**BOYCEVILLE COMMUNITY SCHOOL DISTRICT
BOARD OF EDUCATION WORK SESSION & SPECIAL MEETING
Boyceville Middle/High School Library
Wednesday, May 6, 2026**

The Board of Education of the Boyceville Community School District met for a Work Session and Special Meeting on Wednesday, May 6, 2026, at 5:03 p.m. in the Boyceville Middle/High School Library.

Board Members Present: Amber Carlsrud, Stacy Fetzer, Shanna Krueger, Ben Mrdutt, and Jessie Olson

Others Present: District Administrator Nick Kaiser, Alesha Kersten, Emmaly Monfort, and Derrick Retz

Motion by Ben Mrdutt to approve the agenda as presented. Seconded by Jesse Olson. All voted in favor. Motion carried.

WORK SESSION

Discussion Items:

- Referendum Updates on Current & Upcoming Projects
 - Flooring – Reviewed Terrazzo flooring designs at TCE and the MS/HS. Terrazzo Flooring Design Company will meet in the District Office tomorrow to finalize the summer work schedule. Work will be completed at one school at a time starting with the MS/HS. We anticipate five days for demo at each building. TCE may have an unfinished floor section at the start of school.
 - Bathroom Upgrades – All partitions have been replaced and we are working on upgrading fixtures.
 - Middle School Gym – The Board discussed painting the MS gym prior to the flooring installation. District Administrator Nick Kaiser will review our original bids to determine if the basket motor replacement was included.
 - Miscellaneous Items
 - CTE area work to begin June 1
 - Locker bids have been sent out for replacement and painting
 - Bus Garage tank upgrade and canopy bids
 - MS cabinet replacement in the old middle school classrooms
 - TCE parking lot design and fencing
- Review Bids for Bleachers, Air Control Sensors, Field Irrigation, Utility Vehicle, Elementary Parking Lot, Fencing, and Painting
 - Baseball, Softball, and Track Bleachers – Current bleachers require upgrading or repair for ADA compliance. The Board reviewed and considered the cost savings between repairing and replacing these bleachers.
 - Air Control Sensors – Installing the air control sensors will save the district energy costs. We can expect a rebate from Focus on Energy to help cover the cost.
 - Field Irrigation – The District’s current irrigation system is outdated (purchased in 1986-88), parts are obsolete, and requires manual labor. A new system to irrigate the baseball, softball, and practice football field can run off from a meter and only would run when needed saving labor, water, and energy usage.

- Utility Vehicle – The Board compared the John Deere Gator and Bobcat utility vehicles for our district grounds.
 - Asphalt Maintenance – Seal and strip the parking lots - summer of 2027
 - Fencing – Finish the existing fence on the west side to act as a barrier to provide safety for our students and keep them contained while on the playground. Fencing needs may change depending on the TCE parking lot design.
 - Painting – Discussed painting the MS Gym prior to the gym floor installation
- Prepare Athletic Director Report Discussion Items for the June 10th Board Meeting – Season and end of year overview, projections for the fall, athletic goals, issues, and resolutions for 2026-2027.
 - 2025-2026 Pillars/Focus Review – Climate/Culture: The District will have the Flippin’ Good food truck on site on the last day of teacher in-service for the 2025-2026 school year; and we will be utilizing Parent Square in the fall as a district wide platform for all family communications. Mr. Kaiser shared information regarding legislation on parent communication and the importance of being cognizant about how we are communicating with students.
 - School Board Professional Development – The Board viewed a short video on Board governance put on by the Wisconsin Association of School Boards (WASB). The Board then discussed and reviewed basic governance practices.

Boyceville High/Middle School

Principal's Report

May 20, 2026

Submitted: Friday, May 15, 2026

Facilities

We continue to learn more about our upgraded security measures as the high/middle school office has had the addition of our fob programming installed. This process has added an additional learning curve as the system requires staff to fob out of the office on the northwest entryway - ensuring that we continue to limit access to our facilities during the normal school day. We continue to learn on the fly and are hopeful that the summer will provide us an opportunity to evaluate the initial structures and determine what will be our standard for school day operations as we start the 2026-2027 school year.

