DOUGLAS COUNTY SCHOOL DISTRICT
Information Concerning Board Policy and Procedures
For Communication with the Board of Trustees

The Douglas County School District (“DCSD”) welcomes visitors at our meetings and appreciate constructive suggestions and comments, which help to meet the educational needs of the District. The Board has a scheduled order of business to follow. The agenda has been available for study by the Members of the Board since published. The Board may only take action items agendized for possible action, unless it finds that the need to discuss or act upon an un-agendized item was truly unforeseen at the time the meeting agenda was posted, the matter requires immediate action, and is to be an emergency as defined by Nevada Revised Statutes.

The Board may act on the consent items with one motion unless a Trustee requests that a consent item be pulled for individual consideration, in which case the Chairperson of the Board will defer action on the particular consent item or items to the regular agenda for consideration separately.

Although each Trustee represents a geographical area of the District, Trustees are elected at large and, as such, represent all citizens of Douglas County. It is the desire of the Board to make decisions that in the best interests of the District. In making decisions, Members of the Board strive to meet the needs of every student enrolled in DCSD schools and will best serve the interests of the entire District.

Members of the Board of Trustees are responsible for exercising their public function in accordance with the requirements of applicable law and regulations, as well as Board Policies adopted by the Board of Trustees of DCSD.

If copies of the complete agenda (and supporting materials) are desired in advance, they may be obtained at the District Office on the Monday preceding a regular meeting of the Board. Please contact DCSD at 775-782-5134 or suptoffice@dcsd.k12.nv.us. Communication with the Board of Trustees as a unit may be either in writing, by personal appearance at a meeting of the Board, or by verbal communication through the District Superintendent.

Public Comment: During regular Board meetings, there will be a general period of public comment for any matter that is not specifically agendized for possible action, and on each item listed on the agenda for possible action.

The Board limits public comment to three minutes per commenter.

Written Communication: Written communication to the Board of Trustees, related to an action item on the agenda, can be emailed to the Board, the District Superintendent, or the Board Secretary, prior to the meeting. Although this communication will not be read during the meeting, it will be added to the minutes of the meeting upon request.

Personal Appearance at a Board Meeting: When an individual or group desires to communicate with the Board of Trustees by means of placing an item on the agenda, at a meeting of the Board, the District Superintendent shall be notified no later than 12:00 noon two weeks prior to the scheduled regular meeting, and the Board President and Superintendent, in their discretion, will determine whether the subject of the communication will be placed on the agenda. When a holiday observed by the District falls on a meeting date, the deadline shall be two weeks prior to the meeting.

- At the time of the meeting, the public can add their name to a sign-up sheet and they will be called upon during the allocated public comment time.
- The Board may set a reasonable time limit for each speaker and for answering questions.
- Extensive formal statements addressing specific items for consideration by the Board should be submitted in writing.

Although the Board may impose reasonable restrictions on the time, place and manner of public comments, it may not restrict comments based on viewpoint. No action may be taken on a matter raised during public comment that is unrelated to any agenda item.

Non-discrimination/Notice to Individuals with Disabilities: The Douglas County School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Members of the public who require special assistance or accommodations at a meeting of the Board of Trustees are asked to notify the District Administration at 1638 Mono Ave., Minden, Nevada 89423, or by calling 775-782-5134, so that such notification is received at least twenty-four hours prior to the meeting.

The Board may declare the property surplus as the first step in the formal disposition process. This designation allows staff to proceed with required actions, public notice, and evaluation of potential sale or transfer options. 2. Multi-Tiered System of Supports (MTSS) Overview (*Discussion Only*)

Mrs. Ravenscroft and Mrs. Mortenson introduce themselves and shared a presentation with the overview of the MTSS interventions at each level of education using tier pyramid of Tier 1 Core, Tier 2 Supplemental, Tier 3 Intensive. MTSS has been around in Legislation since 1960. MTSS training for DCSD is partnered with UNR and is provided to site liaisons (typically counselors) and selected school team. They highlighted a few schools that are using good MTSS practices: GES, PWLMS, ASPIRE, and DHS. Training encourages school collaboration, parent involvement, professional development, curriculum design, community partners.

