Subject: Rough Order of Magnitude (ROM) Quote for Starlink Satellite Services

Dear Kellie Wilks:

Space Exploration Technologies Corp. (SpaceX) provides the following ROM proposal for its Starlink satellite-based internet service (Services) to provide broadband connectivity to the Ector County Independent School District with anticipated activation in Odessa, TX. The pricing is intended to provide a price estimate for future available services for additional households in the same vicinity as other households provisioned with Starlink service through Ector County Independent School District.

While Starlink forecasts the ability to serve up to a total ~135 households within the immediate vicinity, the exact timing and number of households of this capability is dependent on a number of factors (including launching more satellites) in order to ensure a quality experience for all households.

SpaceX appreciates the opportunity to share this proposal with the Ector County Independent School District and looks forward to finalizing agreements to increase your network reach and improve the quality of your internet solutions. SpaceX's Starlink satellite internet service is disrupting the market with an unprecedented offering that includes:

- Service for residential consumers and small businesses.
- <50 ms latency – over 10x better than traditional satellite service.
- Capital investments limited to Starlink hardware at end-user locations.

Residential customers will receive Starlink user hardware directly through the mail delivered in kits that consist of a Starlink dish and support hardware (including a power supply, wireless router, and dish mount). Each residential consumer Starlink kit can support up to 50 Mbps downlink and 10 Mbps uplink. Throughput availability is offered on a “best-effort” basis depending on neighboring network activity with no explicit Service Level Agreement – the Starlink Network Operations Center will continuously monitor network performance to ensure an exceptional customer experience.

Ector County Independent School District shall be able to allocate broadband connectivity to consumer households. The service shall support up to 135 consumer kits within approximately 10 km (~6.2 miles) from the community center (31.754461°N, -102.367983°W).

SpaceX provides pricing for Services and Starlink Kits in Table 1 below. Additional capacity and kits to support small businesses and schools within the same footprint are available for an additional cost and upon request.

Rocket Road, Hawthorne, CA 90250 | phone 310-363-6000 | fax 310-363-6001 | spacex.com

This quote shows the full price for the balance of 90 households (for a total of 135 including the already quoted 45 households).

Table 1: SpaceX offers competitive pricing for Starlink Services and Terminals

	Price (USD)	Payment Due Date:
Broadband for Community (Up to 90 residential consumers)	\$ 91,800 / Year	1 st Year of Service is paid in advance. Billing for year 2 and beyond to occur on a mutually agreeable schedule.
Starlink Kit	\$ 499 each + \$50 shipping	
Mounting Hardware	\$ 24 each	
Total (Kits + 1st year of Service)	\$ 143,370	Due 30 days from contract signature.

In order to ensure a quality experience for all Starlink customers in the area (including the original 45), this quote is provided with no guarantee of start date, quantity of households, or any other unforeseen circumstances that may prevent a final order from being offered. Exact details (including payment details) shall be mutually agreed upon at time of final order(s).

Please note that pricing includes terminal shipping, but excludes any applicable taxes or fees. All Starlink kits are intended to be self-installed. Pricing is contingent on SpaceX's confirmation of service and Starlink kit availability at your designated locations as well as your agreement with SpaceX's Service Terms at the time of account registration and activation.

SpaceX and the Starlink team are eager to provide the Ector County Independent School District with a superior connectivity experience. We hope you find this proposal agreeable and will remain available to discuss it at your earliest convenience. Please do not hesitate to contact me if you have any questions or would like additional information regarding this proposal.

Best regards,

Nick Galano

Re: Agreement for Legal Services of Underwood Law Firm (this "Agreement")

Dear Trustees, Dr. Muri and Mr. Martin:

I am pleased the Ector County Independent School District's Board of Trustees will consider retaining the Underwood Law Firm at its upcoming Board Meeting. If Underwood is approved by the Board at the meeting, and upon the Board President, or designee, signing this Agreement, this Agreement will govern the terms of our representation of the District. For the legal services assigned to Underwood by the District, I will be the primary lawyer who works with the District, but other Underwood lawyers are also available to assist as needed. This agreement contemplates work on an hourly basis, work on possible agreements for limitation on appraised value as set out in Chapter 313 of the Texas Tax Code ("313 Matter(s)") and certain other financial arrangements set forth herein. Under the Agreement, hourly work performed by shareholders will be billed at \$275.00 an hour, associates will be billed at \$250.00 an hour and paralegals will be billed at \$100.00 an hour. Services in this agreement include, but are not limited to, representation for general school law matters for the District under the direction of the Board, Superintendent, CFO or their representatives.

