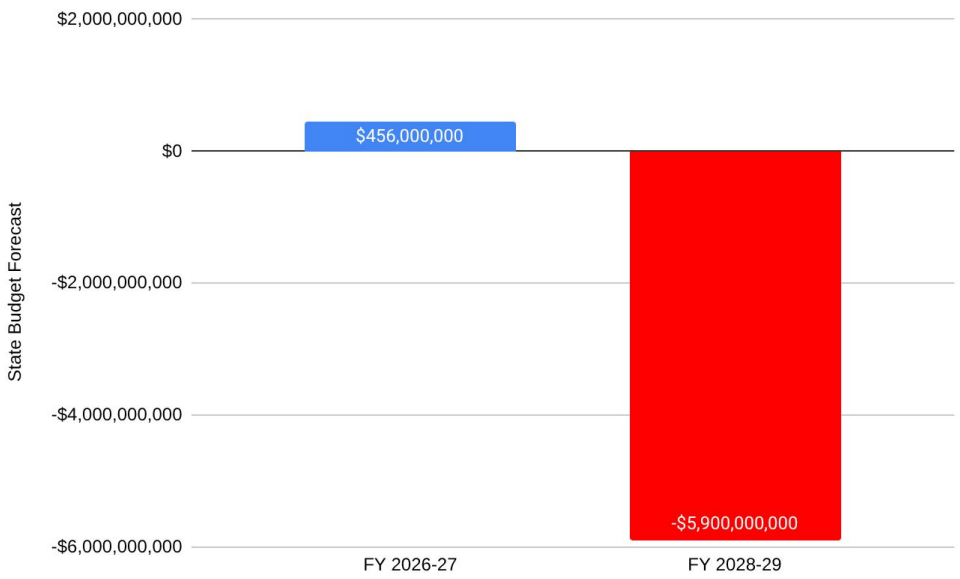
State and Federal Legislation Update

Josh Downham, Lobbyist

State Budget Forecast

State financial outlook limits lawmakers' options

- $456 million budget <u>surplus</u> for Fiscal Years 2026-27
- $5.9 billion project budget <u>deficit</u> for Fiscal Years 2028-29



MINNEAPOLIS PUBLIC SCHOOLS

2025 Legislative Session

- Education budget targets - $0 for Fiscal Years 2026-27 and a reduction of $420 million for Fiscal Years 2028-29.
- Funding for MPS over the next two years is virtually flat. Increase in compensatory revenue but decreases in special education transportation, school library aid and student support personnel aid.
- Significant cut to special education funding ($125 million/year) will hit starting in Fiscal Year 2028 if the Special Education Commission cannot identify $250 million in savings.
- Three key funding victories - automatic inflationary increases in the per pupil formula remain in place, 100% funding for homeless student transportation is retained and $100 million was allocated to fund unemployment insurance costs for hourly school workers.
- MPS led the effort to protect parent contact data from being shared with unauthorized entities.

Federal Medicaid and Education Changes

- The recently passed federal budget reconciliation bill includes nearly $800 billion in cuts to Medicaid funding that will cut access to health care for families and require the state to either cut services or backfill with state funds. Schools depend on Medicaid funding to cover the salaries of many health-related professionals.
- The Reconciliation bill also included the first federal private school voucher proposal. Governors have the authority to opt into the law which uses tax credits to funnel money to private schools to cover tuition costs.
- US Supreme Court allowed Trump administration to fire 1,400 US Department of Education staff. The administration is moving key departments within US DOE to other agencies.
- Changes to the federal food assistance program (SNAP) will likely decrease the number of students who generate compensatory revenue for schools.
- US Department of Health and Human Services eliminated access for undocumented Minnesotans to Head Start, mental health supports and homeless family supports.

E-Learning Day Plan

Background

Minnesota Statutes Section 120A.414 allows school districts to use up to five e-learning days per school year to count as instructional days and be included in the required hours of instruction, provided certain conditions are met, including—but not limited to—the following:

- E-learning days are called due to inclement weather.
- Full access to online instruction is provided by students' individual teachers.
- A plan is adopted by the school board after meeting and negotiating with the exclusive representative of the teachers.
- The plan must include accommodations for students without Internet access at home and for digital device access for families without the technology or an insufficient amount of technology for the number of children in the household. A school's e-learning day plan must provide accessible options for students with disabilities under chapter 125A.
- The plan must provide accessible options for students with disabilities.

Overview of E-Learning Plan

The MPS E-Learning Plan ensures:

- Accommodations for students without sufficient access to the Internet, hardware, or software in their homes.
- Accessible digital instruction for students with disabilities under chapter 125A and meet the needs of each student's IEP/504 plans.
- Notification to parents and students of the plan must occur at the beginning of the school year and, upon implementation of an e-learning day, there must be at least two hours' notice prior to the normal school start time that students are to follow the e-learning day plan.
- Students and parents must have access to teachers via telephone and online during normal school hours.

If schools will be closed or move to e-learning due to severe weather notification is sent by:

- Robocalls, texts and emails
- The MPS website
- Local television news
- Social media (Facebook and Instagram)

MINNEAPOLIS PUBLIC SCHOOLS

When will we need E-Learning

- After school has been canceled for three days (due to weather or other reason) at PreK/K through grade 5 schools.
- After school has been canceled for two days (due to weather or other reason) at middle and high schools.
- For PreK through grade 8 schools:
    - PreK through grade 5 students will have e-learning days after school has been canceled for three days and grade 6 through 8 students will have e-learning days after school has been canceled for two days.
- All grades at Seward Elementary will follow the PreK through grade 5 protocol (e-learning will be used after school has been canceled for three days).

There may be a circumstance where an individual school or number of schools may have school canceled for a unique situation (i.e., power or water outage) or for heat. In these cases, that school or schools may move into e-learning prior to other schools for inclement weather to ensure that every school remains in compliance with the instructional day and hour requirements.

EDIA Early Literacy Report

Deputy Superintendent Ty Thompson, Tayler Marks (REA), & EDIA Committee

What is the EDIA?

The EDIA is a set of reflective tools and guided processes for schools, departments, and district policy owners to evaluate policies, practices, and budgets that significantly impact student learning and resource allocation.

The EDIA intends to:

- **identify inequities** or which MPS students are disproportionately affected by policies, practices, and budgets;
- **assess the impacts and unintended consequences** of changing policies, practices, and budgets;
- **engage stakeholders** in a meaningful way around the policies, practices, and budgets, including how to address the inequities; and
- **monitor implementation** policies and practices.

Source: MPS Policy 1304; Regulation 1304A

EDIA Processes

Full Equity and Diversity Impact Assessment	The Full EDIA process **involves three phases**: 1) Conducting a **study** to identify inequities in policies and practices; 2) Developing and **implementing an Action Plan** that addresses the findings from the EDIA Study; and 3) **Monitoring Progress** by tracking progress on the action plan. Additionally, **MPS partners with the EDIA Committee**, an advisory and consulting group who provides equity considerations.
Equity Considerations for Budgeting	Guides schools and departments through recommended steps for an **equity-driven budget planning process** that includes meaningful engagement of diverse perspectives and other equity considerations.
Equity Considerations for Policies	When policies are periodically reviewed and updated or when new policies are recommended, policy owners complete an Equity Considerations for Policies document to describe how they have used an **equity-driven lens to develop the policy revision or proposal.**
Equity Considerations for Practices	Designed for departments to record how they have used an **equity-driven process to propose changes to practices** that significantly impact student learning**.** Examples of changes to a practice include but are not limited to curriculum changes for pre-K through 12th grade students, changes to grading practices, and changes to required student assessments.

Study Background

- 3rd grade reading predicts future success [1]
- Only 41-47% of MPS students met reading benchmarks in 2025 [2]
- Biggest gaps affect students of color, English learners, and students with disabilities
- Stakeholder concerns reflect unmet literacy support needs (for example, recent AIPAC vote of non-concurrence)

Source: 1: Lesnick et al., 2010; 2: Minneapolis Public Schools, n.d., "Winter FastBridge Screening Outcomes"

Policy

- MPS Policy 6121 guides K-3 reading instruction
- Outlines a two-part support system: strong core instruction for all students and targeted interventions based on data.
- This EDIA evaluates how well these practices are implemented, identifies barriers and successes, and highlights ways to better support staff, families, and students

Early Literacy EDIA Evaluation Questions

Guiding Question: To what extent are MPS early literacy (K-3) practices - outlined in MPS Policy 6121 - equitable for all students, regardless of identity?

Evaluation Questions:

1. How effectively is the multi-tiered system of support (MTSS) applied to ensure all students have access to the appropriate tiers of support in early literacy instruction?
    a. Is a rigorous core instruction accessible to all students, regardless of school or identity?
    b. How do individual schools' MTSS / intervention plans vary in quality, accessibility, and implementation across the district?
    c. How does the district identify students requiring academic interventions? Are the identification methods used inclusive and consistent across all student demographics?
2. How are caregivers and students involved in their early literacy education?
    a. How are parents notified promptly and clearly about the need for interventions, the type of support provided, and student progress?
    b. How are caregivers and students informed of specific strategies of instruction and what strategies will improve their student's reading level?

Considerations

Findings from this EDIA <u>can</u> support:	Findings from this EDIA <u>cannot</u> support:
✔ Understand how people experience current K-3 literacy practices ✔ Find where we need more information ✔ Plan better and responsive future practices based on stakeholder feedback and needs	✖ Give us a comprehensive understanding of everyone's experience with K-3 literacy practices ✖ Tell us everything about how policies impact students' literacy education ✖ Give us a comprehensive understanding of groups that were not represented in this study (like K-3 students directly)

Evaluation Question 1a Findings

Is a rigorous core instruction accessible to all students, regardless of school or identity?

Finding 1: While many schools implement rigorous core instruction (instruction all students receive regardless of skill or readiness), persistent disparities indicate that such instruction is **not yet equitably accessible to all students regardless of school or identity, especially for students of color, English learners, and students with disabilities.**

- New curriculum (UFLI) used less in schools with higher proportion of students of color (RIS schools)
- Parents of students of color and special education students report being less satisfied with reading instruction
- Curriculum doesn't meet needs of English learners, students with disabilities, or readers above or below grade-level
- Materials lack cultural relevance (Benchmark mainly)
- Professional development is fragmented, leaving teachers underprepared and unsupported for inclusive instruction (such as effective differentiation and support of students of different reading levels and support needs).
- Staffing shortages and resources gaps reportedly affect schools serving historically marginalized communities

Evaluation Question 1b Findings

How do individual schools' MTSS / intervention plans vary in quality, accessibility, and implementation across the district?

Finding 2: Schools differ widely in their MTSS (A framework that provides different levels of support to students based on their individual academic, behavioral, and social-emotional needs) and intervention plans/supports—those highlighting strong leadership and resources tend to offer more effective and equitable support, while others face challenges like **limited staff, inconsistent implementation, and scheduling issues** that make it **harder for historically marginalized students and struggling readers to get the support they need.**

- No consistent district model for MTSS
- Shortage of reading specialists and resources to support timely interventions
- Quality of interventions inconsistent, with poor alignment to individual student needs
- Students of color and special education students get less effective intervention support despite identification at higher rates

Evaluation Question 1c Findings

How does the district identify students requiring academic interventions? Are the identification methods used inclusive and consistent across all student demographics?

Finding 3: While the district employs various diagnostic tools to identify students for reading interventions, **resource constraints and language challenges**—especially for English-language learners—**undermine the consistency and inclusivity of these methods** across all student demographics.

- English-only assessments and screeners may misrepresent English learners' proficiency and needs
- Application of identification tools is inconsistent, with concerns about equitable use across student demographics
- Even when students are identified appropriately, lack of staffing, time, and resources prevents all students that need support from receiving it

Evaluation Question 2a Findings

How are parents notified promptly and clearly about the need for interventions, the type of support provided, and student progress?

Finding 4: Caregivers are notified about interventions and student progress via multiple channels - such as parent-teacher conferences, standardized letters, digital messages, and phone calls - though **inconsistencies in frequency, language accessibility, and clarity often undermine the prompt and clear communication needed by all families.**

- Caregivers of students of color report less frequent communication about interventions/student progress- particularly Hispanic/Latino, American Indian/Alaskan Native, and non-English-speaking households
- Language barriers affect non-English speaking families
- Hispanic/Latino and American Indian/Alaskan Native families report less familiarity with grade-level expectations
- Communication about student progress and interventions often unclear or delayed

  "Heard about reading intervention only after intervention took place. The communication around this was confusing and not from her teacher." - Caregiver of student receiving special education services

Evaluation Question 2b Findings

How are caregivers and students informed of specific strategies of instruction and what strategies will improve their student's reading level?

Finding 5: Caregivers and students receive information about reading strategies through various channels - such as teacher newsletters, digital messages, and parent-teacher conferences - but **inconsistent caregiver involvement- especially for caregivers of students of color and English learners- and variable student engagement highlight the need for more personalized, collaborative approaches** to improve reading levels.

- Caregivers of English learners reported minimal outreach
- Limited partnership in creating literacy plans
- Uneven student involvement in goal-setting- Asian and English Learner students more likely to be involved, while students with 504 plans experience less
- Caregivers want to support learning at home but need more personalized and practical support from schools—favoring simple tips, materials that match their students' needs,, and guidance on integrating literacy into daily routines.

"How do I fit little pieces of that literacy work in our daily lives?" - Caregiver

Limitations

- High-level findings only - highlight the need for deeper investigation
- Limited time and resources for data collection
- District changes happening during study:
  - New curriculum (UFLI) being implemented

- Develop an action plan to respond to the findings and committee recommendations
- Initiatives already in action:
  - Full implementation of UFLI for SY 25-26
  - Replacing the Benchmark Curriculum - the current knowledge-building curriculum
  - MTSS District Team

Future Areas of Inquiry

- Continue in-depth study around K-3 literacy to understand access to core instruction and supports for:
  - Students receiving special education services and SPED teachers/staff
  - Students who are newcomers or English learners
  - Dual-Language programs
  - Caregivers and students that are homeless or highly mobile
- Alternative family engagement methods

EDIA Committee Recommendations

Early Literacy Recommendations

1) Culturally Sustaining and Inclusive Curriculum:

- Replace the current knowledge-building literacy curriculum with one that better reflects the diverse cultures, languages, and experiences of our students
- Supplement curricula for language learners and diverse needs.

2) Intervention and Multi-Tiered Systems of Support (MTSS):

- To strengthen MTSS and intervention supports, the district should standardize MTSS implementation and conduct regular audits to ensure equitable access and effectiveness across schools.
- Enforce minimum staffing for early grade interventionists, ensure continuity of services for all students—including transfer and newcomer students—and provide personalized, data-informed support that includes caregiver and teacher input.

3) Professional Development and Teacher Support:

- Offer differentiated, tiered PD aligned to teacher and student needs, with a focus on EL support, MTSS, special education, and literacy.
- Site-based coaching, Professional Learning Communities (PLCs), and train-the-trainer models should be supported by strong leadership, protected collaboration time, and centralized coordination—especially during curriculum rollouts—to ensure consistent, high-quality implementation across schools.

4) Family Engagement and Communication:

- Create a districtwide communication plan to share literacy goals and student progress with all families, especially multilingual ones.
- Use clear, translated materials and multiple channels (texts, calls, emails, conferences).

Early Literacy Recommendations Continued

5) Class Size and Staffing:

- To support differentiated instruction, the district should reduce K–3 class sizes and pilot flexible staffing models—such as Kindergarten pods—to enable small group learning.

6) Caregiver and Community Engagement

- Build a volunteer corps—including adult, older students, and community partners—to support early reading instruction equitably across schools.
- Expand family early literacy events, partnering with culturally relevant organizations to provide more responsive support and take-home strategies.

7) Inclusive and Equitable Decision-Making:

- Prioritize meaningful engagement with underrepresented communities—such as families of color, multilingual households, and those receiving special education or experiencing housing instability—before finalizing plans.
- Establishing ongoing feedback mechanisms like advisory councils and focus groups will help embed these voices throughout district planning, implementation, and evaluation.

The full list of recommendations can be found in the Early Literacy EDIA report in the attached board materials.

Early Literacy Equity and Diversity Impact Assessment: Full Report

Prepared by Research, Evaluation, and Assessment

August 2025

Introduction

The foundational role of early literacy in shaping equitable educational outcomes is well established. Research consistently links reading proficiency by third grade to long-term academic success, high school graduation, and broader life opportunities. Yet, persistent disparities in literacy outcomes—particularly among students of color, English learners, students with disabilities, and those from low-income backgrounds—underscore the need for systemic examination of how educational policies and practices support or hinder equitable access to high-quality instruction. In response, the Minneapolis Public Schools (MPS) Board of Education directed the Research, Evaluation, and Assessment (REA) Department to conduct an Equity and Diversity Impact Assessment (EDIA) focused on early literacy in grades K–3.

This EDIA builds on the district's ongoing efforts to ensure that all students receive rigorous, culturally responsive instruction and timely, targeted support. Rather than evaluating specific curricula, the assessment centers on stakeholder experiences with the implementation of Policy 6121: Academic, Social Emotional, and Behavior Supports. This policy outlines a multi-tiered system of support (MTSS) designed to provide strong core instruction and interventions based on student needs. The EDIA explores how this policy is being enacted in early literacy classrooms throughout MPS, and whether its implementation is equitable across schools and student groups.

REA partnered with the Core Academics division, the Literacy Department, and an EDIA advisory committee composed of MPS staff, caregivers, students, and community members. Together, they examined how current practices align with the district's equity goals, identified barriers to effective implementation, and developed recommendations for improvement. This report aims to inform decision-making that advances literacy equity and ensures that every child in MPS has the opportunity to become a confident, capable reader.

Literature Review

The National Literacy Landscape

Learning to read is a social justice issue (Burk & Hasbrouck, 2023) and is linked to many positive outcomes in students' lives, including better outcomes in academic achievement, health, socioeconomic status, and much more (DeWalt et al., 2005; Romeo et al., 2022; Sparks et al., 2014). Third grade is a critical moment for developing the ability to read, as it has been found that reading level in third grade predicts many later outcomes, including later academic performance, high school graduation, and college attendance (Lesnick et al., 2010). Given these connections, early literacy is essential for lifelong success, yet reading proficiency among young learners in the U.S. remains low. In 2024, only 31% of fourth-grade students read at a proficient level—down two points from 2022. Students from low-income families, English learners, students with disabilities, and racially marginalized groups continue to lag behind their white peers (National Center for Education Statistics, 2024).

The COVID-19 pandemic worsened these disparities. While students have recovered some learning—about one-third in math and one-quarter in reading—most remain far from full academic recovery, especially younger students. Contributing challenges include teacher burnout, mental health needs, funding pressures, staff turnover, and rising chronic absenteeism. Students with disabilities and English learners were particularly affected, facing disrupted services and greater academic setbacks (Center on Reinventing Public Education, 2024). Despite these challenges, some states and districts have accelerated recovery by adopting high-quality instructional materials, aligning professional development, offering intensive tutoring, and extending learning time through summer programs (Center on Reinventing Public Education, 2024).

In addition to the COVID-19 pandemic, a growing shift in reading instruction throughout the United States is impacting district practices and outcomes in early literacy. For over a decade, there have been two approaches to teaching children how to read have clashed- "balanced literacy" where children often rely on context cues and memorization,

and "science of reading" model, that emphasizes systematic phonics and phenomic awareness, teaching students how to decode words at the sound level rather than guessing based on picture or sentence context (Hollingsworth, 2023). Since the end of 2024, 40 states and D.C. have passed legislation aligned with the science of reading approach (Schwartz, 2022). States like Mississippi, New York, Georgia, and Arkansas report early gains. For example, Mississippi has seen marked improvements after statewide curriculum reforms (Hollingsworth, 2023). Though research shows the instruction rooted in the science of reading is effective (Torgenson et al., 2019), this conclusion has not yet been widely in practice in public schools across the nation.

Minnesota's Literacy Goals and Challenges

As national data reveal widespread gaps in reading proficiency and highlight promising reforms, Minnesota's literacy goals and challenges reflect an alignment with national trends. Currently, only 47% of third-grade students in the state read at or above grade level. In response, the state has set a goal to raise this figure to 64% by 2027 (Minnesota Management and Budget, 2024). However, significant equity gaps persist. Students eligible for educational benefits (also known as free and reduced lunch status) are half as likely to be proficient readers compared to their non-eligible peers. Fewer than one in three Black or African American, American Indian, and Native Hawaiian/Pacific Islander students achieve reading proficiency by third grade.

To address these challenges, Minnesota passed legislation the Minnesota Reading to Ensure Academic Development (READ) Act to ensure Minnesota students are reading at or above grade-level by 3rd grade, and to support multilingual and students receiving special education services to reach their individualized reading goals. These efforts aim to improve teacher preparedness, increase access to evidence-based, culturally and linguistically responsive literacy instruction and curricula, and engage families in early reading development. They also direct Minnesota districts to provide staff training on evidence-based reading instruction that has been approved by the Minnesota Department of Education (Minnesota READ Act, 2023).

Literacy in Minneapolis Public Schools (MPS)

Within Minnesota, Minneapolis Public Schools (MPS) illustrates how statewide literacy challenges and strategies take shape at the district level. Examining MPS's efforts and the contextual factors the district navigates offers valuable insight into how local systems are striving to meet literacy goals. Data from assessments such as FastBridge and the Minnesota Comprehensive Assessments (MCA) continue to reflect disparities in reading outcomes across grade levels and student populations. For instance, the MPS Winter 2025 FastBridge assessments showed that students in grades K–9 reached, on average, only 41–47% proficiency (Minneapolis Public Schools, n.d., "Winter FastBridge Screening Outcomes"). When disaggregated by student demographics and services, the data reveal that students who receive English learner or special education services, are eligible for educational benefits, or experience housing instability face disproportionately lower proficiency outcomes. Similarly, racial disparities persist, with American Indian, Asian, Black/African American, Hispanic/Latino, and multiracial students scoring below their white peers. While there has been measurable growth across several student groups over the past year, the overall low proficiency rates signal the need for sustained attention to addressing systemic barriers—such as access to rigorous, culturally responsive instruction and adequate support services—that continue to impact student literacy outcomes, particularly by third grade. Resource limitations also impact the district's ability to provide timely and effective interventions. While many students are identified as needing additional literacy support, the number of students who can actually be served remains limited. Concerns about the adequacy of academic support have been raised by stakeholders, including a vote of non-concurrence from the American Indian Parent Advisory Committee (AIPAC).

In response, MPS has taken significant steps to strengthen early literacy instruction. Prior to the implementation of the Minnesota READ Act, the district adopted a comprehensive K–3 Literacy Framework grounded in the Science of Reading. This framework emphasizes rigorous, research-based instruction and assessment practices. MPS has also committed to full adoption of new curriculum materials- University of Florida Literacy Institute (UFLI) and professional development for educators, including Language Essentials for Teachers of Reading and Spelling (LETRS) training.

By June 2025, MPS aims to increase the percentage of K–3 students demonstrating typical or aggressive growth by 10%, and raise the overall percentage of students reading at grade level to 55%. The district is also working to ensure that 100% of Phase I teachers complete foundational literacy training and that 80% implement Science of Reading practices in their classrooms. To support these efforts, MPS has developed a caregiver communication plan that includes regular updates on student progress, intervention plans, and at-home strategies—delivered in families' preferred languages.

Equity and Diversity Impact Assessment

To ensure these literacy initiatives equitably serve all students, MPS has taken additional steps to examine how its policies and practices affect different student groups. The Equity and Diversity Impact Assessment offers a critical lens through which to evaluate the district's progress toward more just and inclusive early literacy outcomes. In August 2024, the Board of Education directed the Research, Evaluation, and Assessment (REA) Department to conduct an Equity and Diversity Impact Assessment (EDIA) to identify and examine inequities in policies, practices, and procedures that affect early literacy outcomes in grades K–3. This EDIA specifically explores how MPS policies and practices related to K–3 literacy instruction and support influence equitable academic experiences and outcomes for students.

Guided by the Board's directive, the REA team focused the study on the implementation of Policy 6121: Academic, Social Emotional, and Behavior Supports. Rather than evaluating specific literacy curricula or instructional methods, the EDIA centers on stakeholder experiences and perceptions of accessible, rigorous core instruction and targeted support across schools. This work is taking place alongside the early implementation of a new district-wide K–5 foundational literacy curriculum. While the curriculum rollout is not the focus of this EDIA, it provides important context for understanding the current instructional landscape.

To carry out this work, REA partnered with the Core Academics division and the Literacy department, and engaged an EDIA advisory committee made up of MPS staff, caregivers, community members, and students. This committee provided guidance throughout the process—from shaping the study's focus to interpreting findings and developing recommendations. The EDIA process is designed to help MPS leaders adopt, revise, or eliminate policies and practices in

ways that promote equity. Its goals include identifying which students are disproportionately affected by bias, assessing the impact of current practices, engaging stakeholders in solutions, and building capacity for continuous improvement.

Framing and Context of the Early Literacy EDIA

This EDIA builds on earlier work related to Policy 6121. In 2014–2015, a previous EDIA led to a significant revision of the policy, which had not been updated since 1985. The revised policy introduced a district-wide multi-tiered system of support (MTSS) aimed at identifying students who are not meeting academic benchmarks, determining their needs, and providing targeted instruction—whether in whole-class, small-group, or one-on-one settings. The intent was to better support struggling students, reduce unnecessary referrals to Special Education, and improve academic achievement, particularly in early literacy.

The current EDIA continues this focus by examining how the guidance in Policy 6121 is being implemented in K–3 literacy instruction. The policy emphasizes that all students can achieve high standards through effective, differentiated teaching supported by research-based practices and standards-aligned curriculum. It outlines a two-part system of support:

- Strong core instruction for all students, tailored to individual needs.
- Targeted interventions for students who require additional help, based on data.

To ensure these supports are effective, the policy requires schools to:

- Develop and share plans for delivering instruction and interventions.
- Continuously assess student needs using multiple tools (e.g., observations, screenings, assessments).
- Keep families informed about their child's support level and the strategies being used.

This EDIA evaluates how well these expectations are being met in practice—specifically, whether *all* students are receiving high-quality instruction and support, how schools are monitoring literacy progress, and how caregivers are engaged in the process. Additionally, the EDIA examines what are successes and barriers to meeting the policy's expectations in order to identify and mitigate inequities and understand how to better support MPS staff, families, and students, in providing these supports to students. While the EDIA does not focus on social-emotional or behavioral supports, it acknowledges their importance as part of the broader system outlined in Policy 6121.

Policy	Policy Description
Policy 6121: Academic, Social Emotional And Behavior Supports Policy 6121 Webpage	"Minneapolis Public Schools is committed to preparing students to be college, career and community ready. In order to meet this goal all educators believe that all students learn and can achieve high standards as a result of effective teaching. A school system informed by this principle has effective systems that support adults in providing high quality core instruction and implementing appropriate interventions for students, informed by research and supported by standards-based curriculum. Effective teaching is differentiated to meet individual student needs and adheres to universal design principles. Effective core instruction includes social, emotional and academic learning. Active engagement of students in their own learning requires classrooms that provide culturally responsive instruction. Differentiation of the core instruction is dependent upon a strong assessment system that informs educators of students' areas of strength and need.

	Even the most effective core instruction will not be sufficient for every student to make adequate progress. The district must adopt a system of supports, interventions and trauma-based care to address academic, social, emotional and behavior needs of students who are at risk of not meeting state proficiency standards. Interventions are evidence-based actions, implemented with fidelity, the effects of which are monitored for student progress. Students are assessed at least twice a year to evaluate their need for interventions and support to be implemented upon review of this data. The purpose of this policy is to establish the plan for providing academic, social, emotional and behavioral supports within the general education program to all students."
Regulation 6121A: Implementation Of Supports And Interventions Regulation 6121A Webpage	"A multi-tiered system of support is designed to help educators support the needs of students who are struggling academically, socially, emotionally or with behavior with the goal of accelerating progress and achieving success in school. These supports and interventions are provided by a variety of personnel, including general education teachers, special education teachers, and other school specialists. They supplement and are not a replacement for high-quality core instruction. Intensity and duration of interventions and supports are based on achieving student goals. The district is committed to the appropriate assessment of all students, equitable access to effective, evidence-based interventions and supports to assist all students to succeed. The purpose of this regulation is to establish the framework for implementation of the district's multi-tiered system of support for students."

MPS Academics

The Minneapolis Public Schools (MPS) Literacy Department is focused on helping every student become a confident, capable reader. Their mission is to support all learners in building the skills they need to succeed in school and life, with a strong commitment to equity, research-based practices, and using data to guide decisions (Minneapolis Public Schools, 2025). For students in kindergarten through third grade, MPS uses a structured approach to literacy that includes instruction in key reading skills like phonics, phonemic awareness, fluency, vocabulary, and comprehension. During School Year 2024-2025, MPS went through early adoption of a foundational skills curriculum for grades K-3- University of Florida Literacy Institute (UFLI), piloting across 36 schools (Minneapolis Public Schools, n.d., "May 2025 Progress Report"), with a goal of full implementation by School Year 2025-2026 across all MPS Kindergarten-5th grade schools (Bice, 2024). This new curriculum aligns with the MN READ Act and is approved by the Minnesota Department of Education. The knowledge-building curriculum currently being used at MPS, Benchmark Advance (2017 version), but will be replaced by School Year 2025-2026 due to Benchmark not meeting internal and state criteria for alignment with science of reading approach and diversity, equity and inclusion (Bice, 2024). More information on the proposed plans for curriculum adoption in Kindergarten-5th grade can be found on the MPS Elementary Website. To track progress and identify students who need extra reading support, teachers and reading interventionists use regular assessments like iReady and digital oral reading records. These tools help guide instruction and support students through a Multi-Tiered System of Supports (MTSS), which provides different levels of help based on each student's needs—from strong core teaching for everyone to more targeted or intensive support when needed. Teachers are also receiving training in the science of reading through a program called LETRS, and get ongoing help from literacy coaches and specialists. All of this is part of MPS's larger goal to create strong readers by giving every child the instruction and support they need from the start (Minnesota Department of Education, 2024).

Methodology

Evaluation Questions

Guiding Question: *To what extent are MPS early literacy (K-3) practices - outlined in MPS Policy 6121 - equitable for all students, regardless of identity?*

1. How effectively is the multi-tiered system of support (MTSS) applied to ensure all students have access to the appropriate tiers of support in early literacy instruction?
    a. Is a rigorous core instruction accessible to all students, regardless of school or identity?
    b. How do individual schools' MTSS / intervention plans vary in quality, accessibility, and implementation across the district?
    c. How does the district identify students requiring academic interventions? Are the identification methods used inclusive and consistent across all student demographics?
2. How are caregivers and students involved in their early literacy education?
    a. How are parents notified promptly and clearly about the need for interventions, the type of support provided, and student progress?
    b. How are caregivers and students informed of specific strategies of instruction and what strategies will improve their student's reading level?

Methods Overview Page

REA evaluators collected and analyzed data from multiple data sources, as shown in Table 2. The first column lists each data source. The second column provides a brief description of the source and the methods used to collect that data. The third column indicates the dates of data collection. The final column details the number of stakeholders reached by each source, including participant counts and their roles within the MPS community.

To improve representation, REA evaluators conducted phone call interviews with caregivers from groups that had lower survey response rates. This additional outreach aimed to center the voices of MPS caregivers who identify as African American or Black, American Indian, Hmong, Latine, and Somali. Data collection was supported by other MPS personnel across departments, who assisted in distributing districtwide surveys and contacting families requiring interpretation services.

Caregivers			
Districtwide K-3 Caregiver Survey	A districtwide survey was administered online to caregivers to understand their and their K-3 students' experiences with MPS reading instruction and supports. The Communications Department, in addition to principals and departments that support family engagement, sent multiple emails and text messages, and robocalls districtwide to caregivers. Flyers with links to the survey were also distributed throughout schools and at various school and district family engagement events. The survey was available in English, Spanish, Hmong, and Somali. Due to the young ages of students in the study scope, no surveys were conducted with K-3 students, but instead caregivers were asked to speak about their students' experiences.	February 26 - April 30, 2025	1,922 Caregivers (representing 2,366 K-3 students)

Targeted Caregiver In-person interviews, phone interviews, and focus groups.	The survey revealed gaps in reaching caregivers from specific schools and demographics- specifically caregivers of students of color, students who were English learners, and students with disabilities, and caregivers whose first language was not English. In response, the EDIA staff- in partnership with the Advancing Equity Coalition, a volunteer MPS caregivers, and MPS Family Engagement staff- made a concerted effort to attend in-person school events whose caregivers we hadn't heard from, and to make phone calls and caregivers whose voices were missing. MPS Family Engagement staff and an EDIA committee member were able to conduct the interviews in Spanish, Hmong, and Somali for caregivers who required language support. Flyers were also distributed at district parent advisory councils and some site councils that allowed caregivers to sign up for an interview. Two virtual focus groups were also conducted with caregivers that identified as American Indian, in collaboration with the Department of Indian Education. The in-person, phone interview, and focus group questions were aligned with the survey questions, but allowed for a deeper insight into caregivers' experiences with early literacy at their schools. Due to the young ages of students in the study scope, no interviews were conducted with K-3 students, but instead caregivers were asked to speak about their students' experiences. Teachers			
Districtwide K-3 Teacher Survey	A districtwide survey was administered online to teachers that taught K-3 literacy. Elementary principals were asked to set aside times during staff meetings to allow their K-3 teachers to complete the survey. The survey stated that it was to be taken by both general education and special education teachers that taught/provided support in literacy to K-3 students. The survey asked about their experiences with teaching K-3 literacy, support they received from their school and the district, and the accessibility and inclusiveness of core instruction and interventions provided to students. District Leaders			
Literacy District Leadership Interviews & Partial EDIA	Two interviews and one partial EDIA were conducted with the district leaders from MPS Academics, Core Academics, and Literacy divisions/departments. The goal of the two interviews was to gain information around how K-3 literacy is implemented districtwide, what guidance is provided by the district, and to identify barriers to implementation. A Partial EDIA was conducted on Policy 6121: Academic, Social Emotional And Behavior Supports. The goal of the Partial EDIA was to gain understanding of how the policy has been implemented and to what extent it is achieving its intended purposes as it relates to K-3 Literacy in the district.	January 9, January 23, and April 8, 2025	3 District Leaders: • Tia Clasen - Former Senior Officer of Academics • Maria Rollinger- Executive Director of Core Academics • Kimberly Bice- Director of Literacy

Current Report & Limitations

The current report provides a comprehensive summary of findings from the Early Literacy (K-3) EDIA, based on the methods and data sources described in Table 2.

The EDIA is not designed to support: (1) A comprehensive understanding of MPS families' and staffs' perceptions and experiences; (2) a comprehensive understanding of MPS senior, district, and principals' perceptions and experiences; (3) an understanding of the perceptions of stakeholder groups that were not asked to participate, for example K-3 students themselves aside from their caregivers' feedback, school-based staff not identified as classroom teachers or reading interventionists, and others; or (4) an understanding of the full impact of the identified policies on students' literacy education. We also want to acknowledge that a student's literacy education does not operate in a vacuum, and therefore it is not only the Core Academics that is solely responsible for the barriers, but is instead the responsibility of the MPS system as a whole. However, in order to address the largest inequities and barriers to literacy, Core Academics is an important partner.

Overall Findings

This report identifies 5 distinct main findings related to the evaluation questions guiding this study. A summary of the main findings and themes found within each finding are provided below. Expanded descriptions of the findings, themes, and key supporting evidence can be found in the next section titled "Expanded Findings: Main Themes and Supporting Evidence".

Is a rigorous core instruction accessible to all students, regardless of school or identity?
Finding 1: While many schools implement rigorous core instruction, persistent disparities indicate that such instruction is not yet equitably accessible to all students regardless of school or identity, especially for students of color, English learners, and students with disabilities.

How do individual schools' MTSS / intervention plans vary in quality, accessibility, and implementation across the district?
Finding 2: Schools differ widely in their MTSS and intervention plans/supports—those highlighting strong leadership and resources tend to offer more effective and equitable support, while others face challenges like limited staff, inconsistent implementation, and scheduling issues that make it harder for historically underserved students to get the support they need.

How does the district identify students requiring academic interventions? Are the identification methods used inclusive and consistent across all student demographics?
Finding 3: While the district employs various diagnostic tools to identify students for reading interventions, resource constraints and language challenges—especially for English-language learners—undermine the consistency and inclusivity of these methods across all student demographics.

How are parents notified promptly and clearly about the need for interventions, the type of support provided, and student progress?
Finding 4: Caregivers are notified about interventions and student progress via multiple channels (such as parent-teacher conferences, standardized letters, digital messages, and phone calls), though inconsistencies in frequency, language accessibility, and clarity often undermine the prompt and clear communication needed by all families.

How are caregivers and students informed of specific strategies of instruction and what strategies will improve their student's reading level?
Finding 5: Caregivers and students receive information about reading strategies through various channels - such as teacher newsletters, digital messages, and parent-teacher conferences - but inconsistent caregiver involvement- especially for caregivers of students of color and English learners- and variable student engagement highlight the need for more personalized, collaborative approaches to improve reading levels.

Expanded Findings: Main Themes and Supporting Evidence

This section presents the five main findings organized by key themes identified in our data. The themes and supporting data focus on the most frequently mentioned themes and those that provide the clearest insights to answer our evaluation questions, rather than capturing every detail from participant responses. Quantitative data for caregiver and teacher survey questions referenced in this section can be found in Appendix B and Appendix C.

Is a rigorous core instruction accessible to all students, regardless of school or identity?

Finding 1: While many schools implement rigorous core instruction, persistent disparities indicate that such instruction is not yet equitably accessible to all students regardless of school or identity, especially for students of color, English learners, and students with disabilities.

Key Themes Overview

Four interconnected themes contribute to inaccessible rigorous core instruction:

1. **Inequitable Implementation** of core instruction curricula
2. **Equity and Disparities** in access to core instruction
3. **Professional Development** and training limitations

Theme 1: Inequitable Implementation of Core Instruction Curricula

Summary: Though the district was currently undergoing an early adoption roll-out of UFLI for elementary schools, our teacher survey indicates that teachers in racially identifiable schools were less likely to have early adopted UFLI due to schools either not being selected for early adoption or choosing not to opt in. General education teachers were more likely to be utilizing UFLI compared to special education teachers.

Supporting Data:

Teacher Curricula Utilization

Teachers were asked to report which curricula they currently use in core instruction to teach literacy.

- Teachers' survey responses indicate significant inconsistencies in curricular implementation across the district:
    - 71% of general education teachers reported currently using UFLI compared to 65% of special education resource teachers and 50% of self-contained teachers
    - Benchmark is used by 58% of general education teachers who responded to the survey

Differences by Racially Isolated Schools (RIS):

- When disaggregated by school type (RIS versus non-RIS), the disparities become more pronounced:
    - Only 55% of teachers in racially identifiable schools currently use UFLI, in contrast to 79% of their counterparts in non-racially identifiable schools
    - Teachers in RIS are more likely to be currently using Functional Phonics (37% vs. 14% among non-RIS teachers), suggesting an uneven early adoption of the new foundational skills curriculum (UFLI)

Theme 2: Equity and Disparities in Access to Core Instruction

Summary: Survey data and interviews reveal that core instructional experiences are not uniformly accessible across all schools. Caregivers of students in special education programs and students of color report considerably lower satisfaction. Teachers and principals noted that UFLI and Benchmark curricula lack cultural and linguistic responsiveness and do not adequately support English learners, students with disabilities, and those below or above grade-level reading proficiency.

Supporting Data:

***Caregiver Satisfaction with Reading Instruction*:**

Caregivers were asked about their satisfaction with their students' reading instruction at school. Though this does not necessarily tell us if they believe their students are getting equitable access to core instruction, it does provide us with some insights on what caregivers see as successes and challenges within core instruction for their students.

- Of the survey respondents, caregivers overall were satisfied with their students' reading instruction, with 60-70% of caregivers indicating satisfaction. However, satisfaction levels differed when looking at group differences:
- Of the 14% of open-ended survey responses that referenced the reading curriculum:
    - 58% shared positive views of the reading curriculum, often highlighting the benefits of UFLI and phonics-based methods
    - 42% expressed concerns about the reading curriculum, citing uncertainty about current methods or preference for previous curricula

Differences by Grade-Level:

- Kindergarten caregivers reported the highest satisfaction (77%), suggesting strong foundational instruction in early literacy

- Grades 1–3 caregivers reported slightly lower satisfaction (66–67%), indicating less approval as students move grade levels

Differences by Educational Services:

- Caregivers of students in advanced learning also reported high satisfaction (73%), while those whose children receive special education services reported the lowest satisfaction (60%).

Differences by Race/Ethnicity:

- American Indian/Alaskan Native caregivers reported the lowest satisfaction at just 48%, followed by Asian and Black/African American caregivers at 57%.
- Interview data echoed the survey results but revealed even lower overall positive experiences, particularly among caregivers of students of color:
    - 51% of caregivers shared positive experiences, mentioning observable reading progress and growth in their students' reading, growth in dual language and reading acquisition, helpful feedback from teachers, and effective instructional support like Individual Education Plans and English Learner services
    - 30% of caregivers expressed concerns, citing student reading struggles, Individual Education Plan management issues, limited English Learner support, and frustration with tech-based tools used in the reading classroom (for example, Lexia iPad application)

Teacher Feedback on Curriculum Accessibility:

Teachers were asked about the accessibility of their current core reading curricula for all students. The following data focuses specifically on UFLI and Benchmark, the two main literacy curricula used in core instruction.

UFLI:

- Less than half rated UFLI as accessible to all of their students, (41% "yes", 48% "somewhat")
- Open-ended responses that mentioned UFLI gave insight into which students were not being served well by this curriculum:
    - Above grade-level reading (20%)
    - Multilingual/English learner students (19%)
    - Below grade-level reading/struggling readers (19%)
    - Students with disabilities/receiving special education services (12%)

Benchmark:

- A small number of teachers who use Benchmark believe that it is accessible to all students (14% yes; 43% somewhat)
- Open-ended responses that mentioned Benchmark gave insight into which students were not being served well by this curriculum:
    - Multilingual/English learner students (36%)
    - Below grade-level reading/struggling readers (22%)
    - Students with disabilities/receiving special education services (6%)
    - Above grade-level reading (5%)

Barriers to Students Access to Core Instruction:

- Additionally, teachers noted what they believed are barriers for the above student groups' ability to access UFLI and Benchmark. The most frequently mentioned included:
    - Pacing & difficulty with differentiation for different learner needs
    - Lack of explicit instruction on vocabulary & background knowledge
    - Lack of visual supports
    - Limited support staff in classroom
    - Benchmark specifically is outdated, not culturally responsive, complex texts above most students reading ability

***Principal Perspective on Which Students Are Not Accessing Core Instruction*:**

Principals were asked if they believed all students were equitably accessing and supported within core instruction at their schools.

- Principals emphasize that the following student groups face significant barriers in core instruction, with the most frequently mentioned in focus groups being:
    - English learners/multilingual students
    - Students who are below grade-level proficiency in reading
    - Students of color
    - Students receiving special education services
    - Newcomers/New-to-Country
    - Students in schools with dual language programming

Barriers for Students Accessing Core Instruction:

- Language Barriers were cited as a major concern by principals, especially for English learners and dual language program students, with issues around translation, biliteracy, and instructional alignment, due to:
    - Teachers being unsure when to translate vs. scaffold for English learners
    - Lower expectations for English learners due to perceived language fatigue
- Equity and Bias concerns were also raised regarding students of color, historically marginalized groups, and systemic disparities in support and outcomes, including:
    - Disparities in support available between schools, such as between Title 1 vs. non-Title 1 identified schools
    - Curriculum and assessments being bias against students of color and other historically marginalized groups
    - Lower achievement and growth rates for students of color in literacy as demonstrated on state and district assessments

Lack of Support and Resources

- Principals frequently mentioned structural support and resource barriers, often tied to student service pull-out models, Individual Education Plan overlaps, and lack of core instruction support, which included:
    - Students being pulled out for EL or SPED services during core instruction time
    - Over-reliance on interventions (Tier 2 and 3) without strong Tier 1 (Core) instruction
    - Individual Education Plan minutes overriding access to general education curriculum for students with disabilities
    - Lack of resources to support students who are behind grade-level proficiency in reading

Reading Interventionist Perspective on Which Students Are Not Accessing Core Instruction:

In focus groups, reading interventionists also shared which students they believed were not being served well by current core instruction, and why:

- All students/students in general are not supported by core instruction due to not enough support for teachers from the district in terms of time, training, and materials
- Students who are English learners, new to the country, or in dual language programs due to consistent lack of support for Spanish literacy in core instruction, lack of staffing, and students being pulled out of core to receive English Learner programming
- Students who are below grade-level in reading due to large class sizes, lack of effective differentiation in core instruction, and pacing of the instruction overall not being in alignment with student needs

District Leadership Role and Perspective on Which Students Are Not Accessing Core Instruction:

District leaders were asked about their role in providing guidance and support to schools in order to support core instruction, and what they believed were barriers to equitable access to core instruction for all students.

- The department provides research-based guidance on core instruction and materials to support core instruction implementation, and principals monitor its implementation. While access to materials is a focus, the actual accessibility of rigorous core instruction for all students, regardless of school or identity, is unclear from a district standpoint.
- Systems supporting implementation include the vetting of Science of Reading materials and guidance, professional development opportunities, and tools for monitoring core instruction, but accountability for principals is outside of their locus of control.
- UFLI implementation is seen as successful, but core proficiency is low (36% reported on a UFLI teacher pilot survey)
- Inequities may result from inconsistent MTSS implementation across schools and resource allocation.

Representative Quotes:

Caregiver Quotes
General: *"I'm happy with the teacher, the school, and that my daughter is learning to read very quickly at school. She's learning English at school, and Spanish at home."* *"This is my third child within the MPS system at [School Name]. All my children have been at different stages with reading as they started Kindergarten and all of them could solidly read well by spring semester of first grade. [School Name] teachers have served us well."* *"Phonics [has] regularly been the worst part of my [students'] day. Both her and her brother complained nearly every day about it. They do not feel they are learning anything, that it is redundant, and a waste of time."* *"I have been deeply, deeply frustrated with reading instruction at MPS. I don't get the sense that my child's teacher has *any* clue what level the students are at. My 8yo is a voracious reader. He started reading at age 4, and has been reading 400p Harry Potter chapter books for several years now. Yet I get these vague reports about how he lacks fluency, doesn't respond quickly enough in testing environments..."* Differences by Race/Ethnicity:

"I am concerned because my son is in 2nd grade but still reading at a Kindergarten level. I talked to the teacher but they are not [concerned] about it and told me he is okay." -Caregiver of an English learner, Asian student

"I think my first grader is struggling and I worry that there is not a plan in place to get him caught up" -Caregiver of Black/African American student

[Referring to Students' Reading] "It's a struggle." - Caregiver of American Indian student

Differences by Educational Services:

"My son has a very experienced teacher this year who knows how to teach phonics, but with the class sizes as large as they are I don't think it's possible for him to have the attention he needs."

"[Experience has been] Not good. [My] Children have IEPs [Individual Education Plans], and the school is enabling them to not get them to where they need to be. The school rewards students for bad behavior." -Caregiver of Black/African student receiving special education services

Teacher Quotes

UFLI:

"UFLI is a wonderful phonics curriculum. With continued consistent use, I strongly believe reading proficiency will continue to improve for ALL MPS students"

"The explicit phonics instruction from UFLI is so great, appropriate, and we're all enjoying seeing the results!"

"Multilanguage Learners. The pace of UFLI is so fast, both the pace of individual lessons as well as the pace of only two days a week on a given concept. Neither UFLI or Foundational Phonics includes explicit instruction in the components of Language Comprehension, specifically vocabulary, background knowledge and language structures. Without these components being taught as part of the curriculum our ML [Multilingual] learners will struggle to become skilled readers."

"UFLI is ineffective for multilingual students because there is no explicit vocabulary instruction"

"UFLI is not differentiated well for my lower-achieving students"

"Students who are below grade level struggle with the fast pace of UFLI"

"Large class sizes actively cancel out any attempts made to support quality literacy instruction in the early grades. It is impossible to differentiate instruction for 30 students, and that many first graders in a small classroom leads to many behaviors that need need to be managed, which interrupts instruction"

Benchmark:

"The Benchmark Curriculum is not as culturally relevant to my students' lived experiences or interests, as well as does not have differentiation that is easy to implement."

"I think a new reading and writing curriculum that aligns with the standards for science of reading should be a big priority as the current curriculum is dated, leaves out a chance for BIPOC students to see themselves/identify with the stories and characters, and does not help students become better readers"

"The stories are very white-centric"

"The texts are too difficult for English Language Learners"

"It is too rigid and hard to adjust to student needs"

Principal Quotes

"Everything is urgent. Almost like some of the students are in intervention all day. Are they even getting core? IEP [Individual Education Plan] trumps everything."

"Black and brown students, Indigenous students not being served. Marginalized groups, like FRL [Free and Reduced Lunch]. Certain supports being provided to Title 1 schools, interventionists, that aren't being offered in a similar manner elsewhere."

"Teachers sometimes have lower expectations for EL [English Learner] students... the intentions are good, but need more training. It can't just be a one-off training."

"Most curriculums are biased against students of color and students learning English in general, but teachers do an amazing job."

"Literally some schools simply can't meet the demand in terms of having so many students who require Tier 2 and 3 intervention."

"When students have EL [English Learner] / SPED [Special Education] services and need to be pulled out, it's hard not to pull them out during core instruction. Hard to meet everyone's needs. Feel like they're burning anyone out."

Reading Interventionists Quotes
"There's definitely a cohort of kids who are just sitting through that, and they still don't know CVC words. So I understand them wanting them in Tier 1 [Core Instruction], but at the end of the day, I don't know how much they're getting out of it." *"I'm always concerned about our newcomers. We have a lot of... I'm always concerned about how much are they understanding when they're in their core instruction just because of language barriers."*

Theme 3: Professional Development and Training Limitations

Summary: Both teachers and principals highlight significant gaps in ongoing professional development. New teachers, in particular, struggle with the lack of training on how to implement curricula that are both rigorous and inclusive. While certain trainings (LETRS / CORE) are highly rated, the overall landscape of professional development - especially district-provided support - appears fragmented and insufficient.

Supporting Data:

Teacher Training Effectiveness:

Teachers were asked to rate the effectiveness of different trainings and supports they had received from the district and/or their schools to support the utilization of their current literacy curricula in the classroom:

- The most highly rated resources were LETRS/CORE trainings (84% rated as "somewhat" or "very effective") and distributed materials/guidance documents (80% rated as "somewhat" or "very effective")
- The lowest rated resources were districtwide trainings (63% rated as "somewhat" or "very effective") and curriculum-based trainings

- Individualized coaching was also rated lower than other resources (61% rated as "somewhat" or "very effective", but also had a higher proportion of teachers report they did not receive this support (28%) compared to the other support options

Differences by Teacher Role:

- General Education teachers were less likely to rate districtwide trainings as effective (61%) as Special Education Resources (70%) and Self-Contained teachers (70%)
- Special Education Resource teachers were less likely to rate LETRS/CORE trainings as effective (71%) as General (85%) and Special Education Self-Contained teachers (90%), but also were more likely to not receive this training at all (12% compared to 0% of Self-Contained and 7% of General Education teachers)

Differences by Racially Identifiable Schools (RIS):

- Similar to the support they receive from the district, teachers at racially identifiable schools are more likely to rate the districtwide training favorably than teachers at non-racially identifiable schools
- Teachers at RIS schools were much less likely to rate individualized coaching as effective (33%) compared to teachers at non-RIS schools (62%)

Staff Collaboration:

- Outside of the resources listed, teachers also found time to collaborate with colleagues and observing other teachers as helpful in understanding and implementing their curricula.

***Principal Perspective on Professional Development*:**

Principals were asked about what they believed were barriers to equitable core instruction for all students, and many mentioned teacher training effectiveness and Professional Learning Community (PLC). PLCs are a time-protected

structure typically in place across schools where teachers collaborate to improve their teaching practices and student outcomes. However, due to a Memorandum of Agreement between the district and the teacher's union in October 2024, teacher's PLC time was instead replaced with time to work on Science of Reading training required by the Minnesota READ Act.

Teacher Training Effectiveness

- Current PD is often too general or compliance-based (e.g., READ Act, LETRS for Admin seen as surface-level)
- Need for differentiated PD: some teachers think they already know what works, while others want support with foundational instructional strategies
- Optional PD and instructional coaches (e.g., UFLI or CAREI coaches) are valued but limited by time and staffing capacity
- Teachers and principals are learning together, but principals feel underprepared and unsupported to coach due to lack of deep training (e.g., UFLI Professional Development not extended to them) and time in school day to support professional development and coaching themselves

Removal of Professional Learning Communities (PLCs) Impact:

- Removal of PLC has had significant negative impact on core instruction effectiveness
- Used to be the core system for collaboration, data analysis, and instructional planning
- Instructional Leadership Teams and coaches relied on them to differentiate support for staff
- Their removal has created disorganization, inequity in collaboration time, and a disconnect from School Improvement Plans
- Current alternatives like team meetings, common prep, and data dives are not a full replacement
- Teachers and leaders feel they are "floundering without a system"

District Leadership Perspective:

- District leaders support rigorous, culturally responsive instruction and evidence-based interventions by offering districtwide and monthly professional development focused on these areas, including data review. However, because the monthly sessions fall outside of the official Memorandum of Agreement (MOA), they are considered "highly recommended" rather than required, which limits consistent participation and implementation across schools.

Representative Quotes:

Teacher Quotes
"I would love to see us stick with something and receive continued coaching and training so that we can really dive in deep with a curriculum and get to know it super well" *"We have not had any trainings during 24-25 for Functional Phonics, but the LETRs training has helped me understand Functional Phonics more. Now next year UFLI. I am looking forward to the UFLI training to help with next year's teaching. I haven't had any training regarding Benchmark for years."* *"There has been very little support from the district on how to deliver effective literacy instruction, and what has been given has been ineffective and often a waste of time"* *"Considering I was not able to have any literacy supports due to being special education, per our MTSS tosa, I just went to using LLI. I did not receive any UFLI materials until a week ago [early March]." —3rd grade special education self-contained teacher*

"Our PLC is based on LETRS and we connect once a month. That has also been helpful with instruction as teachers share some different ideas that they have tried during instruction based on LETRS."

"The biggest barrier in making progress in literacy is the limited planning time teachers have to differentiate, plan quality lessons, and give appropriate feedback. It is not possible with the time we have given to us."

"We do not receive the same amount of materials to support our Spanish literacy goals as schools who only teach in English. We have very few decodable books, so it is very difficult to give students the chance to read books independently after learning them with me because I need to keep the books for other groups. We need more decodable books to be able to effectively teach the way we were taught in CORE (the READ Act). Our kids need more access, like our English schools, to decodable books. This is an equity issue."

"Teachers are spending a lot of time and energy finding and creating supplemental resources to support their learners, which take time away from other tasks such as lesson planning, communicating with families, collaborating with colleagues, and spending time furthering their education"

"The district gave us approximately 50 decodable readers to use with 77 students. They are supposed to be reading each day. We do not have nearly the supplies that kids needs to learn to decode"

"There is not enough support for all the mental and emotional issues in my kindergarten classroom to regularly and consistently teach literacy. I spend way too much time trying to keep the majority of my students safe from harm let alone trying to teach them"

Principal Quotes

“This is training teachers should be receiving - how to support EL students/push-in EL service model

“Need more training for teachers on differentiation and what it looks like. Sometimes notice differentiated core instruction is not happening - not because of a ‘will gap’ but a ‘skill gap’”

"This is where an instructional coach would come in, because not enough time for the principal to do all the training across all grades."

“If a teacher is isolated in the room, you know, implementing new curriculum, and they are in sort of this, well, they're on an island, they're not getting that feedback. They don't have immediate like with Groves. We were accustomed to the Groves coach sitting in the room as the teacher was teaching, the groves coach could say, ‘Oh, hold on, you forgot this part.’ And the teacher was so open and receptive to that because trust building had occurred.”

“MFT and the district have not negotiated enough time for principals to be instructional leaders and I think we could be when it comes to Tier 1 instruction.”

Reading Interventionists Quotes
"So many requirements about what is supposed to happen just in core, they never get chance to meet the range of needs." *"Specifically no on-going district support. Very little PD with so many pieces then were are just let go. No observations, no one to model. This leads to inconsistencies across classrooms and schools."* *"As far as materials go, our school received one set of decodables that year, literally just one book, insufficient amount of materials for the whole school"*

How do individual schools' MTSS / intervention plans vary in quality, accessibility, and implementation across the district?

Finding 2: Schools differ widely in their MTSS and intervention plans/supports—those highlighting strong leadership and resources tend to offer more effective and equitable support, while others face challenges like limited staff, inconsistent implementation, and scheduling issues that make it harder for historically underserved students to get the support they need.

Key Themes Overview

Four interconnected themes contribute to implementation variability:

1. **Inconsistent Implementation** across schools
2. **Resource and Staffing** constraints
3. **Equity and Access** disparities
4. **Variability in Quality** and effectiveness

Theme 1: Inconsistent Implementation of MTSS and Interventions Across Schools

Summary: MTSS practices and interventions are applied unevenly throughout the district - with significant variability across schools due to the absence of a district-wide model, inconsistent adherence to guidance, differing leadership approaches, and scheduling constraints - resulting in marked disparities in both intervention availability and consistency.

Supporting Data:

District Leadership Perspective:

- There is a tool from Core Academics for schools to share intervention plans, but there is no expectation for schools to develop and publish their MTSS plans
- There is no district-wide MTSS model, and implementation varies across schools, with guidance not always being followed, which leads to inequities
- Core Academics know which students are behind and which students should be in each Tier. There are monthly check-ins with the staff responsible for those interventions
- Barriers to implementation include leadership changes, the absence of a district-wide MTSS model, inconsistent funding and staffing, and a lack of MTSS point people at schools; these factors contribute to inequities

Teacher Implementation Data:

- Overall, teachers felt positively about the MTSS structure at their school
    - In the survey, 77% of teachers responded agree or strongly agree to the statement, "My school uses a framework in which staff can effectively and efficiently implement multi-layered systems of support"
    - 94% of teachers said agree or strongly agree to the statement, "My school monitors the progress of students receiving literacy interventions"

- However, significant disparities exist:
    - On average, general education teachers estimated that approximately 32% of their students are receiving interventions. However, this average highlights disparities between RIS and non-RIS. RIS teachers estimated that about 47.6% of their students receive interventions, compared to roughly 26% in non-racially identifiable schools.

Theme 2: Resource and Staffing Constraints

Summary: Staffing shortages, inconsistent funding, and limited dedicated intervention time are pervasive challenges. These resource constraints hinder schools' abilities to deliver timely, sustained support, leading to gaps between the intended design of interventions and their on-the-ground execution.

Supporting Data:

Teacher-Reported Staffing Issues:

- When asked about potential barriers to students making progress in literacy interventions, teachers identified:
    - Staffing and resource constraints: 28 mentions
    - Classroom size and support: 16 mentions
- Teachers also noted specific staffing challenges in disagreeing with the statement "My school's use of interventions matches student needs":
    - Staffing and resource constraints: 19 mentions
    - Inconsistent intervention support: 10 mentions

Principal Staffing Concerns:

- Lack of capacity and predictable staffing to support all the students that need interventions

Reading Interventionist Operational Issues:

- Time in the school day to provide effective interventions
- Guidance and support to use UFLI for interventions
- Identifying skills and instructional strategies for students during interventions to align pacing
- Absenteeism in interventions causing capacity and effectiveness issues

Representative Quotes:

Teacher Quotes
"Our interventionists are regularly pulled to sub"
"We need more staff available to support the interventions needed"
"Without support staff, it's difficult to manage interventions"
"We need more staff to support literacy interventions"
"Teachers are overwhelmed with the amount of work required"
"We need more time and resources to effectively implement interventions"
"Large class sizes make it difficult to meet students' individual needs"
"I have too many students in my class to give adequate attention to each one"
"Classroom teachers are expected to provide interventions, which is difficult with 30+ students in a class"

"We have only one part-time interventionist and limited support from Reading Corps"

"We don't have the capacity to deliver interventions consistently in the classroom"

"There are too many students needing support for the few interventionists available"

"There is no consistency in the support provided to students"

"Reading Corps doesn't have the capacity to serve all students who need support"

Reading Interventionists Quotes

"So you're trying to work around a bunch of different schedules. Make sure they're getting their core instruction. They're in intervention for scaffolded instruction or mini lessons, but are there for core. So where is the extra support supposed to come from?"

"I have about 14 hours / week where I get to wokr with students, and an AE [Associate Educator] has about 20 hours. We see as many students during those times as possible, and teachers pick up the rest. It's a lot for them."

"I'm the only full time interventionist, so I end up taking on the load. Getting everyone set up in FastBridge, set up in Educlimber. Takes a lot of time in an already busy schedule."

"...and lets remember UFLI is core, but they're asking us to use it as intervention."

> *"Often you have students in a group who it seems initially like their needs are the same, but when you work closely with them you realize it's not."*
>
> *"...and sometimes we're packing our groups over the recommended limit because some kids attend so infrequently so what do we do when they're all there? The group is over capacity and the quality is diminished."*

Theme 3: Equity and Access Disparities

Summary: Although overall satisfaction with reading support is moderately high, disparities exist - especially among students of color and students receiving special education - where higher rates of intervention do not necessarily translate to effective or appropriately tailored support, exposing significant inequities in access and outcomes.

Supporting Data:

Caregiver Satisfaction Disparities:

- While most caregivers reported high satisfaction with extra reading support (72–83%), particularly in kindergarten (83%)—despite those students being the least likely to receive it (23%), significant disparities exist.

Differences by Educational Services:

- Caregivers reported that their students receiving special education services were the most likely to get extra support (53%) but had the lowest satisfaction (72%), suggesting concerns about support effectiveness or appropriateness

Differences by Race/Ethnicity:

- Notable racial and ethnicity disparities in satisfaction were reported, with American Indian (48%), Asian, and Black/African American caregivers (57%) showing the lowest levels of satisfaction; interviews reinforced these equity concerns.

Types of Reading Supports Outside of Classroom

- 77% of caregiver interviews referenced students receiving reading support outside of their classroom, which included:
    - SPED Services (26%)
    - Reading Interventions (21%)
    - Caregivers providing support at home (15%)
    - ELL support (9%)
    - Outside/Private Tutoring (6%)
    - Advanced Learning Services (2%)

Support Effectiveness:

- 26% of responses also mentioned the quality of the support their students were receiving for reading
    - Of those responses, 85% referenced that the extra reading support (interventions) were helpful for their students, caregivers cited improvement in reading, language development, and their students' confidence around reading.
- Those who said that they did not find the extra reading support (interventions) helpful (7%) or "not sure" (9%), caregivers cited not seeing improvement in reading, or that the supports just started so they are not sure yet the impact on their students' reading progress.

Special Education Concerns

- In addition to caregivers mentioning SPED services as a reading support, there were also additional responses throughout the interview that gave additional context:
    - Some mentioned that their students who were receiving special education services were struggling with reading
    - Some felt the services helped, but progress was slow and/or not effective
    - Some mentioned uncertainty about student's reading progress or what supports are in place for reading

Teacher-Observed Disparities

Differences by Racially Identifiable Schools

- RIS teachers estimated that about 47.6% of their students receive interventions, compared to roughly 26% in non-racially identifiable schools

Representative Quotes:

Caregiver Quotes
"My child really started improving with reading after she received 1:1 pull-out reading support. It was a game changer."
"Reading corps taught both of kids how to read. They were both considered below grade level early in first grade and caught up thanks to reading corps."
"I fear my child who has an IEP improving enough to not qualify for services anymore, but then continue to flounder once the extra support is discontinued and never fully achieve grade level literacy skills. An equitable education means support to achieve grade level fully, not just be raised up to just above failing level."
"3rd grader has an IEP and struggles a lot more."
"The school is enabling them to not get them to where they need to be."
"Hard to tell because my child is in SPED, I am not sure if his reading has progressed."

Theme 4: Variability in Quality and Effectiveness

Summary: Although overall satisfaction with reading support is moderately high, clear disparities exist - especially among students of color and students receiving special education - where higher rates of intervention do not necessarily translate to effective or appropriately tailored support, exposing significant inequities in access and outcomes.

Supporting Data:

Teacher Concerns About Intervention Quality

- The statement "My school's use of interventions matches student needs" received the lowest positive rating among MTSS-related statements, with 25% of teachers expressing disagreement or strong disagreement.
- When asked to elaborate on their disagreement, teachers identified key quality issues:
    - Lack of personalization in interventions
    - Intervention process and effectiveness
    - Student attendance and consistency
    - Student behavioral and mental health challenges
    - Communication and collaboration challenges
    - Curriculum and framework issues
    - Teacher input and involvement

Representative Quotes:

Teacher Quotes
"Interventions stop for 6 weeks to review data, which wastes valuable time"
"The process of assessing students and grouping them for interventions is unclear"
"I don't know what framework our school uses for interventions"
"There is no clear process for collaboration between teachers and intervention staff"
"There is no clear intervention protocol or training for teachers"
"Data review and intervention planning take too long"
"Students are just given 'repeat lessons' which don't address the gaps they have"
"Students receive the same lesson twice with no differentiation"
"Interventions are the same for all students, regardless of their individual needs"
"I have no communication with the MTSS TOSA until we meet, and then I'm put on the spot for information"
"Teacher input should matter when deciding interventions"
"Teachers are not included in the decision-making process for interventions"

"The current system does not take into account what teachers observe in the classroom"

"The process for identifying students for interventions is slow"

"Frequent absences slow progress"

"Students missing intervention sessions affects their ability to catch up"

"The literacy curriculum is not engaging or flexible enough"

"Interventions are too rigid and don't match students' needs"

"Behavioral problems prevent students from focusing during interventions"

"Low self-esteem and anxiety affect students' participation in interventions"

"Teacher input is not being considered in intervention planning"

"Teachers should be more involved in the intervention process"

"UFLI is great, but we don't have enough staff to do interventions with kids that need bridging between skills."

"We need more of a focus on helping kindergarten teachers give different tiered interventions and sooner than later. Our school starts late with interventions for K, so when they go to first grade, they are pretty behind"

> *"We need early intervention for preschool and Kindergarten students. Early interventions [those grades] have been shown to be more impactful than interventions in 2nd or 3rd grade"*

How does the district identify students requiring academic interventions? Are the identification methods used inclusive and consistent across all student demographics?

Finding 3: While the district employs various diagnostic tools to identify students for reading interventions, resource constraints and language challenges—especially for English-language learners—undermine the consistency and inclusivity of these methods across all student demographics.

Key Themes Overview

Two interconnected challenges affect intervention identification:

1. **Inequity and Inconsistency** in identification methods across demographics
2. **Resource-Related Challenges** that hinder follow-through on identification

---

Theme 1: Inequity and Inconsistency in Identification Methods

Summary: While principals and reading interventionists report that identification methods work well overall—particularly in schools with dedicated MTSS leads—significant concerns exist about inclusivity. Assessment tools primarily administered in English create barriers for dual language learners and English learners, and district leadership acknowledges inconsistent application across student demographics.

Supporting Data:

District Leadership Perspective:

- The district provides research-based guidance through professional development along with tools like decision trees, FastBridge, MCA, and diagnostics to identify students requiring intervention
- However, inclusivity and consistency of implementation within schools are unclear and need improvement
- Leaders recognize the need to strengthen both equity and fidelity of assessment practices to ensure all student populations, especially marginalized groups, are accurately and fairly assessed

Teacher Assessment Confidence:

- 89% of teachers agreed or strongly agreed that "My school utilizes assessment tools that accurately and reliably identify students who need reading interventions and supports"
- However, 71% of teachers rate district supports in effectively identifying students for literacy interventions as either poor or fair
- This contrasts sharply with only 30% rating school leader supports as poor or fair, suggesting effective school-level processes but inadequate district-level support

Principal Implementation Success:

- Principals generally feel confident in their methods for identifying and monitoring students needing support, citing effective use of assessments, screeners, and staff collaboration
- Schools with a dedicated leader or support role, such as an MTSS Lead, tend to have the most successful identification processes
- While principals are largely satisfied with identification, the greater challenge lies in ensuring adequate resources to support all identified students

Reading Interventionist Concerns:

- Generally found identification methods to be inclusive and consistent within their own schools for accurately identifying students needing additional reading support
- Significant challenges exist around identifying students accurately in dual language/ELL programming due to assessments being administered in English

Theme 2: Resource-Related Challenges

Summary: Although identification itself appears generally effective at the school level, insufficient resources, staffing, and time hinder the process. While identification may be managed adequately at individual schools, the ability to follow through with timely interventions—especially in under-resourced settings—remains a significant districtwide challenge.

Supporting Data:

District Leadership Resource Constraints:

- While assessment tools exist, limited resources and uneven funding often hinder full implementation
- These disparities mean some schools are better equipped to identify and support students, while others struggle—not due to the tools themselves, but because of systemic challenges in staffing, capacity, and resource allocation

Teacher Implementation Gaps:

- Teachers generally trust assessment accuracy but express concern about the district's broader role in the identification process
- Many feel district-level support is lacking, particularly in ensuring consistency and follow-through across different student groups
- Resource shortages—such as limited staffing and time—further hinder the ability to act on assessment data

Reading Interventionist Operational Barriers:

- Identification and progress monitoring takes significant time and effort, reducing time available for serving students

- The main issue is not identification, but being able to serve all students who need reading interventions due to staffing and time constraints

***Principal Follow-Through Challenges*:**

- Even with strong identification systems, practical constraints like staffing shortages and scheduling conflicts often hinder timely and effective follow-up
- This is especially problematic in under-resourced settings where identified students may not receive appropriate interventions

---

How are parents notified promptly and clearly about the need for interventions, the type of support provided, and student progress?

Finding 4: Caregivers are notified about interventions and student progress via multiple channels (such as parent-teacher conferences, standardized letters, digital messages, and phone calls), though inconsistencies in frequency, language accessibility, and clarity often undermine the prompt and clear communication needed by all families.

