Parent ~~and Guardian~~ Involvement ~~In~~ in Education Practices

For purposes of this policy, "parent" includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental ~~and guardian~~ involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents ~~and guardians~~ to participate in the education of their children are preserved.

1. ~~Parents/Guardians~~ will be provided access, ~~as described in district procedures,~~ to district-approved textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials ("curricular materials") ~~textbooks and other curricular materials and tests used in the district upon request~~ as follows:-
 - a. A parental request to review specific ~~approved textbooks and other district- or building-approved~~ curricular materials (written, visual, ~~or~~ audio) should be made to the principal of the building where the ~~textbooks and curriculum~~ curricular materials are used.
 - ~~b.~~ Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the ~~The~~ building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption of the instructional process ~~to the efficient operations of the district.~~
 - ~~b-c.~~ The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.
 - ~~c-d.~~ A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to

the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents/~~Guardians~~ will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/~~guardians~~ are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental/~~guardian~~ observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents/~~guardians~~ may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. ~~Parents/guardians will be permitted, within district procedures, to ask~~may request that their children be excused from ~~testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other~~ school experiences ~~("school events")~~ that parents find objectionable.
 - a. ~~Parents must submit this request in writing to the building principal for consideration.~~
 - a.b. Building principals may excuse a student from any ~~single~~ school ~~event~~~~experience~~ at the parent's written request ~~if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.~~
 - b.c. When ~~the building principal determines it appropriate~~appropriate, alternative experiences ~~will~~~~may~~ be provided for the student by the school.

4. Parents/~~guardians~~ will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/~~guardians~~ will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/~~guardians~~ will be informed of the circumstances under which they may opt-out of state and federal assessments.

- a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/~~guardians~~ of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

- b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents ~~or guardians~~ to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

- c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/~~guardians~~ of eligible students with reasonable notice prior to the exam being administered. Parents/~~guardians~~ wishing to opt their students out of the NAEP

assessment must notify the district in writing at least **three** days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/~~guardians~~ will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/~~guardians~~ may restrict their child from participating in any survey.
 - c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.
 - d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.
 - e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.

f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.

g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

b.8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.