Trustee Gneiting asks about the change in funding, it was originally grant funded and now it's funded through the state. Mrs. Mortenson explains the State is providing funding for the training and resources through UNR and the District needs to provide accountability data that gets back to the State. The State requires one full-time educator (FTE) for the role in the District and in DCSD Mrs. Mortensen and Mrs. Ravenscroft split that role.

Trustee Wagstaff ask why some of DCSD schools are not listed on Tier 1. Mrs. Ravenscroft explains that there are schools that are not at the fidelity point but are making progress towards meeting Tier 1 and we should see them reach this goal soon. It takes 3-5 years to make impressive Tier 1 practices.

Trustee Jackson asks for clarification on additional screening for MTSS. The screening comes from testing students already participate in, there is no additional testing.

Trustee Miller asks about the Tier 2 that was recorded in a previous year and why it has dropped off. Mrs. Mortenson restates the requirement of the State to have a full-time coach for MTSS or UNR will not provide support and so in the previous year there was grant funding to cover the cost for a coach and those monies ran out before schools met Tier 1 with fidelity. The previous Tier 2 and Tier 3 levels were met through PBIS, but not academics.

3. Public Comment (*For Discussion Only*)

Wayne Bradley asks the Board if they would consider unlocking the "dog park" and basketball court to the community. If so, please unlock the gate near the playground as there is parking available.

Brian Patrick tells a story of when PDC was implemented it was done after school and on weekends for teachers to earn the continuing education credits they need. How much does it cost to have subs cover classrooms while they pull teachers out for training? How many of the graduating students actually apply for scholarships, since the Board is changing the calendar because of it?

4. DCSD Shout-outs *(For Discussion Only)*

Kingston Earleywine Elizabeth. Leiknes Emory Castro Christine Jezek

Unkyung Park Cade Baligad Cherelle Wanderscheid Jane Besaw

Trent Tietje Jody Burke Katie Martin and GWHS Culinary students

5. Consent Items *(For Possible Action)* *(Public Comment will be taken prior to any action)* Information concerning the following consent items has been forwarded to each Board Member for study prior to this meeting. Unless a Trustee or individual organization interested in one or more consent items has any questions concerning a particular item, the items are approved at one time by the Board of Trustees. The Board President may defer action on such a particular matter or matters at his or her discretion, and may choose to place the same at the end of the regular agenda for separate consideration.

A. Minutes of the Regular Board Meeting of February 26, 2026, and the Special Board Meeting of March 12, 2026. Attached are Minutes of the Regular Board Meeting of February 26, 2026, and the Special Board Meeting of March 12, 2026, for review and approval.

B. Accounts Payable Special and Regular Run Vouchers

A complete list of payments contained in Accounts Payable Special Vouchers Numbers 2676, 2677, 2678, 2679, 2680, and Regular Run Voucher Numbers 2681 and 2682 are attached. Vouchers have been prepared in accordance to state law and copies of the Vouchers are available for review by the public at the Superintendent's office prior to the meeting.

C. Budget Voucher Adjustments

The budget adjustments for this agenda were not available and will be included in the April agenda.

D. Personnel Report No. 26-03

Listed on the Personnel Report No. 26-03 are personnel actions presented for consideration by the Board of Trustees. Salaries for individuals employed will be determined in accordance with salary regulations of the District.

E. AB56 Violation

There has been one (1) report of restraint/aversive intervention of the month of February. A Corrective Action Plan (CAP) has been developed and submitted to the Department of Education under NRS 388.5315.

F. WNC Facility Use Agreement Amendment

Approve a lease amendment of the District-owned portable located at the rear of the WNC Buckeye campus with the lessor in exchange for \$60,000 in lease payments to the District. This one-time payment will be recorded as revenue and reduce General Fund expenditures by

\$60,000. Staff will complete all required documentation, update fixed-asset records, and finalize the transfer upon receipt of payment.