Key Themes Overview

Three interconnected challenges contribute to ineffective communication:

1. **Multi-Channel Communication Methods** with varied effectiveness
2. **Barriers to Clarity and Accessibility** affecting understanding
3. **Inconsistencies in Frequency and Effectiveness** across schools and demographics

---

Theme 1: Multi-Channel Communication Methods

Summary: Schools use a mix of parent-teacher conferences, letters home (including standardized intervention notification letters required by the Minnesota READ Act), digital messages (emails, texts, apps), and phone calls to notify caregivers about interventions, support details, and student progress. While conferences are the most common avenue—especially in general education and special education IEP meetings—caregivers of students of color show a clear preference for digital methods, which may offer greater immediacy and accessibility.

Supporting Data:

Caregiver Communication Experiences:

- Parent-teacher conferences were the most common way caregivers learned about reading levels, followed by letters home and digital messages
- Conferences: Main communication method (25% of interviews), but accessibility varies by demographics
- Digital methods (emails, texts, messenger apps): Preferred by 45% of caregivers of students of color, with 42% of those who receive it preferring this method
- Phone calls: Second preference (34% mentioned, 18% prefer among those who receive it)

Differences by Race/Ethnicity

- American Indian/Alaskan Native caregivers were least likely to receive information from conferences (77%) and most likely to say they never received information about progress (10%)

Differences by Educational Services

- Caregivers of students receiving ELL services were most likely to report never receiving information about progress (7%) and least likely to receive conference information (73%)

Teacher Communication Patterns:

Differences by Teacher Role

- General education teachers most commonly use parent-teacher conferences (97%)
- Special education resource and self-contained teachers primarily communicate through IEP meetings (94% and 100%, respectively)

Differences by Racially Identifiable Schools

- Most common teacher communication frequency is quarterly across schools (56% non-RIS, 47% RIS)
- RIS teachers more likely to communicate monthly, but only 26% of RIS teachers felt caregivers understood assessment scores vs. 46% of non-RIS teachers

District Leadership Communication Tools:

- Minnesota READ Act requires caregiver notification about interventions—district provides report template to schools
- Range of communication tools available: FastBridge data reports, diagnostic assessments, and structured guidance
- However, use is not consistent across schools, leading to variability in how and when caregivers are notified

Theme 2: Barriers to Clarity and Accessibility

Summary: Despite multiple channels of communication, barriers including language, heavy academic jargon, and a tendency to focus on behavioral issues rather than academic progress make it difficult for some caregivers—particularly Hispanic/Latino, American Indian/Alaskan Native, and non-English households—to fully understand their students' assessment data and progress. These communication challenges lead to discrepancies between caregivers' perceptions of their students' reading levels and what is relayed by teachers.

Supporting Data:

***Caregiver Understanding Disparities*:**

- 65-79% of caregivers reported familiarity with grade-level reading expectations
- Highest familiarity: Caregivers of advanced learners (79%), Asian (78%), and White (76%) students
- Lowest familiarity: Hispanic/Latino (61%) and ELL caregivers (65%), with higher uncertainty (28% and 22%, respectively)

***Caregiver Reading Progress Communication Gaps*:**

- Caregivers of ELL services and Asian, Hispanic/Latino, American Indian/Alaskan Native students reported highest discrepancy between perceived and teacher-reported reading levels
- Language barriers and focus on behavior over academics noted as obstacles to understanding

***Caregiver Communication Quality Issues*:**

- 33% of caregivers mentioned communication quality was insufficient, citing:
    - Limited/infrequent communication
    - Focus on behavior over reading
    - Lack of clarity/transparency
    - Desire for more proactive communication

Principal Notification Challenges:

- Letters often contain dense language, acronyms, or insufficient explanation
- Particularly difficult for caregivers with limited English proficiency
- Teachers may forget to send letters or lack time due to competing responsibilities
- Some principals noted letters don't foster true partnership

Representative Quotes:

Caregiver Quotes
"Unclear as to my child's reading level, I was informed of her standardized reading test score but again, unclear" *"Not good communication. I feel like that should include a learning plan, not just tell me that he is behind.*

Theme 3: Inconsistencies in Frequency and Effectiveness

Summary: There's notable variation in how and how often parents are communicated with. While many teachers report quarterly or even monthly contacts, some district-level practices (such as ensuring FastBridge data are shared at conferences) are inconsistently implemented across sites. This inconsistency—compounded by occasional lapses in sending out letters or the use of inaccessible language—means that a significant portion of caregivers (particularly those from underserved communities) report not receiving timely or clear information.

Supporting Data:

Communication Frequency Variations:

- Teacher-reported frequency: Most common is quarterly, but RIS schools more likely to communicate monthly
- However, effectiveness doesn't correlate with frequency—26% of RIS teachers felt caregivers understood assessment scores vs. 46% non-RIS teachers
- 8% of interviewed caregivers said they are not communicated with about reading progress much or at all

District Implementation Inconsistencies:

- While tools like FastBridge data are available for conferences, their use varies significantly across schools
- Uneven implementation leads to variability in caregiver notification timing and quality
- District leaders recognize messaging often remains overly technical, making it difficult for families to understand

***Caregiver Feedback on Inadequate Communication*:**

- 29% of interviewed caregivers want more communication/support from schools about reading progress and classroom instruction
- 78% of those wanting more communication specifically wanted updates about reading progress and instruction methods

***Reading Interventionist Supplemental Efforts*:**

- Many interventionists send home and help prepare notification letters (9 mentions)
- Some directly reach out through phone calls, texts, emails, or conferences (7 mentions)
- Provide information to teachers/principals to share with caregivers (6 mentions)

***Representative Quotes*:**

Caregiver Quotes
"We have had no communication about any learning that is happening in the school this year. Have no idea what we should be doing at home to assist with what is being taught at school" —Black/African American, 2nd grade caregiver *"I was not informed until Spring conferences that my child needs a 'mini-intervention' with reading fluency… it would have been nice to know earlier in the year."* —Hispanic/Latino, White, 1st grade caregiver *(Paraphrased) "Not good communication. I feel like that should include a learning plan, not just tell me that he is behind."*

How are caregivers and students informed of specific strategies of instruction and what strategies will improve their student's reading level?
Finding 5: Caregivers and students receive information about reading strategies through various channels - such as teacher newsletters, digital messages, and parent-teacher conferences - but inconsistent caregiver involvement- especially for caregivers of students of color and English learners- and variable student engagement highlight the need for more personalized, collaborative approaches to improve reading levels.

Key Themes Overview

Three interconnected challenges contribute to inconsistent involvement:

1. **Multiple Communication Channels with Varied Reach** affecting information access
2. **Inconsistent and Limited Caregiver Engagement in Planning** despite educator claims
3. **Variable Student Involvement and the Need for Personalized, Collaborative Support**

Theme 1: Multiple Communication Channels with Varied Reach

Summary: Caregivers learn about instructional strategies and progress through a range of methods—from teacher-provided materials at home, newsletters, and parent-teacher conferences to digital messages (emails, texts, apps) and phone calls. While many caregivers (particularly those of Asian students and students receiving special education services) report receiving some form of communication, others (especially caregivers of students receiving English Learner services and certain other communities) experience minimal outreach, reflecting differences in how and by whom the messaging is delivered.

Supporting Data:

***Caregiver Communication Experiences*:**

- 98% of interviewees and 12% of survey respondents noted some caregiver involvement in student reading
- Primary involvement: Receiving materials from schools (43% of interviews) or reading at home (13%)
- However, 29% of interviewees reported no communication/involvement at all

Demographic Disparities in Outreach:

- Caregivers of students receiving special education services reported highest levels of involvement with schools
- Caregivers of students receiving ELL services reported the lowest levels of involvement
- Caregivers of Asian students were most likely to be informed of classroom plans
- Caregivers of Black/African American students were most likely to be asked to help develop their child's plan
- Caregivers of multiracial students were most likely to receive resources to support reading at home

***District Leadership Resource Provision*:**

- District provides resources like literacy toolkits and instructional guidance documents

- Resources shared through platforms like News & Notes and principal professional development sessions
- Tools designed to standardize outreach and promote best practices for inclusive instructional planning
- However, implementation varies widely across schools, leading to gaps in caregiver engagement

Principal Implementation Variability:

- Principals mention various ways teachers inform parents: weekly newsletters about instruction, discussing strategies at conferences (7 mentions)
- Some schools have expectations for teachers to send home resources for caregiver support (5 mentions)
- 5 mentions of no specific or systemic expectations schoolwide for involvement
- 4 mentions that involvement depends on individual teacher/school approach

Theme 2: Inconsistent and Limited Caregiver Engagement in Planning

Summary: Despite nearly all interviewed caregivers acknowledging involvement in their child's reading compared to only a very small percentage (4%) participating in instructional planning, there is a notable disconnect between educator claims (with 96% of teachers saying they share strategies) and caregiver experiences—with 29% reporting no communication at all. This inconsistency is compounded by disparities across demographics, where some caregivers are given detailed classroom plans and resources, while others receive little to no personalized guidance.

Supporting Data:

Teacher-Caregiver Communication Disconnect:

- 96% of teachers stated they provide caregivers with strategies to support their child's reading progress at home
- However, caregiver responses do not align with this high percentage, suggesting a gap between educator outreach and caregiver perception

- Only 4% of caregiver interviewees mentioned being involved in making a plan for their students' reading instruction

***Caregiver Desire for Enhanced Support*:**

- 27% of interview responses and 9% of survey responses referenced how caregivers would like to be involved
- Most wanted: More helpful resources (69% interviews; 55% surveys)
- Also desired: Support understanding reading levels/scores (21% surveys), more communication from school/teachers (21% interviews)

***Caregiver Quality and Accessibility of Resources*:**

- Some caregivers feel overwhelmed by quantity or complexity of materials sent home (e.g., weekly packets)
- Many want simple, actionable tips that align with classroom instruction
- Caregivers appreciate personalized approaches: sitting down with teachers, receiving materials matched to child's level
- Strong interest in integrating literacy into daily routines, especially for working families

Demographic Engagement Patterns:

- In interviews, 43% of caregivers of students of color said they received resources but want more personalized, practical support
- 29% of interviewed caregivers said they were not involved by their teacher or school at all

***District Consistency Challenges*:**

- While policies and frameworks exist for engagement, they are not uniformly practiced
- Inconsistencies in how resources are used and how data is communicated create gaps

- Some families are well-informed while others remain disconnected
- Leadership identifies need for stronger accountability measures for consistent, equitable communication

Caregiver Quotes
"How do I fit little pieces of that literacy work in our daily lives?"

Theme 3: Variable Student Involvement and the Need for Personalized, Collaborative Support

Summary: Teachers emphasize engaging students in self-assessment and goal-setting as part of instructional strategy; however, caregiver feedback suggests that genuine, consistent student participation in choosing reading strategies is uneven. While some groups (such as Asian and English learners) are more likely to be actively involved (according to their caregivers), others (like students with 504 plans) experience less engagement, highlighting a need for more tailored and collaborative approaches.

Supporting Data:

Teacher-Reported Student Engagement:

- Only 6% of surveyed educators reported they do not engage students in identifying their own strengths and areas of growth
- While this statistic appears promising, it remains unclear whether all students in 94% of classrooms truly experience this practice meaningfully

- Given inclusion in MPS Policy 6121, more consistent methods for ensuring student engagement in self-assessment are needed

Caregiver-Reported Student Involvement Disparities:

- Caregivers of students receiving ELL services and those of Asian students were most likely to report their students were actively involved in choosing reading strategies
- Those with 504 plans and those of unknown race/ethnicity reported the least student involvement
- This suggests uneven implementation of student-centered approaches across different populations

Principal Expectations for Student Engagement:

- Some principals shared expectations that students are involved in goal-setting and choosing strategies (2 mentions)
- Due to time constraints in focus groups, not all principals were asked about student involvement
- Inconsistent systematic expectations across schools

Reading Interventionist Student Engagement:

- For students receiving tier 2 and tier 3 support, some interventionists involve them in setting goals or selecting strategies
- However, this practice is inconsistent across interventionists
- Primary focus often remains on delivering interventions rather than fostering sustained, student-driven engagement

Representative Quotes:

Caregiver Quotes
"I have received very little communication from the classroom teacher other than my child is not progressing as quickly as they would like but not doing bad enough to receive extra support. To me this means it falls on me as the parent to figure it out." *"I have taken it upon myself to try to support reading development at home but I don't have a good sense of how to integrate what the school is working on with my child or what they are working on."* *"My student has been making progress but not at the rate expected given the interventions they have received. Their teacher informed me that meetings are happening but we have not been invited or informed about them or what was decided in them."*

Appendix A: Key Terms

This glossary provides key terms you will see throughout the report. The working definitions below are meant to facilitate understanding of this report rather than provide a comprehensive definition of each term.

Term	Definition	Additional Resources
Benchmark Advance/Adelante	Benchmark Advance/Adelante is the current K-5 reading comprehension curriculum used in all MPS elementary schools, including Dual Language schools.	• Literacy Resources - Minneapolis Public School District
PRESS	Path to Reading Excellence in School Sites (PRESS) is used in K-5 as a reading intervention resource.	• Literacy Resources - Minneapolis Public School District
Comprehension	Reading comprehension is the process of understanding and interpreting what you read.	• Literacy Resources - Minneapolis Public School District
Fluency	The ability to read a text accurately, quickly and with expression	• Literacy Resources - Minneapolis Public School District
Phonemic Awareness	Phonemic awareness refers to the ability to hear, identify and manipulate individual sounds that make	• Literacy Resources - Minneapolis

	up words. The awareness of the sounds in words is foundational for reading success.	Public School District
Phonics	Phonics is the ability to match sounds to letters and letter groups in reading. Phonics instruction teaches the relationships between the letters of written language (graphemes) and the sounds of spoken language (phonemes). To read, children need to understand the alphabetic principle — the idea that letters represent the sounds of spoken language. Decoding is when we use letter-sound relationships to translate a printed word into speech.	• Literacy Resources - Minneapolis Public School District
Core Instruction/Tier 1	Instruction that is provided to all students. Regardless of skill level or readiness, all students participate in core instruction. Core instruction addresses all academic content areas as well as social and emotional learning and behavior.	MPS Policy 6121.pdf

Interventions/Tier 2/Tier 3	Interventions: Personalized, small-group or individual instruction provided to students in addition to core instruction/Tier 1, who are not successful with core instruction alone. Students are identified for interventions using assessment data, and their progress in the intervention is monitored regularly as required by this policy and regulations promulgated by the Superintendent to guide further decision-making about what they need. The goal of intervention is to accelerate a student's learning so that he or she can be successful with core instruction. Interventions are provided to students in addition to core instruction, not in its place. • Tier 2: Tier II supports are delivered in small groups and provide targeted support in addition to core instruction, focusing on specific student needs as identified through diagnostic assessments and progress monitoring. • Intensive, targeted supports in addition to core instruction, focusing on specific student needs as identified through diagnostic assessments and more frequent progress monitoring. Tier three supports are delivered in very small groups or individually. Students meet more frequently and for more time than tier two groups. Tier three should be administered by a	MPS Policy 6121.pdf

	trained educator. (https://www.mpschools.org/academics/core-academics/core/literacy/literacy-resources)	
Multi-Tiered System of Supports (MTSS)	MPS Policy 6121 and Regulation 6121A are implemented in MPS through the utilization of the Mult-Tiered System of Supports (MTSS) framework, which is "designed to help educators support the needs of students who are struggling academically, socially, emotionally or with behavior with the goal of accelerating progress and achieving success in school" (Table 1). The MTSS framework at MPS is in alignment with the Minnesota Multi-Tiered System of Supports (MnMTSS) Framework, which is defined as the following: "MnMTSS is a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental and academic outcomes for every student. MnMTSS provides access to layered tiers of culturally and linguistically responsive, evidence-based practices and relies on the understanding and belief that every student can learn and thrive. In addition, it engages an anti-bias and socially just approach to examining policies and practices and ensuring equitable distribution of	• Minnesota Multi-tiered System of Supports (MnMTSS) • Minnesota READ Act Local Literacy Plan for Minneapolis Public School District

	resources and opportunity" (Minnesota Department of Education, 2024). The MnMTSS Framework consists of 5 components (Minnesota Department of Education, 2024, p. 7): 1. **Infrastructure:** Provides a system in which people can work effectively and efficiently 2. **Family and Community Engagement:** Promotes authentic collaboration to support common values and equitable outcomes 3. **Multi-Layered Practices and Supports:** Provide students with high-quality core instruction (Tier 1) and interventions (Tier 2 and 3) that are matched to student needs and provided in addition to Tier 1. The combination of all tiers of support provides students with the intensity of instruction they need. 4. **Assessment:** Tools with which to accurately and reliably collect information that aids decision-making. 5. **Data-Based Decision-Making:** Practices that consider the unique experiences of every population and drive continual improvement	

READ Act	Minnesota Reading to Ensure Academic Development Act, known as the READ Act, was passed and signed into law by Governor Tim Walz on May 24, 2023. The goals of this legislation are to have every Minnesota child reading at or above grade level every year, beginning in kindergarten, and to support multilingual learners and students receiving special education services in achieving their individualized reading goals in order to meet grade-level proficiency. It includes requirements for screening, professional development for teachers, and intervention for all students reading below grade level.	• Literacy Resources - Minneapolis Public School District • READ Act
Special Education (SPED)	"Special education is instruction that is specially designed to meet the unique needs of a child with a disability. This means education that is individually developed to address a specific child's needs that result from his or her disability. Since each child is unique, it is difficult to give an overall example of special education. It is individualized for each child." Educational Benefits/Free and Reduced Lunch (FRL)	Educational Benefits or Free and Reduced Lunch (FRL) are terms both indicating association with the National School Lunch Program (NSLP), which is a federally assisted meal program in both public and nonprofit private schools. NSLP provides low-cost or free lunches to eligible students in PreK-12. Educational Benefits/FRL status are often used as a proxy for school districts and educational researchers to measure low income or relative poverty levels of students and families, though there are limitations to this method.	• Free and Reduced-Price Process • A PRiMER On Free and Reduced-Price Lunch • National School Lunch Program | Food and Nutrition Service • Free or reduced price lunch: A proxy for poverty? | IES
Homeless and Highly Mobile (HHM)	Refers to populations within the Minneapolis Public Schools community that meet the McKinney- Vento Homeless Assistance Act definition of homelessness: "children and youth 'who lack a fixed, regular, and	• Homeless & Out-of-home Placement - Minneapolis Public School District

This includes children and youth living in the following situations: • shelters or transitional housing programs • motels, hotels or weekly rate housing • doubled up with friends or relatives because family cannot find or afford housing • abandoned buildings, public space, car or other inadequate accommodation" (https://www.mpschools.org/departments/student-support-services/homeless-out-of-home)	
English Learner (EL)	In Minnesota, an English Learner (EL) is a student from preschool through 12th grade who: • Grew up speaking a language other than English, or lives in a home where another language is commonly spoken, and • Needs extra support learning English in order to fully take part in school classes taught in English. This is based on a language test and other age-appropriate evaluations. Differentiation	A process teachers use to adapt core instruction based on the needs of their students. Core instruction may be adapted based on students' interests, levels of readiness, background knowledge, and culture.	MPS Policy 6121.pdf
Science of Reading	The science of reading refers to the body of research from multiple scientific fields on how the brain learns to read: • neuroscience (fMRI imaging and eye-movement studies) • cognitive psychology • linguistics and communication • implementation science • developmental psychology • education and school psychology The Reading League provides a common definition: "The science of reading is a vast, interdisciplinary body of scientifically-based* research about reading and issues related to reading and writing. This research has been conducted over the last five decades across the world, and it is derived from thousands of studies	• What is the Science of Reading • Why more U.S. schools are embracing a new 'science of reading' | PBS News

The science of reading has culminated in a preponderance of evidence to inform how proficient reading and writing develop; why some have difficulty; and how we can most effectively assess and teach and, therefore, improve student outcomes through prevention of and intervention for reading difficulties." Language Essentials for Teachers of Reading and Spelling (LETRS)	LETRS is professional learning that provides educators and administrators with deep knowledge to be literacy and language experts in the science of reading. Both programs professional learning programs (LETRS and OL&LA below) align with Science of Reading approach and increase educators' ability to meet student needs in these literacy skills: • phonological awareness	• LETRS professional learning for Minnesota K–5 teachers and literacy professors!

FastBridge Reading	Required by MPS	• Assessments - Minneapolis Public

Assessment	FastBridge is a web-based assessment suite. MPS uses FastBridge assessments as district-wide universal screeners for all students K-9 in order to assess students' reading skills. The reading exams include: • earlyReading (K-1 students only) • aReading (2-9 students only) • CMBReading (optional for 4-5 students) The purpose of a universal screener is to identify students who could benefit from additional support and to monitor students' growth throughout the school year. Universal screening assessments are typically brief, conducted with all students at a grade level, and provide teachers and other staff with data to plan instruction, as well as support decision making at the class, grade, or district level. The assessments are aligned to Common Core Standards and MN K-12 Standards. Assessment results can be used to identify students in need of additional instructional support or advanced differentiation. ACCESS Assessment	ACCESS for ELLs measures English Language proficiency and is required by the State of Minnesota. Test items are written from the model performance indicators of WIDA's five English Language Proficiency	• Assessments - Minneapolis Public School District

	(ELP) standards: • Social & Instructional Language, • Language of Language Arts, • Mathematics, • Science • Social Studies • Test forms are divided into five grade level clusters (testing grades 1-12).	
Racially Identifiable School (RIS)	Racially identifiable school means a school where the percentage of protected students in a school is more that 20 percentage points above the percentage of protected students in the entire district for the grade levels served by that school. These schools receive additional funding to support targeted strategies at their sites.	• Achievement and Integration - Minneapolis Public School District • Achievement and Integration Program - MDE

Early Literacy (K-3) Equity and Diversity Impact Assessment: Final Report Summary

Research, Evaluation, and Assessment

August 2025

Introduction

In August 2024, the Board of Education directed the Research, Evaluation, and Assessment (REA) Department and EDIA Committee to conduct an Equity and Diversity Impact Assessment (EDIA) to identify and examine inequities in policies, practices, and procedures that affect early literacy outcomes in grades K–3. This EDIA specifically explores how MPS policies and practices related to K–3 literacy instruction and support influence equitable academic experiences and outcomes for students. REA and the EDIA Committee worked with Core Academics and the Literacy Department to complete the following study.

The Early Literacy EDIA was guided by two key evaluation questions: 1) How effectively is the multi-tiered system of support (MTSS) applied to ensure all students have access to the appropriate tiers of support in early literacy instruction? and 2) How are caregivers and students involved in their early literacy education?

Methods Overview

Caregivers

- ***Reached 1,922 Caregivers through a survey and 134 Caregivers through in-person and phone interviews.***
- ****Student Race/Ethnicity Demographics Represented:***

  Survey: 65% White, 12% Hispanic/Latino, 7% Black/ African American, 7% Two or More Races, 4% Unknown, 3% American Indian/ Alaskan Native, 2% Asian

  Interviews: 38% Black /African American, 25% Unknown, 14% Hispanic/Latino, 9% American Indian/ Alaskan Native, 9% Asian, 5% Two or More Races, 1% White

Teachers

Reached 291 K-3 teachers through a survey (85% General Education, 9% Special Education, 5% Other) .

District Leaders

Reached 3 district leaders through interviews.

Principals

Reached 34 principals through focus groups.

Reading Interventionists

Reached 34 K-3 Reading Interventionists through focus groups.

**Due to the district not having accurate demographic information for caregivers, the race/ethnicity of students is reported.*

Findings

How effectively is the multi-tiered system of support (MTSS) applied to ensure all students have access to the appropriate tiers of support in early literacy instruction?

Finding 1: While many schools implement rigorous core instruction (instruction all students receive regardless of skill or readiness), persistent disparities in curriculum relevance to students' perspectives and experiences, professional development for teachers, and resource allocation indicate that such instruction is not yet equitably accessible to all students regardless of school or identity, especially for students of color,

Finding 2: Schools differ widely in their MTSS (A framework that provides different levels of support to students based on their individual academic, behavioral, and social-emotional needs) and intervention plans and supports—those highlighting strong leadership and resources tend to offer more effective and equitable support, while others face challenges like limited staff, inconsistent implementation, and scheduling issues that make it harder for historically underserved students to get the support they need.

Finding 3: While the district employs various diagnostic tools to identify students for reading interventions, resource constraints and language challenges—especially for English-language learners—undermine the consistency and inclusivity of these methods across all student demographics.

How are caregivers and students involved in their early literacy education?

Finding 4: Caregivers are notified about interventions and student progress via multiple channels (such as parent-teacher conferences, standardized letters, digital messages, and phone calls), though inconsistencies in frequency, language accessibility, and clarity often undermine the prompt and clear communication needed by all families.

Finding 5: Caregivers and students receive information about reading strategies through various channels - such as teacher newsletters, digital messages, and parent-teacher conferences - but inconsistent caregiver involvement- especially for caregivers of students of color and English learners- and variable student engagement highlight the need for more personalized, collaborative approaches to effectively improve reading levels.

EDIA Committee Recommendations

Based on these findings, the EDIA Committee recommends that the district take both broad and specific actions to improve early literacy in seven key areas:

1) **Culturally Sustaining and Inclusive Curriculum:** Replace the current knowledge-building literacy curriculum with one that better reflects the diverse cultures, languages, and experiences of our students
2) **Intervention and Multi-Tiered Systems of Support (MTSS)**: Ensure all schools have consistent support systems in place to help students who need extra help, including those who are new to the district
3) **Professional Development and Teacher Support**: Provide teachers with training that meets their specific needs and supports them in using new materials and strategies effectively
4) **Family Engagement and Communication**: Improve how the district shares information with families about literacy goals and student progress, using clear and accessible language in multiple formats
5) **Class Size and Staffing**: Reduce class sizes in early grades and explore new staffing models to give students more individual attention
6) **Caregiver and Community Engagement:** Build a volunteer corps—including adult, older students, and community partners—to support early reading instruction and expand family early literacy events
7) **Inclusive and Equitable Decision-Making**: Make sure families from all backgrounds have a voice in shaping how these changes are made and carried out.

The full list of recommendations can be found in the Early Literacy EDIA report.

Early Literacy (K-3) Equity and Diversity Impact Assessment: Qhov Sau Qhia Kawg

Research, Evaluation, and Assessment

8 Hli 2025

Kev Taw Qhia

Thaum lub 8 Hli 2024, pawg Board of Education tau hais kom lub Research, Evaluation, and Assessment (REA) Department thiab pawg EDIA Committee los ua ib qho Equity and Diversity Impact Assessment (EDIA) txheeb xyuas kawm paub txog cov kev cai, cov kev coj ua thiab cov kev txheej txheem tsis ncaj ncees uas cuam tshuam kev kawm nyeem thiab sau hauv cov qib K–3. Qhov EDIA tshwj xeeb los kom paub txog li qhov MPS cov cai thiab cov kev coj ua txog rau K-3 kev qhia nyeem thiab sau ntawv thiab kev txhawb nqa uas muab tau kev kawm ncaj ncees thiab kev kawm tau zoo rau cov menyuam. REA thiab pawg EDIA Committee tau los ua haujlwm nrog rau lub Core Academics thiab lub Literacy Department kom tiav qhov kev kawm paub li nram qab no.

Qhov Early Literacy EDIA tau ua coj los ntawm ob nqe lus soj ntsuam nug tseem ceeb: 1) Kev txhawb nqa ntau theem (MTSS) siv tau zoo npaum li cas los xyuas kom txhua tus menyuam kawm tau txais cov theem kev txhawb nqa tsim nyog hauv kev qhia ntawv thaum ntxov (early literacy)? thiab 2) Cov neeg saib xyuas thiab cov menyuam sib koom hauv lawv txoj kev kawm early literacy li cas?

Hom Kev Coj Saib Ua (Methods Overview)

Cov Neeg Saib Xyuas

- ***Tau cuag nrog rau 1,922 Cov neeg saib xyuas los ntawm ib qho kev nug lus thiab 134 tus cov neeg saib xyuas los ntawm kev sib ntsib sib tham thiab kev hu xov tooj noog.***
- ****Haiv Neeg ntawm Cov Menyuam/Pab Pawg Caj Ces Sawv Cev:***
    - ***Kev Nug Lus: 65% Neeg Dawb, 12% Neeg Hispanic/ Latino, 7% Neeg Dub/African American, 7% Ob Haiv Neeg lossis Tshaj, 4% Tsis Paub, 3% Neeg American Indian/ Alaskan Native, 2% Neeg Esxias***
    - ***Kev Sibtham Lus: 38% Neeg Dub /African American, 25% Tsis Paub, 14% Neeg Hispanic/Latino, 9% Neeg American Indian/Alaskan Native, 9% Neeg Esxias, 5% Ob Haiv Neeg lossis, 1% Neeg Dawb***

Neeg Ua Haujlwm Raws Tsev Kawm Ntawv

Tau cuag nrog rau 291 K-3 cov xibfwb qhia ntawv los ntawm ib qho kev nug lus (85% Cov Kev Qhia Ntawv Txhua Yam, 9% Kev Kawm Ntawv Tshwj Xeeb, 5% Lwm Yam).

Cov District Thawj Coj

3 tus district thawj coj (Executive Director of Academics, Director of Core Academics, and Director of Literacy) tau nug lawv hais txog cov kev cai thiab kev coj los ntawm lub district ncig txog K-3 kev tso mus kawm ntawv thaum ntxov.

Cov Principals

Tau cuag nrog rau 34 tus principals los ntawm cov pab pawg kev sibtham.

Tus neeg pab kev nyeem

Tau cuag nrog rau 34 K-3 Cov neeg pab kev nyeem ntawv los ntawm cov pab pawg kev sibtham.

*Vim lub district tsis muaj qhov qhia tau cov haiv/pab pawg neeg tseeb rau cov neeg saib xyuas, cov haiv/pab pawg neeg ntawm cov menyuam tau muab qhia tawm.

Cov Kev Nrhiav Pom

Kev txhawb nqa ntau theem (MTSS) siv tau zoo npaum li cas los xyuas kom txhua tus menyuam kawm tau txais cov theem kev txhawb nqa tsim nyog hauv kev qhia ntawv thaum ntxov (early literacy)?

Finding 1: Li thaum muaj ntau lub tsev kawm ntawv siv cov kev qhia zoo thiab raws heev (qhia txhua tus menyuam kawm ntawv tau txais tsis hais txog kev txawj lossis kev npaj txhij), qhov ua ntu zus tsis sib xws ntawm cov kev qhia rau cov menyuam li kev pom thiab kev paub thiab kev cov qhia rau cov xibfwb, thiab kev faib cov paj cuam qhia tau hais tias cov kev qhia no tseem tsis tau muaj kev ncaj ncees rau txhua tus menyuam tsis hais lub tsev kawm ntawv lossis tej tus neeg, tshwj xeeb tshaj yog rau cov menyuam txawv nqaij taw, cov kawm lus Askiv, thiab cov menyuam muaj kev xiam oob qhab.

Finding 2: Cov tsev kawm ntawv sib txawv ntau hauv lawv cov MTSS (Ib lub hauv paus uas muab ntau theem kev txhawb nqa rau cov meyuam raws li lawv tus kheej txoj kev kawm, kev coj cwj pwm, thiab kev xav tau) thiab cov kev npaj pab thiab txhawb nqa - cov uas qhia txog kev coj zoo thiab cov kev paj cuam muaj qhov los pab tau zoo txog kev txhawb nqa sib npaug, li thaum lwm tus ntsib cov kev pabtsis tau li tsis muaj neeg ua haujlwm txaus, kev nqis tes ua tsis caug ncua, thiab kev teem caij tuaj ntsib nyuaj rau cov menyuam tsis tau raws li kev txhawb nqa lawv xav tau.

Finding 3: Li thaum lub district tau ua ntau yam kev los paub txog menyuam li cov kev pab nyeem ntawv, kev pabcuam tsis txaus thiab kev kawm lus nyuaj - tshwj xeeb tshaj yog rau cov neeg kawm lus Askiv – ua tsis tau kom sib raws thiab qhov kev sib khoom ua tag nrho ua ke ntawm cov kev ua thoob plawsw txhua tus menyuam.

Cov neeg saib xyuas thiab cov menyuam sib koom hauv lawv txoj kev kawm early literacy li cas?

Finding 4: Tau qhia mus rau cov neeg saib xyuas txog cov kev pab thiab cov menyuam txoj kev kawm tau ntawv zoo los ntawm ntau tshooj kev txuas lus (xws li niam txiv-xibfwb cov rooj sib tham, kev xa ntaub ntawv, cov lus kaw xa mus, thiab kev hu xov tooj), los ntawm kev tau ua tsis sib cuag ncua, cov hom lus, thiab kev qhia tau meej tseem ua tsis tau sai thiab kev txuas lus tau zoo uas xav tau los ntawm txhua tsevneeg.

Finding 5: Cov neeg saib xyuas thiab cov menyuam tau txais ntaub ntawv kev qhia txog cov tswv yim kev nyeem ntawv los ntawm ntau tshooj hauv kev - xws li cov xibfwb ntawv xov xwm, cov lus kaw xa tuaj, thiab cov niam txiv-xibfwb rooj sibtham - tabsis kev koom tes ntawm tus neeg saib xyuas tsis cuag ncua - tshwj xeeb tshaj yog rau cov neeg saib xyuas cov menyuam txawj nqaij taws thiab cov neeg kawm lus Askiv - thiab menyuam kev koom ua ke sib txawv qhia txog qhov tus kheej kev xav tau, kev sib koom ua ke los txhim kho qib kev nyeem ntawv tau zoo.

EDIA Committee Recommendations

Raws li cov kev tshawb pom, pawg EDIA Committee pom zoo kom tias lub district ua ob qho ua qhov dav thiab qho tshwj xeeb los txhim kho kev nyeem ntawv thaum ntxov hauv 7 qhov tseem ceeb no:

1) Culturally Sustaining and Inclusive Curriculum: Hloov cov ntaub ntawv tsim kev qhia kev nyeem thiuab sau ntawv tam sim rau qhov zoo dua haum rau ntau haiv neeg kab lis kev cai, hom lus, thiab kev paub ntawm peb cov menyuam

2) Intervention and Multi-Tiered Systems of Support (MTSS): Xyuas kom txhua lub tsev kawm ntawv muaj cov kev txhawb nqa zoo ib yam los pab cov menyuam kawm ntawv uas xav tau kev pab ntxiv, nrog cov menyuam tuaj kawm tshiab hauv lub district

3) Professional Development and Teacher Support: Muab kev cob qhia rau cov xibfwb uas xav tau raws li lawv cov kev qhia thiab txhawb nqa lawv hauv kev siv cov khoom qhia tshiab thiab cov tswv yim kom paub siv

4) Family Engagement and Communication: Txhim kho lub district kev xa lus mus rau cov tsevneeg txog rau homphiaj kev nyeem thiab sau ntawv thiab cov menyuam kev kawm tau zoo, siv hom lus meej thiab txog tau rau txhua tus hauv ntau yam kev tshaj tawm

5) Class Size and Staffing: Txo kom cov hoob kawm muaj menyuam tsawg thaum tseem kawm cov hoob qis thiab nrhiav hom kev ua haujlwm pab kom los muab tau rau cov menyuam li lawv kev xav tau;

6) Caregiver and Community Engagement: Tsim kom muaj ib co neeg tuaj pab dawb —muaj cov neeg laus, cov menyuam muaj hnub nyoog, thiab lub zejzos kev koom tes—los txhawb nqa qhov kev qhia nyeem ntawv ntxov thiab ntuav kom muaj cov family early literacy kev npaj ua, thiab

7) Inclusive and Equitable Decision-Making: Xyuas kom tias cov tsevneeg sib txawv chaw muaj kev tawm suab txog kev hloov kho thiab txoj kev nqis tes ua

Cov npe kev xav kom ua nraiv tau nyob rau hauv qhov Early Literacy EDIA daim ntawv sau qhia.

Natiijooyinka

Sidee si wax ku ool ah loogu dabaqay nidaamka taageerada ee heerarka kala duwan (MTSS) si loo hubiyo in dhammaan ardaydu ay heli karaan heerarka ku habboon ee taageerada waxbarashada hore?

Natiijada la helay1: In kasta oo dugsiyo badani ay hirgeliyaan tilmaamaha muhiimka ah ee adag (barnaamijka dhammaan ardayda ay helaan iyada oo aan loo eegin xirfad ama u diyaarsanaan), kala duwanaansho joogto ah oo ku saabsan nidaamka manhajka la xidhiidha aragtida iyo khibradaha ardayda, horumarinta xirfadeed ee macallimiinta, iyo qoondaynta agabku waxay muujinayaan in waxbariddan aan wali si siman loo heli karin dhammaan ardayda iyada oo aan loo eegin dugsiga ama aqoonsiga, gaar ahaan ardayda midabka leh, kuwa Ingiriisiga barta, iyo ardayda naafada ah.

Natiijada la helay 2: Dugsiyadu si weyn ayey ugu kala duwan yihiin barnaamijyada MTSS-dooda (qaab-dhismeed siinaya heerar kala duwan oo taageero ah ardayda iyadoo lagu saleynayo tacliintooda shakhsi ahaaneed, habdhaqan, iyo baahidooda shucuur bulsho) iyo qorshayaasha dhexgalka iyo taageerada -kuwa muujinaya hoggaaminta xooggan iyo kheyraadka waxay u muuqdaan inay bixiyaan taageero wax ku ool ah oo siman, halka kuwa kalena ay la kulmaan caqabado sida shaqaale xaddidan, hirgelinta aan joogtada ahayn, iyo jadwalka arrimaha ka dhigaya mid adag si ay u helaan taageerada taariikhiga ah ee ay u baahan yihiin ardaydu.

Natiijada la helay3: Inkastoo degmadu ay isticmaasho qalabyo kala duwan oo lagu baadho si ay u aqoonsato ardayda wax-akhriska, caqabadaha kheyraadka iyo caqabadaha luqadda-gaar ahaan bartayaasha luqadda Ingiriisiga-waxay wiiqaan joogteynta iyo ka mid noqoshada hababkan dhammaan xogta ardayda.

Evaluación del Impacto de la Equidad y Diversidad en la Literacidad Temprana (K-3): Resumen del Informe Final

Investigación, Evaluación y Valoración — Agosto de 2025

Introducción

En agosto de 2024, la Junta Directiva de Educación encargó al Departamento de Investigación, Evaluación y Valoración (REA) y al Comité EDIA que llevaran a cabo una Evaluación del Impacto de la Equidad y la Diversidad (EDIA) para identificar y examinar las desigualdades en las políticas, prácticas y procedimientos que afectan la literacidad temprana y su resultado en los grados K–3. Esta evaluación EDIA explora específicamente cómo las políticas y prácticas de MPS relacionadas con la instrucción y el apoyo a la literacidad en los grados K-3 influyen en las experiencias y los resultados académicos equitativos para los estudiantes. REA y el Comité EDIA trabajaron con el Departamento Académico Central y el Departamento de Literacidad para completar el siguiente estudio.

Esta evaluación EDIA de Literacidad Temprana se basó en dos preguntas clave para la evaluación: 1) ¿Cuán efectivamente se aplica el sistema de apoyo de múltiples niveles (MTSS) para asegurar que todos los estudiantes tengan acceso a los niveles de apoyo apropiados en la instrucción de literacidad temprana? y 2) ¿Cómo participan los padres/cuidadores y los estudiantes en su educación de literacidad temprana?

Descripción general de los métodos

Padres/Cuidadores

- ***Se alcanzó a 1,922 padres y cuidadores a través de una encuesta, y a 134 padres y cuidadores a través de entrevistas telefónicas y entrevistas en persona.***
- ***Datos demográficos sobre la raza/etnia de los estudiantes representados:***
  - ***Encuesta: 65% blancos, 12% hispanos/latinos, 7% morenos/afroamericanos, 7% de dos o más razas, 4% no se conoce, 3% indígenas norteamericanos/nativos de Alaska, 2% asiáticos***
  - ***Entrevistas: 38% morenos/afroamericanos, 25% no se conoce, 14% hispanos/latinos, 9% indígenas norteamericanos/nativo de Alaska, 9% asiáticos, 5% de dos o más razas, 1% blancos***

Personal escolar

Se alcanzó a 291 maestros de K-3 a través de una encuesta (85% de Educación General, 9% de Educación Especial, 5% Otros).

Líderes de Distrito

Se entrevistó a 3 líderes del distrito (El Director Ejecutivo de Asuntos Académicos y los directores de Asuntos Académicos Centrales y de literacidad) fueron entrevistados sobre las políticas y directrices del distrito relacionadas con la literacidad temprana en K-3.

Directores

Se alcanzó a 34 directores a través de grupos de enfoque.

Intervencionistas de lectura

Se alcanzó a 34 intervencionistas de lectura K-3 a través de grupos de enfoque.

*Debido a que el distrito no tiene información demográfica precisa de los padres o cuidadores, se informa la raza/etnia de los estudiantes.

Resultados

¿Cuán efectivamente se aplica el sistema de apoyo de múltiples niveles (MTSS) para asegurar que todos los estudiantes tengan acceso a los niveles de apoyo apropiados en la instrucción de literacidad temprana?

Hallazgo 1: Si bien muchas escuelas implementan una rigurosa instrucción central (instrucción que todos los estudiantes reciben independientemente de su habilidad o preparación), las disparidades persistentes en la relevancia del plan de estudios para las perspectivas y experiencias de los estudiantes, en el desarrollo profesional de los maestros y en la asignación de recursos. Esto es indicador de que dicha instrucción aún no es equitativamente accesible para todos los estudiantes, independientemente de su escuela o identidad, especialmente para los estudiantes de color, aprendices del inglés, y estudiantes con discapacidades.

Hallazgo 2: Las escuelas difieren ampliamente en su MTSS (un marco que brinda diferentes niveles de apoyo a los estudiantes en función de sus necesidades académicas, conductuales y socioemocionales individuales) y planes de intervención y apoyo: las escuelas que destacan un liderazgo y recursos sólidos tienden a ofrecer un apoyo más efectivo y equitativo, mientras que las otras enfrentan desafíos como personal limitado, implementación inconsistente y problemas de programación, lo cual dificulta que los estudiantes históricamente desatendidos obtengan el apoyo que necesitan.

Hallazgo 3: Si bien el distrito emplea varias herramientas de diagnóstico para identificar a los estudiantes para intervenciones en lectura, las limitaciones de recursos y los desafíos del idioma, especialmente para los aprendices del idioma inglés, socavan la consistencia y la inclusión de estos métodos en los diferentes grupos demográficos de estudiantes.

¿Cómo participan los padres/cuidadores y los estudiantes en su educación de literacidad temprana?

Hallazgo 4: Los padres y cuidadores son notificados sobre las intervenciones y el progreso de los estudiantes a través de múltiples canales (como conferencias de padres y maestros, cartas estandarizadas, mensajes digitales y llamadas telefónicas), sin embargo las inconsistencias en la frecuencia, la accesibilidad del idioma y la claridad a menudo socavan la comunicación rápida y clara que necesitan todas las familias.

Hallazgo 5: Los padres/cuidadores y los estudiantes reciben información sobre estrategias de lectura a través de varios canales, como boletines informativos de los maestros, mensajes digitales y conferencias de padres y maestros, pero la participación inconsistente de los padres y cuidadores, especialmente en el caso de los estudiantes de color y los aprendices del inglés, y el compromiso variable de los estudiantes resaltan la necesidad de enfoques más personalizados y colaborativos para mejorar efectivamente los niveles de lectura.

Recomendaciones del Comité EDIA

Basándose en estos hallazgos, el Comité EDIA recomienda que para mejorar la literacidad temprana, el distrito adopte medidas tanto generales como específicas en siete áreas clave:

1) Currículo inclusivo y culturalmente sostenible: Reemplazar el currículo de literacidad actual que se orienta al desarrollo del conocimiento por uno que refleje mejor las diversas culturas, idiomas y experiencias de nuestros estudiantes

2) Intervención y sistemas de apoyo de múltiples niveles (MTSS): Garantizar que todas las escuelas dispongan de sistemas coherentes de apoyo para ayudar a los alumnos que necesitan ayuda adicional, incluidos los que son nuevos en el distrit

3) Desarrollo profesional y apoyo a los maestros: Proporcionar a los maestros capacitación que satisfaga sus necesidades específicas y los apoye en el uso efectivo de estrategias y materiales nuevos

4) Participación y comunicación familiar: Mejorar la manera en que el distrito comparte información con las familias sobre las metas de literacidad y el progreso de los estudiantes, utilizando un lenguaje claro y accesible en múltiples formatos

5) Tamaño de clase y personal: Reducir el tamaño de las clases en los primeros grados y explorar nuevos modelos para el personal de manera que se pueda brindar una atención más individual a los estudiantes

6) Participación de los padres/cuidadores y de la comunidad: Crear un grupo de voluntarios —que incluya a adultos, estudiantes mayores y socios comunitarios— para apoyar la enseñanza temprana de la lectura y ampliar los eventos sobre literacidad temprana para las familias

7) Toma de decisiones inclusiva y equitativa: Asegurarse de que las familias de todos los orígenes tengan voz en la configuración de cómo se realizan y llevan a cabo estos cambios

La lista completa de recomendaciones puede ser encontrada en el informe EDIA sobre Literacidad Temprana.

EDIA Committee Recommendations: Early Literacy (K-3)

August 2025

Dear Minneapolis Public Schools Board of Education Directors and Leadership,

This letter presents recommendations from the Equity and Diversity Impact Assessment (EDIA) Committee, based on findings from the 2024–2025 Early Literacy EDIA Study. These recommendations reflect the lived experiences of MPS stakeholders—caregivers, students, staff, and community partners—who are directly impacted by Kindergarten–3rd (K-3) grade literacy policies. The EDIA Committee is committed to identifying and addressing racial, cultural, and socio-economic disparities in district practices, centering historically marginalized voices, and partnering with MPS to ensure accountability and equity in decision-making.

We believe that achieving strong, equitable literacy outcomes in K–3 is essential to closing opportunity gaps. Despite a shared commitment to student success, current literacy practices have not fully met the needs of all learners, resulting in persistent disparities - particularly for students of color, multilingual learners, students receiving special education services, and those from low-income or highly mobile households. These challenges call for a more inclusive and responsive approach to early literacy that addresses systemic inequities and supports every student's ability to thrive.

Before reading the recommendations, we want to share some points to consider:

- The current MPS Policy 6121: Academic, Social Emotional and Behavior Supports guided the current Early Literacy EDIA study and the following recommendations. An overall finding is that this policy, and its associated Regulation 6121A: implementation of Supports and Interventions, are not being implemented in the context of K-3 literacy. We suggest further evaluating either the policy itself or systems at MPS meant to implement this policy when addressing the recommendations below in order to ensure compliance.

- When referring to materials and practices that are culturally sustaining, we mean that the include identities, histories and narratives related but not limited to:
    - race
    - national origin
    - language
    - economic communities
    - dis/ability
    - gender
    - gender expressions
    - sexual orientations
    - religions
- The term “Culturally Sustaining Pedagogy”, used throughout the recommendations, “explicitly calls for schooling to be a site for sustaining the cultural ways of being of communities of color. It is necessary because it not only validates who students are and their ways of knowing, it also locates students at the center of classrooms through assets-based, humanizing perspectives.” (Paris, Django, and H. Samy Alim. Culturally Sustaining Pedagogies : Teaching and Learning for Justice in a Changing World. New York, Teachers College Press, 2017.)
- Actions addressing these recommendations should not add additional burdens to school-based staff, families, or students, but instead focus on streamlining and systematizing processes in ways that are responsive to their needs.

Recommendations

Culturally Sustaining and Inclusive Curriculum

1. **Adopt a Culturally Sustaining Knowledge-Building Literacy Curriculum:** It is urgent that the district replace the current Benchmark literacy curriculum with an alternative that is culturally sustaining and reflects the backgrounds, histories, and experiences of the district's students. Continue gathering input from teachers, caregivers, and students to define what culturally sustaining content should include.
2. **Supplement Curriculum for Language Learners and Diverse Needs:** Ensure supplemental materials are leveled and relevant for students from varying linguistic and academic backgrounds, including English Learners (EL) and students receiving special education services.

Intervention and Multi-Tiered Systems of Support (MTSS)

3. **Standardize MTSS Across Schools**: Develop and enforce a districtwide policy and framework for MTSS implementation, ensuring all schools receive equitable resources. Provide ongoing, districtwide professional development for MTSS leads and teams, implement regular reviews to monitor effectiveness, and include strategies to engage families in the process.
4. **Adopt Districtwide MTSS Process Audit & Implementation Evaluation:** Develop a districtwide audit system to evaluate how well the MTSS program is working in all schools. Use clear rules and trained staff to make sure the review is fair and consistent. Track student progress from K-3 using the same tools across the district.
    a. School teams should look at this data together to find ways to improve.

b. To manage resources, start the audit slowly, focusing first on schools that need the most help. Give staff training and support to make the process easier.

c. Use what is learned from the audits to improve teaching, training, and support for MTSS across the district.

d. It is important to know that teachers and staff will need to see the audits as support opportunities and not policing; this success will depend on adequate resources, quality data, strong communication, and the district's commitment to act on findings.

5. **Ensure Interventionist Access for Early Grades:** Create and enforce minimum staffing standards for interventionists in grades K–3, regardless of Title I status.

6. **Support Continuity of Services:** Tier 2 and Tier 3 interventions should continue until a student reaches grade-level proficiency, based on district assessments and tools, and not only when they exit a "critical" category. Progress should be checked regularly using the same tools across all schools. Resources must be fairly shared, focusing on students with the greatest needs while making sure everyone who needs help can get it.

    a. Students should always be identified using many types of information—not just test scores—including teacher and caregiver input and classroom performance. Intervention teams can recommend support even if students don't meet strict cutoffs.

    b. Clear plans should guide how to gradually reduce support as students improve, and there should be an easy way to restart services if needed, based on progress or requests from caregivers, teachers, or the team. Staff will get training and support to manage this process well.

    c. This would require proper and proactive planning to support staffing, scheduling, and resource

allocations to avoid staff burnout, inconsistent transitions, and lack of resources.

7. **Standardize Intervention Support for Transfer Students and Newcomers:** Implement a districtwide, consistent practice of reserving designated intervention plans and resources for transfer students and newcomers to ensure there is no delay in them receiving intervention services.
    a. Newcomers should always be screened for intervention support upon enrollment.
    b. Transfer students from within the district should continue receiving Tier 2 or Tier 3 intervention services if they were previously receiving them, ensuring continuity of support and equitable access to services.
    c. Designated support staff, likely in addition to the intervention staff, should be involved in the planning and support for newcomer and transfer students to ensure interventions are able to support a spectrum of needs, such as language support or other appropriate educational support services.

Professional Development and Teacher Support

8. **Differentiate Districtwide Professional Development (PD) Based on Teacher Need:** Offer tiered professional development options tailored to a teacher's expertise and their students' needs. Incorporate differentiated PD in areas such as EL support, MTSS, special education, and literacy instruction.
9. **Implement Site-Based and Collaborative Training Models:** Prioritize school-based professional development through on-site coaching, Professional Learning Communities (PLCs), and structured teacher team planning that directly address each school's student needs. To expand capacity, implement a train-the-trainer model, preparing selected educators to lead ongoing training within their schools. The goal will be to ensure that site-based training is consistently high-quality, scalable,

and responsive to evolving school needs. To ensure effectiveness and sustainability:

a. Assess and Support Leadership Capacity: Include regular evaluations of school leadership's ability to facilitate high-quality professional development, using feedback from staff and student data to inform leadership coaching and growth plans.

b. Provide Ongoing Trainer Support: Develop a support system for in-school trainers that includes access to expert mentors, dedicated planning time, and follow-up training to deepen their expertise and prevent burnout.

c. Schedule Protected Time for Collaboration: Require each school to build protected time for PLCs and team planning into the master schedule, monitored through site-based planning reviews to ensure staff have regular, meaningful opportunities to collaborate.

10. **Support for New Curriculum Rollouts:** When adopting a new curriculum, implement a phased rollout that includes sufficient planning time for staff, district-provided training, and ongoing coaching or technical assistance.

    a. Ensure curriculum implementation is aligned across schools and grade levels through centralized coordination, shared pacing guides, and collaborative planning opportunities.

    b. Monitor implementation progress and gather teacher feedback regularly to make adjustments and ensure equitable support across all school sites.

Family Engagement and Communication

11. **Develop a District Literacy Communication Plan:** Establish a districtwide strategy to effectively inform families -particularly families who speak a language other than English - about literacy expectations, interventions, and progress. Ensure all materials are accessible, translated, and

jargon-free. Leverage existing communication channels, such as text messaging, phone calls, email, and parent-teacher conferences, to maximize outreach.

12. **Create Grade-Level Literacy Standards Documents:** Develop and/or leverage existing tools and share grade-specific "By the end of the year, a student will be able to…" documents through websites, Parent-Teacher Association/Parent-Teacher Organization events, and curriculum nights to build shared understanding and consistency across the district. Include strategies for families to support their student's growth in literacy.

13. **Equitable Communication Access for All Families:** Ensure all families, regardless of student program (e.g., advanced learners, students receiving special education services), receive the same number and quality of contact points from educators about literacy. Create district policies for consistent, jargon-free communication with families, similar to Individual Education Plan (IEP) reporting structures for special education.

Class Size and Staffing

14. **Flexible Staffing Models for Differentiation:** Explore staffing and scheduling models that allow teachers to work with smaller groups and meet varied learning needs. For example, pilot a two-pod model for Kindergarten (15 students per pod) that rotates students between academic and social emotional/specialist instruction, increasing student support and enabling differentiation.

15. **Reduce Class Sizes for K–3:** Work toward class sizes of 18 for Kindergarten and 20 for grades 1–3 to support differentiated instruction and small group work.

Caregiver and Community Engagement

16. **Build a Districtwide Volunteer Corps:** Recruit and coordinate trained adult volunteers to support reading instruction across all district schools - not just at local or neighborhood campuses. Expand or reintroduce partnerships that bring trained high school or middle school students into elementary schools to support reading, such as peer reading programs. Some ways to ensure equitable literacy support across all schools could be:

    a. Partner with local colleges, universities, and workforce development programs (e.g., human services, education majors, AmeriCorps, MN Literacy Coalition) to recruit adult volunteers who can provide consistent, school-day reading support.

    b. Incorporate on-site supervision and support structures for volunteers—such as trained reading aides or literacy coordinators—to ensure quality and safety in volunteer-led instruction.

    c. Design flexible, campus-specific implementation models that account for the current school structure and can adapt to the unique needs and resources of each site.

17. **Expand Literacy Support Nights and Events:** Increase the number of family literacy nights and provide take-home resources and strategies for caregivers to support literacy at home. Families need more practical support and education around what kinds of strategies to work on at home, and that both align with their students' specific needs and fit into their daily routines and schedules.

18. **Partner with Community Organizations:** Work with culturally relevant organizations to conduct outreach and increase participation among underrepresented families.

Inclusive and Equitable Decision-Making

19. **Prioritize Input from Underrepresented Communities:** Before finalizing action plans or implementing

recommendations, district leadership must engage in additional meaningful consultation with underrepresented student, family, and community groups. This includes, but is not limited to: Families of color, multilingual households, caregivers of students receiving educational benefits and special education services, and families that are homeless or highly mobile. This input should directly inform priorities, resource allocation, and implementation strategies.

20. **Institutionalize Inclusive Feedback Mechanisms:** Establish ongoing, structured feedback loops (e.g., advisory councils, focus groups, engagement at family events, different outreach techniques) that ensure historically marginalized voices are embedded in district planning processes, not just during initial stages but throughout implementation and evaluation phases. Consider seeking support from internal or external groups already focused on authentic engagement and feedback mechanisms.

OFFICIAL MINUTES
MINNEAPOLIS BOARD OF EDUCATION (SPECIAL SCHOOL DISTRICT NO. 1)

REGULAR BUSINESS MEETING
June 10, 2025

CALL TO ORDER

In accordance with applicable requirements, notice was provided to each member of the Board of Education and to the public not less than three days prior to the meeting. Board members met in a regular meeting in the assembly room at the John B. Davis Educational Services Center (1250 West Broadway Ave. Minneapolis, MN) on June 10, 2025.

Chair Collin Beachy called the meeting to order at 5:31 p.m., a quorum being present.

ROLL CALL

Present: Directors Abdul Abdi, Sharon El-Amin, Lucie Skjefte, Adriana Cerillo, Lori Norvell, Greta Callahan, Joyner Emerick (participated via interactive technology), Kim Ellison, and Collin Beachy (8); Ex Officio members Superintendent Dr. Lisa Sayles-Adams and Student Representatives and Isiah Martin (2)

Absent: Director Sharon El-Amin and Student Representative Lyn Ampey (2)

APPROVAL OF AGENDA

Ellison moved to approve the agenda.

On a roll call vote, the motion to approve the agenda was adopted with the following result:

Aye: Skjefte, Cerrillo, Norvell, Callahan, Beachy, Ellison, Emerick (8)
Nay: (0)
Abstain: (0)
Absent: El-Amin (1)

PUBLIC COMMENTS

Comments were heard from members of the public.

RECESS

A recess was taken.

REPORTS AND RECOMMENDATIONS FROM THE SUPERINTENDENT OF SCHOOLS

Superintendent Dr. Sayles-Adams and staff provided presentations on the following topics:

CONTRACT FOR SERVICES – $25,000 above

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and Airport Taxi/Transportation Plus "Contractor" (collectively "parties") to provide parent and child transportation to Early Childhood Family Education classes and meetings.

TERM OF CONTRACT

1.1 This Contract is effective on 09/02/2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until 06/30/2026, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 ***Total Obligation***

District's total obligation to Contractor under this Contract, including compensation for goods, services, and reimbursable expenses shall not exceed $150,000. Contractor shall

not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 ***Frequency of Invoicing and Terms of Payment***

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 ***Taxes.***

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

3.4 ***Fund Availability; Federal Funds Contingency.***

Financial obligations of District payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted and otherwise made available. If this Contract is funded in whole or in part with federal funds, District's payment obligations

are subject to and contingent upon the continuing availability of federal funds for the purposes hereof.

4 GENERAL TERMS AND CONDITIONS

4.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

5 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

5.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

6 BACKGROUND CHECKS

6.1 Contractor shall screen Contractor and all paid and volunteer employees and agents, including interviews, reference checks, credit history (if handling district funds), driving history and insurance coverage (if transporting district staff, students or families). And, Contractor shall conduct criminal background checks in accordance with state and federal law and District policy for Contractor and all paid and volunteer employees and agents who will have direct contact with children under this Contract. Background checks will be done prior to any contact with children, and shall be done in accordance with applicable state and federal laws, including but not limited to Minn. Stat. Sections 299C.61-.64; Minn. Stat. Section 123B.03; 42 U.S.C.Section 5119a and 42 U.S.C. Section 14501-05.

6.2 Contractor is responsible for ensuring that all paid and volunteer employees and agents who will be in contact with District staff and students are appropriate persons to conduct such work.

7 DATA PRIVACY

7.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

7.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign **Exhibit C** ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

8 OWNERSHIP OF MATERIAL

8.1 The Contractor expressly waives to the District any claim to copyright pertaining to all new materials, publications, and documents produced as a result of this Contract and agrees that the District shall have exclusive right to and responsibility for their distribution, publication, copyrighting (when applicable) and all other matters relating to dissemination of the materials. Contractor shall not use, willingly allow or cause to have such materials used for any purpose other than performance of Contractor's obligations under this Contract without prior written consent of the District.

9 USE OF DISTRICT NAME OR LOGO

9.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

10 INDEPENDENT CONTRACTOR

10.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding,

worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

10.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

11 WORKER HEALTH, SAFETY AND TRAINING

11.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

12 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

12.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

13 INSURANCE

13.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

13.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

13.3 Contractor or its members shall also maintain property insurance coverage for the facility in which the program is located if it is not in a district building. Contractor and its members shall obtain and maintain insurance covering claims for the loss of or damage to its personal property that may be caused by students attending its programs.

13.4 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

14 INDEMNIFICATION

14.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

15 LIMITATION ON LIABILTY

15.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

16 CONFLICT OF INTEREST/CODE OF ETHICS

16.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

17 COMPLIANCE WITH LAWS AND DEBARMENT

17.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government.

Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

18 TERMINATION

18.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

18.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

18.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

19 RETURN OF DATA

19.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

20 RECORDS MANAGEMENT AND MAINTENANCE

20.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items

available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

21 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

21.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this

Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

21.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

22 NON-WAIVER

22.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

23 ASSIGNMENT

23.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

24 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

24.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

25 WARRANTY

25.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and

representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

26 SEVERABILITY

26.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

27 SURVIVABILITY

27.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

CONTRACT FOR GOODS – above $50,000

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and Bix Produce "Contractor" (collectively "parties") to provide Bids and supply for Fresh Fruit and Vegetable Program applicable products to Culinary and Wellness Services operational areas.

1 TERM OF CONTRACT

1.1 This Contract is effective on July 1, 2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until June 30, 2026, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services/delivery of goods set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 *Total Obligation*

District's total obligation to Contractor/Vendor under this Contract, including compensation for goods, and/or services, and reimbursable expenses (if applicable), shall not exceed $300,000.00. Contractor/Vendor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 *Frequency of Invoicing and Terms of Payment*

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 *Taxes.*

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with

respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

4 INSPECTION OF GOODS & REJECTION

4.1 Buyer is entitled to inspect the Goods upon delivery. If the Goods are unacceptable for any reason, Buyer must reject them at the time of delivery. If Buyer has not rejected the Goods within one (1) business day from the date of delivery, Buyer shall have waived any right to reject that specific delivery of Goods.

4.2 In the event Buyer rejects the Goods, Buyer shall allow Seller a reasonable time to cure the deficiency. A reasonable time period shall be determined by industry standards for the Goods, as well as the Seller and Buyer.

5 RISK OF LOSS

5.1 Risk of loss will be on the Seller until the time when the Buyer accepts delivery. Seller shall maintain any and all necessary insurance in order to insure the Goods against loss at Seller's own expense.

6 TITLE

6.1 Title to the Goods will remain with the Seller until Buyer accepts delivery.

7 FORCE MAJEURE

7.1 Non-delivery or default of this Agreement due to labor disputes, transportation shortage, delay or shortage of materials to produce the Goods, fires, accidents, Acts of God, or any other causes outside of Seller's control shall be notified to Buyer immediately upon realization that it will not be able to deliver the Goods as promised. Either Party may terminate this Agreement upon such notice.

8 GENERAL TERMS AND CONDITIONS

8.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

9 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

9.1 The District is an equal opportunity employer and federal and state contractor. As Contractor shall abide by applicable federal and local laws that prohibit discrimination against all individuals based on their race, national origin, religion, age, color, sex, sexual orientation, gender identity, disability or protected veteran status, or any other characteristic protected by local, state, or federal laws rules or regulations. Additionally, the parties agree that, as applicable, they will abide by the requirements of 41 C.F.R. 60-300.5(a) and 41 C.F.R. 60-741.5(a) and that there regulations are incorporated herein by reference. These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individual with disabilities. These regulations require that covered contractors and subcontractors take affirmative action to employ and advance in employment and otherwise treat qualified individuals without discrimination based on their status as protected veteran.

10 DATA PRIVACY

10.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

10.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign Exhibit C ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual

student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

11 USE OF DISTRICT NAME OR LOGO

11.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

12 INDEPENDENT CONTRACTOR

12.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding, worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

12.2 Contractor will hold District harmless from and against any third-party claims asserted or alleged against the District to the extent arising out of Contractor's failure to timely pay all employment taxes and income taxes attributable to Contractor's income and employees.

13 WORKER HEALTH, SAFETY AND TRAINING

13.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

14 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

14.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

15 INSURANCE

15.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

15.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

15.3 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract, and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

16 INDEMNIFICATION

16.1 Contractor will indemnify and hold harmless the District from and against all third-party losses, damages, claims and costs for property damage or personal injury to the extent arising out of the negligence or intentional misconduct of the Contractor.

17 LIMITATION ON LIABILTY

17.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

18 CONFLICT OF INTEREST/CODE OF ETHICS

18.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

19 COMPLIANCE WITH LAWS AND DEBARMENT

19.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government. Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

20 TERMINATION

20.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

20.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

20.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor.

21 RETURN OF DATA

21.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

22 RECORDS MANAGEMENT AND MAINTENANCE

22.1 District will be allowed two (2) annual price verifications at Contractor's location for purchases made under this agreement. The price verification will consist of reviewing computer reports generated by Contractor documenting Contractor's calculation of Districts invoice price and the Contractor's delivered Cost. If requested, applicable Supplier invoices and accompanying freight invoices will also be made available. Supplier invoices consist of invoices from third party suppliers or from Affiliates, SMS or a specialty company, as applicable. Price verification adjustments, if applicable, will be made utilizing the net of undercharges and overcharges to District. The price verification process is subject to the following:

- District must request a price verification in writing at least thirty (30) business days prior to the suggested date of the price verification and must identify not more than fifty (50) items to be price verified and the period covered;
- The date and time of price verification must be to the mutual agreement of District and the Contractor;
- The price verification will be made at the Contractor's location;
- Support for the price verification may not be removed from the Contractor location where the price verification is conducted;
- The period for which pricing is to be verified will not begin more than three (3) months prior to the date of the price verification, and will cover only one pricing period; and
- In no event will pricing be corrected for more than six (6) months prior to the date of the price verification.

Due to the extensive time and complexity associated with price verification, Contractor will not accept computer generated price matching or electronic audits by or on behalf of District or any third party provider and any price verification adjustments will only be made following the above price verification procedures. Notwithstanding the foregoing, if District becomes aware of pricing discrepancies for contracted products, Contractor will investigate the purported discrepancy and make appropriate pricing adjustments, as warranted, but such procedure will not involve additional on-site visits and/or access to supplier invoices.

23 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

23.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

23.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

24 NON-WAIVER

24.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

25 ASSIGNMENT

25.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and

in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

26 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

26.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

27 WARRANTY

27.1 Contractor expressly warrants that the services performed under this Contract will be of professional standards and quality. Contractor further warrants that all products as of the time of delivery to the District: (i) will meet the specifications for such product contained within the order guide and other written specifications for such product provided by Contractor, (ii) subject to the statutory trust authorized by the Perishable Agricultural Commodities Act, will be free and clear of any adverse lien or security interest, and (iii) to the extent the product is subject to the Federal Food, Drug and Cosmetic Act, as amended from time to time (the "***FDC Act***"), will not be adulterated or misbranded within the meaning of the FDC Act.

28 SEVERABILITY

28.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

29 SURVIVABILITY

29.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of

the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

30 BIX PRODUCE PROVISIONS

The parties acknowledge and agree that the provisions of Exhibit D "Bix Product Provisions", attached hereto and made a part hereof, are incorporated into this Agreement as if fully set forth herein.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

EXHIBIT D: BIX PRODUCT PROVISIONS

1. Cost. The following definition of "Cost" shall apply to all products calculated on the basis of cost plus a distribution fee to the Contractor. "***Cost***" is defined as the cost of the product as shown on the invoice to Contractor or an affiliated entity of Contractor ("***Affiliate***") that is controlled directly or indirectly by Sysco Corporation ("***Parent***") delivering the product (in either case, the "***Operating Company***"), plus, if the price on such invoice is not a delivered price, Applicable Freight (defined below). The invoice used to determine Cost of a product will be an invoice issued to Contractor from the seller of such product which may include suppliers, brokers, growers, packers, manufacturers, redistributors, consolidators, Affiliates, including Sysco Merchandising and Supply Chain Services, Inc. ("***SMS***"), or any other source of Products (collectively, "***Supplier***"). Suppliers (including SMS and other Affiliates) set invoice prices of Products sold to the Contractor and may include an amount that reflects Earned Income for Merchandising Services (as such terms are defined below). In addition, for certain commodity products like produce, SMS and other Affiliates may use replacement cost or current market average cost as its cost to the Contractor. Cost will not be reduced by Earned Income or cash discounts.

"***Applicable Freight***" means a per-case freight charge based on market conditions for moving products from the source to the Contractor. Applicable Freight charges may include: (i) common or contract carrier charges billed by any Supplier or a third party; (ii) common or contract carrier charges billed by a freight management service operated by Parent or Affiliates ("***FMS***") for third party carriage arranged by FMS; (iii) charges billed by FMS for shipments back hauled on trucks owned or leased by Parent or Affiliates; or (iv) charges such as fuel surcharges, cross-dock charges, unloading and restacking charges, container charges, air freight charges and other similar charges not included in Supplier's invoice cost that are required to bring product into the Contractor 's warehouse. District acknowledges that Parent may manage freight (through FMS or otherwise) and may charge Applicable Freight, which may include an amount in excess of the costs incurred in arranging the transportation that reflects compensation for managing freight; provided that Applicable Freight for any product will not exceed (i) the Supplier's normal freight charge to the Contractor to ship normal quantity requirements of such product (including a freight charge that is part of a delivered price) or (ii) if the Supplier does not provide freight service, the rate normally payable by the Contractor for inbound shipments of a similar quantity of product.

Merchandising Services. Parent and Affiliates, including SMS and Operating Companies, perform value-added services for Suppliers of SYSCO® Brand and other Products ("***Merchandising Services***"). These services include, but are not limited to, (i) supply chain services such as consolidation of Operating Company purchases from Suppliers, management of Supplier ordering processes, consolidation of payments by Operating Companies to Suppliers, processing claims by Operating Companies for Product loss and shortages, advanced inventory management, freight consolidation and management and other services associated with management of the total supply chain, (ii) quality assurance and (iii) regional and national marketing and performance-based product marketing. Parent and Affiliates, including SMS, may

recover the costs of providing Merchandising Services, may be compensated for these services and may retain any savings they may receive throughout the supply chain by utilizing their expertise, resources and capital, a portion of which is used to offset expenses already incurred. Parent considers such cost recovery, compensation and retained savings for Merchandising Services to be earned income ("***Earned Income***"). Earned Income takes many forms including promotional allowances, volume discounts, growth programs, marketing programs and any other payments from Suppliers and may be provided through rebates or other payments from the Supplier or through net pricing from Suppliers that reflects such Earned Income. Parent may retain Earned Income, receipt of which does not reduce the Cost or sell price of any product. Earned Income does not include manufacturer promotional allowances for the period of the promotion that are intended to be passed along to District and are shown on the face of the invoices used to determine Cost.