The current 313 Matter relates to an Application submitted by OBERON SOLAR IA, LLC. You have requested we work with applicant to amend its Application. Generally, the scope of our services are as follows:

1. Consult, as needed, regarding mandatory procedures and Comptroller rules, and legal risks regarding a school district's participation in each Agreement;
2. Retain and consult with a school finance analyst, on the school district's behalf, who will use district-specific financial models to estimate the potential impact that a proposed Agreement may have on the District;

3. Retain and consult with an economist on the District's behalf (if needed), to develop an independent economic impact evaluation;
4. Coordinate with the Texas Comptroller's office to submit and process the application(s) under Chapter 313, as applicable;
5. Review, with the school finance consultants and any economic consultant, the Comptroller's economic impact evaluation and certification decision concerning any proposed Agreement;
6. Negotiate, on the District's behalf, an Agreement with the Applicant; and
7. Prepare a written Agreement and assist the District with preparing findings of fact and any and all other legal requirements to obtain such an Agreement.

To enable us to effectively perform the services contemplated, it is essential that the District discloses fully and accurately all facts and keeps us apprised of all developments; particularly, any District trustees who may have a business interest or business relationship with any applicant seeking an agreement under Chapter 313.

Our standard fees for 313 Matters vary based on the matter, but hourly rates range from \$375 - \$425. Fees for work on additional agreements, if any, may be negotiated as appropriate depending on the circumstances that exist at that time. Each fee is only due and should be paid by the District from and on receipt of an application and accompanying application fee from the Applicant. No fees shall be due or owing for pre-application services that may have been provided, unless and until the Applicant submits an application and fee. These fees do not include extraordinary expenses incurred on the District's behalf, if any. But typical expenses such as travel costs, photocopying, deliveries, long distance telephone, telefaxes and filing fees, if any, are included in our fee. Underwood reserves the right to seek additional fees for extenuating circumstances that could arise in a transaction of this magnitude, such as having to engage school finance consultants to provide additional or alternative school finance studies. If, for some reason, an application and fee are tendered, but an Agreement is not consummated, it is our understanding that we will retain our fees for preparing and assisting the District with each proposed Agreement, as necessary and as described above.

The District can terminate the Agreement on written notice at any time. Subject to any ethical requirements, our firm could likewise terminate the Agreement on written notice.

Material terms of the Agreement are:

1. Benefits of Relationship with Underwood. During the term of this relationship, the Underwood Law Firm will use its best efforts to undertake the following:
 - Firm lawyers will maintain memberships in the Council of School Attorneys and the National School Boards Association.

- Firm lawyers will attend the annual meeting and continuing legal education program of the Council of School Attorneys held in conjunction with the TASA/TASB annual convention.
- At least one lawyer will attend the University of Texas continuing legal education program.
- Regular Client Alert emails on school law issues.
- The hourly rates contained herein are discounted to school law rates without the requirement the District pay a monthly retainer.

The District will not be charged directly or indirectly for these items.

2. Confidentiality. As a general rule, communications between a lawyer and the lawyer's client, in this case the District, are privileged communications. To protect this privilege, we urge the District to take every effort to maintain the confidentiality of the communications from the Underwood Law Firm. We recognize that, as a governmental entity, the public has a right to access many of the District's records. While this is the case we urge trustees and administrators to consider the attorney-client privilege as any records are delivered.
3. Billings and Payments. We send a statement for services rendered approximately every thirty (30) days. The full amount of the statement is payable thirty (30) days from the date of the statement.
4. Communications. We will accept assignments for legal services from the Superintendent, Board President, or others duly authorized to make such an assignment by the Superintendent or the President of the Board. As appropriate, the District will inform its employees of its relationship with counsel and direct its employees to consult with counsel as directed by the Superintendent or his designee.
5. Underwood warrants that it does not and will not boycott Israel during the term of this Agreement, in compliance with Texas Government Code § 2270.002.

