2A. Superintendent's Report

- i. Becker Public School District has been approved for participation in the Summer Food Service Program through August 30th. There will continue to be weekly meals provided to children ages 0-18 during this time.
- ii. Planning for this fall is taking place. MDH and MDE held conference calls on June 18th to release information and guidance for schools. On June 23rd, the Executive Committee met to create drafts of the three required plans for 2020-2021: Distance Learning, Hybrid, Full In-Person Classes. The final guidance by MDE is supposed to be released on July 27th and we (Cabinet) expect to have a plan created and finalized for the August 3rd Regular School Board Meeting.
- iii. The MSBA Summer Seminar is set to take place in early August, please let Angel know if you would like to participate. The format for this year is still unknown at this time but should be released very soon.

3. Consent Agenda

3C. I recommend approving the personnel actions as presented.

3D. I recommend approving the Resolution Relating to the Election of School Board Members and Calling the School District General Election.

3E. The Student Handbooks for 2020-2021 are enclosed. There are no substantial changes to the handbooks this year. **I recommend approving the student handbooks as presented.**

3F. 2020-2021 Fee Schedule **I recommend approving the 2019-20 Fee Schedule** (enclosed).

- a. Board Pay is based on a per meeting cost in the past. I would recommend creating a general base pay for board members to alleviate the need to fill out individualized forms and track each meeting. The average cost over the past four years has been calculated and Kevin Januszewski and I recommend the board to provide pay at the sum of \$1600 annually. The clerk would receive \$1750, while the chair would receive \$1850. This would be paid out twice a year.

3G. I recommend approving The Patriot as the official district newspaper. This is due to the end of publication of our current newspaper, Citizen-Tribune.

4. Policy 706 Acceptance of Gifts permits the school board to accept donations or gifts under the terms of the policy. **I recommend accepting the gifts as described on the enclosure.**
5. Annual Policy Reviews. **I recommend the following annual review policies with administrative only changes.**
 - a. **410 Family and Medical Leave,**
 - b. **413 Harassment and Violence,**
 - c. **414 Mandated Reporting of Child Neglect or Physical or Sexual Abuse,**

Board & Administrator

FOR SCHOOL BOARD MEMBERS

July 2020 Vol. 34, No. 3

Editor: Jeff Stratton

Add focus to the superintendent's evaluation

Give your board's members the opportunity to add specific comments about the superintendent's performance at the conclusion of his appraisal. This information should be collected by the president and used to direct the superintendent's work in the coming year.

Ask these four questions:

1. What impressed you the most about the superintendent's performance this year?
2. What specific recommendations do you have for the superintendent to improve per-

formance?

3. What should be the priorities for the superintendent over the next year?

4. Do you have any additional comments regarding the superintendent which have a bearing on her evaluation?

Question 3 "What should be the priorities for the superintendent over the next year?" lets board members provide guidance to the administrator on setting her performance goals for the next evaluation period. ■

Build mutual trust between board, superintendent

Trust is a key element in a healthy board-and-superintendent partnership.

Here are some trust-building suggestions from the University of Northern Iowa's Institute for Educational Leadership monograph, "Strengthening Board of Education [and] Superintendent Relationships in America's Schools."

- Hold retreats for the board and superintendent away from your regular meeting room at least once a year.
- Provide regular education for board members with a mentor approach, new member orientation, and a regular meeting agenda item devoted to continuing education.

- Count on the board president to lead. The president should work at building relationships with board members and the superintendent and encourage meeting participation by all members.

- Keep board policies updated, including the administrator's job description, and a statement of roles and responsibilities for the superintendent, board president and board members.

- Evaluate the board and superintendent annually.

For information, go to www.uni.edu/coe/iel/bssum.html. ■

From The Board Doctor[®]: Teach board its role

After serving as a board member for more than a decade, a board member in Washington commented that board orientation is one of the most critical issues. He said that an average board member's tenure is often less than it takes for that member to understand the role he plays on the school board.

Consider a recent disagreement you have had with your school board. Then, reflect whether better board orientation could have prevented or eased the disagreement. Most major board blow-ups can trace their roots back to the superintendent's failure to give board members a thorough orientation to board roles and responsibilities and supplementing a sound orientation with regular refreshers for the board on its role.

It is never easy for a school district superintendent to manage the "boss" — in this case, the school board. But when it comes to teaching board members their proper role, you do indeed need to be assertive.

When educating board members about board service, you always need to make this point: No single board member has the authority to make decisions independently, unless the board member is acting on the authority of the full board.

There are many effective ways to teach this. In board member job descriptions, and in your board's policies, see that a statement on the limits of board member authority is included. The following language provides an example:

"The Board is a policy-making body as distinguished from the responsibility for administration of the district's affairs. The Superintendent and staff are charged with implementing and executing Board policy. The Board observes, questions, and evaluates the operational functions of the district, but refrains from direct participation in those functions.

"No individual Board member or Board officer has any authority over the district or district personnel. The individual Board member has no authority to issue instructions directly to staff. Such action can only be taken by the full Board acting in its official capacity."

As you participate in school board member orientation or a refresher course, keep this example close at hand.

Sincerely,

Jeff Stratton, Editor

Increase public participation in virtual board meetings

As districts continue to practice social distancing and hold virtual school board meetings, superintendents and board members should review efforts to facilitate stakeholder participation in the public meetings. Consider creating an electronic form that can be submitted in advance of the virtual meeting as a way to increase public input related to your agenda. Be sure to review the local regulations to determine what is possible for your district regarding public comments and virtual school board meetings first. The form can be posted on your district's website.

The general public comment form can contain the following:

- A notice that the comments include on the form will be read aloud during the public meeting.
- The maximum length of time permitted for commenting on the issue or topic listed on the form.
- Ample space for required information such as the stakeholder's name, address, topic or subject to be addressed, and the comment.

- A cut-off time of deadline (date and time) for submitting comments before the virtual meeting.
- The email address to submit the form or an alternative method for submitting it.
- Instructions on how the stakeholder will receive confirmation that the comment was submitted.
- An explanation that each topic on which the stakeholder wishes to comment should be submitted on a separate form.

Before the public meeting occurs, provide as much training as possible to your board to ensure each member's comfort level is high when the form comes into play. Try to host a practice meeting online with just a few members to test out the system using the comment form and reading the contents out loud. Work out any difficulties in advance.

Finally, continue discussions with your board on how long the form is intended to be used. Is this form a way to increase participation even when in-person school board meetings resume? ■

RESOLUTION RELATING TO THE ELECTION OF SCHOOL BOARD MEMBERS
AND CALLING THE SCHOOL DISTRICT GENERAL ELECTION

BE IT RESOLVED by the School Board of Independent School District No.726, State of Minnesota as follows:

1. It is necessary for the school district to hold its general election for the purpose of electing three school board members for terms of four (4) years each.

The clerk shall include on the ballot the names of the individuals who file or have filed affidavits of candidacy during the period established for filing such affidavits, as though they had been included by name in this resolution. The clerk shall not include on the ballot the names of individuals who file timely affidavits of withdrawal in the manner specified by law.

2. The general election is hereby called and elected to be held in conjunction with the state general election on Tuesday, the 3rd day of November, 2020.

3. Pursuant to Minnesota Statutes, Section 205A.11, the precincts and polling places for this general election are those polling places and precincts or parts of precincts located within the boundaries of the school district and which have been established by the cities or towns located in whole or in part within the school district. The voting hours at those polling places shall be the same as for the state general election.

4. The clerk is hereby authorized and directed to cause written notice of said general election to be provided to the county auditor of each county in which the school district is located, in whole or in part, at least seventy-four (74) days before the date of said election. The notice shall include the date of said general election and the office or offices to be voted on at said general election. Any notice given prior to the date of the adoption of this resolution is ratified and confirmed in all respects.

The clerk is hereby authorized and directed to cause notice of said general election to be posted at the administrative offices of the school district at least ten (10) days before the date of said general election.

The clerk is hereby authorized and directed to cause a sample ballot to be posted at the administrative offices of the school district at least four (4) days before the date of said general election and to cause two sample ballots to be posted in each polling place on Election Day. The sample ballot shall not be printed on the same color paper as the official ballot. The sample ballot for a polling place must reflect the offices, candidates and rotation sequence on the ballots used in that polling place.

The clerk is hereby authorized and directed to cause notice of said general election to be published in the official newspaper of the school district for two (2) consecutive weeks with the last publication being at least one (1) week before the date of said election.

The notice of election so posted and published shall state the offices to be filled set forth in the form of ballot below, and shall include information concerning each established precinct and polling place.

The clerk is authorized and directed to cause the rules and instructions for use of the optical scan voting system to be posted in each polling place on Election Day.

5. The clerk is authorized and directed to acquire and distribute such election materials as may be necessary for the proper conduct of this election, and generally to cooperate with election authorities conducting other elections on that date. The clerk and members of the administration are authorized and directed to take such actions as may be necessary to coordinate this election with those other elections, including entering into agreements or understandings with appropriate election officials regarding preparation and distribution of ballots, election administration and cost sharing.

6. The clerk is further authorized and directed to cause or to cooperate with the proper election officials to cause ballots to be prepared for use at said election in substantially the following form, with such changes in form, color and instructions as may be necessary to accommodate an optical scan voting system.

We are very excited for the upcoming year. We value a safe and nurturing learning environment, have high expectations, and want all students to reach their potential. We understand the importance of extra-curricular and co-curricular activities in creating well- rounded individuals. Over the course of the school year, you will make many decisions. We hope you take advantage of the many learning opportunities and activities. We want you to grow as a person and as a learner.

As a community of learners, we want to work together. The intention of our student handbook is to inform you of school policies and practices and to help guide you to make good choices and navigate the high school. I. ACADEMIC INFORMATION

A. ACADEMIC INTEGRITY

Academic integrity refers to honesty and ethical behavior in producing and representing your work in a school setting. Academic dishonesty is a failure to display this ethical behavior in your academic conduct, and while there are many types of academic dishonesty, the two main concerns in the classroom are cheating and plagiarism.

Cheating includes a variety of behaviors including the following:

- Copying the work of another student
- Allow one's work to be copied by another student
- Use of unauthorized materials on a test or project
- Unauthorized use of electronic devices on a test
- Obtaining unauthorized copies of materials, information or knowledge prior to taking a test or completing a project
- Claiming credit on a group project for contributions that were non-existent or below requirements
- Falsifying or forging any academic document

Plagiarism is passing off the work of another, often without their knowledge or consent as your own.

Plagiarism can be intentional or unintentional. Examples of unintentional plagiarism include:

- Failure to list sources used
- Failure to indicate that material in a paper came from one of the sources
- Following the wording on the original source too closely when paraphrasing
- Use the ideas of another without proper citation
- Changing some of the author's words by retaining his ideas and/or sentence structure without citing

When do you have to cite?

- When you are using or referring to someone else's work in your paper (including their words, ideas, research, charts, illustrations etc.)
- When you use an exact quote or a unique phrase from a source
- When your information comes from an interview or represents someone else's observations

When don't you have to cite?

- When you are expressing your own ideas, observations, opinions, and theories
- When what you are writing is common knowledge
- When what you are writing can easily be found uncited in common reference books
- When you've created your own illustrations, charts, diagrams
- When you are using research you conducted yourself
- When the information lies within your own field of expertise, and it stems from your personal knowledge

How do you cite information?

In formal writing, this citation should occur in two places, in the actual text of the paper itself and in the bibliography. Doing this properly is simply a matter of very specifically following a style guide, which shows exactly how to document the information. Most teachers at BHS follow the MLA style guide, and a handout of instructions for proper MLA citation can be found in the Media Center.

What are the consequences of academic dishonesty?

Incidents of cheating or plagiarism can have serious consequences. At Becker High School, students who are discovered to have plagiarized or cheated on specific assignments or tests may receive a "zero" or no credit for that assignment or test and additional disciplinary action may be included.

How do you prevent “accidental” plagiarism?

- Make sure you start your research early! Give yourself plenty of time.
- Make sure you take notes accurately. Use a highlighter to mark exact quotes and unique phrases that will have to be in quotation marks.
- Make sure that you have accurately recorded bibliographic information for all sources used in your research.
- Make sure you indicate on each note card where the information came from, source and page number.

B. CREDITS AND STANDARDS

In order to graduate, students must earn 28 credits (Class of 2020 and beyond) and meet all requirements established by the Becker School Board and the Minnesota Department of Education.

C. GRADING

Becker High School utilizes a unified grading scale according to the following percentages:

A	100-93%	C	76-73%
A-	92-90%	C-	72-70%
B+	89-87%	D+	69-67%
B	86-83%	D	66-63%
B-	82-80%	D-	62-60%
C+	79-77%	F	59% and below.

Note: College in the Schools, (CIS) classes are subject to their own grading scale, as well as policies outlined in the syllabus of the course. University policies may sometimes supersede BHS policy.

D.GRADING SYSTEM

The above letter grades will be used in all subjects. Teachers develop their own system of grading to arrive at the designated letter grade. The grading system used by each teacher should be explained to the students during the first week of the course and posted on the course syllabus.

E.GRADUATION

EARLY GRADUATION

A student who completes all graduation requirements prior to the beginning trimester three of their senior year may apply for early graduation. A student who chooses to graduate early is no longer allowed to participate in any Minnesota State High School League activities, and high school functions, except commencement exercise and Prom.

To be considered a candidate, a student needs to do the following:

1. Discuss early graduation with his or her parent/guardian.
2. Have a meeting with his or her counselor to discuss reasons for early graduation, review his or her credit history, and to obtain an early graduation form.
3. Complete an early graduation form and attend an early graduation meeting with student, parent, counselor, and administrator.

GRADUATION HONORS

Becker High School will honor students at the commencement exercise for their academic achievement. The GPA at the end of trimester two is used to determine honors students. All students with a cumulative GPA of 3.6 or higher will receive “Honors” status at commencement, while students with a cumulative GPA of 3.9 or higher will receive “High Honors” status. To be considered for this honor, a student must have completed their last 16 credits as an enrolled student at Becker High School.

F. HONOR ROLLS

"A" Honor Roll is defined as those students who have maintained a 3.666 grade point average or

better for a marking period.

"B" Honor Roll is defined as those students who have maintained a grade point average between 3.000 and 3.666 for a marking period.

G. HYBRID ONLINE COURSE OFFERINGS

Students have the option to enroll in Becker High School Hybrid Online courses. Online courses provide a more flexible environment and have benefits for students in the short term and long term.

- Parent permission is required to enroll in these courses
- Students enrolled in Becker Online Course may have time during their day where they are not required to be in school. Depending on the class, this may mean that the student does not have to report to school until later, may leave school earlier, or may leave the building during the day
- If students choose to be in the school building, they should remain in the commons area
- To help promote academic success while fostering self-directed learning, each Becker Online Course has shared protocols, including:
 - Classes will have expectations from time to time, as designated by the teacher, when students must be present in the classroom during the designated block. Students are held to attendance expectations for those days.
 - When a student falls behind more than one assignment, the teacher will connect with the student. If a student falls behind more than two assignments or is failing, the teacher will reach out to office staff and parents/guardians. At this point, the decision may be made to require attendance in the class every day.
 - If a student is below a C- at mid term or anytime after that during the term, the student will be required to be in the classroom during the designated block. Students may earn back the flexibility of an online class once. If they drop below a C- again, they will be expected to be present in the classroom every day for the remainder of the term.

H. INCOMPLETE WORK

Students must complete all course work by the end of the term. In the event that an extenuating situation exists which may require additional time for completing course work, a teacher may request extensions of time. Such requests will be forwarded to the principal. All incomplete grades must be completed within 10 school days after the last day of the quarter trimester. If the work is not completed, the incomplete is changed to the letter grade earned.

I. INDEPENDENT STUDY

Independent Study (IS) courses are designed for students to meet education goals that may not be available in our regular curriculum. These courses are taught voluntarily by our licensed staff and must be accepted by the instructor and approved through the counseling office and administration.

J. LETTER GRADES AND HONOR POINT VALUES

A	4.0	D+	1.333
A-	3.666	D	1.0
B+	3.333	D-	0.666
B	3.0	P	0.0 (credit earned)
B-	2.666	S	0.0 (credit earned)
C+	2.333	F	0.0 (no credit earned)
C	2.0	W	0.0 (no credit earned)
C-	1.666		

K. LETTERS-ACADEMIC

Students in grades 9 through 12 may receive a school certificate for outstanding achievement in academics. The achievement criteria to receive an “academic letter” at each grade level are based on a student's grade point average over that student's academic career in grades 9 through 12. The criteria are 9th grade- 3.90, 10th

grade- 3.75, 11th grade- 3.66, and 12th grade- 3.50.

L. MIDTERM PROGRESS

At midpoint of each trimester, parent/student/teacher conferences are held. Students are encouraged to check their grades regularly online and attend conferences. Conference dates are posted on the school website calendar. Parents are informed through Skyward when midterm grades are posted.

M. PASS/ FAIL OPTION

Pass/ fail grading options exist for the purpose of promoting students to take an elective course or two that interests them without adversely affecting their GPA. Students may take a maximum of one credit pass/fail (excluding T.A., Mentorship and Practices in ECFE) in their high school career. Students must approve the pass/fail option with the course instructor, and gain administrative approval within the first two weeks of the class. To receive a passing grade, a student must achieve at least a 70% in the course. Students should be mindful of how this may impact a transcript.

N. PARENT ACCESS

Parents/Guardians have access to their student's school information through Skyward. Student information includes attendance, food service accounts, grades, and discipline information. This information is password protected. Parents should contact the high school office if they are in need of a password or have difficulty accessing information.

O. POST-SECONDARY OPTION (PSEO)

Information regarding the PSEO program is detailed in the "Student Registration Guide," which each student is given a copy of at the time of registration. Students attending a post-secondary institution either full or part time are expected to attend classes on a regular basis and carry the number of credits necessary to be a full-time student.

If a student chooses to drop/withdraw from a class and the school is billed for the credits because the withdraw was not within the guidelines set by the college, the student will receive a grade "W" which will count as part of the student's grade point average and will be included on the student's transcript. The student dropping a class will be placed in a high school class if feasible.

The student must be persistent in keeping in touch with the high school and counseling offices. Please call ahead to schedule appointments to ensure availability. This will help each student stay informed about such things as graduation, testing, scholarships and other important news for both juniors and seniors. The high school and counseling websites are sources of important information for all students.

Students are required to inform their counselor of their intent to enroll in PSEO for the following year by May 30th of the year prior to taking PSEO classes.

P. RANK

Rank in each class is the order of students from the highest to lowest academic achiever. The final rank for seniors is determined by calculating the grade point average for all of grades 9 through 12. It is figured by computer in June after trimester three grades are recorded.

II. ATTENDANCE POLICIES & PROCEDURES

Attendance at school is one of the greatest predictors of success for students. The staff and school board of Becker High School believes that regular school attendance benefits students academically and socially, provides opportunities for communications between teachers and students, and establishes habits of dependability important to the future of all students. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and a way for students to develop responsibility and self-discipline.

It is the responsibility of the parent and school to promote regular attendance. The following is a partial list of ways parents can help their child stay in school.

- Make education and attendance a family priority.
- Build your student's self-confidence by recognizing and celebrating when he/she is successful.
- Help your student develop good study and work habits by scheduling home study time.
- Communicate with your student's teachers through telephone, email, and face-to-face conferences. They can provide important insight into your student's school performance and suggest ways for improvement.
- Get to know your student's friends and classmates. They can influence your student's school performances. Lack of friends or problems with peers can also affect school performances.

The school is the arbitrator of whether an absence is excused or unexcused. When absences become excessive for any reason, parents will be contacted. A full copy of the school district's attendance policy may be obtained on request. **(School Board Policy #503)**

A. ABSENCE PROCEDURES

1. Parents/guardians are requested to call the high school office, **(763) 261-4501**, and leave a message before school to report the student's absence. Absent students whose parents did not telephone must bring a note upon returning to school.
2. If the school does not receive a phone call or note within 48 hours, the absence will be unexcused.
3. It is the student's responsibility to get any missed assignments and to turn them in during the allotted time given by the teacher.
4. Parents and students are expected to regularly check Skyward for attendance and grading updates.

B. ARRIVAL AND DISMISSAL TIMES

School starts at 8:10 a.m. and ends at 2:55 p.m. Students not in an after-school activity or under the direct supervision of a teacher/advisor are expected to leave the building by 3:15 p.m. In the event of an early dismissal, students are expected to leave school within fifteen minutes following a dismissal. High School students are restricted from the middle and elementary school facilities unless they have direct administrative permission or are involved in or attending a school sponsored activity.

C. DEADLINE FOR EXCUSING ABSENCES

When a student returns to school following an absence and no call or note has been received, the student will have **48 hours** to clear the absence before it is considered unexcused resulting in disciplinary action. Students are encouraged to check their attendance often. Parents will also be notified of absences automatically via email through the use of the Skyward notification system.

D. EXCUSED & UNEXCUSED ABSENCES

An excused absence indicates an absence from school with parent/guardian permission and school permission. Students exceeding five excused absences per trimester for illnesses and/or medical/dental appointments may be required to obtain a note by a physician before additional absences are excused. The following absences are considered excused:

1. Illness of the student
2. Serious illness or death of a family member
3. Family Emergency
4. Impassable roads/inclement weather
5. Dental/medical/psychological appointments that cannot be arranged at another time.
*Please avoid scheduling appointments and/or vacations on state testing days. These dates are found on the district website.
6. Religious holiday observance and/or religious instruction not exceeding 3 hours per week.
7. Required court appearance
8. Trips of short duration when the parent/guardian notifies the school in advance of the absence

9. School approved absences consisting of field trips and suspensions
10. Others as determined and approved by administration

Please avoid scheduling appointments and/or vacations on state testing days. These dates are found on the district calendar.