Controlled Price Products. There are a limited number of Products ("***Controlled Price Products***") that are governed by agreements with Suppliers binding upon the Contractor which establish the ultimate price at which the Contractor must sell the Product to District ("***Controlled Price Agreements***"). Controlled Price Agreements are limited to bag-in-box products from Coca Cola North America and Pepsi Cola Company, products from Ecolab, Inc. and other products expressly agreed to in writing by the Contractor and District. The sell price for Controlled Price Products shall be the amount prescribed (or calculated in accordance with) the applicable Controlled Price Agreement.

Supplier Agreements; Customer Contract Pricing. District may provide Contractor with written evidence of the existence of all agreements it has with any Supplier for the purchase of Products to be distributed under this Agreement ("***Supplier Agreements***"), utilizing the supplier detail form provided by the Contractor (the "***Supplier Detail Form***"). Supplier Agreements include agreements for which the Supplier and District have agreed on (i) allowances for District ("***Supplier Allowances***") or (ii) the guaranteed cost Supplier will charge a distributor for Product to be resold to District ("***Supplier Guaranteed Distributor Cost***"), which cost may be either delivered at Supplier plant or to Contractor. Products subject to Supplier Agreements are referred to herein as "***Contracted Products***". In determining the sell price of any Product covered by a Supplier Agreement, Contractor will replace Cost with Supplier Guaranteed Distributor Cost, plus, if Supplier Guaranteed Distributor Cost is not a delivered price, Applicable Freight.

2. Perishable Agricultural Commodities Act. Perishable Agricultural Commodities. Generally, all fresh and frozen fruits and vegetables which have not been processed beyond cutting, combining and/or steam blanching are considered perishable agricultural commodities as are oil blanched french fried potato products. All perishable agricultural commodities sold to Contractor are sold subject to the statutory trust authorized by Section 5(c) of the Perishable Agricultural Commodities Act, 1930 (PACA) (7 U.S.C. § 499e(c)). The seller of these commodities retains a trust claim over these commodities and all inventories of food or other products derived from these commodities until full payment is received.

Defined in EXH-B Project Design Milestones & Deliverables

.2 Construction commencement date:

Defined in EXH-A Project Charter and EXH-B Project Design Milestones & Deliverables

.3 Substantial Completion date or dates:

Defined in EXH-A Project Charter

.4 Other milestone dates:

Defined in EXH-B Project Design Milestones & Deliverables

§ 1.1.5 The Owner intends the following procurement and delivery method for the Project:
(Identify method such as competitive bid or negotiated contract, as well as any requirements for accelerated or fast-track design and construction, multiple bid packages, or phased construction.)

Defined in EXH-A Project Charter

§ 1.1.6 The Owner's anticipated Sustainable Objective for the Project:
(Identify and describe the Owner's Sustainable Objective for the Project, if any.)

Sustainable Design solutions which optimize or promote improved energy efficiency, occupant well-being, comfort, health, and improved long-term maintenance serviceability as standard to LEED rating system and B3 requirements are valued. Owner will not pursue LEED certification or complete B3 compliance. The Architect is not required to provide additional services for Sustainable Design.

§ 1.1.6.1 If the Owner identifies a Sustainable Objective, the Owner and Architect shall complete and incorporate AIA Document E204™–2017, Sustainable Projects Exhibit, into this Agreement to define the terms, conditions and services related to the Owner's Sustainable Objective. If E204–2017 is incorporated into this agreement, the Owner and Architect shall incorporate the completed E204–2017 into the agreements with the consultants and contractors performing services or Work in any way associated with the Sustainable Objective.

§ 1.1.7 The Owner identifies the following representative in accordance with Section 5.3:
(List name, address, and other contact information.)

Diedra Geye
Project Manager

§ 1.3 The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.3.1 Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™–2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

§ 2.1 The Architect shall provide professional services as set forth in this Agreement. The Architect represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

§ 2.2 The Architect shall perform its services consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.3 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project.

§ 2.4 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect's professional judgment with respect to this Project.

§ 2.5 The Architect shall maintain insurance as defined in EXH-C Owner Insurance until termination of this Agreement and for the period of the statutes of repose set forth in Minnesota Statute 541.051, so long as such insurance is commercially available and reasonably affordable. If any of the requirements set forth below are in addition to the types and limits the Architect normally maintains, the Owner shall pay the Architect as set forth in Section 11.9.

§ 2.5.1 Commercial General Liability with policy limits as defined in EXH-C Owner Insurance.

§ 2.5.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Architect with policy limits as defined in EXH-C Owner Insurance.

§ 2.5.3 The Architect may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.5.1 and 2.5.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers. Defined in EXH-C Owner Insurance.

§ 2.5.4 Workers' Compensation at statutory limits. Defined in EXH-C Owner Insurance.

§ 2.5.5 Employers' Liability with policy limits as defined in EXH-C Owner Insurance.

§ 2.5.6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services with policy limits as defined in EXH-C Owner Insurance.

§ 2.5.7 Additional Insured Obligations. To the fullest extent permitted by law, the Architect shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Architect's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both

ongoing and completed operations.

§ 2.5.8 The Architect shall provide certificates of insurance to the Owner that evidence compliance with the requirements in this Section 2.5.

ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES

§ 3.1 The Architect's Basic Services consist of those described in this Article 3 and include usual and customary structural, mechanical, and electrical engineering services. Services not set forth in this Article 3 are Supplemental or Additional Services. The Architect's Basic Services are defined in EXH-B Project Design Milestones & Deliverables.

§ 3.1.1 The Architect shall manage the Architect's services, research applicable design criteria, attend Project meetings, communicate with members of the Project team, and report progress to the Owner.

§ 3.1.2 The Architect shall coordinate its services with those services provided by the Owner and the Owner's consultants. The Architect shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of, services and information furnished by the Owner and the Owner's consultants. The Architect shall provide prompt (within 7-10 business days of discovery) written notice to the Owner if the Architect becomes aware of any error, omission, or inconsistency in such services or information. The Architect is encouraged to provide prompt written notice to the Owner within this timeframe; it is most critical during the construction administration phase.

§ 3.1.3 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. The schedule initially shall include anticipated dates for the commencement of construction and for Substantial Completion of the Work as set forth in the Initial Information and defined in EXH-B Project Design Milestones & Deliverables. The schedule shall include allowances for periods of time required for the Owner's review, for the performance of the Owner's consultants, and for approval of submissions by authorities having jurisdiction over the Project. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.4 The Architect shall not be responsible for an Owner's directive or substitution, or for the Owner's acceptance of non-conforming Work, made or given without the Architect's written approval.

§ 3.1.5 The Architect shall contact governmental authorities required to approve the Construction Documents and entities providing utility services to the Project. The Architect shall respond to applicable design requirements imposed by those authorities and entities and initiate governmental planning review processes as defined in EXH-B Project Design Milestones & Deliverables.

§ 3.1.6 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 3.1.7 The Architect shall fully cooperate and coordinate with the Owner and its hired Commissioning Agent during all phases of design, construction, and commissioning to achieve the Project's final completion and full systems operability and ongoing use per the approved final design. The Architect is responsible for the duration of the contract to provide adequate support to its sub-consultants who provide services integral to commissioning.

§ 3.1.8 The Architect shall assist the Owner in connection with the Owner's responsibility to communicate the project design and construction to the school community, school neighbors, and neighborhood associations.

§ 3.1.9 The Owner shall provide available historical building documentation and the Architect shall field verify building elements as a basis for design. Additional design fees and reimbursable expenses incurred by the Architect related to remedying or addressing incorrectly identified building elements following the Architect's completion of field verification shall be borne solely by the Architect. Field verification shall include (1) field measurements of readily visible elements, (2) removing and replacing lay-in ceiling tiles, and (3) opening and closing access panels. The Architect is encouraged to identify areas that are not readily visible and merit further destructive testing that may include (1) drilling holes to use a scope camera to see inside a wall, (2) cutting small holes to identify sub surface conditions, or (3) moving non-functioning equipment to facilitate investigation. The Owner will perform any requested

destructive testing. The Architect is responsible for field verification for the portion of the building within the scope of services. Field verification and destructive testing shall not be required for portions of the building or building systems that are not within the scope of services as defined in AIA G202-2013 Article

3.3.

§ 3.2 Schematic Design Phase Services

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services. The Architect shall submit reports, documents for review, and deliverables as defined in EXH-B Project Design Milestones & Deliverables, AIA contracts G201-2013, G202-2013, and E203-2013.

§ 3.2.2 The Architect shall prepare a preliminary evaluation of the Owner's program, schedule, budget for the Cost of the Work, Project site, the proposed procurement and delivery method, and other Initial Information, each in terms of the other, to ascertain the requirements of the Project. The Architect shall notify the Owner of (1) any inconsistencies discovered in the information, and (2) other information or consulting services that may be reasonably needed for the Project.

§ 3.2.3 The Architect shall present its preliminary evaluation to the Owner and shall discuss with the Owner alternative approaches to design and construction of the Project. The Architect shall reach an understanding with the Owner regarding the requirements of the Project.

§ 3.2.4 Based on the Project requirements agreed upon with the Owner, the Architect shall prepare and present, for the Owner's approval, a preliminary design illustrating the scale and relationship of the Project components.

§ 3.2.5 Based on the Owner's approval of the preliminary design, the Architect shall prepare Schematic Design Documents for the Owner's approval. The Schematic Design Documents shall consist of drawings and other documents including a site plan, if appropriate, and preliminary building plans, sections and elevations; and may include some combination of study models, perspective sketches, or digital representations. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

§ 3.2.5.1 The Architect shall consider sustainable design alternatives, such as material choices and building orientation, together with other considerations based on program and aesthetics, in developing a design that is consistent with the Owner's program, schedule and budget for the Cost of the Work. The Owner may obtain more advanced sustainable design services as a Supplemental Service under Section 4.1.1.

§ 3.2.5.2 The Architect shall consider the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

§ 3.2.6 The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the Owner as defined in EXH-B Design Milestones & Deliverables, and request the Owner's approval before proceeding with Design Development Documents as defined in EXH-B Design Milestones & Deliverables.

§ 3.3 Design Development Phase Services

§ 3.3.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner's approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other appropriate elements. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels. The Architect shall submit reports, documents for review, and deliverables as defined in EXH-B Project Design Milestones & Deliverables and AIA contracts G201-2013, G202-2013, and E203-2013.

§ 3.3.2 The Architect shall update the estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.3.3 The Architect shall submit the Design Development Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work as defined in EXH-B Project Design Milestones & Deliverables, and request the Owner's approval before proceeding with Construction Documents as defined in EXH-B Design Milestones & Deliverables.

§ 3.4 Construction Documents Phase Services

§ 3.4.1 Based on the Owner's approval of the Design Development Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Construction Documents for the Owner's approval. The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels and performance criteria of materials and systems and other requirements for the construction of the Work. The Owner and Architect acknowledge that, in order to perform the Work, the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.6.4.

§ 3.4.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents.

§ 3.4.3 During the development of the Construction Documents, the Architect shall assist the Owner in the development and preparation of (1) procurement information that describes the time, place, and conditions of bidding, including bidding or proposal forms; (2) the form of agreement between the Owner and Contractor; and (3) the Conditions of the Contract for Construction (General, Supplementary and other Conditions). The Architect shall also compile a project manual that includes the Conditions of the Contract for Construction and Specifications, and may include bidding requirements and sample forms.

§ 3.4.4 The Architect shall update the estimate for the Cost of the Work prepared in accordance with Section 6.3.

§ 3.4.5 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval. The Architect shall submit construction documents which are estimated to bid within 5% of the budgeted construction cost. The Cost of Work submittal is defined in EXH-B Project Design Milestones & Deliverables.

§ 3.5 Procurement Phase Services

§ 3.5.1 General

The Architect shall assist the Owner in establishing a list of prospective contractors. Following the Owner's approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining either competitive bids or negotiated proposals; (2) confirming responsible and responsiveness of bids or proposals; (3) determining the successful bid or proposal, if any; (4) awarding and preparing contracts for construction; and, (5) Any review of bid anomalies or irregularities requiring legal review shall be provided by the Owner.

§ 3.5.2 Competitive Bidding

§ 3.5.2.1 Bidding Documents shall consist of bidding requirements and proposed Contract Documents.

§ 3.5.2.2 The Architect shall assist the Owner in bidding the Project by:

- **.1** facilitating the distribution of Bidding Documents to prospective bidders;
- **.2** organizing and conducting a pre-bid conference for prospective bidders;
- **.3** preparing responses to questions from prospective bidders and providing clarifications and interpretations of the Bidding Documents to the prospective bidders in the form of addenda; and,
- **.4** organizing and conducting the opening of the bids, and subsequently documenting and distributing the bidding results, as directed by the Owner.

§ 3.5.2.3 If the Bidding Documents permit substitutions, upon the Owner's written authorization, the Architect shall consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective bidders.

§ 3.5.3 Negotiated Proposals

§ 3.5.3.1 Proposal Documents shall consist of proposal requirements and proposed Contract Documents.

§ 3.5.3.2 The Architect shall assist the Owner in obtaining proposals by:

.1 facilitating the distribution of Proposal Documents for distribution to prospective contractors and requesting their return upon completion of the negotiation process;

.2 organizing and participating in selection interviews with prospective contractors;

.3 preparing responses to questions from prospective contractors and providing clarifications and interpretations of the Proposal Documents to the prospective contractors in the form of addenda; and,

.4 participating in negotiations with prospective contractors, and subsequently preparing a summary report of the negotiation results, as directed by the Owner.

§ 3.5.3.3 If the Proposal Documents permit substitutions, upon the Owner's written authorization, the Architect shall, as an Additional Service, consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective contractors.

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A201™–2017, General Conditions of the Contract for Construction. If the Owner and Contractor modify AIA Document A201–2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.6.1.2 The Architect shall advise, lead, and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts, errors, or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and the Owner's written notice to proceed to Construction Administration and terminates on the date the Architect authorizes the Contractor's final Certificate for Payment.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

§ 3.6.2.2 The Architect has the authority and obligation to reject Work that does not conform to the Contract Documents unless the Owner accepts non-conforming work in writing after consulting with the Architect. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority and obligation to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority and obligation of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within five business days of requests or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A201–2017, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent documented tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect. The Architect's certification on the Certificate for Payment shall be that the percentages of Work shown on the application are completed, to the best of the Architect's knowledge, information, and belief. No judgement is made by the Architect as to the value of the Work or the value of uncompleted Work.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's professional judgment, to permit adequate review.

§ 3.6.4.2 The Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

.1 conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;

.2 issue Certificates of Substantial Completion;

.3 forward to the Owner, for the Owner's review and records, written warranties including a warranty schedule of major building systems and warranty expiration dates, and related documents required by the Contract Documents and received from the Contractor; and,

.4 issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

.5 The Architect shall produce punch list items as part of the certificate of Substantial Completion issued to the Contractor. The Architect shall create the list(s), present them to the Owner, incorporate Owner feedback, and compile all punch items for the contractor in a timely manner.

§ 3.6.6.2 The Architect's inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list(s) including and not limited to Architectural, Civil, Mechanical, Electrical, Structural, and Plumbing systems submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner ten (10) months following substantial completion, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

§ 3.6.6.6 The Architect shall issue an As Constructed Record set of construction documents that will consist of the As Designed Record Sets of construction documents and Revit model with redlined changes from the General Contractor incorporated into the digital deliverables as defined in AIA G201 2013 Article 2.3 to the Owner upon final completion

of the Project. The As Constructed Record documents shall reflect all digital changes made by the Architect between issuing the Bid Documents set and final completion as well as the General Contractor's redline changes. The Architect shall not be held responsible for field verification of the General Contractor's changes. The Architect's full set of deliverables during Construction Administration are defined in EXH-D Owner Requirements.

ARTICLE 4 SUPPLEMENTAL AND ADDITIONAL SERVICES

§ 4.1 Supplemental Services

§ 4.1.1 The services listed below are not included in Basic Services but may be required for the Project. The Architect shall provide the listed Supplemental Services only if specifically designated in the table below as the Architect's responsibility, and the Owner shall compensate the Architect as provided in Section 11.2. Unless otherwise specifically addressed in this Agreement, if neither the Owner nor the Architect is designated, the parties agree that the listed Supplemental Service is not being provided for the Project.

(Designate the Architect's Supplemental Services and the Owner's Supplemental Services required for the Project by indicating whether the Architect or Owner shall be responsible for providing the identified Supplemental Service. Insert a description of the Supplemental Services in Section 4.1.2 below or attach the description of services as an exhibit to this Agreement.)

§ 4.1.2 Description of Supplemental Services

§ 4.1.2.1 A description of each Supplemental Service identified in Section 4.1.1 as the Architect's responsibility is provided below.

(Describe in detail the Architect's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit. The AIA publishes a number of Standard Form of Architect's Services documents that can be included as an exhibit to describe the Architect's Supplemental Services.)

§ 4.1.2.2 A description of each Supplemental Service identified in Section 4.1.1 as the Owner's responsibility is provided below.

(Describe in detail the Owner's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit.)

§ 4.1.3 If the Owner identified a Sustainable Objective in Article 1, the Architect shall provide, as a Supplemental Service, the Sustainability Services required in AIA Document E204™–2017, Sustainable Projects Exhibit, attached to this Agreement. The Owner shall compensate the Architect as provided in Section 11.2.

§ 4.2 Architect's Additional Services

The Architect may provide Additional Services after execution of this Agreement without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule. Additional Services are Defined in EXH-A Project Charter.

§ 4.2.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following Additional Services until the Architect receives the Owner's written authorization:

.1 Services necessitated by a change in the Initial Information, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of the Work, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Services necessitated by decisions of the Owner not rendered in a timely manner or any other failure of performance on the part of the Owner or the Owner's consultants or contractors;

.8 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Architect is party thereto;

.10 Consultation concerning replacement of Work resulting from fire or other cause during construction; or,

§ 4.2.2 To avoid delay in the Construction Phase, the Architect shall provide the following Additional Services, notify the Owner with reasonable promptness, and explain the facts and circumstances giving rise to the need. If, upon receipt of the Architect's notice, the Owner determines that all or parts of the services are not required, the Owner shall give prompt written notice to the Architect of the Owner's determination. The Owner shall compensate the Architect for the services provided prior to the Architect's receipt of the Owner's notice.

.1 Reviewing a Contractor's submittal out of sequence from the submittal schedule approved by the Architect;
.2 Responding to the Contractor's requests for information that are not prepared in accordance with the Contract Documents or where such information is available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Contractor-prepared coordination drawings, or prior Project correspondence or documentation;
.3 Preparing Change Orders and Construction Change Directives that require evaluation of Contractor's proposals and supporting data, or the preparation or revision of Instruments of Service;
.4 Evaluating an extensive number of Claims as the Initial Decision Maker; or,
.5 Evaluating substitutions proposed by the Owner or Contractor and making subsequent revisions to Instruments of Service resulting therefrom.

§ 4.2.3 The Architect shall provide Construction Phase Services exceeding the limits set forth below as Additional Services. When the limits below are reached, the Architect shall notify the Owner:

.1 2 (two) reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Contractor
.2 1 (one) visits per week to the site by the Architect during construction
.3 2 (two) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents
.4 1 (one) inspections for any portion of the Work to determine final completion.

§ 4.2.4 Except for services required under Section 3.6.6.5 and those services that do not exceed the limits set forth in Section 4.2.3, Construction Phase Services provided more than 60 days after (1) the date of Substantial Completion of the Work or (2) the initial date of Substantial Completion identified in the agreement between the Owner and Contractor, whichever is earlier, shall be compensated as Additional Services to the extent the Architect incurs additional cost in providing those Construction Phase Services.

§ 4.2.5 If the services covered by this Agreement have not been completed within eighteen (18) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program, which shall set forth the Owner's objectives; schedule; constraints and criteria, including space requirements and relationships; flexibility; expandability; special equipment; systems; and site requirements and stakeholder engagement requirements as defined in EXH-B Project Design Milestones & Deliverables.

§ 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

§ 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 5.5 The Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

§ 5.7 If the Owner identified a Sustainable Objective in Article 1, the Owner shall fulfill its responsibilities as required in AIA Document E204™–2017, Sustainable Projects Exhibit, attached to this Agreement.

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided and defined in Article 2.

§ 5.8.1 Architect's responsibility in connection with the services of Owner's consultants, contractors, or design-build contractor shall be to coordinate Owner's consultants', contractors', or design-build contractor's portion of the Instruments of Service. Owner shall require consultants, contractors, or design-build contractor retained by Owner to coordinate their services and documents with those of Architect and Architect's consultants.

§ 5.9 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.12 The Owner shall include the Architect in all communications with the Contractor that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

§ 5.16 The Owner shall provide coordination, installation, and procurement of furniture, furnishings, and equipment for the Project.

§ 5.17 The Owner shall provide Information Technology equipment plugged into networks. Cabling and infrastructure designed by the Architect and installed by the Contractor.

§ 5.18 The Owner shall provide Testing and Special Inspections.

§ 5.19 The Owner shall coordinate closely with the Architect and the Contractor for design and installation of security systems in the Project. The Owner shall design systems by locating cameras and designating doors for access control, the Architect shall document and complete the initial design by designing pathways, the Contractor shall install cabling and infrastructure required for the systems to be operational as well as devices, and the Owner shall work with the Contractor to program and test the

systems.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor including escalation for phased work or market conditions, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget as defined in EXH-A Project Charter and EXH-B Project Design Milestones & Deliverables. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work may be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by five percent (5%) by the lowest bona fide bid or negotiated proposal, the Owner shall

.1 give written approval of an increase in the budget for the Cost of the Work;
.2 authorize rebidding or renegotiating of the Project within a reasonable time;
.3 terminate in accordance with Section 9.5;
.4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
.5 cooperate in revising the Project scope as required to reduce the estimated construction cost to an estimated cost within the Owner's budget. Costs or time incurred by the Architect to review the design to align with the Budget shall be borne entirely by the Architect.
.6 implement any other mutually acceptable alternative, which may include the Owner's decision to suspend the Project, in which case the Architect shall be paid for services actually rendered under this agreement.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3; otherwise the Architect's services for modifying the Construction Documents shall be without additional compensation. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants. The Owner retains full rights to all Instruments of Service for use in the Project and any existing or future projects.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or

related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201–2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 Mediation

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:
(Check the appropriate box.)

[ ] Arbitration pursuant to Section 8.3 of this Agreement

[X] Litigation in a court of competent jurisdiction

[ ] Other: *(Specify)*

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

§ 8.3 Arbitration

§ 8.3.1 If the parties have selected arbitration as the method for binding dispute resolution in this Agreement, any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of this Agreement. A demand for arbitration shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the arbitration.

§ 8.3.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

§ 8.3.2 The foregoing agreement to arbitrate, and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement, shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.3 The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.4 Consolidation or Joinder

§ 8.3.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

§ 8.4 The provisions of this Article 8 shall survive the termination of this Agreement.

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any reasonable, quantifiable expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the committed costs or

performance of services attributable to the Architect's termination of consultant agreements.

§ 9.7 In addition to any amounts paid under Section 9.6, if the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall pay to the Architect the following fees:
(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

$0

.2 Licensing Fee if the Owner intends to continue using the Architect's Instruments of Service:

$0

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201–2017, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site. A hazardous material or toxic substance is any material or substance that may be considered hazardous, toxic, or otherwise subject to statutory or regulatory requirements governing handling, disposal, and/or cleanup. For purposes of this agreement, the term hazardous material shall include and not be limited to asbestos, polychlorinated biphenyl (PCB), mold, mildew, fungi, or other similar microbial conditions.

§ 10.6.1 Owner agrees to defend, indemnify, and save harmless the Architect from and against any and all liabilities, demands, claims, penalties, forfeitures, suits, and the costs and expenses arising from the discovery, presence, handling, removal, or disposal of, or exposure to hazardous materials or toxic substances (as defined in § 10.6), except to the extent that the presence of or exposure to hazardous materials or toxic substances result from the sole negligence or willful misconduct of the Architect.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services described under Article 3, the Owner shall compensate the Architect as follows:

.1 Stipulated Sum
(Insert amount)

Defined in EXH-A Project Charter

.2 Percentage Basis
(Insert percentage value)

( ) % of the Owner's budget for the Cost of the Work, as calculated in accordance with Section 11.6.

.3 Other
(Describe the method of compensation)

Defined in EXH-A Project Charter

§ 11.2 For the Architect's Supplemental Services designated in Section 4.1.1 and for any Sustainability Services required pursuant to Section 4.1.3, the Owner shall compensate the Architect as follows:
(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)

Defined in EXH-A Project Charter.

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.2, the Owner shall compensate the Architect as follows:
(Insert amount of, or basis for, compensation.)

Defined in EXH-A Project Charter

§ 11.4 Compensation for Supplemental and Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus percent (%), or as follows:
(Insert amount of, or basis for computing, Architect's consultants' compensation for Supplemental or Additional Services.)

§ 11.5 When compensation for Basic Services is based on a stipulated sum or a percentage basis, the proportion of compensation for each phase of services shall be as follows and defined in EXH-B Project Design Milestones & Deliverables:

Schematic Design Phase	percent (%)
Design Development Phase	percent (%)
Construction Documents Phase	percent (%)
Procurement Phase	percent (%)
Construction Phase	percent (%)
Total Basic Compensation	one hundred percent (100.00 %)

§ 11.6 When compensation identified in Section 11.1 is on a percentage basis, progress payments for each phase of Basic Services shall be calculated by multiplying the percentages identified in this Article by the Owner's most recent budget for the Cost of the Work. Compensation paid in previous progress payments shall not be adjusted based on subsequent updates to the Owner's budget for the Cost of the Work.

§ 11.6.1 When compensation is on a percentage basis and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

§ 11.7 The hourly billing rates for services of the Architect and the Architect's consultants are set forth below. The rates shall be adjusted in accordance with the Architect's and Architect's consultants' normal review practices.
(If applicable, attach an exhibit of hourly billing rates or insert them below.)

§ 11.8 Compensation for Reimbursable Expenses
§ 11.8.1 Reimbursable Expenses are in addition to compensation for Basic, Supplemental, and Additional Services and include expenses incurred by the Architect and the Architect's consultants directly related to the Project, as follows:

- **.1** Transportation and authorized out-of-town travel and subsistence;
- **.2** Long distance services, dedicated data and communication services, teleconferences, Project web sites, and extranets;
- **.3** Permitting and other fees required by authorities having jurisdiction over the Project;
- **.4** Printing, reproductions, plots, and standard form documents;
- **.5** Postage, handling, and delivery;
- **.6** Expense of overtime work requiring higher than regular rates, if authorized in advance by the Owner;
- **.7** Renderings, physical models, mock-ups, professional photography, and presentation materials requested by the Owner or required for the Project;
- **.8** If required by the Owner, and with the Owner's prior written approval, the Architect's consultants' expenses of professional liability insurance dedicated exclusively to this Project, or the expense of additional insurance coverage or limits in excess of that normally maintained by the Architect's consultants;
- **.9** All taxes levied on professional services and on reimbursable expenses;
- **.10** Site office expenses;
- **.11** Registration fees and any other fees charged by the Certifying Authority or by other entities as necessary to achieve the Sustainable Objective; and,
- **.12** Other similar Project-related expenditures.

§ 11.8.2 For Reimbursable Expenses the compensation shall be the expenses incurred by the Architect and the

§ 11.10 Payments to the Architect
§ 11.10.1 Initial Payments
§ 11.10.1.1 An initial payment of zero ($ 0) shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account in the final invoice.

§ 11.10.1.2 If a Sustainability Certification is part of the Sustainable Objective, an initial payment to the Architect of zero ($ 0) shall be made upon execution of this Agreement for registration fees and other fees payable to the Certifying Authority and necessary to achieve the Sustainability Certification. The Architect's payments to the Certifying Authority shall be credited to the Owner's account at the time the expense is incurred.

§ 11.10.2 Progress Payments
§ 11.10.2.1 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Payments are due and payable upon presentation of the Architect's invoice. Amounts unpaid thirty (30) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Architect. The Architect shall send invoices directly to the Contract Representative named in paragraph 1.1.7.
(Insert rate of monthly or annual interest agreed upon.)

§ 11.10.2.2 The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or liquidated damages on the Architect, or to offset sums requested by or paid to contractors for the cost of changes in the Work, unless the Architect agrees or has been found liable for the amounts in a binding dispute resolution proceeding.

§ 11.10.2.3 Records of Reimbursable Expenses, expenses pertaining to Supplemental and Additional Services, and services performed on the basis of hourly rates shall be available to the Owner upon written request.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS
Special terms and conditions that modify this Agreement are as follows:
(Include other terms and conditions applicable to this Agreement.)

12.1 The Architect and the Owner agree that the Project may be phased, include multiple bid packs (as few as one or as many as three) or require accelerated design deliverables to best meet the Owner's schedule of funding approvals and day one operations for building occupants. As a standard of working with the Owner the Architect agrees that additional compensation above fees for Basic Services and Additional Services as defined in EXH-A Project Charter will not be paid to the Architect to perform and deliver services within known parameters for the Project as defined in EXH-A Project Charter, EXH-B Project Design Milestones & Deliverables, and EXH-D Owner Requirements.

12.2 The Architect and the Owner agree to incorporate the Owner's feedback as defined ni EXH-D Owner Requirements. The Owner's written notice to proceed to the next design phase will not be granted without written receipt of required deliverables.

12.3 If the Owner elects to employ an accelerated, phased, or fast track design process (in which some of the Architect's design services overlap the construction work and are out of sequence with the traditional delivery method), Owner does so with full recognition of the inherent risks associated with these design methodologies. Such risks include the Owner incurring costs for the Architect to coordinate and re-design portions of the Project affected by procuring or installing elements of the Project prior to the completion of all relevant Construction Documents, and costs for the Contractor to remove and replace previously installed Work. In recognition of the inherent risks of the fast tracking to the Architect and the benefits to the Owner, the Owner agrees to (i) waive all claims against the Architect for design

changes, delays, disruptions, or other modifications of portions of the Work already constructed due to the Owner's decision to employ the fast track process and (ii) indemnify and hold the Architect harmless, to the maximum extent permitted by law, from any and all damage, liability, and cost, including reasonable attorney fees and defense costs, arising from third party claims, excepting those attributable to the negligence of the Architect or those for whom the Architect is legally liable. To compensate the Architect for all Additional Services required to modify, correct, or adjust the Construction Documents and coordinate them in order to meet the Owner's program requirements because of the Owner's decision to construct the Project in a fast track manner. Owner further agrees to include in the budget for the Project sufficient contingencies to cover such Additional Services.

12.4 The Owner agrees that the Architect is not responsible for damages arising directly or indirectly from any delays for causes beyond the Architect's control. For purposes of this Agreement, such causes include, but are not limited to, strikes or other labor disputes; severe weather disruptions, other natural disasters; fires, riots, acts of terrorism, war, or other emergencies or acts of God.

ARTICLE 13 SCOPE OF THE AGREEMENT

§ 13.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both the Owner and Architect.

§ 2.5.7 Additional Insured Obligations. To the fullest extent permitted by law, the Architect shall cause the primary and excess or umbrella ~~policies~~ polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Architect's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations.

§ 3.1 The Architect's Basic Services consist of those described in this Article 3 and include usual and customary structural, mechanical, and electrical engineering services. Services not set forth in this Article 3 are Supplemental or Additional Services. The Architect's Basic Services are defined in EXH-B Project Design Milestones & Deliverables.

§ 3.1.2 The Architect shall coordinate its services with those services provided by the Owner and the Owner's consultants. The Architect shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of, services and information furnished by the Owner and the Owner's consultants. The Architect shall provide prompt (within 7-10 business days of discovery) written notice to the Owner if the Architect becomes aware of any error, omission, or inconsistency in such services or information. The Architect is encouraged to provide prompt written notice to the Owner within this timeframe; it is most critical during the construction administration phase.

§ 3.1.3 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. The schedule initially shall include anticipated dates for the commencement of construction and for Substantial Completion of the Work as set forth in the Initial ~~Information.~~ Information and defined in EXH-B Project Design Milestones & Deliverables. The schedule shall include allowances for periods of time required for the Owner's review, for the performance of the Owner's consultants, and for approval of submissions by authorities having jurisdiction over the Project. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.5 The Architect shall contact governmental authorities required to approve the Construction Documents and entities providing utility services to the Project. The Architect shall respond to applicable design requirements imposed by those authorities and ~~entities.~~entities and initiate governmental planning review processes as defined in EXH-B Project Design Milestones & Deliverables.

§ 3.1.7 The Architect shall fully cooperate and coordinate with the Owner and its hired Commissioning Agent during all phases of design, construction, and commissioning to achieve the Project's final completion and full systems operability and ongoing use per the approved final design. The Architect is responsible for the duration of the contract to provide adequate support to its sub-consultants who provide services integral to commissioning.

§ 3.1.8 The Architect shall assist the Owner in connection with the Owner's responsibility to communicate the project design and construction to the school community, school neighbors, and neighborhood associations.

§ 3.1.9 The Owner shall provide available historical building documentation and the Architect shall field verify building elements as a basis for design. Additional design fees and reimbursable expenses incurred by the Architect related to remedying or addressing incorrectly identified building elements following the Architect's completion of field verification shall be borne solely by the Architect. Field verification shall include (1) field measurements of readily visible elements, (2) removing and replacing lay-in ceiling tiles, and (3) opening and closing access panels. The Architect is encouraged to identify areas that are not readily visible and merit further destructive testing that may include (1) drilling holes to use a scope camera to see inside a wall, (2) cutting small holes to identify sub surface conditions, or (3) moving non-functioning equipment to facilitate investigation. The Owner will perform any requested destructive testing. The Architect is responsible for field verification for the portion of the building within the scope of services. Field verification and destructive testing shall not be required for portions of the building or building systems that are not within the scope of services as defined in AIA G202-2013 Article

§ 3.2 Schematic Design Phase Services

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services. The Architect shall submit reports, documents for review, and deliverables as defined in EXH-B Project Design Milestones & Deliverables, AIA contracts G201-2013, G202-2013, and E203-2013.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the ~~Owner, and request the Owner's approval.~~Owner as defined in EXH-B Design Milestones & Deliverables, and request the Owner's approval before proceeding with Design Development Documents as defined in EXH-B Design Milestones & Deliverables.

§ 3.3.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner's approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other appropriate elements. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels. The Architect shall submit reports, documents for review, and deliverables as defined in EXH-B Project Design Milestones & Deliverables and AIA contracts G201-2013, G202-2013, and E203-2013.

The Architect shall assist the Owner in establishing a list of prospective contractors. Following the Owner's approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining either competitive bids or negotiated proposals; (2) confirming responsible and responsiveness of bids or proposals; (3) determining the successful bid or proposal, if any; ~~and,~~ (4) awarding and preparing contracts for ~~construction.~~construction; and, (5) Any review of bid anomalies or irregularities requiring legal review shall be provided by the Owner.

§ 3.5.2.3 If the Bidding Documents permit substitutions, upon the Owner's written authorization, the Architect ~~shall, as an Additional Service,~~ shall consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective bidders.

§ 3.6.1.2 The Architect shall ~~advise~~ advise, lead, and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent ~~acts~~ acts, errors, or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and the Owner's written notice to proceed to Construction Administration and terminates on the date the Architect ~~issues the~~ authorizes the Contractor's final Certificate for Payment.

§ 3.6.2.2 The Architect has the authority and obligation to reject Work that does not conform to the Contract ~~Documents.~~ Documents unless the Owner accepts non-conforming work in writing after consulting with the Architect. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority and obligation to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority and obligation of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

PAGE 10

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within ~~any time limits agreed upon~~ five business days of requests or otherwise with reasonable promptness.

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent documented tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect. The Architect's certification on the Certificate for Payment shall be that the percentages of Work shown on the application are completed, to the best of the Architect's knowledge, information, and belief. No judgement is made by the Architect as to the value of the Work or the value of uncompleted Work.

.5 The Architect shall produce punch list items as part of the certificate of Substantial Completion issued to the Contractor. The Architect shall create the list(s), present them to the Owner, incorporate Owner feedback, and compile all punch items for the contractor in a timely

manner.

§ 3.6.6.2 The Architect's inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the ~~list~~ list(s) including and not limited to Architectural, Civil, Mechanical, Electrical, Structural, and Plumbing systems submitted by the Contractor of Work to be completed or corrected.

PAGE 12

§ 3.6.6.5 Upon request of the ~~Owner,~~ Owner ten (10) months following substantial completion, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

§ 3.6.6.6 The Architect shall issue an As Constructed Record set of construction documents that will consist of the As Designed Record Sets of construction documents and Revit model with redlined changes from the General Contractor incorporated into the digital deliverables as defined in AIA G201 2013 Article 2.3 to the Owner upon final completion of the Project. The As Constructed Record documents shall reflect all digital changes made by the Architect between issuing the Bid Documents set and final completion as well as the General Contractor's redline changes. The Architect shall not be held responsible for field verification of the General Contractor's changes. The Architect's full set of deliverables during Construction Administration are defined in EXH-D Owner Requirements.

PAGE 13

The Architect may provide Additional Services after execution of this Agreement without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule. Additional Services are Defined in EXH-A Project Charter.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of ~~labor,~~ labor including escalation for phased work or market conditions, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's ~~budget.~~ budget as defined in EXH-A Project Charter and EXH-B Project Design Milestones & Deliverables. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

PAGE 17

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work ~~shall~~ may be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by five percent (5%) by the lowest bona fide bid or negotiated proposal, the Owner shall

.5 cooperate in revising the Project scope as required to reduce the estimated construction cost to an estimated cost within the Owner's budget. Costs or time incurred by the Architect to review the design to align with the Budget shall be borne entirely by the Architect.

~~implement any other mutually acceptable alternative.~~.6 implement any other mutually acceptable alternative, which may include the Owner's decision to suspend the Project, in which case the Architect shall be paid for services actually rendered under this agreement.

PAGE 18

§ 7.4 ~~Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect.~~ Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants. The Owner retains full rights to all Instruments of Service for use in the Project and any existing or future projects.

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any reasonable, quantifiable expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

PAGE 20

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the committed costs or performance of services attributable to the Architect's termination of consultant agreements.

PAGE 21

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site. A hazardous material or toxic substance is any material or substance that may be considered hazardous, toxic, or otherwise subject to statutory or regulatory requirements governing handling, disposal, and/or cleanup. For purposes of this agreement, the term hazardous material shall include and not be limited to asbestos, polychlorinated biphenyl (PCB), mold, mildew, fungi, or other similar microbial conditions.

§ 10.6.1 Owner agrees to defend, indemnify, and save harmless the Architect from and against any and all liabilities, demands, claims, penalties, forfeitures, suits, and the costs and expenses arising from the discovery, presence, handling, removal, or disposal of, or exposure to hazardous materials or toxic substances (as defined in §

10.6), except to the extent that the presence of or exposure to hazardous materials or toxic substances result from the sole negligence or willful misconduct of the Architect.

12.1 The Architect and the Owner agree that the Project may be phased, include multiple bid packs (as few as one or as many as three) or require accelerated design deliverables to best meet the Owner's schedule of funding approvals

and day one operations for building occupants. As a standard of working with the Owner the Architect agrees that additional compensation above fees for Basic Services and Additional Services as defined in EXH-A Project Charter will not be paid to the Architect to perform and deliver services within known parameters for the Project as defined in EXH-A Project Charter, EXH-B Project Design Milestones & Deliverables, and EXH-D Owner Requirements.

12.2 The Architect and the Owner agree to incorporate the Owner's feedback as defined ni EXH-D Owner Requirements. The Owner's written notice to proceed to the next design phase will not be granted without written receipt of required deliverables.

12.3 If the Owner elects to employ an accelerated, phased, or fast track design process (in which some of the Architect's design services overlap the construction work and are out of sequence with the traditional delivery method), Owner does so with full recognition of the inherent risks associated with these design methodologies. Such risks include the Owner incurring costs for the Architect to coordinate and re-design portions of the Project affected by procuring or installing elements of the Project prior to the completion of all relevant Construction Documents, and costs for the Contractor to remove and replace previously installed Work. In recognition of the inherent risks of the fast tracking to the Architect and the benefits to the Owner, the Owner agrees to (i) waive all claims against the Architect for design changes, delays, disruptions, or other modifications of portions of the Work already constructed due to the Owner's decision to employ the fast track process and (ii) indemnify and hold the Architect harmless, to the maximum extent permitted by law, from any and all damage, liability, and cost, including reasonable attorney fees and defense costs, arising from third party claims, excepting those attributable to the negligence of the Architect or those for whom the Architect is legally liable. To compensate the Architect for all Additional Services required to modify, correct, or adjust the Construction Documents and coordinate them in order to meet the Owner's program requirements because of the Owner's decision to construct the Project in a fast track manner. Owner further agrees to include in the budget for the Project sufficient contingencies to cover such Additional Services.

12.4 The Owner agrees that the Architect is not responsible for damages arising directly or indirectly from any delays for causes beyond the Architect's control. For purposes of this Agreement, such causes include, but are not limited to, strikes or other labor disputes; severe weather disruptions, other natural disasters; fires, riots, acts of terrorism, war, or other emergencies or acts of God.

EXHIBIT A - Project Charter

Project Identification, Intent, and Scope

Re: MPS Project Number: 26CAMD001
MPS Project Name: FY26 Camden HS Turf Field and Running Track Replacement project

Project Intent

Replace and upgrade the athletic field for Camden High School to include restrooms at the facility, multi-purpose field potential and an 8-lane track.

Project Summary

Project Delivery Method:	Design-Bid-Build
Project Construction Budget:	$7,200,000
Phased Construction Completion:	August 21, 2026; substantial completion except track surface and restroom facility. June 30, 2027; substantial completion track surface and restroom facility.

Scope/Budget Context

It is possible that project scope items, not included in the Project Scope below, will be known at the commencement of project design or become apparent during design to one or more of the multiple stakeholders who may be represented on the Project Steering Committee and Project Review Committee. Some of these additional scope items will be desirable on their own merits but may not be possible due to project construction budget. Therefore, discipline on the part of the Consultant will be expected to focus on Project Scope identified below, while also documenting and, if requested, reviewing such items for possible inclusion in this project scope in lieu of scope defined below, or in future District capital projects.

Accordingly, not all the Building Context information contained herein will be applicable to project scope, but it is intended to inform the design process such that, at the conclusion of construction, the existing building is better positioned for current and future instructional activities; and additional capital investment that might be funded in future capital plans.

The scope consists of construction of a new sports facility at the existing Camden High School field location. The project area is limited to the existing field. The project major items include a building that contains ticketing, concessions, restrooms, 750 seat bleacher system; press box, lights, scoreboard, track, synthetic turf football field stripped for other sports and 8 lane track.

Re: Proposal for Professional Services
Minneapolis Camden High School - Stadium Renovation

Dear Ms. Geye,

We are pleased to provide this proposal for professional services related to the Stadium Renovation proposed at Camden High School. Bolton & Menk, Inc. (BMI) understands our consulting services will include site planning, civil engineering, architecture, landscape architecture, and electrical, structural and mechanical engineering in support of the following:

Schematic Design, Design Development, Construction (Bid) Documents, and Construction Observation services related to the renovation of Camden High School Stadium generally including:

- New 8-lane track and field events;
- New synthetic turf field striped for football, soccer, and lacrosse;
    - Removals and site preparation, soil corrections, storm water measures and storm sewer modifications as required;
    - Athletic equipment (goal posts, vault boxes, discus cage, in-ground comm boxes, etc.), scoreboard and flagpole.
    - Pedestrian and spectator trails and site fencing.
- Concessions/ Restroom/ Storage Building
    - **Wendel Architects** will be our architectural subconsultant on this project for the building-related design, engineering and construction administration services.
    - We understand Wendel will be using

        - Hallberg Engineering for electrical and mechanical engineering associated with the building;
        - Larson Engineering for structural engineering associated with the building.
    - New sanitary sewer and waters service will be brought to the new building.
    - We will provide concept sketches and cost estimates as basis for whether to keep the building in its current location (inside the running track) or to relocate the building to outside the track.
- Press box replacement including steel support structure;
- ADA and safety upgrades to the home-side grandstand;
- Sports lighting, scoreboard, sound system, low-voltage systems, and site security;

A. ANTICIPATED PROJECT APPROACH

We, BMI, propose to provide design, engineering and architectural services as well as topographic survey and geotechnical engineering, as follows:

1. **Data Collection and Site Investigation**
    a. Obtain topographic and boundary survey of the project site.
        i. A cost of $7,100 is included in our fee for **Sunde Land Surveying** to complete survey work at Camden HS Stadium.
        ii. Sunde has also included 2 alternates to "clean-up" the old right-of way through the track and field:
            1. Alternate 1:
                - Prepare legal descriptions and exhibits to be used by the School District to petition the City for vacation of the old Knox Avenue right-of-way through the football field. $1,400.00
            2. Alternate 2:
                - Prepare an easement description and exhibit to be used by the School District to prepare a document for recording. An easement would be needed to allow the City maintenance of the existing utility under the artificial turf. $800.00

    b. Obtain soil boring data with analysis and report on structural capabilities of soils to support the proposed building, sports lighting, scoreboard, pavement and synthetic turf improvements.
        i. A cost of $14,800 is included in our fee for **Braun Intertec** to complete soil borings and geotechnical reporting.
    c. Visit project site to identify constraints/ opportunities which may affect the proposed improvements.
    d. Prepare Pre-Design Development Plans.
    e. Prepare Opinion of Probable Construction Costs.

2. **Preliminary Engineering and Schematic Design (SD)**
    a. Meet with School District personnel to obtain input on design of the stadium facility including the track and field events, turf field, concessions/ restroom building, press box, bleacher upgrades, and to establish and refine the preliminary program for improvements.
    b. Collect feedback and begin development of the Schematic Design (SD) Plans
    c. Meet with City personnel to determine Site- and Building-related design and construction permit requirements, including submittal deadlines.
    d. Explore and consider design options which may affect project scope and budget.
    e. Prepare Schematic Design Plans to provide a general overview of the scope of work planned for the site and building, including Opinion of Probable Construction Cost.

3. **Design Development (DD)**
    a. Prepare Design Development plans based on Owner input and incorporating design requirements set forth in previous SD phase.
    b. Refine and develop working plans from SD Phase and develop the following sheets, depending on approved scope and budget:
        i. Site Removals and Demolition Plan
        ii. Site Geometric and Layout Plan
        iii. Fencing and Finishing Plan
        iv. Grading and Drainage Plan
        v. Utility Plan and Stormwater Management (SWPPP) Plan
        vi. Construction Details
        vii. Grandstand upgrade plans
        viii. Press Box floor plans, elevations and sections
        ix. Building floor plans, elevations and sections including Preliminary engineering for building-related structural, electrical, and plumbing.
        x. Preliminary Site Electrical Plan(s)
    c. Submit Design Development plans to City (and Watershed) for preliminary review and approval, as required.
    d. Refine Opinion of Probable Construction Costs.
    e. Submit Design Development plans to the Owner and obtain approval to proceed to Construction Documents phase.

4. **Construction Documents (CD)**
    a. Prepare Construction Documents based on approved Design Development plans, including working drawings and technical specifications. Plans may include the following sheets, depending on approved scope and budget:
        i. Site demolition and removals plan
        ii. Site geometric plan
        iii. Site finishing plan
        iv. Grading and drainage plan
        v. Utility plan for storm sewer, watermain, and sanitary sewer
        vi. Erosion control/SWPPP plans
        vii. Landscaping plan
        viii. Irrigation plan
        ix. Site-related detail sheets

x. Grandstand upgrade plans
xi. Press Box floor plans, elevations and sections
xii. Field lighting plans and detail sheets
xiii. Building-related plans, elevations, sections and detail sheets, including Structural, Electrical, and Plumbing plans for the building work.

b. Assist Owner in preparing Bidding documents.
c. Submit documents to Owner for review and approval for bidding.

5. **Bidding**
   a. Prepare Advertisement for bids for the Owner to submit to the local legal publication.
   b. Prepare addenda during the bidding phase.
   c. Answer questions to assist contractors in their bidding.
   d. Analyze bids and make recommendations to Owner.

6. **Contract Administration and Construction Observation (CA)**
   a. Prepare and issue Notice to Proceed to the successful bidder.
   b. Conduct pre-construction conference and construction meetings.
   c. Organize and provide minutes from meetings.
   d. Make periodic site observations, typically on a weekly basis.
   e. Provide interpretation of Contract Documents, as required.
   f. Review testing reports prepared by others for construction-related testing.
   g. Recommend approval or rejection of requests for substitution.
   h. Certify Contractor's requests for payment.
   i. Make pre-final and final inspection with Owner and Contractor at the completion of all site work.
   j. Provide follow-up review of completed punch list items.
   k. Prepare Substantial Completion Document.

B. Project Schedule

Bolton & Menk and Wendel Architects' staff members are available immediately to work with you on this project. We understand it is the intent of Minneapolis Schools to accomplish design work this Summer/ Fall to support Bidding this Winter and construction during the Summer months of 2026. With that, we propose the following project schedule:
Considering the above, we anticipate the following project schedule:

DESIGN

Authorize professional services	July 2025
Data Collection and Site Investigation	July – August 2025
Preliminary Engineering/ Schematic Design (SD)	September – October 2025
Design Development Plans and Costs	October - November 2025
Develop 50% CD plans, meet with Owner	early-December 2025
Complete Bid Documents, review with Owner	mid-January 2026
Advertising for Bids	late-January 2026
Bid Opening	mid-February 2026
Board Meeting to approve bid	March 2026

CONSTRUCTION

Notice to Proceed	April 2026
Construction Start	May 2026
Substantial Completion	late-August 2026 (except for track surface and building)
Final Completion	Spring 2026

C. Professional Fees

As noted above, Item A.1, we propose to obtain topographic and boundary survey ($7,100) as well as soil boring and geotechnical recommendations ($14,800) for the stadium site.

Lump Sum Fee (survey & borings): $21,900.

We propose to provide the services described herein - Items A.2 through 5 - for a lump sum fee of $557,500, which is ~7.75% of the current estimated construction cost of $7,200,000.

Phase breakdown of fee (for invoicing purposes):

Design Services:

Schematic Design (SD)	$ 83,600.
Design Development (DD)	$111,500.
Construction Documents (CD)	$223,000.
Bidding	$ 18,200.
Construction Administration (CA)	$121,200.
	$557,500.

Total Proposed Fee:	**$579,400.**

2025 Fee Schedule

If additional services are requested of Bolton & Menk, Inc. which go beyond or are outside of the services described herein, we can either provide an amended proposal or invoice at the hourly rates described below. These rates include labor, general business, and other normal and customary expenses associated with operating a professional business.

Unless otherwise stated or described, the above fee includes vehicle and personal expenses, mileage, telephone, and routine expendable supplies; no separate charges will be made for these activities and materials. Expenses beyond the agreed scope of services and non-routine expenses, such as large quantities of prints, extra report copies, outsourced graphics and photographic reproductions, document recording fees, outside professional and technical assistance, and other items of this general nature will be invoiced separately. Rates and charges do not include sales tax, if applicable.

Classification	Hourly Billing Rate
Senior Landscape Architect	$160-268
Landscape Architect	$148-176
Landscape Designer	$98-196
Senior Project Engineer	$160-215
Project Engineer	$145-215
Senior Architect	$186-267
Architect	$150-175
Architectural Designer	$115-135
Senior Electrical Engineer/ Project Manager	$155-175
Design Engineer	$125-196
Electrical Engineer	$120-140
Technician	$75-182
Administrative/Corporate Specialists	$68-175

As important as it is to highlight the services included in our proposal, it is equally important to clarify site-related services not included in this proposal; these services are as follows:

- wetland delineation
- construction testing services
- project as-built document preparation
- construction staking
- construction document printing
- discovery, testing, monitoring, clean-up or neutralization of pollutants, mold, mildew, and other hazardous substances.

and building-related services not included are as follows:

- Hazardous material abatement
- Fire protection sprinkler system
- Concession space does not include stainless sinks/counters
- Food service equipment design
- Open cooking/commercial exhaust system
- Not designed as an ICC-500 rated tornado shelter
- Commissioning.

Diedra, we trust we have described the services you desire. Please let me know if you have any questions or need anything else!

Sincerely,
Bolton & Menk, Inc.

Design Milestones

0% Complete – Fully executed architectural contract

Once the Design team has a fully executed contract, work may commence. The Architect is required to download a new copy of the Minneapolis Public Schools (MPS) Master Specifications at this time. Previous project specifications shall not be used as a template for new projects. All changes to MPS Master Specifications will be recorded with track changes, with additions and deletions clearly identified at each Design Report Phase. The Architect shall utilize the MPS Design Guidelines in the development of the Work. Deviations from design guidelines shall be documented and sent to the Owner for Approval. The Architect shall conform to the MPS Revit and Drafting Standards including MPS sheet numbering conventions and begin the Work with the MPS Revit template provided by the Owner.

1% Complete – Project Steering Team Kickoff Meeting

The Owner will schedule the first meeting of the Project Steering Team, a team that discusses project scope, schedule, and budget and makes recommendations to the Owner. This team needs to meet at the onset of the project to provide background and input for the design team. The meeting will be in person and will have an agenda prepared by the Owner's Project Manager that includes:

1. Welcome and Introductions
2. Team roles and responsibilities
3. Communication protocol and confidentiality agreement
4. Project Overview
5. Next Steps

The Architect is expected to provide a presentation, a clear ask of the group, and any available graphics that can describe the scope of work to the team. Graphics at this stage may include aerial photographs, photographs of the building and site, massing models if available, or rudimentary renderings if available. Any graphics that were included in the RFP may be used to describe the scope of work. The Owner will present the most recent list of maintenance requirements that should be incorporated into the project. Generally, the maintenance needed matches the project budget detail. However, on occasion, the maintenance required for the project may change to accommodate the most needed items.

5% Complete – Quality Assurance / Quality Control (QAQC) #1 – Existing Conditions Meeting

The Owner will coordinate a meeting with the Architect and the Owner's QAQC team. The purpose of the meeting is to:

1. Introduce the design team to the QAQC team
2. Allow the QAQC team an opportunity to present important existing conditions to the Architect
3. Inform the Architect of any work that has been performed during pre-planning of the project and can be removed from scope.
4. Document all presented conditions for future reference whether they are included in the budget provided by the Owner at project kickoff or if they are outside the scope of the Work.
5. Identify known deficiencies in the building that are identified in the budget provided by the Owner at project kickoff.
6. Provide the Owner an opportunity to present deficiencies not identified in the budget that should be considered as part of the Work.

The Architect is expected to provide:

- Sign in sheet
- One person whose sole role at the meeting is to document the conversation and take photographs as needed
- Minutes that capture all presented conditions and general discussions during the meeting.
- If multiple component meetings are conducted (e.g. mechanical, electrical, plumbing) the Architect shall assign a person to each team to document the review.

10% Complete – Project Stakeholder Team Kickoff Meeting

The Owner will identify members of the Project Stakeholder team and schedule a meeting with the Architect. The Architect is expected to present preliminary information on the project that includes scope, schedule, and budget. The Architect shall provide graphics that are easy to interpret for a non-technical audience such as 3-D views, renderings, photographs, or video fly throughs.

15% Complete - Three Options Delivered

The Architect will deliver at least three options to illustrate proposed solutions that will be presented to the Steering Team. All three options must be within the budget provided by the Owner at project kickoff and address programmatic and maintenance goals of the Work. The goal of the meeting is to present options to the Steering Team and ask for recommendations to proceed with design. The Architect is responsible for providing:

- Images that depict the scope options in 3-D formats. Acceptable formats are:
    - Greyscale camera views from Revit
    - Video flythrough
    - perspectives
- Color-coded floor plan that clearly describes scope of work and any associated programmatic moves within the building.
- A table summary of preliminary costs broken into categories of maintenance and new items
- A meeting agenda
- A digital presentation as well as paper handouts
- Minutes

Estimates of expected costs at this stage shall be AACE International Class 4 levels. The cost estimate shall clearly show the expected accuracy range and provide sufficient detail and reference to determine the source and scope of the information. The estimate shall also identify potential risks to the project and estimated costs and mitigation strategies for further refinement.

20% Complete – City planning processes started

It is expected that projects with additions in excess of 2,500 sf or those that disturb more than one acre of land to take 10 to 12 weeks to complete the City of Minneapolis Planning Process. As soon as the Architect has:

- A survey, even in draft form
- A preliminary understand of how big and where any addition(s) will be
- Elevations or camera views from Revit
- Site plan, even in draft form

The Architect shall have an initial meeting with the Planning Department at the City of Minneapolis to discuss initial feedback related to site improvements and storm water conditions on the site. The architect shall

invite the Owner's Project Manager to the meeting. As soon as is practicable after the meeting, the Architect shall complete the online application to begin the PDR, LUA, CUP, and variance processes. The Architect shall develop meeting minutes for all meetings with the City. The meeting minutes shall be sent to all parties in attendance for verification of items discussed and to the Owner's Project Manager.

20% Complete – Commissioning Agent kickoff

The Owner will hire a Commissioning Agent for most projects. The Commissioning Agent will be responsible for design review and input throughout the project. The Architect will incorporate the Commissioning Agent comments upon review and approval by the Owner's Project Manager.

25% Complete – Schematic Design (SD) Report, Cost Estimate 1, Constructability Review 1, EDA preliminary report

The Architect will deliver the Schematic Design (SD) report to the Owner for review. The SD Report will be used to make final scope determinations, select mechanical options, and determine if the project is on budget and on schedule. The Owner will use Bluebeam software to compile Owner comments to return to the Architect. The Architect will identify any non-standard equipment or processes in this report for Owner approval. SD report shall include:

- All drawings created for the project to date. This shall include a complete title page that indicates all potential drawings that will form the Construction Drawings. All drawings shall be bookmarked in Bluebeam by the Architect as defined in Article 5 of the AIA E203-2015 to facilitate Owner reviews.
- MEP narratives
- Cost Estimate #1 that contains cost information for up to three mechanical options and up to two architectural variations that meet program needs. The cost estimate shall be an AACE International Class 3 estimate. The estimate shall provide enough detail to determine the major cost drivers for the project and adequate to understand the scope of the project. The cost estimate shall detail the level of accuracy and provide a narrative on the contingency value used and why. Where appropriate the maintenance items that are not part of the improvement items shall be detailed in the cost estimate
- Constructability Review #1
- Preliminary EDA report (not all projects should participate in EDA)
- All meeting minutes to date
- Survey
- City Planning Documentation
- Revit file archived at delivery of SD report

SD report must be in 8 ½ x 11 format with tabs. It must be delivered digitally as a PDF. The table of contents should read:

1. Project Background
    a. Executive Summary
    b. Project Goals
    c. Program goals
    d. Project Scope
    e. Preliminary Project Schedule showing both design, bidding and construction schedules
2. Existing Conditions
    a. Survey
    b. Site Plan
    c. Code Reviews

    d. Revit Camera Views or renderings
3. Design Options
    a. Architectural
    b. Mechanical
    c. Electrical
    d. Plumbing
    e. Food Service (if applicable), etc.
    f. Maintenance items identified in the 5% meeting.
4. Cost Estimate
    a. Project Budget breakdown for consultant services
    b. Cost Estimate. AACE International Class 3
    c. Constructability Review. List all risks and any unknown complexities.
5. EDA report (if applicable)
6. Minutes

35% Complete – MEP decisions Made

The Owner is committed to making any major MEP decisions such as choosing system types at this stage in order to allow the Architect to progress with drawings, designs and specifications. Documentation of decisions shall be provided in meeting minutes.

50% Complete – Design Development (DD) report, Cost Estimate 2, Constructability Review 2, Final EDA report

The Owner is committed to making design decisions early to have a robust submittal at this phase for review. For the DD Report, the Architect shall provide:

- Enough detail completed in at least one portion of the building (or major component of the project), to produce detail sheets, an idea of design intent with mechanical systems, and architectural decisions that indicate a final configuration.
- Specification sections that represent all or nearly all sections to be included in construction documents
- All drawings needed for a Construction Document shall be identified and in order.
- All drawings shall be bookmarked in Bluebeam by the Architect as defined in Article 5 of the AIA E203-2015 to facilitate Owner reviews.

DD report shall contain:

- Digital (PDF) drawings, and digital (MS Word) copy of the specification.
- All drawing sheets that will be included in the final set, even if they are blank,.
- Diagrammatic layouts of building systems
- Draft specification that contains all divisions, even if they are blank
- Cost estimate #2 in organized by major CSI division for construction items and detailed non-construction items. The cost estimate shall be an AACE International Class 3 estimate that shows the accuracy range of each item and the total.
- Constructability review #2
- Final EDA report (if applicable)
- Update on City of Minneapolis planning progress (if applicable)
- Revit file archived at delivery of DD report and delivered to the Owner

The Architect shall deliver one electronic copy to the Owner.

50% Complete – All major scope items have final decisions

The Owner will make final decisions on all major scope items to allow the Architect to create detailed drawings for the next review. The deliverable from the Owner to the Architect will be written confirmation of scope decisions.

75% Complete – QAQC #3 – Two Week Comprehensive Design Review

The Architect will prepare complete and detailed drawings and specifications for review by the Owner. The 75% set of drawings shall have 75% of all the drawings completed to 100%. All drawings in the Construction drawing set shall be identified on the index page. Detail numbering and references shown in the 75% drawings cannot be changed. Specifications shall be provided such that all specifications are identified and 75% of the specifications are in final form. All changes to the MPS Master Specifications shall be clearly shown using track changes. New specifications that are not part of the MPS Master Specifications shall be identified. Specifications shall be provided in an MS Word format for review. Drawings shall be provided in a PDF format for review. Comments to specifications will be made using track changes. Comments to drawings will be made in Bluebeam. The Architect shall document all comments and either incorporate them into the documents or provide an issue resolution document that details the comment and resolution and reasons not to include the change in the Construction Document. The Owner will compile comments and return them to the Architect following a two-week review period. Documentation shall include all elements required to accurately describe the work. The Architect shall maintain the 75% review set for reference. The Architect shall provide the Owner with a list of unresolved comments/changes at the 90% review stage. The Owner and Architect shall document any unresolved item not included in the final project set and place that in the file.

80% Complete – Construction Document (CD) report, Cost Estimate #3, Constructability Review #3

Construction Document (CD) report is the basis for a final quality control check by the Owner. The drawings shall be complete. Cost estimates shall be at the AACE International Class 2 level with documented levels of accuracy for each item. The estimate shall include any risks, contingencies, exceptions and sources. Expected accuracy for each item is -10% to +20% or better. An estimate simulation shall be completed showing the outcome of various scenarios inside of the accuracy range. The final cost estimate shall not contain any amount for design contingency. At a minimum, 5% of the budget shall be represented in add alternates. Deliverables will include:

- Electronic (PDF) drawing set, electronic (MS Word) of the specification. Both shall be indexed for ease of review.
- Digital versions of all documentation. Drawings shall be in PDF and REVIT.
- All drawings shall be bookmarked in Bluebeam by the Architect as defined in Article 5 of the AIA E203-2015 to facilitate Owner reviews.
- Specifications shall be in MS Word format.
- Correspondence relevant to City of Minneapolis Planning processes or Plan Review processes
- All drawing sheets that will be included in the final set.
- Egress plan for construction zones while building is occupied
- Diagrammatic layouts of building systems
- Draft specification that contains all divisions
- No major changes in design intent or scope can occur between DD and CD report

- cost Estimate #3 organized by CSI division for construction items and detailed non-construction items at Class 2 level
- Constructability Review narrative
- Revit file archived at delivery of CD report

The Owner will require two weeks to review the documents to ensure completeness and accuracy. Architect shall incorporate Owner comments into the final construction documents prior to issuing the set for bid release.

90% Complete – Procurement Begins

100% Construction Documentation set is released for public bid. Architect will coordinate with Owner to set a date for the mandatory pre-bid meeting, publicize bid release, and produce a call for bids. Owner will approve all addenda issued during the procurement process and will have adequate time to review any major changes issued via addenda. The Architect is expected to attend the pre-bid meeting and provide responses to questions, issue addendums and document changes to designs, specifications and contract documents.

95% Complete

This is considered as the bid opening. All addenda have been issued and questions responded to. The bid opening shall be attended by the Architect. The Architect shall provide a review of the apparent low bid and a written recommendation of award to the Owner. If the apparent low bid exceeds the cost estimate provided by the Architect, a detailed review and analysis shall be conducted by the Architect to determine the areas that caused the over bid. The Architect shall also make a written recommendation to accept or deny the add alternates in the bid document.

100% Complete – Fully executed contract between Owner and General Contractor

The Architect shall submit to the Owner the Revit file containing the Construction drawings, the specifications in an MS Word format and any addenda issued in an MS Word format. The architect shall prepare the contract documents for award of the contract using Owner provided forms, issue the notice of award to the Contractor and collect the payment and performance bonds, insurance, letter of assent and other documents. Once executed by the Contractor, the Architect shall provide a complete set to the Owner for signature. Upon Board of Education approval of the contract, the Architect shall prepare a Notice to Proceed for the Contractor. The Architect shall provide the Notice to Proceed to the Owner for review. The Owner shall issue the Notice to Proceed to the Contractor.

Construction Phase

The Architect shall prepare all meeting agendas and produce meeting minutes for regular meetings throughout the construction phase. The Architect will notify the Owner of discussion topics prior to the scheduled meeting so the Owner may invite the appropriate MPS staff to participate in the meeting. Meeting minutes for all meetings shall be distributed within 5 working days of the meeting. All agendas and meeting minutes shall be provided to the Owner for review in an MS Word format. Changes will be documented using track changes.

Submittals

The Architect shall follow the Owner's process for submittals. Contractor shall send submittals to the Architect in accordance with the submittal schedule prepared by the Contractor. The Architect shall document submittal schedule variances and provide the information to the Contractor and the Owner each

month. The Architect shall review all submittals and determine if the submittal meets the Contract Documents. Each submittal shall be labeled with a stamp or similar that identifies the reviewer of the submittal, date of review and action. Submittals shall be marked as:

- No exception taken
- Make Corrections Noted
- Revise and Resubmit
- Rejected
- No submittal is required

A copy of each submittal shall be provided to the Owner. The Architect shall be responsible for developing and maintaining a complete and accurate submittal log. The submittal log shall identify the submittal number, description, date received from contractor, date sent to reviewer, date returned from reviewer, action, date sent back to the Contractor and date when Owner was provided a copy. If the Architect is unclear as to the requirements of the contract documents or should the Architect need input from the Owner, the Architect shall contact the Owner's Project Manager. All substitution requests shall be sent to the Owner for review. The Owner requires a minimum of one week for all reviews. The Architect shall log and track all items sent to the Owner for review and monitor the review schedule.

Substantial Completion

The Architect shall review the punch list provided by the Contractor to verify the list is complete and accurate based on the Architect's review. The Architect shall issue a preliminary final punch list of items to the Owner and schedule a punch list site review with the Owner. The punch list may be modified because of the Owner's punch list site review. The Architect shall then issue a final punch list to the Owner and Contractor. If the Owner and Architect deem the project substantial complete in accordance with Contract Documents, the Architect shall prepare and deliver a Certificate of Substantial Completion to the Contractor and Owner establishing the date of substantial completion. The punch list provided at the time of Substantial Completion shall include the Architect's estimate of costs to repair each of the items on the punch list. The estimate provided shall form the basis of the amount of retainage to be withheld for the punch list items in accordance with Minnesota Statute. Issuance of the Certificate of Substantial Completion shall include the final punch list and establish the date of substantial completion. The punch list shall include a complete list of all manuals, warranties, commissioning reports and other items required by the Contractor as part of the Contract Documents that was not previously provided to the Owner and accepted. If the project is not deemed substantially complete by the date established in the Contract Documents, the Architect will inform the Contractor of the liquidated damages provision in the Contract Document and apply liquidated damages to the next progress payment as directed by the Owner until the Certificate of Substantial Completion is issued.

Final Completion

The architect shall schedule and be present at the final completion walk through with the Owner. This walk through shall be the final verification of outstanding item completion. Documentation of the completed items shall be maintained by the Architect and submitted to the Owner. The Architect will review the final documents and manuals provided by the Contractor. The Architect shall request a final payment application from the Contractor. After reviewing the final application and approving, forward to the Owner for final payment.

At final completion, the architect shall provide an updated floor plan for the entire building in a PDF format. The architect may amend existing floor plans to show the additions and renovations that have occurred.

Post Construction Phase

One Year Warranty Review

The Architect shall schedule with the Owner, the one-year warranty review. This will be scheduled between 10 and 12 months from the date of substantial completion. This meeting is designed to identify warranty items that need to be repaired/replaced as required by the Contract Documents. The Architect shall schedule the meeting, take notes and follow up on items identified in the warranty walk through.

EXHIBIT C Owner Insurance

Insurance Requirements

1. CONSULTANT'S INSURANCE – to be used with AIA B101-2017, AIA C103-2015, or similar non-contractor consultants:
   The Consultant shall at its own expense maintain in effect at all times during the performance of the Work under the Agreement at least the following coverage and limits of insurance:

   a. Worker's Compensation and Employer's Liability Insurance

      i. Coverage A is statutory.

      ii. Coverage B
      $500,000 Each Accident
      $500,000 Each Employee
      $500,000 Policy Limit (Disease)

   b. Comprehensive General Liability Insurance *

General Aggregate	$1,000,000
Products/Completed Operations Aggregate	$1,000,000
Per Occurrence	$1,000,000

Underinsured Motorist	$1,000,000
Uninsured Motorist	$1,000,000

   d. Professional Liability Insurance

      i. Per Claim $2,000,000

ii. For projects with an estimated construction Contract Sum of over $10,000,000 or major structural work an aggregate is required as follows:
Aggregate $4,000,000

e. Umbrella Liability Insurance

i. Per Occurrence $2,000,000

ii. For projects with an estimated construction Contract Sum of over $10,000,000 or major structural work an aggregate is required as follows:
Aggregate $2,000,000

f. Manned or Unmanned Aircraft Coverage (if used)

i. Per Claim $1,000,000

ii. Aggregate $1,000,000

For specialty consultants used for commissioning activities, studies, asbestos surveys and security, items A, B, C and F shall apply.

Special Asbestos Abatement Liability Insurance is required for Asbestos Abatement Contractors. The limits are $1,500,000 per claim, for liability arising from the encapsulation, removal, handling, storage, transportation, and disposal of asbestos-containing materials.