PUBLIC COMMENT: Adrienne Sawyer, parent, asks about budget voucher 2675 that shows the \$6 title fee for a Ford Maverick that Trustee Zinke questioned the purchase of last month and on the personnel report what the difference between reduction in force and eliminated positions is. Are RIF positions eliminated, how many positions have been affected so far this year under each heading and do any overlap? She is curious as to why classified and certified RIF have the names of personnel listed and the eliminated have employee number instead. In addition, she asks for clarification on the two certified administrative positions being eliminated at the district office the same as the two RIF positions eliminated.

Trustee Gneiting asks Superintendent Alvarado to explain the difference between RIF and eliminated positions. Superintendent Alvarado explains that the personnel report is an internal control mechanism for Human Resources and Business Services to reconcile personnel data. Reduction in force (RIF) is the reduction of a position within the district and in the past those positions remained in the budget so it is also reported on that same report as an eliminated position so that during reconciliation that position is then pulled out of the budget which gives a clearer picture of expenditures. Superintendent Alvarado also clarifies the positions on the report with a PC (position control) number is not an employee ID number. This number allows the district to search the history of a position and how it was funded.

Trustee Jackson asks for the explanation of the purchase of the Ford Maverick. Superintendent Alvarado verifies that he shared this information with the Board through email and the reason was for replacing the 2007 GMC Savannah with a 2024 Ford Maverick for fuel efficiency, maintenance cost, and vehicle condition (deterioration of the paint on the body of the vehicle and public perception and law enforcement stops due to looking suspicious). As part of the two-year fleet replacement plan there was a procurement timeline which the purchase process began in July 2025, but the vehicle was not delivered until recently. With the strive for improved reliability for custodial operations, winter safety, operational flexibility for future needs, and no increase to the fleet size this replacement doesn't add additional vehicles to insurance premiums. This purchase did not come out of the general fund.

MOTION: Trustee Miller makes a motion to approve all consent items. Seconded by Trustee Jansen.

VOTE: 6-0

6. Closed Session (*For Discussion Only*)

The Board will recess to closed session in order to discuss matters with its management representatives pursuant to NRS 288.220(4). No action will be taken during closed session
Item taken out of order

Recess 5:13 ~ Reconvene 5:44 p.m.

Trustee Wagstaff shares the discussion was in regard to union negotiations.

7. Chromebook Contract Approval (For Discussion and Possible Action)

Item taken out of order

Jared Rex is excited to share a common sense solution. It identifies all K-5 students and gives them a new device going into the next school year. The vendor is including 90 carts at whole sale value (\$54,000) in the contract. They are using a finance model due to memory prices and computer part prices rising all the time and it is difficult to predict what those prices will be. There is a financing cost of the effective interest rate over the 4-year period of about 2.5%. When buying in quantity it reduces the cost, if the purchase was spread out over grade levels for the next 4-years prices would be higher per unit. In a financing model there is a fifth-year option that gives the option to continue to use the chromebooks for \$38,000 and if that option is not chosen that is essentially a trade-in value. With the assistance of Sheri Karosich and Dennis Golden the IT team has created an opportunity for students to work on the older chromebooks and do repairs at the high school and middle school levels under their leadership.

Trustee Miller asks which budget is being used. Mr. Rex verifies that there is no cost in the current year. A \$100,000 payment will be made in the next year, it is built into the existing allotment of capital improvement dollars and the rest will come from CIP. There is no impact to the general fund.

Trustee Gneiting asks if current chromebooks will be traded in. Mr. Rex explains that since most of the current devices are rated at 50 to 60% battery life they would receive much for trade in value so most of them will be recycled. The ones that can be used will be kept and utilized next year at the middle and high schools.

Trustee Wagstaff asks why we are starting with elementary instead of middle or high school. Mr. Rex clarifies that the upper grade levels take their chromebooks back and forth between home and school and get abused. It is a challenge across the district to keep the devices in top shape. Working from the bottom up works great in this situation as the devices will remain in carts in the classrooms where teachers and students work together to keep them in great condition. Mr. Rex looks into the future and has hopes that the district will be financially sound where computers can be purchased for 9th graders to use during high school and then take them with them in the start of their college or professional life. Of course, this is a vision and there are things that will need to be looked into.

