Topic that you plan to comment about Covid Religious Exemption
(please be specific)

Submit written public comment HERE. There is a 400 word limit. Please note that all written comments submitted will be made available to the public unless they breach decorum or the rules set forth in policy BDDH.

Seeing multiple positive cases each day for Covid; I feel slightly concerned that staff members used the religious exemptions are getting a free pass on participating in state mandated health restrictions, while putting the community at risk.

What special restrictions are in place for these workers? Was there any verification process for this paperwork? How many staff did end up submitting this exemption? Will there be any communication with staff at some point?

Please select one that most describes your affiliation with the district.
