personal and sick leave. In accordance with the cash basis of accounting, these benefits are recorded as a disbursement when paid.

2. **Deposits and Investments**

Listed below is a summary of the deposit and investment portfolio that comprises the Cash and Cash Equivalents on the ESUCC's August 31, 2014, basic financial statements.

Deposits – Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. At August 31, 2014, the ESUCC held bank deposits and also held funds in certificates of deposits, demand deposits, and money market accounts with the Nebraska Public Agency Investment Trust (NPAIT).

The NPAIT was established in June 1996 through the Interlocal Cooperation Act and commenced operations July 25, 1996. The NPAIT was established to assist public bodies throughout the State of Nebraska with the investment of their available cash reserves. Participation in the investment trust is voluntary for its members. The objective of the NPAIT is to provide its owner members with a conservative and effective investment alternative tailored to the needs of its members. The NPAIT currently consists of and operates one portfolio and a fixed-term account. The NPAIT portfolio management generally follows established investment criteria developed by the Securities and Exchange Commission (SEC) for money market funds designed to offer acceptable yield while maintaining liquidity. The NPAIT is not registered with the SEC as an investment company. For a copy of the most recent audit report for the NPAIT, contact David Ludwig, Executive Director, Educational Service Unit Coordinating Council, 6949 South 110th Street, LaVista, Nebraska, 68128. The telephone number is (402) 597-4915, and the email address is dludwig@esucc.org.

2. **Deposits and Investments** (Continued)

The ESUCC's bank balance and carrying amount of deposits at August 31, 2014, are set out below:

	Bank Balance	Carrying Amount
Bank Deposits	\$ 51,560	\$ 9,282
NPAIT Deposits	<u>295,898</u>	<u>295,898</u>
Total	\$ <u>347,458</u>	\$ <u>305,180</u>

Bank Deposits: The ESUCC does not have a policy for custodial credit risk associated with deposits.

The ESUCC is required by State statute to collateralize bank deposits in excess of federally insured amounts. The bank deposits at August 31, 2014, were covered by the Federal Depository Insurance Corporation (FDIC).

NPAIT Deposits: The NPAIT's deposit policy for custodial credit risk required compliance with the provisions of State law.

State law requires collateralization of deposits with Federal depository insurance or with U.S. Treasury and U.S. Agency securities having an aggregate value at least equal to the amount of the deposits. At June 30, 2014, all of the NPAIT's deposits were insured and collateralized by securities held by the pledging financial institution in other than the NPAIT's name.

Investments – The NPAIT may legally invest in direct obligations of, as well as other obligations guaranteed as to principal by, the U.S. Treasury and U.S. Agency and Instrumentalities and in bank repurchase agreements. It may also invest in guaranteed student loans, loans guaranteed by the Small Business Administration, Federal Home Administration, or any other agency of the United States, as well as any other type of investment permitted for public agencies by State law. At June 30, 2014, all of the NPAIT's investments in U.S. agencies and repurchase agreements mature in a period of less than two years.

At August 31, 2014, the ESUCC had \$423,349 in NPAIT investments. These investments consisted of government agency securities and repurchase agreements, which were collateralized by U.S. government securities.

The ESUCC is exposed to risks noted below in relation to its investments in the NPAIT. The ESUCC does not have a policy for these risks.

Interest Rate Risk – As a means of limiting its members' exposure to fair value losses arising from rising interest rates, all of the NPAIT's investments have maturities of less than two years.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

2. Deposits and Investments (Concluded)

Credit Risk – Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. According to the latest audit report on the NPAIT, as of June 30, 2014, the NPAIT’s investments in government agency securities were rated as AA+.

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the NPAIT will not be able to recover the value of its investment or collateral securities that are in the possession of the outside party.

The NPAIT has no specific policy as to credit risk. All of the underlying securities for the NPAIT investments in repurchase agreements at June 30, 2014, the latest audit report date for the NPAIT, are held by the counterparties in the NPAIT’s name.

Concentration of Credit Risk – The NPAIT places no limit on the amount that may be invested in any one issuer.

Reconciliation of deposits and investments for the ESUCC to Cash and Cash Equivalents on the Statement of Net Position, as of August 31, 2014, is as follows:

Carrying Value:

Bank and NPAIT Deposits	\$	305,180
NPAIT Investments		423,349
Prepaid Items		356
Total	\$	728,885

3. Contingencies and Commitments

Risk Management – The ESUCC is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors or omissions, injuries to employees, and natural disasters. During the fiscal year, the ESUCC chose to purchase the following commercial insurance policies to cover these risks:

	Limit	Deductible
Personal Property Coverage (per location)	\$ 1,000	\$ 500
General Liability	\$ 2,000,000	\$ -
Employee Benefits Liability (deductible is per employee)	\$ 3,000,000	\$ 1,000
School Leaders E&O Liability	\$ 1,000,000	\$ 5,000
Automobile (Non-Owned & Hired) Liability	\$ 1,000,000	\$ -
Workers’ Compensation Insurance	\$ 500,000	\$ -
Transportation Coverage	\$ 300,000	\$ 1,000

No insurance claims resulting from these risks were filed during the fiscal year by the ESUCC. Settled claims resulting from these risks have not exceeded the above coverage in the past three years.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS
(Continued)

4. School Retirement

Plan Description

The ESUCC contracts with ESU 17 to provide all staff for the ESUCC. Thus, all of the ESUCC project employees and the ESUCC Executive Director are ESU 17 employees. Through an interlocal agreement, the ESUCC agreed to reimburse ESU 17 for all salaries and benefits for these employees. Benefits provided by the ESUCC included retirement benefits, as ESU 17 employees are eligible to be members of the Nebraska School Employees Retirement System. Thus, ESU 17 contributes to the Nebraska School Employees Retirement System on behalf of the ESUCC. The Nebraska School Employees Retirement System is a cost-sharing, multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing NPERS, 1526 K Street, Suite 400, P.O. Box 94816, Lincoln, NE, 68509-4816 or by calling 1-800-245-5712.

Funding Policy

Plan members were required to contribute 9.78% of their annual covered salary from September 1, 2013, to August 31, 2014. The ESUCC is required to contribute 101% of the employee contribution. The contribution requirements of the plan members and the ESUCC are established by the Nebraska statutes. For the fiscal year ended August 31, 2014, the ESUCC employees contributed \$81,492, and the ESUCC contributed \$82,307, which equaled the required contribution. For the fiscal years ended August 31, 2013, and August 31, 2012, the ESUCC employees contributed \$73,338 and \$61,814, respectively, and the ESUCC contributed \$74,075 and \$64,432, respectively, which equaled the required contribution.

5. Lease Commitments

The ESUCC leases office facilities under operating leases. Operating lease payments for the fiscal year ended August 31, 2014, totaled \$47,481. The future minimum annual lease payments are as follows:

Year	Governmental Activities
2015	\$ 42,198
2016	15,886
Total	<u>\$ 58,084</u>

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS
(Concluded)

6. Reclassification

The ESUCC records in its general ledger employee salaries and benefits; however, the ESUCC staff are ESU 17 employees, as the ESUCC contracts, through an interlocal agreement, with ESU 17 to provide staffing for the ESUCC, making all employees of the ESUCC contract employees. To better reflect the nature of these disbursements, \$1,060,179 of salaries and benefits was classified as Purchased Services on the Statement of Cash Receipts, Disbursements, and Changes in Cash Basis Fund Balance.

7. Accounts Receivable

At August 31, 2014, the ESUCC had \$261,313 in accounts receivable. In accordance with the cash basis of accounting, receivables are recorded as a receipt when the ESUCC receives the funds.

8. Unemployment Compensation Insurance

The ESUCC has adopted the reimbursable option of the State's Unemployment Compensation Insurance Program. Under this option, a claimant would receive unemployment compensation from the State. The ESUCC is liable to reimburse the State the actual amount of the claim(s).

9. Related Parties

The governing body for the ESUCC consists of the Administrator from each of the 17 ESUs across the State. As the ESUCC coordinates statewide activities and provides services for the 17 ESUs, the ESUCC also bills each of the ESUs for those services.

NOTES TO THE BUDGETARY COMPARISON SCHEDULE

For the Fiscal Year Ended August 31, 2014

BUDGETARY COMPARISON SCHEDULES

Basis of Budgeting – The ESUCC prepares its budget on the cash basis, which is consistent with the financial statement presentation.

Budget Process and Property Taxes – The ESUCC follows these procedures in establishing the budgetary data reflected in the accompanying statements:

- Public hearings are conducted at public meetings to obtain taxpayer comments.
- Prior to September 20, the budget is legally adopted by the Board through passage of a resolution. Total disbursements may not legally exceed total appropriations. Appropriations lapse at year end, and any revisions require Board approval.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL
**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements, and have issued our report thereon dated December 19, 2014. The report notes the financial statements were prepared on the cash basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Educational Service Unit Coordinating Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Educational Service Unit Coordinating Council's financial statements will not be prevented, or detected and corrected, on a timely basis. A

significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Educational Service Unit Coordinating Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Additional items

We noted certain additional items that we reported to management of the Educational Service Unit Coordinating Council in the Comments Section of this report as Comment Number 1 (Contractual Employees), Comment Number 2 (Disbursements), Comment Number 3 (Receipts), and Comment Number 4 (Capital Assets).

The Educational Service Unit Coordinating Council's Response to Findings

The Educational Service Unit Coordinating Council's responses to the findings identified in our audit are described in the Comments Section of the report. The Educational Service Unit Coordinating Council's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them. Where no response is indicated, the Educational Service Unit Coordinating Council declined to respond.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, not to provide an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Educational Service Unit Coordinating Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Assistant Deputy Auditor

Memorandum of Understanding Involving the Illini Cloud Consortium and Nebraska Educational Service Unit Coordinating Council

January, 2015

The Nebraska Educational Service Unit Coordinating Council agrees to participate with the Illini Cloud Consortium in the development of a shared learning environment of mutual benefit to the P-20 education systems in Illinois, Nebraska and nationwide. Both parties will jointly develop goals and project plans and will openly share work products of this joint effort such as software, source code and documents to further this work.

Initial goals of both parties include:

1. Development and implementation of a robust and secure data collection, storage and access mechanism for educational data.
2. Exchange of data center space to provide redundancy and disaster recovery capabilities for private cloud infrastructure operated independently in Nebraska and Illinois.
3. Development and implementation of a K-12 Identity federation, including software components to manage and provide tenant-based, statewide single-sign on services.
4. Development and implementation of applications that make use of the educational data and identity systems.

Student Records. The parties agree to share data in a manner that safeguards the confidentiality of personally identifiable information in students' education records as defined by the federal Family Education Rights and Privacy Act (FERPA) and any other applicable federal or state laws and regulations. FERPA establishes restrictions on the disclosure and re-disclosure of personally identifiable information in students' education records without the written consent of the parent or eligible student. FERPA permits student information to be used by state educational authorities for the purposes of the evaluation of state or federally supported education programs, and/or conducting research for or on behalf of the state supported schools to improve education.

This agreement will be reviewed on an annual basis, and does not involve payments between parties. In the event a fee-for-service arrangement is needed, this would be handled via separate contract.

Primary contacts for this agreement are:

Date

Date

DRAFT

AGREEMENT

THIS AGREEMENT (the "Agreement") is entered into and made effective this, _____ day of January, 2015 by and between Library Video Company d/b/a SAFARI Montage, a Pennsylvania corporation, with a principal place of business at Five Tower Bridge, Suite 700, 300 Barr Harbor Drive, West Conshohocken, PA 19428 ("SAFARI Montage") and Nebraska Educational Service Unit Coordinating Council, 6949 South 110th Street, LaVista, Nebraska 68128 ("ESUCC").

WHEREAS, ESUCC desires to continue through August 31, 2015 the SAFARI Montage services initiated on May 28, 2013;

WHEREAS, during the period commencing on the date of this Agreement and ending on August 31, 2015 (the "Bridge Period"), ESUCC desires to continue to receive, and SAFARI Montage agrees to continue to provide, certain services as set forth in this Agreement during such period (the "Bridge Services");

WHEREAS, the parties acknowledge that the services to be provided during the Bridge Period do not adequately cover all of the future needs of ESUCC;

WHEREAS, both parties acknowledge that there were various misunderstandings on what services were to be provided by SAFARI Montage prior to the date hereof, but that in the interest of a continued partnership, the parties have determined not to pursue further investigation into any such misunderstandings and are releasing each other for any claims surrounding such services; and,

WHEREAS, both parties desire to delineate a scope of work for additional SAFARI Montage products and services, which products and services will need to be ready for implementation on September 1, 2015, and in order to meet this implementation date, the parties shall, upon execution of this Agreement, commence discussions, planning testing and contracting in connection with such scope of work.

NOW THEREFORE, in consideration of the foregoing and the covenants contained herein, the parties, intending to be legally bound, hereby agree as follows:

1) Services:

- a) ESUCC desires SAFARI Montage to continue to provide, and SAFARI Montage agrees to continue to provide, the following Bridge Services during the Bridge Period:
 - i) ESUCC will remain on SAFARI Montage Version 5;
 - ii) SAFARI Montage Managed Home Access service will continue to be provided by SAFARI Montage through each ESU throughout the State of Nebraska;
 - iii) SAFARI Montage CreationStation annual license enabling all ESU personnel to be able to upload content to their SAFARI Montage servers will continue for all existing servers;
 - iv) SAFARI Montage Multi-Format Auto-Converter software license will continue for all existing servers; and,
 - v) The "free" Additional Core Content Digital Resources Packages will continue to be maintained on the SAFARI Montage system, but no additional content will be added during the Bridge Period.

Scott Isaacson 1/5/2015 8:51 AM

Deleted: 16th

Scott Isaacson 1/5/2015 8:41 AM

Deleted: December, 2014

2) Acknowledgements and Agreements: The parties each acknowledge and agree as follows:

- a) During the Bridge Period, that SAFARI Montage will offer ESUs and Nebraska school districts the ability to purchase the following: an upgrade to Version 6, Learning Object Repository, Interoperability Support Services, Content Package subscriptions, Digital Learning Platform, IPTV, Professional Development or any other products and/or services provided by SAFARI Montage.
- b) That SAFARI Montage specifically makes no representations or warranties regarding the continued functionality of the SAFARI Montage EdCaster product feature. The EdCaster feature officially reached end-of-life and any associated support has ended. Although there is a high likelihood that the feature will continue to function in the same manner as it has during the past one and one-half years in that EdCaster will support uploading one object at a time, but not in bulk, no representations or warranties are being made regarding this product. By uploading one object at a time, the most frequent issue of over-taxing the various queues should be alleviated and the requisite support should drop by approximately ninety percent (90%). During the Bridge Period, ESUCC can attempt to use the SAFARI Montage EdCaster feature by adding objects one at a time, which should work in all ESU environments that have adequate bandwidth connections. In the event that some ESUs decide to upgrade to SAFARI Montage Version 6.0, EdCaster will continue to be interoperable with Version 5 servers.
- c) That SAFARI Montage had previously quoted and delivered to ESUCC hardware and software products for the entire State of Nebraska when SAFARI Montage services were initiated on May 28, 2013 but that there remains an outstanding balance of Twenty-Two Thousand Three Hundred and Fifty-Nine Dollars (\$22,359) owed by ESUCC for such products and services (the "Outstanding Balance") for which ESUCC no longer has a budget. ESUCC acknowledges and agrees that should the parties delineate a scope of work for SAFARI Montage to provide services to ESUCC after the Bridge Period, then the Outstanding Balance will be added to cost of the services for such scope of work and paid to SAFARI Montage at that time. Nothing in the foregoing shall be construed to limit SAFARI Montage's rights and remedies with respect to the Outstanding Balance.
- d) That all SAFARI Montage hardware and software are now out of warranty and that any required service and/or labor for such products will be billed on a time and materials basis as needed. ESUCC will advise SAFARI Montage if such expenses will be billed to ESUCC or to each ESU.
- e) That SAFARI Montage Interoperability Support Services are not being provided by SAFARI Montage and are not in any way covered under this Agreement.
- f) That any required technical support service needs will be directed to SAFARI Montage tech support lines and will not cover issues with EdCaster queues or environments that do not have adequate bandwidth to support the system. ESUCC may contact SAFARI Montage's Team Lead, Systems Solutions, as needed, but there will no longer be weekly project calls.
- g) That each party agrees to work together in good faith during January and February, 2015 to delineate a statement of work for additional products and services for ESUCC statewide network so that: (i) a Quote can be issued by SAFARI Montage to ESUCC and the ESUs for such product and services, (ii) an agreement can be drafted and signed, (iii) a Purchase Order can be issued for such products and services on or before March, 2015, and (iv) the Nebraska Learning Object Repository Exchange development services can be commenced by SAFARI Montage on or before March, 2015. The working assumption is that the existing SAFARI Montage LOR Exchange can be customized to meet ESUCC's needs.

3) Term: The term of this Agreement shall commence on the date hereof and end on August 31, 2015.

4) Payment: In consideration of the Bridge Services being provided under this Agreement and the covenants contained herein, ESUCC will issue a Purchase Order to SAFARI Montage for Fifty-Seven Thousand Two Hundred Dollars (\$57,200) to be paid by ESUCC by December 23, 2014. This amount does not include the disputed outstanding balance of \$22,359.

5) Release: Except for the payment of the Outstanding Balance (for which SAFARI Montage does not release or discharge ESUCC until such amount is paid to SAFARI Montage), the parties hereby release and forever discharge each other, and each of their past and present predecessors, successors, affiliates, subsidiaries, parents, insurers, officers, directors, employees, heirs, assigns, agents, and attorneys from any and all known and unknown claims, disputes, demands, debts, liabilities, obligations, contracts, agreements, causes of action, suits, attorneys' fees and/or costs, of whatever nature, character or description, which the parties had, now have, or may have related to any matters which arise out of or relate to any events occurring or actions taken prior to the date of this Agreement. The parties' execution of this Agreement is not an admission of any liability, fault or responsibility on the part of any released party. The foregoing mutual release of claims made pursuant to this Agreement is regarded by the parties hereto as intended to avoid the expense, inconvenience and uncertainty of litigation. This paragraph 5 shall survive the expiration or termination of this Agreement.

6) Miscellaneous:

a) Notice: All notices and payments contemplated or required under this Agreement shall be in writing and delivered by hand, by certified or registered mail, return receipt requested, or by overnight courier services as follows:

Notice may be given to any other address as a party designates by notice to the other party in accordance with this paragraph 6(a). Notice shall be deemed received on the date received via the U.S. mail or other courier.

- b) *Waiver*: No failure or delay of either party to exercise any rights or remedies under this Agreement shall operate as a waiver thereof. No waiver of any provision of this Agreement or any rights or obligations of either party hereunder shall be effective, except pursuant to a written document signed by the party waiving compliance, and any such waiver shall be effective only in the specific instance and for the specific purpose stated in such writing. Failure to enforce any rights hereunder shall not constitute a waiver of those or any other rights.
- c) *Entire Agreement*: This Agreement constitutes the entire understanding of the parties relating to the subject matter hereof and supersedes any and all other agreements, written or oral, that the parties may have had with respect to the subject matter hereof. Except as expressly provided herein, this Agreement may not be amended, modified or waived, in whole or in part, except by a writing signed by both parties.
- d) *Severability*: In the event that any provision of this Agreement is found by a court of competent jurisdiction to be invalid or unenforceable, the validity, legality and enforceability of the remaining provisions contained shall not, in any way, be affected or impaired thereby.
- e) *Cumulative Rights and Remedies*: All rights and remedies contained in this Agreement shall be cumulative and none of them shall be in limitation of any other right or remedy of either party at law or in equity.
- f) *Headings*: The headings set forth in this Agreement are for convenience of the parties only and shall not be considered in interpreting the meaning of any provision of this Agreement.
- g) *Choice of Law and Jurisdiction*: This Agreement is governed by and construed in accordance with the laws of the State of Nebraska. Any action to enforce this Agreement must be brought in the state or federal courts of the State of Nebraska. Mandatory and exclusive venue for any disputes shall be in Sarpy County, Nebraska.
- h) *Counterparts*: This Agreement may be executed in any number of counterparts, (including, without limitation, in PDF counterparts), and each executed counterpart shall have the same force and effect as an original document.
- i) *Termination*.
 - i. ESUCC may terminate this Agreement in whole or part if funding from federal, state, or other sources is not obtained and continued at levels sufficient to allow for purchase of the good and/or services in the indicated quantities or term. ESUCC shall notify SAFARI Montage as soon as practicable if funds to meet ESUCC's obligations become unavailable. The determination of ESUCC as to the insufficiency of funds is conclusive.

Steve Williams 1/2/2015 1:23 PM

Deleted: This Agreement shall be governed by, construed and enforced in accordance with, the laws of the Commonwealth of Pennsylvania, without regard to any conflict of laws principles. SAFARI Montage and ESUCC consent to the exclusive jurisdiction of the state courts of Montgomery County, Pennsylvania and the United States District Court for the Eastern District of Pennsylvania in all disputes and matters arising under this Agreement.

ii. Each party may terminate this Agreement if the other party breaches or is in default of any material obligation hereunder which default is incapable of cure, or which, being capable of cure, has not been cured within 30 days after receipt of written notice of such default or such additional cure period as the nondefaulting party may authorize in writing.

iii. Each party may terminate this Agreement by written notice if federal or state laws or rules are modified or interpreted in a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.

iv. ESUCC may terminate this Agreement, in whole or in part, by written notice to SAFARI Montage and may regard the SAFARI Montage in default of this Agreement if SAFARI Montage becomes:

- A. Insolvent;
- B. Makes a general assignment for the benefit of creditors;
- C. Files a voluntary petition of bankruptcy;
- D. Suffers or permits the appointment of a receiver for its business or assets;
- E. Becomes subject to any proceeding under any bankruptcy or insolvency law, whether domestic or foreign; or
- F. Has wound up or liquidated, voluntarily or otherwise.

v. ESUCC may terminate this Agreement, in whole or in part, immediately, without notice, if SAFARI Montage is debarred or suspended from performing services on any public contracts.

vi. The parties may terminate this Agreement without cause by mutual written consent.

vii. Upon the termination for any reason or expiration of this Agreement, SAFARI Montage promptly must return to ESUCC all papers, materials and other property of ESUCC then in its possession, including but not limited to all work in progress as is appropriate in its then existing form to ESUCC.

j) *Public Records.* SAFARI Montage acknowledges that ESUCC must comply with NEB. REV. STAT. § 84-712 through § 84-713 and release public records as defined law upon request, which may include this Agreement and all records created and maintained in relation to this Agreement.

k) *Publicity.* ESUCC does not endorse the goods or services of SAFARI Montage. Except for listing ESUCC as a client during the term of this Agreement, news releases or other publicity concerning this Agreement must not be made by SAFARI Montage without the prior written approval of ESUCC.

l) *Drug/Alcohol/Tobacco/Weapons Free Workplace.* SAFARI Montage and all subcontractors, if any, shall not manufacture, sell, distribute, dispense, possess or use controlled substances or marijuana, as defined by Nebraska law, during the performance of this Agreement while on ESUCC, Educational Service Unit, or school district premises or at ESUCC, Educational Service Unit, or school district related functions. SAFARI Montage and all subcontractors, if any, shall not possess any weapon, as defined by Nebraska law and the federal "Drug-Free

Schools Act,” on ESUCC, Educational Service Unit, or school district property or at ESUCC, Educational Service Unit, or school district related functions. SAFARI Montage and all subcontractors, if any, also shall adhere to all ESUCC, Educational Service Unit, or school district policies and regulations that prohibit the possession, distribution, sale, dispensation, or use of any alcohol or tobacco products while on ESUCC, Educational Service Unit, or school district premises or at ESUCC, Educational Service Unit, or school district related functions. Failure to comply with this provision may be considered a material breach. ESUCC may suspend or terminate SAFARI Montage, a subcontractor, or both if it violates these laws, regulations, or policies or this provision.

m) *Nondiscrimination.* SAFARI Montage and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

n) *Employment Eligibility Verification.* SAFARI Montage shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing services within the State of Nebraska. If SAFARI Montage employs or contracts with any subcontractor in connection with this Agreement, SAFARI Montage shall include a provision in the contract requiring the subcontractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

o) *Sales Tax.* ESUCC is exempt from sales tax and shall not pay any sales tax under this Agreement. ESUCC will provide SAFARI Montage with applicable sales tax exemption certificates upon written request.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first above written.

EDUCATION COUNCIL
of the
Nebraska Information Technology Commission
Wednesday, October 15, 2014 at 9:00AM CT
Host site: NET, 1800 N. 33rd Street, Lincoln
[Open Meetings Act](#)
MINUTES

MEMBERS PRESENT:

Mr. Derek Bierman, Northeast Community College
Mr. Burke Brown, District OR-1 Palmyra/Bennet
Mr. Mike Carpenter, Doane College
Mr. Matt Chrisman, Mitchell Public Schools
Mr. John Dunning, Wayne State College
Mr. Steven Stortz, Alt. for Stephen Hamersky, Daniel J. Gross Catholic High School
Mr. Steve Hotovy, Nebraska State College System
Mr. Gary Needham, Educational Service Unit 9
Mr. Mary Niemiec, University of Nebraska
Mr. Darren Oestmann, Johnson Brock Public Schools
Mr. Randy Schmailzl, Metro Community College

LIAISONS/ALTERNATES PRESENT: Kathleen Fimple, Brent Gaswick, and Gary Targoff

MEMBERS/LIAISONS ABSENT: Brenda Decker, Dr. Dan Hoelsing, Yvette Holly, Dr. Mike Lucas, Greg Maschman, Dr. Bob Uhing

CALL TO ORDER, ELECTRONIC POSTING, LOCATION OF OPEN MEETING LAW DOCUMENTS, ROLL CALL, INTRODUCTIONS

In lieu of Council Co-Chairs, Mr. Tom Rolfes called the meeting to order at 9:00am CT. The meeting notice was posted on the NITC website and Public Meeting Calendar on 8/29/2014. The agenda was posted for review on the NITC website on 8/29/2014. The Open Meeting Statutes were located on the southeast corner of the NET Board Room. Ms. Lopez-Urdiales called the roll and found 10 voting members or alternates present. A quorum was reached in order to conduct official business. Members and guests introduced themselves.

For the new council members, Mr. Rolfes provided a brief history of the NITC and the Education Council.

CONSIDER APPROVAL OF THE AGENDA FOR THE OCTOBER 15, 2014 MEETING*

Mr. Dunning moved to approve the October 15, 2014 meeting agenda. Mr. Carpenter seconded. Roll call vote: Bierman-Yes, Brown-Yes, Carpenter-Yes, Chrisman-Yes, Dunning-Yes, Stortz-Yes, Hotovy-Yes, Niemiec-Yes, Oestmann-Yes, Schmailzl-Yes. Results: Yes-10, No-0, Abstained-0. Motion carried.

CONSIDER APPROVAL OF THE [MINUTES](#) FROM THE APRIL 16, 2014 MEETING*

Mr. Stortz moved to approve the April 16, 2014 minutes as presented. Ms. Niemec seconded. Roll call vote: Brown-Yes, Carpenter-Yes, Chrisman-Yes, Dunning-Yes, Stortz-Yes, Hotovy-Yes, Niemiec-Yes, Oestmann-Yes, Schmailzl-Yes, Bierman-Yes. Results: Yes-10, No-0, Abstained-0. Motion carried.

Mr. Needham arrived to the meeting.

NEBRASKA P-16 INITIATIVE [WEBSITE](#)

Dr. Gabrielle Banick

Dr. Banick provided a brief biography to the council. She stated she liked the collaboration that the Education Council has successfully initiated and hopes to learn from the Council. She complimented Nebraska on their groundbreaking work in the areas of a longitudinal data system, increased graduation requirements, and developing a statewide unique identifier which could assist in federated identity management. She has been in her position for only two months and has been working on the following P-16 initiatives:

- Development of a Transfer Portal. This would be a one stop portal for students to see how their credits would transfer to other public post-secondary institutions. Currently, a commercial product is being reviewed. At this point, only public institutions have been involved but private institutions have been invited.

- Reverse Transfer Program for University, State and Community Colleges. Community colleges have been very instrumental in this effort. It is anticipated that there will be 120 programs by end of the year.

Council members were given an opportunity to ask questions and provide input. TES and Transferology, both from College Source, were recommended as possible products for the Reverse Transfer Program. The goal is have a final decision on the product by the end of December. Approximately 5000 of the 7000 institutions nationally have given permission for the course catalogues to be included in Transferology. Data standards will be vital to the effort. Dr. Banick has met with several school superintendents and college administrators in her first 60 days.

Mr. Rolfes shared the NITC's strategic initiatives with Dr. Banick and thanked her for her time with the Council.

EDUCATION COUNCIL CHARTER REVIEW

Mr. Rolfes reported that the NITC advisory councils have grown from four councils to six councils. The Education Council, one of the original four, is responsible for advising the NITC on education technology-related project proposals and other issues of importance. The Council typically makes recommendations to the NITC and the NITC has the final approval. There will be a couple of information technology projects the Council will need to review at the December meeting.

Members were asked to review the Council's Charter and responsibilities.

During discussion, the Council members asked whether the Education Council or NITC have ever applied for grant funding. Mr. Rolfes reported that originally the State Government Council and Community Council each had \$250,000 grant funds to administer to eligible entities. The Education Council helped oversee the NEB-SAT grant funds administered by the Nebraska Educational Telecommunications Commission. When those grant funds were eliminated during the recession of the late 2000s, no funding was ever restored. However, the NITC has been the fiscal entity for the Electronic Health Records grant of \$6.2 million in 2010, and a collaborator with the state Broadband Mapping Initiative.

The Nebraska Department of Education had submitted a federal grant to look at how technology can impact academic performance but Wisconsin was awarded. Since the Council has discussed funding as an issue to get things accomplished, perhaps the Council should explore Gates NextGen grants. Their grants require a grantee which could be the OCIO, NDE, CCPE, or the University of Nebraska, for example. Independent Colleges expressed interest in involvement. A majority of members thought it would be a good idea and recommend looking at these opportunities. It was decided to establish a work group that would explore federal/private foundation grant funding to match the Education Council's mission and responsibilities. Members that volunteered included the following: Mike Carpenter, Mary Niemec, John Dunning and if Dr. Dan Hoelsing is not available to participate, SuAnn Witt said she would participate.

MEMBERSHIP UPDATE

Election of Co-Chairs*

Mr. Rolfes asked that the Council members recess into their K-12 and higher education sectors to caucus and discuss nomination of a K12 co-chair and a Higher Education co-chair.

Mr. Stortz nominated Gary Needham as the K12 Education Council Co-Chair. Mr. Brown seconded. More nominations from the floor were requested. There were no more nominations.

Mr. Carpenter moved to cease the nominations and conduct the vote in favor of electing Gary Needham as K-12 Co-Chair. Mr. Stortz seconded. Roll call vote: Carpenter-Yes, Chrisman-Yes, Dunning-Yes, Stortz-Yes, Hotovy-Yes, Needham-Abstain, Niemec-Yes, Oestmann-Yes, Schmailzl-Yes, Bierman-Yes, Brown-Yes. Results: Yes-10, No-0, Abstained-1. Motion carried.

Mr. Dunn nominated Mary Niemec as the Higher Education Council Co-Chair. Mr. Schmaizl seconded. More nominations from the floor were requested. There were no more nominations.

Mr. Carpenter moved to cease the nominations and conduct the vote in favor of electing Mary Niemec as Higher Education Co-Chair. Mr. Dunn seconded. Roll call vote: Chrisman-Yes, Dunning-Yes, Stortz-Yes, Hotovy-Yes, Needham-Yes, Niemec-Abstain, Oestmann-Yes, Schmailzl-Yes, Bierman-Yes, Brown-Yes, Carpenter-Yes. Results: Yes-10, No-0, Abstained-1. Motion carried.

The two newly elected Co-Chairs, Gary Needham and Mary Niemec, presided over the remainder of the meeting.

NETWORK NEBRASKA UPDATE

Project Management [Report \(9/1/2014\)](#). All enterprise projects submit a monthly report to the Technical Panel. The NITC also receives an update on all enterprise projects at their meetings. Network Nebraska finished the year with a positive balance to build escrow for future core infrastructure replacements. The budget is monitored by the Office of the CIO and the Network Nebraska Advisory Group. Membership is up to 94% of public K-12 and 100% of public higher education. Entities that have delayed joining have existing Internet contracts and obligations in place. It is possible that public K-12 will be at 100% by 7/1/2015. On July 1, 2014, an Internet2 Commercial Peering Service egress point was implemented with 3Gbps, and commodity Internet cost about \$.39/Mbps/month for K-12 after E-rate. The Internet2 CPS and commodity Internet is running at about half of its purchased capacity. Network Nebraska is looking at adding the following Commercial Peering Services:

- **ESRI for K12.** The Nebraska Department of Education has signed this agreement to provide this software free for K12 students to be exposed to GIS (Geographic Information Systems). Discussions are occurring for ESRI to use Internet2 to more directly serve Nebraska K-12 schools.
- **Hudl Stats.** Hudl, a Nebraska sports video analysis company, has approximately 95% of U.S. high schools as clients, and many college and professional sports teams. Schools are interested in faster uploading of video recordings of Friday night sports events. Discussions are occurring for Hudl to use Internet2 to more directly serve Nebraska K-12 schools.

E-rate Modernization. At end of July, the FCC issued a new funding initiative for schools and libraries to purchase internal connections equipment using E-rate funds. E-rate discounts and reimbursements are based on poverty and rurality levels. Approximately \$56 million in funding will be made available for routers, switches, wireless access points, and firewall gear for Nebraska schools and libraries. The Office of the CIO, in coordination with the ESUs, will be doing an Invitation to Bid for nine different types of eligible equipment. Once awarded, the OCIO will get information out to entities to participate in the purchasing off the state contracts to get best discounts for equipment. Nebraska has about 700 schools and libraries that would be eligible to participate.

Changing urban rural designation. Prior to the new initiative, schools' discounts were based on urban designations as determined by urban counties of the 2000 Census. With the new FCC designations using the 2010 Census, about 39 school districts will be designated as urban, dropping their discount by at least 10%. The FCC has been urged to reconsider these designations due to financial hardship for districts. The discount levels will now be calculated at the district level rather than school. Voice services will be phased out at 20% points per year which will affect budgets at the district level due to having voice services fully supported in the past.

LEGISLATIVE UPDATE

LB 1103. *FOR AN ACT relating to education; to state findings and intent; to provide for a strategic planning process; to provide duties for the Education Committee of the Legislature; and to declare an emergency.*

The Legislature's Education Committee scheduled three public hearings related to LB 1103. The first was held in Omaha with over 200 in attendance. The next hearing is this afternoon in Norfolk and then tomorrow (10/16/2014) in Broken Bow. Testimony so far has included issues of equity, early childhood education, BlendEd (technology), and charter schools. The Education Committee's report must be done by December 31st.

LB 497. *FOR AN ACT relating to education; to amend sections 9-812 and 9-836.01, Reissue Revised Statutes of Nebraska, and sections 79-8,137, 79-8,137.04, and 85-1920, Revised Statutes Cumulative Supplement, 2012; to change provisions relating to distribution of state lottery proceeds; to create the Nebraska Education Improvement Fund; to provide for a study; to change contract provisions relating to programs under the Excellence in Teaching Act; to terminate the Education Innovation Fund and the Nebraska Opportunity Grant Fund; to eliminate obsolete provisions; to harmonize provisions; to repeal the original sections; and to declare an emergency.*

The future of the lottery funding is being reviewed by the Education Committee. The current allocations all expire by July 2016. Annually, approximately \$16 million has been allocated for educational projects. A hearing for use of lottery monies will be held on November 19th, Room 1525, 1:30 p.m. The committee's report is due December 31st.

I.T. PROJECT REVIEW

[NITC Timeline](#), [Project Proposal Format](#), [Project Links \(TBA\)](#), [Technical Panel Reviews](#)

Mr. Rolfes reviewed the biennial budget I.T. project review process for new members. There were no education-related I.T. projects submitted by the State budget deadline of September 15. The Budget Office informed NITC staff that there are at least three projects from the Department of Education that will be reviewed by the Technical Panel and Education Council in December. The Council will need to provide comments to the Legislature regarding funding of the projects.

SUBSECTOR UPDATES

State colleges. Mr. Dunning reported that the state college system has been discussing ways to make better decision making for their infrastructure system based on data. A position has been hired by the State College System to better coordinate the three state colleges and their P-16 data efforts.

Community colleges. Mr. Bierman reported the community college association meeting is scheduled for early November. The chief academic officer portion will be included with the CIO meetings.

Independent colleges. There was no report.

University of Nebraska. The Virtual Scholars Program application process was just completed with 221 course scholarships awarded from the University of Nebraska High School. Through an account established with the NU Foundation, the University will look to public/private funding for future scholarships. Most of the applications have been for STEM courses. Ms. Niemiec will have a final report by the end of the year. Early data suggests that 49% of the students at the University took at least one online course last year. This is a 27% increase for NU. Nationally, 33% of students have taken at least one online course at a higher education institution.

K-12 public & private. E-rate has been an ongoing item of discussion among K-12 schools. NDE and the ESUCC have identified three joint initiatives to work on over the next year: BlendEd, NDE Data Dashboard, and Teacher/Principal evaluation system.

CCPE. A new executive director, Dr. Michael Baumgartner, has been hired who is also new to Nebraska. SARA, the State Authorized Reciprocal Agreement, really wants states to sign-up to participate in the interstate credit transfer agreement. It will allow institutions to not have to seek individual approval from that state to offer online courses. Nebraska was the 8th of the 9 approved states. There are three pending applications from the eastern states. In Nebraska, there are already 10 institutions that have applied and have been accepted. There is an application fee involved to participate.