2. CONSULTANT'S OBLIGATIONS

Consultant shall not violate or knowingly permit any violation of any conditions or terms of the policies of insurance required to be carried under the terms hereof and shall endeavor to satisfy the requirements of the insurance companies issuing them. In the event Consultant neglects, refuses or fails to provide or maintain any of the insurance required to be carried under the Agreement, or if such insurance is canceled for any reason, the Owner or the Owner's lender(s) shall have the right, but not the duty, to procure or maintain the same.

In the event the Owner or the Owner's lender(s) do procure or maintain such insurance, the Owner or the Owner's lender(s) shall have, in additional to any and all other available remedies, the right to recover from the Consultant (including the right of set-off against sums otherwise due the Consultant) all of the costs associated with procuring or maintaining such insurance.

3. PROFESSIONAL LIABILITY INSURANCE

   a. Professional Liability Coverage of $2,000,000 shall be maintained for one (1) year from the date of Substantial Completion. If the Consultant discontinues its business and if directed by Owner in writing, Consultant shall purchase such insurance in such amount for an extended discovery period beyond the one (1) year after the date of Substantial Completion, with the premium cost to be a reimbursable expense paid by the Owner. The limit of liability for such policy may not be reduced below $2,000,000 without the Owner giving its prior, written consent. All policies of insurance that Consultant is required under the terms of this Exhibit C Owner's Insurance to secure and maintain shall bear the endorsement "Not to be canceled until sixty (60) calendar days after Owner has received a written notice from insurer as evidence by a return receipt of registered or certified mail."

   b. The Owner shall not be responsible for obtaining or paying premiums or other expenses in connection with insurance required to be carried under the Agreement or normally carried by the Consultant's consultants, and the obligation to obtain such insurance and to pay such premiums and other expenses shall be solely that of the Consultant.

   c. The Consultant shall bear all the costs of any and all deductible amounts under any insurance policies required to be carried under the Agreement and shall remain solely and fully liable for the full amount of any claim or item not compensated by insurance (to the extent that any amount resulted from damages that arose out of the Consultant's sole negligence.)

4. COVERAGE
   The coverage's referred to above are set forth in full in the respective policy forms, and the foregoing descriptions of such policies are not intended to be complete.

5. GENERALLY

   a. The Consultant thereby represents and warrants to the Owner that, as of the date of the execution of the Agreement, the Consultant is not aware of any claims or potential claims which have been made, filed or threatened against any of the insurance or for damages covered by any of the insurance required to be carried under the Agreement that would affect the Consultant's ability to provide the insurance coverage required by this agreement.

b. It is understood that the provisions in the Agreement requiring the Consultant to carry insurance shall not be construed as in any manner waiving or restricting the liability of the Consultant as to any obligations imposed under the Agreement, including, but not limited to, obligations imposed under the provisions of Article 11 of the AIA A201-2017 General Conditions.

Insurance requirements for Contractors

1. CONTRACTOR'S INSURANCE – to be used with AIA A101-2017
   The Contractor shall at its own expense maintain in effect at all times during the performance of the Work under the Agreement at least the following coverage and limits of insurance:

   a. Commercial General Liability

      i. General Aggregate $1,500,000

      ii. Products/Completed Operations Aggregate $1,500,000

      iii. Per Occurrence $1,500,000

      The Owner shall be named as additional insured for Commercial General Liability Insurance

   b. Automobile Insurance

      i. Per Occurrence $1,000,000

      ii. PIP Basic

      iii. Underinsured Motorist $1,000,000

      iv. Uninsured Motorist $1,000,000

   c. Workers Compensation

      i. Coverage A is statutory.

      ii. Coverage B $500,000 Each Accident

      iii. $500,000 Each Employee

d. Professional Liability (if the Contractor is hiring professionals)

   i. Per Claim $2,000,000

   For Projects with an estimated construction cost of over $10,000,000 or major structural work, additional Aggregate coverage of $4,000,000 is required.

e. Manned or Unmanned Aircraft Coverage (if used)

   i. Per Claim $1,000,000

   ii. Aggregate $1,000,000

f. Property Insurance

   i. Per Claim $1,000,000

   ii. Aggregate $1,000,000

   This insurance is only required for materials stored offsite and not incorporated into the project at delivery. For material stored on site, no additional insurance is required.

g. Builders “all risk” Insurance

   i. Per Claim $2,000,000

   ii. Aggregate $4,000,000

   This insurance is only required for additions exceeding $10,000,000. Renovations to existing schools are not required to have builders all risk insurance.

h. Umbrella Liability

   i. Aggregate limit $5,000,000

   This insurance is required only for projects larger than $10,000,000 in total construction costs.

EXHIBIT D - Owner Requirements

Targeted Group Business

The Owner's Targeted Group Business goal is 12%. The Architect will employ the following strategies:

- Expanding the Professional identity of the targeted business with the design and construction industry.
- Creating opportunities for networking and exposure of the targeted business by team with other consultants.
- Encouraging leadership and management within both organizations and the targeted business through the design and construction process.
- Gaining new perspectives and encouraging cultural change within the firm by working with targeted business.

Quality Performance and Owner Provisions

The following are checklists to enhance quality performance tracking and requirements to promote improved delivery for Architect work items most commonly encountered throughout design and construction.

Before design commences

1. The Architect shall begin design with current download of the Owner's published Master Specifications as provided by the Owner at design kickoff.
2. The Architect shall design to the Owner's published design guidelines and requirements as provided by the Owner at design kickoff. Deviation from the design standard shall be clearly noted on all drawings and specifications up to CD.
3. The Architect shall conform to the Owner's Revit and Drafting Standards as provided by the Owner at design kickoff.
4. The Architect shall begin the 3-D model with the Owner's Revit template as provided by the Owner at design kickoff.
5. The Architect shall be familiar with the City of Minneapolis Planning Review Process.

During Design

1. Conform to all activities required in Article 3 of AIA Document B101-2017.
2. The Architect shall conform to the Owner's design milestones and deliverables as defined in EXH-B.

3. The Architect shall incorporate the Owner's review comments provided during design phases into the final design prior to project bid. Comments shall be cataloged by the Architect and resolution to comments clearly explained.
4. The Architect shall be familiar with the Owner's Procurement requirements.
5. The Architect shall own all agendas and meeting minutes throughout the design process.
6. The Architect shall document all major decision points.
7. The Architect shall present to the Owner's community stakeholders as required.

During Construction Administration

1. Conform to all activities required in Article 3 of AIA Document B101-2017.
2. The Architect shall own all agendas and meeting minutes throughout the construction process.

During Substantial Completion

1. Conform to the requirements of Article 3 in AIA Document B101-2017.
2. Confirm with the Owner the completeness of the punchlist before finalizing.
3. Provide the Owner with a detailed estimate to complete or repair all items on the substantial completion punchlist.

During Project Closeout

1. Conform to all activities required in Article 3 of AIA Document B101-2017.
2. Within thirty (30) days of the date of Substantial Completion, the Architect shall provide the Owner, in writing, a list of incomplete items and the cost to complete those items.

Safety Precautions and Programs

While on location of the Project, the Architect hereby agrees to and shall comply with the following Owner safety requirements.

1. Security Identification Badges: The Owner requires all personnel to wear an identification badge when at a facility of the Owner. The identification badge is to remain on personnel and clearly visible at all times. No one is permitted on-site without an identification badge. The identification badge shall contain the following:

    a. A legible photograph of the individual (passport sized photo)

    b. Name of the individual (Minimum 14 point font)

    c. Name of the employer (Company name, minimum 14 point font)

d. The badge shall be plastic-laminated.

e. The badge identification size shall be 3 ½" x 2 ½" minimum.

2. All personnel are required to check in with the main office to sign in, get a badge, and indicate their destination within the building while school is in session. All personnel are required to sign out in the main office upon completion of their site visit.

3. No personnel will be allowed to prop doors open and leave them unattended.

Project Building Information Modeling Protocol Form

PROJECT: *(Name and address)*
Defined in EXH-A Project Charter

PROTOCOL VERSION NUMBER:

DATE: March 13, 2018

PREPARED BY: Minneapolis Public Schools

DISTRIBUTION TO: *(List each individual to whom this protocol is distributed. Include individuals listed in Section 1.1, or reference Section 1.1, along with any additional recipients.)*
Defined in EXH-A Project Charter

TABLE OF ARTICLES

1 GENERAL PROVISIONS

2 LEVEL OF DEVELOPMENT

3 MODEL ELEMENTS

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 For each Project Participant that has incorporated the Project specific AIA Document E203™–2013, Building Information Modeling and Digital Data Protocol Exhibit, dated , into its agreement for the Project, identify and provide the contact information for individuals responsible for implementation of the Modeling protocols. If, for any Project Participant, more than one individual will be responsible for implementation of the Modeling protocols, list each individual separately and describe the unique Modeling Role assigned to each individual.

Modeling Role	Project Participant	Individual Responsible	Contact Information

§ 1.2 This document establishes the Modeling protocols for the Project. For purposes of these protocols, the Model is comprised of the following information and other data sets: *(Indicate disciplines, separate models, and other data that will be included within the Model and governed by the Modeling protocols.)*

§ 1.3 Collaboration Protocols. The Project Participants' protocols for the collaborative utilization of the Model, if any, including communications protocols, a collaboration meeting schedule and colocation requirements, are as follows:

§ 1.4 Technical Requirements. The technical requirements relating to the utilization of Building Information Modeling, including specific software and hardware requirements are as follows:

ADDITIONS AND DELETIONS:
The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

This document is intended to be used in conjunction with a Project specific AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, which the Parties will incorporate into their agreement for the Project, and a Project specific AIA Document G201™–2013, Project Digital Data Protocol Form.

§ 1.5 Training and Support. The parameters for any training or support program(s) that will be implemented with respect to any collaboration strategy or technical requirements are set forth below:

§ 1.6 Model Standard. The Model shall be developed in accordance with the following Model Standard, if any:

§ 1.7 Model Management Protocols and Processes

The following Model Management Protocols and Processes shall apply to the Project only if specifically designated in the table below as being applicable.

(Designate the Model Management Protocols and Processes applicable to the Project in the second column of the table below. In the third column, indicate whether the detailed description of the Model Management Protocol or Process is located in Section 1.8 or in an attached exhibit. If in an exhibit, identify the exhibit.)

Model Management Protocols and Processes		Applicability to Project *(Applicable or Not Applicable)*	Location of Detailed Description *(Section 1.8 below or in an attachment to this exhibit identified below)*
§ 1.7.1	Model origin point, coordinate system, precision, file formats and units		
§ 1.7.2	Model file storage location(s)		
§ 1.7.3	Processes for transferring and accessing Model files		
§ 1.7.4	Naming conventions		
§ 1.7.5	Processes for aggregating Model files from varying software platforms		
§ 1.7.6	Model access rights		
§ 1.7.7	Design coordination and clash detection procedures.		
§ 1.7.8	Model security requirements		

§ 1.8 Insert a description of each Model Management Protocol and Process identified in Section 1.7, if not further described in an exhibit attached to this document:

§ 1.9 Terms in this document shall have the same meaning as those in AIA Document E203–2013.

ARTICLE 2 LEVEL OF DEVELOPMENT

§ 2.1 The Level of Development (LOD) descriptions, included in Section 2.2 through Section 2.6 below, identify the specific minimum content requirements and associated Authorized Uses for each Model Element at five progressively detailed levels of completeness. The Parties shall utilize the five LOD descriptions in completing the Model Element Table at Section 3.3.

§ 2.2 LOD 100

§ 2.2.1 Model Element Content Requirements. The Model Element may be graphically represented in the Model with a symbol or other generic representation, but does not satisfy the requirements for LOD 200. Information related to the Model Element (i.e., cost per square foot, tonnage of HVAC, etc.) can be derived from other Model Elements.

§ 2.2.2 Authorized Uses

§ 2.2.2.1 Analysis. The Model Element may be analyzed based on volume, area and orientation by application of generalized performance criteria assigned to other Model Elements.

AIA Document G202™ – 2013. Copyright © 2013 by The American Institute of Architects. **All rights reserved. WARNING: This AIA® Document is protected by U.S. Copyright Law and International Treaties. Unauthorized reproduction or distribution of this AIA® Document, or any portion of it, may result in severe civil and criminal penalties, and will be prosecuted to the maximum extent possible under the law.** This document was produced by AIA software at 12:25:37 on 03/23/2018 under Order No.8259021829 which expires on 03/18/2019, and is not for resale.
User Notes: (1685548663)

§ 2.2.2.2 Cost Estimating. The Model Element may be used to develop a cost estimate based on current area, volume or similar conceptual estimating techniques (e.g., square feet of floor area, condominium unit, hospital bed, etc.).

§ 2.2.2.3 Schedule. The Model Element may be used for Project phasing and determination of overall Project duration.

§ 2.2.2.4 Other Authorized Uses. Additional Authorized Uses of the Model Element developed to LOD 100, if any, are as follows:

§ 2.3 LOD 200

§ 2.3.1 Model Element Content Requirements. The Model Element is graphically represented within the Model as a generic system, object, or assembly with approximate quantities, size, shape, location, and orientation. Non-graphic information may also be attached to the Model Element.

§ 2.3.2 Authorized Uses

§ 2.3.2.1 Analysis. The Model Element may be analyzed for performance of selected systems by application of generalized performance criteria assigned to the representative Model Elements.

§ 2.3.2.2 Cost Estimating. The Model Element may be used to develop cost estimates based on the approximate data provided and quantitative estimating techniques (e.g., volume and quantity of elements or type of system selected).

§ 2.3.2.3 Schedule. The Model Element may be used to show ordered, time-scaled appearance of major elements and systems.

§ 2.3.2.4 Coordination. The Model Element may be used for general coordination with other Model Elements in terms of its size, location and clearance to other Model Elements.

§ 2.3.2.5 Other Authorized Uses. Additional Authorized Uses of the Model Element developed to LOD 200, if any, are as follows:

§ 2.4 LOD 300

§ 2.4.1 Model Element Content Requirements. The Model Element is graphically represented within the Model as a specific system, object or assembly in terms of quantity, size, shape, location, and orientation. Non-graphic information may also be attached to the Model Element.

§ 2.4.2 Authorized Uses

§ 2.4.2.1 Analysis. The Model Element may be analyzed for performance of selected systems by application of specific performance criteria assigned to the representative Model Element.

§ 2.4.2.2 Cost Estimating. The Model Element may be used to develop cost estimates suitable for procurement based on the specific data provided.

§ 2.4.2.3 Schedule. The Model Element may be used to show ordered, time-scaled appearance of detailed elements and systems.

§ 2.4.2.4 Coordination. The Model Element may be used for specific coordination with other Model Elements in terms of its size, location and clearance to other Model Elements including general operation issues.

§ 2.4.2.5 Other Authorized Uses. Additional Authorized Uses of the Model Element developed to LOD 300, if any, are as follows:

AIA Document G202™ – 2013. Copyright © 2013 by The American Institute of Architects**. All rights reserved. WARNING: This AIA® Document is protected by U.S. Copyright Law and International Treaties. User Notes: (1685548663)

§ 2.5 LOD 400

§ 2.5.1 Model Element Content Requirements. The Model Element is graphically represented within the Model as a specific system, object or assembly in terms of size, shape, location, quantity, and orientation with detailing, fabrication, assembly, and installation information. Non-graphic information may also be attached to the Model Element.

§ 2.5.2 Authorized Uses

§ 2.5.2.1 Analysis. The Model Element may be analyzed for performance of systems by application of actual performance criteria assigned to the Model Element.

§ 2.5.2.2 Cost Estimating. Costs are based on the actual cost of the Model Element at buyout.

§ 2.5.2.3 Schedule. The Model may be used to show ordered, time-scaled appearance of detailed specific elements and systems including construction means and methods.

§ 2.5.2.4 Coordination. The Model Element may be used for coordination with other Model Elements in terms of its size, location and clearance to other Model Elements, including fabrication, installation and detailed operation issues.

§ 2.5.2.5 Other Authorized Uses. Additional Authorized Uses of the Model Element developed to LOD 400, if any, are as follows:

§ 2.6 LOD 500

§ 2.6.1 Model Element Content Requirements. The Model Element is a field verified representation in terms of size, shape, location, quantity, and orientation. Non-graphic information may also be attached to the Model Elements.

§ 2.6.2 Authorized Uses. Specific Authorized Uses of the Model Element developed to LOD 500, if any, are as follows:

ARTICLE 3 MODEL ELEMENTS

§ 3.1 Reliance on Model Elements

§ 3.1.1 At any particular Project milestone, a Project Participant may rely on the accuracy and completeness of a Model Element only to the extent consistent with the minimum data required for the Model Element's LOD for that Project milestone as identified below in the Model Element Table, even if the content of a specific Model Element includes data that exceeds the minimum data required for the identified LOD.

§ 3.1.2 Coordination and Model Refinement

Where conflicts are found in the Model, regardless of the phase of the Project or LOD, the Project Participant that identifies the conflict shall promptly notify the Model Element Authors and the Project Participant identified in AIA Document E203–2013 Section 4.8 as being responsible for Model management. Upon such notification, the Model Element Author(s) shall act promptly to evaluate, mitigate and resolve the conflict in accordance with the processes established in Section 1.7.7, if applicable.

§ 3.2 Table Instructions

§ 3.2.1 The Model Element Table in Section 3.3 indicates the LOD to which each Model Element shall be developed at each identified Project milestone and the Model Element Author.

§ 3.2.2 Abbreviations for each Model Element Author to be used in the Model Element Table are as follows:
(Provide abbreviations, such as "A—Architect," or "C—Contractor.")

CONTRACT FOR SERVICES – $25,000 above

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and College Tutors "Contractor" (collectively "parties") to provide Title I and Title III instructional services to eligible students at Hope Acaemy, Cristo Rey Jesuit High School, Iqra School, and Minnehaha Academy

TERM OF CONTRACT

1.1 This Contract is effective on 8/11/2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until 7/31/2026, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 ***Total Obligation***

District's total obligation to Contractor under this Contract, including compensation for goods, services, and reimbursable expenses shall not exceed $ 1,001,756.20. Contractor

shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 ***Frequency of Invoicing and Terms of Payment***

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 ***Taxes.***

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

3.4 ***Fund Availability; Federal Funds Contingency.***

Financial obligations of District payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted and otherwise made available. If this Contract is funded in whole or in part with federal funds, District's payment obligations

are subject to and contingent upon the continuing availability of federal funds for the purposes hereof.

4 GENERAL TERMS AND CONDITIONS

4.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

5 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

5.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

6 BACKGROUND CHECKS

6.1 Contractor shall screen Contractor and all paid and volunteer employees and agents, including interviews, reference checks, credit history (if handling district funds), driving history and insurance coverage (if transporting district staff, students or families). And, Contractor shall conduct criminal background checks in accordance with state and federal law and District policy for Contractor and all paid and volunteer employees and agents who will have direct contact with children under this Contract. Background checks will be done prior to any contact with children, and shall be done in accordance with applicable state and federal laws, including but not limited to Minn. Stat. Sections 299C.61-.64; Minn. Stat. Section 123B.03; 42 U.S.C.Section 5119a and 42 U.S.C. Section 14501-05.

6.2 Contractor is responsible for ensuring that all paid and volunteer employees and agents who will be in contact with District staff and students are appropriate persons to conduct such work.

7 DATA PRIVACY

7.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

7.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign **Exhibit C** ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

8 OWNERSHIP OF MATERIAL

8.1 The Contractor expressly waives to the District any claim to copyright pertaining to all new materials, publications, and documents produced as a result of this Contract and agrees that the District shall have exclusive right to and responsibility for their distribution, publication, copyrighting (when applicable) and all other matters relating to dissemination of the materials. Contractor shall not use, willingly allow or cause to have such materials used for any purpose other than performance of Contractor's obligations under this Contract without prior written consent of the District.

9 USE OF DISTRICT NAME OR LOGO

9.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

10 INDEPENDENT CONTRACTOR

10.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding,

worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

10.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

11 WORKER HEALTH, SAFETY AND TRAINING

11.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

12 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

12.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

13 INSURANCE

13.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

13.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

13.3 Contractor or its members shall also maintain property insurance coverage for the facility in which the program is located if it is not in a district building. Contractor and its members shall obtain and maintain insurance covering claims for the loss of or damage to its personal property that may be caused by students attending its programs.

13.4 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

14 INDEMNIFICATION

14.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

15 LIMITATION ON LIABILTY

15.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

16 CONFLICT OF INTEREST/CODE OF ETHICS

16.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

17 COMPLIANCE WITH LAWS AND DEBARMENT

17.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government.

Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

18 TERMINATION

18.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

18.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

18.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

19 RETURN OF DATA

19.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

20 RECORDS MANAGEMENT AND MAINTENANCE

20.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items

available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

21 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

21.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this

Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

21.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

22 NON-WAIVER

22.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

23 ASSIGNMENT

23.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

24 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

24.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

25 WARRANTY

25.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and

representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

26 SEVERABILITY

26.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

27 SURVIVABILITY

27.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

Exhibit A:

Deliverables:

To provide Title I instructional services to Title eligible students in the nonpublic schools for the purpose of accelerating reading and math proficiency for participating students. Services are provided to Title I and Title III eligible students attending Cristo Rey Jesuit High School, Hope Academy, Iqra School, and Minnehaha Academy. At each school, services are designed to help students achieve grade level proficiency, based on standardized assessments, in the area of reading and math proficiency.

Service Outcome:

A. Instructional Services. PROVIDER shall provide educational services to students which services are reasonably calculated to help students achieve, as a goal, one year's growth as determined by the standardized test that the nonpublic school uses. DISTRICT expects PROVIDER to provide accelerated instruction that assists students in achieving a gain greater than one year's expected growth.

B. Tutor Absences. PROVIDER shall make a good faith effort to provide a substitute teacher/tutor for any absence by the originally scheduled teacher/tutor only for any absence over three days, or as agreed upon by DISTRICT and/or nonpublic school officials.

C. Family Communication. PROVIDER shall ensure families are notified regarding their child's eligibility for service and provided information regarding their child's progress including, but not limited to the following:

1. PROVIDER shall notify families of their child's Title eligibility in the form of a MPS Title I Parent Notification Letter by October 31st of the current school year.

2. Families of students who are identified as eligible for and provided Title services after October 31st of the current school year will be notified via letter by PROVIDER no more than two weeks after PROVIDER has received notice of the student's Title I eligibility.

3. PROVIDER will hold an annual MPS Title Parent/Family Information Meeting with parents of Title students by October 31st of the current school year.

4. PROVIDER will give written progress reports and results of any testing it administered to that student at quarterly intervals to the student's parent/guardian at a minimum of four (4) times per year.

5. PROVIDER shall attend nonpublic school conferences and other scheduled school/family events whenever practicable. These services shall be billed as instructional services.

6. PROVIDER will send letters of invitation, coordinate outreach, and contact families via phone, meeting or home visit as appropriate to notify eligible families at each of the nonpublic schools listed in Attachment B of their child's eligibility for MPS Title programs. Home visits shall be billed as instructional services.

7. Provider will work with nonpublic administrators and DISTRICT to coordinate and plan the scope of services for Title programs.

D. Cooperation. PROVIDER shall cooperate with DISTRICT, nonpublic officials, and each student's parent/guardian to develop an instructional program for the student. In cases where the instructional program has not been clearly defined, the PROVIDER will work with DISTRICT, in consultation with nonpublic school administrators, to develop a specific program at the nonpublic site within the parameters of the needs of the eligible students and the budget allocated at that site.

E. Identification of Students. PROVIDER shall provide services to all students who have been determined eligible and placed by DISTRICT with PROVIDER. For purposes of this Contract, a student will be deemed active once the student has been determined eligible for services by DISTRICT in collaboration with nonpublic officials.

F. Site Access. PROVIDER shall allow DISTRICT representatives and the student's parents or guardians' reasonable access to the site where PROVIDER provides educational services.

G. Equipment. All equipment purchased with Title funds are the property of the DISTRICT, not the PROVIDER.

H. Neutrality. Classroom space, instruction, and materials and supplies are to be secular, neutral, and non-ideological.

I. Tutor Certification. Title tutors are to be qualified in the content area and grade level for which they are tutoring students.

J. Compliance. PROVIDER will comply with all applicable state and federal laws including Title I statutory and regulatory requirements.

K. Instruction. PROVIDER shall provide both Title I and Title III instructional services to eligible students. Subjects to be covered shall include reading and math proficiency. PROVIDER will ensure instructional group sizes are at appropriate levels to ensure student learning is accelerated and reasonably calculated to help students achieve, as a minimum goal, one year's growth as determined by the standardized tests that the nonpublic school uses.

L. Eligible Student. DISTRICT shall determine each student's eligibility in consultation with the nonpublic school administrators according to the use of multiple, educationally related objective selection criteria.

M. Reports and Documentation. PROVIDER shall provide DISTRICT with the following reports:

1. PROVIDER shall submit to the DISTRICT appropriate documentation of MPS Title I Parent/Family meetings such as MPS Title flyers, sign-in sheets, and parent/student surveys upon request.

2. PROVIDER shall submit to the DISTRICT copies of written progress reports and results of any testing it administered to students upon request.

3. Beginning September 2024, PROVIDER shall submit its invoices by the 30th of each month following services to DISTRICT in the previous month as described in Exhibit A of this contract, including daily attendance records.

4. PROVIDER shall maintain proper and current documentation, including but not limited to: annual background checks; a list of approved tutors, employees, and/or agents providing services to students; schedules for services provided to each nonpublic school site, daily records of student services rendered including the name and address of student; the name of the PROVIDER'S tutor, employee, and/or agents who rendered the service; and the amount of time of such service.

Method of Evaluation:

A. Evaluation. PROVIDER is responsible for evaluating the effectiveness of the Title I and Title III Programs. This includes but is not limited to the use of MPS provided benchmark assessments to monitor student progress in reading and math.

B. Site Review. DISTRICT may conduct an on-site review and/or instructional observations of PROVIDER. On-site reviews may be announced or unannounced. DISTRICT may request monthly meetings with PROVIDER, in person or by telephone, on services provided by PROVIDER. PROVIDER shall cooperate with all such reviews and requests.

C. Quality of Services and Contract Renewal. In contemplating renewal of this contract in successive years, DISTRICT shall analyze the number of eligible students who achieve greater than one year's growth, with the target of grade level proficiency.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

CONTRACT FOR SERVICES – $25,000 above

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and David Hoy and Associates "Contractor" (collectively "parties") to provide provide Title I instructional and counseling services to eligible students at Ascension Catholic School, Cristo Rey Jesuit High School, and Risen Christ Catholic School to D-AO-Funded Programs and School Improvement.

TERM OF CONTRACT

1.1 This Contract is effective on 08/11/2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until 06/30/2026, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 ***Total Obligation***

District's total obligation to Contractor under this Contract, including compensation for goods, services, and reimbursable expenses shall not exceed **$443,315**. Contractor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 ***Frequency of Invoicing and Terms of Payment***

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 ***Taxes.***

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

3.4 ***Fund Availability; Federal Funds Contingency.***

Financial obligations of District payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted and otherwise made available. If this Contract is funded in whole or in part with federal funds, District's payment obligations are subject to and contingent upon the continuing availability of federal funds for the purposes hereof.

4 GENERAL TERMS AND CONDITIONS

4.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

5 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

5.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

6 BACKGROUND CHECKS

6.1 Contractor shall screen Contractor and all paid and volunteer employees and agents, including interviews, reference checks, credit history (if handling district funds), driving history and insurance coverage (if transporting district staff, students or families). And, Contractor shall conduct criminal background checks in accordance with state and federal law and District policy for Contractor and all paid and volunteer employees and agents who will have direct contact with children under this Contract. Background checks will be done prior to any contact with children, and shall be done in accordance with applicable state and federal laws, including but not limited to Minn. Stat. Sections 299C.61-.64; Minn. Stat. Section 123B.03; 42 U.S.C.Section 5119a and 42 U.S.C. Section 14501-05.

6.2 Contractor is responsible for ensuring that all paid and volunteer employees and agents who will be in contact with District staff and students are appropriate persons to conduct such work.

7 DATA PRIVACY

7.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

8 OWNERSHIP OF MATERIAL

8.1 The Contractor expressly waives to the District any claim to copyright pertaining to all new materials, publications, and documents produced as a result of this Contract and agrees that the District shall have exclusive right to and responsibility for their distribution, publication, copyrighting (when applicable) and all other matters relating to dissemination of the materials. Contractor shall not use, willingly allow or cause to have such materials used for any purpose other than performance of Contractor's obligations under this Contract without prior written consent of the District.

9 USE OF DISTRICT NAME OR LOGO

9.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

10 INDEPENDENT CONTRACTOR

10.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding, worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

10.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

11 WORKER HEALTH, SAFETY AND TRAINING

11.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

12 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

12.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

13 INSURANCE

13.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

13.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

13.3 Contractor or its members shall also maintain property insurance coverage for the facility in which the program is located if it is not in a district building. Contractor and its members shall obtain and maintain insurance covering claims for the loss of or damage to its personal property that may be caused by students attending its programs.

13.4 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

14 INDEMNIFICATION

14.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

15 LIMITATION ON LIABILTY

15.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

16 CONFLICT OF INTEREST/CODE OF ETHICS

16.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

17 COMPLIANCE WITH LAWS AND DEBARMENT

17.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government. Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

18 TERMINATION

18.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

18.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

18.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

19 RETURN OF DATA

19.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

20 RECORDS MANAGEMENT AND MAINTENANCE

20.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the

delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

21 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

21.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

21.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

22 NON-WAIVER

22.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

23 ASSIGNMENT

23.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

24 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

24.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

25 WARRANTY

25.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all

defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

26 SEVERABILITY

26.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

27 SURVIVABILITY

27.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

Exhibit A:

Deliverables:

To provide Title I instructional services to Title eligible students in the nonpublic schools for the purpose of accelerating reading, math, and English language proficiency for participating students. Services are provided to Title I eligible students attending Ascension Catholic School, Cristo Rey Jesuit High School, and Risen Christ Catholic School Nonpublic schools in grades K-12 and designed to help students achieve grade level proficiency, based on standardized assessments, in the areas of reading, math, and English proficiency.

Service Outcome:

A. Community Partner. PROVIDER shall apply and become certified as a Minneapolis Public Schools Community Partner prior to providing any services under this contract and provide evidence of certification.

B. Instructional Services. PROVIDER shall provide educational services to students which services are reasonably calculated to help students achieve, as a minimum goal, one year's growth as determined by the standardized test that the nonpublic school uses. DISTRICT expects PROVIDER to provide accelerated instruction that assists students in achieving a gain greater than one year's expected growth.

C. Tutor Absences. PROVIDER shall make a good faith effort to provide a substitute teacher/tutor for any absence by the originally scheduled teacher/tutor only for any absence over three days, or as agreed upon by DISTRICT and/or nonpublic school officials.

D. Family Communication. PROVIDER shall ensure families are notified regarding their child's eligibility for service and provided information regarding their child's progress including, but not limited to the following:

1. PROVIDER shall notify families of their child's Title I eligibility in the form of a MPS Title I Parent Notification Letter by October 18th, 2025.

2. Families of students who are identified as eligible for and provided Title I services after October 18th, 2025 will be notified via letter by PROVIDER no more than two weeks after PROVIDER has received notice of the student's Title I eligibility.

3. PROVIDER will hold an annual MPS Title I Parent/Family Information Meeting with parents of Title I students by October 18th, 2025.

4. PROVIDER will give written progress reports and results of any testing it administered to that student at quarterly intervals to the student's parent/guardian at a minimum of four (4) times per year.

5. PROVIDER shall attend nonpublic school conferences and other scheduled school/family events whenever practicable. These services shall be billed as instructional services.

6. PROVIDER will send letters of invitation, coordinate outreach, and contact families via phone, meeting or home visit as appropriate to notify eligible families at each of the nonpublic schools listed in Attachment B of their child's eligibility for MPS Title I programs.

7. Provider will work with nonpublic administrators and DISTRICT to coordinate and plan the scope of services for Title I programs.

E. Cooperation. PROVIDER shall cooperate with DISTRICT, nonpublic officials, and each student's parent/guardian to develop an instructional program for the student. In cases where the instructional program has not been clearly defined, the PROVIDER will work with DISTRICT, in consultation with nonpublic school administrators, to develop a specific program at the nonpublic site within the parameters of the needs of the eligible students and the budget allocated at that site.

F. Identification of Students. PROVIDER shall provide services to all students who have been determined eligible and placed by DISTRICT with PROVIDER. For purposes of this Contract, a student will be deemed active once the student has been determined eligible for services by DISTRICT in collaboration with nonpublic officials.

G. Site Access. PROVIDER shall allow DISTRICT representatives and the student's parents or guardians' reasonable access to the site where PROVIDER provides educational services.

H. Equipment. All equipment purchased with Title I funds are the property of the DISTRICT, not the PROVIDER.

I. Neutrality. Classroom space, instruction, and materials and supplies are to be secular, neutral, and non-ideological.

J. Tutor Certification. Title I tutors are to be qualified in the content area and grade level for which they are tutoring students.

K. Compliance. PROVIDER will comply with all applicable state and federal laws including Title I statutory and regulatory requirements.

L. Instruction. PROVIDER shall provide both Title I instructional services to eligible students which are secular in nature. Subjects to be covered shall include reading and math proficiency. PROVIDER will ensure instructional group sizes are at appropriate levels to ensure student learning is accelerated and reasonably calculated to help students achieve, as a minimum goal, one year's growth as determined by the standardized tests that the nonpublic school uses.

M. Eligible Student. DISTRICT shall determine each student's eligibility in consultation with the nonpublic school administrators according to the use of multiple, educationally related objective selection criteria.

N. Reports and Documentation. PROVIDER shall provide DISTRICT with the following reports:

1. PROVIDER shall submit to the DISTRICT appropriate documentation of MPS Title I Parent/Family meetings such as MPS Title I flyers, sign-in sheets, and parent/student surveys upon request.

2. PROVIDER shall submit to the DISTRICT copies of written progress reports and results of any testing it administered to students upon request.

3. Beginning September 2025, PROVIDER shall submit its invoices by the 15th of each month following services to DISTRICT in the previous month as described in Exhibit A of this contract, including daily attendance records.

4. PROVIDER shall maintain proper and current documentation, including but not limited to: annual background checks; a list of approved tutors, employees, and/or agents providing services to students; schedules for services provided to each nonpublic school site, daily records of student services rendered including the name and address of student; the name of the PROVIDER'S tutor, employee, and/or agents who rendered the service; and the amount of time of such service.

Method of Evaluation:

A. Evaluation. PROVIDER is responsible for evaluating the effectiveness of the Title I Programs. This includes but is not limited to the use of MPS provided benchmark assessments to monitor student progress in reading and math.

B. Site Review. DISTRICT may conduct an on-site review and/or instructional observations of PROVIDER. On-site reviews may be announced or unannounced. DISTRICT may request monthly meetings with PROVIDER, in person or by telephone, on services provided by PROVIDER. PROVIDER shall cooperate with all such reviews and requests.

C. Quality of Services and Contract Renewal. In contemplating renewal of this contract in successive years, DISTRICT shall analyze the number of eligible students who achieve greater than one year's growth, with the target of grade level proficiency.

Fees:

DISTRICT and PROVIDER have agreed that the PROVIDER's hourly rate for Title I services is $157.46 per hour.

A. Administrative Costs: In all cases described in Exhibit A, the DISTRICT shall pay PROVIDER administrative costs in an amount not exceeding 10% of the total for Title I instructional services.

B. Family Involvement Costs. DISTRICT shall pay PROVIDER $150.00 per hour for services related to family involvement and family involvement activities. The provision of services related to family involvement is subject to the expectations set forth in Exhibit A.

C. Invoices. PROVIDER shall submit an invoice on its organizational letterhead for each month of service. From September 15, 2025 to June 15, 2026 PROVIDER shall submit invoices by the 15th of the month following the previous month of service for which it is billing DISTRICT based on the hourly rates listed above and listed in Exhibit B. Invoices must delineate services provided and fees billed for instructional services, family involvement services, professional development services, and administration services for each nonpublic school. PROVIDER shall submit its final invoice for fiscal year 2025-26 so that it is received by DISTRICT no later than July 9, 2026. PROVIDER understands that DISTRICT will make no payment on any invoice for the 2025-26 fiscal year if it receives after invoices July 10, 2026. DISTRICT reserves the right to request additional information from PROVIDER.

Invoices and related attached attendance sheets must include the following information:

1. Names of the school(s) where the service was provided;
2. Name of student(s) served;
3. Date(s) of service;
4. A detailed summary of the services provided;
5. Number of students served per week;
6. Number of minutes of service per student per session;
7. Subject area of service provided to student (e.g., math, reading, etc.);
8. Monthly expenses per school category (Instructional Services, Professional Development, and/or Administration);
9. Total expenditures for each school for the year.

D. Payment. DISTRICT shall pay PROVIDER within thirty (30) days of receipt of each complete invoice submitted in compliance with this Contract. DISTRICT does not pay in advance for services.

E. Allowable Costs: For the purposes of this Contract, costs are defined by the DISTRICT as:
   1. Instructional: PROVIDER costs for teacher and instructional aide salaries, including fringe benefits; instructional materials, including items such as books, computers and software for student use, workbooks, and supplies.
   2. Administrative: PROVIDER costs incurred to administer the program, including but not limited to: salaries and fringe benefits of the Director, computer assistants, area supervisors, and support staff; office rent and utilities; office equipment and supplies; postage and mailings; telephone; travel; special capital expenses; professional development for Title I teachers and supervisors who are employees of the PROVIDER; and the PROVIDER'S fee.
   3. Professional Development: PROVIDER costs incurred to provide professional development activities to the private school teachers of active students.

F. Site and Service Limits. The sites to be serviced by PROVIDER are listed in Exhibit B and incorporated herein. DISTRICT shall not pay an amount greater than what is listed in Exhibit B per school and shall not pay an amount greater than what is delineated by each particular budget line for services at each listed school.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

CONTRACT FOR GOODS – above $50,000

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and ECA Science Kit Services Ready-To-Teach. "Contractor" (collectively "parties") to provide Materials and Professional development for our expanded Science pilot at Minneapolis Public Schools.

1 TERM OF CONTRACT

1.1 This Contract is effective on 8/1/25. or the date of the last signature of the parties, whichever is later, and shall remain in effect until 6/30/26, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services/delivery of goods set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 *Total Obligation*

District's total obligation to Contractor/Vendor under this Contract, including compensation for goods, and/or services, and reimbursable expenses (if applicable), shall not exceed $206,990.56. Contractor/Vendor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 *Frequency of Invoicing and Terms of Payment*

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 *Taxes.*

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with

respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

4 INSPECTION OF GOODS & REJECTION

4.1 Buyer is entitled to inspect the Goods upon delivery. If the Goods are unacceptable for any reason, Buyer must reject them at the time of delivery up to ten (10) business days from the date of delivery. If Buyer has not rejected the Goods within ten (10) business days from the date of delivery, Buyer shall have waived any right to reject that specific delivery of Goods.

4.2 In the event Buyer rejects the Goods, Buyer shall allow Seller a reasonable time to cure the deficiency. A reasonable time period shall be determined by industry standards for the Goods, as well as the Seller and Buyer.

5 RISK OF LOSS

5.1 Risk of loss will be on the Seller until the time when the Buyer accepts delivery. Seller shall maintain any and all necessary insurance in order to insure the Goods against loss at Seller's own expense.

6 TITLE

6.1 Title to the Goods will remain with the Seller until Buyer accepts delivery.

7 FORCE MAJEURE

7.1 Non-delivery or default of this Agreement due to labor disputes, transportation shortage, delay or shortage of materials to produce the Goods, fires, accidents, Acts of God, or any other causes outside of Seller's control shall be notified to Buyer immediately upon realization that it will not be able to deliver the Goods as promised. Either Party may terminate this Agreement upon such notice.

8 GENERAL TERMS AND CONDITIONS

8.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

9 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

9.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

10 DATA PRIVACY

10.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

10.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign Exhibit C ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual

student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

11 USE OF DISTRICT NAME OR LOGO

11.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

12 INDEPENDENT CONTRACTOR

12.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding, worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

12.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

13 WORKER HEALTH, SAFETY AND TRAINING

13.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

14 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

14.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

15 INSURANCE

15.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

15.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

15.3 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract, and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

16 INDEMNIFICATION

16.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

17 LIMITATION ON LIABILTY

17.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

18 CONFLICT OF INTEREST/CODE OF ETHICS

18.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

19 COMPLIANCE WITH LAWS AND DEBARMENT

19.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government. Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

20 TERMINATION

20.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

20.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

20.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

21 RETURN OF DATA

21.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

22 RECORDS MANAGEMENT AND MAINTENANCE

22.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

23 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

23.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

23.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

24 NON-WAIVER

24.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

25 ASSIGNMENT

25.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and

in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

26 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

26.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

27 WARRANTY

27.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

28 SEVERABILITY

28.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

29 SURVIVABILITY

29.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of

the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

MINNEAPOLIS PUBLIC SCHOOLS
Urban Education. Global Citizens.

CONTRACT FOR SERVICES – $25,000 above

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and Follett School Solutions "Contractor" (collectively "parties") to provide Destiny Library/Resource Manager to Minneapolis Public Schools.

TERM OF CONTRACT

1.1 This Contract is effective on 07/01/2021 or the date of the last signature of the parties, whichever is later, and shall remain in effect until 06/30/2026, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 ***Total Obligation***

District's total obligation to Contractor under this Contract, including compensation for goods, services, and reimbursable expenses shall not exceed $125,798.10 for FY21-22.

Contractor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 ***Frequency of Invoicing and Terms of Payment***

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 ***Taxes.***

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

3.4 ***Fund Availability; Federal Funds Contingency.***

Financial obligations of District payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted and otherwise made available. If this Contract is funded in whole or in part with federal funds, District's payment obligations

are subject to and contingent upon the continuing availability of federal funds for the purposes hereof.

4 GENERAL TERMS AND CONDITIONS

4.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

5 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

5.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

6 BACKGROUND CHECKS

6.1 Contractor shall screen Contractor and all paid and volunteer employees and agents, including interviews, reference checks, credit history (if handling district funds), driving history and insurance coverage (if transporting district staff, students or families). And, Contractor shall conduct criminal background checks in accordance with state and federal law and District policy for Contractor and all paid and volunteer employees and agents who will have direct contact with children under this Contract. Background checks will be done prior to any contact with children, and shall be done in accordance with applicable state and federal laws, including but not limited to Minn. Stat. Sections 299C.61-.64; Minn. Stat. Section 123B.03; 42 U.S.C.Section 5119a and 42 U.S.C. Section 14501-05.

6.2 Contractor is responsible for ensuring that all paid and volunteer employees and agents who will be in contact with District staff and students are appropriate persons to conduct such work.

7 DATA PRIVACY

7.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

8 OWNERSHIP OF MATERIAL

8.1 The Contractor expressly waives to the District any claim to copyright pertaining to all new materials, publications, and documents produced as a result of this Contract and agrees that the District shall have exclusive right to and responsibility for their distribution, publication, copyrighting (when applicable) and all other matters relating to dissemination of the materials. Contractor shall not use, willingly allow or cause to have such materials used for any purpose other than performance of Contractor's obligations under this Contract without prior written consent of the District.

9 USE OF DISTRICT NAME OR LOGO

9.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

10 INDEPENDENT CONTRACTOR

10.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding, worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

10.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this

Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

11 WORKER HEALTH, SAFETY AND TRAINING

11.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

12 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

12.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

13 INSURANCE

13.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

13.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

13.3 Contractor or its members shall also maintain property insurance coverage for the facility in which the program is located if it is not in a district building. Contractor and its members shall obtain and maintain insurance covering claims for the loss of or damage to its personal property that may be caused by students attending its programs.

13.4 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract

and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

14 INDEMNIFICATION

14.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

15 LIMITATION ON LIABILTY

15.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

16 CONFLICT OF INTEREST/CODE OF ETHICS

16.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

17 COMPLIANCE WITH LAWS AND DEBARMENT

17.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government. Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

18 TERMINATION

18.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

18.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

18.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

19 RETURN OF DATA

19.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

20 RECORDS MANAGEMENT AND MAINTENANCE

20.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the

performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

21 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

21.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

21.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

22 NON-WAIVER

22.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

23 ASSIGNMENT

23.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

24 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

24.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

25 WARRANTY

25.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all

defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

26 SEVERABILITY

26.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

27 SURVIVABILITY

27.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

FOLLETT SCHOOL SOLUTIONS, INC.
PRODUCT LICENSING TERMS

IMPORTANT

These Product Licensing Terms (these "Terms") are incorporated by reference into the Follett Destiny® Solution™ Agreement (the "Solution Agreement" and, together with these Terms, this "Agreement") between the Customer and Follett School Solutions, Inc. ("Follett") governing the use of the Follett Destiny® solutions described in the Solution Agreement, and any revisions and updates to those solutions (collectively, the "Product"). To be clear, the term "Product," as used in these Terms, includes any software, data, reports and/or other instructional materials provided with the Product or generated by the Product. The terms "Customer" and "you" refer to the educational institution, cooperative, consortium or service center that has acquired a license to the Product from Follett, including any district, school or other entity to whom Customer rightfully provides access to the Product. By installing, accessing or using all or any portion of the Product, you agree to be bound by these Terms. If you do not agree to these Terms, do not install, access or use the Product and promptly return any Product to Follett.

1. Ownership of the Product and License to Use the Product.

1.1 *Ownership of the Product.* The Product is owned by Follett and/or its third-party licensors. Please see http://www.follettsoftware.com/destiny/licenseagreement/OpenSource.pdf for a complete list of the third-party open source contributors to the Product and their license terms regarding use of their open source code in the Product. The Product is protected by U.S. and international copyright law. Follett and its licensors retain all title to and ownership of the Product, with the exception of the following limited use license:

1.2 *General License.* Follett grants to you a limited license to use the Product during the term of the Solution Agreement, for the number of sites indicated in this Agreement, for non-commercial, educational purposes only. If you have obtained a single site license, you may install and use one copy of the Product on a central server located within and under the control of your site, or access the Product from Follett's hosting facility, for the purpose of managing your site's library, media, asset and textbook collection. If you have acquired a district license to use the Product, you may install a copy of the Product on a central server or servers located within and under the control of your district, or access the Product from Follett's hosting facilities, for the purpose of managing the library, media, asset and textbook collections of the sites within your district and for whom you have paid a license fee to Follett. The Product modules (Library Manager, Resource Manager, Textbook Manager, Asset Manager and Media Manager, Analytics, Collections) may only be used for the purposes for which they were intended (e.g. Library Manager for library collections only). If you are consortium or service center serving multiple districts or schools, you are required to provide these Terms to any districts, schools or other entities to whom access to the Product is rightfully provided.

1.3 *Password.* You will have the ability to assign users of the Product and associated passwords. You are responsible for maintaining the security of your passwords and

agree not to post your passwords on any Web site accessible to the public. You agree to assume responsibility for the results of any misuse of your passwords and to report any misuse of the passwords immediately to Follett.

1.4 *Prohibited Use.* You may not copy the Product without Follett's permission, except to make a backup copy. You may copy the Product's accompanying documentation to be used for internal use only, as necessary to use the Product. You may use the Product to generate reports for internal use only. You are responsible for the security of all data extracted from the system: client defined fields, data in email, attachments, file copies, third party services such as Google docs, Microsoft Office 365 environment or other services, API usage by you or other designated Partners. You may not use the Product or allow any third party to use the Product for any commercial purpose or in any manner not set forth in this Agreement or the Solution Agreement. You may not loan, sublicense, rent, lease, transfer, or assign the Product or any portion thereof to any third party. You may not remove any copyright, trademark or other intellectual property rights notices from the Product, including from any reports or data generated by the Product. You may not reverse engineer, decompile, disassemble, or in any way modify the Product or any portion thereof without prior written consent of Follett. Any modifications you make to the Product will remain the property of Follett and/or its licensor(s). This Product may not be used except for the purposes specifically licensed. A breach of any term in this Section 1.4 will be considered a breach of a material term.

1.5 *New Versions.* When you install or access a new version of the Product accompanied by a new license, provided your license fee entitles you to the new version, your use of the new version constitutes your acceptance of the new license and the termination of your license to use any previous version of the Product.

1.6 *Follett Digital Platform.* The Product supports the usage of Follett eBooks, Follett audiobooks and other digital content ("eBooks") purchased separately from Follett. Follett provides for a secure eBook platform ("Follett Platform") accessible from the Product to support access to these eBooks. By installing, accessing or using all or any portion of the Follett Platform, you agree to be bound by the terms found at https://follettlearning.com/digitalterms

2. *Termination for Breach.* If you breach any material terms of this Agreement or fail to pay license fees as they become due, Follett may immediately terminate your license to use the Product, including by disabling any on-line access, in addition to taking any other legal remedies available to it. Upon termination of your license, Follett will disable your access to the Product, you must either return any copies of the Product to Follett or destroy the copies and certify in writing that you have done so.

3. *Third Party Web Sites.* The Product may provide you and your patrons with links to third party web sites, including Third-Party Applications referenced in Section 5 below. You acknowledge that Follett does not endorse or maintain control over and will not be liable for the content, privacy, advertising or other materials contained on such third-party sites. Your use and your patrons' use of the content, goods or services on any third-party site or Third-Party Application will be governed by the terms and policies on that site or Third-Party Application, if any. You will be responsible for understanding and complying with third party sites' terms of use and instructing your patrons and employees on the same.

4. *Third Party Subscription Databases.* The Product may enable you and your patrons to search third-party subscription databases. Access to many of these databases is strictly regulated under the terms of the license agreements between you and the third-party database owners. You

acknowledge that it is your obligation to ensure against the unauthorized access of such third party-owned subscription databases. If the Product provides access to password protected content, you agree to password protect such access at your library's server level to ensure that only your patrons can use the Product, and to protect against the unauthorized use of third party-owned content, such as subscription databases.

5. *Student Privacy.* You may be able to allow your patrons to set up their own individual login accounts. If you do so, you agree that you are solely responsible for complying with all applicable state, federal and global privacy laws regarding student privacy, including the federal Family Education and Privacy Act (FERPA). Follett warrants that it will not use any information you provide from students' accounts for any purpose other than providing the Product, and that it will not disclose such information to any third party unless required by law or as directed by you with respect to certain third-party applications ("Third-Party Applications") such as Biblionasium, OverDrive MackinVIA and Axis 360, which can be integrated into our Product to allow you and your users to access such Third-Party Application. By activating, or directing Follett to activate, such Third-Party Application integration in the Product, you have the appropriate consent and authorize Follett to disclose the following student information for the sole purpose of facilitating such integration:

- Location name (site name)

The Product also supports optional single sign-on technology with Google and Microsoft platforms (where a user can use a Google or Microsoft account to login to Destiny) and access to Google or Microsoft cloud storage (Google Drive or Microsoft One Drive accounts). You may choose to configure this single sign-on technology in your sole discretion, in which case your end user can choose to access their Google or Microsoft account from Destiny. You are responsible for any confidential data which a user moves to these platforms. This functionality requires the use of Google and/or Microsoft API (Application Programming Interface) Services, respectively. Refer to "Google Sign In" Privacy/Terms and "Microsoft Single Sign-in" Privacy. Requests for Google/Microsoft account information will identify the Product as seeking access to user data (the user's cloud storage location). Follett will utilize this account information for the sole purpose of logging in the user to Destiny, or to create
links to user-selected documents for Collections. This information is being requested for no other purpose and Follett will not use the user data for any other purpose. The user's account ID is stored on the workstation with a cookie to support subsequent use (until the user logs out from their cloud storage location).

6. *Children's Online Privacy Protection Act ("COPPA").* As required under COPPA, Follett must make the following disclaimer: FOLLETT DOES NOT KNOWINGLY COLLECT ANY PERSONALLY IDENTIFYING INFORMATION FROM CHILDREN UNDER THE AGE OF 13 THROUGH THE PRODUCT EXCEPT IN COMPLIANCE WITH COPPA. Follett cannot make that claim on behalf of third-party sites found through the Product. You therefore agree to inform and educate patrons under the age of 13 that they should not provide any personally identifying information on any third-party sites without the involvement and verifiable consent of their parents. As a condition to using this Product, you consent to the collection of student information as agent of

the parents and/or legal guardians of your students. You may take any other action with respect to such information (including deletion), in each case to the extent permitted or stipulated under COPPA.

7. *Your Content.* The Product may allow you to upload content. You represent and warrant that you own or have obtained all rights, licenses and permissions necessary to use, copy, display, publish or otherwise share any content or materials you make visible outside your school via the Product ("Your Content"); and Your Content will not (a) be offensive or objectionable; (b) contain errors; (c) violate intellectual property rights or privacy, publicity or other rights of third parties; (d) violate any laws, rules or regulations; or (e) be harmful to the computers or networks of Follett or any third-party viewing or downloading Your Content.

8. *No Endorsement*. Follett has the right, but not the obligation, to review Your Content and Third-Party Content. It is your responsibility to ensure that Your Content complies with the terms of this Agreement. Follett neither endorses nor approves of Your Content or any Third-Party Content and will not be liable for Your Content or any Third- Party Content.

9. *Right to Remove Your Content*. Follett may, at its sole discretion, remove any of Your Content which, in Follett's reasonable opinion, would violate the terms of this Agreement or is otherwise objectionable with written notification.

10. *Limited Warranty.* Follett warrants that for a period of 1 year from its initial delivery to your site or your access, in the case of online subscriptions, the Product will perform in substantial compliance with its specifications and be free of material defects and will not infringe upon the intellectual property rights of any third party. As your sole and exclusive remedy for this warranty, Follett will either repair the Product or refund your prorated license fee. This limited warranty does not cover any material defect or infringement resulting from any accident, abuse, or misapplication of the Product caused by you, your employees, end users, agents or contractors, or any modification you, your employees, end users, agents or contractors make to the Product, whether or not such modification is authorized by Follett.

11. *Third Party Services.* We allow third-party companies, including AddThis and Google, to collect certain anonymous information when you use the Product. Follett utilizes this anonymous information to measure usage of the Product to support our product development efforts. These companies typically use a cookie or a third-party web beacon to collect this information.

12. *DISCLAIMER OF WARRANTY.* FOLLETT DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Follett and its licensors are not responsible for and make no representations or warranties with regard to third party network operating systems, computer hardware, software or peripherals that you use in conjunction with the Product, OR THAT ANY NETWORK-ACCESSIBLE FEATURES OF THE PRODUCT WILL BE CONTINUALLY ACCESSIBLE OR ACCESSIBLE AT ANY TIME. THE THIRD-PARTY SOURCE CODE USED IN THE PRODUCT AND ITS LICENSING TERMS ARE AVAILABLE AT http://www.follettsoftware.com/destiny/licenseagreement/OpenSource.pdf, AND IS PROVIDED BY THIRD PARTY LICENSORS "AS IS," WHO DISCLAIM ANY EXPRESSED OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A

PARTICULAR PURPOSE. IN NO EVENT SHALL ANY SUCH THIRD PARTY LICENSOR OR ITS CONTRIBUTORS OR FOLLETT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO LOSS OF USE OR DATA), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING OUT OF THE USE OF THE PRODUCT, SOFTWARE OR SOURCE CODE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. IN NO EVENT WILL FOLLETT OR ITS LICENSORS BE LIABLE TO YOU IN ANY AMOUNT EXCEEDING THE TOTAL FEES YOU HAVE PAID TO FOLLETT DURING THE TWELVE MONTHS PRECEDING YOUR CLAIM

13. Additional Indemnification.

13.1 *By Follett*. Follett agrees to indemnify, defend and hold you harmless from and against any claims, including reasonable legal fees and expenses, based upon the Product infringing any United States copyright, patent or other intellectual property right under U.S. law; provided that you promptly notify Follett in writing of any such claim and allow Follett to control the proceedings. You agree to cooperate fully with Follett during such proceedings. Follett will defend and settle at its sole expense all proceedings arising out of the foregoing claims. In the event that you are enjoined from using the Product, Follett will, at its option, replace, in whole or in part, the Product with a substantially compatible and functionally equivalent computer program, modify the Product to eliminate the infringement, provide you with a refund in an amount not to exceed the amounts paid to Follett for the Product, depreciated on a straight- line basis over a five (5) year term, or obtain for you the right to continue using the Product. Follett has no obligations under this Section to the extent a claim is based upon any of the following:
(i) the Product or any portion thereof has been modified, altered or changed in any manner by you or any party acting on your behalf (other than by Follett or its authorized representatives or a third party contractor of Follett), if such infringement would have been avoided in the absence of the use of such altered Product; (ii) a design created by someone other than Follett or its third party contractors; (iii) the combination, operation or use of the Product with software or hardware which was not provided by Follett or its third party contractors or approved by Follett, if such infringement would have been avoided in the absence of such combination, operation or use; (iv) use of the Product in a manner for which it was not designed; or (v) your failure to install or have installed an upgrade containing designs to avoid third party infringement claims, provided that Follett has notified you of the upgrade and its ability to cure infringement and has provided that upgrade to you at no additional charge. This Section states Follett's entire liability for any alleged infringement by the Product or any part thereof.

13.2 *By You.* You agree to indemnify, defend and hold harmless Follett, its affiliates, and its and their shareholders, officers, directors, employees, agents, attorneys and assigns, against any losses, liabilities, costs and expenses (including reasonable attorneys' fees) arising out of or incurred in connection with any third-party claims, demands, actions, or arbitrations involving (a) involving breach by you of any material term of the Solution Agreement, these Terms, or any Terms of Use made available via the Product or (b) Your Content. You will maintain liability insurance sufficient to fulfill your obligations under this Section 11.2 and will submit proof of such insurance to Follett upon request.

14. *Arbitration.* You agree to submit any dispute, controversy or claim you may have arising out of or relating to this Agreement solely to binding arbitration to be conducted pursuant to the Commercial Rules of

the American Arbitration then in effect.

15. *Right to Audit Compliance.* Follett will have the right to conduct or direct an independent accounting firm to conduct, during normal business hours and no more than once during any calendar year, an audit of your relevant records to verify your compliance with the terms of this Agreement. This provision does not limit Follett's right to monitor its server logs for accesses made by you, or using any access code issued to you, to any on-line features, or to investigate any conduct Follett believes either may be a breach of the licensing terms or otherwise threatening to the integrity of its products or services.

16. *Entire Agreement.* The Solution Agreement (including any SOW or other documents attached to the Solution Agreement), these Terms and any Terms of Use made available via the Product constitutes the entire agreement of the parties with respect to the use of the Product. If there is any conflict between a provision in these Terms and a provision in the Solution Agreement, the provision in these Terms will prevail. The failure by Follett to enforce any of its rights hereunder will not constitute a waiver of such rights. If any portion of this Agreement is found by a court of competent jurisdiction to be invalid, the other provisions will remain in full force andeffect.

17. *Intellectual Property.* Follett is the owner or licensee of copyright, trademark, and other intellectual property and proprietary rights in the Product. All trademarks appearing in the Product are the property of Follett or their respective third-party owners. Follett disclaims any affiliation or endorsement of such third parties' goods or services and does not intend to imply any endorsement or affiliation by using such marks. Likewise, such use is not meant to imply any third party's endorsement of Follett's goods or services. Please be aware and inform your patrons that copyright, trademark and other intellectual property rights may protect content on third party Web sites and databases accessed through the Product. Nothing in this Agreement affects such rights or implies that you, your patrons or Follett has any rights in this content. Use of third- p a r t y content may be governed by a separate agreement with the third-party owner and you agree not to use the content in any way that violates this Agreement or the intellectual property rights of the third-party owner. You also agree to take reasonable measures to make your patrons aware of all provisions in thisSection.

18. *Exporting Products.* This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. You agree not to ship, transfer or export the Product or any data obtained from the Product into any country or use the Product or data obtained from the Product in any manner prohibited by the United States Export Administration Act or any other export laws orregulations.

U.S. GOVERNMENT RESTRICTIONS

1. If the Product is acquired by or on behalf of a unit or agency of the United States Government this provision applies. The Product: (a) was developed at private expense, and no part of it was developed with government funds; (b) contains trade secret information of Follett for all purposes of the Freedom of Information Act; (c) is "commercial computer software" subject to limited utilization as provided in the contract between Follett and the governmental entity; and (d) in all respects contains proprietary data belonging solely to Follett.

2. For units of the Department of Defense (DOD), this Product is sold only with "Restricted Rights" as that term is defined in the DOD Supplement to the Federal Acquisition Regulations ("DFARS") 52.227-7013(c) (1) (ii) and use, duplication or disclosure is subject

to restrictions as set forth in subparagraph (c) (1) (ii) of the Rights in Technical Data and Computer Product clause at DFARS 52.227-7013. Manufacturer: Follett School Solutions, Inc. 1340 Ridgeview Drive, McHenry, IL 60050-7048.

3. If the Product is acquired under a GSA Schedule, the U.S. Government has agreed: (a) to refrain from changing or removing any insignia or lettering from the Product that is provided or from producing copies of manuals or disks (except one copy for backup purposes); (b) title to and ownership of the Product and any reproduction thereof shall remain with Follett; (c) use of the Product and documentation shall be limited to the facility for which it is acquired; and (d) if use of the Product is discontinued at the installation specified in the purchase/delivery order and the Government desires to use it at another location, it may do so by giving prior written notice to Follett, specifying the type of computer and new location site.

4. U.S. Government personnel using the Product, other than under a DOD contract or GSA Schedule, are hereby on notice that use of the Product is subject to restrictions which are the same as, or similar to, those specified above.

BP4 – Owner Requested Revise Exterior Door to FRP

Provide pricing prior to placing the order for consideration by the Owner. Revisions include providing a credit for the bid hollow metal doors and frames to replace the existing ones in Area B and C on East side that are rusting with pricing for new MPS standard FRP and aluminum framed doors to prevent this in the future. This modifies the hardware as noted on the returned door hardware submittal. Include in the pricing any credits and adds to adjust the hardware accordingly as some hardware such as door bottoms/sweeps come with the doors.

Included is updated Table of Contents and the specification section.

Provide detailed breakdown of additions and/or credits per project manual.

SECTION 081743
FRP/ ALUMINUM HYBRID DOORS

This Section added per PR 07

PART 1 GENERAL

1.01 SECTION INCLUDES

A. SL-17 Pebble Grain FRP/ Aluminum Hybrid Door.

B. SL-17 Pebble Grain FRP/ Aluminum Hybrid Door installed in Thermally Broken Aluminum Framing.

1.02 RELATED SECTIONS

A. Section 08 71 00 – Door Hardware.

1.03 REFRENCES

A. AAMA 1304 – Voluntary Specification for Forced Entry Resistance of Side-Hinged Door Systems.

B. AAMA 1503-98 – Thermal Transmittance and Condensation Resistance of Windows, Doors and Glazed Wall Sections.

C. ANSI A250.4 – Test Procedure and Acceptance Criteria for Physical Endurance of Steel Doors and Hardware Reinforcing.

D. ASTM-B117 – Standard Practices for Operating Salt Spray (Fog) Apparatus.

E. ASTM-B209 – Standard Specification for Aluminum and Aluminum-Alloy Sheet and Plate.

F. ASTM-B221 – Standard Specification for Aluminum-Alloy Extruded Bars, Rods, Wire, Profiles, and Tubes.

G. ASTM-C518 – Standard test Method for Steady-State Thermal Transmission Properties by Means of Heat Flow Meter Apparatus.

H. ASTM-D256 – Standard Test Methods for Determining the Pendulum Impact Resistance of Plastics.

I. ASTM-D570 – Standard Test Method for Water Absorption of Plastics.

J. ASTM-D638 – Standard Test Method for Tensile Properties of Plastics.

K. ASTM-D790 – Standard Test Methods for Flexural Properties of Unreinforced and Reinforced Plastics and Electrical Insulating Materials.

L. ASTM-D1621 – Standard Test Method for Compressive Properties of Rigid Cellular Plastics.

M. ASTM-D1622 – Standard Test Method for Apparent Density of Rigid Cellular Plastics.

N. ASTM-D1623 – Standard Test Method for Tensile and Tensile Adhesion Properties of Rigid Cellular Plastics.

O. ASTM-D2126 – Standard Test Method for Response of Rigid Cellular Plastics to Thermal and Humid Aging.

P. ASTM-D2583 – Standard Test Method for Indentation Hardness of Rigid Plastics by Means of a Barcol Impressor.

Q. ASTM-D3029 – Test Methods for Impact Resistance of Flat Rigid Plastic Specimens by Means of a Tup (Falling Weight) (Withdrawn 1995) (Replaced by ASTM-D5420).

R. ASTM-D5116 – Standard Guide for Small-Scale Environmental Chamber Determinations of Organic Emissions from Indoor Materials/ Products.

S. ASTM-D5420 – Standard Test Method for Impact Resistance of Flat, Rigid Plastic Specimen by Means of a Striker Impacted by a Falling Weight (Gardner Impact).

Docusign Envelope ID: 949B8B45-F5E0-404E-8AF3-E64ADF0004A6

T. ASTM-D6670 – Standard Practice for Full-Scale Chamber Determination of Volatile Organic Emissions from Indoor Materials/ Products.

U. ASTM-E84 – Standard Test Method for Surface Burning Characteristics of Building Materials.

V. ASTM-E90 – Standard Test Method for Laboratory Measurement of Airborne Sound Transmission Loss of Building Partitions.

W. ASTM-E283 – Standard Test Method for Determining Rate of Air Leakage Through Exterior Windows, Curtain Walls, and Doors Under Specified Pressure Differences Across the Specimen.

X. ASTM-E330 – Standard Test Method for Structural Performance of Exterior Windows, Curtain Walls, and Doors by Uniform Static Air Pressure Difference.

Y. ASTM-E1886 – Standard Test Method for Performance of Exterior Windows, Curtain Walls, Doors and Storm Shutters Impacted by Missile(s) and Exposed to Cyclic Pressure Differentials.

Z. ASTM-E1996 – Standard Specification for Performance of Exterior Windows, Glazed Curtain Walls, Doors and Storm Shutters Impacted by Wind Borne Debris in Hurricanes.

AA. ASTM-F476 – Standard Test Methods for Security of Swinging Door Assemblies.

BB. NWWDA T.M. 7-90 – Cycle Slam Test Method.

CC. NFRC 100 – Procedure for Determining Fenestration Products U-Factors.

DD. NFRC 400 – Procedure for Determining Fenestration Products Air Leakage.

EE. TAS 201 – Impact Test Procedures.

FF. TAS 202 – Criteria for Testing Impact & Nonimpact Resistant Building Envelope Components Using Uniform Static Air Pressure.

GG. TAS 203 – Criteria for Testing Products Subject to Cyclic Wind Pressure Loading.

1.04 SUBMITTALS

A. Must comply with Section 01 33 00 – Submittal Procedures.

B. Action Submittals/ Informational Submittals.
   1. Product Data.
      a. Submit manufacturer's product data sheets, catalog pages illustrating the products, description of materials, components, fabrication, finishes, installation instructions, and applicable test reports.
   2. Shop Drawings.
      a. Submit manufacturer's shop drawings, including elevations, sections, and details indicating dimensions, tolerances, materials, fabrication, doors, panels, framing, hardware schedule, and finish.
   3. Samples.
      a. Submit manufacturer's door sample composed of door face sheet, core, framing and finish.
      b. Submit manufacturer's sample of standard colors for door face and frame.
   4. Testing and Evaluation Reports.
      a. Submit testing reports and evaluations provided by manufacturer conducted by and accredited independent testing agency certifying doors and frames comply with specified performance requirements listed in Section 2.04.
   5. Manufacturer Reports.
      a. Manufacturer's Project References.
   6. Submit list of successfully completed projects including project name, location, name of architect, type, and quantity of doors manufactured.

C. Closeout Submittals.
   1. Operation and Maintenance Manual.

Docusign Envelope ID: 949B8B45-F5E0-404E-8AF3-E64ADF0004A6

a. Submit manufacturer's maintenance and cleaning instructions for doors and frames, including maintenance and operating instructions for hardware.

2. Warranty Documentation.
   a. Submit manufacturer's standard warranty.

1.05 QUALITY ASSURANCE

A. Manufacturer's Qualifications.
   1. Continuously engaged in manufacturing of doors of similar type to that specified, with a minimum of 25 years concurrent successful experience.
   2. Door and frame components must be fabricated by same manufacturer.
   3. Evidence of a documented complaint resolution quality management system.

1.06 DELIVERY, STORAGE, AND HANDLING

A. Delivery.
   1. Deliver materials to site in manufacturer's original, unopened, containers and packaging.
   2. Labels clearly identifying opening, door mark, and manufacturer.

B. Storage.
   1. Store materials in a clean, dry area, indoors in accordance with manufacturer's instructions.

C. Handling.
   1. Protect materials and finish from damage during handling and installation.

1.07 WARRANTY

A. Warrant doors, frames, and factory installed hardware against failure in materials and workmanship, including excessive deflection, faulty operation, defects in hardware installation, and deterioration of finish or construction in excess of normal weathering.

B. Standard Period.
   1. Ten years starting on date of shipment.

C. Limited lifetime
   1. Covers failure of corner joinery, core deterioration, and delamination or bubbling of door skin and corrosion of all-fiberglass products while the door is in its specified application in its original installation.

D. Finish
   1. Anodized, aluminum:10 years.
   2. Thresholds do not have a finish warranty.

PART 2 PRODUCTS

2.01 FRP/ALUMINUM HYBRID DOORS

A. Manufacturer.
   1. Special-Lite, Inc.
      a. PO Box 6, Decatur, Michigan 49045.
      b. Toll Free (800) 821-6531, Phone (269) 423-7068, Fax (800) 423-7610.
      c. Web Site www.special-lite.com.
      d. E-Mail info@special-lite.com.

