*** Minnesota State Holidays**

[Minnesota Statutes Section 645.44](#) list dates that are “holidays” under state law. Minnesota’s political subdivisions have the option of determining whether Indigenous Peoples Day or the Friday after Thanksgiving shall be holidays. Where it is determined that either day is not a holiday, public business may be conducted.

If the date is determined to be a school day, it must be reflected in the teacher’s contract. If Martin Luther King’s birthday, Presidents Day, Veterans Day is determined to be a school day, at least one hour of the school program must be devoted to a patriotic observance of the day. For more information, see [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*).

When the following holidays fall on a **Saturday**, the holiday is observed on the preceding **Friday**; when the following holidays fall on a **Sunday**, the holiday is observed on the following **Monday**:

New Year’s Day (January 1)	Veterans Day (November 11)
Juneteenth (June 19)	Christmas Day (December 25)
Independence Day (July 4)	

Juneteenth ^

On Juneteenth (June 19), “public schools may offer instruction and programs on the occasion.” For more information, see [Minnesota Statutes 10.55](#) (*Juneteenth*). The Minnesota Department of Education takes the position that school may not be offered on this holiday. MSBA continues to work with MDE to determine the “instruction and programs on the occasion” that may be offered.

Constitution Day (September 17) ^^

September 17 is Constitution Day and Citizenship Day (Constitution Day). This day commemorates the September 17, 1787, signing of the United States Constitution. Under federal law ([36 U.S.C. 106](#)), each school that receives federal funds shall hold an educational program on the United States Constitution on September 17.

Each educational institution that receives Federal funds for a fiscal year is required to hold an educational program about the U.S. Constitution for its students on September 17 (if it falls on a weekend; it should be held in the previous or next week). The federal Department of Education has additional information and resources available on its [website](#).

Indigenous Peoples Day ^^^

In 2023, the Minnesota legislature replaced Christopher Columbus Day (the second Monday in October) with Indigenous Peoples Day. All references to “Christopher Columbus Day” or “Columbus Day” are to be changed to “Indigenous Peoples Day” in Minnesota Statutes and Minnesota Rules. Thus, the conditions set forth in [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*) continue to apply on this date.

Future Planning

I would like to initiate the process of receiving formal proposals from consultants to help us with future planning and to explore accessing the Disaster Relief Funding that we have available to us until 2034. This will be an exploratory process and should not have financial commitment unless there are projects that are identified. We need to be continually exploring our options going forward, if we do not we would not be acting in a financially responsible manner for our community.

ESP Negotiations

We had a successful meditation session last week and have a tentative agreement. I would like to thank the Board Negotiators, ESP union negotiators, their regional representative, and the state mediator for all of their efforts in this negotiations process.

Youth Basketball Camp

One of the things I have tried to do is be involved with outside of the normal school day is our youth activities. On four Saturdays around Thanksgiving, my wife and I organized weekend basketball camps for PK-2 grade students. We have nearly 70 kids signed up for the camps. We had a lot of fun with the kids and really appreciated the HS and MS student athletes that helped with the camp.

Early Childhood- Emily Johnson

Early Childhood- Alison Kjos and Emily Johnson (this month)!

Preschoolers have been having fun learning all about hibernation this week! We have been learning which animals hibernate, migrate or remain active and learning new vocabulary. We had a “hibernation” day where we wore our pajamas, made “caves” and hibernated! We are continuing to learn the letters of the alphabet and next week we will be learning about polar bears.

Kindergarten- Carissa George, Kora Miller

Kindergarteners have been learning all about 2D and 3D shapes, as well as practicing counting by 1's, 5's, and 10's to 100 in math! In reading, we are continuing to practice comprehension skills like predicting, visualizing, retelling, and making connections. We have also been working on blending and segmenting CVC words as we read and write!