Mr. Rolfes distributed the work group assignments document. Since there are new members, the groups will need to be revised. Members who have resigned or retired: Terry Haack, Ed Hoffman, Jeff Johnson, Jeff Stanley, Lyle Neal, John Stritt, Jack Huck. New members were asked to consider which work group they would like to serve and let him know. A revised list will be available at the December meeting.

AGENDA ITEMS FOR THE 12/17/2014 MEETING/CONSIDER LOCATION(S) FOR THE 12/17/2014 MEETING (Video conferencing)

Agenda items for the December meeting included:

- EC Charter
- EC Work Groups
- IT Project Proposals
- Internet2 report
- External Funding Work Group Report

The Council asked Mr. Rolfes to help develop a fact sheet of what the lottery monies have helped accomplish relative to Network Nebraska for the LB 497 hearing.

ADJOURNMENT

John Dunning moved to adjourn. Steve Hotovy seconded. All were in favor by voice vote. The meeting was adjourned at 11:30am CT.

Meeting notes were recorded by Lori Lopez Urdiales and reviewed by Tom Rolfes, Nebraska Information Technology Commission.

NEBRASKA INFORMATION TECHNOLOGY COMMISSION

Project Proposal - Summary Sheet
2015-2017 Biennial Budget

Project #13-01
Page 1 of 4

Project #	Agency	Project Title
13-01	Department of Education	Nebraska eLearning Project

SUMMARY OF REQUEST (Executive Summary from the Proposal)

[Full text of all proposals are posted at: http://nitc.nebraska.gov/commission/project_proposals/2015-2017.html]

The Nebraska eLearning Project would center on the creation and procurement of high quality electronic learning objects for distribution to PreK-12 public schools at no cost to schools, in support of the statewide BlendEd Initiative, the NITC committee's digital education goals and as an enhancement to the Data Dashboard currently being developed by NDE, while providing an in-depth, hands-on professional development process for Nebraska teachers, pre-service teachers and content specific undergraduate students.

REVIEWER COMMENTS

Section	Strengths	Weaknesses
Goals, Objectives, and Projected Outcomes	<ul style="list-style-type: none"> - The project overview provides some specific and, ultimately, measurable goals in the form of project deliverables. The project outcomes are desirable within the larger context of what is needed to assist K12 schools moving forward with a digital conversion. - Vision: State-wide LOR System with Open Content with content that supports NE Ed needs. - Goals are laudable, but I question the need for 	<ul style="list-style-type: none"> - The evaluation plan is sketchy beyond the specific deliverables and some mention of working with Brightbytes. Goals, partners and measures of success are loosely correlated without necessary specifics to tie them together. - Cost Savings not specified. Can IRR/ROI be determined? - Metrics are provided, but vague. What does successful mean? Better metrics might be LOR

NEBRASKA INFORMATION TECHNOLOGY COMMISSION

Section	Strengths	Weaknesses
	<p>yet another LOR just to have one special for Nebraska. Many LORs are already started, could we not work with someone who has begun this work already?</p>	<p>has X number of learning objects available for faculty use in year 1, Y number in year 2, etc.</p>
<p>Project Justification / Business Case</p>	<ul style="list-style-type: none"> - Components of the project are consistent with desired outcomes and stated project goals. Components of the project do provide an indication of the process for development, implementation/adoption, and technical integration. - Content creation teams config for K-6 projects and Fellowship program - Adoption of OER, training for faculty in OER acquisition and development and contributing back to the OER community is a wonderful set of goals. 	<ul style="list-style-type: none"> - The specifics associated with each component do not provide insight into the scalability, feasibility or sustainability of the project. There are clearly tangible benefits, however, there is much less clarity as to whether those benefits can be achieved. - Plan is lacking sufficient detail. Administrative and LOR system support? Size and configuration of physical space.. multi-media production and editing resources (equipment and support) for content teams? Development of Fellows? Consider a competitive pool for advanced content creation to address K7-12 needs. - No evidence was provided that existing LOR efforts in other states (or for that matter, in higher ed) could be partnered with to facilitate a broader content pool and lower cost. Why must we build our own?
<p>Technical Impact</p>	<ul style="list-style-type: none"> - High quality digital learning content that is highly accessible, standardized and packaged in a modular format conducive to inclusion and presentation via learning management platforms is desirable. - Vision of centralized LOR. 	<ul style="list-style-type: none"> - Beyond mention of the support for a number of current projects, the balance of this section was cast in the context of cost savings/cost avoidance. The assertion that a LOR with high quality content will reduce the need for districts to purchase student devices is utterly groundless and nearly senseless. It will, in all likelihood, have just the opposite effect. As a device becomes a necessary condition for the delivery of instructional content the assertion that a device is to digital content what a backpack is to books, demonstrates reckless disregard for the technical realities of delivering digital content to 100s of thousands of learners across the state. - BYOD has its own set of challenges and cost implications that need to be addressed. Age and quality of devices and components. Technical support (operating systems, drivers, software versions...) compliance, security implications. Is the infrastructure ready for additional devices? Content standards and tools should be included to ensure a uniform experience for users. - No technical implementation details were provided. While claims are made that this will reduce costs, no data is provided to indicate what current costs are.
<p>Preliminary Plan for Implementation</p>	<ul style="list-style-type: none"> - A timeline is provided with some indication of scope and sequence. - While the details of the implementation plan are weak, the overall timeline appears to be reasonable. 	<ul style="list-style-type: none"> - There is very little in the way of specific outcomes and the impact they might have on student achievement and teacher effectiveness. - There is a ton of work being done in this area already nationally, but little evidence in implementation of a market survey or other means of determining best practice/potential partnerships, other than a tacit mention of "establishing needed partnerships". Demarcation of roles is not clearly spelled out.
<p>Risk Assessment</p>	<ul style="list-style-type: none"> - The author outlines the foreseeable risks including solution fragmentation resulting from an inability to achieve stakeholder consensus, and the potential of budget overrun based on improperly scoping the project or having to over promise in an attempt to achieve sufficient adoption velocity to keep the project moving forward. 	<ul style="list-style-type: none"> - No specific mitigation strategy beyond the hope that a dedicated eLearning Project director can sprinkle sufficient magic dust to build and maintain a partnership coalition. - What happens to project funding if State-wide LOR cannot be agreed upon? Can LOR selection and agreement be contingent upon and completed prior to project start? What is the risk

Section	Strengths	Weaknesses
		for low quantity, low quality or relevant content? How will this be mitigated? - One significant risk not identified is reluctance of faculty to move to OER from commercial sources.
Financial Analysis and Budget	- Project proposal, in total, does provide a breakdown of anticipated costs.	- The costs, as indicated in the attached summary document, show that less than 7% will be spent on content, whereas, nearly 20% will be spent on creation/curation. Moreover, the single largest expenditure constituting nearly 35% of the total is for data dashboard integration leading the reviewer to conclude this is miscast as a content/LOR project when, in actuality, it is much more about the data dashboard. - Can cost savings projections for state-wide LOR be provided? Can an IRR/ROI be established for the project?

TECHNICAL PANEL COMMENTS

Technical Panel Checklist				Comments
	Yes	No	Unknown	
1. Is the project technically feasible?	✓			
2. Is the proposed technology appropriate for the project?			✓	- The specific, agreed upon, technology to be utilized for this project is unknown at this time.
3. Can the technical elements be accomplished within the proposed timeframe and budget?			✓	

APPENDIX: AGENCY RESPONSE TO REVIEWER COMMENTS

The following clarifications are being submitted in response to the comments generated during the NITC review process for the Nebraska eLearning project.

1. Project status: Based on several of the comments concerning budget provided and detail it is important to note that what was presented to the NITC committee is a concept with three clear project tiers or goals only at this point. The remaining details are simply the best guess of the departments, if this project were to be funded, the department would work very closely with partners from ESU's, K-12, Higher Ed and State Agencies to fully develop and implement that project. At that time clearer and more detailed budgets and risk assessments can be developed and provided to the NITC committee.

2. Learning Object Repository: For the success of this project NDE feels that it is imperative that Nebraska have a true state wide LOR instance which allows all students and staff to access the very same content. Currently the ESU's have worked diligently to implement a LOR system across the state but it is currently limited based on storage size, state level content would have to be approved by regional administrators which would not guarantee all students and staff access to all content. It is the goal of this project to provide funding for the expansion, or adoption of a single state LOR system that is supported by k-12, and ESU's. NDE feels that the decision for the correct LOR adoption is best left to a committee of stakeholders made up of K-12, ESU, NDE, and Higher Ed representatives. This may be an expansion of current LOR systems, an adoption of a National LOR system or a highbred of the two. NDE also feels that it is important that this money be used to help establish the LOR chosen by the committee as a service on Network Nebraska that can then become sustainable by participants fees versus continued state funding.

3. Content creation: It is the intention of this project that content would be created for all levels of education from prek to 20 representing all subject areas. The funding for the content creation or procurement would, as currently envisioned, increase as other project goals were successfully implemented.

4. Dashboard integration: This project is about a complete content system for schools from the creation of the content, the storage of the content and finally the access of the content. The dashboard component is an essential piece of the over all success of this project and for value to Nebraska schools. As currently envisioned this portion of the project will take substantial funding for the second, third and possibly fourth year, this money will help establish any support systems and programming required to connect the ed-fi based dashboard currently being developed for student achievement monitoring to the state LOR and school LMS. If developed correctly this would let teachers see where their students are struggling with learning based on Nebraska Standards and from the Dashboard they would find learning objects or content that addresses the students needs and assign the content to the student for relearning. While this is the over riding goal it will take a committee to clearly define the details and to clarify budget and timeline for the dashboard integration. Once this goal has been achieved the money would be reassigned for additional content creation or procurement. The dashboard would again be something we envision as possibly being a service of Network Nebraska.

Project #	Agency	Project Title
13-02	Department of Education	Education Data Systems Capacity Building

SUMMARY OF REQUEST (Executive Summary from the Proposal)

[Full text of all proposals are posted at: http://nitc.nebraska.gov/commission/project_proposals/2015-2017.html]

The recent Nebraska Education Data Systems study, in response to Legislative Resolution 264, found that Nebraska spends an estimated \$100 million annually for technology systems, software systems, and accountability data submissions by the public school districts and the Nebraska Department of Education (NDE). The systems and applications are largely focused on satisfying Federal and State accountability reporting requirements and do not directly contribute to supporting teaching and learning. The districts submit annual collections of data to support accountability to the state using a combination of automated and manual methods. An estimated 655,200 hours are spent by districts preparing the required collections for each year's accountability data submission.

Each district has selected its own set of administrative, teaching and learning, and back office applications and there is a large disparity in the number of applications available in small districts versus larger districts due to budget, staff, and capacity. Outside of Nebraska's largest districts, the digital tools are poorly integrated, there is little support for data-driven decision-making, and modern tools are not available to support instructional improvement necessary for the state's education initiatives of blended learning, teacher and principal evaluation, career readiness, and continuous school improvement.

Nebraska's network of Educational Service Units (ESUs), the ESU Coordinating Council (ESUCC), and Network Nebraska are all contributing to improving the capabilities and the efficiencies of the data systems for the districts. However, the coordination, support, and access for systems can be dramatically improved and serves as the basis for this multi-faceted approach to develop a statewide data system that builds long-term capacity, efficacy, and efficiency for the system of education. The study established 10 recommendations that included five work streams; leverage work conducted using the federal \$4.3 million SLDS grant scheduled to end June 2015.

The proposed implementation roadmap for the Nebraska Education Data System estimates a three-year investment of \$41,960,110, roughly evenly split across the three years. The rollout plan targets a phase in process over three years that could include 50 districts the first year, 150 the second year, and 245 during the third year resulting in cost savings and efficiencies that will also provide a financial return from substantially-reduced accountability costs and from reduced technology costs to districts. The projected cumulative net return for the investment over five years is \$44.8 million. However, the primary benefits from the recommended investments will come from a greatly improved instructional system that improves student performance leading to greater student success.

REVIEWER COMMENTS

Section	Strengths	Weaknesses
Goals, Objectives, and Projected Outcomes	<ul style="list-style-type: none"> - Detailed plan that accounts for systemic change by increasing human, technical and fiscal resources. The proposal has clear goals, technically feasible deliverables and a rich set of milestones to gauge project progress. - Vision: State-wide access to timely, consistent and actionable business intelligence. Improved economies of scale by centralizing resources and standardizing systems and processes. - Goals are well defined 	<ul style="list-style-type: none"> - The scope of the project is considerable requiring a great deal of communication and stakeholder involvement. - Did we consider vendor SAAS particularly as it relates to state sponsored SIS? Did we consider outsourcing Helpdesk Services to take advantage of the economies of scale? - Metrics for several of the goals (cost savings for example) are missing or poorly defined.
Project Justification / Business Case	<ul style="list-style-type: none"> - The proposal delineates three credible benefits including reduced accountability costs through standardization of data exchange, reduced technology costs through an enterprise approach to data warehousing/business intelligence and improved decision support through the equitable provision of data analytics to all school districts. - A grand idea with good architectural decisions. Open data standards to allow multiple vendors to play in the space, giving flexibility for schools to select solutions based on software scope or value add. Using collaborative purchase power to drive down costs. 	<ul style="list-style-type: none"> - The project deliverables are highly dependent upon a level of data standardization never achieved across the 100s of K12 school districts in Nebraska. - It would be helpful to have more insight into how the investment return is calculated and where these funds are redirected too. If the resources remain in the districts working on other initiatives it should not be reported as a savings.
Technical Impact	<ul style="list-style-type: none"> - The proposal constitutes a systemic consideration of data gathering, warehousing, analysis and reporting. - Other states have implemented a similar model. - Strong use of open data standards and the resulting implementation flexibility are major strengths of this project. 	<ul style="list-style-type: none"> - The greatest concern of the reviewer is achieving the operational success necessary to a leverage the functional capacity. - Availability of experienced and quality staff to perform the key functions.
Preliminary Plan for Implementation	<ul style="list-style-type: none"> - The author provides a clear operational/functional roadmap while identifying key stakeholder partners. 	<ul style="list-style-type: none"> - The specific roles of stakeholder partners is vague and does not, in all cases, match their current capacities. - Recruiting, developing and retaining key talent at established salary levels. - There are a significant number of moving parts in this project and many of the critical milestones have external dependencies beyond the control of the project team. The project plan as proposed does make nominal attempts to plan around these risks, but the critical date issues could easily compound and place the project budget at significant risk by extending the implementation by a significant margin.
Risk Assessment	<ul style="list-style-type: none"> - Risks have been identified and key dependencies recognized. 	<ul style="list-style-type: none"> - Dependencies associated with the work of stakeholder agencies cannot be fully mitigated

Section	Strengths	Weaknesses
	- Risks are well identified.	within the context of the proposed project. This is less a failing of the proposed and more a recognition of the difficulties associated with interagency projects. - Hiring and Retaining Key talent. - The mitigation strategies for external risks (vendor responsiveness to implementation timelines) seem to be optimistic enough to put the project at significant risk.
Financial Analysis and Budget	- Costs and overall budget is clearly defined. - If all goes well, the budget seems very reasonable.	- Proposed salaries for key personnel look very low and will make attracting qualified applicants difficult. - Detailed Justification of Staffing levels and source for Compensation benchmarks. - If the project is significantly delayed by external risks, additional funding could be required to extend the project timeline.

APPENDIX: AGENCY RESPONSE TO REVIEWER COMMENTS

The following are responses provided by the Nebraska Department of Education to NITC Proposal 13-02.

The Nebraska Department of Education offers the following comments in response to NITC reviewer remarks for Proposal 13-02. As some of concerns raised by reviewers appear to be similar despite raised in different categories, we grouped those remarks in order to best respond in full. The thematically similar concerns we identified are:

- 1) NDE's ability to attract talent and build capacity for staff to meet project requirements
- 2) Need to clarify the return on investment calculation
- 3) NDE's and partners' ability to manage the project scope and deliverables

Where concerns appear to "stand-alone," we addressed them individually. It is our hope that the Agency response prepared here will unite the NITC reviewers in their assessment of the project as ambitious but appropriate. NDE is confident in its ability to execute on this plan through effective staff development and detailed project management. NDE will succeed and Nebraska students and education organizations will realize instructional, financial, and professional benefit.

Staffing/Personnel referenced in multiple sections**Weaknesses**

- Proposed salaries for key personnel look very low and will make attracting qualified applicants difficult.
- Detailed Justification of Staffing levels and source for Compensation benchmarks.
- Availability of experienced and quality staff to perform the key functions.
- The greatest concern of the reviewer is achieving the operational success necessary to a leverage the functional capacity.
- Hiring and Retaining Key talent.
- Recruiting, developing and retaining key talent at established salary levels.

Agency Response:

The budgeting requirements establish the use of 33.3% of the pay grade range and reflect the current negotiated salaries for these positions. While it is true the competitive nature of the salaries is low, they are reality for state government at this time. There are still highly skilled staff available to fill the positions that are interested in supporting Nebraska Education in ways that systemically can make a difference.

The proposed implementation plan balances contractor time with NDE staff. To achieve the highest level of sustainability, contractors are fully engaged in building the initial infrastructure and on-going knowledge transfer with existing NDE staff. These staff have the benefit of institutional knowledge of the department and Nebraska education context, and are rapidly developing the skills needed to sustain a system of this scale.

Preliminary Plan for Implementation/ Risk Assessment**Weakness:**

- There are a significant number of moving parts in this project and many of the critical milestones have external dependencies beyond the control of the project team. The project plan as proposed does make nominal attempts to plan around these risks, but the critical date issues could easily compound and place the project budget at significant risk by extending the implementation by a significant margin.
- Dependencies associated with the work of stakeholder agencies cannot be fully mitigated within the context of the proposed project. This is less a failing of the proposed and more a recognition of the difficulties associated with interagency projects.
- The mitigation strategies for external risks (vendor responsiveness to implementation timelines) seem to be optimistic enough to put the project at significant risk.
- If the project is significantly delayed by external risks, additional funding could be required to extend

Agency Response:

The nature of supporting a systemic change is unprecedented in Nebraska. The risks will naturally be present with a project that has a large scope. The project map and number of critical milestones are interdependent and identified in a manner that ensures coordinated teams approach the work streams with strategy and integrated well defined goals. The importance of a strong team, clear expectations and goals and building from the momentum of existing leverages projects through the use of federal resources all provide a unique opportunity to provide leadership for K12 education and the systems of support for the future. Data use and technology will not diminish in coming years and the time is right to a systemic and strategic approach moving forward.

The prototype of part of the system supporting through nine districts has been further catalyzed by another 37 districts interested in the Early Adopter Program (EAP). These districts will serve as partners in establishing the foundation, tools, resources, and experiences that will support the broader statewide rollout and implementation.

Finally, Nebraska is uniquely positioned to leverage the support and work of other states that have in place or are simultaneously leveraging development work together. The number of states involved in the Ed Fi Alliance has expanded to 24. This alliance of states working collaborative to share development strategies, code, and insights also is supported through a new Education CIO Network sponsored by the Council of Chief State Schools Officers. The Network was developed primarily because states are all facing similar issues with data standards, leveraging costs, reducing burdens on school districts, and ensuring privacy and security is addressed to the highest standards with student based data.

Goals, Objectives, and Projected Outcomes**Weakness:**

- The scope of the project is considerable requiring a great deal of communication and stakeholder involvement.

Agency Response:

As concerns about the scope of the project were addressed in the group above, the following discusses the Agency's confidence in the active engagement of many enthusiastic and capable stakeholders

Communication and collaboration with stakeholders are critical aspects of any systemic initiative. The need for critical communication among stakeholders was one of the core reasons the entire Education Data Systems study was a collaborative effort. The study engaged the membership of the Nebraska Council of School Administrators (NCSA), Nebraska State Education Association (NSEA), Educational Service Unit Coordinating Council (ESUCC), Educational Service Unit staff, engagement of the Nebraska Educational Technology Association members (NETA), the Nebraska School Boards Association, staff of University of Nebraska, insight from Network Nebraska, as well as the support of the State Board of Education.

Ongoing communication with stakeholders and future engagement of school districts continues as elements of the implementation of prototypes systems, piloting of concepts, and planning for scaling efforts continue as well. Currently nine districts are involved with prototyping elements of the process and 39 districts have signed up for consideration of an Early Adopter Program for Limited Production Releases of pieces of the system.

The Education Data Systems Legislative Study demonstrated that while ambitious, coordination of this type and caliber is possible. Functionally, response rates and participation in the study efforts were very high. Over 200 educators participated in the study through a survey of leaders' needs and preferences, focus groups, financial interviews, and direct outreach to teachers. Their input represents over 80% of the students in Nebraska.

The study also revealed overwhelming support for the vision offered by NDE: districts view data use as critical to upcoming initiatives in their districts. In addition to the enthusiasm for building local capacity for data-driven instruction and planning documented in the Legislative Study, see the table below for district superintendent responses to the question, "How important is data use for the following strategic initiatives in your district?":

How Important is Data Use for the Following Strategic Initiatives in Your District?					
Initiative	Not Important at All	Not Too Important	Somewhat Important	Very Important	Extremely Important
Measuring Success of Early Childhood Providers	2%	9%	27%	41%	22%
Implementing a Teacher Effectiveness Framework	1%	3%	16%	56%	24%
Measuring Student Perceptual Information	0%	3%	29%	50%	18%
Improving Special Education Services	0%	1%	20%	54%	25%
Offering Credential-based Career Education	0%	5%	37%	47%	11%

Measuring the college-going and college-success rates of district graduates	0%	4%	33%	47%	16%
---	----	----	-----	-----	-----

NDE believes that the demonstrated need for an improved system and a sense of efficacy in the process will drive stakeholders to participate. If stakeholders are as responsive to the implementation of a system as they were in the process that designed it (or perhaps, *because* they were active in designing it) then the project will succeed. This is a new and unique opportunity for the state of Nebraska.

Weakness:

- Did we consider vendor SAAS particularly as it relates to state sponsored SIS? Did we consider outsourcing Helpdesk Services to take advantage of the economies of scale?

Agency Response:

This comment is addressed in parts below:

Did we consider vendor SaaS as it relates to state-sponsored SIS?

Yes, Software as a Service (SaaS) offerings were considered as it relates to a state-sponsored Student Information System. However, vendor hosting of student data will come with additional selection criteria and scrutiny to ensure that security, privacy and state/district control of sensitive data is maintained. The coordination, creation, and leveraging of the SaaS options all provide an opportunity to support student privacy and security, ensure integration of services, and create a unique an opportunity to allow the market forces to provide value to school districts in Nebraska.

Did we consider outsourcing help desk?

Yes, however outsourced help desk comes with special issues relating to the privacy of student data. Many of the daily help desk questions are about the quality and accuracy of student data. Many of these questions must be answered with deep knowledge of Nebraska education practice and policies and clear understanding of the laws supporting privacy and security of student data. Many of these questions require access to student records and personally identifiable information (PII). For this reason, keeping the help desk function as part of the NDE-ESU collaborative is recommended.

Project Justification / Business Case

Weakness:

The project deliverables are highly dependent upon a level of data standardization never achieved across the 100s of K12 school districts in Nebraska.

Agency Response:

Absolutely correct, but rather than a weakness, this further echoes the K-12 school districts in Nebraska.

- "Please help us reduce the burden of reporting and provide tools to more effectively use the data."
- "Please provide leadership on all of these different systems,"

- “Please help us provide access to the tools and resources that are safe, secure, and aligned to the standards”
- “Please give us a choice and reduce the burdens of selecting tools, contracting, and then it not meeting the state needs”
- “We are in the education business, not in technology business, please help provide access and tools for us so we can make a difference with students.”
- “Can we get more timely assistance from the help desk?”

These represent just a few of the consensus comments from over 200 school district administrators, teachers and others that participated in the development of strategy and continue to be echoed by school personnel as communication and outreach efforts about the concept expand across the state of Nebraska.

In addition, as the reviewers pointed out the proposal delineates three credible benefits including reduced accountability costs through standardization of data exchange, reduced technology costs through an enterprise approach to data warehousing/business intelligence and improved decision support through the equitable provision of data analytics to all school districts.

Further, they identified this as a grand idea with good architectural decisions. Open data standards to allow multiple vendors to play in the space, giving flexibility for schools to select solutions based on software scope or value add. The districts can leverage collaborative purchasing power to drive down costs.

Technical Impact

Weakness:

The specific roles of stakeholder partners is vague and does not, in all cases, match their current capacities.

Agency Response:

The vagueness of the stakeholder can be cleared up by the following:

School District: Choose from a series of preapproved applications that are cheaper and more effectively integrated than anything they could do in isolation.

ESUCC: Continue to manifest the statutory responsibility of ensuring quality and efficient engagement of resources for the districts they serve. Provide leadership and implementation of the identity management solution through the single sign on initiative.

ESU: Collaborate and support a coordinated effort across the state to support districts and students realizing that all Nebraska students are our responsibility. Students move from district to district and providing quality experiences for requires a focus to coordinate and support all.

NDE: While historically focused on compliance the broader objective of the NDE is to ensure the support systems for all schools to succeed is job one.

Education Partners: Communicate efforts and progress around the well-defined goals, including the features, benefits, timing, and opportunities gained through the efforts.

The purpose of this proposal is to create capacity, coordinate the efforts, and provide effective coordinated professional development through the highly effective network of ESU staff developer and School district personnel.

Financial Analysis and Budget

Weakness:

- It would be helpful to have more insight into how the investment return is calculated and where these funds are redirected too. If the resources remain in the districts working on other initiatives it should not be reported as a savings.
- Metrics for several of the goals (cost savings for example) are missing or poorly defined.

Agency Response:

The proposed investment is intended to limit the funds and time districts spend on compliance-driven activities, and return those resources to districts. In the case of FTE time (655,200 hours per year, valued at \$25M/year), this time could be better spent in local research and evaluation, longitudinal analysis, school improvement planning, and innovating for better data-driven instruction.

In the case of data systems (\$246/student/year at \$75M), districts will leverage the Ed-Fi infrastructure for more favorable relationships with vendors, to spend less on administrative and back office systems, and to purchase data applications more relevant to Teaching and Learning.

Accountability costs will be reduced by unifying and moving accountability computations to state from a single fine-grained data collection. The estimated 455 FTEs are involved in the current data collection process at districts, representing an annual cost of \$22.75 million. NDE spends an additional \$2.5M per year on licensing, IT personnel and help desk supporting the accountability submissions.

The recommended NEDS, when fully implemented, can re-direct at an estimated 50% of the district FTE time related to accountability submissions to focus on other initiatives that impact can more directly improve student performance and success. This value is estimated at \$12.6 million annually once fully implemented.

It should be noted that the remaining 50% will be involved in a larger mission of improving data quality across the all types of data (not just accountability) that are more directly contributing to the mission of continuous education improvement.

Technology costs will be reduced for districts as a result of several factors, including:

- Reduced investment in data system costs by having a centralized capability that uses valuable
- Ed-Fi components obtained without license costs
- Negotiated statewide costs for licensing to allow pricing as with largest districts – “cooperative purchasing”
- Reduced integration costs because vendors are supporting native Ed-Fi interfaces to the statewide system
- Reduced number of different systems reduces integration and maintenance costs

- Increased stability of systems over time, reducing transition costs
- Reduced costs to increased competitiveness because of reduced vendor lock-in
- Reduced district costs maintaining their own data warehouse
- Savings on procurement costs
- Savings on contracting and legal fees

Based upon the district surveys, Nebraska districts spend roughly \$74.7 million per year on IT and systems.

The project, when fully implemented, will save an estimated 25% on the districts' systems cost a year or \$18.7 million. The 25% was determined as a factor based upon comparing license costs associated with different sized districts and anticipating a broader statewide leveraging of the purchasing options and market forces to reduce district costs.

If redirecting resources from administrative activities to activities more focused on teaching and learning cannot be categorized as "savings" then perhaps we should be using words such as "improving the efficiency and effectiveness of education system to achieve improved student success."

Project #	Agency	Project Title
13-03	Department of Education	Instructional Improvement Systems

SUMMARY OF REQUEST (Executive Summary from the Proposal)

[Full text of all proposals are posted at: http://nitc.nebraska.gov/commission/project_proposals/2015-2017.html]

The recent Nebraska Education Data Systems study, in response to Legislative Resolution 264, found that Nebraska spends an estimated \$100 million annually for technology systems, software systems, and accountability data submissions by the public school districts and the Nebraska Department of Education (NDE). The systems and applications are largely focused on satisfying Federal and State accountability reporting requirements and do not directly contribute to supporting teaching and learning. The districts submit annual collections of data to support accountability to the state using a combination of automated and manual methods. An estimated 655,200 hours are spent by districts preparing the required collections for each year's accountability data submission.

Each district has selected its own set of administrative, teaching and learning, and back office applications and there is a large disparity in the number of applications available in small districts versus larger districts due to budget, staff, and capacity. Outside of Nebraska's largest districts, the digital tools are poorly integrated, there is little support for data-driven decision-making, and modern tools are not available to support instructional improvement necessary for the state's education initiatives of blended learning, teacher and principal evaluation, career readiness, and continuous school improvement.

Nebraska's network of Educational Service Units (ESUs), the ESU Coordinating Council (ESUCC), and Network Nebraska are all contributing to improving the capabilities and the efficiencies of the data systems for the districts. However, the coordination, support, and access for systems can be dramatically improved and serves as the basis for this multi-faceted approach to develop a statewide data system that builds long-term capacity, efficacy, and efficiency for the system of education. The study established 10 recommendations that included five work streams; leverage work conducted using the federal \$4.3 million SLDS grant scheduled to end June 2015.

The proposed implementation roadmap for the Nebraska Education Data System estimates a three-year investment of \$41,960,110, roughly evenly split across the three years. The rollout plan targets a phase in process over three years that could include 50 districts the first year, 150 the second year, and 245 during the third year resulting in cost savings and efficiencies that will also provide a financial return from substantially-reduced accountability costs and from reduced technology costs to districts. The projected cumulative net return for the investment over five years is \$44.8 million. However, the primary benefits from the recommended investments will come from a greatly improved instructional system that improves student performance leading to greater student success.

FUNDING SUMMARY

	Travel Expenditures	14,070	14,070	14,070	
	Equipment Expenditures	37,680	-	-	
	NDE Accountability Data System Total	\$ 2,578,252	\$ 2,541,572	\$ 2,541,572	
3 NDE Education Intelligence System					
<i>NDE will create education intelligence - access to actionable insight - through a warehouse, business intelligence tools, and increased internal capacity.</i>		Objectives			
	Pilot SLDG Student-Level Dashboard	Dashboard statewide rollout	\$ 200,000	\$ 200,000	\$ 200,000
		Dashboard updates and extensions	500,000	500,000	500,000
		District data warehouses and reporting layer	333,333	333,333	333,333
		District data warehouse security layer (with and without de-identification)	250,000	250,000	250,000
		NDE data warehouse cubes and BI layer	166,667	166,667	166,667
		Total Contractual Expenditures	1,450,000	1,450,000	1,450,000
		New Positions			
		Chief Privacy Officer	79,873	79,873	79,873
		Director, Data Research and Evaluation	68,502	68,502	68,502
		Database Analyst Lead	60,523	60,523	60,523
		Database Analyst Senior	55,047	55,047	55,047
		Database Analyst	50,099	50,099	50,099
		Database Analyst	50,099	50,099	50,099
		Total Salary Expenditures	364,143	364,143	364,143
	Benefits Expenditures	168,387	168,387	168,387	
	Operating Expenditures	24,510	24,510	24,510	
	Travel Expenditures	17,680	17,680	17,680	
	Equipment Expenditures	60,360	-	-	
	NDE Education Intelligence System Total	\$ 2,085,080	\$ 2,015,720	\$ 2,015,720	
4 Help Desk & Support					
<i>NDE, along with the ESUCC and ESU's, will provide technical support for Nebraska education data systems through a virtual help desk and coordinated knowledge transfer.</i>		Objectives			
	Virtual Help Desk Pilot - Dashboards	Expand help-desk support to include Year 1,2 & 3 systems	\$ 50,000	\$ 50,000	\$ 50,000
	PD Curriculum	Develop professional development curriculum on Year 1,2 & 3 systems	50,000	50,000	50,000
		Integrate statewide ticketing system for "virtual help desk"	166,667	166,667	166,667
		Level 4 Support and Contracts	500,000	500,000	500,000
		Total Contractual Expenditures	766,667	766,667	766,667
		New Positions			
		Director, Project Management Office	68,502	68,502	68,502
		IT Help Desk Specialist Senior	50,099	50,099	50,099
		IT Help Desk Specialist	41,706	41,706	41,706
		IT Help Desk Specialist	41,706	41,706	41,706
		Project Manager	50,099	50,099	50,099
		Project Manager	50,099	50,099	50,099
		Total Salary Expenditures	302,211	302,211	302,211
		Benefits Expenditures	158,393	158,393	158,393
	Operating Expenditures	23,805	23,805	23,805	
	Travel Expenditures	10,395	10,395	10,395	
	Equipment Expenditures	43,350	-	-	
	Help Desk & Support Total	\$ 1,304,821	\$ 1,264,323	\$ 1,264,323	
	Total NDE DRE Capacity Building	\$ 8,173,770	\$ 7,965,772	\$ 7,965,774	
15 NE Instructional Improvement System					
<i>NDE will build the capacity of Nebraska educators to continuously improve the quality of instruction for students through integrated, efficient systems. This will serve as an application store.</i>		Objectives			
	Identify key systems:	Identify and collectively procure state-sponsored systems			
	- learning management	Support vendors in integrating with SSD and state data system	\$ 166,667	\$ 166,667	\$ 166,667
	- blended learning	Provide PD for districts	83,333	83,333	83,333
	- teacher/principal evaluation	System licenses paid by state	5,000,000	5,000,000	5,000,000
	- school climate	App Store			
	- career readiness	Survey Resources and Tools			
		Total Contractual Expenditures	5,250,000	5,250,000	5,250,000
		New Positions			
		Director, Instructional Improvement System	68,502	68,502	68,502
		Education Specialist IV	68,502	68,502	68,502
		Program Specialist III	60,523	60,523	60,523
		Applications Developer Lead	60,523	60,523	60,523
		Applications Developer Senior	55,047	55,047	55,047
		Applications Developer	50,099	50,099	50,099
	Applications Developer	50,099	50,099	50,099	
	Total Salary Expenditures	413,295	413,295	413,295	
	Benefits Expenditures	194,588	194,588	194,588	
	Operating Expenditures	28,360	28,360	28,360	
	Travel Expenditures	22,475	22,475	22,475	
	Equipment Expenditures	66,640	-	-	
	NE Instructional Improvement System Total	\$ 5,975,358	\$ 5,919,718	\$ 5,919,718	
	Total NDE Budget Issue Requests	\$ 14,149,128	\$ 13,905,490	\$ 13,905,492

REVIEWER COMMENTS

Section	Strengths	Weaknesses
Goals, Objectives, and Projected Outcomes	- Detailed plan that accounts for systemic change by increasing human, technical and fiscal resources. The proposal has clear goals, technically feasible deliverables and a rich set of milestones to gauge project progress.	- The scope of the project is considerable requiring a great deal of communication and stakeholder involvement that has not been historically in evidence. - Essentially a replica of Educational Capacity proposal
Project Justification / Business Case	- The proposal delineates three credible benefits including reduced accountability costs through standardization of data exchange, reduced technology costs through an enterprise approach to data warehousing/business intelligence and improved decision support through the equitable provision of data analytics to all school districts.	- The project deliverables are highly dependent upon a level of cooperation and agreement upon instructional methods not previously in evidence across the 100s of K12 school districts in Nebraska. - Same justification as Educational Capacity proposal
Technical Impact	- The proposal constitutes a systemic approach to engaging learners and instructors in a digital environment that honors teacher effectiveness as the key to gains in student achievement. The model calls for the foundation of guaranteed and viable curriculum supported by solid instructional design and evaluated through assessment for learning and of growth.	- The greatest concern of the reviewer is achieving the operational success necessary to a leverage the functional capacity. Moreover, this constitutes a fundamental shift in instructional delivery that represents 2nd order change for nearly all K12 teachers. It won't come easily, it won't come quickly, it won't come without leadership and it won't come without professional casualties. - Essentially a replica of Educational Capacity proposal
Preliminary Plan for Implementation	- The author provides a clear operational/functional roadmap while identifying key stakeholder partners.	- The specific roles of stakeholder partners is vague and does not, in all cases, match their current capacities. This is especially true in the area of professional development. - Essentially the same as Educational capacity proposal
Risk Assessment	- Risks have been identified and key dependencies recognized.	- Dependencies associated with the work of stakeholder agencies cannot be fully mitigated within the context of the proposed project. This is less a failing of the proposed and more a recognition of the difficulties associated with interagency projects - Essentially the same as Educational capacity proposal
Financial Analysis and Budget	- Costs and overall budget is clearly defined.	- Proposed salaries for key personnel look very low and will make attracting qualified applicants difficult. - Essentially the same as Educational capacity proposal

[Note: Reviewer 3 gave the same scores for both projects 13-02 and 13-03, with no comments on 13-03. The reviewer noted the similarities between the proposals and commented that they appear to be two facets of the same proposal.]

TECHNICAL PANEL COMMENTS

Technical Panel Checklist				Comments
	Yes	No	Unknown	
1. Is the project technically feasible?	✓			
2. Is the proposed technology appropriate for the project?			✓	- The specific, agreed upon, technology to be utilized for this project is unknown at this time.
3. Can the technical elements be accomplished within the proposed timeframe and budget?			✓	

APPENDIX: AGENCY RESPONSE TO REVIEWER COMMENTS

NDE offers the following response to NITC reviewer comments regarding Project #13-03. One concern referenced in multiple sections – that this proposal contains redundancies with its companion proposal, 13-02, is addressed once at the beginning. NDE has a clear vision for the role of data and technology in helping to reach every student, every day. It is our belief that this Instructional Improvement System will return enormous benefit on the learning outcomes of Nebraska students.

