### 5. **School Presentation: Helman**

Helman Principal Susan Hollandsworth welcomed the Board to Dragon Country and presented an overview of Helman Elementary School's School Improvement Plan, including student demographics, achievement data, improvement goals, and strategies to support student success. Helman currently has 261 students enrolled in grades K-5, including a site-based classroom with 10 students.

Helman's school improvement plan aligns with the district goal of increasing graduation rates to 95% by 2028 by strengthening early literacy and math achievement. By June 2026, Helman aims for 80% of students to perform at or above grade level in reading and 78% in math through strong core instruction, weekly teacher collaboration, targeted interventions, implementation of the ELA curriculum, and additional math support through a specialist.

The plan also supports the district goal of fostering a safe, welcoming, supportive, and inclusive environment. By spring 2027, Helman aims for 98% of students to report a positive sense of belonging on the YouthTruth Survey. Ms. Hollandsworth noted encouraging trends in social-emotional learning and highlighted activities and programs that support a welcoming and inclusive school environment, many of them hosted by the Helman PTA and funded by the Ashland Schools Foundation.

Helman Youth Advocate Lawson, along with Junior Coaches Colin Ali, Louisa Machala, and Brooklyn Malamitsas, shared how the Junior Coach Program creates positive experiences for all students.

The presentation ended with a special song led by teacher, Tia McLean, and a group of kindergarteners.

### 6. **ASF Annual Report**

ASF Executive Director Erica Thompson reported on recent Ashland Schools Foundation achievements and upcoming activities, including the annual fund drive. Established in 1989, ASF supports teachers and students through programs such as teacher grants. This year, ASF awarded 115 grants totaling approximately \$125,000 and supported a variety of activities in and outside the classroom, including classroom libraries, school newspapers, and community partnerships. Ms. Thompson also noted ASF's support in helping teachers pursue additional grant

funding and highlighted a recent flat-rate fee secured for student Oregon Shakespeare Festival tickets. A complete list of recent grants is available on the ASF website.

Ms. Thompson shared that this year's fundraising campaign theme is "Big Dreams Begin Here." She announced five outreach parties to be held April 20–24 at Bestow and invited community members to get involved. Shift sign-ups are available at [ashlandschoolsfoundation.org](http://ashlandschoolsfoundation.org).

## **7. Finance Report**

### **7.A. Finance Report for the period ending March 31, 2026**

Director of Business Services Sherry Ely reported that budget projections remain stable. She shared that property tax revenue is currently projected to come in approximately \$500,000 above estimates. Because ODE corrections will not be finalized until May 2027, that adjustment is expected to be reflected in the 2026–27 budget. Ms. Ely noted that the May reconciliation has been released and that the district is working with ODE on errors and corrections. Board members asked how the budget would be developed without knowing whether the YAAL will pass. Ms. Ely explained that the proposed budget will be built assuming YAAL revenue is included, with a contingency plan identifying the reductions that would be necessary if the measure does not pass. She noted that this plan will be addressed at the budget meeting.

Ms. Ely reported no significant expenditure concerns at this time. She continues to monitor a possible over expenditure in IDEA and has incorporated that possibility into General Fund projections, using Psychology Services and Speech Pathology as placeholders for potential cost transfers related to additional contracted speech pathology services. Based on projected revenue and expenditures through the end of March, she estimated an Ending Fund Balance of \$3.43 million, or 7.84%. She also reported that work on the 2026–27 budget is underway.

## **8. ASD Transformation Update**

Superintendent Hattrick presented an updated ASD Transformation Timeline and Step-by-Step District Guide aligned with the district's "Jog" Approach, spanning January 2026 through June 2028. He emphasized that no final decisions are expected until 2027 and that the updated timeline will be posted on the district and school websites.

He reported that the district is currently in Phase 2, focused on staff engagement and formation of the Transformation Steering Committee. An interest form will be distributed to collect names of interested participants, followed by a selection process designed to ensure the committee includes representation from focal areas across the district. He also shared that a staff survey is planned to gather broad hopes for the future of the district.

Dr. Hattrick explained that Phase 3 will begin broader community engagement through surveys and listening opportunities, with an emphasis on gathering input rather than proposing solutions. Later phases include scenario development, additional community engagement, revision and budget development, board review and approval, transition planning, and implementation with ongoing monitoring.

Board members asked when data on facility use would be available to better understand which buildings and rooms are underused. Dr. Hattrick responded that a summary of the data will be available once scenarios are developed. Board members also encouraged a community engagement approach centered on human connection, noting that face-to-face conversations may be more effective than surveys alone in supporting a successful transformation. They expressed concern about survey fatigue and emphasized the importance of building connections across schools, sharing broadly what the community values, and leaning into a positive message focused on opportunity, guiding principles, and imagining a strong future for the district. Board members also noted the importance of adequately budgeting for the work so the district can carry it through successfully.

Dr. Hattrick noted that the Board will remain engaged at key points throughout the process and reiterated that the timeline serves as a roadmap, not a final plan. He also shared that the district is learning from and collaborating with Southern Oregon University and the City of Ashland as they conduct their own strategic planning efforts.