Trustee Jackson asks Superintendent Alvarado if he or the future CFO would consider this a good investment and if it fits in our CIP funds. He verifies that the \$600,000 is annual and in the budget and this current plan would use \$100,000.

PUBLIC COMMENT: Sasha Wagner, media tech, shares her insight on the amount of time her position uses fixing chromebooks and hope they approve this contract.

MOTION Trustee Jansen makes a motion to recommend board approval to enter into a lease financing agreement to purchase Chromebooks for Kindergarten-5th, with payments scheduled to begin July 1, 2026, and future payments to be paid from Capital Improvement Funds, resulting in no current year financial impact. Seconded by Trustee Miller.

8. School of Residence Boundary/Zoning Adjustment (For Discussion and Possible Action) Presenters: Frankie Alvarado, Superintendent and Jeannie Dwyer, Executive Director of Human Resources

Item taken out of order

Mrs. Dwyer shares information in regard to the team that is part of the workgroup and how they determined the boundary options being presented due to declining enrollment and the consolidation of CC Meneley to Scarselli.

Blaine Spires, CCMES Principal who will be the consolidated school Principal, speaks in detail on the boundaries that are being changed and how they came to the determination. The largest change would be 60-70 students that would no longer be zoned for Scarselli or CC Meneley and would go to Gardnerville Elementary. That rezoning should help to keep the capacity of Scarselli under 500 students.

Andrew Fromdahl, MES Principal, speaks on the Geocodes used to determine some of boundary lines. He proposes the Topaz and Bodie areas stay with MES, this is a group of 92 students of which 7 are Pre-K. Mrs. Dwyer adds that to decrease bus time for these students they are looking at options for a direct bus from the South to MES and not picking up students along the way. Mr. Fromdahl includes that another idea for the southern students, since they would be zoned to attend PWLMS, is to build a connection for students during their 5th grade year with students at Scarselli and PWLMS.

Amy Carter, PWLMS Principal, shares information found while looking at bus routes. There is a pocket of students through Fish Springs and East Valley that currently attend CVMS, but could be swooped to PWL if wanted. There are some students on the Foothill side as well. She shares that Mr. Fromdahl brought up an idea of hub stops that could help ease the crossover of routes through the neighborhoods, they have been used in the past after Covid.

Blaine Spires would like to change the least amount as possible since students and families are enduring a large amount of change at this time. The preference is the east side of the Carson River rezoned to GES along with the PreK from CCMES.

Trustee Zinke asks about capacity and classroom/teacher counts. With MES being at 93% is there any consideration of moving any students, in pockets of the area, to PHES. Mr. Fromdahl explains that their capacity percentage will improve with the piping repair to a kindergarten classroom that is currently not usable. He did touch base on the small triangle area on East Valley Rd where there are around 12 kids being transported to three different schools on three different buses.

Trustee Wagstaff asked about the CLS program that is currently at Scarselli and if it will be maintained. Mrs. Dwyer states at this time there is no intention to move the program at Scarselli.

Trustee Jackson asks what tweaks are needed as they would like to make a decision on this tonight for the sake of the community. Mrs. Spires uses the map to show exact area impacts.

PUBLIC COMMENT: Adrienne Sawyer, parent, thanks Superintendent Alvarado for always having a timeline and explaining how we got here and the intention. She asks what percentage is optimal when looking at capacity, what are transportation costs for each option, and what are the long-term ramifications for consolidation later.

Superintendent Alvarado shares the optimal capacity for a site is between 80-90% for effective costs. The financial impact of transportation is minimal. There were bus drivers in the workgroup and they were very helpful in determining the least amount of affect on families. Superintendent Alvarado's recommendation is for the selection of the MES map as displayed and that there are no changes for middle school boundaries.

Recess taken 6:55pm – Reconvene 7:00

MOTION: Trustee Gneiting makes a motion to approve the Minden Elementary boundary map with the exception that the area on the west side of 88 that is currently zoned to attend Gardnerville Elementary School and the attendance zone from the Foothills Geo Code area shall be zoned for Gardnerville Elementary. Seconded by Trustee Jansen.

