

Projects Committee Meeting
Thursday, March 28, 2024 9:00 AM
Lower Platte North NRD Office
P.O. Box 126
Wahoo, NE 68066

1. UNFINISHED BUSINESS

2. SWCP

NeDNR notified all NRDs of additional SWCP funding being made available; a total of \$3,124.57 is added to our FY24 allocation of \$86,748.10. As of 3/27 we have allocated \$59,997.95.

We will be approving our SWCP policy at the May Board meeting, attached is the current policy for review. A request from area field offices would be an increase to our current maximum approval amount, \$12,500. Also attached is the current DNR Practice Payment Schedule.

2.A. SWCP Application Approvals

Attached are this years applications for tree planting:

JESSICA ROTH	\$	397.50	TREE PLANTING
RYAN WOHL	\$	993.75	TREE PLANTING
TOM SCHRACK	\$	3,585.00	TREE PLANTING
KIRK CARPENTER	\$	943.42	TREE PLANTING

2.B. SWCP Payments

NRCS submitted a certified LFC for payment:

CARL & DOROTHY PETERSON TRUST	25	\$	5,875.00	35-15N-6E SAUNDERS	WAHOO
--	----	----	----------	--------------------	-------

2.C. SWCP Cancellations

2.D. Wahoo Creek Cost Share Approvals

3. JOINT WATER MANAGEMENT ADVISORY BOARD (JWMAB)

Fremont Flood Rick Open House

Keene Memorial Library

1030 North Broad St

Fremont, NE 68025

Monday, April 1st, 2024

6:00-8:00 p.m.

3.A. East Fremont/Elkhorn Township Drainage - FEMA HMPG

A fact sheet for the project is attached along with a summary of the FEMA BRIC program. The scoping project has been closed out and the NRD will receive \$2,012.00 from NEMA/FEMA through Dodge County for Management Costs.

3.B. West Fremont - FEMA BRIC

3.C. Rawhide Creek Watershed - NRCS WFPO

Update meeting on 3/18 (agenda attached), primary topics of discussion:

- Detention cell alternative will need to have local airport authority sign off as part of the plan per FAA. JEO is working with Fremont and the airport authority on this concern; Merlyn England detention site is in direct flight path of runway and the airport has concerns over increased bird traffic.
- Wetland impacts and Platte river depletion are issues raised by NRCS that JEO is working through options. NRCS has concerns about wetland credits on the BCA side and also the resulting mitigation requirement. JEO proposed limiting wetland excavation on north channel of detention cell.
- JEO survey crews completed residential surveys on impacted sites of Fremont cut-off road raise.
- Next meeting 4/15, plan to have Plan EA submitted to NRCS National for review by end of April

3.D. North Bend Drainage District

Chapman attended a project update meeting on March 12. Easements are needed for the entire project area including some upstream parcels that are modeled to have increased flooding potential. The district does not currently have any easements on the ditch constructed in the 1960's.

3.E. Cotterell Diking and Drainage District

Director Tonnies, Staff Elliott and Chapman visited Platte River erosion issues approximately four miles east of North Bend along with representatives from Cotterell Diking and Drainage District, Ames Diking and Drainage District, Dodge County, and Legges Lake HOA. Several extremely large jetties will likely be needed. The County is looking to see if 2019 flood funds can be utilized to help. There are a few pictures attached.

4. SHELL CREEK WATERSHED

4.A. Shell Creek Implementation - 319 & NET

Newman Grove High School volunteer monitoring group is requesting Nitrate, Phosphate, and pH testing Kits as detailed below.

Description	Item Number	Price	Quantity	Total
Nitrate Test Kit	94834	\$69.95	6	\$419.70
Phosphate Test Kit	94837	\$58.25	1	\$58.25
pH Test Kit	94836	\$77.50	1	\$77.50

SCWIG received an estimate from CSI (Cornhusker State Industries - NE Department of Corrections) to make thirty, 20"x30", double-sided, realtor style, signs for \$51 each. SCWIG is requesting 30 signs utilizing grant funds. More recently, CSI is no longer able to get 20"x30" frames. Price for 24"x36" is

\$109.10 per sign.

SCWIG held a meeting 3/5 in Columbus, topics of discussion:

- South benching project timeline - Colfax Co bridge replacement on schedule, once complete the benching project will go to bid. NRD, Colfax Co will have an updated interlocal agreement for this phase of the project.
- Bill Bos updates
- SCWIG celebration September 12.

Next SCWIG meeting is scheduled for Wednesday April 3rd, at the Columbus NRCS office.

5. WAHOO CREEK WATERSHED

5.A. Dam Site Planning Update

5.A.1. Design - Olsson

5.A.2. Real Estate - Olsson & Great Plains Appraisal

Discussion and potential action on several easements. Invoice for \$5,259.31 is attached.

5.A.3. Funding - NRCS WFPO & NeDNR JEDI

5.B. Water Quality - NWQI & 319

The NRCS application for funding a NWQI-SWP Coordinator position has been submitted. We expect an agreement ready for May board meeting with plans to have the position filled July 1st. Staff are currently working on updating the 319 Watershed Management Plan needed to receive complimentary 319 project funding.

6. LESHARA DRAINAGE IMPROVEMENT

Project Update: Leshara put the project out for bid in June 2023 and hired Dynamic Dirtworks and Demolition LLC out of Firth, Nebraska. The work started in late October and the substantial completion date was December 31, 2023. Unfortunately, that date was not met by the contractor. Substantial completion is expected the week of March 11th with the final inspection and walk through soon after.

Leshara is requesting the balance of \$27,179.05 for phase one of their project. Payment summary and requests are attached.

The Village was also approved for their second CDB Grant and expect to begin Phase Two in a few months.

7. HAZARD MITIGATION PLAN UPDATE

A Kickoff meeting occurred on March 26th in the Board Room. Agenda and other information is attached. One of the add on's the the grant was a drought mitigation plan. Over the next several weeks, staff will be scoping out the drought plan with our consultant JEO. We plan to run drought mitigation planning portions through Water Committee.

8. OTHER

Nebraska Loess Hills Resource Conservation & Development Council 2024 renewal invoice is attached.

9. ADJOURNMENT

LOWER PLATTE NORTH NATURAL RESOURCES DISTRICT POLICY 2023 SOIL & WATER CONSERVATION PROGRAM (SWCP)

I. PURPOSE

The purpose of this program is to provide guidance for administering federal (EPA 319 grants), state (NSWCP, Environmental Trust grants) and local cost-share assistance as an incentive to landowners for the construction and application of soil and water conservation practices.

II. ELIGIBILITY, DISTRIBUTION OF FUNDS

- A. Any landowner within the Lower Platte North NRD (LPNNRD), individual, partnership, corporation or other legal entity is eligible to apply for SWCP funds.
- B. Cost-share program funds will be approved and distributed based on the number of high priority applications received each fiscal year (July 1 - June 30).
- C. Funds may be reserved and targeted toward high priority watersheds and projects as determined and approved by the LPNNRD Projects Committee and Board.
- D. Unobligated or unused SWCP funds in priority watersheds may be redistributed to other areas if not used in a timely manner.
- E. The LPNNRD may supplement the Nebraska Soil and Water Conservation Program (NSWCP) state funds with available federal, other state & local funds. The amount of local funds budgeted and available will be decided each year.
- F. Landowners will be expected to apply for available federal EQIP cost-share funding when applicable and available for eligible high priority practices A, C through M, before state and local cost share funding is approved. It is also generally expected to approve available state funding before local funds are considered.
- G. Lands for Conservation (LFC) program is exempt from the payment cap stipulations of the SWCP policy.

III. APPLICATION REQUIREMENTS

- A. Eligible SWCP applicants are to apply at their local NRCS Service Office (also the LPNNRD office if for tree planting or windbreak renovations). Applications with appropriate NRCS comments/recommendations are to be forwarded to the NRD for consideration.
- B. Applications will contain sufficient information to include:
 - 1. Date construction (summer or fall) is expected to be completed.
 - 2. Type of Project to be installed.
 - 3. Whether the proposed project is located in a priority watershed area or if other special conditions exist.
 - 4. An aerial photograph showing the project location.
 - 5. Total estimated cost-share needed for the project.
 - 6. When applying for a small dam or grade stabilization structure, the estimated percent of land treatment draining to the proposed site (Attachment C).

IV. ELIGIBLE HIGH PRIORITY PRACTICES

- A. **Establishment of warm and cool season grass on crop land**
- B. **Small conservation project (terraces, basins, diversion, grass waterways and/or underground outlets) applications.** This priority practice includes newly established

grass waterways and/or replacement grass waterways.

- i. Small projects are only eligible on fields where a complete no-till cropping management system is currently being applied.
- ii. Existing grassed waterway applications must be over 10-years old and part of an approved terrace system or on 100% no-tilled fields)
- iii. Small Projects may involve the construction of a new terrace and/or sediment & water control basins systems or it may include the extension of an existing terrace system with the inclusion of sediment & water control basins (this priority does “NOT” include the replacement of functionally obsolete terrace systems, waterways and sediment & water control basins in excess of 10-years old).
- iv. Small projects do not include practice of installing tile outlets into existing functional terrace outlet systems (refer to priority G).
- v. Small projects will not exceed \$5000.00 in cost incentive request.
*For small projects, landowners will not be expected to apply for available federal EQIP cost-share funding for eligible high priority practice B. It will generally be expected to approve available state funding before local funds are considered.

- C. ***Construction of new terrace systems** (includes replacement of functionally obsolete terrace systems in excess of 20-years old).
- D. **Construction of sediment & water control basins when part of a new terrace system where cost share incentives exceeds \$5,000** (Attachment A).
- E. **Construction of Diversions when part of a new terrace system or dam** (Attachments A & C).
- F. **Planned Grazing Management Systems** (Attachment B)
- G. *** Installation of Tiled Outlets into Existing Terraces** (includes the storage portion of the terrace).
- H. **Water Impoundment and Grade Stabilization Structures** (Attachment C)
- I. **Tree/Shrub Planting** (Only when NRD stock is provided and planted by the District) For riparian buffer strips, field, acreage and farmstead windbreaks and for wildlife habitat 200- tree/shrub minimum is required for riparian buffer strips, and for field and farmstead windbreaks. A 300-tree/shrub minimum is required for wildlife habitat.
An eligible high priority practice under our Soil and Water Conservation Program (SWCP), at 50% cost share assistance on handplanting of 600 or more trees, provided that the cooperators use our tree planning machine. It is further recommended that final approved payments will be subject to LPNNRD inspection. (4/2022)
- J. **Windbreak Renovation** (Attachment D)
- K. **Supplementing EOIP Contracts in Priority Areas**
When federal EQIP funds are approved in LPNNRD priority areas, the District may approve additional local and/or state cost share not to exceed the established maximum cost share percentage approved for a practice or the specific area.
- L. **Emergency Repair of Conservation Practices** (Attachment E)
- M. **Lands for Conservation (LFC) Program :** (Attachment F) **Any approved EQIP contract that agrees to the terms of the LFC program; summer construction Jun 1 – September 30 of the calendar year.**

***NOTE:** Cost share only applies toward the tile outlet portion of approved terrace systems to establish a stable outlet. A stable outlet is considered to be on land that has a 2% grade or less. A landowner may choose to install a portion of the outlet without cost share

assistance provided that it meets NRCS design standards and specifications.

V. INELIGIBLE PRACTICES

A. Any application that would allow the installation of terraces on land that has established

- grass will not be approved.
- B. The LPNNRD will not approve any conservation practice that will encourage the conversion of grassland, including CRP land, to crop land. This includes CRP land in the last year of the contract.
 - C. Rebuilding grassed waterways or tile outlets if under 10-years old. Note: Cost share for replacing grass waterways will be considered on a case-by-case basis when over ten (10) years old and part of an approved terrace system or on 100% no-till fields (see IV. M.).
 - D. Work that is considered normal maintenance of existing conservation practices.
 - E. Rebuilding terraces on existing terrace lines.
 - F. Terraces systems on Class VI land or greater.
 - G. Sediment removal from small dams or other impoundments and/or from adjacent lands of said structures.
 - H. Work started or constructed prior to approval.
 - I. Livestock Waste Pits.
 - J. The District will not provide cost share for practices on farmland that does not have a certified Nitrogen operator or on irrigated land where the irrigated acres are not certified by LPNNRD.
 - K. Any practice on fields that are determined sod-busted by the NRCS.
 - L. Repair of damage to conservation practices that is determined to be landowner negligence in performing normal maintenance as outlined in NRCS specifications.

VI. APPLICATION SUBMITTAL, APPROVAL & PROJECT COMPLETION PERIODS

A. Summer Construction Applications (For June through September 15):

To insure LPNNRD consideration, **applications for summer construction must be submitted by February 1.** Most generally, the Projects Committee will review, rank and recommend summer application approvals prior to construction season. . However, consideration and approval of summer applications received after **February 1** may occur depending on available funds. All **summer construction projects are to be completed by September 15** and **final paperwork submitted to the LPNNRD office by October 15.** The Projects Committee will review all uncompleted or unpaid applications at the end of each period to determine **if** application extensions and/or cancellations are warranted. **The field must be available for construction by August 1. The area must be planted to a cover crop or a crop preceding or after construction. The crop or cover may be harvested or pastured during the contract period.** Work not **completed by September 15,** may be canceled or receive reduced cost share as determined by the Projects Committee/Board.

NOTE: Cooperators who are approved for incentive payments within special designated watersheds, must follow these same summer construction requirements (refer to the “Lands for Conservation Program” – Attachment F).

B. Fall Construction Applications (September through December project completion):

To insure LPNNRD consideration, applications for fall construction must be received **by July 1.** Most generally, the Projects Committee will review, rank and recommend fall construction application approvals prior to fall construction season. However, additional approvals for fall work may occur after July/August as funds are available.

Approved fall applications will be given until December 31 to complete the work. The Committee will review all unpaid applications at the end of each year to determine application extensions and cancellations.

C. Grass, Tree Planting, Windbreak Renovation Applications:

Application periods for grass establishment will be approved based on NRCS seed and seeding specifications. Applications for trees are generally considered for approval just before the spring planting season. For approved Windbreak Renovation applications, tree removal will normally be completed in the summer or fall so the site will be ready before spring tree planting.

D. Small Dam Application (Attachment C):

To ensure consideration for approval, the **District will need NRCS/NRD technician recommended applications by December 15.** The Projects Committee will review and prioritize and submit a recommendation for approval at the January Board Meeting.

E. LPNNRD Signatures on Approved Applications & Related Documents:

The Manager, Assistant Manager and Projects Coordinator are authorized to sign Board approved SWCP applications, Completion and Document Certifications and other related documents on behalf of the LPNNRD.

VII. 2023 PRIORITY AREAS & ELIGIBLE COST-SHARE PERCENTAGES

Priority areas for 2023 listed below are given first consideration for District cost share assistance. Each year, high priority practice applications located in priority areas are reviewed and approved by the Projects Committee and Board for the upcoming program year. The cost-share assistance payment may not exceed a total of the eligible percent for an area when combining all sources of federal, state and local assistance. If there is not enough funding for all applications for all listed priority areas, the Projects Committee may rank areas for approval or approve a lower maximum cost share percent.

LPNNRD Cost-Share Amounts	Average (%) and Actual
FALL Work (District Wide) max \$ limit: \$12,500.00	75
FALL Work (Targeted Areas) max \$ limit: \$12,500.00	75
SUMMER Work (District Wide) max \$ limit: \$10,000.00	75
SUMMER Work (Targeted Areas) max \$ limit: \$12,500.00	75

Targeted Areas	Notes
A. LPNNRD Lands North of the Platte River	Platte, Boone, Madison, Colfax & Dodge Counties. Shell Creek is also in ET & EPA 319 grant area - actual percent depends on priority area and practice as defined in approved grant application).
B. Lake Wanhoo (Sand/Duck Creek) Watershed	
C. Czechland Lake Recreation Area Watershed	
D. Homestead Lake Recreation Area Watershed	
E. Wahoo Creek Sub-Basins	Dunlap Creek; North Fork Wahoo Creek; Miller Branch Creek. These Wahoo Creek Sub-Basins are designated EQIP NWQI, EPA 319 and Environmental Trust Priority Areas.
F. Skull Creek Watershed	It is anticipated to alternate this watershed with the Bone Creek Watershed every two years
G. Watersheds Above All Existing and Planned LPNNRD Flood Control Structures	Non-public structures that are or will be LPNNRD Flood Control Structures operated and maintained by the District
H. Watersheds Above Proposed or Completed Landowner SWCP Cost Share Dams	That will or have received LPNNRD assistance
I. Voluntary Compliance of Verified Erosion & Sediment Complaints	District-wide
J. All High Priority Practice Summer Applications	District-wide (June 1 through September 15 completion)
K. Tree/Shrub Planting	District-wide
L. Voluntary Compliance of Verified Erosion & Sediment Complaints	District-wide
M. All High Priority Practice Summer Applications	District-wide (June 1 through September 15 completion)
N. Tree/Shrub Planting	District-wide

VIII. COST SHARE PERCENTAGE - PRACTICE EXCEPTIONS

The maximum cost share percentage for most high priority conservation practices will be 75%; depending on the where the practice is located (**Refer to VII. above**). The exception to this is for the following high priority practices:

- A. **Water Impoundment Dams and Grade Stabilization Structures: 65% - 75%**
(Attachment C)
- B. **Windbreak Renovation Practice: 50%** (Attachment D)
- C. **Emergency Repair of Conservation Practices: 50%** (Attachment E)

IX. MAXIMUM COST SHARE LIMITS

A. **General Maximum Limit:**

A cooperator may receive up to \$12,500 SWCP funds within any program year (July 1 - June 30) for most high priority practices unless otherwise specified below.

B. **Priority Areas with Federal or State Grant Funding:**

Within priority areas (**Wahoo Creek and Shell Creek e.g.**) that are receiving reimbursable federal or state grant funding, the maximum limits may be exceeded to expedite use of those special funds within the specified grant period time line.

C. **Planned Grazing Systems – Livestock Well Pumping Plants:**

The maximum limit for planned grazing systems is \$12,500, however a maximum cost share limit of \$5,000 will also apply toward the livestock well and well pumping plant components (combined) when part of the approved system (Attachment B).

D. **Water Impoundment & Grade Stabilization Structures:**

The maximum limit for water impoundment dams and grade stabilization structures is \$15,000 upon NRCS recommendation and Projects Committee/Board approval on a case-by-case basis (Attachment C).