## **9. Recurring Reports**

### **9.A. OSEA Report- None**

### **9.B. AEA Report**

AEA Representative Alan Parowski shared that Schools across the district reported a mix of growth, celebration, and challenge as they prepare for spring events, student activities, and kindergarten open houses. Highlights included Bellview's Change Maker assembly, a fourth-grade performance with the Rogue Valley Orchestra, outdoor and enrichment activities at several schools, and continued enrollment growth at Ashland Connect.

AMS reported strong participation in spring activities, including track and field, and AHS shared updates on master scheduling and review of its crisis intervention plan. Staff also expressed appreciation to the AEA and district bargaining teams for reaching a contract that supports financial stability while preserving key working conditions.

#### 9.C. Student-Board Representative Report

Student Board Representatives Alice Carnahan & Milo Leiserson reported that spring sports and activities are underway at Ashland High School, including upcoming competitions in softball, boys volleyball, tennis, track and field, baseball, and Speech and Debate.

The report also highlighted senior graduation planning, state testing for juniors, and several student-led activities, including a blood drive, spikeball tournament, prom preparations, a coin drive for Sanctuary One, and belonging interviews to support school connection and inclusion. Many seniors have also received college decisions, with several already committed.

#### 10. **Board Reports**

Board members shared updates on district and community engagement activities, including work with the LGBTQ2SIA+ Advisory Board. One member reported that the Advisory Board's charter passed legal review and was presented to the OSBA Board for approval in March, helping formalize the group's role and future work. The Advisory Board also secured a budget for next fiscal year to support training and participation opportunities related to student safety, mental health, and basic rights.

Board members also reported participation in district events, support for the Superintendent evaluation process, and Ashland High School's advancement to the state OBOB competition.

Several members shared outreach efforts in support of the Youth Activities and Academics Levy (YAAL), including media engagement, sign distribution, volunteer efforts, and donor support. Board members emphasized the levy's importance to district programs and noted strong community support.

#### 11. **Superintendent Report**

Superintendent Hattrick announced Leo Garcia as the Rotary Student of the Month, recognizing his academic achievement, leadership, service, and positive impact on the school community. Leo was praised by staff as an intellectually curious, empathetic, and community-minded student who leads with humility and consistently supports others. Leo plans to attend the University of Oregon Honors College to study Political Science with the goal of pursuing a career in politics or law.

Dr. Hattrick reported that the district has completed all required submissions for the Youth Activities and Academics Levy and continues to work collaboratively with the Superintendent Advisory Council, SOU, the City of Ashland consultants, and the licensed union through collective bargaining. He also shared that the Insurance Committee will meet later this month, interviews for the Student Services Director position were conducted this week, and the Guanajuato ambassador program will take place again this summer.

Dr. Hattrick further reported that he recently met with the Ashland Mill development team, will serve as keynote speaker at Raider Day on April 25, and will travel to Portland for a COSA conference and to Bend for PACE Day. He also noted that the district is partnering with Commute Options to support Safe Routes to School.

## Minutes

### 1. Call to Order / Roll Check

Chair Dyson called the meeting to order at 6:33 PM. Roll check confirmed that all five members were present: Directors Rooklyn, Ferguson, Ruby, Vice Chair Hatch, and Chair Dyson.

### 2. Adoption or Adjustment of Agenda

- ❖ **Motion:** Director Rooklyn moved, and Director Ruby seconded to accept the agenda as submitted.  
**Aye:** Rooklyn, Ruby, Ferguson, Hatch, Dyson  
**Nay:** none  
**Result:** The motion carried by unanimous vote.

### 3. YAAL Update

Director Rooklyn provided an update on the YAAL PAC's work ahead of the May 19 election, including voter pamphlets, ballot mailing, business support, and a planned mailer to district constituents. She encouraged outreach to friends, family, and parents to vote, and Board members expressed appreciation for the PAC's efforts.

### 4. Executive Order 26-06 Update

Superintendent Hattrick reported on Executive Order 26-06 regarding student instructional time and the related temporary rule. He noted that the order is intended to preserve instructional time and restricts districts from reducing current instructional levels or seeking waivers, except in emergencies. He also shared that the state temporarily removed restrictions on counting up to 30 hours/each of professional development and parent-teacher conference hours toward instructional time. The district is awaiting further clarification from the state and COSA. Board members expressed interest in advocating when appropriate.

### 5. Lincoln School Update

Superintendent Hattrick invited Executive Director of Operations Steve Mitzel to provide an update on the Lincoln School insurance claim. Director Mitzel shared that PACE denied the claim, citing age-related checking and cracking of the beams as not covered by insurance. The district is exploring appeal options and working with its insurance representatives to determine whether any costs incurred to date, approximately \$63,000, may be recoverable.

Superintendent Hattrick outlined the appeal process, which includes a mandatory appeal to PACE, mediation, and binding arbitration. Superintendent Hattrick indicated he is willing to continue pursuing the matter and will work with Business Director Sherry Ely to contact the PACE Board and develop a strategy.

