**October 2020
Elementary Board Report
Rodney Engel**

Newsletter

Last week we completed our Acadience Reading benchmark assessment. Acadience Reading, formerly DIBELS, is our universal screener for early reading skills. We are pleasantly surprised and very excited to see the scores we have this fall. We did have a total of 21 students who went backwards across all assessments. Seven of those students are high achieving students and they are still above or well above benchmark. We have 12 of the other 14 students currently in interventions. Only one of the other two will need additional intervention. We will have 31 students on reading plans this fall.

NWEA MAP Growth

We continue to utilize NWEA MAP Growth as our norm-referenced assessment. Our students take this assessment 2-3 times a year. In 1st through 6th grades students take the Math and ELA assessments in the fall and again in the winter. The science portion of NWEA begins at 3rd grade and is assessed 3rd-6th grade in the elementary during the fall and winter assessment. Kindergarten only takes the winter math assessment. All spring assessments are optional for each grade level. We are seeing more and more of the classrooms that want to take the spring assessment, along with more kids wanting to see if they made their projected growth for the year. The chart below details the percentile gain or loss from the fall of 2019 to the fall of 2020. This data is an average gain/loss based on a new report in NWEA. When analyzing percentiles, you cannot average that data. Since this is an average gain/loss of the percentile the average would be an acceptable use of data.

Average Gain/Loss in Percentile from Fall 2019 to Fall 2020

Grade Level	Math	Reading	Science
3rd Grade	-1.9615385	2.30769231	
4th Grade	-9.0769231	-2	-1.3846154
5th Grade	-17.791667	1.45833333	-1.0833333
6th Grade	-2.6774194	1.29032258	1.32258065
Elem Totals	-7.8768869	0.76408706	-0.3817894

Percentage of Students Meeting Expected Growth from Fall 2019 to Fall 2020

Grade	Math	ELA- Reading	Science
3rd Grade	38.46%	38.46%	53.85%
4th Grade	15.38%	50.00%	53.85%
5th Grade	20.83%	62.50%	45.83%
6th Grade	41.94%	51.61%	51.61%
Elementary Totals	29.50%	46.04%	51.08%

*High Vs Low
Growth

NSCAS General (ELA & Math) & District Accountability

I sat in on the NDE Statewide Assessment Regional Workshop on Wednesday, October 7. In this workshop the NDE shared information about district accountability and the upcoming changes to the NSCAS Statewide Assessment. District accountability will remain unchanged from the 2018-2019 school year, as reported last fall. This will not change due to COVID 19 and the lack of data in the spring of 2020. NSCAS ELA & Math changes for Spring 2021 testing is listed below:

NSCAS General Phase 1 Pilot - Replace the Spring 2021 NSCAS General Summative

- NSCAS Phase 1 Pilot
 - 35 item assessment for both ELA and Mathematics
 - 23 items based on current Table of Specifications (blue print).
 - Fully adaptive at grade level
 - 7 field-test items to produce additional content for Through-Year Adaptive item bank
 - 5 MAP Growth items to assist in understanding the relationship of NSCAS and MAP Growth

Rationale

- The fully adaptive CAT version allows for the quickest move to through-year assessment.
- Each student receives a specific test based on ability
- Reduces spring testing time as compared to NSCAS.
- Uses Nebraska standards and blueprint.
 - Same percentage of indicators

NSCAS Science (5th & 8th)

NSCAS Science is in a Census Field Test and will also not be reportable this school year.

NSCAS Testing Windows

March 22 – April 30	Primary Testing Window
May 3 – May 7	Make-up Window

Secondary October Board Report

We will have the Homecoming dance on Nov. 14th. We chose this date to be after the fall sports so that if an outbreak does happen, students would have already finished out their fall season and will also have Thanksgiving break as part of their quarantine. It will be a semi-formal dance with no outside guests attending. Homecoming week there will be games during MAP time dress up days and voting for Court and King and Queen. The Pep Rally will be held on Friday, down at the football field so that parents and grandparents will be able to attend.

I have published our plans for Veterans day. We will be creating a video that will be release on 11/11 at 11am. We are in need of names of our local Veterans and family members who are also Veterans. Lane Haba will be putting it together, band and choir will record music, elementary and secondary student council members will record sayings thanking our Veterans and sharing factual information about Veterans.

