RE: District Goal Setting Workshop

STRATEGIC GOAL, OBJECTIVE, OR NEED ADDRESSED:

Texas Education Code 11.251 requires the board to “annually approve performance objectives” for the district and campus improvement plans. Additionally, Texas Education Code 11.185 and 11.186, established by HB 3 (2019), requires the board to adopt learning targets for early childhood literacy and math proficiency and college, career, and military readiness.

SUMMARY:

There are two sets of 2023-24 district goals that will be presented for board consideration during the workshop:

1. **District/Campus Improvement Plan Goals and Objectives:** These are broad goals and objectives that provide the foundation of our district and campus improvement plans and are carried out through specific strategies determined by the district and campus leadership teams.
2. **HB 3 (2019) Targets for Early Reading/Math and College and Career Readiness:** These are specific and quantifiable goals for 1) early childhood grade levels aimed at grade 3 reading and math proficiency and 2) college and career readiness at the high school level. These goals are aligned to 5-year targets and required to be measured for all student groups with 25 or more students.

ACTION REQUESTED

Action is requested to adopt district goals and early reading/math and college and career readiness targets as discussed and decided by the Board of Trustees.

CONTACT PERSONS
