- Congratulations to Ashley Foster for being named the Chicken Express Employee of the month for May. Ashley is one of our LPC's that offices over at the Enrollment Center. We appreciate you very much Ashley.
- Congratulations to
 - All of the ABCD Award recipients. This award recognizes those that go Above & Beyond the Call of Duty throughout the year. All of us are extremely grateful for their dedication and commitment to our students, staff, patrons and community.
 - The CHS FFA program that is lead by Kolby & Emily Schmidt. This year marked some "firsts in a long time" for the program with Kaleb Stephenson winning a breed championship (Berkshire barrow) at Oklahoma Youth Expo to a state officer for FFA with Clara Duncan serving as the Reporter next school year. We are also excited for all of State FFA Degree Recipients & the State Champion Proficiency Winners & Finalists.
 - Our student athletes on great seasons this spring in baseball, golf, soccer, tennis, & track. We are proud of all of our state qualifiers and wish you all the best of luck.
 - And to Alli Bordwine for being an All-Stater in powerlifting. We are very proud of you and are looking forward to hearing about your future accomplishments on the softball field.
- I would like to say THANK YOU to all of our teachers! From the countless hours, the relationships built with students, to dedication and professionalism to our students we grateful for all that you do. This profession is one of a high calling that is blessed from above. During the month of May, we always want to celebrate our teachers. I encourage everyone to find a moment and show their gratitude to a teacher for the impact that they or that a teacher had in your life.
- I would also like to take a moment and publicly state that we appreciate and look forward to working with the unions & organizations that represent our staff members – CASE, COPA, CUTA, & POE. During my time with CPS, we have worked together through a pandemic, tough financial times, and more. The dialogue, approach, and professionalism are greatly appreciated. It is disheartening to hear them referred to in derogatory terms by some state leaders. Our union members are made up of our neighbors, friends and colleagues. Thank you for your work and helping make CPS a great district.

Any invoice sent pursuant to the foregoing shall be due and payable within 30 days of receipt.

DISTRICT POLICY

GRADING, PROMOTION, RETENTION, AND GRADUATION

Grading: The grading system is designed to promote continuous evaluation of student performance, communicate student progress, and celebrate student successes. Administrative Regulations or Student Handbook may set forth District's grading system, including class ranking. Students attending school virtually will be subject to the same grading scale and policies as all other District students.

Testing: No minor student shall be required to submit to psychiatric or psychological examination, testing or treatment without the prior written consent of the parent or guardian. No District employee (without written parental consent) shall elicit by written survey or written examination from any student information of a personal or private nature concerning any of the following areas:

1. Political affiliations;
2. Religious beliefs;
3. Sexual behavior and attitudes;
4. Illegal, anti-social, self-incriminating and demeaning behavior;
5. Mental or psychological problems potentially embarrassing to the student or his family;
6. Critical appraisals of other individuals with whom the student has a close family relationship;
7. Legally recognized privileged and analogous relationships, such as those of lawyers, physicians and ministers; and
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

This policy does not require parental consent to regular classroom activities, the curriculum, or any teaching techniques or methods.

Homework: Teachers may assign homework to students. The type, frequency, and quantity of homework to be assigned shall be determined by the teacher based on the needs of the students and the subject matter being taught.

Supplies: Students may be required to buy material for use in classroom activities or projects that are optional and/or extra-curricular projects that may be taken home when student has completed the project.

Report Cards and Progress Reports: District shall make report cards available to parents and/or guardians each nine (9) weeks. In addition, teachers may send progress reports, may make telephone calls, and may schedule personal visits as needed to report student progress to parents and/or guardians. Parent-teacher conferences are scheduled periodically.

Transcripts: A transcript is any record of a grade or grades given to a student by a teacher such as a report card. Students requesting a copy of their transcript shall be provided a copy. However, if a student has failed to return any textbook or failed to make payment for a textbook which has not been returned, District shall withhold the transcript until such time as payment is made. The Superintendent may waive the withholding of a student's transcript because of failure to return a textbook or failure to remit payment for a textbook depending on the circumstances involved.

Promotion: Students may be promoted based on proficiency as provided by law and the regulations of the State Department of Education.