The Board discussed possible next steps for the building, including demolition and sealing of the affected wing, securing the entire space, or evaluating potential future funding opportunities. Director Rooklyn noted that the City of Ashland is pursuing a federal tax incentive program that could potentially support future work at Lincoln School, though funding would not be known until July 2027. Director Mitzel noted that certain repair or demolition costs could trigger additional ADA, plumbing, and electrical requirements.

The Board requested additional information on the demolition and sealing option. Superintendent Hattrick will bring options for next steps to a future work session.

### 6. ACTION: Edlen & Co. Amendments to ENA

Superintendent Hattrick presented the First Amendment to the Exclusive Negotiating Agreement (ENA) between Ashland School District and Edlen & Co. He explained that the amendment makes child care an option rather than a requirement and allows for up to three three-month extension periods as the parties continue moving toward a Disposition and Development Agreement (DDA).

- ❖ **Motion:** Vice Chair Hatch moved, and Director Ferguson seconded to approve the First Amendment to the ENA between Ashland School District and Edlen & Co. as written.  
**Aye:** Rooklyn, Ruby, Ferguson, Hatch, Dyson  
**Nay:** none  
**Result:** The motion carried by unanimous vote.

### 7. Youth Truth Survey Report

Superintendent Hattrick presented a summary of the 2025-26 YouthTruth data, prepared by Assistant Superintendent Cuddeback. The survey was administered in February to families, staff, and students. TRAILS and Willow Wind data were included in the elementary category.

Superintendent Hattrick reviewed key themes for each survey group, including school safety, engagement, culture, relationships, communication, resources, professional development and support, academic challenge, and belonging. Family responses showed positive trends across all core themes, with some downward trends noted in Latino and multiracial demographic groups. Superintendent Hattrick noted that the District Equity Committee will review the data.

Staff responses showed improvement in all but one category, with all scores above the median. Student data also reflected growth, including significant improvement at the high school level.

Board members discussed questions related to elementary scoring, multi-year trend data, whether and how to share highlights publicly, and areas where the data may inform meaningful district improvements. Board members expressed appreciation for the report and requested additional follow-up with Assistant Superintendent Cuddeback at a future work session.

### 8. Board Learning

The Board discussed Chapters 9 and 10 of *Improving School Board Effectiveness*, focusing on effective engagement, reflection, and the need for a clear shared vision to guide district work. Members discussed balancing regular meeting business with broader discussion time, the value of in-person work sessions, and the Board's role in the Transformation process.

The Board also discussed the possibility of developing shared vision language, an ASD "elevator pitch," and a Portrait of a Graduate to support future engagement and decision-making. Superintendent Hattrick will continue to provide Transformation updates during regular Board reports, and when appropriate, the Board would like to include TSC updates during work sessions.

Chapters 3 and 4 were assigned for the next work session.

### 9. Adjourn

There being no further business, Chair Dyson adjourned the meeting at 8:13 PM.

Summary of Superintendent Contract Updates  
Effective July 1, 2026

The Ashland School District Board of Directors has completed the annual superintendent evaluation process and has reviewed the employment agreement for Superintendent Dr. Joseph Hattrick.

Following this review, the Board has agreed to two updates to the Superintendent's employment contract beginning July 1, 2026:

1. Contract Extension  
The Board has agreed to extend Superintendent Hattrick's employment contract by one year, through June 30, 2029.
2. Tax-Sheltered Annuity Contribution  
The Board has agreed to add an annual District contribution to Superintendent Hattrick's tax-sheltered annuity account. This contribution reflects a benefit that was originally discussed and negotiated at the time of his hiring and is now being incorporated into the updated contract.

These updates are intended to provide continuity of leadership and formally document the compensation terms agreed upon by the Board and Superintendent.

Updated contract terms considered for board approval on Thursday May, 14, 2026.

Hi Michael,  
I just wanted to say thank you again so much for all of yours and Officer Moore's expertise and time spent for our students! They were so engaged and all of the questions/answers were full of learning!!! I really cannot thank you both enough. I actually learned a few more things too, which I loved (and in all, it was such a great refresher for me!!!). I am sorry I did not get to thank you or Officer Moore in person. Please extend my gratitude to him as well 😊

## Why would you like to serve on the School Board?

I would like to serve on the Ashland School Board (District 5) for a variety of reasons. The biggest reason being that I believe my strong leadership skills could be used to effectively represent our student body. Another reason for why I want to serve as a student representative on the board is to help bridge the gap between school board members and students when it comes to accurately reporting how the board's decisions affect school environments and the effectiveness of learning in our district. My hope is that my efforts can help the board make informed decisions about our district. In summary, I would like to be selected as board representative because I am strongly convinced that I could have a positive impact on the student learning experience in our district.