E. **Windbreak Renovation:**

The maximum limit for windbreak renovation is \$1,000 per landowner per year (Attachment D).

F. **Emergency Repair of Conservation Practices:**

The maximum limit for emergency repair of conservation practices is \$1,000 per landowner per year (Attachment E).

G. **2022 Summer Conservation Practices in Non-Priority Areas:**

For 2022, the maximum limit for approved conservation practices in non-priority areas will be \$10,000 per landowner per year.

X. AMENDMENTS FOR ADDITIONAL COST SHARE

When applications are approved under the maximum limit, additional funds, up to the limit, may be approved if notified by the landowner or technician before construction. LPNNRD staff is authorized to approve an additional \$1,000 above the original approval (up to the maximum limit) if the request is received from the landowner and/or technician prior to construction. Staff will notify the Projects Committee of any staff authorized changes.

XI. APPLICATION EXTENSIONS

Extensions may be granted for inclement weather or for other conditions beyond the landowner's control. All extension requests will be considered by the Projects Committee and Board on a case-by-case basis. No more than one 6-month extension can be approved for the same application.

XII. CONSERVATION PRACTICE DESIGN, STAKING & PERMITS

- A. All conservation measures must be designed and staked by Natural Resources Conservation Service personnel (NRCS), NRD technicians or other NRCS approved technical service providers. All completed conservation work must be according to the NRCS design standards and specifications as outlined in the NRCS Procedures Handbook for LPNNRD.
- B. The landowner is responsible for contacting the NRCS office to secure funds and schedule the layout (design and staking) of the approved work
- C. The landowner is responsible for obtaining all required local, state and federal permits.

XIII. SUBMITTING BILLS & PAPERWORK ON COMPLETED WORK

- A. The landowner is responsible for submitting all bills to the NRCS office. The NRCS will calculate the eligible cost share payment (on NSWCP form # 3) and submit completed and properly signed paperwork to the LPNNRD.
- B. Drawings of the completed practices at to be provided by the NRCS/NRD technician on an aerial photo and submitted with the payment request.

XIV. COST SHARE PAYMENTS

- A. LPNNRD has approved use of NeDNR's 2023 conservation practice payment rates for calculating SWCP contract cost-share payments. Payments will be based on NeDNR's conservation practice payment rates that were in force at the time the application was approved. The cost-share percent may be lowered if summer work is extended into fall.
- B. The LPNNRD calculates and pays cost-share on terraces only by the linear foot, not by the cubic yard.
- C. The cost-share percentages are calculated by multiplying the eligible cost share percentage by the approved cost share practice payment schedule rate or actual cost whichever is less. The cost-share assistance payment may not exceed a total of the eligible percent for an area when combining all sources of federal, state and local assistance.
- D. **Splitting Cost-Share Percentages:** When a field splits two cost-share priority areas, the corresponding eligible cost share percentage will be applied to each portion of the field being treated. When a field splits into a non-priority area, that area will be allowed up to 50% cost share assistance, if the non-priority area is 50% or less of the entire field being treated.
- E. When grant funds are available special conditions aligned with terms of grants will be implemented; in some cases a higher payment percentage rate, or payment cap may be allowed.

XV. PAYMENT OVERRUNS AND LANDOWNER REQUESTED REFUNDS

A. Payment Overruns:

Overruns of up to 10 % above the approved project amount may be approved by staff. Overruns above 10% will need Board approval. Payments are not to exceed the maximum cost share limits set for the various practices. Exception to this is when payments are combined with grant funds in priority areas.

B. Landowner Refunds:

If an SWCP practice is purposely damaged, removed or destroyed within ten years after completion (25 years for a small dam), the cooperator who received cost share, will be requested to reimburse the District, all or a portion of the SWCP cost share funds, as determined by the Projects Completion (25 years for a small dam), the cooperator who received cost share will be required to reimburse the District all or a prorated portion of the funding assistance, as determined by the Projects Committee and Board.

SWCP ATTACHMENT A
SEDIMENT & WATER CONTROL BASINS AND DIVERSIONS

This attachment is to help clarify the use of sediment & water control basins and diversions as an eligible cost-share practice. Basins and diversions are to be used as a part of an approved conservation system according to the NRCS technical guides and field manual.

- A. Sediment & water control basins and diversions may be approved as a high priority practice when in conjunction with terraces or dams.
- B. Basins and diversions will be considered a high priority practice when a part of a terrace system or in conjunction with a 100% no-till system. A 100% no-till system must have the goal of controlling soil erosion to soil replacement levels (“T”). A 100% no-till system is accepted land treatment when ephemeral and gully erosion is controlled, or “T” is met. Basins and/or diversions built separately on a terraced field are not considered a part of the terrace system.
- C. Basins and diversions not part of a terrace system may be considered as a high priority practice on fields where the NRCS or NRD technician determines terraces are not feasible and/or they offer the most practical solution to a problem. This will be determined by the Projects Committee on a case-by-case basis.

**LOWER PLATTE NORTH NRDSWCP ATTACHMENT B
PLANNED GRAZING SYSTEM PRACTICE**

I. GENERAL REQUIREMENTS

- A. An applicant must have at least 40 acres of connecting grassland to be developed into at least two grazing cells with planned rest periods in accordance with Natural Resources Conservation Service (NRCS) recommendations.
- B. Applicants must complete a minimum 10-year planned grazing system developed by the NRCS prior to submitting an application.
- C. Applicants are required to sign a 10-year cost-share agreement with the LPNNRD. (Form NSWCP-10)
- D. All approved cost-share items must meet NRCS Standards and Specifications.
- E. Funds for approved practices may be used on CRP lands if such lands are in the last year of the CRP contract.
- F. The amount and type of eligible practices approved for each application will be determined by the overall grazing system plan and the most cost effective alternative available.
- G. Cost-share on eligible practices will be based on the approved cost-share percentage times the approved practice payment schedule cost share rate or 75 percent of the actual cost, whichever is less.

II. ELIGIBLE PRACTICES

- A. **Cross Fencing:** Only fencing designed to facilitate cell division is eligible for cost-share (Standard 382 specifications). Boundary fences are not eligible for cost-share.
- B. **Livestock Water Dugouts:** Dugouts will be sized by daily animal needs and Nebraska Engineering Handbook Standards.
- C. **Livestock Well Installation:** Livestock wells will be sized to provide a maximum of 15 gallons of water per animal-unit per day within each cell. No cost-share will be available for domestic or irrigation wells. Well test holes are not eligible for cost-share.
- D. **Pumping Plants for Livestock Wells** (As outlined by State NSWCP Guidelines): While a cooperator may receive up to \$12,500 SWCP funds toward completing a Planned Grazing System, a maximum cost share limit of \$5,000 will apply toward the livestock well and well pumping plant component (combined) if part of the approved system.
- E. **Livestock Water Tanks:** Tanks sized according to standard storage requirements in the NRCS Technical Guide, Standard 614, are eligible.
- F. **Livestock Water Pipeline Installation**

**LOWER PLATTE NORTH NRD
SWCP ATTACHMENT C
GUIDELINES FOR WATER IMPOUNDMENT (SMALL DAMS) &
GRADE STABILIZATION STRUCTURES**

I. PURPOSE

The purpose of this program is to assist landowners with the construction of water impoundment and grade stabilization structures on their property.

II. ELIGIBLE PROJECT ITEMS

A. Eligible Project Costs Include:

1. Construction (Not to include site preparation)
2. Seeding (Structure and emergency spillway)
3. Fencing when required by the NRCS

III. LAND TREATMENT REQUIREMENT

To be eligible for cost-share assistance, a minimum of 75% land treatment is required within the watershed above each proposed structure site. To calculate this percentage, non-highly erodible land is considered treated.

Land Treatment Definition:

Land treatment is defined as any practice or combination of practices (i.e. terraces, no-till etc.), that control soil erosion rates on highly erodible soils to soil replacement levels or less (Soil replacement level or "T" = 5 tons/acre in the LPNNRD). Any approved NRCS farm plan that treats land to "T" qualifies under this definition (8/2/00 Projects Committee).

IV. COST-SHARE PERCENTAGE AND MAXIMUM ASSISTANCE

The cost-share percent for approved applications outside selected priority areas is up to a maximum of 65%. For small dams approved within selected LPNNRD priority areas, the cost-share rate is up to a maximum of 75%. Eligible assistance will be based on the eligible cost-share percent times the county average costs or 75% of actual costs whichever is less. The maximum cost-share limit will be \$15,000 upon NRCS recommendation and Projects Committee approval on a case-by-case basis (see Special conditions below).

Special conditions: The Board may approve a higher cost-share percentage and increase the maximum assistance if an application site is above an LPNNRD recreation area, within a targeted watershed or when other special conditions exist. The Board may also approve a lower cost-share percent and decrease the maximum assistance for structure sites of lower priority. **Special** conditions will be evaluated by the Board on a case-by-case basis.

V. PRIORITY AREAS

Priority-areas for small dams and grade stabilization structures include the following watersheds:

- A. Sand & Duck Creek
- B. Wahoo Creek*

- C. Skull Creek
- D. Shell Creek* (Additional grant funding available)
- E. Bone Creek
- F. Watersheds above Pubic Recreation Structures (e.g. Czechland Lake, Homestead Lake, Lake Wanahoo)
- G. Above all existing LPNNRD Operated and Maintained Watershed Structures.

VI. APPLICATION ELIGIBILITY AND SIGN-UP

- A. Any landowner within the Lower Platte North NRD who is an individual, a partnership, a corporation or other legal entity.
- B. Applications may be submitted any time during the year; however, only NRCS inspected and recommended applications received by December 15, will ensure consideration for the following construction year. Unapproved applications will expire on May 1 of each year, requiring a new landowner application for future consideration. The Projects Committee will review, prioritize and submit a recommendation for approval at the January Board Meeting.
- C. The applicant shall apply at the county NRCS office on forms provided by the LPNNRD. An aerial photo showing the proposed project location must accompany the application. The application must be signed by the applicant and sent to the LPNNRD before December 15 of each year to insure consideration for the immediate year's construction.
- D. At the time of application, the NRCS will be requested to provide an estimate of drainage acres, percentage of land treatment present, quantities and costs for the project.

VII. APPLICATION EVALUATION AND TENTATIVE APPROVAL

- A. Application sites will be inspected by LPNNRD and NRCS representatives to evaluate feasibility, benefits and cost. Benefits to be evaluated will include but not be limited to: flood control, grade control, erosion and sediment control, wildlife habitat enhancement, livestock water, and protection to public roads and property.
- B. The Projects Committee will most generally review, prioritize, and make recommendations on applications at their January meeting.
- C. The NRD Board of Directors will generally approve, reject, or table each request at the January Board Meeting.
- D. After receiving LPNNRD approval, the applicant will be required to submit a \$500 deposit to the NRD before a survey or design is started. The deposit will be returned to the applicant after project completion. If the deposit is not received by February 1, the application will be canceled. If the applicant withdraws from the project after the design has been complete, the deposit will be retained by the LPNNRD unless conditions in XII. B. apply.
- E. In February of each year, the Natural Resources Conservation Service will be requested to proceed with survey and design of approved projects.
- F. After receiving LPNNRD approval, the applicant will be given two years to obtain necessary permits, complete the structure and submit all required paperwork. If the project is delayed due to adverse weather conditions, or other conditions beyond the

applicant's control, an extension may be granted by the LPNNRD Board of Directors. Extensions will be considered by the LPNNRD Board on a case-by-case basis.

VIII. LAND RIGHTS, AGREEMENTS AND PERMITS

- A. The applicant is responsible for obtaining any required easements and any required federal, state and local (i.e. NDNR, Army COE, and County Zoning) permits.
- B. The applicant is responsible for the relocation or modification of water lines, power lines and telephone lines and pay the costs involved.
- C. The applicant will be required to enter into a 25-year cost-share agreement with the LPNNRD. This agreement states that the applicant will refund cost-share funds if the project is removed, altered, or modified without the consent of the LPNNRD.

IX. STRUCTURE DESIGN AND CONSTRUCTION

- A. The NRCS will be requested to survey, design, and supervise all structures approved by the LPNNRD Board.
- B. Construction will not commence until formal notice to proceed is given by the LPNNRD. This notice will be given after NRD Board approval, and after receiving the applicant's deposit and signed cost-share agreement.

X. FINAL APPROVAL AND PAYMENT

- A. Final Approval and Payment will occur when:
 - 1. The project is completed and certified by the NRCS/NRD technician to meet all NRCS standards and specifications.
 - 2. The completed application form NSWCP-3 is signed and returned to the LPNNRD with a copy of all project bills.

XI. OPERATION AND MAINTENANCE

The landowner is responsible for all operation and maintenance after project construction.

XII. SMALL DAM DEPOSIT REQUIREMENT & REIMBURSEMENT

- A. The applicant will be required to submit a \$500 deposit to the NRD before a survey or design is started. The deposit will be returned to the applicant after NRCS approves the completed project and all paperwork is submitted and approved by the District. If the deposit is not received by February 1, the application will be canceled. If the applicant withdraws from the project after the design has been complete, the deposit will be retained by the LPNNRD unless conditions in B. apply.
- B. If a landowner does not proceed with the small dam project because the final cost estimate is 40% or more over the original project estimate, the LPNNRD will return the \$500 deposit based on financial hardship. All other conditions will be reviewed by the Projects Committee on a case-by-case basis.

**LOWER PLATTE NORTH NRD
SWCP ATTACHMENT D
WINDBREAK RENOVATION PRACTICE**

I. PURPOSE

To provide for the restoration of farmstead, acreage or field windbreaks that have been rendered substantially ineffective due to the death of trees or other windbreak plantings as a result of weather, disease, or other natural causes.

II. PLAN REQUIREMENT

A windbreak renovation plan is to be based on a plan reviewed and approved by a forester of the Nebraska Forest Service. The forester is to certify that the windbreak has lost its effectiveness, should be renovated and that they approve the plan of renovation.

III. SITE PREPARATION

Tree removal off the site is required to be accomplished in late fall/early winter at least before the planting occurs the following spring. The only area that is replanted with a new windbreak receives cost share for removal costs. Tree removal work should not be initiated until the application is approved by the Lower Platte North NRD and the landowner agrees to replant the windbreak in the same area.

IV. COST SHARE RATE AND MAXIMUM ASSISTANCE

The windbreak renovation cost-share payment will not be based on a cost greater than the county average unit cost adopted by the USDA-FSA. The renovation practice is not to include the replanting of the windbreak because of different cost-share percentage rates. The windbreak planting cost-share will be separate. The Lower Platte North NRD will cost share at a 50% rate, up to \$1,000.

Tree planting cost-share is eligible for riparian buffers, farmsteads, acreages, field and livestock protection windbreaks. Windbreaks must contain 200 or more trees and shrubs which are purchased through and planted by the NRD. When the planting is strictly for wildlife habitat, a minimum of 300 trees/shrubs purchased and planted by the NRD is required.

**LOWER PLATTE NORTH NRD
SWCP ATTACHMENT E
FOR EMERGENCY REPAIR OF CONSERVATION PRACTICES**

I. PURPOSE

On occasion, the LPNNRD Board of Directors may approve local SWCP funds for the Repair of conservation practices damaged from intense rainstorms. The decision for approving emergency repair funds will be considered annually, with the location and total amount of available funds dependent on the severity of storm damage to conservation practices in designated areas in the District. When approved by the Board, Emergency repair funds will be allocated in the following manner:

- A. The LPNNRD Board will consider approval of the amount and eligible area for emergency repair funds, with a recommendation from the Projects Committee. Typically, this will occur on or prior to the LPNNRD September Board Meeting.
- B. Only eligible Conservation Practices, two years old and newer that were originally built to NRCS design specifications, will be eligible for cost-share assistance.
- C. The committee will consider approval of emergency repair assistance only when it is determined by an NRCS technician that the damage was not due to landowner negligence in performing normal maintenance as outlined in NRCS O&M specifications.
- D. To be eligible for emergency repair funds, the landowner must be following an approved NRCS farm plan.
- E. Prior to LPNNRD approval, applications will receive recommendations from LPNNRD and NRCS staff. The LPNNRD Projects Committee will prioritize application practices and areas.
- F. Eligible assistance will be 50% of the approved amount up to a maximum of \$1,000 per landowner per program period.

**LOWER PLATTE NORTH NRD
SWCP ATTACHMENT F
2022 LANDS FOR CONSERVATION PROGRAM**

)

Purpose: The Lands for Conservation program provides landowners with an incentive to get conservation structures constructed on the land during the growing season.

1. The Lands for Conservation program will be on contractual basis between the landowner (cooperator) and the Lower Platte North Natural Resources District for one year while conservation practices are being established. Applications deadline for each calendar year will be February 1.
2. Sediment and Water Control Basins with tile outlets and/or terraces with grassed waterways and terraces with tile outlets qualify for this program. Sediment and Water Control Basins/Terraces and/or waterways must be seeded during the contract period.
3. NRCS and/or NRD personnel will design terraces with waterways or tile drains or Sediment and Water Control Basins with tile outlets. These practices must protect the entire field on which they are established. However, the area under contract will be the smallest practical area to encompass the practices, as agreed upon with the cooperator.
4. Land enrolled in another program (ex: CRP) may not be eligible for Lands for Conservation contracts.
5. Sediment and Water Control Basins with tile outlets and terraces with waterways or tile outlets may be cost-shared through the EQIP program administered by Natural Resources Conservation Service (NRCS). If federal funds are not available, cost-sharing assistance may be available through LPNNRD's Soil & Water Conservation Cost-Share Program.
6. **Construction must be done between June 1 and September 15.** The field must be available for construction by August 1. The area enrolled in the LPNNRD Lands for Conservation will be planted to cover crop or a non-grain forage crop (forage sorghum, etc.) preceding and/or after construction. The crop or cover may be harvested or pastured during the contract period.
7. **For 2022: Payment is \$195 per acre***.
*Payment Rate will be reviewed annually. Payment rate is based on 2021 Nebraska Non-Irrigated Cropland Cash Rent Paid per Acre, Source: USDA National Agricultural Statistics Service.
Payment will not be processed and forward to the NRD applicant until the project (including the planting of the cover crop) has been certified as completed by the NRCS.
8. If used for permanent pasture before or after the contract period, these areas are not eligible for the Lands for Conservation Program. Money received through this program resulting in permanent pasture after the contract period, must be returned. Land can be used for hayland as a normal part of the crop rotation.
9. If ownership of land changes during the contract period, the contract becomes void. The new owner may continue the contract, if agreed to with the Lower Platte North NRD.
10. Approval of contracts will be on a rotating basis.
11. The landowner will contract for the construction of Sediment and Water Control Basins, terraces, waterways, tile outlets and any other necessary construction.
12. Terraces, Sediment and Water Control Basins, waterways and tile outlets must be maintained for 10 years or as long as the current owner has control of the land, whichever is less.
13. **Eligible Watersheds for the Lands for Conservation Program: Within the Wahoo Watershed, three of the HUC 12 sub watersheds were identified as highest priority areas for this program: North Fork-Wahoo Creek, Dunlop Creek and Miller Branch-Wahoo Creek. The Shell Creek Watershed. Applications OUTSIDE of priority watersheds will be evaluated after high priority applications.**

14. Separate fund pool allotted in 2022 for the remainder of the LPNNRD outside of 319/NWQI watersheds.

Welcome!