2.02 DESCRIPTION

A. Model.
   1. SL-17 Pebble Grain FRP/ Aluminum Hybrid Door.

B. Door Opening Size: (Pair of) 3'-0" x 7'-0"

C. Construction.
   1. Door Thickness.
      a. 1-3/4".

Docusign Envelope ID: 949B8B45-F5E0-404E-8AF3-E64ADF0004A6

2. Stiles & Rails.
    a. Aluminum extrusions made from 6063 aluminum alloys with a minimum temper of T5.
    b. Minimum 2-5/16” deep one-piece extrusion with have integral reglets to accept face sheet on both interior and exterior side of door which secure face sheet into place and permit flush appearance.
    c. Screw or snap in place applied caps are not acceptable.
    d. Top rails must have integral legs for interlocking continuous extruded aluminum flush cap.
    e. Bottom rails must have integral legs for interlocking continuous weather bar with single nylon brush weather stripping or manually adjustable SL-301 door bottom with two nylon brush weather stripping.
    f. Meeting stiles to include integral pocket to accept pile brush weather seal.
3. Corners.
    a. Mitered.
    b. Secured with 3/8” diameter full-width steel tie rod through extruded splines top and bottom which are integral to standard tubular shaped rails.
    c. 1-1/4” x 1-1/4” x 3/16” 6061 aluminum angle reinforcement at corner to give strong, flat surface for locking hex nut to bear on.
    d. Weld, glue, or other methods of corner joinery are not acceptable.
4. Core.
    a. Poured-in-place polyurethane foam.
    b. Laid in foam cores are not acceptable.
    c. Foam Plastic Insulated Doors: IBC 2603.4.
        1) Foam plastic shall be separated from the interior of a building by an approved thermal barrier.
        2) Approved thermal barrier must meet the acceptance criteria of the Temperature Transmission Fire Test and Integrity Fire Test as stated in NFPA 275.
        3) IBC 2603.4.1.7 foam plastic insulation, having a flame spread index less than 75 and a smoke developed index of not more than 450 shall be permitted as a door core when the face is metal minimum 0.032” aluminum or 0.016” steel.
        4) Standard door assembly can be tested to show it meets these requirements without the use of thermal barrier. If no independent testing conducted all doors with foam plastic core must have a thermal barrier.
5. Face Sheet.
    a. Exterior
        1) 0.120” thick, pebble texture, through color with SpecLite 3® integral surfaseal film FRP sheet.
        2) Optional painted finish consult manufacturer.
        3) Class C standard.
    b. Interior
        1) 0.120” thick, pebble texture, through color with SpecLite 3® integral surfaseal film FRP sheet.
        2) Class C standard
    c. Attachment of face sheet.
        1) Extruded stiles and rails to have integral reglets to accept face sheet on both interior and exterior side of door which secure face sheet into place and permit flush appearance.
        2) Use of glue to bond face sheet to core or extrusions is not acceptable.
6. Hardware.
    a. Pre-machine doors in accordance with templates from specified hardware manufacturers.
    b. Surface mounted closures will be reinforced for but not prepped or installed at factory.

Docusign Envelope ID: 949B8B45-F5E0-404E-8AF3-E64ADF0004A6

c. Factory install door hardware.

7. Reinforcements.
   a. Aluminum extrusions made from 6061 or 6063 aluminum alloys.
   b. Sheet and plate to conform to ASTM-B209.
   c. Alloy and temper to be selected by manufacturer for strength, corrosion resistance, and application of required finish, and control of color.
   d. Bars and tubes to meet ASTM-B221.

2.03 FRAMING

A. Framing
   1. Aluminum Tube Framing with Applied Stops.
      a. Model. - Choose an item
      b. Materials.
         1) See 2.05.A.
      c. Perimeter Frame Members.
         1) Box type with 4 enclosed sides.
         2) Factory fabricated.
         3) Open-back framing is not acceptable.
      d. Applied Door Stops.
         1) 5/8" x 1-1/4" or 5/8" x 1-3/4", 0.125" wall thickness, with screws and weather-stripping.
         2) Provide solid ½" aluminum bar behind door stop for closer shoe attachment.
         3) Pressure gasketing for weathering seal.
         4) Counterpunch fastener holes in door stop to preserve full-metal thickness under fastener head.
      e. Caulking.
         1) Caulk joints before assembling frame members.
      f. Frame Member to Member Connections.
         1) Secure joints with fasteners.
         2) Provide hairline butt joint appearance.
      g. Hardware
         1) Pre-machine and reinforce frame members for hardware in accordance with manufacturer's standards and door hardware schedule.
         2) Surface mounted closures will be reinforced for but not prepped or installed at factory.
      h. Anchors:
         1) Anchors appropriate for wall conditions to anchor framing to wall materials.
         2) Door Jamb and Header Mounting Holes: Maximum of 24-inch centers.
         3) Secure head and sill members of transom, side lites, and similar conditions.

2.04 PERFORMANCE

A. Face Sheet.
   1. Standard Interior and Exterior Class C 0.120" thick, pebble texture, through color with SpecLite 3® integral surfaseal film FRP sheet.
      a. Flexural Strength, ASTM-D790: 21 x 103 psi.
      b. Flexural Modulus, ASTM-D790: 0.7 x 106 psi.
      c. Tensile Strength, ASTM-D638: 13 x 103 psi.
      d. Tensile Modulus, ASTM-D638: 1.2 x 106 psi.
      e. Barcol Hardness, ASTM-D2583: 55.
      f. Izod Impact, ASTM-D256: 14.0 ft-lb/in.
      g. Gardner Impact Strength, ASTM-D5420: 120 in-lb.
      h. Water Absorption, ASTM-D570: 0.20%/24hrs at 77°F.
      i. Surface Burning, ASTM-E84: Flame Spread ≤ 200, Smoke Developed ≤ 450.

Docusign Envelope ID: 949B8B45-F5E0-404E-8AF3-E64ADF0004A6

j. Taber Abrasion Resistance, Taber Test: 0.007% Max Wt. Loss, cs-17 wheels, 1000g. Wt., 25 cycles.
k. Chemical Resistance.
1) Excellent Rating.
(a) Acetic Acid, Concentrated.
(b) Acetic Acid, 5%.
(c) Bleach Solution.
(d) Detergent Solution.
(e) Distilled Water.
(f) Ethyl Acetate.
(g) Formaldehyde.
(h) Heptane.
(i) Hydrochloric Acid, 10%.
(j) Hydrogen Peroxide, 3%.
(k) Isooctane.
(l) Lactic Acid, 10%.
l. USDA/FSIS Requirements.
1) FRP face sheet with SpecLite 3® integral surfaseal is a finished outer surface material that is rigid; durable; non-toxic; non-corrosive; moisture resistant; a light, solid color such as white; easily inspected; smooth or an easily cleaned texture.
2) FRP face sheet with SpecLite 3® integral surfaseal does not contain any known carcinogen, mutagen, or teratogen classified as hazardous substances; heavy metals or toxic substances; antimicrobials; pesticides or substances with pesticidal characteristics.

B. Door Core.
1. Density, ASTM-D1622: ≤ 5.0 pcf.
2. Compressive Properties, ASTM-D1621: Compressive Strength ≥ 60 psi, Compressive Modulus ≥ 1948 psi.
3. Tensile and Tensile Adhesion Properties, ASTM-D1623: Tensile Adhesion, 3” x 3” FRP Facers ≥ 53 psi, Tensile Adhesion, 1” x 1” Foam ≥ 104 psi.
4. Thermal and Humid Aging, ASTM-D2126: Volume Change at 158 °F, 100% humidity, 14 days ≤ 13%.
5. Thermal Conductivity, ASTM-C518, Thermal Resistance ≥ 0.10 m2K/W.

C. Door Panel.
1. Thermal Transmittance, AAMA 1503-98: U-Factor = 0.29 Btu/hr·ft²·°F, CRFp = 55.
2. Indoor Air Quality, ASTM-D5116, ASTM-D6607: GreenGuard, GreenGuard Gold.

D. Door and Aluminum Tube Frame Assembly.
1. Physical Endurance, ANSI A250.4: 25,000,000 Cycles, No Damage.
2. Salt Spray, ASTM-B117: 500 hours minimum exposure.
3. Air Leakage, NFRC 400, ASTM-E283.
a. Opaque Swinging Door (< than 50% glass)
1) cfm/sqft @ 1.57 psf.
4. Structural Performance, ASTM E-330.
a. Single or Pair of Doors, 8’4” x 8’2” overall size, single point latching.
1) ± 75 psf design pressure, pass.
5. Impact and Cycle Test, ASTM-E1886.
a. Single or Pair of Doors, 6’8” x 7’8” overall size, 3-point latching.

ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary, and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents ("Contract" or "Contract Documents") listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. An enumeration of the Contract Documents, other than Modifications, appears in Article 9.

§ 1.2 In the event that there are inconsistencies between any of the Project Contract Documents, all Contract Documents shall be construed together and shall be read with a purpose and intent to provide that the Contractor shall commit to fully complete its Project Work and services with the greater degree of commitment as referenced in the Contract Documents, including the plans and specifications, to work diligently to ensure completion of the Project in a timely and workmanlike manner and at the earliest stated times provided for in Project schedules, as they may be revised, and to ensure that Contractor, and all of its Subcontractors and suppliers complete the Project on schedule and within Project Contract Price, subject to approved change orders.

§ 1.3 Contractor acknowledges that it has had full, fair, and adequate opportunity to review all of the Project bidding and Contract Documents, that it has fully satisfied itself as to the scope and requirements of the Project, that it has fully and fairly investigated all Project site conditions and circumstances and Contract Documents, including any potential difficulties or interferences present in the same, that it has had the opportunity to ask questions during the bidding phase and that it has received adequate answers to any such questions, that it has had the opportunity to attend and fairly participate in all pre-bid conferences and pre-construction conferences, and that it has required the same of all of its Subcontractors.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work described in the Contract Documents, except as specifically indicated in the Contract Documents to be the responsibility of others.

ARTICLE 3 DATE OF COMMENCEMENT AND DATES OF SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be:

§ 4.5 Liquidated damages, if any:
(Insert terms and conditions for liquidated damages, if any, to be assessed in accordance with Section 3.4.)

Contractor and Owner recognize that time is of the essence for the Project and the Owner will suffer financial loss if the Work is not completed in the time specified in the Contract Documents. The parties also recognize the delays, expenses, and difficulties involved in proving in a legal proceeding the actual loss suffered by the Owner if the Work is not completed on time. Accordingly, instead of requiring such proof, the Owner and Contractor agree that as liquidated damages for delay (but not as penalty), Contractor shall pay Owner One Thousand Dollars ($1,000.00) per calendar day for each day that expires after the time specified for Substantial Completion in EXH-D Project Schedule until such time the Work is determined to be substantially complete by the Owner.

After Substantial Completion, if Contractor neglects, refuses, or fails to complete the remaining Work within the Contract Time specified in the Contract Documents, the Contractor shall pay the Owner One Thousand Dollars ($1,000.00) per day that expires after the time specified in the Contract Documents for Final Completion and readiness for Final Payment until the Work is completed.

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Construction Manager by the Contractor, and Certificates for Payment issued by the Construction Manager and Architect and approval by the Owner's Representative, the Owner shall make progress payments on account of the Contract Sum, to the Contractor, as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month.

§ 5.1.3 When an Application for Payment is received by the Construction Manager, payment of the amount certified shall be made by the Owner not later than forty-five (45) days after the Construction Manager receives the Application for Payment. Unless expressly otherwise agreed in this Contract, payments and payment disputes shall be governed by the Prompt Payment of Local Government Bills, Minnesota Statutes, Section 471.425 ("Prompt Payment Act").
(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Progress Payments Where the Contract Sum is Based on a Stipulated Sum

§ 5.1.4.1 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor on AIA G702 Application and Certificate for Payment in accordance with the Contract Documents. The schedule of

values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Construction Manager and Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.4.2 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.4.3 In accordance with AIA Document A232™–2019, General Conditions of the Contract for Construction, Construction Manager as Adviser Edition, as modified and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.4.3.1 The amount of each progress payment shall first include:

.1 That portion of the Contract Sum properly allocable to completed Work;

.2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and

.3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.4.3.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A232–2019;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A232–2019; and

.5 Retainage withheld pursuant to Section 5.1.7.

(Paragraphs deleted)

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to when the Work of this Contract is substantially complete, the Owner may withhold the following amount, as retainage, from the payment otherwise due:
(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

Five Percent (5%)

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

For major items installed into the Work, the Contractor may request full payment for the items to ensure prompt delivery and fabrication. Such items shall be recommended by the Architect and approved by the Owner as not requiring retainage. Prompt payment for the items shall be documented by the Contractor to the Owner in the subsequent payment application by submitting a full lien release for the items. Major items may include mechanical units with long lead times, structural systems with long lead times, critical path systems or items, etc. Major items will be discussed and defined by Owner, Architect, Construction Manager and Contractor.

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:
(If the retainage established in Section 5.1.7.1 is to be modified prior to when the entire Work of this Contract is substantially complete, including modifications for completion of portions of the Work as provided in Section 3.4.2, insert provisions for such modifications.)

Prior to Substantial Completion and at the discretion of the Owner, retainage may be reduced. If the Work has been fifty percent (50%) completed as determined by the Architect and is satisfactory to the Owner, then ninety percent (90%) of the

retained amount may be released to the Contractor for completed Work (with ten percent (10%) of the total retained by the Owner).

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, when the Work of this Contract is substantially complete, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted when the Work of this Contract is substantially complete shall not include retainage as follows:
(Insert any other conditions for release of retainage when the Work of this Contract is substantially complete, or upon Substantial Completion of the Work of all Contractors on the Project or portions thereof.)

Upon Substantial Completion, additional retainage may be returned to the Contractor as recommended by the Architect and Construction Manager and approved by the Owner to an amount sufficient to satisfactorily complete the Work. Retainage release will comply with Minnesota Statutes, Section 15.72 after Substantial Completion and punch list acceptance by the Owner.

§ 5.2 Final Payment
§ 5.2.1 Final Payment Where the Contract Sum is Based on a Stipulated Sum
§ 5.2.1.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A232–2019, and to satisfy other requirements, if any, which extend beyond final payment;
.2 a final Certificate for Payment or Project Certificate for Payment has been issued by the Architect; and
.3 all lien waivers and IC134 forms have been delivered to the Owner.

§ 5.2.1.2 The Owner's final payment to the Contractor shall be made no later than forty-five (45) days after the issuance of the Architect's final Certificate for Payment or Project Certificate for Payment, or as follows:

§ 5.2.2 Final Payment Where the Contract Sum is Based on the Cost of the Work with or without a Guaranteed Maximum Price
§ 5.2.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A232–2019, and to satisfy other requirements, if any, which extend beyond final payment;
.2 the Contractor has submitted a final accounting for the Cost of the Work, pursuant to Exhibit B, Determination of the Cost of the Work and a final Application for Payment; and
.3 a final Certificate for Payment or Project Certificate for Payment has been issued by the Architect in accordance with Exhibit B, Determination of the Cost of the Work.

§ 5.2.2.2 The Owner's final payment to the Contractor shall be made no later than 30 days after the issuance of the final Certificate for Payment or Project Certificate for Payment, or as follows:

§ 5.3 Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below.
(Insert rate of interest agreed upon, if any.)

§ 6.1.1 Mediation
The Owner or the Contractor may request mediation of any Claim submitted to the Initial Decision Maker before the decision becomes final and binding. The mediation shall be governed by the Construction Industry Mediation Rules of the American Arbitration Association in effect at the date of this contract. The request for mediation shall be made in writing by the party requesting mediation and the other party of this contract. The Owner and Contractor shall participate in mediation in good faith. The mediation shall be concluded within 60 days of the request. Mediation is not a condition precedent to commencing litigation. If litigation is commenced, the Owner and Contractor agree to mediate before any dispositive motion or trial.

§ 6.2 Binding Dispute Resolution
For any Claim subject to, but not resolved by, mediation pursuant to Article 15 of AIA Document A232–2019, the method of binding dispute resolution shall be as follows:
(Check the appropriate box.)

[ ] Arbitration pursuant to Article 15 of AIA Document A232–2019.

[X] Litigation in a state or federal court of competent jurisdiction located in Hennepin County, Minnesota.

[ ] Other: *(Specify)*

If the Owner and Contractor do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, Claims will be resolved by litigation in a court of competent jurisdiction.

ARTICLE 7 TERMINATION OR SUSPENSION
§ 7.1 Where the Contract Sum Is a Stipulated Sum
§ 7.1.1 The Contract may be terminated by the Owner or the Contractor as provided in Article 14 of AIA Document A232–2019.

§ 7.1.1.1 If the Contract is terminated for the Owner's convenience in accordance with Article 14 of AIA Document A232–2019, then the Owner shall pay the Contractor a termination fee as follows:
(Insert the amount of, or method for determining, the fee, if any, payable to the Contractor following a termination for the Owner's convenience.)

Termination fee will be based on the percentage of Work completed and any materials purchased or in production at the time of termination. Said fee and justification shall be provided to the Owner by the Contractor within ten (10) days' notice of the termination.

§ 7.1.2 The Work may be suspended by the Owner as provided in Article 14 of AIA Document A232–2019.

(Paragraphs deleted)
ARTICLE 8 MISCELLANEOUS PROVISIONS
§ 8.1 Where reference is made in this Agreement to a provision of AIA Document A232–2019 or another Contract Document, the reference refers to that provision as amended or supplemented by other provisions of the Contract Documents.

§ 8.4 Neither the Owner's nor the Contractor's representative shall be changed without ten days' prior notice to the other party.

§ 8.5 Record Keeping—Availability and Retention
Pursuant to Minnesota Statutes, Section 16C.05, subd. 5, Contractor agrees that the books, records, documents and accounting procedures and practices of Contractor, that are relevant to the Contract or transaction, are subject to examination by the Owner, the Owner's auditor, and the state auditor for a minimum of six (6) years. Contractor shall maintain such records for a minimum of six (6) years after final payment.

§ 8.6 Data Practices
Pursuant to Minnesota Statutes, Section 13.05, subd. 11, all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing this contract is subject to the requirements of the Minnesota Government Data Practices Act ("MGDPA"), Minnesota Statutes Chapter 13, and Contractor must comply with those requirements as if it were a government entity. The remedies in Minnesota Statutes, Section 13.08 apply to Contractor. Contractor does not have a duty to provide access to public data to the public if the public data are available from the Owner, except as required by the terms of this contract.

§ 8.7 Non-Discrimination
Pursuant to Minnesota Statutes, Section 181.59, the Contractor will take affirmative action to ensure that applicants are selected, and that employees are treated during employment, without regard to their race, color, creed, religion, national origin, sex, sexual orientation, marital status, status with regard to public assistance, membership or activity in a local civil rights commission, disability or age. The Contractor agrees to be bound by the provisions of Minnesota Statutes, Section 181.59, that prohibits certain discriminatory practices and the terms of said section are incorporated into this contract.

§ 8.8 Prompt Payment to Subcontractors
In accordance with the Prompt Payment Act, each Prime Contractor must pay any subcontractor within ten (10) days of the Prime Contractor's receipt of payment from the municipality for undisputed services provided by the subcontractor. The Subcontract must require the Prime Contractor to pay interest of 1-1/2 percent per month or any part of a month to the subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10. For an unpaid balance of less than $100, the Prime Contractor shall pay the actual penalty due to the subcontractor. A subcontractor who prevails in a civil action to collect interest penalties from a Prime Contractor must be awarded its costs and disbursements, including attorney's fees, incurred in bringing the action.

§ 8.9 Prevailing Wage
Contractor agrees that all laborers or mechanics working on the Project shall receive at least the prevailing wage rate in accordance with Minnesota Statutes Section 177.42, *et seq*. Contractor agrees further that it will incorporate any and all necessary contract language in its agreements with any subcontractors to allow Contractor to monitor and enforce the prevailing wage requirement for subcontractors of any tier.

§ 8.5 Insurance and Bonds
§ 8.5.1 The Owner and the Contractor shall purchase and maintain insurance as set forth EXH-C Owner Insurance.

§ 8.5.2 The Contractor shall provide bonds as set forth in AIA Document A132™–2019, Exhibit A, and elsewhere in the Contract Documents.

Contractor and Owner recognize that time is of the essence for the Project and the Owner will suffer financial loss if the Work is not completed in the time specified in the Contract Documents. The parties also recognize the delays, expenses, and difficulties involved in proving in a legal proceeding the actual loss suffered by the Owner if the Work is not completed on time. Accordingly, instead of requiring such proof, the Owner and Contractor agree that as liquidated damages for delay (but not as penalty), Contractor shall pay Owner One Thousand Dollars ($1,000.00) per calendar day for each day that expires after the time specified for Substantial Completion in EXH-D Project Schedule until such time the Work is determined to be substantially complete by the Owner.

After Substantial Completion, if Contractor neglects, refuses, or fails to complete the remaining Work within the Contract Time specified in the Contract Documents, the Contractor shall pay the Owner One Thousand Dollars ($1,000.00) per day that expires after the time specified in the Contract Documents for Final Completion and readiness for Final Payment until the Work is completed.

§ 5.1.4.3 In accordance with AIA Document A232™–2019, General Conditions of the Contract for Construction, Construction Manager as Adviser Edition, as modified and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

...

~~**§ 5.1.5 Progress Payments Where the Contract Sum is Based on the Cost of the Work without a Guaranteed Maximum Price**~~

~~**§ 5.1.5.1** With each Application for Payment, the Contractor shall submit the cost control information required in Exhibit B, Determination of the Cost of the Work, along with payrolls, petty cash accounts, receipted invoices, or invoices with check vouchers attached, and any other evidence required by the Owner, Construction Manager or Architect to demonstrate that payments already made by the Contractor on account of the Cost of the Work equal or exceed progress payments already received by the Contractor, plus payrolls for the period covered by the present Application for Payment, less that portion of the payments attributable to the Contractor's Fee.~~

~~**§ 5.1.5.2** Applications for Payment shall show the Cost of the Work actually incurred by the Contractor through the end of the period covered by the Application for Payment and for which the Contractor has made or intends to make actual payment prior to the next Application for Payment.~~

~~**§ 5.1.5.3** In accordance with AIA Document A232–2019 and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:~~

~~**§ 5.1.5.3.1** The amount of each progress payment shall first include:~~

- ~~.1 The Cost of the Work as described in Exhibit B, Determination of the Cost of the Work;~~
- ~~.2 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified; and~~
- ~~.3 The Contractor's Fee computed upon the Cost of the Work described in the preceding Section 5.1.5.3.1.1 at the rate stated in Section 4.3.2; or if the Contractor's Fee is stated as a fixed sum in Section 4.3.2 an amount which bears the same ratio to that fixed-sum Fee as the Cost of the Work included in Section 5.1.5.3.1.1 bears to a reasonable estimate of the probable Cost of the Work upon its completion.~~

~~**§ 5.1.5.3.2** The amount of each progress payment shall then be reduced by:~~

- ~~.1 The aggregate of any amounts previously paid by the Owner;~~
- ~~.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A232–2019;~~
- ~~.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;~~
- ~~.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A232–2019;~~
- ~~.5 The shortfall, if any, indicated by the Contractor in the documentation required by Section 5.1.5.1 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner's auditors in such documentation; and~~
- ~~.6 Retainage withheld pursuant to Section 5.1.7.~~

§ 5.1.5.4 The Owner, Construction Manager and Contractor shall agree upon a mutually acceptable procedure for review and approval of payments to Subcontractors and the percentage of retainage held on Subcontracts, and the Contractor shall execute subcontracts in accordance with those agreements.

§ 5.1.5.5 In taking action on the Contractor's Applications for Payment, the Construction Manager and Architect shall be entitled to rely on the accuracy and completeness of the information furnished by the Contractor, and such action shall not be deemed to be a representation that (1) the Construction Manager and Architect have made a detailed examination, audit or arithmetic verification of the documentation submitted in accordance with Article 5 or other supporting data; (2) that the Construction Manager and Architect have made exhaustive or continuous on-site inspections; or (3) that the Construction Manager and Architect have made examinations to ascertain how or for what purposes the Contractor has used amounts previously paid on account of the Contract. Such examinations, audits and verifications, if required by the Owner, will be performed by the Owner's auditors acting in the sole interest of the Owner.

§ 5.1.5.6 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.1.5.7 If final completion of the Work is materially delayed through no fault of the Contractor, then the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A232-2019.

§ 5.1.6 Progress Payments Where the Contract Sum is Based on the Cost of the Work with a Guaranteed Maximum Price

§ 5.1.6.1 With each Application for Payment, the Contractor shall submit payrolls, petty cash accounts, receipted invoices or invoices with check vouchers attached, and any other evidence required by the Owner, Construction Manager or Architect to demonstrate that payments already made by the Contractor on account of the Cost of the Work equal or exceed progress payments already received by the Contractor plus payrolls for the period covered by the present Application for Payment, less that portion of the progress payments attributable to the Contractor's Fee.

§ 5.1.6.2 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Guaranteed Maximum Price among: (1) the various portions of the Work; (2) any contingency for costs that are included in the Guaranteed Maximum Price but not otherwise allocated to another line item or included in a Change Order; and (3) the Contractor's Fee.

§ 5.1.6.2.1 The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Construction Manager and Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.6.2.2 The allocation of the Guaranteed Maximum Price under this Section 5.1.6.2 shall not constitute a separate guaranteed maximum price for the Cost of the Work of each individual line item in the schedule of values.

§ 5.1.6.2.3 When the Contractor allocates costs from a contingency to another line item in the schedule of values, the Contractor shall submit supporting documentation to the Architect and Construction Manager.

§ 5.1.6.3 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed; or (2) the percentage obtained by dividing (a) the expense that has actually been incurred by the Contractor on account of that portion of the Work and for which the Contractor has made payment or intends to make payment prior to the next Application for Payment by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values.

§ 5.1.6.4 In accordance with AIA Document A232-2019, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.4.1 The amount of each progress payment shall first include:

.1 That portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage of completion of each portion of the Work by the share of the Guaranteed Maximum Price allocated to that portion of the Work in the most recent schedule of values;

.2 That portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction or, if approved in writing in advance by the Owner, suitably stored off the site at a location agreed upon in writing;

.3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified; and

.4 The Contractor's Fee, computed upon the Cost of the Work described in the preceding Sections 5.1.6.4.1.1 and 5.1.6.4.1.2 at the rate stated in Section 4.4.2 or, if the Contractor's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum fee as the Cost of the Work included in Sections 5.1.6.4.1.1 and 5.1.6.4.1.2 bears to a reasonable estimate of the probable Cost of the Work upon its completion.

§ 5.1.6.4.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A232–2019;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A232–2019;

.5 The shortfall, if any, indicated by the Contractor in the documentation required by Section 5.1.6.1 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner's auditors in such documentation; and

.6 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.6.5 The Owner and the Contractor shall agree upon a mutually acceptable procedure for review and approval of payments to Subcontractors and the percentage of retainage held on Subcontracts, and the Contractor shall execute subcontracts in accordance with those agreements.

§ 5.1.6.6 In taking action on the Contractor's Applications for Payment, the Construction Manager and Architect shall be entitled to rely on the accuracy and completeness of the information furnished by the Contractor and such action shall not be deemed to be a representation that (1) the Construction Manager or Architect have made a detailed examination, audit, or arithmetic verification of the documentation submitted in accordance with Section 5.1.6.1 or other supporting data; (2) that the Construction Manager or Architect have made exhaustive or continuous on-site inspections; or (3) that the Construction Manager or Architect have made examinations to ascertain how or for what purposes the Contractor has used amounts previously paid on account of the Contract. Such examinations, audits, and verifications, if required by the Owner, will be performed by the Owner's auditors acting in the sole interest of the Owner.

§ 5.1.6.7 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.1.6.8 If final completion of the Work is materially delayed through no fault of the Contractor, then the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A232–2019.

For major items installed into the Work, the Contractor may request full payment for the items to ensure prompt delivery and fabrication. Such items shall be recommended by the Architect and approved by the Owner as not requiring retainage. Prompt payment for the items shall be documented by the Contractor to the Owner in the subsequent payment application by submitting a full lien release for the items. Major items may include mechanical units with long lead times, structural systems with long lead times, critical path systems or items, etc. Major items will be discussed and defined by Owner, Architect, Construction Manager and Contractor.

...

Prior to Substantial Completion and at the discretion of the Owner, retainage may be reduced. If the Work has been fifty percent (50%) completed as determined by the Architect and is satisfactory to the Owner, then ninety percent (90%) of the retained amount may be released to the Contractor for completed Work (with ten percent (10%) of the total retained by the Owner).
PAGE 6

Upon Substantial Completion, additional retainage may be returned to the Contractor as recommended by the Architect and Construction Manager and approved by the Owner to an amount sufficient to satisfactorily complete the Work. Retainage release will comply with Minnesota Statutes, Section 15.72 after Substantial Completion and punch list acceptance by the Owner.

§ 8.5 ~~Insurance and Bonds~~Record Keeping—Availability and Retention

Pursuant to Minnesota Statutes, Section 16C.05, subd. 5, Contractor agrees that the books, records, documents and accounting procedures and practices of Contractor, that are relevant to the Contract or transaction, are subject to examination by the Owner, the Owner's auditor, and the state auditor for a minimum of six (6) years. Contractor shall maintain such records for a minimum of six (6) years after final payment.

§ 8.6 Data Practices

Pursuant to Minnesota Statutes, Section 13.05, subd. 11, all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing this contract is subject to the requirements of the Minnesota Government Data Practices Act ("MGDPA"), Minnesota Statutes Chapter 13, and Contractor must comply with those requirements as if it were a government entity. The remedies in Minnesota Statutes, Section 13.08 apply to Contractor. Contractor does not have a duty to provide access to public data to the public if the public data are available from the Owner, except as required by the terms of this contract.

§ 8.7 Non-Discrimination

Pursuant to Minnesota Statutes, Section 181.59, the Contractor will take affirmative action to ensure that applicants are selected, and that employees are treated during employment, without regard to their race, color, creed, religion, national origin, sex, sexual orientation, marital status, status with regard to public assistance, membership or activity in a local civil rights commission, disability or age. The Contractor agrees to be bound by the provisions of Minnesota Statutes, Section 181.59, that prohibits certain discriminatory practices and the terms of said section are incorporated into this contract.

§ 8.8 Prompt Payment to Subcontractors

In accordance with the Prompt Payment Act, each Prime Contractor must pay any subcontractor within ten (10) days of the Prime Contractor's receipt of payment from the municipality for undisputed services provided by the subcontractor. The Subcontract must require the Prime Contractor to pay interest of 1-1/2 percent per month or any part of a month to the subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10. For an unpaid balance of less than $100, the Prime Contractor shall pay the actual penalty due to the subcontractor. A subcontractor who prevails in a civil action to collect interest penalties from a Prime Contractor must be awarded its costs and disbursements, including attorney's fees, incurred in bringing the action.

§ A.2.3 Required Property Insurance

§ A.2.3.1 Unless this obligation is placed on the Contractor pursuant to Section A.3.3.2.1, the Owner shall purchase and maintain, from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located, property insurance policy form and sufficient to cover the total value of the entire Project on a replacement cost basis. The Owner's property insurance coverage shall be no less than the amount of the initial Contract Sum, plus the value of subsequent Modifications and labor performed and materials or equipment supplied by others. The property insurance shall be maintained until Substantial Completion and thereafter as provided in Section A.2.3.1.3, unless otherwise provided in the Contract Documents or otherwise agreed in writing by the parties to this Agreement. This insurance shall include the interests of the Owner, Contractor, Subcontractors, and Sub-subcontractors in the Project as insureds. This insurance shall include the interests of mortgagees as loss payees.

§ A.2.3.1.1 Causes of Loss. The insurance required by this Section A.2.3.1 shall provide coverage for direct physical loss or damage, and shall not exclude the risks of fire, explosion, theft, vandalism, malicious mischief, collapse, earthquake, flood, or windstorm. The insurance shall also provide coverage for ensuing loss or resulting damage from error, omission, or deficiency in construction methods, design, specifications, workmanship, or materials. Sub-limits, if any, are as follows:
(Indicate below the cause of loss and any applicable sub-limit.)

Causes of Loss	Sub-Limit

§ A.2.3.1.2 Specific Required Coverages. The insurance required by this Section A.2.3.1 shall provide coverage for loss or damage to false work and other temporary structures, and to building systems from testing and startup. The insurance shall also cover debris removal, including demolition occasioned by enforcement of any applicable legal requirements, and reasonable compensation for the Architect's, Construction Manager's, and Contractor's services and expenses required as a result of such insured loss, including claim preparation expenses. Sub-limits, if any, are as follows:
(Indicate below type of coverage and any applicable sub-limit for specific required coverages.)

Coverage	Sub-Limit

§ A.2.3.1.3 Unless the parties agree otherwise, upon Substantial Completion, the Owner shall continue the insurance required by Section A.2.3.1 or, if necessary, replace the insurance policy required under Section A.2.3.1 with property insurance written for the total value of the Project that shall remain in effect until expiration of the period for correction of the Work set forth in Section 12.2.2 of the General Conditions.

§ A.2.3.1.4 Deductibles and Self-Insured Retentions. If the insurance required by this Section A.2.3 is subject to deductibles or self-insured retentions, the Owner shall be responsible for all loss not covered because of such deductibles or retentions.

§ A.2.3.2 Occupancy or Use Prior to Substantial Completion. The Owner's occupancy or use of any completed or partially completed portion of the Work prior to Substantial Completion shall not commence until the insurance company or companies providing the insurance under Section A.2.3.1 have consented in writing to the continuance of coverage. The Owner and the Contractor shall take no action with respect to partial occupancy or use that would cause cancellation, lapse, or reduction of insurance, unless they agree otherwise in writing.

§ A.2.3.3 Insurance for Existing Structures

If the Work involves remodeling an existing structure or constructing an addition to an existing structure, the Owner shall purchase and maintain, until the expiration of the period for correction of Work as set forth in Section 12.2.2 of the General Conditions, "all-risks" property insurance, on a replacement cost basis, protecting the existing structure against direct physical loss or damage from the causes of loss identified in Section A.2.3.1, notwithstanding the undertaking of the Work. The Owner shall be responsible for all co-insurance penalties.

ARTICLE A.3 CONTRACTOR'S INSURANCE AND BONDS

§ A.3.1 General

§ A.3.1.1 Certificates of Insurance. The Contractor shall provide certificates of insurance acceptable to the Owner evidencing compliance with the requirements in this Article A.3 at the following times: (1) prior to commencement of the Work; (2) upon renewal or replacement of each required policy of insurance; and (3) upon the Owner's written request. An additional certificate evidencing continuation of commercial liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the periods required by Section A.3.2.1 and Section A.3.3.1. The certificates will show the Owner as an additional insured on the Contractor's Commercial General Liability and excess or umbrella liability policy or policies.

§ A.3.1.2 Deductibles and Self-Insured Retentions. The Contractor shall disclose to the Owner any deductible or self-insured retentions applicable to any insurance required to be provided by the Contractor.

§ A.3.1.3 Additional Insured Obligations. To the fullest extent permitted by law, the Contractor shall cause the commercial general liability coverage to include (1) the Owner, the Architect and the Architect's consultants, and the Construction Manager and the Construction Manager's consultants, as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the Owner as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions for which loss occurs during completed operations. The additional insured coverage shall be primary and non-contributory to any of the Owner's general liability insurance policies and shall apply to both ongoing and completed operations. To the extent commercially available, the additional insured coverage shall be no less than that provided by Insurance Services Office, Inc. (ISO) forms CG 20 10 07 04, CG 20 37 07 04, and, with respect to the Architect and the Architect's consultants, and the Construction Manager and the Construction Manager's consultants, CG 20 32 07 04.

§ A.3.2 Contractor's Required Insurance Coverage

§ A.3.2.1 The Contractor shall purchase and maintain the types and limits of insurance as defined in EXH-C Owner Insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Contractor shall maintain the required insurance until the expiration of the period for correction of Work as set forth in Section 12.2.2 of the General Conditions, unless a different duration is stated below:
(If the Contractor is required to maintain insurance for a duration other than the expiration of the period for correction of Work, state the duration.)

§ A.3.2.2 Commercial General Liability

§ A.3.2.2.1 Commercial General Liability insurance for the Project written on an occurrence form with policy limits as defined in EXH-C Owner Insurance providing coverage for claims including

.1 damages because of bodily injury, sickness or disease, including occupational sickness or disease, and death of any person;
.2 personal injury and advertising injury;
.3 damages because of physical damage to or destruction of tangible property, including the loss of use of such property;
.4 bodily injury or property damage arising out of completed operations; and

.5 the Contractor's indemnity obligations under Section 3.18 of the General Conditions.

§ A.3.2.2.2 The Contractor's Commercial General Liability policy under this Section A.3.2.2 shall not contain an exclusion or restriction of coverage for the following:

.1 Claims by one insured against another insured, if the exclusion or restriction is based solely on the fact that the claimant is an insured, and there would otherwise be coverage for the claim.

.2 Claims for property damage to the Contractor's Work arising out of the products-completed operations hazard where the damaged Work or the Work out of which the damage arises was performed by a Subcontractor.

.3 Claims for bodily injury other than to employees of the insured.

.4 Claims for indemnity under Section 3.18 of the General Conditions arising out of injury to employees of the insured.

.5 Claims or loss excluded under a prior work endorsement or other similar exclusionary language.

.6 Claims or loss due to physical damage under a prior injury endorsement or similar exclusionary language.

.7 Claims related to residential, multi-family, or other habitational projects, if the Work is to be performed on such a project.

.8 Claims related to roofing, if the Work involves roofing.

.9 Claims related to exterior insulation finish systems (EIFS), synthetic stucco or similar exterior coatings or surfaces, if the Work involves such coatings or surfaces.

.10 Claims related to earth subsidence or movement, where the Work involves such hazards.

.11 Claims related to explosion, collapse and underground hazards, where the Work involves such hazards.

§ A.3.2.3 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Contractor, with policy limits as defined in EXH-C Owner Insurance.

§ A.3.2.4 The Contractor may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella insurance policies result in the same or greater coverage as the coverages required under Section A.3.2.2 and A.3.2.3, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers. Umbrella coverage as defined in EXH-C Owner Insurance.

§ A.3.2.5 Workers' Compensation at statutory limits for Coverage A as defined in EXH-C Owner Insurance.

§ A.3.2.6 Employers' Liability Coverage B as defined in EXH-C Owner Insurance.

§ A.3.2.7 If the Contractor is required to furnish professional services as part of the Work, the Contractor shall procure Professional Liability insurance covering performance of the professional services, with policy limits as defined in EXH-C Owner Insurance.

§ A.3.2.8 Insurance for the use or operation of manned or unmanned aircraft, if the Work requires such activities, with policy limits as defined in EXH-C Owner Insurance.

(Paragraphs deleted)

§ A.3.3 Contractor's Other Insurance Coverage

§ A.3.3.1 Insurance selected and described in this Section A.3.3 shall be purchased from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Contractor shall maintain the required insurance until the expiration of the period for correction of Work as set forth in Section 12.2.2 of the General Conditions, unless a different duration is stated below:

(If the Contractor is required to maintain any of the types of insurance selected below for a duration other than the expiration of the period for correction of Work, state the duration.)

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents. The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of addenda relating to bidding or proposal requirements.

§ 1.1.1.1 Notwithstanding the foregoing, it is understood and agreed that the Owner is an intended third-party beneficiary of all contracts between the Contractor and Subcontractors or suppliers who provide labor and/or materials for the Work.

§ 1.1.2 The Contract. The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and the Construction Manager or the Construction Manager's consultants, (3) between the Owner and the Architect or the Architect's consultants, (4) between the Contractor and the Construction Manager or the Construction Manager's consultants, (5) between the Owner and a Subcontractor or Sub-subcontractor (6) between the Construction Manager and the Architect, or (7) between any persons or entities other than the Owner and Contractor. The Construction Manager and Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of their duties.

§ 1.1.3 The Work. The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project. The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by other Contractors, and by the Owner's own forces and Separate Contractors.

§ 1.1.5 Contractors. Contractors are persons or entities, other than the Contractor or Separate Contractors, who perform Work under contracts with the Owner that are administered by the Architect and Construction Manager.

§ 1.1.6 Separate Contractors. Separate Contractors are persons or entities who perform construction under separate contracts with the Owner not administered by the Architect and Construction Manager.

§ 1.1.7 The Drawings. The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.8 The Specifications. The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.9 Instruments of Service. Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

§ 1.1.10 Initial Decision Maker. The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Architect will serve as the Initial Decision Maker pursuant to Section 15.2 of AIA Document A232–2019.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the intended results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.4.1 In the case of inconsistency between Drawings and Specifications or within Contract Documents not clarified by Addenda, the better quality or greater quantity of Work shall be provided in accordance with the Architect's interpretation.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights. The Owner retains rights to the Instruments of Service pursuant to Article 7 of AIA Document B101-2017.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

§ 1.5.3 The Architect shall furnish to the Contractor a version of the Instruments of Service in electronic form for the sole purpose of the construction of the Project for which the Instruments of Service were created.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to

whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

§ 1.7 Digital Data Use and Transmission

The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties may use AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit or other form, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.8 Building Information Models Use and Reliance

Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™–2013, Project Building Information Modeling Protocol Form or other form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 OWNER

§ 2.1 General

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization in accordance with Owner's Delegation of Authority Policy, a copy of which will be provided at Contractor's request. Except as otherwise provided in Section 4.2.1, the Construction Manager and the Architect do not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

(Paragraph deleted)

§ 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Prior to commencement of the Work, and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days' notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court

or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities. Unless otherwise provided under the Contract Documents, the Owner, assisted by the Construction Manager, shall secure and pay for the building permit.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.3 The Owner shall retain a construction manager adviser lawfully practicing construction management in the jurisdiction where the Project is located. That person or entity is identified as the Construction Manager in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.4 If the employment of the Construction Manager or Architect terminates, the Owner shall employ a successor construction manager or architect to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Construction Manager or Architect, respectively.

§ 2.3.5 If requested by the Contractor and reasonably required for the Project, the Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The Contractor shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.6 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services. The Contractor is responsible for the timeliness of, or interference caused by, Subcontractors, Sub-subcontractors (of any tier), and others directly or indirectly under contract to the Contractor.

§ 2.3.7 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2.

§ 2.3.8 The Owner shall forward all communications to the Contractor through the Construction Manager. Other communication shall be made as set forth in Section 4.2.6.

§ 2.4 Owner's Right to Stop the Work

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a three-business-day (3) period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to review by the Construction Manager and prior approval of the Architect, and the Construction Manager or Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Construction Manager's and Architect's and their respective consultants'

additional services and expenses made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner within ten (10) days following written request for payment delivered by the Owner to the Contractor. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall hire a professional utilities locator to investigate and verify all private utility locations prior to excavation and cutting into of existing Work. The Contractor is responsible for locating, terminating, and reinstallation of all private utilities. Private site utilities may not be in the Drawings and Project Manual and as such, verification of private utilities is the sole responsibility of the Contractor. Costs associated with moving and repairing of unknown and undocumented utilities will be by appropriate Change Order. The Contractor shall comply with Gopher State One Call, or other public utility service locator to locate all public utilities prior to any work on the site. This shall not relieve Contractor from obligations under Article 3.

§ 3.1.4 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Construction Manager or Architect in their administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 The Contractor shall carefully study and compare the Contract Documents with each other and with information furnished by the Owner pursuant to Section 2.2.3, and shall immediately report to the Architect and Construction Manager errors, inconsistencies, or omissions discovered. The Contractor shall not be liable to the Owner or Architect for damage resulting from errors, inconsistencies, or omissions in the Contract Document unless the Contractor recognized such error, inconsistency, or omission and knowingly failed to report it to the Architect. If the Contractor performs any construction activity knowing or believing it involves a recognized error, inconsistency, or omission in the Contract Documents without such notice to the Architect, the Contractor shall assume full responsibility for such performance and shall bear the attributable costs for correction and shall bear responsibility for any additional costs, delays, and damages resulting from such failure to immediately report any such errors, inconsistencies, or omissions which the Contractor may discover. By executing the Contract, the Contractor represents that the Contractor has reviewed and understands the Contract Documents, has visited the Site and is familiar with local conditions under which the Work is to be performed, has correlated personal observations with the requirements of the Contract Documents, and has notified the Architect of and obtained clarification of any discrepancies which have become apparent during the bidding or proposal period.

§ 3.2.1.1 The Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to the Contractor with the Contract Documents before commencing activities. Errors, inconsistencies, or omissions discovered shall be reported to the Architect immediately in writing.

§ 3.2.1.2 The Contractor shall carefully study and compare the Contract Documents with existing conditions at the job site and shall immediately report in writing to the Architect any error, inconsistency, or omission which the Contractor may discover or any materials, systems, procedures, or methods of construction, either shown on the Drawings or specified, which the Contractor has reason to believe are incorrect, inadequate, obsolete, unsuitable for the purpose intended or which the Contractor has reason to believe would constitute or result in a violation of the Contractor's warranty under Section 3.5 or applicable law. The Contractor shall not proceed with any work in such areas until written instructions are received from the Architect.

§ 3.2.2 The Contractor shall perform the Work in accordance with the Contract Documents and submittals accepted pursuant to Section 3.12.

§ 3.2.3 The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect for the Architect to evaluate and respond to the Contractor's requests for interpretation or information where such information was available to the Contractor from a careful study and comparison of the Contract Documents, Filed Conditions, Owner Provided Information, Contractor Prepared Coordination Drawings, or prior Project Correspondence or Documentation.

§ 3.2.4 If the Contractor believes that any portions of the Contract Documents do not comply with applicable laws, statutes, ordinances, building codes, and rules and regulations, or any orders by code enforcement officials or the Owner or its designees acting in the capacity of building code inspectors or Referenced Standards, the Contractor must promptly notify the Owner and the Architect of the non-compliance as provided in Section 3.2.6 and request direction before proceeding with the affected Work.

§ 3.2.5 The Contractor must promptly notify the Owner and the Architect in writing of any apparent errors, inconsistencies, omissions, ambiguities, construction impracticalities or code violations discovered as a result of the Contractor's review of the Contract Documents including any differences between actual and indicated dimensions, locations and descriptions, and must give the Owner and the Architect timely notice in writing of same and of any corrections, clarifications, additional Drawings or Specifications, or other information required to define the Work in greater detail or to permit the proper progress of the Work. The Contractor must provide similar notice with respect to any variance between its review of the Site and physical data and Site conditions observed.

§ 3.2.6 If the Contractor performs any Work involving an apparent error, inconsistency, ambiguity, construction impracticality, omission or code violation in the Contract Documents of which the Contractor is aware, or which could reasonably have been discovered by the review required by Section 3.2, without prompt written notice to the Owner and the Architect and request for correction, clarification or additional information, as appropriate, the Contractor does so at its own risk and expense and all Claims relating thereafter are specifically waived.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner, the Construction Manager, and the Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. The Construction Manager shall review the proposed alternative for sequencing, constructability, and coordination impacts on the other Contractors. Unless the Architect or the Construction Manager objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of the Project already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.3.4 The Contractor shall at all times staff the Project adequately to allow the Project to be managed and completed in a timely and professional manner. The Contractor shall have competent supervision on the job during work hours and readily available at all times upon call.

§ 3.3.5 The Contractor shall at all times make reasonable provisions to protect any Work performed by any separate contractors, adjacent property, and the existing building (if any) from damage due to the Work or due to the weather.

§ 3.3.6 The Owner or its approved representative (heretofore referred to as Owner's Representative) shall have access to the Work site and all Work. No supervision or inspection by the Owner or the Owner's Representative, nor the authority to act, nor any other actions taken by the Owner's Representative shall relieve the Contractor of any of its obligations under the Contract Documents or give rise to any duty on the part of the Owner.

§ 3.3.7 The Contract shall take appropriate precautions to ensure that the Work does not materially disrupt any ongoing operation by the Owner at the Project (if any) except to the extent any such disruption is a necessary result of performing a particular portion of the Work, in which case the Contractor shall provide the Owner with reasonable advanced written notice and shall take all commercially reasonable measures to minimize the impact on the Owner and the Owner's operations.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work. Should the Contract Documents require Work to be performed after regular working hours or should the Contractor elect to perform Work after regular working hours, the additional cost of such Work shall be borne by the Contractor.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect, in consultation with the Construction Manager, and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.4.4 The Contractor shall be responsible for all additional costs incurred to incorporate into the Project substitute materials, products, or equipment approved by Owner during the bidding period.

§ 3.4.5 In the event of a Change related to substitute or additional materials, and which shall comply with Article 7, the Contractor shall exercise reasonable efforts, consistent with the provisions of the Contract Documents to obtain the maximum available case discounts on all materials, provided that, in doing so, the Contractor shall not accept or use materials for incorporation into the Project which are of a type or quality not reasonably contemplated under the terms of the Contract Documents.

§ 3.4.6 After award of the Contract, a request for substitution of a material, product, or piece of equipment at no change in the Contract Sum will not be approved by the Owner or the Architect, unless the specified item is no longer manufactured, the specified item is unavailable as a result of an act of government such as a declaration of a national emergency, or delivery of the specified items is substantially delayed as a result of labor disputes affecting the manufacturer, unusual delay in transportation, or any other cause beyond control of the Contractor or a Subcontractor or material supplier which the Architect determines justified the delay. Requests will not be approved where the delay in delivery results from failure to promptly place subcontracts and material orders. Requests for substitution shall be submitted in writing to the Architect and shall clearly describe the proposed substitution, state the reason for the unavailability of a specified item and be accompanied by such additional data and information as may be necessary in the discretion of the Owner and the Architect to establish the acceptability of the proposed substitute.

§ 3.4.7 The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect to evaluate the Contractor's proposed Substitutions and for changes made to the Contract Documents as a result of Owner's acceptance of such Substitutions.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner, Construction Manager, and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents

and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Construction Manager or Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4. The Contractor shall arrange for the Owner to have the benefit of and right to enforce all warranties by Subcontractors, Sub-subcontractors, suppliers, and manufacturers.

§ 3.5.3 Manufacturers' warranties and warranties by other shall not relieve the Contractor of any of its responsibilities.

§ 3.5.4 The Contractor's general warranty and any additional or special warranties are not limited by the Contractor's obligations to specifically correct defective or nonconforming Work as provided in Article 12, nor are they limited by any other remedies provided in the Contract Documents. The Contractor shall also be liable for any damage to property or persons (including death) including consequential and direct damages relating to any breach of the Contractor's general warranty or any additional or special warranties required by the Contract Documents.

§ 3.5.5 The Contractor must furnish all special warranties required by the Contract Documents to the Owner no later than Substantial Completion. The Owner may require additional special warranties in connection with the approval of "Or-Equals" or Substitutions, Allowance items, Work that is defective or nonconforming, or the acceptance of nonconforming Work pursuant to Article 12.

§ 3.6 Taxes

The Contractor shall pay sales, consumer, use and similar taxes for the Work or portions thereof provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices, and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Owner, assisted by the Construction Manager, shall secure and pay for the building permit. The Contractor shall secure and pay for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded. The Contractor shall be responsible for the Sewer Access (SAC) and Water Access (WAC) fees for the Project. The Contractor shall pay the SAC/WAC costs to the authorities having jurisdiction from the Allowance in the Base Bid for such charges as defined in the Construction Documents.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing or believing it to be contrary to applicable laws, statutes, ordinances, building codes, rules and regulations, or lawful orders of public authorities, without such notice to the Architect and Owner, the Contractor shall assume full responsibility for such Work and shall bear the attributable costs, delays, and damages resulting from such failure to immediately notify the Architect and Owner of any such violation..

§ 3.7.4 Concealed or Unknown Conditions. If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner, Construction Manager, and the Architect before conditions are disturbed and in no event later than ten (10) days after first observance of the conditions. The Architect and Construction Manager will promptly investigate such conditions and, if the Architect, in consultation with the Construction Manager, determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect, in consultation with the Construction Manager,

determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner, Construction Manager, and Contractor, stating the reasons. If the Owner or Contractor disputes the Architect's determination or recommendation, either party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner, Construction Manager, and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents:

.1 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

.2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and

.3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work, including that performed by all Subcontractors. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Important communications including and not limited to communications regarding design changes, alterations, substitutions, clarifications, cost changes, etc. shall be confirmed in writing by the Contractor. Other communications shall be similarly confirmed on written request in each case.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect, through the Construction Manager, of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Construction Manager may notify the Contractor, stating whether the Owner, the Construction Manager, or the Architect (1) has reasonable objection to the proposed superintendent or (2) require additional time for review. Failure of the Construction Manager to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent or any other management personnel to whom the Owner, Construction Manager, or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.9.4 If requested by the Owner, the Contractor shall replace the superintendent at no additional cost to the Owner. No other change in this position shall be made without notice to and written consent of the Owner.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall submit for the Owner's and Architect's information, and the Construction Manager's use in developing the Project schedule, a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of

commencement of the Work, interim schedule milestone dates, critical path schedule milestones, major construction milestones, including and not limited to Civil, Demolition, Structural, Mechanical, Electrical, and Plumbing, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project. The Contractor shall cooperate with the Construction Manager in scheduling and performing the Contractor's Work to avoid conflict with, and as to cause no delay in, the work or activities of other Contractors, or the construction or operations of the Owner's own forces or Separate Contractors.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Construction Manager's and Architect's approval. The Architect and Construction Manager's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Construction Manager and Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall participate with other Contractors, the Construction Manager, and the Owner in reviewing and coordinating all schedules for incorporation into the Project schedule that is prepared by the Construction Manager. The Contractor shall make revisions to the construction schedule and submittal schedule as deemed necessary by the Construction Manager to conform to the Project schedule.

§ 3.10.4 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to and accepted in writing by the Owner, Construction Manager, and Architect, and incorporated into the approved Project schedule.

§ 3.11 Documents and Samples at the Site

§ 3.11.1 The Contractor shall make available, at the Project site, one record copy of the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and updated daily to indicate field changes and selections made during construction, and in addition accepted and approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Construction Manager, Architect, and Owner as required to complete routine inspections by Architect, Construction Manager and Owner prior to any approval of payments to the Contractor, and delivered to the Construction Manager for submittal to the Owner upon completion of the Work. The Architect and Contractor must verify that all "as-built" Drawings, Specifications, Addenda, Change Orders, and other Modifications are up-to-date before Contractor's Application for Payment is acceptable and before the Owner incurs any duty to pay Contractor in accordance with the Contract. The record documents shall be a separate set of documents labeled "Record Documents" and used only for record purposes and kept clean and undamaged.

§ 3.11.2 No review or receipt of such records by the Architect or Owner shall be considered a waiver of any deviation from the Contract Documents or approved shop drawings, or any way relieve the Contractor from its responsibility to perform the Work in accordance with the Contract Documents.

§ 3.12 Shop Drawings, Product Data, and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review

by the Architect and Construction Manager is subject to the limitations of Sections 4.2.10 through 4.2.12. Informational submittals upon which the Construction Manager and Architect are not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Construction Manager or Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Construction Manager, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the Project submittal schedule approved by the Construction Manager and Architect or, in the absence of an approved Project submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of other Contractors, Separate Contractors, or the Owner's own forces. The Contractor shall cooperate with the Construction Manager in the coordination of the Contractor's Shop Drawings, Product Data, Samples, and similar submittals with related documents submitted by other Contractors. The Contractor must provide the Owner and the Architect with copies of all submittals made to regulatory agencies.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner, Construction Manager, and Architect, that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been reviewed and accepted by the Architect. The Contractor must correct at its cost, and without any adjustment in Contract Time, any Work the correction of which is required due to the Contractor's failure to obtain approval of a submittal required to have been obtained prior to proceeding with the Work, including, but not limited to, correction of any conflicts in the Work resulting from such failure.

§ 3.12.8 The Work shall be in accordance with accepted submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's acceptance of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Construction Manager and Architect of such deviation at the time of submittal and (1) the Architect has given written acceptance to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's acceptance thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Construction Manager and Architect on previous submittals. In the absence of such notice, the Architect's acceptance of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner, the Architect, and the Construction Manager shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must

satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Construction Manager shall review submittals for sequencing, constructability, and coordination impacts on other Contractors.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Construction Manager and Architect at the time and in the form specified by the Architect.

§ 3.13 Use of Site

§ 3.13.1 The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.13.2 The Contractor shall coordinate the Contractor's operations with, and secure the approval of, the Construction Manager before using any portion of the site.

§ 3.13.3 Except as may be specifically provided in the Contract Documents, the Contractor shall provide all necessary temporary facilities, including power, water, sanitation, scaffolding, storage, and security. If Owner makes any such facilities available to Contractor, it is without representation or warranty as to their adequacy for Contractor's use, and Contractor shall indemnify, defend, and hold Owner harmless from and against any claims arising out of Contractor's use of such facilities.

§ 3.14 Cutting and Patching

§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner, Separate Contractors, or of other Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner, Separate Contractors, or by other Contractors except with written consent of the Construction Manager, Owner, and such other Contractors or Separate Contractors. Consent shall not be unreasonably withheld. The Contractor shall hire a professional utilities locator to verify locations of all public and private utilities prior to initiating any cutting work. The Contractor shall not unreasonably withhold, from the Separate Contractors, other Contractors, or the Owner, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up

§ 3.15.1 The Contractor shall keep the premises and surrounding area continuously free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove from and about the Project waste materials, rubbish, Contractor-generated waste materials, the Contractor's generated hazardous waste materials, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner, or Construction Manager with the Owner's approval, may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work

The Contractor shall provide the Owner, Construction Manager, and Architect with access to the Work in preparation and progress wherever located.

§ 3.17 Royalties, Patents and Copyrights

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner, Construction Manager, and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner, Architect, or Construction

Manager. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect through the Construction Manager.

§ 3.18 Indemnification

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify, defend and hold harmless the Owner, Construction Manager, Architect, Construction Manager's and Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Section 3.18. The Contractor, furthermore, agrees to obtain, maintain, and pay for such general liability coverage and endorsements (including product and completed operations coverage) as will ensure the provisions of this Section 3.18.1. The Contractor agrees to reimburse the Owner, its agents and employees for all costs and disbursements, including attorneys' fees, paid or incurred to enforce the provisions of this Section 3.18.1.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

§ 3.18.3 To the fullest extent permitted by law and without limiting any other indemnification obligations of the Contractor, except to the extent caused by the uncured failure of the Owner to make payment when due and owing, the Contractor shall indemnify and defend the Owner, its officers, directors, assigns, lenders, agents, and employees from any liens, charges (including attorneys' fees) or encumbrances (including but not limited to mechanic's and materialmen's liens or bond claims) arising out of or in connection with the performance of the Work by Contractor, its Subcontractors, or its material suppliers. Upon request of the Owner, the Contractor shall within sixty (60) days remove any liens filed against the Owner or its property. If the Contractor fails to do so, the Owner is authorized by the Contractor to remove or satisfy any such liens, and the Contractor shall pay to the Owner all costs and damages incurred by the Owner to do so, including attorneys' fees.

ARTICLE 4 ARCHITECT AND CONSTRUCTION MANAGER

§ 4.1 General

§ 4.1.1 The Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.

§ 4.1.2 The Construction Manager is the person or entity retained by the Owner pursuant to Section 2.3.3 and identified as such in the Agreement.

§ 4.1.3 Duties, responsibilities, and limitations of authority of the Construction Manager and Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Construction Manager, Architect, and Contractor. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 The Construction Manager and Architect will provide administration of the Contract as described in the Contract Documents and will be the Owner's consultants (1) during construction; (2) until final payment is due; and (3) with the Owner's concurrence, from time to time during the correction period described in Section 12.2. The Architect and Construction Manager will advise and consult with the Owner. The Construction Manager and Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents, unless otherwise modified in writing in accordance with other provisions of the Contract.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the Work completed, to endeavor to guard the Owner against defects and deficiencies in the Work, and to determine in general if the Work is being performed in a manner indicating that the Work, when completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect will keep the Owner and the Construction Manager reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner and Construction Manager known deviations from the Contract Documents and defects and deficiencies observed in the Work.

§ 4.2.2.2 The Contractor shall reimburse the Owner for compensation paid to the Architect for additional site visits made necessary by fault, neglect, or request of the Contractor.

§ 4.2.3 The Construction Manager shall provide one or more representatives who shall be in attendance at the Project site whenever the Work is being performed. The Construction Manager will determine in general if the Work observed is being performed in accordance with the Contract Documents, will keep the Owner and Architect reasonably informed of the progress of the Work, and will promptly report to the Owner and Architect known deviations from the Contract Documents and the most recent Project schedule, and defects and deficiencies observed in the Work.

§ 4.2.4 The Construction Manager will schedule and coordinate the activities of the Contractor and other Contractors in accordance with the latest approved Project schedule.

§ 4.2.5 The Construction Manager, except to the extent required by Section 4.2.4, and Architect will not have control over, charge of, or responsibility for, the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents, and neither will be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. Neither the Construction Manager nor the Architect will have control over or charge of, or be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or of any other persons or entities performing portions of the Work.

§ 4.2.6 Communications. The Owner shall communicate with the Contractor and the Construction Manager's consultants through the Construction Manager about matters arising out of or relating to the Contract Documents. The Owner and Construction Manager shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Construction Manager otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with other Contractors shall be through the Construction Manager. Communications by and with the Owner's own forces and Separate Contractors shall be through the Owner unless otherwise provided. The Contract Documents may specify other communication protocols. The Owner may require the Architect, Construction Manager and the Contractor to comply with Owner requirements in regards to public communications and site signage.

§ 4.2.7 The Construction Manager and Architect will review and certify all Applications for Payment by the Contractor, in accordance with the provisions of Article 9.

§ 4.2.8 The Architect and Construction Manager have authority to reject Work that does not conform to the Contract Documents, and will notify each other about the rejection. Whenever the Construction Manager considers it necessary or advisable for implementation of the intent of the Contract Documents, the Construction Manager will have authority to require additional inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, upon written authorization of the Owner, whether or not the Work is fabricated, installed or completed. The foregoing authority of the Construction Manager will be subject to the provisions of Sections 4.2.18 through 4.2.20 inclusive, with respect to interpretations and decisions of the Architect. However, neither the Architect's nor the Construction Manager's authority to act under this Section 4.2.8 nor a decision made by either of them in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect or the Construction Manager to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons performing any of the Work.

§ 4.2.9 Utilizing the submittal schedule provided by the Contractor, the Construction Manager shall prepare, and revise as necessary, a Project submittal schedule incorporating information from other Contractors, the Owner, Owner's consultants, Owner's Separate Contractors and vendors, governmental agencies, and participants in the Project under the management of the Construction Manager. The Project submittal schedule and any revisions shall be submitted to the Architect for approval.

§ 4.2.10 The Construction Manager will receive and promptly review for conformance with the submittal requirements of the Contract Documents, all submittals from the Contractor such as Shop Drawings, Product Data, and Samples. Where there are other Contractors, the Construction Manager will also check and coordinate the information contained within each submittal received from the Contractor and other Contractors, and transmit to the Architect those recommended for approval. By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Construction Manager represents to the Owner and Architect that the Construction Manager has reviewed and recommended them for approval. The Construction Manager's actions will be taken in accordance with the Project submittal schedule approved by the Architect or, in the absence of an approved Project submittal schedule, with reasonable promptness while allowing sufficient time to permit adequate review by the Architect.

§ 4.2.11 The Architect will, and the Owner may, review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's or Owner's action will be taken with such reasonable promptness as to cause no delay in the Work or in the activities of the Owner, Contractor or separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review. Upon the Architect's or the Owner's completed review, the Architect shall transmit its submittal review to the Construction Manager.

§ 4.2.12 Review of the Contractor's submittals by the Construction Manager and Architect is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Construction Manager and Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Construction Manager and Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.13 The Construction Manager will prepare Change Orders and Construction Change Directives.

§ 4.2.14 The Construction Manager and the Architect will take appropriate action on Change Orders or Construction Change Directives in accordance with Article 7, and the Architect will have authority to order minor changes in the Work as provided in Section 7.4. The Architect, in consultation with the Construction Manager, will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.15 Utilizing the documents provided by the Contractor, the Construction Manager will maintain at the site for the Owner one copy of all Contract Documents, approved Shop Drawings, Product Data, Samples, and similar required submittals, in good order and marked currently to record all changes and selections made during construction. These will be available to the Architect and the Contractor, and will be delivered to the Owner upon completion of the Project.

§ 4.2.16 The Construction Manager will assist the Architect in conducting inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion in conjunction with the Architect pursuant to Section 9.8; and receive and forward to the Owner written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10. The Construction Manager will forward to the Architect a final Application and Certificate for Payment or final Project Application and Project Certificate for Payment upon the Contractor's compliance with the requirements of the Contract Documents.

§ 4.2.17 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Construction Manager of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.18 The Architect will interpret and decide matters concerning performance under the requirements of, the Contract Documents on written request of the Construction Manager, Owner, or Contractor through the Construction Manager. The Architect's response to such requests will be made with reasonable promptness and within any time limits agreed upon. If no agreement is made concerning the time within which interpretations required of the Architect shall be furnished in compliance with this Section 4.2.18, then delay shall not be recognized on account of failure by the Architect to furnish such interpretations until fifteen (15) days after written request is made to them.

§ 4.2.19 Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.20 Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include other Contractors or Separate Contractors or the subcontractors of other Contractors or Separate Contractors.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify in writing the Construction Manager, for review by the Owner, Construction Manager and Architect, of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Construction Manager may notify the Contractor whether the Owner, the Construction Manager or the Architect (1) has reasonable objection to any such proposed person or entity or, (2) requires additional time for review. Failure of the Construction Manager to provide notice within the 14-day period shall constitute notice of no reasonable objection. The Contractor shall not employ any Subcontractor or use any material to which the Architect, Construction Manager or Owner may object. Prior to the employment of any Subcontractor, the Contractor must obtain the Owner's approval of such Subcontractor for the designated portion of the Work.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner, Construction Manager or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner, Construction Manager or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner, Construction Manager or Architect has no reasonable objection. The Contract Sum shall be increased or decreased by the difference in cost occasioned by such change, and an appropriate Change Order shall be issued. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required. Notwithstanding the foregoing, the Contractor shall have a continuing duty to the Owner, Construction Manager and Architect to find and propose such persons or entities as shall not result in material increase in the Contract Sum, or a material decrease in the quality of Work contemplated under the Contract Documents.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner, Construction Manager or Architect makes reasonable objection to such substitution. Any proposed substitution of a Subcontractor, person, or entity for one previously selected shall be made in a separate writing to the Owner, Construction Manager and Architect. No substitution shall be deemed approved/accepted without written

confirmation from the Owner, Construction Manager and Architect. Neither acceptance of, nor objection to a Subcontractor or Sub-subcontractor, material supplier, or other person or organization by the Owner, Construction Manager and Architect shall limit the responsibility of the Contractor to furnish materials, products, equipment, and services in conformance with the requirements of the Contract Documents.

§ 5.3 Subcontractual Relations

§ 5.3.1 By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, that the Contractor, by these Contract Documents, assumes toward the Owner, Construction Manager and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner, Construction Manager and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors shall similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.3.2 The Contractor is responsible for the performance of, the actions of, the timeliness of, or interference caused by, Subcontractors, Sub-subcontractors (of any tier), and others directly or indirectly under contract to the Contractor.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation shall be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor Contractor or other entity. If the Owner assigns the subcontract to a successor Contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor Contractor's obligations under the subcontract.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction with Own Forces and to Award Other Contracts

§ 6.1.1 The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When the Owner performs construction or operations with the Owner's own forces or Separate Contractors, the Owner shall provide for coordination of such forces and Separate Contractors with the Work of the Contractor, who shall cooperate with them.

§ 6.1.3 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors

shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner's own forces, Separate Contractors, Construction Manager and other Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner's own forces, Separate Contractors or other Contractors, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Construction Manager and Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor or other Contractors that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Construction Manager and the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's or other Contractors' completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractors or other Contractors that are not reasonably discoverable.

§ 6.2.3 Costs caused by delays or by improperly timed activities or defective construction shall be borne by the party responsible therefor.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction, or to property of the Owner, Separate Contractors, or other Contractors as provided in Section 10.2.5.

§ 6.2.5 Claims and other disputes and matters in question between the Contractor and a separate contractor shall be subject to the provisions of Article 15 provided the separate contractor has reciprocal obligations.

§ 6.2.6 The Owner, Separate Contractors, and other Contractors shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, other Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish as described in Section 3.15, the Owner may clean up allocate the cost among those responsible as the Architect determines to be just..

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Construction Manager, Architect and Contractor. A Construction Change Directive requires agreement by the Owner, Construction Manager and Architect and may or may not be agreed to by the Contractor.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.1.4 The amount of credit to be allowed by the Contractor to the Owner for any deletion or change which results in a net decrease in the Contract Sum will be the amount of the actual net cost as confirmed by the Architect after consultation with the Owner and Construction Manager. When both additions and credits covering related Work or

substitutions are involved in any one change, the allowance for both overhead and profit shall be figured on the basis of the net increase or decrease, if any, with respect to that change.

§ 7.1.5 In Section 7.3.6, the allowance for the combined overhead and profit included in the total cost to the Owner shall be based on the following schedule:

.1 For the Contractor, for Work performed by the Contractor's own forces, ten percent (10%) of the cost;

.2 For the Contractor, for Work performed by the Contractor's Subcontractor, five percent (5%) of the amount due the Subcontractor;

.3 For each Subcontractor or Sub-subcontractor involved for Work performed by the Subcontractor's or Sub-subcontractor's own forces, ten percent (10%) of the cost;

.4 For each Subcontractor for Work performed by the Subcontractor's Sub-subcontractor, five percent (5%) of the amount due the Subcontractor;

.5 Costs to which overhead and profit is to be applied shall be determined in accordance with Section 7.3.6;

.6 In order to facilitate checking of quotations for extras or credits, all proposals, expect those so minor that their propriety can be seen by inspection, shall be accompanied by a complete itemization of costs, including labor, materials and subcontracts. Labor and materials shall be itemized in the manner prescribed above. Where major cost items are subcontracts, they shall be itemized also. In no case will a change involving over $500 be approved without such itemization.

§ 7.2 Change Orders and Change Proposals

§ 7.2.1 A Change Order is a written instrument prepared by the Construction Manager and signed by the Owner, Construction Manager, Architect, and Contractor, stating their agreement upon all of the following:

.1 The change in the Work;

.2 The amount of the adjustment, if any, in the Contract Sum; and

.3 The extent of the adjustment, if any, in the Contract Time.

§ 7.2.2 Change Order shall be prepared on AIA Document G731.

