IX. Administrative Reports/Information Items

A. Construction Report

Chairman Landers invited Brad McKinsey to present Black Canyon Construction Report. Mr. McKinsey reviewed the status of the construction plan: the ground around the building has been graded and sprinklers installed, curb and gutter complete and paving will start in the fall after the metal sheeting has been installed. The classroom pods are painted, cabinetry installed, and ceiling tile placed; a few windows still need placed. The roofing is complete, gymnasium and running track are complete and lockerrooms are under construction. Flooring is in progress throughout the building. The kitchen area is in the drywall stage. The project is still on budget, with a few change orders. Most costly change order was adding an extra lane on First Street, required by Bonneville County Road and Bridge. The project is still on track to be completed by April 2021.

B. Proposed Policy for Initial Consideration

Chairman Landers invited Guy Wangsgard to present policy for initial consideration. Mr. Wangsgard explained these were minor revisions as per current practice.

1. 8410 Child Nutrition Services

2. 8455 Eligibility For Free and Reduced Price Meals

C. Report on the State of the District: Preparations for Reopening School

Chairman Landers invited Gordon Howard and John Pymm to present report preparations for reopening school. Gordon Howard explained the preparations in place as determined by the Safety Committee and John Pymm informed the board of the continued dedicated work of the custodial department. Plexiglass shields will be placed at all district office areas.

X. Action Items

A. Proposed Policy for 30-day Review (first reading)

Chairman Landers invited Jason Lords to present policy for 30 day review. Mr. Lords explained that due to continued need for students to receive online instruction, the attendance policy now includes virtual attendance measures.

1. 3050 Attendance

MOTION: Greg Calder moved to post the policies presented for 30-day review. Chad Dance seconded. Motion carried.

B. Proposed Policy for Final Adoption (second reading)

Chairman Landers invited Jason Lords to present policy for final adoption. Mr. Lords explained that the revisions include dual credit course guidelines and procedures for faculty when requesting of new curriculum.

1. 2540 Selection and Adoption of Curricular Materials

MOTION: Chad Dance moved to approve the policies presented for final adoption. Scott Lynch seconded. Motion carried.

C. Bonneville Cheer Retreat

Chairman Landers invited Gordon Howard to present BHS Cheer trip request. All overnight trips require three approvals; however, one denial can halt it. These BHS retreat trip proposals (Cheer Retreat and Ballroom Retreat) were reviewed and denied by the Safety Committee and the superintendent. All extra curricular activities can create a plan on how they will comply to EIPH guidelines before the district will consider overnight travel. Costs for the trip would increase significantly due to social distancing measures. It will be a hard year for overnight travel. No Board action taken.

D. Bonneville Ballroom Retreat

No Board action taken.

E. Committees

Financial

Facilities

Chairman Landers invited Guy Wangsgard to discuss committees. Mr. Wangsgard helped define the purpose of a committee and what the Board would consider the committee to accomplish. A committee is good for feedback and involving patrons is good. Dr.

Woolstenhulme stated the district policy 1250 Committees would help the Board to understand the role of the committee. This topic will be moved to the next work session for further discussion. Dr. Woolstenhulme also stated that if the board is considering bonding for a new elementary school, that the Facility Committee input would be important to that decision. No action taken.

F. Reopening Plan Changes

Chairman Landers invited Dr. Scott Woolstenhulme, Superintendent to present changes to reopening plan. Dr. Woolstenhulme stated that EIPH Department has revised their guidelines for students, staff and athletics and defined "face coverings".

- Students or staff who are in close contact with an individual who may be symptomatic *but has not tested positive for COVID-19 do not need to self-quarantine*. They should be encouraged to closely monitor their symptoms for the next 10 days and stay home if they show any symptoms.
- Students participating in "competition, training, or practice that involves strenuous physical activity" are not required to wear masks while actively participating in that activity. Physical distancing from other persons should be maintained as much as possible. This is part of an approved change to the public health order by EIPH on August 6, 2020.
- The EIPH health order provides the definition for a face covering: "'Face Covering" means a covering made of cloth, fabric, or other soft or permeable material, without holes, that covers the nose and mouth and surrounding areas of the lower face in compliance with the Center for Disease Control and Prevention's guidance on wearing Face Coverings. A Face Covering may be factory-made or may be handmade and improvised from ordinary household materials. Please note that this definition *does not* include face shields,

The district is in need of substitute teachers and busdrivers. Chairman Landers urged the school to utilize the community for volunteer opportunities.

