CLOSE UP PROPOSAL HIGH SCHOOL PROGRAM

SCHOOL: ROCK RIDGE HIGH SCHOOL

WHY PARTNER WITH THE CLOSE UP FOUNDATION?

NON-PROFIT: Close Up is a non-profit, non-partisan education organization with over 50 years of experience and nearly one million alumni. We inform, inspire, and empower young people to become active and engaged citizens and develop the skills and attitudes necessary to become leaders in their schools and communities.

NOT JUST A SIGHT-SEEING TOUR: Using Washington, DC, as a living classroom, students actively engage with the city and one another through interactive lessons, deliberations, and simulations through our methodology and curriculum.

DEDICATED PROGRAM INSTRUCTORS: Our highly trained instructors deliver top-notch experiential curriculum in a small group setting. Students will meet with peers from across the country to expand and complement their world view. They will engage with each other and their instructor in discussions that help build connections between social studies content and the world outside the classroom. Throughout the process, instructors will ensure students are fully engaged, having fun, and learning new civic skills!

CONNECTING HISTORY TO TODAY: At every monument, memorial, and museum, instructors help students connect what they are seeing to current issues by providing history and context. For example:

- *American Political Values* - At the Jefferson, FDR, and MLK Memorials students examine where the American political values of liberty, equality, and justice come from; the connection between them; and what they mean today.

INTENTIONAL SCAFFOLDING AND SEQUENCING: Schedules are designed so that each site visit builds upon previous activities and discussions. For example:

- *Congressional Simulation* - Before visiting Capitol Hill, students participate in our signature Mock Congress Activity. By taking on the role of Members of Congress, students experience the legislative process firsthand and are prepared to ask substantive questions during their Capitol Hill meetings.

MEETINGS WITH CONGRESSIONAL DELEGATION: Students and teachers spend a day on Capitol Hill where they will meet with their elected officials or their staff and have the opportunity to ask questions about important current issues. Schools can also use independent time between meetings to visit other iconic sites on Capitol Hill, like the Supreme Court and Library of Congress.

BEHIND THE SCENES ACCESS: Students hear from and ask questions of public policy officials and other key players at places such as foreign embassies, the State Department, and policy advocacy organizations. Close Up partners with over 100 organizations in Washington, DC, to give them a dynamic perspective of the nation's capital beyond the monuments.

ONE-OF-A-KIND TEACHER PROGRAM: We offer teachers the opportunity to network with other educators from around the country, return home with new tools to enhance teaching practices, and earn CEU and graduate credits all while exploring famous sites in and around DC.

SUPERVISION AND SUPPORT

STAFFING MODEL: Upon arrival in Washington, DC, schools will be welcomed by our staff, which includes a full-time Program Leader, Program Instructors, a Program Assistant, and night monitors. All staff members pass federal and state background checks before hiring and must complete CPR/AED/First Aid training before working with students.

- **Program Leader & Instructors** - One full-time program leader is dedicated to your program. There are two program instructors per bus and each lead a workshop group of 20-25 students. Every leader and instructor is college-educated and has received over 120 hours of training, as well as ongoing professional development to stay up-to-date with experiential teaching methodologies and techniques.
- **Program Assistant** - A dedicated staff member available to assist when a student is sick or needs to visit a doctor due to illness. This assistant is also available to provide supervision at the hotel if a student is not able to participate on program.
- **Night Monitors** - Staff members are stationed in each hallway overnight to check students into their rooms and address any needs that may arise overnight.

MEDICAL CARE: Close Up partners with several leading healthcare providers, including Georgetown University Children's Medical Center (GUCMC), to ensure that students have access to quality health care should they get sick while on program. Close Up, along with the trip coordinator, will work together to ensure that students get timely access to quality health care if the need arises.

EMERGENCY HOTLINE: This 24/7 hotline number is printed on student nametags and is made available to parents and administrators before program begins.

LIABILITY INSURANCE: Close Up has a liability policy in place to protect all schools. School-specific liability certificates are available upon request.

TRAVEL SUPPORT: We provide a toll-free number staffed by our transportation team during travel days. We monitor arriving and departing flights throughout the day and night. If any problems arise (flight cancellations, weather delays, schedule changes, etc.), schools can call and we will work with you to find a solution.

“Close Up taught me how to get involved and why it is important to use my voice and to help make change everyday.”

- SAMANTHA, STUDENT, AZ

CURRICULUM & RESOURCE DESIGN: Using a methodology based on issue-centered education, cooperative learning, multipartisanship, and democratic classroom leadership, our customized curriculum and resource plans for schools and districts, are designed to inspire and boost student engagement both at school and out in the community.

PROFESSIONAL DEVELOPMENT: Our virtual and in-person PD sessions provide interactive, innovative training to help teachers successfully navigate challenging conversations about social and political issues at school. Each session can be fully customized to meet curricular, grade-level, and school or district needs. All sessions include ready-to-use lesson plans, activities, tools, strategies, and digital resources that promote critical thinking and thoughtful discourse among students. Examples include:

Virtual programs are designed to be flexible, making them easily adaptable to any schedule or learning goal. All programs are facilitated by Close Up instructors, who are experts in leading student discussions, building inclusive communities, and connecting students to the world around them.

2. CAPABILITY

School Representative understands that the Program requires a level of education, maturity, and independence of Participants. School Representative confirms that the Participants are comfortable with the noise and crowds in Washington, D.C., and/or other Program locations and are capable of rooming with students from different parts of the country (as applicable); keeping up with the rigorous physical and academic demands of the Program (8:00am - 10:00pm each day); riding a charter bus throughout the week; participating in discussions on public policy issues, history, and government with their peers throughout the day; attending seminars; and following instructions on where and when to meet instructional staff for workshops, seminars, monument study time, and meals.

3. RULES OF CONDUCT ON THE PROGRAM

School Representative agrees to inform Participants that they are expected to follow Close Up Rules of Conduct (as set forth herein) at all times. In addition to those set forth in Section 2 herein, these rules and policies further include: (a) showing respect at all times during the Program, including to students, teachers, Close Up staff, presenters, vendors, and through digital communications; (b) be in Participant’s respective hotel room before curfew; (c) participating in all scheduled Program activities unless previously excused by Close Up or Participant School; (d) not entering a hotel room to which a Participant was not assigned; (e) not leaving the Program or having visitors without prior written permission from Participant School and Close Up; (f) not violating Close Up’s Social Media Policy (as set forth in Section 4 herein); and (g) not possessing or using alcoholic beverages, illicit drugs, or firearms or weapons of any kind. Close Up also prohibits a Participant’s use of any tobacco products or electronic nicotine delivery systems (e.g. e-cigarettes, Zyn pouches) while in Close Up hotels or while participating in any component of the Program.

By signing this Enrollment Agreement, School Representative agrees to be available to assist with Participants’ compliance in these matters as appropriate, including but not limited to, the occurrence of a violation of the Close Up Rules of Conduct by a Participant. School Representative further agrees that in the event of any non-compliance with Close Up Rules of Conduct, School Representative will be available to facilitate communication with a Participant’s parent(s) and/or legal guardian(s) and Participant School. School Representative further acknowledges and agrees that Close Up reserves the right, in its sole and exclusive discretion, to expel or otherwise discipline any Participant who does not meet the behavioral and/or performance standards of the Program, or whose conduct at any time or place interferes with the Program or its operations or brings discredit or reputational harm to the Program or Close Up. If a Participant is expelled from the Program, Close Up will send such Participant home at the sole expense of such Participant’s parent(s) and/or legal guardian(s).

4. SOCIAL MEDIA POLICY

Participants shall be respectful in all communications and blogs related to or referencing the Program and/or Close Up, its employees, and other Participants. Participants shall not use social media outlets, blogs or personal web sites to disparage the Program, Close Up, other Participants and/or Close Up staff. Participants shall not use social media outlets, blogs or personal web sites to harass, bully or intimidate other Participants or Close Up staff. Behaviors that constitute harassment and bullying include, but are not limited to, comments that are derogatory with respect to race, religion, gender, sexual orientation, color or disability; sexually suggestive, humiliating or demeaning comments; and threats to stalk, haze or physically injure another person.

By signing this Enrollment Agreement, School Representative acknowledges and understands the Social Media Policy set forth in this Section

CLOSE UP PROGRAM 2024/25 TERMS & CONDITIONS

4 and agrees to cooperate with Close Up as necessary to enforce such policy as required to ensure Participants' compliance with such policy as described herein.

5. ROOMING ON THE PROGRAM

Participants will room in quads (four to a room) with other students identifying as the same gender from the same school. Close Up will work with Participant School to encourage and arrange rooming accommodations that protect and respect all students. Close Up uses hotel rooms that contain two double beds. In most circumstances, two students are expected to share each bed. If Participant School does not have multiples of four, students may have to room with students from a different school. Students from different schools will not share a bed. Close Up rooming policies are subject to change.

School Representative and other participating adults will room in double rooms (a hotel room with two double beds) with another adult identifying as the same gender at random from the entire program group, unless a roommate has been provided before the Program's start date. School Representative understands that this means it may be rooming with an adult from another school/community while in the Program.

School Representative and other participating adults may request a single room at an additional cost that varies depending on the length of the Program. The cost and option to select a single room will be provided upon completion of the Enrollment Form. School Representative understands and acknowledges that such additional cost must be paid in full before the Program's start date. Close Up rooming policies are subject to change.

6. TRAVEL INSURANCE

Close Up has partnered with Travel Guard Group, Inc., which offers travel insurance plans. Participants should consult Travel Guard for detailed information about coverage options and their terms of service. If a Participant has purchased travel insurance through Travel Guard and is no longer participating in the Program, Participant must cancel the trip and inform Travel Guard of the trip cancellation prior to the departure date.

School Representative acknowledges and understands that Participants, participating adults and School Representative can purchase travel insurance prior to participation, and Close Up recommends doing so. Additionally, School Representative agrees to inform Participants and Participants' parent(s) and/or legal guardian(s) of this option to the best of their ability.

7. VALUABLES

School Representative acknowledges that Close Up is not liable for any lost or stolen personal items and understands Participants and School Representative may share hotel rooms, meeting space, and buses with program participants from other schools/communities. Therefore, School Representative will advise Participants to leave valuables at home and assume any risk should School Representative and/or a Participant choose to bring valuables on the Program.

Close Up is not liable for any use of personal property, such as cell phones, even if such use is by other Program participants. School Representative understands that the Program depends on groups of students working together in various learning environments and that use of cell phones, tablets and/or other similar devices during such times interferes with learning opportunities. Thus, School Representative will advise Participants to keep their cell phones, tablets and similar devices turned off at all times during the Program. The exception to this rule is if the instructor specifically authorizes Participants to use their phone or electronic device. School Representative will also advise Participants that they may not record video of participants or staff without consent to do so while on the Program. School Representative understands that failure to comply with either of these policies is considered a violation of the Close Up respect rule set forth in Section 3(a) herein.

8. PHOTOS AND LIKENESS

School Representative acknowledges and understands that Close Up requires the consent of the parent(s) and/or legal guardian(s) of all Participants for the use of, in any medium, without restriction or compensation, a Participant's name, likeness, audio, video, photograph or quotes, including by news or media outlets, posting the same on the website or social media of either Close Up or another partner to the Program. Such consent survives the term of this Enrollment Agreement and serves as consent to use such material both during and after Participant is enrolled in the Program. The parent(s) and/or legal guardian(s) of all Participants must release and discharge Close Up, its representatives and assigns from any and all claims and demands relating to the use of any recordings of Participant, as may be edited or altered, or other such material, including without limitation any claims for invasion of privacy, right of publicity, defamation or misappropriation

CLOSE UP PROGRAM 2024/25 TERMS & CONDITIONS

of Participant's name, image or likeness. The parent(s) and/or legal guardian(s) of all Participants must also agree not to hold Close Up liable for any damages resulting from the lawful use or non-use of such material. School Representative agrees to inform Participants and their parent(s) or legal guardian(s) of this policy.

9. DAMAGES

School Representative assumes liability and full responsibility to pay for any and all damage to Close Up property or property of any Close Up vendors such as hotels, restaurants, seminar rooms, or buses caused by School Representative while on the Program. Hotel damage includes, but is not limited to, cleaning charges for School Representative's room in which there has been smoking as determined by the hotel while School Representative was in the Program. School Representative will pay any and all charges for damage caused by School Representative in accordance with the damaged vendor's policies. School Representative acknowledges and agrees that Close Up shall have no responsibility whatsoever for any damage or loss sustained by School Representative to its personal property while it is located on Close Up property or property of any Close Up vendor.

10. MEDICAL

School Representative understands that Close Up does not provide medical care to any Program participant (student or adult), and School Representative agrees it will inform Participants and their parent(s) and/or legal guardian(s) of this policy. Rather, in the event of illness or accident, Close Up provides access to the Medstar Georgetown University Hospital of Pediatrics. School Representative will instruct all Participants to bring the following three items, as required, while on the Program: (1) a completed Medical Questionnaire Form; (2) a signed Consent for Treatment Form; and (3) their health insurance card or a copy of the front and back of the card (if a Participant has health insurance). Participants are not required to have health insurance in order to participate in the Program.

Additionally, if a Participant needs recurring medical treatments and/or medication, School Representative understands and acknowledges that such Participant is responsible for these treatments and/or medication without Close Up supervision. All medications, injections, or other treatments must be monitored and administered either by School Representative or the Participant. School Representative will notify Close Up in advance of all medication that needs to be refrigerated. School Representative understands and acknowledges that while Close Up will take reasonable measures to assist with dietary needs, Close Up cannot control or guarantee the contents of food products during travel. Students and adults with dietary allergies are ultimately responsible for inspecting all food for ingredients related to the allergy.

In the event of a medical emergency involving one of the Participants, School Representative agrees to (1) be available to accompany such Participant to the medical care facility if necessary; (2) facilitate communication with such Participant's parent(s)/legal guardian(s) and school concerning Participant's status; and (3) complete any other activity as required until such Participant is able to fully participate in the Program.

11. PROGRAM PRICE

School Representative understands and acknowledges that the program price for all Participants, other adults in the group and School Representative includes tuition, room and board, in-town transportation, safety and security, activity fees, limited accidental injury policy, and the group transportation package if selected. Participants, other adults in the group and School Representative will pay additional charges that might apply for optional items Close Up selects, such as, extra days on program, out- of-town options, single rooms (adults only), and specialized meal options. School Representative understands and acknowledges that it is responsible for ensuring that all Participants and adult members in the group pay their accounts in full.

School Representative understands and acknowledges the Early Bird price is valid only if \$250 is paid in accordance with Close Up's Early Bird pricing arrangement. School Representative understands and acknowledges the program price is subject to change if a \$250 payment is not made prior to the Early Bird deadline or if a \$500 initial payment is not made in accordance with the dates and deadlines on the Participant School's Close Up account.

12. PAYMENT AND CANCELLATION POLICIES

School Representative understands and agrees that the initial \$500 of their program payment and Participants' program payment is a planning and booking deposit and is nonrefundable and nontransferable from the time of payment under any circumstances. Early Bird deposits are also nonrefundable and nontransferable from the time of payment under any circumstances. School Representative understands and agrees to inform Participants that they are to pay the entire remaining balance no later than the final payment deadline, as stated on the school account and available on all individual accounts. For this purpose, School Representative understands that Close Up must actually receive payment in full by that date. Additionally, School Representative will ensure all Participants are aware of what their payments will cover, the purpose of

CLOSE UP PROGRAM 2024/25 TERMS & CONDITIONS

their payment, and how to review their balances and deadlines online through their accounts.

If School Representative, Participant School, or the district of Participant School chooses to cancel participation on or after the final payment date, no refund will be issued for any payments on the account. The standard cancellation policy outlined above applies should a Participant, Participant School, or district of Participant School cancel based on concern or fear of travel due to unforeseen circumstances. If School Representative has not made payment in full by the final payment deadline, Close Up, at its discretion, may cancel their enrollment.

In the event of a cancellation for nonpayment, Close Up, at its discretion, may allow School Representative or Participant(s) to re-enroll, provided Close Up has available space in the Program, provided School Representative or such Participant(s) make(s) full payment at the time of re-enrollment, and provided School Representative or such Participant(s) pay(s) any and all incremental vendor charges that Close Up might incur.