After you have reviewed this letter, and if its terms are acceptable to the District, please have the Agreement executed by the Board President or an authorized officer of the District and return it me. Please retain a copy of the fully executed letter for your records.

December 17, 2019

Thank you for your interest and confidence in Underwood. I look forward to the opportunity to continue to work with you.

Respectfully,

Mitchell J. Moses

SUBJECT: DISCUSSION OF AND REQUEST FOR APPROVAL OF 2021-2022 ACADEMIC CALENDARS

DATE: February 16, 2021

The district calendar committee helped design the academic calendar for 2021-2022. This academic calendar provides students with 180 instructional days, which will qualify the district for funding for our Additional Days School Year (ADSY) Summer Learning for PreK through 5th grade students. In addition, special features in the new calendar included:

- **Phase in for 7th and 8th grade and 10th through 12th grade students.** This allows 6th and 9th grade students to transition to middle and high school with support and guidance. Two days will be used to transition 6th and 9th grade students in 2021-2022
- **Five half-day early release days.** As required by the Texas Education Agency, our district may instruct students for a minimum of 240 minutes and receive full ADA funding for the day, and may release students early so teachers can engage in Professional Learning.
- **OCA/OCTECHS** academic calendar will run the same days, with the exception of the bad weather days and early release days. They will have theirs on Fridays (to align with the Odessa College calendar).

SUBJECT: DISCUSSION OF AND REQUEST FOR APPROVAL OF RESOLUTION OF THE BOARD OF TRUSTEES OF ECISD: REMOTE LEARNING AND PAY OF EMPLOYEES PLAN

DATE: February 23, 2021

As a result of the recent weather causing the District to utilize Remote Learning February 15 through February 19, our employees did not report to campuses or buildings. The purpose of this Resolution is to ensure that employees are compensated for those five days. In addition, the Resolution stipulates that employees who utilized leave during this week because their work assignment did not allow them to work from home will have that leave reinstated. Finally, this Resolution outlines Premium Pay for employees who were called into work for essential and emergency needs to care for our buildings during the extended freezing weather.

Administrative Recommendation:

Approval of the Resolution of the Board of Trustees of ECISD: Remote Learning and Pay of Employees Plan

**RESOLUTION OF THE BOARD OF TRUSTEES
OF ECTOR COUNTY INDEPENDENT SCHOOL DISTRICT
Remote Learning and Pay of Employees Plan**

WHEREAS, the Board is authorized by Texas Education Code, Section 45.105, to expend funds of the Ector County Independent School District for purposes necessary in the conduct of the public schools as determined by the Board; and

WHEREAS, the Board acknowledges that on February 15, 16, 17, 18, and 19 of 2021, an unprecedented inclement weather closing prevented students from reporting to school and employees from reporting to work (“Inclement Weather”); and

WHEREAS, the Board determined there is a need to address both the learning environment and employee status during the Inclement Weather.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE ECTOR COUNTY INDEPENDENT SCHOOL DISTRICT:

RESOLVED, that all regular employees, contractual and non-contractual, salaried and non-salaried, shall receive their regular rate of pay during the period of Inclement Weather, as defined in this resolution.

RESOLVED, that all temporary replacement substitute teachers, who had previously been scheduled to work during the days of Inclement Weather, shall receive their regular rate of pay for any said day of Inclement Weather, as defined in this resolution, that they worked by remote learning.

RESOLVED, that any employees who had previously taken leave days for any period of time during the Inclement Weather, as defined in this resolution, shall have said leave reinstated.

RESOLVED, that all non-exempt employees, who were required to physically report to work during the Inclement Weather, shall be paid at the premium rate of 1 and 1/2 times their regular rate of pay for all hours worked, up to 40 hours per week, rather than their regular rate of pay. Time worked over 40 hours in a week shall be calculated and paid according to law.

RESOLVED, the Board of Trustees hereby (1) determines that the payment and actions serve a public purpose, (2) retains sufficient control over the expenditures to ensure a public purpose is served, and (3) is confident the District will receive a return benefit, to include, but not be limited to, maintaining morale among employees and reducing employee turnover.

PASSED AND APPROVED this 23rd day of February, 2021 by the Board of Trustees for the Ector County Independent School District.