## How would you provide value to the School Board if selected?

I would provide value to the Ashland School Board because I have a deep understanding of the Ashland School District's procedures, policies, rules, and overall operations. My experiences has made me well versed in the board meeting structure, purpose, and goals. I have gained this knowledge from watching and attending these meetings frequently since grade school as well as conversing often with veteran district employees. I also have some prior experience in this role from serving as one of two alternate student representatives for the last two years. Even though I only got the chance to speak twice in my alternate role, the position has kept me well versed in the district's current situation and priorities.

## Describe an aspect of school culture or policy that has impacted you.

An aspect of school culture that has impacted me would be the high rates of vandalism we have at Ashland High School. While this is a very unfortunate element of our school culture, vandalism has greatly affected me and my experience at school. As a person who values the public school system and the impacts it has on youth, witnessing this type of behavior in school is extremely upsetting. This aspect of school culture has greatly impacted me and my learning as it forces me to learn in an environment which is constantly being torn down rather than brought up. In this role, I would like to see if we can change this aspect of AHS culture with the help of fellow students and administration.

## What impact would you seek to have on the Ashland School Board?

If I were selected as Ashland School Board Student Representative, I plan to bridge the gap between student and board member perspectives. During my term, I would like to connect board members to student feedback regarding what it feels like to be a student in the district. I plan to do this not just at the high school level, but at the middle school and elementary school levels as well. I would effectively carry out this mission by visiting K-8 sites and connecting with students through conversations regarding how they feel about their school experience. My goal would be for this increased student feedback to help paint a clearer picture of student life in the district. I also hope this insight will provide the Board with additional perspectives which will help them make the right decisions for our schools in Ashland.

Why would you like to serve on the School Board?

I would like to serve as a student board representative because I want to represent all student voices and ensure they're reflected in the decisions that shape our schools. I would like to close the gap by bringing student perspective into school board discussions. Decisions should be made with informed realities, powered by real student sentiment and not assumptions. I understand how school policies affect students differently depending on different circumstances. I want to make all student voices heard, not just those that are most visible. This role is important to me because I care about student experience and I see this as a position help create an environment better reflective of real experiences and needs of students. I desire students to feel more connected to their school environment and feel represented on decisions that involve them. I think this connection will increase overall investment in school life, as their input will have real impact. I want to serve on the school board to be able to be that representative that makes students feel heard and valued.

How would you provide value to the School Board if you were selected?

I would provide value to the school board by representing a variety of perspectives from students. As a student from an immigrant and multiracial background, I understand how policies affect non-English-speaking families as well as students of diverse cultural backgrounds. I believe my perspective would provide a more inclusive, wider range of student voices. Additionally as a past student of Walker Elementary School, and Ashland Middle School I can extend my insight to not only the high school. Beyond my background, I am also involved in Ashland High School's leadership class. I've had direct involvement in planning school events and engaging with many groups of students. This has given me a multifaceted experience of student life, which provides the understanding of how decisions would impact student engagement, as well as school climate. In addition, I am involved in many extracurriculars at my school that also represent different student groups. For instance, I compete in DECA, a school CTE/CTSO program, and I am also on the high school dance team, a traditionally underrepresented sport. This allows me to provide a wide set of perspectives in student activities. With my experiences balancing extracurriculars and managing classwork, I understand the pressures students face and can offer insight into how policies affect both performance and well-being. I believe my many perspectives would provide exceptional information to the board. I would also be committed to turning student voices into input meaningful to the school board and communicating student experiences. I would be dedicated to this role and have a strong focus of representation of all students.

Describe an aspect of school culture/policy that has impacted you?

An aspect of school culture that has impacted me is the mental health support at Ashland High School. Often while balancing coursework, I emphasize my performance over my wellbeing. The school has provided me with excellent mental health support that has helped me, especially during times when my life outside of school has also affected my mental health and focus on my education. Through resources at school like the Rogue Valley Mentoring Circle and counseling, I am able to talk through my feelings and experiences while being supported by a community. By being able to feel connected and supported at this school, my engagement has increased throughout the course of my high school experience in clubs, leadership, and participation. Additionally, it has allowed me to focus on working towards academic and non-academic goals in high school and beyond.

What impact would you seek to have on the Ashland School Board?

If I was a school board representative, I would seek to ensure student input is integrated into the decision making process. I would bridge the gap between policy making and the student opinion, that would otherwise not be represented. To do this, I would listen to student experiences in school and school based activities and recognize consistencies that can inform more student forward decisions. I would present on student life and student sentiments at board meetings to inform the board on student experience. Ultimately, the main goal of my impact is to provide insight on students to then be considered in policy making.

Why would you like to serve on the School Board (300 words or less)?

I want to ensure student voices are included in decisions that affect our daily lives. Through speech & debate, DECA, and Key Club I've interacted with a wide range of students and gained insight on many perspectives. These experiences have taught me how to communicate effectively, listen to others, and think critically. I believe leadership is about representing others, and I want to help bridge the gap between students & decision makers.

How would you provide value to the School Board if you were selected (300 words or less)?