An unexcused absence indicates that the student is absent from school for a reason other than listed in the excused portion. If a student receives an unexcused absence, the student may or may not be allowed to make up any assignments or tests missed on the day of the absence. This is at the sole discretion of the teacher.

The following absences are considered unexcused:

1. Oversleeping
2. Missing bus/transportation problems
3. Absences not verified by a parent/guardian within 48 hours
4. Truancy
5. Leaving school without permission
6. Working for wage, work at a business unless under an approved school work program.
7. Driver Training practice appointments.
8. Arriving more than ten minutes late to a block without a pass
9. Leaving class early without teacher's permission

MAKE UP WORK

1. Advanced Make-Up Work- Students who are absent because of activities, vacations, and other scheduled or pre arranged activities must notify the office in advance of the absence. Homework must be completed in advance or is due upon the first day the student returns to school. Any other arrangement must be made with the teacher.

2. Make Up Work- When a student returns to class from an unanticipated absence, he or she should discuss with each teacher the material that was missed and each teacher will provide make-up work and a clearly defined due date for that make-up work. Long-term assignments or tests (that were previously assigned) may be due the day of the student's return to school. The responsibility for completing the work rests with the student. It must also be understood that a large part of what happens in the classroom cannot be replicated and is lost whether the absence is excused or not.

E. EXTRA CURRICULAR PARTICIPATION

Students involved in any extracurricular activity scheduled during or after the school day or any school sponsored on-the-job training program may not participate in after school activities or programs if they have an unexcused absence from any class during the day, have been suspended from class, including in-school and out of school suspension, or have missed more than two blocks of the school day. If a student is absent due to medical reasons, the student must present a doctor's note clearing them to participate for that day. Any extenuating circumstances will be reviewed by the administration. This policy includes practices, games, concerts, plays, and competitions. In addition, students who are suspended or administratively dismissed from school are not eligible for practice or participation on the day of the suspension or dismissal.

F. LEAVING DURING THE SCHOOL DAY

No student is to leave the building or its premises. This includes going to the parking lots during the school day without permission and a pass from the front office, authorized work program. Students leaving early from school must gain parent/front office permission and sign out in the office.

A student who does not follow the proper check out procedures will receive an unexcused absence.

- A. **Early Dismissals:** A student who has an appointment must present a note from a parent/guardian in the office before 8:10 a.m.
- B. **Illness:** If a student becomes ill during the school day, he/she must report to the nurse's office. If a student is ill and needs to be sent home during the school day, the school nurse will contact a parent/guardian and make necessary arrangements.

G. PREARRANGED ABSENCES

It is recommended that students obtain a prearranged absence form from the high school office two days prior to their absence. After obtaining a prearranged form, students must communicate with their teachers in advance to obtain materials, due dates and assignments. Work may have to be completed in advance of the trip in order to receive credit, unless otherwise agreed upon between the teacher and student.

H. SKIP DAYS

Becker High School does not authorize skip days of any kind. Disciplinary action, as deemed appropriate, will be taken with those who participate in a skip day.

I. STATE TOURNAMENT ATTENDANCE

If any of the Becker High School teams are participating in a State Tournament provisions will be made for students to attend the tournament. However, when Becker is not represented in a State Tournament, the following regulations apply:

1. Absences may not exceed one day.
2. The student must present a note signed by a parent/guardian to the attendance office two days in advance in order for the absence to be excused.
3. A student must show the excused pass to his/her teacher in order to receive work that will be missed on the day of the absence. Work missed should be completed before the absence or on the day the student returns to school.

J. TARDINESS

Becker High School feels that promptness is a life-skill. Students are expected to be in class when the bell rings. Students who are less than 10 minutes tardy to first block should report directly to their first block class (by 8:20). Teachers will inform the students of their individual tardy policy. Students should be aware that tardiness may result in loss of credit. Tardiness in excess of 10 minutes shall count as an unexcused absence.

K. TRUANCY

When a student is absent from any class without parental request and administrative approval, he/she is considered truant.

Truancy Intervention Project (TIP)

Becker High School works in collaboration with the Sherburne County Attorney's Office on the Truancy Intervention Project. The Truancy Intervention Project is a program designed to improve attendance by juveniles at school by working in collaboration with parents, schools and juveniles.

Step 1 – After the child has had **3 or more unexcused absences on 3 different days**, MN statute (260A.02) defines the student as a continuing truant. At this time, the school makes a referral to the County Attorney's Office. The child and the parent then attend a mandated meeting with a representative of the Sherburne County Attorney's office to gain knowledge of the truancy laws.

Step 2 – If the child continues to be truant, the family can be referred to the Sherburne County Attendance Review Board on the **fifth unexcused absence**. The family meets with representatives from the school, Sherburne County probation, community agencies and the local law enforcement to identify and address any issues that are preventing the child from attending school and being a successful student.

Step 3 – After the child has had **7 or more unexcused absences on 7 different days**, MN statute (260C.007 Subd.19) defines the student as a habitual truant. The third step in the TIP is the filing of the truancy petition. The third step can be taken if Steps 1 and 2 have failed and the student reaches his or her seventh unexcused absence.

III. DISCIPLINE POLICY/CODE OF CONDUCT

A. BEHAVIOR EXPECTATIONS OF ALL BECKER HIGH SCHOOL STUDENTS

Students are expected to demonstrate appropriate behavior in the school, in the classroom, and at all school activities. Good behavior is necessary to provide a successful educational environment. The following guidelines will help insure that the educational program can function to the best advantage for all students and staff.

- Be present in classes daily.
- Be in class on time.
- Be prepared for class. (Bring all required materials to class, i.e., books, paper, textbook, etc.)
- Be attentive in class and participate in classroom activities.
- Make an effort to be successful.
- Show respect for teachers, other students, and school property.
- Follow the directives of teachers and supervisors, insubordination or the refusal to follow directives of a teacher or supervisor is considered serious.
- Help keep classrooms and the school neat and clean.
- Do not bring valuables to school. Keep personal property in your possession or in a locked locker.
- Ethical use of technology and equipment is expected.
- Students are not to use electronic devices during instructional time unless granted permission by a staff member.

B. BULLYING (School Board Policy 514)

“Bullying” means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to one or more students and which substantially interferes with another student’s or students’ educational benefits, opportunities, or performance. Bullying includes, but is not limited to; conduct by a student against another student that a reasonable person under the circumstances knows or should know has the effect of:

1. Harming a student;
2. Damaging a student’s property;
3. Placing a student in reasonable fear of harm to his or her person or property; or
4. Creating a hostile educational environment for a student.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion.

5. Retaliation in any form will not be tolerated and will be met with additional consequences.

C. DISCIPLINE (School Board Policy 506)

I. Statement of Policy

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline.

- All students are entitled to learn and develop in a setting which promotes respect of self, others and property.
- Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place.
- Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. It is the position of the school district that a fair and equitable district wide student discipline policy will contribute to the quality of the student’s educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair

Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. • **Detention**

Teachers, assistant principal or the principal may assign detention to students who are tardy to school and to students who do not follow classroom rules. The amount of detention time may be from fifteen minutes to an hour and must be served on the date assigned that is agreed upon by the student, parent and teacher.

SCHOOL BOARD POLICIES- Student Discipline

Complete Policies may be found in the high school office or on the Becker School District Website

E. DRUG AND ALCOHOL ABUSE (School Board Policy 417 and 418)

The possession or use of drugs or alcohol is a serious violation of state laws and punishable by fines and/or imprisonment. Violations will be reported to the proper authorities and/or social agencies. Students who are under the influence of chemicals while at school, or who consume, sell, give away, or have possession of drugs, paraphernalia, or alcohol on school property, or at a school sponsored activity may be suspended or expelled from school. Illegal substances and related items will be confiscated. Before the student is readmitted to school, a conference consisting of parents, student, and principal will be arranged to determine the best course of action for the student and the school. If exclusion or expulsion is recommended, it will follow state law.

IV. GENERAL INFORMATION

A. ACTIVITIES

The BHS activities department keeps a current list of all student opportunities for participation in co-curricular activities and student led groups. Student opportunities fall within three categories as defined below, all of which have operational procedures on file in the Activities Office. Student opportunities must follow the proper procedures before being recognized by BHS. All three categories may post notices in the designated Activities area of the high school and participate in high school activity fairs. All field trips should follow the SBT guidelines for the HS building. All transportation related requests should be coordinated with the appropriate school administrator.

MSHSL athletics/activities: These school sponsored, high school league governed athletics/activities, follow school, district and MSHSL guidelines. Coach/advisor is a listed Schedule C position unless noted. These activities are eligible for inclusion in the yearbook.

BHS sponsored clubs: These clubs usually support either a curricular area within the high school or a specific function relating to the operation of the school. Director/advisor is a listed Schedule C position unless noted. These activities are eligible for inclusion in the yearbook.

Student led groups: These groups are started, organized and led by students at Becker High School with an approved faculty supervisor. Because these are student led groups, "Becker High School" will not be identified

in the official name of these groups. These groups generally meet outside of the school day. Student led groups are not generally eligible for Fund 15 accounts and therefore cannot participate in school fundraisers. Application for school recognition must follow either the September 15, or February 15 deadline for approval.

Academic Eligibility - Scholastic Grading Policy:

Philosophy: This policy is not intended to use ineligibility as a punishment for failing grades. Student learning is a priority and decisions regarding eligibility should reflect a commitment to meeting the needs of students in activities. Because these needs are so varied, the scholastic policy must reflect some flexibility.

1. A student that receives one or more "F's" or "U's" as a mid-trimester grade is placed on academic probation for the remainder of the trimester grading period. These students will initially be ineligible for a period of one week, during which time he or she is ineligible to participate in activity contests. Subsequent eligibility status will be determined on a weekly basis for the remainder of the grading period (trimester). At this point, students must be passing all classes on a weekly basis to participate in contests. A student who passes all of his or her classes at the end of this term will no longer be on academic probation.
2. Students who receive a grade of "F" or "U" as a trimester grade are placed on academic probation for the entirety of the next grading period (trimester). These students will initially be ineligible for a period of one week, during which time he or she is ineligible to participate in activity contests. Subsequent eligibility status for said student shall be determined on a weekly basis for the remainder of the grading period (trimester). If the student passes all classes at the end of the grading period(trimester), he or she shall be removed from academic probation.
3. Any student that receives an F or U at the end of quarter 4 will be on academic probation in the fall and subject to the guidelines in #2 above. Subsequent eligibility status for said student shall be determined on a weekly basis for the remainder of the trimester grading period. If the student passes all classes at the end of the grading period, he or she shall be removed from academic probation. Any student successfully completing summer school will not be placed on academic probation to start the fall season.
4. A grading committee consisting of the Principal, Coach, Assistant Principal and Activities Director shall have the authority to review and rule on the eligibility of students with special or unusual circumstances.
5. Ineligible students are not allowed to dress or participate in any contests but are allowed to attend practices during the period of ineligibility.
6. All Student participants must be "on-track" to graduate from Becker High School to participate in an activity, as per MSHSL guidelines.

B. BASE (BECKER ALTERNATIVE SCHOOL OF EXCELLENCE) Program

This program is designed to assist 11th and 12th grade students with needs that cannot be met within the current program and/or services. This alternative program will offer a highly structured, self-contained learning environment with equal emphasis on teaching academics and behavioral/social skills, with a focus on attendance and respect. Students that are interested in this program should first meet with their counselor. If the student meets the state criteria for placement in an ALP, his or her counselor will make a recommendation to administration for approval into the program.

C. CLASS RINGS

Students may order class rings during the spring of their freshman year. There is no requirement for students to order a ring or to order from the representative that visits the building. We recognize the presence of the representative as a service to the students.

D. COMMENCEMENT EXERCISE

To participate in the commencement exercise, students must meet all Becker High School requirements and must have earned 28 credits required to graduate. Students who have earned 27 credits and are enrolled in BHS summer school will be allowed to participate in the ceremony. Students must also have satisfied all detention or disciplinary time owed, have paid any fines, and returned all materials or school property. There is a \$35 senior fee for graduation expenses.

E. CRISIS MANAGEMENT DRILLS

Minnesota law requires that each school practice one severe weather drill, five fire drills, and five lockdown drills, each year.

1. **Fire drills** are a necessary part of our high school safety plan. When fire drills are held, everyone is to leave the building as quickly as possible when the alarm is sounded. No one is to return to the building until the "All Clear" signal is given. Unnecessary setting off a fire alarm is considered a terrorist threat. Students will be suspended and may be recommended for expulsion as well as being subject to appropriate legal penalties and fines.
2. **Lockdown drills** will be practiced with staff and students. All students and staff must follow the lockdown procedures each time the drill is practiced. No student or staff is to use cell phones during these important safety drills.

F. DANCES

Dances are a positive aspect of the school environment. There are a number of dances throughout the year. They are held for your enjoyment and for various school organizations to raise money.

The following are rules for all dances:

1. Dances are open to Becker High School students; no guests are allowed. Junior/Senior prom and Homecoming are the exceptions where students may bring a guest. Students must obtain a guest permission form from the student services office and have this approved two days before the day of the dance.
Prom is open only to Becker High School Juniors or Seniors and their approved guest, and all prom attendees must be grade 10 or above, or one year removed from high school.
2. Once a student has left the dance, he/she will not be allowed to return to the dance even if he/she is willing to pay again. This includes going out to the parking lot.
3. All school policies are enforced at dances.
4. Students who violate school policy may not be admitted to future dances for the remainder of the school year.

G. DIRECTORY INFORMATION

In accordance with the Minnesota Data Practices Act, Becker Public Schools may release the following information without permission unless the district has been notified that it should not be released. Federal rules define directory information to mean, "Information contained in the education records of a student which would not generally be considered harmful or an invasion of privacy if disclosed." 34 C.F.R., Sec. 99.3.

Military Access to Student Data

Minnesota Statute Data Practices Act M.S. 13.32, Subd. 5a Military Recruitment states:

A secondary institution shall release to military recruiting officers the names, addresses, and home telephone numbers of students in grades 11 and 12 within 60 days after the date of the request, except as otherwise provided by this subdivision. Data released to military recruiting officers under this subdivision: (1) may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military; and (2) shall not be further disseminated to any other person except personnel of the recruiting services of the armed forces.

A parent or adult student has the right to refuse to permit the designation of some or all of the categories as directory information with respect to that particular student. If, as parents, or adult student, you wish not to have any or all of the above information to be considered "Directory Information," you should contact the High School Office in writing by September 30, or within 30 days of the student enrolling in school.

Deposits received by 9:00 a.m. will be ready to use at lunch. A high school student lunch will cost \$2.85, and breakfast will be \$1.70 this school year. action and parent/guardian contact. A student will be asked to leave the lunchroom if his/her behavior is unacceptable. Each student is responsible for bussing his/her own dishes. All food and beverages are to remain in the lunchroom.

N. HOMEWORK EXPECTATIONS

Students should expect that they will have homework assignments to complete after school on most evenings. Homework completion works best if a regular routine is established and a quiet place is provided to complete assignments.

O. INTERNET/COMPUTER USAGE (School Board Policy 524)

Students and staff in District 726 have access to the Internet, a global electronic information network that is used by businesses and organizations, the government, the military, and educational institutions. The Internet can serve as an important educational resource by providing access to thousands of libraries, databases, research institutions and a multitude of other information sources that can be used to educate, inform and entertain.

The Internet is not under the control of this school district, and making Internet available to students carries with it the possibility that some students might encounter information that some have identified as controversial or inappropriate for students. ISD 726 also denies any responsibility for the accuracy or quality of the information obtained. Our focus is less in controlling the environment but more in providing individual users with the understanding and skills needed to use the Internet in ways appropriate to their educational needs. Ultimately parents and guardians are expected to set and communicate the standards that their children should follow when using this resource. To that end, the Becker School District will support and respect each family's right to decide whether or not to limit their child's usage of the Internet.

Use of the Internet is a privilege, not a right. Access to network services will be provided to students who agree to act in a considerate and responsible manner. As a school resource, students' Internet accounts and activities fall under the supervision of district personnel. District personnel shall have access to all files, including e-mail, located on district computers. The district has the right to monitor network activity in any form that it may see fit to maintain the integrity of the information network.

It is the expectation of District 726 that student use of the Internet should support its intended use as an educational resource, and student behavior should at all times comply with other District policies, such as, the Student Discipline Policy and the Sexual Harassment Policy. Unacceptable uses of the Internet include, but are not limited to, the following:

- Using or distributing inappropriate, abusive or obscene materials and/or language
- Revealing or posting personal information such as addresses, phone numbers, etc.
- Engaging in any activities that are illegal, including the violation of copyright or other laws
- Using the network to attempt to disrupt, damage or subvert its use by others, or in a way that results in loss of another individual's work, or wastes network capacities
- Installing unauthorized software on school computers and/or downloading software or large files
- Using an account owned by another user, with or without their permission, or permitting other students to use one's Internet access or account
- Using the network for a commercial, political or profit-making enterprise
- Plagiarizing material from network resources
- Using the network in any way that violates any formal or informal school policies and behavior standards

The District and its personnel have the right to restrict or terminate access to the Internet at any time for just cause. Consequences for the misuse of this resource will be determined on a case-by-case basis and may include loss of computer privileges, suspension, expulsion or other disciplinary action.

P. IPADS

Becker High School meets student needs for 21st Century learning skills by utilizing a 1:1 iPad program. Students are expected to follow the guidelines as listed in the Becker Public Schools iPad procedures handbook, which is attached to this handbook as an appendix.

Q. LOCKERS

Hall lockers and Physical Education lockers are “on loan” to students for the school year and remain the property of District 726. The school reserves the right to inspect lockers when building administrators deem actions necessary to insure the safety and welfare of the students and staff. Students will be assigned a locker the first day of school. Students are not to share lockers. No student is to switch a locker with another person without obtaining permission. Locker combinations are not to be shared with anyone. Students will be responsible for the condition of their locker.

School lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students.

R. LOCKER ROOMS

The locker room area is locked unless students are in attendance for a scheduled class or activity. Students are not to be in the locker rooms unless they are participating in a Physical education class or an athletic activity. Please do not leave valuables in gym lockers.

S. MEDIA CENTER

The high school media center is an area designed to aid you in your studies by providing the materials for your use. Don't hesitate to ask for help in locating information or for recommendations of books you might enjoy reading. The media center is an extension of the classroom as well as a study area and resource center. Remember to use it for its intended purpose; it is not a place to socialize.

So that the library can provide materials and services for all, the following policies have been developed:

1. The library is open to students from 7:30 A.M. to 3:30 P.M.
2. Unless used just in the library area, all materials must be checked out by library personnel and returned to the circulation desk when finished.
3. Current magazine issues are to be read in the library and returned to the circulation desk five minutes before the end of the period.
4. Older issues of magazines are available for checkout. When you need back issues of magazines, ask the library personnel to get them for you from the back room.
5. You may check out materials (books, magazines, pamphlets) for one month and, if needed longer, they may be renewed. The exception to this would be reference books or books on reserve that may be checked out for overnight only.
6. It is a student's responsibility to return or renew materials when due. A fine may be assessed to a student for materials not returned, damaged or lost.
7. All audiovisual materials are available for your use, but should be used in connection with your studies.
8. Students needing to use the library during class time should obtain a pass from the classroom teacher. This pass should be given to library personnel upon entering and will be signed and returned when you leave.
9. No food or beverages are allowed in the media center.
10. Students are to abide by the Internet policy.

T. PARKING/PARKING PERMITS

Students may drive to school and park in an approved Becker High School student lot provided they purchase a parking permit, register their vehicle(s) with the office and display the permit in their vehicle. The school is not responsible for students while using private transportation to and from school. Parking permits for the school year are available for purchase in the Student Services Office for \$50 and are non-refundable and non-transferrable. Random enforcement of parking permit compliance will be conducted and violators may be subjected to fines and possible revocation of school parking privileges.

The privilege of bringing a vehicle to school may be denied to any student if he/she exhibits the following:

1. Reckless or careless driving
2. Speeding
3. Parking in a staff/visitor lot, or non-approved area (fire lanes, handicapped parking).
4. Vandalism
5. Loitering in the parking lot during school hours.
6. Students are not allowed to be in their vehicles or move their vehicles during school hours without permission from the front office.

U. PHYSICAL EDUCATION PARTICIPATION

Physical activity is important to the growth and development of our students. Our physical education program provides a variety of activities for all students including students who may have a recent injury, chronic illness, or physical impairment. To ensure each student remains physically active, certain guidelines are enforced.

To be excused temporarily from participating in physical education, students must obtain an acceptable written response from one of the following:

1. Parent **(for one day only)**
2. School nurse **(for one day only)**
3. Examining physician-The note must be specific to the time frame and activities to be excused from. A student receiving a physician's excuse must also present a physician's permission note to resume activities.

V. PICTURES

A professional photographer will take individual school portraits early in the school year. The pictures and names of each student will be published in the school yearbook.

W. PLEDGE OF ALLEGIANCE (School Board Policy 531)

Students in this school district shall recite the Pledge of Allegiance one or more times each week. The recitation shall be conducted:

1. By each individual classroom teacher or the teacher's surrogate; or
2. Over a school intercom system by a person designated by the school principal or other person having administrative control over the school.

Anyone who does not wish to participate in reciting the pledge of allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice.