Referenced in all Sections:**Weakness:**

- Essentially a replica of Educational Capacity proposal

Agency Response:

As described in the proposal the two projects (Educational Data Capacity and Instructional Improvement) are interlinked. These projects will naturally overlap because the plan for the agency is a cohesive. As indicated in the proposal, the inclusion of the Educational Data Capacity information in the proposal was primarily to ensure appropriate context that the Application Store and supporting systems approach were dependent upon the successful implementation of the infrastructure, supports, and integration work.

Providing two projects was initially recommended by budget officials to separate the pieces to assist with budget considerations and provide legislative options to consider.

Goals, Objectives, and Projected Outcomes**Weakness:**

- The scope of the project is considerable requiring a great deal of communication and stakeholder involvement that has not been historically in evidence.

Agency Response:

Communication and collaboration with stakeholders are critical aspects of any systemic initiative. The need for critical communication among stakeholders was one of the core reasons the entire Education Data Systems study was a collaborative effort. The study engaged the membership of the Nebraska Council of School Administrators (NCSA), Nebraska State Education Association (NSEA), Educational Service Unit Coordinating Council (ESUCC), Educational Service Unit staff, engagement of the Nebraska Educational Technology Association members (NETA), the Nebraska School Boards Association, staff of University of Nebraska, insight from Network Nebraska, as well as the support of the State Board of Education.

Ongoing communication with stakeholders and future engagement of school districts continues as elements of the implementation of prototypes systems, piloting of concepts, and planning for scaling efforts continue as well. Currently nine districts are involved with prototyping elements of the process and 39 districts have signed up for consideration of an Early Adopter Program for Limited Production Releases of pieces of the system.

The Legislative Study demonstrated that while ambitious, coordination of this type and caliber is possible. Functionally, response rates and participation in the study efforts were very high. Over 200 educators participated in the study through a survey of leaders' needs and preferences, focus groups, financial interviews, and direct outreach to teachers. Their input represents over 80% of the students in Nebraska.

NDE believes that the demonstrated need for an improved system and a sense of efficacy in the process will drive stakeholders to participate. If stakeholders are as responsive to the implementation of a system as they were in the process that designed it (or perhaps, *because* they were active in designing it) then the project will succeed. This is a new and unique opportunity for the state of Nebraska and requires leadership and vision to achieve.

Project Justification / Business Case

Weakness

- The project deliverables are highly dependent upon a level of cooperation and agreement upon instructional methods not previously in evidence across the 100s of K12 school districts in Nebraska.

Agency Response

The Legislative Study surfaced districts' need for cooperation and collaboration on instructional methods and operational standards. Over 200 school district administrators, teachers and others participated in the development of the strategy proposed. The comments below represent their consensus, and continue to be echoed school personnel as communication and outreach efforts about the concept expand across the state of Nebraska.

- "Please provide leadership on all of these different systems,"
- "Please help us provide access to the tools and resources that are safe, secure, and aligned to the standards"
- "Please help us reduce the burden of reporting and provide tools to more effectively use the data." "Please give us a choice and reduce the burdens of selecting tools, contracting, and then it not meeting the state needs"
- "We are in the education business, not in technology business, please help provide access and tools for us so we can make a difference."
- "Can we get more timely assistance from the help desk?"

In addition, precisely because of the point raised by the reviewer, study researchers used the survey to ask districts about their likelihood of participating in systems that would leverage cooperative agreements, purchasing, or negotiation. Their response was overwhelmingly in favor of collaboration, thoroughly debunking the historical perception that Nebraska districts did not want to cooperate. The table below shows district responses when asked how likely they would be to participate in a cooperative option for systems related to administrative, back office, or instructional purposes:

How Likely Are You to Participate in a (Cooperative Option) of the Following Systems?						
System	Extremely Unlikely	Very Unlikely	Somewh at Unlikely	Somewh at Likely	Very Likely	Extremely Likely
Assessment System	3%	3%	5%	24%	39%	26%
Learning Management System	3%	4%	9%	49%	47%	32%
Professional Development System	2%	4%	11%	40%	26%	17%
Content Management System	3%	5%	11%	36%	29%	15%
Progress Monitoring/RTI System	3%	3%	13%	30%	36%	16%
Credit Recovery System	3%	4%	14%	36%	29%	14%
Collaboration/Communication System	2%	5%	11%	40%	28%	14%
Career & Technical Education System	1%	3%	11%	34%	36%	15%
Nutrition & Food Mgmt. System	4%	3%	11%	35%	30%	17%
Transportation System	8%	12%	22%	24%	20%	14%
Guidance/Counseling System	2%	5%	14%	32%	32%	15%
IEP Management System	2%	2%	7%	24%	34%	30%
Library Management System	4%	9%	14%	31%	28%	14%
Student Information System	6%	5%	9%	16%	36%	29%
Test Analysis System	3%	2%	11%	21%	39%	23%
Finance System	5%	6%	17%	28%	24%	19%
Human Resource System	7%	13%	17%	30%	22%	12%
Procurement System	7%	14%	21%	31%	17%	10%

In focus groups, educators shared that a hesitation to participate was more related to a lack of need for the system entirely than a reluctance to cooperate. This data is also notable merely because of its existence. NDE will be able to use data to focus on strategic priorities, rather than assumption or historical perception.

Figure 12 in the Education Data Systems Legislative Study further elaborates on districts' priorities for the development of cooperative options for applications. This compares the presence of systems in districts to their perceived importance. The study revealed that Teaching and Learning systems are generally the most important and the least ubiquitous. It is precisely those systems dealing with instructional methods that districts need most.

Finally, a quote from a district leader during the Teaching and Learning Focus Group sums up a key driver to the project, they leader indicated, "I think school districts are excited about the prospect of working together to strengthen the stat40e as a whole."

Technical Impact

Weakness:

- The greatest concern of the reviewer is achieving the operational success necessary to a leverage the functional capacity. Moreover, this constitutes a fundamental shift in instructional delivery that represents 2nd order change for nearly all K12 teachers. It won't come easily, it won't come quickly, it won't come without leadership and it won't come without professional casualties.

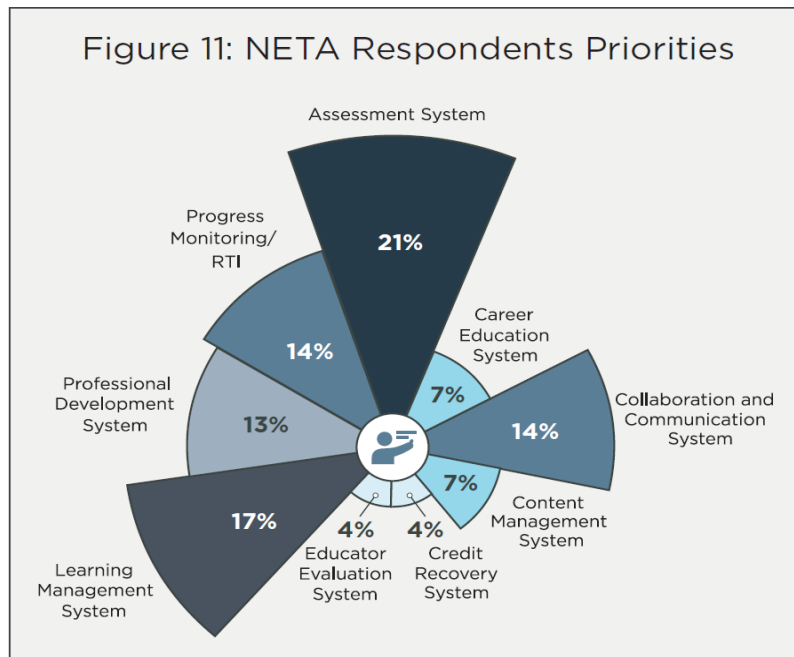

Agency Response:

While not completely clear about this concern, the focus of the application store is essentially to provide an opportunity to leverage the 300,000+ students, 245 school districts, and a set of education data standards for Nebraska to create services and vendor options for districts to choose. The model of *Network Nebraska* is an excellent example of districts working together to identify the lowest cost broadband service and the supporting the ongoing procurement, service, and support through fees. Essentially, the application store is intended to provide the same type of service and support for school districts. The ultimate goal is to reduce costs, ensure connectivity, and provide access to all districts the types of services they either are currently using or cannot access because of costs or capacity.

Figure 12 in the Nebraska Education Data Systems Study is also relevant to this comment. The graphic further elaborates on districts' priorities for the development of cooperative options for applications. Figure 12 compares the presence of systems in districts to their perceived importance, revealing that Teaching and Learning systems are generally the most important and the least ubiquitous. It is specifically those systems dealing with instructional methods that districts need most.

Figure 11 in the Education Data Systems Study also shows the priorities of 244 members of the Nebraska Education Technology Association. Members of that group, as instructors, are acutely aware of the demands of high-quality teaching and in focus groups expressed that high-quality systems would be extremely helpful.

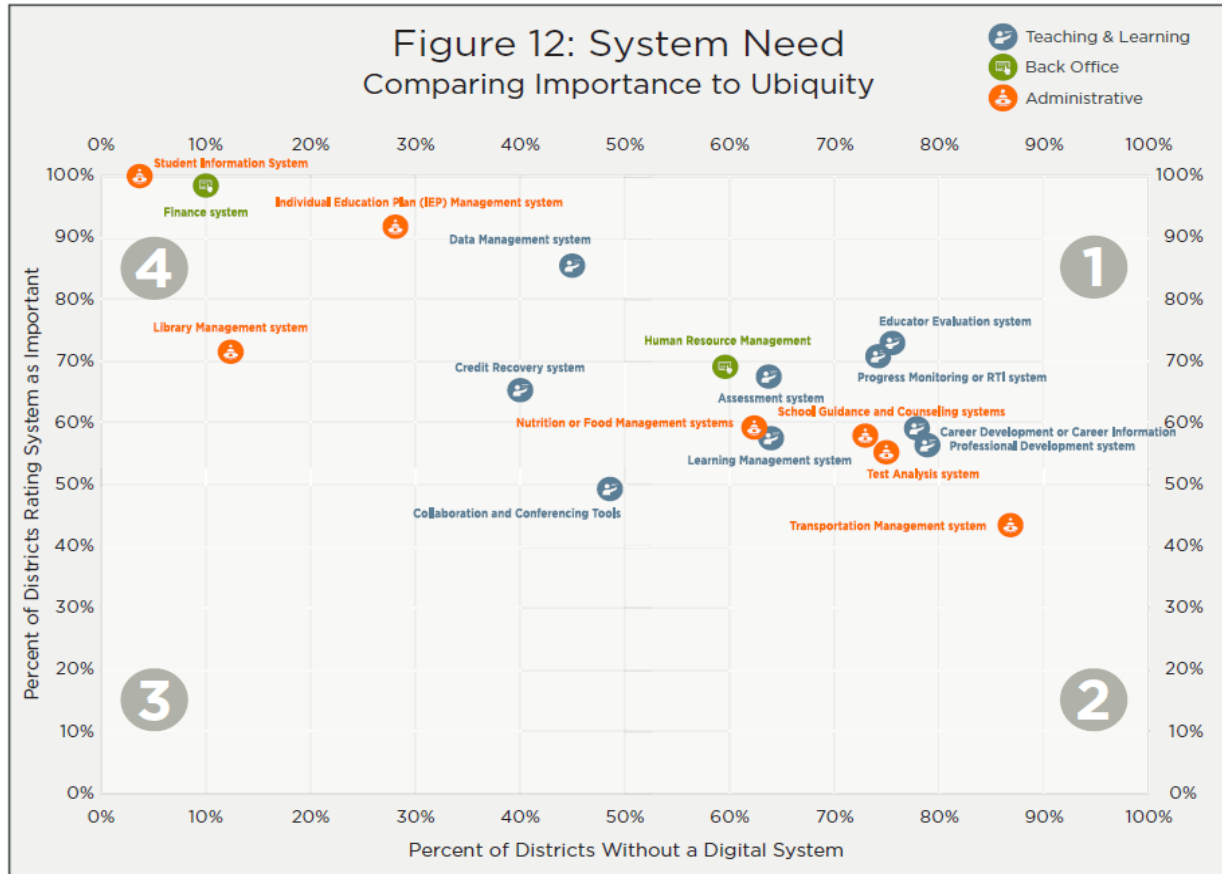

For convenience, Figure 11 and 12 from the education data systems are provided in this response.

The quadrant in Figure 12 illustrates the concept of system need. The vertical axis shows the percent of districts rating the system as highly important (the top two ratings for importance combined). The horizontal axis shows the percent of districts that do not currently have a digital system available.

Therefore, the quadrants represent the following:

- Quadrant 1: Highly Important, Not Readily Available (Most Need)
- Quadrant 2: Less Important, Not Readily Available
- Quadrant 3: Less Important, Less Available
- Quadrant 4: Highly Important, Highly Available

The education data systems identified in quadrant 1 provide a significant opportunity to ensure equity of access to school districts in Nebraska and at the same time support a significantly identified need addresses through the goals of this project.

Preliminary Plan for Implementation

Weakness:

- The specific roles of stakeholder partners is vague and does not, in all cases, match their current capacities. This is especially true in the area of professional development.

Agency Response:

The vagueness of the stakeholder can be cleared up by the following:

School District: Choose from a series of preapproved applications that are cheaper and more effectively integrated than anything they could do in isolation.

ESUCC: Continue to manifest the statutory responsibility of ensuring quality and efficient engagement of resources for the districts they serve.

ESU: Collaborate and support a coordinated effort across the state to support districts and students realizing that all Nebraska students are our responsibility. Students move from district to district and providing quality experiences for requires a focus to coordinate and support all.

NDE: While historically focused on compliance the broader objective of the NDE is to ensure the support systems for all schools to succeed is job one.

The purpose of this proposal is to create capacity, coordinate the efforts and provide effective coordinated professional development through the highly effective network of ESU staff developer and School district personnel.

Risk Assessment

Weakness

- Dependencies associated with the work of stakeholder agencies cannot be fully mitigated within the context of the proposed project. This is less a failing of the proposed and more a recognition of the difficulties associated with interagency projects

Agency Response

The interagency projects of the past may not have engaged the critical leadership from the beginning. The role of the Educational Service Unit Coordinating Council (ESUCC) and the board along with the Nebraska Department of Education are crucial to the success. To ensure continuity and clarity of the expectations efforts to develop a Memorandum of Understanding along with the critical elements of governance continue to be a critical focus during the prototype engagement. The difference that exists today, versus the cynical nature and experiences of this reviewer, are the personnel and broader vision toward the future for the student of Nebraska.

Financial Analysis and Budget

Weakness:

- Proposed salaries for key personnel look very low and will make attracting qualified applicants difficult.

Agency Response:

The budgeting requirements establish the use of 33.3% of the pay grade range and reflect the current negotiated salaries for these positions. While it is true the competitive nature of the salaries is low, they

are reality for state government at this time. There are still highly skilled staff available to fill the positions that are interested in supporting Nebraska Education in ways that systemically can make a difference.

The proposed implementation plan balances contractor time with NDE staff. To achieve the highest level of sustainability, contractors are fully engaged in building the initial infrastructure and on-going knowledge transfer with existing NDE staff. These staff have the benefit of institutional knowledge of the department and Nebraska education context, and are rapidly developing the skills needed to sustain a system of this scale.

Project Proposal Form
Funding Requests
for Information Technology Projects
2015-2017 Biennial Budget

IMPORTANT NOTE: Project proposals should only be submitted by entering the information into the Nebraska Budget Request and Reporting System (NBRRS). The information requested in this Microsoft Word version of the form should be entered in the NBRRS in the "IT Project Proposal" section. The tabs in the "IT Project Proposal" section coincide with sections contained in this Microsoft Word version of the form. Information may be cut-and-pasted from this form or directly entered into the NBRRS. **ALSO NOTE** that for each IT Project Proposal created in the NBRRS, the submitting agency must prepare an "IT Issue" in the NBRRS to request funding for the project.

Project Title	Nebraska eLearning Project
Agency/Entity	Nebraska Department of Education

**Project Proposal Form
2015-2017 Biennial Budget**

Notes about this form:

1. **USE.** The Nebraska Information Technology Commission (“NITC”) is required by statute to “make recommendations on technology investments to the Governor and the Legislature, including a prioritized list of projects, reviewed by the technical panel...” Neb. Rev. Stat. § 86-516(8). “Governmental entities, state agencies, and noneducation political subdivisions shall submit all projects which use any combination of general funds, federal funds, or cash funds for information technology purposes to the process established by sections 86-512 to 86-524. The commission may adopt policies that establish the format and minimum requirements for project submissions.” Neb. Rev. Stat. § 86-516(5). In order to perform this review, the NITC and DAS Budget Division require agencies/entities to complete this form when requesting funding for technology projects.
2. **WHICH TECHNOLOGY BUDGET REQUESTS REQUIRE A PROJECT PROPOSAL FORM?** See NITC 1-202 available at <http://nitc.ne.gov/standards/>. Attachment A to that document establishes the minimum requirements for project submission.
3. **COMPLETING THE FORM IN THE NEBRASKA BUDGET REQUEST AND REPORTING SYSTEM (NBRRS).** Project proposals should only be submitted by entering the information into the NBRRS. The information requested in this Microsoft Word version of the form should be entered in the NBRRS in the “IT Project Proposal” section. The tabs in the “IT Project Proposal” section coincide with sections contained in this Microsoft Word version of the form. Information may be cut-and-pasted from this form or directly entered into the NBRRS. **ALSO NOTE** that for each “IT Project Proposal” created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.
4. **QUESTIONS.** Contact the Office of the CIO/NITC at (402) 471-7984 or ocio.nitc@nebraska.gov

General Information

Project Title	Nebraska eLearning Project
Agency (or entity)	Nebraska Department of Education

Contact Information for this Project:

Name	Brent Gaswick
Address	301 Centennial Mall S
City, State, Zip	Lincoln, Ne 68509
Telephone	402-471-3503
E-mail Address	Brent.gaswick@nebraska.gov

Executive Summary

Provide a one or two paragraph summary of the proposed project. This summary will be used in other externally distributed documents and should therefore clearly and succinctly describe the project and the information technology required.

Goals, Objectives, and Projected Outcomes (15 Points)

Project Overview: Nebraska eLearning Project

The Nebraska eLearning Project would center on the creation and procurement of high quality electronic learning objects for distribution to PreK-12 public schools at no cost to schools, in support of the statewide BlendEd Initiative, the NITC committee’s digital education goals and as an enhancement to the Data Dashboard currently being developed by NDE, while providing an in-depth, hands-on professional development process for Nebraska teachers, pre-service teachers and content specific undergraduate students.

The eLearning Project would be led by the Nebraska Department of Education in partnership with ESUs, NET, the University of Nebraska System, State College system, PreK-12 schools and additional State of Nebraska agencies.

This program is an investment to help reduce costs for Nebraska PreK-12 school districts by providing a high quality, extensive library of electronic learning objects to schools at no cost.

Provide real-world job experience for college students from multiple disciplines.

Make available intense real-world professional development activities for fellowshipped teachers.

Facilitate coordination and expansion of exemplar projects and resources already being done in individual or regional settings to provide equitable educational opportunities statewide.

Participants:

Certified preK-12 educators

**Project Proposal Form
2015-2017 Biennial Budget**

Pre-service education majors
Undergraduate computer science students/ IT students
Undergraduate graphic design students
Content specialists

Anticipated Partners:

NDE
ESUs
NET
University of Nebraska System
Nebraska State College System
Private College System
Community College System
Nebraska State Historical Society
Nebraska Library Commission
Nebraska Game and Parks
Network Nebraska

Goals:

Successfully integrate access to instructional content and professional development activities to student assessment data as part of an individualized learning platform. (Integrate the Data Dashboard with content).

Provide high quality learning objects, lessons or books equally to all Nebraska preK-12 schools at low cost or free of charge.

Develop and provide high quality professional development to current preK-12 Nebraska Educators and Pre-service education students.

Establish long term partnerships between preK-12 education, state agencies, post secondary institutions and ESUs

Measures of success:

Successful integration of a statewide Learning Object Repository system into the Data Dashboard system

Successful adoption of a state wide LOR system as part of Network Nebraska

Production and adoption of Nebraska aligned content for preK-12 schools

Successful adoption of statewide Meta tagging standardization guidelines

Explore utilization of a third party evaluation model such as Bright Bytes statewide

Deliverables:

Statewide Learning Object Repository
Nebraska specific Metadata standards guidelines
Nebraska specific Open Education Resources
High quality professional development resources

**Project Proposal Form
2015-2017 Biennial Budget**

High quality learning objects
Post secondary internship experiences
Free learning objects, courses and instructional tools
24/7 365 access to learning
equity of access

Project Justification / Business Case (25 Points)

Project Breakdown

eLearning Project Director

To ensure the success of this project, it is proposed that 1.0 FTE be created and assigned to NDE as part of the Technology Learning Center Team. The eLearning Project Director would be the only position added to NDE as part of this project and would be responsible for oversight of the project in cooperation with the Director of the Network, Education and Technology team currently employed by NDE. Responsibilities of this position would include coordination with partner agencies, oversight of funding awarded to contracting agencies and project management. This position is a critical role in the project, because they will be charged with fostering and maintaining partnerships that will ultimately determine the success or failure of the project.

Tier 1 - Content Creation and procurement

This component of the project would need a physical office space dedicated to content creation work

- OER adoption
- Meta tagging standardization
- Produced Content Procurement
- Content Creation
- Gamification research and development
- Master course shells
- Learning objects
- Individual concept lessons

Content Creation Team

- 1 Fellowship teacher leader
- 1 Classroom teacher \$500 incentive per item
- 1 Programing intern \$10 per hour x 5 hours avg. = \$50
- 1 Design intern \$10 per hour x 5 hours avg. = \$50
- 2 Pre-service intern \$10 per hour x 5 hours avg. = \$100

Average cost per content item = \$700

Tier 2 - Professional Development

Fellowship program

- Partnership with post secondary institution(s), ESUs and school districts
- 5 or 6 Nebraska educators seeking a Master's degree

**Project Proposal Form
2015-2017 Biennial Budget**

- and on active sabbatical
- Duration of one year
- Each person receives \$40,000 per year fellowship
- Help supervise content creation teams, develop professional development courses and provide in-person professional development trainings

Training development and inservice

- Develop high-quality Nebraska-focused professional development content for use by any Nebraska PreK-12 school, free of charge
- Provide on-site or regional professional development opportunities for educators at no cost to them or the district
- Money will go to site fees, stipends for teachers attending, materials and content development and hosting

Tier 3 - Integration and Support

Dashboard Integration:

- Develop a process of integrating instructional content for students and educators into the Dashboard
- Single sign-on support and adoption
- Write customized API codes to allow communication between Dashboard and LOR
- Identify and deploy hardware required to support successful integration
- Statewide help desk support or development

Learning Object Repository:

- Creation of advisory team to explore and recommend a statewide content repository solution (NDE, NET, ESUCC, PreK-12, Post-secondary)
- Partner with Network Nebraska to provide the selected solution as a service of Network Nebraska to help develop a sustainable LOR system.

Technical Impact (20 Points)

Current Projects this will support:

- Teacher/Principal Evaluation
- A QuESTT- school accountability
- Statewide Longitudinal Data system
- Early Childhood initiatives, including Step Up to Quality
- NeSA - state accountability
- BlendEd Initiative
- Career and Technical Education

**This list is just a small sample of the projects that would benefit from the Nebraska eLearning project. Ultimately, this project, if funded and deployed successfully, has the potential to impact all Nebraska learners, PreK-20, public, private or homeschool.*

**Project Proposal Form
2015-2017 Biennial Budget**

Cost savings:

Reducing the number of LOR systems being implemented will result in cost savings to PreK-12 schools, ESUs and Nebraska State Agencies by allowing for single-point negotiations and reduction of per-user cost due to the scale of the project.

Development of a statewide LOR and high-quality content will reduce the need for school districts to purchase devices for students, as the access this project provides will allow for an expansion of “Bring your own device” programs. Students can access learning with their own devices anytime, anywhere.

With access to the LOR, schools will have access to a wide variety of high-quality, digital learning objects, ranging from digital textbooks to royalty-free graphics. This will save schools money by the reduction in the need to purchase these resources from a third party provider.

High quality digital professional development resources will reduce cost to districts in multiple ways; the first is the overall cost for the professional development content and instruction, second, it will allow the teacher to participate in high-quality professional content without leaving their classroom, which reduces district cost for substitutes.

In time, the State of Nebraska will build capacity for sustainability through a cadre of highly effective master teachers trained to effectively create Individualized Learning Environments for students which will provide their school districts with a local expert to help mentor other teachers without the need for bringing in expensive outside experts.

Preliminary Plan for Implementation (10 Points)

Proposed Project Timeline*

*The timeline anticipates one year of lead time prior to receiving actual funding. All dates are estimates and subject to change.

Prior to 2016:

Begin establishing needed partnerships for successful implementation of the eLearning project upon receiving funding.

2016-2017:

July

Hire Project Director at NDE
Make initial Fellowship awards
Award contracts to partnering agencies

August

Establish physical location for content creation and professional development activities
Establish LOR, OER and Metadata advisory groups

**Project Proposal Form
2015-2017 Biennial Budget**

September

- Begin work on OER, Meta tagging projects
- Initial internship positions filled for content creation teams
- Establish work group for data dashboard
- Integration work

October - May

- Development of custom content
- Development of professional development content
- Work on OER adoptions
- Work on Meta tagging standards
- Research on LOR

June

- Select statewide LOR and begin deployment

2017-2018:

August

- Provide Meta Tagging standards document statewide
- Provide LOR system statewide
- Deliver first round of OER, custom content and professional development on LOR

September - June

- Continue OER, content creation, and professional development activities
- Provide training to all partners on the new LOR, Meta tagging standards and content
- Begin work on integration of LOR content with the Data Dashboard
- Maintenance of support on LOR
- Complete initial project evaluation

2018-2019:

- Continue professional development activities and content development
- Continue OER, content creation and adoption projects
- Continue LOR utilization
- Begin integrating LOR content with the Data Dashboard
- Expand and complete second project evaluation

2019-2020:

- Continue professional development activities and content development
- Continue OER, content creation and adoption projects
- Continue LOR utilization
- Expand integration of LOR content with the Data Dashboard
- Expand and complete third year project evaluation
- Complete new project objectives and goals to guide the next four year project cycle.

**Project Proposal Form
2015-2017 Biennial Budget**

12. Describe the ongoing support requirements.

Risk Assessment (10 Points)

LOR adoption has several risks associated with it. The first is reaching a consensus among the committee on a centralized solution which could cause the whole project to fail or a continuation of an environment where multiple LORs are adopted on a regional or local level. The careful selection of committee members from a variety of organizations, clearly defining that this system needs to be a statewide solution that is part of Network Nebraska and the direction of the Department of Education's eLearning Project Leader will help ensure that this project does in fact succeed.

The cost of the LOR system is another area of risk as unforeseen problems and costs could be pushed outside the budgeted amount. The committee's provision of clear expectations for the system and adherence to the proper NITC RFP protocols will keep the cost of the system in line with expectations and ensuring that the system is effective.

Successfully creating and sustaining a partnership between all parties needed for this project will be a major risk. The need for a single person to coordinate and lead this partnership will be essential to this project. The NDE eLearning Project director position will be charged with making sure that this risk is mitigated and the project is successful by sharing a single vision with all partners and overseeing and reporting on the project at all levels

**Project Proposal Form
2015-2017 Biennial Budget**

Financial Analysis and Budget (20 Points)

15. Financial Information

The “Financial” information tab in the Nebraska Budget Request and Reporting System (NBRRS) is used to enter the financial information for this project (NOTE: For each IT Project Proposal created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.)

Nebraska eLearning Project

Systems
of Support for all
Nebraska learners

Nebraska eLearning Project

A cooperative effort to support personalized learning for all Nebraska learners

The Nebraska Department of Education is requesting additional budget authority to support the Technology Learning Center's mission under Nebraska statutory authority: Sections 79-1302, 79-1303, 79-1304, 79-1305, 79-1306, 79-1307 and 79-1310.

The Technology Learning Center was established to serve the State of Nebraska's PreK-12 schools with the following goals, and objectives:

- *To provide clearinghouse services for information concerning current technology projects as well as software and hardware development*
- *To serve as a demonstration site for state-of-the-art hardware appropriate to an educational setting*
- *To provide technical assistance to educators in working with hardware and software*
- *To provide in-service and pre-service training for educators, in conjunction with other public and private educational entities, in the use of computers, telecommunications, and other electronic technologies appropriate to an educational setting*
- *To sponsor activities which promote the use of technology in the classroom*
- *To serve as a liaison between business and education interests in technology communication*
- *To experiment with various applications or technology in education*
- *To assist schools in planning for and selecting appropriate technologies*
- *To design, implement, and evaluate pilot projects to assess the usefulness of technologies in school management, curriculum, instruction, and learning*
- *To seek partnerships with the Nebraska Educational Telecommunications Commission, the University of Nebraska, the state college system, educational service units, the Nebraska Library Commission, and other public and private entities in order to make effective use of limited resources*
- *To encourage sharing among school districts to deliver cost-efficient and effective distance learning*
- *To establish an electronic data network and access to appropriate databases for learners and educators through purchase of necessary hardware, software, and licenses for national data bases. The center shall provide assistance to schools for training communication costs and, through work with Nebraska educators and learners, shall develop state-level databases*
- *To identify, evaluate, and disseminate information on school projects which have the potential to enhance the quality of instruction or learning.*

The Technology Learning Center exists in statute and with 1.5 staff members, there is no funding assigned to the Technology Center to carry out any work. The Nebraska eLearning Project proposal is intended to provide the Technology Center with funding to work with partners in order to carry out its charge.

Project Overview: Nebraska eLearning Project

The Nebraska eLearning Project would center on the creation and procurement of high quality electronic learning objects for distribution to PreK-12 public schools at no cost to schools, in support of the statewide BlendEd Initiative, the NITC committee's digital education goals and as an enhancement to the Data Dashboard currently being developed by NDE, while providing an in-depth, hands-on professional development process for Nebraska teachers, pre-service teachers and content specific undergraduate students.

The eLearning Project would be led by the Nebraska Department of Education in partnership with ESUs, NET, the University of Nebraska System, State College system, PreK-12 schools and additional State of Nebraska agencies.

- This program is an investment to help reduce costs for Nebraska PreK-12 school districts by providing a high quality, extensive library of electronic learning objects to schools at no cost.
- Provide real-world job experience for college students from multiple disciplines.
- Make available intense real-world professional development activities for fellowshipped teachers.
- Facilitate coordination and expansion of exemplar projects and resources already being done in individual or regional settings to provide equitable educational opportunities statewide.

Participants:

- Certified preK-12 educators
- Pre-service education majors
- Undergraduate computer science students/ IT students
- Undergraduate graphic design students
- Content specialists

Anticipated Partners:

- NDE
- ESUs
- NET
- University of Nebraska System
- Nebraska State College System
- Private College System
- Community College System
- Nebraska State Historical Society
- Nebraska Library Commission
- Nebraska Game and Parks
- Network Nebraska

NeBooks Project

The current NeBooks Project that is being facilitated by NDE is just one example of the content creation that can be achieved through this project. Currently, the NeBooks Project is an unfunded voluntary effort on the part of multiple state agencies, ESUs, and schools.

The participants create custom eBooks and provide them free of charge to anyone in the state that would like to use them. If the eLearning project was funded, this program could be quickly expanded to provide additional high quality eBooks to Nebraska schools free of charge. This funding would result in cost savings for districts in material procurement costs, and also provide a rich source of learning objects for students to explore and learn from independently.

To find out more visit:

<http://www.education.ne.gov/nebooks/>

Goals:

- Successfully integrate access to instructional content and professional development activities to student assessment data as part of an individualized learning platform. (Integrate the Data Dashboard with content).
- Provide high quality learning objects, lessons or books equally to all Nebraska preK-12 schools at low cost or free of charge.
- Develop and provide high quality professional development to current preK-12 Nebraska Educators and Pre-service education students.
- Establish long term partnerships between preK-12 education, state agencies, post secondary institutions and ESUs

Intel Teach Elements

The Nebraska Department of Education and the ESUCC cooperatively obtained a grant from Intel to implement the Intel Teach Elements courses in Nebraska. The grant was provided by Intel for the customization of the courses to fit Nebraska standards, to deploy the courses in an LMS environment accessible across the state, and to develop a cadre of trainers. These courses are free professional development courses for Nebraska educators provided in multiple formats from facilitated to self-paced online. Through the eLearning Project, NDE would work with multiple partners to individualize free content and develop Nebraska content for teachers to learn how to effectively implement personalized learning in their classrooms.

Measures of success:

- Successful integration of a statewide Learning Object Repository system into the Data Dashboard system
- Successful adoption of a state wide LOR system as part of Network Nebraska
- Production and adoption of Nebraska aligned content for preK-12 schools
- Successful adoption of statewide Meta tagging standardization guidelines
- Explore utilization of a third party evaluation model such as Bright Bytes statewide

Deliverables:

- Statewide Learning Object Repository
- Nebraska specific Metadata standards guidelines
- Nebraska specific Open Education Resources
- High quality professional development resources
- High quality learning objects
- Post secondary internship experiences
- Free learning objects, courses and instructional tools
- 24/7 365 access to learning
- equity of access

Organizational Structure of Project:

Open Educational Resources

(OER) are freely accessible, openly licensed documents and media that are useful for teaching, learning, and assessing as well as for research purposes. Although some people consider the use of an open file format to be an essential characteristic of OER, this is not a universally acknowledged requirement.

The OER portion of this project will be to find high quality OER content already available and align it to Nebraska State Standards and brand it as a Nebraska resource to help students connect with it.

Anticipated Costs:

Year 1 (2016-2017)

eLearning Director.....	\$88,000
Metadata Standardization.....	\$75,000
OER Adoption.....	\$180,000
Content Creation.....	\$250,000
Content Procurement.....	\$110,000
Professional Development.....	\$300,000
LOR Project.....	\$1.2 million
Dashboard Integration.....	\$300,000
Project Offices.....	\$90,000
Misc.....	\$14,000

Year 2 (2017-2018)

eLearning Director.....	\$90,000
Metadata Standardization.....	\$10,000
OER Adoption.....	\$180,000
Content Creation.....	\$285,000
Content Procurement.....	\$150,000
Professional Development.....	\$320,000
LOR Project.....	\$700,000
Dashboard Integration.....	\$800,000
Project Offices.....	\$50,000
Evaluation.....	\$10,000
Misc.....	\$12,000

Year 3 (2018-2019)

eLearning Director.....	\$92,000
Metadata Standardization.....	\$5,000
OER Adoption.....	\$175,000
Content Creation.....	\$290,000
Content Procurement.....	\$150,000
Professional Development.....	\$300,000
LOR Project.....	\$300,000
Dashboard Integration.....	\$1.2 million
Project Offices.....	\$50,000
Evaluation.....	\$30,000
Misc.....	\$15,000

Year 4 (2019-2020)

*(complete reevaluation of project needs would be done during this year)**

eLearning Director.....	\$94,000
Metadata Standardization.....	\$0
OER Adoption.....	\$180,000
Content Creation.....	\$300,000
Content Procurement.....	\$260,000
Professional Development.....	\$300,000
LOR Project.....	\$150,000
Dashboard Integration.....	\$1.2 million
Project Offices.....	\$50,000
Evaluation.....	\$60,000
Misc.....	\$13,000

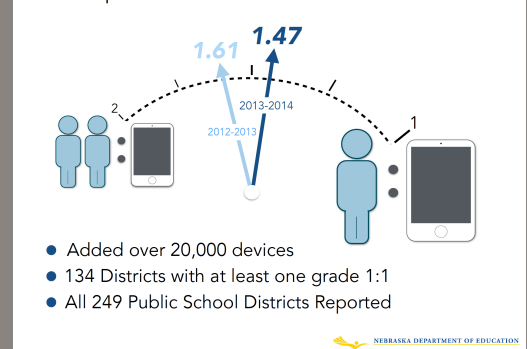

**Yearly reports will be made available to the public as to the use of funds as part of this project. An advisory group made up of representatives from the project partners will meet yearly to discuss project directions and to adjust goals, budgets and needs to be met as part of the project.*

Hardware vs. Content

Nebraska schools have made an effort to purchase devices for students to use as indicated in the graphics showing Instructional Devices per student and 1:1 adoptions in the state.

Often times for schools, after spending money for the hardware, they don't have enough money for content to use with the devices. Free content, while widely available, is often difficult to find and organize for teachers and students. The Nebraska eLearning Project would help solve this by providing high quality digital content free of charge to the district in a single location.

Students per Instructional Device

One to One and Bring Your Own Device

**graphics created from 2013-2014 Technology Planning document data*

Project Breakdown

eLearning Project Director

To ensure the success of this project, it is proposed that 1.0 FTE be created and assigned to NDE as part of the Technology Learning Center Team. The eLearning Project Director would be the only position added to NDE as part of this project and would be responsible for oversight of the project in cooperation with the Director of the Network, Education and Technology team currently employed by NDE. Responsibilities of this position would include coordination with partner agencies, oversight of funding awarded to contracting agencies and project management. This position is a critical role in the project, because they will be charged with fostering and maintaining partnerships that will ultimately determine the success or failure of the project.