Additionally, Close Up retains the right to modify, delay or postpone the Program as a result of unforeseeable events that are beyond Close Up's reasonable control, including but not limited to, acts of God, fire, war (whether declared or undeclared), criminal or terrorist activities or threats, insurrections, incidents of violence, actual/perceived/threatened public health issues or quarantine, actual/perceived/threatened epidemics or pandemics, strikes, government restrictions or government shutdowns, fire or severe weather conditions or any other reason that makes it impossible or commercially unreasonable in the sole and exclusive opinion of Close Up to conduct the Program as originally contracted. If Close Up suspends or postpones the Program for any such reason, Close Up will work with all impacted groups to reschedule to a new program date. If rescheduling is not an option, Close Up will work with its vendors to maximize available refunds to School Representative and Participants. Close Up reserves the right to issue a program credit in lieu of a money-back refund towards a future Close Up program.

For California Residents Only: Upon cancellation of the transportation or travel services, where the passenger is not at fault and has not canceled in violation of any terms and conditions previously clearly and conspicuously disclosed and agreed to by the passenger, all sums paid to the seller of travel for services not provided will be promptly paid to the passenger, unless the passenger advises the seller of travel in writing, after cancellation. This provision does not apply where the seller of travel has remitted the payment to another registered wholesale seller of travel or a carrier, without obtaining a refund, and where the wholesaler or provider defaults in providing the agreed-upon transportation or service.

13. ENROLLMENT

School Representative understands that School Representative is responsible for ensuring that Participants, other adults in the group, and School Representative complete an enrollment form in order to participate in the Program. School Representative understands that School Representative is responsible for making sure everyone in the group is aware of Close Up's deadlines and cancellation policies.

Close Up welcomes enrollments at any time. However, if Participants and/or School Representative enrolls after the deposit deadline, School Representative understands they may incur additional fees including, but not limited to, flights and transportation. If a Participant and/or School Representative registers after the final payment deadline, School Representative understands that their respective payments are due in full at the time of registration.

14. GENERAL TRANSPORTATION AND PROGRAM SERVICES

TRAVEL INFORMATION AND OTHER CHARGES

Close Up does its best to provide the most direct route to Participant School's destination city. However, due to available flight routings, Close Up cannot guarantee nonstop or direct flights. Sometimes, groups may travel on an overnight red-eye flight, departing the evening before the Program is scheduled to begin. Based on seat availability and the size of the plane, Close Up may not be able to accommodate all members of a group on the same flight. Close Up is not able to pre-assign seating. Seat assignments will be provided upon check-in. Depending on the group's size, travelers may or may not sit together.

If a Participant or other participating adult would like to travel independently of the group's Close Up travel plans, they must reach out to the applicable Outreach Coordinator for Participant School for more information.

Close Up will book round trip flights to and from the same destination. If a Participant and/or participating adult would like to return to a different location, such Participant and/or participating adult is responsible for the associated costs of the one-way ticket, including, but not limited to, the difference in fare and/or service fees of Close Up, and must also arrange transportation to the airport at such Participant's and/or participating adult's own expense. No changes to the departure airport are allowed within 45 days of the Program's start date.

CLOSE UP PROGRAM 2024/25 TERMS & CONDITIONS

For Participants who live closer to the Washington, D.C. area, Close Up may book Amtrak train travel.

In certain circumstances, Close Up may be able to re-route a Participant and/or participating adult from the group contract to originate or complete the trip at a different airport or train station or on alternate dates. For any such individual flight deviations from that of the overall group, a deviation service fee plus any additional airfare ticket costs will be charged.

Close Up is not responsible for airline or train schedule changes or mechanical-, weather-, or capacity-related flight or train delays. Further, Close Up contracts with airlines and Amtrak in advance of the Program date in order to ensure that Participants can get tickets for the dates of the Program. School Representative understands and agrees that Participants and School Representative must pay baggage, boarding or other extra fees at the airport or train station and directly to the airline or Amtrak, as applicable. School Representative understands and agrees that Close Up is not responsible for name change and/or other nonessential fees unless otherwise agreed to with Close Up in advance. School Representative understands that late changes to flight or train times and routing will be communicated from Close Up through the Outreach Coordinator for Participant School.

In the event of a missed flight, cancellation or layover, Close Up will use reasonable efforts on a case by case basis to coordinate with Participant School's teachers and/or chaperones responsible for Participants regarding travel accommodations.

AIRLINE RESERVATION SERVICES

Airline reservations may be purchased through Close Up. By using Close Up's airline services, School Representative agrees that Close Up, in purchasing, selling, or otherwise arranging airline transportation, is acting only as an agent with the airline carriers, who are independent contractors.

Close Up is not liable or responsible for any accident, death, personal injury, illness, property damage, delay, or other loss or expenses of any nature arising out of any act of God or failure for an airline carrier to provide services. Airline tickets purchased through Close Up constitutes a contract between Participant and the airline carrier.

Close Up is not liable for, and does not assume responsibility or accept claims with regard to: seat assignments, schedule changes, voluntary flight changes, missed connections, cancellations, claims for a refund or reimbursement of airline ticket fees, or any other loss or expense incurred by the passenger for any reason (including without limitation to airline bankruptcy, insolvency, or reorganization of a carrier).

Close Up airline services must be purchased in conjunction with the Program. It is School Representative's responsibility to confirm flight information 24 hours prior to departure, be aware of any changes made by the airline carrier, and communicate all information to Participants.

MODIFICATION TO TRAVEL TERMS AND CONDITIONS

Close Up reserves the right to correct any errors or omissions in its published materials and to amend these Travel Terms and Conditions at any time. All amended Travel Terms and Conditions shall automatically be effective upon being posted by Close Up to its website CloseUp.org. Participants should check their accounts at CloseUp.org prior to travel to ensure they are up to date on any changes.

CLOSE UP RESPONSIBILITIES - LIMITS

Close Up aims to give each of the Program participants the best possible customer service and attention. All Participants should be aware that, in arranging transportation (including airline transportation), restaurants, hotels, and other accommodations or any other service, Close Up and its employees, booking agents, suppliers, and affiliates are acting only as an agent for the participant. Close Up assumes no liability or responsibility for any accident, death, personal injury, illness, property damage, delay, or other loss or expense of any nature. All airline carriers, motor coach companies, hotels, restaurants, museums, or other persons and/or suppliers providing services to Close Up for the Program are independent contractors.

SUPPLIER AGREEMENTS

Close Up does not own, manage, control, run, or operate any transportation (including airline carriers and motor coach companies), hotel, restaurant, or any other supplier of services connected to the Program. All Program services are subject to the terms and conditions specific to the supplier of such service and to the laws in which the services are supplied.

CLOSE UP PROGRAM 2024/25 TERMS & CONDITIONS

15. INFECTIOUS DISEASE INHERENT RISK ACKNOWLEDGEMENT

School Representative understands that School Representative may touch shared surfaces, share a sleeping room with other adult participants and participate in both indoor and outdoor activities with Participants. School Representative, individually and on behalf of Participant School, understands and acknowledges that Close Up and its vendors have instituted safety and health guidelines consistent with federal, state, and local health agency recommendations but cannot guarantee that all Participants and other participating adults will follow all protocols set out in these recommendations.

16. PERMISSION, ASSUMPTION OF THE RISK AND RELEASE

School Representative, individually and on behalf of Participant School, understands and acknowledges the parent(s) and/or legal guardian(s) of all Participants must authorize and give permission for each Participant to attend and participate in all aspects of the educational experience and activities in the Program, including travel, transportation, field trips and other Close Up-sponsored travel and/or activities (“Activities”). School Representative, individually and on behalf of Participant School, understands and acknowledges that the Program will have adults participate in Activities, who will attempt to exercise reasonable diligence to ensure the safety and well-being of all Participants during their participation; however, School Representative also understands that it is not possible for Close Up personnel to supervise all aspects of the Activities at all times. School Representative, individually and on behalf of Participant School, understands and acknowledges that there are inherent risks of serious personal injury and loss, illness, theft or damage of personal property involved in some Activities, and School Representative voluntarily assumes and accepts such risks of personal injury and loss, illness, theft or damage of personal property arising from Participants’ participation in the Activities, jointly and severally on behalf of itself individually and on behalf of Participant School. School Representative, individually and on behalf of Participant School, releases Close Up and its affiliated entities, and their respective Board of Directors, Executive Officers, volunteers, employees and agents from all claims, liability and damages that School Representative and/or Participants may have for personal injuries or property damage, illness, loss or theft resulting from Participants’ participation in the Activities. School Representative, individually and on behalf of Participant School, agrees that this release includes personal injury or loss, illness, theft or damage of personal property caused by or resulting from negligence, active or passive, of Close Up and its affiliated entities, and their respective Board of Directors, Executive Officers, volunteers, employees and agents; however the release does not apply to liability for gross negligence, willful injury, or fraud, and is not intended to release the Program and its affiliated entities’ insurers, if any, or non-agent third parties of any responsibility for any claims that may otherwise be asserted. Parent(s) and/or the legal guardian(s) of Participants must agree to reimburse and indemnify Close Up and its affiliated entities, and their respective Board of Directors, Executive Officers, volunteers, employees, and its agents for any costs and expenses incurred in providing for a Participant’s return home as well as for other services related to the special or emergency needs of a Participant. School Representative jointly and severally represents, individually and on behalf of Participant School, that all medical conditions which might affect a Participant’s participation in the activities have been fully disclosed in each Participant’s current medical authorization form. School Representative, individually and on behalf of Participant School, also agrees that Close Up has the right to substitute transportation and change activity itineraries as it deems appropriate. School Representative, individually and on behalf of Participant School, agrees to inform Participants and their parent(s) and/or legal guardian(s) of the above policy.

17. TEACHER FELLOWSHIPS

School Representative, on behalf of itself individually and Participant School, understands that in order to receive a full fellowship for participation in the Program, School Representative must have a minimum of ten students attend the Program. If School Representative does not bring ten students, School Representative understands that it is responsible for paying any balance due. School Representative further understands that fellowships do not pay for optional items School Representative selects, such as, extra days, single rooms (adults only) and specialized meal options. Furthermore, adult fellowships cover two meals per day for adult participants, including adults shadowing the Program. Adults not participating in the teacher program will not receive compensation for meals that were otherwise provided.

18. FINANCIAL AID

School Representative authorizes Close Up to withhold any and all awards of financial aid (if any) for Participants until they have paid their enrollment fees.

19. CREDIT CARD OR BANK ACCOUNT DEBIT CERTIFICATION

By registering as a participant in the Program, School Representative certifies that if a Participant and/or the parent(s) and/or legal guardian(s) of a Participant selects a credit card and/or bank account debit as method of payment, such Participant, parent and/or legal guardian has the proper authority to authorize Close Up to charge the credit card or debit the bank’s checking, savings, or other account.

CLOSE UP PROGRAM 2024/25 TERMS & CONDITIONS

20. APPROVALS

School Representative has obtained all of the approvals needed to bring Participants on the Program and has disclosed to Participant School's administration, if necessary, the honorariums School Representative might be eligible to earn as a Close Up teacher, including an in-kind fellowship that funds all or part of the tuition, travel, meals and lodging expenses associated with School Representative's participation in Close Up. School Representative authorizes Close Up to withhold any and all of these awards until the Participant School's account balance is paid in full.

21. DISCLOSURE

22. ENTIRE AGREEMENT

This Enrollment Agreement supersedes all prior negotiations, agreements, terms, conditions, statements or representations, whether written or oral, concerning the subject matter of this Enrollment Agreement.

23. ENFORCEABILITY/SEVERABILITY

In the event any provision or portion of this Enrollment Agreement is held to be unenforceable or invalid by any court of competent jurisdiction, the remainder of this Enrollment Agreement shall remain in full force and effect and shall in no way be affected or invalidated thereby. If either School Representative or Close Up fails to enforce any provision of this Enrollment Agreement, it does not prevent either party from enforcing that provision in the future, nor does it prevent School Representative or Close Up from enforcing any other provision of this Enrollment Agreement.

24. NO AMENDMENT

This Enrollment Agreement may not be altered, amended, modified, or otherwise changed in any respect except in writing and signed by an Executive Officer of Close Up. No agent or employee of Close Up, other than its Executive Officers, has authority to modify or make any agreement contrary to the terms of this Enrollment Agreement as stated herein.

26. BACKGROUND CHECKS

School Representative attests that to the best of the knowledge of School Representative, all adult chaperones attending with the school group have undergone background checks for criminal records consistent with the requirements of the school district, which are current and do not provide any reason to prohibit such adults from chaperoning Participants in the Program.

27. CERTIFICATION

721 UNIFORM GRANT GUIDANCE POLICY REGARDING FEDERAL REVENUE SOURCES

I. PURPOSE

The purpose of this policy is to ensure compliance with the requirements of the federal Uniform Grant Guidance regulations by establishing uniform administrative requirements, cost principles, and audit requirements for federal grant awards received by the school district.

II. DEFINITIONS

A. Grants

1. “State-administered grants” are those grants that pass through a state agency such as the Minnesota Department of Education (MDE).
2. “Direct grants” are those grants that do not pass through another agency such as MDE and are awarded directly by the federal awarding agency to the grantee organization. These grants are usually discretionary grants that are awarded by the U.S. Department of Education (DOE) or by another federal awarding agency.

B. “Non-federal entity” means a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient.

C. “Federal award” has the meaning, depending on the context, in either paragraph 1. or 2. of this definition:

1. a. The federal financial assistance that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations section 200.101 (Applicability); or
- b. The cost-reimbursement contract under the federal Acquisition Regulations that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations section 200.101 (Applicability).

2. The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of Code of Federal Regulations section 200.40 (Federal Financial Assistance), or the cost-reimbursement contract awarded under the federal Acquisition Regulations.
 3. “Federal award” does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal-government-owned, contractor-operated facilities.
- D. “Contract” means a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. The term, as used in 2 Code of Federal Regulations Part 200, does not include a legal instrument, even if the non-federal entity considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward.
- E. Procurement Methods
1. “Procurement by micro-purchase” is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold (generally \$10,000, except as otherwise discussed in 48 Code of Federal Regulations Subpart 2.1 or as periodically adjusted for inflation).
 2. “Procurement by small purchase procedures” are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than ~~\$250,000~~ 175,000 (periodically adjusted for inflation).
 3. “Procurement by sealed bids (formal advertising)” is a publicly solicited and a firm, fixed-price contract (lump sum or unit price) awarded to the responsible bidder whose bid, conforming to all the material terms and conditions of the invitation for bids, is the lowest in price.
 4. “Procurement by competitive proposals” is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. Competitive proposals are generally used when conditions are not appropriate for the use of sealed bids.
 5. “Procurement by noncompetitive proposals” is procurement through solicitation of a proposal from only one source.
- F. “Equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost

which exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes, or \$5,000.

- G. “Compensation for personal services” includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the federal award, including, but not necessarily limited to, wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in 2 Code of Federal Regulations section 200.431 (Compensation - Fringe Benefits).
- H. “Post-retirement health plans” refer to costs of health insurance or health services not included in a pension plan covered by 2 Code of Federal Regulations section 200.431(g) for retirees and their spouses, dependents, and survivors.
- I. “Severance pay” is a payment in addition to regular salaries and wages by the non-federal entities to workers whose employment is being terminated.
- J. “Direct costs” are those costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.
- K. “Relocation costs” are costs incident to the permanent change of duty assignment (for an indefinite period or for a stated period not less than 12 months) of an existing employee or upon recruitment of a new employee.
- L. “Travel costs” are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

III. CONFLICT OF INTEREST

- A. Employee Conflict of Interest. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The employees, officers, and agents of the school district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the school district may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by employees, officers, or agents of the school district.

- B. Organizational Conflicts of Interest. The school district is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization because of relationships with a parent company, affiliate, or subsidiary organization.
- C. Disclosing Conflicts of Interest. The school district must disclose in writing any potential conflict of interest to MDE in accordance with applicable federal awarding agency policy.

IV. ACCEPTABLE METHODS OF PROCUREMENT

- A. General Procurement Standards. The school district must use its own documented procurement procedures which reflect applicable state laws, provided that the procurements conform to the applicable federal law and the standards identified in the Uniform Grant Guidance.
- B. The school district must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
- C. The school district's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives and any other appropriate analysis to determine the most economical approach.
- D. The school district must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- E. The school district must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement; selection of the contract type; contractor selection or rejection; and the basis for the contract price.
- F. The school district alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the school district of any contractual responsibilities under its contracts.