We continue to work on assessing our key cores for doors throughout the high/middle school - attempting to reduce the volume of different keys that are required. We are hopeful that we can come to a more universal approach AND that we can minimize the number of physical keys that are distributed in an effort to truly make our building safe and secure.

Nancy Pustol and I have been working on upgrades to the newly created high/middle school conference room, as well as the staff workroom. We are hopeful that we can have both spaces fully operational by the start of the upcoming school. The conference room will provide seating for up to five people and feature a new conference table and has already been outfitted with a CleverTouch - providing a new venue for professional development opportunities. The staff workroom enhancements will result in a more functional space that will provide teachers a comprehensive workspace and we hope to incorporate a computer workstation as well as a phone.

Curriculum & Instruction

There are a number of high leverage activities that have continued to draw our attention over the past month, highlighted by staffing changes. Since our April meeting, we have received two resignations, bringing to three, the number of staff that we will need to replace for the upcoming school year. Earlier this month, we approved the hiring of Jacob Strain as our new technology education/science teacher; at the time of this writing, I am working on scheduling an interview for our Spanish position and we are looking at varying options in an effort to account for our business/marketing program. While we wish the best to each of those staff members who will be leaving us, we remain optimistic that we will be able to offer excellent opportunities for our students across each of these curricular areas.

I have been working closely with Gretchen Pederson in order to implement a schedule revamp in our middle school programming. This includes moving our exploratory courses to first period and more fully incorporating our sixth grade cohort into the rotations that we provide our seventh and eighth graders. We are also reviewing our pilot that we ran in conjunction with middle school band - requiring all middle school students to enroll in either band or choir. We

are in the process of surveying our current sixth and seventh grade students to learn about their preference as we hope to continue to further develop this program.

The three resignations at the high school level resulted in a brief delay in finalizing our scheduling and registration for the 2026-2027 school year as we need to consider all options before working to finalize a master schedule. Karlene Berry has begun the next stage of our scheduling process - filling in holes for those students who were unable to be assigned to a full schedule. The majority of our students who have incomplete schedules need to find one additional class (and there are a handful of outliers that will need to find multiple courses) to be considered full-time students.

We have received test results for the ACT and PreACT Secure; the ACT released a statement on Wednesday, May 13, that all scores were being pulled as there was an error in the assessment of writing samples that were submitted via online testing - the version of the test that BHS engaged in. There is no timeline for when the updated scores will be released, however, ACT has shared that NO SCORES will be lower (and the majority will be unchanged). PreACT Secure results were posted electronically on Thursday, May 14 - while there are a good number of individual results that are exciting, the overall results for our sophomore and freshmen cohorts falls below the anticipated composite. I will be working on reviewing this data and developing a presentation to be shared with staff in an effort to appropriately react to this information.

Climate/Culture

Our chosen characteristic for the Student of the Month in April was honesty; I am proud to share that Aubrie Humpal was our recipient at the high school and Annabelle Chernak was our recipient at the middle school. Both students were nominated by Ms. Lange.

We have had a phenomenal spring at BHS/BMS with a large number of events taking place that highlight our students and their talents both in and out of the classroom.

- Will Engel was selected as the first-ever Wisconsin recipient of the National Science Olympiad Scholarship. This endowment - worth \$10,000 - highlights Will's success within Science Olympiad, as well as his civic-mindedness as it serves to recognize those students who use SO as a platform to better their community - Will's leadership and heightened involvement in Family Fun Nights, TCE demonstrations and the annual Red Cross Blood Drive.
- Our girls' and boys' track teams continue to excel - improving over the course of the season to be considered one of the favorites to earn DSC Conference Championship titles. There have been six school records broken over the course of the past two months - including a handful that have been broken multiple times this season. We continue to be excited about the possibilities that our season has as we head into the postseason.
- Our softball team moved into a tie for first place on Thursday, May 14, knocking off previously undefeated Colfax. The girls continue to play great team ball and as of this writing have a season record of 17-3 and a conference record of 14-1.
- Our baseball team remains as hot as any team in the area as they have won twelve in a row and are tied for first place in the DSC with a record of 12-1 (17-1 overall).