SUBJECT: DISCUSSION OF AND REQUEST FOR APPROVAL OF TEA WAIVER FOR REMOTE LEARNING AND SCHOOL CLOSURE

DATE: February 23, 2021

In acknowledgement of inclement weather recently facing the state of Texas, the Texas Education Agency (TEA) has allowed Local Education Agencies to request an ‘other’ waiver in TEAL for closures or the switch to remote learning to claim full-day minutes. With Board approval, the District will submit the Board-approved waiver request with supporting documentation. At this time, TEA has only allowed this option for the recent inclement weather system.

The District will submit the following waivers:
 Friday, February 12, 2021 – Closure
 Monday, February 15, 2021 – Remote Learning
 Tuesday, February 16, 2021 – Remote Learning
 Wednesday, February 17, 2021 – Remote Learning
 Thursday, February 18, 2021 – Remote Learning
 Friday, February 19, 2021 – Remote Learning

If all waivers submitted are approved, we will not have to make-up the five days we utilized remote learning or the one day we closed. Monday, February 15 was the make-up day for the bad weather day we had to use in October. If the February 12, 2021 waiver is approved, we will not have to make up the bad weather day on Friday, April 23, 2021.

Administrative Recommendation:

Approval of the TEA Waiver for Remote Learning and School Closure

SUBJECT: Consent Agenda

PRESENTED BY: Dr. Scott R. Muri

BACKGROUND INFORMATION:

Ector County ISD adopted the use of the consent agenda as a means of expediting regular meetings. Consent agenda items consist of typical or routine matters in nature and typically have been discussed in a prior Board Work Study session. As such, the Board can consider all items included in the Consent Agenda with one motion. Should the Board choose to consider any item on the Consent Agenda separately, that item can be removed from the Consent Agenda, discussed, and voted on separately.

ADMINISTRATIVE RECOMMENDATION:

Approval of the Consent Agenda.

25333 Meeting Called to Order: Tammy Hawkins, Board Vice-President, called the Board of Trustees Meeting to order at 6:00 p.m.

25334 Verification of Compliance with Open Meeting Law – this is to certify that the provisions of Section 551.001 of the Texas Government Code have been met in connection with the public notice of this meeting: Board Vice-President Tammy Hawkins, verified that the provisions of Section 551.001 of the Texas Government Code have been met in connection with public notice of this meeting.

25335 Opening Remarks by Superintendent: In Dr. Muri’s opening remarks he reminded Trustees today was the start of 87th Texas Legislative session, and we hope education will remain a priority. Yesterday, the state comptroller released information on how much money will be available to spend for the new biennium, and while yesterday’s figure is better than earlier projections a shortfall of about \$1 billion is still expected. Dr. Muri said this is not good since costs have risen but the state’s overall budget would be about the same as 2019. If that is the case, cuts will have to be made. State Legislators have stated that they would like to protect HB3 (the sweeping education bill from the last legislative session) which included things like raises for teachers, money for the Teacher Incentive Allotment and National Board for Professional Teaching Standards, plus funding for the Additional Days School Year in the summer. These are some of the elements of HB3 that ECISD leveraged to benefit our staff and students.

25336 **Public Comment:** Individuals who wish to participate during the portion of the meeting designated for public comment shall sign up with the presiding officer or designee before the meeting begins as specified in the Board's procedures on public comment and shall indicate the agenda item on which they wish to address the Board. *BED(LOCAL)*

There were no public comments.

Report/Discussion Items

25337 **Presentation of the Career & Technical Education Program:** Executive Director of Career & Technical Education Carla Byrne presented this item for discussion. Trustees heard a report on the Career & Technical Education (CTE) program. CTE prepares students for college and career opportunities. ECISD's CTE programs are designed for high skill, high demand, high wage occupations; offer dual credit courses allowing kids to earn high school credit and college credit at the same time; and give students the chance to earn industry-recognized certifications. More than 7,200 students are currently enrolled in CTE classes, taking advantage of more than 200 course offerings. New courses set to come to ECISD are HVAC & Plumbing (which are high need jobs in the Permian Basin), Court Reporting, Paralegal, and an expansion of Robotics. State-of-the-art CTE facilities are also on the District's wish list for future projects.

No action required.