NWEA testing is finished. Looking forward to Winter testing. The Fall tests show that a majority of our students did not meet expected growth from Fall '19 to Fall '20. However, percentile data looks much better. Clearly, the months off from school had an affect on student growth.

Percent of students that MET PROJECTED GROWTH				
	Math	Reading	Language	Science
7th	28%	31%	38%	50%
8th	16%	47%	56%	56%
9th	29%	58%	36%	66%
10th	42%	55%	58%	55%
11th	38%	62%	28%	n/a
Percent of Students who are at/above 60th Percentile				
	Math	Reading	Science	
7th	66%	48%	63%	
8th	72%	72%	81%	
9th	74%	62%	73%	
10th	68%	56%	71%	
11th	61%	37%	n/a	

--	--	--	--	--

Parent Teacher Conferences was a success! After conferences I sent out a survey and we had very positive feedback about how they were conducted. Almost everyone that commented loved the teacher feedback on the progress reports! Most teachers really took time and wrote personalized comments for each student. Most people were thankful that we were able to offer some form of a conference. Of the 34 responses received, 58% would prefer to do scheduled virtual conferences in the future, 30% would prefer face to face in the gym not scheduled and 12% would prefer scheduled face to face conferences.

Mr. Bivens was contacted by ESU to help participate in a BLOG using the JAMBOARD that the teachers all received training on last month with Amy Schultz from ESU9. He invited me in to watch that portion of his lesson! It was definitely a great learning experience for him and provided me with a great opportunity to coach him using the rigor and relevance framework.

During PLC the last few weeks, we have been reading “Bold School.” It is a book about blended “old school” instructional strategies with “new school” technologies. The emphasis is on not just putting a computer in front of students and expecting them to learn. I want to especially thank Mr. Jordan Conner, who led the group last week on Chapter 2 while I was attending a Safety Meeting. He took my notes, and pre read the chapter and put together the learning opportunity for the teachers! It was an awesome example of the teamwork that happens here!

I also want to take this opportunity to “high five” many of our high school teachers. They have been giving up. sometimes 2 plan periods a week helping cover for IEP’s, school activities, and illnesses because we didn’t have a sub available. Not once, did a teacher tell me no. They really stepped up. Things seem to be slowing down a bit now.

Finally, Mrs. Utecht does a fantastic job of running the tardy detention room each night. Here is the data that she is keeping for us to see our progress:

August 2020	10 school days	average	5.9
		Total tardies	59
		high day	11 (8/18)
		Low day	2 (8/26, 8/28)
September 2020	21 school days	average	3.6
		Total tardies	77
		High day	8 (9/23)
		Low day	1 (9/16 and 9/11)

Doniphan-Trumbull Public Schools

Superintendent Report

Submitted: October 12, 2020

1. Calendar Updates:

Regular weekly meetings with ESU9 Supt. Roundtable on Tuesday pm;
Central District Health Dept. Regular meeting Mondays at 2:00 p.m.
South Heartland Health Dept. weekly meeting Wednesdays at 1:00 p.m.
NDE Commissioner of Education, bi-weekly Wednesdays at 11:00 a.m.
ESU Supt meeting- Sept. 30 (in person)
Safety Committee meeting Oct. 9
NRCSA virtual meeting Oct. 13
School Security IT personnel meeting Oct. 21
NASB State Education Conference Nov. 18-20 (in person and virtual)

2. Our substitute hires are working well. 41 days school days: Lisa has subbed for 27 teachers; Madi for 25. ***They have done part-day subs for I.E.P.s that aren't even figured in this. I have asked Shona Uden to also come in each day and be available to us. She has subbed 4 of 6 days.
3. Dana Cole and Associates were onsite for the annual financial audit Oct. 5-7
4. Larry Witt, retired Superintendent of Gibbon Public Schools, will be conducting the mandatory Rule 10 Safety visit on October 28.
5. Lunch Program: Patty Anderson and Melissa Wright are sharing administrative duties with the lunch program. We have a new cook hire later on tonight's agenda that will put us at full strength in the kitchen. An incredible "THANK YOU" to all teachers, paras, secretaries and transition students who help with serving (and prep work) in the kitchen during our period of time dealing with COVID.
6. Kayl Heating and Air indicated heat pump units are schedule to be manufactured Oct. 16. They will be scheduled to be shipped once they are in their final week of production.
7. Southern Power: Southern Power installed a monitor on August 28 to record the variances of electricity entering our service. I spoke with Sam Reinke two weeks ago. He indicated that all electric inputs came into our service in acceptable range. I did ask him to document his findings; he said he would follow-up with a graphic showing his data points.
8. COVID Striv TV:

The amount of "hits" for football:	Volleyball:
Friday, Aug. 28. 401	Sept. 10 161
Friday, Sept. 11 346	Sept. 22. 50
Friday, Sept. 25 358	Sept. 29 31
Friday, Oct. 2 257	Oct. 8

9. Current Adjustments to COVID plan:

Custodians back to 3 on days and 3 on nights

Lunch room: 4th lunch (HS) back to everyone in lunch room.