I would provide value by bringing a well-rounded student perspective and strong communication skills. Being involved in multiple activities allows me to connect with different groups of students & understand their viewpoints. I would actively listen to student concerns and clearly communicate them to the board. My experience in speech and debate has prepared me to present ideas confidently and engage in thoughtful discussions. I would also focus on being solution-oriented, offering ideas that benefit the school.

Describe an aspect of school culture or policy that has impacted you (150 words or less).

One policy that has impacted me is the phone ban. At first it felt restricted and was difficult to adjust to, especially since phones are such a normal part of daily life. However, over time we noticed a meaningful positive change in how students interact. Without phones as a constant distraction, I've had more face-to-face conversations and have built stronger relationships with my peers. While the adjustment wasn't easy, this policy has created a more connected & focused school environment.

What impact would you seek to have on the Ashland School Board (150 words or less)?

If selected, I would seek to strengthen communication between students and the school board by making sure student voices are consistently heard and represented. I want students to feel like their opinions matter and that they play a role in shaping their school environment. By improving this two-way communication, I hope to build trust, encourage greater student involvement, and help create a more inclusive and connected school community.

In addition I want to use my voice to express the wants and needs of our students.

I would provide value to the school board because I have previous experience in advocating and expressing ideas that benefit the student population through my role as Junior class co-president. Throughout this experience I have learned how to be both productive, organized and vocal to represent my junior class. I think this skill will translate if I am selected to be a school board rep.

In addition to this leadership role as a Junior Class Co president, I am volunteering in Cape Town, South Africa this summer. With this program I will be focusing on equality in the local communities as well as interacting with local youth. I believe that this will also aid me to be an advocate for the school board as I will be learning what benefits local youth in South Africa, which will allow me to analyze and put into action the needs for our local youth.

### NOTES

**EXPENSE:** Again - nothing dramatic to report on the expenditure front. With the current projected revenue and expense through the end of April, I am estimating our Ending Fund Balance to come in at \$3.12 million or 7.13%. Down a little bit from last month - but I am being conservative with my projections so once the dust settles after June expenditures come in, I anticipate the EFB will come in a bit higher.

<b>Total Maximum Not-to-Exceed Grant Funds</b>	<b>\$1,050,000.00</b>

\*These values are based on projections of appropriations Agency expects to receive. Actual amounts disbursed, if any, are subject to Agency’s receipt of adequate funding, appropriations, limitations, allotments, or other expenditure authority.

Subject to receipt of all necessary legislative and Agency approvals, unexpended funds from Year 1 may be carried over and used in Year 2, Phase 1 and unexpended funds from Year 2, Phase 2 may be carried over and used in Year 3. Prior to using carryover funds, Grantee must submit a written request to Agency to utilize such funds for continued Project activities during Year 2 and Year 3. Use of these funds is contingent upon written approval from the Agency.

## SECTION 7: DISBURSEMENT GENERALLY

### 7.1 Disbursement.

- 7.1.1 Subject to the availability of sufficient moneys in and from the Funding Source based on Agency’s reasonable projections of moneys accruing to the Funding Source, Agency will disburse Grant Funds to Grantee for the allowable Project activities described in Exhibit A that are undertaken during the Performance Period.
- 7.1.2 Grantee must provide to Agency any information or detail regarding the expenditure of Grant Funds required under Exhibit A prior to disbursement or as Agency may request.
- 7.1.3 Agency will only disburse Grant Funds to Grantee for activities completed or materials produced, that, if required by Exhibit A, are approved by Agency. If Agency determines any completed Project activities or materials produced are not acceptable and any deficiencies are the responsibility of Grantee, Agency will prepare a detailed written description of the deficiencies within 15 days of receipt of the materials or performance of the activity, and will deliver such notice to Grantee. Grantee must correct any deficiencies at no additional cost to

Agency within 15 days. Grantee may resubmit a request for disbursement that includes evidence satisfactory to Agency demonstrating deficiencies were corrected.

**7.2 Conditions Precedent to Disbursement.** Agency’s obligation to disburse Grant Funds to Grantee under this Grant is subject to satisfaction of each of the following conditions precedent:

**7.2.1** Agency has received sufficient funding, appropriations, expenditure limitation, allotments or other necessary expenditure authorizations to allow Agency, in the exercise of its reasonable administrative discretion, to make the disbursement from the Funding Source;

**7.2.2** No default as described in Section 15 has occurred; and

**7.2.3** Grantee’s representations and warranties set forth in Section 8 are true and correct on the date of disbursement(s) with the same effect as though made on the date of disbursement.

**7.3 No Duplicate Payment.** Grantee may use other funds in addition to the Grant Funds to complete the Project; provided, however, the Grantee may not credit or pay any Grant Funds for Project costs that are paid for with other funds and would result in duplicate funding.

**7.4 Suspension of Funding and Project.** Agency may by written notice to Grantee, temporarily cease funding and require Grantee to stop all, or any part, of the Project dependent upon Grant Funds for a period of up to 180 days after the date of the notice, if Agency has or reasonably projects that it will have insufficient funds from the Funding Source to disburse the full amount of the Grant Funds. Upon receipt of the notice, Grantee must immediately cease all Project activities dependent on Grant Funds, or if that is impossible, must take all necessary steps to minimize the Project activities allocable to Grant Funds.