Fremont Flood Risk Open House

Keene Memorial Library

1030 North Broad St

Fremont, NE 68025

Monday, April 1st, 2024

6:00-8:00 p.m.

In collaboration with:

- University of Nebraska-Lincoln's Community and Regional Planning Program
- JEO Consulting Group, Inc.
- The City of Fremont, NE
- Nebraska Department of Economic Development

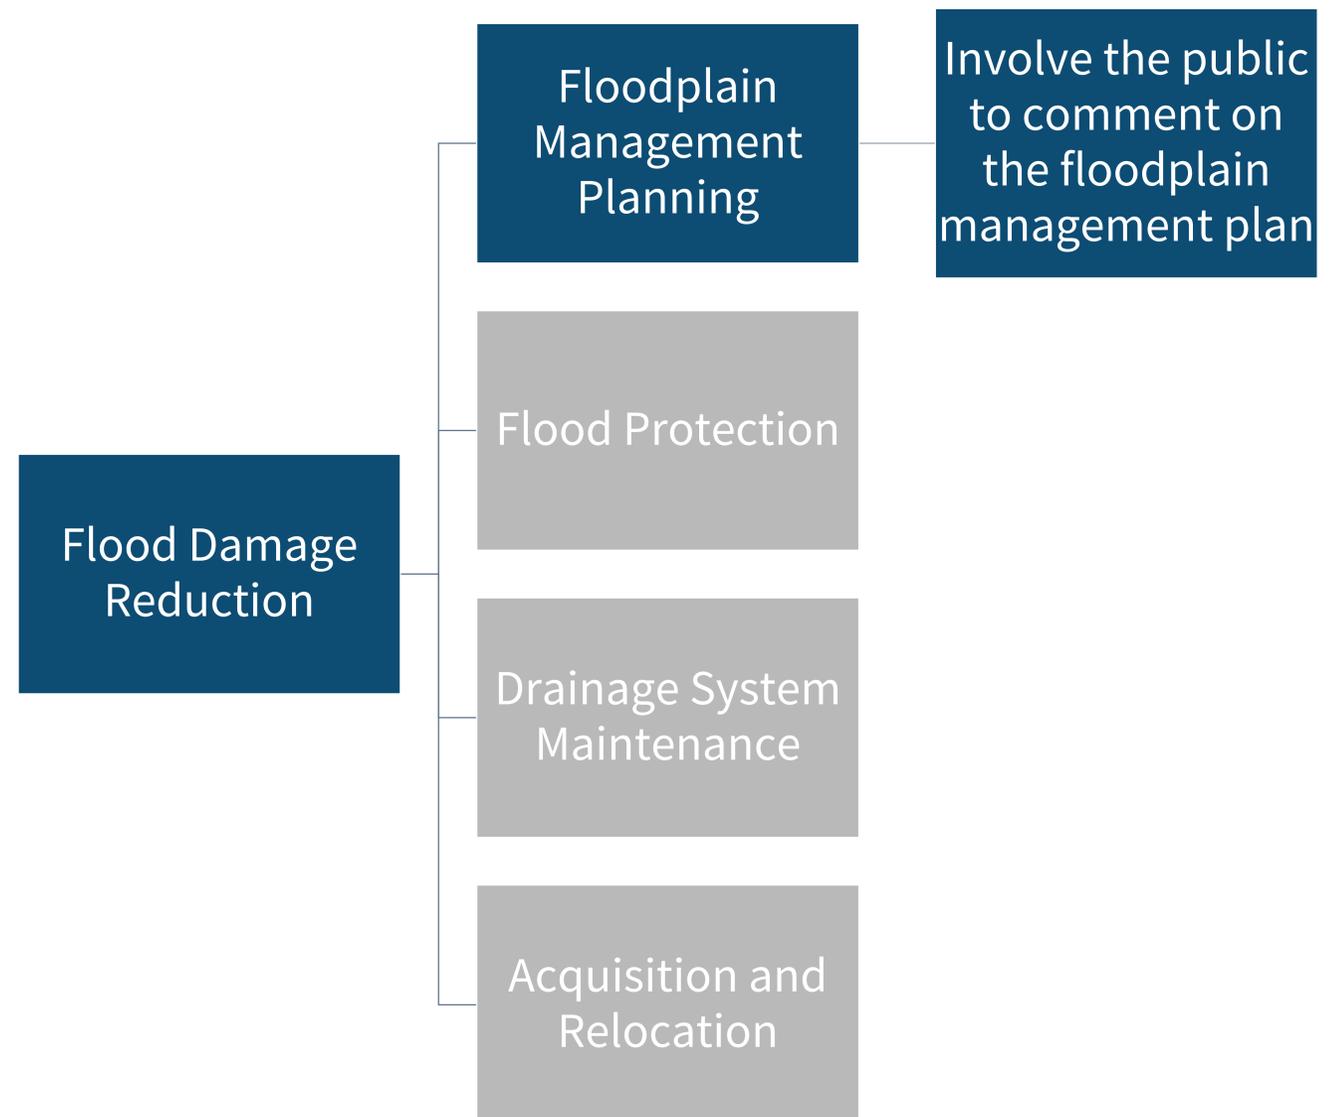

Purpose & Goals

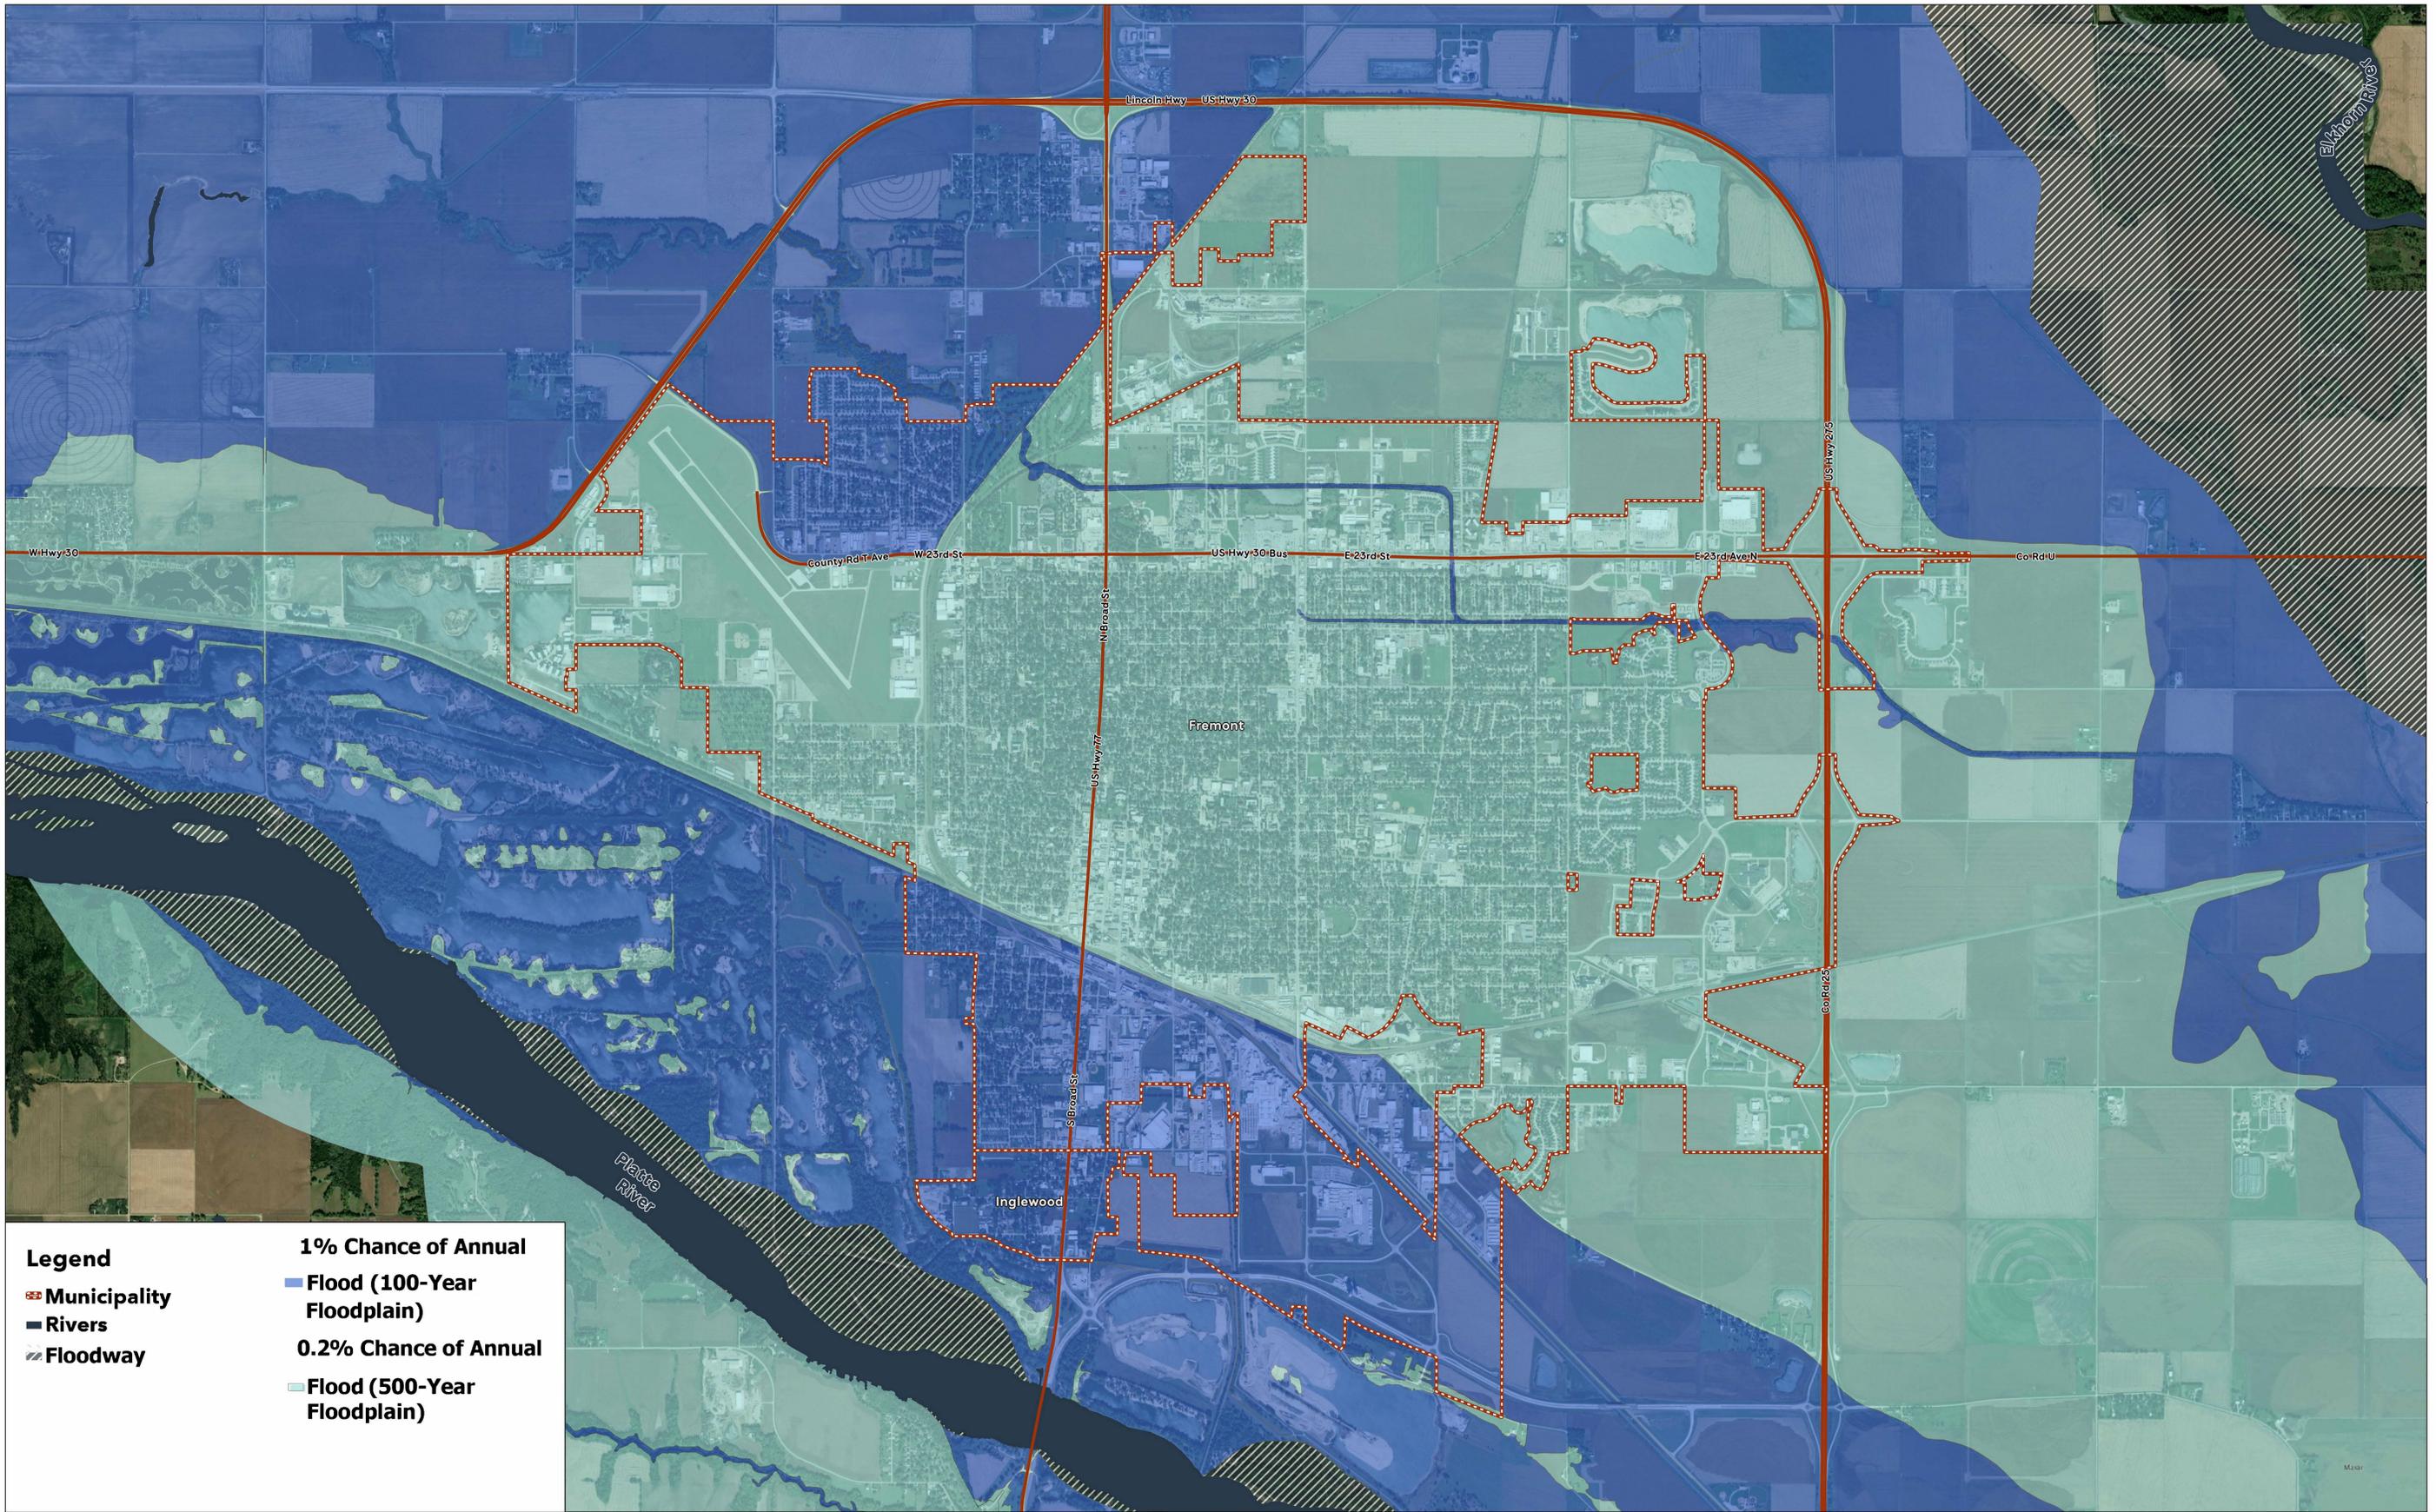

- **Purpose:** Receive community input to help Fremont get points for the Community Rating System (CRS).
 - The CRS is a voluntary incentive program for communities. Participating in this can help reduce flood insurance rates for communities.
- **Goals:**
 - Provide information on flood reduction and mitigation strategies.
 - Boost Fremont's ability to offer reduced rates for flood insurance.

The Open House is set up so you can move between information stations. You may choose which stations or experts to visit.

Communities receive points to improve their CRS class rating for higher discounts by engaging in these four categories:

1. Public Information
2. Mapping and Regulations
- 3. Flood Damage Reduction**
4. Warning and Response

Timeline of Major Flood Events in Fremont, NE

Fremont resident during the 2019 flood

Source: *The Guardian*, Nati Harnik/AP

Fremont road during the 2019 flood

Source: Dean Jacobs, *Fremont Tribune*

Fremont road during the 2019 flood

Source: Joel Reeves, *YouTube*

July 5, 2000

Heavy rainfall of 4-6 inches caused extensive flooding from North Bend to the Fremont area.