Special Education Services - zero spaces, all grades

Criteria for Determining Available Space in Special Education or Related Services (DPI Bulletin 16-10 January 2017)

The school board must have criteria for determining whether it has space in any special education or related service. Specific criteria must be applied consistently to ensure decisions about special education space are not arbitrary or unreasonable.

Criteria may include:

Class size limits or pupil-teacher ratios

Staffing capacity limit, including:

The amount of services pupils may need (e.g., minutes/hours, days per week)

Class/group size based on intensity of pupil needs (e.g., 1:1, small group, crisis intervention)

The type of staff to address various disability-related needs (e.g., special education teacher, pupil services staff, related services)

Projected pupil enrollment and changes to services in pupils' IEPs . We need to account for students already in the district and / or new students moving into the district that are already identified as special education.

Criteria may not include:

Limits that are based on pupil eligibility category labels (e.g., SLD, Autism, ID)

Limits that are based on IDEA environment codes (e.g. amount of time in general education classroom, Env. Code)

Limitations related to transportation

Other considerations: Neither state nor federal special education law contains requirements for minimum or maximum space/staffing capacity to provide special education and/or related services. Local school districts are responsible for determining policies and criteria related to space/staff capacity to provide special education services.

Hi Becky,

Just wanted to let you know that I had someone reach out to me last week to offer a donation of weighted supplies to the school district. They used to own a company "Weighted Wearables" but have closed and are getting rid of their inventory. They said they know Taylor Pitt, I guess they are family friends. I haven't seen the products yet, I am going to pick them up today, but wanted you to be aware of the donation!

Here is their original email to see what we are getting.

"
Brittanees,
Carol & I own Weighted Wearables, LLC, a company that manufactures and sells weighted vests, lap pads and weighted blankets for sensory processing and special needs individuals. We closed the business last year and have a few items remaining in inventory. We donated several items already to the Menomonie School District.

Would the Boyceville School District be interested these remaining items as donation from us?"

Hi,

The amounts are correct. Not the "25", that is in bold, not sure what that is. But the individual number of each item is correct. The blankets have some cute designs and seem to be great quality, with removable weighted tubes for washing.

Book	Policy Manual
Section	3000 Professional Staff
Title	EMPLOYMENT OF PROFESSIONAL STAFF
Code	po3120
Status	Active
Adopted	January 14, 2004
Last Revised	February 16, 2022

3120 - **EMPLOYMENT OF PROFESSIONAL STAFF**

The Board recognizes that it is vital to the successful operation of the District that positions created by the Board be filled with highly-qualified and competent personnel.

All employees other than the District Administrator or support staff members (Policy 0100 – Definitions) are considered professional employees.

The Board shall approve the employment, and also fix the compensation, and establish the term of employment for each professional staff member employed by this District. Teachers may only be employed by contract, and full-time teachers may only be employed following a majority vote of the full membership of the Board or as required or permitted by law. The Board shall approve the employment of any employee required by law to be employed only following the majority vote of the full membership of the Board.

Such approval shall be given only to those candidates for employment recommended by the District Administrator.

Relatives of staff members may be employed by the Board, however, arrangements should be made so that the staff member being employed is not placed in a position in which s/he would be supervised directly by, or supervise directly, the relative staff member.

The employment of professional staff members prior to approval by the Board is authorized when their employment is required to maintain continuity in the educational program, except as prohibited by law, including the employment of full-time teachers and certain administrative employees on a substitute basis, pending Board approval. Employment shall be recommended to the Board at the next regular meeting.

For those staff members who will be instructing children in reading and/or language arts in pre-school and/or grades kindergarten through sixth grade, their certificate must verify successful completion of instruction that includes the teaching of phonics.

There must also be verification that a satisfactory background check has been conducted by the Department of Public Instruction or appropriate State agency.

Any person who signs a contract to teach in the District must, within ten (10) days after signing the contract, file in the office of the District Administrator a statement showing the date of expiration and the grade and character of the certificate or license held, or evidence of a timely filed extension of such certification with the Department of Public Instruction. Only teachers that hold the appropriate license, permit or accepted application for extension of certificate for the subject matter and grade level taught shall be considered qualified.

The District Administrator shall prepare procedures for the recruitment and selection of all professional staff which includes reporting newly hired employees to the Wisconsin Department of Workforce Development.