X. POST SECONDARY VISITS

Post-secondary visits are an important part of selecting a post-secondary school. Following are procedures to arrange campus visits.

1. Campus visits are limited to juniors and seniors.
2. If possible, visits should be arranged during days when school is not in session (workshop days, winter break, etc.).
3. If visits are necessary during the school day no more than three such visits will be allowed.
4. Prior to any campus visit, students should meet with their counselor to identify how they might get the most from their campus visit and to receive their prearranged form.
5. All visits should be prearranged through the attendance office.

6. Students should meet with the counselor upon returning from a campus visit to review the information they received on the visit.

Y. POSTERS / DISPLAY OF ITEMS

In general, public school buildings may not be used to advertise commercial activities or products. Students may make and put up posters in the building according to the following guidelines:

1. Administration approves each poster by stamping it in the office before it can be posted.
2. Postings are to be hung only in the designated areas.
3. Posters must be removed immediately after the event is over.
4. Posters will be approved for a specified timeframe and are not to be permanently displayed, unless designated by administration.

Z. PUBLIC DISPLAYS OF AFFECTION

Our students are expected to use good judgment in regards to PDA's and are expected to refrain from such displays in the building or on school property. All staff may correct students if their behavior is not acceptable. Students are encouraged to accept redirection in a constructive manner in an effort to maintain a proper, respectful, and educational atmosphere for all students and employees in the building. If the behavior continues, disciplinary action may be instituted and parents may be contacted.

AA. SCHEDULE CHANGES

We believe that students have the right to select their own classes. However, it does become necessary to alter some students' schedules in order to keep classes from being overloaded or because it is impossible to schedule a specific combination of student requested courses. We believe that once a student registers for a class and that class is scheduled, the student has the responsibility of remaining in the class and completing it. In order to ensure class loads remain consistent and due to many classes being scheduled at student capacity, requests for specific teachers, lunch schedules or other student requests may not be honored. Changes can be made if the change has the best interest of the student's education in mind, if the assistant principal, principal, and/or counselor approve the change, and if the reason for changing a class is one of the "acceptable" reasons listed.

Acceptable reasons for a schedule change are

- A written doctor's excuse which notes that a student must be excused from a particular class.
- The class has been determined by the student and the teacher to be beyond the student's ability.
- Student acceptance into a special program.
- Need to take a required course.
- Computer error.
- Requested by administration and/or counselors.

All schedule changes must be made within the first three days of the trimester in which the class is scheduled. Any class that is dropped more than two weeks into the trimester will result in a grade of "F" on the student's academic record. Also note that for college credit courses, a grade of "F" will appear on your college transcript.

BB. SCHOOL CLOSING

For emergency closing due to inclement weather or for any other reason, listen or watch the following:

1. Radio - WCCO (830) or WJON (1240)
2. TV - KARE (Ch 11) or KSTP (Ch 5) or WCCO (Ch 4)
3. Becker School District Website or Facebook page

CC. SCHOOL RESOURCE OFFICER

An important part of the BHS administrative team is our school resource officer, who is an Investigator with the Sherburne County Sheriff's Office. The proactive mission of the deputy is early intervention in matters that if left unchecked, might lead to serious implications regarding the safety and security of the students and staff. The secondary responsibility of the school resource officer is to respond to certain acts committed in the school that may be deemed as unlawful. As an officer of the law, the resource officer may cite violations of the law and process charges through the county attorney's office, regardless of the school penalties imposed for that

same act. Thus, it is possible that some acts may be violations of both school rules and/or school board policies and also in violation of the law, resulting in both school and legal consequences.

DD. SCHOOL SECURITY

The High School building will be locked from 8:20 a.m. to 2:45 p.m. During the school day, when the building is locked, visitors are asked to press the call button near the main entrance. The school secretary will welcome you, ask your name, and the purpose of your visit. Visitors who are granted access to the building must report to the office for a visitor's pass. When visitors are finished with their business, they must check out and return the visitor's badge upon leaving the building. Signs will be posted at each building entrance explaining the protocol for visitors as described above. Note: according to MN Statute 609.605, it is a misdemeanor for a person to be on the roof of a public or nonpublic elementary, middle, or secondary school building unless the person has permission from a school official to be on the roof of the building.

EE. SENIOR ANNOUNCEMENTS

The school works with an agency so students can order graduation announcements. If a student chooses to buy from another source, it is permissible. The school believes that we are offering a service, but the student is to feel no obligation.

FF. SENIOR LUNCH ROOM

The North Commons is designated as the Senior Lunchroom and is provided as a privilege for senior students only. Lunchroom rules and expectations are the same in both lunch areas including behaving appropriately and keeping the lunch area clean.

GG. STUDENT LEADERSHIP

Students eligible for leadership positions within the school, including Homecoming court representation should be free of violations against district policies Minnesota State High School League policies and/or any federal, state or local laws for a minimum of one calendar year. Eligibility is at the discretion of the school administration.

HH. STUDENT RECORDS

According to the Minnesota State Law relating to pupil records, the parent/legal guardian or pupil 18 years of age or older, may examine all of the individual's files. She/he may do this by making an appointment in the Guidance Office. Records will be reviewed in the presence of the counselor or principal. The school may release directory information upon request.

II. SURVEILLANCE

School grounds and buildings may be monitored by an electronic surveillance system. The system is designed to enhance school supervision and safety.

JJ. TEXTBOOKS

Textbooks are loaned to students for their use. Students who lose or damage textbooks assigned to them will be expected to pay the full replacement costs of the damaged or lost material.

KK. TRANSFER/ WITHDRAWAL PROCEDURES

Students transferring or withdrawing from Becker High School must have their parents contact the guidance office so the proper paperwork can be completed.

LL. VISITORS

Visitors with legitimate business are expected to register in the high school office and wear an ID badge. Students are not to bring guests during the school day. District 726 reserves the right to deny any person access to district buildings or property for just cause. A "Trespass Notice" will be issued.

V. STUDENT SUPPORT SERVICES

A. COUNSELING DEPARTMENT

The purpose of the guidance department is to help each student with her/his social, vocational, and personal development. The counselor's first priority is to assist students. The counselor may be of assistance to students in the following areas:

1. Recommending materials and methods to improve study habits.
2. Planning schedules and school programs.
3. Making realistic course selections and planning for the future.
4. Offering aid in personal problems in school and out of school.
5. Assistance in post-secondary plans.
6. Chemical Dependency Referrals

Except in emergencies, students may see their counselor by making an appointment through the guidance secretary.

B. HEALTH SERVICES

Students who become ill during the school day should report to the nurse's office. If there is a need to go home, the nurse will inform the parent/guardian and the student will be released from school. If this procedure is not followed, the student will be considered unexcused and disciplinary action may be taken.

Medication practices and procedures should be discussed with the District School Nurse. It is extremely important that all students taking medication follow the District medication policy. Students who do not comply with the policy may be subject to disciplinary action.

SCHOOL BOARD POLICIES-Student Medication 516

Complete Policies may be found in the high school office or on the Becker School District Website

C. SCHOOL PSYCHOLOGIST

The psychologist conducts testing for special education assessments and is available to meet with students if deemed appropriate. The psychologist also serves on the MTSS building committee, Tier 3 Team, Student Assistance Team, and other district level committees.

D. SOCIAL WORKER

Students who qualify for an Individualized Education Plan through special education may receive the support of the school social worker. Social work is a "related service" and will be considered if a student demonstrates that social work is needed in order for the student to accomplish established goals.

E. SPECIAL EDUCATION SERVICES

Special Education services are available for students who, through a formal assessment process, qualify to receive services that address the individual needs of a particular student. The program involves both direct and indirect intervention. The special services curriculum is a combination of the general curriculum and individual goals and objectives resulting in increased independent living both academically and socially.

F. SPEECH LANGUAGE SERVICES

A speech therapist is available to work with students who have specific identified needs and goals in some areas of communications. The communications specialist is also involved in different aspects of the formal special education assessment process when appropriate.

G. WELLNESS CENTER

A Wellness Center is located at the high school. Students can meet with a mental health counselor/therapist if one has been scheduled for you and a discussion with parents and a counselor or Assistant Principal has been held. Information or questions concerning the Wellness Center can be directed to the Assistant Principal, or a school counselor.

Becker Public Schools 1:1 iPad Implementation Handbook

...preparing self-directed learners to thrive in a changing global community...

Overview

The Becker Public School District is committed to preparing our students to succeed in the changing societal landscape. It is essential that the District provide our students with the 21st century skills that they need to be self-directed learners. We believe that effective teaching and learning include the effective use of technology to best prepare each student for the world in which they will live. To accomplish this vision, the District is making iPad technology available to all Becker students in grades 5-12 as described below.

The following requirements and guidelines apply to the iPad 1:1 program.

I. Student Responsibilities

- A. Students are expected to use the iPads appropriately for educational purposes.
- B. Students are expected to have their iPads in school each day with a fully charged battery. A limited number of loaners may be available on a first-come, first-serve basis. Forgetting an iPad or having a dead battery will not be accepted as a reason for failing to complete work or turn in assignments. Charging stations will be available in the media center for students who may need a recharge during the school day or for students who might not be bringing their iPad home. Repeated failure to bring the iPad to school or failing to charge the battery may result in the loss of home privileges for the student.
- C. Students are responsible for being informed of their assignments by accessing their teachers' calendars.
- D. Students are responsible to download to the iPad any necessary documents and/or materials from the teachers' websites. If a family does not have wireless access at home, students must do this before school, during the school day, or after school.
- E. All content on the District-owned iPad must comply with the Acceptable Use Policy. The use of music on the iPad during instructional time will be at the discretion of the classroom teacher. Students may set their own screensaver photos. The presence of inappropriate music or photos may result in the loss of iPad privileges and/or other disciplinary actions.
- F. Students may not install software, download apps or attempt to reconfigure the software of the iPad. If non-school apps or VPNs are discovered on District-owned iPads, the iPads will be restored to the school set of software, and disciplinary actions will be enacted. Tech staff are not responsible for saving, restoring or backing up documents, music or photos that students may be storing on the iPads.
- G. Students may recommend free or paid apps that can be used for educational purposes by filling out Tech Department web form. These apps will be evaluated by technology staff for possible future inclusion on the iPads.

- H. Students are encouraged to store documents, worksheets, notes and other files on their iPad, but they must be responsible for backing up or saving all work to other media. Students must either email documents to themselves as a backup, or they may use a cloud-based storage account such as iCloud or Evernote.
- I. Students may not attempt to hack or jailbreak the iPad.
- J. Students are discouraged from printing and encouraged to use email and cloud-storage solutions. A printer will be available in the media center specifically for limited printing from iPads.
- K. If students choose to set a passcode for their iPad, they are required to use their lunch code as the password.

II. Parent Expectations

- A. Parents are required to complete a Parent iPad Orientation. Orientation meetings will be announced via the district website and Skyward.
- B. Federal law requires that public schools filter content accessible to students. This filter is only available while students are on our network. It is important to note that no filter is completely reliable. The best filter is monitoring by parents.
- C. The District asks for the parents' support in communicating with their children about the standards of appropriate content and helping to monitor the use of the iPads at home.
- D. Parents are responsible for filling out and signing the Parent/Student Agreement form and the iPad Protection Plan.
- E. If necessary, parents are expected to assist their child in filling out any forms needed to report theft or damage.
- F. Parents are encouraged to become familiar with the iPad and help ensure the use of the technology to track their child's progress. The iPads allow parents and students to view teachers' assignment calendars, track homework, and monitor progress toward coursework completion.
- G. Parents should help to ensure that only the student and parents use the school-assigned iPad.

III. Terms of the iPad Loan

- A. Becker Public Schools provide a device for every student involved in the 1:1 program (grades 5-12). Personally owned devices are not permitted on our network.
- B. iPads will be distributed at the discretion of the District Administration upon confirmation that the Parent/Student Agreement form and iPad Protection Plan have been signed.
- C. Legal ownership of the iPads remains with the District. The use of the iPad is a privilege

extended to students and is conditioned upon compliance with the requirements of this handbook, the District's Acceptable Use Policy, and all other District policies.

- D. Student iPads and accessories will be checked in at the end of each school year at a date and time determined by the Administration. Students who are full-time PSEO, who graduate early, transfer, withdraw, or are expelled will return the iPad and accessories at the time of withdrawal.
- E. The District reserves the right to repossess the iPad and accessories at any time if the student does not fully comply with the terms of this Handbook. The District may also choose to limit and/or withdraw home use privileges for failure to comply.
- F. Failure to return iPad, charger, and case upon graduation or withdrawal may result in the involvement of law enforcement.
- G. Software and apps will be managed by the district, due to the need to comply with licensing agreements.
- H. The iPads will be subject to routine monitoring by teachers, administrators, and/or technology staff. Users have no expectation of privacy when using Becker Schools' equipment or technology systems.
- I. Each iPad has identifying labels, which must not be removed or altered in any fashion. Students may not permanently mark the iPad itself in any fashion.
- J. The use of the iPads during instructional times is governed by classroom teachers. Failure to follow the instructions of the teacher may result in disciplinary action.

IV. General Care Instructions

- A. iPads screens should only be cleaned with a soft, clean cloth. Chemical cleaners or liquids, including water, should not be used on the iPads.
- B. Charging cables/cords should be inserted and removed carefully to prevent damage. This should be done on both ends of the cable by grasping the plugs rather than the cord. The charging cord should be plugged into the wall outlet before connecting the iPad. When disconnecting, remove the cable from the iPad before pulling the cord from the wall outlet.
- C. iPads must be kept in the protective cases at **all times**, and should be kept away from food and liquids.
- D. Students should never put weight on the iPads, stack items on top of them or wedge them tightly into a backpack or case.
- E. iPads should not be exposed to temperature extremes. Students should not leave the iPad in any location where the temperature falls below freezing or exceeds 95 degrees. If the iPad is cold, it should be allowed to warm up to room temperature before use. An iPad exposed to direct sunlight or high temperatures may overheat during use and must be allowed to cool down before subsequent use.
- F. Battery life is shortened by using Wi-Fi, bluetooth, a high screen brightness, and video.

Students should learn to manage these settings and apps to improve battery performance.

- G. Students are encouraged to refer to the iPad Instruction Manual located on the iPad for further information.

V. Protection Plan

Becker Public Schools is committed to preparing our students to succeed in the changing societal landscape. It is essential that our district provide our students with high academic rigor and the 21st century skills they need to be self-directed learners. Our instructional goals include high academic rigor and 21st century skills. We believe that effective teaching and learning should reflect educational research recommendations and include the effective use of technology to best prepare each student for the world in which they will live.

Becker Public Schools recognizes the need to protect the district's investment in the equipment purchased by the district, and to protect families from expenses from theft or damage of school equipment. Therefore, the district offers families a choice of three protection plans. Parents must choose one of these three options for their student to participate in the use of an iPad.

OPTION 1: SCHOOL PROTECTION PLAN

Families may purchase a \$30 per year non-refundable iPad Protection Plan from the District. This will include coverage for hardware failure, theft, repair, accidental damage including screen repairs, and liquid damage to the originally issued iPad. If a second device is damaged beyond repair, a third iPad will only be provided upon receipt of a full deposit of \$350. This Protection Plan does not protect against deliberate or negligent damage to the iPad.

Protection Plan Premiums for families with multiple children in the district will be capped at \$60.

OPTION 2: PERSONAL INSURANCE

Families may agree to cover the iPad under a personal insurance policy, such as home owners' insurance. In the event of hardware failure, theft, repair, accidental damage including screen repairs, liquid damage, deliberate or negligent damage to the iPad, or other damage to the iPad as determined by the District, parents are responsible to reimburse the school district in an amount to be determined by the District. The policy must cover the iPad in all locations. Most insurance companies require the serial number of the iPad--please contact the district Technology Department at 763-261-4501 ext. 3604. Proof of insurance coverage must be submitted to the District prior to the issuance of the iPad.

OPTION 3: FULL DEPOSIT

Families may make a refundable deposit of \$350, representing the amount of the full value of the iPad. This deposit will be returned with interest at the end of the school year if the iPad is returned in good condition. A portion of this deposit may be withheld if the iPad is returned with damage.

Note: If you choose either Option 1 or Option 3, please select one of the following methods to submit your payment: 1) via check made out to Becker Schools, or 2) via Pay Center on the Becker Schools website. Online payments can be made until August 15th, after which payments must be made by check. For students' ⁶⁵grades 10-12 to receive their iPad on the iPad Handout Days, payment must be made on or before the handout date. Students who submit payment after the Handout Days will receive their iPads during the first week of

school.

***If you are selecting Option 2, please provide proof of insurance.**

VI. Security and Theft Prevention

- A. The iPad may ONLY be used by the student to whom it was assigned or by the parents of the student. The student may not loan it to another student or sibling.
- B. The student is responsible for the security of the iPad at all times. The iPad should never be left unsecured. When not with the student, the iPads should be secured or stored in a locked location out of view. During after-school activities and/or away events, students are still responsible for securing the iPad.
- C. Students should keep personal information about themselves and others off the iPad. Password security for network systems should be maintained, as should the privacy of locker combinations. It is the responsibility of the student to keep his or her information secure.

VII. Damage, theft, repair

- A. Damage or hardware issues must be reported immediately using the web form linked at <http://www.becker.k12.mn.us> or by calling 763-261-4501 ext. 3609 (HS) or 3153 (MS). For cases of hardware failure or accidental damage, a loaner will be provided for the student throughout the repair/replacement process. There may be a delay if there are no more loaners available.
- B. Students/parents are responsible for the full cost of any willful, negligent or intentional damage to the iPad. Failure to pay for willful, negligent or intentional damage may result in legal consequences.
- C. Theft must be reported immediately to the technology personnel using the web form linked at <http://www.becker.k12.mn.us> or by calling 763-261-4501 ext. 3609 (HS) or 3153 (MS). Students/parents will be required to fill out a theft report through the District's liaison officer. This report is downloadable at <http://www.becker.k12.mn.us>.
- D. The iPads contain software that can be activated to track and recover missing iPads. The District will coordinate with law enforcement to track missing or lost iPads.

- If students choose to be in the school building, they should remain in the commons area
- To help promote academic success while fostering self-directed learning, each Becker Online Course has shared protocols, including:

FOOD SERVICE

Hot Lunches:

Each child will be assigned a number that will charge the cost of lunch against that child's account. Families with more than one child in the Becker School District will have a family account that can be accessed by each child's number. This system will also be used for families that qualify for reduced or free lunch. Families can send one check to be deposited in the family's account. Families always need to keep a positive balance in their account.

Children are not allowed to charge.

To help families keep track of their balance, telephone calls will be sent out one time per week when the account is at a positive \$15.00. The intent of these calls is to help parents know of their balance and when money should be added to the account in order to maintain a positive balance. When sending money to school for your family's lunch account, place the check in a sealed envelope with the student's name (along with all other children using this account) and the teacher's name (use only the teacher's name who will be collecting the money) on the outside of the envelope. This same procedure is used for students eligible for free or reduced lunch.

Milk for students with Cold Lunches:

Students can charge the cost of lunch milk (\$.45) against their family lunch account.

2020-2021 Lunch Prices

Elementary students	\$2.70 including milk
Student Breakfast	\$1.65 including milk
Adults/teachers/staff	\$3.45 including milk

Milk for cold lunches	\$0.45 half pint

School Day

Arrival and Dismissal Procedures:

Beginning Time: 8:00 a.m. **Ending Time:** 2:42 p.m.

Students should not arrive at school before 7:40 a.m. Please make arrangements with the Principal if your child needs to be at school before 7:40 pm or after 2:45 pm. If it is a recurring issue, contact Camp Opportunity.

Morning Arrivals:

Safety Patrols are on duty at 7:40 a.m. to help students cross streets safely. Any student arriving after 8:00 a.m. must get a pass from the office. Students not in their classroom at 8:00 AM are considered tardy. Students leaving before 2:42 p.m. will need to be checked out at the office by the adult signing the child out of school.

During the Day Student Check-out:

Parents who need to pick up their child before the end of the day need to check out their child at the main office. Children will not be dismissed from the classroom. All students will be sent to the office for early dismissal or checkout.

Evening Pickup:

Parents picking up students should do so on the school side of Third Street. If parents use the parking lot adjacent to the bus-loading zone to pick up students, please use the marked crosswalks to cross between the buses. Parents who come into the school building need to wait in the lobby for their student(s). Be sure your car is out of the circular drive before the buses line-up at 2:20 - 2:30 pm or you may be trapped in that area until the buses leave at 2:50 pm.

Cancellation and/or Early Dismissal:

Cancellation of school takes place only during extraordinary circumstances such as bad weather, health risk, or power failures. The District has an automated calling system that will send a message to all homes with phone numbers listed in the student management system (Skyward). All closures and alteration of the school day will also be broadcast on WCCO (830) and WJON (1240) radio or WCCO (4), KSTP (5) and KARE (11) television. Please have an emergency plan in place and have updated emergency numbers reported to each building office. Alternative arrangements need to be made prior to an emergency. Do not call the schools in an emergency as this clogs phone lines and slows evacuation procedures. If necessary, the school will call you at the numbers on your emergency card.

Crossing Guards/Safety Patrol: Minnesota State Highway Patrol trained student crossing guards are present on Hancock Street at the intersection of Rye Street as well as the corner of Hancock Street and Third Street. Please be advised that when these students are present and have the orange safety flag extended all vehicular traffic must **STOP**. Any vehicle running an extended flag will have their license number reported to the Becker Police Department. Also, please do not cut the corner of Hancock to Third Street short as this could result in an injury to students. Your cooperation is appreciated.