To: Board Members, Cabinet
From: Susan Estes, Director of Business Services
Re: FY25-26 Budget Adjustment Vouchers

The majority of budget adjustment submittals are due to grant budgets that are adjusted outside of the normal budget submittals to the board due to changes in grant funding (e.g., by state or federal agencies), request by responsible grantee to move budget categories, etc. Additionally, many of the grant submittals do not run on the same budget cycle as the district, and funding allocations are revised as approved by grantor.

All budget journal entries are completed by the Director of Business Services upon the approval of the Administrator that is responsible for that budget. This aligns with our purchasing policy adopted by the Board of Trustees.

Budget journal entries 51-56 were completed for FY25-26. All are included for review. This includes all March and April journal entries.

RE: Carpet Maintenance Project 2026

Dear Phil,

The District solicited three proposals for the Carpet Maintenance Project 2026. Two proposals were received for the project. Find attached the Bid Tally.

BT Mancini proposal is the lowest responsive and responsible and is recommended for contract approval for \$89,984.00

The District sets an annual budget of \$100,000 for carpet maintenance District Wide. This program was developed to overcome years of no maintenance. Projects are prioritized by the deterioration of the flooring. Projects are bid by scoping the amount of work not to exceed the authorized budget of \$100,000. It is the request to the Board of Trustees to allow Facilities to recommend scope increase of carpet maintenance to full budget amount and authorize the Director change order increase of \$10,016 for this year's contract.

Sincerely,

Scott McCullough

**AGREEMENT
BETWEEN
DOUGLAS COUNTY SCHOOL DISTRICT
AND
Colbre Gading and Paving of NV Inc.**

ON THE BASIS OF A STIPULATED PRICE

Whereas, **Douglas County School District** (hereinafter "OWNER") is a political subdivision of the State of Nevada, and is statutorily authorized to enter into contracts for construction projects, and;

Whereas **Colbre Gading and Paving of NV Inc.** (hereinafter "CONTRACTOR") is a construction company licensed as a specialty contractor in Nevada, and;

Whereas CONTRACTOR has submitted a bid in accord with the **Pavement and Concrete Maintenance Project** Construction Specifications and Contract Documents (hereinafter "CONTRACT DOCUMENTS") as prepared by OWNER; and

Whereas, CONTRACTOR submitted a responsive and responsible Bid in the amount of:

\$ 275,000.00 for **Pavement and Concrete Maintenance Project** as outlined in the CONTRACT DOCUMENTS. The Bid is for furnishing of all materials and all labor, tools, and appliances and all expense, direct or indirect, connected with the proper execution of the Work and of maintaining the same until it is accepted by OWNER. Therefore, OWNER will pay and CONTRACTOR shall accept as full compensation therefore the above total, not to exceed sum.

Now therefore, it is the intention of OWNER and CONTRACTOR to enter into a Contract to have CONTRACTOR complete all of the work as specified or indicated in the CONTRACT DOCUMENTS.

ARTICLE 1 – WORK

1.01 CONTRACTOR shall complete all Work as specified or indicated in the CONTRACT DOCUMENTS. The term "Work" includes all labor, materials, services, equipment, tools, transportation, power, water, permanent and temporary utilities, connections, provisions for safety, and all incidental and other things necessary to produce the finished construction of the Project as described by the CONTRACT DOCUMENTS. CONTRACTOR agrees to provide all labor, materials, equipment, tools and services necessary, and to do everything required by the CONTRACT DOCUMENTS as necessary to complete all Work required for the Project within the time specified for Substantial Completion of the Work. The Work is generally described as follows:

Pavement and Concrete Maintenance Project

ARTICLE 2 – THE PROJECT

2.01 The Project for which the Work under the CONTRACT DOCUMENTS may be the whole or only a part is generally described as follows:

Pavement and Concrete Maintenance Project

ARTICLE 3 – ENGINEER / ARCHITECT

The Project has been designed by **DCSD**

3.01

Who is hereinafter called ENGINEER and who is to act as OWNER's representative, assume all duties and responsibilities, and have the rights and authority assigned to ENGINEER in the CONTRACT DOCUMENTS in connection with completion of the Work in accordance with the CONTRACT DOCUMENTS.

