Item For Action At A Future Meeting (Second Read)

Date of Meeting:

June 3, 2026

Title:

Approve Amendments to the 2026-2027 School Year Calendar

Presenter:

Brooke Wagner, D.Ed., Assistant Superintendent for Administrative Services

Background:

Traditionally we have approved a two-year academic calendar that allows the district to have a continual plan for the upcoming two academic years. It also provides an informational tool to facilitate thoughtful planning for academic initiatives and professional learning, and for families to be able to plan future personal events and travel with the knowledge of when school is and is not in session.

With Executive Order 26-06 (EO) from the State of Oregon Governor issued on 4/15/2026, the district needs to pause on the approval of the 2027-2028 school year calendar. ODE is continuing to work through the rules of the EO and the impacts it will have across all school districts throughout the state. Once ODE and the governor's office have finalized the direction and rules, we will reengage with our employee groups regarding any new implications from the EO.

Proposed amendment:

For the 2026-2027 calendar as approved in the spring of 2024, there needs to be an adjustment to the spring 2027 semester mid-term date. The adjustment would be to move the mid-term date *from* April 9, 2027 to April 16, 2027. Each semester should have equal weeks between the mid-semester grading day. The second semester for 2026-2027 school year is unequal with eight and ten weeks. Making this change corrects the semester separation to nine weeks each and aligns with our neighboring school districts.

Notification was shared with both employee groups on Thursday, April 9, 2026. This meets our contractual obligation with Eugene Education Association (EEA) within Article 16.2 and Oregon School Employee Association (OSEA) within Article 4.2.9.1.

Budget/Resource Implications:

The proposed calendar will not result in new costs.

Recommendation:

The superintendent recommends the proposed amendment to the 2026-2027 school calendar.

ITEMS FOR ACTION (Second Read)

Date of Meeting:

June 3, 2026

Title:

Approve Revisions to Policy FF Naming and Renaming Schools, Programs and Properties

Presenter:

Carmen Xiomara Urbina, Chief of Staff

Background

The Policy Work Group and district leadership are bringing forward proposed revisions to Board Policy FF – Naming Schools, Programs, and Properties for Board approval.

Board Policy FF was last revised on October 3, 2018. Over the past several months, the Policy Work Group engaged in a review of the policy to ensure it continues to reflect current district values, governance practices, community engagement expectations, and the evolving needs of Eugene School District 4J.

The proposed revisions are intended to:

- Clarify guidance related to the naming, renaming, and amendment of school, program, and facility names;
- Strengthen expectations regarding community engagement and fiscal considerations;
- Clarify Board authority and decision-making processes;
- Improve policy alignment with current district practices and governance expectations; and
- Establish a clearer framework for future naming and renaming requests.

The proposed revisions were presented to the Board for a First Read on May 27, 2026, as an Action for a Future Meeting item. During the Board's discussion, members reviewed the proposed revisions and specifically considered two options related to the policy language addressing the naming of schools, programs, and facilities after individuals.

The existing policy language states:

“Be persons or groups of persons, preferably deceased at least three years, who have demonstrated international, national, state or local leadership in the fields of education, arts and sciences, or public service; or”

Following discussion, the Board reached consensus to move forward with **Option 2**, which removes the preference that an individual be deceased for at least three years before being considered for recognition through the naming of a school, program, or facility.

The proposed language reads:

“Be persons or groups of persons who have demonstrated international, national, state or local leadership in the fields of education, arts and sciences, or public service; or”

The Board determined that this revision provides greater flexibility while maintaining its authority to carefully evaluate future naming proposals on a case-by-case basis.

No additional policy revisions or modifications were requested by the Board during the First Read. The policy is being brought forward for approval consistent with the direction provided by the Board on May 27, 2026.

The Policy Work Group believes the proposed revisions strengthen the district’s naming and renaming framework while preserving the Board’s authority and responsibility to carefully evaluate future naming proposals in alignment with district values, community interests, and the long-term stewardship of public institutions.

Fiscal Impact

There is no direct fiscal impact associated with approval of the proposed policy revisions. Any future naming or renaming proposal would continue to be subject to the fiscal review requirements outlined in Board Policy FF and Administrative Rule FF-AR, including the requirement to identify potential costs and proposed methods for covering those expenses.

Recommendation

The Superintendent recommends that the Board approve the proposed revisions to Board Policy FF – Naming and Renaming Schools, Programs, and Properties, as presented.

Naming and Renaming Schools, Programs, and Properties

The naming of all schools, programs and school district properties, including but not limited to school buildings, areas within school buildings, athletic fields and nonschool facilities, is the responsibility of the Board.

The Board recognizes the importance of soliciting student, staff, parent and community input in the selection of names. Name nominations may be presented by individuals, by petition, by chosen committees, or by other representative groups. The superintendent or designee will appoint an advisory committee to consider alternatives and make a recommendation to the superintendent about which names to recommend to the Board. While every effort will be made to respect student, staff, parent and community preferences, the Board retains the final authority over selection of names for schools, programs and facilities.

Criteria for Names

In considering appropriate names for any school, program, or facility, it is the responsibility of the Board to ensure that the name reflects the values of a diverse and inclusive community and appropriately aligns with the purpose, character, and mission of the school, program, or facility, as determined by the Board.