- G. The school district must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.
- H. Methods of Procurement. The school district must use one of the following methods of procurement:
1. Procurement by micro-purchases. To the extent practicable, the school district must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the school district considers the price to be reasonable.
 2. Procurement by small purchase procedures. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.
 3. Procurement by sealed bids (formal advertising).
 4. Procurement by competitive proposals. If this method is used, the following requirements apply:
 - a. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;
 - b. Proposals must be solicited from an adequate number of qualified sources;
 - c. The school district must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;
 - d. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
 - e. The school district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method where price is not used as a selection factor can only be used in procurement of A/E professional services; it cannot be used

to purchase other types of services, though A/E firms are a potential source to perform the proposed effort.

5. Procurement by noncompetitive proposals. Procurement by noncompetitive proposals may be used only when one or more of the following circumstances apply:
 - a. The item is available only from a single source;
 - b. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
 - c. The DOE or MDE expressly authorizes noncompetitive proposals in response to a written request from the school district; or
 - d. After solicitation of a number of sources, competition is determined inadequate.

- I. Competition. The school district must have written procedures for procurement transactions. These procedures must ensure that all solicitations:
 1. Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When making a clear and accurate description of the technical requirements is impractical or uneconomical, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and
 2. Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.
- J. The school district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the school district must not preclude potential bidders from qualifying during the solicitation period.
- K. Non-federal entities are prohibited from contracting with or making subawards under “covered transactions” to parties that are suspended or debarred or whose

principals are suspended or debarred. “Covered transactions” include procurement contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed \$25,000.

- L. All nonprocurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 C.F.R. § 180.215.

V. MANAGING EQUIPMENT AND SAFEGUARDING ASSETS

- A. Property Standards. The school district must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as provided to property owned by the non-federal entity. Federally owned property need not be insured unless required by the terms and conditions of the federal award.

The school district must adhere to the requirements concerning real property, equipment, supplies, and intangible property set forth in 2 Code of Federal Regulations sections 200.311, 200.314, and 200.315.

- B. Equipment

Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, at a minimum, meet the following requirements:

1. Property records must be maintained that include a description of the property; a serial number or other identification number; the source of the funding for the property (including the federal award identification number (FAIN)); who holds title; the acquisition date; the cost of the property; the percentage of the federal participation in the project costs for the federal award under which the property was acquired; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposition and sale price of the property.
2. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
3. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.
4. Adequate maintenance procedures must be developed to keep property in good condition.

5. If the school district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

VI. FINANCIAL MANAGEMENT REQUIREMENTS

A. Financial Management. The school district's financial management systems, including records documenting compliance with federal statutes, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the federal statutes, regulations, and the terms and conditions of the federal award.

B. Payment. The school district must be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that minimize the time elapsing between the transfer of funds and disbursement between the school district and the financial management systems that meet the standards for fund control.

Advance payments to a school district must be limited to the minimum amounts needed and timed to be in accordance with the actual, immediate cash requirements of the school district in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the non-federal entity for direct program or project costs and the proportionate share of any allowable indirect costs. The school district must make timely payment to contractors in accordance with the contract provisions.

C. Internal Controls. The school district must establish and maintain effective internal control over the federal award that provides reasonable assurance that the school district is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government," issued by the Comptroller General of the United States, or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The school district must comply with federal statutes, regulations, and the terms and conditions of the federal award.

The school district must also evaluate and monitor the school district's compliance with statutes, regulations, and the terms and conditions of the federal award.

The school district must also take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

The school district must take reasonable measures to safeguard protected personally identifiable information considered sensitive consistent with applicable federal and state laws regarding privacy and obligations of confidentiality.

VII. ALLOWABLE USE OF FUNDS AND COST PRINCIPLES

- A. Allowable Use of Funds. The school district administration and board will enforce appropriate procedures and penalties for program, compliance, and accounting staff responsible for the allocation of federal grant costs based on their allowability and their conformity with federal cost principles to determine the allowability of costs.
- B. Definitions
1. “Allowable cost” means a cost that complies with all legal requirements that apply to a particular federal education program, including statutes, regulations, guidance, applications, and approved grant awards.
 2. “Education Department General Administrative Regulations (EDGAR)” means a compilation of regulations that apply to federal education programs. These regulations contain important rules governing the administration of federal education programs and include rules affecting the allowable use of federal funds (including rules regarding allowable costs, the period of availability of federal awards, documentation requirements, and grants management requirements). EDGAR can be accessed at: <http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html>.
 3. “Omni Circular” or “2 Code of Federal Regulations Part 200s” or “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” means federal cost principles that provide standards for determining whether costs may be charged to federal grants.
 4. “Advance payment” means a payment that a federal awarding agency or passthrough entity makes by any appropriate payment mechanism, including a predetermined payment schedule, before the non-federal entity disburses the funds for program purposes.
- C. Allowable Costs. The following items are costs that may be allowable under the 2 Code of Federal Regulations Part 200s under specific conditions:
1. Advisory councils;
 2. Audit costs and related services;
 3. Bonding costs;

4. Communication costs;
5. Compensation for personal services;
6. Depreciation and use allowances;
7. Employee morale, health, and welfare costs;
8. Equipment and other capital expenditures;
9. Gains and losses on disposition of depreciable property and other capital assets and substantial relocation of federal programs;
10. Insurance and indemnification;
11. Maintenance, operations, and repairs;
12. Materials and supplies costs;
13. Meetings and conferences;
14. Memberships, subscriptions, and professional activity costs;
15. Security costs;
16. Professional service costs;
17. Proposal costs;
18. Publication and printing costs;
19. Rearrangement and alteration costs;
20. Rental costs of building and equipment;
21. Training costs; and
22. Travel costs.

D. Costs Forbidden by Federal Law. 2 Code of Federal Regulations Part 200s and EDGAR identify certain costs that may never be paid with federal funds. The following list provides examples of such costs. If a cost is on this list, it may not be supported with federal funds. The fact that a cost is not on this list does not mean it is necessarily permissible. Other important restrictions apply to federal funds, such as those items detailed in the 2 CFR Part 200s; thus, the following list is not exhaustive:

1. Advertising and public relations costs (with limited exceptions), including promotional items and memorabilia, models, gifts, and souvenirs;
2. Alcoholic beverages;
3. Bad debts;
4. Contingency provisions (with limited exceptions);
5. Fundraising and investment management costs (with limited exceptions);
6. Donations;
7. Contributions;
8. Entertainment (amusement, diversion, and social activities and any associated costs);
9. Fines and penalties;
10. General government expenses (with limited exceptions pertaining to Indian tribal governments and Councils of Government (COGs));
11. Goods or services for personal use;
12. Interest, except interest specifically stated in 2 Code of Federal Regulations section 200.441 as allowable;
13. Religious use;
14. The acquisition of real property (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs);
15. Construction (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs); and
16. Tuition charged or fees collected from students applied toward meeting matching, cost sharing, or maintenance of effort requirements of a program.

E. Program Allowability

1. Any cost paid with federal education funds must be permissible under the federal program that would support the cost.

2. Many federal education programs detail specific required and/or allowable uses of funds for that program. Issues such as eligibility, program beneficiaries, caps or restrictions on certain types of program expenses, other program expenses, and other program specific requirements must be considered when performing the programmatic analysis.
3. The two largest federal K-12 programs, Title I, Part A, and the Individuals with Disabilities Education Act (IDEA), do not contain a use of funds section delineating the allowable uses of funds under those programs. In those cases, costs must be consistent with the purposes of the program in order to be allowable.

F. Federal Cost Principles

1. The Omni Circular defines the parameters for the permissible uses of federal funds. While many requirements are contained in the Omni Circular, it includes five core principles that serve as an important guide for effective grant management. These core principles require all costs to be:
 - a. Necessary for the proper and efficient performance or administration of the program.
 - b. Reasonable. An outside observer should clearly understand why a decision to spend money on a specific cost made sense in light of the cost, needs, and requirements of the program.
 - c. Allocable to the federal program that paid for the cost. A program must benefit in proportion to the amount charged to the federal program – for example, if a teacher is paid 50% with Title I funds, the teacher must work with the Title I program/students at least 50% of the time. Recipients also need to be able to track items or services purchased with federal funds so they can prove they were used for federal program purposes.
 - d. Authorized under state and local rules. All actions carried out with federal funds must be authorized and not prohibited by state and local laws and policies.
 - e. Adequately documented. A recipient must maintain proper documentation so as to provide evidence to monitors, auditors, or other oversight entities of how the funds were spent over the lifecycle of the grant.

G. Program Specific Fiscal Rules. The Omni Circular also contains specific rules on selected items of costs. Costs must comply with these rules in order to be paid with federal funds.

1. All federal education programs have certain program specific fiscal rules that apply. Determining which rules apply depends on the program; however, rules such as supplement, not supplant, maintenance of effort, comparability, caps on certain uses of funds, etc., have an important impact when analyzing whether a particular cost is permissible.
2. Many state-administered programs require local education agencies (LEAs) to use federal program funds to supplement the amount of state, local, and, in some cases, other federal funds they spend on education costs and not to supplant (or replace) those funds. Generally, the “supplement, not supplant” provision means that federal funds must be used to supplement the level of funds from non-federal sources by providing additional services, staff, programs, or materials. In other words, federal funds normally cannot be used to pay for things that would otherwise be paid for with state or local funds (and, in some cases, with other federal funds).
3. Auditors generally presume supplanting has occurred in three situations:
 - a. School district uses federal funds to provide services that the school district is required to make available under other federal, state, or local laws.
 - b. School district uses federal funds to provide services that the school district provided with state or local funds in the prior year.
 - c. School district uses Title I, Part A, or Migrant Education Program funds to provide the same services to Title I or Migrant students that the school district provides with state or local funds to nonparticipating students.
4. These presumptions apply differently in different federal programs and also in schoolwide program schools. Staff should be familiar with the supplement not supplant provisions applicable to their program.

H. Approved Plans, Budgets, and Special Conditions

1. As required by the Omni Circular, all costs must be consistent with approved program plans and budgets.
2. Costs must also be consistent with all terms and conditions of federal awards, including any special conditions imposed on the school district’s grants.

I. Training

1. The school district will provide training on the allowable use of federal funds to all staff involved in federal programs.
 2. The school district will promote coordination between all staff involved in federal programs through activities, such as routine staff meetings and training sessions.
- J. Employee Sanctions. Any school district employee who violates this policy will be subject to discipline, as appropriate, up to and including the termination of employment.

VIII. COMPENSATION – PERSONAL SERVICES EXPENSES AND REPORTING

A. Compensation – Personal Services

Costs of compensation are allowable to the extent that they satisfy the specific requirements of the Uniform Grant Guidance and that the total compensation for individual employees:

1. Is reasonable for the services rendered and conforms to the established written policy of the school district consistently applied to both federal and non-federal activities; and
2. Follows an appointment made in accordance with a school district’s written policies and meets the requirements of federal statute, where applicable.

Unless an arrangement is specifically authorized by a federal awarding agency, a school district must follow its written non-federal, entitywide policies and practices concerning the permissible extent of professional services that can be provided outside the school district for non-organizational compensation.

B. Compensation – Fringe Benefits

1. During leave.

The costs of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

- a. They are provided under established written leave policies;
- b. The costs are equitably allocated to all related activities, including federal awards; and

- c. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the school district.
 - 2. The costs of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in 2 Code of Federal Regulations 200.447(d)); pension plan costs; and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits must be allocated to federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such federal awards and other activities and charged as direct or indirect costs in accordance with the school district's accounting practices.
 - 3. Actual claims paid to or on behalf of employees or former employees for workers' compensation, unemployment compensation, severance pay, and similar employee benefits (e.g., post-retirement health benefits) are allowable in the year of payment provided that the school district follows a consistent costing policy.
 - 4. Pension plan costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with the written policies of the school district.
 - 5. Post-retirement costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established written policies of the school district.
 - 6. Costs of severance pay are allowable only to the extent that, in each case, severance pay is required by law; employer-employee agreement; established policy that constitutes, in effect, an implied agreement on the school district's part; or circumstances of the particular employment.
- C. Insurance and Indemnification. Types and extent and cost of coverage are in accordance with the school district's policy and sound business practice.
- D. Recruiting Costs. Short-term, travel visa costs (as opposed to longer-term, immigration visas) may be directly charged to a federal award, so long as they are:
- 1. Critical and necessary for the conduct of the project;
 - 2. Allowable under the cost principles set forth in the Uniform Grant Guidance;

3. Consistent with the school district’s cost accounting practices and school district policy; and
 4. Meeting the definition of “direct cost” in the applicable cost principles of the Uniform Grant Guidance.
- E. Relocation Costs of Employees. Relocation costs are allowable, subject to the limitations described below, provided that reimbursement to the employee is in accordance with the school district’s reimbursement policy.
- F. Travel Costs. Travel costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the school district’s non-federally funded activities and in accordance with the school district’s reimbursement policies.

Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the school district in its regular operations according to the school district’s written reimbursement and/or travel policies.

In addition, when costs are charged directly to the federal award, documentation must justify the following:

1. Participation of the individual is necessary to the federal award; and
2. The costs are reasonable and consistent with the school district’s established travel policy.

Temporary dependent care costs above and beyond regular dependent care that directly results from travel to conferences is allowable provided the costs are:

1. A direct result of the individual’s travel for the federal award;
2. Consistent with the school district’s documented travel policy for all school district travel; and
3. Only temporary during the travel period.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes section 121A.55, the school board, with the participation of school district administrators, teachers, employees,

students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under [Minnesota Statutes](#), sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).
- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility

includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;

2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and
3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

V. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or another. A principal shall not use prone restraint and shall not inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or

weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.

- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. A teacher, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or another. A teacher shall not use prone restraint and shall not inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student to prevent imminent bodily harm or death to the student or another. A school employee, which does not include a school resource officer, shall not use prone restraint and shall not inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.
- [For the purpose of Minnesota Statutes, section 121A.582 \(Student Discipline; Reasonable Force\), a school resource officer, as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph \(c\) is not a school employee or agent of the district.](#)

The public school must consult with child abuse prevention experts to incorporate best practices into the school policy. A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.~~

[NOTE: The 2024 Minnesota legislature enacted this provision, which does not require a school board to adopt policy language. School districts may determine whether to adopt policy language.] The Policy Committee recommends deleting this language.

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.

- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 - 1. a student causes or is likely to cause serious physical harm to other students or staff;
 - 2. the student's parent or guardian specifically consents to the use of recess detention; or
 - 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
- G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;
- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;
- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;
- R. Saturday school;
- S. Expulsion under the Pupil Fair Dismissal Act;
- T. Exclusion under the Pupil Fair Dismissal Act; and/or

- U. Other disciplinary action as deemed appropriate by the school district.

XI. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class an excessive number of times in a school year, the school district shall notify the parent or guardian of the student's removal from class and make reasonable attempts to convene a meeting with the student's parent

or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for removal of a student from a class:

There are many reasons that a student may be removed from class. They include but are not limited to rules violations or the potential of a dangerous situation.

When a student is removed the **first time**, it will be documented by the teacher and the parent will be notified by the teacher. The student may also receive additional disciplinary action.

If a **second** removal occurs, the parent will be notified and a meeting will be held within 48 hours with the student, teacher, parent, and administration. During this meeting the teacher will explain his/her expectations for behavior. The student and parent will have the opportunity to ask any questions they may have with the goal being a solution to the behavioral problem.

If a **third** removal takes place, the student may be removed from the class, assigned study hall, and lose credit. Other solutions may be a class change or alternative programming for the student. A parent meeting may also be held at the request of the teacher when removals have not occurred.

If a student receiving special education services is removed from a class, the above procedures will apply. In addition, the IEP team may need to meet to consider the adequacy of the IEP.

Students serving administratively determined consequences in the school suspension / intervention room / or other disciplinary locations will be ineligible from participating in after school activities, practices, and athletic contests.

- D. All students suspected of using/abusing chemicals will be referred to the building chemical abuse assessment team or appropriate team.
- E. The building team will create procedures for early interventions tied to violations of the code of student conduct. These interventions will include parent involvement, where appropriate.

IX. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, ~~school readiness plus~~, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been

exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or

examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend

beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil,

and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if

the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and

to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

722 PUBLIC DATA AND DATA SUBJECT REQUESTS

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 (MGDPA), and Minnesota Rules parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

“Individual” means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.