Intermediate School Principal

Dear Families:

With the 2020-2021 school year right around the corner, the staff at Becker Intermediate School invites you to join our team to make this an outstanding year for your child.

Students in grades three, four, and five are served at Becker Intermediate School. It is our mission to provide a safe and respectful environment that promotes independent learners. Our focus is on positive student achievement in and out of school. We teach organizational skills and encourage all students to be excited and motivated in their own learning.

At Becker Intermediate School, we strive for student engagement throughout the learning process. We sponsor numerous activities throughout the year that are fun and encourage community building. Each trimester we host celebrations to recognize outstanding academic and behavioral successes, each grade level takes field trips, and we plan to again sponsor student-only Friday Fun Nights. The Friday Fun Nights help defray the cost of field trips and give our students and staff an opportunity to play together for an evening. We also offer fundraiser days throughout the school year such as: hat days, pajama days, stuffed animal days, etc. in which students are invited to participate for a \$1 fee, all of which helps to defray the cost of field trips. Another fundraising opportunity in the fall that we host is the annual Walk-a-thon. Throughout Walk-a-thon day, the students practice physical fitness while raising funds for further opportunities for our students throughout the school year.

Volunteering, support, and participation are always welcome in school. We have many parents and community members who volunteer in our classrooms through book clubs, math support, and field trips. With busy schedules, we also know that it is difficult to come into the school to volunteer due to individual schedules. Our shared partnership is greatly appreciated. The support that you provide us in valuing education and ensuring our kids come to school prepared with their work completed, is second to none. We encourage our students to strive for a 97% or higher attendance rate daily. With this we thank you for your support in getting your kids to school on time each day. It truly matters!

It is also extremely important to us that we work towards a Bully Free Zone at Becker Intermediate School and on our busses. We must have students let us know when these things are taking place so that we can act on them and investigate what is happening. It is encouraged that our students inform their parents / guardians of this type of behavior, with the understanding that the school must be informed immediately as well. We will continue to work with each and every incident in a timely manner.

We continue to encourage communication and positive relationships between our staff and families. This fall we will have two assessment days for parents / guardians, students, and teachers. These days allow our teachers to learn a bit about each child on an individual basis. It will also provide the time for us to gather assessment data needed to address the individual learning needs of each student. We truly believe that the assessment days are of great importance to staff, students, and families to start the school year in a positive manner.

We look forward to working together with you to support your child! The staff at Becker Intermediate School is once again looking forward to the opportunities that stand ahead of us this school year. Please feel free to reach out to us and let us know what we can do to help make this a successful school year for your child.

Respectfully,

Nathaniel Boyer
Becker Intermediate Principal

ACADEMICS

Academic Services and Alternatives:

Speech & Language:

Programming is provided for students who qualify under the federal guidelines for services including speech fluency, articulation and production. Also, services are provided for students with language delays or disabilities as defined by federal law.

School Psychologist:

The services of a school psychologist are available for testing and consultation. Referrals to the psychologist are part of the MTSS (Multi-tiered System of Supports) team process.

Special Education Services:

Students who qualify for service under state and federal guidelines have an Individual Education Plan developed to address their individual needs. Once an IEP is signed, services are provided by the Special Education staff and reflect the IEP goals.

Curriculum:

Reading & Language Arts: Becker Intermediate uses the Journeys materials in grades 3-5.

Spelling: The Intermediate uses the ‘no excuse’ words along with the words presented in the reading program. Word study and phonics instruction are built into lessons.

Mathematics: The Becker School District uses the Everyday Mathematics series. This series emphasizes logical math processes rather than computational skills only. Skills are taught, then reviewed continuously.

Social Studies: The social studies program begins with a study of communities and expands the study to all regions of the United States. American History from Columbus to the Vietnam War is also taught.

Science: The science program is a hands-on inquiry-based program. Some of the units taught are electricity and magnets, weather, landforms, minerals etc.

Music: The program progresses from basic sound recognition to harmony, phrasing and performance in general music for grades three, four, and five.

Physical Education: The Physical Education program provides instruction in fitness, individual and team sports as well as movement through rhythm and dance. Cooperative play and sportsmanship rather than competition are the focus.

Assessments:

Minnesota Comprehensive Assessments:

All three grade levels take the MCAs in the spring of each school year. These assessments in the areas of reading, mathematics and science (fifth grade only) are state generated tests that are designed to be a benchmark that measures how each child is progressing in the District's curriculum compared to other students at the same level within the state of Minnesota

Northwest Educational Assessments, NWEAs:

All three grades take the NWEAs each year. This assessment is used to show growth over time. It is a computer-generated test with results within 72 hours.

Parent/Teacher Conferences:

Parent/Teacher Conferences are scheduled in the fall and winter. Teachers or parents can request a third conference in the spring or other times they feel a need to meet. Check the District calendar for dates and times. Conferences are a valuable communication tool for both the parent and the teacher. Parents are encouraged to prepare for the conference by talking to their child about concerns or questions the child may have. Parents are encouraged to write out any questions they might have so those topics get covered during the conference. Parents who have questions or concerns are encouraged to call and/or meet with their child's classroom teacher at times other than the conference days. Please call in advance to set a meeting time with a teacher. It is difficult, sometimes impossible to get classrooms covered at the last minute.

Report Cards:

Report cards will be issued at the end of each trimester. All report cards can be accessed on the Skyward program. Grades 3, 4 and 5 use a scale of (E) Exceeds Standards, (M) Meets Standards, (P) Partially Meets Standards (GA) Growth Area. Personal Development is reported with a (S) Satisfactory and (N) Needs Improvement.

ACTIVITIES

Preparing self-directed learners to thrive in a changing global community.

The Intermediate School sponsors several after school activities throughout the school year.

Community Education Classes: Community Education offers classes for 3-5 grade students throughout the school year as well as the summer break. For more information call the Community Education office at 762-261-4506 or go on-line to becker.k12.mn.us and click on Community Education.

Friday Fun Nights: The Intermediate staff offers this activity for Intermediate students only. No parents, no friends and no relatives allowed. This is an activity that allows the 3-5th graders an opportunity to play and have fun with their peers. The activity costs \$5 or \$10 at the door. This money is used to augment field trip costs. This activity starts immediately after school and ends at 4:50pm. Parents must pick up their child by 5:00pm.

ATTENDANCE

Absence Procedures:

If your child is going to be absent please call 763-261-4504 either before school in the morning or before 9:00 a.m. If the office does not receive a call by 9:00 a.m. the office will attempt to call the home.

Excused and Unexcused Absences:

The State of Minnesota requires that all children between the ages of 7 and 16 attend school all days that school is scheduled. If a child's attendance is sporadic they can be considered truant if over the age of 12 and victims of educational neglect if under the age of 12. It has been proven that good school attendance contributes to success in academics. The Staff of Becker Intermediate Elementary School want to see all children in school every day. However, we all realize that there are reasons children need to be excused from school.

Excused absence:

Illness, injury, death in the family, family emergency, court appearance, medical appointments (doctor, dentist, psychologist, etc.) Whenever possible, it is appreciated if medical appointments are scheduled outside of the school day. Family trips will be excused if there is prior administrative approval. Please arrange family trips to match the school calendar whenever possible. Prearrangements must be made with the teacher for all work missed.

Unexcused absence:

Includes but is not limited to; missed bus, over sleeping, bus suspension, baby-sitting, shopping trip. If a child has excessive tardies or the school is not notified by phone or by note the absence is recorded as unexcused. Keeping a child home if they do not attend a field trip is considered an unexcused absence.

Procedures for Excessive Absences:

Becker Intermediate School will monitor absences and tardies that are 10% or greater of the academic year.

STEP 1 - A phone call to parents expressing concerns about absences or tardies,

STEP 2 - A letter is sent to parents outlining attendance concerns. The letter will recommend a conference with parents and school officials.

STEP 3 - A letter is sent to parents indicating continued concerns. This letter will also require a physician's note for any further absences or absences will be unexcused.

STEP 4 - As soon as there are three or more UNEXCUSED absences a letter will be sent notifying parents of a referral to the County Attorney.

STEP 5 - As soon as there are seven or more UNEXCUSED absences, the school will file educational neglect with the Sherburne County Attorney.

What is considered tardy?

Any child who arrives after the starting time (7:50 am) is considered tardy. After 20 minutes of the school day beginning, they are considered 1/2 day absent. This 20-minute rule applies to the end of the day also.

What is considered half day absent?

Any child arriving after 8:50 a.m. but before 11:40 a.m. is counted half day absent. Any child leaving after 11:40 but before 1:40 is counted 1/2 day absent.

CODE OF CONDUCT/DISCIPLINE

The term discipline has many meanings. Discipline is the training of the mind or character. It is also a system of rules or an order among members of any group. The policies of the Becker School Board, the laws of the state of Minnesota and the Constitution of the United States of America govern the students and staff of Becker Intermediate Elementary. Whenever possible, the staff of BIES will use inappropriate behavior as an opportunity to teach proper behavior. Consequences for misconduct will be appropriate to the behavior and gradually increasing in severity in accordance with all local policies as well as state and federal laws.

Providing a safe and nurturing educational environment is our number one goal.

All behavioral issues are dealt with as quickly as possible. Parents will be notified of behavioral issues. All concerns reported by students, parents, teachers or other staff members are investigated and dealt with as outlined in the District Discipline Policy. Information concerning behavioral issues and the consequences for behavior violations are protected by data privacy

regulations. (A complete copy of this and all District policies can be accessed on the District website; www.becker.k12.mn.us)

Adult & visitor Code of Conduct:

All adults at Becker Intermediate Elementary School are expected to be positive behavioral models for students. Obscene and/or foul language, threats or yelling will not be tolerated. If necessary, adults will be asked to leave the school and return when they are in control of their emotions and behavior so that problem solving can happen.

Behavior Expectations:

Becker Intermediate Elementary School expects staff, students and families to:

- Show Respect
- Show Ownership
- Show Citizenship
- Show Kindness
- Show Safety

Behavior Management Response to Behaviors

The purpose of the school’s response to behaviors is to encourage appropriate behavior and self-monitoring through class management, explicit teaching, modeling, communication, inventions, and restoration as needed. Teachers manage their classrooms by creating a classroom community with rituals, routines, and procedures. We explicitly teach students to show respect to all adults in the community when a reasonable request is given, regardless if the adult is their direct teacher. Occasionally students may need support from the administration team. These would be classified as an office referral. At Becker Intermediate we define an office referral as behavior exhibited by students that are managed by the office or office-managed.

- Staff-managed behaviors are considered minors infractions and are processed with classroom responses.
- Office-managed behaviors require a staff member to complete an office referral.
- To ensure the behavior is addressed by the office, staff will complete OR as communication is occurring (before office contact, during contact, or immediately following office contact-within 60 mins.)

Examples of Staff-Managed Responses to Behaviors:

- Proactive-
 - Morning meeting (greeting, sharing, group activity, morning message)
 - Explicitly teaching classroom expectations

- Interactive modeling
- Quiet Time
- Brain breaks/energizers
- Reactive-
 - Visual and verbal cues
 - Increase proximity
 - Reinforcing teacher language
 - Reminding teacher language
 - Redirecting teacher language
 - Logical consequences
 - Take a break/buddy room

Examples of Office-managed Response to Behaviors:

If a staff member completes OR, administration will determine the response. This may include, but not limited to:

- Repair sheet (think sheet)
- Restorative processes
- Relationship building activities with student(s) or staff
- Behavior Chart
- Referral to check in/Check out
- Take a break in class
- Take a break out of class (buddy room)
- Scheduled breaks
- Adapted recess, lunch according to restorative processes or logical consequences and others.

If proactive and reactive processes have been used and a child needs to be removed from the classroom for an office-managed behavior, complete and call the main office. Staff are expected to supervise students and should not send students to the office or hallway unsupervised. Staff are expected to wait with students until office staff have made contact.

Teachers are expected to communicate timely and frequently with parents regarding behaviors. Continued violations of staff-managed behaviors should not be referred to the office without first involving parent/family.

Bullying: BULLYING (Policy 514)

“Bullying” means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to one or more students and which substantially interferes with another student’s or other students’ educational benefits, opportunities, or performance. Bullying includes, but is not limited

to; conduct by a student against another student that a reasonable person under the circumstances knows or should know has the effect of:

1. Harming a student;
2. Damaging a student's property;
3. Placing a student in reasonable fear of harm to his or her person or property; or
4. Creating a hostile educational environment for a student.

Consequences for students who commit prohibited acts of bullying may range from behavioral interventions up to and including suspension and/or expulsion.

Harassment:

Everyone in District 726 has a right to feel respected and safe. Use of words (verbal or written), pictures, actions, touch or gestures that make another person feel uncomfortable will be considered harassment and will not be tolerated. Bullying is considered a form of harassment and will not be tolerated. A complete copy of this and all District policies can be accessed on the District Website; www.becker.k12.mn.us

School Resource Officer (SRO):

The SRO is an investigator with Sherburne County Sheriff's Office. One responsibility of the SRO is to respond to acts committed in school that may be deemed unlawful. As an officer of the law, the SRO may cite violations and process charges through the county attorney's office.

Searches:

Students are assigned a locker and a desk to keep their school and personal belongings. School personnel have the right to search lockers or desks. Periodic searches happen for the purpose of finding work and or related to safety and discipline issues.

Lockers:

The school provides lockers for all students. Some students may need to share a locker with one other student. All lockers are assigned by the classroom teacher. Students are expected to keep the locker assigned to them clean. Students are expected to respect the property of others and stay out of lockers assigned to others. The lockers remain the property of the Becker School District and therefore can and will be searched routinely. Only locks provided by the school may be used on lockers; all others will be cut off the locker. Any locks ruined in the process of removal are the responsibility of the student. (A complete copy of this and all District policies can be accessed on the District Website; www.becker.k12.mn.us)

Student Transportation:

Students may only ride on the bus they have been assigned. Because the buses are operated at student capacity, a child who is visiting a child on another bus route, must provide their own transportation. Parents are responsible for their child's transportation from any after school activity.

Riding the bus is a privilege not a right.

Students are expected to follow the same code of conduct on the bus as they have in the classroom. All rules and regulations found in the *RULES of CONDUCT of BOARD POLICY* will apply.

- 1.) Students need to be at the stop by the time the bus arrives and be waiting on the side of the road.
- 2.) Students are to remain seated while the bus is in motion.
- 3.) Students are to keep their hands, feet and personal articles to themselves. This includes keeping the aisle open at all times.
- 4.) Students are not to use foul or obscene language or gestures.
- 5.) Students are to maintain a reasonable noise level to ensure the driver can hear traffic noise and trains.
- 6.) Students should not extend any part of their bodies or other objects from the windows or door of the bus.
- 7.) Students are to keep the floor and seats clean from refuse and gum.
- 8.) Students are not allowed to have any articles on the bus which the driver deems unsafe or a nuisance.
- 9.) The bus driver has the right to give additional directions to students which he/she believes are necessary for the safety of the students on the bus.
- 10.) Students must ride their assigned bus. Any exception must be cleared by the Becker Intermediate Elementary Office.

Consequences

Failure to comply with the above safety regulations could result in one or more of the following consequences:

- 1). Verbal warning from the driver
- 2). An assigned bus seat for a specified period
- 3). A parent contact by the driver and/or principal.
- 4). A misconduct form being sent to the principal which may result in:
 - A. Student/principal conference, possible loss of freeplay.
 - B. Parent/student/principal conference for second conference for second misconduct offense.
 - C. School disciplinary action
 - D. Suspension of bus transportation privileges for a specified period.
 - E. Recommendation to the School Board for permanent exclusion from transportation services.

The school is legally liable for services from the time they board the bus until they are dropped off at the bus stop. For this reason, students are not permitted to leave school grounds once they are dropped off at school. Students are not permitted to get off the bus at any building but the building where they attend school.

Weapons Policy:

No student shall possess a weapon when in the school building, or any articles normally used to harm or intimidate another person on school grounds or on any school sponsored trip or activity. Toys designed to look like weapons are also prohibited. (A complete copy of this and all District policies can be accessed on the District Website; www.becker.k12.mn.us)

GENERAL INFORMATION

Birthday Celebrations:

In the interest of reducing distractions during the academic day, birthday celebrations need to happen outside of the school day. This includes sending flowers, balloons etc. Flowers and balloons will not be delivered to classrooms. Because of allergies and the growing number of student families who cannot afford treats, we are discouraging students from bringing treats for their birthday. Due to lack of space, students are not allowed to bring overnight things to school.

Communication:

In an effort to keep parents as informed as possible a trimester Newsletter is inserted in the *Citizen* newspaper per trimester. If for some reason your family has not received the trimester newsletter a copy can be picked up at any of the School District's offices. All teachers and administrators have e-mail and voicemail. Many staff members also have web sites. In addition, periodic newsletters or announcements of special events are sent home with students, when parents have questions concerning their child's progress, curriculum, homework or discipline issues, they are encouraged to call or contact the classroom teacher via e-mail. Phone calls will not be put through to the classroom during the academic day. Parents can leave a voicemail message that the teacher will respond to as soon as possible. If the problem cannot be resolved or the teacher has been unable to return your call or e-mail, please call the Principal at 763-261-4504. If your child reports bullying or other types of harassment to you, please call or come in to talk to the Principal or teacher about the incident as soon as you become aware of the incident. We investigate and deal with all cases of bullying in accordance with our discipline policy.

Data Privacy:

According to Federal Data Privacy law, most information collected by a school falls under the umbrella of data that is protected. Data privacy laws protect information concerning discipline issues, as well as consequences resulting from a behavioral incident. Any parent who has questions concerning data privacy is encouraged to contact the building principal. Staff members are trained to never release information about students to anyone except custodial parents.

Release of Student Directory Information

In accordance with the Minnesota Data Practices Act, Becker Public Schools may release the following information without permission unless the district has been notified that it should not be released. Under the federal law, directory information includes the following information relating to a student:

Federal rules define directory information to mean, "Information contained in the education records of a student which would not generally be considered harmful or an invasion of privacy if disclosed." 34 C.F.R., Sec. 99.3.

A parent or adult student has the right to refuse to permit the designation of some or all of the categories as directory information with respect to that particular student. If, as parents, or adult student, you wish not to have any or all of the above information to be considered "Directory Information," you should contact the Intermediate School Office in writing by September 30.

Emergency information:

Emergency information is updated and collected each fall. That information needs to be on file at the school office with accurate and updated phone numbers. Family plans in case of an emergency need to be outlined and presented in the fall at the Intermediate Office.

Crisis Plan:

Becker Intermediate has a Crisis Plan in place to deal with the unexpected. Students and staff participate in periodic drills throughout the school year so that we are prepared in case of an emergency. If parents are in the building during a drill, please follow the directives of a staff member.

Emergency Cards:

Parents/guardians need to fill out an emergency card with up-to-date information. This card is used in case it is necessary to contact parents because of an accident, an early dismissal or other reasons. Parents/guardians are asked to keep the Intermediate Elementary Office (763-261-4504) informed if there are changes in address, home or work phone numbers during the school year.

Emergency Drills:

Becker Intermediate Elementary School will have periodic fire and tornado drills with students. Staff members and students will also have intruder drills throughout the school year. All drills are done in an effort to be prepared in case of an emergency. If you are in the building during an emergency drill, please evacuate the building or move to the designated area.

Emergency Plan:

The Becker School District has an emergency response and evacuation plan in the event of a nuclear accident or terrorist event. Parents are urged to get information from the radio or TV. **DO NOT CALL OR COME TO THE SCHOOL AS THESE ACTIONS WILL PUT CHILDREN AT RISK BY CLOGGING COMMUNICATION LINES AS WELL AS BLOCKING ESCAPE ROUTES.**

Field trips:

Students at Becker Intermediate School will have the opportunity to participate in several field trips during the school year. These field trips are selected to enrich the curriculum being presented. There is a cost involved with these trips. If parents are having difficulty with the costs they can call the classroom teacher or the Principal as we have limited scholarship funds available. Parents who have other objections to a field trip and choose to have their child not participate need to contact the teacher. Students who do not participate in a field trip activity are expected to attend school that day or be counted as unexcused absent. Alternative activities will be planned for your child.

Chaperones:

Parents who volunteer to chaperone for their child's field trip expected to help supervise the students on the bus and at the event.

- 1.) Keep students in your group together and accounted for
- 2.) Have students in your group sit in front of you on the bus.
- 3.) Hold students accountable for their behavior
- 4.) Report students who refuse to follow directions to the teacher as soon as is practical.

- 5.) On the bus, students are to stay seated and talk quietly.
- 6.) At the venue students are to walk, stay with their group, and listen to speakers quietly and respectfully.

Permission Slips:

Students are required to have a slip signed by parent(s) or guardian(s) and returned to school before participation on any field trip outside of the District boundaries.

Foods:

Power/energy drinks are discouraged in school. Students are discouraged from having gum or candy in school. If a teacher allows gum or candy as a special treat it needs to be eaten or disposed of in the classroom.

Health Information:

Illness during the school day: If a child becomes ill during the school day, the parents will be contacted at home or at work to inform them of the illness and arrange for them to take their child home. All calls concerning illness will originate from the health office. If the parents cannot be reached, contact will be made with the person designated by the parent on the emergency card. Typical reasons children are sent home include: fever of 100 degrees or more, vomiting, diarrhea, red and runny eyes, rash, suspected ringworm, impetigo, chicken pox, or head lice. (If you change your phone number at home or work or there is a change in your emergency contact person please notify the office as soon as possible. All information is confidential)

Accidents: If an accident occurs, parents will be notified, if possible, concerning the particulars of the accident, degree of injury and any necessary follow up needed at home. All accidents will be triaged by the health office staff. Serious injuries will be stabilized at school and referred to the nearest or most appropriate hospital. Parents will be contacted as soon as possible.