March 8-10, 2010

An ice jam around the North Bend area caused flooding of agricultural lowlands from North Bend to around Fremont. The ice jam broke loose on March 10th, which caused additional jamming and flooding around the Big Island area near Fremont. Six to ten people had to be evacuated by boat from the rising waters. Property damage was estimated at \$75,000.

February 18, 2011

An ice jam near the Highway 77 bridge caused flooding that closed Ridge Road for a while, just southwest of Fremont. Damage was minimal.

Timeline of Major Flood Events in Fremont, NE

March 2019

Water began overtopping the cutoff ditch near Highway 30, threatening northwest Fremont. Flood inundation model maps showed that this water had the potential to damage critical infrastructure, including the county's only hospital, the Fremont Airport, and 4 assisted living facilities. Fremont was most affected and saw widespread urban flooding, especially in the east. Nearly 1,000 Fremont homes flooded.

March 2019 flood in Fremont, NE

Courtesy: Tammy Real-Mckeighan, *Fremont Tribune*

June 2016 flood in Fremont, NE

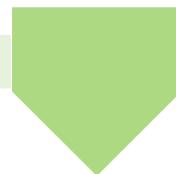

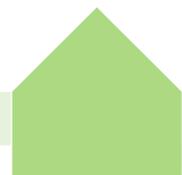

Courtesy: Chase Moffitt/WOWT

June 2016

A flash flood from heavy rains caused low land flooding. Around seven inches fell in the City of Fremont, threatening the county hospital, airport, and severe assisted living facilities.

August 6, 2013

Rainfall from heavy thunderstorms created areas of street flooding across the city. Many intersections in town were underwater.

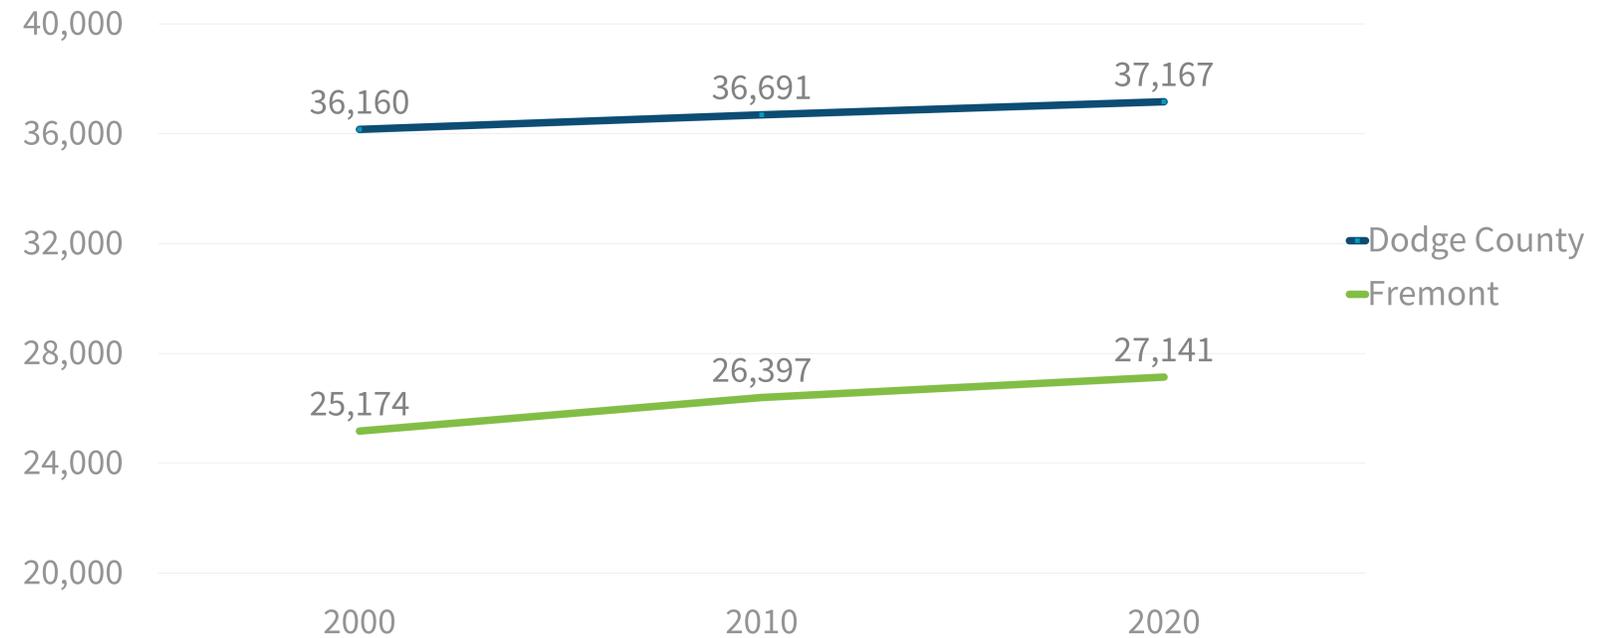

What flood mitigation strategies should be implemented in Fremont? Use **green** dots if you prefer and **red** dots if you do not prefer.

Improve physical infrastructure. E.g.: levees, dams.	Improve stormwater drainage in the city.	Promote nonstructural alternatives. E.g.: retrofitting, utility mitigation, land acquisition.	Update local planning & zoning design standards and building codes.
Encourage the purchasing of flood insurance.	Preserve the natural open space in the floodplain.	Improve emergency management capacity (e.g.: warning systems, notification, emergency exercises).	Increase education on flood risks, preparation, and mitigation strategies.

Fremont in a Snapshot: Population

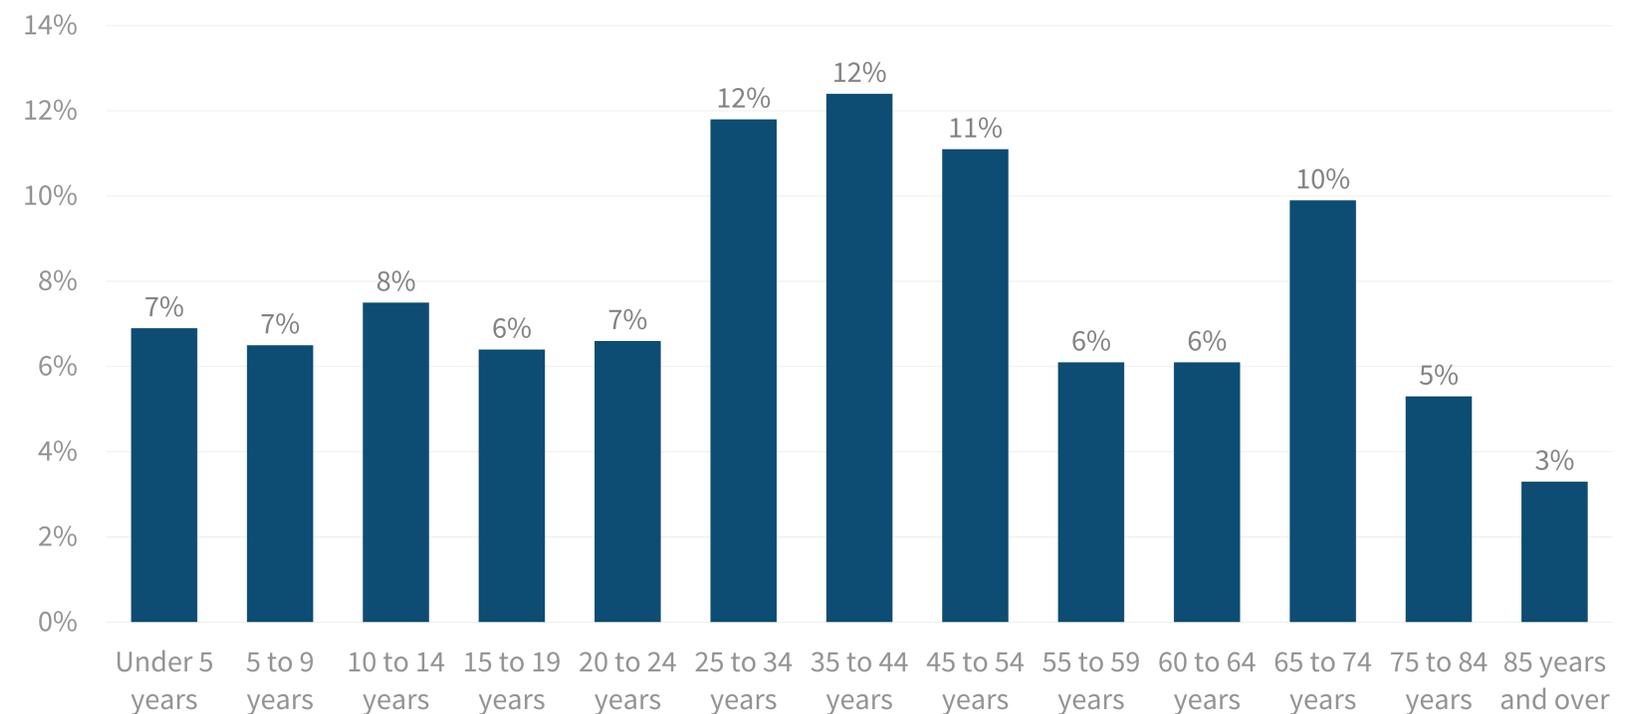

- Between 2000 and 2020, Fremont has grown by 7.81%
- Fremont accounts for about 73% of Dodge County's population, making it the most populous municipality in the county.

Population of Fremont and Dodge County, Nebraska

- The median age for residents is 37.9 years old.
- Almost a quarter of the population is under 18 years of age, and about 19% of the population is 65 and over.

Population by Age

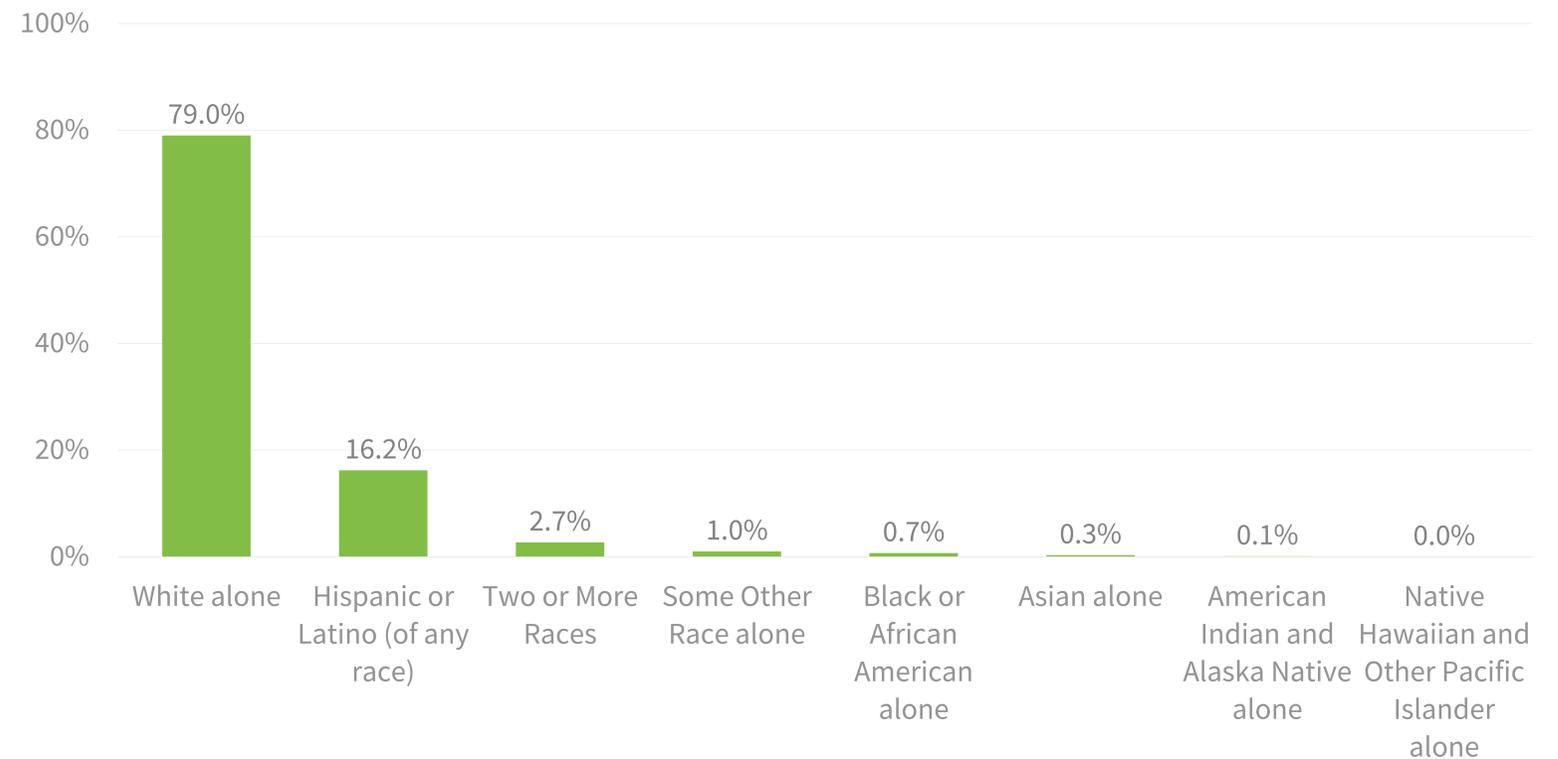

Fremont in a Snapshot: Population and Income

Racial Population

White	21,515
Hispanic or Latino (of any race)	4,422
Two or More Races	722
Some Other Race	272
Black or African American	187
Asian	93
American Indian and Alaska Native	19
Native Hawaiian and Other Pacific Islander	0

- The median household income is \$62,226
- About 3,782 households included Social Security as a part of their income
- 1,116 households have included food stamps or SNAP benefits in their income

Race Population

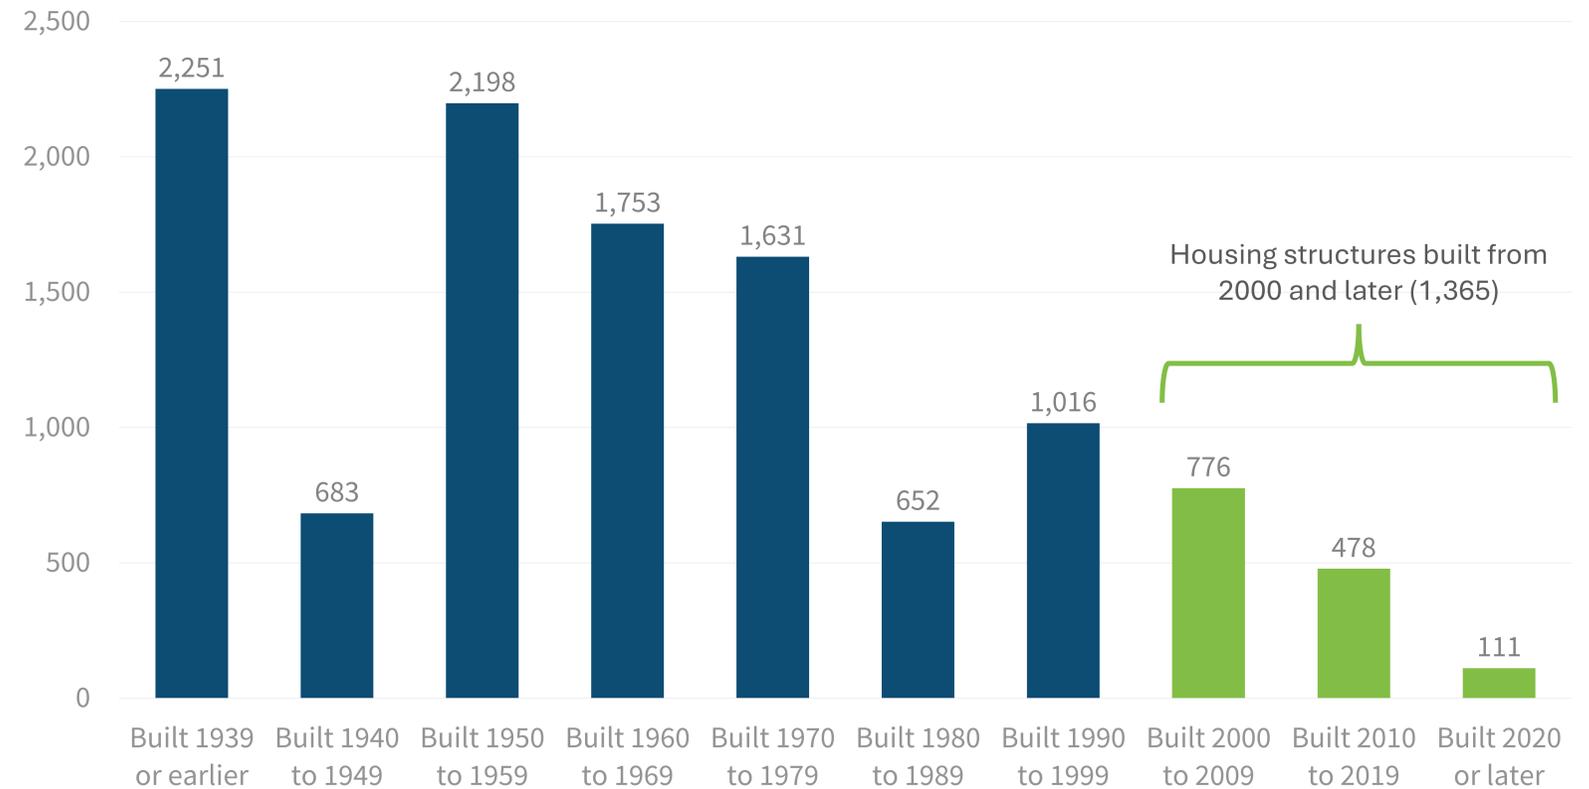

Household Income

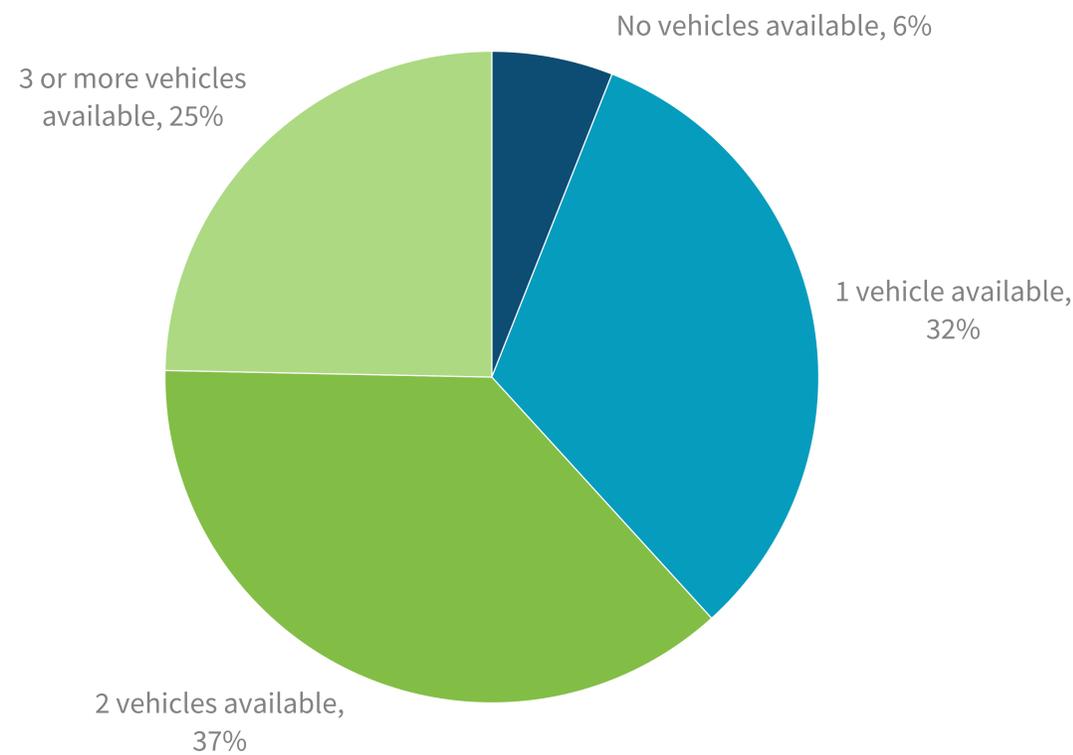

Fremont in a Snapshot: Housing

- There are a total of 11,549 housing structures; of those, 10,184 (88%) were built before the year 2000
- Median value for owner-occupied units is \$174,000; \$897 for renter-occupied units
- 640 households do not have an available vehicle

