**Process for 2023 Vision 202**

The Committee discussed the format and questions from the first three Vision 202 focus meetings with HSO Council groups, including changing the order of the three lead-in questions. The order used during the LJI session will be used in the future:

- What do you like most about your school or the school district?
- What would you like to see changed at your school or the school district?
- What do you want most from your child's High School experience to prepare for the next level?

Keith will give the introduction for the sessions with Committee members involved in asking the three relevant questions.

Questions specific to one parent's experience will be addressed after the group meetings.

The logistics of the upcoming BPAC Vision 202 session were discussed.

The manner to present the findings and summary at the end of all the sessions will likely be in a District communication to the Lisle community.

**Next Committee Meeting**