Chronic Health Issues: It is imperative that parents notify the nurse of any chronic health issues, (diseases, medications, allergies)

Flu Issues: Parents are urged to report to the school nurse if their child experiences any of the following symptoms:

- Fever (100 F or greater)
- Sore throat
- Cough
- Nasal Congestion

Runny nose

If your child has these symptoms keep him/her at home, call the school nurse and have the child examined by a doctor. Stress the importance of washing hands and cover the mouth when coughing, and not sharing food or drink.

Head lice: Head lice are common among smaller children. Because head lice are easily spread the district has a strict protocol for dealing with the issue of head lice. Students who display symptoms will be checked in the health office. If live lice are discovered the child will be removed from the classroom and the parents will be called. The parents will be responsible for picking up their child and following a procedure for getting rid of the lice. Children must be accompanied to school the following day by a parent to be rechecked by health office personnel. Students with live lice will be rechecked periodically.

Health Insurance: Health insurance information will be sent to the home each fall. Parents have the responsibility to decide whether or not to purchase insurance.

Medication Administration:

Dispensing medication (including acetaminophen and ibuprofen) is not the responsibility of the school. However, the Board recognizes that children may have chronic and/or acute health conditions that may require medication during school hours. If it is essential for a student to take medication during the school day, the following protocol will be followed: Administration of prescription medication by school personnel for a chronic health condition requires a written physician's authorization from a parent or legal guardian. In special situations, a verbal order from a physician is acceptable and is to be followed with a written physician's authorization. Students may possess and use asthma medications as defined by the guidelines stated in Minnesota Sessions Laws 2001, Chapter 84 - Section 1. Minnesota Statutes 2000, Section 121A.22, Subdivision 2. This Act is effective August 1, 2001. Administration of over-the-counter medication (including acetaminophen and ibuprofen and) requires written authorization from a parent or legal guardian. In special situations, a verbal request from a parent/guardian will be acceptable and is to be followed with a written authorization.

Student's medication must be in its original container. The pharmacy or physician must appropriately label prescription medication.

An adult must bring student's medication to the office.

Student's medication will be administered according to written directions on the label.

In most cases medication to be administered three times a day need not be administered during school hours. It is most effective if administered every eight (8) hours.

Homeopathic, herbal or home preparations will not be administered.

See appendix for Authorization for Administration of Prescription Medications Form/Parental Request form

Screenings: Fifth grade students are typically checked for scoliosis. All grades are screened for vision. Fourth grade students are screened for hearing.

State Mandated Immunizations: State immunization requirements change from time to time. Immunizations that are considered in compliance may change if the law changes. The health office will notify you if your child's compliance changes.

Homework:

Homework at the Intermediate level involves completing work not completed in class, or extending classroom learning. There are several projects at the fourth and fifth grades that will involve work at home i.e. science fair/inventor's fair projects, Wax Museum preparation. Students are expected to be prepared for school each day by having the materials they need and having homework completed. In an effort to help students develop independent responsibility and organizational skills, some classrooms will have assignment notebooks. Many teachers have websites for parents and students to access assignment information. Guidelines for class assignments will be posted in each classroom. Students who have persistent problems with work completion either homework or in-class work will be provided extra support during free-play or after school. If parents have questions or concerns about homework or work completion they are encouraged to call the classroom teacher.

Internet/Acceptable Use:

Becker Public schools is committed to the use of technology and the internet for educational purposes. Technology has allowed teachers to enhance and extend curricula in ways not even envisioned a few years ago. The school district embraces the use of personal and school-owned devices for the advancement of teaching and learning. In making decisions regarding student access to the school district computer system and the Internet, including electronic communications, Becker Public Schools considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while

exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

The school district is providing students access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

More details regarding student acceptable use can be found online at: www.becker.k12.mn.us → Home → District Policies → 524 - Internet Acceptable Use and Safety Policy

Electronic Devices:

Cell phones, iPods and other electronics may be used during the school day with staff permission. All such devices should be turned off in the student's locker during the school day.

Use of Digital Devices at School and School Activities

In keeping with the district's technology goals, the district recognizes the value of mobile devices as learning tools and for communication purposes. Student use of these devices will be governed by the following procedures:

- The use of mobile devices during instructional time is at the discretion of the classroom teachers and building administrators
- When the use of electronic devices is not required during class, they should be set aside to prevent distraction.
- Students shall not use any electronic device that disrupts or detracts from the educational environment.

- Students may not use mobile devices in any manner that violates any district or school policies, including policies and guidelines governing copyright, harassment, Internet Acceptable Use, and academic integrity.
- Cameras or any devices with recording capability are not permitted to be used in locker rooms, restrooms, or any area where students and staff have a “reasonable expectation of privacy”.
- Students are not allowed to photograph or videotape students or staff at school without their consent with the exception of public events such as concerts or athletic contests.
- Students’ use of mobile devices while in the school building must comply with the district’s Acceptable Use Policy regardless of whether they are connecting through the school’s network or through a cell carrier.
- The district retains the right at any time to view and/or investigate the contents of students’ school issued devices at school.
- Any inappropriate use of cell phones for the purpose of using text messaging to harass or threaten others, or to plagiarize, copy or otherwise cheat academically is subject to the hazing and harassment policy and will result in disciplinary action. (District Policy 526)
- The school is not responsible for lost or stolen items.

Violations of these guidelines will be handled on an individual basis and may include confiscation of the device, conference with parents, suspension of the right to carry a phone/device, referral to the school resource officer, or other consequences.

Lost & Found / Stolen Property:

The school is not responsible for lost or stolen items. Each year students lose or misplace items of clothing as well as other things. Parents are encouraged to somehow label clothing and other belongings for easier identification. If your child is missing article(s) of clothing, the Lost and Found located in the lobby should be checked first. Students are discouraged from bringing anything to school except their books and study materials. Valuable items, expensive gifts, money or electronic toys or gadgets should not be brought to school. Lost items are not the responsibility of the Becker Schools or Becker Intermediate School and there is not time or personnel to conduct or complete a thorough search or investigation.

Mandatory Reporters:

All school staff are mandatory reporters. This means that all school staff are obligated by Minnesota law to report any incidents of suspected child abuse or neglect. Once a report is made

to law enforcement or child protective services, the issue is out of the control of the school officials.

Pets:

Pets are not allowed in the building or on school grounds, unless parents make prior arrangements with the classroom teacher. In which case, pets may be brought to a designated spot outside of the building where the class can view the animal. Please remember that all pet visits must have prior approval of the classroom teacher with specific times and dates set. Please try to set a time that does not coincide with dismissal. No pets are allowed on any school bus. Pets must be brought and returned home by the parent(s).

This procedure is in response to the many children and staff members with asthma and allergies. Thank you for your cooperation.

Pledge of Allegiance:

The entire Becker Intermediate School body recites the Pledge of Allegiance weekly. Any student who wishes to abstain from reciting the Pledge is free to do so but must communicate their objection to their teacher.

Safety

Safety is an important goal at Becker Intermediate Elementary. To help us provide your child/children with a safe environment, please read and follow the procedures outlined below.

Bicycle Procedures:

For the safety of both riders and walkers, all bike riders need to follow the expectations listed below;

- 1.) Bicycles are ridden on streets only. For the safety of all pedestrians, bikes should be walked from the school at dismissal time.
- 2.) Walkers always have the right-of-way.
- 3.) Only one rider on a bike at a time.
- 4.) All bikes must be parked in the bike rack.
- 5.) Bikes are only ridden to and from school.
- 6.) Bikers should arrive at school no earlier than 7:45 a.m.

Hallway Procedures:

- 1.) Students will walk on the right side of the hallway.
- 2.) Students will talk quietly in the halls.
- 3.) Students will report all strangers to their teacher or the office.

Playground Rules:

Preparing self-directed learners to thrive in a changing global community.

- 1.) Food, gum and/or candy are not allowed on the playground.
- 2.) Organized group games such as football, softball, kickball, etc. must be held on the designated playing area.
- 3.) Tree climbing or snow/ice throwing are not permitted.
- 4.) Toys of any type are not allowed on the playground
- 5.) Violence, use of profanity, obscene gestures, poor sportsmanship, threatening or harassment of others, general inability to get along can and will result in suspension of playground privileges and/or other sanctions as deemed necessary and proper by the supervisors of the area or the principal.

Roller blades/Skateboards/Scooters: For the safety of all pedestrians, rollerbladers, skateboarders and scooter riders need to follow the expectations listed below:

- 1.) Roller blades/skateboards/scooters are not to be used during bus loading and off-loading times.
- 2.) Roller blades should never be worn in the school building.

Walker Procedures: For safety reasons, all walkers must cross only at corners or marked

crosswalks. Always look both ways and follow these expectations:

- 1.) Use sidewalks, whenever possible, on the way to and from school.
- 2.) Cross streets **ONLY** at marked crossings or at street corners.
- 3.) Safety Patrol students will assist crossing at Hancock Street and the Rye Street corner as well as the corner of Hancock & Third Streets.
- 4.) Walkers should arrive no earlier than 7:45 a.m.
- 5.) **NO STUDENTS ARE EVER TO WALK TO THE MIDDLE OR HIGH SCHOOL BUILDINGS or to the COMMUNITY CENTER** in the afternoon as buses are provided. The parking lot area is too dangerous for elementary students to be walking in that area.

Snack Break:

Teachers typically schedule a working snack break for students sometime during the school day. Students are allowed to have a food snack. Snacks should be nutritional in nature, i.e. fruit or vegetables, crackers etc. High sugar treats are discouraged.

Telephone Use:

Students are allowed to use the office or classroom phones in cases of emergencies only. Making after school social plans is not considered an emergency. Students are not to use these phones during the school day without teacher permission.

Toys:

Students are not to bring toys of any type (Pokémon Cards, sports cards, other electronic equipment etc.) to school. The only exceptions to this rule are special activity days, show & tell or long bus rides. Any articles brought to school are the responsibility of the student. Students are not allowed to bring laser pens or spray bottles or spray containers to school. Any of these articles or others deemed a nuisance found in school will be confiscated.

Visitors:

Students may not bring other children as visitors to school. Parents are welcome and encouraged to visit. For the safety of all the students, the Intermediate School building will be locked from 8:20 a.m. to 2:30 p.m. During the school day, when the buildings are locked, visitors are asked to press the call button near the main entrance. The school secretary will welcome you: ask your name, and the purpose of your visit. Visitors who are granted access to the building must report to the office, check in, and return the visitor's badge upon leaving the building. Signs will be posted at each building entrance explaining the protocol for visitors as described above. Parents visiting the classroom as an observer are asked to be as quiet and non-disruptive as possible. Visits are not an appropriate time to meet with the teacher or schedule a conference/meeting. Parents who choose to eat lunch with their child(ren) are asked to check in at the office and get a visitor badge. Please limit your visit to the lunchtime and not the free-play time. Free-play is for student socialization. Also, parents on the playground are a distraction for the supervisors and can create a security issue. Should a parent visitor see or experience a behavioral issue, they are asked to report it to the supervisor of that area. Parents are not to discipline or reprimand any student(s).

Volunteers:

Becker Intermediate Elementary encourages and welcomes all volunteers to our school. Whether a parent, guardian, grandparent or community person, your time spent at Becker Intermediate Elementary, as a volunteer, is an important contribution to a child's education. Information will be sent home at the start of the school year outlining volunteer needs. If you are interested in volunteering contact your child's teacher or the Intermediate Elementary Office to arrange times and activities. Because volunteers are not required to have background checks completed, all volunteers will be allowed to work with students only in supervised settings. All persons volunteering are expected to report to the Intermediate Office to sign-in and get a volunteer badge to wear while in the building.

August, ~~2019~~ 2020

Dear Students & Parent(s)/Guardian(s),

Welcome to Becker Middle School! BMS staff is looking forward to another exciting year of learning and growing together. The 3R's – **Respect, Responsibility, and Relationships**- continue to be the foundation of our program designed specifically for the needs of early adolescent learners. The middle school years are important stepping-stones on the path to high school success. During middle school, students will be provided many opportunities to develop friendships, explore areas of interest, and accomplish great things in both academics as well as activities

Our school's handbook is intended to help you understand the policies and procedures of the middle school and district so we can work together to maintain a positive and safe learning environment. Please read the handbook carefully so you are familiar with the procedures and expectations at the middle school. If you have any questions or suggestions regarding the contents of the handbook, please contact the middle school counselor or a middle school administrator.

This handbook is the official student handbook for Becker Middle School and has been approved by the Becker School Board. It will remain in effect until the subsequent edition is approved and published. The policies outlined in the student handbook apply equally to all students. It is recognized that the student handbook will be interpreted at the discretion of the school administration for the benefit of all students. We take great pride in our students, staff, building, and community. Thank you for partnering with us to maintain a safe school where students can learn, grow, and develop valuable life skills. We wish you a successful ~~2019-2020~~ 2020-2021 school year!

Sincerely,

Ms. Chantel Boyer

- ❑ We believe that the responsibility for learning is shared by students, school, parents, and community.
- ❑ We believe in the need for caring relationships to help people reach their full potential.
- ❑ We believe the curriculum, instruction, and assessment should reflect the uniqueness of the adolescent learner.

BMS Staff Working Code

In accordance with the 3 R's professed at Becker Middle School, it is expected that all staff will model respect, responsibility, and healthy relationships.

We will demonstrate self respect as well as respect towards our students, their families, and our colleagues throughout the district. We will show respect for individual and group differences and also will demonstrate a respect for the school facilities and property.

We are responsible for our actions and will be diligent in directing our best efforts as educators to ensure a quality educational program that is engaging and relevant for our students.

BECKER MIDDLE SCHOOL ACADEMIC INFORMATION

The academic program at Becker Middle School is designed in accordance with state and national standards in order to prepare students for success in high school and beyond.

ACADEMIC PROGRESS

Middle school teachers regularly monitor student progress and performance. Notification will be provided to the student and the parent(s)/guardian(s) if there are concerns about the lack of progress and/or behavior and a plan for improvement will be established. Students may be referred to the middle school counselor for assistance if needed. Students participating in extracurricular activities will be subjected to the practices and procedures dictated in the [Activities Handbook](#), that can be accessed at [Becker School Site](#).

Each teacher will provide students information explaining expectations and assessment procedures. Letter grades will be used in core subject areas such as English, Math, Science, Social Studies, and Health. Performance based classes such as Art, Physical Education, Music, Tech Ed, and Life Skills, may use a proficiency scale to assess student performance and progress based on the essential outcomes established at each grade level.

All middle school students are assessed for grade level proficiency through the MN Comprehensive Assessments (MCA) in the areas of Reading and Mathematics. 8th grade students are also assessed for proficiency in Science. Career and college readiness is monitored and assessed at least annually using the [Northwest Evaluation Assessment \(NWEA\) system- FastBridge](#).

II. GUIDING PRINCIPLES

- A. Becker Middle School's grading and reporting system shall provide students, parents, and teachers with a framework for assessing and reporting student *academic achievement*.
- B. The primary purpose of grading is to communicate *academic achievement* to middle school students, their families, teachers and district staff. Additional purposes for grading include; providing information that students can use for self-evaluation; providing information that teachers can use to adjust instruction, and, evaluating the effectiveness of instructional programs.
- C. We are committed to using guiding principles that will support a grading and reporting system that is clear and fair. In order to realize these goals, the grading system must:
 1. Reflect the level of proficiency related to the curriculum delivered at each grade level and in each content area.
 2. Provide meaningful feedback for students and parents.
 3. Be fair, accurate, specific, and timely.
 4. Reflect consistency within and among courses, grade levels, and/or departments.
 5. Reflect high expectations for all students across all courses.

III. GRADING PARAMETERS

- A. Course grades will be calculated based on a combination of both formative assessment (*for* learning) and summative assessment (*of* learning).
 1. Definitions:
 - a) Summative Assessments: Work conducted when a student has had adequate instruction and practice to be responsible for the material. It is designed to provide information to be used in making judgments about a student's achievement at the end of a sequence of instruction (e.g. final drafts/attempts, tests, exams, assignments, projects, performances).
 - Summative Assessment will account for approximately 70% of the trimester/course grade.
 - b) Formative Assessments: Work conducted when a student is still learning the material. It is an assessment that is designed to provide direction for both students and teachers. For the students, the adjustment may mean reviewing, additional practice, or confirmation that they are ready to move forward. For the teachers, it may mean changing instructional strategies, providing additional practice, or being ready to move forward (e.g. teacher observation, quizzes, homework, rough drafts, peer editing, or notebook checks).
 - Formative Assessment will account for approximately 30% of the trimester/course grade.
- B. Teachers of the same course will apply the grading parameters in the same manner.

1. Individual departments and teachers of the same course will determine and align which assessments are included in the summative and formative categories.
 2. Course grades will reflect the level of the student's academic achievement. While non-academic factors are highly valued and often contribute to the student's achievement, they will be communicated separately from an achievement grade. The following are examples of non-academic factors that are not included in the course grade.
 - a) Behavior (attendance, attitude, punctuality, academic dishonesty, effort,...)
 - b) Class participation except when the participation is related to a performance standard
 - c) Homework based solely on completion (i.e. there must be some assessment of the work)
 - d) Other evidence of student habits and/or characteristics
- C. The following grading scale will be consistent across the entire building (or [4 Point Scale](#)):

A = 93-100	C = 73-76
A- = 90-92	C- = 70-72
B+ = 87-89	D+ = 67-69
B = 83-86	D = 63-66
B- = 80-82	D- = 60-62
C+ = 77-79	F = 59 and below

1. Summative assessment scores less than 50% will be adjusted to 50% in Skyward, with the earned score noted as a comment.
 - a) As the purpose of grading is to reflect the student's academic achievement, there needs to be a sufficient number of assessments to determine an accurate level of achievement. As such, effort must be taken to hold students accountable for completing their work.
 2. Summative assessments will need to be completed for a score before a final course grade will be assigned
 - a) Whenever possible, formative assessments should be completed before the summative assessment is completed.
 - b) A zero will only be used in the last resort if the student chooses to make no effort to complete the assessment or assignment. A comment may be provided in Skyward related to why a zero was given.
- D. Late and Missing Work
1. Formative assessment work not turned in by the due date will be marked in Skyward (2nd checkbox) as missing and will be marked as a zero or entered as an asterisks. The score may remain/be changed to a zero at the deadline (the end of unit summative assessment). A comment may be provided in Skyward related to why a zero was given.
 2. Formative assessment work turned in after the due date will not have a deduction for being late. Timeliness feedback will be provided to students and communicated to parents/guardians during conferences. Communicating late work to students and parents can also be done using the comment tool in Skyward.
 3. Incomplete Summative assessments should be recorded as missing, and will be marked as a zero or entered as an asterisks. Students ending the 6 week Mid-Tri course or Trimester course with any missing assessments will be graded as "Incomplete", and must be made up within 2 weeks. Assessments not completed within this timeframe will be converted to zero and the final grade will be assigned for the 6 week Mid-Tri Courses and Trimester Courses.
 - a) Teachers will make every effort to make sure that opportunities are provided for students to complete required (assessed) learning.
- E. Relearning/Reassessment

1. Students will be offered opportunities for relearning and reassessment when they have not demonstrated proficiency of specific learning targets.
2. Students should complete/participate in a relearning exercise prior to reassessment. All work from a learning unit must be completed prior to reassessment.
3. In cases of reassessment, the higher score will be documented as the final score for the unit assessment.
4. Relearning and reassessment should be completed no more than 2 weeks after the original assessment.
5. Not all assessments are eligible to be redone or retaken.
 - a) End of course or semester exams
 - b) Final research papers and reports
 - c) Culminating projects or performances
 - d) Others determined by PLC/Dept. ~~or~~ Grade Level
6. Additional Work for Credit
 - a) "Extra credit" should not be used in lieu of required learning.
 - b) Extension work/activities may be provided to challenge students who have met proficiency and to enhance learning. However, it should not be used to improve an academic achievement grade/score.

IV. FAMILY ACCESS

- A. Parents/Guardians and students have access to their school information in Skyward Family Access Program. Student information includes attendance, food service accounts, assignments, progress reports, and grades. This information is password protected. Parents can obtain passwords at open house or should contact the middle school office during regular school hours for assistance with online access.
- B. ***It is important that parents/guardians update family contact information in Skyward or notify the school if there are if you there changes in your address and/or contact information during the school year.***

V. REPORT CARDS

- A. Trimester report cards will be available approximately two weeks after a quarter has ended. Notification will be sent to parents when report card information is available to access on Skyward.
- B. MIDTERM PROGRESS REPORTS
 1. At the midpoint of each trimester, progress reports are available online through the Skyward Parent Access Portal. A copy of a student's midterm grades will be mailed home to parents/guardians of students who are failing.
- C. Communication to and from parents regarding student's progress is extremely important and vital to the student's success. Because of this, the following procedure will be used to notify parents/guardians if your child is receiving a failing grade:
 1. Parent(s)/guardian(s) will be notified by the teacher if academic and/or behavior problems arise. Communicating with the teacher(s) via email or phone is recommended. Checking the teacher's websites and using the online parent portal will assist students and parents in tracking assignments, due dates, and grades.
 2. If academic or behavior problems persist, a conference may be requested with a parent, teacher, team, school counselor, assistant principal, and/or principal.
 3. Students participating in extracurricular activities will be subject to the policies and expectations defined in the 7-12 Activities Handbook.