I. Private Data on Individuals

Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.

J. Protected Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.

K. Public Data

All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

L. Public Data Not on Individuals

Data accessible to the public pursuant to Minnesota Statutes section 13.03.

M. Public Data on Individuals

Data accessible to the public in accordance with the provisions of section 13.03.

N. Responsible Authority

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:

- a. Date the request is made;
- b. A clear description of the data requested;
- c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and

- d. Method to contact the requestor (such as phone number, address, or email address).
 2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
 3. The identity of the requestor is public, if provided, but cannot be required by the government entity.
 4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- B. The responsible authority will respond to a data request at reasonable times and places as follows:
 1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.
 - (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.
 - c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district

will conclude that the data is no longer wanted and will consider the request closed.

2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.
3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.
 1. A request for the preparation of summary data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
 1. The estimated costs of preparing the summary data, if any; and
 2. The summary data requested; or

3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.
- B. Private or confidential data on an individual shall not be collected, stored, used, or disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes section 13.05, subdivision 4.
- C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.

- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.
- H. The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the commissioner shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the commissioner may refer the matter to mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.
- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the commissioner of administration's order issued under Minnesota Statutes chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

- A. All requests for individual subject data must be made in writing directed to the responsible authority.
- B. A request for individual subject data must include the following information:
 - 1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;
 - 2. Date the request is made;
 - 3. A clear description of the data requested;

4. Proof that the individual is the data subject or the data subject's parent or guardian;
 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

VIII. COSTS

A. Public Data

1. The school district will charge for copies provided as follows:
 - a. 100 or fewer pages of black and white, letter or legal sized paper copies will be charged at 25 cents for a one-sided copy or 50 cents for a two-sided copy.
 - b. More than 100 pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.
 - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
 - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for in cash in advance of receiving the copies.

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
 - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
 - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX: ANNUAL REVIEW AND POSTING

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.

- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

806 CRISIS MANAGEMENT POLICY

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.
- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation

procedures should also address transporting necessary medications for students that take medications during the school day.

- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.
2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.
 3. School Emergency Response Teams
 - a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.
 - b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the

emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.
2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.

3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minnesota Statutes section 299F.30. See Minnesota Statutes section 121A.035.
6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the

public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts and will be updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.

4. Social/emotional recovery.

IV. ACTIVE SHOOTER DRILL

A. Definitions

1. “Active shooter drill” means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. “Active shooter simulation” means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.
3. “Evidence-based” means a program or practice that demonstrates any of the following:
 - a. a statistically significant effect on relevant outcomes based on any of the following:
 - i. strong evidence from one or more well designed and well implemented experimental studies;
 - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or
 - iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias; or
 - b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.
4. “Full-scale exercise” means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often

involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.

5. “Functional exercises” means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

1. accessible;
2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
3. culturally aware;
4. trauma-informed; and
5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student’s parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least 24 hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.

2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The Commissioner ~~of the Minnesota Department of Education~~ must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one hour, or one standard class period, of violence prevention training annually.
2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
 - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
 - b. the importance of taking threats seriously and seeking help; and
 - c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity.

3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:
 - a. student opportunities for leadership related to prevention and safety;
 - b. encouragement and support to students in establishing clubs and programs focused on safety; and
 - c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

1. the effect of active shooter drills on the safety of students and staff; and
2. the effect of active shooter drills on the mental health and wellness of students and staff.

104 SCHOOL DISTRICT MISSION STATEMENT

I. PURPOSE

The purpose of this policy is to establish a clear statement of the purpose for which the school district exists.

II. GENERAL STATEMENT OF POLICY

The school board believes that a mission statement should be adopted. The mission statement should be based on the beliefs and values of the community, should direct any change effort and should be the basis on which decisions are made. The school board, on behalf of and with extensive participation by the community, should develop a consensus among its members regarding the nature of the enterprise the school board governs, the purposes it serves, the constituencies it should consider, including student representation, and the results it intends to produce.

III. MISSION STATEMENT

We see...

- An educational environment designed to inspire passion and joy for everyone
- Collaborative educational experiences with immediate real-world applications
- Meaningful integration of community professionals into the daily education of students
- Adaptable learning spaces that will continually meet the needs of an ever-changing workforce

Everyone = [faculty, staff, parents, students, community, visitors, etc.]

IV. REVIEW

The school board will review the school district's mission every two years, especially when members of the board change. The school board will conduct a comprehensive review of the mission, including the beliefs and values of the community, every five to seven years.

204 SCHOOL BOARD MEETING MINUTES

I. PURPOSE

The purpose of this policy is to establish procedures relating to the maintenance of records of the school board and the publication of its official proceedings.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school district to maintain its records so that they will be available for inspection by members of the general public and to provide for the publication of its official proceedings in compliance with law.

III. MAINTENANCE OF MINUTES AND RECORDS

A. The clerk shall keep and maintain permanent records of the school board, including records of the minutes of school board meetings and other required records of the school board. All votes taken at meetings required to be open to the public pursuant to the Minnesota Open Meeting Law shall be recorded in a journal kept for that purpose. Public records maintained by the school district shall be available for inspection by members of the public during the regular business hours of the school district. Minutes of meetings shall be available for inspection at the administrative offices of the school district after they have been prepared. Minutes of a school board meeting shall be approved or modified by the school board at a subsequent meeting, which action shall be reflected in the official proceedings of that subsequent meeting.

B. Recordings of Closed Meetings

1. All closed meetings, except those closed as permitted by the attorney-client privilege, must be electronically recorded at the expense of the school district. Recordings of closed meetings shall be made separately from the recordings of an open meeting, to the extent such meetings are recorded. If a meeting is closed to discuss more than one (1) matter, each matter shall be separately recorded.
2. Recordings of closed meetings shall be preserved by the school district for the following time periods:

- a. Meetings closed to discuss labor negotiations strategy shall be preserved for two (2) years after the contract is signed.
 - b. Meetings closed to discuss security matters shall be preserved for at least four (4) years.
 - c. Meetings closed to discuss the purchase or sale of property shall be preserved for at least eight (8) years after the date of the meeting.
 - d. All other closed meetings shall be preserved by the school district for at least three (3) years after the date of the meeting.
 - e. Following the expiration of the above time periods, recordings of closed meetings shall be maintained as set forth in the school district's Records Retention Schedule.
3. Recordings of closed meetings shall be classified by the school district as protected non-public data that is not accessible by the public or any subject of the data, with the following exceptions:
- a. Recordings of labor negotiations strategy meetings shall be classified as public data and made available to the public after all labor contracts are signed by the school district for the current budget period.
 - b. Recordings of meetings related to the purchase or sale of property shall be classified as public data and made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school district has abandoned the purchase or sale.
 - c. Recordings of any other closed meetings shall be classified and/or released as required by court order.
4. Recordings of closed meetings shall be maintained separately from recordings of open meetings, to the extent recordings of open meetings are maintained by the school district, with the exception of recordings that have been classified as public data as set forth in Section III.B.3. above. Recordings of closed meetings classified as non-public data also shall be maintained in a secure location, separate from recordings classified as public data.
5. Recordings of closed meetings shall be maintained in a manner to easily identify the data classification of the recording. The recordings shall be identified with at least the following information:

- a. The date of the closed meeting;
 - b. The basis upon which the meeting was closed (i.e.: labor negotiations strategy, purchase or sale of real property, educational data, etc.); and
 - c. The classification of the data.
6. Recordings of closed meetings related to labor negotiations strategy and the purchase or sale of property shall be maintained and monitored in a manner that reclassifies the recording as public upon the occurrence of an event reclassifying that data as set forth in Section III.B.3. above.

IV. PUBLICATION OF OFFICIAL PROCEEDINGS

- A. The school board shall cause its official proceedings to be published once in the official newspaper of the school district within thirty (30) days of the meeting at which the proceedings occurred; however, if the school board conducts regular meetings not more than once every thirty (30) days, the school board need not publish the minutes until ten (10) days after they have been approved by the school board.

[NOTE: In 2024, the Minnesota legislature enacted two laws regarding publication of school board minutes. Under Chapter 109 (2024), five school districts are authorized to publish their minutes on their websites; this section expires on August 1, 2026.

Under Chapter 115 (2024), the Minnesota legislature enacted the following:

(a) Notwithstanding any law to the contrary, when a qualified newspaper designated by a school district ceases to exist for any reason except consolidation with another newspaper, the school district may publish its proceedings on the school district's website instead of publishing the proceedings in a newspaper. The school district must also request that the same information be posted at each public library located within the school district for the notice's publication period. This section expires August 1, 2026.

(b) If, before August 1, 2026, there is a newspaper located within a school district's boundaries that is qualified to be designated as the school district's official newspaper pursuant to Minnesota Statutes, section 331A.04, then the exemption provided in this section shall not apply, provided that the qualified newspaper's legal rate is not more than ten percent above the rate charged by the school district's previous official newspaper and the qualified newspaper provides some coverage of the activities of the school district that is publishing the notice.

[NOTE: MSBA has not inserted paragraph (a) into this model policy because its application is limited to specific circumstances and for a defined period. School districts that meet the conditions in paragraph (a) may choose to publish on the school district's website.]

- B. The proceedings to be published shall be sufficiently full to fairly set forth the proceedings. They must include the substance of all official actions taken by the school board at any regular or special meeting, and at minimum must include the

subject matter of a motion, the persons making and seconding the motion, a listing of how each member present voted on the motion, the character of resolutions offered including a brief description of their subject matter and whether adopted or defeated. The minutes and permanent records of the school board may include more detail than is required to be published with the official proceedings. If the proceedings have not yet been approved by the school board, the proceedings to be published may reflect that fact.

- C. The proceedings to be published may be a summary of the essential elements of the proceedings, and/or of resolutions and other official actions of the school board. Such a summary shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When a summary is published, the publication shall clearly indicate that the published material is only a summary and that the full text is available for public inspection at the administrative offices of the school district and that a copy of the proceedings, other than attachments to the minutes, is available without cost at the offices of the school district or by means of standard or electronic mail.

A person may report conduct that may constitute harassment or violence anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. In Each School Building. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.
- F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

- D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators, or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.
- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

- A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.
- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

IX. HARASSMENT OR VIOLENCE AS ABUSE

- A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statute, Chapter 260E may be applicable.
- B. Nothing in this policy will prohibit the school district from taking immediate action to protect victims of alleged harassment, violence, or abuse.

X. DISSEMINATION OF POLICY AND TRAINING

 - 3. as provided in the school district's written work rules for cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products and cannabis testing, provided that the rules are in writing and in

14. “Screening Test Technician” (STT) means anyone who instructs and assists individuals in the alcohol testing process and operates an ASD.
15. “Stand Down” means the practice of temporarily removing an employee from performing safety-sensitive functions based only upon a laboratory report to the MRO of a confirmed positive test for a drug or drug metabolite, an adulterated test, or a substituted test result but before the MRO completes the verification process.
16. “Substance Abuse Professional” (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual’s health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem (the driver’s or a coworker’s); and available methods of intervening when an alcohol or drug problem is

suspected, including confrontation, referral to an employee assistance program, and/or referral to management.

3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

D. Alcohol and Controlled Substances Testing Program Manager

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.

6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district that prohibit the possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible

cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for ~~marijuana~~-cannabis. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.
- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation

of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query (see Attachment C to this policy). The school district shall retain the consent for three (3) years from the date of the query.

2. Post-Accident Testing

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

3. Random Testing

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.

- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an

alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.

- d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.
 6. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.
 7. Refusal to Submit and Attendant Consequences
 - a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
 - b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
 - c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.

- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

I. Testing Procedures

1. Drug Testing

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in

which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.

- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

- 1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.
- 2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee’s own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.

- c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be Essentia Health – Virginia, Minnesota, which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, chapter 13. Any information concerning the individual’s test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.
2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures	2 years
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse (“Clearinghouse”) as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
 - i. Any on-duty alcohol use;
 - ii. Any pre-duty alcohol use;
 - iii. Any alcohol use following an accident; and
 - iv. Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and
- h. Any employer’s report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
 - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.
 - b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.
 - c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
 - d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.
3. Disciplinary Action
 - a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
 - b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
 - c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to cannabis testing or drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo cannabis testing or drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of “other employees” covered by Section IV. of this policy.

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver’s consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver’s Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations 382.701.
2. The school district may not access an individual’s Clearinghouse record unless the school district (1) obtains the individual’s prior written or electronic consent for access to the record; and (2) submits proof of the

individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.

3. The school district shall protect the individual's privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.
4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

IV. CANNABIS TESTING OR DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing or cannabis testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing or cannabis testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Definitions

1. "Cannabis testing" means the analysis of a body component sample according to the standards established under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of cannabis flower, as defined in Minnesota Statutes, section 342.01, subdivision 16, cannabis products, as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, hemp-derived consumer products as defined in section 342.01, subdivision 37, or cannabis metabolites in the sample tested. The definitions in this section apply to cannabis testing unless stated otherwise.
2. "Confirmatory test" and "confirmatory retest" mean a drug or alcohol test that uses a method of analysis allowed under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.

3. “Drug” means a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, but does not include marijuana, tetrahydrocannabinols, cannabis flower as defined in section 342.01, subdivision 16, cannabis products as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, and hemp-derived consumer products as defined in section 342.01, subdivision 37.
4. “Drug and Alcohol Testing,” “Drug or Alcohol Testing,” and “Drug or Alcohol Test” mean analysis of a body component sample by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested. "Drug and alcohol testing," "drug or alcohol testing," and "drug or alcohol test" do not include cannabis or cannabis testing, unless stated otherwise.
5. "Employee" means a person, independent contractor, or person working for an independent contractor who performs services for compensation, in whatever form, for an employer.
6. "Initial screening test" means a drug or alcohol test or cannabis test which uses a method of analysis under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
7. “Job Applicant” means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the charter school in a position that does not require a commercial driver’s license, and includes a person who has received a job offer made contingent on the person’s passing drug or alcohol testing. Job applicants for positions requiring a commercial driver’s license are governed by the provisions of the charter school’s drug and alcohol testing policy relating to school bus drivers (Section III.).
8. “Oral fluid test” means analysis of a saliva sample for the purpose of measuring the presence of the same substances as drug and alcohol testing and cannabis testing that:
 - a. can detect drugs, alcohol, cannabis, or their metabolites in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1; and
 - b. does not require the services of a testing laboratory under section 181.953, subdivision 1.

[NOTE: The 2024 Minnesota legislature added oral fluid tests.]

98. “Other Employees” means any persons, independent contractors, or persons working for an independent contractor who perform services for the charter school for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver’s license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver’s license are primarily governed by the provisions of the charter school’s drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver’s license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of “other employees.”
109. “Positive Test Result” means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
110. “Random Selection Basis” means a mechanism for selection of employees that:
- a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
 - b. does not give the charter school discretion to waive the selection of any employee selected under the mechanism.
121. “Reasonable Suspicion” means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
132. “Safety-Sensitive Position” means a job, including any supervisory or management position, in which an impairment caused by drug, alcohol, or cannabis usage would threaten the health or safety of any person.

AB. Circumstances Under Which Cannabis Testing or Drug or Alcohol Testing May Be Requested or Required; Exceptions:

1. General Limitations

- a. The school district ~~will~~ may not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug or alcohol testing or cannabis testing, unless the testing is done pursuant to this ~~drug and alcohol testing~~ policy; and either (1) is conducted by a testing laboratory that meets one of

the criteria listed in Minnesota Statutes, section 181.953, Subd. subdivision 1; or (2) complies with the oral fluid test procedures under section 181.953, subdivision 5a.

[NOTE: The 2024 Minnesota legislature amended this provision.]

- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing or cannabis testing on an arbitrary and capricious basis.

2. Cannabis Testing Exceptions

For the following positions, cannabis and its metabolites are considered a drug and subject to the drug and alcohol testing provisions in Minnesota Statutes, sections 181.950 to 181.957:

- a. a safety-sensitive position, as defined in Minnesota Statutes, section 181.950, subdivision 13;
- b. a position requiring face-to-face care, training, education, supervision, counseling, consultation, or medical assistance to children;
- c. a position requiring a commercial driver's license or requiring an employee to operate a motor vehicle for which state or federal law requires drug or alcohol testing of a job applicant or an employee;
- d. a position of employment funded by a federal grant; or
- e. any other position for which state or federal law requires testing of a job applicant or an employee for cannabis.

23. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

- a. The school district must not request or require a job applicant to undergo cannabis testing solely for the purpose of determining the presence or absence of cannabis as a condition of employment unless otherwise required by state or federal law.
- b. Unless otherwise required by state or federal law, the school district must not refuse to hire a job applicant solely because the job applicant submits to a cannabis test or a drug and alcohol test authorized by Minnesota law and the results of the test indicate the presence of cannabis.
- c. The school district must not request or require an employee or job applicant to undergo cannabis testing on an arbitrary or capricious basis.
- d. Cannabis testing authorized under paragraph (d) must comply with the safeguards for testing employees provided in Minnesota Statutes, sections 181.953 and 181.954.

4. Oral fluid testing

- a. When drug and alcohol testing or cannabis testing is otherwise authorized under Minnesota Statutes, section 181.951, the school district may request an employee or job applicant to undergo oral fluid testing according to the procedures under Minnesota Statutes, section 181.953, subdivision 5a as an alternative to using the services of a testing laboratory under Minnesota Statutes, section 181.953, subdivision 1.
- b. The employee must be informed of the test result at the time of the oral fluid test. Within 48 hours of an oral fluid test that indicates a positive test result or that is inconclusive or invalid, the employee or job applicant may request drug or alcohol testing or cannabis testing at no cost to the employee or job applicant using the services of a testing laboratory under Minnesota Statutes, section 181.953, subdivision 1, and according to the existing laboratory testing standards in subdivisions 1 to 5. The rights, notice, and limitations in Minnesota Statutes, section 181.953, subdivision 6, paragraph (b), and subdivisions 7 to 8 and 10 to 11 apply to an employee or job applicant and a laboratory test conducted pursuant to this paragraph.
- c. If the laboratory test under paragraph (b) above indicates a positive result, any subsequent confirmatory retest, if requested by the employee or job applicant, must be conducted following the retest

procedures provided in Minnesota Statutes, section 181.953, subdivision 6, paragraph (c), and subdivision 9 at the employee's or job applicant's own expense.

- d. Nothing in this subdivision is intended to modify the existing requirements for drug and alcohol testing or cannabis testing in the workplace under Minnesota Statutes, sections 181.950 to 18.957, unless stated otherwise.

[NOTE: The 2024 Minnesota legislature enacted this provision.]

54. Random Testing

The school district may request or require “other employees” to undergo cannabis testing or drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

65. Reasonable Suspicion Testing

The school district may request or require any employee to undergo cannabis testing or drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of cannabis, drugs, or alcohol;
- b. has violated the school district’s written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol, cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products while the employee is working or while the employee is on the school district’s premises or operating the school district’s vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, ~~Subd.~~ subdivision 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

76. Treatment Program Testing

The school district may request or require any employee to undergo cannabis testing and drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or

evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo cannabis testing and drug and alcohol testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

87. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

 Any employee or job applicant whose position does not require a commercial driver’s license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of this Section IV. D.
2. Consequences of an Employee’s Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

EE. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or requesting cannabis testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing policy or cannabis testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing or cannabis testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

4. Notice of and Right to Explain Positive Test Result

a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of

the right to explain the results and to submit additional information (see Attachment G to this policy).

- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry or of enrollment in a Tribal medical cannabis program as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for ~~marijuana~~-cannabis. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.
- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the

same drug, ~~or~~ alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments ~~E~~ F and ~~F~~ G to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test or cannabis test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, ~~or~~ alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.

4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;
2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes Chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug, ~~and~~ alcohol, and cannabis testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug and alcohol testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment ~~G~~ H to this policy.

V. **POSTING**

The school district shall post notice in an appropriate and conspicuous location on its premises that it has adopted a drug and alcohol testing policy and that copies of the policy are available for inspection during regular business hours by its employees or job applicants in its personnel office or other suitable locations.

These expenditures must be reported using the uniform financial and accounting and reporting standards (UFARS).

3. The report will be signed by the superintendent and staff development chair.

- B. To the extent the school district receives a grant for mentorship activities described in Section V.D., by June 30 of each year after receiving a grant, the site staff development committee must submit a report to the Professional Educator Licensing and Standards Board on program efforts that describes mentoring and induction activities and assesses the impact of these programs on teacher effectiveness and retention.

503 STUDENT ATTENDANCE

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing

attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to any member of the board, a truant officer, a principal, or the superintendent. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.

[NOTE: This paragraph quotes Minnesota Statutes, section 120A.22.]

b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. ~~A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.~~

~~c. The board of the district in which the child resides may approve the application under subparagraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.~~

d. Legitimate Exceptions

The following reasons shall be sufficient to constitute excused absences:

~~(1) that the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:~~

~~(a) child illness, medical, dental, orthodontic, or counseling appointments; including appointments conducted through telehealth;~~

~~(b) family emergencies;~~

~~(c) the death or serious illness or funeral of an immediate family member;~~

~~(d) active duty in any military branch of the United States;~~

~~(e) the child has a condition that requires ongoing treatment for a mental health diagnosis; or~~

~~(f) other exemptions included in this attendance policy.~~

~~(2) that the child has already completed state and district standards required for graduation from high school; or~~

~~(3) that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding in the aggregate three hours in any week, instruction conducted by a Tribal spiritual or cultural advisor, or a school for religious instruction conducted and~~

maintained by a church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.

[NOTE: Subparagraph 3 above incorporates the 2024 amendment to Minnesota Statutes, section 120A.22, subdivision 12.]

[Note: In 2024, the Minnesota legislature amended Minnesota Statutes, section 120A.22, subdivision 12. The legitimate exceptions set forth above quote this statute. Minnesota law provides that a school board may include other exemptions in the school district's attendance policy. When considering whether to add other exemptions, school boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]

~~(1) — Illness.~~

~~(2) — Serious illness in the student's immediate family.~~

~~(3) — A death or funeral in the student's immediate family or of a close friend or relative.~~

(2) Work missed because of absence must be made up within the same number of days the student was absent from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (2) Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (4) Students with unexcused absences shall be subject to building discipline.

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.
2. Procedures for Reporting Tardiness
 - a. Students tardy at the start of school must report to the school office for an admission slip.

- b. Excessive tardiness may result in consequences.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

- 2. School-initiated absences will be accepted and participation permitted.

- 4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5. If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance. Requests for accommodation should be directed to the building principal.

IV. DISSEMINATION OF POLICY

- 1. Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal's office.

2. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for religious observance.

V. REQUIRED REPORTING

A. Continuing Truant

Minnesota Statutes section 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minnesota Statutes section 120A.22 and is absent from instruction in a school, as defined in Minnesota Statutes section 120A.05, without valid excuse within a single school year for:

1. Three days if the child is in elementary school; or
2. Three or more class periods on three days if the child is in middle school, junior high school, or high school.

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;

4. That this notification serves as the notification required by Minnesota Statutes section 120A.34;
5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;

7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes Chapter 260C;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes section 260C.201; and
9. That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

C. Habitual Truant

1. A habitual truant is a child under the age of 17 years who is absent from attendance at school without lawful excuse for seven school days per school year if the child is in elementary school or for one or more class periods on seven school days per school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days per school year and who has not lawfully withdrawn from school.
2. A school district attendance officer shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minnesota Statutes Chapter 260A.

507 CORPORAL PUNISHMENT AND PRONE RESTRAINT

[NOTE: The provisions of this policy substantially reflect statutory requirements. The revisions in this model policy incorporate legislative changes enacted throughout the 2024 Minnesota legislative session. School boards may have adopted some revisions in the spring, when the first set of laws were enacted.]

I. PURPOSE

The purpose of this policy is to describe limitations on use of corporal punishment and prone restraint upon a student.

II. GENERAL STATEMENT OF POLICY

No employee or agent of the school district shall inflict corporal punishment or use prone restraint upon a student except as provided below.

III. DEFINITIONS

1. “Corporal punishment” means conduct involving:
 - a. hitting or spanking a person with or without an object; or
 - b. unreasonable physical force that causes bodily harm or substantial emotional harm.
2. “Employee or agent of the district” does not include a school resource officer as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph (c).
3. “Prone restraint” means placing a child in a face-down position.

IV. PROHIBITIONS

1. An employee or agent of a district shall not inflict corporal punishment or cause corporal punishment to be inflicted upon a pupil to reform unacceptable conduct or as a penalty for unacceptable conduct.
2. An employee or agent of the school district shall not use prone restraint.

3. An employee or agent of a district shall not inflict any form of physical holding that restricts or impairs a pupil's ability to breathe; restricts or impairs a pupil's ability to communicate distress; places pressure or weight on a pupil's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a pupil's torso.
4. Conduct that violates this Article is not a crime under Minnesota Statutes, section 645.241, but may be a crime under Minnesota Statutes, chapter 609 if the conduct violates a provision of Minnesota Statutes, chapter 609. Conduct that violates IV.1 above is not per se corporal punishment under the statute. Nothing in this Minnesota Statutes, section 121A.58 or 125A.0941 precludes the use of reasonable force under Minnesota Statutes, section 121A.582. The use of reasonable force as set forth in Section V does not authorize conduct prohibited pursuant to Minnesota Statutes, section 125A.0942.

V. REASONABLE FORCE

1. Reasonable force may be used upon or toward the person of another without the other's consent when the following circumstance exists or the actor reasonably believes it to exist:
 - a. when used by a teacher, school principal, school employee, school bus driver, or other agent of the school in the exercise of lawful authority, to restrain a child or pupil to prevent bodily harm or death to the child, pupil, or another.
2. Reasonable force may be used upon or toward the person of a child without the child's consent when the following circumstance exists or the actor reasonably believes it to exist:
 - a. when used by a teacher, school principal, school employee, school bus driver, other agent of the district, or other member of the instructional, support, or supervisory staff upon or toward a child or pupil when necessary to restrain the child or pupil to prevent bodily harm or death to the child, pupil, ~~or another pursuant to Minnesota Statutes, section 609.379~~. Nothing in Minnesota Statutes section 609.379 limits any other authorization to use reasonable force including but not limited to authorizations under Minnesota Statutes, section 121A.582, subdivision 1, and section 609.06, subdivision 1.
3. A teacher, school principal, and other school staff may use reasonable force under the conditions set forth in Policy 506 (Student Discipline).

[NOTE: These revisions reflect 2024 legislative changes and are reformatted to enhance readability.]

IV. VIOLATION

Employees who violate the provisions of this policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements and school district policies. Violation of this policy may also result in civil or criminal liability for the employee.

509 ENROLLMENT OF NONRESIDENT STUDENTS

I. PURPOSE

The school district desires to participate in the Enrollment Options Program (Open Enrollment) established by Minnesota Statutes section 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

The school board adopts specific standards for acceptance and rejection of Open Enrollment applications.

III. OPEN ENROLLMENT PROCESS

A. Open enrollment applications will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. If the school district limits enrollment of nonresident students pursuant to this section, the district shall report to the Commissioner of the Minnesota Department of Education (MDE) by July 15 on the number of nonresident pupils denied admission due to the limitations on the enrollment of nonresident pupils.

C. The parent of a student with a disability not yet enrolled in kindergarten and not open enrolled in a nonresident district may elect, in the same manner as the parent of a resident student with a disability, a school in the nonresident district where the child is enrolled in a Head Start program or a licensed child care setting in the nonresident district, provided the child can be served in the same setting as other children in the nonresident district with the same level of disability.

Under this paragraph, parents must demonstrate enrollment in a community preschool or childcare setting.

[NOTE: MDE states: “There is no standard set for how parents must demonstrate enrollment in a community preschool or childcare setting. We recommend a written policy for this process.” A district may choose to insert applicable local provisions here.]

D. A nonresident preschool aged child with a disability open enrolled in the district may be required to open enroll for kindergarten.

[NOTE: MDE offers the following recommendation: “the non-resident district may elect to allow the child’s enrollment status to continue without completing another application. We recommend that districts create policies around this election which must be non-discriminatory and in writing.” A district may choose to insert applicable local provisions here.]

IV. BASIS FOR DECISIONS

A. Standards that may be used for rejection of application.

In addition to the provisions above, the school district may refuse to allow a pupil who is expelled under Minnesota Statutes section 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;
3. selling or soliciting the sale of a controlled substance while at school or a school function; or
4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.

B. Standards that may not be used for rejection of application.

The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student's proficiency in the English language;
5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.

C. Application.

The student and parent or guardian must complete and submit the "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education" (or the Statewide Enrollment Options Application for State-funded Voluntary Prekindergarten (VPK) ~~or School Readiness Plus (SRP)~~ Application if applicable) developed by MDE and available on its website.

The school district may require a nonresident student enrolled in a program under Minnesota Statutes, section 125A.13, or in a preschool program, except for a program under Minnesota Statutes, section 124D.151 ~~or Laws 2017, First Special Session chapter 5, article 8, section 9,~~ to follow the application procedures under this subdivision to enroll in kindergarten. A district must allow a nonresident student enrolled in a program under Minnesota Statutes, section 124D.151 or Laws 2017, First Special Session chapter 5, article 8, section 9, to remain enrolled in the district when the student enters kindergarten without submitting annual or periodic applications, unless the district terminates the student's enrollment under subdivision 12.

The school district shall notify the parent or guardian in writing by February 15 or within ninety (90) days for applications submitted after January 15 in the case of achievement and integration district transfers whether the application has been accepted or rejected. If an application is rejected, the district must state in the notification the reason for rejection. The parent or guardian must notify the

nonresident district by March 1 or within ten (10) business days whether the pupil intends to enroll in the nonresident district.

D. Lotteries.

If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

E. Exclusion

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

F. Termination of Enrollment

The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minnesota Statutes section 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minnesota Statutes chapter 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8.

A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) “material and substantial disruption” is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

I. PURPOSE

The purpose of this policy is to provide guidance to professional staff, parents, and students regarding student promotion, retention, and program design.

II. GENERAL STATEMENT OF POLICY

The school board expects all students to achieve at an acceptable level of proficiency. Parental assistance, tutorial and remedial programs, counseling, and other appropriate services shall be coordinated and utilized to the greatest extent possible to help students succeed in school.

A. Promotion

Students who achieve at levels deemed acceptable by local and state standards shall be promoted to the next grade level at the completion of each school year.

B. Retention

Retention of a student may be considered when professional staff and parents feel that it is in the best interest of the student. Physical development, maturity, and emotional factors shall be considered, as well as scholastic achievement. The superintendent's decision shall be final.

C. Program Design

1. The superintendent, with participation of the professional staff and parents, shall develop and implement programs to challenge students that are consistent with the needs of students at every level. A process to assess and evaluate students for program assignment shall be developed in coordination with such programs. Opportunities for special programs and placement outside of the school district shall also be developed as additional options. All programs will be aligned with creating ~~the World's Best Workforce~~ comprehensive achievement and civic readiness.
2. The school district may identify students, locally develop programs and services addressing instructional and affective needs, provide staff

development, and evaluate programs to provide gifted and talented students with challenging and appropriate educational programs and services.

3. The school district must adopt guidelines for assessing and identifying students for participation in gifted and talented programs and services consistent with Minnesota Statutes, section 120B.11. The guidelines should include the use of:
 - a. multiple objective criteria; and
 - b. assessments and procedures that are valid and reliable, fair, and based on current theory and research. Assessments and procedures should be sensitive to under-represented groups, including, but not limited to, low-income, minority, twice-exceptional, and English learners.
4. The school district must adopt procedures for the academic acceleration of gifted and talented students. These procedures will include how the school district will:

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and Minnesota Rules parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, satellite, videoconference, satellite, Internet, or other electronic and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student’s attendance at a school or schools in the school district.

D. Directory Information

1. Under federal law, “directory information,” means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, ~~but is not limited to~~ the student’s name; photograph; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. Directory information does not include:
 - a. a student’s social security number;
 - b. a student’s identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student’s identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
 - c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student’s identity, such as a PIN, password, or other factor known or possessed only by the student;
 - d. personally identifiable data which references religion, race, color, social position, or nationality;
 - e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student’s parent or guardian; or
 - f. the name, address, and telephone number of the student’s parent(s).

[NOTE: Under the federal Family Educational Rights and Privacy Act (FERPA), the federal definition of “directory information” identifies the types of information that may be specifically referenced as directory information. The federal definition applies to information requests by military recruiting officers, as set out in Article XI below.]