1st- Becky Lind, Jessica Burt, Emily Walberg

Wow! First Grade is really excited to be back together with our friends! We are starting the New Year off by reflecting on things we want to get better at throughout the coming year. It is very comforting to be back in our school routine. We have been learning about comparing numbers through greater than, less than and equal to. We love looking at our reading fluency charts and noticing how much our reading has improved since the beginning of the school year. We are beginning to learn about weathering and the different types of weather. We also enjoy practicing our math facts through "Snow Ball Fights" where we throw math problems (on wadded up paper) and write the answers on another piece of paper then get ready to throw another problem and so on. It is "Snow fun".

2nd- Shannon Kopperud, Clay Olstad

In math, we are working on double-digit addition and subtraction. We are continuing to improve our fluency and comprehension skills. In social studies, we are learning about producers, consumers, goods, and services.

3rd- Jade Olstad, Krissy Kelly

Third graders have been learning about place value in math. In reading, we have been focusing on vocabulary and reading nonfiction. We are learning all about maps and the parts of maps in social studies and students will soon be making their own maps to share.

4th- Jon Theuer, David Jewison

Fourth Graders have been working on several different things since getting back to school. In reading, Mr. Theuer's class wrapped up the novel Frindle, while Mr. Jewison's class is finishing up Matilda. In Math, we've been working on multiplication review while also working on fractions.

5th- Chris Drinkall, Emily Charlebois

Fifth grade is getting back into the swing of things in the new year. We have completed our rematch for the first round of the Battle of the Books, and students are excited for round two in a few months. We are currently exploring a reading unit focused on inventors and artists. After some fun, holiday-themed, history-related activities, we are back to our American history text, learning about colonial America. Fifth graders are working on adding and subtracting fractions with like and unlike denominators in math. In science, the students are busy learning about the three forms of matter: solid, liquid, and gas.

3-5 Intervention- Meredith Johnson

We got back into routines in intervention and look forward to beginning FastBridge testing the week of Jan. 13th.

K-4 Intervention - Margaret Marklowitz

The students were eager to get back to their routines and the new year began right where we left off in 2024. We will start our winter benchmark testing on Monday Jan. 13 and after that we will be reevaluating our groups in order to best serve our students.

Reading/Math Title- Lacey Drinkall

We have been getting back into our routines in the classroom and have gotten right back into learning! We are preparing for our Fastbridge testing next week and also are looking forward to our Reading Corp member starting on the 13th!

PE- K,1,2,4- Teresa Brown

K-1 has been working on moving to music. The benchmark for kindergarten is to perform locomotor skills in an educational dance while maintaining balance. The benchmark for first grade is to combine locomotor and non-locomotor skills in an educational dance while maintaining balance.

Second grade has been playing table ball. This game uses eye hand coordination, good sportsmanship and volleying a ball. The students also took turns being the referee and keeping score of the game.

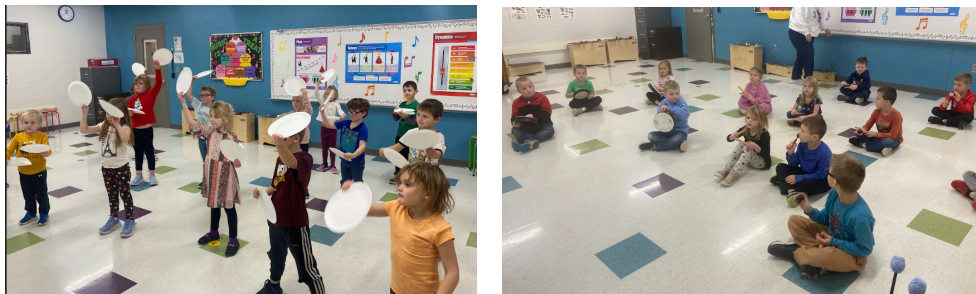

Fourth grade has started our speed stack unit. Sport stacking promotes physical fitness and academic learning. Students that sport stack on a regular basis have shown increases in test scores and levels of concentration. This is achieved by students using both their right and left sides of their brain. When students sport stack they are crossing the "midline" of their bodies and developing new connections in their brains. These new connections help to spur brain growth which in turn promotes greater academic achievement.