Retention: In general, students shall be placed at the grade level to which they are best adjusted academically, socially, and emotionally. The educational program shall provide for the continuous progress of students from grade to grade, with students spending one year in each grade. However, some students may benefit from staying another year in the same grade, and under extreme or rare certain circumstances, a student may be retained more than once. The recommendation for retention may be made by the school or the parent/guardian. Parent requests for retention will follow the same procedures.

Each school shall form a committee to review and make decisions regarding retention and promotion. The committee shall be composed of the parent/guardian, a classroom teacher(s), a counselor when available, the building principal, and any additional personnel assigned by the principal. If the student has an IEP, 504, and/or ELAP the case manager must be included as a team member. Criteria to be considered by the committee shall include age of the student relevant to grade placement, attendance, testing, assignments, and the student's level of maturity. If the parent/guardian does not attend the meeting, the committee will continue with the meeting. Retention may be considered when:

1. The student is achieving significantly below ability and grade level;
2. Retention would not cause an undue social and emotional adjustment; and
3. Retention would have a reasonable chance of benefiting the student's development.
4. In addition, retention of certain students may be mandated by state law if the student achieves below the requisite score on statewide criterion-referenced tests.

Whenever the committee recommends that a student be retained at the present grade level or recommends that a high school student not be passed in a course, the student's parent or guardian shall be notified **in writing** of such recommendation. If the student's parent or guardian is dissatisfied with the recommendation for retention on the basis of items 1-3 set forth above, the parent or guardian may appeal the decision to the **site committee**. The appeal will be submitted **in writing** to the site principal utilizing District Form: xxxx. The appeal must be submitted within **five (5) school days** of receiving the notification.

If the student's parent/guardian is dissatisfied with the recommendation of the site committee they may appeal to a District Committee. An appeal must be presented to a District Review Committee than to the Board as follows:

- (a) An appeal must be presented in writing to and received by the Executive Director of Personnel and Student Services within three (3) work days after the decision of retention is received by the parent/guardian.
- (b) The retention decision will become final and unappealable if a request for appeal is not timely submitted.
- (c) The District Review Committee will consist of three (3) administrator(s) not involved with the retention decision.
- (d) The District Review Committee meeting will be held during the regular school hours with reasonable consideration given to accommodate the hours of working parents within this time period, if possible.
- (e) The hearing chair shall mail, email, or deliver a copy of the District Committee's decision to the parent/guardian and site principal.

If the student's parent/guardian is dissatisfied with the recommendation of the District Committee they may appeal to the Board by submitting a written request for an appeal to the Superintendent.

- (a) An appeal of the decision of the District Review Committee to the Board must be submitted in writing to and received by the Superintendent or designee within five (5) school days after the decision of the District Review Committee is received by the parent.
- (b) If no appeal is received within five (5) days, the decision of the District Review Committee will be final and nonappealable.
- (c) Each board member will be provided the documentation presented to the District Review Committee.
- (d) Each Board member shall review the information individually.
- (e) At the next available Board meeting, an agenda item shall be placed on the agenda to consider and vote on the appeal.
- (f) If at the meeting, the Board wants to discuss the appeal among each other, it must be discussed in open meeting unless the parent/guardian requests such discussion to be in executive session.
- (g) The Board shall render a decision by voting to uphold or revoke the decision of the District Review Committee.
- (h) As soon as possible after the review and/or hearing, the Clerk of the Board shall provide the decision to the parent and principal in writing, setting for the decision of the Board. The Board's written decision shall be mailed to the parent by certified mail, return receipt requested. The decision of the Board shall be final. There shall be no appeal procedure for

mandatory retention on the basis of item 4 set forth above.

Reading Sufficiency Act: Each student enrolled in kindergarten in a public school shall be screened at the beginning, middle, and end of each school year for reading skills. Children at risk for reading difficulties at the beginning of the year will be monitored to measure mid-year and year-end reading progress. Kindergarten students who are not meeting grade-level targets by mid-year in reading shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade-level reading skills.

Any student enrolled in first, second, or third-grade shall be assessed at the beginning, middle and end of each school year using a screening instrument approved by the State Board of Education. The assessment shall determine the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary and comprehension. Any student who is assessed and who is not meeting grade-level targets in reading shall be provided a reading instruction program to help them acquire the appropriate grade level reading skills, as provided for by law. This program shall continue until the student is determined, through the results of approved reading assessments, to be meeting grade-level targets.