§ 7.2.3 The Contractor must submit Change Proposals covering a contemplated Change Order within ten (10) days after request of the Owner, or the Architect or within ten (10) days of the event, or Contractor's discovery of a condition, whichever is earlier, giving rise to the Contractor's claim for a change in the Contract Sum or Contract Time. No increase in the Contract Sum or extension of the Contract Time will be allowed the Contractor for the cost or time involved in making Change Proposals. Change Proposals will define or confirm in detail the Work which is proposed to be added, deleted, or changed and must include any adjustment which the Contractor believes to be necessary in (i) the Contract Sum, or (ii) the Contract Time. Any proposed adjustment must include detailed documentation including, but not limited to: cost, properly itemized and supported by sufficient substantiating data to permit evaluation including cost of labor, materials, supplies and equipment, rental cost of machinery and equipment, additional bond cost, plus a fixed fee for profit and overhead (which includes office overhead and Site-specific overhead and general conditions) of ten percent (10%) if the Work is performed by the Contractor, or five percent (5%) if the Work is performed by a Subcontractor or Sub-subcontractor. The Subcontractor's or Sub-subcontractor's overhead and profit in turn must not exceed a total aggregate of ten percent (10%). Change Proposals will be binding upon the Contractor and may be accepted or rejected by the Owner in its discretion. The Owner may, at its option, instruct the Contractor through a Construction Change Directive to proceed with the Work involved in the Change Proposal in accordance with Section 7.3 without accepting the Change Proposal in its entirety.

§ 7.2.4 If the Owner determines that a Change Proposal is appropriate, the Architect will prepare and submit a request for a Change Order or Contract Amendment providing for an appropriate adjustment in the Contract Sum or Contract Time, or both, for further action by the Owner. No such change is effective until the Owner and Architect sign the Change Order.

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Construction Manager and signed by the Owner, Construction Manager and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without

invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;

.2 Unit prices stated in the Contract Documents or subsequently agreed upon;

.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or

.4 As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Owner and the Construction Manager shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Construction Manager may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

.1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Construction Manager and Architect;

.2 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others (at rates approved by the Owner);

.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and

.5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Construction Manager of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Construction Manager and Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment up to and not exceeding $25,000. The Construction Manager and Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Construction Manager and Architect determine to be reasonably justified. The interim determination of cost shall adjust the Contract Sum on

the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Construction Manager and Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Construction Manager shall prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing and approved by the Owner. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Construction Manager and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Construction Manager that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement. The date shall not be postponed by the failure to act of the Contractor or of persons or entities for whom the Contractor is responsible.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" shall mean calendar day of 24 hours beginning at 12:00 midnight. Calendar days as stated in the Contract Documents, shall include all days of a seven (7) day week including Saturdays, Sundays, and holidays. The term "Milestone Date" is, in each instance, the date established in the Contract Documents for the Substantial completion of all or a designated portion of the Work.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time and shall achieve specific contractual Milestone Dates (if any), Substantial Completion and final Completion within the time stated in the Contract Documents.

§ 8.2.4 Contractor understands and agrees that all Work must be performed in an orderly and closely coordinated sequence so that the dates for Substantial Completion, Final Completion, and Milestone Dates (if any) may be met by the Contractor.

§ 8.2.5 Timely final completion of the Project is of critical importance to the Owner. The Contractor agrees that it shall substantially complete all Work under the Contract documents within the time established herein and that it shall finally complete the Work in the detail required and in the time required by the Contract Documents.

§ 8.2.6 To the extent that the Contract Documents contain or provide for specific contractual Milestone Dates in addition to Final and Substantial Completion dates, such dates shall be adhered to and shall be the last acceptable dates for those milestones and completions, unless modified by the Owner.

§ 8.2.7 Notwithstanding anything to the contrary contained in the Contract Documents, in the event that any Contractor fails, or appears likely, in the reasonable opinion of the Owner and Construction Manager, to fail to complete a critical portion of their Work on time or to complete any dates for Substantial Completion, Final Completion, or Milestone Dates as evidenced by the latest update of the CPM Schedule Report, the Owner shall have the right to select and require Contractor's performance under any or all of the following operations:

.1 Require the Contractor to substantiate their capability to get back on schedule within two (2) days;

.2 Require the Contractor, at no additional cost to the Owner, to increase their work force, work overtime and/or extra shifts and do whatever else is required by the Owner until the Contractor gets back on schedule as established by the CPM Schedule Report (including any updates thereto);

.3 Withhold progress payments or portions thereof until such time as the contractor returns to schedule, but only related to Substantial Completion or Final Completion;

.4 Contact or visit the factory, plant, or distribution center whose production or delivery schedule may be critical to the scheduled completion of a portion of the contract work and expedite such production delivery at Contractor's expense; or

.5 Require the Contractor to complete, in detail, and submit weekly a Short Interval Schedule (SIS) showing: (1) planning for the next two weeks; (2) work completed for the previous week; (3) sufficient detail to evaluate daily milestone (if any) and manpower/equipment loading, and shall identify/tie into the monthly updated CPM Schedule Report.

Any costs incurred by the Contractor in fulfilling the option(s) selected by the Owner shall be at the Contractor's expense.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the progress of the Work by (1) an act or neglect of the Owner, Architect, Construction Manager, or an employee of any of them, or of the Owner's own forces, Separate Contractors, or other Contractors; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; or (4) by other causes that the Contractor asserts and the Architect, based on the recommendation of the Construction Manager, determines justify delay, then subject to the conditions hereinafter set forth, the Contract Time shall be extended by Change Order for such reasonable time as the Architect may determine. Requests for extensions of time for causes enumerated above will be considered by the Architect subject to the following:

.1 Only those conditions enumerated above over which the Contractor has no control will be considered. The burden of proof to substantiate the claim for an extension shall rest with the Contractor, including evidence that the cause was beyond their control. It shall be deemed the Contractor has control over the supply of labor, materials, equipment, methods, techniques, and over their Subcontractors and suppliers;

.2 In the event of Changes in the Work, any consideration for a time extension will be made only at the time of authorizing the changes, and no later than when the Change Order is prepared, and only if the Change Order significantly affects the time and progress of the entire Work. For changes which do not affect the entire Work, time extension may be granted only for the area, phase, unit, or element affected by the change, if due to a valid reason for a time extension;

.3 Any unusual delay in deliveries will not be considered unless it is solely due to transportation issues wholly outside of Contractor's, Subcontractor's, Sub-subcontractor's or Supplier's control. An extension of time will not be granted for delays in deliveries where said delivery was not properly scheduled or when orders were not promptly and properly placed;

.4 With respect to a claim for an extension of time as a result of climatic conditions, the Contractor shall recognize the location of the site and the existence, as normal, or variations from "average" conditions. Foul weather in itself will not be a valid reason for a time extension. Requests for time extensions because of delay resulting from weather extremes will not be considered unless a substantial variation from usual weather conditions occurs for a significant period of time, during phases of the Work when operation necessarily were suspended to a significant degree when they would otherwise have been in progress. In considering the time extension, the weather conditions both before and after the period in which the delay is claimed will be evaluated with credit given to Owner for unseasonably favorable weather;

.5 Delays resulting from a labor dispute will not result in a time extension of a longer period than the dispute, plus a reasonable time for mobilization if justified and necessary as approved by the

Architect, and may be less depending on the impact of the dispute, including what operations were suspended or curtailed;

.6 No time extension will be granted as a result of improper scheduling or for failure to have shop drawings or samples submitted in ample time for review under a reasonable and agreed upon schedule; or

.7 Delays by Subcontractors or suppliers will not be considered justification for a time extension, except for the same valid reasons and conditions enumerated under Section 8.3.1.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

§ 8.3.4 The Contractor shall be responsible for all Owner incurred costs associated with a Contractor related to delay in completion of the Project. These costs may include, but are not limited to, Owner staff overtime, Consultant additional fees, additional testing, and/or additional rental or storage costs. A Change Order or Construction Change Directive will be issued to cover these costs. If a Change Order is not agreed to by the Contractor, the Owner, after presenting documentation to the Contractor, may deduct these amounts without a Change Order from the Contract Sum.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

Before the first Application for Payment, the Contractor shall submit to the Architect and Construction Manager a schedule of values allocated to various portions of the Work, prepared in the form, and supported by the data to substantiate its accuracy, required by the Construction Manager and the Architect. The schedule, unless objected to by the Construction Manager or Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. The Construction Manager shall forward to the Architect the Contractor's schedule of values. Any changes to the schedule of values shall be submitted to the Construction Manager and supported by such data to substantiate its accuracy as the Construction Manager and the Architect may require, and unless objected to by the Construction Manager or the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment. The Contractor, after receipt of Notice to Proceed, shall meet with the Owner, Construction Manager and the Architect for the purpose of reviewing the Project CPM Schedule and the Contract Schedule of Values. The Contractor shall develop a CPM Schedule for completing their portion of the Work, in conjunction with all other Contractors or Bid Packages, at the Pre-Construction Meeting(s). The Schedule of Values is to be broken down into specification sections and by labor and materials.

§ 9.3 Applications for Payment

§ 9.3.1 At least fifteen days before the date established for each progress payment, the Contractor shall submit to the Construction Manager an itemized Application for Payment for operations completed in accordance with the Schedule of Values. Such application shall be notarized and supported by all data substantiating the Contractor's right to payment that the Owner, Construction Manager or Architect require, such as copies of requisitions, and releases of waivers of lien from Subcontractors and material suppliers, and reflecting retainage if provided for elsewhere in the Contract Documents. The form of Application for Payment shall be a notarized AIA Document G732–2019, Application and Certificate for Payment, supported by AIA Document G703–1992, Continuation Sheet.

§ 9.3.1.1 As provided in Section 7.3.9, such applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Construction Manager and Architect, but not yet included in Change Orders.

§ 9.3.1.2 Such applications shall not include requests for payment of amounts the Contractor does not intend to pay a Subcontractor or supplier because of a dispute or other reason, unless such Work has been performed by others whom the Contractor intends to pay.

§ 9.3.1.3 Following certification of the Application for Payment by the Architect and Construction Manager, the Owner shall pay ninety-five percent (95%) of its value, retaining five percent (5%) until Final Completion.

§ 9.3.1.4 Contractor shall provide lien waivers for itself for the current payment application and for Subcontractors, Sub-subcontractors, and suppliers for the previous payment application before the Contractor has earned or has the right to receive payment for the specific items of work or materials covered by the lien waivers. All lien waivers shall be provided in the form required by the Owner. This Section 9.3.1.4 shall not limit other obligations of the Contractor contained elsewhere to provide lien waivers.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials and equipment relating to the Work.

§ 9.3.4 In each Application for Payment, the Contractor shall certify as follows:

> "That there are no known mechanics' or materialmen's liens or stop notice claims outstanding by the application or any of its subcontractors of any tier, or any of the applicant's or subcontractor's material suppliers, or laborers at the date of this application, that all due and payable bills with respect to the Work have been paid or are included in the amount requested in current application, and that, except for such bills, not paid by Owner, but so included, there is no known basis for the filing of any mechanics' or materialmen's liens or stop notice claims on the Work, and that waivers from Contractor, its subcontractors of any tier, or any of the applicant's or subcontractor's material suppliers and laborers have been obtained in such form as to constitute an effective waiver of liens or stop notice claims, under the laws of the State of Minnesota to the extent of payments made by Owner to Contractor."

Notwithstanding the foregoing Section 9.3.4, Contractor acknowledges its obligation to provide a Payment Bond in accordance with the Contract Documents, and that Contractor's failure to pay any of its Subcontractors, Sub-subcontractors, suppliers, or laborers will be resolved through a claim under the Payment Bond.

§ 9.4 Certificates for Payment

§ 9.4.1 Where there is only one Contractor, the Construction Manager will, within seven days after the Construction Manager's receipt of the Contractor's Application for Payment, review the Application, certify the amount the Construction Manager determines is due the Contractor, and forward the Contractor's Application and Certificate for Payment to the Architect. Within seven days after the Architect receives the Contractor's Application for Payment from the Construction Manager, the Architect will either (1) issue to the Owner a Certificate for Payment, in the full amount of the Application for Payment, with a copy to the Construction Manager; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Construction Manager and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Construction Manager and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1. The Construction Manager will promptly forward to the Contractor the Architect's notice of withholding certification.

§ 9.4.2 Where there is more than one Contractor performing portions of the Project, the Construction Manager will, within seven days after the Construction Manager receives all of the Contractors' Applications for Payment: (1) review the Applications and certify the amount the Construction Manager determines is due each of the Contractors; (2) prepare a Summary of Contractors' Applications for Payment by combining information from each Contractor's application with information from similar applications for progress payments from the other Contractors; (3) prepare a Project Application and Certificate for Payment; (4) certify the amount the Construction Manager determines is due all Contractors; and (5) forward the Summary of Contractors' Applications for Payment and Project Application and Certificate for Payment to the Architect.

§ 9.4.2.1 Within seven days after the Architect receives the Project Application and Project Certificate for Payment and the Summary of Contractors' Applications for Payment from the Construction Manager, the Architect will either (1) issue to the Owner a Project Certificate for Payment, with a copy to the Construction Manager; or (2) issue to the Owner a Project Certificate for Payment for such amount as the Architect determines is properly due, and notify the Construction Manager and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Project Application for Payment, and notify the Construction Manager and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1. The Construction Manager will promptly forward the Architect's notice of withholding certification to the Contractors.

§ 9.4.3 The Construction Manager's certification of an Application for Payment or, in the case of more than one Contractor, a Project Application and Certificate for Payment, shall be based upon the Construction Manager's evaluation of the Work and the data in the Application or Applications for Payment. The Construction Manager's certification will constitute a representation that, to the best of the Construction Manager's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is, or Contractors are, entitled to payment in the amount certified.

§ 9.4.4 The Architect's issuance of a Certificate for Payment or, in the case of more than one Contractor, Project Application and Certificate for Payment, shall be based upon the Architect's evaluation of the Work, the recommendation of the Construction Manager, and data in the Application for Payment or Project Application for Payment. The Architect's certification will constitute a representation that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is, or Contractors are, entitled to payment in the amount certified.

§ 9.4.5 The representations made pursuant to Sections 9.4.3 and 9.4.4 are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Construction Manager or Architect.

§ 9.4.6 The issuance of a Certificate for Payment or a Project Certificate for Payment will not be a representation that the Construction Manager or Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Construction Manager or Architect may withhold a Certificate for Payment or Project Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Construction Manager's or Architect's opinion the representations to the Owner required by Section 9.4.3 and 9.4.4 cannot be made. If the Construction Manager or Architect is unable to certify payment in the amount of the Application, the Construction Manager will notify the Contractor and Owner as provided in Section 9.4.1 and 9.4.2. If the Contractor, Construction Manager and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment or a Project Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Construction Manager or Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment or Project Certificate for Payment previously issued, to such extent as may be necessary in the Construction Manager's or Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from the acts and omissions described in Section 3.3.2 because of

.1 defective Work not remedied;
.2 third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
.3 failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
.4 reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
.5 damage to the Owner or a Separate Contractor or other Contractor;
.6 reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
.7 repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If the Architect or Construction Manager withholds certification for payment under Section 9.5.1, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Construction Manager, and both will reflect such payment on the next Certificate for Payment.

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment or Project Certificate for Payment, the Owner shall make payment within thirty (30) days of receipt by Owner of Certificate of Payment in the manner and within the time provided in the Contract Documents, and shall so notify the Construction Manager and Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner. Per Minnesota Statutes, Section 471.425, within ten (10) days of Contractor's receipt of payment from Owner, the Contractor must pay any Subcontractor for any undisputed services provided by the Subcontractor. The Contractor shall pay interest of one and one-half percent (1-1/2%) per month, or any part of a month, to the Subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10.00. For an unpaid balance of less than $100, the Contractor shall pay the actual interest penalty due to the Subcontractor. Contractor is advised that by reason of Minnesota Statutes, Section 471.425, subd. 4a, if a Subcontractor prevails in a civil action to collect interest penalties from a prime contractor, the Subcontractor must be awarded its costs and disbursements, including attorneys' fees incurred in bringing the action.

§ 9.6.3 The Construction Manager will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Owner, Construction Manager and Architect on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner, Construction Manager nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to material and equipment suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If the Construction Manager and Architect do not issue a Certificate for Payment or a Project Certificate for Payment, through no fault of the Contractor, within fourteen days after the Construction Manager's receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within thirty (30) days after the date established in the Contract Documents, the amount certified by the Construction Manager and Architect then the Contractor may, upon ten (10) additional days' notice to the Owner, Construction Manager and Architect, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up which shall be accomplished as provided in Article 7.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so the Owner can occupy or utilize the Work for its intended use and when the Architect issues a Certificate of Substantial Completion.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall notify the Construction Manager, and the Contractor and Construction Manager shall jointly prepare and submit to the Architect a comprehensive list of items to be completed or corrected. The Contractor shall proceed promptly to complete and correct items on the list. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents. Upon receipt of the Contractor's list, the Architect, assisted by the Construction Manager, will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not in accordance with the requirements of the Contract documents, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item, upon notification by the Architect. The Contractor shall then submit a request for another inspection by the Architect, assisted by the Construction Manager, to determine Substantial Completion. When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion, shall establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance, and shall fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Document shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.3 Upon receipt of the list, the Architect, assisted by the Construction Manager, will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect, assisted by the Construction Manager, to determine Substantial Completion.

§ 9.8.4 When the Architect, assisted by the Construction Manager, determines that the Work of all of the Contractors, or designated portion thereof, is substantially complete, the Construction Manager will prepare, and the Construction Manager and Architect shall execute, a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Such payment shall be adjusted for Work that is incomplete or not in accordance with the requirements of the Contract Documents.

§ 9.8.6 Upon Substantial completion of the Work or designated portion thereof and upon application by the Contractor and certification by the Architect, the Owner shall make payment, reflecting adjustment in retainage, pursuant to Minnesota Statutes, Section 15.72, for such Work or portion thereof as provided in the Contract Documents.

§ 9.8.7 The Architect, assisted by the Construction Manager, shall make one (1) inspection for Substantial Completion and Final Completion in accordance with the AIA Document B101–2017 Owner Architect Agreement. If additional inspections are required due to the Contractor's failure to complete previously listed corrective or uncompleted work, the Architect's expense for conducting such re-inspections and related time in processing, reviewing, and revision of requirements shall be charged to the Contractor and such payment shall be accomplished by a deductive Change Order to the Contractor.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor and Construction Manager shall jointly prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect after consultation with the Construction Manager.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Construction Manager, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon completion of the Work, the Contractor shall forward to the Construction Manager a notice that the Work is ready for final inspection and acceptance, and shall also forward to the Construction Manager a final Contractor's Application for Payment. Upon receipt, the Construction Manager shall perform an inspection to confirm the completion of Work of the Contractor. The Construction Manager shall make recommendations to the Architect when the Work of all of the Contractors is ready for final inspection, and shall then forward the Contractors' notices and Application for Payment or Project Application for Payment, to the Architect, who will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Construction Manager and Architect will promptly issue a final Certificate for Payment or Project Certificate for Payment stating that to the best of their knowledge, information and belief, and on the basis of their observations, on-site visits and inspections, the Work has been completed in accordance with the Contract Documents

and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Construction Manager's and Architect's final Certificate for Payment or Project Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect through the Construction Manager (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be cancelled or allowed to expire until at least (60) days' prior written notice has been given to the Owner, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment (5) documentation of any special warranties, such as manufacturers' warranties or specific Subcontractor warranties, including a summary listing all applicable warranties both standard and extended, itemized by specification section and included at the front of the Operation and Maintenance manuals, and (6) other data establishing payment or satisfaction of obligations, such as receipts and releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Construction Manager and Architect so confirm, the Owner shall, upon application by the Contractor and certification by the Construction Manager and Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect through the Construction Manager prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- **.1** liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
- **.2** failure of the Work to comply with the requirements of the Contract Documents;
- **.3** terms of special warranties required by the Contract Documents; or
- **.4** audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

§ 9.11 Damages for Delay

§ 9.11.1 The Contractor shall be responsible for damages incurred by the Owner and any other separate contractors for delay resulting from the Contractor's failure to complete the Work within the contract Time or resulting from the progress of the Work failing to substantially conform to the Project Construction Schedule. These damages are not included in liquidated damages and represent additional direct costs incurred by the Owner for the delay. These damages may include Owner incurred costs for temporary classrooms, temporary facilities, moving of programs, etc.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

§ 10.1.1 The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract. The Contractor shall submit the Contractor's safety program to the Construction Manager for review and coordination with the safety programs of other Contractors. The Construction Manager's responsibilities for review and coordination of safety programs shall not extend to direct control over or charge of the acts or omissions of the Contractors, Subcontractors, agents or employees of the

Contractors or Subcontractors, or any other persons performing portions of the Work and not directly employed by the Construction Manager.

§ 10.1.2 The Contractor shall comply with all applicable laws and regulations. Notwithstanding any language to the contrary, the Owner shall not have any responsibility for job site inspections or safety recommendations. Any inspections or observations by the Owner, Construction Manager or the Architect are solely for the benefit of the Owner and shall not create any duties or obligations to anyone else.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to

.1 employees on the Work and other persons who may be affected thereby;

.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor;

.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction; and

.4 construction or operations by the Owner, Separate Contractors, or other Contractors.

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in Sections 10.2.1.2, 10.2.1.3 and 10.2.1.4 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2, 10.2.1.3 and 10.2.1.4. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner, Construction Manager or Architect or anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner, Construction Manager and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property

If either party suffers injury or damages to person or property because of an act or omission of the other party, of any of the other party's employees or agents, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding ten (10) days after first observance. The notice shall provide sufficient detail to enable the other party to investigate the matter. If a Claim for additional cost or time related to this Claim is to be asserted, it shall be filed as provided in Sections 15.1.4 and 15.1.5.

§ 10.3 Hazardous Materials

§ 10.3.1 In the event the Contractor encounters on the site material reasonably believed to be asbestos or polychlorinated biphenyl (PCB) which has not been rendered harmless, the Contractor shall immediately stop Work in the area affected and report the condition to the Owner, Construction Manager and Architect in writing. The Work in the affected area shall not thereafter be resumed except by written agreement of the Owner and Contractor if in fact the material is asbestos or polychlorinated biphenyl (PCB) and has not been rendered harmless. The Work in the affected area shall be resumed in the absence of asbestos or polychlorinated biphenyl (PCB), or when it has been rendered harmless, by written agreement of the Owner and Contractor.

.1 Except where otherwise stated in the Contract Documents, no hazardous material work of any nature shall be performed by the Contractor pursuant to this Contract.

.2 The term "hazardous materials" includes, but is not limited to, asbestos, toxic chemicals, acids, alkalis, irritants, contaminants, or other pollutants, together with any other waste, material, substance, pollutants, or contaminant, all or a portion of which is or would be designated as hazardous waste or substance under applicable local, state, or federal laws, ordinances, codes, rules, or regulations.

§ 10.3.2 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Construction Manager, Architect, their consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work on Owner's property if in fact the material is asbestos or polychlorinated biphenyl (PCB) and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), including loss of use resulting therefrom, but only to the extent caused in whole or in part by negligent acts or omissions of the Owner, anyone directly or indirectly employed by the Owner, or anyone for whose acts the Owner may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Subparagraph 10.3.2.

§ 10.3.3 If reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance encountered on the site by the contractor, the Contractor shall, upon recognizing the condition, immediately stop Work on Owner's property and report the condition to the Owner, Construction Manager and Architect in writing. The Owner, Construction Manager, Contractor, and Architect shall then proceed in the same manner described in Subparagraph 10.3.1.

(Paragraph deleted)

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence. Owner shall be responsible for obtaining the services of a licensed laboratory to verify a presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to verify that it has been rendered harmless.

§ 10.3.6 Regulations concerning the availability of information and employee training in the use and handling of "hazardous substances" and "harmful physical agents", as set forth in the Employee Right-to-Know Act of 1983, Minnesota Statutes, Sections 182.65 to 182.676 are incorporated herein by reference as if fully set forth herein.

§ 10.3.7 The Contractor shall furnish three Material Safety Data Sheets to the Owner for each material used in the Work that is classified by the Employee Right-to-Know Act of 1983 as a "hazardous substance" or a "harmful physical agent."

§ 10.3.8 The Contractor shall label, in generally accepted and/or standardized fashion, all containers on the work site containing "hazardous substances" or as "harmful physical agents." This shall include factory containers and all subsequent containers used in the Work.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Contractor shall act to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency shall be determined as provided in Article 15 and Article 7.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Contractor's Insurance and Bonds

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement, in EXH-C Owner Insurance or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located and which carry a Best's rating of A- or higher or are otherwise acceptable to the Owner. The Owner, Construction Manager and Construction Manager's consultants, and the Architect and Architect's consultants, shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished. The Contractor shall furnish Certificates of Insurance acceptable to the Owner which shall specifically set forth evidence of all coverage required by Article 11 and EXH-C Owner Insurance and shall be filed with the Owner and Construction Manager prior to commencement of the Work and thereafter upon renewal or replacement of each required policy of insurance.

The Contractor shall not allow insurance required by this Agreement to lapse, be canceled, reduced in limits or coverage, non-renewed, or materially changed or have restrictive modifications added during the life of this Agreement, including the periods of required coverage. The Contractor shall furnish to the Owner and Construction Manager copies of any endorsements that are subsequently issued amending coverage and limits.

If any of the foregoing insurance coverages are required to remain in force after final payment and are reasonably available, all additional certificates evidencing continuation of such coverage shall be submitted with the final Application for Payment. Information concerning reduction of coverage shall be furnished by the Contractor with reasonable promptness in accordance with the Contractor's information and belief.

§ 11.1.3.1 Acceptable insurance certificates are AIA Document G705, CICC of Minnesota Form 701, and/or ACORD form of the American Insurance Institute.

Failure of the Owner to collect certificates does not void the requirements to obtain insurance.

The acceptance of any certificate of insurance by the Owner shall not relieve or decrease the liability of the Contractor hereunder. It is to be understood the Owner, Construction Manager and Architect do not in any way represent that the insurance specified in these articles are sufficient or adequate to protect the Contractor's interest or liabilities, but are merely minimum requirements.

The Contractor shall furnish to the Owner copies of any endorsements that are subsequently issued amending coverage and limits.

§ 11.1.4 In the event the Contractor fails to procure or maintain any insurance coverage required under this Agreement, the Owner may purchase such coverage and deduct the cost thereof from any monies due to the Contractor, or terminate this Agreement under Paragraph 14.2. The Contractor shall be liable to the Owner for providing all coverage, defense, and payments that would have been provided by any insurance that the Contractor failed to procure and maintain as required by the Contract Documents.

§ 11.1.5 Compliance by the Contractor with the foregoing insurance requirements shall not relieve it from liability for amounts in excess of the limits of insurance.

§ 11.1.6 The Contractor and any of its Subcontractors, Sub-subcontractors, agents and employees, and any separate contractors described in Article 6, if any, and any of their subcontractors, sub-subcontractors, agents and employees shall waive any of their subrogation rights on their Workers Compensation Policy in favor of the Owner, Construction Manager and Architect. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual, or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest.

§ 11.2 Owner's Insurance

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner may self-insure and maintain the Owner's usual liability insurance. Optionally, the Owner may purchase and maintain other insurance for self-protection against claims which may arise from operations under the Contract. The Contractor shall not be responsible for purchasing and maintaining this optional Owner's liability insurance unless specifically required by the Contract Documents.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform both the Contractor and the Construction Manager, separately and in writing, prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice directly to the Contractor, and separately to the Construction Manager, of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Contractor purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents, and employees, each of the other; (2) the Construction Manager and Construction Manager's consultants; (3) the Architect and Architect's consultants; (4) other Contractors and any of their subcontractors, sub-subcontractors, agents, and employees; and (5) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by the Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Contractor, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Construction Manager, Construction Manager's consultants, Architect, Architect's consultants, other Contractors,

Separate Contractors, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this Section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

(Paragraph deleted)

§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor, Architect, and Construction Manager for loss of use of the Owner's property, due to fire or other hazards however caused.

§ 11.5 Adjustment and Settlement of Insured Loss

§ 11.5.1 A loss insured under the property insurance required by the Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Construction Manager, Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Construction Manager, Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.

§ 11.6 Bonds

§ 11.6.1 Contractor shall furnish a Performance Bond and a Payment Bond to the Owner in the amount of one hundred percent (100%) of the Contract Sum and issued by a Surety Company authorized to do business in the State of Minnesota, rated "A" or better, and approved by the Owner. The Performance Bond shall be in accordance with Minnesota Statutory requirements, and shall be in the form included in the Project Manual. The Bonds shall allow for any additions or deductions to the Contract Sum.

§ 11.6.2 In order to be acceptable as a surety, Contractor's bonding company bust hold a "Certificate of Authority acceptable to the U.S. Treasury Department and be listed in the Department's current publication of "Bond Qualifiers" with underwriting limitations not less than ten percent (10%) above the Contract Sum.

§ 11.6.3 The surety of the Bonds shall be by a corporate surety company authorized to do business in the state in which Work is being performed under this Contract and acceptable to the Owner. The conditions of the bonds shall meet requirements of the statutes of the state where Work is being performed and all other applicable provisions of state law.

§ 11.6.4 The Contractor shall furnish two (2) originals of the Bonds to the Owner, with copies to the Architect and Construction Manager, within ten (10) days after notification of award and before execution of the Contract. Failure to do so shall constitute a violation of terms of the proposal and provide grounds for forfeiture of bid security.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Construction Manager's or Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by either, be uncovered for their examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Construction Manager or Architect has not specifically requested to examine prior to its being covered, the Construction Manager or Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Construction Manager or Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion, and whether or not fabricated, installed or completed. The Contractor shall bear costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Construction Manager's and Architect's services and expenses made necessary thereby.

§ 12.2.2 After Substantial Completion

(Paragraphs deleted)

§ 12.2.2.1 If within one year after the date of Substantial Completion of the Work or designated portion thereof, or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly (and any other property damaged or removed in effecting the correction) after receipt of notice from the Owner, Construction Manager or Architect to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner, Construction Manager or Architect shall give such notice promptly after discovery of the condition. This period of one year shall be extended with respect to portions of Work first performed after Substantial completion by the period of time between Substantial completion and the actual performance of the Work. This obligation under this Subparagraph 12.2.2.1 shall survive acceptance of the Work under the contract and termination of the Contract. The Owner, Construction Manager or Architect shall give such notice promptly after discovery of the condition. The expiration of the above one year or any other specified time period, or any other period prescribed by the law, shall not relieve the Contractor of the obligation form the expense to correct any latent defect in the work or deficiencies which are not readily ascertained, including but not limited to, defective materials and quality of work performed, defects attributable to material substitutions for special materials, substandard performance or otherwise not in compliance with the Contract Documents. Such latent defects or deficiencies shall be corrected as provided in this Paragraph 12.2. Following the correction or replacement of any of the Work, as above specified, the Contractor shall correct any defects or deficiencies in the corrected or replaced materials and workmanship which is found within one year after the date of correction or replacement.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 If the Contractor fails to correct nonconforming Work within a reasonable time, the Owner may correct it in accordance with Paragraph 2.4. If the Contractor does not proceed with correction of such nonconforming Work within a reasonable time fixed by written notice from the Architect or Construction Manager, the Owner may correct or remove it and store the salvageable materials or equipment all at the Contractor's expense. If the Contractor does not pay costs of such removal and storage within ten (10) days after written notice, the Owner may upon ten (10) additional days' written notice sell such materials and equipment at auction or at private sale and shall account for the proceeds thereof, after deducting costs and damages that should have been borne by the Contractor, the Contract Sum shall be reduced by the deficiency. If payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the Owner.

§ 12.2.5 The Contractor shall bear the cost of correcting destroyed or damaged construction whether completed or partially completed, of the Owner or separate contractors caused by the Contractor's correction or removal of Work which is not in accordance with the requirements of the Contract Documents.

§ 12.2.6 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.

§ 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

§ 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Construction Manager, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. The Owner, Construction Manager or Architect shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority. Timely notice shall be given to the Construction Manager and Architect of when and where tests and inspections are to be made so that the Construction Manager and Architect may observe such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Construction Manager, Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Construction Manager and Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the

Contractor shall give a minimum of two (2) working days' notice to the Construction Manager and Architect of when and where tests and inspections are to be made so that the Construction Manager and Architect may observe procedures. The Owner shall bear such costs, except as provided in Section 13.4.3.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Construction Manager's and Architect's services and expenses, shall be at the Contractor's expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Construction Manager for transmittal to the Architect.

§ 13.4.5 If the Construction Manager or Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Construction Manager or Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 13.5 Interest

All payments to the Contractor shall be governed by the Prompt Payment of Local Government Bills, Minnesota Statutes, Section 471.125 ("Prompt Payment Act") and Article 5 of the A132–2019 Agreement on this Project.

§ 13.6 Non-Discrimination

§ 13.6.1 All contracts between the Owner and companies providing goods and services under the Contract Documents shall contain the following equal opportunity and civil right clause:

> "During the performance of this Agreement, the provider agrees to the following: No contractor, material supplier, vendor, or other person shall on the basis of sex, race, creed, color, religion, national origin, age, marital status, sexual orientation, or disability be excluded from full employment rights in, participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program, service, or activity under the provisions of any and all applicable Federal and State laws against discrimination, including the Minnesota Human Rights Act and the Civil Rights Act of 1964."

Upon request, the Contractor shall furnish all information and reports required by the Owner, or by the rules and regulations of investigation to ascertain compliance with all applicable rules and regulations. The Contractor shall also comply with any applicable licensing requirements of the Minnesota Department of Human Services in employment of personnel.

The Contractor acknowledges that the violation of the above-stated paragraph is a misdemeanor pursuant to Minnesota Statutes, Section 181.59.

This Agreement may be cancelled or terminated by the Owner or any other person authorized to grant the contracts for employment under this Agreement, and all money due, or to become due under this Agreement may be forfeited for a second or any subsequent violation of the non-discriminatory terms stated above.

§ 13.6.2 During the completion of the work and all other services required by the Contract Documents, the Contractor agrees that no contractor, material supplier, vendor, or other person shall, on the basis of sex, race, creed, color, religion, national origin, age, marital status, sexual orientation, or disability be excluded from full employment rights in participation in, be denied the benefits of, or be otherwise subjected to discrimination under the provisions of any and all applicable Federal and State laws against discrimination, including the Minnesota Human Rights Act and the Civil Rights Act of 1964. Upon request, the Architect, Construction Manager and Contractor shall furnish all information and reports required by the Owner, or by the rules and regulations of investigation to ascertain compliance with all applicable rules and regulations. The Contractor shall also comply with any applicable licensing requirements of the Minnesota Department of Human Services in employment of personnel.

Contractor acknowledges that the violation of the above-states paragraph is a misdemeanor pursuant to Minnesota Statutes Section 181.59.

The Contract Documents may be cancelled or terminated by the Owner or any other person authorized to grant the contracts for employment under this Agreement, and all money due, or to become due under the Agreement may be forfeited for a second or any subsequent violation of the non-discriminatory terms stated above.

§ 13.7 No action or failure to act by the Owner shall constitute a waiver of a right or duty afforded the Owner under the Contract Documents, nor shall such action or failure to act constitute approval of or acquiescence of the Owner in a breach of the Contract Documents, except as may be specifically agreed in writing. None of the approval of any Application for Payment, the making of any payment, the giving of any approval or consent, the use or occupancy of the Work, or any part thereof, the making of final payment, or any other action or inaction on the part of the Owner, Construction Manager or Architect shall constitute a waiver of claims by or rights of the Owner or an acceptance of any Work that is not in accordance with the Contract Documents. The Contractor shall not be relieved from its obligations to perform the Work in accordance with the Contract Documents either by the activities or duties of the representations of the Owner, Construction Manager or Architect, or by inspections, tests, or approvals required or performed by the Owner, Construction Manager or Architect or anyone else.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

.1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;

.2 An act of government, such as a declaration of national emergency, that requires all Work to be stopped;

.3 Because the Construction Manager has not certified or the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents; or

.4 The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner, Construction Manager and Architect, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, and costs incurred by reason of such termination.

§ 14.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees, or any other persons performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner, Construction Manager and Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.1.5 No Right to Stop Work for Non-Payment

The Contractor has no right to stop Work as a consequence of non-payment. In the event of any disagreement between the Contractor and Owner involving the Contractor's entitlement to payment, the Contractor's only remedy is to file a Claim in accordance with Article 15. The Contractor must diligently proceed with the Work pending resolution of the Claim. If, however, an Application for Payment has been approved for payment by the Owner, and the Owner fails to make payment within sixty (60) days of the approval for payment by the Owner, the Contractor may upon ten (10)

days written notice to the Owner, stop work if payment is not made by the Owner within ten (10) days following the notice.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

.1 repeatedly refuses or fails to supply enough properly skilled workers or proper materials;

.2 fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;

.3 repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or

.4 otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, after consultation with the Construction Manager, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

.1 Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;

.2 Accept assignment of subcontracts pursuant to Section 5.4; and

.3 Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Construction Manager's and Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall, upon application, be certified by the Initial Decision Maker after consultation with the Construction Manager, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and the Contract Time shall be adjusted for increases or decreases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include reasonable profit. No adjustment shall be made to the extent:

.1 that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or

.2 that an equitable adjustment is made or denied under another provision of this Contract.

§ 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Contractor shall

.1 cease operations as directed by the Owner in the notice;

.2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and

.3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition. A Claim is a demand or assertion by the Contractor seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The responsibility to substantiate Claims shall rest with the Contractor. Nothing in this paragraph 15.1.1 is intended to apply to or in any way limit the Owner's right to make Claims related to or arising out of the Contract. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the Owner and to the Initial Decision Maker with a copy sent to the Construction Manager and Architect, if the Architect is not serving as the Initial Decision Maker. Claims by the Contractor under this Section 15.1.3.1 shall be initiated within ten (10) days after occurrence of the event giving rise to such Claim or within ten (10) days after the Contractor first recognizes the condition giving rise to the Claim, whichever is later. Any additional Claim made after and relating to the initial Claim has been implemented by Change Order will not be considered unless submitted in a timely manner. As a condition to making a claim for additional costs, the Contractor shall maintain and produce accurate records to substantiate all additional costs actually incurred. If a Claim for actual costs is approved, the Owner shall pay the Contractor actual costs incurred, plus either (a) ten percent (10%) for overhead and profit for work performed by the Contractor, or (b) five percent (5%) overhead and profit for work performed by a Subcontractor, as applicable.

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents. Subject to Paragraph 15.1.5, no such continuing performance by the Contractor, nor payment by the Owner shall be deemed a waiver of, or to otherwise impair any such Claim.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.1.5 Claims for Additional Cost. If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Contractor wishes to make a Claim for any increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated and had an adverse effect on the scheduled construction.

§ 15.2 Initial Decision

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 10.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within 30 days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The Initial Decision Maker will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the Initial Decision Maker concludes that, in the Initial Decision Maker's sole discretion, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons therefor; and (3) notify the parties, the Construction Manager, and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.

§ 15.2.6 In the event of a Claim against the Contractor, the Owner may, but is not obligated to notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to notify the surety and initiate a Claim on the performance bond.

(Paragraphs deleted)

§ 15.3 Mediation

§ 15.3.1 Any claim, dispute or other matter in question or arising out of or related to the Contract shall be subject to mediation. Mediation is not a condition precedent to commencing litigation, but if litigation is commenced before mediation is held, the Parties agree to mediate before any dispositive motions or trial.

§ 15.3.2 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located unless another location is mutually agreed upon. Agreements reached in mediation and ratified by the Owner's Council shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. ~~If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable.~~ In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

...

§ 1.4.1 In the case of inconsistency between Drawings and Specifications or within Contract Documents not clarified by Addenda, the better quality or greater quantity of Work shall be provided in accordance with the Architect's interpretation.

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights. The Owner retains rights to the Instruments of Service pursuant to Article 7 of AIA Document B101-2017.

...

§ 1.5.3 The Architect shall furnish to the Contractor a version of the Instruments of Service in electronic form for the sole purpose of the construction of the Project for which the Instruments of Service were created.

§ 2.3.5 ~~The~~ If requested by the Contractor and reasonably required for the Project, the Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The Contractor ~~shall be entitled to rely on the accuracy of information furnished by the Owner but~~ shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.6 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services. The Contractor is responsible for the timeliness of, or interference caused by, Subcontractors, Sub-subcontractors (of any tier), and others directly or indirectly under contract to the Contractor.

...

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ~~ten-day~~ three-business-day (3) period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to review by the Construction Manager and prior approval of the Architect, and the Construction Manager or Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Construction Manager's and Architect's and their respective consultants' additional services and expenses made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the ~~Owner.~~ Owner within ten (10) days following written request for payment delivered by the Owner to the Contractor. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

§ 3.1.3 The Contractor shall ~~not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Construction Manager or Architect in their administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.~~hire a professional utilities locator to investigate and verify all private utility locations prior to excavation and cutting into of existing Work. The Contractor is responsible for locating, terminating, and reinstallation of all private utilities. Private site utilities may not be in the Drawings and Project Manual and as such, verification of private utilities is the sole responsibility of the Contractor. Costs associated with moving and repairing of unknown and undocumented utilities will be by appropriate Change Order. The Contractor shall comply with Gopher State One Call, or other public utility service locator to locate all public utilities prior to any work on the site. This shall not relieve Contractor from obligations under Article 3.

§ 3.1.4 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Construction Manager or Architect in their administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

inconsistencies, or omissions which the Contractor may discover. By executing the Contract, the Contractor represents that the Contractor has reviewed and understands the Contract Documents, has visited the Site and is familiar with local conditions under which the Work is to be performed, ~~and correlated personal observations with requirements of the Contract Documents.~~has correlated personal observations with the requirements of the Contract Documents, and has notified the Architect of and obtained clarification of any discrepancies which have become apparent during the bidding or proposal period.

§ 3.2.1.1 The Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to the Contractor with the Contract Documents before commencing activities. Errors, inconsistencies, or omissions discovered shall be reported to the Architect immediately in writing.

§ 3.2.1.2 The Contractor shall carefully study and compare the Contract Documents with existing conditions at the job site and shall immediately report in writing to the Architect any error, inconsistency, or omission which the Contractor may discover or any materials, systems, procedures, or methods of construction, either shown on the Drawings or specified, which the Contractor has reason to believe are incorrect, inadequate, obsolete, unsuitable for the purpose intended or which the Contractor has reason to believe would constitute or result in a violation of the Contractor's warranty under Section 3.5 or applicable law. The Contractor shall not proceed with any work in such areas until written instructions are received from the Architect.

§ 3.2.2 ~~Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.5, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Construction Manager and Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information submitted to the Construction Manager in such form as the Construction Manager and Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.~~The Contractor shall perform the Work in accordance with the Contract Documents and submittals accepted pursuant to Section 3.12.

§ 3.2.3 The ~~Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Construction Manager and Architect any nonconformity discovered by or made known to the Contractor as a request for information submitted to Construction Manager in such form as the Construction Manager and Architect may require.~~Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect for the Architect to evaluate and respond to the Contractor's requests for interpretation or information where such information was available to the Contractor from a careful study and comparison of the Contract Documents, Filed Conditions, Owner Provided Information, Contractor Prepared Coordination Drawings, or prior Project Correspondence or Documentation.

§ 3.2.4 If the Contractor believes that ~~additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.~~any portions of the Contract Documents do not comply with applicable laws, statutes, ordinances, building codes, and rules and regulations, or any orders by code enforcement officials or the Owner or its designees acting in the capacity of building code inspectors or Referenced Standards, the Contractor must promptly notify the Owner and the Architect of the non-compliance as provided in Section 3.2.6 and request direction before proceeding with the affected Work.

§ 3.2.5 The Contractor must promptly notify the Owner and the Architect in writing of any apparent errors, inconsistencies, omissions, ambiguities, construction impracticalities or code violations discovered as a result of the Contractor's review of the Contract Documents including any differences between actual and indicated dimensions, locations and descriptions, and must give the Owner and the Architect timely notice in writing of same and of any corrections, clarifications, additional Drawings or Specifications, or other information required to define the Work in greater detail or to permit the proper progress of the Work. The Contractor must provide similar notice with respect to any variance between its review of the Site and physical data and Site conditions observed.

§ 3.2.6 If the Contractor performs any Work involving an apparent error, inconsistency, ambiguity, construction impracticality, omission or code violation in the Contract Documents of which the Contractor is aware, or which could reasonably have been discovered by the review required by Section 3.2, without prompt written notice to the Owner and the Architect and request for correction, clarification or additional information, as appropriate, the Contractor does so at its own risk and expense and all Claims relating thereafter are specifically waived.

§ 3.3.4 The Contractor shall at all times staff the Project adequately to allow the Project to be managed and completed in a timely and professional manner. The Contractor shall have competent supervision on the job during work hours and readily available at all times upon call.

§ 3.3.5 The Contractor shall at all times make reasonable provisions to protect any Work performed by any separate contractors, adjacent property, and the existing building (if any) from damage due to the Work or due to the weather.

§ 3.3.6 The Owner or its approved representative (heretofore referred to as Owner's Representative) shall have access to the Work site and all Work. No supervision or inspection by the Owner or the Owner's Representative, nor the authority to act, nor any other actions taken by the Owner's Representative shall relieve the Contractor of any of its obligations under the Contract Documents or give rise to any duty on the part of the Owner.

§ 3.3.7 The Contract shall take appropriate precautions to ensure that the Work does not materially disrupt any ongoing operation by the Owner at the Project (if any) except to the extent any such disruption is a necessary result of performing a particular portion of the Work, in which case the Contractor shall provide the Owner with reasonable advanced written notice and shall take all commercially reasonable measures to minimize the impact on the Owner and the Owner's operations.

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work. Should the Contract Documents require Work to be performed after regular working hours or should the Contractor elect to perform Work after regular working hours, the additional cost of such Work shall be borne by the Contractor.

PAGE 9

§ 3.4.4 The Contractor shall be responsible for all additional costs incurred to incorporate into the Project substitute materials, products, or equipment approved by Owner during the bidding period.

§ 3.4.5 In the event of a Change related to substitute or additional materials, and which shall comply with Article 7, the Contractor shall exercise reasonable efforts, consistent with the provisions of the Contract Documents to obtain the maximum available case discounts on all materials, provided that, in doing so, the Contractor shall not accept or use materials for incorporation into the Project which are of a type or quality not reasonably contemplated under the terms of the Contract Documents.

§ 3.4.6 After award of the Contract, a request for substitution of a material, product, or piece of equipment at no change in the Contract Sum will not be approved by the Owner or the Architect, unless the specified item is no longer manufactured, the specified item is unavailable as a result of an act of government such as a declaration of a national emergency, or delivery of the specified items is substantially delayed as a result of labor disputes affecting the manufacturer, unusual delay in transportation, or any other cause beyond control of the Contractor or a Subcontractor or material supplier which the Architect determines justified the delay. Requests will not be approved where the delay in delivery results from failure to promptly place subcontracts and material orders. Requests for substitution shall be submitted in writing to the Architect and shall clearly describe the proposed substitution, state the reason for the unavailability of a specified item and be accompanied by such additional data and information as may be necessary in the discretion of the Owner and the Architect to establish the acceptability of the proposed substitute.

§ 3.4.7 The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect to evaluate the Contractor's proposed Substitutions and for changes made to the Contract Documents as a result of Owner's acceptance of such Substitutions.

PAGE 10

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4. The Contractor shall arrange for the Owner to have the benefit of and right to enforce all warranties by Subcontractors, Sub-subcontractors, suppliers, and manufacturers.

§ 3.5.3 Manufacturers' warranties and warranties by other shall not relieve the Contractor of any of its responsibilities.

§ 3.5.4 The Contractor's general warranty and any additional or special warranties are not limited by the Contractor's obligations to specifically correct defective or nonconforming Work as provided in Article 12, nor are they limited by any other remedies provided in the Contract Documents. The Contractor shall also be liable for any damage to property or persons (including death) including consequential and direct damages relating to any breach of the Contractor's general warranty or any additional or special warranties required by the Contract Documents.

§ 3.5.5 The Contractor must furnish all special warranties required by the Contract Documents to the Owner no later than Substantial Completion. The Owner may require additional special warranties in connection with the approval of "Or-Equals" or Substitutions, Allowance items, Work that is defective or nonconforming, or the acceptance of nonconforming Work pursuant to Article 12.

...

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Owner, assisted by the Construction Manager, shall secure and pay for the building permit. The Contractor shall secure and pay for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded. The Contractor shall be responsible for the Sewer Access (SAC) and Water Access (WAC) fees for the Project. The Contractor shall pay the SAC/WAC costs to the authorities having jurisdiction from the Allowance in the Base Bid for such charges as defined in the Construction Documents.

...

§ 3.7.3 If the Contractor performs Work knowing or believing it to be contrary to applicable laws, statutes, ordinances, building codes, rules and regulations, or lawful orders of public authorities, without such notice to the Architect and Owner, the Contractor shall assume ~~appropriate~~ full responsibility for such Work and shall bear the ~~costs attributable~~

~~to correction.~~attributable costs, delays, and damages resulting from such failure to immediately notify the Architect and Owner of any such violation..

§ 3.7.4 Concealed or Unknown Conditions. If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner, Construction Manager, and the Architect before conditions are disturbed and in no event later than ~~14~~ ten (10) days after first observance of the conditions. The Architect and Construction Manager will promptly investigate such conditions and, if the Architect, in consultation with the Construction Manager, determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect, in consultation with the Construction Manager, determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner, Construction Manager, and Contractor, stating the reasons. If the Owner or Contractor disputes the Architect's determination or recommendation, either party may submit a Claim as provided in Article 15.
PAGE 11

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the ~~Work.~~ Work, including that performed by all Subcontractors. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Important communications including and not limited to communications regarding design changes, alterations, substitutions, clarifications, cost changes, etc. shall be confirmed in writing by the Contractor. Other communications shall be similarly confirmed on written request in each case.

...

§ 3.9.3 The Contractor shall not employ a proposed superintendent or any other management personnel to whom the Owner, Construction Manager, or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.9.4 If requested by the Owner, the Contractor shall replace the superintendent at no additional cost to the Owner. No other change in this position shall be made without notice to and written consent of the Owner.

...

§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall submit for the Owner's and Architect's information, and the Construction Manager's use in developing the Project schedule, a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, critical path schedule milestones, major construction milestones, including and not limited to Civil, Demolition, Structural, Mechanical, Electrical, and Plumbing, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project. The Contractor shall cooperate with the Construction Manager in scheduling and performing the Contractor's Work to avoid conflict with, and as to cause no delay in, the work or activities of other Contractors, or the construction or operations of the Owner's own forces or Separate Contractors.
PAGE 12

§ 3.10.4 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to and accepted in writing by the Owner, Construction Manager, and Architect, and incorporated into the approved Project schedule.

~~The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Construction Manager, Architect, and Owner, and delivered to the Construction Manager for submittal to the Owner upon completion of the Work as a record of the Work as constructed.~~ § 3.11.1 The Contractor shall make available, at the Project site, one record copy of the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and updated daily to indicate field changes and selections made during construction, and in addition accepted and approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Construction Manager, Architect, and Owner as required to complete routine inspections by Architect, Construction Manager and Owner prior to any approval of payments to the Contractor, and delivered to the Construction Manager for submittal to the Owner upon completion of the Work. The Architect and Contractor must verify that all "as-built" Drawings, Specifications, Addenda, Change Orders, and other Modifications are up-to-date before Contractor's Application for Payment is acceptable and before the Owner incurs any duty to pay Contractor in accordance with the Contract. The record documents shall be a separate set of documents labeled "Record Documents" and used only for record purposes and kept clean and undamaged.
§ 3.11.2 No review or receipt of such records by the Architect or Owner shall be considered a waiver of any deviation from the Contract Documents or approved shop drawings, or any way relieve the Contractor from its responsibility to perform the Work in accordance with the Contract Documents.
PAGE 13

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Construction Manager, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the Project submittal schedule approved by the Construction Manager and Architect or, in the absence of an approved Project submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of other Contractors, Separate Contractors, or the Owner's own forces. The Contractor shall cooperate with the Construction Manager in the coordination of the Contractor's Shop Drawings, Product Data, Samples, and similar submittals with related documents submitted by other Contractors. The Contractor must provide the Owner and the Architect with copies of all submittals made to regulatory agencies.

...

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been reviewed and ~~approved by the Architect.~~accepted by the Architect. The Contractor must correct at its cost, and without any adjustment in Contract Time, any Work the correction of which is required due to the Contractor's failure to obtain approval of a submittal required to have been obtained prior to proceeding with the Work, including, but not limited to, correction of any conflicts in the Work resulting from such failure.

§ 4.2.6 Communications. The Owner shall communicate with the Contractor and the Construction Manager's consultants through the Construction Manager about matters arising out of or relating to the Contract Documents. The Owner and Construction Manager shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Construction Manager otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with other Contractors shall be through the Construction Manager. Communications by and with the Owner's own forces and Separate Contractors shall be through the ~~Owner.~~ Owner unless otherwise provided. The Contract Documents may specify other communication protocols. The Owner may require the Architect, Construction Manager and the Contractor to comply with Owner requirements in regards to public communications and site signage.

§ 7.2 Change Orders and Change Proposals

~~A Change Order is a written instrument prepared by the Construction Manager and signed by the Owner, Construction Manager, Architect, and Contractor, stating their agreement upon all of the following:~~**§ 7.2.1** A Change Order is a written instrument prepared by the Construction Manager and signed by the Owner, Construction Manager, Architect, and Contractor, stating their agreement upon all of the following:

PAGE 21

.3 The extent of the adjustment, if any, in the Contract Time.

§ 7.2.2 Change Order shall be prepared on AIA Document G731.

§ 7.2.3 The Contractor must submit Change Proposals covering a contemplated Change Order within ten (10) days after request of the Owner, or the Architect or within ten (10) days of the event, or Contractor's discovery of a condition, whichever is earlier, giving rise to the Contractor's claim for a change in the Contract Sum or Contract Time. No increase in the Contract Sum or extension of the Contract Time will be allowed the Contractor for the cost or time involved in making Change Proposals. Change Proposals will define or confirm in detail the Work which is proposed to be added, deleted, or changed and must include any adjustment which the Contractor believes to be necessary in (i) the Contract Sum, or (ii) the Contract Time. Any proposed adjustment must include detailed documentation including, but not limited to: cost, properly itemized and supported by sufficient substantiating data to permit evaluation including cost of labor, materials, supplies and equipment, rental cost of machinery and equipment, additional bond cost, plus a fixed fee for profit and overhead (which includes office overhead and Site-specific overhead and general conditions) of ten percent (10%) if the Work is performed by the Contractor, or five percent (5%) if the Work is performed by a Subcontractor or Sub-subcontractor. The Subcontractor's or Sub-subcontractor's overhead and profit in turn must not exceed a total aggregate of ten percent (10%). Change Proposals will be binding upon the Contractor and may be accepted or rejected by the Owner in its discretion. The Owner may, at its option, instruct the Contractor through a Construction Change Directive to proceed with the Work involved in the Change Proposal in accordance with Section 7.3 without accepting the Change Proposal in its entirety.

§ 7.2.4 If the Owner determines that a Change Proposal is appropriate, the Architect will prepare and submit a request for a Change Order or Contract Amendment providing for an appropriate adjustment in the Contract Sum or Contract Time, or both, for further action by the Owner. No such change is effective until the Owner and Architect sign the Change Order.

PAGE 22

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Owner and the Construction Manager shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Construction Manager may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

...

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or ~~others;~~others (at rates approved by the Owner);

...

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective ~~immediately and shall be recorded as a Change Order.~~immediately.

§ 8.2.4 Contractor understands and agrees that all Work must be performed in an orderly and closely coordinated sequence so that the dates for Substantial Completion, Final Completion, and Milestone Dates (if any) may be met by the Contractor.

§ 8.2.5 Timely final completion of the Project is of critical importance to the Owner. The Contractor agrees that it shall substantially complete all Work under the Contract documents within the time established herein and that it shall finally complete the Work in the detail required and in the time required by the Contract Documents.

§ 8.2.6 To the extent that the Contract Documents contain or provide for specific contractual Milestone Dates in addition to Final and Substantial Completion dates, such dates shall be adhered to and shall be the last acceptable dates for those milestones and completions, unless modified by the Owner.

§ 8.2.7 Notwithstanding anything to the contrary contained in the Contract Documents, in the event that any Contractor fails, or appears likely, in the reasonable opinion of the Owner and Construction Manager, to fail to complete a critical portion of their Work on time or to complete any dates for Substantial Completion, Final Completion, or Milestone Dates as evidenced by the latest update of the CPM Schedule Report, the Owner shall have the right to select and require Contractor's performance under any or all of the following operations:

.1 Require the Contractor to substantiate their capability to get back on schedule within two (2) days;

.2 Require the Contractor, at no additional cost to the Owner, to increase their work force, work overtime and/or extra shifts and do whatever else is required by the Owner until the Contractor gets

§ 8.3.1 If the Contractor is delayed at any time in the ~~commencement or~~ progress of the Work by (1) an act or neglect of the Owner, Architect, Construction Manager, or an employee of any of them, or of the Owner's own forces, Separate Contractors, or other Contractors; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; ~~(4) by delay authorized by the Owner pending mediation and binding dispute resolution; or (5)~~ or (4) by other causes that the Contractor asserts and the Architect, based on the recommendation of the Construction Manager, determines justify delay, then subject to the conditions hereinafter set forth, the Contract Time shall be extended by Change Order for such reasonable time as the Architect may determine. Requests for extensions of time for causes enumerated above will be considered by the Architect subject to the following:

.1 Only those conditions enumerated above over which the Contractor has no control will be considered. The burden of proof to substantiate the claim for an extension shall rest with the Contractor, including evidence that the cause was beyond their control. It shall be deemed the Contractor has control over the supply of labor, materials, equipment, methods, techniques, and over their Subcontractors and suppliers;

.2 In the event of Changes in the Work, any consideration for a time extension will be made only at the time of authorizing the changes, and no later than when the Change Order is prepared, and only if the Change Order significantly affects the time and progress of the entire Work. For changes which do not affect the entire Work, time extension may be granted only for the area, phase, unit, or element affected by the change, if due to a valid reason for a time extension;

.3 Any unusual delay in deliveries will not be considered unless it is solely due to transportation issues wholly outside of Contractor's, Subcontractor's, Sub-subcontractor's or Supplier's control. An extension of time will not be granted for delays in deliveries where said delivery was not properly scheduled or when orders were not promptly and properly placed;

.4 With respect to a claim for an extension of time as a result of climatic conditions, the Contractor shall recognize the location of the site and the existence, as normal, or variations from "average" conditions. Foul weather in itself will not be a valid reason for a time extension. Requests for time extensions because of delay resulting from weather extremes will not be considered unless a substantial variation from usual weather conditions occurs for a significant period of time, during phases of the Work when operation necessarily were suspended to a significant degree when they would otherwise have been in progress. In considering the time extension, the weather conditions both before and after the period in which the delay is claimed will be evaluated with credit given to Owner for unseasonably favorable weather;

.5 Delays resulting from a labor dispute will not result in a time extension of a longer period than the dispute, plus a reasonable time for mobilization if justified and necessary as approved by the Architect, and may be less depending on the impact of the dispute, including what operations were suspended or curtailed;

.6 No time extension will be granted as a result of improper scheduling or for failure to have shop drawings or samples submitted in ample time for review under a reasonable and agreed upon schedule; or

.7 Delays by Subcontractors or suppliers will not be considered justification for a time extension, except for the same valid reasons and conditions enumerated under Section 8.3.1.

§ 9.3.4 In each Application for Payment, the Contractor shall certify as follows:

"That there are no known mechanics' or materialmen's liens or stop notice claims outstanding by the application or any of its subcontractors of any tier, or any of the applicant's or subcontractor's material suppliers, or laborers at the date of this application, that all due and payable bills with respect to the Work have been paid or are included in the amount requested in current application, and that, except for such bills, not paid by Owner, but so included, there is no known basis for the filing of any mechanics' or materialmen's liens or stop notice claims on the Work, and that waivers from Contractor, its subcontractors of any tier, or any of the applicant's or subcontractor's material suppliers and laborers have been obtained in such form as to constitute an effective waiver of liens or stop notice claims, under the laws of the State of Minnesota to the extent of payments made by Owner to Contractor."

Notwithstanding the foregoing Section 9.3.4, Contractor acknowledges its obligation to provide a Payment Bond in accordance with the Contract Documents, and that Contractor's failure to pay any of its Subcontractors, Sub-subcontractors, suppliers, or laborers will be resolved through a claim under the Payment Bond.

PAGE 28

§ 9.6.1 After the Architect has issued a Certificate for Payment or Project Certificate for Payment, the Owner shall make payment within thirty (30) days of receipt by Owner of Certificate of Payment in the manner and within the time provided in the Contract Documents, and shall so notify the Construction Manager and Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner. Per Minnesota Statutes, Section 471.425, within ten (10) days of Contractor's receipt of payment from Owner, the Contractor must pay any Subcontractor for any undisputed services provided by the Subcontractor. The Contractor shall pay interest of one and one-half percent (1-1/2%) per month, or any part of a month, to the Subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10.00. For an unpaid balance of less than $100, the Contractor shall pay the actual interest penalty due to the Subcontractor. Contractor is advised that by reason of Minnesota Statutes, Section 471.425, subd. 4a, if a Subcontractor prevails in a civil action to collect interest penalties from a prime contractor, the Subcontractor must be awarded its costs and disbursements, including attorneys' fees incurred in bringing the action.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall notify the Construction Manager, and the Contractor and Construction Manager shall jointly prepare and submit to the Architect a comprehensive list of items to be completed or ~~corrected prior to final payment.~~ corrected. The Contractor shall proceed promptly to complete and correct items on the list. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents. Upon receipt of the Contractor's list, the Architect, assisted by the Construction Manager, will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not in accordance with the requirements of the Contract documents, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item, upon notification by the Architect. The Contractor shall then submit a request for another inspection by the Architect, assisted by the Construction Manager, to determine Substantial Completion. When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion, shall establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance, and shall fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Document shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.6 Upon Substantial completion of the Work or designated portion thereof and upon application by the Contractor and certification by the Architect, the Owner shall make payment, reflecting adjustment in retainage, pursuant to Minnesota Statutes, Section 15.72, for such Work or portion thereof as provided in the Contract Documents.

§ 9.8.7 The Architect, assisted by the Construction Manager, shall make one (1) inspection for Substantial Completion and Final Completion in accordance with the AIA Document B101–2017 Owner Architect Agreement. If additional inspections are required due to the Contractor's failure to complete previously listed corrective or uncompleted work, the Architect's expense for conducting such re-inspections and related time in processing, reviewing, and revision of requirements shall be charged to the Contractor and such payment shall be accomplished by a deductive Change Order to the Contractor.

§ 9.10.1 Upon completion of the Work, the Contractor shall forward to the Construction Manager a notice that the Work is ready for final inspection and acceptance, and shall also forward to the Construction Manager a final Contractor's Application for Payment. Upon receipt, the Construction Manager shall perform an inspection to confirm the completion of Work of the Contractor. The Construction Manager shall make recommendations to the Architect when the Work of all of the Contractors is ready for final inspection, and shall then forward the Contractors' notices and Application for Payment or Project Application for Payment, to the Architect, who will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Construction Manager and Architect will promptly issue a final Certificate for Payment or Project Certificate for Payment stating that to the best of their knowledge, information and belief, and on the basis of their observations, on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Construction Manager's and Architect's final Certificate for Payment or Project Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect through the Construction Manager (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in ~~effect,~~ effect and will not be cancelled or allowed to expire until at least (60) days' prior written notice has been given to the Owner, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment (5) documentation of any special

In an emergency affecting safety of persons or property, the Contractor shall ~~act, at the Contractor's discretion,~~ act to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency shall be determined as provided in Article 15 and Article 7.

...

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the ~~Agreement~~ Agreement, in EXH-C Owner Insurance or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is ~~located.~~ located and which carry a Best's rating of A- or higher or are otherwise acceptable to the Owner. The Owner, Construction Manager and Construction Manager's consultants, and the Architect and Architect's consultants, shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

...

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished. The Contractor shall furnish Certificates of Insurance acceptable to the Owner which shall specifically set forth evidence of all coverage required by Article 11 and EXH-C Owner Insurance and shall be filed with the Owner and Construction Manager prior to commencement of the Work and thereafter upon renewal or replacement of each required policy of insurance.

The Contractor shall not allow insurance required by this Agreement to lapse, be canceled, reduced in limits or coverage, non-renewed, or materially changed or have restrictive modifications added during the life of this Agreement, including the periods of required coverage. The Contractor shall furnish to the Owner and Construction Manager copies of any endorsements that are subsequently issued amending coverage and limits.

If any of the foregoing insurance coverages are required to remain in force after final payment and are reasonably available, all additional certificates evidencing continuation of such coverage shall be submitted with the final Application for Payment. Information concerning reduction of coverage shall be furnished by the Contractor with reasonable promptness in accordance with the Contractor's information and belief.

§ 11.1.3.1 Acceptable insurance certificates are AIA Document G705, CICC of Minnesota Form 701, and/or ACORD form of the American Insurance Institute.

Failure of the Owner to collect certificates does not void the requirements to obtain insurance.

The acceptance of any certificate of insurance by the Owner shall not relieve or decrease the liability of the Contractor hereunder. It is to be understood the Owner, Construction Manager and Architect do not in any way represent that the insurance specified in these articles are sufficient or adequate to protect the Contractor's interest or liabilities, but are merely minimum requirements.

The Contractor shall furnish to the Owner copies of any endorsements that are subsequently issued amending coverage and limits.

§ 11.1.4 ~~Notice of Cancellation or Expiration of Contractor's Required Insurance.~~ ~~Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice directly to the Owner, and separately to the Construction Manager, of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.~~In the event the Contractor fails to procure or maintain any insurance coverage required under this Agreement, the Owner may purchase such coverage and deduct the cost thereof from any monies due to the Contractor, or terminate this Agreement under Paragraph 14.2. The Contractor shall be liable to the Owner for providing all coverage, defense, and payments that would have been provided by any insurance that the Contractor failed to procure and maintain as required by the Contract Documents.

§ 11.1.5 Compliance by the Contractor with the foregoing insurance requirements shall not relieve it from liability for amounts in excess of the limits of insurance.

§ 11.1.6 The Contractor and any of its Subcontractors, Sub-subcontractors, agents and employees, and any separate contractors described in Article 6, if any, and any of their subcontractors, sub-subcontractors, agents and employees shall waive any of their subrogation rights on their Workers Compensation Policy in favor of the Owner, Construction Manager and Architect. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual, or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest.

PAGE 35

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner may self-insure and maintain the Owner's usual liability insurance. Optionally, the Owner may purchase and maintain other insurance for self-protection against claims which may arise from operations under the Contract. The Contractor shall not be responsible for purchasing and maintaining this optional Owner's liability insurance unless specifically required by the Contract Documents.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall ~~deposit the insurance proceeds in a separate account and~~ make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.

§ 11.6 Bonds

§ 11.6.1 Contractor shall furnish a Performance Bond and a Payment Bond to the Owner in the amount of one hundred percent (100%) of the Contract Sum and issued by a Surety Company authorized to do business in the State of Minnesota, rated "A" or better, and approved by the Owner. The Performance Bond shall be in accordance with Minnesota Statutory requirements, and shall be in the form included in the Project Manual. The Bonds shall allow for any additions or deductions to the Contract Sum.

§ 11.6.2 In order to be acceptable as a surety, Contractor's bonding company bust hold a "Certificate of Authority acceptable to the U.S. Treasury Department and be listed in the Department's current publication of "Bond Qualifiers" with underwriting limitations not less than ten percent (10%) above the Contract Sum.

§ 11.6.3 The surety of the Bonds shall be by a corporate surety company authorized to do business in the state in which Work is being performed under this Contract and acceptable to the Owner. The conditions of the bonds shall meet requirements of the statutes of the state where Work is being performed and all other applicable provisions of state law.

§ 11.6.4 The Contractor shall furnish two (2) originals of the Bonds to the Owner, with copies to the Architect and Construction Manager, within ten (10) days after notification of award and before execution of the Contract. Failure to do so shall constitute a violation of terms of the proposal and provide grounds for forfeiture of bid security.

~~**§ 12.2.2.1** In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof, or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner, Construction Manager or Architect, the Owner may correct it in accordance with Section 2.5.~~

~~§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.~~

~~§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.~~

§ 12.2.2.1 If within one year after the date of Substantial Completion of the Work or designated portion thereof, or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly (and any other property damaged or removed in effecting the correction) after receipt of notice from the Owner, Construction Manager or Architect to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner, Construction Manager or Architect shall give such notice promptly after discovery of the condition. This period of one year shall be extended with respect to portions of Work first performed after Substantial completion by the period of time between Substantial completion and the actual performance of the Work. This obligation under this Subparagraph 12.2.2.1 shall survive acceptance of the Work under the contract and termination of the Contract. The Owner, Construction Manager or Architect shall give such notice promptly after discovery of the condition. The expiration of the above one year or any other specified time period, or any other period prescribed by the law, shall not relieve the Contractor of the obligation form the expense to correct any latent defect in the work or deficiencies which are not readily ascertained, including but not limited to, defective materials and quality of work performed, defects attributable to material substitutions for special materials, substandard performance or otherwise not in compliance with the Contract Documents. Such latent defects or deficiencies shall be corrected as provided in this Paragraph 12.2. Following the correction or replacement of any of the Work, as above specified, the Contractor shall correct any defects or deficiencies in the corrected or replaced materials and workmanship which is found within one year after the date of correction or replacement.

§ 12.2.4 ~~The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner, Separate Contractors, or other Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.~~ If the Contractor fails to correct nonconforming Work within a reasonable time, the Owner may correct it in accordance with Paragraph 2.4. If the Contractor does not proceed with correction of such nonconforming Work within a reasonable time fixed by written notice from the Architect or Construction Manager, the Owner may correct or remove it and store the salvageable materials or equipment all at the Contractor's expense. If the Contractor does not pay costs of such removal and storage within ten (10) days after written notice, the Owner may upon ten (10) additional days' written notice sell such materials and equipment at auction or at private sale and shall account for the proceeds thereof, after deducting costs and damages that should have been borne by the Contractor, the Contract Sum shall be reduced by the deficiency. If payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the Owner.