THE Gamification OF EDUCATION

Gamification* has tremendous potential in the education space. *How can we use it to deliver truly meaningful experiences to students?*

*Gamification [n]: the use of game design elements in non-game contexts

"Game players regularly exhibit persistence, risk-taking, attention to detail, and problem-solving, all behaviors that ideally would be regularly demonstrated in school." — *The Education Arcade at MIT*

1.2 MILLION STUDENTS in the U.S. fail to graduate from high school every year. According to Joey Lee and Jessica Hammer at Columbia Teachers College, "the default environment of school often results in undesirable outcomes such as disengagement, cheating, learned helplessness, and dropping out."

28 million people harvest their crops on *FarmVille* every day.

OVER 5 million play an average of 45 hours a week of games.

As a planet, we spend **3 billion hours a week** playing video and computer games.

What elements of gaming can we harness for educational purposes?

PROGRESSION – See success visualized incrementally

- Levels:** Ramp up and unlock content.
- Points:** Increase the running numerical value of your work.

INVESTMENT – Feel pride in your work in the game

- Achievements:** Earn public recognition for completing work.
- Appointments:** Check in to receive new challenges.
- Collaborations:** Work with others to accomplish goals.
- Epic Meaning:** Work to achieve something sublime or transcendent.
- Virality:** Be incentivized to involve others.

CASCADING INFORMATION THEORY – Unlock information continuously

- Bonuses:** Receive unexpected rewards.
- Countdown:** Tackle challenges in a limited amount of time.
- Discovery:** Navigate through your learning environment and uncover pockets of knowledge.
- Loss Aversion:** Play to avoid losing what you have gained.
- Infinite Play:** Learn continuously until you become an expert.
- Synthesis:** Work on challenges that require multiple skills to solve.

Tier 1 - Content Creation and procurement

- This component of the project would need a physical office space dedicated to content creation work
- OER adoption
- Meta tagging standardization
- Produced Content Procurement
- Content Creation
 - Gamification research and development
 - Master course shells
 - Learning objects
 - Individual concept lessons

Content Creation Team

- 1 Fellowship teacher leader
 - 1 Classroom teacher \$500 incentive per item
 - 1 Programing intern \$10 per hour x 5 hours avg. = \$50
 - 1 Design intern \$10 per hour x 5 hours avg. = \$50
 - 2 Pre-service intern \$10 per hour x 5 hours avg. = \$100
- Average cost per content item = \$700

Tier 2 - Professional Development

- Fellowship program
 - Partnership with post secondary institution(s), ESUs and school districts
 - 5 or 6 Nebraska educators seeking a Master's degree and on active sabbatical
 - Duration of one year
 - Each person receives \$40,000 per year fellowship
 - Help supervise content creation teams, develop professional development courses and provide in-person professional development trainings

- Training development and inservice
 - Develop high-quality Nebraska-focused professional development content for use by any Nebraska PreK-12 school, free of charge
 - Provide on-site or regional professional development opportunities for educators at no cost to them or the district
 - Money will go to site fees, stipends for teachers attending, materials and content development and hosting

Tier 3 - Integration and Support

Dashboard Integration:

- Develop a process of integrating instructional content for students and educators into the Dashboard
- Single sign-on support and adoption
- Write customized API codes to allow communication between Dashboard and LOR
- Identify and deploy hardware required to support successful integration
- Statewide help desk support or development

Learning Object Repository:

- Creation of advisory team to explore and recommend a statewide content repository solution (NDE, NET, ESUCC, PreK-12, Post-secondary)
- Partner with Network Nebraska to provide the selected solution as a service of Network Nebraska to help develop a sustainable LOR system.

Proposed Project Timeline*

*The timeline anticipates one year of lead time prior to receiving actual funding. All dates are estimates and subject to change.

Prior to 2016:

- Begin establishing needed partnerships for successful implementation of the eLearning project upon receiving funding.

2016-2017:

July

- Hire Project Director at NDE
- Make initial Fellowship awards
- Award contracts to partnering agencies

August

- Establish physical location for content creation and professional development activities
- Establish LOR, OER and Metadata advisory groups

Personalized learning is the tailoring of pedagogy, curriculum, and learning environments by learners or for learners in order to meet their different learning needs and aspirations. Typically, technology is used to facilitate personalized learning environments.

September

- Begin work on OER, Meta tagging projects
- Initial internship positions filled for content creation teams
- Establish work group for data dashboard
- Integration work

October - May

- Development of custom content
- Development of professional development content
- Work on OER adoptions
- Work on Meta tagging standards
- Research on LOR

June

- Select statewide LOR and begin deployment

2017-2018:

August

- Provide Meta Tagging standards document statewide
- Provide LOR system statewide
- Deliver first round of OER, custom content and professional development on LOR

September - June

- Continue OER, content creation, and professional development activities
- Provide training to all partners on the new LOR, Meta tagging standards and content
- Begin work on integration of LOR content with the Data Dashboard
- Maintenance of support on LOR
- Complete initial project evaluation

Content Creation Priorities

1. STEM Content
2. Nebraska Studies
3. Core curriculum
4. All other areas

Curricular Benefits

The content creation and procurement money will be able to provide instructional content ranging from early childhood to college and specific to Nebraska state standards and needs for all subject areas from core curriculum areas, high needs areas, special education, and gifted education.

2018-2019:

- Continue professional development activities and content development
- Continue OER, content creation and adoption projects
- Continue LOR utilization
- Begin integrating LOR content with the Data Dashboard
- Expand and complete second project evaluation

2019-2020:

- Continue professional development activities and content development
- Continue OER, content creation and adoption projects
- Continue LOR utilization
- Expand integration of LOR content with the Data Dashboard
- Expand and complete third year project evaluation
- Complete new project objectives and goals to guide the next four year project cycle.

Current Projects this will support:

- Teacher/Principal Evaluation
- A QuESTT- school accountability
- Statewide Longitudinal Data system
- Early Childhood initiatives, including Step Up to Quality
- NeSA - state accountability
- BlendEd Initiative
- Career and Technical Education

**This list is just a small sample of the projects that would benefit from the Nebraska eLearning project. Ultimately, this project, if funded and deployed successfully, has the potential to impact all Nebraska learners, PreK-20, public, private or homeschool.*

Cost savings:

Reducing the number of LOR systems being implemented will result in cost savings to PreK-12 schools, ESUs and Nebraska State Agencies by allowing for single-point negotiations and reduction of per-user cost due to the scale of the project.

Development of a statewide LOR and high-quality content will reduce the need for school districts to purchase devices for students, as the access this project provides will allow for an expansion of “Bring your own device” programs. Students can access learning with their own devices anytime, anywhere.

With access to the LOR, schools will have access to a wide variety of high-quality, digital learning objects, ranging from digital textbooks to royalty-free graphics. This will save schools money by the reduction in the need to purchase these resources from a third party provider.

High quality digital professional development resources will reduce cost to districts in multiple ways; the first is the overall cost for the professional development content and instruction, second, it will allow the teacher to participate in high-quality professional content without leaving their classroom, which reduces district cost for substitutes.

In time, the State of Nebraska will build capacity for sustainability through a cadre of highly effective master teachers trained to effectively create Individualized Learning Environments for students which will provide their school districts with a local expert to help mentor other teachers without the need for bringing in expensive outside experts.

Dashboard Integration

Each component of this project is essential in having a long-term and lasting impact on student learning and success in Nebraska. The content creation and procurement portion of the project is important to assure all students and educators have equitable access to quality educational content to learn with and from. The LOR is imperative to help provide this equity of access regardless of geographical location or size of school. The dashboard integration is the final piece of the puzzle for school personnel trying to make learning truly personal for students. It will connect student assessment data with school level data and content tailored to the individual student’s learning needs, into one location in real time for the teachers to see and provide to students.

Risk Assessment

LOR adoption has several risks associated with it. The first is reaching a consensus among the committee on a centralized solution which could cause the whole project to fail or a continuation of an environment where multiple LORs are adopted on a regional or local level. The careful selection of committee members from a variety of organizations, clearly defining that this system needs to be a statewide solution that is part of Network Nebraska and the direction of the Department of Education's eLearning Project Leader will help ensure that this project does in fact succeed.

The cost of the LOR system is another area of risk as unforeseen problems and costs could be pushed outside the budgeted amount. The committee's provision of clear expectations for the system and adherence to the proper NITC RFP protocols will keep the cost of the system in line with expectations and ensuring that the system is effective.

Successfully creating and sustaining a partnership between all parties needed for this project will be a major risk. The need for a single person to coordinate and lead this partnership will be essential to this project. The NDE eLearning Project director position will be charged with making sure that this risk is mitigated and the project is successful by sharing a single vision with all partners and overseeing and reporting on the project at all levels

Definitions:

Open Educational Resources (OER)

Freely accessible, openly licensed documents and media that are useful for teaching, learning, and assessing, as well as for research purposes. Although some people consider the use of an open file format to be an essential characteristic of OER, this is not a universally acknowledged requirement.

Metadata

The main purpose of metadata is to facilitate in the discovery of relevant information, more often classified as resource discovery. Metadata also helps organize electronic resources, provide digital identification, and helps support archiving and preservation of the resource. Metadata assists in resource discovery by "allowing resources to be found by relevant criteria, identifying resources, bringing similar resources together, distinguishing dissimilar resources, and giving location information."

Learning Object Repository (LOR)

A type of digital library that enables educators to share, manage and use educational resources.

Application Programming Interface (API)

An API is a software intermediary that makes it possible for application programs to interact with each other and share data. It's often an implementation of REST that exposes a specific software functionality while protecting the rest of the application.

Project Proposal Form

**Funding Requests
for Information Technology Projects**

2015-2017 Biennial Budget

IMPORTANT NOTE: Project proposals should only be submitted by entering the information into the Nebraska Budget Request and Reporting System (NBRRS). The information requested in this Microsoft Word version of the form should be entered in the NBRRS in the "IT Project Proposal" section. The tabs in the "IT Project Proposal" section coincide with sections contained in this Microsoft Word version of the form. Information may be cut-and-pasted from this form or directly entered into the NBRRS. **ALSO NOTE** that for each IT Project Proposal created in the NBRRS, the submitting agency must prepare an "IT Issue" in the NBRRS to request funding for the project.

Project Title	Education Data Systems Capacity Building
Agency/Entity	Nebraska Dept. of Education

**Project Proposal Form
2015-2017 Biennial Budget**

Notes about this form:

1. **USE.** The Nebraska Information Technology Commission (“NITC”) is required by statute to “make recommendations on technology investments to the Governor and the Legislature, including a prioritized list of projects, reviewed by the technical panel...” Neb. Rev. Stat. § 86-516(8).
“Governmental entities, state agencies, and noneducation political subdivisions shall submit all projects which use any combination of general funds, federal funds, or cash funds for information technology purposes to the process established by sections 86-512 to 86-524. The commission may adopt policies that establish the format and minimum requirements for project submissions.” Neb. Rev. Stat. § 86-516(5). In order to perform this review, the NITC and DAS Budget Division require agencies/entities to complete this form when requesting funding for technology projects.
2. **WHICH TECHNOLOGY BUDGET REQUESTS REQUIRE A PROJECT PROPOSAL FORM?** See NITC 1-202 available at <http://nitc.ne.gov/standards/>. Attachment A to that document establishes the minimum requirements for project submission.
3. **COMPLETING THE FORM IN THE NEBRASKA BUDGET REQUEST AND REPORTING SYSTEM (NBRRS).** Project proposals should only be submitted by entering the information into the NBRRS. The information requested in this Microsoft Word version of the form should be entered in the NBRRS in the “IT Project Proposal” section. The tabs in the “IT Project Proposal” section coincide with sections contained in this Microsoft Word version of the form. Information may be cut-and-pasted from this form or directly entered into the NBRRS. **ALSO NOTE** that for each “IT Project Proposal” created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.
4. **QUESTIONS.** Contact the Office of the CIO/NITC at (402) 471-7984 or ocio.nitc@nebraska.gov

Executive Summary

The recent [Nebraska Education Data Systems study](#), in response to Legislative Resolution 264, found that Nebraska spends an estimated \$100 million annually for technology systems, software systems, and accountability data submissions by the public school districts and the Nebraska Department of Education (NDE). The systems and applications are largely focused on satisfying Federal and State accountability reporting requirements and do not directly contribute to supporting teaching and learning. The districts submit annual collections of data to support accountability to the state using a combination of automated and manual methods. An estimated 655,200 hours are spent by districts preparing the required collections for each year's accountability data submission.

Each district has selected its own set of administrative, teaching and learning, and back office applications and there is a large disparity in the number of applications available in small districts versus larger districts due to budget, staff, and capacity. Outside of Nebraska's largest districts, the digital tools are poorly integrated, there is little support for data-driven decision-making, and modern tools are not available to support instructional improvement necessary for the state's education initiatives of blended learning, teacher and principal evaluation, career readiness, and continuous school improvement.

Nebraska's network of Educational Service Units (ESUs), the ESU Coordinating Council (ESUCC), and Network Nebraska are all contributing to improving the capabilities and the efficiencies of the data systems for the districts. However, the coordination, support, and access for systems can be dramatically improved and serves as the basis for this multi-faceted approach to develop a statewide data system that builds long-term capacity, efficacy, and efficiency for the system of education. The study established 10 recommendations that included five work streams; leverage work conducted using the federal \$4.3 million SLDS grant scheduled to end June 2015.

The proposed implementation roadmap for the Nebraska Education Data System estimates a three-year investment of \$41,960,110, roughly evenly split across the three years. The rollout plan targets a phase in process over three years that could include 50 districts the first year, 150 the second year, and 245 during the third year resulting in cost savings and efficiencies that will also provide a financial return from substantially-reduced accountability costs and from reduced technology costs to districts. The projected cumulative net return for the investment over five years is \$44.8 million. However, the primary benefits from the recommended investments will come from a greatly improved instructional system that improves student performance leading to greater student success.

**Project Proposal Form
2015-2017 Biennial Budget**

Goals, Objectives, and Projected Outcomes (15 Points)

1. Describe the project, including:
 - Specific goals and objectives;

The following goals are established based on the recommendations from the Education Data System study and provide the basis for the creation of the five work streams.

Goal 1: Make security, privacy, transparency, and the proper use of data the core of the Nebraska Education Data System implementation.

Districts should continue to “own” their data within the statewide system. The ESU hosting must support enterprise-grade security with yearly independent security audits. The following tenets are recommended to protect privacy while ensuring proper use of student data:

1. Ensure that all agencies, organizations, contractors, and vendors that have access to student education records provide the same strength of protection, control, and transparency as codified in appropriate policies, contracts, and data sharing agreements.
2. Ensure that all persons that have access to student education records have training and certification (micro credentials) on the proper use and protection of education records.
3. Limit access to individual student education records to the minimal set of personnel essential for legitimate education purposes, for the shortest period of time required for that purpose, and to the smallest set of data required for that purpose.
4. To the maximum extent possible, use aggregate data and de-identified data in place of individual student education records.
5. Provide parents transparency into the sources and uses of student data.
6. Provide parents control of the child’s education record to the maximum extent that is possible while preserving legitimate educational use of that data.

Goal 2: Unify the data collection requirements into the Nebraska Education Data Standards (NEDS) to minimize the reporting burden on districts.

Replace the current system of accountability data submissions by instead deriving accountability data from an extended set of data sent securely by district systems into the Nebraska Education Data System (NEDS). The system would move the computations and business rule checks to the state level for better efficiency and consistency while also providing a transparent facility for district review and approval.

Goal 3: Require application vendors and other sources to provide data in a standard form specified by NDE directly into the NEDS. Adopt a Nebraska Education Data Standard in collaboration with the NITC.

Native vendor interfaces are required for sustainability. Ed-Fi defined CEDS-compliant data standard adopted in 24 states that can be extended for Nebraska-specific requirements. Ed-Fi adoption preserves district choice while maintaining data standardization at the state level. A governance process will be required to maintain the Nebraska-extended version of Ed-Fi year-to-year.

**Project Proposal Form
2015-2017 Biennial Budget**

Note that to ensure continued vendor participation, the data interface requirement needs to be in policy or legislation to ensure vendor compliance.

Goal 4: Leverage and strengthen Nebraska's ESU network, the ESUCC, and Network Nebraska to host, maintain, and sustain the Nebraska Education Data System, to support a statewide virtual help desk, and to train the educators in it is use.

Provide an enterprise-grade, efficient and economical technology platform through which applications and services are delivered to improve school performance and learner outcomes. The statewide system of support would leverage the resources at NDE, ESUCC, ESUs and districts to provide help desk support to districts and professional development coordination.

Goal 5: Leverage the state-level market to influence vendors, negotiate lower prices through competition, provide consistent functions and pricing across large and small districts, and expand the number and quality of instructional applications.

Facilitate "economies of scale" and cooperative purchasing at the state and/or ESU level and centralized services that lower costs without sacrificing the quality of products and services. Use this leverage to greatly expand the number and quality of instructional improvement applications.

The strategy is to create essentially an "application store" for school districts to choose from that leverages the collective bargaining advantage of 245 schools districts, 300,000 students, ESU resources and the Nebraska Department of Education.

Goal 6: Invest in providing education intelligence - access to actionable insight - through a warehouse, business intelligence tools, and increased internal capacity for districts, policy makers, and researchers.

Leverage the Ed-Fi K-12 statewide longitudinal data warehouse for use by districts, administrators, and researchers to support analysis of student performance, college and career readiness and success, instructional improvement initiatives, teacher evaluations, student intervention and professional development effectiveness. Integrate finance data, early childhood, postsecondary and workforce data.

Goal 7: Invest in an integrated data system that spans the districts, the ESUs, and NDE to support continuous education improvement.

The resulting Nebraska Education Data System (NEDS) should build upon the ongoing SLDS project to leverage the Ed-Fi data standards and technologies for the data system and dashboards. The system should adopt and build upon the ESUCC project for Single Sign-On (SSO). While the system will initially focus on serving the districts, it should ultimately be expanded to reach students and parents, community service organizations, and researchers.

Goal 8: Integrate staff data from district and state data sources, link teachers to student performance and success, and add additional data to better support teacher evaluation and professional development.

This will require integration of both the HR and SIS at the district level with the Teacher Certification and NPERS at the state level. Teachers will be linked to students to assess their contribution to student performance and growth. Additional data will be integrated for teacher evaluations and observations, survey data, and professional development.

**Project Proposal Form
2015-2017 Biennial Budget**

Goal 9: Invest in the licensing, integration and training of an Instructional Improvement System that is cost-effective for districts of all sizes.

The system will include the critical digital assets and tools to support areas like learning management systems, content management systems, blended and online learning, teacher/principal evaluation system, school improvement and climate tools, career readiness and discovery, local assessment systems, and other tools to enhance the educational opportunities and experiences.

Goal 10: Develop the staff and processes necessary to sustain the Nebraska Education Data System.

Additional leadership positions are recommended and include a K-12 Chief Information Officer and Chief Privacy Officer at NDE. The recommended initiative will expand an emerging project management office. Additional data governance processes will be required. Additional technical staff will be required at NDE and in the ESUs to meet the statewide help desk and support requirements.

Overall, the goals have been organized into five work streams:

1. Nebraska Education Infrastructure / Leveraged Capacity –

Leverage an open-source education data standard along with accompanying technical assets – student-level dashboards for teachers and secure data warehouses for reporting. Developing the Nebraska Education Data Standard – will mean a set of data standards for interoperability of systems. This work will also include the infrastructure to support a major data system, including a single sign on offering from the ESUCC. leverage the Ed-Fi infrastructure to connect source systems and drive down costs.

2. Automated Collections –

Reduce reporting burden by providing efficiency and automation for data submissions through the leveraged secure data infrastructure and support. The implementation of the transactional API among the applications significantly reduces the reporting burden.

3. NDE Education Intelligence System / Actionable Insight --

Targeted resources, once expended on data submission, can be directed to effectively using Nebraska's data system and ensuring privacy and security of the data. The educational insight will include the ADVISER Dashboard, data warehouse, and other longitudinal analysis that would inform both policy and practice. to provide access to actionable insight – through a warehouse, business intelligence tools, and increased internal capacity.

4. Help Desk & Support –

Collaborate to include Training and Help Desk support around the systems—statewide. The cooperative support would provide opportunities for NDE, ESUCC and others to coordinate assistance using a tiered ticketing system, knowledge transfer, and professional development for data use.

5. Nebraska Instructional Improvement System –

Leverage the interoperability of the data standard and the state “buying power” to support an Instructional Improvement System. The creation of an “app store” would provide low cost or free options for school districts to choose applications that support digital system access and data integration—for all districts in Nebraska.

**Project Proposal Form
2015-2017 Biennial Budget**

- **Expected beneficiaries of the project; and**

School Districts and local communities, Educational Service Units, Multiple Government Agencies, postsecondary education, and ultimately students are the primary beneficiaries of the projects. Reducing the reporting burden of districts, provided secure and near real time access to insightful metrics and information assist school districts required to submit and use data daily. The support systems and coordination of the ESUCC and NDE provide wrap around efforts to efficiently provide resources to schools in Nebraska. Increasing the data quality and timeliness of the data collection provides opportunities for research and evaluation into policy and supports innovative understanding of practice. Alignment to postsecondary education, P-20, workforce, and other critical systems in Nebraska provide unique opportunities to effectively provide insight that support opportunities for secure management of the information ensuring the protection of student privacy while empowering access for all Nebraska students to thrive.

- **Expected outcomes.**

An integrated, sustainable, and comprehensive systems approach to support local control while leveraging the capacity of continuity, efficiency, and equitable access to technological tools of efficiency is primary overarching expected outcomes.

In addition, the reduction of reporting burden using the current methods of collection, while increasing the quality and timeliness of the data increases the opportunities to effectively use information for all schools in Nebraska.

Lower costs, leveraging the capacity of the state for systems is an outcome realized for all districts.

Integrated data systems that support a Nebraska Education Data Standard provide a clear expectation for districts and third party vendors what the expectations are in Nebraska support a base of continuity and allow for innovation and cost savings.

Increased focus on student data privacy, security and transparency.

2. Describe the measurement and assessment methods that will verify that the project outcomes have been achieved.

The multiple aspects of the systems include a number of measurements to ensure completion and ongoing continuous improvement and evaluation. The primary measures will be a reduced burden of reporting data for the use at the lowest level and an increase in the use of the data to inform policy and practice.

In addition, the following measurements are examples of metrics established to measure and assess the project outcomes.

1. Security audit, policies, practices, and supports for school districts conducted annually to ensure system and mechanisms adhere to established expectations, rules, and policies.
2. A Nebraska Education Data Standard is established and adopted. Supporting mechanisms for oversight and governance
3. Decrease the number of human-hours on process of submitting data by 50% over three years through automated API secure technologies.

**Project Proposal Form
2015-2017 Biennial Budget**

4. By year 3 of the implementation, all 245 school districts are connected to the system and have secure access to the resources created.

Additional multiple measures and metrics that included the comprehensive integration and of the entire project will a mission critical focus of the project work and connected to the performance management system of staff associated with the projects.

3. Describe the project's relationship to your agency comprehensive information technology plan.

The project is at the core of the information agencies technology plan and represents a critical path moving forward to support effective schools, changes in Nebraska accountability, and efficiencies to ensure effective use of financial and human resources while at the same time ensuring equitable opportunities for all school districts in Nebraska.

Project Justification / Business Case (25 Points)

4. Provide the project justification in terms of tangible benefits (i.e. economic return on investment) and/or intangible benefits (e.g. additional services for customers).

ESTIMATED FINANCIAL RETURNS

The primary benefits from the recommended investments will come from a greatly improved instructional system that improves student performance leading to greater student success. However the proposed approach also results in cost savings and efficiencies that will provide a financial return from substantially-reduced accountability costs and from reduced technology costs to districts.

REDUCED ACCOUNTABILITY COSTS

Accountability costs will be reduced by unifying and moving accountability computations to state from a single fine-grained data collection. An estimated 455 FTEs are involved in the current data collection process at districts, representing an annual cost of \$22.75 million. NDE spends an additional \$2.5M per year on licensing, IT personnel and help desk supporting the accountability submissions. The recommended NEDS, when fully implemented, can re-direct at an estimated 50% of the district FTE time related to accountability submissions to focus on other initiatives that impact can more directly improve student performance and success. This value is estimated at 12.6 million annually once fully implemented.

It should be noted that the remaining 50% will be involved in a larger mission of improving data quality across the all types of data (not just accountability) that are more directly contributing to the mission of continuous education improvement.

REDUCED TECHNOLOGY COSTS FOR DISTRICTS

Technology costs will be reduced for districts as a result of several factors, including:• Reduced investment in data system costs by having a centralized capability that uses valuable Ed-Fi components obtained without license costs• Negotiated statewide costs for licensing to allow pricing as with largest districts – “cooperative purchasing”

- Reduced integration costs because vendors are supporting native Ed-Fi interfaces to the statewide system
- Reduced number of different systems reduces integration and maintenance costs
- Increased stability of systems over time, reducing transition costs
- Reduced costs to increased competitiveness because of reduced vendor lock-in
- Reduced district costs maintaining their own data warehouse
- Savings on procurement and contract costs

Reduced accountability costs		\$1,524,169	\$7,590,361	\$12,600,000	\$12,600,000
Reduced technology costs		\$3,755,020	\$11,265,060	\$18,700,000	\$18,700,000
Yearly net investment/return	\$(14,149,128)	\$(8,626,301)	\$4,949,930	\$31,300,000	\$31,300,000
Cumulative investment/return	\$(14,149,128)	\$(22,775,429)	\$(17,825,499)	\$13,474,501	\$44,774,501

- Describe other solutions that were evaluated, including their strengths and weaknesses, and why they were rejected. Explain the implications of doing nothing and why this option is not acceptable.

A number of strategies were considered as possibilities to address the challenges facing Nebraska schools, but the opportunity to leverage the federal investment through SLDS, take advantage of an emerging royalty free open source technology that is supported through a network of a number of states, and meet the needs of school districts as reporting through surveys, focus groups, phone interviews and data the proposed approach provides the most systemic approach to the future.

Some states have chosen to purchase a single vendor solution, but the short and long term weaknesses of this approach include challenges with integration, risks associated with sustainability, and the long term financial commitment to a vendor to support the systems. This approach has not provided advantages to states and limits the options to embrace new and emerging technologies. Some states have completely relied on internal customization and development. The investment and management of staff to have the capacity for this approach limits the opportunities to embrace private company innovation and is extremely challenging with the currently available personnel services limitation. Ultimately, the approach to embrace the support of contractors, enhance the personnel to support the systems, and leveraging the capacity and market forces allows all of the options to benefit Nebraskans.

Doing nothing continues to undermine the opportunities available for Nebraska schools, reduces the effectiveness of the technology and systems investments made in Nebraska, and continues to impact the number of resources to target student achievement. The requirements of data collection along with the increasing uses of data require leadership from the state to support school districts, protect student privacy, and provide access to resources and tools to take advantage of the technologies available. Finally, doing nothing has the highest level of risk moving forward for Nebraska. This option is not acceptable for Nebraska and can be addressed through the efforts of this comprehensive and visionary series of work streams.

- If the project is the result of a state or federal mandate, please specify the mandate being addressed.

There are multiple mandates at the state and federal level for school accountability, data reporting, and the use of what should be quality data. The Elementary and Secondary Education Act (ESEA) often referred to as No Child Left Behind, 30+ federal programs, state accountability, state aid calculations, and

**Project Proposal Form
2015-2017 Biennial Budget**

a significant number of other data requirements are mandated. Most recently, LB438, requires using data to identify the lowest performing schools and provide support for those schools. Quality data and systems are a critical resource to achieve this requirement as well. The proposed approach creates an opportunity to effectively achieve these mandates and at the same time provide systems of support to benefit Nebraska schools.

Technical Impact (20 Points)

- Describe how the project enhances, changes or replaces present technology systems, or implements a new technology system. Describe the technical elements of the project, including hardware, software, and communications requirements. Describe the strengths and weaknesses of the proposed solution.

Primarily the multiple projects create a systems approach to the planning and infrastructure for Nebraska schools and capitalize on the collaboration among NDE, ESUCC, and ESU systems to support Nebraska schools. The approach creates a unique opportunity to leverage federal, state, and local investment to achieve efficiencies. The process primarily creates an opportunity to change the way data is collected, used, stored, and ultimately accessed. In addition, the opportunity to focus on privacy, security, and transparency are critical elements considered through the work streams presented in the project

The technical aspects of the multiple stream project include a variety of technologies, but primarily are Microsoft based technologies including .Net, SQL, SSIS, SSRS, and the following expectations for staff and contractors to achieve:

USER INTERFACE DEVELOPER

This user interface will maintain the C# codebase for the dashboard. Troubleshoot display issues and errors in the dashboards; Helps analyze incorrect data displays to help identify the source of the defect (i.e. data load issue or UI display bug); create extensions to the dashboard: adjusting metric rendering, add elements to other pages through extensions, add new pages as they may be needed, add drilldown extensions. Maintain and troubleshoot REST API issues, add extensions to the REST API, and work with Business Analyst and districts to understand requirements for new features or enhancements.

Tools, Skills, Knowledge Areas

C#
ASP.NET MVC 3 with razor views
Visual Studio 2012 or Higher
Dependency Injection/Inversion of Control (Castle is used in the dashboards for IoC)
Git
jQuery
HTML
javascript
CSS
nunit
TDD/BDD
moq and/or rhino mocks
WebApi (for 2.0)

**Project Proposal Form
2015-2017 Biennial Budget**

REST (for vNext)

DATABASE/ETL DEVELOPER

The person that will maintain the SSIS packages that transform data between data sources. Trouble shoot data calculation (transform) issues in the SSIS packages. Maintain any custom data mapping/exports. Troubleshoot SSIS package failures. Create new extension packages as needed for new data to be displayed in the dashboards. Analyze source data that will be loaded into ODS. Work with district Data Stewards during statewide rollout. Trouble shoot bulk load XML issues. maintain Accountability Data mart loads. Work with Data owner to maintain and develop extension ETL for ODS DW and Accountability Data mart.

Tools, Skills, Knowledge Areas

Microsoft SQL Server

MSSQL SSIS

Sql Data Tools/Visual Studio/ SSRS

XML

XML Editor like XML Spy

Mapping Tool like MapForce

Infrastructure

The person that will maintain the Continuous Integration and deployment environment. Maintain TeamCity builds. Troubleshoot TeamCity failures or errors. Maintain and troubleshoot API and dashboard deployments. Maintain different environments (e.g. Development, Test, Production). Work with SIS vendors; Integration of SIS vendors and data feeds for pilot testing, Integration of SIS vendor data feeds to the production environment during statewide rollout, Identify and resolve production issues with data feeds via the batch and/or API interfaces. Work with districts during statewide rollout; Integration of any batch data feeds at the district level (e.g. HR system loads). Address issues with pilot testing as it relates to data loads, builds and integration of new districts.

Tools, Skills, Knowledge Areas

Powershell

TeamCity

IIS

Continuous Integration

Data Steward/Data Owner/DBA or Data Architect

The Data Steward/ODS owner will be responsible for the long term maintenance of the Ed-Fi Operational Data Store (ODS). They will have responsibility for the ODS schema and accuracy of the data loaded and stored in the database. Additionally, they will have responsibility for understanding and supporting Nebraska specific ODS, Ed-FI LDW, and Accountability Data Mart extensions and extending the ODS, Ed-FI LDW, and Accountability Data Mart as required to support future enhancements. Maintain ODS, Ed-FI LDW, and Accountability Data Mart schema. Change ODS, Ed-FI LDW, and Accountability Data Mart schema as needed for extensions. Identify and resolve issues with data feeds from the ODS to the Data Warehouse and Accountability Data Mart. Work with SIS Vendors; Assist with understanding the Ed-Fi xml standard, Assist with understanding the REST API interface to the ODS, Production issues with data feeds via the API interface. Work with Districts that utilize batch data load to the ODS; Statewide rollout integration and support, Coordinate with vendors and districts that are adding new batch data feeds to the ODS, Identify and resolve data quality/load issues. Work with district Data Stewards during statewide rollout; To identify and resolve data issues, Step up user claims mappings to district roles.

**Project Proposal Form
2015-2017 Biennial Budget**

Tools, Skills, Knowledge Areas

Ed-Fi standard
DBA Skills
Nebraska Specific data requirements

Through the resources provided by the initial federal SLDS grant, training and capacity building of staff has started to increase the capabilities, skills, and knowledge in the areas required to support the efforts of long-term engagement and statewide rollout of the work associated with the strategies.

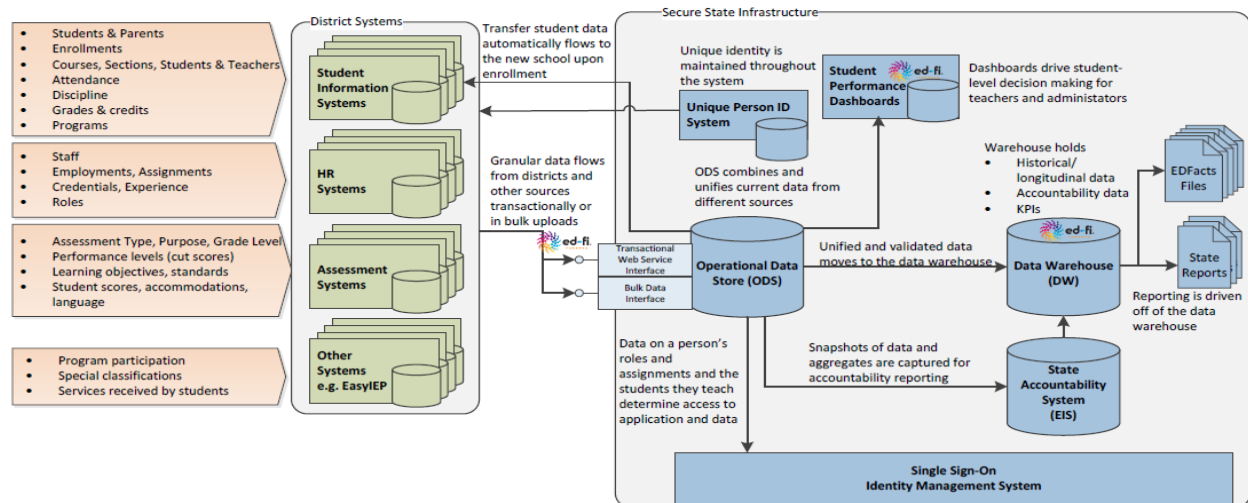

The implementation and coordination with the capacity provided through the ESUCC and the technical collaboration between NDE and ESUCC create an unprecedented opportunity to support the systemic integration and work of the broader vision for Nebraska. A pilot project utilizing JitBit support management is serving as a basis for testing statewide integration and support for new technology implementation.

The strengths of the proposal include engagement of an open source educational data standard framework and schema adopted by 24 states that creates a unique opportunity to leverage the investments and approaches of other states to enhance the resource in Nebraska. An significant example already realized during the pilot is the implementation of the early warning system, developed in Pennsylvania that identifies students likely on a path to dropping out of school. The “extension” was added to the core open source engagement and will be available for Nebraska schools that choose to implement as a resource.

The perceived weakness of the implementation is the increased human capacity required to sustain the efforts, but given the overarching advantages gained the small legitimate investment in staff capacity creates a unique opportunity for Nebraska heretofore has never existed.

The following is the high-level technical systems architecture approach to achieve a core of the systems:

Nebraska Building Capacity Approach

**Project Proposal Form
2015-2017 Biennial Budget**

8. Address the following issues with respect to the proposed technology:

- Describe the reliability, security and scalability (future needs for growth or adaptation) of the technology.

All efforts focus on reliability of the system to ensure security of the systems. The use of the federated single sign on solution, industry standard API technology, encryption strategies, role based authentication for access and integration into the applications provide to school districts all provide an opportunity to increase the level of security and ensure ultimately the scalability of the systems for the state.

- Address conformity with applicable NITC technical standards and guidelines (available at <http://nitc.ne.gov/standards/>) and generally accepted industry standards.

All NITC technical standards and guidelines would continue to be critical resources for the planning and support of the system and integration. In addition, the ITIL standards, the Ed FI data standards, built from the Common Education Data Standards (CEDS) create a unique opportunity for synergy to ensure best practice is deployed through the process. In addition, the Project Management Book of Knowledge along with use of both the waterfall and agile techniques are supported through a current daily SCRUM approach to assist in the development work to achieve the baseline in preparation for the work ahead.

- Address the compatibility with existing institutional and/or statewide infrastructure.

The primary goal of the project is to create a baseline for compatibility and reframe the statewide infrastructure for the future. The initial process for collecting student data established in 2006 has served a function to achieve the minimums required by districts, but overtime with added data requirements, increased expectations to use data to inform instruction, and technological advances it is now time for Nebraska to leap frog into a more efficient and effective system of supports for Nebraska education. The opportunity to learn from and build on the reputation of the national envy of Network Nebraska and create tools and infrastructure that support sound industry standard technology to create efficiency and effectiveness for Nebraska schools creates a significant window to save significant resources and provide a sound foundation for years to come in Nebraska education.

Preliminary Plan for Implementation (10 Points)

9. Describe the preliminary plans for implementing the project. Identify project sponsor(s) and examine stakeholder acceptance. Describe the project team, including their roles, responsibilities, and experience.

Leveraging the current federal SLDS grant to begin the process the project sponsors moving forward include the Nebraska Dept. of Education and the ESUCC. As part of the initial study and plan development the Nebraska Council of School Administrators, the Nebraska State Education Association, the Educational Service Unit Coordinating Council, the Nebraska Educational Technology Association, and most recently the Nebraska School Boards Association all have demonstrated commitment to communicate, support and align the priorities around building the capacity for quality secure data and ensure the unique opportunity of access to resources for teachers and students.