25338 **Equity Task Force Presentation:** Executive Director of Leadership Robert Cedillo along with Executive Director of Talent Development Ashley Osborne and Bonham Middle School Principal Mareka Austin presented this item for discussion. Nearly one year ago, an Equity Task Force of District employees and community members began work on disparities in discipline among student ethnicity groups. The Equity Task Force delivered recommendations to the school board in July, and the District began implementing changes this school year. Revisions to the Student Code of Conduct, changes to discipline practices, Unconscious Bias training for employees, strategic scheduling, implementation of a Behavior Support framework, creation of an African American Studies elective course, and recruiting efforts targeted to Historically Black Colleges & Universities are all measures undertaken or being developed now. Specific, comparative data is difficult to collect at this time because of the impact of COVID-19 on school attendance in Spring 2020 and throughout this 2020-21 school year

No action required.

25339 **Discussion of PK3 Innovation Partner:** Assistant Superintendent of Student and School Support Alicia Syverson along with Director of Literacy Jaime Miller, Senior Vice-President Complex Community Federal Credit Union Development & HR Lisa Wyman and YMCA CEO Crissy Medina presented this item for

discussion. The Board discussed an innovative partnership to greatly expand 3-year-old Pre-kindergarten ECISD next year. Through the Call for Quality Schools, the Odessa YMCA successfully completed a rigorous process conducted by a diverse committee. This innovative partnership with the YMCA will help ECISD expand its pre-kindergarten program to serve more 3-year-olds beginning August 2021. The YMCA currently serves children 6-weeks-old to 12-years-old at its existing three locations. It plans to utilize its new building on Pagewood as the site for 150 3-year-olds with potential for expansion. The YMCA has a 'whole child' educational plan and academic model designed for literacy development and logical math discovery that lead to kindergarten readiness – one of the primary tenets of ECISD's strategic plan. The school board must still approve this partnership at next week's meeting and then negotiate a contract with the YMCA.

25348 **Opening Remarks by Superintendent:** In Dr. Muri's opening comments, he thanked the Trustees for their work – which is volunteer work – on behalf of ECISD students and staff. He followed by talking with them about the recently completed student survey on school connectedness. School Connectedness is defined as the belief adults and peers care about their learning and about them as individuals. If students feel connected they will perform better academically. This fall, 59% of students, in grades 3-12, said they feel connected (61% is the national average in a pre-COVID atmosphere). Our goal is to be at the national average next spring and at 63% by 2024. The survey covers five areas: sense of belonging, school climate, rigorous expectations, school engagement, and supportive relationships. Overall, the highest rated area is Supportive Relationships with 72% positive responses; the lowest area is School Engagement at 45% positive responses. Schools are developing action plans to address issues revealed through this survey, and kids will take the same survey again in April.

25349 **Public Comment:** Individuals who wish to participate during the portion of the meeting designated for public comment shall sign up with the presiding officer or designee before the meeting begins as specified in the Board's procedures on public comment and shall indicate the agenda item on which they wish to address the Board. *BED(LOCAL)*

School districts are required to hold a public hearing to discuss their annual report which includes academic performance data, accreditation status, campus performance objectives, information on violent or criminal incidents and performance of the previous year's graduates in their first year of college as reported by the Texas Higher Education Coordinating Board. Much of the academic information on this year's report remains the same as last year's report due to the fact all state assessments were suspended last spring due to the COVID-19 school closures. This presentation will be available on the [ECISD Accountability Department website](#) the day after this meeting.

PRESENTATION AND DISCUSSION OF SCHOOL ACTION FUND SCHOOL RESTART

ECISD is committed to taking bold action to improve student outcomes at campuses across the District. The Texas Education Agency awarded ECISD School Action Fund Grants for two schools to be Restart Campuses. The purpose of the School Action Fund is to assist and support districts in planning and implementation of a school action in Title I comprehensive or targeted schools. This restart provides an opportunity for these campuses to create new and improved learning environments that substantially increase student achievement. A Technical assistance provider with a strong track record of developing and implementing school actions, *Best in Class*, has been selected and rigorously vetted by TEA to partner with ECISD for the restart process.

Mrs. Alicia Press, Executive Director for Leadership, will make a brief presentation to the Board.
