To the St. Paul Planning Commission:

As an active business owner in St. Paul in the downtown district I am writing regarding the public hearing scheduled for June 29 concerning the Use Permit application for the property located at 407 Howard Avenue, St. Paul, Nebraska. The application requests permission to allow the main level of the property to be used as a residence within a commercial district of town.

I respectfully oppose approval of this Use Permit. The commercial district should remain primarily dedicated to commercial activity, public-facing business uses, and development that supports the long-term economic vitality of St. Paul. Allowing main-floor residential use in this area could weaken the intended purpose of the district and create an undesirable precedent for future conversions of commercial space to residential occupancy. If this request is approved, it may become difficult to deny similar requests from other downtown businesses on Howard Avenue, effectively requiring the same allowance throughout the commercial district.

Main-level commercial spaces are important to maintain an active downtown and commercial environment. When ground-floor space is converted to residential use, it can reduce opportunities for retail, service, office, or other commercial uses that contribute to foot traffic, tax base, employment, and community activity. For these reasons, I believe the proposed use is not consistent with the character and purpose of a commercial district.

I ask the Planning Commission to recommend disapproval of the Use Permit application and to preserve the main-floor commercial character of this property and the surrounding district. Thank you for considering public input on this matter.

Additionally, I authorize Jordan Robinson to act as my representative in this matter and to vote as my proxy regarding the Use Permit application referenced above should there be a public vote.

Respectfully submitted,

Lisa L. Johnson

Re: St Paul Tennis & Pickleball Courts

Dear Mr. Palik,

Diamond Engineering respectfully requests a contract time extension for the above-mentioned project.

The project completion was delayed due to the remediation of the tennis and pickleball court surface. The corrective work required the application of specialty court surfacing materials that could only be installed under manufacturer-recommended temperature conditions. Because suitable temperatures were not available prior to the contract completion date, the remediation work had to be delayed until weather conditions were acceptable to ensure proper installation and long-term performance of the court surface.

This delay was beyond the Contractor's control and was necessary to complete the work in accordance with the project specifications and the manufacturer's requirements.

Accordingly, we respectfully request a contract time extension to include substantial completion of June 1, 2026 and final completion of June 30, 2026

Thank you for your consideration. Please let us know if any additional information is required.

Sincerely,

Matthew J. Ley
President – The Diamond Engineering Co.

To the St. Paul Planning Commission:

As an active business owner in St. Paul in the downtown district I am writing regarding the public hearing scheduled for June 29 concerning the Use Permit application for the property located at 407 Howard Avenue, St. Paul, Nebraska. The application requests permission to allow the main level of the property to be used as a residence within a commercial district of town.

I respectfully oppose approval of this Use Permit. The commercial district should remain primarily dedicated to commercial activity, public-facing business uses, and development that supports the long-term economic vitality of St. Paul. Allowing main-floor residential use in this area could weaken the intended purpose of the district and create an undesirable precedent for future conversions of commercial space to residential occupancy. If this request is approved, it may become difficult to deny similar requests from other downtown businesses on Howard Avenue, effectively requiring the same allowance throughout the commercial district.

Main-level commercial spaces are important to maintain an active downtown and commercial environment. When ground-floor space is converted to residential use, it can reduce opportunities for retail, service, office, or other commercial uses that contribute to foot traffic, tax base, employment, and community activity. For these reasons, I believe the proposed use is not consistent with the character and purpose of a commercial district.

I ask the Planning Commission to recommend disapproval of the Use Permit application and to preserve the main-floor commercial character of this property and the surrounding district. Thank you for considering public input on this matter.

Additionally, I authorize Jordan Robinson to act as my representative in this matter and to vote as my proxy regarding the Use Permit application referenced above should there be a public vote.

Respectfully submitted,

Chairman Solko opened the public hearing at 12:05 p.m. on the request by Jeffrey & Shauna Christensen and Brian & Tami Yeomans for a conditional use permit to allow ground floor residential use of the property at 407 Howard Avenue located in the Central Business District.