The project team and roles are outlined in the budget and integrate new positions for sustainability and development with existing staff and personnel to ensure continuity through the transition.

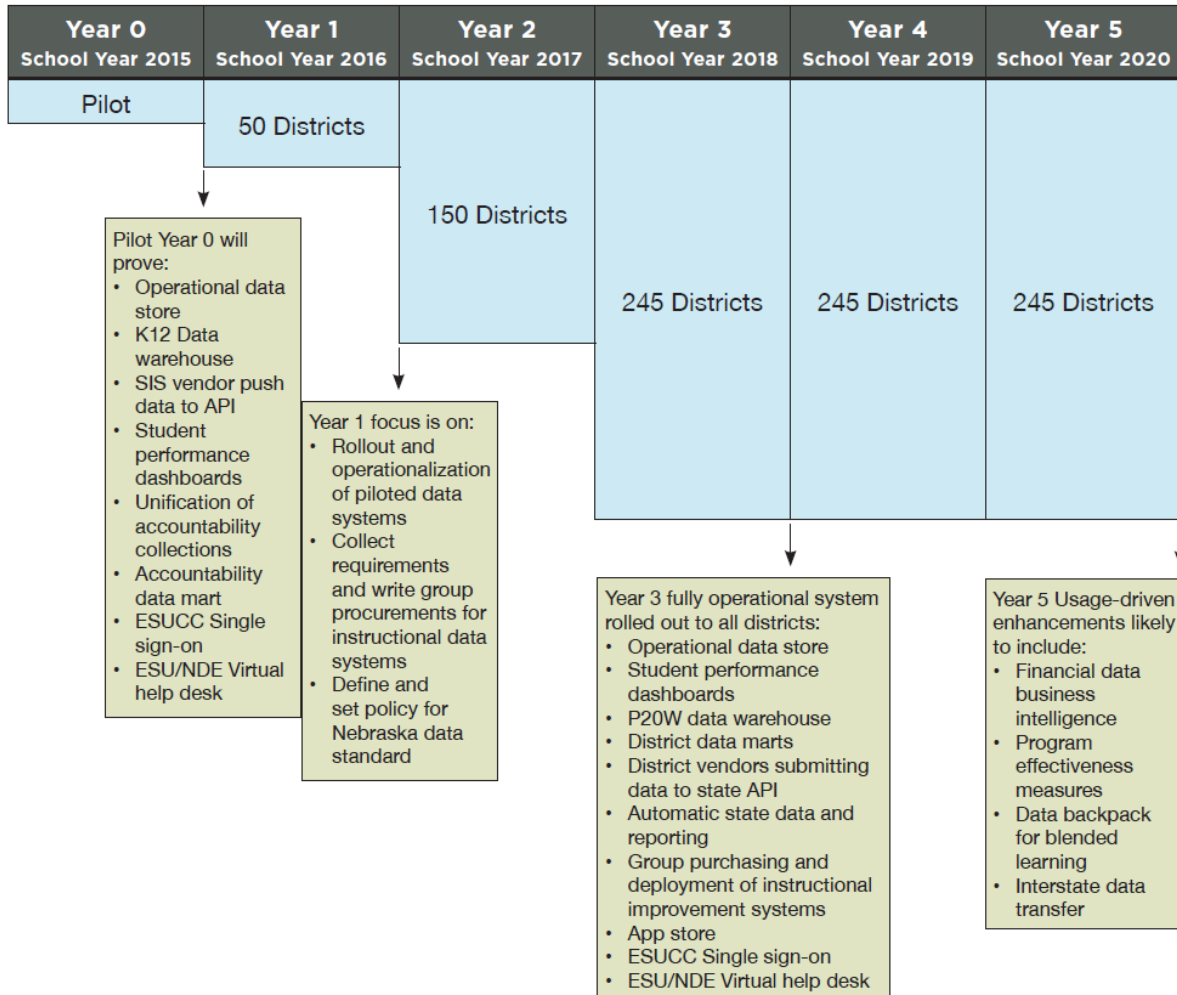

**Project Proposal Form
2015-2017 Biennial Budget**

10. List the major milestones and/or deliverables and provide a timeline for completing each.

1, 3, AND 5 YEAR ROADMAP

The roadmap builds upon key pilot activities that underway this fiscal year (identified as Year 0, SY 15):

- Install, customize, integrate, pilot, and prove the Ed-Fi data system (www.ed-fi.org) consisting of an operational data store with transactional and batch data interfaces.
 - Develop, pilot and prove the single-sign-on system under development by the ESUCC.
 - Develop, pilot, and prove an accountability data mart, deriving accountability data from transactional data streams from the district student information systems. Accountability data will be submitted on dual paths from pilot districts, allowing the automatically derived data to be compared with their actual submissions.
 - Install, customize, integrate, pilot, and prove the Ed-Fi longitudinal data warehouse and student performance dashboard.
 - Use the dashboard pilots to also pilot the NDE-ESU virtual help desk to support the pilots.
- These pilot activities will provide the base infrastructure to simultaneously expand and rollout the new Nebraska Education Data System over the next three years. The rollout plan targets the total districts being operational of approximately 50, 150, and ultimately 245 across years 1 through 3. The major 1, 3, and 5-year milestones are summarized below.

**Project Proposal Form
2015-2017 Biennial Budget**

In addition, the major activities associated with the work include the following by work stream and year:

Year 0 School Year 2015 Pilot	Year 1 School Year 2016 50 Districts	Year 2 School Year 2017 150 Districts	Year 3 School Year 2018 249 Districts	Year 4 School Year 2019 249 Districts	Year 5 School Year 2020 249 Districts
-------------------------------------	--	---	---	---	---

Nebraska

Pilot data infrastructure	Integrate HR systems	Integrate Career Readiness	Intra-state data mobility	Interstate data mobility	
Pilot Ed-Fi dashboards	Expand and extend dashboards				
Pilot ESUCC Single sign-on	Integrate identity mgmt	Mature & scale data infrastructure		Integrate financial systems	
	Procure state-sponsored SIS'	Transition & support state-sponsored SIS'			

NDE Accountability Data System

Unify NSSRS data collection	Unify CDC collection				
SIS vendors pilot data to API	Define NE Data Standard				
Pilot data mart	Build business rules	Develop state and Federal reporting		Add/modify state & Federal collections as required	
	Review & approval system	Dual submissions		Deprecate old systems	

NDE Education Intelligence System

Install K12 data warehouse	Expand warehouse to P20W				
	Build district security	Pilot district data marts		Develop program effectiveness analytics	
		Mature & scale data warehouse		Integrate financial data	Integrate financial analytics

Help Desk & Support

Pilot virtual help desk	Expand capacity for ESUs + NDE Virtual Help Desk				
-------------------------	--	--	--	--	--

Nebraska Instructional Improvement System

Define IIS requirements		Procure, deploy & train IIS tools		Student data backpack	
	Write group procurements	Develop, pilot & mature PD			
			App store		

11. Describe the training and staff development requirements.

Training and development is a critical need throughout the entire process and the collaborative relationship with the ESUCC, ESU's, Districts and the Department of Education provide a unique opportunity for coordination, support and efficiency around common standards and resources while at the same time provide opportunities for private companies to ensure innovation and advancement continues.

Continuing to build the capacity of internal staff along with contracting for specialized skills in the interim makes up the balanced approach to the work and serves as an opportunity to focus on sustainability and support for the systems in the future.

12. Describe the ongoing support requirements.

Upon the initial strategic investment and work, a core group of staff to support the continuous improvement and access to resources will be important. Through leveraging the resources saved, the potential for generating targeted service fees for software as a service (SaaS) resources through the app store and coordination within the educational system the sustainability requirements would be significantly

**Project Proposal Form
2015-2017 Biennial Budget**

less than the costs associated with maintaining a status quo. In addition, through the leveraged approach, third party assets continue to ensure that innovation is available, yet coordinated to support districts.

Risk Assessment (10 Points)

13. Describe possible barriers and risks related to the project and the relative importance of each.

A detailed risk analysis was conducted with the current implementation of the ADVISER dashboard and related Ed Fi technologies. Many of these risks are germane to the proposed work.

Risks

The following risk areas are identified to focus the management team on proactively taking steps to mitigate those risks. For a detailed description of project risks with associated risk mitigation strategies and contingency plans, please reference the project risk log.

- The coordination between multiple groups involved in making the project a success: DLP, SIS Vendors, Network Nebraska, NDE staff, ESUs, ESUCC and districts.
- Dependencies upon external projects, specifically, SIS Vendor interfaces, ESUCC Identity Management project. Any delays in these projects or unexpected issues may impact the schedule.
- Statewide support for technical assistance on the dashboard and Identity Management System (SSO) is being developed and staffed.
- The Nebraska Dashboard project will be developed in parallel with the DLP Tennessee Infrastructure Beta (TIB) project. There is a possibility that some rework will be required as a result.
- Student Information System (SIS) Vendor development, integration and support
- The project is dependent upon vendor commitment to develop and support interfaces within a desired time period. If vendors are unable to meet the proposed schedule, NDE may choose to extend the integration and pilot periods to accommodate the vendor's schedule.
- A staged pilot may impact the planned training and knowledge transfer activities. Training will be most effective if it is completed just prior to the start of pilot activities. The current plan assumes all training is completed prior to the start of the first pilot. If additional training sessions to be added to the current plan, additional funding may be required.
- If SIS vendors have any delays in activities, the project schedule will be impacted. The mitigation strategy is to stage the pilot rollout based upon a revised vendor date.
- SIS vendors may have conflicting priorities which impacts their responsiveness to defects and defect corrections. This could result in delays in planned activities and possible delay to the start of pilot for those districts that use the associated SIS.
- If pilot districts have developed extensions for the Student Information Systems (SIS), there is a risk that these SIS extensions will not be correctly identified and will be omitted from the initial vendor interfaces and Dashboard implementation.
- The project is dependent upon vendor commitment to develop and support interfaces within a desired time period. If vendors are unwilling or unable to meet the desired schedule, then adjustments to schedule, pilot start or pilot district participation may be required.
- If there are delays in SIS vendor development or integration, there could be an increase project costs due to extended resource involvement.

Nebraska ESUCC Identity Management Project

**Project Proposal Form
2015-2017 Biennial Budget**

- The ESUCC Identity Management Project is being developed in parallel with the Nebraska Dashboard project. Any delays in the project may impact planned integration and pilot activities.
- The level of effort required for integration of the Identity Management and single sign on (SSO) is an estimate due to the number of pending design decisions and strategy for home realm.

Potential Rewards

- Access for Nebraska schools to an online resource that provides educators with real time data visualization to support continuous school improvement and support the instructional improvement process for Nebraska's students.
- Integration and implementation of a systemic database infrastructure supporting future expansion and efficiencies.
- The potential for an efficient methodology of collecting student and staff information freeing up resources to focus on improving the quality of data and the effective use of data for continuous school improvement.
- An identity management process that can be utilized in multiple ways in emerging and supporting digital resources for Nebraska's educators.
- Staff capacity created to support elements of sustainability.

14. Identify strategies that have been developed to minimize risks.

Multiple approaches to mitigate risk include some of the following:

- Establishing the Nebraska Education Data Standard and requirements for adoption and use in Nebraska is a critical path
- Maintaining strong governance and oversight for entire project.
- Transparency on progress and issues
- Effective use of Project Management Office
- Communication plan and Change Management implementation
- Effective hiring and procurement processes.

**Project Proposal Form
2015-2017 Biennial Budget**

Financial Analysis and Budget (20 Points)

15. Financial Information

The “Financial” information tab in the Nebraska Budget Request and Reporting System (NBRRS) is used to enter the financial information for this project (NOTE: For each IT Project Proposal created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.)

Attached is the budget request summary submitted in the Nebraska Budget Request and Reporting System. The budget requests include both resources for contractors as well as key personnel and positions to support the creation, coordination, collaboration and continuation of the systems approach among Nebraska school districts.

Nebraska Information Technology Commission

Project Proposal Form

**Funding Requests
for Information Technology Projects**

2015-2017 Biennial Budget

IMPORTANT NOTE: Project proposals should only be submitted by entering the information into the Nebraska Budget Request and Reporting System (NBRRS). The information requested in this Microsoft Word version of the form should be entered in the NBRRS in the “IT Project Proposal” section. The tabs in the “IT Project Proposal” section coincide with sections contained in this Microsoft Word version of the form. Information may be cut-and-pasted from this form or directly entered into the NBRRS. **ALSO NOTE** that for each IT Project Proposal created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.

Project Title	Instructional Improvement Systems
Agency/Entity	Nebraska Dept. of Education

**Project Proposal Form
2015-2017 Biennial Budget**

Notes about this form:

1. **USE.** The Nebraska Information Technology Commission (“NITC”) is required by statute to “make recommendations on technology investments to the Governor and the Legislature, including a prioritized list of projects, reviewed by the technical panel...” Neb. Rev. Stat. § 86-516(8).
“Governmental entities, state agencies, and noneducation political subdivisions shall submit all projects which use any combination of general funds, federal funds, or cash funds for information technology purposes to the process established by sections 86-512 to 86-524. The commission may adopt policies that establish the format and minimum requirements for project submissions.” Neb. Rev. Stat. § 86-516(5). In order to perform this review, the NITC and DAS Budget Division require agencies/entities to complete this form when requesting funding for technology projects.
2. **WHICH TECHNOLOGY BUDGET REQUESTS REQUIRE A PROJECT PROPOSAL FORM?** See NITC 1-202 available at <http://nitc.ne.gov/standards/>. Attachment A to that document establishes the minimum requirements for project submission.
3. **COMPLETING THE FORM IN THE NEBRASKA BUDGET REQUEST AND REPORTING SYSTEM (NBRRS).** Project proposals should only be submitted by entering the information into the NBRRS. The information requested in this Microsoft Word version of the form should be entered in the NBRRS in the “IT Project Proposal” section. The tabs in the “IT Project Proposal” section coincide with sections contained in this Microsoft Word version of the form. Information may be cut-and-pasted from this form or directly entered into the NBRRS. **ALSO NOTE** that for each “IT Project Proposal” created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.
4. **QUESTIONS.** Contact the Office of the CIO/NITC at (402) 471-7984 or ocio.nitc@nebraska.gov

**Project Proposal Form
2015-2017 Biennial Budget**

General Information

Project Title	Instructional Improvement Systems
Agency (or entity)	Nebraska Dept. of Education

Contact Information for this Project:

Name	Dean Folkers
Address	301 Centennial Mall South
City, State, Zip	Lincoln, NE 68509
Telephone	402-471-4740
E-mail Address	Dean.folkers@nebraska.gov

Executive Summary

The recent Nebraska Education Data Systems study, in response to Legislative Resolution 264, found that Nebraska spends an estimated \$100 million annually for technology systems, software systems, and accountability data submissions by the public school districts and the Nebraska Department of Education (NDE). The systems and applications are largely focused on satisfying Federal and State accountability reporting requirements and do not directly contribute to supporting teaching and learning. The districts submit annual collections of data to support accountability to the state using a combination of automated and manual methods. An estimated 655,200 hours are spent by districts preparing the required collections for each year's accountability data submission.

Each district has selected its own set of administrative, teaching and learning, and back office applications and there is a large disparity in the number of applications available in small districts versus larger districts due to budget, staff, and capacity. Outside of Nebraska's largest districts, the digital tools are poorly integrated, there is little support for data-driven decision-making, and modern tools are not available to support instructional improvement necessary for the state's education initiatives of blended learning, teacher and principal evaluation, career readiness, and continuous school improvement.

Nebraska's network of Educational Service Units (ESUs), the ESU Coordinating Council (ESUCC), and Network Nebraska are all contributing to improving the capabilities and the efficiencies of the data systems for the districts. However, the coordination, support, and access for systems can be dramatically improved and serves as the basis for this multi-faceted approach to develop a statewide data system that builds long-term capacity, efficacy, and efficiency for the system of education. The study established 10 recommendations that included five work streams; leverage work conducted using the federal \$4.3 million SLDS grant scheduled to end June 2015.

The proposed implementation roadmap for the Nebraska Education Data System estimates a three-year investment of \$41,960,110, roughly evenly split across the three years. The rollout plan targets a phase in process over three years that could include 50 districts the first year, 150 the second year, and 245 during the third year resulting in cost savings and efficiencies that will also provide a financial return from substantially-reduced accountability costs and from reduced technology costs to districts. The projected cumulative net return for the investment over five years is \$44.8 million. However, the primary benefits from the recommended investments will come from a greatly improved instructional system that improves student performance leading to greater student success.

**Project Proposal Form
2015-2017 Biennial Budget**

Goals, Objectives, and Projected Outcomes (15 Points)

1. Describe the project, including:
 - Specific goals and objectives;

The following goals are established based on the recommendations from the Education Data System study. Using the strategies and infrastructure of the building capacity project the opportunity to build and use the foundation to provide access and support for school districts through and Instructional Improvement System.

For purposes of context the goals associated the Education Data Systems Building Capacity project are provided as well.

Goal 1: Make security, privacy, transparency, and the proper use of data the core of the Nebraska Education Data System implementation.

Districts should continue to “own” their data within the statewide system. The ESU hosting must support enterprise-grade security with yearly independent security audits. The following tenets are recommended to protect privacy while ensuring proper use of student data:

1. Ensure that all agencies, organizations, contractors, and vendors that have access to student education records provide the same strength of protection, control, and transparency as codified in appropriate policies, contracts, and data sharing agreements.
2. Ensure that all persons that have access to student education records have training and certification (micro credentials) on the proper use and protection of education records.
3. Limit access to individual student education records to the minimal set of personnel essential for legitimate education purposes, for the shortest period of time required for that purpose, and to the smallest set of data required for that purpose.
4. To the maximum extent possible, use aggregate data and de-identified data in place of individual student education records.
5. Provide parents transparency into the sources and uses of student data.
6. Provide parents control of the child’s education record to the maximum extent that is possible while preserving legitimate educational use of that data.

Goal 2: Unify the data collection requirements into the Nebraska Education Data Standards (NEDS) to minimize the reporting burden on districts.

Replace the current system of accountability data submissions by instead deriving accountability data from an extended set of data sent securely by district systems into the Nebraska Education Data System (NEDS). The system would move the computations and business rule checks to the state level for better efficiency and consistency while also providing a transparent facility for district review and approval.

Goal 3: Require application vendors and other sources to provide data in a standard form specified by NDE directly into the NEDS. Adopt a Nebraska Education Data Standard in collaboration with the NITC.

**Project Proposal Form
2015-2017 Biennial Budget**

Native vendor interfaces are required for sustainability. Ed-Fi defined CEDS-compliant data standard adopted in 24 states that can be extended for Nebraska-specific requirements. Ed-Fi adoption preserves district choice while maintaining data standardization at the state level. A governance process will be required to maintain the Nebraska-extended version of Ed-Fi year-to-year.

Note that to ensure continued vendor participation, the data interface requirement needs to be in policy or legislation to ensure vendor compliance.

Goal 4: Leverage and strengthen Nebraska’s ESU network, the ESUCC, and Network Nebraska to host, maintain, and sustain the Nebraska Education Data System, to support a statewide virtual help desk, and to train the educators in it is use.

Provide an enterprise-grade, efficient and economical technology platform through which applications and services are delivered to improve school performance and learner outcomes. The statewide system of support would leverage the resources at NDE, ESUCC, ESUs and districts to provide help desk support to districts and professional development coordination.

Goal 5: Leverage the state-level market to influence vendors, negotiate lower prices through competition, provide consistent functions and pricing across large and small districts, and expand the number and quality of instructional applications.

Facilitate “economies of scale” and cooperative purchasing at the state and/or ESU level and centralized services that lower costs without sacrificing the quality of products and services. Use this leverage to greatly expand the number and quality of instructional improvement applications.

The strategy is to create essentially an “application store” for school districts to choose from that leverages the collective bargaining advantage of 245 schools districts, 300,000 students, ESU resources and the Nebraska Department of Education.

Goal 6: Invest in providing education intelligence - access to actionable insight - through a warehouse, business intelligence tools, and increased internal capacity for districts, policy makers, and researchers.

Leverage the Ed-Fi K-12 statewide longitudinal data warehouse for use by districts, administrators, and researchers to support analysis of student performance, college and career readiness and success, instructional improvement initiatives, teacher evaluations, student intervention and professional development effectiveness. Integrate finance data, early childhood, postsecondary and workforce data.

Goal 7: Invest in an integrated data system that spans the districts, the ESUs, and NDE to support continuous education improvement.

The resulting Nebraska Education Data System (NEDS) should build upon the ongoing SLDS project to leverage the Ed-Fi data standards and technologies for the data system and dashboards. The system should adopt and build upon the ESUCC project for Single Sign-On (SSO). While the system will initially focus on serving the districts, it should ultimately be expanded to reach students and parents, community service organizations, and researchers.

Goal 8: Integrate staff data from district and state data sources, link teachers to student performance and success, and add additional data to better support teacher evaluation and professional development.

**Project Proposal Form
2015-2017 Biennial Budget**

This will require integration of both the HR and SIS at the district level with the Teacher Certification and NPERS at the state level. Teachers will be linked to students to assess their contribution to student performance and growth. Additional data will be integrated for teacher evaluations and observations, survey data, and professional development.

Goal 9: Invest in the licensing, integration and training of an Instructional Improvement System that is cost-effective for districts of all sizes.

The system will include the critical digital assets and tools to support areas like learning management systems, content management systems, blended and online learning, teacher/principal evaluation system, school improvement and climate tools, career readiness and discovery, local assessment systems, and other tools to enhance the educational opportunities and experiences.

Goal 10: Develop the staff and processes necessary to sustain the Nebraska Education Data System.

Additional leadership positions are recommended and include a K-12 Chief Information Officer and Chief Privacy Officer at NDE. The recommended initiative will expand an emerging project management office. Additional data governance processes will be required. Additional technical staff will be required at NDE and in the ESUs to meet the statewide help desk and support requirements.

Overall, the goals have been organized into five work streams: The fifth work stream, instructional improvement system (IIS), is the primary focus of this project, but the others are provided for context and understanding the integration to support the IIS.

1. Nebraska Education Infrastructure / Leveraged Capacity –

Leverage an open-source education data standard along with accompanying technical assets – student-level dashboards for teachers and secure data warehouses for reporting. Developing the Nebraska Education Data Standard – will mean a set of data standards for interoperability of systems. This work will also include the infrastructure to support a major data system, including a single sign on offering from the ESUCC. leverage the Ed-Fi infrastructure to connect source systems and drive down costs.

2. Automated Collections –

Reduce reporting burden by providing efficiency and automation for data submissions through the leveraged secure data infrastructure and support. The implementation of the transactional API among the applications significantly reduces the reporting burden.

3. NDE Education Intelligence System / Actionable Insight --

Targeted resources, once expended on data submission, can be directed to effectively using Nebraska's data system and ensuring privacy and security of the data. The educational insight will include the ADVISER Dashboard, data warehouse, and other longitudinal analysis that would inform both policy and practice. to provide access to actionable insight – through a warehouse, business intelligence tools, and increased internal capacity.

4. Help Desk & Support –

Collaborate to include Training and Help Desk support around the systems—statewide. The cooperative support would provide opportunities for NDE, ESUCC and others to coordinate assistance using a tiered ticketing system, knowledge transfer, and professional development for data use.

**Project Proposal Form
2015-2017 Biennial Budget**

5. Nebraska Instructional Improvement System –

Leverage the interoperability of the data standard and the state “buying power” to support an Instructional Improvement System. The creation of an “app store” would provide low cost or free options for school districts to choose applications that support digital system access and data integration—for all districts in Nebraska.

- **Expected beneficiaries of the project; and**

School Districts and local communities, Educational Service Units, Multiple Government Agencies, postsecondary education, and ultimately students are the primary beneficiaries of the projects. Reducing the reporting burden of districts, provided secure and near real time access to insightful metrics and information assist school districts required to submit and use data daily. The support systems and coordination of the ESUCC and NDE provide wrap around efforts to efficiently provide resources to schools in Nebraska. Increasing the data quality and timeliness of the data collection provides opportunities for research and evaluation into policy and supports innovative understanding of practice. Alignment to postsecondary education, P-20, workforce, and other critical systems in Nebraska provide unique opportunities to effectively provide insight that support opportunities for secure management of the information ensuring the protection of student privacy while empowering access for all Nebraska students to thrive.

In addition, the primary focus of the IIS is to provide school districts access to integrated digital systems at a free or low cost. The “application store” that supports the IIS provides districts choice of a suite of applications that are aligned and connected to the priorities of Nebraska Education Data Standards, API automation, educational insight and security, and the help desk and training systems as part of the core expectations associated with the technical approach from the IIS.

- **Expected outcomes.**

An integrated, sustainable, and comprehensive systems approach to support local control while leveraging the capacity of continuity, efficiency, and equitable access to technological tools of efficiency is primary overarching expected outcomes.

In addition, the reduction of reporting burden using the current methods of collection, while increasing the quality and timeliness of the data increases the opportunities to effectively use information for all schools in Nebraska.

Lower costs, leveraging the capacity of the state for systems is an outcome realized for all districts.

Integrated data systems that support a Nebraska Education Data Standard provide a clear expectation for districts and third party vendors what the expectations are in Nebraska support a base of continuity and allow for innovation and cost savings.

Increased focus on student data privacy, security and transparency.

2. Describe the measurement and assessment methods that will verify that the project outcomes have been achieved.

The multiple aspects of the systems include a number of measurements to ensure completion and ongoing continuous improvement and evaluation. The primary measures will be a reduced burden of reporting data for the use at the lowest level and an increase in the use of the data to inform policy and practice.

**Project Proposal Form
2015-2017 Biennial Budget**

In addition, the following measurements are examples of metrics established to measure and assess the project outcomes.

1. Suite of applications available to school districts to select and in cases provide a fee for services.
2. Vendor engagement and management systems developed and deployed.
3. Implementation and integration of a district user services governance board.

Additional multiple measures and metrics that included the comprehensive integration and of the entire project will a mission critical focus of the project work and connected to the performance management system of staff associated with the projects.

3. Describe the project's relationship to your agency comprehensive information technology plan.

The project is at the core of the information agencies technology plan and represents a critical path moving forward to support effective schools, changes in Nebraska accountability, and efficiencies to ensure effective use of financial and human resources while at the same time ensuring equitable opportunities for all school districts in Nebraska.

Project Justification / Business Case (25 Points)

4. Provide the project justification in terms of tangible benefits (i.e. economic return on investment) and/or intangible benefits (e.g. additional services for customers).

Overall, the instructional improvement system (IIS) and the estimates associated with the work for economic impact can be extrapolated

ESTIMATED FINANCIAL RETURNS

The primary benefits from the recommended investments will come from a greatly improved instructional system that improves student performance leading to greater student success. However the proposed approach also results in cost savings and efficiencies that will provide a financial return from substantially-reduced accountability costs and from reduced technology costs to districts.

REDUCED TECHNOLOGY COSTS FOR DISTRICTS

Technology costs will be reduced for districts as a result of several factors, including:

- Reduced investment in data system costs by having a centralized capability that uses valuable Ed-Fi components obtained without license costs
- Negotiated statewide costs for licensing to allow pricing as with largest districts – “cooperative purchasing”

- Reduced integration costs because vendors are supporting native Ed-Fi interfaces to the statewide system
- Reduced number of different systems reduces integration and maintenance costs
- Increased stability of systems over time, reducing transition costs
- Reduced costs to increased competitiveness because of reduced vendor lock-in
- Reduced district costs maintaining their own data warehouse
- Savings on procurement and contract costs

REDUCED ACCOUNTABILITY COSTS

Accountability costs will be reduced by unifying and moving accountability computations to state from a single fine-grained data collection. An estimated 455 FTEs are involved in the current data collection process at districts, representing an annual cost of \$22.75 million. NDE spends an additional \$2.5M per year on licensing, IT personnel and help desk supporting the accountability submissions. The recommended NEDS, when fully implemented, can re-direct at an estimated 50% of the district FTE time

**Project Proposal Form
2015-2017 Biennial Budget**

related to accountability submissions to focus on other initiatives that impact can more directly improve student performance and success. This value is estimated at \$12.6 million annually once fully implemented.

It should be noted that the remaining 50% will be involved in a larger mission of improving data quality across the all types of data (not just accountability) that are more directly contributing to the mission of continuous education improvement.

	Year 1 FY 2016 SY 2015-2016	Year 2 FY 2017 SY 2016-2017	Year 3 FY 2018 SY 2017-2018	Year 4 FY 2019 SY 2018-2019	Year 5 FY 2020 SY 2019-2020
Investment	\$(14,149,128)	\$(13,905,490)	\$(13,905,492)		
Returns					
Reduced accountability costs		\$1,524,169	\$7,590,361	\$12,600,000	\$12,600,000
Reduced technology costs		\$3,755,020	\$11,265,060	\$18,700,000	\$18,700,000
Yearly net investment/return	\$(14,149,128)	\$(8,626,301)	\$4,949,930	\$31,300,000	\$31,300,000
Cumulative investment/return	\$(14,149,128)	\$(22,775,429)	\$(17,825,499)	\$13,474,501	\$44,774,501

- Describe other solutions that were evaluated, including their strengths and weaknesses, and why they were rejected. Explain the implications of doing nothing and why this option is not acceptable.

A number of strategies were considered as possibilities to address the challenges facing Nebraska schools, but the opportunity to leverage the federal investment through SLDS, take advantage of an emerging royalty free open source technology that is supported through a network of a number of states, and meet the needs of school districts as reporting through surveys, focus groups, phone interviews and data the proposed approach provides the most systemic approach to the future.

Some states have chosen to purchase a single vendor solution, but the short and long term weaknesses of this approach include challenges with integration, risks associated with sustainability, and the long term financial commitment to a vendor to support the systems. This approach has not provided advantages to states and limits the options to embrace new and emerging technologies. Some states have completely relied on internal customization and development. The investment and management of staff to have the capacity for this approach limits the opportunities to embrace private company innovation and is extremely challenging with the currently available personnel services limitation. Ultimately, the approach to embrace the support of contractors, enhance the personnel to support the systems, and leveraging the capacity and market forces allows all of the options to benefit Nebraskans.

Doing nothing continues to undermine the opportunities available for Nebraska schools, reduces the effectiveness of the technology and systems investments made in Nebraska, and continues to impact the number of resources to target student achievement. The requirements of data collection along with the increasing uses of data require leadership from the state to support school districts, protect student privacy, and provide access to resources and tools to take advantage of the technologies available. Finally, doing nothing has the highest level of risk moving forward for Nebraska. This option is not

**Project Proposal Form
2015-2017 Biennial Budget**

acceptable for Nebraska and can be addressed through the efforts of this comprehensive and visionary series of work streams.

The opportunity to create an instructional improvement from a systems level perspective and coordinate access to tools and resources provides a unique advantage for districts to meet their unique and individual needs while at the same time ensuring equity of access of the tools to districts. There is no single vendor solution for an IIS and the opportunity for Nebraska to work with educators, leverage ESUCC, and the ESU's to connect a comprehensive and cost effective approach for Nebraska.

6. If the project is the result of a state or federal mandate, please specify the mandate being addressed.

There are multiple mandates at the state and federal level for school accountability, data reporting, and the use of what should be quality data. The Elementary and Secondary Education Act (ESEA) often referred to as No Child Left Behind, 30+ federal programs, state accountability, state aid calculations, and a significant number of other data requirements are mandated. Most recently, LB438, requires using data to identify the lowest performing schools and provide support for those schools. Quality data and systems are a critical resource to achieve this requirement as well. The proposed approach creates an opportunity to effectively achieve these mandates and at the same time provide systems of support to benefit Nebraska schools.

While not a specific mandate the instructional improvement system incorporates the tools and resources that support the mandates, including the teacher principal evaluation work and the professional development associated with educator effectiveness.

Technical Impact (20 Points)

7. Describe how the project enhances, changes or replaces present technology systems, or implements a new technology system. Describe the technical elements of the project, including hardware, software, and communications requirements. Describe the strengths and weaknesses of the proposed solution.

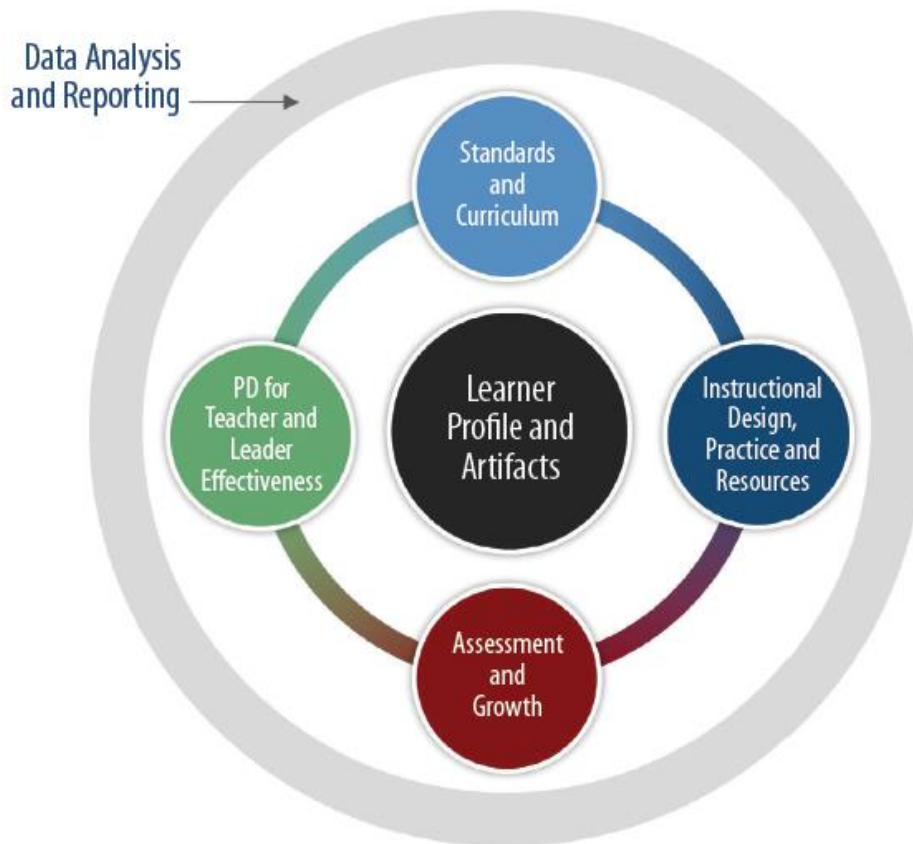

Primarily the multiple projects create a systems approach to the planning and infrastructure for Nebraska schools and capitalize on the collaboration among NDE, ESUCC, and ESU systems to support Nebraska schools. The approach creates a unique opportunity to leverage federal, state, and local investment to achieve efficiencies. The process primarily creates an opportunity to change the way data is collected, used, stored, and ultimately accessed. In addition, the opportunity to focus on privacy, security, and transparency are critical elements considered through the work streams presented in the project

The implementation and coordination with the capacity provided through the ESUCC and the technical collaboration between NDE and ESUCC create an unprecedented opportunity to support the systemic integration and work of the broader vision for Nebraska. A pilot project utilizing JitBit support management is serving as a basis for testing statewide integration and support for new technology implementation.

The perceived weakness of the implementation is the increased human capacity required to sustain the efforts, but given the overarching advantages gained through small legitimate investment in staff capacity creates a unique opportunity for Nebraska heretofore that has never existed.

The following is the high-level architecture approach to achieve a core of the instructional improvement systems

**Project Proposal Form
2015-2017 Biennial Budget**

8. Address the following issues with respect to the proposed technology:

- Describe the reliability, security and scalability (future needs for growth or adaptation) of the technology.

All efforts focus on reliability of the system to ensure security of the systems. The use of the federated single sign on solution, industry standard API technology, encryption strategies, role based authentication for access and integration into the applications provide to school districts all provide an opportunity to increase the level of security and ensure ultimately the scalability of the systems for the state.

- Address conformity with applicable NITC technical standards and guidelines (available at <http://nitc.ne.gov/standards/>) and generally accepted industry standards.

All NITC technical standards and guidelines would continue to be critical resources for the planning and support of the system and integration. In addition, the ITIL standards, the Ed FI data standards, built from the Common Education Data Standards (CEDS) create a unique opportunity for synergy to ensure best practice is deployed through the process. In addition, the Project Management Book of Knowledge along with use of both the waterfall and agile techniques are supported through a current daily SCRUM approach to assist in the development work to achieve the baseline in preparation for the work ahead.

- Address the compatibility with existing institutional and/or statewide infrastructure.

**Project Proposal Form
2015-2017 Biennial Budget**

The primary goal of the project is to create a baseline for compatibility and reframe the statewide infrastructure for the future. The initial process for collecting student data established in 2006 has served a function to achieve the minimums required by districts, but overtime with added data requirements, increased expectations to use data to inform instruction, and technological advances it is now time for Nebraska to leap frog into a more efficient and effective system of supports for Nebraska education. The opportunity to learn from, build on the reputation of the national envy of Network Nebraska, and create tools and infrastructure that support sound industry standard technology to create efficiency and effectiveness for Nebraska schools creates a significant window to save significant resources and provide a sound foundation for years to come in Nebraska education.

Preliminary Plan for Implementation (10 Points)

9. Describe the preliminary plans for implementing the project. Identify project sponsor(s) and examine stakeholder acceptance. Describe the project team, including their roles, responsibilities, and experience.