District shall update its reading sufficiency plan annually taking into consideration all of the requirements prescribed in law as well as the input of school administrators, teachers, parents, and if possible a reading specialist. Any first-grade, second-grade, or third-grade student who demonstrates end of year proficiency in reading at the third-grade level through a screening instrument which meets the reading skills criteria pursuant to law shall not be subject to retention. Upon demonstration of proficiency, the District shall notify the parent(s) or guardian(s) of the student that they have satisfied the requirements of the Reading Sufficiency Act and the student will not be subject to retention.

If a third-grade student is identified at any point during the academic year as having a significant reading deficiency, meaning the student is not meeting grade-level targets on a screening instrument which meets the reading skills criteria, the District will immediately begin a student reading portfolio and provide notice to the parent or guardian of the deficiency. If a student has not satisfied proficiency requirements by the end of their third-grade year and still has a significant reading deficiency, has not accumulated evidence of third-grade proficiency through a portfolio, or is not subject to a good cause exemption, the student will not be eligible for automatic promotion to the fourth grade.

The minimum criteria for grade-level performance of third-grade students pursuant to the Reading Sufficiency Act shall be that students are able to read and comprehend grade-level text.

A student not eligible for automatic promotion as provided for under the above listed paragraph and who does not meet the criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third grade assessment may be evaluated for “probationary promotion” by the Student Reading Proficiency Team. The student shall be promoted to the fourth grade if the team members unanimously recommend “probationary promotion” to the principal and the superintendent and the principal and the superintendent approve the recommendation that promotion is the best option for the student.

If a student is allowed “probationary promotion”, the team will continue to review the reading performance of the student and repeat the process above each academic year until the student demonstrates grade-level reading proficiency through a screening instrument that meets the reading skills criteria for the corresponding grade level in which the student is enrolled or transitions to locally designed remediation plan after fifth grade which shall have the goal of ensuring that the student is on track to be college and career ready.

Students who do not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third grade criterion-referenced test, who are not subject to a good cause exemption as provided below, and who do not qualify for promotion or “probationary promotion” as provided in this subsection, shall be retained in the third grade and provided intensive instructional services and supports.

The parent of a student who is determined to have a reading deficiency and is not meeting grade-level reading targets and has been provided a program of reading instruction as provided for by law shall be notified in writing of the following:

- a. That the student has been identified as having a substantial deficiency in reading;
- b. A description of the services being provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale;
- c. A description of the proposed supplemental instructional services and supports that will be provided to student and are designed to remediate the identified area of reading deficiency;
- d. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is otherwise promoted as provided for by law or is exempt for good cause as set forth below;
- e. Strategies for parents to use in helping the student succeed in reading proficiency;
- f. The grade-level performance scores of the student;
- g. That while the results of the statewide criterion-referenced tests administered pursuant to law are the initial determinant, they are not the sole determiner of the promotion and that portfolio reviews and assessments are available; and
- h. The specific criteria and policies of District for midyear promotion implemented as provided for by law.

No student will be assigned to a grade level based solely on age or other factors constituting social promotion.

Good Cause Exemptions:

- a. English language learners who has had less than two (2) years of instruction in ~~an English language learner (ELL) program~~ and are identified as LEP/ELL on a screening tool approved by OSDE.
- b. Student with a disability whose individualized education program (IEP), consistent with state law, indicates that the student is to be assessed with alternative achievement standards through the Oklahoma Alternative Assessment Program (OAAP);
- c. Student who demonstrates an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;
- d. Student who demonstrates mastery of the state standards beyond the retention level, through a student portfolio, the student is reading on grade level;
- e. Student with a disability who participates in the statewide criterion referenced tests and who have an IEP that reflects that the student has received intensive remediation in reading and has made adequate progress in reading pursuant to the student's individualized education program;
- f. Student who has received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrates a deficiency in reading and who was previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade; and
- g. ~~Students who have been granted an exemption for medical emergencies by the State Department of Education.~~ facing exceptional emergency circumstances which prevent the student from being assessed during the testing window. These requests for exemptions must be approved by the Office of Accountability and Assessment.