G. 2020-2021 District 93 Calendar

Chairman Landers invited Superintendent Dr. Scott Woolstenhulme to present updates to 2020-2021 District Calendar. There was a brief discussion on moving the teacher comp day from October to November.

MOTION: Greg Calder moved to accept the revised District 93 2020-21 School Calendar as presented. Chad Dance seconded. Motion carried.

H. Contracts (moved from Consent Calendar)

- 1) AA Kinetic August 2020
- 2) Accelerate Education Master Services and License Agreement August 2020
- 3) Celebrations SLP Contract August 2020
- 4) Children's Adventure Center Agreement August 2020

- 5) Contractual Agreement Ione Stanger August 2020
- 6) FY21 Presence Learning Agreement August 2020
- 7) Jeana Hansen Contractual Agreement August 2020
- 8) Peaks to Plain Contractual Agreement August 2020
- 9) Riverside Contract August 2020
- 10) Gail Kisling Contractual Agreement August 2020

Mr. Wangsgard explained that nine of these contracts are for Special Education interventions and specialists and are renewed annually. Services include physical therapy, occupational therapy, adaptive art, PSR skills, etc. Hiring contracted workers does not affect the FTE and the district does not offer benefits to contracted workers. Medicare requires certain trained professionals and would cost the district more if these skilled professionals were hired by the district outside of a contract. Mr. Lords explained *Accelerate Education Master Services and License Agreement* includes curriculum for online learnig used by families that have requested learning at home for their children.

MOTION: Greg Calder moved to approve contracts as explained. Chad Dance seconded. Motion carried.

MOTION: Paul Jenkins moved to approve the Agenda. Chad Dance seconded. Motion carried.

V. Action Item - Leadership Premiums/Hard-to-Fill Positions

Chairman Landers invited Heath Jackson to present Leadership Premiums and Hard-to-Fill Positions to the Board. Mr. Jackson explained the State did not fund Leadership Premiums this year and paid out at a lower rate than last year. Hard-to-fill positions funded similar to last year. The District is following board policy to support the Leadership Premium program. Funding from the professional development budget will fund for Leadership Premiums and funding from the maintenance and operation budget to fund hard-to-fill positions. The state provides a portion of the funding for the community occupational professionals hired as CTE instructors and recognizes their experience as invaluable. Principals choose faculty to fill Leadership positions in their schools; approx. 62% of certified staff hold positions. Overall, the budget for these positions is \$200,000 less than last year. Leadership premiums paid out in June payroll.

MOTION: Paul Jenkins moved to approve Leadership Premiums and Hard-to-Fill Positions as presented. Discussion: Leadership Premium funding cut is due to the State budget cut. Greg Calder seconded. Motion carried.

Chairman Landers invited Jason Lords to present information on changes to policy form, 3510F4 Medication Log. The request came from our district nurse who requested an easier form to read and understand for those administering medication to students. No motion required.

VII. Discussion Items

A. Reopening Plan Changes

Chairman Landers asked Dr. Woolstenhulme, Superintendent to review the current changes to the 2020-2021 Reopening Plan. Dr. Woolstenhulme reported that Eastern Idaho Public Health (EIPH) has raised active cases from 20 cases per 10,000 people to 50 cases per 10,000 people; public social gatherings are limited to 28 square feet per person (such as cafeterias, performing arts centers and stadiums, etc.); and procedures for confirmed cases relating to school closures. Community reasons that could raise the number of active cases could include start of school, churches reopening and residential care units changing protocol. Communication relating to changes in phases will be sent to families and staff