Leveraging the current federal SLDS grant to begin the process the project sponsors moving forward include the Nebraska Dept. of Education and the ESUCC. As part of the initial study and plan development the Nebraska Council of School Administrators, the Nebraska State Education Association, the Educational Service Unit Coordinating Council, the Nebraska Educational Technology Association, and most recently the Nebraska School Boards Association all have demonstrated commitment to communicate, support and align the priorities around building the capacity for quality secure data and ensure the unique opportunity of access to resources for teachers and students.

The project map would look like the following from the North Carolina Department of Public Instruction:

**Project Proposal Form
2015-2017 Biennial Budget**

The project team and roles are outlined in the budget and integrate new positions for sustainability and development with existing staff and personnel to ensure continuity through the transition.

10. List the major milestones and/or deliverables and provide a timeline for completing each.

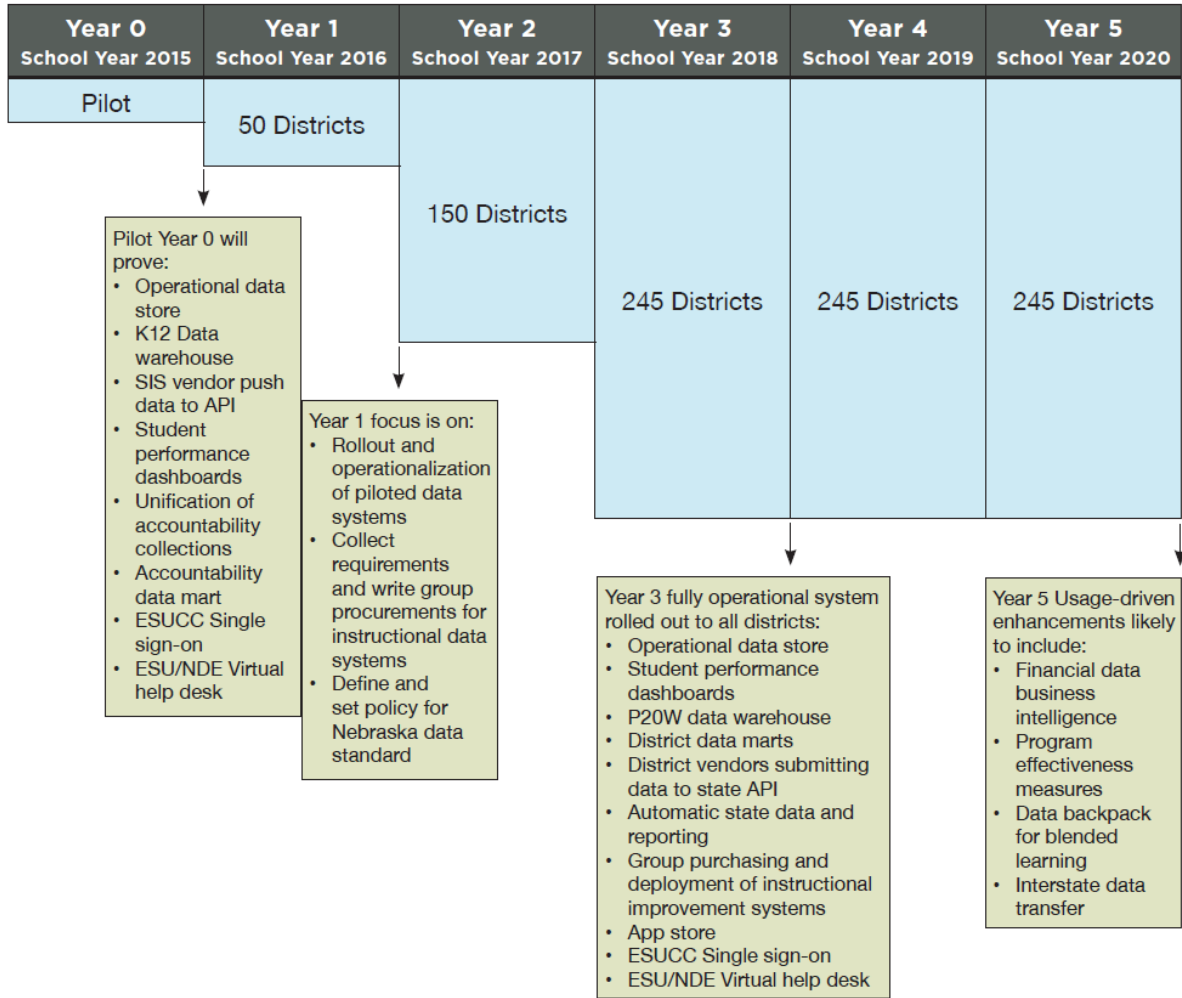

1, 3, AND 5 YEAR ROADMAP

The roadmap builds upon key pilot activities that underway this fiscal year (identified as Year 0, SY 15):

- Install, customize, integrate, pilot, and prove the Ed-Fi data system (www.ed-fi.org) consisting of an operational data store with transactional and batch data interfaces.
- Develop, pilot and prove the single-sign-on system under development by the ESUCC.
- Develop, pilot, and prove an accountability data mart, deriving accountability data from transactional data streams from the district student information systems. Accountability data will be submitted on dual paths from pilot districts, allowing the automatically derived data to be compared with their actual submissions.
- Install, customize, integrate, pilot, and prove the Ed-Fi longitudinal data warehouse and student performance dashboard.
- Use the dashboard pilots to also pilot the NDE-ESU virtual help desk to support the pilots. These pilot activities will provide the base infrastructure to simultaneously expand and rollout the new Nebraska Education Data System over the next three years. The rollout plan targets the total districts being operational of approximately 50, 150, and ultimately 245 across years 1 through 3.

**Project Proposal Form
2015-2017 Biennial Budget**

The major 1, 3, and 5-year milestones are summarized below.

In addition, the major activities associated with the work include the following by work stream and year:

**Project Proposal Form
2015-2017 Biennial Budget**

Year 0 School Year 2015 Pilot	Year 1 School Year 2016 50 Districts	Year 2 School Year 2017 150 Districts	Year 3 School Year 2018 249 Districts	Year 4 School Year 2019 249 Districts	Year 5 School Year 2020 249 Districts
--	---	--	--	--	--

Nebraska

Pilot data infrastructure	Integrate HR systems	Integrate Career Readiness	Intra-state data mobility	Interstate data mobility	
Pilot Ed-Fi dashboards	Expand and extend dashboards				
Pilot ESUCC Single sign-on	Integrate identity mgmt	Mature & scale data <i>infrastructure</i>		Integrate financial systems	
	Procure state-sponsored SIS'	Transition & support state-sponsored SIS'			

NDE Accountability Data System

Unify NSSRS data collection	Unify CDC collection				
SIS vendors pilot data to API	Define NE Data Standard				
Pilot data mart	Build business rules	Develop state and Federal reporting		Add/modify state & Federal collections as required	
	Review & approval system	Dual submissions		Deprecate old systems	

NDE Education Intelligence System

Install K12 data warehouse	Expand warehouse to P20W				
	Build district security	Pilot district data marts		Develop program effectiveness analytics	
		Mature & scale data warehouse		Integrate financial data	Integrate financial analytics

Help Desk & Support

Pilot virtual help desk	Expand capacity for ESUs + NDE Virtual Help Desk				
-------------------------	--	--	--	--	--

Nebraska Instructional Improvement System

Define IIS requirements	Procure, deploy & train IIS tools		Student data backpack		
	Write group procurements	Develop, pilot & mature PD			
			App store		

11. Describe the training and staff development requirements.

Training and development is a critical need throughout the entire process and the collaborative relationship with the ESUCC, ESU's, Districts and the Department of Education provide a unique opportunity for coordination, support and efficiency around common standards and resources while at the same time provide opportunities for private companies to ensure innovation and advancement continues.

Continuing to build the capacity of internal staff along with contracting for specialized skills in the interim makes up the balanced approach to the work and serves as an opportunity to focus on sustainability and support for the systems in the future.

12. Describe the ongoing support requirements.

Upon the initial strategic investment and work, a core group of staff to support the continuous improvement and access to resources will be important. Through leveraging the resources saved, the potential for generating targeted service fees for software as a service (SaaS) resources through the app store and coordination within the educational system the sustainability requirements would be significantly less than the costs associated with maintaining a status quo. In addition, through the leveraged approach, third party assets continue to ensure that innovation is available, yet coordinated to support districts.

**Project Proposal Form
2015-2017 Biennial Budget**

Risk Assessment (10 Points)

13. Describe possible barriers and risks related to the project and the relative importance of each.

A detailed risk analysis was conducted with the current implementation of the ADVISER dashboard and related Ed Fi technologies. Many of these risks are germane to the proposed work.

Risks

The following risk areas are identified to focus the management team on proactively taking steps to mitigate those risks. For a detailed description of project risks with associated risk mitigation strategies and contingency plans, please reference the project risk log.

- The coordination between multiple groups involved in making the project a success: SIS Vendors, Network Nebraska, NDE staff, ESUs, ESUCC and districts.
- Statewide support for technical assistance on the dashboard and Identity Management System (SSO) is being developed and staffed.
- The project is dependent upon vendor commitment to develop and support interfaces within a desired time period. If vendors are unable to meet the proposed schedule, NDE may choose to extend the integration and pilot periods to accommodate the vendor's schedule.
- If pilot districts have developed extensions for the Student Information Systems (SIS), there is a risk that these SIS extensions will not be correctly identified and will be omitted from the initial vendor interfaces and Dashboard implementation.

Nebraska ESUCC Identity Management Project

- The ESUCC Identity Management Project is being developed in parallel with the Nebraska Dashboard project. Any delays in the project may impact planned integration and pilot activities.
- The level of effort required for integration of the Identity Management and single sign on (SSO) is an estimate due to the number of pending design decisions and strategy for home realm.

Potential Rewards

- Access for Nebraska schools to an online resource that provides educators with real time data visualization to support continuous school improvement and support the instructional improvement process for Nebraska's students.
- Integration and implementation of a systemic database infrastructure supporting future expansion and efficiencies.
- The potential for an efficient methodology of collecting student and staff information freeing up resources to focus on improving the quality of data and the effective use of data for continuous school improvement.
- An identity management process that can be utilized in multiple ways in emerging and supporting digital resources for Nebraska's educators.
- Staff capacity created to support elements of sustainability.

14. Identify strategies that have been developed to minimize risks.

Multiple approaches to mitigate risk include some of the following:

- Establishing the Nebraska Education Data Standard and requirements for adoption and use in Nebraska is a critical path
- Maintaining strong governance and oversight for entire project.

**Project Proposal Form
2015-2017 Biennial Budget**

- Transparency on progress and issues
- Effective use of Project Management Office
- Communication plan and Change Management implementation
- Effective hiring and procurement processes.

Financial Analysis and Budget (20 Points)

15. Financial Information

The “Financial” information tab in the Nebraska Budget Request and Reporting System (NBRRS) is used to enter the financial information for this project (NOTE: For each IT Project Proposal created in the NBRRS, the submitting agency must prepare an “IT Issue” in the NBRRS to request funding for the project.)

Attached is the budget request summary submitted in the Nebraska Budget Request and Reporting System. The budget requests include both resources for contractors as well as key personnel and positions to support the creation, coordination, collaboration and continuation of the systems approach among Nebraska school districts.

NDE Expansion
Budget Activities v2 E

Nebraska Information Technology Commission

Project Proposal Form
2015-2017 Biennial Budget

Nebraska Department of Education Infrastructure Activities				Biennium Budget Request		
	Year 0 FY 2015 SY 2014-2015 9 Districts			Year 1 FY 2016 SY 2015-2016 50 Districts	Year 2 FY 2017 SY 2016-2017 150 Districts	Year 3 FY 2018 SY 2017-2018 245 Districts
1 Nebraska Education Infrastructure		<i>Activities and Objectives</i>				
	Pilot initial SIS vendor Ed-Fi interfaces	Identify and collectively procure state-sponsored SIS(s)				
	Pilot assessment vendor interfaces	Support SIS Vendor Ed-Fi Interfaces	\$ 166,667	\$ 166,667	\$ 166,667	
		Support assessment vendor Ed-Fi interfaces	166,667	166,667	166,667	
		Other source system interfaces to Ed-Fi (HR,SRS, applications)	250,000	250,000	250,000	
		Support transfer to state supported systems in years 2 and 3	166,667	166,667	166,667	
		Develop identity management solution for statewide single sign-on	100,000	100,000	100,000	
		ESUCC Infrastructure	500,000	500,000	500,000	
		Infrastructure scaling and security audit activities	250,000	250,000	250,000	
		Total Contractual Expenditures	1,600,000	1,600,000	1,600,000	
		New Positions				
		Chief of Staff	60,523	60,523	60,523	
		Chief Technology Officer	68,502	68,502	68,502	
		Lead	60,523	60,523	60,523	
		Senior	55,047	55,047	55,047	
		Analyst	50,099	50,099	50,099	
		Analyst	50,099	50,099	50,099	
		Total Salary Expenditures	344,793	344,793	344,793	
		Benefits Expenditures	165,264	165,264	165,264	
		Operating Expenditures	23,805	23,805	23,805	
		Travel Expenditures	10,395	10,395	10,395	
		Equipment Expenditures	60,360	-	-	
		Nebraska Education Infrastructure Total	\$ 2,204,617	\$ 2,144,257	\$ 2,144,257	
2 NDE Data Collection System		<i>Objectives</i>				
	Accountability Pilot - integrate CDC, Staff, NSSRS	Statewide rollout with dual submissions (rollout plan based on SIS vendor)	\$ 500,000	\$ 500,000	\$ 500,000	
		Develop and validate state accountability reports	500,000	500,000	500,000	
		Develop business rules and validation for automatic accountability submissions	250,000	250,000	250,000	
		Develop and validate federal accountability report submissions	500,000	500,000	500,000	
		Develop district review and approval infrastructure	250,000	250,000	250,000	
		Total Contractual Expenditures	2,000,000	2,000,000	2,000,000	
		New Positions				
		Director, Accountability Data Systems	68,502	68,502	68,502

		Database Analyst	50,099	50,099	50,099	
		Database Analyst	50,099	50,099	50,099	
		Total Salary Expenditures	364,143	364,143	364,143	
		Benefits Expenditures	168,387	168,387	168,387	
		Operating Expenditures	24,510	35,510	35,510	
		Travel Expenditures	17,680	17,680	17,680	
		Equipment Expenditures	60,360	-	-	
		NDE Education Intelligence System Total	\$ 2,085,080	\$ 2,035,720	\$ 2,035,720	
4 Help Desk & Support		<i>Objectives</i>				
	Virtual Help Desk Pilot - Dashboards	Expand help-desk support to include Year 1,2 & 3 systems	\$ 50,000	\$ 50,000	\$ 50,000	
	PD Curriculum	Develop professional development curriculum on Year 1,2 & 3 systems	50,000	50,000	50,000	
		Integrate statewide ticketing system for "virtual help desk"	166,667	166,667	166,667	
		Level 4 Support and Contracts	500,000	500,000	500,000	
		Total Contractual Expenditures	766,667	766,667	766,667	
		New Positions				
		Director, Project Management Office	68,502	68,502	68,502	
		IT Help Desk Specialist Senior	50,099	50,099	50,099	
		IT Help Desk Specialist	41,706	41,706	41,706	
		IT Help Desk Specialist	41,706	41,706	41,706	
		Project Manager	50,099	50,099	50,099	
		Project Manager	50,099	50,099	50,099	
		Total Salary Expenditures	302,211	302,211	302,211	
		Benefits Expenditures	158,393	158,394	158,395	
		Operating Expenditures	23,805	26,555	26,555	
		Travel Expenditures	10,395	10,396	10,397	
		Equipment Expenditures	43,350	-	-	
		Help Desk & Support Total	\$ 1,304,821	\$ 1,264,223	\$ 1,264,225	
		Total NDE DRE Capacity Building	\$ 8,173,770	\$ 7,985,772	\$ 7,985,774	
IIS NE Instructional Improvement System		<i>Objectives</i>				
	Identify key systems:	Identify and collectively procure state-sponsored systems				
	- learning management	Support vendors in integrating with SSO and state data system	\$ 166,667	\$ 166,667	\$ 166,667	
	- blended learning	Provide PD for districts	83,333	83,333	83,333	
	- teacher/principal evaluation	System licenses paid by state	5,000,000	5,000,000	5,000,000	
	- school climate	App Store				
	- career readiness	Survey Resources and Tools				
		Total Contractual Expenditures	5,250,000	5,250,000	5,250,000	
		New Positions				
		Director, Instructional Improvement System	68,502	68,502	68,502	
		Education Specialist IV	68,502	68,502	68,502	
		Program Specialist III	60,523	60,523	60,523	
		Applications Developer Lead	60,523	60,523	60,523	
		Applications Developer Senior	55,047	55,047	55,047	
		Applications Developer	50,099	50,099	50,099	
		Applications Developer	50,099	50,099	50,099	
		Total Salary Expenditures	413,295	413,295	413,295	
		Benefits Expenditures	194,588	194,588	194,588	
		Operating Expenditures	28,360	39,360	39,360	
		Travel Expenditures	22,475	22,475	22,475	
		Equipment Expenditures	66,640	-	-	
		NE Instructional Improvement System Total	\$ 5,975,358	\$ 5,919,718	\$ 5,919,718	
		Total NDE DRE Budget Issue Requests	\$ 14,149,128	\$ 13,905,490	\$ 13,905,492	

Category	Description
Mandate	Required by law, regulation, or other authority.
Tier 1	Highly Recommended. Mission critical project for the agency and/or the state.
Tier 2	Recommended. High strategic importance to the agency and/or the state.
Tier 3	Other. Significant strategic importance to the agency and/or the state; but, in general, has an overall lower priority than the Tier 1 and Tier 2 projects.
Tier 4	Insufficient information to proceed with a recommendation for funding.

Project Status Form

General Information					
Project Name				Date	
LB 1208 Implementation—Network Nebraska-Education				12/01/2014	
Sponsoring Agency					
Office of the Chief Information Officer					
Contact		Phone	Email	Employer	
Tom Rolfes		402-471-7969	tom.rolfes@nebraska.gov	Office of the CIO/NITC	
Project Manager		Phone	Email	Employer	
Andy Weekly		402-471-3828	andy.weekly@nebraska.gov	Office of the CIO	
Project Start Date	07/01/2006	Project End Date	07/01/2012	Revised End Date	08/01/2015
Key Questions				Explanation (if Yes)	
1. Has the project scope of work changed?				<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
2. Will upcoming target dates be missed?				<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
				Fourteen (14) new entities joined Network Nebraska-Education on 8/1/2014.	
3. Does the project team have resource constraints?				<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
				The project is on a fixed and limited budget. Outreach, marketing and communications resources are limited.	
4. Are there problems or concerns that require stakeholder or top management attention?				<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
				Minor risks and issues are addressed by the executive sponsors at the monthly CAP meetings.	

Summary Project Status						
Any item classified as red or yellow requires an explanation in the Status box that follow this section. Additional priority items can be added to the list for status reporting.						
Select one color in each of the Reporting Period columns to indicate your best assessment of:	Last Reporting Period [10/01/2014]			This Reporting Period [12/01/2014]		
1. Overall Project Status	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green
2. Schedule	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green
3. Budget (capital, overall project hours)	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green
4. Scope	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green
5. Quality	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green	<input type="checkbox"/> Red	<input type="checkbox"/> Yellow	<input checked="" type="checkbox"/> Green

Color Legend

	<i>Project has significant risk to baseline cost, schedule, or deliverables. Requires immediate escalation and management involvement.</i>
	<i>Project has a current or potential risk to baseline cost, schedule, or deliverables. PM will manage based on risk mitigation planning.</i>
	<i>Project has no significant risk to baseline cost, schedule, or project deliverables.</i>

Monthly Status Summary

Provide a summary of the project status since the last reporting period. (This summary will become part of the monthly NITC Dashboard.)

Looking ahead to the fall 2014 procurement, Omaha commodity Internet will be rebid.. After hearing from the FCC that there will be no national preferred master contracts for internal connections equipment, the ESU-NOC voted to have the Office of the CIO and State Purchasing procure maximum discounts on up to 9 different types of equipment such as wireless access points, cabling, switches/routers, etc... This will become an invitation to bid to extend over the life of the FCC equipment funding (2015-2020) with a possible fiscal impact of \$52 million for Nebraska K-12 schools.

Significant Milestones (Met, Not Met, Scheduled)

Milestone	Met	Not Met	Sched- uled	Original Date	Actual Date	Impact (if late)
Phase I Implementation (94 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2007	8/10/2007	None
Phase II Implementation (88 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2008	8/11/2008	None
Phase III Implementation (49 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2009	8/03/2009	None
Phase IV Implementation (3 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2010	8/15/2010	None
Phase V Implementation (20 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2011	8/12/2011	None
Phase VI Implementation (8 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2012	8/03/2012	None
Phase VII Implementation (7 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2013	8/09/2013	None
Phase VIII Implementation (14 entities)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7/1/2014	8/01/2014	None
Phase VIII Implementation (14-15 entities)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	7/1/2015	8/01/2015	None

Project Issues (For example, if a Milestone shown above is late, what is the planned recovery?)

Description	Impact on Project - (H,M,L)	Date Resolution is Needed	Issue Resolution Assigned to	Date Resolved
The statewide backbone capacity is 2Gbps, and is burstable to 5Gbps. Future capacity will need to be 10Gbps	M	July 1, 2016	Brad Weakly	TBD

Impact: **H=High** - major impact on time, scope, cost. Issue must be resolved. **M= Medium**- impact will moderately effect time, scope, cost. **L=Low**- Issue will not impact project delivery

Project Risks			
Major Risk Events	High Medium Low	Risk Mitigation	Mitigation Responsible Party
Network Nebraska has implemented Commercial Peering Services (CPS) from the Internet2 Great Plains and is continuing to monitor. Current routing load is averaging only 1.5Gbps out of 3.0Gbps available.	L	Minimize disruption to the network. Monitor routes to keep total bandwidth below 3Gbps	Michael Ruhrdanz, Brad Weakly
Total NN K-12 commodity Internet for 2014-15 was purchased at 13.95 Gbps (up 75% from 8Gbps for 2013-14). The traffic shaper appliances will need to be split at Lincoln and Omaha at the 7Gbps or 8Gbps level.	M	Split contract awards by UNL/UNCSN will permit a secondary Internet provider at the same unit cost to alleviate part of the Internet load.	Brad Weakly, Ben Mientka
ESUCC is proceeding with implementation of statewide directory services and Learning Object Repository software.	L	UNCSN staff will work with ESUCC staff to make sure the network and data centers are equipped to handle the new applications.	Brad Weakly, Scott Isaacson
An InCommon federated directory services pilot project is being carried over Network Nebraska.	L	UNCSN will work with ESU-NOC and ESUCC staff to implement.	ESU-NOC, Brad Weakly, Ryan Rumbaugh, Greg Gray
Statewide online testing for K-12 has been experiencing intermittent errors.	M	Meeting will be set up to discuss bringing vendor hardware inside the state network.	Brad Weakly, Tom Rolfes, NDE staff

Decision Points Insert additional lines as necessary. Use this section to document any major decisions that impact target dates, scope, cost, or budget.			
Decision Point	Decision Due Date	Decision made by (name or names)	Decision's Impact on Project
The Fall RFP for Internet access out of Omaha and the E-rate Equipment Invitation to Bid will be drafted and released by the middle of December.	November 31, 2014	Tom Rolfes/Brad Weakly/State Purchasing	Medium impact

Additional Comments / Concerns

NETWORK NEBRASKA-EDUCATION; Comparison of Budgeted to Actual Expenditures					
Use a chart like the following to show actual expenditures compared to planned levels. Break the costs into other categories as appropriate.					
Fiscal Year [2014-15]					
Object Codes	Budget Item	Actual Costs to Date (1st Qtr-1031/2014)	Estimate to Complete (4 th Qtr-6/30/2015)	Total Estimated Costs	Total 2014-2015 Planned Budget
543303	IT Consulting-UNCSN	\$84,931	\$115,069	\$200,000	\$200,000
543304	IT Consulting-OCIO	\$0	\$3,738	\$3,738	\$3,738
543305	IT Consulting-NDE	\$4,500	\$13,500	\$18,000	\$18,000
555301	Equipment (routers, switches)	\$44,538	\$170,266	\$214,804	\$214,804
527500	Equipment Maintenance	\$164,284	(\$57,531)	\$106,753	\$106,753
555200	Software	\$0	\$19,095	\$19,095	\$19,095
555100	Software Maintenance	\$25,244	(\$17,295)	\$7,949	\$7,949
	Training-UNCSN	\$0	\$1,875	\$1,875	\$1,875

	Total Costs	\$387,510	\$330,271	\$717,781	\$717,781

The Network Nebraska-Education Participation Fee fund account has been updated with the 2014-15 estimated costs and the 1st quarter UNCSN invoice submitted on 11/12/2014.

LNetwork Nebraska Agenda
<http://nitc.nebraska.gov/NNAG/meetings/>
December 10 - 1 to 3 PM
<http://goo.gl/pmMNHu>
Video Conferencing Connection Information
<https://esucc.zoom.us/j/3086981981>

Agenda:

1. Welcome - [Network Nebraska Members](#)
 - a. NNAG Members -Scott Jones, ESU 16; Kirk Langer, LPS; Deb Schroeder, UNK, John Stritt, ESU 10; Chris Vaverek, Creighton University; Tom Peters, CCC; Ron Cone, ESU 10 ;Gene Beardslee, PSC; Clifton Pee, MCC; Darci Lindgren, Lindsay Holy Family School; Bob Uhing, ESU1; Mike Carpenter, Doane College; Caroline Winchester, Chadron
 - b. Liaisons - Tom Rolfes, OCIO; SuAnn Witt, NDE; Leona Roach, UNCSN, Grey Gray, UNCSN, Brad Weakly, UNCSN; Ben Mientka, UNCSN
 - c. Guests - Michael Patrick, OPS; Jonathan Becker, OPS; Susan Forslund, ESU#3
2. Additions to the agenda - please add items to the agenda?
 - a. There no additions to the agenda.
3. [September 17 Meeting Notes](#)
 - a. Motion to approve - Bob Uhing
 - b. Second - Tom Peters
 - c. Vote - 12-0-0 in favor
4. Liaison reports impacting NNAG discussion (Tom Rolfes)
 - a. CAP update
 - i. Internet RFP: <http://das.nebraska.gov/materiel/purchasing/4862/4862.html>
 - ii. Bids are due on January 2, 2015 at 2:00pm; bidding Internet egress out of 1623 Farnam, Omaha location.
 - b. NITC I.T. Project Proposals (Application Services)
 - i. Dean Folkers -- Dean provided an overview of the two projects, Building Educational Data Capacity & Instructional Improvement Systems and how they may affect Network Nebraska. Data infrastructure, chief privacy officer, and instructional improvement systems (“app store”; e.g. teaching and learning systems, back office systems, administrative systems) to provide access for 245 school districts. Tennessee was one state that pre-approved and financially supported five standards-based Student Information Systems. The data exchange and interoperability of data will have implications for higher education. The P-20 Data Committee is composed of representatives from K-12, the University of Nebraska, community colleges, state colleges, etc... There are 9 pilot school districts that are part of the ADVISER dashboard, all of which are on Network Nebraska.
 - ii. Brent Gaswick -- Brent provided an overview of the project, eLearning, which involves digital content creation and procurement, as well as professional development for teachers--a fellowship program for master teachers who help develop professional development content to help other teachers emerging into the hybrid, blended learning environment.

1. [eLearning Project proposal](https://drive.google.com/file/d/0B25D2IUxnXr8QXMzT1FtdFRjdk0/view?usp=sharing) as presented to budget office and NITC
 2. The budget is described as “hypothetical” or a placeholder that may involve other components such as federated identity management and single sign-on.
- c. NITC Technical Panel - Tuesday, December 9
- i. Discussed and reviewed the technical nature of these three proposals. Summary documents and Tech Panel scores are available from http://www.nitc.ne.gov/technical_panel/meetings/documents/20141209/projects_ss_all.pdf and are the first three projects listed out of six.
- d. Education Council - Wednesday, December 17
- i. Education Council will perform a programmatic review of three projects from the Nebraska Dept of Education that are to be considered as part of the Legislature’s biennial budget for 2015-17.
- e. E-rate - Update on changes and impact on NN members
- i. FCC vote on December 11 may address the E-rate Funding cap from \$1.5 billion to \$2.4 billion; clarification of rural/urban status designations; and any further clarification on internal connections funding.
5. Committee Reports
- a. **Governance** (Deb Schroeder, Scott Jones, John Stritt, Chris Vaverek, Darci Lindgren)
 - i. Review NNAG committee membership - Scott Jones
 1. Committee Reports--Contact Scott with changes to committee membership
 - a. **Governance** (Deb Schroeder, Scott Jones, John Stritt, Chris Vaverek, Darci Lindgren)
 - b. **Emerging Technologies** (John Dunning, Ron Cone, Tom Peters, Gene Beardslee)
 - c. **NN Application Services** (Bob Uhing, Mike Carpenter, Kirk Langer, Michael Ruhrdanz)
 - d. **Marketing** - (Clifton Pee, Caroline Winchester, Rob Hanger)
 - ii. NN Membership - Tom Rolfes
 1. Potential NN Members ([7/1/2014 Participation Report](#))
 - a. K12 (Public) - 14 ESU 3 schools; South Platte PS @ Big Springs
 - b. K12 (Private, Denominational) - Lincoln Diocese, Omaha Archdiocesan Schools; Others
 - c. Post Secondary - Bellevue University, Bryan College of Health Sciences, Concordia University, Grace University, Hastings College, Nebraska Methodist College, York College (Mike Carpenter & Chris Vaverek) Mike will contact Bryan, Concordia, Hastings and York. Chris contacts Bellevue, Grace and Nebraska Methodist.
 - d. Other - 267 Public Libraries
 - iii. NN Membership Guidelines/Participation Profile - John Stritt
 1. [Network Nebraska Statutes](#)
 2. Reviewing membership guidelines
 - a. Changing statute? Actions taken to add non-profit providers as eligible NN members.

- i. (January 7-21 Bill Introduction)
 - ii. Neb. Rev. Stat. 86-5,100:
<http://nebraskalegislature.gov/laws/statutes.php?statute=86-5,100>
 - b. Restructuring NN fees - some ideas
 - i. Tiered plan based on a % of base rate
 - 1. Could increase membership of private schools and public libraries - See bandwidth summary
 - ii. Bandwidth use fee - IE: Cost is \$1 per Mbps per month but charge \$1.10 per Mbps per month?
 - iii. Service fee for non NN members who need access to virtual servers that might be housed on NN.
 - iv. Bandwidth summary
 - v. Committee volunteers would study the potential impact of increased Internet bandwidth necessitating increased infrastructure costs, and then consider different options of altering the cost recovery system, as well as providing Internet usage data to purchasers before they place their orders for Internet (e.g. 2/1/2015).
 - vi. Issues: Internet purchase demand vs. Internet consumption; WAN capacity into Network Nebraska. Would cost recovery system/surcharge pertain to either or both?
 - vii. Committee: Ron Cone, ESU 10; John Dunning, WSC; Chris Vaverek, Creighton; Jonathan Becker, OPS; Clifton Pee, MCC; Darci Lindgren, Lindsay Holy Family School; Deb Schroeder, UNK; Tom Peters, CCC.
 - iv. Budget - Deb Schroeder
 - 1. Refer to discussion on Future Network (Brad & Ben)
- b. **Emerging Technologies** (John Dunning, Ron Cone, Tom Peters, Gene Beardslee)
 - i. Identity Management & InCommon Pilot Project - Ron Cone
 - 1. Federated Directory System (single sign-on) part of ESUCC's [BlendEd Initiative](#) & NDE Data Dashboard (ADVISOR) Project
 - ii. Big Data Transport (Data Dashboard) -
 - iii. Caching Service - Brad Weakly--
 - 1. Apple caching
 - 2. How about allowing fee incentives for employing local caching services?
 - iv. Firewalls/Gatekeepers - Ron Cone Leadership of Ben and Brad suggesting firewall options.
 - v. IPv6 - John Dunning Table.
- c. **NN Application Services** (Bob Uhing, Mike Carpenter, Kirk Langer, Michael Ruhrdanz)
 - i. BlendEd - Bob Uhing: Identity management for LOR and Data Dashboard
 - ii. LMS Pilots supporting schools using Learning Management Systems and a statewide Model having IMS Global Standards
 - iii. Statewide Survey called Clarity that looks at student use of technology and teachers use of Tech. in the classroom and expectations of students in the K-12 classroom
 - iv. Internet2 Net+ and Commercial Peering Service- Michael Ruhrdanz:
 - 1. [Net+](#) are additional Internet2 services.
 - 2. Are Net+ services available to university and all NN members?

- v. Traffic Shaping - (Over subscription??) Brad Weakly:
 1. Infrastructure projections and impact on budget/participation fee
 2. Purchasing 25GB and using only 15GB (Over subscription)
 3. Network Nebraska imposes shaping policies at the request of the entity members. Contact Ben and/or Brad.
- vi. Intrusion Prevention Services - Brad Weakly and Ben Mientka:
 1. Ready to move some ESUs to transition into the equipment
 2. Contact Brad and/or Ben to discuss/implement.
- vii. Network Management - Brad Weakly and Ben Mientka:
 1. Implemented Solarwinds system. Have accounts been delegated?
- viii. Shared Services - What services could be offered and passed on to NN members?
 1. Zoom desktop application?
 - a. Currently 14 colleges (4 purchased, 10 free) and 17 ESUs (14 purchased, 3 free) have accounts.
 - b. Pennsylvania has a statewide or enterprise license.
 2. Other Cloud Services???
 3. Other Services?
- d. **Marketing** - Clifton Pee, Caroline Winchester, Rob Hanger
 - i. NN Web Site - Tom Rolfes
 - ii. Survey - SuAnn Witt:
 - iii. Collaboration with outside groups (PSC) - SuAnn Witt:
 1. PSC is interested in NN use.
 - iv. Other Committee Reports:
- e. Community Colleges - Tom Peters and Clifton Pee:
- f. State Colleges - Gene Beardslee and John Dunning:
- g. U of Nebraska - Debbie Schroeder and Michael Ruhrdanz:
- h. Private Colleges - Mike Carpenter and Chris Vaverek
- i. ESUCC - Bob Uhing:
- j. DEAC - Scott Jones:
- k. NOC - Ron Cone

Significant discussion surrounding Statewide initiatives including:

 1. Identity Management which included a presentation by [IlliniCloud](#) and their Shared Learning Environment.
 2. LOR & Safari Montage implementation, ongoing training and other issues

Trainings which were to include Ubiquiti AirMax budget for future needs
Next meeting in February
- 6. Upcoming Meeting Dates
 - a. 3rd Wednesday - PM (January 21 - **March 18 (F2F)** - May 20)
- 7. Next regular meeting - Wednesday, January 21. 1-3 PM

The meeting adjourned at 3:00PM CT.

Meeting minutes were "crowd-sourced" by members of NNAG and reviewed by staff liaisons before posting to the www.nitc.ne.gov/nnag website.

FCC CONTINUES E-RATE REBOOT TO MEET THE NEEDS OF 21ST CENTURY DIGITAL LEARNING

Funding Boost Will Enable Schools, Libraries Nationwide to Reach Connectivity Goals over the Next Five Years

Washington, D.C. – Taking significant additional steps to ensure that the nation’s schools and libraries have access to robust high-speed broadband connections, the Federal Communications Commission today approved further modernization of its E-rate program, the nation’s largest program supporting education technology.

Broadband is transforming 21st Century education and life-long learning. The Commission is implementing a fundamental reset of E-rate, the first such effort since the program’s creation 18 years ago, so that it can keep pace with the exploding demands for ever-faster Internet service placed on school and library networks by digital learning applications, which often rely on individually connected tablets and laptops.

Today the Commission adopted an Order aimed at closing this connectivity gap by making more funding available for libraries and schools to purchase broadband connectivity capable of delivering gigabit service over the next five years. The Order also provides schools and libraries additional flexibility and options for purchasing broadband services to enable schools and libraries to meet their Internet capacity needs in the most cost-effective way possible.

The Order builds on action taken by the Commission in July to meet another critical need: robust Wi-Fi networks inside libraries and schools capable of supporting individualized learning. The July Order freed up funds for Wi-Fi through improved fiscal management and by ending or phasing out legacy services like paging and phone service. The July Order also increased program fairness by ensuring that all schools and libraries have equitable access to funding for Wi-Fi. And it strengthened the hand of educators in negotiations with service providers by requiring that prices and terms for E-rate subsidized services nationwide be posted transparently on the Internet.

While schools and libraries are now on a path to providing robust Wi-Fi for students, teachers and patrons over the next five years, data the FCC has been gathering over the past six months has revealed the depth of the connectivity gap. For example, 63% of public schools – with over 40 million students – don’t have

broadband connections to the building capable of taking advantage of modern digital learning. That gap that will only grow as digital learning applications increase their requirements for bandwidth.

According to data submitted to the FCC:

- 68% of all districts (73% of rural districts) say that not a single school in their district can meet the long-term high-speed Internet connectivity targets today.
- Approximately 41% of rural public schools lack access to fiber networks sufficient to meet modern connectivity goals for digital learning, compared to 31% of suburban and urban public schools.
- 39% of schools in affluent areas currently meet speed targets, but only 14% of schools in low-income rural and urban areas meet those targets.
- 45% of school districts lack sufficient Wi-Fi capacity to move to one-to-one student-to-device deployments which is increasingly necessary to achieve modern digital learning objectives.
- Half of all public libraries report connections of less than 10 Mbps (70% of rural libraries) – or less than 10% of the target for libraries with smaller service areas and less than 1% of the speed target for libraries serving larger numbers of people.
- More than half (58%) of districts say the monthly recurring expense of connections is the most significant barrier to faster service.
- Nearly 40% of districts indicate they can't afford the high up-front capital costs of infrastructure upgrades

The FCC's actions close the connectivity gap through continued efforts to lower the prices schools and libraries pay for connectivity, and by increasing the amount of support available for connections to the Internet, known as category one of the program. Based on a comprehensive record, the Order raises the spending cap on the E-rate program from the current \$2.4 billion to \$3.9 billion -- the first reset of the cap since it was initially set at \$2.25 million in 1997, an amount that wasn't adjusted for inflation until 2010.