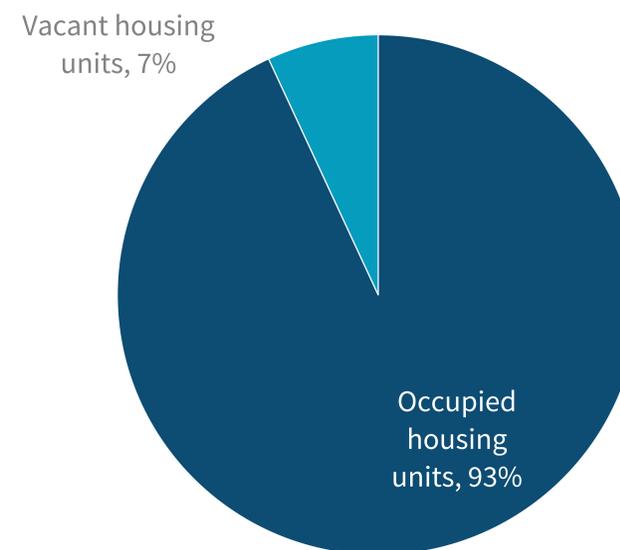

Housing Structure Age

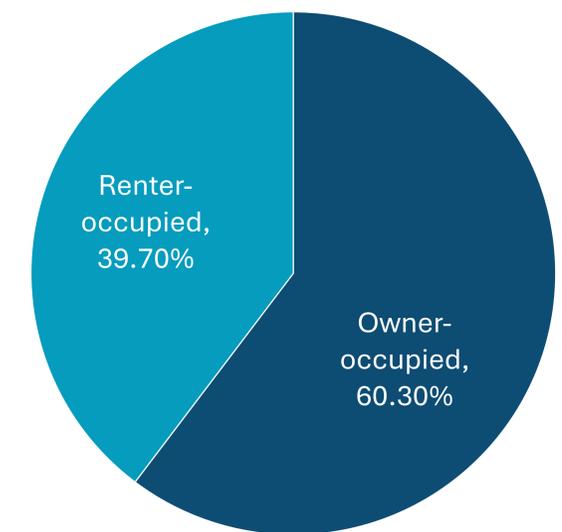

Vehicles Available for Occupied Housing Units

Occupied vs. Vacant Housing Units

Owner-Occupied vs. Renter-Occupied Units

Questionnaire

- Do you live in, operate a farm or business, or work in an area that has experienced flooding? If so, please describe any damages or losses you have experienced from flooding events.

- Have your daily activities (travel, work, etc.) been impacted by flooding? If yes, please provide a brief summary of the impacts. Examples of impacts can include:
 - Flooding caused property or business damage.
 - Flooding event caused closed roads or intersections.
 - Observed flooding on your property. Required to temporarily evacuate your home.
 - Required to temporarily close your business.
 - Flooding on agricultural property, impacting existing crops or preventing planting.

- Based on your response to the previous question, what was the source of the flooding?

- Do you have flood insurance? If yes, what prompted that decision? If not, please explain.

Fact Sheet

Words to Know

- **Flood Watch:** A message that flooding is possible and to listen to local radio or TV news and weather for more information. You may receive an alert on a cell phone.
- **Flood Warning:** A message that flooding will occur soon, if it hasn't already, and to move to higher ground or evacuate immediately.
- **Flash Flood:** A flood that can happen within minutes or hours of heavy rainfall, a dam or levee failure, or city drains overflowing.
- **Levee/Dam:** A manmade structure to contain or prevent water from moving past a certain point.

What is the flood insurance program?

- Flood insurance requirements for mortgages are based on the Flood Insurance Rate Maps (FIRM) that is in effect.
- Flood insurance is available through the National Flood Insurance Program (NFIP), a federally underwritten program. It can be bought through licensed insurance agents. For more information on flood insurance, visit the NFIP website, www.FloodSmart.gov.
- The NFIP provides flood insurance in more than 22,500 communities nationwide. Those communities have agreed to adopt and enforce sound floodplain management regulations.
- FEMA urges all residents and business owners to buy flood insurance to help protect their financial investments.
- Visit <https://www.fremontne.gov/617/Flooding-Flood-Risks> or <https://dnr.nebraska.gov/floodplain/interactive-maps> to learn more about floodplain zones.

What is a 100-year floodplain?

- A 100-year floodplain is an area of land that would be inundated during a 100-year flood event. A 100-year flood event is not a flood that occurs once every 100 years. Instead, it is a flood that has a 1% chance of occurring in any given year. Flood

insurance and floodproofing your property are strongly recommended for anyone who lives or owns property in a floodplain.

What is the Community Rating System?

- The Community Rating System (CRS) is a voluntary incentive program that recognizes and encourages community floodplain management practices that exceed the minimum requirements of the National Flood Insurance Program (NFIP).
- In CRS communities, flood insurance premium rates are discounted to reflect the reduced flood risk resulting from the community's efforts that address the three goals of the program:
 - Reduce and avoid flood damage to insurable property.
 - Strengthen and support the insurance aspects of NFIP.
 - Foster comprehensive floodplain management.
- More information on CRS can be found at: <https://www.fema.gov/floodplain-management/community-rating-system>.

Quick Facts on Flood Events:

- Floods result from rain, snow, coastal storms, storm surges, and overflows of dams and other water systems.
- They develop slowly or quickly. Flash floods can come with no warning.
- Flooding can cause outages, disrupt transportation, damage buildings, and create landslides.

Flood Mitigation Projects Across Nebraska

Grand Island, NE – The city of Grand Island and surrounding communities show the impact of community connections between local, county, and state agencies to take an all-hands approach to hazard mitigation efforts in this case flood resiliency. These efforts are taken on projects that span the region and are multilayered in their approach to flood risk management from dams and levees to city and county-led flood resilience programs such as flood water detention areas.

- Mitigation doesn't have to be a solo effort.
- Project sharing and mitigation efforts can be spread out through numerous state partners.
- Mitigation has the potential to reduce the need for flood insurance and save individuals money.

Flood waters diverted to parks rather than streets and properties.

Beatrice, NE – The City of Beatrice's approach to mitigation focuses on community-established prioritization that has saved the city millions of dollars in potential loss through their approach of redevelopment and resident-led investments. Taking on a now 40-plus-year community initiative to prioritize mitigation efforts through proactive response as opposed to reactive can show communities throughout the state the value of early investment from the everyday citizen level. Beatrice leads the state for mitigation prevention due to community buy-in.

- Mitigation effects everyone in the community.
- Prevention avoids costly repairs and damages personally and throughout the community.
- Citizen-led engagement can bring change to the community for the positive.

Antelope Valley (Lincoln) – Within the heart of Lincoln, the Antelope Valley project provides the value of large-scale urban investment in flood mitigation efforts while adding and addressing the value of aesthetics, economic revitalization, housing expansion, transportation, and recreation opportunities. Flood mitigation efforts in the urban core which could have resulted in millions of dollars in lost damages, infrastructure loss, and immobility are all now reduced showing the impact of how

when you invest in mitigation the results are often unseen due to effectiveness.

- For every \$1 spent for mitigation, \$6 in potential loss is saved according to FEMA.
- Mitigation can bring value through aesthetics, recreation opportunities, and urban revitalization.
- Successful mitigation efforts can be multifunctional.

Fremont, NE - Elkhorn Township

DRAINAGE IMPROVEMENT PROJECT

CHALLENGE

The City of Fremont and Dodge County have experienced some of the nation's highest rates of flooding events since the U.S. began tracking impacts in 1953.

Nebraska's Flood Hazard Mitigation Plan repeatedly ranks Dodge County among the top 10 counties for exposure to riverine flooding. Expected annual losses in the county are ranked among the highest in the state.

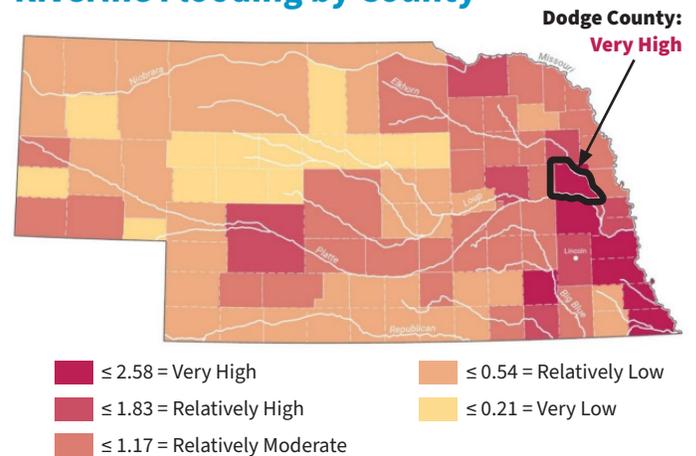

OPPORTUNITY

The City of Fremont, Dodge County, the Lower Platte North Natural Resources District (NRD), and area villages, townships and neighborhoods combined forces in 2019 to create a Joint Water Management Advisory Board (JWMAB). **They created a partnership.**

With the help of federal funding (Hazard Mitigation Grant Program) administered by the state, **they developed a plan.**

Federal investment in communities at high risk of flood impacts has ramped up significantly over the past three years. A Building Resilient Infrastructure and Communities (BRIC) grant from the Federal Emergency Management Agency (FEMA) offers **a path forward.**

Annualized Frequency of Riverine Flooding by County

Source: Nebraska Flood Hazard Mitigation Plan, 2022

About BRIC

FEMA's BRIC grants were identified in the Nebraska Flood Hazard Mitigation Plan as a likely source of funding for improvements across the state. BRIC can help fund projects that might otherwise be difficult for smaller communities to achieve.

The City of Fremont and partners applied for a BRIC grant in February 2024 for the Elkhorn Township Drainage Improvement Project.

Elkhorn Township Drainage Improvements - Expected Return on Investment

98.5 Acres

New Wetland Development on Non-Agricultural Land

5,815 Feet

Enhanced Channel Length

\$57.1M

Anticipated Project Cost

\$203M

Projected Economic Benefit

3.56:1

Projected Cost-Benefit Ratio

A PLAN FOR ELKHORN TOWNSHIP

With engineering support and public input, a plan for the first phase of improvements in Dodge County was identified.

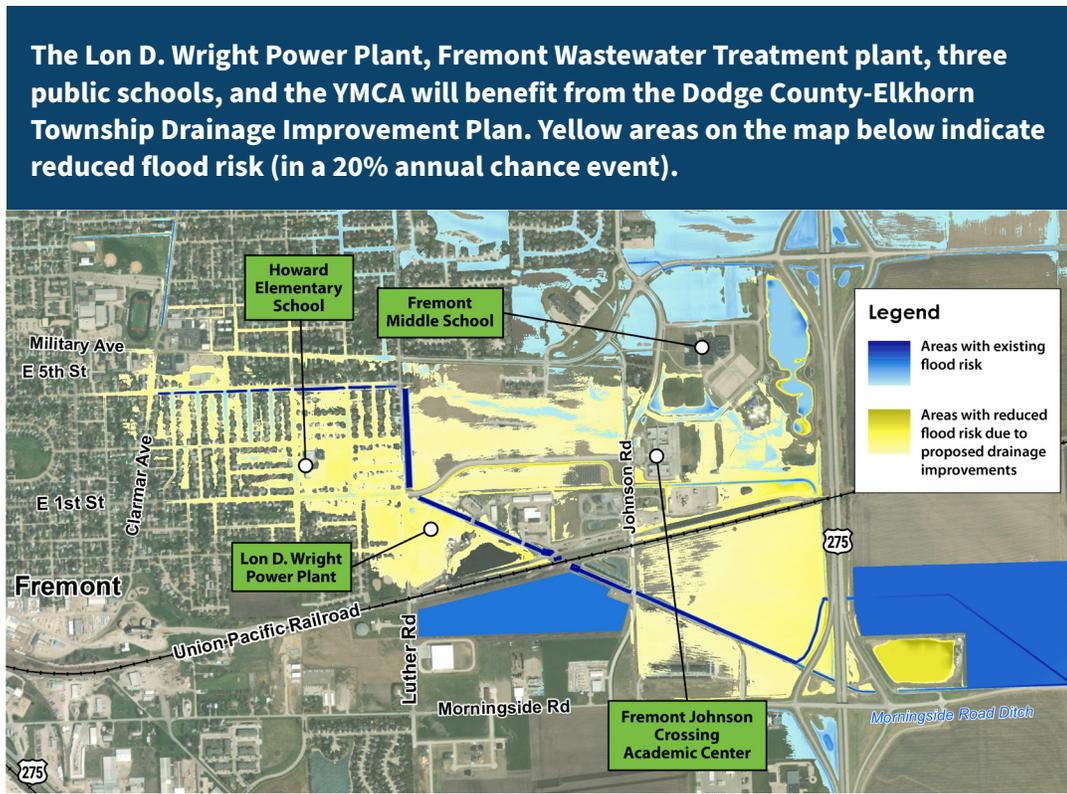

The Elkhorn Township Drainage Improvement Plan proposes to:

- Upgrade a critical section of Fremont’s storm sewer system along 1st Street and Clarmar Avenue
- Add high-capacity culverts at Hwy 275 at key intersections and the Union Pacific Railroad crossing
- Expand channel capacity along Hwy 275 and Morningside Road
- Construct two stormwater detention facilities to maximize water storage and avoid downstream impacts

RESULTS

For flood events with a 20% chance of occurring in any year:

- Reduced flood risk for over 300 parcels
- Regular street flooding reduced (from 1-2 feet to less than 2 inches)
- Reduced flood risk near schools, power plant infrastructure and proposed inland port (from over 1 foot to less than 2 inches)
- Enhanced infiltration and recharge for the Platte and Elkhorn River aquifers

SUPPORTERS OF THE ELKHORN TOWNSHIP DRAINAGE IMPROVEMENT PROJECT:

- Fremont Area Chamber of Commerce
- Fremont Department of Utilities
- Greater Fremont Development Council
- Lower Platte River Consortium
- Lower Platte River Corridor Alliance
- Nebraska Department of Transportation

The City of Fremont’s BRIC grant application for the drainage project was filed in February 2024 and is currently under review by FEMA. The grant requests funding for final design and construction. Work is targeted to begin in late 2024.

In September 2023 Headwaters Economics published an article summarizing the state of the Federal Emergency Management Agency’s Building Resilient Infrastructure and Communities (BRIC) grant program. The BRIC program is intended to reduce the impacts from natural hazards across the nation, but funding over three years (FY 2020, 2021 and 2022) has been directed primarily to coastal states and jurisdictions with capacity to invest in pursuit of these funds, which can be a costly endeavor. Below is key information from the Headwaters Economics article, which can be found by following the link below.

Among Headwater Economics key findings:

1. The geographic distribution of funding was very uneven. **Half the states collectively received less than 5% of this year’s BRIC funding.**
2. **78% of this year’s BRIC funding went to East and West Coast states, compared to 22% that went to interior and Gulf Coast states.**
3. Often grants are going to counties that have received BRIC funding previously, indicating some recipients may have more capacity to pursue this funding.
4. Over the three years of the BRIC program, only 13% of counties (18 of the 138 counties) with funded projects have [Rural Capacity Index](#) scores below the national median.
5. In this year’s national competition, 3% of funding (\$50 million) went to projects in low-capacity counties, and 83% (\$1.5 billion) went to projects in high-capacity counties.

Rawhide Creek WFPO Plan-EA Progress Meeting - Agenda

DATE AND TIME | March 18, 2024; 1:00-2:00 PM

PROJECT | Rawhide Creek WFPO Plan-EA

JEO PROJECT NO. | 200881.00

LOCATION | Teams

Attendees:

JEO: John Petersen, Lalit Jha, Ross Lawrence, John Callen, Colleen Ocken, Dillon Vogt

County: Tom Smith, Pat Tawney, Bob Missel

City: Justin Zetterman

NRD: Ryan Chapman, Sean Elliott

Priority Topics:

WFPO:

1. Airport / Local Airport Advisory Committee Letter of Conditional Approval
2. Depletions

Rawhide WFPO:

1. Alternatives, Etc

- a. Detention Cells
 - i. Updates to grading
 1. Reduce wetland impacts
 2. Reduce wetland establishment for mitigation
 3. Reduce depletions
- b. Economics
 - i. Changes to costs
 - ii. Changing approach with reduced wetland benefits
- c. Local Airport Advisory Committee Conditional Approval
 - i. FAA recommendations
 - ii. No permanent standing water
 - iii. Airport Advisory Committee approval

2. Field Work

- a. Cultural Resources – completed and received report
- b. Environmental Science (wetlands) – completed
- c. Geotech – waiting on final report

3. Plan-EA Document

- a. Updating based upon received comments
- b. Anticipated to be ready for next submittal at end of March / early April

4. Public Involvement and Upcoming Meetings

- a. Next formal meetings are: Final Agency Scoping Meeting and Public Comment/Open House
 - i. After draft plan, likely Spring

Rawhide Creek WFPO Plan-EA Progress Meeting - Agenda

5. Other Discussion Points

- a. Platte Township or East Drainage Coordination

6. Project Milestones and Schedule Overview

Village of LeShara, NE
Attn: Paula Wagner
210 Summit Street
LeShara, NE 68064

RE: Village of LeShara 21PW013 Draw #5

Dear Mrs. Wagner:

Enclosed is Drawdown #5 for the Streets Improvement project. After you have reviewed the material, please have Chair Melvina Ruhe-Langfeldt and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SENDD for processing. Please sign all documents in "BLUE INK".