When evaluating school, program or facility names, the following general criteria shall be followed:

Names submitted for consideration may:

1. Be ~~known~~ and significant to the community, students and staff; or
2. Relate to local neighborhoods, to relevant geographic areas, to places of historical, geographical, geologic or cultural significance, to indigenous and characteristic flora or fauna; or

4. Be thematic to reflect the character of the community culture and history; or
5. Reflect features of the facility or its program type and mission.

Names submitted for consideration shall not:

1. Duplicate or nearly duplicate the names of other schools, programs or facilities in the district or

- surrounding districts;
2. Reflect the names of specific cities with the exception of “Eugene”;
 3. Be a person, location, theme or character whose primary identification is of a religious nature;
 4. Include the word “neighborhood” in a school name unless the school has defined attendance boundaries; or
 5. Include the word “school” in a program name if it does not meet the definition of a school as a complete educational program with a separate organizational structure, teaching staff, budget, etc.

Special Recognition of Specific Persons

The Board acknowledges that communities served by schools, programs and district facilities periodically desire to recognize individuals for long and honorable service. Renaming or Amending of Current Names

However, the Board acknowledges that educational, cultural, linguistic, or programmatic changes may warrant thoughtful consideration of amendments to existing names in order to accurately reflect the identity, mission, or instructional focus of a school, program, or facility.

The Board **acknowledges** that community standards, historical context, and district priorities may change over time. Because the impact of renaming or amending the name of an existing school, program, or facility is substantial in terms of potential public confusion and administrative and fiscal costs, any potential renaming or name amendment process must be initiated or authorized by the Board.

Any proposed name change must clearly articulate the purpose and rationale for the requested change, including how the proposed change aligns with the district’s mission, values, educational priorities, community identity, or programmatic direction. ITEM FOR ACTION (Second Read)

Date of Meeting:

June 3, 2026

Title:

Adopt Resolution #2025-26-11 for Supplemental Budget No. 1, Making Appropriations for the 2025-26 Fiscal Year

Presenter:

Bob Blyth, Associate Director of Finance

Background:

A supplemental budget is most often required when new appropriation authority is needed. Although a supplemental budget is usually associated with the expenditure of new appropriations, it can also be used for other purposes, such as when transferring appropriation authority to a function level category that does not exist in the adopted budget. The district must spend within these appropriation categories in each fund. Supplemental budgets apply only through the end of the fiscal year in which they are adopted.

Oregon Revised Statute (ORS) 294.471(1)(a) allows the school district to prepare a supplemental budget if “an occurrence or condition that was not known at the time the budget was prepared requires a change in financial planning and when unexpected funds are made available by another unit of federal, state or local government.”

In addition, ORS 294.463 allows the school district to transfer appropriation authority from one fund to another or between appropriation categories within the same fund. A transfer of appropriation authority is a decrease of one existing appropriation and a corresponding increase of another existing appropriation, with no net change in the total appropriations.

Discussion**GENERAL FUND**

Financial reporting guidelines require recognition of principal and interest payments related to certain leases and information technology subscription purchases. To properly record these transactions, the district must use the Debt Service function level appropriations. This item transfers \$300,000 in appropriation authority from the Facilities Acquisition and Construction function level, where the initial expenditure budget is recorded, to the Debt Service function level for these transactions. An additional item transfers \$150,000 in appropriations to the Enterprise and Community Service function level from the Support Services function level to record childcare related staffing expense.

SPECIAL REVENUE FUNDS

Two new sources of revenue were received during the fiscal year including the Comprehensive Literacy State Development (CLSD) grant and State School Fund (SSF) Federal Fire Fees.

The CLSD grant is an Elementary and Secondary Education Act (ESEA) federally funded Oregon Department of Education (ODE) competitive grant awarded to Oregon school districts to improve the literacy outcomes of children from birth through 12th grade. The district received this five-year award in August 2025 with the first-year amount equaling \$641,913.

The State School Fund (SSF) Federal Fire Fees is a reimbursement from ODE for funds that were incorrectly withheld from the district. This occurred as a result of ODE including Federal Forest Fees paid to the district via Lane County as local revenue in the SSF grant calculation. These Federal Forest Fees were received by the district in fiscal years 2017-18, 2018-19 and 2019-20 and the miscalculation resulted in reduced SSF payments in each of these fiscal years. Approximately \$647,000 of the SSF Federal Fire Fee are being used to cover the gap from the Student Investment Account and High School Success grants funding shortfall.

In addition, financial reporting guidelines require recognition of principal and interest payments related to certain leases and information technology subscription purchases. To properly record these transactions, the district must use the Debt Service function level appropriations. This item transfers \$200,000 in appropriation authority from the Facilities Acquisition and Construction function level, where the initial expenditure budget is recorded, to the Debt Service function level for these transactions.

INTERNAL SERVICE FUNDS

The district is recognizing a higher-than-expected ending fund balance from fiscal year 2024-25 and increasing appropriations within our Risk Insurance and Insurance Reserve Funds by \$4,200,000 to cover cost increases in unemployment, liability insurance and health insurance that are higher than originally anticipated when creating the budget.

Recommendation(s)

The superintendent recommends the Board adopt Resolution #2025-26-11, approving this supplemental budget, recognizing the change in resources, and authorizing spending as described to support district operations.