DISTRICT SUPPORTED ALTERNATIVE LICENSING PROGRAMS

As part of the Board's efforts to provide the highest quality education for all students in all subject areas, the Board authorizes the District Administrator, where appropriate, to support teacher licensure opportunities.

EXPERIENCED-BASED LICENSURE FOR TECHNICAL AND VOCATIONAL EDUCATION

"Technical education" means technology education and any technology-related occupation.

"Vocational education" means agriculture, child services, clothing services, food services, housing and equipment services, family and consumer education, family and consumer services, home economic-related occupations, healthcare-related occupations, trade specialist, business education, business and office, and marketing education.

The District Administrator may support the application for an experience-based license for a teacher to teach in a technical and/or vocational education field, provided that the individual can be credited with at least 100 points using the following system:

- A. The following points for experience in a technical field (must comprise at least twenty-five (25) of the required 100 points):
1. For a bachelor's degree in any science, technology, engineering, or mathematics field and any teaching license or permit, or in a field related to the vocational subject, 100 points.
 2. For a bachelor's degree in any science, technology, engineering, or mathematics field, or in a field related to the vocational subject seventy-five (75) points.
 3. For a bachelor's degree in a field other than those described in numbers 1. and 2., above, sixty-five (65) points.
 4. For industry or vocational certification, ninety (90) points.
 5. For industry experience in a trade or technical field or vocation, five (5) points per forty (40) hours worked up to a maximum of ninety (90) points.
 6. For an internship in a trade or technical field or in the vocation, twenty-five (25) points.
 7. For being mentored in a trade or technical skill or in the vocation by a colleague or a Wisconsin Technology Education Association or a recognized vocational association approved mentor, twenty-five (25) points.
 8. For an apprenticeship in a trade or technical field or in the vocation, five (5) points per forty (40) hours worked up to a maximum of ninety (90) points.
- B. The following points for pedagogical experience (must be at least twenty-five (25) out of the 100 required points):
1. For a bachelor's degree in technical or technology education, 100 points.
 2. For a bachelor's degree in a field other than any science, technology, engineering, mathematics, or technical or technology education field, or in a subject related to the vocation and any teaching license or permit, seventy-five (75) points.
 3. For credit earned at an accredited institution of higher education or technical college, three (3) points per credit up to a maximum of seventy-five (75) points for technical or technology education courses and science, technology, engineering, or mathematics courses or any field related to the vocation and three (3) points per credit up to a maximum of seventy-five (75) points for education and pedagogical courses.

4. For completing at least 100 hours of training in pedagogy, five (5) points per fifty (50) hours up to a maximum of seventy-five (75) points.

Individuals who have sufficient points may be employed by the District under an experience-based license provided that the District Administrator implements a professional development curriculum for the teacher to follow during the three (3) year period of the initial license. The District Administrator shall monitor the teacher's progress in fulfilling the curriculum.

PROFESSIONAL TEACHING PERMIT

The District Administrator may support the teaching license application of an individual to teach a course in engineering, mathematics, science, computer science, art, music, or world languages that do not yet hold a professional teacher license provided that the following criteria are met:

- A. The District is experiencing a shortage in the availability of teachers with professional teaching certification in the subject area and is unable to fill a position with an acceptable licensed teacher.
- B. The individual holds at least a bachelor's degree in engineering, mathematics, science, computer science, art, music, or world languages.
- C. The individual possesses at least five (5) years of verifiable industry experience in the same field as the bachelor's degree.
- D. The individual has completed at least 100 hours of pedagogical training in an alternative teacher licensing program approved by DPI.
- E. The District Administrator shall implement a plan to provide supervision of the teacher by a teacher that holds regular professional teaching licensure during the two (2) year period of the permit.
- F. The hiring of the teacher under this alternative licensure program will not displace a regularly licensed teacher in the District.

CONTRACT FOR ON-DEMAND SPEECH-LANGUAGE THERAPY SERVICES

This Agreement (“Agreement”) is entered into as of the ____ day of _____, ____ (“Effective Date”), by and between Go Go Midwest Speech Therapy, LLC (“Business”) and Boyceville School District (“District”).