VII. ACADEMIC INTEGRITY

- A. Academic integrity refers to honesty and ethical behavior in producing and representing your work in a school setting. Academic dishonesty is a failure to display this type of ethical behavior in your academic conduct.
- B. All work submitted for credit in any class is expected to be produced by and be the original work of the student submitting it.
- C. While there are different types of academic dishonesty, the two main concerns in the classroom are cheating and plagiarism.
1. **Cheating** includes a variety of behaviors including the following:
 - a) Copying the work of another student
 - b) Allow one's work to be copied by another student
 - c) Use of unauthorized materials on a test or project
 - d) Unauthorized use of electronic devices on a test
 - e) Obtaining unauthorized copies of materials, information or knowledge prior to taking a test or completing a project
 - f) Claiming credit on a group project for contributions that were non-existent or below requirements
 - g) Falsifying or forging any academic document
 2. **Plagiarism** is passing off the work of another, often without their knowledge or consent as your own. Plagiarism can be intentional or unintentional. Examples of unintentional plagiarism include:
 - a) Failure to list sources used
 - b) Failure to indicate that material in a paper came from one of the sources
 - c) Using the wording of the original source too closely when paraphrasing
 - d) Using the ideas of another without proper citation
 - e) Changing some of the author's words by retaining his/her ideas and/or sentence structure without citing
 - f) You can prevent "accidental" plagiarism by:
 - Make sure you start your research early! Give yourself plenty of time.
 - Make sure you take notes accurately. Use a highlighter to mark exact quotes and unique phrases that should be in quotation marks.
 - Make sure that you have accurately recorded bibliographic information for all sources used in your research
 - Make sure you clearly indicate where the information came from, source and page number.
- D. Citing
1. **Citing - Required**
 - a) When you are using or referring to someone else's work in your paper (including their words, ideas, research, charts, illustrations, etc.)
 - b) When you use an exact quote or a unique phrase from a source
 - c) When your information comes from an interview or represents someone else's observations
 - d) In formal writing, this citation should occur in two places: in the actual text of the paper itself and in the bibliography. Doing this properly is simply a matter of very specifically following a style guide, which will show exactly how to document the information.
 2. **Citing - Not required**
 - a) When you are expressing your own ideas, observations, opinions, and theories
 - b) When what you are writing is common knowledge
 - c) When what you are writing is not cited in common reference books
 - d) When you've created your own illustrations, charts, diagrams
 - e) When you are using research you conducted yourself
 - f) When the information lies within your own field of expertise, and it stems from your personal knowledge

E. Consequences of Academic Dishonesty

1. Incidents of academic dishonesty should be referred to the building administrator, and will be addressed with behavioral consequences.
2. An Academic Integrity Assignment may be given to students as part of behavioral consequences that are assigned by building administrators.
3. In cases of academic dishonesty, students need to work with teachers to complete an alternate assessment to determine the actual level of achievement.
4. Incidents of cheating or plagiarism can have serious consequences.
5. At Becker Middle School, Students who are discovered to have plagiarized or cheated on specific assignments or tests may receive a "zero" or no credit for that assignment or test and may include additional disciplinary action or alternative assessments to demonstrate student understanding.

VIII. STATE TESTING INFORMATION

- A. Each spring district and school leaders develop an assessment plan for the following year. Decisions on which assessments will be used for each grade level and building are guided by the following needs:
 1. To ensure information on annual progress and achievement over time is available for building MTSS teams to make informed decisions about placement and programming for every student.
 2. To ensure the availability of information on achievement and progress of groups of students with which to evaluate curriculum and instruction at all levels.
 3. To minimize the time students spend in testing.
- B. A calendar will be available to parents/guardians on statewide assessments on the Becker School District Curriculum and Instructional website. For additional information please contact either the Building Principal or the Asst. Superintendent of Curriculum and Instruction. If a parent/guardian wishes to refuse to have their child participate in the state assessments, please complete the appropriate form/s found on the district website and schedule a meeting with either the Building Principal or Asst. Superintendent of Curriculum and Instruction. In order to provide for appropriate scheduling adjustments, this should be done at least a week prior to testing. The Truancy Intervention Program is designed to improve school attendance by juveniles who are not fulfilling school attendance requirements without due cause. The following steps outline the intervention process:
 - b) **Step 1:** After the child has had 3 or more unexcused absences on 3 different days, the school makes a referral to the County Attorney's Office. The child and the parent are scheduled to attend a mandatory meeting with a representative of the Sherburne County Attorney's office to obtain information about truancy laws and expectations for school attendance.
 - c) **Step 2:** If the child continues to be truant, the family is referred to the Sherburne County Attendance Review Board. The family meets with representatives from the school, Sherburne County probation, community agencies and the local law enforcement to identify and address any issues that are preventing the child from regularly attending school.

Technology has allowed teachers to enhance and extend curricula in ways not even envisioned a few years ago. The school district embraces the use of personal and school-owned devices for the advancement of teaching and learning. In making decisions regarding student access to the school district computer system and the Internet, including electronic communications, Becker Public Schools considers its own stated educational mission, goals, and objectives.
- B. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.
- C. The school district is providing students access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.
- D. The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

 11. Students should have their iPad charged to the minimum of 80% at the beginning of school every day.
- B. Violations of these guidelines will be handled on an individual basis and may include confiscation of the device, conference with parents, suspension of the right to carry a phone/device, referral to the school resource officer, or other consequences.

School Consequences & Student Discipline

Order and discipline are necessary to provide safe and effective schools. Following directions and respecting self and others are characteristics of students in effective schools. Assisting students to achieve self-control is an important charge of the teachers. However, dealing with certain behaviors becomes the responsibility of the administration and parents. Becker Middle School strives to provide a learning environment that fosters academic success. Staff will work diligently to promote acceptable behavior and intervene on unacceptable behavior. In resolving conflict, communication among the people involved is essential. This may include the students involved, parents, and could involve the teacher(s), the counselor, and school administration.

I. **BECKER MIDDLE SCHOOL DISCIPLINARY SYSTEM**

- A. Becker Middle School's disciplinary system categorizes inappropriate behaviors into two levels.
1. **Level I behaviors** are considered more MINOR in severity and are typically handled by the teacher or staff member involved.
 2. **Level II behaviors** are behaviors that are more significant, or MAJOR, and interfere with the educational process. Examples of Level II behaviors are those that cause significant disruption, are harmful to self or others, compromise safety, disrespect towards others, damage to property, stealing, and other behaviors that are in violation of school policies.
- B. Consequences and/or interventions listed below may be used to change inappropriate student behavior. Possible interventions include:
1. Warning and/or referral to review student handbook
 2. student/teacher conference
 3. team conference
 4. parent/guardian contacted
 5. behavior contract
 6. parent conference
 7. conference with principal and/or assistant principal
 8. referral to police liaison
 9. referral to guidance counselor
 10. referral to case manager or behavior specialist
 11. detention
 12. school and community service
 13. suspension of privileges
 14. in-school suspension
 15. out of school suspension
 16. trespassing notice
 17. referral to outside agency

II. **DETENTION**

- A. Detention may be used as a consequence for a variety of school infractions. After school detention is prearranged, therefore NO EXCUSES (jobs, athletics, etc.) will be accepted for missing detention. *Student attendance for detention is required and failure to attend assigned detention will be considered truancy.

III. REMOVAL FROM CLASS

A. Disruptive/non-cooperative students may be removed from class. If a student's behavior results in frequent removal from class(es), a parental conference may be required to evaluate the student's educational programming. *Staff will contact parents/guardians when class removal occurs.

IV. ADMINISTRATIVE DISMISSAL

A. Dismissal is defined as being required to leave the school premises for the remainder of the school day. This is not a suspension, however, administrative dismissal could lead to suspension. Parent(s)/Guardian(s) may be required to attend a readmission conference when a student is subjected to an administrative dismissal from school.

V. SUSPENSIONS (School Board Policy 506) Added Links

A. Suspension is the short-term exclusion of the student from school during which the school is relieved of custody of the child. Suspension shall be utilized in accord with the Pupil Fair Dismissal Act of 1974.

VI. EXPULSION

A. Expulsion means the action taken by the school board to prohibit an enrolled student from further attendance for a period that shall not exceed beyond the school year. Students will be recommended to the Board of Education of Independent School District #726 for expulsion from school for severe or persistent violation of school policy.

VII. SCHOOL RESOURCE OFFICER (SRO)

A. An important part of the BMS administrative team is our school resource officer. The liaison officer is an investigator with the Sherburne County Sheriff's Department who is assigned to Becker Schools. The proactive mission of the officer is early intervention in matters that could have serious implications for the safety and security of the students and staff if left unchecked.
B. The secondary responsibility of the school resource officer is to respond to certain acts committed in the school that may be deemed as unlawful. At Becker Middle School, the liaison officer is consulted to assist with educating students in order to prevent future problems with the law. A law enforcement officer may cite violations of the law and process charges through the county attorney's office, regardless of the school penalties imposed for that same act. Thus, it is possible that some acts may be violations of school rules, school board policies, and the law, resulting in both school and legal consequences.

VIII. DISORDERLY CONDUCT

A. Whoever does any of the following in public or private place, including on a school bus, knowing or having reasonable grounds that it could alarm, anger, or disturb others or provoke an assault or breach of the peace, is guilty of disorderly conduct:
1. Engages in brawling or fighting; or
2. Disturbs an assembly or meeting, not unlawful in its character; or
3. Engages in offensive, obscene, abusive, boisterous, or noisy conduct or in an offensive obscene, or abusive language intended to arouse alarm, anger or resentment of others.
4. Students engaging in behavior constituting disorderly conduct will be referred to the school liaison officer.

GENERAL INFORMATION

I. SCHOOL SAFETY AND SECURITY

A. The Middle School building will be locked from 8:20 a.m. to 2:45 p.m. During the school day, when the buildings are locked, visitors need to press the call button near the main front entrance. The school secretary will welcome you: ask your name, and the purpose of your visit. Visitors who are granted access to the building must report to the office to obtain a visitor's badge. Upon leaving, visitors need to check out in the main office and return the visitor's badge. Signs will be posted at each building entrance explaining the protocol for visitors as described above.

II. CRISIS PLAN

- A. A district crisis plan has been developed in partnership with law enforcement and other officials. The plan is updated annually and staff members have access to the plan on school electronic devices. Each building has a Crisis Team identified to assist in the event of a crisis. All district Crisis Team members meet annually to review plans and updates and to practice tabletop exercises/scenarios.
- B. Minnesota law requires that each school practice one severe weather drill, five fire drills, and five lockdown drills each year.
- C. FIRE DRILLS are a necessary part of our high school safety plan. When fire drills are held, everyone is to leave the building as quickly as possible when the alarm is sounded. No one is to return to the building until the "All Clear" signal is given. If the alarm rings during lunch, leave the cafeteria immediately and report to your homeroom or first block teacher in the designated area for your assigned grade level. Setting off an alarm unnecessarily will result in immediate suspension and referred to law enforcement officials.
- D. LOCKDOWN DRILLS - ALICE procedure is used in the Becker School District. ALICE (Alert, Lockdown, Inform, Counter, Evacuate) Training instructor led classes provide preparation and a plan for individuals and organizations on how to more proactively handle the threat of an aggressive intruder or active shooter event. Whether it is an attack by an individual person or by an international group of professionals intent on conveying a political message through violence, ALICE Training option based tactics have become the accepted response, versus the traditional "lockdown only" approach.

III. SURVEILLANCE

- A. School grounds and buildings may be monitored by an electronic surveillance system. The system is designed to enhance school supervision and safety.

IV. MANDATORY REPORTERS

- A. All school staff are mandatory reporters. All staff are obligated by Minnesota law to report any incidents of suspected child abuse or neglect. Once a report is made to law enforcement or child protective services, the issue is no longer within the control of school officials.

V. ACTIVITIES

- A. VOLUNTEER OPPORTUNITIES - The Becker School District recognizes that volunteers are valuable assets to our schools. 2. In order to provide a safe and well-managed experience that promotes the objectives of building our school community, FUN, and participation in developmentally appropriate activities in a supervised environment, there are several guidelines that **must** be followed. **Guests from other schools and/or other grade levels are not eligible to attend Activity Nights.** There are no exceptions to this policy and anyone who is not a BMS student who attempts to attend will be refused entrance and parent(s)/guardian(s) will be contacted. VII. **PHYSICAL EDUCATION PARTICIPATION POLICY**

- A. Physical activity is important to the growth and development of our students. Our physical education program provides a variety of activities for all students including students who may have a recent injury, chronic illness, or disability. To ensure each student remains physically active, certain guidelines will be enforced. A student may be excused from participating in physical education for illness or injury. To be excused from participating, a written explanation must be received. Acceptable reasons for being excused from participation in physical education class:

VIII. **MEDIA SERVICES**

- A. The middle school library is an area designed to aid you in your studies by providing the materials for your use. Don't hesitate to ask for help in locating information or for recommendations of books you might enjoy reading. Though whispering is permitted in the main library area, it is necessary that the library remain an overall quiet room where studying or recreational reading occurs. It is not a social area. So that the library can provide materials and services for all, the following policies have been developed:

1. The library is open to middle school students from 7:30 am to 3:30 pm on most school days.
2. All materials must be checked out by library personnel and returned to the circulation desk when finished, unless used just in the library area.
3. Current magazine issues are to be read in the library and returned to the circulation desk five minutes before the end of the period.
4. Older issues of magazines are available for check out. When you need back issues of magazines, ask the library personnel to get them for you from our back room.

they may be renewed. The exception to this would be reference books or books on reserve, which may be checked out for overnight only.

2. Our students are able to check out over 6,000 nonfiction books, which are organized in the library by Dewey Decimal numbers. Students also have a small (but growing) selection of nonfiction titles available electronically through the MackinVia app.
3. Our students are able to check out over 12,000 fiction books, which are housed in the library by genre. Our genres include adventure, science fiction, humor, sports, dystopia, paranormal, classics, everybody books, animals, graphic novels, mystery/suspense, realistic fiction, historical fiction, young adult (grades 7 and 8 only or 6th with permission), and fantasy.
4. Although some people are starting to read books electronically (and certainly we support that), we firmly believe in the power of holding an actual paper book, turning the pages, carrying it to every class, and even smelling the pages can be powerful for our kids. We work hard, along with all our teachers & staff, to make sure our students have access to the media center and our collection of books on at least a weekly basis. Kids may keep books for three weeks and may have up to five checked out at a time, as long as they are responsible with returning them on time.
5. Students are also welcome to visit us before school, during lunch, and after school if they would like. Our media center is a comforting and welcoming place (with an awesome reading lounge!) and we love it when kids just want to "hang out" ~~in~~ here.
6. Our media center is also open one day a week (Wednesdays) in the summertime from 10 am-noon so kids may keep up reading habits all year long.
7. Because our students are truly our "customers", they are the driving force behind the fiction books purchased for the library (fiction checkouts are about 90% of our circulation, which averaged 34 books per student in the 2017-2018 school year!). We, of course, look for award winners and books that come highly reviewed in School Library Journal and Booklist and other resources for librarians, but students are encouraged to let us know if there is something we're missing, or if an author has released a title we haven't purchased yet. Our feeling is that if a reader wants a book in his/her hands, we want to get it for her/him as soon as we can. After middle school, kids sometimes struggle with time and opportunities to read. We want to make sure to give them everything we can while they are here!

IX. SCHOOL PICTURES

- A. A professional photographer will take individual school portraits during the Open House/Orientation day. The pictures and names of each student will be published in the middle school yearbook. Dates for pictures as well as retakes can be found on the District Calendar. Spring pictures will be offered to students and families. Students may order and purchase pictures on picture days.

X. PLEDGE OF ALLEGIANCE

- A. District policy provides for student recitation of the Pledge of Allegiance one or more times per week as well as instruction in proper flag etiquette. Any student or staff member may respectfully decline to

participate in reciting the Pledge of Allegiance. It is an expectation that individual choice be respected in this matter.

XII. TEXTBOOKS/SCHOOL EQUIPMENT

- A. Texts **Textbooks** or school equipment may be loaned to students for their use. Students who lose or damage school items will be expected to pay a fine or the full replacement costs of the damaged or lost text or equipment.

XIII. LOST AND FOUND

- A. Each year students lose or misplace items of clothing, lunch bags, water bottles, as well as other things. Parents/Guardians are encouraged to label clothing and other belongings for easier identification. If your child is missing something, the LOST & FOUND is located in the Middle School Commons area. Valuable items, expensive gifts, money or electronic items should not be brought to school. **Lost items are not the responsibility of the Becker Schools or Becker Middle School. At the end of each trimester unclaimed Lost and Found items will be donated to local organizations.**

XIV. STUDENT VISITORS

- A. Students are not allowed to bring visitors to school. The reasons include: lack of available space in some class areas, the distractions to learning that a visitor unintentionally provides, the school's responsibility for supervising the visitor, and to avoid unnecessary disciplinary or safety issues.

XV. SCHOOL CLOSING/EMERGENCY

- A. Emergency closing information due to inclement weather or for any other reason can be retrieved in several ways. Households with students enrolled will be contacted by an automated phone system or an automated email message with details of the closing status. You may also obtain the information through the following resources:
1. Radio - WCCO (830) or WJON (1240)
 2. TV - KARE (Ch 11) or KSTP (Ch 5) or WCCO (Ch 4) or KMSP (Ch 9)
 3. Becker School District Website

IV. SCHOOL INSURANCE (moved from general information)

- A. School insurance is available to all students. However, it is not compulsory. The school cannot be responsible for payment if a claim does not meet the students or parents expectations. Enrollment forms can be found on the district website or the school office.

V. TELEPHONE USE(moved from general information)

The phones in the school office are not for student use unless there is an emergency. During the school day, students need permission by a staff member to make calls using his/her personal cell phone. **Personal cell phones are required to remain in student lockers.**

VI. INFORMATION FOR HOMESCHOOL FAMILIES

- A. Home schooling is the responsibility of the parent/guardian. If a full time student opts for homeschooling in any subject area(s), he/she must withdraw and re-register in the district office under a "partial student" status. A schedule will be determined by the administration for any partially enrolled home schooled student, specifying the hours and courses of enrollment. **The school only assumes responsibility for students during the enrolled class periods.**
- B. Partially enrolled students must sign in at the main office upon arrival at school and sign out before departing. Home school students are not allowed on the school grounds during the regular school day without prior permission from the principal. Any home school student living in the school district is eligible to participate in school sponsored extracurricular activities. Contact the Activities Office for specific information about extracurricular participation. Further questions pertaining to home school should be directed to the office of the Director of Curriculum and Instruction or the Minnesota Department of Education.

 - 2. Student's gender and date and place of birth
 - 3. Major field of study

Federal rules define directory information to mean, "Information contained in the education records of a student which would not generally be considered harmful or an invasion of privacy if disclosed." 34 C.F.R., Sec. 99.3.
 - 1. **A parent or adult student has the right to refuse to permit the designation of some or all of the categories as directory information with respect to that particular student. If a parent does not wish to have any or all of the above information to be considered "Directory Information," you should contact the middle school office in writing by September 30 or within 30 days of student enrollment to Becker Middle School.**

II. STUDENT RECORDS

- A. According to the Minnesota State Law Relating to Pupil Records, the parent/legal guardian or student 18 years of age or older may examine all of the student's records. An appointment can be made with a middle school guidance counselor or a school administrator to review student files. The school may release directory information upon request, which can include name, address, telephone, awards, and attendance. If you do not want this information disclosed, you must notify the school principal in writing.

It is the policy of Becker Public Schools not to discriminate on the basis of sex in its educational programs, activities, or employment policies as required by Title IX of the 1982 Educational Amendments. It is also the policy of Becker Public Schools not to discriminate on the basis of age, religion, marital status, color, national origin, creed, or status with regard to public assistance in its educational programs, activities or employment policies.

- A. The purpose of the school counselor is to help each student in his/her social, emotional, academic, and personal development. The counselor's first priority is to assist students. The counselor may be of assistance to the students in the following areas:
 - 1. Recognizing materials and methods to improve study habits
 - 2. Planning schedules and school programs
 - 3. Offering aid in personal problems in school
 - 4. Chemical Dependency Referrals
- B. The school counselor also serves on the MTSS building committee, PBIS Committee, and other district/building level committees.

III. HEALTH SERVICES

- A. Students who become ill during the school day should report to the nurse's office. A brief assessment will be made to determine if the child should be sent home. If there are no obvious symptoms, the student may be allowed to rest and then will return to class. If there is a need to go home, the nurse or office will inform the parent/guardian and the student will be released from school. If this procedure is not followed, and the student leaves without properly checking out, the student will be considered absent, unexcused, and regular school disciplinary action will be taken. **Students need to refrain from texting or calling parents to pick them up because they are ill. This is the responsibility of the School Nurse.**

IV. MEDICATION INFORMATION

- A. Medication practices and procedures should be discussed with **the** Middle Middle School Nurse. The school nurse will inform you of the district's policy on the handling of medication. A copy of the medication policy is available in the middle school and district offices as well as on the district website.

School administrators and staff also work closely with the Becker Police Department on a regular basis. (Stated in Part VII in Code of Conduct Section)~~

VII. SPECIAL EDUCATION SERVICES

- A. Special Education services are available for students who, through a formal assessment process, qualify to receive services that address the individual needs of a particular student. The program can involve both direct and indirect intervention. The special services curriculum is a combination of the general curriculum and individual goals and objectives resulting in increased independent living academically, physically, and socially.