Elementary: less rotating back into their classrooms

Recess: Opened up more of the playground equipment/ Sanitizing it as students come in.

We have been in good shape through the end of Sept. **If October** goes in similar shape, I want to begin to Open the building for youth sports and weight room to the public in November.

Weight room: We would fog the weight room each morning with disinfectant as part of our daily cleaning.

Gym Use: Open for practices/not games involving student use.

Doniphan Trumbull School

Attn: Superintendent Stan Hendricks

Ref: Voltage monitor on school

Stan,

It was a pleasure to work with you on the concerns with the electrical service to the school.

Southern Public Power District was asked to install a power quality monitor on the electric service of the school to monitor for possible high voltage issues. Southern installed a PQ monitor on August 28th and removed it on September 24th. After monitoring the electric service for 27 days there were no indications the service voltage was not within the nominal voltage range.

Attached are the Maximum Voltage Reports that shows the maximum voltage recorded during the monitoring period. Also attached is a spreadsheet with voltage readings recorded every 30 minutes with date and time stamp.

If you have any questions or concerns, please feel free to contact me.

Thank you,

A handwritten signature in black ink that reads 'Sam Reinke'.

Internal Board Policies - Methods of Operation

Designated Method of Giving Notice of Meetings

The Board of Education will give advance notice of meetings by publishing such notice in a newspaper of general circulation within the District's jurisdiction and, if available, on such newspaper's web site. The Board may also give advance notice of meetings by posting. If notice is given by posting, such notice shall be given by posting notice in at least three (3) public places throughout the school district. The school house door, the post office, and a local bank are designated posting places, though other or different places at which the public may reasonably be notified are also designated as permissible places.

Notice shall be given a reasonable time in advance of the meeting. Two (2) days advance notice shall be considered sufficient.

For an emergency meeting, notice shall not be required to be given; however, the Board will complete minutes for such an emergency meeting as required by law. An emergency has been defined as any event or occasional combination of circumstances which calls for immediate action or remedy; pressing necessity; exigency; a sudden or unexpected happening; an unforeseen occurrence or condition.

The Secretary of the Board of Education, or the Secretary's designee, shall maintain a list of the news media requesting notification of meetings and shall make reasonable efforts to provide advance notification to such news media of the time and place of each meeting and the subjects to be discussed at the meeting.

Date of Adoption: [Insert Date]

Personnel - All EmployeesProfessional Boundaries Between Employees and Students

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school--related and inappropriate for persons other than the individual student to receive (for example, e-mailing a message about a student's grades).
- Engaging in social-networking friendships with a student on social networking sites. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children. Employees shall not friend or follow students on any social networking site.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student **within one year of the student graduating or otherwise leaving the District.**
- Making any sexual advance - verbal, written, or physical - towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).
- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).

- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.
- Discussing alcohol, tobacco or other illicit drugs in a non-instructional setting, such as describing a party that the employee attended.
- Discussing another student's or employee's personal matters when it is not appropriate outside of the instructional setting.
- "Grooming," which includes building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of family relationships between employees and their children who are students in the District. A staff member seeking an exception must receive advance approval from his or her administrator. If a staff member is unable to communicate with an administrator in advance (such as in the event of an emergency), the staff member must notify the administrator as soon as possible, but not later than 24 hours immediately following the event.

Any person who suspects a District employee of engaging in any prohibited conduct under this policy, including grooming, should contact the Superintendent as soon as practical.

An employee who violates this policy may face discipline, up to and including termination of employment, and may be referred to the appropriate certification or credentialing agencies for further discipline.

A violation of this policy will result in referral to the Department of Health and Human Services, law enforcement, or both.