each Thursday by 5:00 p.m. Masking is essential and required by EIPH in Phases 2-3; to be exempted from wearing a mask requires a licensed medical practitioner exemption form. Administration project the district is likely to stay in Phase 2 for the school year. The reopening plan should be treated as policy with the board approving any revisions or additions to the plan. Reviewed plans were 1) Staff will be asked to quarantine for 7 days following their last close contact with an individual who has tested positive for COVID-19 (changed from 14 days). *Please note, this only applies to staff as essential workers, not to students*; and 2) Schools will close for a confirmed case of COVID-19 unless the student or staff member has been absent from the school for 24 hours or longer prior to the notification of a positive test.

B. Enrollment Update

Chairman Landers asked Dr. Woolstenhulme, Superintendent to report on the enrollment numbers for this upcoming school year. He stated that teachers are excited to be back. Enrollment numbers are up 150 students from last year (~13,400). As the number of students rise, so will the amount of emergency levy funding increase, but may be lower than budgeted.

C. Online Learning

Chairman Landers asked Jason Lords to present report on Online Learning status for this upcoming school year. Mr. Lords stated extra online teachers have been hired to meet the needs of increased online students at all levels. If students currently enrolled in online schools decide to move back into main stream classrooms, could cause unbalanced classrooms and shifting of teacher staff. This will be reviewed at each trimester.

7. **Termination**
 - a. Termination for Breach - Either party may terminate this Agreement at any time for cause with ninety (90) days' prior written notice to the other party. Termination for cause may be used if a party breaches any material term or fails to fulfill any material condition, term, provision, representation, warranty, covenant or obligation contained in this Agreement and fails to cure the same within ninety (90) days after receiving written notification from the terminating party. - d. Change in Applicable Law - If any change in applicable state law that is enacted after the date hereof could reasonably be expected to have a material adverse effect on the ability of either party to carry out its obligations hereunder, such party, upon written notice to the other party (which notice may be given at any time following enactment of such change in applicable state law, whether or not such change is effective on the date of such enactment or is effective at a later date), may request renegotiation of this Agreement.  - i. Except as otherwise agreed by the parties in writing, termination shall not relieve either party of any obligation for payments due to the other party as of the date of termination or other obligations that continue upon termination as provided in this Agreement.
 - ii. In the event this Agreement is terminated for a breach by Overture Learning prior to the end of a given academic year, the parties shall calculate the Fee as of the end of such academic year as if this Agreement had not been terminated. The parties shall then prorate those amounts to the date of termination of this Agreement, and the District shall pay Overture Learning the prorated amount within 30 days of the effective date of termination.
 - iii. In the event this Agreement is terminated by the District for any reason other than a breach by Overture Learning prior to the end of its Term, the District shall pay to Overture Learning any fees due under the current term of this Agreement. Such amount shall be due and payable within 60 days of the effective date of termination. Late payments shall be subject to interest charges as identified in Section 5(c) above.

C. Proposed Policy for Final Adoption (second reading)

Jason Lords, Executive Director

1. 3050 Attendance

ATTENDANCE

The process of education requires a regular continuity of instruction, classroom participation, learning experiences, and study in order to reach the goal of maximum educational benefits for each individual child. The regular contact of students with one another in the classroom and their participation in instructional activities under the tutelage of a competent teacher are vital. Education is much more than written assignments or homework; it encompasses instruction, discussion, interaction, and project work that occurs in the classroom. Most of the learning that takes place in a classroom cannot be replicated or sent home as homework. When a child is not in school, learning opportunities are lost. This is an established principle of education that underlies and gives purpose to the statutory requirement of compulsory schooling in this state.

Regular attendance reflects a student's dependability and is a significant factor on the student's permanent record. Future employers are as much concerned about punctuality and dependability as they are about academic record. School success, scholarship, and job opportunity are greatly affected by a good attendance record.

Therefore, the intent of the Board of Trustees is to have students attend school on a regular basis since regular and consistent attendance results in increased learning. A student's presence in the classroom with the regular teacher contributes to time on task, and time on task contributes directly to learning.