RECITALS

WHEREAS, the District provides special education programs for its students and has identified a need for on-demand therapy services as part of these programs; and

WHEREAS, the Business offers such services and desires to contract with the District to fulfill these needs;

The parties therefore agree as follows:

1. Term and Termination:

This Agreement shall remain in effect for the duration of the regular school year, unless otherwise specified in writing. Either party may terminate this Agreement early by providing 30 days written notice of termination if the other party fails to remedy a material breach or misrepresentation associated with this Agreement. In cases of severe misconduct by either party, the Agreement may be terminated without notice. Severe misconduct includes, but is not limited to: (1) criminal activity such as fraud, theft, or embezzlement; (2) any form of abuse, neglect, harassment, or conduct that endangers the safety or well-being of students; (3) unauthorized disclosure of confidential or protected student information in violation of FERPA or other applicable laws; (4) falsification of records, misrepresentation of credentials, or other unethical professional conduct; (5) gross negligence or willful disregard of contractual obligations that results in harm or disruption of services; and (6) failure to comply with federal, state, or local laws, regulations, or professional licensing requirements. In the event of termination for severe misconduct, the terminating party shall have no further financial or contractual obligations beyond payment for services lawfully rendered prior to the termination date.

Upon termination, the Business shall take reasonable steps to facilitate a smooth transition of services, including providing necessary documentation or guidance to a successor provider, if applicable. Any outstanding reports, evaluations, or required service documentation will be submitted by termination date. Additionally, the Business shall return all District-owned materials, equipment, and records within **30** days of termination and ensure that any confidential student records are securely destroyed or returned in compliance with **FERPA** and other applicable privacy laws.

2. Obligations of Business:

The Business shall provide services on-demand or as needed providing the following professional services:

- A. Development and implementation of Individual Education Programs for students who qualify for applicable therapy services not limited to direct therapy, consultation, or supervision of related personnel.

B. Skilled recommendations and/or modifications regarding service delivery, modality, and accommodations as deemed appropriate per Wisconsin Administrative Code PI 11.36 criteria and Scope of Practice.

C. Collaboration with appropriate personnel to address student services and needs.

D. Attendance in student-related meetings such as IEP meetings, annual review meetings, and other meetings deemed appropriate by both parties.

E. Case management of students, as deemed appropriate.

F. Maintenance of a caseload no more than 40 students under active therapy services during the time of as-needed service provision.

G. Indirect therapy services that support academic achievement include, but are not limited to, skilled session preparation, scheduling, documentation of services provided, and other ancillary tasks deemed necessary to effectively manage and support the assigned caseload.

3. Obligations of District:

These duties are part of the district's obligation to ensure the proper delivery of therapy services.

A. District will provide an adequate space/room for both individual and group therapy sessions.

B. District will give Business access to required screening, assessment, and therapy materials. District will provide district forms, computer, and access to necessary technology for service provision. All requested materials will be provided to Business at least 10 business days prior to service start to allow for smooth initiation of services.

C. The District shall promptly respond to all reasonable requests made by the Business for information, approvals, and other matters related to the Business's services. The Business will not be liable for any delays which result from the District's failure to respond promptly.

D. The district should provide up to 5 days' notice for requests for services from a business, allowing sufficient time for the Business to assess and accommodate the needs of the request effectively. This notice period ensures that the Business can allocate resources, make arrangements, and meet the expectations of the district.

4. Invoicing and Billing:

Billing: The District agrees to pay a rate of \$95 per hour for all services specified in this Agreement, as well for any additional services requested and assigned by the District.

Invoicing: By the 5th of each month, Business will provide an invoice for services from the previous month. The billing basis is 0.8 FTE (approximately 30 hours per week). Any services requested by the District exceeding this 0.8 FTE threshold must be authorized in advance and will be billed at the standard hourly rate. District shall pay such invoice within 30 days of

receiving the invoice or a 5% invoice increase will be applied for late payment.

Collection Fees: If the District fails to remit payment within 60 days past the due date, the Business reserves the right to engage a collection agency or pursue legal action. The District agrees to be responsible for any reasonable costs of collection, including but not limited to, collection agency fees, attorney fees, court costs, and other expenses incurred in recovering the outstanding balance.