Alan Babka, an adjacent property owner, spoke in support of the application for a Conditional Use Permit. Commission member Solko seconded the motion. Commission members Scheer, Solko, and Becker voted aye; nays none. Motion carried 3/0. A public hearing will also be held on July 6, 2026 at 6:30 p.m. before the City Council on this matter.

Commission member Becker moved to ratify the administrative approval of the following zoning permit applications:

(g) 2026-25 Greg & Jodi Mousel – shed at 1408 Wallace Street

Commission member Solko seconded the motion. Commission members Scheer, Solko, and Becker voted aye. Nays none. Motion carried 3/0. Although the City typically does not allow fences to be constructed across City easements, application 2026-21 was approved because there are no utilities located in the easement. Despite no utilities currently located in the easement, the City wishes to retain its easement but has no objection to the fence being installed over the easement. The City believes that a fence will be a safety feature due to the proximity of a drainage ditch to the south of the property.

The meeting was adjourned at 12:34 p.m.

Sincerely,

Matthew T. Helzer Zoning Administrator	Tyler Solko Chairman	Laura Berthelsen Planning Secretary

(b) 2026-17 Keith & Dawn Kreider – fence at 821 Grant Street
(c) 2026-18 Will Jacobs – fence at 1009 Sheridan Street

Commission member Scheer seconded the motion. Commission members Scheer, Solko, and Becker voted aye, nays none. Motion carried 3/0.

Commission member Scheer moved to approve the following zoning permit applications, and to waive the filing fee on application 2026-20:

(a) 2026-19 Troy Johnson – sunroom addition at 917 Elm Street
(b) 2026-20 Linda Rasmussen – ADA ramp at 723 Sheridan Street
(c) 2026-21 St. Paul American Legion – fence at 1222 2nd Street
(d) 2026-22 Ann Tuma – sunroom addition at 1116 Nelson Street
(e) 2026-23 Loren & Barbara Wroblewski – pole barn addition at 706 "O" Street
(f) 2026-24 St. Paul American Legion – commercial sign at 1222 2nd Street
(g) 2026-25 Greg & Jodi Mousel – shed at 1408 Wallace Street

Commission member Solko seconded the motion. Commission members Scheer, Solko, and Becker voted aye. Nays none. Motion carried 3/0. Although the City typically does not allow fences to be constructed across City easements, application 2026-21 was approved because there are no utilities located in the easement. Despite no utilities currently located in the easement, the City wishes to retain its easement but has no objection to the fence being installed over the easement. The City believes that a fence will be a safety feature due to the proximity of a drainage ditch to the south of the property.

The meeting was adjourned at 12:34 p.m.

Sincerely,

Matthew T. Helzer Zoning Administrator	Tyler Solko Chairman	Laura Berthelsen Planning Secretary

July 1, 2026

Mayor Feeken and City Council,

Please accept this letter as my formal resignation from my position as Chief of Police for the City of St. Paul, effective July 17, 2026.

After careful consideration, I have accepted an opportunity with another law enforcement agency. While this decision was not easy, I believe it is the right step for me and my family as I continue my career in public service.

Serving the citizens of St. Paul has been one of the greatest honors of my professional life. I am sincerely grateful for the trust and support of the Mayor, City Council, city staff, and the community throughout my tenure. I am especially thankful for the dedicated officers and employees of the St. Paul Police Department. It has been a privilege to serve alongside them, and I am proud of what we have accomplished together.

Although I had the opportunity to leave sooner, I felt it was important to remain through G-C-A Days, as it is the Police Department's busiest weekend of the year. I wanted to ensure the department had the leadership and support it needed during this significant community event and to help make the transition as smooth as possible.

During my remaining time with the city, I will continue to fulfill my duties and assist in any way I can to ensure an orderly transition.

Thank you for the opportunity to serve the City of St. Paul. I will always appreciate the relationships I have built here and wish the city, the Police Department, and the entire community continued success in the future.

Respectfully,

Daniel Howard