The Project will be administered by:

**Scott McCullough, Project Manager
Douglas County
1323 Waterloo Lane
Gardnerville, NV 89410**

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. Time is of the essence, and CONTRACTOR acknowledges that the time for completion of the Work is sufficient for it to perform all the Work. In case of failure on the part of CONTRACTOR to complete the Work or any separable part thereof within the time(s) specified in the CONTRACT DOCUMENTS or within such additional time(s) as may be granted by formal action of the Douglas County School District Board of Trustees, OWNER reserved the right to require CONTRACTOR pay to OWNER, as liquidated damages, the sum(s) indicated in **ARTICLE 12.0 LIQUIDATED DAMAGES** of the General Conditions. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the CONTRACT DOCUMENTS are of the essence of this Contract.

4.02 *Dates for Substantial Completion*

A. The Work and all requirements of the CONTRACT DOCUMENTS will be completed July 31, 2026

4.03 *Final Payment*

A. As provided in **ARTICLE 11.0 FINAL PAYMENT** of the General Conditions, when the Work and all requirements of the CONTRACT DOCUMENTS are fully and satisfactorily completed, the OWNER will pay to CONTRACTOR a final payment consisting of the remaining unpaid balance of the Contract Sum due CONTRACTOR. The acceptance of the final payment by the CONTRACTOR shall constitute a full and final release and waiver of all CONTRACTOR claims and rights of claim against the OWNER relating or pertaining to the Work.

Acceptance of the final payment by the CONTRACTOR shall terminate the OWNER-CONTRACTOR Construction Agreement after which time the applicable terms and conditions for Warranties and Insurance shall continue to apply.

4.04 *Liquidated Damages*

A. CONTRACTOR and OWNER recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in paragraph 4.02 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. The parties also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time.

Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER **five-hundred dollars (\$500)** for each day that expires after the time specified in paragraph 4.02 for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse or fail to complete the remaining Work within the time specified in paragraph 4.02 for completion and readiness for final payment or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER **two hundred and fifty dollars (\$250)** for each day that expires after the time specified in paragraph 4.02 for completion and readiness for final payment until the Work is completed and ready for final payment.

- B. In the event that CONTRACTOR fails to pay OWNER the specified liquidated damages amount within thirty (30) days of CONTRACTOR's being notified of said damages, OWNER may deduct the amount of the assessed liquidated damages from the final payment or retention withheld pursuant to **ARTICLE 11.0 FINAL PAYMENT** of the General Conditions.

ARTICLE 5 – CONTRACT PRICE

- 5.01 OWNER shall pay CONTRACTOR for completion of the Work in accordance with the CONTRACT DOCUMENTS an amount in current funds equal to the sum of the amounts determined below:
 - A. For all Unit Price Work, an amount equal to the stipulated sum of the established Unit Price for each separately identified item of Unit Price Work times the estimated quantity of that item, as indicated in the attached Bid Schedule;
 - B. As provided in **ARTICLE 7.0 UNIT PRICE WORK** of the General Conditions estimated quantities are not guaranteed, and determinations of actual quantities and classification are to be made by ENGINEER.

ARTICLE 6 – PAYMENT PROCEDURES

- 6.01 CONTRACTOR shall submit Applications for Payment in accordance with **ARTICLE 10.0 PROGRESS PAYMENT APPLICATIONS** of the General Conditions. Applications for Payment will be processed by ENGINEER and OWNER as provided in **ARTICLE 10.0 PROGRESS PAYMENT APPLICATIONS** General Conditions.