All students are required to be in attendance at school at least ninety percent (90%) of the time school is in session during each grading period. **Being in attendance means being physically present in the classroom or engaged in virtual learning online in the direction of the teacher.**

Guidelines

1. **Parents/guardians and** students shall be accountable for all absences.
2. Every effort will be made to assure that students are treated fairly and equitably.

Attendance Requirements

1. Except in extraordinary cases, students are expected to be present at school and their assigned grade or subject **or engaged in virtual online learning in the direction of the classroom teacher.**
 - a. **7th - 12th grade students must be present for at least thirty (30) minutes of instruction to be counted as in attendance for each class period.**
 - b. **Elementary students must be present for at least two and a half (2.5) hours of instruction to be counted as attending for a half day and 4 hours of instruction to**

be counted as attending for a whole day.

1. Students should have no more than six (6) total absences from school/class during a grading period.
 - a. **Students enrolled in Bonneville Online or an alternative school** should refer to their school's attendance regulations.
2. Students are expected to be in class on time.
 - a. When a student's tardiness becomes frequent or disruptive, the student shall be referred to the principal or counselor.
 - b. If counseling, parent conference, or disciplinary action is ineffective in changing the student's attendance behavior, he/ she may be suspended from the class.

Notification to Parents

Principals/designees are required to document each incidence of notification to parents/legal guardians regarding their student's attendance status.

Consequences and Appeal

1. The Board or its designee may deny a promotion to the next grade level, deny credit and/or grade for a class, and/or refer to Bonneville County Juvenile Probation any student who is not in school **or engaged in virtual learning online in the direction of the teacher** at least ninety percent (90%) of the days that school is in session.
2. Parents/guardians, who believe that all or part of their student's excessive absences are the result of extraordinary circumstances, may request a review of the case following the attendance appeal process.

Make-up Work

Pursuant to guidelines set forth in District policy #2635 *Make-up Work*, students are expected to make up any assignments missed (for credit) due to an excused absence.

DEFINITIONS

Excused Absences: Absences from school with the knowledge and approval of a student's parent/guardian are excused absences, but such absences are counted toward the maximum number of absences allowed per grading period.

In order for an absence to be excused, the student's parent/guardian must provide an adequate acceptable written or oral excuse within forty-eight (48) hours of the last day of the absence, except for school approved activity absences.

Habitual Truant: -any student who repeatedly has violated the attendance regulations established by Board policy; or any child whose parents/guardians, have failed or refused to cause such child to be instructed as provided in Idaho Code 33-202.

Informal Hearing: means that the parent/guardian has an opportunity to explain and provide evidence that the absences were reasonable and that credit should not be denied. The parent/guardian does not have the right to be represented by an attorney.

In-School Suspension: (In-School Detention) one in which the student remains in school, isolated from peers. The student is considered present in school for attendance purposes. Make-up work is allowed.

Late Verified Absences: absence cleared after the forty-eight (48) hour deadline has expired.

School Sponsored Activity Absences: absences for school sponsored programs in which classes will be missed and are considered to be excused absences. School sponsored activity absences are not counted toward the maximum number of absences.

Supervised School Suspension: one in which the student attends at an alternate location. The student is considered present in school for attendance purposes. Make-up work is allowed.

Suspension: (Out of School Suspension) Involuntary removal from school. A family member at home supervises the student. Suspended students will not be counted as truant and make-up work will be required. However, credit for the work will be at the discretion of the teacher and building administrator depending on whether the suspension is related to an academic performance requirement.

Tardies: A student is tardy if he/she is not in the assigned classroom when the bell rings. Teachers may require students to be seated when the bell rings.

Truancies: Absence of a student from class or any portion of a class for any reason other than illness, emergency, or activities that have prior approval of the administration. Parental permission is not valid when a student misses class and remains on school grounds.

Unexcused Absences: The absence of a student from class or any portion of a class for any reason other than illness, emergency, or activities that have prior approval of the administration. These include out-of-school suspensions and late verified absences.