2. Under Minnesota law, a school district may not designate a student’s home address, telephone number, email address, or other personal contact information as “directory information.”

Minnesota law prohibits schools from designating student contact information as “directory information” despite the FERPA definition. Minnesota schools should comply with Minnesota law and should not include student contact information in their definition of “directory information.”

This June 2024 revision to the “directory information” section seeks to clarify the law; no substantive change is presented in this revision.]

[NOTE: A school district may choose not to designate some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student’s religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board who must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

[NOTE: The 2024 Minnesota legislature enacted Minnesota Statutes, section 480.40, which includes a law limiting disclosure of personal information concerning “judicial officials.” The new law includes a definition of “judicial official” that school districts can review. “Personal information” about a judicial official includes “the name of any child” and the name of any school that such a child attends if combined with an assertion that the child attends the school. School districts may not “knowingly publicly post, display, publish, sell, or otherwise make available on the Internet the personal information of any judicial official,” including in response to requests for directory information.]

E. Education Records

1. What constitutes “education records.” Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education record. The term “education records” does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record; and
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.
 - d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:

- (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
 - f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. 4. Perform a task directly related to responding to a request for data.

J. Parent

“Parent” means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

K. Personally Identifiable

“Personally identifiable” means that the data or information includes, but is not limited to: (a) a student’s name; (b) the name of the student’s parent or other family member; (c) the address of the student or student’s family; (d) a personal identifier such as the student’s social security number or student number or biometric record; (e) other direct identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

L. Record

“Record” means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

P. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid

court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;

The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations section 99.31(a).

C. Students with a Disability

The school district shall follow 34 Code of Federal Regulations sections 300.610-300.617 with regard to the privacy, notice, access, record keeping and accuracy of information related to students with a disability.

 - b. indicates such person's approval of the information contained in the electronic consent.

5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;
 - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the school district would otherwise use employees;
 - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made.
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code section 7917, and, if applicable, data regarding a student's history of violent behavior. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:

- a. determine eligibility for the aid;
- b. determine the amount of the aid;
- c. determine conditions for the aid; or
- d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers.
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable

information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, “organizations,” includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 ~~U.S.C. §~~ [United States Code, section 2331](#), or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student’s education records that are relevant for the school district to defend itself;

11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as “directory information” pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;

18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the

principal determines that these individual need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or

23. When requested, educational agencies or institutions may share personal student contact information and directory information for students served in special education with postsecondary transition planning and services under Minnesota Statutes, section 125A.08, paragraph (b), clause (1), whether public or private, with the Minnesota Department of Employment and Economic Development, as required for coordination of services to students with disabilities under Minnesota Statutes, sections 125A.08, paragraph (b), clause (1); 125A.023; and 125A.027.

[NOTE: The 2024 Minnesota legislature enacted this provision.]

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Educational Data

1. Educational data designated as directory information is public data on individuals to the extent required under federal law. Directory information must be designated pursuant to the provisions of:
 - a. Minnesota Statutes, section 13.32, subdivision 5; and
 - b. 20 United States Code, ~~title 20~~, section 1232g, and 34 Code of Federal Regulations, title 34, section 99.37, which were in effect on January 3, 2012.
2. The school district may not designate a student's home address, telephone number, email address, or other personal contact information as directory information under this section.
3. When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.
2. The school district shall give notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
3. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
4. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.

5. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a

reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.

3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action

proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

- B. Data released to military recruiting officers under this provision:
 - 1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military; and
 - 2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
 - 3. copying fees shall not be imposed.

- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority, building principal, in writing by October 1st each year. The written request must include the following information:
 - 1. Name of student and parent, as appropriate;
 - 2. Home address;
 - 3. Student's grade level;
 - 4. School presently attended by student;
 - 5. Parent's legal relationship to student, if applicable;

6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:

- a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;

4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.

2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18. United States Code section 2332b(g)(5)(B) or an act of domestic or international terrorism.
4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.

5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.

3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;

- c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
 3. The cost of providing copies shall be borne by the parent or eligible student.
 4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:

521 STUDENT DISABILITY NONDISCRIMINATION

I. PURPOSE

The purpose of this policy is to protect students with disabilities from discrimination on the basis of disability and to identify and evaluate learners who, within the intent of Section 504 of the Rehabilitation Act of 1973 (Section 504), need services, accommodations, or programs in order that such learners may receive a free appropriate public education.

II. GENERAL STATEMENT OF POLICY

- A. Students with disabilities who meet the criteria of Paragraph C. below are protected from discrimination on the basis of a disability.
- B. The responsibility of the school district is to identify and evaluate learners who, within the intent of Section 504, need services, accommodations, or programs in order that such learners may receive a free appropriate public education.
- C. For this policy, a learner who is protected under Section 504 is one who:
 - 1. has a physical or mental impairment that substantially limits one or more of such person's major life activities; or
 - 2. has a record of such an impairment; or
 - 3. is regarded as having such an impairment; or
 - 4. has an impairment that is episodic or in remission and would materially limit a major life activity when active.

[NOTE: The 2024 Minnesota legislature revised the definition of 'disability' in Minnesota Statutes, section 363A.03, subdivision 12]

- D. Learners may be protected from disability discrimination and be eligible for services, accommodations, or programs under the provisions of Section 504 even though they are not eligible for special education pursuant to the Individuals with Disabilities Education Act.

III. COORDINATOR

Persons who have questions or comments should contact the special education director. This person is the school district's Americans with Disabilities Act/Section 504 coordinator. Persons who wish to make a complaint regarding a disability discrimination matter may use the accompanying Student Disability Discrimination Grievance Report Form. The form should be given to the ADA/Section 504 coordinator.

524 INTERNET, TECHNOLOGY, AND CELL PHONE ACCEPTABLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one

or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
 2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.

5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
 - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
 - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
 - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as “Facebook,” “Twitter,” “Instagram,” “Snapchat,” “TikTok”, “Reddit,” and similar websites or applications.
 7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person’s account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
 8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person’s property without the person’s prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
 10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district’s Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school

district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.

- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
 - 1. Obscene;
 - 2. Child pornography; or
 - 3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
 - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure or discovery under Minnesota Statute Chapter 13 (the Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in

compliance with school district policies conducted through the school district system.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

XI. USER NOTIFICATION

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
 - 1. Notification that Internet use is subject to compliance with school district policies.
 - 2. Disclaimers limiting the school district's liability relative to:
 - a. Information stored on school district diskettes, hard drives, or servers.

- b. Information retrieved through school district computers, networks, or online resources.
 - c. Personal property used to access school district computers, networks, or online resources.
 - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
- 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
 - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
 - 5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
 - 6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
 - 7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
 - 8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:

1. A copy of the user notification form provided to the student user.
2. A description of parent/guardian responsibilities.
3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
5. A statement that the school district's acceptable use policy is available for parental review.

XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS

- A. "Technology provider" means a person who:
1. contracts with the school district, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
 2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.
- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:
1. identify each curriculum, testing, or assessment technology provider with access to educational data;
 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.
- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
 - 1. the technology provider's employees or contractors have access to educational data only if authorized; and
 - 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

XIV. SCHOOL-ISSUED DEVICES

- A. "School-issued device" means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
 - 1. any location-tracking feature of a school-issued device;
 - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
 - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.
- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
 - 1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
 - 2. the activity is permitted under a judicial warrant;

3. the school district is notified or becomes aware that the device is missing or stolen;
 4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
 5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
 6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.
- D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

XV. CELL PHONE USE

The school board directs the superintendent and school district administration to establish rules and procedures regarding student possession and use of cell phones in schools. These rules and procedures should seek to minimize the impact of cell phones on student behavior, mental health, and academic attainment. These rules and procedures may be designed for specific school buildings, grade levels, or similar criteria.

[NOTE: In 2024, the Minnesota legislature enacted a law requiring that school districts adopt a policy on students' possession and use of cell phones in school by March 15, 2025. This law does not state that school districts must incorporate specific language or provisions in the school district policy.

MSBA recognizes the common practice of setting forth cell phone rules in a student handbook or similar document. This Article directs school administration to establish cell phone rules, which the school board may require be presented to the board for approval. This approach enables administrators to craft flexible and specific rules that are specific to grade levels and buildings. The school board may choose to set forth general principles regarding cell phone use in this Article.

Under the new law, the Minnesota Elementary School Principals Association and the Minnesota Association of Secondary School Principals will collaborate to make best practices available to schools on a range of different strategies to achieve the goals stated above.]

1. ~~Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell~~

~~phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct.~~

- ~~2. If the school district has a reasonable suspicion that a student has violated a school policy, rule, or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search.~~
- ~~3. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.~~

XVI. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

XVII. IMPLEMENTATION; POLICY REVIEW

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.

- B. “Emergency” means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- C. “Peace officer” means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term “peace officer” includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.

~~C. “Police liaison officer” is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.~~

D. “Physical holding” means physical intervention intended to hold a child immobile or limit a child’s movement, where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a child in order to protect a child or other individual from physical injury.

[NOTE: This definition is added to provide clarity for discussion of physical holds later in this policy and in light of recent Minnesota legislative action.]

E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.

F. “School Resource Officer” means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer’s regular responsibilities through the terms of a contract entered between the peace officer’s employer and the designated school district or charter school.

[NOTE: The 2024 Minnesota legislature enacted this definition of “school resource officer.” MSBA deleted the definition of “police liaison officer” as part of this change. School districts should use the term that reflects their local circumstances.]

G. “Student with an IEP” or “the student” means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).

- H. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student's behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team may be summoned. The crisis team may attempt to de-escalate the student's behavior by means including, but not limited to, those described in the student's IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the ~~police liaison~~ school resource officer or a peace officer.

B. Removal By ~~Police Liaison~~ School Resource Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the ~~police liaison~~ school resource officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

1. In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
2. In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:
 - a. Corporal punishment prohibited by Minn. Stat. § 121A.58;
 - b. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
 - c. Totally or partially restricting a child's senses as punishment;
 - d. Denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
 - e. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minn. Stat. § 626.556;
 - f. Physical holding (as defined [above and](#) in Minn. Stat. § 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
 - g. Withholding regularly scheduled meals or water; and/or
 - h. Denying a child access to toilet facilities.

3. Any reasonable force used under Minnesota Statutes, sections 121A.582; 609.06, subdivision 1; and 609.379 which intends to hold a child immobile or limit a child's movement where body contact is the only source of physical restraint or confines a child alone in a room from which egress is barred shall be reported to the Minnesota Department of Education as a restrictive procedure, including physical holding or seclusion used by an unauthorized or untrained staff person.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minnesota Statutes, section 125A.0942, subdivision 5, and otherwise comply with the requirements of section 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include information on the use of restrictive procedures for the prior school year, July 1 through June 30, including

the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

535 SERVICE ANIMALS IN SCHOOLS

I. PURPOSE

The purpose of this policy is to establish parameters for the use of service animals by students, employees, and visitors within school buildings and on school grounds.

II. GENERAL STATEMENT OF POLICY

Individuals with disabilities shall be permitted to bring their service animals into school buildings or on school grounds in accordance with, and subject to, this policy.

III. DEFINITIONS

A. Handler

A “handler” is an individual with a disability who uses a service animal. In the case of an individual who is unable to care for and supervise the service animal for reasons such as age or disability, “handler” means the person who cares for and supervises the animal on that individual’s behalf. School district personnel are not responsible for the care, supervision, or handling responsibilities of a service animal.

B. Service Animal

A “service animal” is a dog (regardless of breed or size) or miniature horse that is individually trained to perform “work or tasks” for the benefit of an individual with a disability, including an individual with a physical, sensory, psychiatric, intellectual, or mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. Service animals are working animals that perform valuable functions; they are not pets. The work or tasks performed by the service animal must be directly related to the individual’s disability. An animal accompanying an individual for the sole purpose of providing emotional support, therapy, comfort, or companionship is not a service animal.

C. Trainer

A “trainer” is a person who is training a service animal and is affiliated with a recognized training program for service animals.

D. Work or Tasks

1. “Work or tasks” are those functions performed by a service animal.
2. Examples of “work or tasks” include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.
3. The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort, or companionship are not “work or tasks” for the purposes of this policy.

IV. ACCESS TO PROGRAMS AND ACTIVITIES; PERMITTED INQUIRIES

A. In general, handlers (i.e., individuals with disabilities or trainers) are permitted to be accompanied by their service animals in all areas of school district properties where members of the public, students, and employees are allowed to go. A handler has the right to be accompanied by a service animal whenever and to the same extent that the handler has the right: (a) to be present on school district property or in school district facilities; (b) to attend or participate in a school- sponsored event, activity, or program; or (c) to be transported in a vehicle that is operated by or on behalf of the school district.

B. It is an unfair discriminatory practice to prohibit a person with a disability from taking a service animal into the public place or conveyance to aid persons with disabilities, and if the service animal is properly harnessed or leashed so that the person with a disability may maintain control of the service animal.

C. The school district shall not require a person with a disability to make an extra payment or pay an additional charge when taking a service animal into any school district building.

[NOTE: The 2024 Minnesota legislature revised Minn. Stat. 3631.19, as reflected in Paragraphs B. and C.]

- D. When an individual with a disability brings a service animal to a school district property, school district employees shall not ask about the nature or extent of a person's disability, but may make the following two inquiries to determine whether the animal qualifies as a service animal:
 - 1. Is the service animal required because of a disability; and
 - 2. What work or tasks is the service animal trained to perform.
- E. School district employees shall not make these inquiries of an individual with a disability bringing a service animal to school district property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability. However, school district employees may inquire whether the individual with a disability has completed and submitted the request form described in Part VI., below.
- F. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

V. REQUIREMENTS FOR ALL SERVICE ANIMALS

- A. The service animal must be required for the individual with a disability.
- B. The service animal must be individually trained to do work or tasks for the benefit of the individual with a disability.
- C. A service animal must have a harness, leash, or other tether, unless either the handler is unable, because of a disability, to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case, the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- D. The service animal must be housebroken.
- E. The service animal must be under the control of its handler at all times. The handler is responsible for the care and supervision of a service animal, including walking the service animal, feeding the service animal, grooming the service animal, providing veterinary care to the service animal, and responding to the service animal's need to relieve itself, including the proper disposal of the service animal's waste.
- F. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal.

- G. In the case of a student who is unable to care for and/or supervise his or her service animal, the student's parent/guardian is responsible for arranging for such care and supervision. In the case of an employee or other individual who is unable to care for and/or supervise his or her service animal, the employee or other individual's authorized representative is responsible for arranging for a service animal's care and supervision.
- H. The service animal must be properly licensed and vaccinated in accordance with applicable state laws and local ordinances.

VI. REQUESTING THE USE OF A SERVICE ANIMAL AT SCHOOL

- A. Students with a disability seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the building principal of the school the student attends. The principal will notify the superintendent or the administrator designated with responsibility to address such requests. School district employees seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the superintendent or the administrator designated with responsibility to address such requests.
- B. Students or employees seeking to bring a service animal onto district premises are requested to identify whether the need for the service animal is required because of a disability and to describe the work or tasks that the service animal is trained to perform.
- C. The owner of the service animal shall provide written evidence that the service animal has received all vaccinations required by state law or local ordinance.

VII. REMOVAL OR EXCLUSION OF A SERVICE ANIMAL

- A. A school official may require a handler to remove a service animal from school district property, a school building, or a school-sponsored program or activity, if:
 - 1. Any of the requirements described in Part V., above, are not met.
 - 2. The service animal is out of control and/or the handler does not effectively control the animal's behavior;
 - 3. The presence of the service animal would fundamentally alter the nature of a service, program or activity; or
 - 4. The service animal behaves in a way that poses a direct threat to the health or safety of others, has a history of such behavior, or otherwise poses a significant health or safety risk to others that cannot be eliminated by reasonable accommodations.

- B. If the service animal is properly excluded, the school district shall give the individual with a disability the opportunity to participate in the service, program, or activity without the service animal, unless such individual has violated a law or school rule or regulation that would warrant the removal of the individual.

VIII. ADDITIONAL LIMITATIONS FOR MINIATURE HORSES

In assessing whether a miniature horse may be permitted in a school building or on school grounds as a service animal, the following factors shall be considered:

- A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- B. Whether the handler has sufficient control of the miniature horse;
- C. Whether the miniature horse is housebroken; and
- D. Whether the miniature horse's presence in a specific building or on school grounds compromises legitimate health and safety requirements.