ARTICLE 7 – INTEREST

- 7.01 All moneys not paid when due as provided in **ARTICLE 10.0 PROGRESS PAYMENT APPLICATIONS** of the General Conditions shall bear interest at the rate that was in place at the time of the execution of the project. The interest rate shall be determined by the interest rate paid by Bank of America, Minden branch on a certificate of deposit time deposit.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

E. The Bidding and CONTRACT DOCUMENTS include various divisions, sections and conditions, which are essential parts for the Work to be provided by the successful Bidder. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete Work. - Contract Agreement
- Performance Bonds
- Payment Bonds
- General Conditions
- Special Conditions
- Addenda

- Construction Schedule submitted pursuant to **ARTICLE 18.0 CONSTRUCTION SCHEDULE AND DATA** of the General Conditions, and any amendments approved by OWNER
- Current Prevailing Wage Rates, Douglas County, Nevada

Addenda, Change Orders and Supplemental Agreements will take precedence over any of the above. Detailed plans shall have precedence over general plans.

CONTRACTOR shall take no advantage of any apparent error or omission in the Bidding Documents. In the event CONTRACTOR discovers such an error or omission, CONTRACTOR shall immediately notify OWNER. OWNER will then make such corrections and interpretations as may be deemed necessary for fulfilling the intent of the Bidding Documents.

Substance Use, Misuse, and Abuse

I. PHILOSOPHY

The Board recognizes that the use of alcohol, drugs, and other illicit substances is a serious problem with legal, physical, and social implications for the school community. To ensure high standards of learning and the safety and well-being of students, the District is committed to a comprehensive Substance Abuse Program. Consistent with Nevada Revised Statutes, this program prioritizes Restorative Justice and Evidence-Based Practices to address the root causes of substance use while maintaining a safe learning environment.

II. COMPONENTS

1. Prevention (Evidence-Based Instruction) The prevention component focuses on classroom instruction, support services (nurses, counselors, and community agencies), staff training, and school climate. All instructional programs must be evidence-based and age-appropriate.

2. Intervention and Restorative Practices The District utilizes the Student Assistance Program (SAP) for early identification of students at high risk or those exhibiting a pattern of involvement with alcohol or drugs.

- Core Teams: Each school shall implement a Core Team consisting of an administrator, counselor, teachers, and auxiliary staff to facilitate interventions.
- Restorative Justice: In alignment with state law, disciplinary procedures for substance use violations shall incorporate restorative practices. These practices aim to repair harm and reintegrate students into the school community rather than relying solely on punitive exclusion.
- Individual intervention: Provide screening and appropriate individual intervention and referrals to the individual
- Group Interventions: Schools will establish diverse support groups, which may include:

Board of Trustees Douglas County School District

STUDENTS

- Elementary: Friendship or Sharing Groups.
- Secondary: Tobacco Cessation, Social Skills Development, AA/NA support, and Concerned Persons groups.

3. Aftercare and Reintegration Support The District recognizes that recovery is a cultural and ongoing process rather than a single clinical event.

- Reintegration Plans: The SAP Coordinator/Counselor will facilitate support for students returning from treatment.
- Staff Training: Applicable Staff will receive training in the addiction process, cessation/prevention support, confidentiality, and trauma-informed care.

III. COMMUNITY COLLABORATION

The Drug Free Schools Task Force—composed of teachers, parents, law enforcement, and community members—will meet at least annually to review and analyze programs to ensure they meet current evidence-based standards.

~~The school district must respond whenever any employee has notice of sexual harassment, including allegations of sexual harassment. Notice to a Title IX Coordinator, or notice to an official with authority to institute corrective measures on the school district's behalf, or notice to any school district employee charges a school with actual knowledge and triggers the school district's response obligations.~~

~~Because the school district must respond whenever any employee has notice of sexual harassment, including allegations of sexual harassment, all school district employees are required to report possible incidents of sexual harassment involving students and/or employees directly to the school district's Title IX Coordinator as soon as practicable, but not later than a time during the same day on which the employee became aware of an incident of sexual harassment, including allegations of sexual harassment. Reports by school district employees must be made in person, by telephone, and/or by email. Failure to report such incidents may result in disciplinary action.~~

~~Any person other than a school district employee may report sexual harassment including allegations of sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sexual harassment) in person, by mail, by telephone, or by email, using the contact information listed below for the school district's Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.~~

~~A report of sexual harassment may be made at any time, including during non-business hours, by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator.~~

The ~~school district has~~ superintendent has designated the following employee to coordinate its efforts to comply with Title IX and this policy: ~~The school district's Title IX Coordinator is:~~