After the drawdown documents are submitted, the Village can expect an automatic transfer from the Nebraska Department of Economic Development (NDED) within 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

Drawdown #5 The following 21A GA, 03K Project and CM bills have not yet been paid.			
SENDD Invoice #12 - 15: Activity Code #21A General Administration	\$3,208.75	\$3,208.75	\$0.00
Business - JEO Activity Code #03K Rehabilitation	\$3,775.75	\$3,137.64	\$638.11
SENDD Invoice #1-2 Activity Code #03K Construction Management	\$106.25	\$106.25	\$0.00
Totals:	\$7,090.75	\$6,452.64	\$638.11

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

According to the above figures, the Village should make the following payments:

Activity Code: #21A GA and #03K CM

Amount: \$3,315.00

To: Southeast Nebraska Development District

Address: 7407 O St, Lincoln, NE 68510

Activity Code: #03K

Amount: \$3,775.75 (\$3,137.64 - CDBG & \$638.11 - Match)

To: JEO Consulting Group

Address: 1937 North Chestnut Street, Wahoo, NE 68066

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified City's account. **Please disperse NDED funds within five days;** otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your City account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed.

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup

Economic Development Specialist

Village of Leshara, NE
Attn: Paula Wagner
210 Summit Street
Leshara, NE 68064

RE: Village of LeShara CDBG 21-PW-013 Drawdown #6

Dear Paula Wagner:

Enclosed is Drawdown #6 for your CDBG 2021 Public Works project. After you have reviewed the material, please have Chief Elected Official, Melvina Ruhe-Langfeldt, and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SENDD for processing. Please sign all documents in "BLUE INK" and place in File IV.

After the DD documents are submitted, the Village can expect an automatic transfer from the Nebraska Department of Economic Development (NDED) within 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

Drawdown #6: The following bills have not yet been paid.			
JEO Invoice: 142803 Activity: 03K Streets/Bridges	\$1,843.50	\$1,531.94	\$311.56
SENDD Invoice #16 - 18: Activity Code #21A General Administration	\$2,082.50	\$2,082.50	\$0.00
SENDD Invoice # 3 - 5 Activity Code 03K Construction Management	\$1,445.00	\$1,445.00	\$0.00
Totals:	\$5,371.00	\$5,059.44	\$311.56

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

SENDD is an Equal Opportunity Provider and Employer

According to the above figures, the Village should make the following payments:

Activity Code: 03K Streets/Bridges

Amount: \$1,843.50

To: JEO Consulting Group

Address: 1937 North Chestnut Street, Wahoo, NE 68066

Activity Codes: 03K Construction Mgmt & 21A General Admin

Amount: \$3,527.50

To: Southeast Nebraska Development District

Address: 7407 O Street Lincoln, NE 68510

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified Village's account. **Please disburse NDED funds within five days;** otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your Village's account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed.

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup

Director of Development Services

919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

Instructions: CDBG Request for Funds (Drawdown/Payment Request)

If a subrecipient has more than one CDBG agreement, funds must be requested separately. Carefully enter all requested information. Double check addition and subtraction. Funds requested must reflect actual eligible cost incurred. Claim exact amounts on each reimbursement down to the penny on the reimbursement request. Requests for funds are to be submitted only as funds are needed for immediate disbursement. Refer to the CDBG Administration Manual, Chapter 12 for more information.

With the exception of the final draw, or requested by DED, there is a **minimum to be drawn** as described below:

- **\$500:** Request for general administration expenditures only.
- **\$1,500:** Request amount for general administration and project expenditures
- **\$1,500:** Request amount for project expenditures only

Identifying Information

The top portion of the Request for CDBG Funds will be completed with the appropriate identifying information.

- **Name of Subrecipient:** Input name of local unit of government who entered into the Agreement with DED.
- **Mailing Address:** Input the mailing address of the subrecipient
- **CDBG Agreement Number:** the number assigned to the contractual agreement between DED and the subrecipient.
- **Federal Identification Number:** Input the subrecipient's federal identification number.
- **DUNS Number:** Input the subrecipient's DUNS Number. If submitting a request after April 4, 2022, this can be left blank.
- **UEI Number:** Input the Unique Entity Identifier number for the subrecipient. This can be located on sam.gov.
- **SAM Expiration Date:** System for Awards Management (SAM) registrant expiration date to receive payment of federal funds. All entities receiving federal funds are required to have an active status within SAM.
- **Number Sequence Order of Funds:** Each request must be sequentially numbered by the subrecipient. Number each request for funds in sequence based on the signature date by the authorized officials.
- **Final Drawdown:** Input "yes" if this is the last request for CDBG; Input "no" if this is not the last request for CDBG funds.
- **DED Program Representative:** Identify the DED Representative who is the main contact associated with the CDBG Agreement.

PART II: Cash Requirements

Part II provides information on the subrecipient's cash requirements. In the row labeled "Activity/Budget Category", identify all the activity code and activity name (as shown in the Sources and Uses Section of the CDBG agreement) above each column. Be sure to complete Part II for all approved activities even if funds are not requested for all activities.

- Line 1** Enter the total of all cash requirements to date for each activity/budget category. This amount should be equal to all expenditures paid to date plus cash needed to meet immediate cash obligations.
- Line 2** Subtract all local matching or other funds disbursed. (Include program income designated for revolving loan funds from prior CDBG agreements for same activities.) This will include local funds already expended and local funds, which will be expended to meet Line 1.
- Line 3** Subtract federal funds applied (include program income). The total of this row must equal the amount shown on Part I, Line 4.
- Line 4** Subtotal by subtracting Lines 2 and 3 from Line 1. This amount should be equal the amount of federal funds needed for immediate cash obligations.
- Line 5** Subtract the amount of any previous Request for CDBG funds, which has not yet been received.
- Line 6** Subtract the amount of federal funds on hand. This amount must equal the amount on Part I, Line 5.
- Line 7** The net amount of federal funds requested is determined by subtracting Lines 5 and 6 from Line 4. This should be the amount of CDBG funds needed (when added to CDBG funds on hand and CDBG funds requested but not yet received) to meet immediate cash obligations.

PART I: Status of Funds

Part I of the form will provide the status of CDBG funds for the related CDBG agreement.

- Line 1** List all CDBG funds received to date.
- Line 2** Add program income received from activities related to the CDBG agreement (exclude program income designated for revolving loan funds).
- Line 3** Subtotal Lines 1 and 2.
- Line 4** Subtract all disbursements of CDBG funds to date (MUST agree to total of Part II, Line 3).
- Line 5** Federal funds on hand should reflect CDBG funds which have not been disbursed.

Signatures

Signatures of both the Mayor/Board Chairperson and the Clerk/Treasurer are necessary to process the Request for CDBG Funds. Signatures must agree to authorization signatures submitted to DED on the Authorization to Request Community Development Block Grant Funds. After signing and dating the Request for CDBG Funds, the subrecipient should retain a copy of the form and upload within AmpliFund.

INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED.

Village of Leshara, NE
Attn: Paula Wagner
210 Summit Street
Leshara, NE 68064

RE: Village of Leshara #21-PW-013 Drawdown #7

Dear Ms. Wagner:

Enclosed is Drawdown #7 for the Street & Drainage Improvements project. After you have reviewed the materials, please have Board Chairperson, Melvina Ruhe-Lanfheldt and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SEND D for processing. Please sign all documents in "BLUE INK" and place them in File IV.

After the drawdown documents have been submitted and approved by the Department of Economic Development (DED), the Village can expect an automatic transfer from DED within at least 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

Drawdown #7: The following #03K Streets/Bridges bills have not yet been paid.			
SEND D GA Invoice(s): Activity Code #21A	\$0.00	\$0.00	\$0.00
Streets/Bridges Activity Code #03K	\$2,963.00	\$2,462.25	\$500.75
SEND D CM Invoice(s): Activity Code #03K	\$0.00	\$0.00	\$0.00
Totals:	\$2,963.00	\$2,462.25	\$500.75

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

SEND D is an Equal Opportunity Provider and Employer

According to the above figures, the Village should make the following payments:

Activity Code: #03K

Amount: \$2,963.00 (CDBG - \$2,462.25 & Match - \$500.75)

To: JEO Consulting Group

Address: 1937 North Chestnut Street, Wahoo, Nebraska 68066

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified Village's account. **Please disburse NDED funds within five days;** otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your Village account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed. **Once the payments have been distributed, please send the Grant Administrator copies of canceled checks and bank statements to upload as source documentation in Amplifund.**

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup
Director of Development Services

Instructions: CDBG Request for Funds (Drawdown/Payment Request)

If a subrecipient has more than one CDBG agreement, funds must be requested separately. Carefully enter all requested information. Double check addition and subtraction. Funds requested must reflect actual eligible cost incurred. Claim exact amounts on each reimbursement down to the penny on the reimbursement request. Requests for funds are to be submitted only as funds are needed for immediate disbursement. Refer to the CDBG Administration Manual, Chapter 12 for more information.

With the exception of the final draw, or requested by DED, there is a **minimum to be drawn** as described below:

- **\$500:** Request for general administration expenditures only.
- **\$1,500:** Request amount for general administration and project expenditures
- **\$1,500:** Request amount for project expenditures only

Identifying Information

The top portion of the Request for CDBG Funds will be completed with the appropriate identifying information.

- **Name of Subrecipient:** Input name of local unit of government who entered into the Agreement with DED.
- **Mailing Address:** Input the mailing address of the subrecipient
- **CDBG Agreement Number:** the number assigned to the contractual agreement between DED and the subrecipient.
- **Federal Identification Number:** Input the subrecipient's federal identification number.
- **DUNS Number:** Input the subrecipient's DUNS Number. If submitting a request after April 4, 2022, this can be left blank.
- **UEI Number:** Input the Unique Entity Identifier number for the subrecipient. This can be located on sam.gov.
- **SAM Expiration Date:** System for Awards Management (SAM) registrant expiration date to receive payment of federal funds. All entities receiving federal funds are required to have an active status within SAM.
- **Number Sequence Order of Funds:** Each request must be sequentially numbered by the subrecipient. Number each request for funds in sequence based on the signature date by the authorized officials.
- **Final Drawdown:** Input "yes" if this is the last request for CDBG; Input "no" if this is not the last request for CDBG funds.
- **DED Program Representative:** Identify the DED Representative who is the main contact associated with the CDBG Agreement.

PART II: Cash Requirements

Part II provides information on the subrecipient's cash requirements. In the row labeled "Activity/Budget Category", identify all the activity code and activity name (as shown in the Sources and Uses Section of the CDBG agreement) above each column. Be sure to complete Part II for all approved activities even if funds are not requested for all activities.

- Line 1** Enter the total of all cash requirements to date for each activity/budget category. This amount should be equal to all expenditures paid to date plus cash needed to meet immediate cash obligations.
- Line 2** Subtract all local matching or other funds disbursed. (Include program income designated for revolving loan funds from prior CDBG agreements for same activities.) This will include local funds already expended and local funds, which will be expended to meet Line 1.
- Line 3** Subtract federal funds applied (include program income). The total of this row must equal the amount shown on Part I, Line 4.
- Line 4** Subtotal by subtracting Lines 2 and 3 from Line 1. This amount should be equal the amount of federal funds needed for immediate cash obligations.
- Line 5** Subtract the amount of any previous Request for CDBG funds, which has not yet been received.
- Line 6** Subtract the amount of federal funds on hand. This amount must equal the amount on Part I, Line 5.
- Line 7** The net amount of federal funds requested is determined by subtracting Lines 5 and 6 from Line 4. This should be the amount of CDBG funds needed (when added to CDBG funds on hand and CDBG funds requested but not yet received) to meet immediate cash obligations.

PART I: Status of Funds

Part I of the form will provide the status of CDBG funds for the related CDBG agreement.

- Line 1** List all CDBG funds received to date.
- Line 2** Add program income received from activities related to the CDBG agreement (exclude program income designated for revolving loan funds).
- Line 3** Subtotal Lines 1 and 2.
- Line 4** Subtract all disbursements of CDBG funds to date (MUST agree to total of Part II, Line 3).
- Line 5** Federal funds on hand should reflect CDBG funds which have not been disbursed.

Signatures

Signatures of both the Mayor/Board Chairperson and the Clerk/Treasurer are necessary to process the Request for CDBG Funds. Signatures must agree to authorization signatures submitted to DED on the Authorization to Request Community Development Block Grant Funds. After signing and dating the Request for CDBG Funds, the subrecipient should retain a copy of the form and upload within AmpliFund.

INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED.

RE: Village of Leshara #21-PW-013 Drawdown #8

Dear Ms. Wagner:

Enclosed is Drawdown #8 for the Street & Drainage Improvements project. After you have reviewed the materials, please have Board Chairperson, Melvina Ruhe-Lanfheldt and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SEND D for processing. Please sign all documents in "BLUE INK" and place them in File IV.

After the drawdown documents have been submitted and approved by the Department of Economic Development (DED), the Village can expect an automatic transfer from DED within at least 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

	TOTAL	CDBG	Match
Drawdown #8: The following #03K Streets/Bridges bills have not yet been paid.			
SEND D GA Invoice(s): Activity Code #21A	\$0.00	\$0.00	\$0.00
Streets/Bridges Activity Code #03K	\$71,638.34	\$59,531.44	\$12,106.90
SEND D CM Invoice(s): Activity Code #03K	\$0.00	\$0.00	\$0.00
Totals:	\$71,638.34	\$59,531.44	\$12,106.90

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

According to the above figures, the Village should make the following payments:

Activity Code: #03K

Amount: \$7,041.00 (CDBG - \$5,851.06 & Match - \$1,189.94)

To: JEO Consulting Group

Address: 1937 North Chestnut Street, Wahoo, Nebraska 68066

Activity Code: #03K

Amount: \$64,597.34 (CDBG - \$53,680.38 & Match - \$10,916.96)

To: Dynamic Dirtworks & Demolition, LLC.

Address: 13770 Firth Rd, Firth, NE 68358

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified Village's account. **Please disburse NDED funds within five days;** otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your Village account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed. **Once the payments have been distributed, please send the Grant Administrator copies of canceled checks and bank statements to upload as source documentation in Amplifund.**

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup
Director of Development Services

Instructions: CDBG Request for Funds (Drawdown/Payment Request)

If a subrecipient has more than one CDBG agreement, funds must be requested separately. Carefully enter all requested information. Double check addition and subtraction. Funds requested must reflect actual eligible cost incurred. Claim exact amounts on each reimbursement down to the penny on the reimbursement request. Requests for funds are to be submitted only as funds are needed for immediate disbursement. Refer to the CDBG Administration Manual, Chapter 12 for more information.

With the exception of the final draw, or requested by DED, there is a **minimum to be drawn** as described below:

- **\$500:** Request for general administration expenditures only.
- **\$1,500:** Request amount for general administration and project expenditures
- **\$1,500:** Request amount for project expenditures only

Identifying Information

The top portion of the Request for CDBG Funds will be completed with the appropriate identifying information.

- **Name of Subrecipient:** Input name of local unit of government who entered into the Agreement with DED.
- **Mailing Address:** Input the mailing address of the subrecipient
- **CDBG Agreement Number:** the number assigned to the contractual agreement between DED and the subrecipient.
- **Federal Identification Number:** Input the subrecipient's federal identification number.
- **DUNS Number:** Input the subrecipient's DUNS Number. If submitting a request after April 4, 2022, this can be left blank.
- **UEI Number:** Input the Unique Entity Identifier number for the subrecipient. This can be located on sam.gov.
- **SAM Expiration Date:** System for Awards Management (SAM) registrant expiration date to receive payment of federal funds. All entities receiving federal funds are required to have an active status within SAM.
- **Number Sequence Order of Funds:** Each request must be sequentially numbered by the subrecipient. Number each request for funds in sequence based on the signature date by the authorized officials.
- **Final Drawdown:** Input "yes" if this is the last request for CDBG; Input "no" if this is not the last request for CDBG funds.
- **DED Program Representative:** Identify the DED Representative who is the main contact associated with the CDBG Agreement.

PART II: Cash Requirements

Part II provides information on the subrecipient's cash requirements. In the row labeled "Activity/Budget Category", identify all the activity code and activity name (as shown in the Sources and Uses Section of the CDBG agreement) above each column. Be sure to complete Part II for all approved activities even if funds are not requested for all activities.

- Line 1** Enter the total of all cash requirements to date for each activity/budget category. This amount should be equal to all expenditures paid to date plus cash needed to meet immediate cash obligations.
- Line 2** Subtract all local matching or other funds disbursed. (Include program income designated for revolving loan funds from prior CDBG agreements for same activities.) This will include local funds already expended and local funds, which will be expended to meet Line 1.
- Line 3** Subtract federal funds applied (include program income). The total of this row must equal the amount shown on Part I, Line 4.
- Line 4** Subtotal by subtracting Lines 2 and 3 from Line 1. This amount should be equal the amount of federal funds needed for immediate cash obligations.
- Line 5** Subtract the amount of any previous Request for CDBG funds, which has not yet been received.
- Line 6** Subtract the amount of federal funds on hand. This amount must equal the amount on Part I, Line 5.
- Line 7** The net amount of federal funds requested is determined by subtracting Lines 5 and 6 from Line 4. This should be the amount of CDBG funds needed (when added to CDBG funds on hand and CDBG funds requested but not yet received) to meet immediate cash obligations.

PART I: Status of Funds

Part I of the form will provide the status of CDBG funds for the related CDBG agreement.