§ 12.2.5 ~~Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.~~ The Contractor shall bear the cost of correcting destroyed or damaged construction whether completed or partially completed, of the Owner or separate contractors caused by the Contractor's correction or removal of Work which is not in accordance with the requirements of the Contract Documents.

§ 12.2.6 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 14.1.5 No Right to Stop Work for Non-Payment

The Contractor has no right to stop Work as a consequence of non-payment. In the event of any disagreement between the Contractor and Owner involving the Contractor's entitlement to payment, the Contractor's only remedy is to file a Claim in accordance with Article 15. The Contractor must diligently proceed with the Work pending resolution of the Claim. If, however, an Application for Payment has been approved for payment by the Owner, and the Owner fails to make payment within sixty (60) days of the approval for payment by the Owner, the Contractor may upon ten (10) days written notice to the Owner, stop work if payment is not made by the Owner within ten (10) days following the notice.

~~within 30 days of receipt thereof, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.~~

~~§ 15.2.7 In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.~~

~~§ 15.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.~~

§ 15.3.1 ~~Claims, disputes, or other matters in controversy~~ Any claim, dispute or other matter in question or arising out of or related to the ~~Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall be subject to mediation as a condition precedent to binding dispute resolution.~~Contract shall be subject to mediation. Mediation is not a condition precedent to commencing litigation, but if litigation is commenced before mediation is held, the Parties agree to mediate before any dispositive motions or trial.

§ 15.3.2 The parties shall ~~endeavor to resolve their Claims by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section 15.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.~~share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located unless another location is mutually agreed upon. Agreements reached in mediation and ratified by the Owner's Council shall be enforceable as settlement agreements in any court having jurisdiction thereof.

~~§ 15.3.3 Either party may, within 30 days from the date that mediation has been concluded without resolution of the dispute or 60 days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the party receiving the demand fails to file for binding dispute resolution within 60 days after receipt thereof, then both parties waive their rights to binding dispute resolution proceedings with respect to the initial decision.~~

~~§ 15.3.4 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.~~

~~§ 15.4 Arbitration~~

~~§ 15.4.1 If the parties have selected arbitration as the method for binding dispute resolution in the Agreement, any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.~~

~~§ 15.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.~~

For specialty consultants used for commissioning activities, studies, asbestos surveys and security, items A, B, C and F shall apply.

Special Asbestos Abatement Liability Insurance is required for Asbestos Abatement Contractors. The limits are $1,500,000 per claim, for liability arising from the encapsulation, removal, handling, storage, transportation, and disposal of asbestos-containing materials.

2. CONSULTANT'S OBLIGATIONS

Consultant shall not violate or knowingly permit any violation of any conditions or terms of the policies of insurance required to be carried under the terms hereof and shall endeavor to satisfy the requirements of the insurance companies issuing them. In the event Consultant neglects, refuses or fails to provide or maintain any of the insurance required to be carried under the Agreement, or if such insurance is canceled for any reason, the Owner or the Owner's lender(s) shall have the right, but not the duty, to procure or maintain the same.

In the event the Owner or the Owner's lender(s) do procure or maintain such insurance, the Owner or the Owner's lender(s) shall have, in additional to any and all other available remedies, the right to recover from the Consultant (including the right of set-off against sums otherwise due the Consultant) all of the costs associated with procuring or maintaining such insurance.

3. PROFESSIONAL LIABILITY INSURANCE

   a. Professional Liability Coverage of $2,000,000 shall be maintained for one (1) year from the date of Substantial Completion. If the Consultant discontinues its business and if directed by Owner in writing, Consultant shall purchase such insurance in such amount for an extended discovery period beyond the one (1) year after the date of Substantial Completion, with the premium cost to be a reimbursable expense paid by the Owner. The limit of liability for such policy may not be reduced below $2,000,000 without the Owner giving its prior, written consent. All policies of insurance that Consultant is required under the terms of this Exhibit C Owner's Insurance to secure and maintain shall bear the endorsement "Not to be canceled until sixty (60) calendar days after Owner has received a written notice from insurer as evidence by a return receipt of registered or certified mail."

   b. The Owner shall not be responsible for obtaining or paying premiums or other expenses in connection with insurance required to be carried under the Agreement or normally carried by the Consultant's consultants, and the obligation to obtain such insurance and to pay such premiums and other expenses shall be solely that of the Consultant.

   c. The Consultant shall bear all the costs of any and all deductible amounts under any insurance policies required to be carried under the Agreement and shall remain solely and fully liable for the full amount of any claim or item not compensated by insurance (to the extent that any amount resulted from damages that arose out of the Consultant's sole negligence.)

4. COVERAGE
   The coverage's referred to above are set forth in full in the respective policy forms, and the foregoing descriptions of such policies are not intended to be complete.

5. GENERALLY

   a. The Consultant thereby represents and warrants to the Owner that, as of the date of the execution of the Agreement, the Consultant is not aware of any claims or potential claims which have been made, filed or threatened against any of the insurance or for damages covered by any of the insurance required to be carried under the Agreement that would affect the Consultant's ability to provide the insurance coverage required by this agreement.

b. It is understood that the provisions in the Agreement requiring the Consultant to carry insurance shall not be construed as in any manner waiving or restricting the liability of the Consultant as to any obligations imposed under the Agreement, including, but not limited to, obligations imposed under the provisions of Article 11 of the AIA A201-2017 General Conditions.

Insurance requirements for Contractors

1. CONTRACTOR'S INSURANCE – to be used with AIA A101-2017

Please review the following scope of work and pricing listed below. This project will update the automation system for Air Handlers 3 & 4, Energy Recovery Unit 2, and fifty-one (51) VAV Boxes. This is only a partial upgrade of the building's automation system. This equipment will not be tied to the existing front end, until the completion of the remaining part of the building.

Valves and actuators will remain in place. Electronic to pneumatic transducers (E2P's) will be installed to control existing pneumatic actuators. ~~**Pricing to remove pneumatic actuators and install Belimo Linkage and Belimo actuators on 1/3, 2/3 and Cooling Valves for each of the two air handlers has been provided in this (REV 1) Proposal.**~~ Scope is not included in the change order.

Existing communication trunk will be tied back together to maintain communication on existing automation system. TAB Assistance is included to determine and set K-Factors for VAV Boxes. Hydronic and air balancing is not included, this will be provided by owner.

With the new JACE being added, graphics will be saved to the existing MPS Supervisor and points will be bound. This installation will be typical where the graphics will be on the server for the work listed below. This project, when complete, will not need to be part of the project of the remainder of the building.

The following terms and conditions are incorporated into and a part of the agreement between Contractor and Customer (the "Agreement"):

1. Customer shall permit Contractor free and timely access to areas and equipment and allow Contractor to

start and stop the equipment as necessary to perform required services. All planned services under this Agreement will be performed during the Contractor's normal service hours.

2. Contractor warrants that the workmanship hereunder shall be free from defects for thirty (30) days from date of installation. This warranty shall not apply to equipment that has been repaired or altered by someone other than Contractor so as, in its judgment, to affect the same adversely, or equipment that has been subject to negligence, accident or damage by circumstances beyond Contractor's control, or improper operation, maintenance or storage, or other than normal use and service. If any replacement part or item of equipment proves defective, Contractor will extend to Customer the benefits of any warranty Contractor has received from the manufacturer. Removal and reinstallation of any equipment or materials repaired or replaced under a manufacturer's warranty will be at Customer's expense and at the rates in effect. CONTRACTOR MAKES NO OTHER WARRANTIES, EXCEPT AS DESCRIBED HEREIN, AND EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

3. Contractor may invoice Customer on a monthly basis. Customer will promptly pay invoices within thirty (30) days of receipt. Should a payment become thirty (30) days or more delinquent, Contractor may stop all work under this Agreement without notice and/or cancel this Agreement, and the entire Agreement amount shall become due and payable immediately without notice or demand. In addition, if Contractor does not receive payment of a properly submitted invoice within thirty (30) days, Customer shall accrue a late charge on the balance outstanding at the lesser of (a) 1 1/2% per month or (b) the highest rate allowed by law, in each case compounded monthly to the extent allowed by law.

4. Any alteration to, or deviation from, this Agreement involving extra services, cost of materials or labor will become an extra charge (fixed price amount to be negotiated or on a time-and-materials basis at Contractor's rates then in effect) over the sum stated in this Agreement.

5. In the event Contractor must commence legal action in order to recover any amount payable or owed to Contractor under this Agreement, Customer shall pay Contractor all court costs and attorneys' fees incurred by Contractor.

6. In the event of a breach by Contractor of the terms of this Agreement, including without limitation Section 2, or in the event Customer incurs any liability in connection with the rendering of services by Contractor, Customer's sole remedy against Contractor shall be for Contractor to re-perform the services in accordance with the warranty or, if such services cannot be re-performed or such re-performance does not cure the breach or the liability, to refund to Customer the amount already paid to Contractor under this Agreement, up to the amount of Customer's direct damages caused by such breach or liability. NOTWITHSTANDING THE FOREGOING, IN NO EVENT SHALL THE LIABILITY OF CONTRACTOR IN CONNECTION WITH ANY PRODUCTS OR SERVICES, WHETHER BY REASON OF BREACH OF CONTRACT, TORT (INCLUDING WITHOUT LIMITATION NEGLIGENCE), STATUTE OR OTHERWISE, THE AMOUNT ALREADY PAID BY CUSTOMER TO CONTRACTOR FOR THOSE PRODUCTS OR SERVICES UNDER THIS AGREEMENT. Further, in no event shall Contractor have any liability for loss of profits, loss of business, indirect, incidental, consequential, special, punitive, indirect or exemplary damages, even if Contractor has been advised of the possibility of such damages. In furtherance and not in limitation of the foregoing, Contractor shall not be liable in respect of any decisions made by Customer as a result of Contractor's services. Any action, regardless of form, against the Contractor relating to this Agreement, or the breach thereof, must be commenced within one (1) year from the date of the services.

7. Contractor shall not be liable for any delay, loss, damage or detention caused by acts or circumstances beyond its control, including, without limitation, unavailability of machinery, equipment or materials, delay of carriers, strikes, including those by Contractor's employees, lockouts, civil or military authority, priority regulations, insurrection or riot, war, acts of terrorism, action of the elements, forces of nature, or by any cause beyond its control.

8. To the fullest extent permitted by law, Customer shall indemnify and hold harmless Contractor, its agent and employees from and against all claims, liabilities, damages, losses and expenses (including but not limited to attorneys' fees) arising out of or resulting from the performance of services hereunder or any act or omission arising out of or related to this Agreement, provided that such claim, damage, loss or expense is caused in

whole or in part by an active or passive act or omission of Customer, anyone directly or indirectly employed by Customer, or anyone for whose acts Customer may be liable, regardless of whether it is caused in part by the negligence of Contractor. Further, and notwithstanding the preceding sentence, Contractor shall be held harmless and shall not be liable to Customer for any claims, liabilities, damages, losses and expenses related to mold or to the creation of mold at Customer's location(s) and shall have no obligation to treat, identify or remove such mold.

9. Customer shall make available to Contractor's personnel all pertinent Material Safety Data Sheets (MSDS) pursuant to OSHA'S Hazard Communication Standard Regulations.

10. Contractor's obligation under this proposal and any subsequent contract does not include the identification, abatement or removal of asbestos, mold or any other toxic or hazardous substances, hazardous wastes or hazardous materials. In the event such substances, wastes and materials are encountered, Contractor shall have the right thereafter to suspend its services until such substances, wastes or materials and the resultant hazards are removed. The time for completion of the services shall be extended to the extent caused by the suspension, and the contract price equitably adjusted. As previously provided, Contractor shall be held harmless and shall not be liable for any claims, liabilities, damages, losses and expenses related to such substances, wastes and materials, including the failure to identify or notify Customer of such substances, wastes and materials.

11. This Agreement is between Contractor and Customer alone, and neither intends that there be any third-party beneficiaries to this Agreement. Without limiting the generality of the foregoing, by entering into this Agreement and providing services on Customer's behalf, Contractor is not assuming any duty or obligation to any of Customer's employees, vendors, clients, subcontractors, agents, shareholders, partners or members. Customer agrees to indemnify and hold Contractor harmless from and against any and all liabilities, losses, claims, costs, expenses and damages (including without limitation reasonable attorneys' fees) incurred by Contractor by reason of a claim brought against Contractor by any of Customer's employees, vendors, clients, subcontractors, agents, shareholders, partners or members with respect to the services provided by Contractor on Customer's behalf.

12. Each of the parties hereto is an independent contractor, and neither party is, nor shall be considered to be, an agent, distributor or representative of the other. Neither party shall act or present itself, directly or indirectly, as an agent of the other or in any manner assume or create any obligation on behalf of, or in the name of, the other.

13. These terms and conditions, together with the attached documents, constitute the entire agreement and understanding among the parties hereto and supersede any and all prior agreements and understandings, oral or written, relating to the subject matter hereof. It sets forth the terms for the provision of any products or services Contractor may provide Customer, whether in connection with the particular engagement that is identified as the subject of this Agreement or otherwise, unless and until a written instrument is signed by an authorized representative of Contractor agreeing to different terms and, in case of any conflict between this Agreement and any written instrument signed by an authorized representative of Contractor, this Agreement shall control. This Agreement shall not be assignable by Customer and Contractor without the express prior written consent of either party. This Agreement shall be governed by and construed in accordance with the laws of the State of the Contractor's headquarters are located, without giving effect to that State's conflicts of laws principles.

14. A 3% surcharge will be added to the total project price if paid with a credit card.

15. Harris shall not be held liable for failure of, or delay in, performing its obligations if such failure or delay is the result of tariff-driven cost increases, delay in availability or deliveries of materials, or other causes beyond Harris's control. Material and fuel costs are assumed to be stable through the manufacture and delivery on this project, however Harris reserves the right to negotiate a fair escalation in case of excessive volatility in material and fuel prices and/or shortages. Harris is not responsible for material, regional truck and/or fuel shortages which impact delivery schedules. Parties must make every reasonable attempt to minimize delay of performance and costs incurred therefrom.

Contractor and Owner recognized that time is of the essence for the Project and the Owner will suffer financial loss if the Work is not completed in the time specified ***in the Contract Documents. The parties also recognized the delays, expenses, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by the Owner if the Work is not completed on time. Accordingly, instead of requiring such proof, the Owner and Contractor agree that as liquidated***
damages for delay (but not as penalty), Contractor shall pay Owner $1,000.00 per calendar day for each day that expires after the time specified for Substantial Completion in EXH-D Project Schedule until such time the Work is determined to be substantially complete by the
Owner.

(Paragraph Deleted)

After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining work within the Contract time specified in the Contract Documents, the contractor shall pay the Owner $1,000.00 per day that expires after the time specified in the Contract Documents for Final Completion and readiness for Final Payment until the Work is completed.

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the
month.

§ 5.1.3 When an Application for Payment is received by the Architect, payment of the amount certified shall be made by the Owner not later than 45 (forty-five) days after the Architect receives the Application for Payment.

(Paragraph Deleted)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor on AIA G702 Application and Certificate for Payment in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

- **.1** That portion of the Contract Sum properly allocable to completed Work;
- **.2** That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and
- **.3** That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;
.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;
.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;
.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and
.5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Paragraph Deleted)

5% (five percent)

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

For major items installed into the Work, the Contractor may request full payment for the items to ensure prompt delivery and fabrication. Such items shall be recommended by the Architect and approved by the Owner as not requiring retainage. Prompt payment for the items shall be documented by the Contractor to the Owner in the subsequent payment application by submitting a full lien release for the items. Major items may include mechanical units with long lead times, structural systems with long lead times, critical path systems or items, etc. Major items will be discussed and defined by Owner, Architect, and Contractor.

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:
Prior to Substantial Completion and at the discretion of the Owner, retainage may be reduced. If the Work has been 50% completed as
determined by the Architect and is satisfactory to the Owner, then 90% of the retained amount may be released to the Contractor for completed work (with 10% of the total retained by the Owner.) Upon Substantial Completion, additional retainage may be returned to the Contractor as recommended by the Architect and approved by the Owner to an amount sufficient to satisfactorily complete the Work. Retainage release will comply with Minnesota Statute 15.72 after Substantial Completion and punch list acceptance by the Owner.

(Paragraph Deleted)

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site or otherwise stored offsite with adequate Owner approved insurance provided to the Owner.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and

.2 a final Certificate for Payment has been issued by the Architect.

.3 all lien waivers and IC134 forms have been delivered to the Owner.

§ 5.2.2 The Owner's final payment to the Contractor shall be made no later than 45 days after the issuance of the Architect's final Certificate for Payment.

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located. Owner will pay the Contractor 0% interest for Payments not due made within forty five (45) days.

(Paragraph Deleted)

§ 5.4 Prompt Payment to Subcontractors

This Contract requires the Contractor and all Subcontractors and Sub-subcontractors (of any tier) to promptly pay any subcontractor or material supplier contract within ten (10) days of receipt of payment by Owner for undisputed services provided by the party requesting payment. The party responsible for payment (other than the Owner) shall pay interest of one and one half (1-1/2) percent per month to the party requesting payment on any undisputed amount not paid on time. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10. For an unpaid balance of less than $100, the party responsible for payment shall pay the actual penalty due to the party requesting payment.

ARTICLE 6 DISPUTE RESOLUTION

§ 6.1 Initial Decision Maker

The Architect will serve as the Initial Decision Maker pursuant to Article 15 of AIA Document A201–2017.

§ 6.1.1 Mediation

Either the Owner or the Contractor may request mediation of any Claim submitted to the Architect for decision before such decision becomes final and binding. The mediation will be governed by the Construction Industry Mediation Rules of the American Arbitration Association in effect at the date of this contract. The request for mediation shall be made in writing to the American Arbitration Association and to the other party of this contract.

Owner and Contractor shall participate in the mediation process in good faith. The process shall be concluded within sixty (60) days of the date of filing the request.

If the Claim is not resolved by mediation, the Architect's action shall become final and binding thirty (30) days after termination of the mediation proceedings. Within the time period, the Owner and Contractor mayrequest Binding Dispute Resolution.

The Work must continue, at the Owner's discretion, in accordance with paragraph 15.1.4.1 of AIA Document A201-2017.

§ A.2.3 Required Property Insurance

§ A.2.3.1 Unless this obligation is placed on the Contractor pursuant to Section A.3.3.2.1, the Owner shall purchase and maintain, from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located, property insurance written on a builder's risk "all-risks" completed value or equivalent policy form and sufficient to cover the total value of the entire Project on a replacement cost basis. The Owner's property insurance coverage shall be no less than the amount of the initial Contract Sum, plus the value of subsequent Modifications and labor performed and materials or equipment supplied by others. The property insurance shall be maintained until Substantial Completion and thereafter as provided in Section A.2.3.1.3, unless otherwise provided in the Contract Documents or otherwise agreed in writing by the parties to this Agreement. This insurance shall include the interests of the Owner, Contractor, Subcontractors, and Sub-subcontractors in the Project as insureds. This insurance shall include the interests of mortgagees as loss payees.

§ A.2.3.1.1 Causes of Loss. The insurance required by this Section A.2.3.1 shall provide coverage for direct physical loss or damage, and shall not exclude the risks of fire, explosion, theft, vandalism, malicious mischief, collapse, earthquake, flood, or windstorm. The insurance shall also provide coverage for ensuing loss or resulting damage from error, omission, or deficiency in construction methods, design, specifications, workmanship, or materials. Sub-limits, if any, are as follows:
(Indicate below the cause of loss and any applicable sub-limit.)

Causes of Loss	Sub-Limit

§ A.2.3.1.2 Specific Required Coverages. The insurance required by this Section A.2.3.1 shall provide coverage for loss or damage to falsework and other temporary structures, and to building systems from testing and startup. The insurance shall also cover debris removal, including demolition occasioned by enforcement of any applicable legal requirements, and reasonable compensation for the Architect's and Contractor's services and expenses required as a result of such insured loss, including claim preparation expenses. Sub-limits, if any, are as follows:
(Indicate below type of coverage and any applicable sub-limit for specific required coverages.)

Coverage	Sub-Limit

§ A.2.3.1.3 Unless the parties agree otherwise, upon Substantial Completion, the Owner shall continue the insurance required by Section A.2.3.1 or, if necessary, replace the insurance policy required under Section A.2.3.1 with property insurance written for the total value of the Project that shall remain in effect until expiration of the period for correction of the Work set forth in Section 12.2.2 of the General Conditions.

§ A.2.3.1.4 Deductibles and Self-Insured Retentions. If the insurance required by this Section A.2.3 is subject to deductibles or self-insured retentions, the Owner shall be responsible for all loss not covered because of such deductibles or retentions.

§ A.2.3.2 Occupancy or Use Prior to Substantial Completion. The Owner's occupancy or use of any completed or partially completed portion of the Work prior to Substantial Completion shall not commence until the insurance company or companies providing the insurance under Section A.2.3.1 have consented in writing to the continuance of coverage. The Owner and the Contractor shall take no action with respect to partial occupancy or use that would cause cancellation, lapse, or reduction of insurance, unless they agree otherwise in writing.

§ A.2.3.3 Insurance for Existing Structures

If the Work involves remodeling an existing structure or constructing an addition to an existing structure, the Owner shall purchase and maintain, until the expiration of the period for correction of Work as set forth in Section 12.2.2 of the General Conditions, "all-risks" property insurance, on a replacement cost basis, protecting the existing structure against direct physical loss or damage from the causes of loss identified in Section A.2.3.1, notwithstanding the undertaking of the Work. The Owner shall be responsible for all co-insurance penalties.

§ A.2.4 Optional Extended Property Insurance.

The Owner shall purchase and maintain the insurance selected and described below.

ARTICLE A.3 CONTRACTOR'S INSURANCE AND BONDS

§ A.3.1 General

§ A.3.1.1 Certificates of Insurance. The Contractor shall provide certificates of insurance acceptable to the Owner evidencing compliance with the requirements in this Article A.3 at the following times: (1) prior to commencement of the Work; (2) upon renewal or replacement of each required policy of insurance; and (3) upon the Owner's written request. An additional certificate evidencing continuation of commercial liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the periods required by Section A.3.2.1 and Section A.3.3.1. The certificates will show the Owner as an additional insured on the Contractor's Commercial General Liability and excess or umbrella liability policy or policies.

§ A.3.1.2 Deductibles and Self-Insured Retentions. The Contractor shall disclose to the Owner any deductible or self-insured retentions applicable to any insurance required to be provided by the Contractor.

§ A.3.1.3 Additional Insured Obligations. To the fullest extent permitted by law, the Contractor shall cause the commercial general liability coverage to include (1) the Owner, the Architect, and the Architect's consultants as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the Owner as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions for which loss occurs during completed operations. The additional insured coverage shall be primary and non-contributory to any of the Owner's general liability insurance policies and shall apply to both ongoing and completed operations. To the extent commercially available, the additional insured coverage shall be no less than that provided by Insurance Services Office, Inc. (ISO) forms CG 20 10 07 04, CG 20 37 07 04, and, with respect to the Architect and the Architect's consultants, CG 20 32 07 04.

§ A.3.2 Contractor's Required Insurance Coverage

§ A.3.2.1 The Contractor shall purchase and maintain the following types and limits of insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Contractor shall maintain the required insurance until the expiration of the period for correction of Work as set forth in Section 12.2.2 of the General Conditions, unless a different duration is stated below:
(If the Contractor is required to maintain insurance for a duration other than the expiration of the period for correction of Work, state the duration.)

§ A.3.2.2 Commercial General Liability

§ A.3.2.2.1 Commercial General Liability insurance for the Project written on an occurrence form with policy limits as defined is ECH-C Owner Insurance, providing coverage for claims including

- **.1** damages because of bodily injury, sickness or disease, including occupational sickness or disease, and death of any person;
- **.2** personal injury and advertising injury;
- **.3** damages because of physical damage to or destruction of tangible property, including the loss of use of such property;
- **.4** bodily injury or property damage arising out of completed operations; and
- **.5** the Contractor's indemnity obligations under Section 3.18 of the General Conditions.

§ A.3.2.2.2 The Contractor's Commercial General Liability policy under this Section A.3.2.2 shall not contain an exclusion or restriction of coverage for the following:

.1 Claims by one insured against another insured, if the exclusion or restriction is based solely on the fact that the claimant is an insured, and there would otherwise be coverage for the claim.

.2 Claims for property damage to the Contractor's Work arising out of the products-completed operations hazard where the damaged Work or the Work out of which the damage arises was performed by a Subcontractor.

.3 Claims for bodily injury other than to employees of the insured.

.4 Claims for indemnity under Section 3.18 of the General Conditions arising out of injury to employees of the insured.

.5 Claims or loss excluded under a prior work endorsement or other similar exclusionary language.

.6 Claims or loss due to physical damage under a prior injury endorsement or similar exclusionary language.

.7 Claims related to residential, multi-family, or other habitational projects, if the Work is to be performed on such a project.

.8 Claims related to roofing, if the Work involves roofing.

.9 Claims related to exterior insulation finish systems (EIFS), synthetic stucco or similar exterior coatings or surfaces, if the Work involves such coatings or surfaces.

.10 Claims related to earth subsidence or movement, where the Work involves such hazards.

.11 Claims related to explosion, collapse and underground hazards, where the Work involves such hazards.

§ A.3.2.3 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Contractor, with policy limits as defined in EXH-C Owner Insurance .

§ A.3.2.4 The Contractor may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella insurance policies result in the same or greater coverage as the coverages required under Section A.3.2.2 and A.3.2.3, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers. Umbrella coverage as defined in EXH-C Owner Insurance

§ A.3.2.5 Workers' Compensation at statutory limits for Coverage A as defined in EXH-C Owner Insurance.

§ A.3.2.6 Employers' Liability Coverage B as defined in EXH-C Owner Insurance .

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

§ 1.1.2 The Contract

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.3 The Work

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.7 Instruments of Service

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

§ 1.1.8 Initial Decision Maker

The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

§ 1.7 Digital Data Use and Transmission

The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.8 Building Information Models Use and Reliance

Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document

G202™–2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 OWNER

§ 2.1 General

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

§ 2.1.2 The Owner shall furnish to the Contractor, within fifteen days after receipt of a written request, information necessary and relevant for the Contractor to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.

§ 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Prior to commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days' notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

User Notes: (1430930503)

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.5 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services.

§ 2.3.6 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2.

§ 2.4 Owner's Right to Stop the Work

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.6 Taxes

The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents,

.1 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

.2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and

.3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and

delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will

specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

§ 3.13 Use of Site

The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.14 Cutting and Patching

§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up

§ 3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work

The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located.

§ 3.17 Royalties, Patents and Copyrights

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

§ 3.18 Indemnification

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

ARTICLE 4 ARCHITECT

§ 4.1 General

§ 4.1.1 The Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.

§ 4.1.2 Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor, and Architect. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative during construction until the date the Architect issues the final Certificate for Payment. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents.

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications

The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

§ 4.2.5 Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.8 The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

- **.1** assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and
- **.2** assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation shall be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity. If the Owner assigns the subcontract to a successor contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor contractor's obligations under the subcontract.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument prepared by the Architect and signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:

- **.1** The change in the Work;
- **.2** The amount of the adjustment, if any, in the Contract Sum; and
- **.3** The extent of the adjustment, if any, in the Contract Time.

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

- **.1** Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- **.2** Unit prices stated in the Contract Documents or subsequently agreed upon;
- **.3** Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
- **.4** As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

.1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Architect;

.2 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;

.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and

.5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner pending mediation and binding dispute resolution; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. Any changes to the schedule of values shall be submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

§ 9.3 Applications for Payment

§ 9.3.1 At least ten days before the date established for each progress payment, the Contractor shall submit to the Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized, if required, and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such as copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage if provided for in the Contract Documents.

§ 9.3.1.1 As provided in Section 7.3.9, such applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Architect, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier, unless such Work has been performed by others whom the Contractor intends to pay.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of

- **.1** defective Work not remedied;
- **.2** third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- **.3** failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;

.4 reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
.5 damage to the Owner or a Separate Contractor;
.6 reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
.7 repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify the Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the Architect or awarded by binding dispute resolution, then the Contractor may, upon seven additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Such payment shall be adjusted for Work that is incomplete or not in accordance with the requirements of the Contract Documents.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, (5) documentation of any special warranties, such as manufacturers' warranties or specific Subcontractor warranties, and (6) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts and releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- **.1** liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
- **.2** failure of the Work to comply with the requirements of the Contract Documents;
- **.3** terms of special warranties required by the Contract Documents; or
- **.4** audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

.1 employees on the Work and other persons who may be affected thereby;
.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and
.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property

If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials and Substances

§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will

promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Contractor brings to the site unless such materials or substances are required by the Contract Documents. The Owner shall be responsible for hazardous materials or substances required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner shall reimburse the Contractor for all cost and expense thereby incurred.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency shall be determined as provided in Article 15 and Article 7.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Contractor's Insurance and Bonds

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner, Architect, and Architect's consultants shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Contractor's Required Insurance. Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act

or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Contractor purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents, and employees, each of the other; (2) the Architect and Architect's consultants; and (3) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by the Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Contractor, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Architect, Architect's consultants, Separate Contractors, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

§ 11.3.2 If during the Project construction period the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor and Architect for loss of use of the Owner's property, due to fire or other hazards however caused.

§11.5 Adjustment and Settlement of Insured Loss

§ 11.5.1 A loss insured under the property insurance required by the Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.

§ 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

§ 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections, and

approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals. The Contractor shall give the Architect timely notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Architect of when and where tests and inspections are to be made so that the Architect may be present for such procedures. Such costs, except as provided in Section 13.4.3, shall be at the Owner's expense.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect's services and expenses, shall be at the Contractor's expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 13.5 Interest

Payments due and unpaid under the Contract Documents shall bear interest from the date payment is due at the rate the parties agree upon in writing or, in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

- **.1** Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- **.2** An act of government, such as a declaration of national emergency, that requires all Work to be stopped;
- **.3** Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents; or
- **.4** The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, and costs incurred by reason of such termination.

§ 14.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

- **.1** repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- **.2** fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;
- **.3** repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- **.4** otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

- **.1** Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
- **.2** Accept assignment of subcontracts pursuant to Section 5.4; and
- **.3** Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Initial Decision Maker, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- **.1** that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or
- **.2** that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Contractor shall

- **.1** cease operations as directed by the Owner in the notice;
- **.2** take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
- **.3** except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

§ 14.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Contractor for Work properly executed; costs incurred by reason of the termination, including costs attributable to termination of Subcontracts; and the termination fee, if any, set forth in the Agreement.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition

A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party and to the Initial Decision Maker with a copy sent to the Architect, if the Architect is not serving as the Initial Decision Maker. Claims by either party under this Section 15.1.3.1 shall be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.1.5 Claims for Additional Cost

If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages

The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit, except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.

§ 15.2 Initial Decision

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 10.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within 30 days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The Initial Decision Maker will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the Initial Decision Maker concludes that, in the Initial Decision Maker's sole discretion, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons therefor; and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.

§ 15.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.2.6.1.

§ 15.2.6.1 Either party may, within 30 days from the date of receipt of an initial decision, demand in writing that the other party file for mediation. If such a demand is made and the party receiving the demand fails to file for mediation within 30 days after receipt thereof, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.

§ 15.2.7 In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.

§ 15.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

§ 15.3 Mediation

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall be subject to mediation as a condition precedent to binding dispute resolution.

§ 15.3.2 The parties shall endeavor to resolve their Claims by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section 15.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 15.3.3 Either party may, within 30 days from the date that mediation has been concluded without resolution of the dispute or 60 days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the party receiving the demand fails to file for binding dispute resolution within 60 days after receipt thereof, then both parties waive their rights to binding dispute resolution proceedings with respect to the initial decision.

§ 15.3.4 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 15.4 Arbitration

§ 15.4.1 If the parties have selected arbitration as the method for binding dispute resolution in the Agreement, any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 15.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 15.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 15.4.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 15.4.4 Consolidation or Joinder

§ 15.4.4.1 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 15.4.4.2 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 15.4.4.3 The Owner and Contractor grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as those of the Owner and Contractor under this Agreement.

Special Asbestos Abatement Liability Insurance is required for Asbestos Abatement Contractors. The limits are $1,500,000 per claim, for liability arising from the encapsulation, removal, handling, storage, transportation, and disposal of asbestos-containing materials.

2. CONSULTANT'S OBLIGATIONS

Consultant shall not violate or knowingly permit any violation of any conditions or terms of the policies of insurance required to be carried under the terms hereof and shall endeavor to satisfy the requirements of the insurance companies issuing them. In the event Consultant neglects, refuses or fails to provide or maintain any of the insurance required to be carried under the Agreement, or if such insurance is canceled for any reason, the Owner or the Owner's lender(s) shall have the right, but not the duty, to procure or maintain the same.

In the event the Owner or the Owner's lender(s) do procure or maintain such insurance, the Owner or the Owner's lender(s) shall have, in additional to any and all other available remedies, the right to recover from the Consultant (including the right of set-off against sums otherwise due the Consultant) all of the costs associated with procuring or maintaining such insurance.

3. PROFESSIONAL LIABILITY INSURANCE

   a. Professional Liability Coverage of $2,000,000 shall be maintained for one (1) year from the date of Substantial Completion. If the Consultant discontinues its business and if directed by Owner in writing, Consultant shall purchase such insurance in such amount for an extended discovery period beyond the one (1) year after the date of Substantial Completion, with the premium cost to be a reimbursable expense paid by the Owner. The limit of liability for such policy may not be reduced below $2,000,000 without the Owner giving its prior, written consent. All policies of insurance that Consultant is required under the terms of this Exhibit C Owner's Insurance to secure and maintain shall bear the endorsement "Not to be canceled until sixty (60) calendar days after Owner has received a written notice from insurer as evidence by a return receipt of registered or certified mail."

   b. The Owner shall not be responsible for obtaining or paying premiums or other expenses in connection with insurance required to be carried under the Agreement or normally carried by the Consultant's consultants, and the obligation to obtain such insurance and to pay such premiums and other expenses shall be solely that of the Consultant.

   c. The Consultant shall bear all the costs of any and all deductible amounts under any insurance policies required to be carried under the Agreement and shall remain solely and fully liable for the full amount of any claim or item not compensated by insurance (to the extent that any amount resulted from damages that arose out of the Consultant's sole negligence.)

4. COVERAGE
   The coverage's referred to above are set forth in full in the respective policy forms, and the foregoing descriptions of such policies are not intended to be complete.

5. GENERALLY

   a. The Consultant thereby represents and warrants to the Owner that, as of the date of the execution of the Agreement, the Consultant is not aware of any claims or potential claims which have been made, filed or threatened against any of the insurance or for damages covered by any of the insurance required to be carried under the Agreement that would affect the Consultant's ability to provide the insurance coverage required by this agreement.

b. It is understood that the provisions in the Agreement requiring the Consultant to carry insurance shall not be construed as in any manner waiving or restricting the liability of the Consultant as to any obligations imposed under the Agreement, including, but not limited to, obligations imposed under the provisions of Article 11 of the AIA A201-2017 General Conditions.

CONTRACT FOR GOODS – above $50,000

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and Innovative Office Solutions "Contractor" (collectively "parties") to provide Classroom furniture for Roosevelt High School CTE spaces.

1 TERM OF CONTRACT

1.1 This Contract is effective on June 23, 2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until December 31, 2025, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services/delivery of goods set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 *Total Obligation*

District's total obligation to Contractor/Vendor under this Contract, including compensation for goods, and/or services, and reimbursable expenses (if applicable), shall not exceed $118,426.00. Contractor/Vendor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 *Frequency of Invoicing and Terms of Payment*

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 *Taxes.*

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with

respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

4 INSPECTION OF GOODS & REJECTION

4.1 Buyer is entitled to inspect the Goods upon delivery. If the Goods are unacceptable for any reason, Buyer must reject them at the time of delivery up to ten (10) business days from the date of delivery. If Buyer has not rejected the Goods within ten (10) business days from the date of delivery, Buyer shall have waived any right to reject that specific delivery of Goods.

4.2 In the event Buyer rejects the Goods, Buyer shall allow Seller a reasonable time to cure the deficiency. A reasonable time period shall be determined by industry standards for the Goods, as well as the Seller and Buyer.

5 RISK OF LOSS

5.1 Risk of loss will be on the Seller until the time when the Buyer accepts delivery. Seller shall maintain any and all necessary insurance in order to insure the Goods against loss at Seller's own expense.

6 TITLE

6.1 Title to the Goods will remain with the Seller until Buyer accepts delivery.

7 FORCE MAJEURE

7.1 Non-delivery or default of this Agreement due to labor disputes, transportation shortage, delay or shortage of materials to produce the Goods, fires, accidents, Acts of God, or any other causes outside of Seller's control shall be notified to Buyer immediately upon realization that it will not be able to deliver the Goods as promised. Either Party may terminate this Agreement upon such notice.

8 GENERAL TERMS AND CONDITIONS

8.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

9 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

9.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

10 DATA PRIVACY

10.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

10.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign Exhibit C ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual

student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

11 USE OF DISTRICT NAME OR LOGO

11.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

12 INDEPENDENT CONTRACTOR

12.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding, worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

12.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

13 WORKER HEALTH, SAFETY AND TRAINING

13.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

14 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

14.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

15 INSURANCE

15.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

15.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

15.3 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract, and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

16 INDEMNIFICATION

16.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

17 LIMITATION ON LIABILTY

17.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

18 CONFLICT OF INTEREST/CODE OF ETHICS

18.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

19 COMPLIANCE WITH LAWS AND DEBARMENT

19.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government. Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

20 TERMINATION

20.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

20.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

20.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

21 RETURN OF DATA

21.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

22 RECORDS MANAGEMENT AND MAINTENANCE

22.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

23 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

23.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

23.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

24 NON-WAIVER

24.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

25 ASSIGNMENT

25.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and

in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

26 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

26.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

27 WARRANTY

27.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

28 SEVERABILITY

28.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

29 SURVIVABILITY

29.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of

the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

CONTRACT FOR SERVICES – $25,000 above

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and Josh Downham "Contractor" (collectively "parties") to provide lobbying services to the Office of the Superintendent

TERM OF CONTRACT

1.1 This Contract is effective on 07/01/2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until 06/30/2027, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 ***Total Obligation***

District's total obligation to Contractor under this Contract, including compensation for goods, services, and reimbursable expenses shall not exceed $108,250.00 (year 1) and

$111,497.50 (year 2). Contractor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 ***Frequency of Invoicing and Terms of Payment***

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 ***Taxes.***

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

3.4 ***Fund Availability; Federal Funds Contingency.***

Financial obligations of District payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted and otherwise made available. If this Contract is funded in whole or in part with federal funds, District's payment obligations

are subject to and contingent upon the continuing availability of federal funds for the purposes hereof.

4 GENERAL TERMS AND CONDITIONS

4.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

5 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

5.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

6 BACKGROUND CHECKS

6.1 Contractor shall screen Contractor and all paid and volunteer employees and agents, including interviews, reference checks, credit history (if handling district funds), driving history and insurance coverage (if transporting district staff, students or families). And, Contractor shall conduct criminal background checks in accordance with state and federal law and District policy for Contractor and all paid and volunteer employees and agents who will have direct contact with children under this Contract. Background checks will be done prior to any contact with children, and shall be done in accordance with applicable state and federal laws, including but not limited to Minn. Stat. Sections 299C.61-.64; Minn. Stat. Section 123B.03; 42 U.S.C.Section 5119a and 42 U.S.C. Section 14501-05.

6.2 Contractor is responsible for ensuring that all paid and volunteer employees and agents who will be in contact with District staff and students are appropriate persons to conduct such work.

7 DATA PRIVACY

7.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

7.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign **Exhibit C** ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

8 OWNERSHIP OF MATERIAL

8.1 The Contractor expressly waives to the District any claim to copyright pertaining to all new materials, publications, and documents produced as a result of this Contract and agrees that the District shall have exclusive right to and responsibility for their distribution, publication, copyrighting (when applicable) and all other matters relating to dissemination of the materials. Contractor shall not use, willingly allow or cause to have such materials used for any purpose other than performance of Contractor's obligations under this Contract without prior written consent of the District.

9 USE OF DISTRICT NAME OR LOGO

9.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

10 INDEPENDENT CONTRACTOR

10.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding,

worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

10.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

11 WORKER HEALTH, SAFETY AND TRAINING

11.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

12 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

12.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

13 INSURANCE

13.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

13.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

13.3 Contractor or its members shall also maintain property insurance coverage for the facility in which the program is located if it is not in a district building. Contractor and its members shall obtain and maintain insurance covering claims for the loss of or damage to its personal property that may be caused by students attending its programs.

13.4 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

14 INDEMNIFICATION

14.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

15 LIMITATION ON LIABILTY

15.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

16 CONFLICT OF INTEREST/CODE OF ETHICS

16.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

17 COMPLIANCE WITH LAWS AND DEBARMENT

17.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government.

Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

18 TERMINATION

18.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

18.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

18.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

19 RETURN OF DATA

19.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

20 RECORDS MANAGEMENT AND MAINTENANCE

20.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items

available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

21 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

21.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this

Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

21.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

22 NON-WAIVER

22.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

23 ASSIGNMENT

23.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

24 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

24.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

25 WARRANTY

25.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and

representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

26 SEVERABILITY

26.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

27 SURVIVABILITY

27.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

AGREEMENT FOR LABOR, REPAIR, AND/OR INSTALLATION – OR PURCHASE OF GOODS, SUPPLIES AND MATERIALS

PROJECT:

This Agreement (the "Agreement") is made this 3rd day of July, 2025 (the "Effective Date") by and between Special School District No. 1, a Minnesota public school corporation (the "School District"), and KONE Inc., (the "Contractor") to provide new elevator controllers with battery lowering, new hydraulic power units, elevator door package, and new fixtures, materials and/or services for the three (3) elevators at the Wilder Compex.

RECITALS:

A. The School District owns and operates school buildings, administrative offices, and related sites and facilities that are generally located throughout the City of Minneapolis, Minnesota (collectively, the "Sites and Facilities").

B. The Sites and Facilities require maintenance, repair, and updating from time-to-time, necessitating the provision of services by a third-party contractor.

C. The School District also must periodically engage a third-party contractor to facilitate the purchase of equipment, materials and supplies to support its school operations.

D. The School District desires to retain a contractor to perform the services described below (the "Project") in accordance with and subject to the terms and conditions in this Agreement.

E. The Contractor has examined the location of all proposed work if applicable, carefully reviewed and evaluated the specifications set forth by the School District for the Project, is familiar with all conditions relevant to the performance of the services and is committed to perform all work required for the price specified in this Agreement.

In consideration of the covenants and agreements hereinafter set forth, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. ***General Terms and Conditions.*** Reference is hereby made to the General Terms and Conditions of this Agreement attached hereto as **Exhibit A** and made a part hereof (the "General Terms and Conditions"). The General Terms and Conditions are incorporated herein by reference as if set forth in full herein. Without limiting the generality of the foregoing, (a) all capitalized terms used in this Agreement without definition shall have the meanings ascribed to them in the General Terms and Conditions and (b) all capitalized terms used in the General Terms and Conditions without definition shall have the meanings ascribed to them in this Agreement.

2. ***Project Information.***

(a) ***Scope of Work.*** The Project generally consists of labor and materials to modernize three (3) existing elevators at the Wilder Complex.

A detailed Scope of Work is set forth in **Exhibit B**, attached hereto and made a part hereof. Where applicable, drawings, specifications, lists of equipment, supplies, materials, and/or other existing documents describing or connected to the Project are listed or described on **Exhibit B.**

Reference attached Exhibit 4 and proposal from KONE dated 6/10/2025.

(b) ***Time of Performance.*** The Project shall be commenced on the Effective Date and completed in accordance with the schedule set forth in the Scope of Work, **Exhibit B** hereto (the "Work Schedule"). Time is of the essence in the performance of services under this Agreement.

(c) ***Compensation.*** The School District shall pay the Contractor for the services in accordance with this Agreement and the Schedule of Rates/Payments attached hereto as **Exhibit C** (the "Payment Schedule") and incorporated herein by reference. No rate changes shall be made during the term of this Agreement without the prior written approval of the School District. The Contractor's total compensation for services performed in accordance with this Agreement, including all reimbursable items, shall not exceed **Five Hundred Seventy Thousand Nine Hundred and No/100 Dollars ($570,900.00)** (the "Contract Sum").

3. ***Notices.*** Any notice, demand, or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally:

EXHIBIT A

GENERAL TERMS AND CONDITIONS

These General Terms and Conditions (the "General Terms and Conditions) form a part of that certain AGREEMENT FOR LABOR, REPAIR, AND/OR INSTALLATION – OR PURCHASE OF GOODS, SUPPLIES AND MATERIAL.

1. ***Definitions.*** The terms defined in this Section shall have the following meanings for purposes of these General Terms and Conditions when initially capitalized herein:

(a) "**Agreement**" means that certain AGREEMENT FOR LABOR, REPAIR, AND/OR INSTALLATION – OR PURCHASE OF GOODS, SUPPLIES AND MATERIAL.

(b) "**Contract Documents**" means, collectively, (i) the Agreement, (ii) these General Terms and Conditions, (iii) all Exhibits listed or described in the Agreement and (iv) all drawings, specifications, addenda and modifications describing the Work which are issued after the date hereof.

(c) "**Work**" means all labor, materials, equipment, supplies, and/or services required to complete the Project described in the Contract Documents.

2. ***Contract Sum.*** The School District agrees to pay the Contractor for the full and faithful performance of the Work and related costs a stipulated amount equal to the Contract Sum set forth in the Agreement. The Contract Sum shall be subject to additions and deductions for changes in the Work, and the School District may deduct from the Contract Sum the value of any Work done which, in the good faith opinion of the School District, is not in compliance with the Contract Documents. The Contract Sum shall be payable to the Contractor in accordance with the Payment Schedule, subject to the provisions of these General Terms and Conditions.

3. ***Work Schedule.*** Contractor shall perform all of the Work in accordance with the Work Schedule. Time is of the essence in completing the Project. The Contractor agrees to notify the School District in writing of any and all causes of delay of the Work, or any part thereof, within 24 hours after such cause of delay shall arise, and in case of the failure of the Contractor to perform this Agreement and complete the Work at the time specified in the Contract Documents, the School District may immediately, or at any time thereafter, proceed to complete the Work at the cost and expense of the Contractor. Upon receipt of written notice from the Contractor of the existence of causes over which the Contractor has no control and which must delay the completion of the work, the School District may at its discretion, extend the date specified for the completion of the Work.

4. ***Standards of Performance.*** The Contractor agrees that all the work and labor shall be done in the best and most diligent manner and that all materials and labor shall be in entire and strict conformity in every respect with the Contract Documents and shall be subject to the inspection and approval by the proper authorities of the School District for the supervision of the Work, and in case any of said material or labor shall be rejected by the School District as defective or unsuitable, then the materials shall be removed and replaced with other approved materials and the labor shall be done anew to the satisfaction and approval of the School District at the cost and expense of the Contractor. The Contractor agrees to take all precautions necessary to protect the public against injury, and to keep danger signals out at night and at such other times and such places as public safety may require during the performance of this Agreement. The Contractor further agrees to make good, replace, and renew at the Contractor's own cost and expense any loss or damage to the Work and Project occurring prior to the final delivery to and acceptance thereof by the School District, by reason of fire, tornado, theft, or any cause whatsoever, and to be wholly responsible for the construction, completion and delivery of the Work and Project in its entirety for the final acceptance by the School District; and any payment or payments made to the Contractor hereunder, shall not be construed as operating to relieve the Contractor from responsibility for the Work and Project as herein provided and agreed. It is agreed and understood by the parties hereto that the use of the Work and Project at any time by the School District for any purposes shall not be construed to be or operate as an acceptance by the School District of the work to be done by the Contractor under this Agreement.

5. ***Change Orders; Limitations.*** No claim for extra work done or additional materials, equipment, or supplies furnished by the Contractor will be made by the Contractor or allowed by the School District, nor shall the Contractor do any work or furnish any materials, equipment or supplies not covered by the Scope of Work, unless such work or materials, equipment or supplies is ordered in writing by the School District. Any such work or materials, equipment or supplies which may be done or furnished by the Contractor without such written order first being given, shall be at the Contractor's own risk and expense. When any extra work or materials, equipment or supplies is ordered by the School District to be done or furnished, the Contractor shall furnish such materials and do such work for the price mutually agreed to by the Contractor and the School District, and when any alteration of the Scope of Work is ordered by the School District, the Contractor agrees to perform the work as altered and if such alteration shall reduce the cost of doing such work, the actual amount of such reduction in cost shall be deducted from the Contract Sum.

6. ***Labor, Materials, Equipment, Etc.*** The Contractor shall provide and pay for all labor, materials, equipment, tools, machinery, water, heat, utilities, transportation and other facilities and/or services necessary for the proper execution of the Work. All costs and expenses for such items shall be included in the Contract Sum.

7. ***Permits, Fees and Compliance with Law.*** The Contractor shall secure all permits, licenses and inspections necessary for the execution and completion of the Work as part of the Contract Sum. All permit, license and inspection fees shall be included in the Contract Sum. The Contractor shall comply with the terms of all such permits and licenses and with all

federal, state and municipal laws, statutes, ordinances, building codes, rules and regulations applicable to the Work.

8. ***Taxes.*** The Contractor shall pay sales, consumer, use and other similar taxes, except to the extent that such taxes are not payable due to the status of the School District as a tax-exempt entity. The Contractor shall not charge the School District for state sales taxes, uses taxes, and other taxes that are not payable due to the status of the School District as a tax-exempt entity, and the Contract Sum shall be reduced to the extent that amounts for such taxes were included in the determination thereof.

9. ***Subcontractors; Third Party Claims***. The Contractor further agrees to pay all laborers employed, and all subcontractors furnishing material to the Contractor in and about the performance of this Agreement, and for all labor and material by them so performed and furnished, but in case the Contractor shall fail so to pay and to satisfy every and all claims and demands for labor and materials as aforesaid, the School District may apply the monies due and coming to the Contractor under this Agreement toward paying and satisfying such claims and demands, and the School District is herewith given the right to apply monies due and coming to the Contractor hereunder towards paying any indebtedness or claim heretofore accrued or which may hereafter come due to the School District from the Contractor on any account whatsoever, and the amount of such payments shall be charged against the balance due the Contractor hereunder; provided that nothing herein contained nor any variation from the amounts of the installments or from the manner and times of their payment shall be construed as impairing the right of the School District or of those to whose benefit the bond herein agreed upon shall insure, to hold the Contractor or surety liable on the bond for any breach of the conditions of the same nor as imposing upon the School District any obligation to laborers, materialmen, contractors, or sureties to pay or to retain for their benefit any monies coming to the Contractor hereunder. Contractor shall comply with the requirements of Minn. Stat. §471.425, subd. 4a., Prompt Payment to Subcontractors, which is incorporated herein by reference.

10. ***Bonds.*** If required by the Contract Documents, prior to performing any work under this Agreement, the Contractor shall provide the School District with the following bonds covering the Project: (a) a performance bond for the benefit of the School District, ensuring that Contractor will construct and maintain the Project in accordance with the Contract Documents, and saving and holding the School District harmless from all costs and charges which may accrue on account of completing the Project; and (b) a payment bond for the use and benefit of all persons furnishing labor or materials for the Project and making just claims for payment for such labor or materials.

11. ***Background Checks.*** The Contractor shall obtain a background check pursuant to applicable federal and state law and School District policy, including the Minnesota Child Protection Background Check Act, for each employee, volunteer or agent assigned to the Project. If Contractor receives a report that an employee, volunteer or agent so assigned has ever been convicted of a serious offense, or a background check crime, as defined at Minn. Stat. § 299C.61, it shall take immediate steps to notify the School District of the report and remove such employee, volunteer or agent from his/her assignment.

12. ***Equal Opportunity***. The Contractor agrees that in the hiring of common or skilled labor for the performance of any work under this Agreement or any subcontract hereunder, no contractor, material supplier, or vendor, shall, by reason of race, creed, color, sex or national origin, discriminate against any person or persons who are citizens of the United States and who are qualified and available to perform the work to which such employment relates; that neither he nor any subcontractor, material supplier, or vendor, shall in any manner discriminate against, or intimidate, or prevent the employment of any such person or persons from the performance of work under this Agreement or any subcontract hereunder on account of race, creed, color, sex or national origin; that any violation of this Section shall be a misdemeanor; and that this Agreement may be canceled or terminated by the School District and all money due, or to become due hereunder, may be forfeited, for a second or any subsequent violation of the terms or conditions of this Agreement.

13. ***Independent Contractor***. All work provided pursuant to this Agreement shall be provided by the Contractor as an independent contractor and not as an employee of the School District for any purpose. Any and all officers, employees, subcontractors, agents, or any other person engaged by the Contractor in the performance of work or services pursuant to this Agreement shall not be considered employees of the School District. Any and all actions which arise as a consequence of any act or omission by the Contractor, its officers, employees, subcontractors, agents, or other persons engaged by the Contractor in the performance of work or services pursuant to this Agreement, shall not be the obligation or responsibility of the School District. The Contractor, and its officers, employees, subcontractors, and agents, shall not be entitled to any of the rights, privileges, or benefits of the School District's employees. This Agreement does not establish a joint powers agreement or joint partnership between the School District and the Contractor.

14. ***Indemnification***. The Contractor hereby agrees to protect, defend and hold the School District and its officers, elected and appointed officials, employees, administrators, agents, and representatives harmless from and indemnified against any and all loss, costs, fines, charges, damage and expenses, including, without limitation, reasonable attorneys' fees, consultants' and expert witness fees, and travel associated therewith, due to claims or demands of any kind whatsoever (including those based on strict liability) arising out of (i) the activities contemplated by this Agreement, (ii) including, without limitation, any claims for any lien imposed by law for services, labor or materials, or (iii) by reason of the execution of this Agreement or the performance of this Agreement. The Contractor, and the Contractor's successors or assigns, agree to protect, defend and save the School District, and its officers, agents, and employees, harmless from all such claims, demands, damages, and causes of action and the costs, disbursements, and expenses of defending the same, including but not limited to, attorneys' fees. This indemnity shall be continuing and shall survive the performance or cancellation of this Agreement. Nothing in this Agreement shall be construed as a limitation of or waiver by the School District of any immunities, defenses, or other limitations on liability to which the School District is entitled by law, including but not limited to the maximum monetary limits on liability established by Minnesota Statutes, Chapter 466, or otherwise.

15. ***Insurance***. Prior to performing any work under this Agreement, the Contractor shall purchase and maintain such insurance in the amounts specified below as will protect the Contractor from claims which may arise out of, or result from, the Contractor's performance under this Agreement, whether such performance is by the Contractor or by any subcontractor, or by anyone directly employed by them, or by anyone for whose acts or omissions anyone of them may be liable. Certificates of Insurance shall name the School District as an additional insured. The insurance shall not be canceled by the Contractor until all of the work required by this Agreement has been completed, accepted, and final payment made by the School District. Written notification of the School District by the Contractor shall be required thirty (30) calendar days prior to cancellation, expiration, or change of insurance. All policies shall be written on an occurrence basis using ISO Form CG 00 01 or its equivalent.

(a) Statutory Workers Compensation and Employer's Liability

(b) Commercial General Liability:

Each Occurrence	$1,500,000
Damage to Rented Premises Each Occurrence	$ 100,000
Medical Expense any One Person	$ 5,000
Personal and Advertising Injury	$1,000,000
General Aggregate	$2,000,000
Products – Completed Operations Aggregate	$2,000,000

(c) Automobile Liability:

Combined Single Limit (Each Accident)	$1,500,000

(d) Other forms of insurance as called for in the Contract Documents.

The above paragraphs establish minimum insurance requirements, and it is the sole responsibility of the Contractor to purchase and maintain additional insurance that may be necessary for compliance with this Agreement. Certificates of Insurance must indicate if the policy is issued pursuant to all above requirements. The Contractor shall not commence work on the Project until the Contractor has obtained the required insurance and filed an acceptable Certificate(s) of Insurance with the School District. Copies of insurance policies shall be submitted to School District upon request.

16. ***Termination.*** The School District shall have the right to terminate the Agreement with or without cause by and upon delivering written notice to the Contractor. In the event of such termination by the School District for convenience, the School District shall promptly pay the Contractor any compensation owed for Work completed in compliance with the requirements of the Contract Documents through and including the date of termination, and upon payment of such compensation, the School District shall have no further obligations or liabilities to the Contractor. In the event of such termination by the School District for cause (including, without limitation, if the Contractor defaults, fails to comply with the Contract

Documents, provides defective or non-conforming Work, becomes insolvent or becomes the subject of bankruptcy proceedings), the School District shall not be liable to the Contractor for any amounts, but the Contractor shall be liable to the School District for all losses, damages and expenses resulting from such default. The School District may withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the School District is determined. If a determination is made that the School District improperly terminated the Agreement "for cause," then such termination shall be deemed to have been a "without cause" termination for convenience.

17. ***Limitation on Liability.*** In no event shall the School District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Agreement. The School District's maximum liability under the Agreement shall not exceed the Contract Sum.

18. ***Additional Requirements for Purchases of Equipment, Goods and Supplies.***

(a) ***Inspection and Testing.*** For a period of up to ten (10) business days following delivery, the School District shall have the right to inspect and/or test any equipment, goods and supplies (collectively, the "Goods") purchased by the School District. If upon inspection or testing the Goods or any portion thereof are found to be nonconforming, unsatisfactory, defective, of inferior quality or workmanship, or fail to meet any requirements or specifications contained in the Contract Documents, then without prejudice to any other rights or remedies, the School District may reject the Goods.

(b) ***Warranty.*** Contractor warrants that the Goods will be of merchantable quality and free from defects in design, engineering, material and workmanship for the time period specified by a manufacturer's warranty or as agreed to by the Contractor and the School District. Contractor further warrants that the Goods will meet the performance requirements and specifications set forth in the Contract Documents and shall be fit for the purpose intended. Contractor also warrants that the Goods are free and clear of all liens and encumbrances whatsoever, that Contractor has a good and marketable title to same, and that Contractor owns or has a valid license for all of the proprietary technology and intellectual property incorporated within the Goods. Contractor agrees to indemnify, defend and hold the School District harmless against any and all third-party claims resulting from the breach or inaccuracy of any of the foregoing warranties.

(c) ***Title and Risk of Loss.*** Title to the Goods shall remain with the Contractor until the School District accepts delivery of the Goods. The risk of loss will be on the Contractor until such time as the School District accepts delivery of the Goods. Contractor will be liable for any loss or damage to the Goods caused by Contractor or its subcontractors, their agents or employees, and Contractor will replace or repair said Goods at its own cost to the complete satisfaction of the School District.

19. ***Amendments; Binding Agreement; Assignment.*** Any amendment to this Agreement must be in writing and signed by both parties. This Agreement shall be binding upon and inure to the benefit of the parties. No assignment or attempted assignment of this

Agreement or of any rights hereunder shall be effective without the prior written consent of the School District.

20. ***Authority.*** Each of the undersigned parties warrants it has the full authority to execute and delivery this Agreement.

21. ***Authorized Representatives***. Any consent, approval, authorization or other action required or permitted to be given or taken under the Contract Documents by the School District or the Contractor, as the case may be, shall be given or taken by one or more of the Authorized Representatives of each, except as provided by applicable law or School District policy.

22. ***Applicable Law; Jurisdiction.*** This Agreement shall be governed by and construed in accordance with the laws of the State of Minnesota. Any disputes, controversies, or claims arising out of this Agreement shall be heard in the Hennepin County District Court or United States District Court of Minnesota, and all parties to this Agreement waive any objection to the jurisdiction of these courts, whether based on convenience or otherwise.

23. ***Compliance with Laws.*** The Contractor warrants that all work performed pursuant to this Agreement shall be in compliance with all federal, state and local laws, ordinances, regulations, rules, and standards, as well as all requirements set forth in the Contract Documents, or any further requirements of the School District. The Contractor and all subcontractors shall conform to the labor laws of the State of Minnesota, and all other laws, ordinances and legal requirements pertaining to the Project. Pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding Minnesota Rules 5200.1000 to 5200.1120, this Agreement may be subject to the prevailing wages as established by the Minnesota Department of Labor and Industry.

24. ***Warranty.*** The Contractor warrants that the Work shall be in accordance with the Contract Documents, applicable law and trade standards and free from material structural defects, improper workmanship or defective materials. Contractor shall replace, correct, or repair any Work not in accordance with the Contract Documents, applicable law and trade standards or any defects caused by faulty materials, equipment or workmanship for a period of two (2) year(s) from the date of completion of the Work. Nothing in this Section shall be construed to place a time limit with respect to any other obligation Contractor may have under this Agreement.

25. ***Entire Agreement.*** The Contract Documents and any addenda or amendments thereto signed by the parties shall constitute the entire Agreement between the School District and Contractor, and supersedes any other written or oral agreements between and School District and Contractor.

26. ***Severability.*** In the event that any one or more of the provisions of this Agreement, or any application thereof, shall be found to be invalid, illegal or otherwise unenforceable, the validity, legality, and enforceability of the remaining provisions in any application thereof shall not in any way be affected or impaired thereby.

27. ***No Waiver.*** No failure by any party to insist upon the strict performance of any covenant, duty, agreement, or condition of this Agreement or to exercise any right or remedy consequent upon a breach thereof, shall constitute a waiver of any such breach of any other covenant, agreement, term, or condition, nor does it imply that such covenant, agreement, term or condition may be waived again.

28. ***Data Practices.*** Any and all data created, collected, received, stored, used, maintained, or disseminated by the Contractor pursuant to this Agreement shall be administered in accordance with, and is subject to the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, Chapter 13, and the Contractor must comply with these requirements as if it were a government entity. This Section does not create a duty on the part of the Contractor to provide access to public data to the public if the public data are available from the School District, except as required by the terms of this Agreement. The Contractor will report immediately to the School District any requests from third parties for information related to the Agreement.

29. ***Audit.*** The Contractor must allow the School District, or its duly authorized agents, and the state auditor or legislative auditor reasonable access to the Contractor's books, records, documents, and accounting procedures and practices that are pertinent to all work provided under this Agreement for a minimum of six years from the termination of this Agreement.

30. ***No Third-Party Beneficiary***. The Contractor acknowledges that nothing contained in this Agreement nor any act by the School District or the Contractor shall be deemed or construed by the Contractor or by any third person to create any relationship of third-party beneficiary, principal and agent, limited or general partner, or joint venture between the School District and the Contractor.

31. ***Counterparts.*** This Agreement may be executed in any number of counterparts, each of which shall constitute one and the same instrument.

Elevator B: 3500# Capacity; Speed is 65 FPM (estimated); 3 landings (2 front/1 rear); Hydraulic; Simplex Operation.

Elevator C: 3500# Capacity; Speed is 65 FPM (estimated); 3 landings (2 front/1 rear); Hydraulic; Simplex Operation.

Elevators will receive the below with the modernization:

New elevator controller with battery lowering, new hydraulic power unit, new oil return pump in pit, new elevator door operator and hardware package, retained cab doors, and new fixtures. Retained hoistway door panels. Retained cab interiors. New cab fan. New LED lighting in existing cove troughs. New P&H's New NORA cab flooring. Building related work is included. Elevator A machine room will receive a new A/C unit.

Existing elevator jacks are being reused "as is" – Original installation dates, as stamped on the existing elevator controllers, reflect a 1975 installation.

PRICING AS FOLLOWS:

Elevator A: $224,950.00 +10% School Contingency = $247,445.00*
Elevator B: $172,975.00 +10% School Contingency = $190,272.00*
Elevator C: $172,975.00 +10% School Contingency = $190,272.00*

Total: $570,900.00 Summary Statement of Billable Order by KONE

***Contingency Totals are not billable amounts by KONE; contingency amounts only reflect contract amount by Minneapolis Schools.**

2026 material/labor assumed. 30 days valid

Our proposal is based on the following clarifications:

1. Contract terms between KONE Inc. and Purchaser shall be based on this Proposal and Attachment A (See Attachment A for standard terms and conditions).

   Please note: This proposal is inclusive of an equitable adjustment in price in accordance with the known impact of recent U.S. tariffs in effect at the time of this proposal. After the date of this proposal, if further tariff legislation impacts the work included in this proposal, and KONE's price or time to perform the work, KONE shall be entitled to an equitable adjustment in contract price and a time extension to complete its work commensurate with the impact.

2. Certain items are to be furnished and installed by Purchaser or by other trades. (See Attachment B for listing of possible requirements).
3. All new elevator equipment provided shall meet applicable ASME A17.1 code requirements. Any provisions of codes applicable to out-of-scope items shall be the Purchaser's responsibility. Cost of any future code changes adopted prior to permitting and completion are excluded. The existing cab and entrance dimensions, which may not meet current ADA or stretcher access rules, will be retained as is.
4. Our proposal includes inspections and testing as required by the AHJ. However, any re-testing required due to other trades' failures to complete their work or tests in a timely manner will be billed at our regular billing rates.
5. Proposal equipment includes a standard one-year warranty. Warranty preventative maintenance services are not included and will be provided under the existing KONE maintenance account for service under warranty period. Each elevator unit, under the existing service maintenance agreement, will be suspended during the duration of the elevator modernization and returned to service immediately after.
6. The ASME code limits changes to the empty car weight + capacity of each elevator to 5% of the originally installed value. If past or proposed changes result in a change to the weight or system pressure greater than 5% above the original design values, the cost of any engineering and of any required modifications to the elevator system or structure shall be extra to this proposal scope and pricing. If this situation is discovered during the engineering process, KONE will notify purchaser and recommend an alternate design or other changes.
7. In order to provide best pricing, proposal excludes any extra demobilizations and remobilizations. If we must demobilize from the jobsite for any reason outside our control, we shall be compensated at our regular billing rates. Free parking to KONE employees is assumed during this modernization.
8. Proposal pricing is based on the scope of work as defined herein. Any additional work required will be performed only upon Purchaser's approval of a mutually agreeable change proposal. Any other deficiencies revealed in the progress of the work will be promptly reported to purchaser with recommendations and cost for corrective action.
9. Any abatement of asbestos or other hazardous materials necessitated by this project shall be provided by others. Costs of any abatement plans, procedures, disposal, documentary air monitoring, filing of notices, or other asbestos-related work shall be the responsibility of the Owner or Purchaser. Any abatement of asbestos or other hazardous materials necessitated by this project shall be provided by others.
10. Purchaser shall provide any security, escort or other building service support personnel required during demolition, installation, testing, and inspections. **Storage space is available to KONE at no charge adjacent to the elevator or in adjacent room.**

11. Mutually agreeable project schedule will be determined at time of proposal acceptance. **Estimated lead time is 18+ weeks for material (BASE BID) after executed contract and final engineering. Installation time is approximately 4-5 weeks per elevator (BASE BID).**
12. It is assumed that we may work between the hours of 7:00 AM and 4:30 PM, Monday – Friday. No overtime or premium time work has been included within our base bid.
13. No provisions for emergency power are included in our proposal.
14. Phone line for elevator to be provided by owner.
15. It is assumed that the existing original manufacturer's platform is acceptable to the local AHJ. KONE will leave the existing sling/platform "as is".
16. All building and elevator hoistway related work, including machine room, pit, electrical; HVAC, etc. **related work is INCLUDED in this pricing.** See Attachment C - Hamline Construction proposal – for respective locations.
17. Elevator pits will be required to be clean and dry prior to start of elevator modernization. Waterproofing or water prevention means of the existing elevator pits is NOT included within our proposal.

Thank you for the opportunity to submit a proposal to modernize your elevators. If you have any questions, comments or concerns, please do not hesitate to call on me.

For KONE Inc.
Very truly yours,

Kevin Bardwell
Modernization Sales Manager

Clarifications
Our proposal is based on the following clarifications:

- Contract terms between KONE Inc. and Purchaser shall be based on our Proposal and Attachments. (See Attachment "A" and "B")
- All new elevator equipment provided shall meet applicable ASME A17.1 code requirements. Any provisions of codes applicable to out-of-scope items shall be the Purchaser's responsibility. Cost of any future code changes adopted prior to permitting and completion are excluded.
- The existing cab and entrance dimensions, which may not meet current ADA or stretcher access rules, will be retained as is.
- Our proposal includes inspections and testing as required by the AHJ. However, any re-testing required due to other trades' failures to complete their work or tests in a timely manner will be billed at our regular billing rates.
- Proposal includes a standard one-year warranty. No costs for preventive maintenance services are included in this capital improvement pricing.
- The ASME code limits changes to the empty car weight + capacity of each elevator to 5% of the originally installed value. If past or proposed changes result in a change to the weight or system pressure (for hydraulic) greater than 5% above the original design values, the cost of any engineering and of any required modifications to the elevator system or structure shall be extra to this proposal scope and pricing. If this situation is discovered during the engineering process, KONE will notify purchaser and recommend an alternate design or other changes.

- In order to provide best pricing, proposal excludes any extra demobilizations and remobilizations. If we must demobilize from the jobsite for any reason outside our control, we shall be compensated at our regular billing rates.
- Proposal pricing is based on the scope of work as defined herein. Any additional work required will be performed only upon Purchaser's approval of a mutually agreeable change proposal. Any other deficiencies revealed in the progress of the work will be promptly reported to purchaser with recommendations and cost for corrective action.
- Asbestos: Notwithstanding anything contained to the contrary within this bid or contract, KONE's work shall not include any abatement or disturbance of asbestos containing material (ACM) or presumed asbestos containing materials (PACM). Any work in a regulated area as defined by Section 1910 or 1926 of the Federal OSHA regulations is excluded from KONE's scope of work without an applicable change order to reflect the additional costs and time. In accordance with OSHA requirements, the Customer shall inform KONE and its employees who will perform work activities in areas which contain ACM and/ or PACM of the presence and location of ACM and/or PACM in such areas which may be contacted during work before entering the area. Other than as expressly disclosed in writing, Customer warrants that KONE's work area at all times meets applicable OSHA permissible exposure limits (PELs). KONE shall have the right to discontinue its work in any location where suspected ACM or PACM is encountered or disturbed. Any asbestos removal or abatement, or delays caused by such, required in order for KONE to perform its work shall be the Customer's sole responsibility and expense. After any removal or abatement, customer shall provide documentation that the asbestos has been abated from the KONE work area and air clearance reports shall be made available upon request prior to the start of KONE's work.
- Purchaser shall provide any security, escort or other building service support personnel required during demolition, installation, testing, and inspections.
- For hydraulic elevators, we can assume no responsibility for unusual conditions such as hole cave in and complete hydraulic cylinder assembly embedded in concrete. The excavation of the hole to accommodate the new hydraulic cylinder assembly is based on encountering soil free of rocks, boulders, building construction members, sand, water, quicksand, underground caves and/or any other obstructions or unusual conditions. Should such obstructions or unusual conditions be encountered, additional time above or beyond the working days estimated to complete this project may be required. We will proceed with this portion of the project on a time and material basis, based on our normal billing rates.