If Agency subsequently projects that it will have sufficient funds, Agency will notify Grantee that it may resume activities. If sufficient funds do not become available, Grantee and Agency will work together to amend this Grant to revise the amount of Grant Funds and Project activities to reflect the available funds. If sufficient funding does not become available or an amendment is not agreed to within a period of 180 days after issuance of the notice, Agency will either (i) cancel or modify its cessation order by a supplemental written notice or (ii) terminate this Grant as permitted by either the termination at Agency’s discretion or for cause provisions of this Grant.

## **SECTION 8: REPRESENTATIONS AND WARRANTIES**

**8.1 Organization/Authority.** Grantee represents and warrants to Agency that:

**8.1.1** Grantee is a school district duly organized and validly existing;

**8.1.2** Grantee has all necessary rights, powers and authority under any organizational documents and under Oregon Law to (i) execute this Grant, (ii) incur and perform its obligations under this Grant, and (iii) receive financing, including the Grant Funds, for the Project;

**8.1.3** This Grant has been duly executed by Grantee and when executed by Agency, constitutes a legal, valid and binding obligation of Grantee enforceable in accordance with its terms;

**8.1.4** If applicable and necessary, the execution and delivery of this Grant by Grantee has been authorized by an ordinance, order or resolution of its governing body, or voter approval, that was adopted in accordance with applicable law and requirements for filing public notices and

holding public meetings; and

- 8.1.5** There is no proceeding pending or threatened against Grantee before any court or governmental authority that if adversely determined would materially adversely affect the Project or the ability of Grantee to carry out the Project.
- 8.2 False Claims Act.** Grantee acknowledges the Oregon False Claims Act, ORS 180.750 to 180.785, applies to any “claim” (as defined by ORS 180.750) made by (or caused by) Grantee that pertains to this Grant or to the Project. Grantee certifies that no claim described in the previous sentence is or will be a “false claim” (as defined by ORS 180.750) or an act prohibited by ORS 180.755. Grantee further acknowledges in addition to the remedies under Section 16, if it makes (or causes to be made) a false claim or performs (or causes to be performed) an act prohibited under the Oregon False Claims Act, the Oregon Attorney General may enforce the liabilities and penalties provided by the Oregon False Claims Act against the Grantee.
- 8.3 No limitation.** The representations and warranties set forth in this Section are in addition to, and not in lieu of, any other representations or warranties provided by Grantee.

## **SECTION 9: OWNERSHIP**

- 9.1 Intellectual Property Definitions.** As used in this Section and elsewhere in this Grant, the following terms have the meanings set forth below:
- “Third Party Intellectual Property” means any intellectual property owned by parties other than Grantee or Agency.
- “Work Product” means every invention, discovery, work of authorship, trade secret or other tangible or intangible item Grantee is required to create or deliver as part of the Project, and all intellectual property rights therein.
- 9.2 Grantee Ownership.** Grantee must deliver copies of all Work Product as directed in Exhibit A. Grantee retains ownership of all Work Product, and grants Agency an irrevocable, non-exclusive, perpetual, royalty-free license to use, to reproduce, to prepare derivative works based upon, to distribute, to perform and to display the Work Product, to authorize others to do the same on Agency’s behalf, and to sublicense the Work Product to other entities without restriction.
- 9.3 Third Party Ownership.** If the Work Product created by Grantee under this Grant is a derivative work based on Third Party Intellectual Property, or is a compilation that includes Third Party Intellectual Property, Grantee must secure an irrevocable, non-exclusive, perpetual, royalty-free license allowing Agency and other entities the same rights listed above for the pre-existing element of the Third party Intellectual Property employed in the Work Product. If state or federal law requires that Agency or Grantee grant to the United States a license to any intellectual property in the Work Product, or if state or federal law requires Agency or the United States to own the intellectual property in the Work Product, then Grantee must execute such further documents and instruments as Agency may reasonably request in order to make any such grant or to assign ownership in such intellectual property to the United States or Agency.