- Line 1** List all CDBG funds received to date.
- Line 2** Add program income received from activities related to the CDBG agreement (exclude program income designated for revolving loan funds).
- Line 3** Subtotal Lines 1 and 2.
- Line 4** Subtract all disbursements of CDBG funds to date (MUST agree to total of Part II, Line 3).
- Line 5** Federal funds on hand should reflect CDBG funds which have not been disbursed.

Signatures

Signatures of both the Mayor/Board Chairperson and the Clerk/Treasurer are necessary to process the Request for CDBG Funds. Signatures must agree to authorization signatures submitted to DED on the Authorization to Request Community Development Block Grant Funds. After signing and dating the Request for CDBG Funds, the subrecipient should retain a copy of the form and upload within AmpliFund.

INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED.

Leshara, NE 68064

RE: Village of Leshara #21-PW-013 Drawdown #9

Dear Ms. Wagner:

Enclosed is Drawdown #8 for the Street & Drainage Improvements project. After you have reviewed the materials, please have Board Chairperson, Melvina Ruhe-Lanfheldt and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SEND D for processing. Please sign all documents in "BLUE INK" and place them in File IV.

After the drawdown documents have been submitted and approved by the Department of Economic Development (DED), the Village can expect an automatic transfer from DED within at least 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

	TOTAL	CDBG	Match
Drawdown #9: The following #03K Streets/Bridges bills have not yet been paid.			
SEND D GA Invoice(s): Activity Code #21A	\$0.00	\$0.00	\$0.00
Streets/Bridges Activity Code #03K	\$65,471.91	\$54,407.15	\$11,064.76
SEND D CM Invoice(s): Activity Code #03K	\$0.00	\$0.00	\$0.00
Totals:	\$65,471.91	\$54,407.15	\$11,064.76

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

According to the above figures, the Village should make the following payments

Activity Code: #03K

Amount: \$65,471.91 (CDBG - \$54,407.15 & Match - \$11,064.76)

To: Dynamic Dirtworks & Demolition, LLC.

Address: 13770 Firth Rd, Firth, NE 68358

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified Village's account. **Please disburse NDED funds within five days**; otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your Village account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed. **Once the payments have been distributed, please send the Grant Administrator copies of canceled checks and bank statements to upload as source documentation in Amplifund.**

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup
Director of Development Services

PLEASE REFER TO INSTRUCTIONS FOR ADDITIONAL GUIDANCE. INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED

***To update calculations, either tab two (2) fields or click on a different field with your mouse.

Instructions: CDBG Request for Funds (Drawdown/Payment Request)

If a subrecipient has more than one CDBG agreement, funds must be requested separately. Carefully enter all requested information. Double check addition and subtraction. Funds requested must reflect actual eligible cost incurred. Claim exact amounts on each reimbursement down to the penny on the reimbursement request. Requests for funds are to be submitted only as funds are needed for immediate disbursement. Refer to the CDBG Administration Manual, Chapter 12 for more information.

With the exception of the final draw, or requested by DED, there is a **minimum to be drawn** as described below:

- **\$500:** Request for general administration expenditures only.
- **\$1,500:** Request amount for general administration and project expenditures
- **\$1,500:** Request amount for project expenditures only

Identifying Information

The top portion of the Request for CDBG Funds will be completed with the appropriate identifying information.

- **Name of Subrecipient:** Input name of local unit of government who entered into the Agreement with DED.
- **Mailing Address:** Input the mailing address of the subrecipient
- **CDBG Agreement Number:** the number assigned to the contractual agreement between DED and the subrecipient.
- **Federal Identification Number:** Input the subrecipient's federal identification number.
- **DUNS Number:** Input the subrecipient's DUNS Number. If submitting a request after April 4, 2022, this can be left blank.
- **UEI Number:** Input the Unique Entity Identifier number for the subrecipient. This can be located on sam.gov.
- **SAM Expiration Date:** System for Awards Management (SAM) registrant expiration date to receive payment of federal funds. All entities receiving federal funds are required to have an active status within SAM.
- **Number Sequence Order of Funds:** Each request must be sequentially numbered by the subrecipient. Number each request for funds in sequence based on the signature date by the authorized officials.
- **Final Drawdown:** Input "yes" if this is the last request for CDBG; Input "no" if this is not the last request for CDBG funds.
- **DED Program Representative:** Identify the DED Representative who is the main contact associated with the CDBG Agreement.

PART II: Cash Requirements

Part II provides information on the subrecipient's cash requirements. In the row labeled "Activity/Budget Category", identify all the activity code and activity name (as shown in the Sources and Uses Section of the CDBG agreement) above each column. Be sure to complete Part II for all approved activities even if funds are not requested for all activities.

- Line 1** Enter the total of all cash requirements to date for each activity/budget category. This amount should be equal to all expenditures paid to date plus cash needed to meet immediate cash obligations.
- Line 2** Subtract all local matching or other funds disbursed. (Include program income designated for revolving loan funds from prior CDBG agreements for same activities.) This will include local funds already expended and local funds, which will be expended to meet Line 1.
- Line 3** Subtract federal funds applied (include program income). The total of this row must equal the amount shown on Part I, Line 4.
- Line 4** Subtotal by subtracting Lines 2 and 3 from Line 1. This amount should be equal the amount of federal funds needed for immediate cash obligations.
- Line 5** Subtract the amount of any previous Request for CDBG funds, which has not yet been received.
- Line 6** Subtract the amount of federal funds on hand. This amount must equal the amount on Part I, Line 5.
- Line 7** The net amount of federal funds requested is determined by subtracting Lines 5 and 6 from Line 4. This should be the amount of CDBG funds needed (when added to CDBG funds on hand and CDBG funds requested but not yet received) to meet immediate cash obligations.

PART I: Status of Funds

Part I of the form will provide the status of CDBG funds for the related CDBG agreement.

- Line 1** List all CDBG funds received to date.
- Line 2** Add program income received from activities related to the CDBG agreement (exclude program income designated for revolving loan funds).
- Line 3** Subtotal Lines 1 and 2.
- Line 4** Subtract all disbursements of CDBG funds to date (MUST agree to total of Part II, Line 3).
- Line 5** Federal funds on hand should reflect CDBG funds which have not been disbursed.

Signatures

Signatures of both the Mayor/Board Chairperson and the Clerk/Treasurer are necessary to process the Request for CDBG Funds. Signatures must agree to authorization signatures submitted to DED on the Authorization to Request Community Development Block Grant Funds. After signing and dating the Request for CDBG Funds, the subrecipient should retain a copy of the form and upload within AmpliFund.

INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED.

Village of Leshara, NE
Attn: Paula Wagner
210 Summit Street
Leshara, NE 68064

RE: Village of Leshara #21-PW-013 Drawdown #10

Dear Ms. Wagner:

Enclosed is Drawdown #10 for the Street & Drainage Improvements project. After you have reviewed the materials, please have Board Chairperson, Melvina Ruhe-Lanfheldt and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SENDD for processing. Please sign all documents in "BLUE INK" and place them in File IV.

After the drawdown documents have been submitted and approved by the Department of Economic Development (DED), the Village can expect an automatic transfer from DED within at least 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

	TOTAL	CDBG	Match
Drawdown #10: The following #03K Streets/Bridges bills have not yet been paid.			
SEND D GA Invoice(s): 19-23 Activity Code #21A	\$1,247.50	\$1,247.50	\$0.00
Streets/Bridges Activity Code #03K	\$0.00	\$0.00	\$0.00
SEND D CM Invoice(s): 6-10 Activity Code #03K	\$3,141.72	\$3,141.72	\$0.00
Totals:	\$4,389.22	\$4,389.22	\$0.00

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

According to the above figures, the Village should make the following payments

Activity Code: #21A & #03K

Amount: \$4,389.22 (General Administration - \$1,247.50 & Construction Management - \$3,141.72)

To: Southeast Nebraska Development District

Address: 7407 O Street, Lincoln, NE 68510

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified Village's account. **Please disburse NDED funds within five days;** otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your Village account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed. **Once the payments have been distributed, please send the Grant Administrator copies of canceled checks and bank statements to upload as source documentation in Amplifund.**

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup
Director of Development Services

Instructions: CDBG Request for Funds (Drawdown/Payment Request)

If a subrecipient has more than one CDBG agreement, funds must be requested separately. Carefully enter all requested information. Double check addition and subtraction. Funds requested must reflect actual eligible cost incurred. Claim exact amounts on each reimbursement down to the penny on the reimbursement request. Requests for funds are to be submitted only as funds are needed for immediate disbursement. Refer to the CDBG Administration Manual, Chapter 12 for more information.

With the exception of the final draw, or requested by DED, there is a **minimum to be drawn** as described below:

- **\$500:** Request for general administration expenditures only.
- **\$1,500:** Request amount for general administration and project expenditures
- **\$1,500:** Request amount for project expenditures only

Identifying Information

The top portion of the Request for CDBG Funds will be completed with the appropriate identifying information.

- **Name of Subrecipient:** Input name of local unit of government who entered into the Agreement with DED.
- **Mailing Address:** Input the mailing address of the subrecipient
- **CDBG Agreement Number:** the number assigned to the contractual agreement between DED and the subrecipient.
- **Federal Identification Number:** Input the subrecipient's federal identification number.
- **DUNS Number:** Input the subrecipient's DUNS Number. If submitting a request after April 4, 2022, this can be left blank.
- **UEI Number:** Input the Unique Entity Identifier number for the subrecipient. This can be located on sam.gov.
- **SAM Expiration Date:** System for Awards Management (SAM) registrant expiration date to receive payment of federal funds. All entities receiving federal funds are required to have an active status within SAM.
- **Number Sequence Order of Funds:** Each request must be sequentially numbered by the subrecipient. Number each request for funds in sequence based on the signature date by the authorized officials.
- **Final Drawdown:** Input "yes" if this is the last request for CDBG; Input "no" if this is not the last request for CDBG funds.
- **DED Program Representative:** Identify the DED Representative who is the main contact associated with the CDBG Agreement.

PART II: Cash Requirements

Part II provides information on the subrecipient's cash requirements. In the row labeled "Activity/Budget Category", identify all the activity code and activity name (as shown in the Sources and Uses Section of the CDBG agreement) above each column. Be sure to complete Part II for all approved activities even if funds are not requested for all activities.

- Line 1** Enter the total of all cash requirements to date for each activity/budget category. This amount should be equal to all expenditures paid to date plus cash needed to meet immediate cash obligations.
- Line 2** Subtract all local matching or other funds disbursed. (Include program income designated for revolving loan funds from prior CDBG agreements for same activities.) This will include local funds already expended and local funds, which will be expended to meet Line 1.
- Line 3** Subtract federal funds applied (include program income). The total of this row must equal the amount shown on Part I, Line 4.
- Line 4** Subtotal by subtracting Lines 2 and 3 from Line 1. This amount should be equal the amount of federal funds needed for immediate cash obligations.
- Line 5** Subtract the amount of any previous Request for CDBG funds, which has not yet been received.
- Line 6** Subtract the amount of federal funds on hand. This amount must equal the amount on Part I, Line 5.
- Line 7** The net amount of federal funds requested is determined by subtracting Lines 5 and 6 from Line 4. This should be the amount of CDBG funds needed (when added to CDBG funds on hand and CDBG funds requested but not yet received) to meet immediate cash obligations.

PART I: Status of Funds

Part I of the form will provide the status of CDBG funds for the related CDBG agreement.

- Line 1** List all CDBG funds received to date.
- Line 2** Add program income received from activities related to the CDBG agreement (exclude program income designated for revolving loan funds).
- Line 3** Subtotal Lines 1 and 2.
- Line 4** Subtract all disbursements of CDBG funds to date (MUST agree to total of Part II, Line 3).
- Line 5** Federal funds on hand should reflect CDBG funds which have not been disbursed.

Signatures

Signatures of both the Mayor/Board Chairperson and the Clerk/Treasurer are necessary to process the Request for CDBG Funds. Signatures must agree to authorization signatures submitted to DED on the Authorization to Request Community Development Block Grant Funds. After signing and dating the Request for CDBG Funds, the subrecipient should retain a copy of the form and upload within AmpliFund.

INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED.

2/22/2024

Village of Leshara, NE
Attn: Paula Wagner
210 Summit Street
Leshara, NE 68064

RE: Village of Leshara #21-PW-013 Drawdown #11

Dear Ms. Wagner:

Enclosed is Drawdown #11 for the Street & Drainage Improvements project. After you have reviewed the materials, please have Board Chairperson, Melvina Ruhe-Lanfheldt and yourself sign the Drawdown (DD) as noted and mail the original DD form back to SENDD for processing. Please sign all documents in "BLUE INK" and place them in File IV.

After the drawdown documents have been submitted and approved by the Department of Economic Development (DED), the Village can expect an automatic transfer from DED within at least 10-30 business days that will be deposited into the designated Community Development Block Grant (CDBG) account. Once received, please write the following check(s):

	TOTAL	CDBG	Match
Drawdown #11: The following #03K Streets/Bridges bills have not yet been paid.			
SEND D GA Invoice(s): Activity Code #21A	\$0.00	\$0.00	\$0.00
Streets/Bridges: JEO Activity Code #03K	\$36,155.00	\$30,044.80	\$6,110.20
SEND D CM Invoice(s): Activity Code #03K	\$0.00	\$0.00	\$0.00
Totals:	\$36,155.00	\$30,044.80	\$6,110.20

LINCOLN OFFICE
7407 O Street
Lincoln, NE 68510
Office: 402-475-2560

www.sendd.org

AUBURN OFFICE
919 Central Ave
Auburn, NE 68305
Office: 402-862-2201

According to the above figures, the Village should make the following payments

Activity Code: #03K

Amount: \$36,155.00 (CDBG - \$30,044.80 & Local Match - \$6,110.20)

To: JEO Consulting Group

Address: 1937 North Chestnut Street, Wahoo, NE 68066

NOTES:

1. Upon completed processing at NDED/State, the CDBG funds will be electronically deposited in the identified Village's account. **Please disburse NDED funds within five days;** otherwise, it may result in a finding during monitoring.
2. If you make a payment with local funds before the CDBG funds are electronically deposited in your Village account, that will be "reimbursement" and those funds are no longer considered "federal" and may be transferred to local accounts as you wish.
3. Please remember to keep copies of the checks made as payment for CDBG activities and keep copies of the bank statements showing deposits of CDBG funds and clearance of checks distributed. **Once the payments have been distributed, please send the Grant Administrator copies of canceled checks and bank statements to upload as source documentation in Amplifund.**

Please feel free to give me a call at (402) 475-2560 if you have any questions.

Sincerely,

Kelly Gentrup
Director of Development Services

PLEASE REFER TO INSTRUCTIONS FOR ADDITIONAL GUIDANCE. INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED

***To update calculations, either tab two (2) fields or click on a different field with your mouse.

Instructions: CDBG Request for Funds (Drawdown/Payment Request)

If a subrecipient has more than one CDBG agreement, funds must be requested separately. Carefully enter all requested information. Double check addition and subtraction. Funds requested must reflect actual eligible cost incurred. Claim exact amounts on each reimbursement down to the penny on the reimbursement request. Requests for funds are to be submitted only as funds are needed for immediate disbursement. Refer to the CDBG Administration Manual, Chapter 12 for more information.

With the exception of the final draw, or requested by DED, there is a **minimum to be drawn** as described below:

- **\$500:** Request for general administration expenditures only.
- **\$1,500:** Request amount for general administration and project expenditures
- **\$1,500:** Request amount for project expenditures only

Identifying Information

The top portion of the Request for CDBG Funds will be completed with the appropriate identifying information.

- **Name of Subrecipient:** Input name of local unit of government who entered into the Agreement with DED.
- **Mailing Address:** Input the mailing address of the subrecipient
- **CDBG Agreement Number:** the number assigned to the contractual agreement between DED and the subrecipient.
- **Federal Identification Number:** Input the subrecipient's federal identification number.
- **DUNS Number:** Input the subrecipient's DUNS Number. If submitting a request after April 4, 2022, this can be left blank.
- **UEI Number:** Input the Unique Entity Identifier number for the subrecipient. This can be located on sam.gov.
- **SAM Expiration Date:** System for Awards Management (SAM) registrant expiration date to receive payment of federal funds. All entities receiving federal funds are required to have an active status within SAM.
- **Number Sequence Order of Funds:** Each request must be sequentially numbered by the subrecipient. Number each request for funds in sequence based on the signature date by the authorized officials.
- **Final Drawdown:** Input "yes" if this is the last request for CDBG; Input "no" if this is not the last request for CDBG funds.
- **DED Program Representative:** Identify the DED Representative who is the main contact associated with the CDBG Agreement.

PART II: Cash Requirements

Part II provides information on the subrecipient's cash requirements. In the row labeled "Activity/Budget Category", identify all the activity code and activity name (as shown in the Sources and Uses Section of the CDBG agreement) above each column. Be sure to complete Part II for all approved activities even if funds are not requested for all activities.

- Line 1** Enter the total of all cash requirements to date for each activity/budget category. This amount should be equal to all expenditures paid to date plus cash needed to meet immediate cash obligations.
- Line 2** Subtract all local matching or other funds disbursed. (Include program income designated for revolving loan funds from prior CDBG agreements for same activities.) This will include local funds already expended and local funds, which will be expended to meet Line 1.
- Line 3** Subtract federal funds applied (include program income). The total of this row must equal the amount shown on Part I, Line 4.
- Line 4** Subtotal by subtracting Lines 2 and 3 from Line 1. This amount should be equal the amount of federal funds needed for immediate cash obligations.
- Line 5** Subtract the amount of any previous Request for CDBG funds, which has not yet been received.
- Line 6** Subtract the amount of federal funds on hand. This amount must equal the amount on Part I, Line 5.
- Line 7** The net amount of federal funds requested is determined by subtracting Lines 5 and 6 from Line 4. This should be the amount of CDBG funds needed (when added to CDBG funds on hand and CDBG funds requested but not yet received) to meet immediate cash obligations.

PART I: Status of Funds

Part I of the form will provide the status of CDBG funds for the related CDBG agreement.

- Line 1** List all CDBG funds received to date.
- Line 2** Add program income received from activities related to the CDBG agreement (exclude program income designated for revolving loan funds).
- Line 3** Subtotal Lines 1 and 2.
- Line 4** Subtract all disbursements of CDBG funds to date (MUST agree to total of Part II, Line 3).
- Line 5** Federal funds on hand should reflect CDBG funds which have not been disbursed.