VIII. SOCIAL WORKER

- A. School social workers are an integral link between school, home, and community in helping students achieve academic success. They will work directly with the student(s), staff and families at Becker Middle School. Their job may include, but not be limited to the following; social skill groups, crisis management, member of the

PBIS team and support services. A school social worker may work with students who qualify for an Individualized Education Plan through special education as a "related service".

IX. 504 SERVICES

- A. Students with a disability may qualify for accommodation services through a 504 Plan. Contact the middle school counselor or the assistant principal for more information regarding a 504 Plan.

X. SPEECH LANGUAGE THERAPIST

- A. A speech therapist is available to work with students who have specific identified needs and goals in some areas of communications. The communications specialist is also involved in different aspects of the formal special education assessment process when appropriate.

XI. MULTI TIERED SYSTEM OF SUPPORT

- A. **Multi Tiered System of Support (MTSS)** is a framework for student success that focuses on high-quality instruction and intervention matched to individual student needs, monitoring student progress, and using the student's progress data for educational planning. The primary focus of the MTSS Framework is to ensure all students succeed and to prevent academic failure. The Becker Elementary Schools (K-5) have been implementing MTSS since 2004. Beginning with the 2015-16 school year, intervention services became available for some Becker Middle School students based on identified needs in the area of literacy/reading. Students in grades 7 or 8 who demonstrate difficulties with school behavior, attendance, and academics may qualify to receive support from a Behavior Specialist. An intervention program will be offered in the area of math starting the 2017-18 school year. MTSS is a multi-tiered system of support provided to all students. Tier 1 focuses on core instruction provided for all students in the regular education setting. Students who are approaching grade-level mastery with the intent to bridge a clearly identified gap receive Tier 2 services. Tier 2 services provides supplemental instruction (academic and behavioral) which may replace an "elective" course. Tier 3 services is a core replacement class for reading and/or mathematics. The instruction is differentiated and leveled based on the individual needs of students. Tier 3 services may replace an "elective" alternative course at that grade level.
- B. Positive Behavioral Intervention & Support (PBIS) is part of MTSS focusing on a positive discipline plan for the entire school. The PBIS approach is to proactively prevent or reduce challenging behaviors and produce positive outcomes to promote student success.

XII. S.O.A.R./TARGETED SERVICES

- A. Teachers may arrange for students to attend **S.O.A.R.**, an after school academic support program. The primary objectives of the program are to promote skill development in one or more of the following areas: **S**ocialization, **O**rganization, **A**cademics, and **R**esponsibility. A letter and/or phone call will notify parents/guardians if their child is being recommended for this program. Parents/guardians may also request their child's participation in this after-school program. The Targeted Services Program, S.O.A.R., is free of charge and conducted by middle school teachers. New sessions begin after each trimester and students may participate in any or all of the session. Students and parents/guardians are responsible for transportation. Contact the middle school office for additional information.

Dear Primary School Parents and Students,

Welcome to Becker Primary School! The faculty and staff look forward to getting acquainted with new families to our school, and reacquainted with former students and their families. Our goal is that each student has a successful, safe, and enriching school year.

This handbook will provide you with general information concerning our school. We ask that parents and students take the time to become familiar with the policies, procedures, and expectations in this handbook. Most questions you have will be addressed in this guide as well as other topics relevant to your child's/children's education. Parents are a very integral part of your child's educational success. We encourage parents to carefully read through information that comes home from your child's teacher to help your child build the foundational skills to become lifelong learners.

This fall there will be assessment days for your child prior to starting the school year. This will be similar to what we have been doing for the past several years with conferences and assessments at the beginning of the school year. This has been a positive experience for both students and their parents. The assessment days will be Tuesday, September 8th from 11:30 a.m. – 7:00 p.m. and Wednesday, September 9th from 8:00 a.m. – 3:30 p.m. The first day of school for kindergarten, first and second grade will be Thursday, September 10th, 2020.

The intent of the beginning of the school year assessment will be to:

- Provide time for your child's teacher to do a benchmark assessment to know your child's reading level
- Ease the anxiety level for your child by spending time with your child's teacher
- Give parents an opportunity to ask questions and share any family concerns
- Bring in supplies
- Your child will also be assessed on High Frequency Words
- Lifetouch will also be here to take your child's school picture

Please plan on spending 1 ½ hours – 2 hours with your child on this assessment day. As a parent, you will be able to watch a video giving an overview of what to expect for the school year. You will also be able to purchase school lunches and some school supplies. Please note we will **NOT** be having an open house this year for K-2 families. The assessment days will take the place of an open house so you can take care of things during this time.

We are very proud of our school, students, staff, and programs offered at Becker Primary School. Thank you for your help in making this a positive and memorable school year. If you have any questions, suggestions, or desire further information, please contact the Primary School Office at 763-261-6330.

Sincerely,

Dale Christensen,
Principal

When there is danger or a health risk for students, the administration may decide to cancel school for the day, start classes late, or close school early.

Parents should have a plan in case of any emergencies. Two Radio stations are notified of the cancellations--WCCO (830) and WJON (98.1 FM or 1240 AM) 3 television stations WCCO (4) and KSTP (5) and KARE (11). Please make arrangements at the beginning of the school year so that the students know where they are to spend the day or partial day if their parents are not home.

Student Drop Off and Pick up:

Parents can only access the Primary School drop-off and pick-up area from the ONE-WAY lane off of Third Street across from Morris Street at the north end of the Bus Garage complex. Watch for signs.

Parents can drop- off and pick-up students on Third Street along the curb on the north side of the street (the school side). Students can cross the Intermediate playground and enter the Primary School at Main Door.

If your child will have any changes in dismissal routine (picked up) you must provide a **written note** or a **phone call** indicating what the change will be. If we do not receive one or the other, **your child will be sent home on the bus.** If you pick your child up early from school, you must sign them out in the office.

School Security

The Primary School building will be locked from 8:20 a.m. to 2:30 p.m.

During the school day, when the buildings are locked, visitors are asked to press the call button near the main entrance. The school secretary will welcome you: ask your name, and the purpose of your visit. Visitors who are granted access to the building must report to the office, check out, and return the visitor's badge upon leaving the building. Signs will be posted at each building entrance explaining the protocol for visitors as described above.

FOOD SERVICE

Hot lunches

Primary students pay \$2.70 for hot lunches. All students are issued an I.D. number, which is used instead of cash or a consumable paper ticket. Parents deposit money into the family account for a week or several weeks or even a half-year at a time. When sending money to school for your child's account, please place the check in an envelope and write the family's name and the amount for the account. Each time a child eats, that account is charged the correct amount, and each time a payment is made the account is credited. Students need to keep a balance in their account. We do not allow charging.

Milk for students with cold lunches

Half pint cartons of milk are available in the lunchroom for the students who bring their own lunches. Each milk carton sells for .45 cents. Each time a student purchases milk, their lunch account is charged the correct amount. (Students who eat hot lunch receive a half pint of milk with their meal and it is included in the price of the hot lunch.)

Milk break

Milk break is separate from the lunch account. Parents will need to pay \$30.00 for half a year or \$60.00 for the entire year. Milk break is for grade 1 and 2 students only.

Lunch Prices

Primary students	\$2.70 including milk
Adults/teachers/staff & Visitors	\$4.00 including milk
Milk for cold lunches	\$.45 per half pint
Milk for break	\$60.00 for year / \$30.00 ½ year

ACADEMICS

Services and Alternatives

The School District makes every effort to meet the needs of children with disabilities. Accordingly, Special Education services are provided within the school setting. As a member of the Sherburne and Northern Wright County Special Education Cooperative (offices in Monticello), Becker School has access to coordination services for special education programs. Special services available are programs for Speech Therapy, Vision and Hearing Impaired, Specific Learning Disabilities, Emotional/Behavior Disorders, Early Childhood Special Education, Mentally Handicapped, other Health Impaired and Physically Impaired Services. If parents have questions concerning any of these services, they should call the principal.

Curriculum review

The description of Becker Primary School curriculum is divided into several parts -- language arts, mathematics, social studies, science, and applied arts.

Language Arts - The language curriculum includes all of the disciplines of communication: reading, speaking, listening, spelling, and writing, including punctuation and grammar. Each of the language activities contributes to the total development of effective communications. Much of the instruction in oral and written expression occurs as a part of other subjects in the curriculum when students are expected to write, speak, and listen.

The Journeys developmental reading program has high priority in the primary curriculum. The students will develop reading strategies through guided reading, shared reading and read alouds. The goal of reading instruction is for children not only to learn how to read, but also to enjoy reading to become lifelong learners. The primary school has created a building bookroom to meet the needs of each learner.

Included in language arts instruction is an emphasis on writing, which reinforces and develops the related communication skills. Creative writing, critical thinking, spelling, punctuation, and writing style are important to good writing and communication.

Mathematics - The Becker School district uses the Everyday Mathematics series. This series emphasizes logical math process rather than computational skills only. Skills are taught then reviewed continuously.

Social Studies - The sequence of the social studies program begins with the child's immediate environment and expands to places, events, and people farther removed in time and space. This "expanding environment" approach to social studies includes some form of history, geography, economics, government, and sociology at each grade level.

Science - The primary goal of the science curriculum is to help children develop an understanding of the physical world in which they live. Thus, a balance of life science, physical science, earth and space science is taught.

Health education is included in the science curriculum, with emphasis on both physical and mental health. Instruction in healthy living includes topics such as nutrition, safety, first aid, body care, anatomy, self-esteem, decision making, and consumer health.

Applied Arts - Music, art, and physical education are an integral part of the curriculum. The music specialist, the physical education specialist and the art specialist have the major responsibility for meeting the requirements in their respective field, and the classroom teachers supplement the specialist.

Parent/Teacher Conferences

Parent/Teacher conferences are scheduled after the first trimester in November and after the 2nd trimester. These conferences are designed to highlight and celebrate each student's accomplishments as well as to discuss and develop plans for areas of concern. Parents may request a conference at any time during the school year by calling the primary school office.

Report cards

At the end of each trimester, report cards are issued for each student.

ACTIVITIES

Community Education Classes: Community Education offers classes for K-2 grade students throughout the school year as well as the summer break. For more information call the Community Education office at 762-261-4506 or go on-line to becker.k12.mn.us and click on Community Education.

Youth Sports: Sporting opportunities are offered throughout the year. The Youth Sport opportunities are independent of the School District.

ATTENDANCE

It has been proven that good school attendance contributes to success in academics, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the students. The Staff at Becker Primary School would like to see all children in school everyday. However, we all realize there are some reasons children need to be excused from school.

Excused absence or tardy: illness, injury, death in a family, medical (doctor, dentist, psychologist, etc.) appointments, family emergency, family trip (We ask that these be kept at a minimum and pre arrangements be made with the classroom teacher),

Unexcused absence or tardy: missed bus, overslept, or the school is not notified by phone or note. 3 unexcused tardies are equivalent to one unexcused absence.

What should you do if your child needs to be absent?

If your child is going to be absent, please call 763-261-6330 before school in the morning. If the office does not receive a call, the office will attempt to contact the parent. In addition, please send a note the next day with the child's name, date of absence(s), reason for absence(s), and parent signature.

What to do if your child needs to be picked up early?

If a parent needs his/her child dismissed other than the usual times, the child needs to be checked out at the office. The child will be called to the office. This process is a safety precaution for your child and it also minimizes disruptions.

No Child will be dismissed from the classroom.

Procedures for Excessive Absences:

1. Becker schools will monitor absences that are 10% or greater of the academic time in the following manner:

2. Step 1 – A phone call by a staff member assigned by the building administrator expressing concerns with attendance.

3. Step 2 – Letter

The intent of the letter is to heighten the parent's awareness of the school's concerns with the number of days the student is absent and the concern if the pattern continues. After such notification, the student or his/her parent or guardian may, within a reasonable time, request a conference with the school officials regarding the student's absences and the prescribed discipline. The notification will state that the school strongly urges the student's parent or guardian to request such a conference.

4. Step 3 – Letter

The parent will be informed that the pattern for excessive absences is intensifying. Any further absences will require a physician's note or an assessment by the district nurse. The district nurse will make contact with the family. If the parents don't follow the protocol, the absence will be unexcused and procedures relating to truancy or educational neglect will be followed.

Homework

If your child is absent for only one day, do not call the school to request homework. However, if your child has a prolonged absence, and you desire homework for him or her, please give the teacher one day of notice to get the work together.

Code of Conduct/Discipline

Adult Code of conduct

All adults at Becker Primary School are expected to be positive models for students. Obscene and foul language, threats or yelling will not be tolerated. If necessary, adults will be asked to leave the school and return when they are in control.

Positive Behavior Support (PBS)

Becker Primary School is incorporating a Positive Behavior Support program into our everyday school environment. The students will be taught behavior expectations to follow for all areas of the building including: classroom, hallway, bathroom, lunchroom, bus, freeplay, etc. We expect the student's to "Be the very best person you can be". The staff is committed to helping children to reach their full potential to help students along a path of life-long learning. The Key components of our positive behavior program are for students to: Be their Bulldog Best with Behavior, Attitude, Responsibility and Kindness.

Bullying

Bullying is considered a form of harassment and will not be tolerated.

(A complete copy of this and all District policies can be accessed in the Primary Office or the District Website: www.becker.k12.mn.us)

(A complete copy of this and all District policies can be accessed in the Primary Office or the District Website: www.becker.k12.mn.us)

Discipline policy

Good student discipline is essential for all aspects of the primary school. Support and cooperation between the parents, students, and staff is necessary in order to maintain a good learning environment. To achieve this the School Board has adopted an extensive School Discipline Policy. The following is a summary of the pertinent rules of conduct from the policy given below. The entire policy is available in the primary office upon parents' request and is also on the Districts web site, www.becker.k12.mn.us

All students have the right to an education & the right to learn. All students have the responsibility for their behavior and for knowing and obeying all school rules, regulation, policies and procedures. Failure to comply with the school's rules and regulations will result in disciplinary action against the offending students. In general, any behavior that disrupts instruction or violates the rights of others is unacceptable and subject to disciplinary action which may result in loss of privileges, suspension and or expulsion as a result of their action.

Playground rules

1. Students may not eat food, chew gum, or have candy in their mouths during recess.
2. Fighting, name calling, physical or verbal assaults are forbidden.
3. The use of profanity or obscene language or gestures is forbidden.
4. Students may not play in the parking lot.
5. Snowball throwing is prohibited.
6. Squirt guns or other water devices are not allowed on school property.
7. In the school building, children must walk and keep to the right when meeting or walking with groups in the hallways.

Rules of conduct

1. Regular attendance is required of all students.
2. Vandalism, harassment, theft, physical or verbal assaults are prohibited.
3. Threats or disruptions to the school operation are forbidden.
4. Controlled substances, dangerous, harmful, or nuisance articles are prohibited from the school premises.

6. Bullying or fighting among students is forbidden.
7. Any attire or personal grooming, which endangers a person or interferes with school, or creates a class disruption is prohibited.
8. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

Locker Searches

The school provides lockers for all students, although some students share a locker with one other person. The classroom teachers assign lockers to students in their class and require that the students regularly clean their lockers. The lockers remain the property of the school and are subject to search by school personnel at any time.

Student Transportation

Bus routes

Students may ride **ONLY** on the bus they have been assigned. If a child is visiting someone on another bus route, the parents must provide their own transportation. Parents must make arrangements for their child's transportation home from any after school activities.

If your child will have any changes in dismissal routine (picked up etc.) you must provide a **written note** or a **phone call** indicating what the change will be. If we do not receive one or the other, **your child will be sent home on the bus**. If you pick your child up, you must sign them out in the office.

Rules for bus riders

Since School Board Policy views the school bus as an extension of the classroom, all rules and regulations found in the Rules of Conduct of Board Policy will apply to students' conduct while on the bus. The following are the rules and regulations, which specifically apply to safe bus conduct:

1. Students should be at the stop by the time the bus arrives and waiting on the side of the road.
2. Students are to remain seated while the bus is in motion.
3. Students are to keep their hands, feet, and personal articles to themselves. This includes keeping the aisle open at all times.
4. Students are not to use foul or obscene language or gestures.
5. Students are to maintain a reasonable noise level to ensure the driver can hear traffic noise and trains.
6. Students should not extend any part of their bodies or other objects from the windows or door of the bus.
7. Students are to keep the floor and seats clean from refuse and gum.
8. Students will not be allowed to have any articles on the bus that the driver deems unsafe or a nuisance.
9. The bus driver has the right to give additional directions to students, which he/she believes are necessary for the safety of the students on the bus.

Consequences

Failure to comply with the above safety regulations could result in one or more of the following consequences:

- 1). Verbal warning from the driver
- 2). An assigned bus seat for a specified period
- 3). A parent contact by the driver and/or principal.
- 4). A misconduct form being sent to the principal which may result in:
 - A. Student/principal conference, possible loss of free play.
 - B. Parent/student/principal conference for second conference for second misconduct offense.
 - C. School disciplinary action
 - D. Suspension of bus transportation privileges for a specified period.
 - E. Recommendation to the School Board for permanent exclusion from transportation services.

The school is legally liable for services from the time they board the bus until they are dropped off at the bus stop. For this reason, students are not permitted to leave school grounds once they are dropped off at school. Students are not permitted to get off the bus at any building but the building where they attend school.

Smoke free environment

Becker Primary is a smoke-free school. Using tobacco is not permitted in the school buildings, vehicles, or on the grounds.

Weapons policy

The School Board Policy specifically forbids all types of weapons including firearms, ammunition, pellet guns, gun replicas, knives, clubs, or any articles normally used to harm or intimidate another person. No weapons are permitted in school, on the bus, or on the school grounds. Penalty for the possession of a weapon is an initial suspension from school, and could result in expulsion or exclusion from school.

General Information

Birthday celebrations/treats: In the interest of reducing distractions during the academic day, birthday celebrations need to happen outside of the school day. This includes sending flowers, balloons, etc.

If your child wants to give a treat to the class in observance of his/her own birthday this is permitted, but children are not required to bring treats for their birthday. (Please check with classroom teacher in advance)

Notice: All treats must be commercially prepared and handed out in the original wrappers. Minnesota Department of Health regulations forbid the distribution of homemade treats in school. It is also recommended that all treats are peanut free.

COMMUNICATION

Whom to call

Parents who have questions concerning their child's progress, curriculum, homework, or discipline issues are encouraged to call the classroom teacher. While phone calls will not be put through to the classroom during the academic day, teachers will be given messages or a message can be left on their voicemail. Teachers can also be contacted by email. (Small letters: teacher's first letter of first name last name@isd726.org. If the problem cannot be resolved or the teacher has been unable to return your call or email, please call the Principal at 763-261-6330.

If your child reports bullying or other types of harassment to you please call or come in to talk to the Principal or teacher about the incident as soon as you become aware of the incident. We investigate and deal with all incidents of harassment or bullying in accordance with our discipline policy.

Appointments with Teachers

We ask that you protect classroom instructional time and not interrupt the teacher when students are in the classroom. Such interruptions take the teacher's attention away from your child and the rest of the class. If you need to talk to a staff member, we ask that you request an appointment time by sending an email to the staff member.

Parent Concerns and Meetings

Parents are encouraged to call the school and talk with the classroom teacher about concerns they have for their child. Parents may want to arrange a meeting with the teacher. Please be aware that during the academic day, teachers generally are not available for either calls or meetings as they are expected to be in the classroom teaching. However, a call in advance can help facilitate meeting times. The Principal is also available to assist parents but the classroom teacher is the place to start. A reminder that when we try to advocate for our children we often do so with great emotion. Issues can usually be solved more quickly and easily when the parties involved treat one another with respect. The staff at Becker Primary School wants what is best for your child and we welcome the opportunity to work with you in addressing problems and concerns.

Data privacy

All students and parents have the right under federal law to expect that most information collected by the school is protected and confidential. According to Federal Data Privacy Law, most information collected by a school falls under the umbrella of data that is protected. Data privacy laws protect information concerning discipline issues as well as consequences resulting from a behavioral incident. Any parent who has questions concerning data privacy is encouraged to contact the building principal. Staff Members are trained to never release information about students to anyone except custodial parents.

Release of Student Directory Information

In accordance with the Minnesota Data Practices Act, Becker Public Schools may release the following information without permission unless the district has been notified that it should not be released.

Under the federal law, directory information includes the following information relating to a student:

- Students name, address and telephone number
- Student's gender and date and place of birth
- Major field of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Date of attendance and grade levels completed
- Degrees and awards received
- The most recent previous educational agency or institution attended

-

The Becker School District considers all of the above to be "Directory Information". Federal rules define directory information to mean, "Information contained in the education records of a student which would not generally be considered harmful or an invasion of privacy if disclosed." 34 C.F.R., Sec. 99.3.

A parent or adult student has the right to refuse to permit the designation of some or all of the categories as directory information with respect to that particular student. If, as parents, or adult student, you wish not to have any or all of the above information to be considered "Directory Information," you should contact the Primary School Office in writing by September 30. If you enroll your child after September 30th then you should notify the office in writing within 30 days of your child starting school.

Student Dress and Appearance (Policy 504)

1. Tennis shoes are required for physical education classes each day.

In accordance with State Law, Becker Primary will practice lockdown drills to ensure everyone knows what to do to ensure safety. All drills are done in an effort to be prepared in case of an emergency. If you are in the building during an emergency drill, please evacuate the building or move to the designated area.

Emergency plan

The Becker School District has an emergency response and evacuation plan in the event of a nuclear accident or terrorist event. Parents are urged to get information from the radio or TV. Do not call or come to the school, as these actions will put children at risk by clogging communication lines as well as blocking escape routes.