## SECTION 10: CONFIDENTIAL INFORMATION

- 10.1 Confidential Information Definition.** Grantee acknowledges it and its employees or agents may, in the course of performing its responsibilities, be exposed to or acquire information that is: (i) confidential to Agency or Project participants or (ii) the disclosure of which is restricted under federal or state law, including without limitation: (a) personal information, as that term is used in ORS 646A.602(12), (b) social security numbers, and (c) information protected by the federal Family Educational Rights and Privacy Act under 20 USC § 1232g (items (i) and (ii) separately and collectively “Confidential Information”).
- 10.2 Nondisclosure.** Grantee agrees to hold Confidential Information as required by any applicable law and in all cases in strict confidence, using at least the same degree of care Grantee uses in maintaining the confidentiality of its own confidential information. Grantee may not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties, or use Confidential Information except as is allowed by law and for the Project activities and Grantee must advise each of its employees and agents of these restrictions. Grantee must assist Agency in identifying and preventing any unauthorized use or disclosure of Confidential Information. Grantee must advise Agency immediately if Grantee learns or has reason to believe any Confidential Information has been, or may be, used or disclosed in violation of the restrictions in this Section. Grantee must, at its expense, cooperate with Agency in seeking injunctive or other equitable relief, in the name of Agency or Grantee, to stop or prevent any use or disclosure of Confidential Information. At Agency’s request, Grantee must return or destroy any Confidential Information. If Agency requests Grantee to destroy any Confidential Information, Grantee must provide Agency with written assurance indicating how, when and what information was destroyed.
- 10.3 Identity Protection Law.** Grantee must have and maintain a formal written information security program that provides safeguards to protect Confidential Information from loss, theft, and disclosure to unauthorized persons, as required by the Oregon Consumer Information Protection Act, ORS 646A.600-646A.628. If Grantee or its agents discover or are notified of a potential or actual “Breach of Security”, as defined by ORS 646A.602(1)(a), or a failure to comply with the requirements of ORS 646A.600-628, (collectively, “Breach”) with respect to Confidential Information, Grantee must promptly but in any event within one calendar day (i) notify the Agency Grant Manager of such Breach and (ii) if the applicable Confidential Information was in the possession of Grantee or its agents at the time of such Breach, Grantee must (a) investigate and remedy the technical causes and technical effects of the Breach and (b) provide Agency with a written root cause analysis of the Breach and the specific steps Grantee will take to prevent the recurrence of the Breach or to ensure the potential Breach will not recur. For the avoidance of doubt, if Agency determines notice is required of any such Breach to any individual(s) or entity(ies), Agency will have sole control over the timing, content, and method of such notice, subject to Grantee’s obligations under applicable law.
- 10.4 Subgrants/Contracts.** Grantee must require any subgrantees, contractors or subcontractors under this Grant who are exposed to or acquire Confidential Information to treat and maintain such information in the same manner as is required of Grantee under subsections 10.1 and 10.2 of this Section.
- 10.5 Background Check.** If requested by Agency and permitted by law, Grantee’s employees, agents,

contractors, subcontractors, and volunteers that perform Project activities must agree to submit to a criminal background check prior to performance of any Project activities or receipt of Confidential Information. Background checks will be performed at Grantee’s expense. Based on the results of the background check, Grantee or Agency may refuse or limit (i) the participation of any Grantee employee, agent, contractor, subgrantee, or volunteer, in Project activities or (ii) access to Agency Personal Information or Grantee premises.

## **SECTION 11: INDEMNITY/LIABILITY**

- 11.1 Indemnity.** Grantee must defend, save, hold harmless, and indemnify the State of Oregon and Agency and their officers, employees and agents from and against all claims, suits, actions, losses, damages, liabilities, costs, and expenses of any nature whatsoever, including attorneys’ fees, resulting from, arising out of, or relating to the activities of Grantee or its officers, employees, subgrantees, contractors, subcontractors, or agents under this Grant (each of the foregoing individually or collectively a “Claim” for purposes of this Section). If legal limitations apply to the indemnification ability of Grantee, this indemnification must be for the maximum amount of funds available for expenditure, including any available contingency funds, insurance, funds available under ORS 30.260 to 30.300 or other available non-appropriated funds.
- 11.2 Defense.** Grantee may have control of the defense and settlement of any Claim subject to this Section. But neither Grantee nor any attorney engaged by Grantee may defend the Claim in the name of the State of Oregon, nor purport to act as legal representative of the State of Oregon or any of its agencies, without first receiving from the Attorney General, in a form and manner determined appropriate by the Attorney General, authority to act as legal counsel for the State of Oregon. Nor may Grantee settle any Claim on behalf of the State of Oregon without the approval of the Attorney General. The State of Oregon may, at its election and expense, assume its own defense and settlement in the event the State of Oregon determines Grantee is prohibited from defending the State of Oregon, or is not adequately defending the State of Oregon’s interests, or an important governmental principle is at issue and the State of Oregon desires to assume its own defense. Grantee may not use any Grant Funds to reimburse itself for the defense of or settlement of any Claim.
- 11.3 Limitation.** Except as provided in this Section, neither Party will be liable for incidental, consequential, or other indirect damages arising out of or related to this Grant, regardless of whether the damages or other liability is based in contract, tort (including negligence), strict liability, product liability or otherwise. Neither Party will be liable for any damages of any sort arising solely from the termination of this Grant in accordance with its terms.

## **SECTION 12: INSURANCE**

- 12.1 Private Insurance.** If Grantee is a private entity, or if any contractors, subcontractors, or subgrantees used to carry out the Project are private entities, Grantee and any private contractors, subcontractors or subgrantees must obtain and maintain insurance covering Agency in the types and amounts indicated in Exhibit B.
- 12.2 Public Body Insurance.** If Grantee is a “public body” as defined in ORS 30.260, Grantee agrees to insure any obligations that may arise for Grantee under this Grant, including any indemnity

obligations, through (i) the purchase of insurance as indicated in Exhibit B or (ii) the use of self-insurance or assessments paid under ORS 30.282 that is substantially similar to the types and amounts of insurance coverage indicated on Exhibit B, or (iii) a combination of any or all of the foregoing.