Signatures

Signatures of both the Mayor/Board Chairperson and the Clerk/Treasurer are necessary to process the Request for CDBG Funds. Signatures must agree to authorization signatures submitted to DED on the Authorization to Request Community Development Block Grant Funds. After signing and dating the Request for CDBG Funds, the subrecipient should retain a copy of the form and upload within AmpliFund.

INCOMPLETE OR INCORRECT FORMS WILL NOT BE PROCESSED.

Monthly Progress Report CDBG Drainage Improvements – Phase 1 Village of Leshara

JEO Project #: 210551.00
Through: November 30, 2023

1. **Work completed during current period**
 - Construction in progress; periodic site visits/inspections
2. **Planned accomplishments for next period**
 - Construction administration and oversight
3. **Project schedule**
 - On track per agreement
4. **Information needed from Owner**
 - None at this time
5. **Budget**
 - 100% of budget used; amendment requested to finish construction and cover additional survey costs during design
6. **Next Meeting Date and Time**
 - Board Meeting: TBD (December 2023)
7. **Other Notes**
 - Coordinate with SENDD on Phase 2 funding
 - Easements will be required for Phase 2

Please contact Jake Miriovsky at 402.367.2540 or at jmiriovsky@jeo.com for any questions or concerns regarding this project and/or progress report.

Monthly Progress Report CDBG Drainage Improvements – Phase 1 Village of Leshara

JEO Project #: 210551.00
Through: January 19, 2024

1. **Work completed during current period**
 - Construction in progress; periodic site visits/inspections
2. **Planned accomplishments for next period**
 - Construction administration and oversight
3. **Project schedule**
 - Contractor is behind schedule; 12/31/23 was the substantial completion date, and the contractor is incurring \$250/day liquidated damages.
4. **Information needed from Owner**
 - None at this time
5. **Budget**
 - 100% of budget used; amendment processed to cover additional survey costs during design and to add 14 hours to the construction services budget.
 - With the continued contractors delays and associated communication and efforts toward resolving the situation, JEO is incurring additional costs that will require a future amendment.
6. **Next Meeting Date and Time**
 - Board Meeting: TBD
7. **Other Notes**
 - Phase 2 funding approved; will be delivering a scope and fee as soon as the Village has executed their agreement with SENDD
 - Easements will be required for Phase 2

Meeting Agenda

KICKOFF MEETING

LOWER PLATTE NORTH NRD
HAZARD MITIGATION PLAN 2025
PROJECT # 220954.00

Meeting Information

Meeting Type: Kick-off

Date: March 26, 2024

Time: 10:00am – 11:30am

Location:

In Person – LPNNRD Office, Wahoo

Purpose

- To Inform
- Seek Input
- Seek Approval

Agenda

1. Introductions
2. Project Description & Planning Area Map
 - a. Update 2020 Lower Platte North NRD Hazard Mitigation Plan
 - i. FEMA Updated Planning Requirements
 - ii. Project Funding
 - b. Threat and Hazard Identification and Risk Assessment (THIRA)
 - c. Drought Management Plan
 - d. Project Schedule
3. Regional Planning Team Roles and Responsibilities
 - a. Support the Planning Process
 - b. Assist in Data Collection
 - c. Assist in Data Engagement
 - i. Project Website: <https://www.jeo.com/lpnnrd-hmp>. County, NRD, and Community websites should link to the project website if possible.
 - ii. Project Flyer
 - iii. Public Survey
 - d. Attend Meetings
4. 2020 Goals and Objectives
 - a. Review previous Goals and Objectives
 - b. Any Changes?

5. Hazard Identification
 - a. 2025 Hazard Selection

6. Participation Requirements & Potential Participants
 - a. Participation Criteria for Inclusion in the Hazard Mitigation Plan
 - i. Taxing Authority (i.e. Communities, Counties, School Districts, Fire Districts, etc.)
 - b. Potential Participants List

7. Next Steps:
 - a. Data Collection
 - b. Schedule and attend Round 1 Meetings
 - c. Project Press Release?
 - d. Contact List Review

8. Contact Information
 - a. Becky Appleford, rappleford@jeo.com, 402-392-9915
 - b. Karl Dietrich, kdietrich@jeo.com, 402-742-7213
 - c. Ryan Chapman, rchapman@lpnrd.org, 402-443-4675

Notes and Action Items

Lower Platte North NRD 2025 Hazard Mitigation Plan Update Project Description & Planning Area Map

This project will update the 2020 Hazard Mitigation Plan (HMP) for the Lower Platte North NRD. The HMP is a community-guided document that identifies both vulnerability to natural and man-made hazards and identifies mitigation measures to reduce or eliminate this vulnerability. This NRD-wide plan includes hazard assessments for all eligible participants within the planning area. The eligible participants may include counties, cities, villages, school districts, fire districts, and other taxing authorities. A map of the planning area can be found on the third page.

Hazard mitigation plans are a requirement of the Disaster Mitigation Act of 2000, administered by the Federal Emergency Management Agency (FEMA). Once a jurisdiction participates in a plan, they become eligible to apply for pre- and post-disaster mitigation grants, which are available on an annual basis. These federal grants allow for up to a 75% cost share for a wide variety of projects listed in the plan.

The existing HMP was approved by FEMA on August 25, 2020. FEMA requires that the HMP be updated and approved every five years. This hazard mitigation plan update is funded by a BRIC Grant. The cost is shared 75% through federal funding and 25% through a local match.

FEMA Mitigation Planning Policy Updates: In April 2022 FEMA released updated local mitigation planning policies that become effective in April 2023. These policies set updated requirements that must be met in order to have an approved hazard mitigation plan. Because of this, you may notice some differences from the last plan. Some bigger changes include additional stakeholders, increased climate change discussion, increased discussion on future land use and development, plan maintenance, community lifelines rather than critical facilities, mitigation action requirements, and High Hazard Potential Dams (Optional).

Threat and Hazard Identification and Risk Assessment (THIRA): A THIRA is a four-step process for communities, counties, and other jurisdictions to understand their risks and determine the level of capability they need to address those risks. During the THIRA process, 32 core capability targets are reviewed and prioritized for the counties to improve upon over the following year. The four-step process then culminates in the identification of resources needed to appropriately respond to the hazard event. Ultimately, the capability gaps related to planning, organization, equipment, training, and exercises are identified and may be used to assist emergency management in budgeting for the upcoming year to address those gaps. Nebraska Preparedness, Exercise, and Training (PET) Regions are required to complete the THIRA annually to assist the region and county emergency management in budget justifications. All members of the 10-county East Central Nebraska PET Region would be invited and encouraged to attend. The 10 counties included in the region are Boone, Butler, Colfax, Dodge, Howard, Merrick, Nance, Platte, Polk, and Saunders Counties.

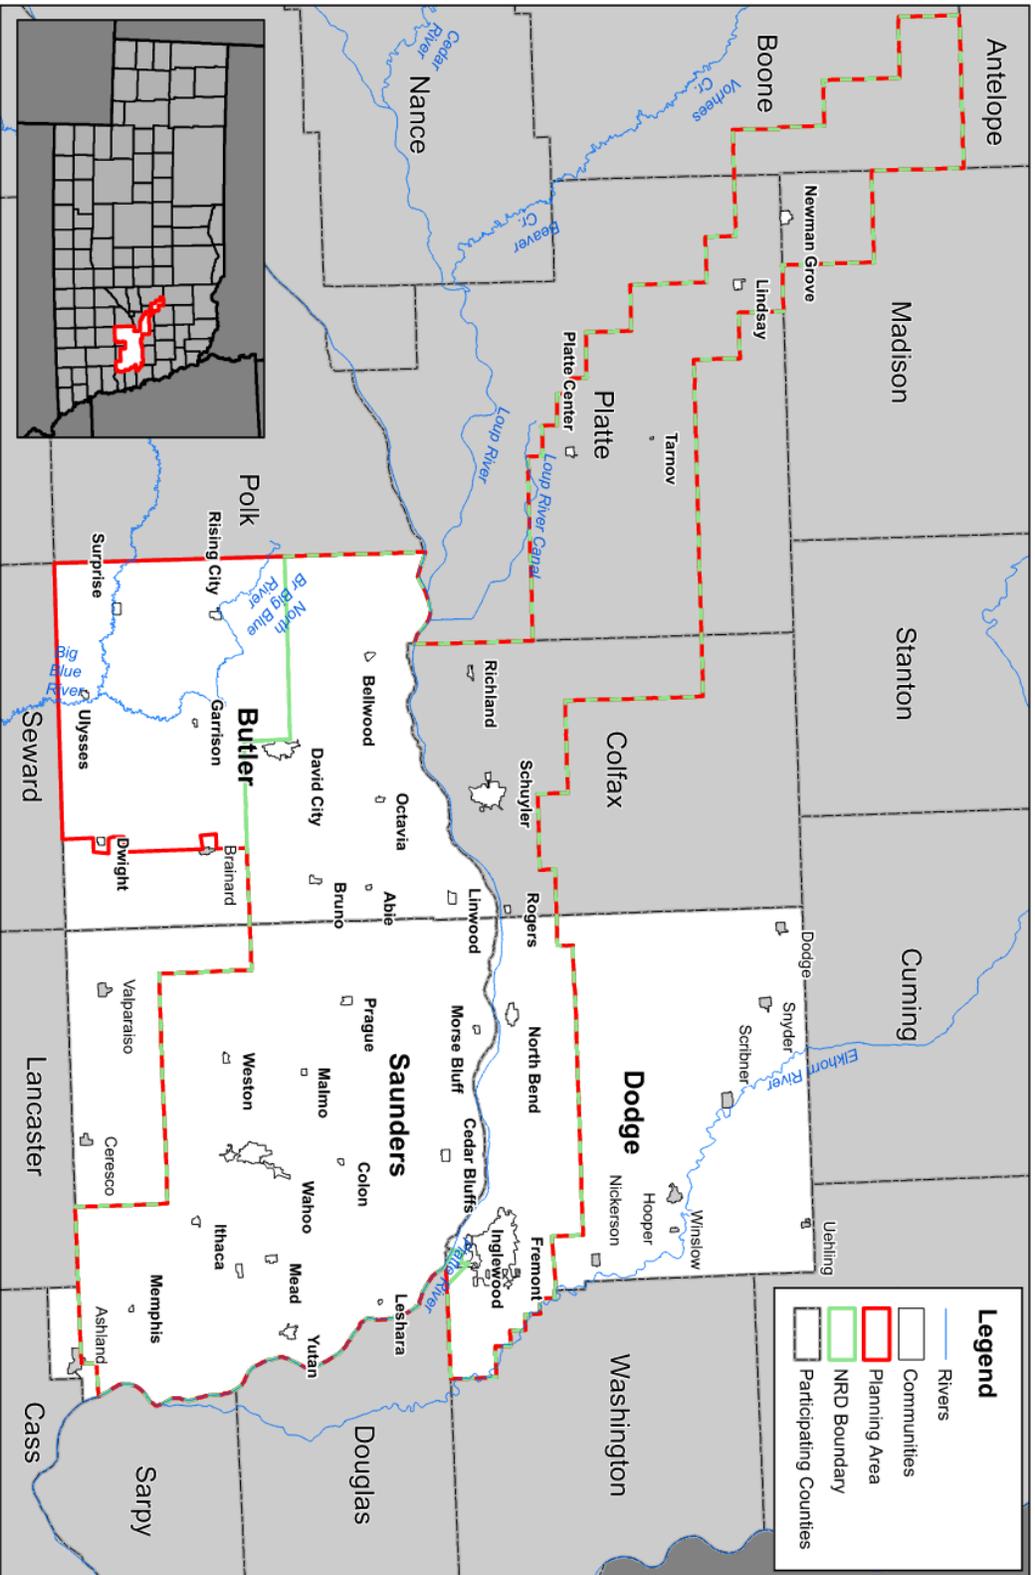

Drought Management Plan: The purpose of a drought management plan is to define drought locally and identify processes to effectively respond to and manage the impacts of future drought events. The Drought Management Plan will be a tool that will assist the Lower Platte North NRD in long-term resource management and policy development. JEO is currently working with the Lower Platte North NRD to develop a scope for the drought management plan.

Project Schedule:

Other Tasks
THIRA: April – September 2024
Drought Plan: TBD

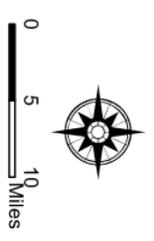

Created By: KD
 Date: 2/14/2025
 Software: ArcGIS 10.8.1
 File Name: Location Map.mxd

This map was prepared using information from record drawings supplied by JCO and/or other applicable city, county, or state agencies. The information is provided to guarantee the accuracy of this map or the information used to prepare this map. This is not a scaled plan.

Planning Area

Lower Platte North NRD HMP 2025

REGIONAL PLANNING TEAM ROLES AND RESPONSIBILITIES

The regional planning team serves to guide the overall development of this plan. They will:

SUPPORT THE PLANNING PROCESS

- Provide direction and input to the planning process
- Review and evaluate project mitigation projects/action items
- Review and provide comments to the draft plan

ASSIST IN DATA COLLECTION

- Work closely with communities, fire districts, school districts, other participants, and JEO Consulting Group
- Assist with identification and collection of local data relevant to the plan update

ASSIST IN ENGAGEMENT

- Serve as a local contact to planning participants
- Encourage communication with all participants
- Disseminate information at public events, local media outlets, and other engagement opportunities
- Public Survey
- Post project flyer on community boards and have a link to the project website on your local websites
 - Project Website: <https://www.jeo.com/lpnnrd-hmp>

ATTEND MEETINGS

- Attend the public meeting nearest to your jurisdiction
- Meet throughout the plan development process to assess and direct the progress of the mitigation plan

2020 HMP GOALS AND OBJECTIVES

GOAL 1: PROTECT THE HEALTH AND SAFETY OF RESIDENTS

Objective 1.1: Reduce or prevent damage to property or prevent loss of life or serious injury (overall intent of the plan).

Objective 1.2: Improve real-time monitoring of hazards with stream gauges, weather stations, and other technology where data gaps are identified.

GOAL 2: REDUCE FUTURE LOSSES FROM HAZARD EVENTS

Objective 2.1: Provide protection for existing structures, future development, critical facilities **community lifelines**, services, utilities, and trees.

Objective 2.2: Develop hazard specific plans, conduct studies or assessments, and retrofit buildings and facilities to mitigate hazards and minimize their impact.

Objective 2.3: Minimize the impact of hazard events through enacting or updating ordinances, permits, laws, or regulations.

GOAL 3: INCREASE PUBLIC AWARENESS AND EDUCATION REGARDING VULNERABILITY TO HAZARDS

Objective 3.1: Develop and provide information to the public, **visitors**, and property owners about their risk and vulnerability to hazards.

GOAL 4: IMPROVE EMERGENCY MANAGEMENT CAPABILITIES

Objective 4.1: Develop or update City and/or County Emergency Response Plan(s) and procedures and increase the capability to respond.

Objective 4.2: Develop or improve Evacuation Plans and procedures.

Objective 4.3: Improve warning systems and ability to communicate to **with** the public **before**, during, and following a disaster or emergency.

~~GOAL 5: PURSUE MULTI-OBJECTIVE OPPORTUNITIES (WHENEVER POSSIBLE)~~

~~Objective 5.1: When possible, use existing resources, agencies, and programs to implement projects.~~

~~Objective 5.2: When possible, implement projects that achieve several goals.~~

GOAL 6: ENHANCE OVERALL RESILIENCE AND PROMOTE SUSTAINABILITY

Objective 6.1: Incorporate hazard mitigation and adaptation into updating other local planning endeavors (e.g., comprehensive plans, zoning ordinance, subdivision regulation, etc.).

Lower Platte North NRD 2025 Hazard Mitigation Plan Update
 Hazard Identification

2021 State Hazards	2020 Lower Platte North NRD Hazards	2025 Lower Platte North NRD Hazards
Animal Disease	Agricultural Disease (Animal and Plant)	Animal and Plant Disease
Dam Failure	Chemical Spills – Fixed Site	Dam Failure
Drought	Chemical Spills – Transportation	Drought
Flood/Flash Flood	Dam Failure	Extreme Temperatures
Human Infectious Disease	Drought	Flooding
Levee Failure	Extreme Heat	Grass/Wildfire
Plant Disease and Pests	Flooding	Hazardous Materials Release
Severe Thunderstorm	Grass/Wildfire	Levee Failure
Severe Winter Storms	Hail	Severe Thunderstorms
Terrorism	High Winds	Severe Winter Storms
Tornado	Levee Failure	Terrorism and Cyber Attack
Wildfire	Severe Thunderstorms	Tornadoes and High Winds
Other Hazards of Concern:	Severe Winter Storms	
<ul style="list-style-type: none"> Chemical Fixed Sites and Transportation 	Terrorism and Civil Disorder	Others?
<ul style="list-style-type: none"> Extreme Temperatures 	Tornadoes	Human Infectious Disease
<ul style="list-style-type: none"> Power Failure 		

Changes:

- Changed Agricultural Disease to Animal and Plant Disease (incorporates Emerald Ash Borer)
- Combined Chemical Fixed Sites and Chemical Transportation into Hazardous Materials Release
- Changing Extreme Heat to Extreme Temperatures
- Combined Hail into Severe Thunderstorms
- Combined Tornadoes and High Winds
- Replaced Civil Disorder and added Cyber Attack to Terrorism

PARTICIPATION REQUIREMENTS

All taxing authorities within the planning area are encouraged to join the planning process. There are four participation requirements outlined by FEMA:

Participate in the Planning Process

- Either attend the public meetings, watch the meeting recording, or contact a project representative for a one-on-one meeting.

Assist in Data Collection

- Complete and return all worksheets and surveys.
- Provide all data as requested.

Plan Revisions

- Review drafts and provide additional requested information for jurisdictional profiles.

Pass Resolution Adopting the Approved Hazard Mitigation Plan

- Upon adoption the jurisdiction is eligible for FEMA funding and technical assistance to implement the plan.

The following page shows the potential participants for the 2025 HMP update.

Stakeholders will also be invited to the public meetings to provide input for their community's participant sections. Notified stakeholders could include:

- Airports
- Hospitals
- Farm Service Agencies
- Long-Term Care Facilities
- Private Educational Systems
- Faith Based Organizations
- Major Employers
- Economic Development Entities
- Public Power Districts
- High Hazard Dam Owners
- Neighboring Jurisdictions
- Vulnerable Populations
 - Any we need to include?
 - _____
 - _____
 - _____
 - _____
- Others?