~~III. Title IX Sexual Harassment Mandatory Response Obligations~~

~~The school district will respond promptly to Title IX sexual harassment in a manner that is not deliberately indifferent, which means a response that is not clearly unreasonable in light of the known circumstances. The school district has the following mandatory response obligations:~~

- ~~The school district will offer supportive measures to the person alleged to be the victim (referred to throughout as the "complainant" whether or not that is the person who reported the sexual harassment or allegation of sexual harassment)~~
- ~~The Title IX Coordinator will promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal~~

- ~~• The school district will follow a grievance process that complies with Title IX regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent~~
- ~~• The school district will not restrict rights protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment, when complying with Title IX~~
- ~~• The school district will investigate sexual harassment allegations in any formal complaint, which can be filed by a complainant, or signed by a Title IX Coordinator~~
- ~~• A complainant's wishes with respect to whether the school district investigates will be respected unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the wishes of the complainant is not clearly unreasonable in light of the known circumstances~~
- ~~• If the allegations in a formal complaint do not meet the definition of sexual harassment under Title IX, or did not occur in the school district's education program or activity against a person in the United States, the school district will dismiss such allegations *for purposes of Title IX* but may still address the allegations in any manner the school district deems appropriate under the school districts code of conduct~~

IVIII. Title IX Sexual Harassment Grievance Process

The ~~school D~~istrict has adopted a grievance process that provides for the prompt and equitable resolution of ~~reports, student and employee~~ **complaints, and alleging any** ~~action that would constitute sexual harassment under Title IX, and a grievance process~~ ~~for resolving~~ **formal complaints** of sexual harassment in violation of Title IX. The grievance process – including definitions of sexual harassment, reporting procedures, investigation and hearing standards, support measures, appeal rights, and timelines – is set forth in Administrative Regulation 117, Title IX Sexual Harassment Grievance Procedure. ~~incorporates these requirements:~~

- ~~• The school district treats complainants equitably by providing remedies any time a respondent is found responsible, and treats respondents equitably by not imposing disciplinary sanctions without following the grievance process~~

Board of Trustees Douglas County School District

OBJECTIVES

- The school district provides remedies, which are required to be provided to a complainant when a respondent is found responsible, that are designed to maintain the complainant's equal access to education and may include the same individualized services described as supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent
- The school district requires objective evaluation of all relevant evidence, inculpatory and exculpatory, and avoids credibility determinations based on a person's status as a complainant, respondent, or witness
- The school district requires Title IX personnel (Title IX Coordinator, investigators, decision-makers, people who facilitate any informal resolution process) to be free from conflicts of interest or bias for or against complainants or respondents
- The school district provides training of Title IX personnel to include training on the definition of sexual harassment in Title IX regulations, the scope of the school district's education program or activity, how to conduct an investigation and how to conduct hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias
- The school district provides training of decision-makers and investigators to include training on issues of relevance, including how to apply the rape shield protections provided only for complainants
- The school district includes a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process
- The school district posts materials used to train Title IX personnel on its website
- The school district includes reasonably prompt time frames for concluding the grievance process, including appeals and informal resolutions, with allowance for temporary, short-term, good cause delays or extensions of the time frames

Board of Trustees Douglas County School District

OBJECTIVES

- ~~• The school district describes the range, or list, of the possible remedies that may be provided to a complainant and disciplinary sanctions that may be imposed on a respondent, following determinations of responsibility~~
 - ~~• The school district uses the preponderance of the evidence standard for all formal complaints of sexual harassment (including where employees are respondents)~~
 - ~~• The school district has described its appeal procedures, and the range of supportive measures available to complainants and respondents~~
 - ~~• The school district's grievance process does not use, rely on, or seek disclosure of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege~~
 - ~~• Any provisions, rules, or practices other than those required by Title IX regulations that the school district has adopted as part of its grievance process for handling formal complaints of sexual harassment apply equally to both parties~~
- ~~— All reports and complaints of sexual harassment in violation of Title IX will be addressed through the grievance process as outlined in DCSD Administrative Regulation 117.—~~