PE- 3,5- Nikki Schultz

Music K,1, 2, 4 -- Ms. Monerson

Kindergarten: We have been continuing to work on steady beat using instruments and body percussion. We have been learning about different rhythms and different solfege. We have been listening to different music and playing games to help us understand high notes versus low notes and loud versus quiet sounds. Lots of singing and musical games are being played as well.

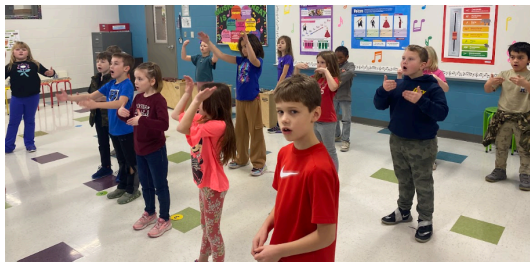

First Grade: We have been learning about the scale and the different notes within a scale. We have been practicing our music listening to hear whether notes go up, down, or stay the same. We have been working on improvising with different rhythms both by clapping and with instruments in small groups. We have learned about composers and

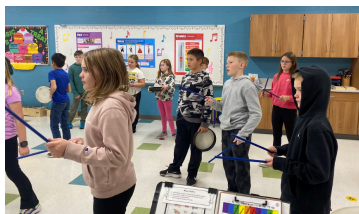

some of the pieces of pop music they have written. We are practicing our solfege regularly. We continue to sing and play lots of games as well!

Second Grade: We have continued to work on how to play classroom instruments and different techniques for playing instruments. We have been singing in a round and working on our solfege (sight singing skills) as well as more complex rhythms. We have learned about different composers and the music they write. We have done a lot of singing and playing many games as well!

Fourth Grade: We have been working very hard on understanding time signatures, as well as moving our rhythm activities to counting with numbers versus rhythm syllables. We have listened to a variety of different types of pieces, and analyzed different musical styles and musical forms. We have played many games that encourage us to use instruments. We have also been working on singing and playing instruments in a round.

Music 3,5- Ben Mahlke

3rd Grade is starting their music composer timeline activities. This consists of about 8 composers throughout music history and will take up the month of January and a lot of February.

5th Grade is starting their beginning Band and Choir activities. This consists of learning how to assemble and play their instruments as well as learning how to sing and follow an octavo.

Special Education- Amber Meisch, Sophia Wescott, Aspen Blom

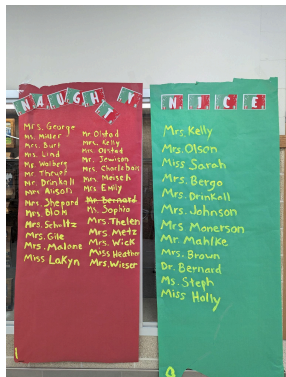

Elementary Special Education is working towards increasing student skills in the areas of reading, writing, math, and social / emotional / behavioral skills.

Art- Mrs. Cunningham

First grade Mrs. Goerge class finished their last week of art with the Textured turtle and a texture study. Next week the other kindergarten class will begin art with Piet Mondrian and the study of primary colors. The third grade classes finished their work on Wayne Theibold and value/shading of cupcakes to make things look more dimensional and real. They will begin work on clay next week.

Social Worker- Kelly Smith	School Counselor - Lindsey Olson
Random Acts of Kindness classroom curriculum: Our current topic is inclusiveness and learning about how to include others and play fair. We played Candy Cane Olympics in the classroom for the last week before break. In December: We had a ton of fun celebrating the season. Some sneaky little elves made it into the building and caused mischief! (see pics below)	3rd, 4th, and 5th graders have been working on Inclusiveness for our Random Acts of Kindness unit. We are learning about identifying similarities and differences in ourselves, teamwork, including ourselves, being a good friend, and fairness and equality. We've made favorite quality paper chains, used teamwork to cross "lava" and played candy cane olympics before break!