E-rate is one of four universal service programs funded by an assessment on interstate and international telephone revenues, a cost companies may recover from their residential and business customers. If demand for E-rate funds from schools and libraries ramps up to reach the full \$3.9 billion cap, the estimated additional cost to an individual rate payer would be approximately 16 cents a month, about a half a penny per day or about \$1.90 a year – less than a large soda at fast food restaurant or a cup of coffee.

By providing certainty about the future of E-rate funding, raising the cap enables schools and libraries to plan how best to upgrade their networks and at what pace. Today's Order also takes further steps to improve the overall administration of the program and maximizes the options schools and libraries have for purchasing affordable high-speed broadband connectivity by:

- Suspending the requirement that applicants seek funding for large up front construction costs over several years, and allowing applicants to pay their share of one-time, up-front construction costs over multiple years
- Equalizing the treatment of schools and libraries seeking support for dark fiber with those seeking support for lit fiber. Dark fiber leases allow the purchase of capacity without the service of transmitting data – lighting the fiber. Dark fiber can be an especially cost-effective option for smaller, rural districts
- Allowing schools and libraries to build high-speed broadband facilities themselves when that is the most cost-effective option, subject to a number of safeguards

- Providing an incentive for state support of last-mile broadband facilities through a match from E-rate of up to 10% of the cost of construction, with special consideration for Tribal schools and libraries
- Requiring carriers that receive subsidies from the universal service program for rural areas – called the High Cost program – to offer high-speed broadband to schools and libraries located in geographic areas receiving those subsidies at rates reasonably comparable to similar services in urban areas
- Increasing the certainty and predictability of funding for Wi-Fi by expanding the five-year budget approach to providing more equitable support for internal connections – known as category two – through funding year 2019

While the cost to consumers of these changes to the E-rate program is small, the benefits to students, life-long learners, and the nation's competitiveness are great.

Action by the Commission December 11, 2014, by Second Report and Order and Order on Reconsideration (FCC 14-189). Chairman Wheeler, Commissioners Clyburn and Rosenworcel with Commissioners Pai and O'Rielly dissenting. Chairman Wheeler, Commissioners Clyburn, Rosenworcel, Pai and O'Rielly issuing statements.

NITC Strategic Initiatives

2014-2016

Network Nebraska Strategic Initiative Action Items (Recommendations for 2014-2016)

1. Identify Tier II communities that offer opportunities for aggregation for services onto the network.

1a. Action: Education entities will act as primary tenants to encourage the aggregation of data transport by public libraries through leased circuits.

Lead: K-12 districts, ESUs, colleges/universities

Participating Entities: Specific communities, Office of the Chief Information Officer, NITC Education Council, Nebraska Library Commission, and public libraries

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation with minor revisions

2. The Chief Information Officer will continue the LB 1208 implementation by annually bidding infrastructure and connectivity for new regions of participants and developing the most cost-effective and efficient support structure possible for the statewide network.

2a. Action: The Chief Information Officer will encourage the use of the State master purchase contracts for edge devices and other equipment and monitor the local site purchases of such equipment in order to promote and encourage network equipment standardization.

Lead: Office of the Chief Information Officer

Participating Entities: Office of the Chief Information Officer, ESU-NOC, Education Council, Network Nebraska-Education Advisory Group

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation with minor revisions

3. Offer Internet I services to eligible network participants.

3a. Action: The Collaborative Aggregation Partnership (CAP) will accept new orders for Internet service and continue to aggregate purchasing demand to secure a more economical price for statewide Internet service.

Lead: Network Nebraska (CAP)

Participating Entities: Office of the Chief Information Officer, NITC Education Council, ESU-NOC, Higher Education Entities, Network Nebraska-Education Advisory Group

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation

4. Prepare for the future of Network Nebraska as a statewide, multipurpose, high capacity, scalable telecommunications network that shall meet the demand of state agencies, local governments, and educational entities as defined in section 79-1201.01.

4a. Action: Develop appropriate participation criteria (e.g. type of entity, bandwidth expectations, differential fees) for Network Nebraska to serve all network participants (i.e. public/nonpublic K-12, public/nonpublic higher education, public libraries, others).

Lead: Network Nebraska—Education Advisory Group

Participating Entities: Network Nebraska (CAP), NITC Education Council

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation with minor revisions

4b. Action: Develop a catalog of services for Network Nebraska participants.

Lead: Network Nebraska—Education Advisory Group

Participating Entities: NITC Education Council, Network Nebraska (CAP)

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation with minor revisions

4c. Action: Bi-annually reissue the Network Nebraska Marketing Survey and subsequent Report to help steer the strategic direction of Network Nebraska—Education.

Lead: Education Council Marketing Task Group

Participating Entities: Network Nebraska—Education Advisory Group.

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation with minor revisions

4d. Action: Annually update the Network Nebraska Marketing Plan.

Lead: Education Council Marketing Task Group

Participating Entities: Network Nebraska—Education Advisory Group.

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation

4e. Action: Facilitate the implementation and training of IPv6 routing on a timely basis across all Network Nebraska entities.

Participating Entities: Network Nebraska (CAP), Office of the Chief Information Officer, Network Nebraska-Education Advisory Group, ESU-NOC, higher education entities

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time.

Status: Continuation

4f. Action: Address the need for multiple Internet egress points and redundant transport pathways within the Network Nebraska backbone.

Lead: Network Nebraska—Education Advisory Group

Participating Entities: Collaborative Aggregation Partnership, Education Council Services Task Group, ESU Network Operations Committee

Timeframe: 2014-2016

Funding: Substantial funding may be required for this action item

Status: New

Digital Education Strategic Initiative Action Items (Recommendations for 2014-2016)

- 1. Action: Promote the usage of the National Repository for Online Courses (NROC) content by Nebraska educators.**

Lead: ESU Coordinating Council

Participating Entities: NITC Education Council

Timeframe: 2014-2016

Funding: Some funding will be required to complete this action item.

Status: Continuation with minor revisions

- 2. Action: Fully deploy a statewide digital content repository interface that allows the assignment of digital property rights and the uploading, cataloguing, metatagging, searching, and downloading of digital learning objects by Nebraska educators.**

Lead: Nebraska Educational Telecommunications (NET) & ESU Coordinating Council

Participating Entities: Nebraska Department of Education, Education Council Services Task Group, ESU Instructional Materials Committee, ESU Distance Education Advisory Committee

Timeframe: 2014-2016

Funding: Considerable funding will be required to complete this action item.

Status: Continuation with minor revisions

- 3. Action: Develop and deploy a statewide learning management system for every K-12 teacher and learner, grades 6-12.**

Lead: ESU Coordinating Council

Participating Entities: NITC Education Council, ESU Technology Affiliate Group

Timeframe: 2014-2016

Funding: Considerable funding will be required to complete this action item.

Status: Continuation with minor revisions

4. Action: Train teachers in effective instructional design to integrate synchronous and asynchronous technologies.

Lead: ESU Coordinating Council

Participating Entities: NITC Education Council, ESU Technology Affiliate Group

Timeframe: 2014-2016

Funding: Some funding will be required to complete this action item.

Status: Continuation with minor revisions

5. Action: Coordinate and facilitate a statewide directory services federation effort that will enable students and teachers a single sign-on to associated learning management services and content management resources.

Lead: ESU Coordinating Council & Nebraska Department of Education (NDE)

Participating Entities: ESU-NOC, ESU-IMAT, UNCSN

Timeframe: 2014-2016

Funding: Some funding will be required for this action item

Status: Continuation with minor revisions

6. Action: Coordinate and facilitate a statewide data dashboard system that allows teachers and administrators the ability to merge local achievement data with statewide testing data to depict each student's academic progress.

Lead: Nebraska Department of Education

Participating Entities: ESUCC

Timeframe: 2014-2016

Funding: Substantial funding may be required for this action item

Status: New

7. Action: Research the potential feasibility of a software-based, individualized education plan for every Nebraska K-12 student that shows their progress on every state academic standard.

Lead: Nebraska Department of Education

Participating Entities: ESUCC

Timeframe: 2014-2016

Funding: No funding required for this action item

Status: New

8. Action: Provide guidelines for cooperation between K-12 and higher education institutions regarding K-12 students who are taking dual-credit courses using remote learning technologies.

Lead: ESU Distance Education Advisory Committee

Participating Entities: Nebraska Community Colleges, Nebraska State Colleges, University of Nebraska, Coordinating Commission for Postsecondary Education

Timeframe: 2014-2016

Funding: No funding required for this action item

Status: New

9. Action: Provide professional development in a "flipped learning" concept where the teaching is done on-line to provide professional developers a greater opportunity for coaching and mentoring activities during the in-person contact time.

Lead: ESU Technology Affiliate Group

Participating Entities: ESU Staff Development Affiliate

Timeframe: 2014-2016

Funding: No funding required for this action item

Status: New

E-Government Strategic Initiative Action Items (Recommendations for 2014-2016)

1. Action: Annually review and update the content of the Education Portal on the State of Nebraska website.

Lead: Education Council Marketing Task Group

Participating Entities: Nebraska.gov (Nebraska Interactive LLC)

Timeframe: 2014-2016

Funding: No funding requested for this action item at this time

Status: Continuation with minor revisions

**Statewide Technology Plan
December 2014**

12/16/2014 Drafters: Dave Ludwig, Bob Uhing, Mike Danahy, Jordan Clark, Ron Cone, Ben Anthony, Scott Isaacson

The following is a project management plan regarding statewide technology needs:

	Action Plan	Completion Date
Illini Cloud and/or Nebraska Cloud		
MOU	Submit draft to Karen Haase for legal review; IlliniCloud is OK with draft Review with ESUCC Technology Committee ESUCC Presentation/Demo ESUCC Board Approval	12-18-14 1-7-15 1-8-15 February 5, 2015
Single Sign On (Identity Management)	Implement multi-tenant IdP for pilot districts & ESUs, using local districts' existing directories/authentication mechanisms Full statewide implementation	2-15-2015 January 2016 ???
K-12 Federation	Ability to federate with other states and outside vendors Key components developed with Scott, Mike, Jordan, Ben, Ron	January 2016 ???
Student Privacy	COSN data privacy toolkit. Join COSN. Include within the 15-16 MSA. Call for statewide quote for membership within the 2015-16 MSA (Ludwig)	March 2015 January 2015
Statewide Support Model	Cooperation with the development of the Cloud. Data Dashboard support will enhance this approach. Additional FTE or restructured FTE to be determined.	In development with statewide efforts. March 2015
Statewide Data Centers (ESU 2 and 10 +) Statewide Infrastructure/Backup/Redundancy	ESU 3 may be difficult to consider due in part to their partial membership with Network NE. An RFP is in place for possible full-bandwidth membership. Consideration to be provided for ESU 18 and 19 - investigate willingness to participate and connectivity to Network NE..... Design initial OpenStack environment OpenStack test environment live in 2 data centers..... Production OpenStack environment live in 2 data centers Addition of 3rd data center to production environment	3-2015 1-2015 1-2015 2-15-2015 6-1-2015 late 2015
Security Plan	CISSP Notebook. The Technology Team of 5 technicians to manage in sections statewide. Determine certification for CISSP of staff statewide. NITC is currently working on security issues.	Ongoing

Vendor Management	Scott Isaacson and Dean Folkers are attending a conference January 13/14, 2015. Active ESUCC engagement process of Vendor Management to be developed.	January 2015 February 2015 with the Executive Committee
ICE Conference - Feb 24-26	The Four Technicians will attend.	February 2015
Production Demonstrator (June ???)	Necessary for grant funding sources	June 2015
Portal System	Install uPortal with IlliniCloud extensions for pilot districts & ESUs	2-15-2015
Cost Analysis -	Develop a cost analysis for the statewide projects related to the Illini Cloud project. (Data center space, hardware, network connectivity, software licenses, staffing)	February 2015
Branding/Marketing	Five Technicians develop a one-page talking document for ESU Administrators, affiliates, NDE, and School Districts	1-7-15
Data Dashboard		
Student Information Systems - Vendor Management		
Power School (Statewide Model)	Discuss within the ESUCC Technology Meeting on 12-19-14. Target PowerSchool hosting integration into NE Cloud (future)	12-19-14 Summer 2016
Infinite Campus		
School Master		
SIMS (ESU 3)		
Go Edustar		
???		
Nebraska Repository for Online BlendED Learning	BlendEd Learning Graphic (PDF) Closing the Gap: Turning SIS/LMS Data into Action Report (PDF) Financial support TBD by the legislature -	Ongoing
Learning Object Repository	Still in implementation stage, ongoing work and negotiations	2015 - 2016
Safari Contract Negotiations	Complete basic 2014-15 support agreement Determine needs and negotiate 2-year agreement for 2015-2017	12-31-2014 3-31-2015
Safari Implementation	Connect to SSO federation, CAS, LDAP or local accounts Google authentication	3-31-2015 TBD
Learning Management System	Canvas; Schoology; Blackboard; Moodle will determine statewide support	March 2015

Committee Report

PROJECT NAME: IMat

PROJECT DIRECTOR: Rhonda Eis

REPORT PERIOD: January 5, 2015

COMMITTEE REPORT:

The IMat affiliate will meet on January 29 for their regular business meeting (DL).

IMat projects:

New Acquisitions: Titles are currently being previewed by Nebraska teachers for purchase recommendations. IMat will then evaluate and recommend licensing selected titles for the Nebraska LOR. Final recommendations will be made at the March IMat meeting.

Media on Demand/Online Subscription Service: The contract for Learn360 expires June 2015. There wasn't an option for renewal after this date included in the contract. IMat will get pricing for subscription services from at least three vendors and review these companies at the March meeting.

Safari Montage: ESUCC has been in negotiations with Safari Montage to establish a contract for support and updates of the system going forward. Those discussions led to a draft contract between the ESUCC and Safari Montage to continue support for this year (2014-15), with the understanding that an additional agreement will need to be determined before March 31 to allow all involved to make future plans. The 2014-15 Safari Montage contract and future agreements will be further discussed at the January Technology Committee meeting.

Technology Committee Report

Prepared by Scott Isaacson: January 7, 2015

Identity Management

Our collective vision for the system is:

- One identity/account per user
- Automatic, real-time application access/authorization provisioning
- Automatic, real-time authentication provisioning
- Easy access to applications via a portal interface
- Aggregated contact information for K-12 staff statewide that NDE, participating districts and ESUs can find and use for collaborative purposes

We have access to source code for the major components of the IlliniCloud software. A small part of their solution is licensed software, for which we are looking at options and alternatives. In addition, I'm pursuing quotes on a small, targeted consulting services agreement with vendors who have participated in the IlliniCloud development to help us get our pilot system implemented efficiently. We intend to have a demonstrable system in place by February 15, 2015.

Infrastructure

Mike Danahy, Jordan Clark, Ben Anthony, Ron Cone and I are meeting weekly to build a private cloud system. We received a donation of 25 servers from the IlliniCloud toward this purpose and these are at ESU 2 and ESU 10 for hardware deployment and testing. We have agreed to cooperate on the configuration and operation of these systems and look toward a pilot production environment being available in the summer of 2015. Part of the work is to analyze the cost, sustainability and balance of in-state and commercial cloud hosting services. It is my goal to move all ESUCC-hosted services into this environment and away from hosting in isolation.

Portal

The source code for the uPortal and its IlliniCloud extensions is freely available to us. As with the identity system, I am evaluating a short-term consulting engagement with vendors who developed the system to help us get started efficiently. We intend to have a demonstrable system in place by February 15, 2015.

Data Dashboard

Integration work with the first pilot districts is expected to ramp up in January, with live student information system data being synchronized with the Ed-Fi data store soon. About 35 districts have expressed interest in being in the next wave of early adopters to begin their planning work this spring. Dean Folkers is pursuing adoption of an educational data standard which will inform vendors of the data interfaces needed and be a useful criterion in the planned student information system RFP. ESUs involved with pilot districts are meeting to develop procedures for districts to obtain professional development and support on the data dashboard.

LMS

A matrix has been developed for comparing LMSs, and this will be circulated for feedback and refinement with all affiliate groups during the January meetings. An important factor in endorsing an LMS is a community of support, multiple ESUs who see and want to help meet demand for a given system.

Safari

The Safari contract is up for discussion and action at the technology committee. A team is needed to evaluate and specify needs and priorities for next-phase development.

Committee Report

PROJECT NAME: Distance Learning

PROJECT DIRECTOR: Gordon Roethemeyer

REPORT PERIOD: January 7, 2015

COMMITTEE REPORT:

Zoom Usage under ESUCC umbrella

Basic Accounts = 58

Pro User Accounts = 68

Total = 126

Prior to next August we may want to discuss Statewide licensing through a K-20 partnership since there are many post secondary users.

EdReady continues to grow. Schools that began exploring EdReady last fall will be enrolling students for testing 2nd semester. EDReady from NROC helps students prepare for NeSA testing, ACT, SAT and Compass tests by helping them set a target score and then creating study pathway based on need determined by pre-tests.

Nest DEAC meeting Jan. 25.

Joint meeting in February with NOC

Beth Kabes and Gordon Roethemeyer will represent ESUCC at annual NROC Members meeting in Monterey, CA March 1 -4. Focus will be on EdReady and rollout of Developmental English.

AGREEMENT

THIS AGREEMENT (the "Agreement") is entered into and made effective this 16th day of December, 2014 by and between Library Video Company d/b/a SAFARI Montage, a Pennsylvania corporation, with a principal place of business at Five Tower Bridge, Suite 700, 300 Barr Harbor Drive, West Conshohocken, PA 19428 ("SAFARI Montage") and Nebraska Educational Service Unit Coordinating Council, 6949 South 110th Street, LaVista, Nebraska 68128 ("ESUCC").

WHEREAS, ESUCC desires to continue through August 31, 2015 the SAFARI Montage services initiated on May 28, 2013;

WHEREAS, during the period commencing on the date of this Agreement and ending on August 31, 2015 (the "Bridge Period"), ESUCC desires to continue to receive, and SAFARI Montage agrees to continue to provide, certain services as set forth in this Agreement during such period (the "Bridge Services");

WHEREAS, the parties acknowledge that the services to be provided during the Bridge Period do not adequately cover all of the future needs of ESUCC;

WHEREAS, both parties acknowledge that there were various misunderstandings on what services were to be provided by SAFARI Montage prior to the date hereof, but that in the interest of a continued partnership, the parties have determined not to pursue further investigation into any such misunderstandings and are releasing each other for any claims surrounding such services; and,

WHEREAS, both parties desire to delineate a scope of work for additional SAFARI Montage products and services, which products and services will need to be ready for implementation on September 1, 2015, and in order to meet this implementation date, the parties shall, upon execution of this Agreement, commence discussions, planning testing and contracting in connection with such scope of work.

NOW THEREFORE, in consideration of the foregoing and the covenants contained herein, the parties, intending to be legally bound, hereby agree as follows:

1) Services:

- a) ESUCC desires SAFARI Montage to continue to provide, and SAFARI Montage agrees to continue to provide, the following Bridge Services during the Bridge Period:
 - i) ESUCC will remain on SAFARI Montage Version 5;
 - ii) SAFARI Montage Managed Home Access service will continue to be provided by SAFARI Montage through each ESU throughout the State of Nebraska;
 - iii) SAFARI Montage CreationStation annual license enabling all ESU personnel to be able to upload content to their SAFARI Montage servers will continue for all existing servers;
 - iv) SAFARI Montage Multi-Format Auto-Converter software license will continue for all existing servers; and,
 - v) The "free" Additional Core Content Digital Resources Packages will continue to be maintained on the SAFARI Montage system, but no additional content will be added during the Bridge Period.

- 2) Acknowledgements and Agreements: The parties each acknowledge and agree as follows:
- a) During the Bridge Period, that SAFARI Montage will offer ESUs and Nebraska school districts the ability to purchase the following: an upgrade to Version 6, Learning Object Repository, Interoperability Support Services, Content Package subscriptions, Digital Learning Platform, IPTV, Professional Development or any other products and/or services provided by SAFARI Montage.
 - b) That SAFARI Montage specifically makes no representations or warranties regarding the continued functionality of the SAFARI Montage EdCaster product feature. The EdCaster feature officially reached end-of-life and any associated support has ended. Although there is a high likelihood that the feature will continue to function in the same manner as it has during the past one and one-half years in that EdCaster will support uploading one object at a time, but not in bulk, no representations or warranties are being made regarding this product. By uploading one object at a time, the most frequent issue of over-taxing the various queues should be alleviated and the requisite support should drop by approximately ninety percent (90%). During the Bridge Period, ESUCC can attempt to use the SAFARI Montage EdCaster feature by adding objects one at a time, which should work in all ESU environments that have adequate bandwidth connections. In the event that some ESUs decide to upgrade to SAFARI Montage Version 6.0, EdCaster will continue to be interoperable with Version 5 servers.
 - c) That SAFARI Montage had previously quoted and delivered to ESUCC hardware and software products for the entire State of Nebraska when SAFARI Montage services were initiated on May 28, 2013 but that there remains an outstanding balance of Twenty-Two Thousand Three Hundred and Fifty-Nine Dollars (\$22,359) owed by ESUCC for such products and services (the "Outstanding Balance") for which ESUCC no longer has a budget. ESUCC acknowledges and agrees that should the parties delineate a scope of work for SAFARI Montage to provide services to ESUCC after the Bridge Period, then the Outstanding Balance will be added to cost of the services for such scope of work and paid to SAFARI Montage at that time. Nothing in the foregoing shall be construed to limit SAFARI Montage's rights and remedies with respect to the Outstanding Balance.
 - d) That all SAFARI Montage hardware and software are now out of warranty and that any required service and/or labor for such products will be billed on a time and materials basis as needed. ESUCC will advise SAFARI Montage if such expenses will be billed to ESUCC or to each ESU.
 - e) That SAFARI Montage Interoperability Support Services are not being provided by SAFARI Montage and are not in any way covered under this Agreement.
 - f) That any required technical support service needs will be directed to SAFARI Montage tech support lines and will not cover issues with EdCaster queues or environments that do not have adequate bandwidth to support the system. ESUCC may contact SAFARI Montage's Team Lead, Systems Solutions, as needed, but there will no longer be weekly project calls.
 - g) That each party agrees to work together in good faith during January and February, 2015 to delineate a statement of work for additional products and services for ESUCC statewide network so that: (i) a Quote can be issued by SAFARI Montage to ESUCC and the ESUs for such product and services, (ii) an agreement can be drafted and signed, (iii) a Purchase Order can be issued for such products and services on or before March, 2015, and (iv) the Nebraska Learning Object Repository Exchange development services can be commenced by SAFARI Montage on or before March, 2015. The working assumption is that the existing SAFARI Montage LOR Exchange can be customized to meet ESUCC's needs.

- 3) Term: The term of this Agreement shall commence on the date hereof and end on August 31, 2015.
- 4) Payment: In consideration of the Bridge Services being provided under this Agreement and the covenants contained herein, ESUCC will issue a Purchase Order to SAFARI Montage for Fifty-Seven Thousand Two Hundred Dollars (\$57,200) to be paid by ESUCC by December 23, 2014.
- 5) Release: Except for the payment of the Outstanding Balance (for which SAFARI Montage does not release or discharge ESUCC until such amount is paid to SAFARI Montage), the parties hereby release and forever discharge each other, and each of their past and present predecessors, successors, affiliates, subsidiaries, parents, insurers, officers, directors, employees, heirs, assigns, agents, and attorneys from any and all known and unknown claims, disputes, demands, debts, liabilities, obligations, contracts, agreements, causes of action, suits, attorneys' fees and/or costs, of whatever nature, character or description, which the parties had, now have, or may have related to any matters which arise out of or relate to any events occurring or actions taken prior to the date of this Agreement. The parties' execution of this Agreement is not an admission of any liability, fault or responsibility on the part of any released party. The foregoing mutual release of claims made pursuant to this Agreement is regarded by the parties hereto as intended to avoid the expense, inconvenience and uncertainty of litigation. This paragraph 5 shall survive the expiration or termination of this Agreement.

6) Miscellaneous:

- a) *Notice*: All notices and payments contemplated or required under this Agreement shall be in writing and delivered by hand, by certified or registered mail, return receipt requested, or by overnight courier services as follows:

If to SAFARI Montage: Library Video Company d/b/a SAFARI Montage
Five Tower Bridge
300 Barr Harbor Drive, Suite 700
West Conshohocken, PA 19428
Attn: Andrew Schlessinger, Founder & CEO

With a copy to: Library Video Company d/b/a SAFARI Montage
Five Tower Bridge
300 Barr Harbor Drive, Suite 700
West Conshohocken, PA 19428
Attn: General Counsel

If to ESUCC: Nebraska Educational Service Unit Coordinating Council
6949 South 110th Street,
LaVista, Nebraska 68128
Attn: [Name, Title]

Notice may be given to any other address as a party designates by notice to the other party in accordance with this paragraph 6(a). Notice shall be deemed received on the date received via the U.S. mail or other courier.

- b) *Waiver:* No failure or delay of either party to exercise any rights or remedies under this Agreement shall operate as a waiver thereof. No waiver of any provision of this Agreement or any rights or obligations of either party hereunder shall be effective, except pursuant to a written document signed by the party waiving compliance, and any such waiver shall be effective only in the specific instance and for the specific purpose stated in such writing. Failure to enforce any rights hereunder shall not constitute a waiver of those or any other rights.
- c) *Entire Agreement:* This Agreement constitutes the entire understanding of the parties relating to the subject matter hereof and supersedes any and all other agreements, written or oral, that the parties may have had with respect to the subject matter hereof. Except as expressly provided herein, this Agreement may not be amended, modified or waived, in whole or in part, except by a writing signed by both parties.
- d) *Severability:* In the event that any provision of this Agreement is found by a court of competent jurisdiction to be invalid or unenforceable, the validity, legality and enforceability of the remaining provisions contained shall not, in any way, be affected or impaired thereby.
- e) *Cumulative Rights and Remedies:* All rights and remedies contained in this Agreement shall be cumulative and none of them shall be in limitation of any other right or remedy of either party at law or in equity.
- f) *Headings:* The headings set forth in this Agreement are for convenience of the parties only and shall not be considered in interpreting the meaning of any provision of this Agreement.
- g) *Choice of Law and Jurisdiction:* This Agreement shall be governed by, construed and enforced in accordance with, the laws of the Commonwealth of Pennsylvania, without regard to any conflict of laws principles. SAFARI Montage and ESUCC consent to the exclusive jurisdiction of the state courts of Montgomery County, Pennsylvania and the United States District Court for the Eastern District of Pennsylvania in all disputes and matters arising under this Agreement.
- h) *Counterparts:* This Agreement may be executed in any number of counterparts, (including, without limitation, in PDF counterparts), and each executed counterpart shall have the same force and effect as an original document.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first above written.

ABOUT  **Clarity™**

The BrightBytes Clarity platform translates complex analyses and cutting-edge research into fast actions that improve student learning.

CUSTOMIZED JUST FOR YOU: CASE FOR SERVICE AGENCIES

Do you have a 21st century staff to drive 21st century learning within your districts? Now, you can understand the technology readiness of your own organization with a CASE module customized just for you!

To truly build modern classrooms within districts, service agencies themselves must create an infrastructure that supports modern learning. With Clarity's CASE for Service Agencies module, you have the research and analysis to understand your agency's level of technology readiness alongside clear, personalized recommendations for improvement.

Is your staff effectively using technology to identify and address the needs of member districts? Understand this—and much more—through engaging metrics, educative insights, and actionable next steps.

BENEFITS FOR SERVICE AGENCY LEADERS:

By equipping your own staff with the skills, resources, access, and infrastructure required by today's modern classrooms, service agencies can better serve member districts:

-  Get the **evidence** to support resource allocation decisions
-  Justify the **impact** of your programs to earn additional funding
-  Increase your **value** to member districts by offering better solutions to drive student learning
-  Set a clear **path** for leading your teams in the 21st century

Subject: Invoice # 11288 Follow-up

Hi David,

I had a chance to talk with Craig Peterson yesterday about your ongoing enablement project needs and also about the status of our Invoice # 11288.....and, I wanted to follow-up with you on a few things.

With respect to the ongoing enablement of punch-out and hosted catalogs, I told

Craig that there would be no additional services' charges to perform that work for the remainder of this year and also for all of 2015. Looking beyond 2015, we will work with you to evaluate the ongoing services' effort needed to determine how it can be best managed so as assure that your program can continue to grow.

Also, after speaking with Craig, I talked with our Services' team and I determined that we were remiss for not previously invoicing the \$ 22,500.00 (for the contracted services that were part of the original Agreement) during the first two years of that contract Term. Because of that and because it is my understanding that you had not budgeted for that remaining Services' balance, we are willing to assume the cost incurred of those Services. To that end and so as to not impede your efforts to fully implement the statewide project, you can completely disregard Invoice#11288.

Please let me know if those accommodations satisfy the concerns that you have; and also, should you have any additional questions or if you would like to further discuss the matter, don't hesitate to call me at: [215-444-9300](tel:215-444-9300) x 130

Regards,

dan corazzi, sr.

Service Invoice # 11288 inquiry

Dan Corazzi Sr <dancorazzisr@esmsolutions.com>

Tue, Dec 9, 2014 at 9:56 AM

To: "dludwig@esu2.org" <dludwig@esu2.org>, "craig.peterson@esucc.org" <craig.peterson@esucc.org>, "ptedesco@esu11.org" <ptedesco@esu11.org>, Dan Corazzi <DJCorazzi@esmsolutions.com>
Cc: Monte Inman <MInman@esmsolutions.com>

Hi David,

By way of introduction...my name is Dan Corazzi, Sr. CFO...not to be confused with Dan Corazzi CEO :-)

Dan forwarded, to me, your email inquiry concerning the Services' invoice (#11288) that you recently received and I wanted to provide you with some background information on the Services that have been performed to date. The original Agreement (see attached copy), that was signed on June 11, 2012, provided for 30 days of Services at a daily rate of \$1,500.00. As part of the original invoice # 9200 and dated June 15, 2012, ESU was billed 50% (\$ 22,500.00) of the total contracted Services amount (\$45,000.00) for the initial implementation services: Discovery Sessions, Mobilization, Configuration of eighteen instances (18) of easyPurchase and one (1) instance of easySourcing and training. This accounted for fifteen (15) days of Services and it left fifteen (15) Service days for Supplier Enablement Services - for approximately 350 ESU entities. Payment for that original invoice (#9200) was received on July 23, 2012. The subsequent Addendum, to the Agreement, that was signed on March 27, 2014 did not allow for any additional contracted service days beyond the 45 days provided for in the original Agreement.

The actual total number of Service days for Supplier Enablement configurations, quality assessment and project management was **28 days** (to complete approximately 1550 unique catalog punch-out loads spread across approximately 350 entities). At the contracted daily rate of \$1,500.00, that amounts to a total of \$42,000.00 (for Supplier Enablement). Combined with the original 15 days of Implementation Services (noted above), the total number of Service days required for the entire project (to date) is 43 days, or 13 more days than the contracted total, which amounts to \$64,500.00 of Services' cost. To date, ESU has paid \$22,500.00 or 50% of the contracted total of \$45,000.00.

Although the combined total of Service days (initial Implementation and Supplier Enablement) exceeded the contracted amount of thirty (30) days, we waived \$19,500.00 (13 days) of the additional services' cost that was incurred to complete the Supplier Enablement for all ESU entities.

In summary: Actual Services cost for the entire project = \$64,500.00 (43 days / see explanation above)

Contracted Services' Amount = \$45,000.00 (30 days / per the original Agreement)

Services' cost waived = \$19,500.00 **** (13 days)

Amount paid to date = \$22,500.00 (payment received on July 23, 2012)

Balance due per the Agreement = \$22,500.00 (Inv# 11288)

Invoice #11288, for the remaining 50% (\$22,500.00) of the contracted Services' time covers the "discounted" Professional Services time for Supplier Enablement as described above.

Let me know if you have any additional questions.

Thank you,

dan corazzi, sr.

Monte

Can you provide an explanation of the Invoice that we received recently from ESM. If this is outside of our contracted amount of \$230,000 then I will need an itemized list of work performed. I know you are traveling today and through 12/12 but if you could respond at your convenience it would be appreciated.

Thanks

If awarded, the bidder is required to produce a copy of this document for each of the member agencies with which it contracts.

1. The undersigned, duly authorized to represent the persons, firms and corporations joining and participating in the submission of the foregoing bid (such persons, firms and corporations hereinafter being referred to as the bidder), being duly sworn, on his/her oath, states that to the best of his/her belief and knowledge no person, firm or corporation, nor any person duly representing the same joining and participating in the submission of the foregoing bid, has directly or indirectly entered into any agreement or arrangement with any other bidders, or with any official of the *Member Agency*, or any employee thereof, or any person, firm or corporation under contract with the *Member Agency* whereby the bidder, in order to induce the acceptance of the foregoing bid by the *Member Agency*, has paid or is to pay to any other bidder or to any of the aforementioned persons anything of value whatever, and that the bidder has not, directly nor indirectly entered into any arrangement or agreement with any other bidder or bidders which tends to or does lessen or destroy free competition in the letting of the contract sought for by the foregoing bid.
2. This is to certify that the bidder, or any person on his/her behalf, has not agreed, connived, or colluded to produce a deceptive show of competition in the manner of the bidding or award of the referenced contract.
3. This is to certify that neither I, nor to the best of my knowledge, information and belief, the bidder, nor any officer, director, partner, member or associate of the bidder, nor any of its employees directly involved in obtaining contracts with the State of *Member Agency*, *Member Agency*, or any subdivision of the state has been convicted of false pretenses, attempted false pretenses, or conspiracy to commit false pretenses, bribery, attempted bribery or conspiracy to bribe under the laws of any state or federal government for acts or omissions after January 1, 1985.
4. This is to certify that the bidder or any person on his behalf has examined and understands the terms, conditions, scope of work and specifications, and other documents of this solicitation and that any and all exceptions have been noted in writing and have been included with the bid submittal.
5. This is to certify that if awarded a contract, the bidder will provide the equipment, commodities, and/or services to members and affiliate members of the Agency in accordance with the terms, conditions, scope of work and specifications and other documents of this solicitation in the following pages of this bid.
6. This is to certify that the bidder is authorized by the manufacturer(s) to sell all proposed products on a national basis.
7. This is to certify that we have completed, reviewed, approved and have included all information that is required in Sections C, D, E, F and G of these bid forms.

AEPA FORM B: ACCEPTANCE OF BID AND CONTRACT AWARD

AEPA IFB #015 - F

WALK-THROUGH METAL DETECTORS

NAME OF BIDDER: CEIA USA, Ltd. _____

INSTRUCTIONS: PART I of this form is to be completed by the Bidder and signed by its Authorized Representative. PART II will be completed by the AEPA Member Agency only upon the occasion of the bid award. The completed document must be scanned to a PDF format and saved to Folder A, and a **completed and signed paper version must be included in the package**. If approved by AEPA, the bidder is required to produce a copy of the document for each of the AEPA Member Agency with which it contracts.

PART I: BIDDER

In compliance with the Invitation For Bid (IFB), the undersigned warrants that I/we have examined the Instructions to Bidders, associated documents, and being familiar with all of the conditions surrounding the proposed projects, hereby offer and agree to furnish all labor, materials, supplies and equipment incurred in compliance with all terms, conditions, specifications and amendments associated with this IFB and any written exceptions to the bid. Signature also certifies understanding and compliance with the certification requirements of the AEPA Member Agency's Terms and Conditions and/or Special Terms and Conditions. The undersigned understands that their competence, ability, capacity and obligations to offer and provide the proposed tangible personal property, professional services, construction services and other services on behalf of the Vendor Partner as well as other factors of interest to the AEPA Member Agency as stated in the evaluation section, will be a consideration in making the award.

PART II: AWARDING MEMBER AGENCY

Your bid response for the above identified bid is hereby accepted. As a Vendor Partner you are now bound to offer and provide the products and services identified within this IFB, your response and approved by AEPA, including all terms, conditions, specifications, exceptions and amendments. As Vendor Partner, you are hereby not to commence any billable work or provide any products or services under this contract until an executed purchase order is received from the AEPA Member Agency or Participating Entities. The intent of this contract is to constitute the final and complete agreement between the AEPA Member Agency and Vendor Partner, and no other agreements, oral or otherwise, regarding the subject matter of this contract, shall bind any of the parties hereto. No change or modification of this contract shall be valid unless in writing and signed by both parties to this contract. If any provision of this contract is deemed invalid or illegal by any appropriate court of law, the remainder of this contract shall not be affected thereby. The initial term of this contract shall be for up to fifteen (15) months and will commence on the date indicated below and continue until February 28, 2016 unless terminated, canceled or extended. By mutual written agreement as warranted, the contract may be extended month by month for up to six (6) months or for three (3) additional 12-month periods.

Dear Mr. Peterson,

Creative Information Technology Inc. (CITI) is proud to be selected as a Live Scan Finger and Palm Capture solution provider for members of the AEPA community in response to **AEPA IFB #015**. CITI is excited to join the AEPA in its pursuit of providing state-of-the-art technology to ensure a safe and secure environment at schools around the nation. CITI brings to the table over 18 years of experience in the biometrics and identity management market as well as a talented staff that works hands-on with clients to ensure their consistent satisfaction with our products and services.