Field Trip

Permission slips are used for all field trips, and must be signed by a parent or guardian and returned to school before the student can participate in a field trip.

Health Services

HEALTH INFORMATION

Students who become ill at school: If a child becomes ill during the school day, the parents will be contacted at home or at work to inform them of the illness and request that they come and take the child home. If the parents cannot be reached, contact will be made with the person designated by the parent in Skyward. Typical reasons children are sent home include, fever of 100 degrees or more, vomiting, diarrhea, red and runny eyes, rash, or other suspicious skin conditions, severe cough, and other signs of acute illness.

(If you change your phone number at home or work or there is a change in your emergency contact person, please update this information in Skyward as soon as possible. All information is confidential.)

MEDICATION FOR STUDENTS

Dispensing medication (including acetaminophen and ibuprofen) is not the responsibility of the school. However, the Board recognizes that children may have chronic and/or acute health conditions that may require medication during school hours. If it is essential for a student to take medication during the school day, the following protocol will be followed:

Administration of prescription medication by school personnel for a chronic health condition requires a written physician's authorization. In special situations, a verbal order from a physician is acceptable and is to be followed with a written physician's authorization. Students may possess and use asthma medications as defined by the guidelines stated in Minnesota Sessions Laws 2001, Chapter 84 - Section 1. Minnesota Statutes 2000, Section 121A.22, Subdivision 2. This Act is effective August 1, 2001.

Administration of over-the-counter medication (including acetaminophen and ibuprofen) requires written authorization from a parent or legal guardian.

Student's medication must be in its original container. Prescription medication must be appropriately labeled by the pharmacy or physician. The medication will be given to the child as prescribed on the label.

Student's medication must be brought to the office by an adult for safekeeping.

In most cases, medication prescribed for three times a day does not need to be administered during school hours. It is most effective if administered every eight hours.

Homeopathic, herbal, or home preparations will not be administered at school.

HEALTH AND EMERGENCY INFORMATION

It is the responsibility of the parents to inform the school on how to care for their children in case of accident or illness. The parents for each student enrolled must fill out a Health Information Form. Since students often become ill during the day and are not able to stay in school, it is important that arrangements are made with a neighbor or relative to pick up the child and care for him/her when neither parent is available.

This is to inform you of the following procedures for administering medication to your child:

1. Administration of prescription medication by school personnel must only be done according to the written order of a licensed physician and written authorization of a parent.
2. Medication must be brought to school by an adult. The container must be appropriately labeled by the pharmacy or physician.
3. Medication will be taken by the child at the designated time supervised by delegated personnel. The time the medication is given and the initials of the person giving the medication must be documented in the student record.
4. Limited quantities of the medication should be brought to school; therefore, the pharmacist should put the medication in two containers, one for school and one for home.
5. Mixed dosages in a single container will not be accepted.
6. All medication administered at school will be kept in the school health office in a locked cabinet.
7. A new consent form is required when the dosage or time of administration is changed.
8. Parents are expected to notify the school when medication is discontinued. If the medication is resumed, a new consent form must be received.
9. Tylenol or over-the-counter medication will be administered to children with written parental permission only. It must be in the original container with written instructions as to dose and time of administration. The school may require a written order from the doctor if the proper use of any over-the-counter medication is questioned.
11. New consent forms with appropriate signatures must be received annually.
12. It is usually possible to manage medication at home (medicine prescribed 3 times per day can be given and is more effective before school, after school, and bedtime).

Internet and Acceptable Use Policy

Becker Public schools is committed to the use of technology and the internet for educational purposes. Technology has allowed teachers to enhance and extend curricula in ways not even envisioned a few years ago. The school district embraces the use of personal and school-owned devices for the advancement of teaching and learning. In making decisions regarding student access to the school district computer system and the Internet, including electronic communications, Becker Public Schools considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

The school district is providing students access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

More details regarding student acceptable use can be found online at:

www.becker.k12.mn.us → Home → District Policies → 524 - Internet Acceptable Use and Safety Policy

Use of Digital Devices at School and School Activities

In keeping with the district's technology goals, the district recognizes the value of mobile devices as learning tools and for communication purposes. Student use of these devices will be governed by the following procedures:

- The use of mobile devices during instructional times is at the discretion of the classroom teachers and building administrators
- When the use of electronic devices is not required during class, they should be set aside to prevent distraction.
- Students shall not use any electronic device that disrupts or detracts from the educational environment.
- Students may not use mobile devices in any manner that violates any district or school policies, including policies and guidelines governing copyright, harassment, Internet Acceptable Use, and academic integrity.
- Cameras or any devices with recording capability are not permitted to be used in locker rooms, restrooms, or any area where students and staff have a "reasonable expectation of privacy".
- Students are not allowed to photograph or videotape students or staff at school without their consent with the exception of public events such as concerts or athletic contests.

- Students' use of mobile devices while in the school building must comply with the district's Acceptable Use Policy regardless of whether they are connecting through the school's network or through a cell carrier.
- The district retains the right at any time to view and/or investigate the contents of students' school issued devices at school.
- Any inappropriate use of cell phones for the purpose of using text messaging to harass or threaten others, or to plagiarize, copy or otherwise cheat academically is subject to the hazing and harassment policy and will result in disciplinary action. (District Policy 526)
- The school is not responsible for lost or stolen items.

Violations of these guidelines will be handled on an individual basis and may include confiscation of the device, conference with parents, suspension of the right to carry a phone/device, referral to the school resource officer, or other consequences.

Lost and found: Each year students lose or misplace items of clothing as well as other things. Parents are encouraged to somehow label clothing and other belongings for easier identification. If your child seems to be missing some articles of clothing, the school LOST AND FOUND would be the first place to check.

Lost or stolen property: The school is not responsible for lost or stolen items. Students are discouraged from bringing anything to school except their books and study materials. Attempts will be made to locate lost items; however, there is not enough time or personnel to complete thorough searches or investigations.

Mandatory reporters

All school staff are mandatory reporters. This means that staff members are obligated by Minnesota law to report any incidents of suspected child abuse or neglect.

Pets

Families are asked not to bring pets into the school building. If parents have made prior arrangements with the classroom teacher, setting a specific date & time, pets may be brought to the designated spot outside of the building where the class can view the animal. No pets are allowed on any school bus. Pets must be brought and returned home by the parent(s).

This change in procedure is in response to the many children and staff members with asthma and allergies.

Pledge of Allegiance

The entire Becker Primary School recites the Pledge of Allegiance each morning. Any student who wishes to abstain from reciting the Pledge is free to do so.

Safety

Pedestrian safety

1. Whenever possible, use the sidewalks on the way to school.
2. When crossing the street, cross only at the marked crossings or at a street intersection.
3. Safety Patrol students are assigned to help children cross Hancock Street at the Rye Street intersection as well as the corner of Hancock Street and Third Street.
4. Parents who pick up their children in a car after school should not double park, since this increases the danger to those children who are crossing the street.
5. Students who walk to school should not arrive before 7:50.

Bicycle safety

For the safety of both walkers and bike riders, it is important that all children riding bicycles to school observe the following rules:

1. Ride bicycles on the street, not on the sidewalk.
2. Pedestrians have the right-of-way.
3. Bicycles must observe the student Safety Patrol the same as automobiles.
4. Only one person may ride the bicycle. Do not give anyone a ride to or from school.
5. Bicycles must be parked in one of the bike racks.

Visitors

All visitors must report to the office to sign in and receive a visitor pass. To ensure the safety of students, staff reserves the right to ask for identification or to deny admittance. For security purposes and to keep classroom disruptions to a minimum, visitors are not allowed to enter classrooms or hallways. If parents drop off items, the office staff will deliver items or, if necessary, call students to the office. Students are not allowed to bring friends or relatives to school.

Volunteers and Background Checks

Parents are welcome and encouraged to volunteer. If you would like to volunteer, please contact the classroom teacher and prearrange a time to volunteer to ensure the time is beneficial for everyone involved. Non-school aged children are not allowed into classrooms or on field trips. Depending on the nature of the involvement, volunteers may be required to complete and pay for district background checks. Volunteers will need to review the volunteer guidelines and sign a confidentiality statement.

Support Services

Social Worker

A full time social worker is available to work with students individually or in groups to help students develop appropriate social and emotional skills.

Behavior Interventionist

A full time Behavior specialist is available to work with students individually or in groups to help students develop appropriate social and emotional skills.

Reading Interventions

Support is provided for children who need extra help in reading through computerized programs, small group and/or one on one instruction.

410 FAMILY AND MEDICAL LEAVE POLICY

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. “Covered active duty” means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 U.S.C. § 101(a)(13)(B).

B. “Covered servicemember” means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

C. “Eligible employee” means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the

commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee's pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless the break is occasioned by the employee's fulfillment of his or her USERRA-covered service obligation or a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness.
- E. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.
- F. "Outpatient status" means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
 - 1. a military medical treatment facility as an outpatient; or
 - 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
- G. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
 - 1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;

2. to attend military events and related activities of a covered military member;
 3. to address issues related to childcare and school activities of a covered military member's child;
 4. to address financial and legal arrangements for a covered military member;
 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 7. to attend post-deployment activities related to a covered military member;
 8. to address parental care needs; and
 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 U.S.C. § 101.

IV. LEAVE ENTITLEMENT

- A. Twelve-week Leave under Federal Law

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.
3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on

which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:

- (i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
 - (ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
 - (iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available

alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.

8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums

paid by it.

13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed by the employer. The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the employer so that the total leave does not exceed 12 weeks, unless agreed by the employer, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the employer reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.

- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than twenty percent of the work days in the leave period may be required to:
 - 1. take leave for the entire period or periods of the planned medical treatment; or
 - 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.

- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

administrators or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.

- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

- A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.
- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists

or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights, initiating civil action or seeking redress under state criminal statutes and/or federal law.

IV. REPORTING PROCEDURES

- A. A mandated reporter as defined herein shall immediately report the neglect or physical or sexual abuse, which he or she knows or has reason to believe is happening or has happened within the preceding three years, to the local welfare agency, police department, county sheriff, tribal social services, or tribal police department. The reporter will include his or her name and address in the report.
- B. If the immediate report has been made orally, by telephone or otherwise, the oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff, local welfare agency, or agency responsible for assisting or investigating maltreatment. The written report shall identify the child, any person believed to be responsible for the abuse or neglect of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter.
- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

- E. With the exception of a health care professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to, tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

The court may also award attorney's fees.

V. INVESTIGATION

- A. The responsibility for investigating reports of suspected neglect or physical or sexual abuse rests with the appropriate county, state, or local agency or agencies. The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of a school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.
- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged perpetrator is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.

- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency’s intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.
- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. - E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. The general policy of the school district to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;
- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;

- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;
- R. Saturday school;
- S. Expulsion under the Pupil Fair Dismissal Act;
- T. Exclusion under the Pupil Fair Dismissal Act; and/or
- U. Other disciplinary action as deemed appropriate by the school district.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.
- C. Procedures for Removal of a Student From a Class.
 - 1. Specify procedures to be followed by a teacher, administrator or other school district employee to remove a student from a class;
 - 2. Specify required approvals necessary;
 - 3. Specify paperwork and reporting procedures.
- D. Responsibility for and Custody of a Student Removed From Class.
 - 1. Designation of where student is to go when removed;
 - 2. Designation of how student is to get to designated destination;
 - 3. Whether student must be accompanied;
 - 4. Statement of what student is to do when and while removed;
 - 5. Designation of who has control and responsibility for student after removal from class.
- E. Procedures for Return of a Student to a Class From Which the Student Was Removed.
 - 1. Specification of procedures;
 - 2. Actions or approvals required such as notes, conferences, readmission plans.
- F. Procedures for Notification.
 - 1. Specify procedures for notifying students and parents/guardians of violations of the rules of conduct and resulting disciplinary action;
 - 2. Actions or approvals required, such as notes, conferences, readmission plans.
- G. Disabled Students; Special Provisions.
 - 1. Procedures for consideration of whether there is a need for further assessment;

2. Procedures for consideration of whether there is a need for a review of the adequacy of the current Individualized Education Program (IEP) of a disabled student who is removed from class or disciplined; and
 3. Any procedures determined appropriate for referring students in need of special education services to those services.
- H. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.
1. Establishment of a chemical abuse preassessment team pursuant to Minn. Stat. § 121A.26;
 2. Establishment of teacher reporting procedures to the chemical abuse preassessment team pursuant to Minn. Stat. § 121A.29.
- I. Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct.
- J. Any Procedures Determined Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student’s Behavior.
- K. Any Procedures Determined Appropriate for Encouraging Early Detection of Behavioral Problems.

IX. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:
1. Willful violation of any reasonable school board regulation, including those found in this policy;
 2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the student’s need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or

ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the student to progress toward meeting graduation standards under Minn. Stat. §120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement

of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)

9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair

Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed

dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to

attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

It is the policy of the school district that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's

educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the district's discipline policy. The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 - 1. an actual or perceived imbalance of power exists between the student

engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or

2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
 1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "On school premises, on school district property at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a

student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a

report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target of victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of

the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See District Policy 506) and other applicable school district policies; and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or

circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as

it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy distributed to parents at

the beginning of each school year.

- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minn. Stat. § 121A.031 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

522 STUDENT SEX NONDISCRIMINATION

I. PURPOSE

Students are protected from discrimination on the basis of sex pursuant to Title IX of the Education Amendments of 1972 and the Minnesota Human Rights Act. The purpose of this policy is to provide equal educational opportunity for all students and to prohibit discrimination on the basis of sex.

II. GENERAL STATEMENT OF POLICY

- A. The school district provides equal educational opportunity for all students and does not unlawfully discriminate on the basis of sex. No student will be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any educational program or activity operated by the school district on the basis of sex.
- B. Every school district employee shall be responsible for complying with this policy.
- C. The school board hereby designates Dave Niemi, 13845 Bradley Blvd., Becker, MN, 55308, 763-261-4501, dniemi@isd726.org as its Title IX coordinator. This employee coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX.
- D. Any student, parent or guardian having questions regarding the application of Title IX and its regulations and/or this policy should discuss them with the Title IX coordinator. Questions relating solely to Title IX and its regulations may be referred to the Assistant Secretary for Civil Rights of the United States Department of Education. In the absence of a specific designee, an inquiry or complaint should be referred to the superintendent or the school district human rights officer.

III. REPORTING GRIEVANCE PROCEDURES

- A. Any student who believes he or she has been the victim of unlawful sex discrimination by a teacher, administrator or other school district personnel, or any person with knowledge or belief of conduct which may constitute unlawful sex discrimination toward a student should report the alleged acts immediately to an appropriate school district official designated by this policy or may file a grievance. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well. Nothing in this policy shall prevent any person from reporting unlawful sex discrimination toward a student directly to a school district human rights officer

or to the superintendent.

- B. In Each School Building. The building principal is the person responsible for receiving oral or written reports or grievances of unlawful sex discrimination toward a student at the building level. Any adult school district personnel who receives a report of unlawful sex discrimination toward a student shall inform the building principal immediately.
- C. Upon receipt of a report or grievance, the principal must notify the school district human rights officer immediately, without screening or investigating the report. The principal may request, but may not insist upon a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the principal to the human rights officer. If the report was given verbally, the principal shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any report or complaint of unlawful sex discrimination toward a student as provided herein may result in disciplinary action against the principal. If the complaint involves the building principal, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. The school board hereby designates its Title IX coordinator as the school district human rights officer(s) to receive reports, complaints or grievances of unlawful sex discrimination toward a student. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.
- E. The school district shall conspicuously post the name of the Title IX coordinator and human rights officer, including office address, telephone number and work e-mail address..
- F. Submission of a good faith complaint, grievance or report of unlawful sex discrimination toward a student will not affect the complainant or reporter's future employment, grades or work assignments.
- G. Use of formal reporting forms is not mandatory.
- H. The school district will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

IV. INVESTIGATION

- A. By authority of the school district, the human rights officer, upon receipt of a report, complaint or grievance alleging unlawful sex discrimination toward a student shall promptly undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and

documents deemed pertinent by the investigator.

- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the school district may take immediate steps, at its discretion, to protect the complainant, pupils, teachers, administrators or other school personnel pending completion of an investigation of alleged unlawful sex discrimination toward a student.
- E. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

V. SCHOOL DISTRICT ACTION

- A. Upon conclusion of the investigation and receipt of a report, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law and school district policies.
- B. The result of the school district's investigation of each complaint filed under these procedures will be reported in writing to the complainant by the school district in accordance with state and federal law regarding data or records privacy.

VI. REPRISAL

The school district will discipline or take appropriate action against any pupil, teacher, administrator or other school personnel who retaliates against any person who reports alleged unlawful sex discrimination toward a student or any person who testifies, assists or participates in an investigation, or who testifies, assists or participates in a proceeding or hearing relating to such unlawful sex discrimination. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

VII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights, initiating civil action or seeking redress under state criminal statutes and/or federal law, or contacting the Office of Civil Rights for the United States Department of Education.

VIII. DISSEMINATION OF POLICY AND EVALUATION

- A. This policy shall be made available to all students, parents/guardians of students, staff members, employee unions and organizations.
- B. The school district shall review this policy and the school district's operation for compliance with state and federal laws prohibiting discrimination on a continuous basis.

524 INTERNET ACCEPTABLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to the school district computer system, which includes Internet access and devices. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF THE SYSTEM AS A PRIVILEGE

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs;

discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. The following uses of the school district system, devices, and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
 2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any

action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.

5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
 - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
 - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
 - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as “Facebook,” “Twitter,” “Instagram,” “Snapchat,” and “Reddit,” and similar websites or applications.
7. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person’s account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
 8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person’s property without the person’s prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
 10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district’s Policy 514 Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations include, but are not limited to, situations where the school

district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.

- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER

- A. With respect to any of its computers or devices with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
 - 1. Obscene;
 - 2. Child pornography; or
 - 3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
 - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and

3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

VII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents have the right at any time to investigate or review the contents of their child's files and e-mail files. Parents have the right to request the termination of a child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure or discovery under Minn Stat Ch. 13 (Minnesota Government Data Practices Act).

- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. I. PURPOSE

The purpose of this policy is to focus public education strategies on a process which promotes higher academic achievement for all students and ensures broad-based community participation in decisions regarding the implementation of the Minnesota Academic Standards and federal law.

II. GENERAL STATEMENT OF POLICY

Implementation of the Minnesota Academic Standards and federal law will require a new level of accountability for the school district. The school district will establish a system to transition to the graduation requirements of the Minnesota Academic Standards. The school district will also establish a system to review and improve instruction, curriculum and assessment which will include substantial input by students, parents or guardians and local community members. The school district will be accountable to the public and the state through annual reporting.

III. DEFINITIONS

- A. “Credit” means a student’s successful completion of an academic year of study or a student’s mastery of the applicable subject matter, as determined by the school district.
- B. “Graduation Standards” means the credit requirements and locally adopted content standards or Minnesota Academic Standards that school districts must offer and certify that students complete to be eligible for a high school diploma.
- C. “World’s best workforce” means striving to: meet school readiness goals; have all third-grade students achieve grade-level literacy; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.

IV. ESTABLISHMENT OF GOALS; IMPLEMENTATION; EVALUATION AND REPORTING

- A. School District Goals
 - 1. The school board has established school district-wide goals which provide broad direction for the school district. Incorporated in these goals are the graduation and education standards contained in the Minnesota Academic

Standards and federal law. The broad goals shall be reviewed annually and approved by the school board. The school board shall adopt annual goals based on the recommendations of the school district's Advisory Committee.

2. The Advisory Committee will be established by the school board to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.
 3. The school district-wide improvement goals should address recommendations identified through the Advisory Committee process. The school district's goal setting process will include consideration of individual site goals. School district goals may also be developed through an education effectiveness program, an evaluation of student progress committee, or through some other locally determined process.
- B. System for Reviewing All Instruction and Curriculum. Incorporated in the process will be analysis of the school district's progress toward implementation of the Minnesota Academic Standards. Instruction and curriculum shall be reviewed and evaluated by taking into account strategies and best practices, student outcomes, principal evaluations under Minn. Stat. § 123B.147, Subd. 3, and teacher evaluations under Minn. Stat. § 122A.40, Subd. 8, or 122A.41, Subd. 5.

C. Implementation of Graduation Requirements

1. The Advisory Committee shall also advise the school board on implementation of the state and local graduation requirements, including K-12 curriculum, assessment, student learning opportunities, and other related issues. Recommendations of the Advisory Committee shall be published annually to the community. The school board shall receive public input and comment and shall adopt or update these policies at least annually.
2. The school board shall annually review and determine if student achievement levels at each school site meet federal expectations. If the school board determines that student achievement levels at a school site do not meet federal expectations and the site has not made adequate yearly progress for two consecutive school years, the Advisory Committee shall work with the school site to adopt a plan to raise student achievement levels to meet federal expectations. The Advisory Committee may seek assistance from the Commissioner of the Minnesota Department of Education (MDE) (Commissioner) in developing a plan which must include parental involvement components.

3. The educational assessment system component utilized by the school board to measure individual students' educational progress must be based, to the extent annual tests are administered, on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. The school board will utilize models developed by the Commissioner for measuring individual student progress. The school board must coordinate with MDE in evaluating school sites and continuous improvement plans, consistent with best practices.

D. Comprehensive Continuous Improvement of Student Achievement

1. By September 15th of each year, the Advisory Committee will meet to advise and assist the school district in the implementation of the school district system accountability and comprehensive continuous improvement process.