Requests to exempt students from retention based on one of the good cause exemptions, shall be as follows:

1. The teacher of the student shall submit documentation to the school principal that indicates the student meets one of the exemptions and promotion is appropriate. The documentation shall include only: the alternative assessment results or student portfolio work and the IEP, as applicable;
2. The principal shall review and discuss the documentation with the teacher and, if applicable, the Reading Proficiency Team. If the principal determines that the student meets one of the exemptions and should be promoted based on the documentation provided, the principal shall make a written recommendation to the District Superintendent; and

3. After review, the superintendent shall accept or reject the recommendation to the principal in writing.

A retained student who can demonstrate that he or she is successful and independent reader, is reading at or above grade-level targets, and is ready to be promoted to fourth grade may be promoted mid-year. District may reevaluate the student using multiple tools, including: screening assessments, alternative assessments, and portfolio reviews, in accordance with the rules of the SBE. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating that the student has met the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to law, or upon demonstrating proficiency in reading at the third-grade level through a screening instrument administered pursuant to law, and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal.

A student who is otherwise promoted as provided herein or is promoted for good cause shall be provided intensive reading instruction that includes specialized diagnostic information and specific reading strategies for each student until the student meets grade-level targets in reading. The District will annually report to the State Department of Education the number of students promoted to the fourth grade, as required by law.

Dyslexia Screening: Any student enrolled in kindergarten through third grade in an Oklahoma public school who is assessed through the Reading Sufficiency Act and is not meeting grade-level targets in reading after the beginning-of-the-year assessment shall be screened for dyslexia. Screening may also be requested by a parent or guardian, teacher, counselor, speech-language pathologist or school psychologist. All processes and characteristics of the dyslexia screening shall follow State Department of Education guidelines.

Acceleration: Based on results of assessments, students may be accelerated ahead of grade level. Such acceleration shall only occur after discussion with the student's teachers and counselors and approval of the student's parent or guardian and principal.

Concurrent College Enrollment: As an additional opportunity, and in compliance with state law, the Board will approve the enrollment of high school students in college courses. Students who meet the concurrent enrollment credits established by the State Regents and the State Board of Education shall be entitled to receive a tuition waiver for up to eighteen (18) credit hours during their senior year. Subject to the concurrent enrollment program for seniors being fully funded, each high school junior who meets the eligibility requirements for concurrent enrollment may be entitled to receive a tuition waiver for up to nine (9) credit hours during their junior year.

Individual Career and Academic Plan (ICAP): Beginning with students entering the ninth grade in the 2019-2020 school year and for each school year thereafter, every student shall be required to complete the process of an ICAP in order to graduate with a standard diploma. An ICAP is an individualized plan developed by the student and the student's parent/legal guardian, in collaboration with the student's school counselors, school administrators, teachers and other school personnel. The ICAP is used to help establish personalized academic and career goals, explore

postsecondary career opportunities, including but not limited to, military careers, apprenticeship programs, and career and technology programs leading to certification or licensure, educational opportunities, align coursework and curriculum, apply to postsecondary institutions, secure financial aid, and ultimately enter the workforce. Each year following a student's ninth grade year, students shall update their ICAP. The ICAP shall include, but not be limited to:

- a. career and college interest surveys,
- b. written postsecondary workforce goals and information of progress toward these goals,
- c. intentional sequence of courses that reflect progress toward the postsecondary goal,
- d. the student's academic progress, including courses taken, assessment scores, any remediation or credit recovery, and any Advanced Placement, International Baccalaureate, concurrent or dual enrollment credits earned and/or career certificate(s), certification(s), or endorsements, and
- e. experience in-service learning and/or work environment activities.

Graduation Requirements: In order to graduate from District, students must complete certain course requirements and tests and be enrolled in District as set forth in Administrative Regulations or Student Handbook and state law.

Graduation Exercises: Graduation exercises are an important event in the educational process, and student participation in and student conduct at graduation exercises shall be governed by Administrative Regulations or Student Handbook.

Dear Superintendent,

OSSBA appreciates the opportunity over the last year to assist your district in unemployment matters through membership in OSSBA Employment Services. It is time for your Board of Education to renew its membership in the Service.