For this project, CITI has become an exclusive reseller of CrossMatch's Live Scan products. CrossMatch's Live Scan devices are time-tested, certified in over 85% of member states, and are widely proven to show a high percentage of success and client satisfaction. These devices are currently being used all across the United States at the Federal level, by State and Local agencies, commercial clients, and governments around the world (including the US Embassies and Consulates worldwide).

Our team guarantees that we are ready to put our best foot forward in meeting and exceeding your expectations throughout the length of this contract. We have already begun planning and developing marketing materials in support of this contract and are eager to provide our services and products where needed.

We have included a USB drive with our company presentation from the Annual Conference that will explain more about our team and how we can assist the AEPA moving forward. We have also attached Form A for your reference as well as Form B for you to sign and return to us at your earliest convenience. We would also like to extend an early invite to an educational webinar we will be hosting sometime in late January or early February to further discuss our company's capabilities and how we may continue to best serve the AEPA community. We look forward to building a long and prosperous relationship with you.

If you have any further questions, comments, or concerns, please do not hesitate to reach out to Mark Bitonti at his office phone number at 703-483-4300 ext. 4484 or by email at mbitonti@citi-us.com.

With best wishes for the holidays,

A handwritten signature in black ink, appearing to read "Sunil Kolhekar", is positioned above the typed name.

Sunil Kolhekar (President and CEO) and the CITI Team

Mr. Craig Peterson
412 W. 14th Ave.
Holdrege, NE 68949

Dear Mr. Peterson,

Thank you for your recent support demonstrated in San Diego by electing to award Identification International, Inc. ("i3") one of the two contracts under bid category 015-E - Livescan Finger & Palm Print Capture Equipment. It is i3's objective to work closely with both the AEPA organization and your state to ensure that your schools and communities have access to high value solutions to meet current and future security challenges.

The products included in our contract award allow users to capture demographic data (names, birth dates, etc.) and fingerprint images in support of background checks required for employment and school access purposes. Our price list includes cost effective purchase options as well as an AEPA exclusive annual flat fee purchase option for less than \$2,500 per year. Given fingerprinting requirements differ from state to state we seek to engage in a discussion with your agency regarding your specific requirements and the solutions i3 can provide. Our intent is to deliver solutions not just for school systems but also secondary markets that exist in your state.

This letter is i3's next step to engage in a meaningful and productive partnership with your state agency. Attached is the Acceptance of Bid and Contract Award form that supports issuance of a contract as per AEPA guidelines. To help you as you consider completing this contractual document, i3 will be holding three webinars, one each on December 15 at 11:00 am ET, December 17 at 2:00 pm ET, and December 19 at 1:00 pm ET. During these webinars we will discuss requirements in your state as we know them, explain our solutions and answer any questions you may have. I will provide the webinar enrollment link and phone bridge information in a subsequent email.

i3 pledges to work to better understand your business needs and work toward an optimal solution for your state. We strengthen this pledge by maintaining quality employees and providing the appropriate training and product education. If you find that a face to face meeting to discuss our solutions is needed I formally extend my willingness to meet with you personally.

On behalf of i3 I request your partnership in the form of a contract award with your state. Please do not hesitate to call me 410.937.3220 or email me at mvaleri@idintl.com for more information. If I do not hear from you via one of those methods, I will anticipate seeing you on one of our webinars!

Respectfully,

AEPA BID FORM A: BID AFFIDAVIT
AEPA IFB #015 - E
LIVE SCAN FINGER AND PALM PRINT CAPTURE

NAME OF BIDDER: Identification International, Inc.

Instructions: This form must be signed by the bidder's authorized representative and notarized below. The completed document must be scanned to a PDF format and saved to Folder A, and a completed and signed paper version must be included in the package. If awarded, the bidder is required to produce a copy of this document for each of the member agencies with which it contracts.

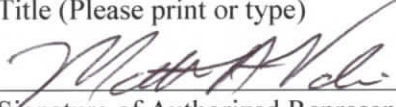

1. The undersigned, duly authorized to represent the persons, firms and corporations joining and participating in the submission of the foregoing bid (such persons, firms and corporations hereinafter being referred to as the bidder), being duly sworn, on his/her oath, states that to the best of his/her belief and knowledge no person, firm or corporation, nor any person duly representing the same joining and participating in the submission of the foregoing bid, has directly or indirectly entered into any agreement or arrangement with any other bidders, or with any official of the **Member Agency**, or any employee thereof, or any person, firm or corporation under contract with the **Member Agency** whereby the bidder, in order to induce the acceptance of the foregoing bid by the **Member Agency**, has paid or is to pay to any other bidder or to any of the aforementioned persons anything of value whatever, and that the bidder has not, directly nor indirectly entered into any arrangement or agreement with any other bidder or bidders which tends to or does lessen or destroy free competition in the letting of the contract sought for by the foregoing bid.
2. This is to certify that the bidder, or any person on his/her behalf, has not agreed, connived, or colluded to produce a deceptive show of competition in the manner of the bidding or award of the referenced contract.
3. This is to certify that neither I, nor to the best of my knowledge, information and belief, the bidder, nor any officer, director, partner, member or associate of the bidder, nor any of its employees directly involved in obtaining contracts with the State of **Member Agency**, **Member Agency**, or any subdivision of the state has been convicted of false pretenses, attempted false pretenses, or conspiracy to commit false pretenses, bribery, attempted bribery or conspiracy to bribe under the laws of any state or federal government for acts or omissions after January 1, 1985.
4. This is to certify that the bidder or any person on his behalf has examined and understands the terms, conditions, scope of work and specifications, and other documents of this solicitation and that any and all exceptions have been noted in writing and have been included with the bid submittal.
5. This is to certify that if awarded a contract, the bidder will provide the equipment, commodities, and/or services to members and affiliate members of the Agency in accordance with the terms, conditions, scope of work and specifications and other documents of this solicitation in the following pages of this bid.
6. This is to certify that the bidder is authorized by the manufacturer(s) to sell all proposed products on a national basis.
7. This is to certify that we have completed, reviewed, approved and have included all information that is required in Sections C, D, E, F and G of these bid forms.

Holdrege, NE 68949

Dear Craig,

Thank you for voting to accept the AEPA committee recommendation and award Staples Advantage with the IFB #015 “A” **OFFICE SUPPLIES** contract.

Per the terms outlined in Part “A – Terms & Conditions” page 9 of 29:

“Once the approved Bidders have been notified by AEPA, it is their responsibility to contact those AEPA Member Agencies (up to 26) who had indicated an interest in participating and mail the signed and notarized Forms A and B (Located in Part C) to each of the participating AEPA Member Agencies.

Each AEPA Member Agency will review, evaluate and determine which, if any, it will award contracts to.”

Attached you will find Staples Advantage signed Forms “A” and “B”. Please sign and return Form “B” should you decide to accept and authorize our contract for your state.

A return addressed envelope has been included for your convenience.

We look forward to continuing our partnership and sales growth with AEPA!

Should you have any questions please do not hesitate to contact me.

Thank You,

Chuck Luchen

Contract to commence (Member Agency to select): _____ or March 1, 2015
(Enter date)

December 9, 2014

Nebraska ESU Cooperative Purchasing
Craig Peterson
412 W. 14th Ave
Holdrege, NE 68949

Dear Craig,

Thank you for voting to accept the AEPA committee recommendation and award Staples Advantage with the IFB #015 "B" **INSTRUCTIONAL & CLASSROOM** contract.

Per the terms outlined in Part "A – Terms & Conditions" page 9 of 29:

"Once the approved Bidders have been notified by AEPA, it is their responsibility to contact those AEPA Member Agencies (up to 26) who had indicated an interest in participating and mail the signed and notarized Forms A and B (Located in Part C) to each of the participating AEPA Member Agencies. Each AEPA Member Agency will review, evaluate and determine which, if any, it will award contracts to."

Attached you will find Staples Advantage signed Forms "A" and "B". Please sign and return Form "B" should you decide to accept and authorize our contract for your state.

A return addressed envelope has been included for your convenience.

We look forward to continuing our partnership and sales growth with AEPA!

Should you have any questions please do not hesitate to contact me.

Thank You,

Chuck Luchen
Vertical Market Manager, K12
913-484-5800

AEPA BID FORM A: BID AFFIDAVIT
AEPA IFB #015-B
INSTRUCTIONAL & SCHOOL SUPPLIES

NAME OF BIDDER Staples Contract & Commercial, Inc., operating as Staples Advantage

Instructions: This form must be signed by the bidder's authorized representative and notarized below. The completed document must be scanned to a PDF format and saved to Folder A, and a completed and signed paper version must be included in the package. If awarded, the bidder is required to produce a copy of this document for each of the member agencies with which it contracts.

1. The undersigned, duly authorized to represent the persons, firms and corporations joining and participating in the submission of the foregoing bid (such persons, firms and corporations hereinafter being referred to as the bidder), being duly sworn, on his/her oath, states that to the best of his/her belief and knowledge no person, firm or corporation, nor any person duly representing the same joining and participating in the submission of the foregoing bid, has directly or indirectly entered into any agreement or arrangement with any other bidders, or with any official of the **Member Agency**, or any employee thereof, or any person, firm or corporation under contract with the **Member Agency** whereby the bidder, in order to induce the acceptance of the foregoing bid by the **Member Agency**, has paid or is to pay to any other bidder or to any of the aforementioned persons anything of value whatever, and that the bidder has not, directly nor indirectly entered into any arrangement or agreement with any other bidder or bidders which tends to or does lessen or destroy free competition in the letting of the contract sought for by the foregoing bid.
2. This is to certify that the bidder, or any person on his/her behalf, has not agreed, connived, or colluded to produce a deceptive show of competition in the manner of the bidding or award of the referenced contract.
3. This is to certify that neither I, nor to the best of my knowledge, information and belief, the bidder, nor any officer, director, partner, member or associate of the bidder, nor any of its employees directly involved in obtaining contracts with the State of **Member Agency**, **Member Agency**, or any subdivision of the state has been convicted of false pretenses, attempted false pretenses, or conspiracy to commit false pretenses, bribery, attempted bribery or conspiracy to bribe under the laws of any state or federal government for acts or omissions after January 1, 1985.
4. This is to certify that the bidder or any person on his behalf has examined and understands the terms, conditions, scope of work and specifications, and other documents of this solicitation and that any and all exceptions have been noted in writing and have been included with the bid submittal.
5. This is to certify that if awarded a contract, the bidder will provide the equipment, commodities, and/or services to members and affiliate members of the Agency in accordance with the terms, conditions, scope of work and specifications and other documents of this solicitation in the following pages of this bid.
6. This is to certify that the bidder is authorized by the manufacturer(s) to sell all proposed products on a national basis.
7. This is to certify that we have completed, reviewed, approved and have included all information that is required in Sections C, D, E, F and G of these bid forms.

AEPA FORM B: ACCEPTANCE OF BID AND CONTRACT AWARD
AEPA IFB #015-B
INSTRUCTIONAL & SCHOOL SUPPLIES

NAME OF BIDDER Staples Contract & Commercial, Inc., operating as Staples Advantage

INSTRUCTIONS: PART I of this form is to be completed by the Bidder and signed by its Authorized Representative. PART II will be completed by the AEPA Member Agency only upon the occasion of the bid award. The completed document must be scanned to a PDF format and saved to Folder A, and a completed and signed paper version must be included in the package. If approved by AEPA, the bidder is required to produce a copy of the document for each of the AEPA Member Agency with which it contracts.

PART I: BIDDER

In compliance with the Invitation For Bid (IFB), the undersigned warrants that I/we have examined the Instructions to Bidders, associated documents, and being familiar with all of the conditions surrounding the proposed projects, hereby offer and agree to furnish all labor, materials, supplies and equipment incurred in compliance with all terms, conditions, specifications and amendments associated with this IFB and any written exceptions to the bid. Signature also certifies understanding and compliance with the certification requirements of the AEPA Member Agency's Terms and Conditions and/or Special Terms and Conditions. The undersigned understands that their competence, ability, capacity and obligations to offer and provide the proposed tangible personal property, professional services, construction services and other services on behalf of the Vendor Partner as well as other factors of interest to the AEPA Member Agency as stated in the evaluation section, will be a consideration in making the award.

PART II: AWARDING MEMBER AGENCY

Your bid response for the above identified bid is hereby accepted. As a Vendor Partner you are now bound to offer and provide the products and services identified within this IFB, your response and approved by AEPA, including all terms, conditions, specifications, exceptions and amendments. As Vendor Partner, you are hereby not to commence any billable work or provide any products or services under this contract until an executed purchase order is received from the AEPA Member Agency or Participating Entities. The intent of this contract is to constitute the final and complete agreement between the AEPA Member Agency and Vendor Partner, and no other agreements, oral or otherwise, regarding the subject matter of this contract, shall bind any of the parties hereto. No change or modification of this contract shall be valid unless in writing and signed by both parties to this contract. If any provision of this contract is deemed invalid or illegal by any appropriate court of law, the remainder of this contract shall not be affected thereby. The initial term of this contract shall be for up to fifteen (15) months and will commence on the date indicated below and continue until February 28, 2016 unless terminated, canceled or extended. By mutual written agreement as warranted, the contract may be extended month by month up to six (6) months or for three (3) additional 12-month periods.

ESUCC Special Education Committee Update

1/7/14

AAP Website

- Our grant request of \$24,938 has been approved by the Dept. of Education.
 - New funds will go toward report building features and further system improvements.
- We have made improvements to the printout of the AAP form, and continue to identify and fix bugs

Project Para

- Editing tests and activities to upgrade the coding for security.

SRS

- We have been working with NDE and HHSS to update our forms to meet the requirements for the new Rule 52. Based on their feedback, we have undertaken the following tasks.
 - We have created a new forms called “Notice and Consent for Early Intervention Initial Multidisciplinary Evaluation and Child Assessment” which replace our previous Notice of Initial Evaluation form.
 - We are building a new “Notice of IFSP Meeting” form.
 - This form will be completed this week.
 - We need to have a couple small changes to the IFSP form
- Provided trainings for South Sioux City and ESU#1.
- Our Advisory Board meeting was held on December 18th.
 - Updated board on Part C form updates.
 - Updated board on the recommendations from the Accommodations Checklist sub-committee
 - New Priority list was established, it includes the following tasks:
 - Focus on Zend Conversions
 - Indicate Primary Disability on Edit Student Screen
 - Search by Disability
 - Add optional section to address transition activities on the Notice of Meeting Form.
- We interviewed one candidate for the new Systems Analyst position.
 - The candidate seemed very capable but he was essentially our only option.
 - We decided to expand our search by placing ads in additional job websites.
 - 3 more candidates have replied
 - Only 1 of the 3 had PHP experience (which is essential).

ILCD

- We continue to maintain the ILCD Staff Survey site
 - Our office emails data (along with a summary) to school districts upon request.

Re: Project No. 96-5521-248-1B19-15 - Academic Advancement Plan (AAP) System; Initial Implementation / Pilot Projects

Dear: Wade Fruhling

Please find enclosed your copy of the Grant Award Notification in the amount of \$24938 for the grant period of 10/15/2014 to 9/30/2015. Also note Enclosure 7 (Memorandum to Grantees Regarding the use of Grant Funds for Conferences and Meetings) which is attached to the GAN. Additional clarification is available at <http://www2.ed.gov/policy/fund/guid/gposbul/gposbul.html>.

Procedures resulting from the NDE Grants Management System require NDE to only reimburse grantees for funds expended. Please feel free to request funds based on expenditures as often as necessary to accommodate your cash flow needs. Requests for funds and other fiscal reviews will include application of the information contained in Enclosure 7.

The *Report of Expenditures and Estimated Requirements of Grant Funds* form used to request funds, and instructions for completing this form, may be found on the web at <http://www.education.ne.gov/FOS/Forms/NDE28003.pdf>. Please complete and print this form, obtain the signature of the Authorized Representative and mail it to the above NDE address to the attention of the Special Education Office. Please include the appropriate ledger printout sheet showing all expenditures for the dates corresponding to the Report of Expenditures, supported by documentation. If you cannot access the form on the web for any reason, please contact me and I will send you a paper copy.

If you have any questions regarding your grant award and/or payments, please do not hesitate to contact me at (402) 471-2471.

Sincerely,

Pete Biaggio

cc: Greg Prochazka

Project Number: 96-5521-248-1B19-15	Project Title: Academic Advancement Plan (AAP) System; Initial Implementation / Pilot Projects

Terms and Conditions of Award

A. This Grant shall be in effect for the designated period of the Grant award (Grant Period) unless otherwise terminated or suspended by NDE at any time.

B. Program and fiscal reports will be completed and submitted as required and shall report grant activities in accordance with the approved application and budget as required by NDE.

C. Amendments must be agreed to by the Grantee and NDE and documented by NDE and an amended Grant Award provided to the grantee

D. The obligation period of the Grant is identified in Grant Award Period above. Obligations cannot be made prior to or after this Grant Period. All obligations should be liquidated within 45 days after ending date of Grant. At the completion of the grant period, a final request for funds accompanied by the final report of expenditures must be submitted to NDE with proper documentation not later than 60 days after the last day of the grant period.

E. Funding requests will be documented as required by NDE's Grants Management System (GMS) or, for grants not in the GMS documented using a Report of Expenditures (NDE 28-003) according to procedures identified in application process. This form can be found on the NDE website: <http://www.education.ne.gov/FOS/Forms/index.html> or the NDE Portal - Forms Tab: <https://portal.education.ne.gov/site/DesktopDefault.aspx>.

F. Properly detailed documentation specifying the grant expenditures must accompany all requests for reimbursement. (i.e. computer printouts, system generated documentation, etc.)

G. If grant funds are not expended in accordance with the grant award, the Department may require that all grant funds or any portion thereof be returned by a means to be determined by NDE.

H. Records will be maintained for equipment acquired and the equipment will remain under the administrative control of the grantee. The Secretary of State Record Retention Schedules are applicable to records retention, except that all grant records shall be maintained for at least five (5) years following the end of the grant period.

- **Federal Regulations 34 CFR 80.32 or the Secretary of State Record Retention Schedule 124 is applicable to records retention.**

I. The grantee assures NDE that the project will be conducted in accordance with state/federal statutes and regulations as identified in the Statement of Assurances for the specific grant program.

J. If the subrecipient expends a total of \$500,000 or more during subrecipient's fiscal year from all federal funding sources, the subrecipient shall have either a single audit or a program-specific audit made for such fiscal year in accordance with the Single Audit Act, as amended by the Single Audit Act Amendments of 1996, and a copy of the complete audit report must be submitted to the NDE Offices no later than nine months after the audited period ends.

K. Total funding is contingent upon availability of appropriated funds.

L. Additional terms and conditions are attached, if applicable (Refer to back side)

NDE Approvals Approved by: 	Approved by: 
--	---

TERMINATION AND SUSPENSION OF GRANT

This Grant shall be in effect for the period designated in the Grant Award unless terminated as set out below. Termination may occur as follows:

1. Either party may terminate this Grant by written notice of not less than 30 days to the other whenever it is.
2. The Department of Education (NDE) or Grantee may terminate this Grant in whole or in part when both parties agree that continuation under the Grant would not produce beneficial results commensurate with the future expenditure of funds. The parties shall agree upon the termination conditions, including the effective date, and in case of partial termination, the portion to be terminated. Grantee shall not incur new obligations for any terminated portion after the effective date.
3. NDE may terminate this Grant in whole or in part when federal funding is terminated, suspended, reduced, not released or otherwise not forthcoming.
4. NDE reserves the right to withdraw Grantee's authority to obligate funds provided pursuant to this Grant pending corrective action by Grantee or a decision to terminate this Grant.

FEDERAL REQUIREMENTS

1. Grantee assures NDE that the project will be conducted in accordance with all applicable federal statutes and regulations including but not limited to the Family Educational Rights and Privacy Act (FERPA) and implementing regulations (34 CFR 99) and the requirements of the Individuals with Disabilities Education Act (IDEA) and implementing regulations (34 CFR 300) and all applicable Education Department General Administrative Regulations (EDGAR) referenced in CFR 300.3.
2. Grantee agrees to comply with the (a) "lobbying", and; (b) "debarment, suspension, and other responsibility matters" regulations and will complete and submit to NDE the required consolidated certification form.

UNITED STATES DEPARTMENT OF EDUCATION
Office of the Chief Financial Officer

MEMORANDUM to ED GRANTEEES REGARDING THE USE OF GRANT FUNDS FOR CONFERENCES AND MEETINGS

You are receiving this memorandum to remind you that grantees must take into account the following factors when considering the use of grant funds for conferences and meetings:

- Before deciding to use grant funds to attend or host a meeting or conference, a grantee should:
 - Ensure that attending or hosting a conference or meeting is consistent with its approved application and is reasonable and necessary to achieve the goals and objectives of the grant;
 - Ensure that the primary purpose of the meeting or conference is to disseminate technical information, (e.g., provide information on specific programmatic requirements, best practices in a particular field, or theoretical, empirical, or methodological advances made in a particular field; conduct training or professional development; plan/coordinate the work being done under the grant); and
 - Consider whether there are more effective or efficient alternatives that can accomplish the desired results at a lower cost, for example, using webinars or video conferencing.
- Grantees must follow all applicable statutory and regulatory requirements in determining whether costs are reasonable and necessary, especially the Cost Principles for Federal grants set out at 2 CFR Part 225 (OMB Circular A-87, State, Local, and Indian Tribal Governments), (<http://www.gpo.gov/fdsys/pkg/CFR-2011-title2-vol1/xml/CFR-2011-title2-vol1-part225.xml>); 2 CFR Part 220 (OMB Circular A-21, Educational Institutions), (<http://www.gpo.gov/fdsys/pkg/CFR-2011-title2-vol1/xml/CFR-2011-title2-vol1-part220.xml>); and 2 CFR 230 (OMB Circular A-122, Non-Profit Organizations) (<http://www.gpo.gov/fdsys/pkg/CFR-2011-title2-vol1/xml/CFR-2011-title2-vol1-part230.xml>). In particular, remember that:
 - Federal grant funds cannot be used to pay for alcoholic beverages; and
 - Federal grant funds cannot be used to pay for entertainment, which includes costs for amusement, diversion, and social activities.
- Grant funds may be used to pay for the costs of attending a conference. Specifically, Federal grant funds may be used to pay for conference fees and travel expenses (transportation, per diem, and lodging) of grantee employees, consultants, or experts to attend a conference or meeting if those expenses are reasonable and necessary to achieve the purposes of the grant.
 - When planning to use grant funds for attending a meeting or conference, grantees should consider how many people should attend the meeting or conference on their behalf. The number of attendees should be reasonable and necessary to accomplish the goals and objectives of the grant.
- A grantee hosting a meeting or conference may not use grant funds to pay for food for conference attendees unless doing so is necessary to accomplish legitimate meeting or conference business.
 - A working lunch is an example of a cost for food that might be allowable under a Federal grant if attendance at the lunch is needed to ensure the full participation by conference attendees in essential discussions and speeches concerning the purpose of the conference and to achieve the goals and objectives of the project.

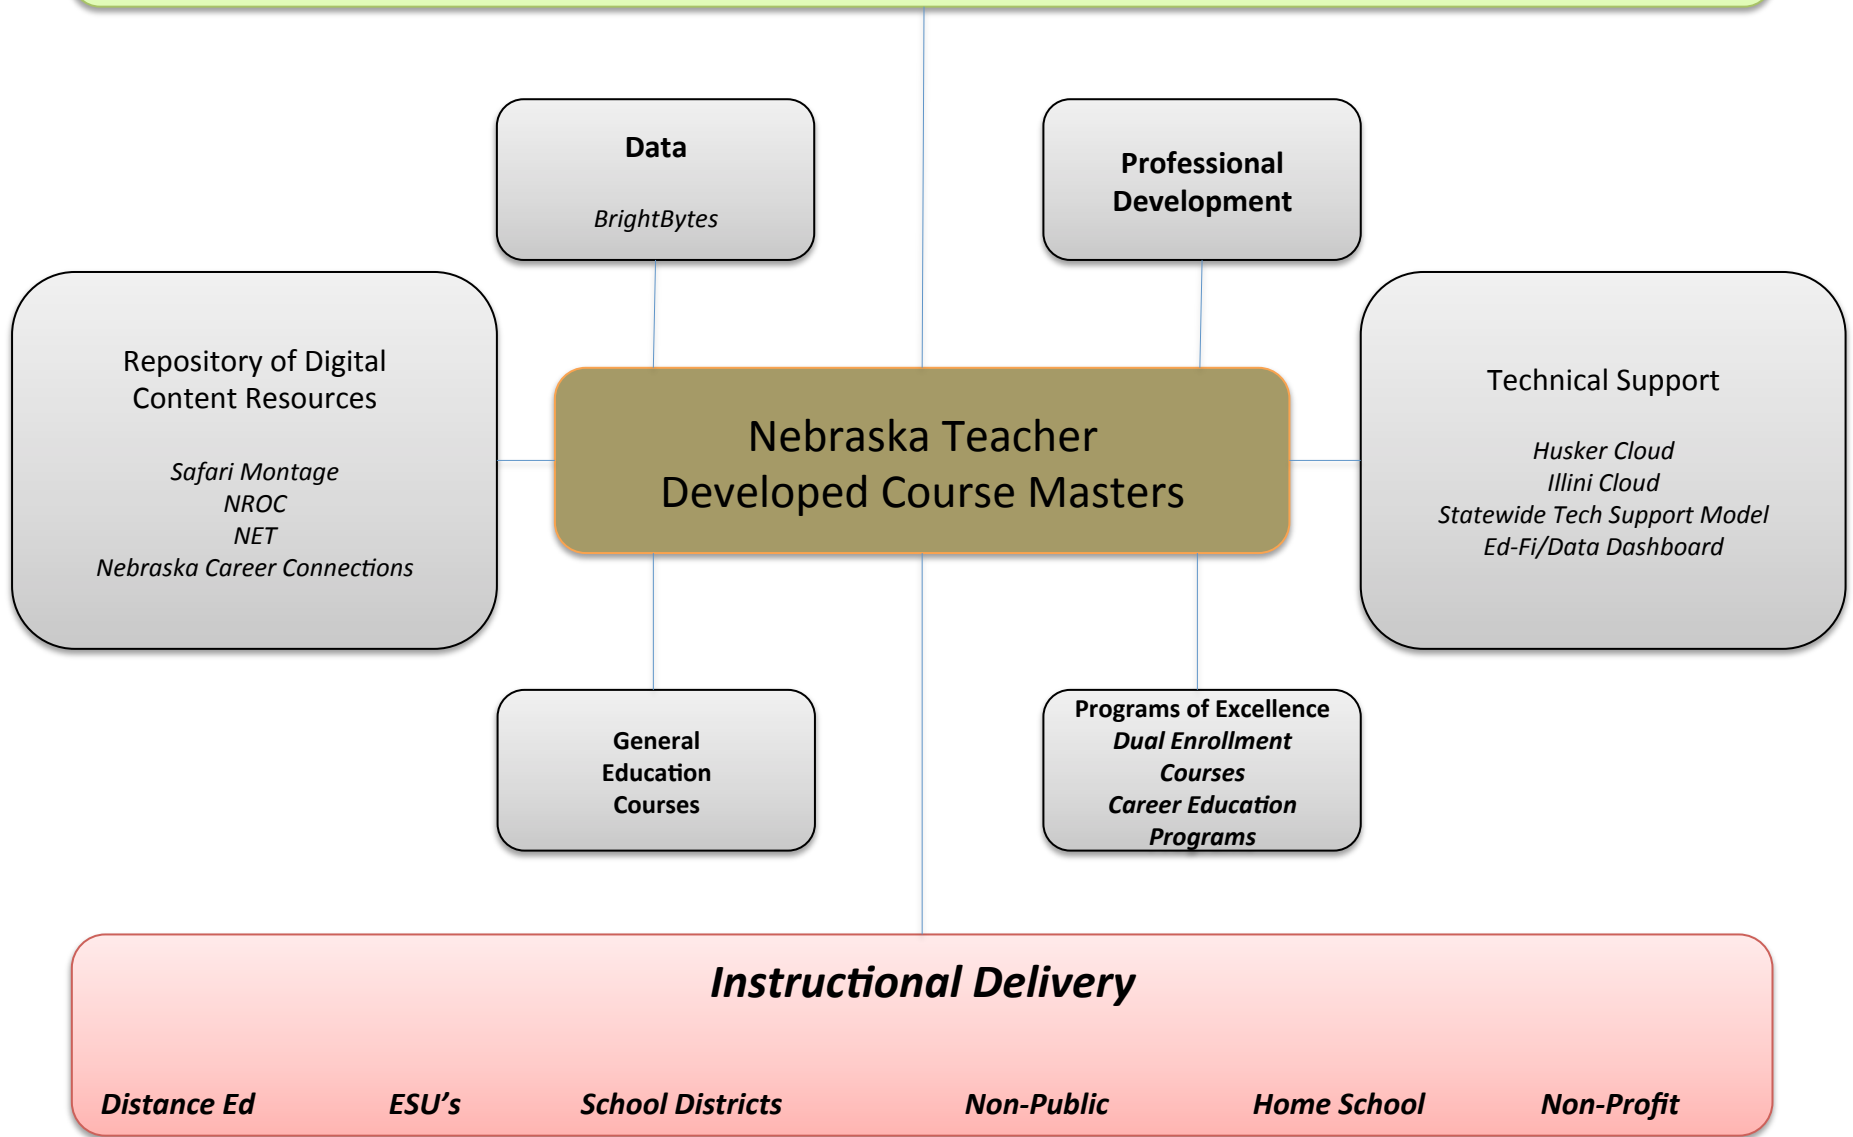

UNITED STATES DEPARTMENT OF EDUCATION
Office of the Chief Financial Officer

- A meeting or conference hosted by a grantee and charged to a Department grant must not be promoted as a U.S. Department of Education conference. This means that the seal of the U.S. Department of Education must not be used on conference materials or signage without Department approval.
 - All meeting or conference materials paid for with grant funds must include appropriate disclaimers, such as the following:

The contents of this (insert type of publication; e.g., book, report, film) were developed under a grant from the Department of Education. However, those contents do not necessarily represent the policy of the Department of Education, and you should not assume endorsement by the Federal Government.
- Grantees are strongly encouraged to contact their project officer with any questions or concerns about whether using grant funds for a meeting or conference is allowable prior to committing grant funds for such purposes.
 - A short conversation could help avoid a costly and embarrassing mistake.
- Grantees are responsible for the proper use of their grant awards and may have to repay funds to the Department if they violate the rules on the use of grant funds, including the rules for meeting- and conference-related expenses.

Nebraska Repository for Online BlendED Learning

LEGISLATURE OF NEBRASKA
ONE HUNDRED FOURTH LEGISLATURE
FIRST SESSION

LEGISLATIVE BILL

Introduced by

Read first time

Committee:

- 1 A BILL FOR AN ACT relating to education; to state intent; to define
- 2 terms; to provide for funding for schools implementing and offering
- 3 courses and programs as prescribed; to create a fund; and to declare
- 4 an emergency.
- 5 Be it enacted by the people of the State of Nebraska,

1 Section 1. The Legislature finds that:

2 (1) In order for Nebraska's students to adequately prepare for
3 postsecondary education and careers, public schools in Nebraska should
4 offer courses of increased educational rigor and relevancy, including,
5 but not limited to, programs of excellence, dual-enrollment courses, and
6 career education programs;

7 (2) The startup costs of implementing and the ongoing costs of
8 offering such courses and programs, including, but not limited to,
9 curricula, textbooks, testing fees, postsecondary tuition, technology,
10 equipment, staffing, staff training, and other related expenses, can
11 often exceed the resources available to a school district; and

12 (3) It is in the best interests of the state to provide a dedicated
13 source of funding to public schools in Nebraska for such courses and
14 programs.

15 Sec. 2. For purposes of sections 1 to 5 of this act:

16 (1) Career education program means a curriculum of career education
17 courses that are a part of a state-approved program of study leading to a
18 state-approved and industry-recognized certification or licensure;

19 (2) Dual-enrollment course means a course taught to students for
20 credit at both a high school and a postsecondary educational institution
21 accredited by an accrediting organization recognized by the United States
22 Department of Education; and

23 (3) Program of excellence means a nationally recognized program,
24 offered in the high school grades that includes a curriculum and
25 pedagogy, professional development for teachers, and a rigorous
26 assessment external to the school system.

27 Sec. 3. (1) The College and Career Readiness Fund is created. Money
28 in the fund available for investment shall be invested by the state
29 investment officer pursuant to the Nebraska Capital Expansion Act and the
30 Nebraska State Funds Investment Act.

31 (2) The fund shall be used to reimburse school districts as provided

1 in this section for the costs of implementing and offering programs of
2 excellence, dual-enrollment courses, and career education programs.

3 (3) The State Board of Education may adopt and promulgate rules and
4 regulations to determine the mechanisms for successful student completion
5 of a program of excellence, a dual-enrollment course, or a career
6 education program. For each student who completes a program of
7 excellence, a dual-enrollment course, or a career education program, the
8 department shall reimburse the school district XX dollars if the school
9 district has applied pursuant to section 4 of this act.

10 (4) For purposes of the general fund budget of expenditures as
11 defined in section 79-1003, funds received pursuant to this section shall
12 be considered special grant funds.

13 Sec. 4. A school district may apply to the State Department of
14 Education for reimbursement under section 3 of this act. A school
15 applying for reimbursement shall provide documentation, including, but
16 not limited to, the number of students in each course or program for
17 which reimbursement is requested, the number of students successfully
18 completing each course or program pursuant to the rules and regulations
19 adopted and promulgated by the State Board of Education pursuant to
20 section 3 of this act, the amount spent on curricula, textbooks, testing
21 fees, postsecondary tuition, technology, equipment, other instructional
22 materials, staff, and staff training specifically related to each such
23 course or program, and such other information as the department deems
24 necessary.

25 Sec. 5. (1) A school implementing a program of excellence, a dual-
26 enrollment course, or a career education program may apply to the State
27 Department of Education for a grant of funds to offset the initial costs
28 of such implementation. Such course or program shall be implemented
29 within two years after the date on which the grant application is
30 approved. If such course or program is not implemented within such two-
31 year time period, the school district shall return one hundred percent of

1 the amount of the grant to the department.

2 (2) Application for a grant under this section shall be on forms
3 provided by the department and shall include, but not be limited to, the
4 course or program to be implemented, the number of students projected to
5 enroll in such course or program, an itemized listing of the projected
6 expenses of implementing such course or program, including, but not
7 limited to, textbooks, curricula, program fees, postsecondary tuition,
8 technology, equipment, staffing, staff training, and other expenses
9 specifically related to implementing such course or program, and other
10 information deemed necessary by the department.

11 (3) For purposes of the general fund budget of expenditures as
12 defined in section 79-1003, funds received pursuant to this section shall
13 be considered special grant funds.

14 Sec. 6. Since an emergency exists, this act takes effect when
15 passed and approved according to law.

Agenda Item

Review, consider, and take all necessary action to designate law firm(s) who are authorized to provide the school district with legal counsel.

Motion

I move that the board designate:

- KSB School Law
- Harding & Shultz
- Both** KSB School Law and Harding & Shultz
- The law firm of _____

as the law firm(s) who are authorized to provide the school district with legal counsel.

January 6, 2015

BY ELECTRONIC MAIL

Karen Haase, Steve Williams, and Bobby Truhe are no longer associated with Harding & Shultz and are forming their own law firm called **KSB School Law, PC, LLO**. KSB School Law will focus on representing public school districts and other education-related entities. You are receiving this email because you are a current school law client of Harding & Shultz and Karen, Steve, and/or Bobby have performed services for you while they were employed at Harding & Shultz.

When lawyers form a new law firm, it is the client's choice who will represent them moving forward. As such, you have a choice to make concerning who will handle the legal matters currently served by Harding & Shultz. You may choose to continue working with Harding & Shultz, you may work with KSB School Law, or you can choose to retain an entirely new lawyer to represent you. Your file(s) will be delivered to the lawyers you select.

If you choose to retain KSB School Law, we will send you a legal representation agreement setting forth the specifics of this representation. Your school, service unit, or organization will still be responsible to Harding & Shultz for any fees and costs incurred with respect to the services they have provided.

Please advise us and Harding & Shultz about your wishes going forward as quickly as reasonably possible, so that continuity in your representation is assured. You may do so by indicating your choice on the attached form and returning a signed and dated copy via e-mail to ksb@ksbschoollaw.com **and**

rsonday@hslegalfirm.com, or by facsimile to KSB School Law at (402) 804-8002 **and** to Harding & Shultz at (402) 434-3030.

Please do not construe this letter as, in any way, urging you to sever your attorney-client relationship with Harding & Shultz. Both KSB School Law and Harding & Shultz desire to see your legal needs met. No matter which firm you select, we wish you and your school district, service unit, or organization every success in the New Year and into the future.

Yours Very Truly,

Jack Shultz
jshultz@hslegalfirm.com

Karen A. Haase
Karen@ksbschoollaw.com

(insert school district/service unit/organization name here)

Please Select One Option Below:

_____ We would like Karen Haase, Steve Williams and Bobby Truhe to continue representing us and request that all files and documents pertaining to any current or pending matter be delivered to KSB School Law.

_____ We would like Harding & Shultz to continue representing us and requests that files and documents pertaining to us be retained by the firm of Harding & Shultz.

_____ We would like the files and documents pertaining to us be sent to the following firm, whose name and address is as follows: _____.

Signature: _____

Printed Name: _____

Title: _____