IX. ALLERGIES; FEAR OF ANIMALS

If a student or employee notifies the school district that he or she is allergic to a service animal, the school district will balance the rights of the individuals involved. In general, allergies that are not life threatening are not a valid reason for prohibiting the presence of a service animal. Fear of animals is generally not a valid reason for prohibiting the presence of a service animal.

X. NON-SERVICE ANIMALS FOR STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS (IEPS) OR SECTION 504 PLANS

If a special education student or a student with a Section 504 plan seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the student's IEP team or Section 504 team, as appropriate, to determine whether the animal is necessary for the student to receive a free appropriate public education (FAPE) or, in the case of a Section 504 student, to reasonably accommodate the student's access to the school district's programs and activities.

XI. NON-SERVICE ANIMAL AS AN ACCOMMODATION FOR EMPLOYEES

If an employee seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the superintendent or the administrator designated to handle such requests. A school district employee who is a qualified individual with a disability will be allowed to bring such animal onto school property when it is determined that such use is required to enable the employee to perform the essential functions of his or her

position or to enjoy the benefits of employment in a manner comparable to those similarly situated non-disabled employees.

XII. LIABILITY

- A. The owner of the service animal is responsible for any harm or injury to an individual and for any property damage caused by the service animal while on school district property.
- B. An individual who, directly or indirectly through statements or conduct, intentionally misrepresents an animal in that person's possession as a service animal may be subject to criminal liability.

602 ORGANIZATION OF SCHOOL CALENDAR AND SCHOOL DAY

I. PURPOSE

The purpose of this policy is to provide for a timely determination of the school calendar and school day.

II. GENERAL STATEMENT OF POLICY

The school calendar and schedule of the school day are important to parents, students, employees, and the general public for advance, effective planning of the school year.

III. CALENDAR RESPONSIBILITY

A. The school calendar shall be adopted annually by the school board. It shall meet all provisions of Minnesota statutes pertaining to minimum number of school days and other provisions of law. The school calendar shall establish student days, workshop days for staff, provide for emergency closings and other information related to students, staff, and parents.

B. Except for learning programs during summer and flexible learning year programs, the school district will not commence an elementary or secondary school year before Labor Day, except as provided in Section III.B.1., III.B.2., or III.B.3. Days devoted to teacher's workshops may be held before Labor Day.

1. The school district may begin the school year on any day before Labor Day to accommodate a construction or remodeling project of \$400,000 or more affecting a school district school facility.

2. The school district may begin the school year on any day before Labor Day if the school district has agreement under Minnesota Statutes section 123A.30, 123A.32, or 123A.35 with a school district that qualifies under Section III.B.1.

3. The school district may begin the school year on any day before Labor Day if the school district agrees to the same schedule with a school district in an adjoining state.

- C. Employee and advisory groups shall be provided an opportunity to participate in school calendar considerations through a meet and confer process.

[NOTE: The school board should attempt to establish the calendar as early as possible so proper planning can take place by all members of the school community.]

[The statutory April 1 requirement was repealed many years ago.]

IV. SCHOOL DAY RESPONSIBILITY

- A. The superintendent shall be responsible for developing a schedule for the student day, subject to review by the school board. All requirements and provisions of Minnesota Statutes and Minnesota Department of Education Rules shall be met.

The e-learning day plan developed by the school district will include accommodations for students without Internet access at home and for digital device access for families without the technology or with an insufficient amount of technology for the number of children in the household. The plan must also provide accessible options for students with disabilities.
- E. The school district must notify parents and students of its e-learning day plan at the beginning of each school year.
- F. When an e-learning day is declared by the school district, notice must be provided to parents and students at least two hours prior to the normal school start time that students will need to follow the e-learning day plan for that day.

- G. On an e-learning day, each student’s teacher must be accessible both online and by telephone during normal school hours to assist students and parents.
- H. When the school district declares an e-learning day, it must continue to pay the full wages for scheduled work hours and benefits of all school employees for the duration of the e-learning period. During the e-learning period, school employees must be allowed to work from home to the extent practicable, be assigned to work in an alternative location, or be retained on an on-call basis for any potential need.

~~A. Achievement and career and college readiness in mathematics, reading, and writing, as measured against a continuum of empirically derived, clearly defined benchmarks focused on students’ attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without the need for postsecondary remediation and which facilitates the monitoring of students’ continuous development of and growth in requisite knowledge and skills; analysis of students’ progress and performance levels, identification of students’ academic strengths and diagnosis of areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and determination of students’ learning and instructional needs and the instructional tools and best practices that support academic rigor for the student based on analysis of students’ progress and performance data~~

1. Achievement and career and college readiness in mathematics, reading, and writing, consistent with paragraph (k) and to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and
2. Consistent with this paragraph and Minn. Stat. § 120B.125 (*see Policy 604, Section II.H.*), age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment

without need for postsecondary remediation.

3. Based on appropriate state guidelines, students with an IEP may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

B. Targeted Instruction Plan

1. A student ~~meeting the state graduation requirements under this section~~ must receive targeted, relevant, academically rigorous, and resourced instruction which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation.

~~2. Students meeting the state graduation requirements under this section and who are students in grade 11 or 12 and who are identified as academically ready for a career or college are actively encouraged by the school district to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment to graduate from high school.~~

2. Consistent with Minnesota Statutes, sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.

3. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS

I. PURPOSE

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, Section 504 accommodation plan (504 plan), or English Learner (EL) needs to participate in statewide assessment systems designed to hold schools accountable for the academic performance of all students.

II. GENERAL STATEMENT OF POLICY

A. Minnesota Test of Academic Skills (MTAS)

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how a student with a disability will participate in statewide testing.
2. Participation decisions will be made separately for mathematics, reading, and science. The assessment options are the Minnesota Comprehensive Assessment (MCA) and the MTAS.
3. Eligibility Requirements
 - a. The following requirements must be met for a student with a significant cognitive disability to be eligible for the MTAS:
 - (1) The IEP team must consider the student's ability to access the MCA, with or without accommodations;
 - (2) The IEP must review the student's instructional program to ensure that the student is receiving instruction linked to the general education curriculum to the extent appropriate. If instruction is not linked to the general education curriculum, the IEP team must review the student's goals and determine how access to the general curriculum will be provided;

- (3) The IEP team determined the student's cognitive functioning to be significantly below age expectations. The team also determined that the student's disability has a significant impact on his or her ability to function in multiple environments, including home, school, and community;
 - (4) The IEP team determined that the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments;
 - (5) The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate measure of the student's academic progress and how the student would participate in statewide testing.
- b. MTAS participation decisions must not be made on the following factors:
- (1) Student's disability category;
 - (2) Placement;
 - (3) Participation in a separate, specialized curriculum;
 - (4) An expectation that the student will receive a low score on the MCA;
 - (5) Language, social, cultural, or economic differences;
 - (6) Concern for accountability calculations.

B. Alternate ACCESS for ELs

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how an identified EL student with a disability will participate in statewide testing.
2. Eligibility Requirements
 - a. The student must be identified as EL in MARSS in order to take an English language proficiency assessment.

- b. The student must have a significant cognitive disability. If the student has been identified as eligible to take the MTAS in mathematics, reading, or science, the student meets this criterion.
 - c. For students in grades that the MTAS is not administered:
 - (1) the student must have cognitive functioning significantly below age level;
 - (2) the student's disability must have a significant impact on his or her ability to function in multiple environments, including home, school, and community; and
 - (3) the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments.
 - d. The IEP team must consider the student's ability to access the ACCESS, with or without accommodations.
 - e. The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate English language proficiency assessment for the student.
3. Alternate ACCESS participation decisions must not be made on the following factors:
- a. Student's disability category;
 - b. Participation in a separate, specialized curriculum;
 - c. Current level of English language proficiency;
 - d. The expectation that the student will receive a low score on the ACCESS for ELs;
 - e. Language, social, cultural, or economic differences;
 - f. Concern for accountability calculations.

C. EL Students New to the United States

EL students new to the United States will take all assessments, including all academic assessments (math, reading, and science), as well as the English Language Proficiency Assessment (ACCESS).

I. PURPOSE

This policy recognizes student achievement that occurs in postsecondary enrollment options and other advanced enrichment programs. This policy also is to recognize student achievement that occurs in other schools, in alternative learning sites, and in out-of-school experiences such as community organizations, work-based learning, and other educational activities and opportunities. This policy addresses transfer of student credit from out-of-state, private, or home schools and online learning programs and to address how the school district will recognize student achievement obtained outside of the school district.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to provide a process for awarding students credit toward graduation requirements for credits and grades students complete in other schools, postsecondary or higher education institutions, other learning environments, and online courses and programs.

III. DEFINITIONS

- A. “Accredited school” means a school that is accredited by an accrediting agency, recognized according to Minnesota Statutes section 123B.445 or recognized by the Commissioner of the Minnesota Department of Education (Commissioner).
- B. “Concurrent enrollment” means nonsectarian courses in which an eligible pupil under Minnesota Statutes, section 124D.095, subdivision 5 or 5b enrolls to earn both secondary and postsecondary credits, are taught by a secondary teacher or a postsecondary faculty member, and are offered at a high school for which the district is eligible to receive concurrent enrollment program aid under Minnesota Statutes, section 124D.091.
- C. “Course” means a course or program.
- D. “Eligible institution” means a Minnesota public postsecondary institution, a private, nonprofit two-year trade and technical school granting associate degrees, an opportunities industrialization center accredited by an accreditor recognized by the United States Department of Education, or a private, residential, two-year or four-year, liberal arts, degree-granting college or university located in Minnesota.

An eligible institution must not require a faith statement from a secondary student seeking to enroll in a postsecondary course under this section during the application process or base any part of the admission decision on a student's race, creed, ethnicity, disability, gender, or sexual orientation or religious beliefs or affiliations.

- E. “Nonpublic school” is a private school or home school in which a child is provided instruction in compliance with the Minnesota compulsory attendance laws.
- F. “Weighted grade” is a letter or numerical grade that is assigned a numerical advantage when calculating the grade point average.

IV. TRANSFER OF CREDIT FROM OTHER SCHOOLS

A. Transfer of Academic Requirements from Other Minnesota Public Secondary Schools

- 1. The school district will accept and transfer secondary credits and grades awarded to a student from another Minnesota public secondary school upon presentation of a certified transcript from the transferring public secondary school evidencing the course taken and the grade and credit awarded.
- 2. Credits and grades awarded from another Minnesota public secondary school may be used to compute honor roll and/or class rank if a student has earned at least some credits from the school district.

B. Transfer of Academic Requirements from Other Schools

- 1. The school district will accept secondary credits and grades awarded to a student for courses successfully completed at a public school outside of Minnesota or an accredited nonpublic school upon presentation of a certified transcript from the transferring public school in another state or nonpublic school evidencing the course taken and the grade and credit awarded.
 - a. When a determination is made that the content of the course aligns directly with school district graduation requirements, the student will be awarded commensurate credits and grades.
 - b. Commensurate credits and grades awarded from an accredited nonpublic school or public school in another state may be used to compute honor roll and/or class rank if a student has earned at least **one (1)** credit from the school district.
 - c. In the event the content of a course taken at an accredited nonpublic school or public school in another state does not fully align with the content of the school district’s high school graduation requirements

but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements. Credit that does not fully align with the school district's high school graduation requirements will not be used to compute honor roll and/or class rank.

- d. If no comparable course is offered by the school district for which high school graduation credit would be provided, no credit will be provided to the student.
2. Students transferring from a non-accredited, nonpublic school shall receive credit from the school district upon presentation of a transcript or other documentation evidencing the course taken and grade and credit awarded.
 - a. Students will be required to provide copies of course descriptions, syllabi, or work samples for determination of appropriate credit. In addition, students also may be asked to provide interviews/conferences with the student and/or student's parent and/or former administrator or teacher; review of a record of the student's entire curriculum at the nonpublic school; and review of the student's complete record of academic achievement.
 - b. Where the school district determines that a course completed by a student at a non-accredited, nonpublic school is commensurate with school district graduation requirements, credit shall be awarded, but the grade shall be "P" (pass).
 - c. In the event the content of a course taken at an non-accredited, nonpublic school does not fully align with the content of the school district's high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements.
 - d. If no comparable course is offered by the school district for which local high school graduation credit would be provided, no credit will be provided to the student.
 - e. Credit and grades earned from a non-accredited nonpublic school shall not be used to compute honor roll and/or class rank.
- C. A student must provide the school with a copy of the student's grades in each course taken for secondary credit under this policy, including interim or nonfinal grades earned during the academic term.

V. POSTSECONDARY ENROLLMENT CREDIT

- A. A student who satisfactorily completes a postsecondary enrollment options course or program under Minnesota Statutes section 124D.09 that has been approved as meeting the necessary requirements is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.
- B. Secondary credits granted to a student through a postsecondary enrollment options course or program must be counted toward the graduation and subject area requirements of the district.
 - 1. Course credit will be considered by the school district only upon presentation of a certified transcript from an eligible institution evidencing the course taken and the grade and credit awarded.
 - 2. Seven quarter or four semester postsecondary credits shall equal at least one full year of high school credit. Fewer postsecondary credits may be prorated.
 - 3. When a determination is made that the content of the postsecondary course aligns directly with a required course for high school graduation, the commensurate credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.
 - 4. In the event the content of the postsecondary course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.
 - 5. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner, who shall determine the number of credits that shall be granted to a student.
 - 6. When secondary credit is granted for postsecondary credits taken by a student, the school district will record those credits on the student's transcript as credits earned at a postsecondary institution.
- C. A list of the courses or programs meeting the necessary requirements may be obtained from the school district.
- D. By the earlier of (1) three weeks prior to the date by which a student must register for district courses for the following school year, or (2) March 1 of each year, the school district must provide up-to-date information on the district's website and in materials that are distributed to parents and students about the program, including

information about enrollment requirements and the ability to earn postsecondary credit to all pupils in grades 8, 9, 10, and 11. To assist the school district in planning, a pupil must inform the district by October 30 or May 30 of each year of the pupil's intent to enroll in postsecondary courses during the following school year academic term. A pupil is bound by notifying or not notifying the district by October 30 or May 30.

[NOTE: Because the 2024 Minnesota legislature amended the last two sentences, MSBA decided to add this language to this model policy.]

- E. Postsecondary institutions must notify a pupil's school as soon as practicable if the pupil withdraws from the enrolled course. The institution must also notify the pupil's school as soon as practicable if the pupil has been absent from a course for ten consecutive days on which classes are held, based on the postsecondary institution's academic calendar, and the pupil is not receiving instruction in their home or hospital or other facility.

[NOTE: The 2024 Minnesota legislature enacted this provision.]

VI. CREDIT FOR EMPLOYMENT WITH HEALTH CARE PROVIDERS

Consistent with the career and technical pathways program, a student in grade 11 or 12 who is employed by an institutional long-term care or licensed assisted living facility, a home and community-based services and supports provider, a hospital or health system clinic, or a child care center may earn up to two elective credits each year toward graduation under Minnesota Statutes, section 120B.024, subdivision 1, paragraph (a), clause (7), at the discretion of the enrolling school district. A student may earn one elective credit for every 350 hours worked, including hours worked during the summer. A student who is employed by an eligible employer must submit an application, in the form or manner required by the school district, for elective credit to the school district in order to receive elective credit. The school district must verify the hours worked with the employer before awarding elective credit.

VII. ADVANCED ACADEMIC CREDIT

- A. The school district will grant academic credit to a student attending an accelerated or advanced academic course offered by a higher education institution or a nonprofit public agency, other than the school district.
- B. Course credit will be considered only upon official documentation from the higher education institution or nonprofit public agency that the student successfully completed the course attended and passed an examination approved by the school district.
- C. When a determination is made that the content of the advanced academic course aligns directly with a required course for high school graduation, the commensurate

credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.

- D. In the event the content of the advanced academic course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.
- E. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner and request a determination of the number of credits that shall be granted to a student.