5. Privacy and Confidentiality: The Business agrees to comply with all applicable privacy laws, including the Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act (HIPAA). All personally identifiable information (PII) and student records obtained during the course of this agreement will be used solely for the purpose of providing services and will not be disclosed without proper authorization, except as required by law.

In accordance with state and federal law, Business reserves the right to disclose confidential information when necessary to report suspected abuse, neglect, exploitation, or any situation that poses a risk to the safety and well-being of a child or vulnerable individual. Such disclosures will be made only to the appropriate authorities, including child protective services, law enforcement, or other designated agencies, as required by law. Mandated reporting obligations take precedence over confidentiality agreements, and no employee or contractor of Business shall be penalized for making a good-faith report of suspected harm

The Business will implement appropriate safeguards to protect confidential information and will immediately notify the District of any unauthorized access, use, or disclosure.

6. Insurance: Business shall maintain professional liability insurance for all services performed under this Agreement. Proof of insurance with minimum limits of \$1,000,000 per occurrence shall be provided to the District upon request. As an independent contractor, Business is solely responsible for all federal and state income tax withholdings and Social Security (FICA) payments. The District shall not provide workers' compensation or participate in any teacher retirement system on behalf of the Business.

7. Regulatory Compliance: Business will comply with all Federal, State and Local regulations concerning special education compliance. Business will submit a W-9 form to be kept on file at the school district office.

8. Modification and Waiver: No modification, amendment or waiver of any of the provisions of this Agreement shall be effective unless contained in writing specifically referring to this Agreement and signed by the parties hereto. The failure by a party at any time to enforce any of the provisions of this Agreement, or to require performance of any of the provisions hereof, shall in no way be construed to be a waiver of such provisions or to affect either the validity of this Agreement or any part hereof, or the right of such party thereafter to enforce each and every provision in accordance with the terms of this Agreement.

9. Indemnification: The Business agrees to indemnify, defend, and hold harmless the District, its officers, employees, and agents from any and all claims, liabilities, damages, and expenses (including reasonable attorney fees) arising out of or resulting from the Business's performance of services under this agreement, except to the extent caused by the negligence or willful misconduct of the District.

Conversely, the District agrees to indemnify, defend, and hold harmless the Business, its officers, employees, or subcontractors from any and all claims, liabilities, damages, and expenses (including reasonable attorney fees) arising from the District's and its representatives' acts or omissions in connection with this agreement, except to the extent caused by the negligence or willful misconduct of the Business.

10. Entire Agreement: This Agreement constitutes the entire Agreement between the parties concerning the subject matter hereof and supersedes any and all other written or oral communications, agreements, or contracts between the parties with respect to such subject matter.

11. Construction: Section headings are included herein solely for convenience of reference and shall not be construed as part of any section or to modify the contents thereof. Any ambiguities in this Agreement shall not be interpreted against the drafting party. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall remain in full force and effect.

12. Governing Law: This Agreement shall be governed by and construed under the internal laws of the State of Wisconsin without reference to conflicts of law principles.

13. Standards, Disclaimers, & Limitations: The Business's services under this Agreement are limited to providing skilled therapy services, which the Business will perform in accordance with generally accepted industry standards and practices. The Business does not assume any responsibility for the acts or omissions made by the District, its employees, students, caregivers, or any other third party. The Business does not make any guarantees regarding the effectiveness of therapy or student progress. Except as expressly provided in this Agreement, each party disclaims all warranties of every kind, whether express or implied. Neither party will be liable to the other party for any incidental, consequential, indirect, special, exemplary, or punitive damages, arising out of or related to this Agreement. The disclaimers and limitations of liability in this agreement will apply regardless of the underlying legal theory of the claims and regardless as to whether the other party has been advised of the possibility of such damages.

14. Interpretation: Neither this Agreement nor any uncertainty or ambiguity herein shall be construed or resolved against one party whether under any rules of construction or otherwise. On the contrary, this Agreement has been negotiated by and between the parties and shall be construed and interpreted according to the ordinary meaning of the words used so as to fairly accomplish the purposes and intentions of all parties hereto.

Each party is signing this Agreement as of the Effective Date.