## **SECTION 13: GOVERNING LAW, JURISDICTION**

This Grant is governed by and construed in accordance with the laws of the State of Oregon without regard to principles of conflicts of law. Any claim, action, suit or proceeding (collectively “Claim”) between Agency or any other agency or department of the State of Oregon, or both, and Grantee that arises from or relates to this Grant must be brought and conducted solely and exclusively within the Circuit Court of Marion County for the State of Oregon; provided, however, if a Claim must be brought in a federal forum, then it will be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event may this Section be construed as a waiver by the State of Oregon of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the eleventh amendment to the Constitution of the United States or otherwise, to or from any Claim or from the jurisdiction of any court. GRANTEE, BY EXECUTION OF THIS GRANT, HEREBY CONSENTS TO THE PERSONAL JURISDICTION OF SUCH COURTS.

## **SECTION 14: ALTERNATIVE DISPUTE RESOLUTION**

The Parties should attempt in good faith to resolve any dispute arising out of this Grant. This may be done at any management level, including at a level higher than persons directly responsible for administration of the Grant. In addition, the Parties may agree to utilize a jointly selected mediator or arbitrator (for non-binding arbitration) to resolve the dispute short of litigation. Each Party will bear its own costs incurred for any mediation or non-binding arbitration.

## **SECTION 15: DEFAULT**

**15.1 Grantee.** Grantee will be in default under this Grant upon the occurrence of any of the following events:

- 15.1.1** Grantee fails to use the Grant Funds for the intended purpose described in Exhibit A or otherwise fails to perform, observe or discharge any of its covenants, agreements or obligations under this Grant;

- 19.2 **Nonappropriation.** Agency’s obligation to pay any amounts and otherwise perform its duties under this Grant is conditioned upon Agency receiving funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow Agency, in the exercise of its reasonable administrative discretion, to meet its obligations under this Grant. Nothing in this Grant may be construed as permitting any violation of Article XI, Section 7 of the Oregon Constitution or any other law limiting the activities, liabilities or monetary obligations of Agency.
- 19.3 **Amendments.** The terms of this Grant may not be altered, modified, supplemented or otherwise amended, except by written agreement of the Parties.

# EXHIBIT A THE PROJECT

## SECTION I. BACKGROUND AND GOALS

Summer learning is a proven, evidence-based strategy for accelerating academic growth, increasing content retention, and closing opportunity gaps. Decades of research consistently shows that high-quality summer learning programs improve academic achievement, strengthen student engagement, and support social-emotional well-being. These programs also foster meaningful relationships between students and caring adults, offer hands-on and project-based learning experiences, and help sustain a love of learning outside of the traditional school year.

Recognizing these benefits, the Oregon Legislature initiated major investments in summer learning in 2021 and 2022, responding to the disruptions caused by the COVID-19 pandemic. In 2024, House Bill 4082 allocated \$30 million for summer programming and established a statewide workgroup to explore sustainable long-term strategies for funding summer programming. This work laid a strong foundation for integrating expanded learning into Oregon’s broader educational ecosystem.

Building on the momentum of HB 4082, House Bill 2007, passed in 2025, infuses the state’s priority area of literacy into summer programming. HB 2007 marks a pivotal shift by requiring programs to explicitly focus on improving reading proficiency and academic outcomes, especially for students reading below grade level. Programs must incorporate evidence-based literacy instruction and interventions. Enrichment activities remain a critical aspect of the program, but only when intentionally paired with literacy supports to improve measurable student learning outcomes.

This grant is designed to accelerate learning and increase academic growth, with a particular emphasis on advancing literacy as a statewide priority for the 2025-2027 biennium. Striving to do more than merely fill learning gaps, these programs seek to transform summer into a time of deep learning through enriching educational experiences that transcend the limitations of a traditional summer school model. **The State Summer Learning Grants are centered on three fundamental goals for summer programs:**

1. **Advance academic learning** aligned with Oregon content standards adopted under ORS 329.045, focused on evidence-based literacy instruction, and inclusive of mathematics, science, and language arts. Credit recovery and grade level transition programming may also be provided when appropriate.
2. **Support youth development** through well-rounded enrichment opportunities that include hands-on, inquiry-based, and project-based learning experiences that are intentionally integrated with evidence-based instruction to reinforce academic growth and promote students' mental, emotional, and social well-being.
3. **Ensure equitable access, outreach, and family engagement** using culturally and linguistically responsive strategies that support student success and build meaningful family partnerships.

## SECTION II. PROJECT ACTIVITIES, SCHEDULE, AND BUDGET

Grantee agrees to the following:

- Grantee’s program shall meet all stated grant goals, ensuring alignment with the educational objectives of HB 2007.