Bid Attachment "A" / KONE Inc. General Terms and Conditions (REV 1-1-2024)

1. APPLICATION OF THESE TERMS

The parties agree to be bound by the terms and conditions contained in the Bid Letter, this Bid Attachment A and Bid Attachment B, including the documents incorporated herein by reference (collectively, the "Proposal").

2. SPECIAL PURCHASING REQUIREMENTS

This Proposal is made without regard to compliance with any special sourcing and/or manufacturing requirements including, but not limited to, Buy America, Buy American, U.S. Steel, FAR clauses, minority / disadvantaged supplier requirements or similar federal and/or state procurement laws. Should such requirements be applicable to this Project, KONE reserves the right to modify and/or withdraw its Proposal.

3. PROPOSAL CONDITIONS

The Proposal shall be open for acceptance within the period stated in the Bid Letter or, when no period is stated, for a period of 30 days from the date of the Bid Letter. Prior to commencing manufacture of the equipment described in the Bid Letter ("Equipment"), KONE must have (i) a

fully executed contract; (ii) a schedule acceptable to KONE identifying the Equipment installation start date, or alternatively, KONE's letter specifying the ship date ("Ship Date Letter") signed by Customer, which, as applicable, is incorporated by reference herein; (iii) the first payment in Section 4 herein; and (iv) fully approved KONE layouts.

4. PAYMENT TERMS

Payment of the total Price is due within 30 days from receipt of an electronic invoice, as follows:

- **80% of the Price for material and shipping, billable and due upon delivery of material to the jobsite or KONE Distribution Center;**
- **20% of the Price for Equipment installation, billable and due at the billing cycle following the start of installation.**

KONE imposes a surcharge for payments made via credit card that is not greater than our cost of acceptance. The surcharge that we impose for this type of transaction is a percentage of the amount paid via credit card, which will be notified to the Customer at the payment portal. KONE reserves the right to delay, suspend, or stop the work, including manufacturing, delivery, installation and/or Equipment turnover, for non-payment, without liability to KONE or being held in default. Simple interest at 1.5% per month shall be charged on amounts not paid when due. Payments to KONE are not contingent on any third-party payments to Customer. Customer shall reimburse KONE for all costs of collection, including courts costs and reasonable attorneys' fees. Prior to turnover, KONE must be paid in full, less 10% maximum retention, the Price including all change orders. Retention shall be due and payable within 30 days of execution of the Uniform Final Acceptance or Equipment turnover, whichever occurs first.

If certified payroll reporting is required, KONE will submit the requested reporting in the format of the U.S. Department of Labor form WH 347 & WH 348. The Price does not include Textura or any other special billing requirements, which can be added via change order at a rate of 0.3% of the Price.

5. INSTALLATION

Customer shall be responsible for procurement and cost of all permits, except permits related to installation of the Equipment. Where KONE's scope of work or other responsibilities include the obligation to utilize materials and/or finishes resembling or identical to those pre-existing in the building, KONE shall use reasonable efforts to procure such materials and Customer acknowledges and accepts that the materials and/or finishes reasonably available may not be in all respects identical to those pre- existing in the building. This Proposal is conditioned upon KONE using its standard installation method. The installation of the Equipment shall start after Customer has completed all work set forth in Bid Attachment B and any other documents describing site requirements ("Site Requirements"), all of which are incorporated by reference herein. Within two (2) weeks prior to the scheduled delivery date for KONE's materials, KONE shall conduct a standard visual site survey to verify that the Site Requirements are complete and notify Customer if there are outstanding deficiencies preventing KONE from beginning installation. KONE's site survey may include, but is not limited to, inspection of site access, working and safety conditions on site, wear and tear of any existing structures or surfaces, and planning of any dismantling or removal of existing equipment, components and materials, where applicable. KONE shall not be deemed to have surveyed any hidden structures, latent defects, subsurface conditions, or other non-visible matters, including but not limited to searching for hazardous substances and/or materials, which shall be subject to Section 16. If KONE's site survey reveals any deficiencies, KONE shall be entitled to delay the start of installation and Customer shall be responsible for all additional costs incurred by KONE, including without limitation, costs associated with: labor reallocation, re- directing materials to and storage in a KONE Distribution Center, additional labor for double handling of materials, and additional trucking, freight and insurance. Once the Site Requirements are completed, the start of installation shall be subject to the availability of labor and the delivery of material, if applicable. KONE's work shall be performed during regular union working hours of regular working days, Monday to Friday, statutory holidays excluded. If overtime is mutually agreed upon and performed, the additional costs for such work shall be added to the Price at KONE's standard overtime rates. If the installation cannot be performed in an uninterrupted manner for any reason

beyond KONE's control, Customer shall store the Equipment at Customer's cost and compensate KONE for any costs caused by such delay including, but not limited to, double handling of Equipment and demobilization.
KONE shall not be required to perform overtime or any Customer directed change to its work ("Extra Work") without an executed change order. No action by KONE, including but not limited to, performing Extra Work without an executed change order, shall be a waiver of KONE's right to seek payment for Extra Work performed. KONE shall be entitled to an extension of time and an equitable adjustment in the Price, including but not limited to, any increased costs of labor, including overtime, resulting from any change of schedule, re-direction of KONE personnel to another work area, acceleration, or out of sequence work.
KONE shall take reasonable methods to protect its work-in-place while KONE is actively on site and until execution of a KONE Uniform Final Acceptance, which is incorporated by reference herein. Should damage occur to KONE property, material or work-in- place by fire, water, theft or vandalism, Customer shall compensate KONE for said damages. Additionally, the Customer is solely responsible for ensuring that the equipment maintenance contractor, if not KONE, does not disturb, delay or interfere with KONE's work. KONE shall abide by Customer's safety policies and procedures to the extent such policies and procedures are not in conflict with KONE's Safety Policy. Testing and/or security features of Equipment must be completed before Equipment turnover. KONE is not responsible for damages, either to Equipment or the building, or for any personal injury or death, arising out of or resulting from any code required safety tests performed on Equipment or hoistway access granted by Customer to other trades.

6. TEMPORARY USE

Temporary use of certain types of Equipment may be permitted, provided the use period allows adequate time for Equipment restoration for final turnover and Customer executes KONE's Temporary Use Agreement. Temporary use shall be invoiced separately and subject to payment terms in Section 4 herein. At the end of temporary use, Customer shall return the Equipment to KONE in "like new" condition.

7. HAZARDOUS MATERIALS

KONE's work shall not include any abatement or disturbance of asbestos- containing material (ACM), presumed asbestos-containing materials (PACM) or other hazardous materials (i.e., lead, PCBs) (collectively "HazMat"). KONE shall have the right to discontinue its work in any location where suspected HazMat is encountered or disturbed. Any HazMat removal or abatement, or delays caused by such, required for KONE to perform its work shall be the customer's sole responsibility and expense. Prior to the execution of the contract, the owner and/or the general contractor are responsible for providing written notification to KONE of the existence of HazMat in any location where KONE's work will be performed. Should the customer require elevator personnel to position/reposition the elevator equipment to allow the customer's abatement company to perform abatement work, KONE will present a separate proposal for additional work to the customer.

8. TITLE AND RISK TO EQUIPMENT

Title to and ownership of all Equipment intended for incorporation in KONE's work, whether installed or stored on or off site, shall remain with KONE until final payment is made. Risk of loss in KONE's work and Equipment passes to Customer upon delivery to the site or off-site storage. Any tools, devices, or other equipment that KONE uses to perform its work or monitor the Equipment remains the sole property of KONE. If this Proposal terminates or expires for any reason, Customer will give KONE access to the premises to remove such tools, devices or equipment at KONE's expense.

9. TURNOVER

Prior to turnover, KONE must receive a final punchlist. Upon turnover, KONE requires a signed Uniform Final Acceptance. KONE shall provide its standard electronic O&M manuals, which are only in English, with CD-ROMs in electronic format, if applicable, upon execution of the Uniform

Final Acceptance. Standard KONE samples shall be provided upon request. No mock-ups or video training are included in the Price.

10. DELAY

KONE shall not be liable for any loss, damage, claim, or delay due to any cause beyond KONE's control, including, but not limited to, acts of domestic or foreign government (including a change in law), strikes, lockouts, work interruption or other labor disturbance, delays caused by others, fire, explosion, theft, floods, inclement weather, riot, civil commotion, war, malicious mischief, infectious diseases, epidemic, pandemic, quarantine , border or port of entry and exit restrictions or acts of God. In the event of such delays, KONE shall be entitled to an extension in time equal to the length of such delay affecting KONE and an equitable adjustment in the Price. Customer shall compensate KONE for labor and material cost escalations resulting from Project delays not caused by KONE, which extend completion of KONE's work beyond the end of the current calendar year. Customer is on notice that IUEC labor rates increase annually.

11. LIMITED WARRANTY

For one (1) year after the acceptance date set forth in the signed Uniform Final Acceptance, date of Equipment turnover, or date of Customer's use of Equipment (unless such use is pursuant to the Temporary Use Agreement), whichever occurs first, KONE warrants Equipment against defect in workmanship and material. The warranty excludes remedy for damage or defect caused by abuse, misuse, vandalism, neglect; repairs, alteration or modifications not executed by KONE; improper or insufficient maintenance, improper operation, characteristics of the building such as electrical power or security features, natural or other catastrophe such as flood, fire, or storm, or normal wear and tear and normal usage. The warranty excludes training or instruction in the proper operation or maintenance of Equipment. Specific noise ratings and energy efficiencies cannot be guaranteed due to different building characteristics and ambient noise levels. Customer's remedy is limited to repair or replacement of a defective part, in KONE's sole discretion, and excludes labor. KONE DISCLAIMS ANY OTHER WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR NON- INFRINGEMENT.

12. INDEMNIFICATION

KONE shall only indemnify and hold Customer harmless for claims, damages, losses or expenses, but excluding loss of use ("Claims") due to bodily injury, including death, or tangible property damage (other than the Project or KONE's work itself) to the extent caused by KONE's negligent acts or omissions. KONE shall not indemnify Customer for any other Claims. Customer agrees to indemnify and hold KONE harmless from any Claim for bodily injury, including death, or tangible property damage in connection with the use or operation of the Equipment. Each party shall defend itself in the event of a Claim.

13. INTELLECTUAL PROPERTY

KONE shall retain title and ownership of all intellectual property rights relating (directly or indirectly) to the Equipment provided by KONE, including but not limited to software or firmware (whether in the form of source code, object code or other), drawings, technical documentation, or other technical information delivered under the Proposal. KONE grants Customer a non-exclusive and non- transferable license and right to use the software and firmware in connection with the use and maintenance of the Equipment. Customer shall not use any drawings, technical documentation or other technical information supplied by or on behalf of KONE for any purposes other than those directly related to the Proposal or to the use and maintenance of the Equipment. Customer shall not in any form copy, modify or reverse engineer the software, or give access to the software for such use to any third party without KONE's prior written consent.

14. INSURANCE

In lieu of any Customer insurance requirements, KONE shall provide its standard certificate of insurance, which shall be deemed to satisfy all insurance requirements for this Project. KONE

shall not provide loss runs, insurance rate information, copies of its insurance policies or any other information which KONE considers confidential. KONE shall not provide coverage for professional (E&O) liability, pollution liability, data privacy/security, or no-fault medical payments. If the Project is covered by a Wrap Up Insurance Program, KONE agrees to participate provided there is no cost to KONE, no reduction in the Price, and subject to KONE's review of the proposed program. If KONE's primary limits are sufficient to satisfy insurance coverage requirements, excess/umbrella liability will not be required or if excess/umbrella is required, KONE's excess coverage does not follow form although typically provides broader coverage than KONE's primary policies. The excess coverage is not AM Best Rated nor licensed to do business within the jurisdiction although the carrier has strong Standard & Poor's and Moody's financial ratings that may be evidenced upon request.

15. LIMITATION OF LIABILITY

In no event shall either party be liable to the other party for any consequential, special, punitive, exemplary, liquidated, incidental, or indirect damages (including, but not limited to, loss of profits or revenue, loss of goodwill, loss of use, increase in financing costs) (collectively, "Consequential Damages") that arise out of or relate to this Proposal even if such party has been advised of the possibility of such Consequential Damages. The limitation set forth in this section shall apply whether the claim is based on contract, tort or other theory.

16. CONCEALED OR UNKNOWN CONDITIONS

If during the course of its work, KONE encounters conditions at the site that are subsurface, differ materially from what is represented in the contract documents, or otherwise concealed physical conditions, KONE shall be entitled to an extension of time and additional costs for the performance of its work, which shall not be subject to any payment conditions or contingencies.

17. TECHNICAL SURVEY

KONE's Price and obligations under this Proposal are subject to a technical survey to be performed on Customer's existing units within 90-days of the effective contract start date. If a safety hazard or code violation is identified during KONE's technical survey, Customer shall immediately remove the unit from service until repairs are performed. KONE is not obligated to perform tests, correct outstanding violations or deficiencies that were not addressed by the prior service provider and/or the owner, or make related necessary repairs or component replacements on the unit. If additional work is necessary, KONE shall provide a separate proposal or recommendation for such work. Customer agrees to indemnify, defend, and hold KONE harmless for any claims arising out of Customer's failure to comply with KONE's recommendations and proposal, and any obligation on the part of KONE to indemnify or defend Customer with regard to such claim shall be null and void. If Customer does not immediately approve KONE's proposal or recommendation, KONE reserves the right to terminate this Proposal/contract without penalty.

18. TERMINATION

If a party materially breaches this Proposal, the other party shall provide written notice of the breach and a reasonable time to cure the breach, but in no event less than 30 days. If the breaching party fails to cure the breach within the specified time period, the non-breaching party may terminate the Proposal upon 15 days written notice to the other party. If KONE notifies Customer of a material breach pursuant to this paragraph, KONE may temporarily suspend its work without liability.

19. GOVERNING LAW AND DISPUTE RESOLUTION

The parties agree that this Proposal shall be governed by the laws of the state where the Project is located, and venue for disputes shall be located in that state. KONE does not agree to participate in arbitration proceedings.

20. PRICE ADJUSTMENT

If the materials are manufactured more than twelve months after the Contract date, KONE shall be entitled to an equitable adjustment in the Price, including but not limited to, any increased costs between the time the Contract is signed and the date of manufacture for materials, labor, or shipping. Further, KONE shall be entitled to an equitable adjustment in the Price for any increase in costs resulting from any change in law or tariffs.

21. 24/7 EMERGENCY VIDEO COMMUNICATIONS

Applicable only for projects where KONE 24/7 Emergency Video Communications is included: The KONE 24/7 Emergency Video Communications contract addendum and General Terms and Conditions for KONE Digital Services must be signed by the Building Owner. This contract addendum requires the Building Owner to pay a fee for audio, video, and data connectivity. This payment obligation, among other provisions, survives termination of any maintenance agreement.

22. MISCELLANEOUS

This Proposal, including the documents incorporated herein by reference, constitutes the entire agreement of the parties and supersedes all prior negotiations, understandings, and representations whether written or oral in relation to the subject matter hereof. Where a conflict or ambiguity exists between this Proposal and any other contract document (including but not limited to, Customer's drawings and specifications), the terms and conditions of this Proposal shall control. This Proposal may be amended only in writing by the duly authorized representative of both parties. This Proposal may be executed in one or more counterparts. Each counterpart shall be considered an original and all of the counterparts shall constitute a single agreement binding all the parties as if all had signed a single document. For purposes of executing this Proposal, a document signed by electronic means is to be treated as an original document. The failure of either party to insist upon performance or strict performance of any of the terms or conditions of this Proposal shall not be deemed a waiver of any rights or remedies that such party may have or a waiver of any subsequent breach or default under this Proposal. Neither party may assign or transfer the benefit or burden of this Proposal without prior written consent of the other party.

Bid Attachment A Version 16.0 01.01.2024 USK MOD

Bid Attachment "B"
Site Requirements / Work by Other Trades

The work described below is a summary of work to be performed by others ("Work by Other Trades") that may be required in conjunction with the elevator modernization performed by KONE (the "Work"). Purchaser shall provide any and all building electrical, structural and mechanical system upgrades required for code compliance, life safety, and proper equipment installation and operation. The Authorities Having Jurisdiction (AHJ) may require additional remedial or preparatory work. All required remedial or preparatory work shall be performed by properly licensed trade contractors in compliance with applicable codes and based on a schedule of performance that allows for uninterrupted progress of the Work. Under no circumstances shall KONE be responsible for any cost associated with the performance of remedial work by others.

Purchaser shall provide the following unless specifically included in KONE's Work:

Electrical

- A properly rated three phase fused disconnect switch, externally operable and lockable in the open position, located as required by code. Accommodate any increases in motor size or feeder loads.

- A dedicated 110 VAC fused disconnect switch, externally operable and lockable in the open position adjacent to the machine room door for cab lighting and ventilation, located as required by code
- Shunt-trip disconnect if fire sprinklers are present in machine room or hoistway.
- GFI 120 VAC convenience outlets in machine room and pit.
- Separate outlet in the pit area if a sump pump is installed.
- Telephone line service brought to the elevator machine room for emergency communication device.
- Any required RF shielding of TV or radio transmitters, antennae and/or wave-guides.
- Conduit with pull boxes from each elevator bank to any remote fire control or communication panels specified
- If required by building code, standby/emergency power , sufficiently sized to provide power of permanent characteristics to each elevator's disconnect, simultaneously, upon loss of regular power, including feeders, transfer switches and auxiliary contact signal outputs to elevator controllers.

Machine Room

- A code-compliant machine room. Provide or maintain fire rating as required by building code.
- Fire-rated door for access into the machine room. Door shall be self-closing and self-locking, operable from inside the room without the use of a key.
- Independent ventilation or an air conditioning system for the elevator machine room, to assure temperature is maintained between 65 degrees and 95 degrees Fahrenheit.
- Fire extinguisher inside machine room.
- Minimum clear machine room height of 7'-0".
- Suitable lighting that provides a minimum of 19 ftc at floor.
- Removal of any non-elevator related equipment and materials from within the machine room and proper disposal of oil and other hazardous or non-hazardous substances and materials.

Hoistway

- A code-compliant hoistway, constructed in accordance with KONE's requirements and specifications. Provide or maintain fire rating as required by building code.
- Patching of all holes in hoistway walls with fire rated material.
- Beveling all ledges within hoistway measuring over 4".
- Removal of any non-elevator related equipment and materials from within the hoistway and proper disposal of oil and other hazardous or non-hazardous substances and materials.
- A guarded light fixture and light switch in pit. Switch must be located 42" above the lowest landing floor level.
- A means of displacing water located in the pit and containing and disposing of oil, chemicals, and other substances in compliance with environmental laws and regulations (KONE assumes no responsibility for discharge of oil, chemicals, and other substances into storm water systems, sanitary sewer systems, retention ponds, etc.).
- Elevator hoistway ventilation to the outside atmosphere as required by building code.

Fire Service

- Fire alarm smoke detectors with wiring and relays in the machine room terminating at elevator controller.
- Fire alarm initiating devices must be located in front of each elevator entrance as well as in the machine room and at the top of the hoistway.
- Where sprinklers exist in the machine room and/or hoistway, a fire alarm initiating device within 12" of each sprinkler head.

Access Integration/Security

- Our proposal includes KONE logic and provisions for the specified Touchscreen(s), Keypad Destination Operating Panel(s), Monitoring System(s) and Multi-Media Equipment.
- Card Readers and/or any additional required hardware & software for proper functionality of access control/security system(s) shall be furnished and installed by others.
- Any required software to ensure proper communication between KONE control system(s) and building system(s) shall be the responsibility of others.
- A designated 115V 15A circuit is required at each of the remote monitoring stations.
- KONE recommends a minimum 100 Mbit/s Ethernet for each of the following application(s): Integrated Touchscreen/Keypad Destination Operating Panels, Monitoring System, Multi-Media Equipment, and Card Readers.

Counterweighting

- Pricing is based upon the existing car to counterweight weight ratio being consistent with elevator industry standards. This is defined as the counterweight weight being equal to the empty car weight plus 40%. The actual assemblies will be weighed during the modernization process. If modifications are required to correct the existing weight balance, these modifications will be provided at additional cost.

RK1 Fuses and Circuit Breakers

- Fuses are to be current limiting class RK1 or equivalent. Circuit breakers are to have current limiting characteristics equivalent to RK1 fuses. Provisions of these fuses are the responsibility of others, not KONE.

General

- Access to the building to perform the Work and for deliveries with dry, protected storage adjacent to the hoistway.
- Cutting of existing walls, floors and finishes, together with all repairs made necessary by such cutting or changes, e.g. cutting of lobby walls for flush hall fixtures and removal of encroaching lobby features such as wall-mounted ashtrays. Removal, replacement, and/or repair of any mirrors, millwork, plaster, stone or other special hall finishes.
- All work of other trades must be complete and ready at time of first elevator inspection, or elevator will not be released for operation by the AHJ. If the AHJ does allow temporary operation under a Temporary Operating Inspection (TOI), any associated costs shall be Purchaser's responsibility.
- Our tender is based on suitable site conditions, material and tooling storage space, and bathroom access being available on site.
- Safe working environment must be provided and supported by provision for adequate entrance protection, means of hoisting, hoistway dividing screens, and protection of floors walls and doors etc.
- Emergency evacuation procedures to be clearly defined where required. Subject to site survey and actions agreed.

- Any portion of the Work that is subject to the permissions of local authorities beyond the elevator permits must be identified to KONE. Responsibility for permits to be agreed. Permits and appropriate signage indicating any changes to pedestrian access routes for building users must be in place prior to start of the Work.
- Elevator installation methods requires the integrity of the existing Safety Gear and Overspeed protection devices, and are therefore subject to verification of suitability prior to commencement of the work. Any remedial work required or alternative solution is not included in this tender.

CONTRACT FOR SERVICES – $25,000 above

This Contract is entered into between Special School District No. 1, "District", a special school district created and existing under the laws of Minnesota, and Learning Disabilities Association "Contractor" (collectively "parties") to provide Title I insturctional services to eligible students at DeLaSalle High School, Our Lady of Peace, Trinity, St. Helena, and Title I and III instructional services to Risen Christ, Pope John Paul II

TERM OF CONTRACT

1.1 This Contract is effective on 8/11/2025 or the date of the last signature of the parties, whichever is later, and shall remain in effect until 6/30/2026, or until all obligations set forth in this Contract have been satisfactorily fulfilled, or the Contract has been terminated, whichever occurs first. Contractor shall have a continuing obligation, after said Contract period, to comply with any provision of this Contract intended for District's protection or benefit, or that that by its sense and context, is intended to survive the completion, expiration or termination of this Contract.

1.2 Contractor understands that NO WORK SHOULD BEGIN UNDER THIS CONTRACT until all required signatures on this Contract have been obtained and the Contract has been authorized and/or approved by the District's Board. Any work performed by Contractor prior to such time shall be considered as having been performed at Contractor's OWN RISK and as a volunteer.

2 SCOPE OF WORK

2.1 Contractor shall perform all of the services set forth herein and any exhibits attached hereto as **Exhibit A** ("Scope of Work"). Contractor understands that time is of the essence in this Contract and agrees to meet all milestones indicated in this section, in the Contract herein and any exhibits attached hereto.

3 CONSIDERATION AND TERMS OF PAYMENT

The consideration for all services (and goods if any) performed or supplied by Contractor under this Contract shall be paid by District as described below.

3.1 ***Total Obligation***

District's total obligation to Contractor under this Contract, including compensation for goods, services, and reimbursable expenses shall not exceed $1,057,500. Contractor shall not receive any additional reimbursement for materials or subsistence expenses incurred in the performance of this Contract.

3.2 ***Frequency of Invoicing and Terms of Payment***

Subject to the conditions herein, payment shall be made by District within thirty (30) days upon receipt of Contractor's invoice for goods delivered or services rendered pursuant to this Contract. The Contractor's standard invoice shall be submitted after satisfactory completion of services on a monthly basis. District has no obligation to pay for services that are not satisfactorily performed or performed in violation of federal, state or local law, ordinance, rule or regulation. In the case of a dispute about satisfactory performance of services, the parties agree to work in good faith to resolve any disputes. If either party does not dispute an invoice in writing within 180 days of receipt of the invoice, no action challenging the invoice may be taken.

As applicable, for all agreed upon work performed by Contractor or Contractor's personnel in the provision of goods and/or services stipulated herein, District shall pay Contractor at the hourly or per diem rates as set forth in the applicable **Exhibit B**. Payment shall be made to Contractor based on the hours recorded provided such hours are in accordance with the terms of this Contract. Notwithstanding anything to the contrary, and without limitation, District has not promised or guaranteed any minimum amount of work, and Contractor understands and acknowledges same. District has no obligation to pay for overtime or holiday work, nor will it pay premiums for overtime and holidays.

3.3 ***Taxes.***

District is exempt from paying Minnesota sales and use taxes on certain purchases, as provided in Minnesota Statute, Section 297A.70. Contractor shall not charge District for such sales and use taxes. Alternatively, Contractor shall be responsible for the payment of any and all sales taxes to the Minnesota Department of Revenue relating to the following taxable items sold pursuant to this Contract; construction materials, leasing of motor vehicles, food and lodging, [See Minnesota Statute 297A.70]. Contractor shall promptly reimburse District for any and all such sales and use taxes paid by District to any governmental authority on behalf of Contractor including penalties and interest with respect thereto, and including any and all expenses (including attorneys' fees) or damages that result from a failure by Contractor to properly remit or reimburse District for any and all such sales and use taxes provided above.

District may be obligated by state and federal law to withhold state and federal taxes from the consideration stated herein. These taxes may consist of, but are not limited to, the Minnesota state entertainer tax, Minnesota state nonresident withholding tax, federal withholding on payments to foreign nonresident aliens, and federal backup withholding.

3.4 ***Fund Availability; Federal Funds Contingency.***

Financial obligations of District payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted and otherwise made available. If this

Contract is funded in whole or in part with federal funds, District's payment obligations are subject to and contingent upon the continuing availability of federal funds for the purposes hereof.

4 GENERAL TERMS AND CONDITIONS

4.1 The terms and conditions contained in this Contract shall govern and shall take precedence over any different or additional terms and conditions which Contractor may have included in any documents attached to or accompanying this Contract. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by all parties. If this Agreement was made pursuant to a Request for Proposal (RFP) or Request for Information (RFI), the following order of precedence shall apply: (1) this Contract and its Exhibits, (2) District's RFP or RFI, and (3) Contractor's Response to District's RFP or RFI.

5 AFFIRMATIVE ACTION, EQUAL EMPLOYMENT OPPORTUNITY

5.1 The District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, national origin, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. As applicable, Contractor shall also develop and have on file for each of its establishments, written Affirmative Action Plans, as may be required by the rules and regulations of the Secretary of Labor. If applicable, Contractor certifies that it has received a certificate of compliance from the Minnesota Commissioner of Human Rights for its affirmative action plan. By accepting this Contract, Contractor certifies that it complies with all applicable federal and state laws as well as District policies related to non-discrimination, equal employment opportunity, and affirmative action.

6 BACKGROUND CHECKS

6.1 Contractor shall screen Contractor and all paid and volunteer employees and agents, including interviews, reference checks, credit history (if handling district funds), driving history and insurance coverage (if transporting district staff, students or families). And, Contractor shall conduct criminal background checks in accordance with state and federal law and District policy for Contractor and all paid and volunteer employees and agents who will have direct contact with children under this Contract. Background checks will be done prior to any contact with children, and shall be done in accordance with applicable state and federal laws, including but not limited to Minn. Stat. Sections 299C.61-.64; Minn. Stat. Section 123B.03; 42 U.S.C.Section 5119a and 42 U.S.C. Section 14501-05.

6.2 Contractor is responsible for ensuring that all paid and volunteer employees and agents who will be in contact with District staff and students are appropriate persons to conduct such work.

7 DATA PRIVACY

7.1 Contractor agrees that any information it creates, collects, receives, stores, uses, or disseminates during the course of its performance, which concerns the personal, financial, or other affairs of the District, its Board, officers, employees or students shall be kept confidential and in conformance with all state and federal laws relating to data privacy, including, without limitation, the Minnesota Government Data Practices Act, Minnesota Statute, Chapter 13. Contractor must comply with any applicable requirements as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. The Contractor will report immediately to the District any requests from third parties for information related to this Contract. The District will respond to such data requests. All subcontracts, if allowed, shall contain the same or similar data practices compliance requirements.

7.2 Contractors that provide school-issued devices for student use and directly or indirectly create, receive, or maintain educational data incidental to performing their duties under this Contract shall also sign **Exhibit C** ("Student Data Privacy"). "School-issued devices," as used herein, refers to hardware or software that is provided to an individual student for that student's dedicated personal use, and includes devices issued through a one-to-one program.

8 OWNERSHIP OF MATERIAL

8.1 The Contractor expressly waives to the District any claim to copyright pertaining to all new materials, publications, and documents produced as a result of this Contract and agrees that the District shall have exclusive right to and responsibility for their distribution, publication, copyrighting (when applicable) and all other matters relating to dissemination of the materials. Contractor shall not use, willingly allow or cause to have such materials used for any purpose other than performance of Contractor's obligations under this Contract without prior written consent of the District.

9 USE OF DISTRICT NAME OR LOGO

9.1 Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the District or the name of any representative of the District in any sales promotion work or advertising, or any form of publicity, without the written permission of the District.

10 INDEPENDENT CONTRACTOR

10.1 Contractor shall perform its duties hereunder as an independent contractor and not as an employee of the District. Neither Contractor nor any agent or employee of Contractor shall be or shall be deemed to be an agent or employee of the District. Contractor shall pay when due all required employment taxes and income tax withholding, including all federal and state income tax on any monies paid pursuant to this Contract. Contractor acknowledges that Contractor and its employees are not entitled to tax withholding,

worker's compensation, unemployment compensation, or any employee benefits, statutory or otherwise. Contractor shall have no authorization, express or implied, to bind District to any agreements, liability, or understanding except as expressly set forth herein. Contractor shall be solely responsible for the acts of Contractor, its employees and agents.

10.2 Contractor shall hold District completely harmless from and against any such contributions, premiums and taxes described above and from all claims and liability pertaining to those or any other item for which Contractor is responsible under this Contract, and from all attorney's fees and other costs incurred by District in contesting or defending against any responsibility therefore which is asserted against District.

11 WORKER HEALTH, SAFETY AND TRAINING

11.1 Contractor shall be solely responsible for the health and safety of its employees and/or self in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subagents and other persons who may perform work in connection to this Contract. Contractor shall ensure all personnel, subagents and/or self are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks performed under this Contract. Contractor shall comply with federal, state and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act that are applicable to the work performed by Contractor. Contractor shall develop and implement an emergency plan and procedures to follow in emergencies.

12 BUREAU OF CITIZENSHIP & IMMIGRATION SERVICES REQUIREMENTS

12.1 Contractor shall comply with all applicable requirements of the BCIS relating to employment including but not limited to confirming nationality for all employees and complying with requirements for employing aliens if appropriate.

13 INSURANCE

13.1 At all times during its performance under this Contract, Contractor shall obtain and keep in force comprehensive general liability insurance, including coverage for death, bodily or personal injury, property damage, liability and automobile coverages, with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District or at limits established for a municipal corporation by Minnesota Statute Section 466.04. All such certificates evidencing such insurance shall name District as additional insured. Contractor may meet the limits above $1,000,000 per occurrence through umbrella or excess coverage.

13.2 Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor also represents that it has professional liability insurance with limits of not less than $1,500,000 each claim and $1,500,000 each occurrence covering claims that arise out of its acts and operations in providing services to the District, but shall not name the District as an additional insured to the coverage.

13.3 Contractor or its members shall also maintain property insurance coverage for the facility in which the program is located if it is not in a district building. Contractor and its members shall obtain and maintain insurance covering claims for the loss of or damage to its personal property that may be caused by students attending its programs.

13.4 Contractor shall provide all such certificates to District. Contractor shall not cancel or revise any insurance coverage required by this section during the term of this Contract and shall require its insurer to mail the District a notice if the coverage is cancelled or revised.

14 INDEMNIFICATION

14.1 Contractor agrees to release, defend, indemnify, and hold harmless District, its board, officers, students, employees, and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorneys' fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional, willful, or wanton acts of District. Contractor shall not settle or compromise any claim in which the District has been named a party and for which Contractor must indemnify the District without a signed agreement approved by the District.

15 LIMITATION ON LIABILTY

15.1 In no event shall the District be liable for any indirect, consequential, incidental, lost profits or like expectancy damages arising out of the Contract. District's maximum obligation under this Contract shall not exceed the amount set forth herein.

16 CONFLICT OF INTEREST/CODE OF ETHICS

16.1 Contractor agrees that it will not represent any other party or client which may create a conflict of interest in its representation with the District. Contractor agrees to be bound by the District's Code of Ethics. In particular, Contractor: (i) certifies that it has not paid kickbacks directly or indirectly to any District employee for the purpose of obtaining this or any other District Contract; (ii) agrees to cooperate fully with any investigation involving a possible violation; and (iii) agrees to report any suspected violations to the District. Contractor certifies that it has provided no fees, gifts, gratuities, compensation, or anything of value in violation any applicable laws or District policies.

17 COMPLIANCE WITH LAWS AND DEBARMENT

17.1 Contractor certifies that all goods or services furnished under this Contract shall comply with all applicable federal, state, and local laws and regulations, as well as District policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Contract. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal or state government.

Contractor shall notify District if it becomes debarred or suspended during the term of this Contract. District may immediately terminate this Contract in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by District in connection therewith.

18 TERMINATION

18.1 The District and/or Contractor may terminate this Contract at any time without cause, upon thirty (30) days written notice to the other Party. In the event of such termination, Contractor shall be entitled to payment, calculated on a pro rata or other equitable basis, determined by District in its sole discretion, for work or services satisfactorily performed. In no event shall Contractor be paid for work performed or costs incurred after termination, or for costs incurred by suppliers or subcontractors which reasonably could have been avoided.

18.2 District may terminate this Contract in whole or in part for cause upon seven (7) days written notice if Contractor fails to comply with any material term or condition of this Contract, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Contract. Late delivery of goods or services, or delivery of goods or services that are defective or do not conform to the Contract shall, without limitation, be causes allowing District to terminate for cause. If a determination is made that District improperly terminated this Contract for Cause, then such termination shall be deemed to have been for without cause.

18.3 Notwithstanding the above, Contractor shall not be relieved of liability to the District for damages sustained by the District as a result of any breach of this Contract by the contactor. The District, may, in such event, withhold payments due to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the District is determined. The rights or remedies provided here shall not limit the District, in case of any default, error or omissions, by the Contractor, from asserting any other right or remedy allowed by law. Nothing in this Contract shall be construed as a waiver of any right, remedy, liability limit or immunity of the District under law.

19 RETURN OF DATA

19.1 Within fifteen (15) days of the completion or earlier termination of this Contract, or upon earlier request of the District, Contractor shall return all documents, data and other information provided by the District to Contractor, or Contractor's employees or agents in connection with this Contract. Additionally, Contractor, upon the request of the District, shall destroy all copies of such District provided data, documents, or information in Contractor's possession or control, and provide District with proof of such destruction.

20 RECORDS MANAGEMENT AND MAINTENANCE

20.1 District shall have the right to inspect and copy such books, records, and documents (in whatever medium they exist) as well as all accounting procedures and practices of Contractor, its agents, and subcontractors to verify Contractor's performance and all expenses submitted pursuant to the terms of this Contract. Contractor shall make such items

available for inspection during normal business hours at Contractor's place of business. Such records may be subject to copy, review and/or audit by District, State Auditor and/or the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. All such items shall be retained by Contractor during the term of this Contract and for a period of six (6) years after the delivery of the goods and/or services. Any items relating to a claim arising out of the performance of this Contract shall be retained by Contractor, its agents and subcontractors, if any, until the claim has been resolved.

21 NOTICES/ADMINISTRATION

Except as otherwise provided in this Contract, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other parties at the address set forth below or to such other address as such party may designate by notice given pursuant to this section.

ACKNOWLEDGMENT

21.1 In signing, Contractor certifies under penalties of perjury (see Section 6109 of the IRS Code for further penalties) that: (1) the taxpayer ID number (TIN) provided to District is correct; (2) it is not subject to back up withholding because (a) it is exempt from such withholding, (b) it has not been notified by the IRS that it is subject to backup withholding as a failure to report all interest or dividends, or (c) the IRS has notified it that it is no longer subject to backup withholding; (3) it is a U.S. person (including a U.S. resident alien); and (4) it has full authority to execute this Contract and perform its obligation under this

Contract. Contractor must cross out and initial item (2) and notify District in writing, if Contractor has been notified by the IRS that it is currently subject to backup withholding because of under reporting interest or dividends on its tax return. Contractor must cross out item (3) above if it is not a U.S person for tax purposes or U.S. resident alien.

21.2 Notwithstanding this certification, Contractor hereby acknowledges that District has the right to withhold amounts for federal backup withholding if such withholding is required by written notice from the Internal Revenue Service issued subsequent to the date this Contract is executed.

22 NON-WAIVER

22.1 No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

23 ASSIGNMENT

23.1 Contractor may not assign any obligations of this Contract without the prior written consent of District. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Contract. This Contract shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Contract shall be void. Notwithstanding any notice of assignment, District's tender of payment to Contractor named herein, or to any person reasonably believed by District to be entitled to payment, shall satisfy District's obligation to pay, and in no event shall District be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

24 CHOICE OF LAW, FORUM SELECTION, ENTIRE CONTRACT AND AMENDMENT

24.1 This Contract shall be construed under Minnesota law (without regard for choice of law considerations). Any action arising out of this Contract shall be heard by a state court in Minnesota. For this purpose, Contractor specifically consents to jurisdiction in Minnesota. This Contract constitutes the entire Contract and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. Any amendments to this Contract shall be in writing and executed by same parties who executed the original Contract, or their successors in office.

25 WARRANTY

25.1 Contractor expressly warrants and guarantees that the services performed under this Contract will be of the highest professional standards and quality. Contractor further represents that all services and goods (if any and as applicable) provided under this Contract: (i) are free from defects in material and workmanship; (ii) are of the quality, size and dimensions ordered; (iii) are fit for the particular needs and purposes of District as may be communicated to Contractor; (iv) comply with the highest warranties and

representations expressed by Contractor orally or in any written document provided to or in the possession of District; (v) comply with all applicable laws, codes and regulations (including any published by any national or statewide association or groups); and (vi) are not restricted in any way by patents, copyrights, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered District and any other persons, and to defend, indemnify, and hold harmless District and its Board, officers, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by District.

26 SEVERABILITY

26.1 If any provision of this Contract shall be invalid or unenforceable with respect to any party, the remainder of the Contract, or the application of such provision to persons other than those as to which it is held invalid or unenforceable, shall not be affected and each provision of the remainder of the Contract shall be valid and be enforceable to the fullest extent permitted by law.

27 SURVIVABILITY

27.1 The terms, provisions, representations, and warranties contained in this Contract that by their sense and context are intended to survive the performance thereof by any of the parties hereunder shall so survive the completion of performance and termination of this Contract, including the making of any and all payments hereunder.

Title: Executive Director

Date: __7/29/2025_____

Exhibit A:

Deliverables:

To provide Title I and III instructional services to Title eligible students in the nonpublic schools for the purpose of accelerating reading, math, and English language proficiency for participating students. Services are provided to Title I eligible students attending nonpublic schools grades K-12 and designed to help students achieve grade level proficiency, based on standardized assessments, in the areas of reading, math, and English proficiency.

Service Outcome:

A. Community Partner. PROVIDER shall apply and become certified as a Minneapolis Public Schools Community Partner prior to providing any services under this contract and provide evidence of certification.

B. Instructional Services. PROVIDER shall provide educational services to students which services are reasonably calculated to help students achieve, as a minimum goal, one year's growth as determined by the standardized test that the nonpublic school uses. DISTRICT expects PROVIDER to provide accelerated instruction that assists students in achieving a gain greater than one year's expected growth.

C. Tutor Absences. PROVIDER shall make a good faith effort to provide a substitute teacher/tutor for any absence by the originally scheduled teacher/tutor only for any absence over three days, or as agreed upon by DISTRICT and/or nonpublic school officials.

D. Family Communication. PROVIDER shall ensure families are notified regarding their child's eligibility for service and provided information regarding their child's progress including, but not limited to the following:

1. PROVIDER shall notify families of their child's Title I eligibility in the form of a MPS Title I Parent Notification Letter within 4 weeks of start of service

2. Families of students who are identified as eligible for and provided Title I services within 4 weeks of start of service will be notified via letter by PROVIDER no more than two weeks after PROVIDER has received notice of the student's Title I eligibility.

3. PROVIDER will hold an annual MPS Title I Parent/Family Information Meeting with parents of Title I students within 6 weeks of start of service.

4. PROVIDER will give written progress reports and results of any testing it administered to that student at quarterly intervals to the student's parent/guardian at a minimum of four (4) times per year.

5. PROVIDER shall attend nonpublic school conferences and other scheduled school/family events whenever practicable. These services shall be billed as instructional services.

6. PROVIDER will send letters of invitation, coordinate outreach, and contact families via phone, meeting or home visit as appropriate to notify eligible families at each of the nonpublic schools listed in Attachment B of their child's eligibility for MPS Title I programs.

7. Provider will work with nonpublic administrators and DISTRICT to coordinate and plan the scope of services for Title I programs.

E. Cooperation. PROVIDER shall cooperate with DISTRICT, nonpublic officials, and each student's parent/guardian to develop an instructional program for the student. In cases where the instructional program has not been clearly defined, the PROVIDER will work with DISTRICT, in consultation with nonpublic school administrators, to develop a specific program at the nonpublic site within the parameters of the needs of the eligible students and the budget allocated at that site.

F. Identification of Students. PROVIDER shall provide services to all students who have been determined eligible and placed by DISTRICT with PROVIDER. For purposes of this Contract, a student will be deemed active once the student has been determined eligible for services by DISTRICT in collaboration with nonpublic officials.

G. Site Access. PROVIDER shall allow DISTRICT representatives and the student's parents or guardians' reasonable access to the site where PROVIDER provides educational services.

H. Equipment. All equipment purchased with Title I funds are the property of the DISTRICT, not the PROVIDER.

I. Neutrality. Classroom space, instruction, and materials and supplies are to be secular, neutral, and non-ideological.

J. Tutor Certification. Title I tutors are to be qualified in the content area and grade level for which they are tutoring students.

K. Compliance. PROVIDER will comply with all applicable state and federal laws including Title I statutory and regulatory requirements.

L. Instruction. PROVIDER shall provide both Title I instructional services and academic counseling to eligible students which are secular in nature. Subjects to be covered shall include reading and math proficiency. PROVIDER will ensure instructional group sizes are at appropriate levels to ensure student learning is accelerated and reasonably calculated to help students achieve, as a minimum goal, one year's growth as determined by the standardized tests that the nonpublic school uses.

M. Eligible Student. DISTRICT shall determine each student's eligibility in consultation with the nonpublic school administrators according to the use of multiple, educationally related objective selection criteria.

N. Reports and Documentation. PROVIDER shall provide DISTRICT with the following reports:

1. PROVIDER shall submit to the DISTRICT appropriate documentation of MPS Title I Parent/Family meetings such as MPS Title I flyers, sign-in sheets, and parent/student surveys upon request.
2. PROVIDER shall submit to the DISTRICT copies of written progress reports and

results of any testing it administered to students upon request.

3. Beginning September 1, 2024, PROVIDER shall submit its invoices by the 15th of each month following services to DISTRICT in the previous month as described in Exhibit A of this contract, including daily attendance records.

4. PROVIDER shall maintain proper and current documentation, including but not limited to: annual background checks; a list of approved tutors, employees, and/or agents providing services to students; schedules for services provided to each nonpublic school site, daily records of student services rendered including the name and address of student; the name of the PROVIDER'S tutor, employee, and/or agents who rendered the service; and the amount of time of such service.

Method of Evaluation:

A. Evaluation. PROVIDER is responsible for evaluating the effectiveness of the Title I Programs. This includes but is not limited to the use of MPS provided benchmark assessments to monitor student progress in reading and math.

B. Site Review. DISTRICT may conduct an on-site review and/or instructional observations of PROVIDER. On-site reviews may be announced or unannounced. DISTRICT may request monthly meetings with PROVIDER, in person or by telephone, on services provided by PROVIDER. PROVIDER shall cooperate with all such reviews and requests.

C. Quality of Services and Contract Renewal. In contemplating renewal of this contract in successive years, DISTRICT shall analyze the number of eligible students who achieve greater than one year's growth, with the target of grade level proficiency.

Fees:

DISTRICT and PROVIDER have agreed that the PROVIDER's rate for a 1.0 full time equivalent (FTE) for Title I instructional services and Title III services is $100,800 which equals an hourly rate of $70.00. It is understood that a 1.0 FTE is equal to 40 hours per week for 36 weeks which includes but is not limited to instructional services, instructional preparation, consultation and coordination of Title services, and tutor professional development.

A. Administrative Costs: In all cases described in Exhibit A, the DISTRICT shall pay PROVIDER administrative costs in an amount not exceeding 10% of the total for Title I instructional services.

B. Family Involvement Costs. DISTRICT shall pay PROVIDER $150.00 per hour for services related to family involvement and family involvement activities. The provision of services related to family involvement is subject to the expectations set forth in Exhibit A.

C. Invoices. PROVIDER shall submit an invoice on its organizational letterhead for each month of service. From August 15, 2025 to July 1, 2026 PROVIDER shall submit invoices by the 15th of the month following the previous month of service for which it is billing DISTRICT based on the hourly rates listed above and listed in Exhibit B. Invoices must delineate services provided and fees billed for instructional services, family involvement services, professional development services, and administration services for each nonpublic school. PROVIDER shall submit its final invoice for fiscal year 2025-26 so that it is received by DISTRICT no later than July 9, 2026. PROVIDER understands that DISTRICT will make no payment on any invoice for the 2025-26 fiscal year if it receives after invoices July 15, 2026. DISTRICT reserves the right to request additional information from PROVIDER.

Invoices and related attached attendance sheets must include the following information:

1. Names of the school(s) where the service was provided;
2. Name of student(s) served;
3. Date(s) of service;
4. A detailed summary of the services provided;
5. Number of students served per week;
6. Number of minutes of service per student per session;
7. Subject area of service provided to student (e.g., math, reading, etc.);
8. Monthly expenses per school category (Instructional Services, Professional Development, and/or Administration);
9. Total expenditures for each school for the year.

D. Payment. DISTRICT shall pay PROVIDER within thirty (30) days of receipt of each complete invoice submitted in compliance with this Contract. DISTRICT does not pay in advance for services.

E. Allowable Costs: For the purposes of this Contract, costs are defined by the DISTRICT as:

1. Instructional: PROVIDER costs for teacher and instructional aide salaries, including fringe benefits; instructional materials, including items such as books, computers and software for student use, workbooks, and supplies.

2. Administrative: PROVIDER costs incurred to administer the program, including but not limited to: salaries and fringe benefits of the Director, computer assistants, area supervisors, and support staff; office rent and utilities; office equipment and supplies; postage and mailings; telephone; travel; special capital expenses; professional development for Title I teachers and supervisors who are employees of the PROVIDER; and the PROVIDER'S fee.

3. Professional Development: PROVIDER costs incurred to provide professional development activities to the private school teachers of active students.

F. Site and Service Limits. The sites to be serviced by PROVIDER are listed in Exhibit B and incorporated herein. DISTRICT shall not pay an amount greater than what is listed in Exhibit B per school and shall not pay an amount greater than what is delineated by each particular budget line for services at each listed school.

EXHIBIT C: STUDENT DATA PRIVACY

As used in this exhibit, the term "educational data" shall have the meaning ascribed to it under the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.32 as amended.

1. Contractor acknowledges that all of the data created, collected, received, stored, used, maintained, or disseminated by Contractor in performing the services described in this Contract is subject to the requirements of the MGDPA, Minn. Stat. ch. 13, and Contractor must comply with those requirements as if it were a government entity. Contractor shall be subject to all civil remedies available under the MGDPA, Minn. Stat. § 13.08 as amended, for any violation of these obligations.

2. No educational data created, received, maintained, or disseminated by Contractor pursuant or incidental to this Contract shall become or be considered property of the Contractor. Any such educational data shall remain the property of the District.

3. If educational data maintained by Contractor pursuant or incidental to performance of this Contract are subject to a breach of security of the data, as that term is defined by the MGDPA, Minn. Stat. § 13.055 as amended, Contractor shall, upon discovering such breach, provide the District with all information necessary for the District to fulfill its obligations under the MGDPA.

4. Contractor shall not sell, share, or disseminate educational data, except as permitted under the MGDPA, Minn. Stat. § 13.32 as amended, or as part of a valid delegation or assignment of this Contract, if the terms of the Contract permit delegation or assignment. Any assignee or delegee must separately execute this Exhibit and is bound by the same terms.

5. Contractor shall not use educational data for any commercial purpose, including but not limited to marketing or advertising to a student or parent.

    a. The term "commercial purpose," does not include providing the specific services agreed upon in this Contract.

    b. Contractor may use deidentified aggregate information for the purpose of improving, maintaining, developing, supporting, or diagnosing the Contractor's site, service, or operation, as long as all direct and indirect identifiers have been removed from the data prior to use.

6. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only have access to educational data if authorized.

7. Contractor's employees, officers, agents, and sub-contractors, if applicable, shall only be authorized to access educational data if such access is necessary to fulfill their official duties in the performance of this Contract.

8. Unless renewal of the Contract is reasonably anticipated, Contractor shall destroy or return all educational data created, received, or maintained pursuant or incidental to the Contract within 90 days of the expiration of this Contract.

9. Contractor shall abide with all the requirements and restrictions of Minn. Stat. § 13.32, as amended, that pertain to or address technology providers. Contractor shall be considered a "technology provider" for purposes of Section 13.32.

BY SIGNING BELOW, CONTRACTOR ACKNOWLEDGES AND AGREES THAT IT UNDERSTANDS THE TERMS OF THIS EXHIBIT, THAT THESE TERMS ARE PART OF ITS CONTRACT WITH THE DISTRICT, AND THAT IT AGREES TO BE BOUND BY AND ABIDE BY THESE TERMS.

Contractor and Owner recognized that time is of the essence for the Project and the Owner will suffer financial loss if the Work is not completed in the time specified in the Contract Documents. The parties also recognized the delays, expenses, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by the Owner if the Work is not completed on time. Accordingly, instead of requiring such proof, the Owner and Contractor agree that as liquidated
damages for delay (but not as penalty), Contractor shall pay Owner $1,000.00 per calendar day for each day that expires after the time specified for Substantial Completion in EXH-D Project Schedule until such time the Work is determined to be substantially complete by the
Owner.

(Paragraph Deleted)

After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining work within the Contract time specified in the Contract Documents, the contractor shall pay the Owner $1,000.00 per day that expires after the time specified in the Contract Documents for Final Completion and readiness for Final Payment until the Work is completed.

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month.

§ 5.1.3 When an Application for Payment is received by the Architect, payment of the amount certified shall be made by the Owner not later than 45 (forty-five) days after the Architect receives the Application for Payment.

(Paragraph Deleted)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor on AIA G702 Application and Certificate for Payment in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

- **.1** That portion of the Contract Sum properly allocable to completed Work;
- **.2** That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and
- **.3** That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

- **.1** The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and

.5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Paragraph Deleted)

5% (five percent)

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

For major items installed into the Work, the Contractor may request full payment for the items to ensure prompt delivery and fabrication. Such items shall be recommended by the Architect and approved by the Owner as not requiring retainage. Prompt payment for the items shall be documented by the Contractor to the Owner in the subsequent payment application by submitting a full lien release for the items. Major items may include mechanical units with long lead times, structural systems with long lead times, critical path systems or items, etc. Major items will be discussed and defined by Owner, Architect, and Contractor.

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:
Prior to Substantial Completion and at the discretion of the Owner, retainage may be reduced. If the Work has been 50% completed as
determined by the Architect and is satisfactory to the Owner, then 90% of the retained amount may be released to the Contractor for completed work (with 10% of the total retained by the Owner.) Upon Substantial Completion, additional retainage may be returned to the Contractor as recommended by the Architect and approved by the Owner to an amount sufficient to satisfactorily complete the Work. Retainage release will comply with Minnesota Statute 15.72 after Substantial Completion and punch list acceptance by the Owner.

(Paragraph Deleted)

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site or otherwise stored offsite with adequate Owner approved insurance provided to the Owner.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and

.2 a final Certificate for Payment has been issued by the Architect.
.3 all lien waivers and IC134 forms have been delivered to the Owner.

§ 5.2.2 The Owner's final payment to the Contractor shall be made no later than 45 days after the issuance of the Architect's final Certificate for Payment.

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located. Owner will pay the Contractor 0% interest for Payments not due made within forty five (45) days.

§ 5.4 Prompt Payment to Subcontractors

This Contract requires the Contractor and all Subcontractors and Sub-subcontractors (of any tier) to promptly pay any subcontractor or material supplier contract within ten (10) days of receipt of payment by Owner for undisputed services provided by the party requesting payment. The party responsible for payment (other than the Owner) shall pay interest of one and one half (1-1/2) percent per month to the party requesting payment on any undisputed amount not paid on time. The minimum monthly interest penalty payment for an unpaid balance of $100 or more is $10. For an unpaid balance of less than $100, the party responsible for payment shall pay the actual penalty due to the party requesting payment.

ARTICLE 6 DISPUTE RESOLUTION

§ 6.1 Initial Decision Maker

The Architect will serve as the Initial Decision Maker pursuant to Article 15 of AIA Document A201–2017.

§ 6.1.1 Mediation

Either the Owner or the Contractor may request mediation of any Claim submitted to the Architect for decision before such decision becomes final and binding. The mediation will be governed by the Construction Industry Mediation Rules of the American Arbitration Association in effect at the date of this contract. The request for mediation shall be made in writing to the American Arbitration Association and to the other party of this contract.

Owner and Contractor shall participate in the mediation process in good faith. The process shall be concluded within sixty (60) days of the date of filing the request.

If the Claim is not resolved by mediation, the Architect's action shall become final and binding thirty (30) days after termination of the mediation proceedings. Within the time period, the Owner and Contractor mayrequest Binding Dispute Resolution.

The Work must continue, at the Owner's discretion, in accordance with paragraph 15.1.4.1 of AIA Document A201-2017.

§ 6.2 Binding Dispute Resolution

For any Claim subject to, but not resolved by, mediation pursuant to Article 15 of AIA Document A201–2017, the method of binding dispute resolution shall be as follows:

request, provide a copy of the property insurance policy or policies required by Section A.2.3. The copy of the policy or policies provided shall contain all applicable conditions, definitions, exclusions, and endorsements.

§ A.2.2 Liability Insurance
The Owner shall be responsible for purchasing and maintaining the Owner's usual general liability insurance.

§ A.2.3 Required Property Insurance
§ A.2.3.1 Unless this obligation is placed on the Contractor pursuant to Section A.3.3.2.1, the Owner shall purchase and maintain, from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located, property insurance written on a builder's risk "all-risks" completed value or equivalent policy form and sufficient to cover the total value of the entire Project on a replacement cost basis. The Owner's property insurance coverage shall be no less than the amount of the initial Contract Sum, plus the value of subsequent Modifications and labor performed and materials or equipment supplied by others. The property insurance shall be maintained until Substantial Completion and thereafter as provided in Section A.2.3.1.3, unless otherwise provided in the Contract Documents or otherwise agreed in writing by the parties to this Agreement. This insurance shall include the interests of the Owner, Contractor, Subcontractors, and Sub-subcontractors in the Project as insureds. This insurance shall include the interests of mortgagees as loss payees.

§ A.2.3.1.1 Causes of Loss. The insurance required by this Section A.2.3.1 shall provide coverage for direct physical loss or damage, and shall not exclude the risks of fire, explosion, theft, vandalism, malicious mischief, collapse, earthquake, flood, or windstorm. The insurance shall also provide coverage for ensuing loss or resulting damage from error, omission, or deficiency in construction methods, design, specifications, workmanship, or materials. Sub-limits, if any, are as follows:
(Indicate below the cause of loss and any applicable sub-limit.)

Causes of Loss	Sub-Limit

§ A.2.3.1.2 Specific Required Coverages. The insurance required by this Section A.2.3.1 shall provide coverage for loss or damage to falsework and other temporary structures, and to building systems from testing and startup. The insurance shall also cover debris removal, including demolition occasioned by enforcement of any applicable legal requirements, and reasonable compensation for the Architect's and Contractor's services and expenses required as a result of such insured loss, including claim preparation expenses. Sub-limits, if any, are as follows:
(Indicate below type of coverage and any applicable sub-limit for specific required coverages.)

Coverage	Sub-Limit

§ A.2.3.1.3 Unless the parties agree otherwise, upon Substantial Completion, the Owner shall continue the insurance required by Section A.2.3.1 or, if necessary, replace the insurance policy required under Section A.2.3.1 with property insurance written for the total value of the Project that shall remain in effect until expiration of the period for correction of the Work set forth in Section 12.2.2 of the General Conditions.

§ A.2.3.1.4 Deductibles and Self-Insured Retentions. If the insurance required by this Section A.2.3 is subject to deductibles or self-insured retentions, the Owner shall be responsible for all loss not covered because of such deductibles or retentions.

§ A.2.3.2 Occupancy or Use Prior to Substantial Completion. The Owner's occupancy or use of any completed or partially completed portion of the Work prior to Substantial Completion shall not commence until the insurance company or companies providing the insurance under Section A.2.3.1 have consented in writing to the continuance of coverage. The Owner and the Contractor shall take no action with respect to partial occupancy or use that would cause cancellation, lapse, or reduction of insurance, unless they agree otherwise in writing.

§ A.2.3.3 Insurance for Existing Structures
If the Work involves remodeling an existing structure or constructing an addition to an existing structure, the Owner shall purchase and maintain, until the expiration of the period for correction of Work as set forth in Section 12.2.2 of

ARTICLE A.3 CONTRACTOR'S INSURANCE AND BONDS

§ A.3.1 General

§ A.3.1.1 Certificates of Insurance. The Contractor shall provide certificates of insurance acceptable to the Owner evidencing compliance with the requirements in this Article A.3 at the following times: (1) prior to commencement of the Work; (2) upon renewal or replacement of each required policy of insurance; and (3) upon the Owner's written request. An additional certificate evidencing continuation of commercial liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the periods required by Section A.3.2.1 and Section A.3.3.1. The certificates will show the Owner as an additional insured on the Contractor's Commercial General Liability and excess or umbrella liability policy or policies.

§ A.3.1.2 Deductibles and Self-Insured Retentions. The Contractor shall disclose to the Owner any deductible or self-insured retentions applicable to any insurance required to be provided by the Contractor.

§ A.3.1.3 Additional Insured Obligations. To the fullest extent permitted by law, the Contractor shall cause the commercial general liability coverage to include (1) the Owner, the Architect, and the Architect's consultants as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the Owner as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions for which loss occurs during completed operations. The additional insured coverage shall be primary and non-contributory to any of the Owner's general liability insurance policies and shall apply to both ongoing and completed operations. To the extent commercially available, the additional insured coverage shall be no less than that provided by Insurance Services Office, Inc. (ISO) forms CG 20 10 07 04, CG 20 37 07 04, and, with respect to the Architect and the Architect's consultants, CG 20 32 07 04.

§ A.3.2 Contractor's Required Insurance Coverage

§ A.3.2.1 The Contractor shall purchase and maintain the following types and limits of insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Contractor shall maintain the required insurance until the expiration of the period for correction of Work as set forth in Section 12.2.2 of the General Conditions, unless a different duration is stated below:
(If the Contractor is required to maintain insurance for a duration other than the expiration of the period for correction of Work, state the duration.)

1. CONSULTANT'S INSURANCE – to be used with AIA B101-2017, AIA C103-2015, or similar non-contractor consultants:
   The Consultant shall at its own expense maintain in effect at all times during the performance of the Work under the Agreement at least the following coverage and limits of insurance:

   a. Worker's Compensation and Employer's Liability Insurance

      i. Coverage A is statutory.

      ii. Coverage B
      $500,000 Each Accident
      $500,000 Each Employee
      $500,000 Policy Limit (Disease)

   b. Comprehensive General Liability Insurance *

General Aggregate	$1,000,000
Products/Completed Operations Aggregate	$1,000,000
Per Occurrence	$1,000,000
Medical Payments	$10,000

   * The Owner should be named as an additional insured for Comprehensive General Liability Insurance.

   c. Automobile Insurance

Per Occurrence	$1,000,000
PIP	Basic
Underinsured Motorist	$1,000,000
Uninsured Motorist	$1,000,000

   d. Professional Liability Insurance

      i. Per Claim $2,000,000

ii. For projects with an estimated construction Contract Sum of over $10,000,000 or major structural work an aggregate is required as follows:
Aggregate $4,000,000

e. Umbrella Liability Insurance

i. Per Occurrence $2,000,000

ii. For projects with an estimated construction Contract Sum of over $10,000,000 or major structural work an aggregate is required as follows:

f. Manned or Unmanned Aircraft Coverage (if used)

i. Per Claim $1,000,000

ii. Aggregate $1,000,000

For specialty consultants used for commissioning activities, studies, asbestos surveys and security, items A, B, C and F shall apply.

Special Asbestos Abatement Liability Insurance is required for Asbestos Abatement Contractors. The limits are $1,500,000 per claim, for liability arising from the encapsulation, removal, handling, storage, transportation, and disposal of asbestos-containing materials.

2. CONSULTANT'S OBLIGATIONS

Consultant shall not violate or knowingly permit any violation of any conditions or terms of the policies of insurance required to be carried under the terms hereof and shall endeavor to satisfy the requirements of the insurance companies issuing them. In the event Consultant neglects, refuses or fails to provide or maintain any of the insurance required to be carried under the Agreement, or if such insurance is canceled for any reason, the Owner or the Owner's lender(s) shall have the right, but not the duty, to procure or maintain the same.

In the event the Owner or the Owner's lender(s) do procure or maintain such insurance, the Owner or the Owner's lender(s) shall have, in additional to any and all other available remedies, the right to recover from the Consultant (including the right of set-off against sums otherwise due the Consultant) all of the costs associated with procuring or maintaining such insurance.

3. PROFESSIONAL LIABILITY INSURANCE

   a. Professional Liability Coverage of $2,000,000 shall be maintained for one (1) year from the date of Substantial Completion. If the Consultant discontinues its business and if directed by Owner in writing, Consultant shall purchase such insurance in such amount for an extended discovery period beyond the one (1) year after the date of Substantial Completion, with the premium cost to be a reimbursable expense paid by the Owner. The limit of liability for such policy may not be reduced below $2,000,000 without the Owner giving its prior, written consent. All policies of insurance that Consultant is required under the terms of this Exhibit C Owner's Insurance to secure and maintain shall bear the endorsement "Not to be canceled until sixty (60) calendar days after Owner has received a written notice from insurer as evidence by a return receipt of registered or certified mail."

   b. The Owner shall not be responsible for obtaining or paying premiums or other expenses in connection with insurance required to be carried under the Agreement or normally carried by the Consultant's consultants, and the obligation to obtain such insurance and to pay such premiums and other expenses shall be solely that of the Consultant.

   c. The Consultant shall bear all the costs of any and all deductible amounts under any insurance policies required to be carried under the Agreement and shall remain solely and fully liable for the full amount of any claim or item not compensated by insurance (to the extent that any amount resulted from damages that arose out of the Consultant's sole negligence.)

4. COVERAGE

   The coverage's referred to above are set forth in full in the respective policy forms, and the foregoing descriptions of such policies are not intended to be complete.

5. GENERALLY

   a. The Consultant thereby represents and warrants to the Owner that, as of the date of the execution of the Agreement, the Consultant is not aware of any claims or potential claims which have been made, filed or threatened against any of the insurance or for damages covered by any of the insurance required to be carried under the Agreement that would affect the Consultant's ability to provide the insurance coverage required by this agreement.

b. It is understood that the provisions in the Agreement requiring the Consultant to carry insurance shall not be construed as in any manner waiving or restricting the liability of the Consultant as to any obligations imposed under the Agreement, including, but not limited to, obligations imposed under the provisions of Article 11 of the AIA A201-2017 General Conditions.

Insurance requirements for Contractors

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

§ 1.1.2 The Contract

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.3 The Work

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.7 Instruments of Service

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

§ 1.1.8 Initial Decision Maker

The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

§ 1.7 Digital Data Use and Transmission

The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.8 Building Information Models Use and Reliance

Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document

G202™–2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 OWNER

§ 2.1 General

§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

§ 2.1.2 The Owner shall furnish to the Contractor, within fifteen days after receipt of a written request, information necessary and relevant for the Contractor to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.

§ 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Prior to commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days' notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

User Notes: (1349282681)

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.5 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the Work with reasonable promptness after receiving the Contractor's written request for such information or services.

§ 2.3.6 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2.

§ 2.4 Owner's Right to Stop the Work

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.6 Taxes

The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents,

.1 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

.2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and

.3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and

delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will

specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

§ 3.13 Use of Site

The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.14 Cutting and Patching

§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up

§ 3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work

The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located.

§ 3.17 Royalties, Patents and Copyrights

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

§ 3.18 Indemnification

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

ARTICLE 4 ARCHITECT

§ 4.1 General

§ 4.1.1 The Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.

§ 4.1.2 Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor, and Architect. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative during construction until the date the Architect issues the final Certificate for Payment. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents.

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications

The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

§ 4.2.5 Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.8 The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

- **.1** assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and
- **.2** assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation shall be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity. If the Owner assigns the subcontract to a successor contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor contractor's obligations under the subcontract.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument prepared by the Architect and signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:

- **.1** The change in the Work;
- **.2** The amount of the adjustment, if any, in the Contract Sum; and
- **.3** The extent of the adjustment, if any, in the Contract Time.

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

- **.1** Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- **.2** Unit prices stated in the Contract Documents or subsequently agreed upon;
- **.3** Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
- **.4** As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

.1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Architect;
.2 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;
.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;
.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and
.5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner pending mediation and binding dispute resolution; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment. Any changes to the schedule of values shall be submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

§ 9.3 Applications for Payment

§ 9.3.1 At least ten days before the date established for each progress payment, the Contractor shall submit to the Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized, if required, and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such as copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage if provided for in the Contract Documents.

§ 9.3.1.1 As provided in Section 7.3.9, such applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Architect, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier, unless such Work has been performed by others whom the Contractor intends to pay.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of

- **.1** defective Work not remedied;
- **.2** third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- **.3** failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;

.4 reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
.5 damage to the Owner or a Separate Contractor;
.6 reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
.7 repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify the Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the Architect or awarded by binding dispute resolution, then the Contractor may, upon seven additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Such payment shall be adjusted for Work that is incomplete or not in accordance with the requirements of the Contract Documents.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, (5) documentation of any special warranties, such as manufacturers' warranties or specific Subcontractor warranties, and (6) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts and releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- **.1** liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
- **.2** failure of the Work to comply with the requirements of the Contract Documents;
- **.3** terms of special warranties required by the Contract Documents; or
- **.4** audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

.1 employees on the Work and other persons who may be affected thereby;
.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and
.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property
If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials and Substances
§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will

promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Contractor brings to the site unless such materials or substances are required by the Contract Documents. The Owner shall be responsible for hazardous materials or substances required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner shall reimburse the Contractor for all cost and expense thereby incurred.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency shall be determined as provided in Article 15 and Article 7.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Contractor's Insurance and Bonds

§ 11.1.1 The Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner, Architect, and Architect's consultants shall be named as additional insureds under the Contractor's commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Contractor's Required Insurance. Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act

or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Contractor purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents, and employees, each of the other; (2) the Architect and Architect's consultants; and (3) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by the Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Contractor, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Architect, Architect's consultants, Separate Contractors, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

§ 11.3.2 If during the Project construction period the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor and Architect for loss of use of the Owner's property, due to fire or other hazards however caused.

§11.5 Adjustment and Settlement of Insured Loss

§ 11.5.1 A loss insured under the property insurance required by the Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.

§ 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

§ 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections, and

approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals. The Contractor shall give the Architect timely notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Architect of when and where tests and inspections are to be made so that the Architect may be present for such procedures. Such costs, except as provided in Section 13.4.3, shall be at the Owner's expense.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect's services and expenses, shall be at the Contractor's expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 13.5 Interest

Payments due and unpaid under the Contract Documents shall bear interest from the date payment is due at the rate the parties agree upon in writing or, in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

- **.1** Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- **.2** An act of government, such as a declaration of national emergency, that requires all Work to be stopped;
- **.3** Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents; or
- **.4** The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, and costs incurred by reason of such termination.

§ 14.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

- **.1** repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- **.2** fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;
- **.3** repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- **.4** otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

- **.1** Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
- **.2** Accept assignment of subcontracts pursuant to Section 5.4; and
- **.3** Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Initial Decision Maker, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- **.1** that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or
- **.2** that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Contractor shall

- **.1** cease operations as directed by the Owner in the notice;
- **.2** take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
- **.3** except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

§ 14.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Contractor for Work properly executed; costs incurred by reason of the termination, including costs attributable to termination of Subcontracts; and the termination fee, if any, set forth in the Agreement.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition

A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party and to the Initial Decision Maker with a copy sent to the Architect, if the Architect is not serving as the Initial Decision Maker. Claims by either party under this Section 15.1.3.1 shall be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.1.5 Claims for Additional Cost