Please find attached your Service Agreement for the 2023-2024 school year. You will notice in this Services Agreement a provision has been added that your district grant OSSBA Employment Services Third Party Administrator (TPA) access to the school's EZ Tax Express account so that we can appropriately administer the school's unemployment claims and assist with financial accounting and quarterly contribution reporting. OSSBA Employment Services has always asked our member school to grant TPA access. The only change is to formalize that requirement into the Services Agreement.

Please complete the Service Agreement and return it to our office at your earliest convenience. Please let us know if you have questions. You can reach Kim Bishop at kimb@ossba.org, Brandon Carey at brandonc@ossba.org or Tony Childers at tonyc@ossba.org. Or you may reach any of us by phone at 405.528.3571.

Sincerely,

Kim Bishop

COMPREHENSIVE EMPLOYMENT SERVICE AGREEMENT

This Service Agreement is made this ___ day of _____, 2023, by and between Chickasha Public Schools (hereafter, "School") and Oklahoma State School Boards Association Employment Services Program (hereafter, "OSSBA").

The Board of Education of the School has voted to join the OSSBA Employment Services Program for the 2023-2024 school year and agrees to pay OSSBA an administrative fee in the amount equal to \$7.00 per employee.

Payment: During the term of this Service Agreement, not more than once each month, *an amount will be deducted from the School's OSSBA Employment Services Program Account until the total annual administrative fee is paid in full.* OSSBA records indicate 364 school employees, for a total annual administrative fee of \$2,548.00.

The administrative fee will be paid in exchange for employment related services provided by OSSBA, including but not limited to:

- 1) Providing complete legal representation by an Oklahoma licensed attorney in all aspects of the unemployment claims process before the Oklahoma Employment Security Commission (hereafter "OESC");
- 2) Auditing the payment of all unemployment claims to ensure the minimum is paid and any overpayments are recovered;
- 3) Providing quarterly reports of unemployment claims and amounts paid by the OESC to Claimants on the School's behalf;
- 4) Providing prudent management of School funds deposited in the School's OSSBA Employment Services Program Account;
- 5) Providing up-to-date Legislative and Administrative Law Updates to keep the School informed of changes that affect unemployment claims and costs; and
- 6) Providing opportunities for employment training and information.

Information Access: The School will grant to OSSBA Third Party Administrator (TPA) access rights to the School's EZ Tax Express Account administered by the Oklahoma Employment Security Commission (OESC) in order for OSSBA to appropriately administer School's unemployment claims and assist with financial accounting and quarterly contribution reporting. Further, the School agrees to provide OSSBA with access to other information systems administered by the OESC if access is deemed necessary to process unemployment claims on School's behalf.

Additional Deposits: In the event that a payment or deduction from the School's OSSBA Employment Services Program Account would deplete the Account to an amount less than zero (0), the School will be required to make an additional deposit to replenish the Account prior to OSSBA making any payment to the OESC.

Withdrawal of Funds from OSSBA Employment Services Program Account: Upon signing an initial Service Agreement, the School will make an initial deposit in order to establish an OSSBA Employment Services Program Account through which the OSSBA will pay any necessary unemployment claim payments and any other necessary payments to the OESC on the School's behalf. The funds in the Account shall at all times remain School funds. Because the funds in the School's OSSBA Employment Services Program Account remain School funds, the School may withdraw any or all funds from the Account upon providing written notice to the OSSBA.

Term of Agreement: This Service Agreement will be effective for the 2023-2024 fiscal year which ends on June 30, 2024. This Service Agreement may be renewed for a subsequent fiscal year by the Board of Education of the School taking such necessary action.

Revision or termination of Agreement: Either party may revise this Service Agreement with 60 days' written notice to the other party. If either party does not fulfill what it has agreed upon in the above terms, then termination may be made within 30 days' written notice to the other party.

Signed:

Shawn Hime

Re: 2023-2024 Oklahoma State School Boards Association Membership

Dear Superintendent and Board President:

The Oklahoma State School Boards Association is proud to serve Oklahoma school districts and school board members – the elected officers whose leadership most impacts Oklahoma children.