VIII. PROCESS FOR AWARDING CREDIT

- A. The building principal will be responsible for carrying out the process to award credits and grades pursuant to this policy. The building principal will notify students in writing of the decision as to how credits and grades will be awarded.
- B. A student or the student's parent or guardian may seek reconsideration of the decision by the building principal as to credits and/or grades awarded upon request of a student or the student's parent or guardian if the request is made in writing to the superintendent within five school days of the date of the building principal's decision. The request should set forth the credit and/or grade requested and the reason(s) why credit(s)/grade(s) should be provided as requested. Any pertinent documentation in support of the request should be submitted.
- C. The decision of the superintendent as to the award of credits or grades shall be a final decision by the school district and shall not be appealable by the student or student's parent or guardian except as set forth in Section IX.D. below.
- D. If a student disputes the number of credits granted by the school district for a particular postsecondary enrollment course, or advanced academic credit course, the student may appeal the school district's decision to the Commissioner. The decision of the Commissioner shall be final.
- E. At any time during the process, the building principal or superintendent may ask for course descriptions, syllabi, or work samples from a course where content of the course is in question for purposes of determining alignment with graduation requirements or the number of credits to be granted. Students will not be provided credit until requested documentation is available for review, if requested.

707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. “Child with a disability” includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of the Minnesota Department of Education (“Commissioner”). A licensed physician, an advanced practice nurse, a physician assistant, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability.
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care facility,

a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district.

- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances.
- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minnesota Statutes, section 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled.
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minnesota Statutes section 120A.22 by attendance at a nonpublic school.

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota.

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian.
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation.
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students.
- B. If the school district decides to transport a nonresident student within the student’s resident district, the school district will notify the student’s resident district of its decision, in writing, prior to providing transportation.
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school

district during those times when the student is residing with the parent in the nonresident school district.

- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program.

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minnesota Statutes, section 124D.03, subdivision 8).
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion.

VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minnesota Statutes, section 123B.92, subdivision 1(b)(4), for a resident child with a disability not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs.

- B. Resident students with a disability whose disabling conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district.
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district.
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary.
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district.
- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation.

- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law.
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minnesota Statutes chapter 125A.

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district.
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district.
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation.
 - 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located.
 - 4. A homeless nonresident student enrolled under Minnesota Statutes section 124D.08, subdivision 2a, must be provided transportation from the student's district of residence to and from the school of enrollment.

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days.

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means.

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 United States Code section 1415 (Individuals with Disabilities Act), 29 United States Code section 794 (the Rehabilitation Act), and 42 United States Code section § 12132, (Americans with Disabilities Act) are governed by these provisions.

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minnesota Statutes section 190.05.
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary

enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee.

- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs.

708 TRANSPORTATION OF NONPUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to address transportation rights of nonpublic school students and to provide equality of treatment in transporting such students pursuant to law.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to recognize the rights of nonpublic school students and to provide equal transportation to those students as required by law.

III. ELIGIBILITY

- A. The school district shall provide equal transportation within the school district for all students to any school when transportation is deemed necessary by the school district because of distance or traffic conditions in like manner and form as provided in Minnesota Statutes sections 123B.88 and 123B.92 when applicable.
- B. Upon the request of a parent or guardian, the school district must provide school bus transportation to the school district boundary for students residing in the school district at least the same distance from a nonpublic school actually attended in another school district as public school students are transported in the transporting school district. Such transportation must be provided whether or not there is another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means.
- C. The school district may provide school bus transportation to a nonpublic school in another school district for students residing in the school district and attending that school, whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. If the school district transports students to a nonpublic school located in another school district, the nonpublic school ~~shall~~ **must** pay the cost of such transportation provided outside the school district boundaries.

- D. The school district must provide the necessary transportation within school district boundaries between the nonpublic school and a public school or neutral site for nonpublic school students who are provided pupil support services if the school district elects to provide pupil support services at a site other than a nonpublic school.
- E. When transportation is provided, the scheduling of routes, manner and method of transportation, control and discipline of students, and any other matter relating thereto shall be within the sole discretion, control, and management of the school district. A nonpublic or charter school student transported by the school district shall comply with school district student bus conduct and student bus discipline policies.
- F. The school board and a nonpublic school may mutually agree to a written plan for the board to provide nonpublic pupil transportation to nonpublic school students. The school district must report the number of nonpublic school students transported and the nonpublic pupil transportation expenditures incurred in the form and manner specified by the Minnesota Commissioner of Education.
- G. If the school board provides pupil transportation through the school's employees, the school board may transport nonpublic school students according to the plan and retain the nonpublic pupil transportation aid attributable to that plan. A nonpublic school may make a payment to the school district to cover additional transportation services agreed to in the written plan for nonpublic pupil transportation services not required under Minnesota Statutes, sections 123B.84 to 123B.87.
- H. A school board that contracts for pupil transportation services may enter into a contractual arrangement with a school bus contractor according to the written plan adopted by the school board and the nonpublic school to transport nonpublic school students and retain the nonpublic pupil transportation aid attributable to that plan for the purposes of paying the school bus contractor. A nonpublic school may make a payment to the school district to cover additional transportation services agreed to in the written plan for nonpublic pupil transportation services included in the contract that are not required under Minnesota Statutes, sections 123B.84 to 123B.87.
- I. Additional transportation to and from a nonpublic school may be provided at the expense of the school district when such services are provided in the discretion of the school district.

IV. STUDENTS WITH DISABILITIES

- A. If a resident student with a disability attends a nonpublic school located within the school district, the school district must provide necessary transportation for the student within the school district between the nonpublic school and the educational

facility where special instruction and services are provided on a shared-time basis. If a resident student with a disability attends a nonpublic school located in another school district and if no agreement exists for the provision of special instruction and services on a shared time basis to that student by the school district of attendance and where the special instruction and services are provided within the school district, the school district ~~shall~~ **must** provide necessary transportation for that student between the school district boundary and the educational facility. The school district may provide necessary transportation for that student between its boundary and the nonpublic school attended, but the nonpublic school ~~shall~~ **must** pay the cost of transportation provided outside the school district boundary. School districts may make agreements for who provides transportation. Parties serving students on a shared time basis have access to a due process hearing system as provided by law.

- B. When the disabling conditions of a student with a disability are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program, the student shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling conditions and applicable laws. This section shall not be applicable to parents who transport their own child under a contract with the school district.
- C. Each driver and aide assigned to a vehicle transporting students with a disability must (1) be instructed in basic first aid and procedures for the students under their care; (2) within one month after the effective date of assignment, participate in a program of in-service training on the proper methods of dealing with the specific needs and problems of students with disabilities; (3) assist students with disabilities on and off the bus when necessary for their safe ingress and egress from the bus; and (4) ensure that proper safety devices are in use and fastened properly.
- D. Each driver and aide assigned to a vehicle transporting students with a disability shall have available to them the following information in hard copy or immediately accessible through a two-way communication system: (1) the student's name and address; (2) the nature of the student's disabilities; (3) emergency health care information; and (4) the names and telephone numbers of the student's physician, parents, guardians, or custodians, and some person other than the student's parents or custodians who can be contacted in case of an emergency.
- E. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the due process procedures provided for in Minnesota Statutes Chapter 125A.

V. APPLICATION OF GENERAL POLICY

The provisions of the school district's policy on transportation of public school students (Policy 707) shall apply to the transportation of nonpublic school students except as specifically provided herein.

- B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.
 1. School Bus and Bus Stop Rules. The school district school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

VI. SCHOOL BUS DRIVER TRAINING

A. Training

- 1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driver Training Manual. All school bus drivers shall receive in-service training annually. For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The school district shall retain on file an annual individual school bus driver "evaluation certification" form for each school district driver as contained in the Model School Bus Driver Training Manual.

2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

B. Evaluation

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operate the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;
5. Handle emergency situations; and
6. Safely load and unload students.

The evaluation must include completion of an individual “school bus driver evaluation form” (road test evaluation) as contained in the Model School Bus Driver Training Manual.

VII. OPERATING RULES AND PROCEDURES

A. General Operating Rules

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.
2. Only students assigned to the school bus by the school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.
3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the

attendance area of the assigned school and meet all other eligibility requirements.

4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.
5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.
6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether hand-held or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, "school bus" has the meaning given in Minnesota Statutes section 169.011, subdivision 71. In addition, "school bus" also includes type III vehicles when driven by employees or agents of the school district. "Cellular phone" means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.
2. Type III vehicles must be painted a color other than national school bus yellow.
3. Type III vehicles shall be state inspected in accordance with legal requirements.
4. Vehicles model year 2007 or older must not be used as type III vehicles to transport school children, except those vehicles that are manufactured to meet the structural requirements of federal motor vehicle safety standard 222, Code of Federal Regulations, title 49, part 571.
4. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words "school bus" in any location on the exterior of the vehicle or in any interior location visible to a motorist.

5. A “type III vehicle” must not be outwardly equipped and identified as a type A, B, C, or D bus.
6. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.
7. Type III vehicles must be equipped with mirrors as required by law.
8. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.
9. Any type III vehicle used to transport students must carry emergency equipment including:
 - a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket, and must be located in the driver’s compartment and be readily accessible to the driver and passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.
 - b. First aid kit and body fluids cleanup kit. A minimum of a 10-unit first aid kit and a body fluids cleanup kit is required. They must be contained in removable, moisture- and dust-proof containers mounted in an accessible place within the driver’s compartment and must be marked to indicate their identity and location.
 - c. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.
10. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. Also, parents may use a private vehicle to transport their own children under a contract with the district. The school district has no system of inspection for private vehicles.

11. All drivers of type III vehicles will be licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.
12. Type III vehicles will be equipped with child passenger restraints, and child passenger restraints will be utilized to the extent required by law.

C. Type III Vehicle Driven by Employees with a Driver's License Without a School Bus Endorsement

1. The holder of a Class A, B, C, or D driver's license, without a school bus endorsement, may operate a type III vehicle, described above, under the following conditions:
 - a. The operator is an employee of the entity that owns, leases, or contracts for the school bus, which may include the school district.
 - b. The operator's employer, which may include the school district, has adopted and implemented a policy that provides for annual training and certification of the operator in:

- (b) refraining from loading and unloading students in a vehicular traffic lane, on the shoulder, in a designated turn lane, or a lane adjacent to a designated turn lane;
 - (c) avoiding a loading or unloading location that would require a student to cross a road, or ensuring that the driver or an aide personally escort the student across the road if it is not reasonably feasible to avoid such a location;
 - (d) placing the type III vehicle in “park” during loading and unloading;
 - (e) escorting a student across the road under clause (c) only after the motor is stopped, the ignition key is removed, the brakes are set, and the vehicle is otherwise rendered immobile; and
- (9) compliance with paragraph V.F. concerning reporting convictions to the employer within 10 days of the date of conviction.
- c. A background check or background investigation of the operator has been conducted that meets the requirements under Minnesota Statutes section 122A.18, subdivision 8, or Minnesota Statutes section 123B.03 for school district employees; Minnesota Statutes section 144.057 or Minnesota Statutes chapter 245C for day care employees; or Minnesota Statutes section 171.321, subdivision 3, for all other persons operating a type III vehicle under this section.

 - h. A person who has ever been convicted of a disqualifying offense as defined in Minnesota Statutes section 171.3215, subdivision 1(c), (i.e., felony, controlled substance, criminal sexual conduct offenses, or offenses for surreptitious observation, indecent exposure, use of minor in a sexual performance, or possession of child pornography or display of pornography to a minor) may not operate a type III vehicle.
 - i. A person who sustains a conviction, as defined under Minnesota Statutes section 609.02, of a moving offense in violation of Minnesota Statutes chapter 169 within 3 years of the first of 3 other moving offenses is precluded from operating a type III vehicle for 1 year from the date of the last conviction.
 - j. Students riding the type III vehicle must have training required under Minnesota Statutes section 123B.90, Subd. 2 (See Section II.B., above).
 - k. Documentation of meeting the requirements listed in this section must be maintained under separate file at the business location for each type III vehicle operator. The school district or any other entity that owns, leases, or contracts for the type III vehicle operating under this section is responsible for maintaining these files for inspection.
- 2. The type III vehicle must bear a current certificate of inspection issued under Minnesota Statutes section 169.451.
 - 3. An employee of the school district who is not employed for the sole purpose of operating a type III vehicle may, in the discretion of the school district, be exempt from paragraphs VII.C.1.d. (physical examination) and VII.C.1.e. (drug testing), above.

D. Type A-I "Activity" Buses Driven by Employees with a Driver's License Without

a School Bus Endorsement

1. The holder of a Class D driver's license, without a school bus endorsement, may operate a type A-I school bus or a Multifunction School Activity Bus (MFSAB) under the following conditions:
 - a. The operator is an employee of the school district or an independent contractor with whom the school district contracts for the school bus and is not solely hired to provide transportation services under this paragraph.

4. The word "School" on the front and rear of the bus must be covered by a sign that reads "Activities" when the bus is being operated under authority of this section.

VIII. SCHOOL DISTRICT EMERGENCY PROCEDURES

- A. If possible, school bus drivers or their supervisors shall call “911” or the local emergency phone number in the event of a serious emergency.
- B. School bus drivers shall meet the emergency training requirements contained in Unit III “Crash & Emergency Preparedness” of the Minnesota Department of Public Safety Model School Bus Driver Training Manual. This includes procedures in the event of a crash (accident).
- C. School bus drivers and bus assistants for special education students requiring special transportation service because of their handicapping condition shall be trained in basic first aid procedures, shall within one (1) month after the effective date of assignment participate in a program of in-service training on the proper methods for dealing with the specific needs and problems of students with disabilities, assist students with disabilities on and off the bus when necessary for their safe ingress and egress from the bus; and ensure that protective safety devices are in use and fastened properly.

- B. All school vehicles shall be state inspected in accordance with legal requirements.
- C. A copy of the current daily pre-trip inspection report must be carried in the bus. Daily pre-trip inspections shall be maintained on file in accordance with the school district’s record retention schedule. Prompt reports of defects

X. SCHOOL TRANSPORTATION SAFETY DIRECTOR

The school board has designated an individual to serve as the school district's school transportation safety director. The school transportation safety director shall have day-to-day responsibility for student transportation safety, including transportation of nonpublic school children when provided by the school district. The school transportation safety director will assure that this policy is periodically reviewed to ensure that it conforms to law. The school transportation safety director shall certify annually to the school board that each school bus driver meets the school bus driver training competencies required Minnesota Statutes section 171.321, subdivision 4. The transportation safety director also shall annually verify or ensure that the private contractor utilized by the school has verified the validity of the driver's license of each employee who regularly transports students for the school district in a type A, B, C, or D school bus, type III vehicle, or MFSAB with the National Driver Register or the Department of Public Safety. Upon request of the school district superintendent or the superintendent of the school district where nonpublic students are transported, the school transportation safety director also shall certify to the superintendent that students have received school bus safety training in accordance with state law. The name, address and telephone number of the school transportation safety director are on file in the school district office. Any questions regarding student transportation or this policy may be addressed to the school transportation safety director.

XI. STUDENT TRANSPORTATION SAFETY COMMITTEE

802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL

I. PURPOSE

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

II. GENERAL STATEMENT OF POLICY

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

III. DEFINITIONS

- A. “Contract” means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. “Official newspaper” is a regular issue of a qualified legal newspaper.

IV. MANNER OF DISPOSITION

A. Authorization

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

B. Contracts Over \$175,000

- 1. If the value of the equipment or materials is estimated to exceed \$175,000, sealed bids shall be solicited by two weeks’ published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.

2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.
3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.
5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$175,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the

requirements of competitive bidding notice. All quotations obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

1. A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is

disposing of surplus school computer and related equipment, including a tablet device, by conveying the property and title to:

- a. another school district;
- b. the state department of corrections;
- c. the board of trustees of Minnesota State Colleges and Universities;
- d. the family of a student residing in the district whose total family income meets the federal definition of poverty; or
- e. a charitable organization under section 501(c)(3) of the Internal Revenue Code that is registered with the attorney general's office for educational use.

2. If surplus school computers are not disposed of as described in Paragraph 1., upon adoption of a written resolution of the school board, when updating or replacing school computers, including tablet devices, used primarily by students, the school district may sell or give used computers or tablets to qualifying students at the price specified in the written resolution. A student is eligible to apply to the school board for a computer or tablet under this subdivision if the student is currently enrolled in the school and intends to enroll in the school in the year following the receipt of the computer or tablet. If more students apply for computers or tablets than are available, the school must first qualify students whose families are eligible for free or reduced-price meals and then dispose of the remaining computers or tablets by lottery.
