2019-2020 District Goals

The Board is responsible for establishing educational goals which will guide both the board and staff in working together toward the continuing improvement of the educational program. The School Board invites the community voice in guidance of the work on these goals. Strategically, the West Linn-Wilsonville School Board intends to communicate interactively in seeking common ground to continually define the district's values and strengths. As a Board we have established district goals to:

- 1. Grow student achievement through the use of high leverage instructional and engagement strategies to raise rigor, disrupt systems of racism, and generate equitable outcomes for all students while eliminating opportunity and achievement gaps.**
- 2. Align, evaluate and update integrated systems of professional growth, assessment, inclusive practices and accountability to build competence, confidence and self-efficacy for every student.**
- 3. Operate in an accessible and transparent manner to encourage and foster community involvement as our parents, students and community partners are an integral and valued voice in our district.**
- 4. Be responsive to community growth and student learning needs of the future by conducting long-range capital improvements and financial planning through processes and practices for long-term financial stability and sustainability.**