Injury Leave

A District employee who believes that they have been physically injured within the employee's scope of employment by another individual who intentionally, knowingly, or recklessly causes bodily injury to such employee must report such injury to the employee's administrator as soon as practical. An administrator will then investigate the circumstances to determine if the employee qualifies for paid injury leave. The employee may be required to provide confirmation from a physician regarding the causation and the period of time for which an employee is unable to work. If the administrator determines that the employee qualifies for paid injury leave, then the employee will receive up to seven calendar days of paid injury leave to cover the amount of time that the employee was otherwise scheduled to work. Such paid injury leave will not count against the employee's other available leave.

If the administrator determines that the employee does not qualify for paid injury leave, then the employee may be required to use other available leave. There is no appeal process for an employee who has been denied a request for paid injury leave.

Staff Payments During Closure

In the event of inclement weather, a pandemic, or other unexpected or extraordinary circumstances, the Board of Education or the Superintendent may close school or a particular school building in order to protect staff and students from harm, and will establish a reopen date when it is safe to return. If such closure extends for a long period of time as determined by the Superintendent, then the Superintendent may implement procedures, agreements, or other requirements to compensate staff during a closure to ensure staff return to employment after the closure. The District may consistently pay staff according to District policies and procedures already established by salaries or wages.

StudentsStudent AttendanceAttendance Policy and Excessive Absenteeism

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The Principals and teachers are required to maintain an accurate record of student attendance.

A. Attendance and Absences.

1. Circumstances of Absences – Definitions. The circumstances for all absences from school will be identified as School Excused or Not School Excused. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.
 - a. School Excused. Any of the following circumstances that lead to an absence will be identified as a *School Excused* absence, provided the required attendance procedures have been followed:
 - (1) Impossible or impracticable barriers outside the control of the parent or child prevent a student from attending school. The parent must provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness, court, death of a family member, or suspension.
 - (2) Other absences as determined by the principal or the principal's designee.
 - b. Not School Excused. Absences that are not school excused may result in a report to the county attorney and may be classified as follows:
 - (1) Parent acknowledged absences are those in which the parent communicated with the school in the prescribed manner that the child is absent and is the parent's responsibility for the extent of the school day. This includes, but is not limited to, illness, vacations, and medical appointments.
 - (2) Other absences are those in which the parent has not communicated a reason for the student's absence.

Page 2 of 6

2. Absence Procedure. In its Student Information System, the District may identify many different codes that provide greater definition to the circumstances of a child's absence, but all of the codes need to be identified to parents and students as fitting into one of the above defined absence circumstances.

A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, is issued by the Principal's office.

Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work.

3. Mandatory Ages of Attendance. A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in [Name] Public Schools or resides in the

Page 3 of 6

[Name] Public School District and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the Superintendent or Superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- an illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal.

Withdrawal Form. Any withdrawal form signed by the person making the written request shall be valid only if:

- the child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- the Superintendent or Superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the Superintendent or Superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the

child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home Schools). A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

4. Reporting and Responding to Excessive Absenteeism. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, "attendance officer"). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes there is a violation of the compulsory attendance laws. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, as appropriate, the services listed below under "Excessive Absenteeism" and "Reporting Excessive Absenteeism."
5. Excessive Absenteeism. Students who accumulate five (5) unexcused absences in a quarter which are Not School Excused shall be deemed to have "excessive absences." Such absences shall be determined on a per day (or hourly equivalent) basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, school officials will have verbal or written communication with the person or persons who have legal or actual charge or control of any child.

When a student continues thereafter to have absences which are Not School Excused and the absences are of concern due to the effect of the absences on the student's academics, the student's attendance history, the time of the school year, the reasons for the absences, or other circumstances, one or more meetings will be held between the school (a school attendance officer, a school administrator or his or her designee, and/or a social worker), the child's parent or guardian, and the child, when appropriate, to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers

identified to improve regular attendance. The plan shall consider, but not be limited to:

- (a) The physical, mental, or behavioral health of the child.
- (b) Educational counseling;
- (c) Educational evaluation;
- (d) Referral to community agencies for economic services;
- (e) Family or individual counseling; and
- (f) Assisting the family in working with other community services.

If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child's attendance records.

6. Reporting Excessive Absenteeism to the County Attorney.

The school may report to the county attorney of the county in which the person having control of the student resides when the school has documented the efforts to address excessive absences, the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and the student has accumulated more than twenty (20) absences per year. The school shall notify the child's family in writing prior to making the referral to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney. A report to the county attorney may also be made when a student otherwise accrues excessive absences as herein defined.
