5002.1

Admission of Students Who Reside Out of the State of Nebraska

Students who reside in a state other than Nebraska must submit an application to enroll in the district at least three weeks prior to the beginning of the semester in which they wish to begin attending the district. Out of state students may not enroll mid-semester.

The administration will review each application and is authorized to admit out-of-state students whose academic history, disciplinary records, prior school community involvement and other relevant factors indicate that they will be successful in this school district. Those who have verified disabilities pursuant to the Individuals with Disabilities in Education Act or section 504 of the Rehabilitation Act will not be excluded from admission based solely on their disability. The administration may reject an out-of-state student when acceptance of the student:

- Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- Would require the procurement of new equipment, technology, or furnishings;
- Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

The administration's approval or disapproval of an out-of-state student's application is final.

Out-of-state students who are admitted pursuant to this policy must meet the requirements of board policy 5002 and must comply with each board policy, state statute and regulation that applies to their situation. Once admitted, they will be subject to the same disciplinary rules and procedures as resident students. Students must reapply for admission prior to each semester. Re-admission may be denied for students who are not academically and/or

behaviorally successful. Once admitted, out-of-state students' grade level placement will be determined in accordance with district policy.

Out-of-state students are not entitled to transportation or reimbursement for transportation.

Out-of-state students will be charged tuition by the district. Payment in full is due to the central office of the district on or before the first day of classes each semester. The tuition fee may be changed by the board of education prior to any semester with or without notice to the out-of-state student's family or resident school district.

5004 Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for insuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. Option Student Defined.** Option student shall mean a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. Resident School District Defined.** Resident school district shall mean the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. Option School District Defined.** Option school district shall mean the school district that a student chooses to attend other than his or her resident school district.

2. Persons Entitled to Apply for Option Enrollment of Students. Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.

3. Duties, Entitlements and Rights of Option Students. Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

4. Standards for Acceptance or Rejection of Option Students.

- a. Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, projected number of students with which the option school district will contract based on existing contractual arrangements, and availability of appropriate special education programs. Individuals

seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.

- b. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, declare a program, a class, or a school unavailable to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- c. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept an option student when acceptance of the student:

 - i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
 - ii. Would require the procurement of new equipment, technology, or furnishings;
 - iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;
 - iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
 - v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
- d.** The school district shall accept an option student with a disability only to the extent that the school district's then current staff and facilities are sufficient to accommodate the student's needs without significantly increasing the operating costs of the school district, such as by requiring the hiring of new staff.
- e.** The school district shall not base the decision to accept or reject an option student on the student's previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.

writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

9. Late Applications and Requests for Release

- a.** The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15th under the following conditions:
 - i. When the district has already entered into contracts with teaching staff for the following school year;
 - ii. When the district has already contracted for the performance of specific services for the student;
 - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.

- b.** The board of education will approve late applications to option into the district under the following conditions:
 - i. When the resident district has released the student;
 - ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy;

- c.** The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15th no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

10. Students Who Do Not Need a Release from the Resident District

- a. A student does not need to be released from his/her resident district under the following circumstances:
 - i. When the student has relocated to a different resident school district after February 1
 - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

11. Cancellation of Option.

Students who option either into or out of the school district shall:

- a. Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.
- b. Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

12. Authority of Superintendent.

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.

Foreign Exchange Students

The school district may accept a foreign exchange student on a non-tuition basis if the student is sponsored by an organized exchange program that is acceptable to the board of education, approved for enrollment, and resides with a host family that lives within district boundaries.

A foreign student is not entitled to tuition-free schooling in the school district merely because he or she resides with a family within the district. The host family and/or sponsoring exchange program must file an application with the administration to enroll the student. In reviewing the application, the administration will consider the following factors:

- whether the student possesses a sufficient command of the English language;
- whether an appropriate program is available;
- whether the student meets the general admission requirements for the school; and
- such other factors as are relevant to the admission of the student.

Foreign exchange students who are accepted and enrolled will be subject to all policies and regulations governing the conduct and behavior of resident students.

- 2. Homeless Liaison.** The District's homeless liaison is the superintendent. Students in homeless situations who require assistance should contact the liaison at 308-872-6821 or in person at 323 North 7th Avenue Broken Bow, NE 68822. The liaison's responsibilities include:
